OUR MISSION

“Empower each student to succeed in life.”

DISTRICT TENETS

Dinuba Unified School District strongly believes that:

Diversity...provides a variety of perspectives to develop pathways to our future.

Innovation...provides creative educational options to guide every student’s learning experiences.

Nurturing...provides a community of support for the social, emotional, and physical well-being of all students and staff.

Unity...provides a common purpose towards which everyone shares in preparing our students to become contributing citizens of a global society.

Building Character...provides a foundation for responsibility, trustworthiness, respect, citizenship, fairness, and caring for all.

BOARD OF EDUCATION

Our district is governed by a five member Board of Education. Each of our board members represents separate voting districts. The purpose of the Board is to exercise general supervision of the schools within our district. This supervision is exercised through the development and adoption of district policies in accordance with state laws and the rules and regulations of the California Education Code.

The Board has regularly scheduled meetings. Generally, they meet on the second and fourth Thursday of each month. The meetings are usually held in the Board room of the Dinuba Unified School District Administration building located at 1327 E El Monte Way, Dinuba at 5:00 p.m.

The agendas for regular meetings are posted at the district office at least seventy-two hours prior to each regular meeting. All Board meetings are open to the public except for that part of the meeting which may be held in closed executive session. Executive sessions are most often held to discuss issues of personnel and/or negotiations.

Anyone who wishes to officially address the Board may place their replies in writing and submit the request to the superintendent. There is also the opportunity to address the Board at the beginning of each meeting, without prior written request, under the section of the agenda entitled "Public Comments."

Students and their parents/guardians have the option to request that directory information or personal information, as defined in Education Code 49061 and /or 49073.2, be excluded from the meeting minutes. The request to omit directory / personal information must be made in writing to the secretary of the school board.

The goal of the Board of Education is to ensure the educational success of all Dinuba School students by having high expectation, a commitment to excellence, and a comprehensive program, confirming our belief that ALL students can learn and become responsible, productive members of a diverse and challenging society.

SCHOOL ATTENDANCE ALTERNATIVES

District Residency (AR 5111.1)

Criteria for Residency

A student shall be deemed to have complied with district residency requirements if he/she meets one of the following criteria: The student's parent/guardian resides within district boundaries; the student is placed within district boundaries in a regularly established licensed children's institution, a licensed foster home, or a family home pursuant to a court-ordered commitment or placement. The student has been admitted through the district's interdistrict attendance program. The student is an emancipated minor residing within district boundaries. The student lives with a caregiving adult within district boundaries. The student resides in a state hospital located within district boundaries. The student is confined to a hospital or other residential health facility within district boundaries for treatment of a temporary disability.

Proof of Residency

Prior to admission in district schools, students shall provide proof of residency. Upon enrollment of a student residing in the home of a caregiving adult within district boundaries, the caregiving adult shall execute, under penalty of perjury, the affidavit specified in Family Code 6552. Reasonable evidence of residency may be established by documentation including, but not limited to property tax payment receipts, rent payment receipts, utility service payment receipts or declaration of residency executed by the student's parent/guardian.

Safe at Home Program

The district complies with the Safe At Home Program administered through the Secretary of State. For additional information, contact the district office.

Denial or Revocation of Enrollment

If the Superintendent or designee, upon investigation, determines that a student's enrollment or attempted enrollment is based on false evidence of residency, he/she shall revoke the student's enrollment. The parent/guardian shall be sent written notice of the facts leading to the decision. If the parent/guardian fails to schedule a meeting to dispute the facts within 10 days from the date of the notice, the student's enrollment shall be revoked 11 school days after the date of the notice. If the meeting is held, the hearing officer shall prepare a written decision describing his/her findings. If the hearing officer's decision is upheld, the parent/guardian may appeal to the Board of Education within 10 days. The Board's decision shall be final.

Intra-District Transfers - transfers between schools within the same district. (Board Policy 5116.1)

Students who reside within the district boundaries may apply for enrollment in any district school. In accordance with law, no student currently residing within a school's attendance area shall be displaced by another student. Once enrolled, a student does not need to reapply for readmission annually. However, a student may be subject to displacement due to excessive enrollment. Parents are responsible to provide transportation for students attending schools on an intradistrict transfer permit. Parents may obtain an intradistrict attendance application form from the district office. The application should be completed and returned to the **district office** between **March 1 and April 30** for the following school year. Applications will be processed by lottery.

Inter-District Transfers - transfers between different school districts. (BP 5117 / AR 5117.1)

The Governing Board recognizes that students who reside in one district may choose to attend school in another district and that such choices are made for a variety of reasons. The Superintendent or designee may approve interdistrict attendance agreements with other districts on a case-by-case basis to meet individual student needs. Transportation shall not be provided for students attending on an interdistrict agreement. Applications may be obtained at the district office. Applications must be initiated in the district of residence. Applications will be accepted between February 1 – January 31st for the upcoming /current year. We may not process /approve applications for the current year between February 1-May 31 . The parent/guardian of a student who is denied a transfer requested, shall receive timely notice regarding the process for appeal to the County Board of Education. Students who are under consideration for expulsion or who have been expelled may not appeal interdistrict attendance denials or decisions while expulsion proceedings are pending, or during the term of the expulsion [E.C. 46601]

Transfer of Victims of Bullying (*Ed. Code § 46600*)

School districts must approve the request of a bullying victim, as defined, to transfer to another school within the district. If the requested school is at capacity, the school district must accept a request for an alternate site. If the school district of residence has only one school available, the school district of residence must honor the student's interdistrict transfer request if the school district of proposed enrollment approves the transfer.

KINDERGARTEN & TRANSITIONAL KINDERGARTEN ENROLLMENT

Children entering kindergarten must be five (5) years old by September 1st to enroll in Kindergarten.

The Governing Board desires to offer a high-quality transitional kindergarten (TK) program for eligible children who do not yet meet the minimum age criterion for kindergarten. The TK program shall assist students in developing the academic, social, and emotional skills needed to succeed in kindergarten and beyond. The district's TK program shall be the first year of a two-year kindergarten program.

Eligibility

The district's TK program shall admit children as follows: (Education Code 48000):

For the 2024-25 school year, children whose fifth birthday is between September 2 and June 2

For the 2025-26 school year, and in each school year thereafter, children who turn four by September 1

A child's eligibility for TK enrollment shall not impact family eligibility for a preschool or childcare program.

IMMUNIZATION REQUIREMENTS

Immunizations and Control of Communicable Disease (*Ed. Code §§ 49403, 48216, 48980; H. & S. Code §§ 120335, 120370, 120372*)

The District cooperates with the local health officer in the control and prevention of communicable diseases in school-age children. If a parent consents in writing, the District may permit any person licensed as a physician and surgeon, or a health care practitioner (including a physician assistant, nurse practitioner, registered nurse, licensed vocation nurse, or nursing student who is acting under the supervision of a registered nurse as provided by law) who is acting under the direction of a supervising physician and surgeon, to administer an immunizing agent to his/her student.

Students must be immunized against certain diseases before being admitted to school, unless exempted for medical reasons. Students who had a signed waiver based on religious or personal beliefs on file by January 1, 2016 are exempt from the immunizations requirement until they complete the “grade span” they were in as of January 1, 2016. Grade spans are: (1) birth through preschool, (2) Kindergarten through 6th grade, and (3) 7th through 12th grade. Students entering the District for the first time or advancing to 7th grade after January 1, 2016 are no longer exempt from immunizations based on their religious or personal beliefs. Students who had a medical exemption issued before January 1, 2021 will be allowed continued enrollment until they enroll in the next grade span. The District must exclude from school any student who does not supply evidence of inoculation (for any of the diseases listed in Health & Safety Code section 120335), and will notify the parent that he/she has two weeks to supply evidence that the student is immunized.

Students who have a medical exemption issued before December 31, 2020 will be allowed continued enrollment until they enroll in the next grade span. As of January 1, 2021, the District will only accept medical exemptions that are submitted on the California Department of Public Health’s standardized, statewide medical exemption certification form.

Cancer Prevention Act/Human Papillomavirus Immunization (Ed. Code § 48980.4; H. & S. Code § 120336)

HPV, or human papillomavirus, is a common virus that can cause cancers later in life. California law requires that students be advised to adhere to current immunization guidelines, as recommended by the Advisory Committee on Immunization Practices of the federal Centers for Disease Control and Prevention (CDC), the American Academy of Pediatrics, and the American Academy of Family Physicians, regarding full HPV immunization before admission or advancement to the eighth grade level of any private or public elementary or secondary school.

Per the CDC, children ages 11-12 years should get two doses of HPV vaccine, given 6 to 12 months apart. HPV vaccines can be given starting at age 9. Children who get the first dose before their 15th birthday only need two doses. Teens who get the first dose on or after their 15th birthday need three doses. The HPV vaccine series is most effective when given before a person is exposed to the virus. More information may be found on the CDC’s webpage: <https://www.cdc.gov/hpv/parents/vaccine-for-hpv.html>. HPV vaccination can prevent over 90 percent of cancers caused by HPV. HPV vaccines are very safe, and scientific research shows that the benefits of HPV vaccination far outweigh the potential risks.

Type 1 Diabetes Information (Ed. Code 4945.6, 48980) On and after January 1, 2023, the governing board of a school district, county board of education, and governing body of a charter school shall make the type 1 diabetes informational materials accessible to the parent or guardian of a pupil when the pupil is first enrolled in elementary school, or with the information provided pursuant to Section 48980. Information provided to parents and guardians pursuant to this section may include, but shall not be limited to, all of the following: a description of type 1 diabetes, a description of the risk factors and warning signs associated with type 1 diabetes, a recommendation regarding those pupils displaying warning signs associated with type 1 diabetes that the parents or guardians of those pupils should immediately consult with the pupil’s primary care provider to determine if immediate screening for type 1 diabetes is appropriate, a description of the screening process for type 1 diabetes and the implications of test results, and a recommendation that, following a type 1 diagnosis, parents or guardians should consult with the pupil’s

primary care provider to develop an appropriate treatment plan, which may include consultation with and examination by a specialty care provider, including, but not limited to, a properly qualified endocrinologist.

Migratory Children - Residency Retention and Matriculation (Ed. Code §§ 48204.7, 54441)

A current migratory child is a child who has moved from one school district to another in order that the child, parent, or immediate family member might secure temporary or seasonal employment in an agricultural or fishing activity.

A current migratory child must be allowed to continue attending the student’s school of origin, regardless of any change of residence during that school year, for the duration of the student’s status as a currently migratory child.

A current migratory child who is transitioning between school grade levels must be allowed to continue in the school district of origin and in the same attendance area of his/her school of origin. If the student is transitioning to middle school or high school, and the school designated for matriculation is in another school district, the local educational agency must allow the student to continue to the school designated for matriculation in that school district. The new school must immediately enroll the student, even if the child has outstanding fees, fines, textbooks, or other items or moneys due to the school last attended, or if the student is unable to produce clothing or records normally required for enrollment.

If the student’s status as a current migratory child ends during the school year, then the student is allowed to stay in his or her school of origin for the remainder of the school year if he or she is in grades 1-8, or through graduation if the student is in high school.

