WELCOME TO RIVER VALLEY MIDDLE SCHOOL

Our mission is to continue the process of student academic achievement and the development of social skills, in a safe environment, with the support of the parents and community by creating tomorrow's leaders. The successful education of our students requires a partnership between school and home. Our handbook is one of many resources designed to provide support and information for our families. We expect our students to promote and contribute to the common good of the school and community through personal action and conduct that reflect principles of good character. We are committed to introduce, teach, and exemplify principles related to respect, concern, and appreciation for self and others, notwithstanding circumstance or situation.

River Valley Middle School is an excellent place to obtain an education that will enhance the chances for success in the future. We encourage young people to plan, work hard, and meet academic and personal goals. We believe good attitudes and honest efforts will lead to many fulfilling experiences and achievements.

We are excited for the 2024-2025 school year and the opportunity that awaits our students. Together we can ensure that your child has a successful school experience. Our best to you as you prepare for this year and your future. We look forward to a productive, successful, and enjoyable school year.

ACADEMIC INFORMATION

Title IX

River Valley Middle School complies with the provisions of Title IX and does not discriminate on the basis of sex in educational programs or activities. Contact the River Valley Administrative Office at (740) 725-5400 for further information.

Section 504 of the Rehabilitation Act of 1973

River Valley Middle School complies with the provisions of Section 504 and does not discriminate on the basis of disability.

Grading Philosophy

Grades should represent, as accurately as possible, what students have learned based on their level of mastery of the designated curriculum. Grades should be used to promote learning, achievement and academic growth and not used as a means of punishment. Grades will be shared with parents/guardians and students via PowerSchool.

Letter grades will be given in most subjects. Teachers may also indicate a student's effort through comments, which may appear on the grade card. There will be four nine-week grading periods. Grade cards will be issued at the end of each grading period.

Report Cards are issued at the end of the four grading periods for the school year. The following system is in effect:

A	90-100	4 points
B	80-89	3 points
C	70-79	2 points
D	60-69	1 point
F	0-59	0 points

Promotion and Retention

Promotion to the next grade is based on, but not limited to, the following criteria:

- Current level of achievement. A student must pass all four academic courses: Math, Science, Social Studies, and ELA;
- Potential for success at the next level; and
- Emotional, physical, and/or social maturity.

Depending on extenuating circumstances, a student may be promoted to the next grade level if the Principal and teachers of the classes that the student failed agree that the student is academically capable.

Honor Roll/Merit Roll

Students who receive A's and B's in all subjects will be named to the Merit Roll. Honor Roll status is given to students who earn all A's. These lists are posted at the end of each grading period.

High School Accredited Courses

Students taking courses that are High School accredited courses will operate under the High School grading scale.

Release of Records:

20 U.S.C. § 1232g requires that written parental permission must be obtained to release school records to any person or organization outside of the School District, with limited exceptions. Forms are available in the Middle School office.

Athletic Eligibility

All members of our athletic teams and cheerleading squads must maintain the academic standards set by the Ohio High School Athletic Association (OHSAA) in order to be eligible to participate. A student enrolling in the seventh grade for the first time will be eligible for the first grading period regardless of the previous academic achievement. Thereafter, in order to be eligible, a student in grade 7 or 8 must be currently enrolled in, and have been enrolled in school the immediately preceding grading period and must have received passing grades at the conclusion of that grading period in a minimum of four of those subjects in which the student received grades. Summer school and other educational options may not be used to substitute for failure to meet the academic standards specified in OHSAA bylaws during the last grading period of the school year. The eligibility or ineligibility of a student continues until the start of the fifth school day of the next grading period, at which time the grades from the immediately preceding grading period become effective. Eligibility or ineligibility for the first grading period commences with the start of the fall sports season.

A physical is required before a student may try out for and practice with an athletic team.

Extracurricular Attendance Policy

Students must be present ½ day to participate in practices or games, and after school activities. This requirement may be waived by the principal for extenuating circumstances.

Parent Conferences

Parents are encouraged to contact teachers whenever a concern arises. Conference days are scheduled by the administration. Notice will be given prior to these days. Conferences may be scheduled at other times as needed.

