WELCOME!

Dear Students,

We are pleased to welcome you as we begin the 2024-2025 school year. Now is the time to set for yourselves the standards and expectations that will guide you to the rewards of a successful school year. In your pursuit of educational excellence, set your goals high and take advantage of every opportunity that your high school career has to offer. As you do this, always remember that respect for yourselves, respect for your classmates, and respect for the adults in your school and for school property are of the utmost importance.

This year, you will see district and high school administrators and staff members engaged in an energetic effort to help you develop good study and attendance habits. Involvement with drugs, alcohol or other illegal substances of abuse will impede your performance and jeopardize your chances for achieving success in school. **The Lenape District has adopted a zero tolerance policy when it comes to substance abuse. Strict behavioral guidelines have been adopted and will be enforced to deal with offenders. If you have a problem, please come to us.** Help is available in school through the counseling centers.

Knowing what you want to achieve while practicing good time management will go a long way toward helping you achieve the goals that you set.

The professional and support staffs at the district level and at all of our high schools join us in wishing you a rewarding and meaningful school year.

Sincerely yours,

Dr. Carol L. Birnbohm

ATTENDANCE

Absence from school jeopardizes the ability of a pupil to satisfactorily complete the prescribed course of study and violates the statutes requiring children to regularly attend school (NJSA 18a-38:25-26). The Board accepts the responsibility of properly operating schools within the context of prevailing laws and regulations. It cannot succeed in its paramount task of providing an education as proposed through accepted curriculum and courses of study unless the students are present for all scheduled classroom learning activities. Consequently, there is an impelling responsibility upon the parents and students for students to attend school. The Board of Education will not issue credit if maximum pupil attendance is not accomplished. A copy of the complete Attendance Policy is available in the school Counseling Center. www.lrhdsd.org/attendancepolicy

ABSENTEEISM

Over the years, data indicates the normal absentee rate for legitimate illness ranges between five and eight percent of the student body on a daily basis. School procedures and courses of study are designed to assimilate this level of absenteeism through instructional make-up work.

ABSENCE VERIFICATION

The school **WILL** require notes to be brought to school following an absence. School attendance is a basic responsibility of the student.

LOSS OF COURSE CREDIT (NON-CREDIT STATUS)

Students missing more than 9 unexcused school days for a year-long course will not have completed the course of study as prescribed and as such will not qualify to receive the assigned credit for the course. This is not a permissive policy establishing a "licensed" limit which may be missed with no harm. It assumes absences will occur for personal or family problems and professional appointments which cannot be scheduled in non-school times. Appeals for review of non-credit status are provided for under guidelines listed under the "Appeals" section.

SPONSORED ACTIVITIES

Students shall not be considered absent while participating in a school-sponsored activity.

CONSECUTIVE ABSENCES

Written notification will be sent to the parent of any pupil who misses 10 unexcused consecutive school days. This notification will inform parents that a mandatory meeting with the principal must be conducted within 5 school days and the pupil must immediately return to school.

Any student who is 16 years of age or older (above the school compulsory age) who fails to resume attendance within 10 school days will be dropped from the school register. Once withdrawn from the school register, a pupil may be permitted to re-enter only after a meeting with the principal.

EXCESSIVE ABSENCES/CREDIT COMPLETION

The parents/guardians of all students who miss school will be notified. Any student who is absent more than 9 unexcused nonconsecutive days for a semester course will be required to attend credit completion.

There will be a mandatory referral to the court program required by the New Jersey Administrative Office of the Courts for pupils under the compulsory school age (below 16 years of age.) A parent's failure to cause the pupil to return to school may cause the parent to be deemed a disorderly person by the court program and subject to a fine (N.J.S.A. 18:38-29).

Students absent 46 or more unexcused days will not be eligible for credit completion, will not be issued credit for courses passed during the school year, and will be required to repeat the year. Pupils required to take credit completion may not participate in the graduation ceremony.

LATE TO SCHOOL AND EARLY DISMISSALS

The Board expects students to arrive to school and classes on time. Students who arrive late to school or leave school early for any reason(s) not listed below shall be subject to disciplinary action in accordance with the district's Regulation 5600 Behavioral Guidelines. No student will be released for early dismissal to other than a parent(s) or legal guardian(s) without written permission from the student's parent(s) or legal guardian(s). All early releases require parental consent. A parent note may be used to excuse a late or early release that is not excused, however it will count as one of three parent notes for each semester.

EXCUSED ABSENCES

- Illness (requires an original note from a physician with date, copies will not be accepted)
- Funeral/Death in family
- Religious Observances pursuant to N.J.S.A 18A:36-14 through 16 state excused
- IEP Exempt
- Take Child to Work Day
- Post-secondary Education Visits 3 days maximum per year for 11th and 12th graders
- Court
- Out of School Suspension or any other form of short-term or long-term suspension
- Approved Home Instruction
- Driver's test (partial day)
- Written Parental Note may cover three days per semester
- Exclusion

HOME INSTRUCTION

Home Instruction and Home Assignments will be assigned to pupils meeting current regulations pertaining to such assignments. Pupils properly assigned shall be placed in separate and specific attendance registers. Home instruction status shall be instituted through procedures currently operable. Such regulations are prescribed by the State Board of Education which considers such pupils in school attendance. Home assignment is a local option and may be accomplished upon request of the parent when the pupil will be absent for a minimum of 3 consecutive school days. A statement from a doctor stating the nature of the illness and length of time the pupil will be absent must be filed with the school. Unlike home instruction a student on home assignment will not be considered in school attendance and

will be penalized under the Attendance Policy.

MAKE-UP WORK

Students are provided an opportunity to complete assignments missed because of their absences. However, it should be understood that without participation in class discussion, etc., the completion of assignments does not fully compensate for the learning activity of a total class section. The rule of thumb for the time allowed to make up work missed is equal to the amount of time absent. Students must make arrangements to make up work. Extended time to make up work may be granted by the respective teachers. Pupils choosing to cut classes, or otherwise found truant, may not make up work missed. Pupils may complete assignments for time missed because of actions initiated by the authorities of the school, suspension, exclusion, etc.

COURSE CREDITS

The school maintains a consistent obligation requiring pupils to be present in school in order that they may be taught. The non-credit status is a temporary condition predicated upon the attendance performance of the student. The student may overcome this condition by making up the school hours to the extent possible in a supplemental credit completion program offered by the school. Students missing more than 9 unexcused school days in a school year may register to complete the course requirements in the supplemental credit completion program.

ATTENDANCE APPEALS

The Board of Education is aware of possible unforeseen factors which may create hardships relating to compliance with the Attendance Policy. Section V of Board of Education Policy #5200 outlines the attendance appeal process. A signed petition for a hearing may be presented to the principal of the student's high school by the parent/guardian no later than 5 school days after the receipt of notice of the pending appeals process. All material to be considered as basis for an appeal at the end of each term must be delivered to the school upon request. No material will be considered that is not in the hands of the committee by the deadline stipulated. Data must include documentation for all days absent, **not just for those days in excess of the policy.**

In keeping with the dictates of fairness and procedural due process, attendance appeals committees will be established to hear cases brought by petition from parents/guardians concerning non-credit status. The committee may excuse one or more absences for reason of sickness, hardship, or other extenuating circumstances and shall consider the academic standing and course performance of the pupil in making its decision.

RECORD KEEPING

Reporting student absences is a primary responsibility of the school. Absences and tardiness are recorded on report cards issued four times a year. A letter of notification will be mailed to parents or guardians alerting them of the consequences of a student's noncompliance with the attendance requirement. An individual attendance card will be maintained by the attendance clerk indicating year-to-date absences and the student's guidance counselor will have the student notified of his/her no credit status. Students entering school after the opening day in September will have the same attendance requirements as those pupils entering on the first day of school.

PARENTAL RESPONSIBILITY

To support the Lenape District's attempts to have students attend school in accordance with the statutes, parents/guardians are asked to encourage their students to attend every day that school is in session, to maintain records of the student's necessary absences, indicating reasons, and collecting notes from physicians, etc., and if necessary, prepare notes, calendars, etc. which will be required if an appeal is necessary. **Parents are encouraged to submit documentation for an absence immediately upon their student's return to school.**

EXPECTATIONS FOR STUDENT BEHAVIOR

Good behavior in the classroom provides an atmosphere for learning to take place. Student self-

discipline includes a positive understanding and acceptance of school rules. Student self-discipline will promote education, provide respect and rights for all, improve safety, help ensure success in the world of work, and develop good citizens for community life. Student self-discipline through mature free choices reduces disciplinary action. At all times, school rules apply to all students on school property and during school-sponsored activities.