EXCUSED ABSENCE

Except when attendance is excused, students between the ages of 6 and 18 years are required by law to attend school and parents must compel their students to do so. Students will be excused from school for the following reasons:

- (1) Illness of the student, including an absence for the benefit of the student's mental or behavioral health.
- (2) Quarantine under the direction of a county or city health officer.
- (3) Securing medical, dental, optometric, or chiropractic services.
- (4) Attendance of funeral services or grieving the death of a member of the student's immediate family or a person determined by the student's parent or guardian to be in such close association with the student as to be considered the student's immediate family, so long as the absence is not more than three days.
- (5) Seeking and assessing victim, grief, or other support services related to the death of an immediate family member or a person determined by the student's parent or guardian to be in such close association with the student as to be considered the student's immediate family, so long as such absence is not more than three days.
- (6) Jury duty.
- (7) Illness or medical appointment during school hours of a child of whom the student is the custodial parent, including absences to care for a sick child for which the school staff shall not require a note from a doctor.
- (8) For justifiable personal reasons, including, but not limited to, an attendance or appearance in court, attendance at a funeral service, observance of a holiday or ceremony of the student's religion, attendance at religious retreats, attendance at an employment conference, or attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization when the student's absence is requested in writing by the parent and approved by the principal or a designated representative. Attendance at religious retreats cannot exceed one school day per semester.
- (9) Service as a member of a precinct board for an election.
- (10) Spending time with a member of the student's immediate family, who is an active duty member of the uniformed services, and has been called to duty for, is on leave from, or has immediately returned from, deployment to a combat zone or combat support position; such absences will be granted for a period of time to be determined at the discretion of the Superintendent.
- (11) Attendance of the student's naturalization ceremony to become a United States citizen.
- (12) For the purpose of participating in a cultural ceremony or event. "Cultural" means relating to the habits, practices, beliefs, and traditions of a certain group of people.
- (13) Obtaining confidential medical services without parental consent.
- (14) For the purpose of engaging in a civic or political event, provided that the student is in middle school or high school and notifies the school ahead of the absence. A student may be excused for only one school day-long absence per school year for this purpose, unless the school administrator permits additional excused absences.

A student with an excused absence shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable time frame, shall be given full credit. The teacher shall determine that the tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.

Absences for Religious Purposes (*Ed. Code § 46014*)

With parent written consent, a student may be excused from school to attend religious exercises or classes away from school. Such absences may not exceed four days per month. An excused student must nevertheless maintain his or her attendance at the minimum level of school days required for his or her grade.

INVOLUNTARY TRANSFERS TO CONTINUATION HIGH SCHOOL (*ED. CODE 4843.5*)

Pupils in Dinuba High School may be involuntarily transferred to Sierra Vista High School (Continuation High School) for habitual truancy, irregular attendance, or for any acts for which a pupil may be suspended or expelled. Usually an involuntary transfer is an alternative to expulsion and should be considered a strong warning that continued poor conduct will result in a recommendation for expulsion.

NOTICE OF ALTERNATIVE SCHOOLS

California state law authorizes all districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school that is operated in a manner designed to:

- (a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.
- (b) Recognize that the best learning takes place when the student learns because of his desire to learn.
- (c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his own time to follow his own interests. These interests may be conceived by him totally and independently or may result in whole or in part from a presentation by his teachers of choices of learning projects.
- (d) Maximize the opportunity for teachers, parents, and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous permanent process.
- (e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this District, and the principal's office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each District [E.C. 58501].

These students must have the willingness and ability to successfully complete the educational requirements of Independent Study. Students who may appropriately enroll in independent study include, but are not limited to students who have an understanding of and commitment to independent study and:

- 4. Request independent study because they will be absent from school for five (5) or more consecutive school days.
- 5. Have an acceptable reason for requesting independent study. Some acceptable reasons may include: extended illness (mono, chicken pox, etc.), family emergencies, funeral, immunization, jury duty, other contagious diseases, religious purposes, safety issues, severe weather situations, vacation or travel or other cases on an as needed determination.

Student Exit from Independent Study

The student or parent/guardian may request a classroom option at any time. This request may come from the student, parent /guardian or school administration. As a general rule, students in grades K-12 may transfer to a classroom option at any time during a semester. The teacher, counselor or school administrator will make every effort to counsel the student and parent/guardian on the most appropriate option. The school may request a change because:

- c. Student is not meeting the obligations of the I.S. agreement.
- d. Student is no longer meeting the criteria for participation.
- e. Student is inappropriately placed.

SHORT TERM TRAVEL STUDY

Students traveling with parents/guardians for one week should request to be placed on a "Travel: Limited Independent Study" by their individual school site. Requests should be made with the school site principal at least one week prior to leaving on the trip. The school principal has discretion in approval of denial of these requests. Work will be provided to the child, which must be completed during the course of the travel to maintain positive school attendance during the absence. For further information contact your school site principal.

DISTRICT AND SCHOOL FUNDING

Local Control Funding Formula- The LCFF is the largest change to California’s school finance model in almost 40 years. The goal of the LCFF is to significantly simplify how state funding is provided to local educational agencies (LEAs). Under the new funding system, revenue limits and most state categorical programs are eliminated. LEAs will receive funding based on the demographic profile of the students they serve and gain greater flexibility to use these funds to improve outcomes of students. For school districts and charter schools, the LCFF funding targets consist of grade span-specific base grants plus supplemental and concentration grants that reflect student demographic factors.

Implementation of the LCFF began in 2013–14 and full funding was achieved in 2018-19. The LCFF legislation eliminated most state categorical funding streams. Specifically, the LCFF target amount includes grade-span specific base, supplemental, and concentration grants, with add-ons for the former Home-to-School Transportation and Targeted Instructional Improvement Block Grant Programs.

The LCFF requires LEAs to increase or improve services for students in proportion to the number of high need students (low-income students, English learners, and foster youth) who generated the additional funds. The SBE has adopted regulations regarding how such expenditure of funds will be managed to demonstrate compliance. *EC* sections 52065 and 52071. Refer to *EC* sections 52072 and 52073. The Local Control Accountability Plan is an important component of the LCFF. Under the LCFF all LEAs are required to prepare an LCAP, which describes how they intend to meet annual goals for all pupils, with specific activities to address state and local priorities identified pursuant to *EC* Section 52060(d). *EC* sections 52060 and 52066 specify that the LCAP must include a description of the **annual** goals to be achieved for each student group **for each state priority**. Goals must address each of the state priorities and any additional local priorities; however, one goal may address multiple priorities. An LEA may identify which school sites and subgroups have the same goals, and group and describe those goals together. If a single goal requires longer than one year to implement fully, the LCAP should reflect the annual incremental actions, services, and expenditures, as well as the annual anticipated progress, that the district expects to achieve for each student group. These annual benchmarks will assist LEAs and the community to monitor the progress of the plan.

Statute requires the inclusion of parents, including parents or legal guardians of targeted disadvantaged pupils in the planning and implementation of the LCFF and LCAP. The governing board of each LEA shall adopt an LCAP on or before July 1. The LCAP is available on the District website.

CATEGORICAL PROGRAMS INFORMATION

The district-funded instructional program in the Dinuba Unified School District is supported by various categorical state and federal programs which provide additional supplemental services to students with identified needs. These programs include Title I, Title II – A, and Title III, and Title IV.

Dinuba Unified receives Federal Education Funds:

Title I, Part A, Basic Grants Low-Income and Neglected

A federally funded program to ensure that all students, including disadvantaged students, meet high academic standards. Direct services supplement and work in concert with the base/core programs. Funds are either targeted to eligible pupils at school sites or spent in accordance with a school-wide program plan that may include other federal programs and serve all pupils, not just Title I-eligible pupils. Funds may be used in a variety of ways as long as they provide supplemental services that are focused on improving student achievement. Examples of how funds may be used include, but are not limited to the following:

- Supplemental support provided by teachers and instructional aides (e.g., bilingual, resource specialists, intervention, etc.)
- Extended learning time (e.g., before school, after school, pull-out focused instruction, etc.)
- Parent involvement
- Instructional materials and other instructional support (e.g., education-related technology)
- Staff development

- Health, nutrition, and other social services

Title II, Part A, Teacher Quality

The purpose of Title II, Part A is to increase the academic achievement of all students by helping schools and districts to: (1) improve teacher and principal quality through professional development and other activities, including reduced class sizes; and (2) ensure all teachers are highly qualified.

Title III, Immigrant Education Program/English Learner Program

A federally funded program to ensure that English Language Learner students attain English proficiency and meet the same challenging academic content and achievement standards that all students are expected to meet. Funds may be used for a variety of purposes that provide for support directed to ELs, including:

- English language development instruction
- Enhanced instruction for ELs in core subject areas (e.g., ELD support)
- High-quality professional development for teachers and other staff
- Identifying and improving curriculum, materials, and assessments for English Learners
- Tutorials or other intervention support to meet the language development needs of ELs

- Coordinating language instruction program with other programs and services (e.g., Title I, EIA-LEP, Migrant Education)

RIGHT TO REQUEST TEACHER QUALIFICATIONS

Our schools receive federal funds for Title I programs that are part of the Every Student Succeeds Act (ESSA) of 2015. As a parent of a student, you have the right to know the professional qualifications of your child’s classroom teacher(s). Specifically, you have the right to ask for the following information about each of your child’s classroom teachers. Please contact your child’s school or the district office to make a formal written request.

- Whether California’s Commission on Teacher Credentialing has licensed or qualified the teacher for the grades and subjects he/she teaches.
- Whether California’s Commission on Teacher Credentialing has decided that the teacher can teach in a classroom without being licensed or qualified under state regulations because of special circumstances.
- The teacher’s college major, whether the teacher has any advanced degrees and, if so, the subject of the degrees.

PARENT INVOLVEMENT (BP 6020)

BP 6020

Parents/guardians shall be notified of their rights to be informed about and to participate in their children's education and of the opportunities available to them to do so.

The district's Local Control and Accountability Plan shall include goals and strategies for parent/guardian involvement, including district efforts to seek parent/guardian input in district and school site decision making and to promote parent/guardian participation in programs for English learners, foster youth, students eligible for free and reduced-price meals, and students with disabilities. (Education Code 42238.02, 52060)

The Superintendent or designee shall regularly evaluate and report to the Board on the effectiveness of the district's parent/guardian and family engagement efforts, including, but not limited to, input from parents/guardians, family members, and school staff on the adequacy of involvement opportunities and on barriers that may inhibit participation.

Non-Title I Schools

The Superintendent or designee shall develop and implement strategies applicable to each school that does not receive federal Title I funds to encourage the involvement and support of parents/guardians in the education of their children, including, but not limited to, strategies describing how the district and schools will address the purposes and goals described in Education Code 11502. (Education Code 11504)

SCHOOL SITE COUNCIL

To comply with state requirements for schools receiving LCFF and state and federal categorical aid funding, each school in the district has an active School Site Council (SSC). Members on the council include representative parents, teachers, other school personnel, and the principal. Members are elected by their peers to serve on the council.

The council's function is to ensure that the school is continually engaged in identifying and implementing instructional practices which result in strengthening the academic program, and that all students have access to the program. The council is responsible for monitoring the effectiveness, revising the school plan, developing the site categorical program budget and monitoring the implementation of the site plan. The SSC meets at least four times annually to conduct required business.