Cafeteria

Students eat in the cafeteria and can choose to bring a lunch, purchase a full lunch, or buy a la carte items. Students are expected to follow the rules of the cafeteria listed below. No food is to be consumed outside the cafeteria. Free lunch and reduced lunch forms will be sent home with all students. Students are not permitted to purchase food from an outside vendor during lunch.

Discipline may be issued for students not following directions or students who fail to meet the following expectations:

- Students are to stay in their seats as assigned at the discretion of the cafeteria monitors.
- Students are to use their “inside voice”.
- Students are to ask for permission to leave the cafeteria.
- Students are not to leave their table at the end of lunch until dismissed by an adult. This will be done when the table and floor in your area is clean.

ATTENDANCE POLICY

ATTENDANCE POLICY

I. Rationale

Regular attendance by all students is very important. In many cases, irregular attendance is the major reason for poor schoolwork; therefore, all students are urged to make appointments, do personal errands, etc., outside of school hours. In accordance with House Bill 410, absences will be tracked by “hours” as opposed to “days missed.”

Relevant definitions in relation to attendance policy (see section II below for further details):

1. Excessive Absence – any student absence that is parent excused OR unexcused

- A. 38 or more hours in one school month
- B. 65 or more hours in one school year

Upon reaching the excessive absence threshold, official notification will be sent to parents by the district. Parent excuses will no longer be accepted.

2. Habitual Truancy – any student absence that is unexcused:

- A. 30 or more consecutive hours
- B. 42 or more total hours in one school month
- C. 72 or more total hours in one school year

Upon reaching the habitual truancy threshold, official notification will be sent to parents by the district. Students and their parents/guardians will be required to participate in an Absence Intervention Plan (AIP) meeting.

If a student fails to improve their attendance after the AIP meeting, the school is required by Ohio Revised Code to file a complaint with the student’s county of residence juvenile court system.

II. Officially Excused Absences

Officially excused absences require documentation beyond a parent notification or phone call. Officially excused absences are reflected in the student’s attendance record, **but do not count towards the student’s excessive absence or habitually truant hours.**

Examples of officially excused absences include:

1. Letter from a doctor/physician/health care provider documenting a reason for absence.
2. Court documentation that demonstrates a student was at a court-related function.

3. Death in family - documentation may vary, will be handled case-by-case.
4. Observance of a religious holiday - documentation may vary, will be handled case-by-case.
5. Absences due to a student's placement in foster care or change in foster care placement.
6. College visitation - supporting documentation and principal approval may be required.
7. Field trips or other school-related trips/functions.
8. An emergency or a set of circumstances which under the judgment of the schools constitutes a good, sufficient cause for absence from school.

III. Parent Excused Absences

Parents may excuse students from school by calling in through the normal call in procedure and providing a written and signed note upon the student's return to school. There must be a valid reason associated with the absence. A parent excused absence ALWAYS counts towards excessive absence hours. Once a student reaches the excessive absence threshold, any parent excused absence will be recorded as an unexcused absence.

Examples of parent excused absences include:

1. Personal illness/quarantine (without doctor visit/documentation)
2. Non-school related extracurricular activities (club sports, 4H, etc.)
3. Vacation
4. Family hardship
5. Needed at home to work for parents. Must be approved by the superintendent **in advance** of the absence. Applies to students 14 years of age or older only.
6. Other reasons deemed consistent with board policy by building administration.

IV. Unexcused Absences

Any absence without documentation that is not an officially excused or parent excused absence is considered an unexcused absence. These absences count towards excessive absence and habitual truancy.

V. Vacations

The student/family should notify the school at least a week before the vacation. The student then will take a vacation form around to all of their teachers and get the form signed. This vacation form allows for the student to notify and communicate with their teachers, and will serve as documentation of the student's whereabouts during the trip.

VI. Attendance Call In & Documentation Procedures

Parents must notify the school by phone on the day of the absence. Parents should call the main middle school office at (740) 725-5700 between the hours of 7:30am and 9:00am. All documentation for any absence (full or partial) must be turned in to the office within the first **5** school days upon the student's return to school or the absence will be recorded as unexcused.