Board of Education Policy #5600 lists the following expectations as essential student behavioral outcomes with the cooperation of home, school and community. Students should:

- Prepare themselves mentally and physically for the process of learning.
- Demonstrate respect for people and property as referred to in BOE Policies #2263: Human Relations and #5512: Harassment, Intimidation and Bullying.
- Take responsibility for their behavior and learning.
- Use time and other resources responsibly.
- Share responsibilities when working as members of a group.
- Meet the unique requirements of each class.
- Monitor their progress toward objectives.
- Communicate with parents and school personnel about school-related matters.

CARE OF SCHOOL PROPERTY

The school endeavors to teach young people a sense of responsibility toward public and private property. Each pupil is expected to take care of all school property. Pupils are liable for property damage caused by carelessness or misuse. Recent legislation also charges parents with liability for property damages. Vandalism to school property will be prosecuted to the fullest extent of the law.

GUIDELINES FOR STUDENT PROJECTS

All technology based classroom assignments, projects and/or assessments created individually or as a group **MUST** be school appropriate which is defined as positive, productive and respectful (i.e. no weapons, violence, drugs or alcohol, sexual innuendo or nudity, bias, racial or gang related references). Images and/or videos are not to be posted on any unapproved public or social media sites/forums (such as *YouTube*, *Facebook*, personal websites, etc.) without teacher approval and shall not reference the school or District name in the title, description or tags.

Images and/or video used to harass, intimidate and/or bully will result in discipline according to the LRHSD student behavioral guidelines in addition to possible police intervention.

DRUGS/ALCOHOL

The Board of Education is concerned with the health and welfare of its students. Being under the influence, having possession of or distributing alcohol or controlled dangerous substances on school property or at school-sponsored events is a violation of Board policy. The sale, distribution, and/or use of drugs and alcohol will not be tolerated on school property. **Students may voluntarily seek confidential assistance for an alcohol or drug problem, without penalty, by contacting a guidance counselor or any staff member or administrator.**

SMOKING/VAPING/USING TOBACCO PRODUCTS/E CIGARETTES

The State of New Jersey prohibits smoking, vaping, possession of tobacco products, and/or E cigarettes by pupils at any time on school premises, at school sponsored events, and on any transportation vehicle supplied by the school district.

ELECTRONIC DEVICES

Students are permitted to bring cell phones and other electronic devices into the school building. These devices are to be turned off during class unless permitted by the instructor for instructional use. Students who do not comply with these requirements will be subject to the consequences as outlined in the Behavioral Guidelines.

SKATEBOARDS

Skateboards are not permitted on school property.

WEAPONS

Weapons of any nature are not allowed in school or on school property.

SUSPENSION/EXPULSION

The administration has the authority to suspend and/or recommend expulsion in cases of flagrant and continuing misconduct. Appropriate due process will be followed by the school administration in all cases of discipline. *Parent conferences will be held prior to reinstatement of students from suspension.*

SUSPENSIONS DURING SENIOR YEAR - PUPIL ATTENDANCE AT COMMENCEMENT EXERCISES, PARTICIPATION IN SENIOR ACTIVITIES AND DRIVING PARKING PRIVILEGES

The Board of Education recognizes the solemnity and uniqueness of commencement exercises symbolizing the formal termination of a student's high school career. Ceremonies occasioned for the granting of a high school diploma are provided through voluntary action of the Board and are not mandated by statute. Therefore, the Board limits participation in such ceremonies to those pupils who have met all graduation requirements prior to commencement exercises as prescribed by policy, along with noted requirements of attendance, citizenship and conduct as have been set forth in Board and/or administrative policies, rules and regulations.

Any student who is suspended for the second time during their senior year will lose his/her parking permit for twenty (20) school days. Students parking on school property under a suspended permit will be suspended from school.

Any student who is suspended three or more times during their senior year or attends a Superintendent Hearing may be denied the privileges of participating in commencement exercises and all other senior activities including the senior trip and senior prom, as well as the privilege of parking on school district property.

Any drug/alcohol or theft violation while on the senior trip or during the senior prom (even if it does not constitute the third suspension) will also result in the loss of the privilege of participation in commencement exercises and all other senior class activities.

ASSISTANT PRINCIPAL/SUPERVISOR OF INSTRUCTION

The Assistant Principal/Supervisor of Instruction supervises all certified and non-certified school staff as assigned by, or in the absence of, the Principal, assists the Principal in providing school-wide leadership and provides leadership in the development, implementation and coordination of the District's curriculum. In addition, each Assistant Principal/Supervisor of Instruction is assigned a portion of the student-body to maintain safety and security and the high standards of student conduct consistent with Board Regulation 5600R: Behavioral Guidelines.

5600R: BEHAVIORAL GUIDELINES

The following list provides guidelines upon which consequences will be dispensed in an effort to change behavior and help students make better decisions. However, each case must be individually evaluated and the administration has the right to determine the appropriate consequences based on the facts of the offense. As with most school discipline, every effort shall be made to contact the parent/guardian to make them aware of the situation involving their child. Based on the severity of the offense, the consequences could be the maximum for that particular offense, regardless of the frequency of the offense. Behavioral guidelines are in effect whenever school jurisdiction is applicable. Student offenses are cumulative throughout the high school career. Any violations of offenses listed as drug/alcohol infractions will result in cumulative discipline. Any violations of offenses listed as violence or threat of violence will result in cumulative discipline. Therefore, any subsequent violations in the drug/alcohol or violence categories will be deemed multiple offenses. Student offenses committed during Lunch and Learn may result in the loss of Lunch and Learn privileges.

The New Jersey Department of Education and the New Jersey Department of Law and Public Safety recognize the important value of partnerships between schools and law enforcement. As a result, a memorandum of agreement between educational officials and law enforcement agencies has been designed to ensure cooperation between law enforcement and educational officials to protect and ensure the safety of the education community. Referrals to law enforcement are required with respect to drugs (possession and/or distribution), weapons and potential acts of violence that directly endanger the safety and well-being of members of the school community. In addition to the mandatory referrals to law enforcement, school Administrators are encouraged to consult with law enforcement authorities for any offense that they believe may warrant action outside of school or information that should be brought to the attention of law enforcement to maintain the safety and security of all students and staff. School Resource Officers (SROs) are assigned to each of our high schools for the safety and well-being of our students and staff. SROs also play an important role in our schools by actively participating in public awareness and prevention programs and educational initiatives.

The Lenape Regional High School District is required under the No Child Left Behind Act (Title IX, Part E, Section 9532) to provide victims of violent criminal offenses the opportunity to transfer to another school in the district. The transfer process will be addressed through the intra-district transfer policy.

Lenape complies with all procedural safeguards set forth at 20 U.S.C.A. §1400, et seq. and N.J.A.C. 6A:14-1.1, et seq., that are provided to those students entitled to special education and related services.

The Behavioral Guidelines shall be disseminated annually to all school staff, students and parents.

Pursuant to 6A: 16-7.1 (b), these guidelines were established to achieve the following purposes:

1. Foster the health, safety and social and emotional well-being of students;

2. Support the establishment and maintenance of civil, safe, secure, supportive and disciplined school environments conducive to learning;
3. Promote achievement of high academic standards;
4. Prevent the occurrence of problem behaviors;
5. Establish parameters for the intervention and remediation of student problem behaviors at stages of identification; and
6. Establish parameters for school responses to violations of the code of conduct to take in account, at a minimum, the severity of the offenses, the developmental ages of the student offenders and students' histories of inappropriate behaviors in accordance with N.J.A.C. 6A:16-7.2 through 7.9, as appropriate.

LOCKER SEARCHES

Under the Constitution, all citizens are protected from unreasonable searches and seizures. However, this does not mean that students are legally protected from search or seizure of any materials in their lockers, which are school property. The school retains duplicate combinations and master keys in order to facilitate entry into student lockers. Under certain circumstances defined by the State, a warrantless search may be conducted.

VIDEO SURVEILLANCE

The Lenape Regional High School District recognizes the responsibility to provide for the safety of the school community and to protect school district property. To maintain safe and secure conditions for all students, staff and property, the use of video surveillance equipment may be in place on school district properties and transportation vehicles.

1. The district shall notify its students and staff that video surveillance may occur on any school property or on any transportation vehicle. The district shall incorporate said notice in the student handbook and post it on all school properties and transportation vehicles.
2. The use of video surveillance equipment on school grounds and on other district properties shall be supervised by the building principal or designee. The use of video surveillance equipment on transportation vehicles shall be supervised by the director of transportation.
3. The use of video recordings from surveillance equipment shall be subject to the other policies of the district including policies concerning the confidentiality of student personnel records.
4. Video surveillance shall be used to promote the order, safety, and security of students, staff, and property. Recordings may be used in pupil and staff discipline matters and to provide evidence to law enforcement for prosecution purposes.