A student who violates this policy may be prohibited from possessing a personal electronic signaling device at school or school-related events.

In addition, no cameras, cell phones or any similar image-capturing technology may be used at any time in any classroom, bathroom, gym, locker room, dressing area or other area where students or staff may be engaged in personal hygiene activities, changing clothes or otherwise have a reasonable expectation of privacy. No such equipment may be used in any manner which invades another's privacy, places another in a false light, is used to cheat on tests or other assignments, exposes another to ridicule, shame or embarrassment, is used in any manner which is substantially or materially disruptive, or which a reasonably prudent person would deem to be inappropriate.

To the extent possible, district and school strategies shall focus on prevention of bullying by establishing clear rules for student conduct and strategies to establish a positive, collaborative school climate. Students shall be informed, through student handbooks and other appropriate means, of district and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for perpetrators of bullying.

Students are encouraged to notify school staff when they are being bullied or suspect that another student is being victimized. In addition, the Superintendent or designee shall develop means for students to report threats or incidents confidentially and anonymously.

School staff who witness bullying shall immediately intervene to stop the incident when it is safe to do so. (Education Code 234.1)

Any student who engages in bullying on school premises, or off campus in a manner that causes or is likely to cause a substantial disruption of a school activity or school attendance, shall be subject to discipline, which may include suspension or expulsion, in accordance with district policies and regulations.

STUDENT DISCIPLINE

The district's procedures and each school's rules concerning pupil conduct and disciplinary actions are available for your inspection in the office of the school your child attends.

CLASSROOM DISCIPLINE

Discipline and attendance are high priorities in the Dinuba Unified School District. We have implemented an "Assertive Discipline" Program. This approach is "Assertive" in that it places special emphasis on individual student responsibility. It is dependent on a strong partnership between student, teacher, parent, and school administrator.

All student expectations are clearly defined. Each student receives a student handbook or folder with all the rules and procedures for discipline and attendance. Discipline interventions are implemented in a sequential fashion with an emphasis on parent communication and involvement each step of the way. We are successful only when student, parents and teachers all share in the responsibility for maintaining appropriate behavior. We believe school climate to be one of our strengths as evidenced by clean and orderly campuses and an instructional classroom environment where students can learn.

USE OF METAL DETECTORS Board Policy 5145.12 (b)

To assist in assuring safe and orderly learning environments for the students of the Dinuba Unified Schools, random searches utilizing Metal Detectors may be employed to keep weapons out of the schools and mitigate the fears of the students and staff. Anyone may be scanned by a metal detector for guns, knives, or illegal weapons when on campus or attending athletic or extracurricular events.

USE OF TRAINED DOGS Board Policy 5145.12 (b)

In an effort to keep the Dinuba Unified School District free of drugs, the district may use specially trained non-aggressive dogs to sniff out and alert staff to the presence of substances prohibited by law or district policy.

CAMPUS SECURITY-SURVEILLANCE SYSTEMS (BP 3515)

The Board believes that reasonable use of surveillance cameras will help the District achieve its goals for campus security. In consultation with the safety planning committee and relevant staff, the Superintendent or designee shall identify appropriate locations for the placement of surveillance cameras. Cameras shall not be placed in areas where

students, staff, or community members have a reasonable expectation of privacy. Any audio capability on the District's surveillance equipment shall be disabled so that sounds are not recorded.

DRUG AND ALCOHOL POLICY

Recognizing that keeping Dinuba Unified Schools free of alcohol and other drugs is a concern common to the district and the community. Dinuba Unified Schools support cooperation among schools, parent/guardians, law enforcement and other appropriate community organizations concerned with preventing alcohol and other drug abuse. In order to ensure the effectiveness of our prevention effort, please read the following related board policy/regulations and school rules:

Instruction: The Dinuba Unified Schools provide instructional programs which help students avoid the use of drugs and teach students how to influence their peers to avoid and/or discontinue the use of drugs.

Intervention: The Dinuba Unified Schools support intervention programs that include the involvement of students, parents/guardians and community agencies/organizations.

Enforcement/Discipline: Appropriate action is taken to eliminate possession, use or sale of drugs and related paraphernalia on school grounds or school events. The first time any student at school or a school activity illegally uses, possesses or is under the influence of drugs, the following will occur.

- a. Suspension from school for at least three (3) days.
- b. Referral to the proper law enforcement authority.
- c. A parent conference.
- d. Referral to an appropriate community counseling program.

In addition, the following actions may be taken:

- a. Transfer to another school or program.
- b. Recommendation for expulsion.

A second incident of use or possession of illegal drugs within one year at any school or school activity will result in recommendation for expulsion. This policy will be enforced in order to reduce health hazards for students, staff and visitors.

VAPE DETECTORS: The restrooms at Dinuba High School and Washington Intermediate are equipped with vape detection units. These units can detect THC and tobacco vape, aggressive noises, and vandalism on the unit. Once the unit detects, administration is immediately notified.

STUDENT DRUG TESTING

Dinuba Unified School District ("the District") is conducting a mandatory random drug testing program for student athletes in grades 7 - 12. The program is also open to all other 7-12 grade students on a voluntary basis.

Its purposes are: (1) to provide for the health and safety of all student athletes and students participating in district sponsored activities; (2) to undermine the effects of peer pressure by providing a legitimate reason for students to refuse to use illegal drugs and use of controlled substances illegally; (3) to encourage students who use drugs to participate in drug treatment programs; and (4) to discourage drug use campus-wide.

Participation in the district's drug testing program shall require the written consent of students' parents/guardians. The form to sign your child up for this service is available at your child's high school or the district office.

The testing lab will include tests for but not be limited to, one or more of the following illegal drugs and controlled substances: marijuana metabolite, cocaine metabolite, opiates, phencyclidine (PCP), amphetamines, alcohol, benzodiazepines, barbiturates, propoxyhene (Darvocet), methadone, oxycotin, and steroids.

No student athlete, cheerleader or conditional participant shall be penalized academically for testing positive for illegal drugs or controlled substances. The results of drug tests pursuant to the policy will not be documented in any student's permanent records.

Parents may withdraw authorization to test students, with written notification to the Director of Student Services at the District Office: 1327 E. El Monte Way, 93618. The only consequence for such withdrawal is that the student will no longer be able to participate in district sponsored activities, such as athletics.

EMERGENCY SERVICES AND DISASTER PREPAREDNESS PLAN

The Dinuba Unified School District has a written Disaster Preparedness Plan. In addition to general emergency action plans, it covers procedures for fire, explosions, earthquake, tornadoes or severe windstorms, bomb threat, flooded roadway, chemical accidents, fallen aircraft and war. Parent information is as follows:

EMERGENCY PLAN PARENT INFORMATION

In the event of a disaster or emergency, be assured that the Dinuba Unified School District, working in coordination with the Dinuba Fire Department, Dinuba Police Department, and other state and federal agencies, will be doing everything possible to ensure the safety of the students and staff. Every effort will be made to ensure that the Dinuba Unified School District and the community work through the event, toward the best possible outcome.

With this in mind, parents are encouraged to do the following during a disaster or emergency:

Tune your radio to the following stations:

6. Other specific information for the community to follow during the disaster.

Do not rush to the school site. Traffic congestion will be certain, and it's important to keep all roads and routes clear for emergency vehicles and equipment. Listen to the regular emergency broadcasts for information hotlines that will be set up to distribute information and procedures for child pick-up. Remain calm – be assured that the DUSD staff is making every effort to keep your child safe.

Before a disaster or emergency occurs, make sure your child's medical card and family contact information is correct. Be sure to notify the district of any changes of emergency contact numbers or address changes.

Any release of students from school other than at normal dismissal times or bus routes and times, will be conducted in an organized manner. If parents are not available to pick up the child or no one is available at home, then students will be kept in a safe area until such parental contact can be made. When directed to pick up a student, report to the office or student release area to sign out your child. You will be required to provide identification and sign the student release roster. Your child will be brought to you at the student release area. Do not go directly to your child's classroom. Follow posted signs and procedures.

The DUSD Emergency and Disaster Preparedness Plan is available for you to review. Contact your school site or the district office, or contact the Safety and Security Coordinator at (559) 595-7200. Please visit www.ready.gov for more information on emergency preparedness in the home.

SCHOOL FACILITIES AND SAFETY

Dinuba Unified School District provides a safe and clean environment for student learning. Cleaning operations occur daily in every classroom. Facilities and grounds are kept neat and clean in appearance. Adult supervision is provided at all times on the grounds when children are present in school. Disciplinary problems are dealt with in a clear and concise manner according to established district policies. All schools are inspected annually by the district insurance agent. In addition, the District has a written Disaster Preparedness Plan. At the beginning of each school year the teachers are

given a summary of the plan to keep in their room after having in-service on emergency procedures. During the year all employees receive training or review on the use of safety equipment and practices to employ in the event of a disaster. Scheduled and unscheduled fire drills and other exercises are practiced on an ongoing basis.

Firearm Safety and Safe Storage of Firearms Information (Ed. Code §§ 48986, 49391, 49392)

Beginning with the 2023-2024 school year, school districts are required to include information in their Annual Notices related to the safe storage of firearms and California's child access prevention laws, which establish liability for parents and guardians who should have known that their child could gain access to a firearm at home.

To: Parents and Guardians of Students in the **Dinuba Unified School District**

From: Jose Hernandez, Ed.D.

Subject: California Law Regarding Safe Storage of Firearms

The purpose of this memorandum is to inform and to remind parents and legal guardians of all students in the **Dinuba Unified School District** of their responsibilities for keeping firearms out of the hands of children as required by California law. There have been many news reports of children bringing firearms to school. In many instances, the child obtained the firearm(s) from his or her home. **These incidents can be easily prevented by storing firearms in a safe and secure manner, including keeping them locked up when not in use and storing them separately from ammunition.**

To help everyone understand their legal responsibilities, this memorandum spells out California law regarding the storage of firearms. Please take some time to review this memorandum and evaluate your own personal practices to assure that you and your family are in compliance with California law.

- With very limited exceptions, California makes a person criminally liable for keeping any firearm, loaded or unloaded, within any premises that are under their custody and control where that person knows or reasonably should know that a child is likely to gain access to the firearm without the permission of the child's parent or legal guardian, and the child obtains access to the firearm and thereby (1) causes death or injury to the child or any other person; (2) carries the firearm off the premises or to a public place, including to any preschool or school grades kindergarten through twelfth grade, or to any school-sponsored event, activity, or performance; **or** (3) unlawfully brandishes the firearm to others.¹
 - **Note:** The criminal penalty may be significantly greater if someone dies or suffers great bodily injury as a result of the child gaining access to the firearm.
- With very limited exceptions, California also makes it a crime for a person to negligently store or leave any firearm, loaded or unloaded, on their premises in a location where the person knows or reasonably should know that a child is likely to gain access to it without the permission of the child's parent or legal guardian, unless reasonable action is taken to secure the firearm against access by the child, even where a minor **never** actually accesses the firearm.²
- In addition to potential fines and terms of imprisonment, as of January 1, 2020, a gun owner found criminally liable under these California laws faces prohibitions from possessing, controlling, owning, receiving, or purchasing a firearm for 10 years.³

¹ See California Penal Code sections 25100 through 25125 and 25200 through 25220.