VII. Attendance and Extracurricular/Activities Participation

If a student is absent from school for more than half of their scheduled classes on River Valley's Campus, the student may not be allowed to participate in extracurricular activities that day

unless an excuse is signed by the student's parent(s), and approved by the principal or assistant principal.

VIII. Tardiness/Partial Absences to School:

Absence from any portion of the school day up to one full period may be considered tardiness/partial absence. Tardiness/partial absences will be documented and will contribute to the students excessive absences or habitual truancy if the reason for the tardy/partial absence is not officially excused.

- Regardless of circumstances, all students must sign in at the main office if they are arriving after the beginning of the first period of the school day. Failure to do so may result in disciplinary action.
- Regardless of circumstances, all students must sign out if they are leaving prior to the end of the final period of the school day. Failure to do so may result in disciplinary action.
- Should a student need to be dismissed early for any reason, they must turn in a note from the parent/guardian which states the nature of the absence and the desired dismissal time. Notes must be turned in to the office in advance of the dismissal.
- On the sixth tardy/partial absence per semester a phone call will be made home to a parent/guardian notifying them of their student's repeated tardiness, and an after school detention will be assigned.
- Further tardies beyond the third tardy/partial absence per semester may result in additional disciplinary action at the discretion of the administrative team, including but not limited to:
 - Additional Detentions
 - Saturday Schools
 - Denial of participation from extracurricular activities for a period of time determined by administration.

VI. Tardies and Partial/Full Absences to Class Periods

Students have three minutes between classes to get from room to room and need to move with a sense of urgency in the hallways. Students who are repeatedly tardy to individual class periods will be assigned discipline at the discretion of the classroom teacher and/or the middle school administration.

It is imperative that students are in their assigned class each period of the day. Students who are found in unassigned areas or classrooms during one of their scheduled periods will be assigned discipline by the classroom teacher or the administrative team.

On the third tardy to a given class period within a semester, a phone call will be made home to a parent/guardian notifying them of their student's repeated tardiness, and an after school detention will be assigned.

Further tardies beyond the third tardy/partial absence per semester may result in additional disciplinary action at the discretion of the administrative team, including but not limited to:

- Additional Detentions
- Saturday Schools
- Loss of driving privileges for a period of time determined by administration.
- Loss of late arrival/early dismissal privileges for a period of time determined by administration.
- Denial of participation from extracurricular activities for a period of time determined by administration.

IX. Make-Up Work:

It is the responsibility of the student to ask for make-up work from each of their teachers after absences. Make-up work is to be completed within a timeframe consistent with the amount of time missed, unless extenuating circumstances prevail. Homework and test grades may not be lowered if the absence is officially excused and work is made up. It is also the responsibility of the student to notify their teachers ahead of time if they are going to miss part or all of the school day due to a school-related trip/function.

STUDENT RESPONSIBILITIES

Textbooks

The Board of Education furnishes each student with textbooks. Students are responsible for the books assigned to them and are to return them in good condition at the end of the school year. The student should report his/her plans of withdrawal to the office as soon as possible. This will enable the office to complete the proper processes and reports according to the situation.

CHEMICAL ABUSE PROGRAM PROCEDURES

Introduction

It is a primary objective of the River Valley Local Schools to assume that the education of all shall proceed in an efficient, orderly and non-disruptive manner. The sale, use or possession of nicotine, alcohol, intoxicants, illegal drugs or other controlled substances on school premises is an obstacle to that objective and an interference with the rights of students to receive quality academic instruction. While student drug education and referral to counseling resources will continue to be made available, such measures should be viewed as instructional or rehabilitative and will not ordinarily be considered as an alternative to the disciplinary measures.

The school reserves the right to use dogs trained and accompanied by local law enforcement officers to search for drugs.

Statement of Policy

Students of the River Valley School District shall not knowingly possess, use, sell, give or otherwise transmit, or be under the influence of any nicotine, alcohol, or drug of which is prohibited by law. This includes narcotic or hallucinogenic drugs, or intoxicants, of any kind, including alcohol, including the misuse of prescribed drugs, alcohol, or intoxicants of any kind.