AFFIRMATIVE ACTION

In affirmation of its responsibility to ensure all its students equal educational opportunity regardless of race, color, creed, religion, national origin, and social or economic status, the Board of Education has a longstanding policy regarding Affirmative Action.

The policy provides for equality in school and classroom practices. Equal access and benefits are granted to all students. No differentiation of requirements for completion of course offerings is made solely on the basis of race, color, creed, religion, gender, ancestry, handicap, national origin, or social or economic status. Part of the policy also guarantees students will be free from discrimination on the basis of pregnancy, childbirth, pregnancy disabilities, actual or potential parenthood, or family or marital status. Copies of the full policy are available in the school's main office.

SEXUAL HARASSMENT

The Board of Education explicitly forbids any conduct or expression that may be construed as the sexual harassment of a pupil, by an employee of the district or by another pupil. The sexual harassment of a pupil includes all unwelcome sexual advances or suggestions, requests for sexual favors, and verbal or physical contacts of a sexual nature whenever such conduct has the purpose or effect of intimidation or tends to create an intimidating, hostile, or offensive educational environment.

POLICY 5512: PROHIBITING HARASSMENT, INTIMIDATION AND BULLYING

The District annually conducts a re-evaluation, reassessment and review of this policy. Revisions may occur after publication of this handbook. Please visit www.lrhdsd.org for the most up to date version of this policy.

The Board of Education prohibits acts of harassment, intimidation or bullying of a student. A safe and civil environment in school is necessary for students to learn and achieve high academic standards. Harassment, intimidation, or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe and disciplined environment. Harassment, intimidation, or bullying is unwanted, aggressive behavior that may involve a real or perceived power imbalance. Since students learn by example, school administrators, faculty, staff and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation, or bullying.

For the purposes of this Policy, the term "parent," pursuant to N.J.A.C. 6A:16-1.3, means the natural parent(s) adoptive parent(s); legal guardian(s); foster parent(s); or parent surrogate(s) of a student. When parents are separated or divorced, "parent" means the person or agency which has legal custody of the student, as well as the natural or adoptive parent(s) of the student, provided parental rights have not been terminated by a court of appropriate jurisdiction.

"Harassment, intimidation or bullying" means any gesture, any written, verbal or physical act, or any electronic communication, as defined in N.J.S.A 18A:37-14, whether it be a single incident or series of incidents that:

- Is reasonably perceived as being motivated by either any actual or perceived characteristics, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability; or by any other distinguishing characteristic;
- Takes place on school property, at any school-sponsored function, on a school bus, or off school grounds, as provided for in N.J.S.A. 18A:37-15.3;
- Substantially disrupts or interferes with the orderly operation of the school or the rights of other students; and that
- A reasonable person should know, under the circumstances, that the act(s) will have the effect of physically or emotionally harming a student or damaging the student's property, or placing a student in reasonable fear of physical or emotional harm to their person or damage to their property; or
- Has the effect of insulting or demeaning any student or group of students; or
- Creates a hostile educational environment for the student by interfering with a student's education or by severely or pervasively causing physical or emotional harm to the student.

Schools are required to address harassment, intimidation, and bullying occurring off school grounds, when there is a nexus between the harassment, intimidation, and bullying and the school (e.g., the harassment, intimidation, or bullying substantially disputes or interferes with the orderly operation of the school or the rights of other students).

"Electronic communication" means a communication transmitted by means of an electronic device, including, but not limited to: a telephone, cellular phone, computer, or pager.

Student Expectations

The Board expects students to conduct themselves in keeping with their levels of development, maturity and demonstrated capabilities with proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities and the care of school facilities and equipment consistent with the behavioral guidelines.

The Board believes that standards for student behavior must be set cooperatively through interaction among the students, parents, school employees, school administrators, school volunteers and community representatives, producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for school district and community property on the part of students, staff, and community members.

Students are expected to behave in a way that creates a supportive learning environment. The Board believes the best discipline is self-imposed, and it is the responsibility of staff to use instances of violations of the behavioral guidelines as opportunities to help students learn to assume and accept responsibility for their behavior and the consequences of their behavior. Staff members who interact with students shall apply best practices designed to prevent student conduct problems and foster students' abilities to grow in self-discipline.

The Board expects that students will act in accordance with the student behavioral expectations and standards regarding harassment, intimidation, and bullying, including:

- Student responsibilities (e.g., requirements for students to conform to reasonable standards of socially accepted behavior; respect the person, property and rights of others; obey constituted authority; and respond to those who hold that authority);
- Appropriate recognition for positive reinforcement for good conduct, self-discipline, and good citizenship;
- Student rights; and
- Sanctions and due process for violations of the Code of Student Conduct.

Pursuant to N.J.S.A 18A:37-15(a) and N.J.A.C. 6A:16-7.1(a)1, The district has involved a broad-base of school and community members, including parents, students, instructional staff, student support services staff, school administrators, and school volunteers, as well as community organizations, such as faith-based, health and human service, business and law enforcement, in the development of this Policy. Based on locally

determined and accepted core ethical values adopted by the Board, pursuant to N.J.A.C. 6A:16-7.1 (a)2, the Board must develop guidelines for student conduct pursuant to N.J.A.C. 6A:16-7.1. Behavioral guidelines will take into consideration the developmental ages of the students, the severity of the offenses and students' histories of inappropriate behaviors, and the mission and physical facilities of the individual school(s) in the district. This Policy requires all students in the district to adhere to the rules established by the school district and to submit to the remedial and consequential measures that are appropriately assigned for infractions of these rules.

Pursuant to N.J.A.C. 6A:16-7.1, the Superintendent must annually provide to students and their parents the rules of the district regarding student conduct. Provisions shall be made for informing parents whose primary language is other than English.

The district prohibits active or passive support for harassment, intimidation, or bullying. Students are encouraged to support other students who:

- Walk away from acts of harassment, intimidation, and bullying when they see them;
- Constructively attempt to stop acts of harassment, intimidation, or bullying;
- Provide support to students who have been subjected to harassment, intimidation, or bullying; and
- Report acts of harassment, intimidation, and bullying to the designated school staff member.

Consequences and Appropriate Remedial Actions

The Board of Education requires its school administrators to implement procedures that ensure both the appropriate consequences and remedial responses for students who commit one or more acts of harassment, intimidation, or bullying consistent with the code of student conduct / behavioral guidelines. The following factors, at a minimum, shall be given full consideration by school administrators in the implementation of appropriate consequences and remedial measures for each act of harassment, intimidation, or bullying by students.

Consequences for a student who commits one or more acts of harassment, intimidation, or bullying may range from positive behavioral interventions up to and including suspension or expulsion of students, as set forth in the Board's approved Code of Student Conduct pursuant to N.J.A.C. 6A:16-7.1. Consequences for a student who commits an act of harassment, intimidation, or bullying are those that are varied and graded according to the nature of the behavior; the nature of the student's disability, if any, and to the extent relevant; the developmental age of the student; and the student's history of problem behaviors and performance consistent with the Board's approved Behavioral Guidelines and N.J.A.C. 6A:16-7, Student Conduct. The use of negative consequences should occur in conjunction with remediation and not be relied upon as the sole intervention approach.

In accordance with N.J.S.A. 18A:37-15.b.(4), the consequences for a student who commits an act of harassment, intimidation, or bullying may vary depending on whether it is the first act of harassment, intimidation, or bullying by a student, the second act, or third or subsequent acts. If it is the third or subsequent act of harassment, intimidation, or bullying by a student, the Principal, in consultation with appropriate school staff, shall develop an individual student intervention plan which shall be approved by the Superintendent or designee, and may require the student, accompanied by a parent, to complete in a satisfactory manner a class or training program to reduce harassment, intimidation, or bullying behavior.

Harassment, Intimidation, and Bullying Reporting Procedure

The Board of Education requires the Principal at each school to be responsible for receiving complaints alleging violations of this Policy. All Board members, school employees, and volunteers and contracted service providers who have contact with students are required to verbally report alleged violations of this Policy to the Principal or the Principal's designee on the same day when the individual witnessed or received reliable

information regarding any such incident. All Board members, school employees, and volunteers and contracted service providers who have contact with students, also shall submit a report in writing to the Principal within two school days of the verbal report. The written report shall be on a numbered form developed by the New Jersey Department of Education in accordance with N.J.S.A. 18A:37-15.b.(5). A copy of the form shall be submitted promptly by the Principal to the Superintendent.