² See California Penal Code section 25100(c).

³ See California Civil Code Section 29805.

- Finally, a parent or guardian may also be civilly liable for damages resulting from the discharge of a firearm by that person's child or ward.⁴

Thank you for helping to keep our children and schools safe. Remember that the easiest and safest way to comply with the law is to keep firearms in a locked container or secured with a locking device that renders the firearm inoperable.

AHERA NOTIFICATION

In 1986, Congress passed the Asbestos Hazard Emergency Response Act (AHERA). This required schools to be inspected to identify any asbestos containing building materials. All Dinuba school site buildings were inspected and suspected materials were sampled to be tested and rated according to condition and potential hazard. Every three years, Dinuba Unified School District is required to be re-inspected to determine if any known or suspected asbestos containing building materials (ACBM) has changed and to make recommendations on managing or removing the ACBM.

The law further requires an asbestos management plan be developed to monitor any known or suspected ACBM. The plan has several ongoing requirements: This notification letter announcing the availability of the management plans for anyone to review upon request, training of the support staff about asbestos and how to deal with it, notifying short term workers such as sub-contractors of the locations of any known or suspected ACBM and posting of warning signs adjacent to locations of known or suspected ACBM. The designated asbestos coordinator conducts a six-month inspection of areas of the buildings where known or suspected ACBM are located to assure they remain in good condition.

It is the intention of Dinuba Unified School District to comply with all federal and state regulations controlling asbestos and to take whatever steps are necessary to ensure students and employees a healthy and safe environment in which to learn and work.

You are welcome to review a copy of the asbestos management plan upon request. I can be reached at the phone number below.

TOBACCO FREE SCHOOLS/SMOKING

Ample research has demonstrated the health hazards associated with the use of tobacco products, including smoking and the breathing of second-hand smoke. As role models, district employees should demonstrate conduct that is consistent with school programs to discourage students from using tobacco products. Therefore, the Governing Board believes it is in the best interest of students, employees and the general public to prohibit the use of tobacco products anywhere and anytime on any district property and in district vehicles. This provision is for all employees and any member of the community on school district property or attending school-sponsored events.

HEALTHY SCHOOL ACT OF 2000 Pesticide Use at School

The Healthy Schools Act of 2000 was signed into law in September 2002, and required that all schools provide parents or guardians of students with annual written notification of expected pesticide use on school sites. The notification will identify the active ingredient or ingredients in each pesticide product.

Parents, guardians, and staff may request prior notification of individual pesticide applications at any or all of the district's school sites. Beginning on August 7, 2024, people listed on a registry will be notified at least 72 hours before any pesticide will be applied. If you would like to be notified every time we apply a pesticide, please go to your school site office for a Pesticide Application Notification Form. More information on pesticides and their alternatives can be obtained on the Department of Pesticide Regulation's Web site at www.cdpr.ca.gov. We intend to use the following pesticides in our district this year:

OPEN CAMPUS DURING LUNCH

In order to give students an opportunity to demonstrate responsibility and positive citizenship, the Governing Board has established an open campus at all district high schools in which students shall earn the privilege of leaving campus during lunch. The Governing Board views this program as a way to improve and reward student academic achievement, attendance, and co-curricular involvement. Eligibility requirements are based upon academic performance, attendance standards, co-curricular involvement, discipline, and vary by grade level.

The privilege of open campus is graduated in that 9th grade students are on a closed campus model for most of the year, but may earn off campus privilege periodically during the year, with dates to be determined by site administration. Students in grades 10 through 12 who meet eligibility requirements, may earn open campus privileges for most of the year.

The privilege of open campus may be revoked from individual students for academic, attendance, or disciplinary reasons. Neither the school district nor any officer or employee thereof, shall be liable for the conduct or safety of any pupil during such time that the pupil has left the school grounds pursuant to this section.

Students shall not leave the school grounds at any other time during the school day without written permission of their parent or guardian and school authorities. Students who leave school or who fail to return without authorization, shall be classified truant and subject to disciplinary action.

MENTAL HEALTH SERVICES FOR STUDENTS (Ed. Code § 49428)

Student mental health services are available through the District by contacting: Learning Guidance Student Support Center 559-595-7380 or contacting a school counselor at the school site. (Ed. Code 49428.5) Please check with an Educational Social Worker, School Psychologist, or School Counselor for resources regarding pupils' mental health.

HOME HOSPITAL INSTRUCTION

Home instruction is provided by the Dinuba Unified School District for the purpose of continuing the education progress for pupils who are temporarily unable to attend school. A doctor's verification of the pupil's inability to attend school is required and must indicate the start and end date, diagnosis and any other pertinent information. Please contact your school nurse for further information.

***Temporary Disability* (Ed. Code §§ 48206.3, 48207, 48207.3, 48208, 48980)**

A student whose temporary disability makes school attendance impossible or inadvisable must receive individual instruction either at home provided by the school district in which the student resides or in a hospital or other residential health facility, excluding state hospitals, provided by the school district in which the hospital or residential facility is located. "Temporary disability" means a physical, mental or emotional disability incurred while a student is enrolled in regular day classes or an alternative education program to which the student can reasonably be expected to return. "Temporary disability" does not include a disability that would qualify a student as a "student with exceptional needs" under Education Code section 56026.

A student with a temporary disability, who is in a hospital or other residential health facility, excluding a state hospital, located outside of the district in which the student's parent resides, complies with the school district's residency requirements for school attendance in the school district in which the hospital is located. Once the parent has notified the district in which the hospital is located of the student's presence in the qualifying hospital, the district has five working days to notify the parent if individualized instruction shall be made available. If the determination is positive, individualized instruction will begin within five working days.

Students enrolled in individual instruction in a hospital or other residential health facility for a partial week, are entitled to attend school in his or her school district of residence, or to receive individual instruction provided by the school district of residence in the student's home, on days in which he or she is not receiving individual instruction in a hospital or other residential health facility, if he or she is well enough to do so.

When a student receiving individual instruction is well enough to return to school, he or she must be allowed to return to the school that he or she attended immediately before receiving individual instruction was initiated. Absences from the student's regular school program due to the student's temporary disability are excused until the student is able to return to the regular school program

PROGRAMS FOR THE DISABLED CHILD

The Dinuba Unified School District supports the rights of students with disabilities to a free and appropriate public education and does not discriminate against students due to their disability. Disabled students have the right to be educated in programs and have the right to enjoy the same variety of programs as are available to non-disabled students.

COUNSELING / SUPPORT SERVICES

The classroom teachers, classified staff, and principal provide an instructional climate that encourages the development of positive self-image, high self esteem and increased responsibility for personal and social interactions and decision-making. Student guidance and counseling support are provided by district staff or community agencies. These services may be accessed through the school Student Study Team, the school administration or the special student services department at the district office.

“High mobility” high school students, which include students who are in foster care, homeless, recent immigrants, migrant students, former juvenile court school pupils, or from military families, have the following rights when transferring to a new school after completion of their second year of high school:

- (1) Have the option to be exempted from all coursework and other requirements that are more than statewide course requirements for graduation, unless the District makes a finding that the student is reasonably able to complete the District's graduation requirements in time to graduate by the end of the fourth year of high school.
- (2) Have the option of attending a fifth year of high school in order to complete statewide graduation course requirements.
- (3) To consult with District staff and the student's educational rights holder regarding other options available to the student, including a fifth year of high school, possible credit recovery, and any transfer opportunities available through the California Community Colleges. Such consultation must also include a discussion of how remaining for a fifth year of high school or accepting an exemption from the local graduation coursework requirements may potentially impact the student's vocational plans or ability to gain admission to college, and also take into consideration the student's academic record and any other information relevant to making an informed decision.
- (4) Foster youth and homeless students have the right to consult with District staff and their educational rights holder regarding the option to remain in their school of origin.
- (5) Have their official transcript, reflecting the correct full and partial credits earned, sent to their new school within two business days. For foster youth, their official transcript must include a determination of the days of enrollment or seat time, or both if applicable, to ensure that transferring foster youth get full credit for coursework completed at their prior school.

- (6) Have their new school accept and issue the credits forwarded by the transferring school to prevent the student from unnecessarily retaking a course.

If exempted from local graduation requirements, and upon completion of statewide coursework requirements before the end of the fourth year of high school, the District may not require or request that the student graduate before the end of the student's fourth year of high school.

64. Graduation and Coursework Requirements for Foster Youth, Homeless Students, Former Juvenile Court Students, Students Living in Active Duty Military Households, and Migratory and Newly Arrived Immigrant Students Participating in a "Newcomer Program." State law outlines the rights afforded to students in foster care, who are homeless, who are former juvenile court school students, students living in the household of a parent who is an active duty member of the military, and migratory and newly arrived immigrant students participating in a "Newcomer Program," which is a program designed to meet the academic and transitional needs of newly arrived immigrant students including, but not limited to, rights regarding a student's school of origin, enrollment, credits, graduation, college, discipline, records, and/or certain non-educational rights. A notice summarizing the rights of foster youth is available online through the California Department of Education at <http://www.cde.ca.gov/ls/pf/fy/documents/fosteryouthrights.pdf>.

The following rights apply to foster youth, homeless students, former juvenile court students, and students living in the households of parents/guardians who are active duty members of the military:

- a) Within 30 days of transferring, after the completion of the second year of high school, students must be notified that they may be exempt from local graduation requirements and that this exemption continues after the court's jurisdiction over a foster child ends, when a homeless student is no longer homeless, when a student is no longer under the jurisdiction of a juvenile court, or when the student no longer lives in the household of an active duty service member;
- b) Accept coursework satisfactorily completed while attending another public school, a juvenile court school, or a nonpublic, nonsectarian school or agency, even if the student did not complete the entire course; and must issue full or partial credit for the coursework completed. For students living in active duty military households, "public schools" include schools operated by the United States Department of Defense;
- c) Students may not be required to retake a course satisfactorily completed elsewhere. If the student did not complete the entire course, the school district or county office may not require that the student retake the portion already completed, unless the school district or county office, in consultation with the holder of the student's educational rights, finds that the student is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the student must be enrolled in the same or equivalent course in order to continue and complete the entire course;
- d) Students may not be prevented from retaking or taking a course to meet the eligibility requirements for admission to the California State University or the University of California;
- e) Exempt students transferring between schools at any time after the completion of their second year of high school from all coursework and other requirements adopted by the district's governing board that are in addition to the statewide coursework requirements for graduation found in Education Code section 51225.3, unless the district makes a finding that the student is reasonably able to complete the district's graduation requirements in time to graduate from high school by the end of the student's fourth year of high school;
- f) For students deemed reasonably able to complete the district's graduation requirements within the student's fifth year of high school, the district must do all of the following: (a) inform the student of his/her option to remain in school for a fifth year to complete the school district's graduation requirements; (b) inform the student, and the person holding the right to make educational decisions for the student, about how remaining in school for a fifth year to complete the school district's graduation requirements will affect the student's ability to gain admission to a postsecondary educational institution; (c) provide information to the student about transfer opportunities available through the California Community Colleges; and (d) upon agreement with an adult student or with a minor student's educational rights holder, permit the student to stay in school for a fifth year to complete the school district's graduation requirements;
- g) Within 30 calendar days of the school transfer, the school district must notify a student who may qualify for the exemption from local graduation requirements, his or her parent/guardian, the person holding the right to make educational decisions for the student, the foster youth's social worker, a former juvenile court student's probation officer, and, in the case of homeless students, the school district's liaison for homeless students, of the availability of the exemption from local graduation requirements and whether the student qualifies for the exemption;

If the school district fails to provide timely notice of these rights, the student will be eligible for the local graduation requirements exemption even after the student is no longer: (1) homeless, (2) in foster care, (3) under the juvenile court's jurisdiction: or (4) living in the household of an active duty military service member, if the student otherwise qualifies for the exemption.