Narcotics and drugs are defined as any narcotic, drug, medicine, or pill, chemical preparation, plant, seed, or derivative thereof, of a hallucinogen, barbiturate, or amphetamine nature. The use of the same is strictly prohibited, as is the use of alcohol or nicotine products. Possession of prescription medication for personal use shall not constitute a violation if it can be shown that the same has actually been prescribed by a duly licensed physician, and this use has been communicated to the school by the parents and approved by the administrative team. This policy also applies to Counterfeit Drugs, commonly called "look-alikes", i.e. no students shall knowingly possess, make, sell, offer to sell, give, package or deliver a counterfeit (look-alike) controlled substance.

Drug paraphernalia or instruments such as pipes, roach clips, syringes, hypodermic needles, cocaine spoons or kits, and any other items normally or actually used for the packaging, conveyance, dispensing or use of drugs will not be permitted on any school property and will be subject to confiscation.

The above applies when students are:

1. On any property owned, leased by, or under the control of the River Valley Local School District, including vehicles used for transportation.
2. At school and/or any school sponsored or sanctioned activity or event away from or within the school district, while under school supervision

Student Responsibilities

All students are to be responsible for understanding the River Valley chemical abuse policy and counseling services available to them. The intent of this policy is to deter substance abuse among students and provide an appropriate plan of action for violators. It is not intended, however, to discourage any student with a substance abuse problem from seeking guidance and assistance from school personnel or professional counselors. A student with substance abuse concerns may

voluntarily approach an administrator, counselor, teacher, or other personnel for help without fear of penalty, assuming the student is not then in violation of this policy.

Procedures

A chemical assessment by a certified counselor may be recommended to be completed at any point below. A written copy of the assessment may be requested be sent to school officials, including findings and recommendations for the student. Days spent attending an inpatient treatment facility will be applied towards the suspension period. Procedures listed below will apply to any student found to be in violation of the policy. Discipline will be handled in accordance with the following:

First & Subsequent Offenses Related to Possession, Selling, and/or Distribution:

- Parent(s) will be notified immediately, and the student will be removed from school for the remainder of the day.
- The police shall be notified of the incident and an investigation may be conducted. Formal charges may be filed.
- Penalties can include out-of-school suspension and recommendation for expulsion. See section 2, rule 18 of the Code of Conduct.

Mandatory Drug Testing

The River Valley Board of Education has approved a mandatory drug & nicotine testing policy that will be in place for the 2023-24 school year. The goal of this policy is to create a drug free educational environment while looking out for the health and safety of our students. It is also our hope that this policy will serve as a deterrent for students if and when they are faced with the choice of taking drugs. This is a mandatory testing policy for anyone in grades 7 – 12 who plans to participate in extracurricular activities, clubs, or organizations at school. The complete drug testing policy can be found on the school website, FinalForms, or the RV Athletic Handbook.

MEDICATION FOR STUDENTS

School office personnel/school nurses will administer prescription medication only. Prescription medication must be accompanied by a physician's statement indicating dosage and the number of days the medication is to be administered. All medication must be sent to school in a pharmacy's or physician's container. All appropriate paperwork must be completed and on file in the office.

SOCIAL MEDIA POLICY

River Valley Local Schools recognizes and supports our student's rights to freedom of speech, expression and association, including the use of online social networks. As a student at River Valley you represent our district and are expected to portray yourself, your athletic team and the school in a positive manner at all times. Any online postings must therefore be consistent with federal and state laws, student handbook rules, athletic guidelines, and school policies.