The Principal or designee will inform the parents of all students involved in alleged incidents, and, as appropriate, may discuss the availability of counseling and other intervention services. The Principal or designee shall keep a written record of the date, time, and manner of notification to the parents. The Principal or designee shall take into account the circumstances of the incident when providing notification to parents of all students involved in the reported harassment, intimidation, or bullying incident and when conveying the nature of the incident, including the actual or perceived protected category motivating the alleged offense. The Principal, upon receiving a verbal or written report, may take interim measures to ensure the safety, health, and welfare of all parties pending the findings of the investigation.

Students, parents, and visitors are encouraged to report alleged violations of this Policy to the Principal on the same day when the individual witnessed or received reliable information regarding any such incident. A person may report, verbally or in writing, an act of harassment, intimidation, or bullying committed by an adult or youth against a student anonymously. The Board will not take formal disciplinary action based solely on the anonymous report. The district shall provide a means for a parent to complete an online numbered form developed by the New Jersey Department of Education to confidentially report an incident of harassment, intimidation, or bullying.

A Board member or school employee who promptly reports an incident of harassment, intimidation, or bullying and who makes this report in compliance with the procedures set forth in this Policy, is immune from a cause of action for damages arising from any failure to remedy the reported incident.

In accordance with the provisions of N.J.S.A. 18A:37-18, the harassment, intimidation, and bullying law does not prevent a victim from seeking redress under any other available law, either civil or criminal, nor does it create or alter any tort liability.

The district may consider every mechanism available to simplify reporting, including standard reporting forms and/or web-based reporting mechanisms. For anonymous reporting, the district may consider locked boxes located in areas of a school where reports can be submitted without fear of being observed.

A school administrator who receives a report of harassment, intimidation, and bullying from a district employee, and fails to initiate or conduct an investigation, or who should have known of an incident of harassment, intimidation, or bullying and fails to take sufficient action to minimize or eliminate the harassment, intimidation, or bullying, may be subject to disciplinary action.

- Execute such other duties related to harassment, intimidation, or bullying as requested by the Principal or district Anti-Bullying Coordinator.

Notwithstanding any provision of N.J.S.A. 18A:37-21 to the contrary, a parent who is a member of the School Safety/School Climate Team shall not participate in the activities of the team set forth in 3. a., b., or c. above or any other activities of the team which may compromise the confidentiality of a student, consistent with, at a minimum, the requirements of the Family Educational Rights and Privacy Act (20 U.S.C. The Board requires a thorough and complete investigation to be conducted for each report of violations and complaints which either identify harassment, intimidation, or bullying or describe behaviors that indicate harassment, intimidation, or bullying.

However, prior to initiating the investigation, the Principal or designee, in consultation with the Anti-Bullying Specialist, may make a preliminary determination as to whether the reported incident or complaint, assuming all facts presented are true, is a report within the scope of the definition of harassment, intimidation, and bullying under the Anti-Bullying Bill of Rights Act, N.J.S.A. 18A:37-14.

The Principal shall report to the Superintendent if a preliminary determination is made that the reported incident or complaint is a report outside the scope of the definition of harassment, intimidation, or bullying. This written report form shall be kept on file at the school, but shall not be included in any student record unless the incident results in disciplinary action or is otherwise required to be contained in a student's record under State or Federal law.

The Principal or designee, upon making a preliminary determination the incident or complaint is not within the scope of the definition of harassment, intimidation, and bullying, shall inform the parents of the parties involved, who may appeal the preliminary determination to the Board of Education and thereafter to the Commissioner of Education in accordance with N.J.A.C. 6A:3.

The Principal shall proceed in accordance with the Behavioral Guidelines, as appropriate, based on the investigation findings. The Principal shall submit the report to the Superintendent within two school days of the completion of the investigation and in accordance with the Administrative Procedures Act (N.J.S.A. 52:14B-1 et seq.). As appropriate to the findings from the investigation, the Superintendent shall ensure the Behavioral Guidelines has been implemented and may decide to provide intervention services, order counseling as a result of the finding of the investigation, establish training programs to reduce harassment, intimidation, or bullying and enhance school climate, impose discipline, or take or recommend other appropriate action including seeking further information, as necessary.

The Board of Education shall conduct the hearing in executive session, pursuant to the Open Public Meetings Act (N.J.S.A. 10:4-1 et seq.), to protect the confidentiality of the students. At the hearing, the Board may hear testimony from and consider information provided by the school Anti-Bullying Specialist and others, as appropriate, regarding the incident, the findings from the investigation of the incident, recommendations for consequences or services, and any programs instituted to reduce such incidents, prior to rendering a determination. A redacted copy of the completed written report form developed by the New Jersey Department of Education that removes all student identification information shall be confidentially shared with the Board of Education after the conclusion of the investigation if a hearing with the Board of Education is requested by the parents pursuant to N.J.S.A. 18A:37-15.b.(6)(d).

management.

The Board of Education prohibits the employment of or contracting for school staff positions with individuals whose criminal history record check reveals a record of conviction for a crime of bias intimidation or conspiracy to commit or attempt to commit a crime of bias intimidation.

Students with Disabilities

Nothing contained in N.J.S.A. 18A:37-13.1 et seq. may alter or reduce the rights of a students with a disability with regard to disciplinary actions or to general or special education services and supports. N.J.S.A. 18A:37-32.

Approved Private Schools for Students with Disabilities (APSSD)

The investigation shall be conducted by a Board of Education Anti-Bullying Specialist, in consultation with the APSSD.

The school district shall submit all subsequent amended Harassment, Intimidation, and Bullying Policies to the appropriate Executive County Superintendent of Schools within thirty days of Board adoption.

ANTI-HAZING

A safe and civil environment in school is necessary for students to learn and achieve high academic standards. Hazing is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe and disciplined environment. The Board of Education prohibits acts of hazing and adopts this Policy against hazing in accordance with N.J.S.A. 18A:37-32.2.

"Hazing" in a school setting includes, but is not limited to, conduct by an individual(s) who is a member and/or representative of a school-sponsored student organization, club, or athletic team where such individual(s) conditions a student's acceptance as a member into such group on whether the student engages in activities that are described below in N.J.S.A 2C:40-3a.

N.J.S.A. 2C:40-3a. indicates that a person is guilty of hazing, if, in connection with the acceptance of students to school-sponsored student organizations, clubs, or athletic teams, the person knowingly or recklessly:

Causes, coerces, or otherwise induces a student to commit an act that violates Federal or State criminal law;

Causes, coerces, or otherwise induces a student to consume any food, liquid, alcoholic liquid, drug or other substance which subjects the student to a risk of emotional or physical harm or is otherwise deleterious to the student's health;

Subjects a student to abuse, mistreatment, harassment, or degradation of a physical nature, including, but not limited to, whipping, beating, branding, excessive calisthenics, or exposure to the elements;

Subjects a student to abuse, mistreatment, harassment, or degradation of a mental or emotional nature, including, but not limited to, activity adversely affecting the mental or emotional health or dignity of the individual, sleep deprivation, exclusion from social contact, or conduct that could result in extreme embarrassment;

Subjects a student to abuse, mistreatment, harassment, or degradation of a sexual nature; or

Subjects a student to any other activity that creates a reasonable likelihood of bodily injury to the student.

Hazing shall not include any reasonable and customary athletic or military training; contests;

competitions; or events.

Board of Education members, school employees, and contracted service providers are required to report an alleged incident of hazing that may take place or has taken place on or off school grounds to the Principal or designee on the same day when the individual witnessed or received reliable information regarding such an incident. Students, parents, volunteers, or visitors are encouraged to report an alleged incident of hazing that may take place or has taken place on or off school grounds to the Principal or designee on the same day when the individual witnessed or received reliable information regarding any such incident.

Any report of an alleged incident of hazing shall be investigated by the Principal or designee in accordance with procedures used to investigate alleged violations of the Student Discipline/Code of Conduct and Policy and Regulation 5600.

The Principal or designee may identify behavior when investigating an alleged incident of hazing indicating harassment, intimidation, or bullying (HIB) pursuant to N.J.S.A. 18A:37-14 et seq. – the New Jersey Anti-Bullying Bill of Rights Act (ABR). If the Principal or designee identifies behavior indicating HIB, the Principal or designee shall ensure a separate investigation is conducted in accordance with the ABR and Policy 5512.

The Superintendent or designee shall report to local law enforcement any hazing incident that rises to the level of mandatory reporting under the "Uniform Memorandum of Agreement Between Education Officials and Law Enforcement Officials" or any other agreement between local law enforcement and the school district pursuant to N.J.A.C. 6A:16-5.1(b).

Hazing that involves the participation of a coach, teacher, or other adult may constitute child abuse and shall be addressed in accordance with N.J.S.A. 18A:36-25 and Policy and Regulation 8462.