- h) Students exempted from local graduation requirements who complete statewide coursework requirements before the end of their fourth year of high school may not be required or asked to graduate before the end of their fourth year of high school, if otherwise entitled to remain in attendance.
- i) If a student is exempted from local graduation requirements, the school district must notify the student and the student's educational rights holder of how any of the requirements that are waived will affect the student's

- ability to gain admission to a postsecondary educational institution and must provide information about transfer opportunities available through the California Community Colleges;
- j) Students eligible for the exemption from local graduation requirements and who would otherwise be entitled to remain at the school, shall not be required to accept the exemption or be denied enrollment in, or the ability to complete, courses necessary to attend an institution of higher education, regardless of whether those courses are required for statewide graduation requirements;
If a student is not exempted from local graduation requirements or has previously declined the exemption, the school district must exempt the student at any time if s/he requests and qualifies for the exemption;
 - k) Once exempted from local graduation requirements, the school district shall not revoke the exemption;
 - l) If a student in foster care is exempted from local graduation requirements, the exemption must continue to apply after the termination of the court's jurisdiction over the student while s/he is enrolled in school or if the student transfers to another school or school district;
 - m) If a homeless student is exempted from local graduation requirements, the exemption must continue to apply after the student is no longer homeless while s/he is enrolled in school or if the student transfers to another school or school district;
 - n) If a former juvenile court school student is exempted from local graduation requirements, the exemption must continue to apply after the termination of the court's jurisdiction over the student while s/he is enrolled in school or if the student transfers to another school or school district;
 - o) For students living in active duty military households, the exemption will continue to apply after: (1) a student transfers to another school or school district, or (2) a student no longer meets the "child of military family" definition;
 - p) A school district may not require or request that students transfer schools in order to be exempted from local graduation requirements; and
 - q) Transfer requests may not be made on a student's behalf solely to qualify the student for an exemption under this section.

2. How taking coursework and other requirements adopted by the governing board of the county office of education, or continuing education upon release from the juvenile detention facility will affect the student's ability to gain admission to a postsecondary educational institution;
3. Information about transfer opportunities available through the California Community Colleges;
4. The student's or, if a minor, the education rights holder's option to allow the pupil to defer or decline the diploma in order to take additional coursework if the county office of education makes a finding that the student could benefit from the additional coursework and graduation requirements adopted by the county office of education.

When deciding whether to decline the diploma, the county office of education must advise the student, or if a minor, his/her educational rights holder, whether the student is likely to do all the following upon his/her release from a juvenile detention facility:

A student retains residency in a school district, regardless of the student's current residency, when both of the following requirements are met:

1. The student's parent or guardian has departed California against his or her will, and the student can provide official documentation evidencing the departure; and
2. The student moved outside of California as a result of his or her parent or guardian leaving the state against his or her will, and the student lived in California immediately before moving outside the state. The student must provide evidence of enrollment in a California public school immediately before moving outside the state.

Deported parents may designate another adult to attend school meetings and to serve as an emergency contact. No charges or fees of any kind, as allowed under Education Code section 48050, may be required for admission or attendance in these circumstances. These students will be included in computing ADA for the purpose of obtaining apportionment state funds.

This law applies to parents who are: (1) in the custody of a government agency and are transferred to another state; (2) subject to a lawful removal order and who were removed or were permitted to leave California voluntarily before being removed; and (3) subject to any additional circumstances consistent with these purposes, as determined by the school district.

80. § 234.7 ■ Immigration Enforcement - "Know Your Rights"

All students have the right to a free public education, regardless of immigration status or religious beliefs. For more information, please see the resources developed by the California Attorney General at <https://www.oag.ca.gov/immigrant/rights>

81. § 49475 ■ Concussion and Head Injuries

School districts that provide an athletic program must distribute a concussion and head injury information sheet on a yearly basis. The information shall be signed and returned by the athlete and the athlete's parent or guardian before the athlete initiates practice or competition. This does not apply to an athlete engaged in an athletic activity during the regular school day or as part of a physical education course required pursuant to subdivision (d) of Section 51220.

82. ***Pregnant and Parenting Student Rights (Ed. Code §§ 221.51, 46015)*** The District cannot apply any rule concerning a student's actual or potential parental, family, or marital status that treats students differently on the basis of sex. The District cannot exclude or deny any student from any educational program or activity, including class or extracurricular activity, solely on the basis of the student's pregnancy, childbirth, false pregnancy, termination of pregnancy, or recovery therefrom.

The District may require any student to obtain the certification of a physician or nurse practitioner that the student is physically and emotionally able to continue participation in the regular education program or activity.

Pregnant or parenting students cannot be required to participate in pregnant minor programs or alternative education programs. Pregnant or parenting students who voluntarily participate in alternative education programs will be given educational programs, activities, and courses equal to those they would have been in if participating in the regular education program.

The District must treat pregnancy, childbirth, false pregnancy, termination of pregnancy, and recovery therefrom in the same manner and under the same policies as any other temporary disabling condition.

Pregnant or parenting students are entitled to eight weeks of parental leave, which the student may take before the birth of the student's infant if there is a medical necessity and after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction, in order to protect the health of the student who gives or expects to give birth and the infant, and to allow the pregnant or parenting student to care for and bond with the infant. The student, if the student is 18 years of age or older, or, if the student is under 18 years of age, the person holding the right to make educational decisions for the student, shall notify the school of the student's intent to exercise this right. Failure to notify the school shall not reduce these rights. A pregnant or parenting student who does not wish to take all or part of the parental leave to which he or she is entitled shall not be required to do so. A pregnant or parenting student is entitled to receive more than eight weeks of parental leave if deemed medically necessary by the student's physician.

When a student takes parental leave, the supervisor of attendance shall ensure that absences from the student's regular school program are excused until the student is able to return to the regular school program or an alternative education program. During parental leave, the District shall not require a pregnant or parenting student to complete academic work or other school requirements.

A pregnant or parenting student may return to the school and the course of study in which he or she was enrolled before taking parental leave. Upon return to school after taking parental leave, a pregnant or parenting student is entitled to opportunities to make up work missed during his or her leave, including, but not limited to, make-up work plans and reenrollment in courses.

Notwithstanding any other law, a pregnant or parenting student may remain enrolled for a fifth year of instruction in the school in which the student was previously enrolled when it is necessary in order for the student to be able to complete state and any local graduation requirements, unless the District makes a finding that the student is reasonably able to complete the District's graduation requirements in time to graduate from high school by the end of the student's fourth year of high school.

A student who chooses not to return to the school in which he or she was enrolled before taking parental leave is entitled to alternative education options offered by the District. A pregnant or parenting student who participates in an alternative education program shall be given educational programs, activities, and courses equal to those he or she would have been in if participating in the regular education program.

A student shall not incur an academic penalty as a result of his or her use of these accommodations. A complaint of noncompliance with these requirements may be filed with the District under its UCP.

Board Policy

Education For English Learners

BP 6174

Instruction

The Board of Education intends to provide English learners with challenging curriculum and instruction that maximize the attainment of high levels of proficiency in English, advance multilingual capabilities, and facilitate student achievement in the district's regular course of study.

English learners shall be provided differentiated English language development instruction which is targeted to their English proficiency level. Such instruction shall be based on sound instructional theory, be aligned with state content standards, emphasize inquiry-based learning and critical thinking skills, and be integrated across all subject areas.

No middle or high school student who is an English learner shall be denied enrollment in any of the following: (Education Code 60811.8)

1. Courses in the core curriculum areas of reading/language arts, mathematics, science, and history-social science, courses required to meet state and local high school graduation requirements, or courses required for middle school grade promotion

However, an English learner may be denied participation in any such course if the student has been enrolled in a school in the United States for less than 12 months or is enrolled in a program designed to develop the basic English skills of newly arrived immigrant students, and the course of study provided to the student is designed to remedy academic deficits incurred during participation and to enable the student to attain parity of participation in the standard instructional program within a reasonable length of time after the student enters the school system.

2. A full course load of courses specified in item #1 above

3. Other courses that meet the "a-g" course requirements for college admission or are advanced courses such as honors or Advanced Placement courses, on the sole basis of the student's classification as an English learner

The district shall identify in its local control and accountability plan (LCAP) goals and specific actions and services to enhance student engagement, academic achievement, and other outcomes for English learners.

The Superintendent or designee shall encourage parent/guardian and community involvement in the development and evaluation of programs for English learners. The Superintendent or designee may also provide an English development literacy training program for parents/guardians and community members so that they may better support students' English language development.

Staff Qualifications and Training

The Superintendent or designee shall ensure that all staff employed to teach English learners possess the appropriate authorization from the Commission on Teacher Credentialing.

The district shall provide effective professional development to teachers (including teachers in classroom settings that are not the settings of language instruction educational programs), administrators, and other school or community-based organization

personnel to improve the instruction and assessment of English learners and enhance staff's ability to understand and use curricula, assessment, and instructional strategies for English learners. Such professional development shall be of sufficient intensity and duration to produce a positive and lasting impact on teachers' performance in the classroom. (20 USC 6825)

Staff development shall also address the sociocultural needs of English learners and provide opportunities for teachers to engage in supportive, collaborative learning communities.

Identification and Assessment

The Superintendent or designee shall maintain procedures for the early identification of English learners and an assessment of their proficiency using the state's English Language Proficiency Assessments for California (ELPAC). To oversee test administration, the Superintendent or designee shall annually designate a district ELPAC coordinator and a site coordinator for each test site in accordance with 5 CCR 11518.40-11518.45.

Once identified as an English learner, a student shall be annually assessed for language proficiency until the student is reclassified based on criteria specified in the accompanying administrative regulation.

In addition, English learners' academic achievement in English language arts, mathematics, science, and any additional subject required by law shall be assessed using the California Assessment of Student Performance and Progress. As necessary, the test shall be administered with testing variations in accordance with 5 CCR 854.1-854.3. English learners who are in their first 12 months of attending a school in the United States shall be exempted from taking the English language arts assessment to the extent allowed by federal law. (Education Code 60603, 60640; 5 CCR 854.1-854.3)

Formative assessments may be utilized to analyze student performance and appropriately adapt teaching methodologies and instructions.

Language Acquisition Programs

The district shall offer research-based language acquisition programs that are designed to ensure English acquisition as rapidly and as effectively as possible and that provide instruction to students on the state-adopted academic content standards, including the English language development standards. (Education Code 306; 5 CCR 11300)

At a minimum, the district shall offer a structured English immersion program which includes designated and integrated English language development. In the structured English immersion program, nearly all of the classroom instruction shall be provided in English, but with the curriculum and presentation designed for students who are learning English. (Education Code 305-306; 5 CCR 11309)

For the purpose of determining the amount of instruction to be conducted in English in the structured English immersion program, "nearly all" means that all classroom instruction shall be conducted in English except for clarification, explanation, and support as needed.