If you participate on a social networking site or use social media, you must keep the following guidelines in mind:

- Everything you post is public information-any text or photo placed online is completely out of your control the moment it is placed online, even if you limit access to your site. Information (including pictures, videos, comments and posts) may be accessible even after you remove it.
- What you post may affect your future. Many employers and university admissions officers review social networking sites as part of their overall evaluation of the applicant. Carefully consider how you want people to perceive you before you give them a chance to misinterpret the information you have posted to any site.
- Similar to comments made in person, River Valley Schools will not tolerate disrespectful comments and behavior online, such as:
 - Derogatory or defamatory language that causes substantial disruption or threatens harm to the rights of others.
 - Comments that create a serious danger to the safety of another person or constitute a credible threat of serious physical or emotional harm to another person.
 - Comments or photos that describe or depict unlawful assault, abuse, hazing, harassment, or discrimination; selling, possessing, or using controlled substances; or any other illegal or prohibited conduct.
 - Any negative representation of River Valley Schools, any other school, student or staff that causes a disruption to a student or the educational process. This includes operating/contributing to unauthorized accounts that include references to RV, RVMS, River Valley Local Schools, or any other reference to the district that the administrative team deems inappropriate.

Administration will review each social media issue on a case by case basis and will determine if school discipline is necessary. Discipline can be assessed if a violation of the social media policy occurred, up to and including out of school suspension. Discipline can be assessed by the administrative team in a manner that applies to extracurricular activities. If necessary, law enforcement may be contacted.

TRANSPORTATION/BUS GUIDELINES

All students should conduct themselves in such a way as not to impair the safety of any passengers or the bus driver. The school bus driver has the authority and responsibility to maintain control of the pupils. Serious violations will be reported to the building administrator and appropriate action shall be taken. Repeated violations may result in a parent conference and/or denial of bus privileges. Refer to the school website for transportation policies.

If students wish to ride a bus other than the one to which they are assigned or get off at an alternate stop, they must bring a note detailing the request signed by their parent and turn it into the attendance secretary **before the start of school**. An administrator will sign the note and retain a copy. Bus drivers will not allow extra passengers unless these procedures are followed.

The driveway in front of the middle school is to be used by visitors and also will serve as the drive for students to be dropped off and picked up. The buses will drop off and pick up students in the designated bus parking area on the north side of the campus.

GUIDANCE COUNSELING & SPECIAL SERVICES FOR STUDENTS

School Counselors

The school has a full time school counselor. The counselor conducts individual and group counseling, coordinates testing, and confers with teachers, parents/guardians and students.

Schedule Changes

Schedule changes will be made only when absolutely necessary. The principal may make the final decision regarding all schedule changes.

Special Education

Students with disabilities may require an Individualized Education Plan. If a student has a disability that substantially impacts his educational performance and requires specialized instruction, the educational team meets to determine the needs and services that the district must provide. Services may be provided within the regular classroom, resource room, specialized skill unit or a separate facility. Specialized instruction may include reading intervention, math intervention, organizational support, behavioral support/programming, etc.

Individuals With Disabilities

The Americans with Disabilities Act (A.D.A.) and Section 504 of the Rehabilitation Act provide that no individual will be discriminated against on the basis of a disability. This protection applies not just to the student, but to all individuals who have access to the District's programs and facilities. If you know of any individual with a disability who is in need of accommodations to enable them to attend a function in our district, please contact our Director of Special Education.

CODE OF STUDENT CONDUCT

Preface: Each Board of Education is required to adopt a set of rules and regulations designed to maintain order and discipline necessary for effective learning. The Board of Education's primary concern is that students who wish to learn can do so in an environment conducive to learning and that every available disciplinary and prescriptive means be employed on behalf of those who would destroy or deny such an environment. The sole objective of this code is to ensure fair and equitable handling of disciplinary problems.

Student Rights And Responsibilities: Students are responsible to themselves, their parents, the local community and the school administration for their academic progress and social conduct on school property and at school functions. Students are also responsible to respect the rights of the other members of the River Valley School District (other students, teachers, staff, parents, and other persons). Students are held responsible for violation of specific rules of behavior spelled out in the Code of Student Conduct. Disciplinary action for such violations may include detentions, Friday School, Saturday School, denial of privileges, assignments, reprimands, suspension, emergency removal, and expulsion. Rescheduling of detentions, Friday School or Saturday School will take place at the discretion of the administration; any extenuating circumstances will be considered by the administration.