The Board shall enforce any penalty for violation of this Policy in accordance with the student code of conduct and Policy 5600 Expectations for Student Behavior and Regulation 5600 Behavioral Guidelines, or any other applicable Board Policy or Regulation. In accordance with N.J.S.A. 18A:37-32.3 appropriate penalties for a violation of this Policy may include, but are not limited to:

Rescission of permission for the organization or group whose student member(s) are being penalized under this Policy, to operate on school property or to otherwise operate under the sanction or recognition of the school district; and

The imposition of probation, suspension, dismissal, or expulsion of a student member(s) from that school-sponsored student organization, club, or athletic team.

Any discipline instituted in response to a violation of this Policy may be in addition to discipline for a violation of Policy 5512, Policy 5600 Expectations for Student Behavior and Regulation 5600 Behavioral Guidelines, and any other applicable Board Policy and Regulation.

The school district shall ensure that students are informed of this Policy, including the rules, penalties, and program of enforcement under this Policy. This Policy shall be posted on the school district's publicly accessible Internet website.

HUMAN RELATIONS

The Board of Education, acting upon the recommendation of the Lenape District Human Relations Council, has adopted a Human Relations policy to further affirm its commitment to ensuring that all students will demonstrate a positive attitude toward people of all cultures and that all incidents of harassment, violence and disrespect will be eliminated in the Lenape District. Policy 2263: Human Relations and Policy 5512: Harassment, Intimidation and Bullying guarantee an equal and bias-free working and learning environment for all members of the school community within all school facilities, courses, programs, activities and services. This guarantee applies to all members of the school community regardless of age, race, sex, disabling condition, religious affiliation or sexual orientation.

HATE/BIAS INCIDENTS

It is the policy of the Lenape Regional High School District to maintain a learning and working environment

that fosters respect. Any member of the school community engaging in bias or hate based conduct that either directly or indirectly causes intimidation, harassment or physical harm to another member of the school community, or disrupts the educational process, will be subject to disciplinary action. Policy #2263 defines bias or hate based conduct as any suspected or confirmed act directed against or occurring to a person, private property, or public property on the basis of age, race, ethnicity, sex, disabling condition, religious affiliation or sexual orientation. A bias incident need not involve an act that constitutes a criminal offense. Individuals or groups are in violation of this policy if they engage in bias or hate based conduct at school, on school grounds, while engaging in school sanctioned activities or while traveling to or from school.

These actions may have the effect of creating a hostile environment. Individuals who are not the direct recipients of such actions may also experience a hostile environment. Third party individuals will, therefore, have the same legal right to act under this policy as those directly victimized. Members of the high school community who believe they have been the subject of bias or hate based conduct may report the incident to a guidance counselor, building administrator or affirmative action officer.

DRESS CODE

All students are expected to dress in a way that is appropriate for the school day or for any school sponsored event. Student dress choices should respect the District's intent to sustain a community that is inclusive of a diverse range of identities. The primary responsibility for a student's attire resides with the student and their parent(s) or guardian(s). The school district is responsible for seeing that student attire does not interfere with the health or safety of any student, that student attire does not contribute to a hostile or intimidating atmosphere for any student, and that dress code enforcement does not reinforce or increase marginalization or oppression of any group based on race, sex, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, household income, or body type/size.

Students should be able to dress and style their hair for school in a manner that expresses their individuality without fear of discipline or body shaming, and students should not face unnecessary barriers to school attendance.

Attire worn in observance of a student's religion is not subject to this policy.

Students must wear:

1. Full length top with sleeves or straps;
2. Bottom that covers undergarments;
3. Footwear;
4. Clothing and footwear that is suitable for all scheduled activities including physical education, science labs, auto, metal and wood shop, and other specialized courses where proper attire and/or safety gear is necessary to ensure safety.

Students may wear headwear such as hats, but may not wear sunglasses or headwear that obscures a student's face and/or ears or interferes with the line of sight of any student or staff.

Students may not wear clothing, jewelry, or personal items that:

1. Contain threats, are pornographic, or that promote illegal or violent conduct such as the unlawful use of weapons, drugs, alcohol, tobacco or drug paraphernalia;
2. Demonstrate gang association/affiliation, hate group association/affiliation and/or use hate speech targeting groups based on race, ethnicity, gender, sexual orientation, gender identity, religious affiliation, or any other protected groups;

3. Show private parts (nipples, genitals, buttocks). Clothing must cover private parts in opaque (not able to be seen-through) material and undergarments may not be worn as outer garments.

Violations of this policy will be addressed through the Behavioral Guidelines.

FLAG SALUTE AND PLEDGE OF ALLEGIANCE

New Jersey law (18A:36-3) requires students to show respect for the flag of the United States of America by reciting the pledge of allegiance each day. Students who are conscientiously opposed to the pledge or salute may abstain from these ceremonies, but they must remain silent and not disrupt the ceremonies.

COURSE SELECTION

Each school year the Program of Studies is updated. This document lists and describes all course offerings in the Lenape District's four high schools. It also details graduation requirements, course levels, athletic eligibility requirements and other information pertinent to the course selection process. **Students are encouraged to review the Program of Studies carefully with their parents or guardians. The Program of Studies will be accessible online at www.lrhdsd.org.**

STUDENT INSURANCE

The Board Of Education provides a special insurance policy which covers students who participate in interscholastic athletics and physical education classes. This policy is in effect only during the time the pupils are actively engaged in the activity, and while traveling to and from athletic contests. This policy contains "full excess" coverage which will become applicable after primary personal health care insurance. This policy does contain coverage restrictions. Any questions concerning policy coverage should be directed to the District Personnel Office, 609-268-2000 extension 551000.

The Board of Education makes available accident insurance for any pupil who wishes to purchase it. The "school time" accident insurance will cover travel time to and from school, physical education classes, and other school-sponsored activities. "Round the Clock" coverage provides insurance protection 24 hours a day, whether the pupil is at school or at home.

ACCIDENTS/INJURIES

There is a common misunderstanding that payment for injuries sustained in school-related functions is the responsibility of the Board of Education. In fact, the Board cannot pay for injuries unless a court of competent jurisdiction orders or approves payment. The Board provides an opportunity for pupils to voluntarily purchase accident insurance. The Board provides such insurance for athletics and certain related activities on a partial excess basis at no cost to the participant. Although these coverages are broad, there are certain restrictions, limitations, and exclusions.

CARE OF INJURED AND ILL PERSONS

The schools attempt to provide an environment in which the student will be safe from accidents. The Board of Education directs the Superintendent to provide for prompt and appropriate medical attention for pupils, staff members, or visitors who are injured or become ill on school premises or at school sponsored events.

Any injury or illness shall be reported immediately to the school nurse or, in the absence of the school nurse, the building principal or his designee, who will determine whether an emergency exists. Immediate steps may be taken as necessary to remove the injured or ill person from imminent danger and/or prevent exacerbation of the disability. District personnel will administer routine first aid as necessary to insure the safety and comfort of the injured or ill person.

The parent or guardian of an injured or ill student and, if necessary, the designee of an injured or ill staff member or adult visitor will be notified. NOTE: All phone calls to parents regarding illnesses must be made from the Student Health Office. Students are NOT permitted to contact parents by cell phone. If the school nurse, principal, or principal's designee determines that the injured or ill person should be removed from school, the parent or designee will be requested to provide transportation.

In a serious emergency, the Emergency Medical Services (EMS) will be activated. The parent, guardian, or designee will be notified.

STUDENT MEDICAL CONCERNS

Parents/guardians are required to complete their students' medical history and current medical conditions via the "Medical Concerns" form under the "Forms" tab in Genesis Parent Portal prior to the start of each school year. This form is made available along with all Back to School Forms to all Genesis Parent Access accounts every summer. Through this form, the parent/guardian can document the student's medical needs as well as provide permission for the student to receive an occasional dose of Tylenol, Ibuprofen, and/or TUMS if deemed appropriate by the school nurse. For questions about or help with Genesis Parent Portal, please email LRHSD Support at HELP@lrhsd.org or call (856) 396-HELP (856-396-4357).

HEALTH SCREENING

All students will be offered a health screening according to New Jersey law with the exception of those students who submitted documentation of a physical examination by a physician, nurse practitioner, or a physician assistant for their current grade. Health screenings may include assessment of height, weight, blood pressure, visual acuity, auditory acuity and scoliosis. If you prefer for your student to not be screened, submit a note to your student's nurse stating such.

IMMUNIZATIONS

No student will be enrolled in school without documentation from an official New Jersey school record, a public health record, or certificate signed by a physician indicating compliance with immunization requirements (Chapter 14 of the Administrative Code 8:57-4.10 to 8:57-4.20).