In addition, language acquisition programs offered by the district may include, but are not limited to, the following: (Education Code 305-306)

1. A dual-language immersion program that provides integrated language learning and academic instruction for native speakers of English and native speakers of another language, with the goals of high academic achievement, first and second language proficiency, and cross-cultural understanding
2. A transitional or developmental program for English learners that provides literacy and academic instruction in English and a student's native language and that enables an English learner to achieve English proficiency and academic mastery of subject matter content and higher order thinking skills, including critical thinking, in order to meet state academic content standards

The district's language acquisition programs for grades K-3 shall comply with class size requirements specified in Education Code 42238.02. (Education Code 310)

In establishing the district's language acquisition programs, the Superintendent or designee shall consult with parents/guardians and the community during the LCAP development process. The Superintendent or designee shall also consult with administrators, teachers, and other personnel with appropriate authorizations and experience in establishing a language acquisition program. (Education Code 305)

At the beginning of each school year or upon a student's enrollment, parents/guardians shall be provided information on the types

of language acquisition programs available to students enrolled in the district, including, but not limited to, a description of each program, the process to be followed in making a program selection, identification of any language to be taught in addition to English when the program includes instruction in another language, and the process to request establishment of a language acquisition program. (Education Code 310; 5 CCR 11310)

Whenever a student is identified as an English learner based on the results of the ELPAC, the student's parents/guardians may choose a language acquisition program that best suits their child. To the extent possible, any language acquisition program requested by the parents/guardians of 30 or more students at the school or by the parents/guardians of 20 or more students at any grade level shall be offered by the school. (Education Code 310; 5 CCR 11311)

Reclassification

When an English learner is determined based on state and district reclassification criteria to have acquired a reasonable level of English proficiency pursuant to Education Code 313 and 52164.6, or upon request by the student's parent/guardian, the student shall be transferred from a language acquisition program into an English language mainstream classroom.

Program Evaluation

To evaluate the effectiveness of the district's educational program for English learners, the Superintendent or designee shall report to the Board, at least annually, regarding:

1. Progress of English learners towards proficiency in English
2. The number and percentage of English learners reclassified as fluent English proficient
3. The number and percentage of English learners who are or are at risk of being classified as long-term English learners in accordance with Education Code 313.1
4. The achievement of English learners on standards-based tests in core curricular areas
5. For any language acquisition program that includes instruction in a language other than English, student achievement in the non-English language in accordance with 5 CCR 11309
6. Progress toward any other goals for English learners identified in the district's LCAP
7. A comparison of current data with data from at least the previous year in regard to items #1-6 above
8. A comparison of data between the different language acquisition programs offered by the district

The Superintendent or designee shall also provide the Board with regular reports from any district or schoolwide English learner advisory committees.

(Education Code 313)

Administration of the ELPAC, including the use of variations and accommodations in test administration when authorized, shall be conducted in accordance with test publisher instructions and 5 CCR 11518.5-11518.35.

The Superintendent or designee shall notify parents/guardians of their child's results on the ELPAC within 30 calendar days following receipt of the results from the test contractor or, if the results are received from the test contractor after the last day of instruction for the school year, within 15 working days of the start of the next school year. (Education Code 52164.1; 5 CCR 11518.15)

The parent/guardian of a student participating in, or identified for participation in, a language instruction program supported by federal Title I or Title III funds shall receive notification of the assessment of the student's English proficiency. Such notice shall be provided not later than 30 calendar days after the beginning of the school year or, if the student is identified for program participation during the school year, within two weeks of the student's placement in the program. The notice shall include all of the following: (Education Code 313.2, 440; 20 USC 6312)

2. The level of English proficiency, how the level was assessed, and the status of the student's academic achievement
3. A description of the language acquisition program in which the student is, or will be, participating, including a description of all of the following:
 - a. The methods of instruction used in the program and in other available programs, including how such programs differ in content, instructional goals, and the use of English and a native language in instruction
 - b. The manner in which the program will meet the educational strengths and needs of the student
 - c. The manner in which the program will help the student develop English proficiency and meet age-appropriate academic standards for grade promotion and graduation
 - d. The specific exit requirements for the program, the expected rate of transition from the program into classes not tailored for English learners, and the expected rate of graduation from secondary school if applicable
 - e. Where the student has been identified for special education, the manner in which the program meets the requirements of the student's IEP
4. As applicable, the identification of a student as a long-term English learner or at risk of becoming a long-term English learner, as defined in Education Code 313.1, and the manner in which the program for English language development instruction

will meet the educational strengths and needs of such students and help such students develop English proficiency and meet age-appropriate academic standards

Language Acquisition Programs

Whenever parents/guardians of enrolled students, and those enrolled for attendance in the next school year, request that the district establish a specific language acquisition program in accordance with Education Code 310, such requests shall be addressed through the following process: (5 CCR 11311)

1. The school shall make a written record of each request, including any request submitted verbally, that includes the date of the request, the names of the parent/guardian and student making the request, a general description of the request, and the student's grade level on the date of the request. As needed, the school shall assist the parent/guardian in clarifying the request. All requests shall be maintained for at least three years from the date of the request.
2. The school shall monitor requests on a regular basis and notify the Superintendent or designee when the parents/guardians of at least 30 students enrolled in the school, or at least 20 students in the same grade level, request the same or a substantially similar type of language acquisition program. If the requests are for a multilingual program model, the district shall consider requests from parents/guardians of students enrolled in the school who are native English speakers in determining whether this threshold is reached.
3. If the number of parents/guardians described in item #2 is attained, the Superintendent or designee shall:
 - a. Within 10 days of reaching the threshold, notify the parents/guardians of students attending the school, the school's teachers, administrators, and the district's English learner parent advisory committee and parent advisory committee, in writing, of the requests for a language acquisition program
 - b. Identify costs and resources necessary to implement any new language acquisition program, including, but not limited to, certificated teachers with the appropriate authorizations, necessary instructional materials, pertinent professional development for the proposed program, and opportunities for parent/guardian and community engagement to support the proposed program goals
 - c. Within 60 calendar days of reaching the threshold number of parents/guardians described in item #2 above, determine whether it is possible to implement the requested language acquisition program and provide written notice of the determination to parents/guardians of students attending the school, the school's teachers, and administrators
 - d. If a determination is made to implement the language acquisition program, create and publish a reasonable timeline of actions necessary to implement the program. If a determination is made that it is not possible to implement the program, provide a written explanation of the reason(s) the program cannot be provided.

The district shall notify parents/guardians at the beginning of each school year or upon the student's enrollment regarding the process to request a language acquisition program, including a dual-language immersion program, for their child. The notice shall also include the following: (5 CCR 11309, 11310)

5. The manner in which the program will, within a reasonable period of time, lead to language proficiency and achievement of the state-adopted content standards in English and, when the program includes instruction in another language, in that other language
6. The process to request establishment of a language acquisition program not offered at the school
7. For any dual-language immersion program offered, the specific languages to be taught. The notice also may include the program goals, methodology used, and evidence of the proposed program's effectiveness.

Reclassification/Redesignation

The district shall continue to provide additional and appropriate educational services to English learners for the purposes of overcoming language barriers until they: (5 CCR 11302)

1. Demonstrate English language proficiency comparable to that of the district's average native English language speakers
2. Recoup any academic deficits which may have been incurred in other areas of the core curriculum as a result of language barriers

English learners shall be reclassified as fluent English proficient when they are able to comprehend, speak, read, and write English well enough to receive instruction in an English language mainstream classroom and make academic progress at a level substantially equivalent to that of students of the same age or grade whose primary language is English and who are in the regular course of study. (Education Code 52164.6)

The procedures used to determine whether an English learner shall be reclassified as fluent English proficient shall include, but not be limited to: (Education Code 313, 52164.6; 5 CCR 11303)

1. Assessment of English language proficiency using an objective assessment instrument, including, but not limited to, the ELPAC

4. Student performance on an objective assessment of basic skills in English that shows whether the student is performing at or near grade level

The Superintendent or designee shall monitor the progress of reclassified students to ensure their correct classification and placement. (5 CCR 11304)

The Superintendent or designee shall monitor students for at least two years following their reclassification to determine whether any additional academic support is needed.

Advisory Committee

A parent/guardian advisory committee shall be established at the district level when there are more than 50 English learners in the district and at the school level when there are more than 20 English learners at the school. Parents/guardians of English learners shall constitute committee membership in at least the same percentage as English learners represent of the total number of students in the school. (Education Code 52176; 5 CCR 11308)

The district's English language advisory committee shall advise the Board of Education on at least the following tasks: (5 CCR 11308)

1. The development of a plan for education programs and services for English learners, taking into consideration the school site plans for English learners
2. The districtwide needs assessment on a school-by-school basis
3. Establishment of a district program, goals, and objectives for programs and services for English learners
4. Development of a plan to ensure compliance with applicable teacher or aide requirements
5. Administration of the annual language census
6. Review of and comment on the district's reclassification procedures

In order to assist the advisory committee in carrying out its responsibilities, the Superintendent or designee shall ensure that committee members receive appropriate training and materials. This training shall be planned in full consultation with the members. (5 CCR 11308)

LCAP Advisory Committee

When there are at least 15 percent English learners in the district, with at least 50 students who are English learners, a district-level English learner parent advisory committee shall be established to review and comment on the district's local control and accountability plan (LCAP) in accordance with BP 0460 - Local Control and Accountability Plan. The committee shall be composed of a majority of parents/guardians of English learners. (Education Code 52063; 5 CCR 11301, 15495)

The advisory committee established pursuant to 5 CCR 11308, as described in the section "Advisory Committee" above, could serve as the LCAP English learner advisory committee if its composition includes a majority of parents/guardians of English learners.

Annual Notice of Language Acquisition Programs

Parents or guardians may choose a language acquisition program that best suits their child (EC Section 310). Language acquisition programs are educational programs designed to ensure English acquisition occurs as rapidly and effectively as possible. They provide instruction to English learners based on the state adopted academic content standards, including English language development (ELD) standards (20 U.S.C. Section 6312[e][3][A][iii],[v]); EC Section 306[c]).

DUSD offers the following language acquisition program(s):

- **Structured English Immersion (SEI) Program:** SEI provides both Designated and Integrated ELD and an instructional setting in which nearly all classroom instruction is in English, but with curriculum and presentations designed for students who are learning English. Primary language support may be used for concept development and clarification of instruction.

How to enroll your child in a Language Instruction Program:

Parents wanting to request a specific Language Acquisition Program must submit a written request to the EL Coordinator at their child's school site. The EL Coordinator will respond to the request within 30 days of receiving the request.

Parents wishing to request that a new program be offered must submit the request to the EL Coordinator at their child's school. The EL Coordinator will meet with the parent to clarify the request. All requests will be documented. Schools in which the parents or legal guardians of 30 pupils or more per school or the parents or legal guardians of 20 pupils or more in any grade request a language acquisition program that is designed to provide language instruction shall be required to offer such a program to the extent possible. (EC Section 310[a].)