Detentions

Detention is a disciplinary measure that can be assigned by a teacher or an administrator. Wednesday Schools are assigned by administration as an alternative to Saturday school. A detention will be conducted in the following manner:

- The detention period will be from 3:00 P.M. to 4:00 P.M. on Wednesday. Failure to report to assigned detention periods may result in the assignment of Saturday or Wednesday School.
- The student is responsible for finding their own transportation and bringing materials to study.

Saturday/Wednesday School

Saturday School will be held on Saturdays from 8:15-11:15 am. Wednesday school will be held on Wednesdays from 3-6pm and can be used as an alternative to Saturday School. Failure to serve the assigned discipline will result in further disciplinary action. Students must bring materials to study and be occupied for the full three hours.

In School Reassignment

In School Reassignment is an opportunity to keep students from being given out-of-school suspension. Students will be assigned to In School Reassignment when a student's behavior is not consistent with the educational process. Student work completed during In School Reassignment will be counted toward his/her class grade. Students must complete all assigned days and must make-up all absences occurring during the placement.

Out-of-School Suspension

A student may be suspended from one to ten days by the principal, assistant principal or administrator because of a serious offense or repeated misbehavior. Out-of-school suspension results in the loss of the privilege to participate in school, extracurricular and co-curricular activities during the time of suspension.

Homework missed due to a suspension can be made up within an equivalent amount of days (example: 3 day suspension equals 3 days to make up and turn in work). Students are not permitted on school grounds during a suspension. The only exception to this would be previously assigned Saturday Schools. The procedure for suspension will be in accordance with the Board of Education Policy. In summary:

The principal, assistant principal or administrator may suspend. Each suspension will not exceed ten school days.

Due process shall consist of:

1. The administrator will give written notice of the intention to suspend the student. The notice will have the reason for the action.
2. The student will have an opportunity to appear at an informal hearing, before the principal or his designee to explain the situation. The hearing may take place immediately. Due process is guaranteed to the student.
3. The student and/or his parents may appeal a suspension to the hearing officer of the River Valley Schools, the Superintendent.

Expulsion

The procedure for expulsion will be in accordance with the Board of Education Policy regarding expulsion and state law.

Permanent Exclusion from School

Any River Valley Local School District student who is 16 years of age or older and commits a violent or drug related crime on school premises may be permanently excluded from school.

The offenses for which a student may be permanently excluded include the following:

1. Conveying deadly weapons or dangerous ordnance on school property or to a school function;
2. Possessing deadly weapons or dangerous ordnance on school property or at a school function;
3. Carrying a concealed weapon on school property or at a school function;
4. Trafficking in drugs on school property or at a school function;
5. Murder or aggravated murder on school property or at a school function;
6. Voluntary or involuntary manslaughter on school property or at a school function;
7. Felonious assault or aggravated assault on school grounds or at a school function;
8. Rape, gross sexual imposition, or felonious sexual penetration on school grounds, or at a school function when the victim is a school employee;
9. Complicity in any of the above offenses, regardless of location.

The law requires any building principal in a public school to report any violations of the above offenses to the district superintendent regardless of whether the student committing the offense is age 16 or older. The principals must report the offenses only if they receive knowledge of, or observe the offense while acting in an official or professional capacity.

The student cannot be permanently excluded from school until they have been convicted of the crime or have been adjudicated a delinquent child based upon the crime. The River Valley Local School District will follow all due process procedures presently in place and will use the current policy to expel the student. The law allows the expulsion of the student to be extended during the proceedings of the criminal or juvenile court.

Upon the student's conviction, the River Valley Board of Education will resolve to permanently exclude the student from school. The Board of Education will then request the State Superintendent of Public Instruction to consider its recommendation for permanent exclusion from all public schools in Ohio.

The resolution to the State Superintendent of Public Instruction will include the following information:

1. Proof of conviction;
2. A copy of the school record;
3. Any other relevant information.

The Board will also send a copy of the resolution to the student and to the student's parent or guardian. The State Superintendent has the authority to approve or reject the River Valley Board of Education's request for permanent exclusion.