The following immunizations are required per administrative code:

- Diphtheria and tetanus toxoids and pertussis vaccine
- Poliovirus vaccine
- Measles virus vaccine
- Meningococcal
- Varicella

- Rubella vaccine
- Hepatitis B virus vaccine
- Mumps vaccine

Students seeking an exemption must provide religious or medical documentation.

TUBERCULIN TESTING

In accordance with the State Department of Education, students transferring into a New Jersey school from a country with a high TB incidence will require tuberculin skin testing and medical evaluation (if the reaction is $\geq 10\text{mm}$).

MEDICATION

In order for a student to take medication during the school day, the procedures are:

- 1) All medication, defined as drugs approved by the Federal Food and Drug Administration (FDA) whether prescription or over-the-counter, shall be administered by the school nurse, school nurse substitute, school doctor, parent/guardian. Tylenol, Ibuprofen, and/or TUMS may be administered by the school nurse as per Board of Education Policy #5330. Parent/guardian permission must be provided via Genesis Parent Portal under Forms tab, the Medical Concerns Form.
 - 2) All medication, whether prescription or over-the counter, shall be brought to the nurse's office by the parent or guardian. **Students, regardless of age may not carry medicine to the school.**
 - 3) Prescription medication shall be in the original labeled bottle or container. Ask your pharmacist to divide the medication into two completely labeled containers - one for home and one for school.
 - 4) Over-the-counter medication shall be in a new, unopened bottle with the original, manufacturer's label on it.
 - 5) Before any medication may be administered during school hours, the Board of Education requires a written medical order from a legal prescriber (physician, dentist, nurse practitioner, or physician assistant) and written consent from the parent/guardian.
 - 6) The policy applies to all students, including students 18 years of age and older.
 - 7) Students will be permitted to self-administer medication for asthma or other potentially life threatening illnesses only with written certification by the physician and written authorization by the parent. Students with asthma and life-threatening medical conditions must submit the appropriate medical paperwork to participate in the physical education program, sports, school trips and other extracurricular school activities at the beginning of each school year.
- A. An "Asthma Treatment Plan" prepared by the physician must list asthma medications and authorize any medications for self-administration. Student is to self-carry prescribed rescue inhaler on their person.
 - B. If a student requires the use of epinephrine for a life-threatening allergic reaction, doctor's orders must be provided. Student is to self-carry prescribed epinephrine auto-injector on their person.
 - C. Students with diabetes must submit a "Diabetes Medical Management Plan" and self-carry all supplies including glucagon.

8) Medication Forms (Asthma Treatment Plan, Epinephrine, Diabetes Medical Management Plan and Prescription/Non Prescription Medication forms) are available in the main office or online at www.lrhdsd.org. Go to the Genesis Parent Portal Form tab and click on Medical Concerns form.

9) Direct questions to the school nurse. Student Health Office hours are as follows:

Unidentified skin issues should be covered until identified and should be reported to health office to prevent the spread of infection.

PHYSICAL EXAMINATIONS

Enrolled Students

It is advised for students to have a medical examination at least once during grades 7th through 12th.

New/Transfer Students

Students transferring into the Lenape Regional High School District must provide documentation of a physical examination performed by a physician, nurse practitioner, or physician assistant, during adolescence (grade 7th through 12th). This documentation is required within 30 days of enrollment.

WORKING PAPERS

Working paper applications for minors are processed online. Schools are no longer permitted to process working papers. The new online form can be found at <http://myworkingpapers.nj.gov>.

ATHLETICS

State law requires that all physical examinations required for student athletes should be administered at the student's medical home/primary physician's office. Students will be required to have a district form completed at the time of their physicals and parents will be required to complete a medical questionnaire. Once submitted to the school, the district physician will review and sign these forms. Physical forms and parent questionnaires are available in the main office or online at www.lrhdsd.org.

If a student does not have a medical home/primary physician, the school district shall provide this examination at the school physician's office or other comparably equipped facility.

Only one physical per school year is required. Physicals administered in the Summer of 2023 will cover Fall 2023 and Winter and Spring 2024 sports seasons.

SPECIAL EDUCATION SERVICES

The Lenape District offers a wide range of programs for students who have been determined to be Eligible for Special Education and Related Services by the Child Study Team. New Jersey recognizes 13 different categories for eligibility. All eligible students have an IEP (Individualized Education Plan) which is reviewed yearly. A case manager from the Child Study Team is assigned to work with the student, parent(s) and teachers.

The vast majority of classified students are being served in regular programs with support or minimal pullout. The objective is to provide every student with programs designed to meet his or her needs.

504 SERVICES

The District complies with all provisions of the "Vocational Rehabilitation Act – Section 504" and "Americans with Disabilities Act – ADA, 1992." All students who are eligible for these services will have a 504 Plan developed. The 504 Plan is reviewed annually.

CHILD FIND

A referral is a written request for an evaluation that is given to the school district when a child is suspected of having a disability and might need special education services.

If you have a child with a disability who is not receiving educational services, or if you believe that your child may have a disability, and is 14 Years through 20 Years old, you may refer your child for an evaluation by submitting via email or through a written request to:

Lenape Regional High School District:

Amanda Cassel, Director of Special Services

acassel@lrhsd.org

For additional information regarding referral procedures, please visit the District website under Special Services: <https://www.lrhsd.org/Page/665>

SEQUOIA ALTERNATIVE PROGRAM

The Lenape District's Sequoia Alternative Program is available to a limited number of classified or non-classified students from all four high schools. It is designed for students who desire a highly structured environment.

The program offers intensive academic instruction in all core courses at various levels as well as interactive discipline and proactive counseling for social and emotional development.

All students have an IEP or IPP based on contractual agreements with parents, students and program staff. Progress is reviewed semi-annually. A mentor from the staff is assigned to each student to work closely with the parents, student, case manager and other teachers.

The District recommends this program for those students who have had difficulty in the traditional classroom setting due to attendance, academics, social and emotional concerns, or district policies. The program is designed to return students to their sending schools within an agreed period of time.

TITLE I SCHOOL-PARENT COMPACT

The Lenape District has a "School-Parent Compact" regarding Title I services and programs (Part A of the Elementary and Secondary Education Act). This compact outlines the responsibilities of the child's school, staff, parents, and students who are eligible for and participate in Title I programs, services and activities. These responsibilities are clearly stated and were developed with the goal of improving each student's academic achievement and success throughout their education in the LRHSD.

For more information about the Title I Program, its components and eligibility requirements, visit our website <https://www.lrhdsd.org/Domain/87> or call your child's high school.

COUNSELING CENTER

Counselors assist students throughout all four years of high school. They help in many different ways. A few examples of the ways counselors can assist are listed below:

- help develop decision making skills.
- assist in college/career planning.
- advise students on educational and vocational opportunities and needs.
- answer questions about school policies: attendance, academic, athletic eligibility, graduation, etc.
- work with students, especially freshmen, in helping them adjust to academic, personal and social challenges of high school.
- aid students in recognizing, understanding and overcoming learning difficulties.
- work with parents and teachers to help students get the most from their education.

Counselors will call students down periodically to the Counseling Center to discuss routine school matters. However, if you have a concern or question do not wait. Make an appointment with one of the secretaries to see your counselor. Usually you can see your counselor that day. If you have to wait until the following day, you will receive a pass in period one with the time of the appointment.

LEVELS OF INSTRUCTION

- HON:** Honors – Requires a strong command of basic skills and is extremely rigorous. This is equivalent to the demands of a college level course.
- ACC:** Accelerated – Requires a good command of basic skills and the ability to perform in a rigorous program at a rapid pace.
- CP:** College Prep – Requires a command of basic skills and is moderately paced. This is a college prep course.
- MOD:** Modified – Reinforces and builds upon basic skills.
- PR:** Pullout Replacement – Special Education.
- *A** **Adapted Instruction** – Instruction that requires significant curricular adaptations to the scope, assessments, and/or grading for the course and further reflected on the transcript.

STUDENT TRANSFERS

Parents should inform the school at least two (2) days before a transfer so that adequate records may be forwarded to the receiving school. No student will be transferred (records forwarded) or officially

withdrawn unless a transfer or withdrawal form has been signed by parents and all outstanding obligations cleared (books, equipment, etc.). Immunization records must be provided upon transfer.

STUDENT RECORDS

Information concerning pupil records and transcripts can be obtained by calling the school Counseling Center.

REQUIREMENTS FOR GRADUATION

In order to qualify for a state-endorsed diploma, a student must complete the selected program of study appropriate for needs and abilities, earn a minimum of 120 credits and pass the appropriate assessment(s) outlined by the state. In addition to credits earned through the traditional route, students may obtain credits through the Option Two Program. Complete information regarding course requirements, Option Two, and opportunities for remediation is included in the annual Program of Studies, which is accessible online at www.lrhdsd.org.