Parents may provide input regarding language and language acquisition programs in the LEA or to be considered in the LEA during the development of the Local Control and Accountability Plan (EC Section 52062.) If interested in a different program from those listed above, please contact Vicky Armstrong, Chief Academic Officer at 559-595-7324 to ask about the process.

WITHHOLDING GRADES, DIPLOMA OR TRANSCRIPTS

When school property has been willfully damaged or not returned upon demand, the principal or designee shall inform the parent/guardian in writing of the responsible student’s alleged misconduct and the reparation that may be due. This notice shall include a statement that the district may withhold grades, diploma or transcripts from the student and parent/guardian until reparation is made.

If reparation is not made, the district shall afford the student his/her due process rights in conformance with Education Code expulsion procedures and may withhold the student’s grades, diploma or transcripts. When a student from whom the district is withholding grades, diploma or transcripts transfers to another district, this information shall be sent to the new district with the student’s records and a request that these items continue to be withheld until the new district receives notification that the debt has been cleared.

GUIDE DOG PUPPIES IN TRAINING ON THE DHS CAMPUS

Dinuba Unified School District and the Dinuba High School Agriculture Department have developed an association with Guide Dogs for the Blind, Inc., for DHS Ag students to raise puppies as an FFA SAE. The FFA students involved donate their time both within school hours and outside in the student raisers’ homes as volunteers for Guide Dogs for the Blind – it is a 24/7 program. This enormously rewarding experience teaches youth about responsibility,

community service, volunteerism, and selflessness. Your child may encounter the puppies (wearing identifying green puppy jackets) with their raisers in classrooms and in the hallways on the Dinuba High School campus. When approaching or greeting a student handling a puppy, it is appropriate to avoid interfering with the puppy and the student. It is best to act as though the puppy is not even present.

STUDENT LACTATION ACCOMMODATIONS

AB 302 (Ch. 690) requires any school with at least one lactating student to provide reasonable accommodations to address needs related to breastfeeding, such as access to a private and secure room (other than a restroom) to express breast milk or breastfeed an infant child, permission to bring onto a school campus any equipment used to express breast milk, access to a power source for that equipment, and access to a place to safely store expressed breast milk. In addition, the student must be given a reasonable amount of time to accommodate the need to express breast milk or breastfeed an infant child and cannot be penalized academically for her use of these accommodations. The bill expresses the Legislature’s findings that failure to provide such accommodations would violate state and federal laws prohibiting sex discrimination. Any complaint of noncompliance with the new law may be addressed through UCP. (CSBA Policy News, Dec 2015)

Appropriate spaces have been designated at each site to meet the requirements of AB 302:

- DHS – North Campus Office
- SV-RR-AE – Room 12
- WIS – Room in Administration Office

Students must notify their counselor and/or teacher to inform them of the need to use this facility and appropriate arrangements will be made to meet their needs. Storage of equipment needed for expressing milk and the storage of expressed milk are available in the designated room for the school site for all students needing this service.

Please contact your counselor and/or school nurse for more information.

The District maintains high expectations for teachers and employs credentialed teachers whenever substitutes are needed. Occasionally, long term substitutes are used in cases of maternity leaves or long-term illness. The District maintains a list of approximately ninety (90) substitutes and updates it annually. Substitutes are required to hold the same high expectations as regular teachers and minimize any disruptions created by the absence of the regular teacher.

TEACHER ASSIGNMENTS

Teachers are hired and assigned according to guidelines and procedures adopted by the Commission on Teacher Credentialing. Teachers are assigned to teach subject matter authorized on their credentials. Whenever a teacher is assigned outside of the credential area in elective subjects, the District Committee on Assignments approves the assignment.

Teachers must complete professional growth units or activities at an institution of higher education, conference or workshop to maintain their teaching credential.

TEACHER EVALUATION

All probationary teachers (two years or less) are formally evaluated a minimum of twice per year. Permanent teachers (more than two years) are evaluated once every two years and after ten years they may be evaluated once every five years. The purpose of teacher evaluation is to promote quality teaching and improve instructional practices. School principals are the primary evaluators, complying with the Dinuba Teachers’ Association contract, state law, and Board policies and procedures.

PROFESSIONAL DEVELOPMENT & CURRICULUM

Curriculum has been defined as “the things we expect our students to know and be able to do.” The main subjects are (1) Reading and Language Arts, (2) History and Social Science, (3) Math, (4) Science, (5) Visual and Performing Arts, (6) Health/Physical Education, (7) Career Technical Education, and (8) Foreign Language and Second Language acquisition. District adopted standards and benchmark assessments are developed for all grade levels. Many units of study are less than a full semester. These include (1) Family Life, (2) Drug Education Program, (3) Tobacco Use Prevention Education, (4) HIV/AIDS Prevention Education. Some of these topics, by law, require parental consent.

The Dinuba Unified School District prepares and trains high-quality teachers, principals, paraprofessionals and other staff. The district provides teachers in all grade levels professional development training on research-based instructional practices and on current adopted curriculum. District principals, assistant principals and learning directors participate in an Administrative Professional Development. Participants develop skills to provide leadership and support of effective instruction and student learning.

District professional development days, early release days and school based grade level collaboration time are provided for teachers to monitor student progress, share effective strategies, review materials and make decisions about student learning.

Dinuba Unified School District provides ongoing principal observations of teachers in the classrooms. The district also participates in the state “Teacher Induction” program.

ACCEPTABLE USE POLICY (AUP) AND STUDENT USE OF TECHNOLOGY – BP 6163.4
SUMMARY OF TERMS AND CONDITIONS FOR USE OF ONLINE SERVICES (INTERNET)

Online services, including Internet access, are available to students and teachers in Dinuba Unified Schools. We are very pleased to bring this access to Dinuba Unified Schools and believe the internet offers vast, diverse, and unique resources to both students and teachers. Our goal in providing this service to teachers and students is to promote educational excellence at Dinuba Unified schools by facilitating the four C’s: creativity, critical thinking, communication and collaboration. The Internet is an electronic highway connecting millions of computers all over

the world and billions of individuals. Students and teachers have access to:

1. Electronic communication with people all over the world;
2. Information and news from educational sites, including museums, science departments, libraries, and institutes;
3. Online applications of all types;
4. Discussion groups and blog posting on a plethora of topics ranging from the environment and literature to music and politics;
5. Access to many University Library Catalogs, the Library of Congress, etc.

With access to computers and people all over the world also comes the availability of material that may not be considered to be of educational value in the context of the school setting. **On a global network it is impossible to control all materials, and an industrious user may discover controversial information. Therefore, blocks to inappropriate material will be provided by hardware, software, subscribed services, and/or due diligence. We (Dinuba Unified Schools) firmly believe that the valuable information and interaction available on this worldwide network far outweighs the possibility that users may procure material that is not consistent with the educational goals of our district.**

Internet access is coordinated through a complex association of government agencies, and regional and state networks. In addition, the smooth operation of the network relies upon the proper conduct of the end-users who must adhere to strict guidelines. These guidelines are provided to each parent so that you are aware of the responsibilities you are about to acquire. In general, this requires efficient, ethical, and legal utilization of the network resources. If a Dinuba Unified School user violates any of these provisions, his or her use of online services will be terminated and future access could possibly be denied. The Acceptable Use Policy Agreement will be sent home with each child at the beginning of each school year for parental review and approval signatures.

Academic Honesty Policy

Dinuba Unified School District emphasizes the importance of academic integrity and the potential drawbacks of relying on AI-generated text and tools.

Unacceptable use examples include submitting assignments containing substantial amounts of AI-generated text, using AI models to cheat on assessments, or using AI-generated summaries as a substitute for reading and analyzing texts. Violations of academic integrity may result in consequences such as reduced grades or referrals. The administration, in collaboration with the teachers, will conduct an investigation and make a determination in suspected cases.

However, it is understood AI tools have legitimate uses, such as editing for clarity, testing thesis statements, and generating ideas with proper acknowledgment. Teachers may choose to use AI tools to support an assignment and assist in the learning of their students. Students should provide appropriate credit for any approved use of AI resources and understand the responsible and ethical use of these technologies. It is necessary to acknowledge AI use and provide detailed explanations of how it contributed to the improvement of the work as well as supported your learning to complete the assignment.

Dinuba Unified students should continually reflect on their understanding of academic integrity, the benefits and drawbacks of AI use, the importance of responsible AI use, and their commitment to giving credit when using AI technologies.

TESTING

Student Testing: California students take several mandated statewide tests. These tests provide parents/guardians, teachers, and educators with information about how well students are learning and becoming college and career ready. The test results may be used for local, state, and federal accountability purposes.

The California Assessment of Student Performance and Progress (CAASPP) System was established on January 1, 2014. The CAASPP System encompasses the following assessments and student participation requirements. Information about the content and format of each test is also provided.

Smarter Balanced Summative Assessments for English language arts/literacy (ELA) and mathematics in grades three through eight and grade eleven.

Student Participation: All students at the designated grade levels are required to participate with the following exceptions:

- Students who participate in the alternate assessments.
- ELA only—English learners who are in their first 12 months of attending a school in the United States.

Content and Format: The Smarter Balanced Summative Assessments, which are delivered by computer, consist of two sections: a computer adaptive test and a performance task (PT) based on the Common Core State Standards (CCSS) for ELA and mathematics. The computer adaptive section includes a range of item types, such as selected response, constructed response, table, fill-in, graphing, and so forth. The PTs are extended activities that measure a student’s ability to integrate knowledge and skills across multiple standards—a key component of college and career readiness.

California Alternate Assessments (CAAs) for ELA and mathematics in grades three through eight and grade eleven.

Student Participation: Students with the most significant cognitive disabilities who are unable to take the Smarter Balanced Summative Assessments even with accessibility supports and whose individualized education program (IEP) indicates assessment with an alternate test.

Content and Format: The content of the alternate assessment is based on alternate achievement standards derived from the CCSS for students with the most significant cognitive disabilities. The CAAs are computer-based two-stage adaptive tests. They are administered to students in a one-on-one environment by a test examiner who is familiar with the student.

California Science Test (CAST) Test in grades five, eight, and once in high school.

Student Participation: The CAST is required for all students in grades five and eight and once in high school (i.e., grade ten, eleven, or twelve) unless their IEP indicates assessment with an alternate test. The CAST includes stand-alone or discrete items and Performance tasks. The discrete item types consist of selected response, constructed response, table, fill-in, graphing, and so forth. The performance tasks measure a student’s ability to integrate knowledge and skills across multiple standards through extended activities.

Content and Format: The CAST is aligned with the California Next Generation Science Standards (CA NGSS). The State Board of Education adopted the CA NGSS in September 2013. The 2017 administration of the CAST was a census pilot test, the 2018 CAST was a census field test, and the 2019 CAST was the first operational administration of the test.

California Alternate Assessment [CAA] for Science Test in grades five, eight, and once in high school.

Student Participation: The CAA for Science is required for students with the most significant cognitive disabilities who are unable to take the CAST even with accessibility supports and whose IEP indicates assessment with an alternate test. The CAA for Science is administered to students in grades five and eight and once in high school (i.e., grade ten, eleven, or twelve).