Any River Valley student who has been permanently excluded may request the local superintendent to admit them on a probationary status for up to 90 school days. The River Valley Board of Education may approve or deny this request.

River Valley Local School District will not knowingly admit any student who has been permanently excluded from the public schools of Ohio. All information relating to permanent exclusion

of a student must be part of their official records until the student reaches the age of 22, or his exclusion is revoked. The River Valley Local School District is then required to remove and destroy these records.

SECTION 1 - General Student Policies

Hallways: The halls of River Valley Middle School should be clear of all students during class time. Loitering in the halls is not permissible. Students should be going to or from their destination. Pupils passing through the halls on the way to and from classes are expected to maintain a reasonable degree of quiet. Whistling, loud talking, loud noises, screaming, running and pushing are not permitted.

Public Display of Affection: Students at River Valley Middle School are expected to maintain appropriate relationships with their peers. Embracing and kissing will not be allowed. Failure to comply will result in disciplinary action and /or parental contact.

Changes in Student Handbook: Students are responsible for any additions, deletions, or changes made to the guidelines set forth in this handbook, and which are communicated to students either verbally or in writing (posted on the rvk12.org website, and copies are available in the office by request).

Cheating: No communicating or cheating between or among students will be permitted during quiz, test, examination, and/or homework assignments. The student's quiz, test, examination, and/or homework will be taken from the student and zero may be given for any of these infractions. Repeat violations of cheating may result in failure of the course. If plagiarism takes place in a dual credit course the student would be subject to the college's policies. Also, any student found to have plagiarized could be subject to discipline up to and including out-of-school suspension.

Lockers: Lockers, considered the property of the River Valley Board of Education should be kept neat, clean and locked when not in use. Periodic inspection may be held. The combination of each lock is recorded in the office in case of lapse of memory and should be kept secret by the student. At the end of each school year all lockers must be cleaned or a fine will be assessed.

Substitute Teachers: All student policies that apply to the treatment of aides/teaching staff apply to the treatment of substitute teachers.

Personal Search Policy: When a student is suspected of possessing illegal or potentially dangerous items on their person, a school official will ask the student to reveal the suspected item. An Administrator or School Resource Officer can also search a student & their belongings if there is reason to believe that any of the following circumstances apply:

- The student is in violation of, or suspected to be in violation of, rule 16, 18, or the nicotine/substance policy.
- The student is in possession of, or suspected to be in possession of, any illegal objects, potentially dangerous objects, substances, or instruments.
- The student is in possession of, or suspected to be in possession of, any item used in the commission of a violation(s) of any part of this handbook.
- Students can be searched for additional items if items fitting the above description are found to be concealed on a student, in a school locker, or in a student's car.

Additional Search Considerations: While conducting searches under the above circumstances, school officials may call the police to investigate, or further search the student via the use of metal detecting devices in accordance with board policies ECA-R and JFCG. These steps can be taken to determine whether there are potentially hidden items on a student's person. Should the metal detecting device indicate the possibility of a hidden item, the student will have the opportunity to remove any hidden items. Should they refuse, they are subject to disciplinary action as a presumed violation of rule 16 or 18 of the RVMS handbook.

Locker Search: A school locker may be searched by a school official in the presence of one other staff member. Student lockers, desks, or similar property are subject to search by school officials at any time and without notice.

Refusal of Search: Students who refuse searches in accordance with Personal Search Policy are subject to disciplinary action as a presumed violation of rule 16 and/or 18 of the RVMS handbook.

Discovery of items: When students are found in possession of any illegal or potentially dangerous substances or items, the parent(s) will be notified. The student and parent(s) will meet with appropriate school personnel for a conference regarding disciplinary action. In every case, confiscated materials may be used as evidence in legal proceedings and may not be returned to the student.

Electronic Device Policy: Electronic devices should remain in a student's locker. Electronics are not to be used in the restrooms, or while the student is in violation of, or is committing an act in violation of, any other rules/policies in this handbook.

Violations of this policy can result in discipline and/or confiscation of devices until the end of the school day, and parent pickup may be required. Discipline can include up to an out-of-school suspension for offenses related to this policy.