REQUIREMENTS FOR PARTICIPATION IN GRADUATION CEREMONIES/SENIOR PRIVILEGES

As per LRHSD Policy #8840 Students will lose all remaining senior privileges which include attending senior trip, attending senior prom and participation in graduation exercises if they have been suspended in excess of 2 times in their last year or have been scheduled for a superintendent's hearing in the senior year, have had a drug/alcohol or theft violation on the senior trip or prom, have not completed all academic requirements prior to the ceremony, or is on "no-credit" status at the time of graduation.

GRADING SYSTEM

Evaluation of a pupil's progress is solely the classroom teacher's responsibility. Arriving at the marking period grade will be determined by a number of criteria established by the classroom teacher (quizzes, tests, participation, etc.). For purposes of uniformity, a percentage scale will be used in arriving at a marking period grade. All teachers will implement a grade floor of 50% at the end of marking periods 1, 2 and 3. Semester courses, such as Health/PE will have a 50% floor for marking periods 1 and 3.

There will be four report card periods during the school year. A semester grade will be given at the end of each semester. For full year courses, the first semester grade becomes one half the grade and will be averaged to the second semester grade at the end of the year to provide the final course grade. The grades on the report card denote academic achievement only. **Negative behavior is not to be reflected in the grade.**

Report cards for the all marking periods will not be mailed home since grades can be accessible online via the Genesis Parent Portal (see Access to Student Information). Parents will be able to print a copy of the report card from their Parent Access account. If you have any questions about your child's grades please contact your school's guidance office. Final report cards will not be mailed. If you would like to request a paper copy of your student's report card to be mailed home, please contact the Counseling Center of your student's school.

REPORT CARD NOTATIONS

A = Excellent (90-100%)

D = Poor (60-69%)

I = Incomplete

B = Good (80-89%)

F = Failure (59% and below)

WP = Withdraw Passing

C = Average (70-79%)

P = Passing (60-100%)

WF = Withdraw Failing
Audit*

*Students who audit courses receive no credit. A grade is given to indicate student progress and will not be counted for GPA. Auditing a class is only granted by the principal in certain circumstances.

RANK IN CLASS

Lenape Regional High School does not publish or release class rank. We believe that our students' levels of achievement are more equitably and fully communicated through multiple measures than a single figure transcript statistic.

Waiver:

Recognizing there may be limited circumstances in which students may be adversely affected without the release of class rank, a waiver may be completed by the parent/legal guardian and student requesting that either weighted or unweighted class rank be released to a specific college/university. Weighted class rank is based on the weighted grade point average and unweighted class rank is based on the regular grade point average.

Some examples as indicated below:

1. If the student will not receive consideration for admission without the release of individual class rank.
2. If the student will not receive consideration for a scholarship, or admission to a particular program or provided a benefit without the release of class rank.
3. If the student will not receive consideration for recognition in certain local, State or national programs of recognition without the release of rank.

There will be two formats for a students' Grade Point Average; The regular grade point average (GPA) and weighted grade point average (wGPA).

1.) Calculating the regular GPA

The regular GPA shall be computed on the basis of all subjects taken within the school day. Grade points will be awarded on a 4.0 scale with A = 4, B = 3, C = 2, D = 1, and F = 0. The final grade for the course shall be multiplied by the number of credits completed for each course. The total points for all courses completed are then divided by the total credits completed to determine GPA.

2.) Calculating the wGPA

Only core academic courses or other courses designated as Advanced Placement (AP) will be included in the wGPA.

A core academic course is any course, regardless of level, from any of the five academic areas which are: English, world languages, math, science and social studies.

The wGPA shall be calculated by dividing the total weighted quality points by the total credits of the courses completed in the core academic area.

Weighted quality points shall be calculated by multiplying the final grade for the core academic

course by the number of credits completed for each core academic course using the following 6.0 scale:

HON:	A=6	B=5	C=4	D=3	F=0
ACC:	A=5	B=4	C=3	D=2	F=0
CP, MOD, PR:	A=4	B=3	C=2	D=1	F=0

(Honors: HON; Accelerated: ACC; College Prep: CP; Modified: MOD; Pullout Replacement: PR)

Core academic courses taken through a Summer School Remediation program shall be computed as a College Prep (CP)-D. Core academic courses taken through an Option Two program shall be counted in the wGPA only if the student has successfully taken the district Proof of Proficiency assessment for that course.

NATIONAL HONOR SOCIETY

Membership in the National Honor Society is one of the highest honors that can be awarded to a high school student. Each of the four high schools in the Lenape Regional High School District has a chapter of the National Honor Society. Membership is based on a student's outstanding achievement in scholarship, service, leadership and character. The student must be a member of the school community at least one semester prior to applying.

A junior or senior meeting the preliminary grade requirement of a regular cumulative grade point average of 3.25 or higher; a minimum weighted grade point average of 4.875 will receive a letter notifying them of their eligibility for membership. Students must participate in a minimum of three school-sponsored activities per year of school attendance. In addition, the student must also earn 20 hours of community service per year of attendance or the equivalent total for years in high school. A full explanation of the criteria needed for admission to the National Honor Society is outlined in Board of Education Regulation 5465R.

PARTICIPATION FEE

The Lenape Regional High School District has an **Athletic and Extracurricular Activity Participation Fee as a result of Board of Education Policy #2429**. Any student participating in at least one sport which requires a paid coach and a physical will be assessed an athletic fee of \$300 and will have access to ALL athletics and non-sport extracurricular activities throughout that school year. Any student exclusively participating in at least one, non-sport extracurricular activity will be assessed a fee of \$200 and will have access to ALL non-sport extracurricular activities throughout that year. Individual fees for the year will not exceed the athletic fee regardless of how many non-sport extracurricular activities and/or athletics a student participates. Family fees are capped at \$600. Each student must submit the Athletic and Extracurricular Activity Participation Fee payment prior to the participation in an activity. The fee is valid for that school year only.

The fee is non-refundable unless the student is cut from the athletic/activity roster and did not participate in any other athletic/extracurricular activities for the remainder of the school year. Refund requests must be completed and submitted prior to the last day of school, of the current school year, or the fee will be forfeited. Forms are available in the high school main office. Refunds will be issued at the end of the current school year, after all of the student's obligations have been fulfilled. Any outstanding student obligations will be deducted from the refund at that time. Students who voluntarily drop out of an activity will forfeit their fee.

Students who qualify for the Federal Free and Reduced Lunch Program are exempt from paying the Athletic and Extracurricular Activity Participation Fee.

ATHLETIC PROGRAMS MISSION

The mission of the Lenape Regional High School District's interscholastic athletic programs shall be to develop student athletes who are physically, mentally and emotionally prepared to make a positive contribution to society. This will be accomplished through the cooperative efforts of student athletes, coaches, parents and administrators. It will be implemented through a well-designed athletic program involving dedicated coaches and student-athletes, and supportive parents within an atmosphere of safety, good sportsmanship and teamwork.

ATHLETIC ELIGIBILITY

New Jersey Interscholastic Athletic Association Eligibility Rules apply to boy and girl varsity, junior varsity, sophomore and freshman teams which will be representing a high school. STUDENTS AND PARENTS MUST ACCEPT RESPONSIBILITY FOR MAKING SURE THAT THEY MEET THE NJSIAA ELIGIBILITY REQUIREMENTS. If students have any questions or concerns after reading the eligibility rules, or if, at any time, think they may be in jeopardy of falling below the minimum required credits for athletic eligibility, they should contact their school counselor, athletic director or team coach immediately!

Students are ELIGIBLE if they have not reached the age 19 before September 1 of the current school year.

Students are ELIGIBLE to represent their high school for 8 consecutive semesters following entrance to ninth grade.

- **Fall and Winter sports:** All incoming freshmen are eligible for athletic competition during the first semester. Students in grades 10, 11, and 12 are eligible for athletic competition during the first semester (Sept. 1 to Jan. 31) if they passed the 30 credits required during the preceding academic school year.
- **Spring sports:** To be eligible for athletic competition during the second semester (Feb. 1 to June 30), ALL STUDENTS must have passed 15 credits at the close of the preceding semester. Full-year courses shall be equated as one-half of the total credits. In most cases, pupils must pass six courses in the first semester of each year to be eligible for Spring participation.
- Student athletic eligibility following a transfer is determined by the following criteria:
 - **It is the student's first transfer:** Students are entitled to one penalty-free transfer during the first six semesters after their initial high school enrollment, provided that the transfer occurs on or before the Start of Practice Date of the sports season in which the transfer occurs.
 - **Transfers occurring after the Start of Practice:** Students who transfer after the Start of Practice Date will be subject to a 30-day period of ineligibility (or ½ the maximum number of contests in that sport, whichever is less).
 - **Transfers occurring after the Competition Start Date:** In addition to the period of eligibility stated above, any student who transfers after the Competition Start Date will not be eligible for the NJSIAA postseason competition in that sport.
 - **A student's second or subsequent transfer:** Students who transfer a second or subsequent time will be subject to a 30-day period of ineligibility (or ½ the maximum number of contests, whichever is less) for all NJSIAA sanctioned sports in which the student participated during the 12 months preceding the transfer.

- **Senior transfers:** Senior transfers are subject to a 22-day period of ineligibility (or 1/3 the maximum number of contests, whichever is less) in each sport in which they participated during or after their third season of eligibility, during the 12 months preceding the transfer.
- **General application:** This transfer rule applies to athletes of all levels of participation (not just varsity athletes) and is applicable to all NJSIAA-sanctioned sports in which the student participated during the 12 months preceding the transfer. Transferring students may participate in a new sport without penalty. The period of ineligibility will begin on the competition start date of each sport. For students who transfer after the competition start date, the period of ineligibility will begin on the date of enrollment into the school.

Students are NOT ELIGIBLE after the class in which they originally enroll graduates.

Students are NOT ELIGIBLE except as defined by the NJSIAA, if they have accepted any cash or merchandise prizes (this may especially occur in bowling or golf).

STUDENT PARKING

Students issued a parking permit are allowed to park in a school district location as a matter of privilege, not of right. Vehicles are not to be used during the school day. Students who drive to school who need to leave school for a medical reason, appointment, or family emergency, must provide a note from a parent or guardian and have it verified by a telephone call prior to leaving school. If a driver is approved to leave school during the school day, he or she may not drive with another student and must sign in upon return. The privilege of driving to school will be revoked in cases in which students violate traffic regulations or display poor citizenship in school. The speed limit in the parking lot of the school is not to exceed five (5) miles per hour. The Board of Education is not responsible for cars, or property left in cars, while cars are parked on or adjacent to school grounds. Students are permitted to park only in areas authorized for student parking.

STUDENT PARKING PERMIT FEE

To obtain a student parking permit students must follow the procedures outlined in applicable Board Policies, Regulations, procedures, and the Student Handbook, including Board Policy 5510 and Regulation 5510R. Violations of the Policies, Regulations, and procedures may result in loss of parking privileges and/or discipline according to the Behavioral Guidelines.

The student parking permit fee will be assessed to senior students with a valid driver's license who applies and is eligible to receive a permit based on his/her attendance and disciplinary record. Additional parking may be offered to eligible junior students, based on availability and on a first come, first served basis during the school year.

As a result of each high school having a different number of student parking spots available the rules for determining how a student obtains and maintains a parking decal differ slightly from school to school. For more information students must direct all parking questions to their principal or refer to their respective school's parking contract or set of rules. The parking permit outlines the terms and conditions regarding the privilege to park on district property per school. However, the following three conditions apply to all district students: Parking privileges will be revoked for the rest of the high school career if a junior is suspended three times. Parking privileges will be revoked for the rest of the high school career if a student violates the drug or alcohol policy at any time during the high school career. Students who were required to attend credit completion at the end of the previous year will be ineligible for parking privileges.

TRANSPORTATION

BUS REGULATIONS:

Buses are provided for all pupils by the Board of Education. Safety is the top priority of the Lenape District Transportation Department. Consequently, cameras may be installed on specific vehicles when deemed necessary to assure safety.

The following are regulations that are expected to be observed by all who ride the buses:

1. Arrive at the bus stop 10 minutes prior to the designated pick-up time. We do not stop and wait for a student running to the stop; it is unsafe to do so. If the student is not at the stop, we will not pick them up.
2. Remain seated while the bus is in motion. Seat belts must be buckled.
3. Keep head, arms and hands inside the bus.
4. Obey the driver and bus patrol immediately and respectfully.
5. Vaping, smoking, consumption of drugs and alcohol is prohibited.
6. The harassment, intimidation, bullying and hazing behavioral guidelines are in effect whenever students are riding the bus.
7. Avoid distracting the driver's attention with loud talking, laughing, bad language or unnecessary disturbances.
8. Avoid cluttering up the aisle with books, sports equipment or gym bags.
9. Always treat the bus equipment respectfully and help keep it clean. If a student is found to have defaced the bus in any way, they will be disciplined and the parents/guardians of the student will be responsible for the cost of the repair.
10. Avoid crowding around the bus doors when it is ready to load or unload.
11. Sports cleats are not permitted to be worn on the bus.
12. Skateboards are not permitted on the bus.

ACTIVITY BUSES:

Students leaving the school on a school bus to attend an activity must return to the school on the same bus. Exceptions to this policy may be made only by contacting the school and following specific procedures.

Behavior: Students who do not behave in accordance with the above guidelines, or who are involved in any disturbance on a school bus, will face disciplinary action, including possible immediate expulsion from the bus. Students will refrain from boisterous behavior, yelling, cursing, fighting, disrespecting other students or the driver and throwing objects, etc., while aboard buses. School buses will be returned to a school whenever a situation develops that needs immediate attention, or the **police will be called if necessary**.

Bus Stops: Any concerns relative to a bus stop should be brought to the attention of the Transportation Coordinator at (609) 654-5527x4.

Lost Items: Lenape Transportation is not responsible for lost items left on any District vehicles. Understand most buses are used for other activities and will be used by many other students. Anything left on the bus can be picked up by someone else very easily. Be vigilant to keep track of your belongings.

If you lose something on a contracted bus, you will be responsible to contact the specific contractor and collect your belongings at their location.

Switching Buses: Students assigned to a particular bus must not change buses without the prior written request from the parent/guardian of the student, and then the permission will be granted from the transportation coordinator.

LENAPE DISTRICT TELEVISION

Lenape District Television (LDTV) is located at Lenape High School. It is a complete, broadcast level studio where students from throughout the District can learn television production techniques and actually produce programs. The studio serves all four district high schools and the elementary schools in its sending communities. Each high school has its own mini studio with facilities for production and editing and can send broadcast ready video to LDTV. The studio's primary goal is to produce and air programming that is both creative and instructional. For the convenience of parents and other members of the public, LDTV daily broadcasts a bulletin board which lists important activities within the four high schools.

EMERGENCY SCHOOL CLOSING

The Lenape District has the capacity to broadcast weather and emergency related school closing information through the following: text message, email, Lenape District Television (LDTV), the district website at <http://www.lrhdsd.org>, Twitter @LRHSDstatus, Radio Station KYW-AM 1060 (Code 654), and several other Philadelphia area radio and television stations.

THE HIGH SCHOOL DISTRICT EMERGENCY SCHOOL CLOSING CODE NUMBER IS 654

Pupils and parents are requested to avoid calling the school since all phones will be in use carrying out emergency closing procedures.

STUDENT FINES

Students are financially responsible for any and all equipment issued by the school and for any negative balance in their food service cafeteria account. THE SCHOOL IS NOT RESPONSIBLE FOR ANY ARTICLE LOST OR STOLEN. If the item is not returned, the student shall be charged the full replacement cost of the item. If the item is damaged to the extent that the item can no longer be used, the student shall be charged the full replacement cost of the item. Student schedules, transcripts, diplomas and all other records will be withheld until all obligations are met.

PERMISSION FORMS

Photographs and video images of students in the Lenape District's high schools are routinely created for the purpose of sharing student achievement and celebrating education programs with the stakeholders in the eight sending communities. Recently, laws have been enacted mandating that school districts obtain parental consent for a student's photo/image and personally identifiable

information to be shared with media outlets and to be posted on the school/district websites. The new Open Public Records Act (OPRA) also requires school districts to release certain directory information upon request, unless parents/guardians specifically state that this information not be released.

A form (CONSENT) explaining these laws is shared via Genesis Parent Portal at the beginning of the school year with parents/guardians of all incoming 9th graders and given to parents/guardians of all new/transfer students at time of registration. It is each student's responsibility to make certain his or her parents/guardians complete this form by the deadline indicated.

SCHOOL VISITORS

All visitors must report to the main office upon entering the school building and will be required to present a valid state-issued form of identification (driver's license.) The license will be scanned by the Lobby guard system and the visitor's name and birth date will be checked against the National Sex Offender Public Registry Database and any court order that limits or terminates parental/custodial rights.

If the visitor is verified as a registered sex offender and is a parent or legal guardian or an individual who is visiting the school for a legitimate business purpose (for example vendor supplies), entry to the building will be permitted in a limited capacity and may require supervision in accordance with all applicable laws.

Pupils may not bring visitors to school. Trespassers will be prosecuted.