Content and Format: The content of the alternate assessment is based on alternate achievement standards derived from the CA NGSS. The CAA for Science is administered to students in a one-on-one environment by a test examiner who is familiar with the student. In 2017, pilot year one the CAA for Science consisted of one embedded

PT; pilot year two, in 2018, consisted of three embedded PTs; and in 2019, the CAA for Science field test consisted of three embedded PTs administered online. The CAA for Science embedded PTs may be administered anytime during the school's spring instructional calendar.

California Spanish Assessment (CSA) for Spanish language arts in grades three through eight and high school (optional)

Student Participation: The CSA is an optional language test in Spanish for students who are seeking a measure to recognize their Spanish-specific reading, writing mechanics, and listening skills, regardless of their current enrollment in Spanish instruction.

Content and Format: The CSA is aligned with the CCSS for ELA en Español. The State Board of Education adopted the CSA test blueprints in November 2017. The pilot test was administered in fall 2017, the field test was administered in fall 2018, and the operational CSA was administered in spring 2019. The CSA is a computer-based assessment that will be accessible to students with disabilities. It includes technology-enabled items as well as a machine-scored writing mechanics section.

Pursuant to California *Education Code* Section 60615, parents/guardians may annually submit to the school a written request to excuse their child from any or all of the CAASPP assessments.

English Language Proficiency Assessments for California (ELPAC)

The ELPAC is aligned with the 2012 California English Language Development Standards. It consists of two separate English Language Proficiency (ELP) assessments: one for the initial identification of students as English learners and the other for the annual summative assessment to identify students' English language proficiency level and to measure their progress in learning English.

Physical Fitness Test

The physical fitness test for students in California schools is the FitnessGram®. The main goal of the test is to help students in starting lifelong habits of regular physical activity. Students in grades five, seven, and nine take the fitness test.

Testing and Accountability

Information regarding the state's testing and accountability system can be found on the California Department of Education website: <http://www.cde.ca.gov/ta/tg/ca/>.

California Accountability Model & School Dashboard

California's accountability and continuous improvement system provides information about how local educational agencies and schools are meeting the needs of California's diverse student population based on a concise set of measures.

California Dashboard

The Dashboard contains reports that display the performance of local educational agencies (LEAs), schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

The Dashboard is a powerful online tool to help districts and schools identify strengths and weaknesses and pinpoint student groups that may be struggling. It reports performance and progress on both **state and** local measures:

- State measures apply to all LEAs, schools, and student groups and are based on data that is collected consistently across the state.
- Local measures apply at the LEA and charter school level and are based on data collected at the local level.

The state and local measures are drawn from the ten priority areas of the Local Control Funding Formula (LCFF), which was passed in 2013. The 10 priority areas are as follows:

- Priority 1:** Basic Services and Conditions at schools
- Priority 2:** Implementation of State Academic Standards
- Priority 3:** Parent Engagement
- Priority 4:** Student Achievement
- Priority 5:** Student Engagement
- Priority 6:** School Climate
- Priority 7:** Access to a Broad Course of Study
- Priority 8:** Outcomes in a Broad Course of Study
- Priority 9: (COEs Only)** Coordination of Services for Expelled Students
- Priority 10: (COEs Only)** Coordination of Services for Foster Youth

These priority areas form the basis for California's integrated accountability system, which meets both state and federal requirements.

Different criteria are used to **determine and report performance** for the state and local measures.

For the methodology for measuring performance on the local measures, please see the local measures.

Performance on the **state measures** is based on data from both the current and prior years. Any LEA, school, or student group with at least 30 students in both the current and prior year receives a **performance level** for each applicable state measure. There are currently five levels of achievement ranging from Red (very low) to Blue (very high) with each being displayed using a meter. These levels are indicative of achievement during the prior school year.

On the Dashboard, a school's, LEA's, or student group's performance on a state measure is graphically displayed by the bar graphs.

SARC NOTIFICATION- BP 0510

The School Accountability Report card is available to the public. You may request a copy from the school site or you may view a school SARC on the internet at <http://dinuba.k12.ca.us>

STANDARDS BASED REPORT CARDS

The Dinuba Unified School District uses a standards-based report card for TK to grade 6. The report card shows how a student is progressing towards meeting the California content standards. The content standards are the specific skills that a student must know, understand and be able to do for each grade level. Standards-based education is not new to the District. We have implemented standards-based texts, standards-based lessons and assessments. Each spring students are assessed on the state standards with the CAASPP testing program in grades 3-8 and 11. The report card is another tool in this standards-based system.

The standards-based report card is designed to communicate student achievement with regard to specific learning goals or standards, not how hard they have worked, how they compare with classmates or how well they are behaved. Achievement and effort are reported separately. Students receive a number score (on a 1-4 scale) for a subject or a subject

strand, for the four major curriculum areas included on the first page of the report card: Social Science, Science, Language Arts and Math. These numbers relate to the student's achievement of state standards.

- 4 -Exceeded - Exceeds grade level standard
- 3 -Met - At the grade level standard
- 2- Nearly Met - Approaching the grade level standard - making some or good progress toward year end standard
- 1- Not Met - Making little or no progress toward year end standard

The key difference is that student achievement is based on an end of the year standard in each curricular area. Thus, a student may not be proficient in November, simply because he/she may not be able to achieve mastery of all the standards or skills that California state standards require by the end of the year.

A student making progress will receive a 2 rather than a 3 or a 4. Remember, proficiency is measured by the ability to master the end of the year standards. Early in the year, many students will receive a score of 2 indicating that they are making some or good progress towards the expected standard. A score of 2 indicates that the student is making adequate progress toward mastery of the standard and the teacher believes the student will attain proficiency by the end of the year.

A score of 1 indicates that a student is making some progress toward mastery of the standard, but that the teacher is less certain at this time that the student will attain proficiency by the end of the year. A student with a 1 is probably in need of some additional intervention in order to support and possibly accelerate his/her learning.

The marks on the standards-based report card are based on teacher evidence of student performance against the year-end standards. The marks come from a combination of tasks that are scored using rubrics, graded classroom assessments, benchmark assessments, teacher observations or other criteria.

The report cards will also record student growth, effort, social skills and work habits using the familiar E for excellent, S for satisfactory and N for needs improvement. Parents will receive feedback on additional subjects, as well as on study skills, homework and classroom behavior using these marks.

Administration Regulation 3541

A. Walking Distances to Schools and Bus Stops

The Superintendent or designee shall design transportation routes and stops to promote the safety of students and maximum efficiency in the use of buses and limit the need for red light crossovers. Students who reside beyond the minimum transportation distances listed below shall be eligible for transportation service to the school of their attendance area; students who are eligible for transportation service may be required to walk the distances listed below to reach a designated bus stop:

- 1. for elementary school students:
 - Grades K: three-fourths mile
 - Grades 1 – 5: one and one-half miles
 - Grade 6: two miles
- 2. for junior high school students:
 - Grades 7 – 8: two and one-half miles
- 3. for high school students:
 - Grades 9 – 12: two and one-half miles
- 4. The walking distances are measured in nautical/air miles from the address of residence to the school of the attendance area or the designated bus stop.

The Superintendent or designee may authorize transportation within the walking distance when safety problems or hazards exist. The Superintendent or designee shall communicate in writing to parents/guardians regarding bus routes, schedules and stops.

B. Procedures to Follow while Walking to and from Bus Stops

- 1. Parents and students should choose the safest route to the bus stop.
- 2. Parents should walk with their students to the bus stop prior to the first day riding the bus.

3. Leave home early enough to arrive at the school bus stop five minutes before the scheduled pick up time.
4. Walk directly to the bus stop. Do not talk to or accept rides from strangers.
5. Cross the roadway only at crosswalks, walking to the right in the crosswalk.
6. Before crossing the roadway, look in all directions.
7. Watch for cars. Be sure the roadway is clear before crossing.
8. Cross only on the proper signal at intersections controlled by signal lights.
9. Avoid crossing the roadway between parked cars.
10. Where there are no sidewalks and it is necessary to walk in the roadway, walk on the side of the street, facing oncoming traffic.
11. Wear or carry retro-reflective material at night to be visible to others.
12. Do not chase or follow anything into the street.
13. Walk in an orderly manner, respecting the property of others.
14. Avoid horseplay; it can result in injuries.

C. Rules of Conduct at School Bus Loading Zones

1. Stay clear of the roadway. Stand on the sidewalk or driveway if possible.
2. While waiting at the bus stop, respect the property of others. This includes the property of other students and the area around the bus stop.
3. Wait for the bus in an orderly manner by forming a single file line at least 12 feet from the edge of the roadway.
4. Stay away from the 12 foot area around the bus called the “Danger Zone” until the bus has come to a complete stop. Do not approach the bus until the door has opened.
5. Enter the bus in an orderly manner. Quickly find a seat. In buses with seat belts, fasten and wear the seat belt properly at all times. Remain seated while the bus is in motion.

D. Safety Rules and Procedures for School Bus Stops

1. The driver shall stop to load or unload pupils only at school bus stops designated for that purpose by the school district superintendent or authorized by the superintendent for school activity trips.
2. Students are assigned a designated bus stop by the Transportation Department and are to board and exit the bus at their designated bus stop only. Drivers shall make every effort to ensure that students comply and will report non-compliance to the department. Students requesting to exit the school bus at a stop other than their designated stop must obtain written permission from their parent, guardian or school official. Written permission shall be given to the driver.
3. Upon stopping the school bus on a highway or private road for the purpose of loading or unloading pupils, at a location where traffic is not controlled by a traffic officer, or official traffic control signal, the driver shall determine if there are students loading or unloading who must cross the highway or private road.
4. The school bus driver shall escort all pupils in pre-kindergarten, kindergarten, and any of grades 1 to 8, inclusive, needing to cross the highway or private road upon which the school bus is stopped. The driver shall use an approved hand-held "STOP" sign while escorting all pupils. All pupils are required to walk in front of the bus as they cross the road. School bus stops where students need to cross the road shall not be made on a divided or multiple lane highway as defined in the Vehicle Code.

For the purposes of Section 39843 of the Education Code, a school bus driver escorting pupils pursuant to paragraph (1) of subdivision (d) of Section 22112 of the Vehicle Code shall not be considered to be leaving the immediate vicinity of the vehicle.

E. Escorted Crossing Procedures

The Transportation Department encourages parents and guardians to discuss with their children the dangers of crossing the street during an escort. Although your driver is a professional, trained in loading and unloading safety procedures, it is important for your child to use extreme caution when crossing the road. Please instruct your child to use the following safety procedures when exiting the bus and crossing the road at the bus stop:

1. Students shall remain seated until the bus comes to a complete stop. The driver will indicate when they should come forward to prepare to exit the bus.
2. The students will follow the driver as he/she exits the bus. Once outside, the students shall stand beside the bus, off the roadway when possible. Students are to pay close attention and wait for the driver to tell them when it is safe to cross. Students should never assume traffic will stop nor should they cross without the protection of the school bus driver.
3. When the driver tells the students that it is safe to cross, they are to walk in FRONT of the bus, between the bus and the bus driver. Students should walk quickly, straight across to the other side of the street. Once students have safely crossed the roadway, the driver will return to the bus. It is very important that students do not re-enter the roadway, as traffic will be ready to proceed and it would be extremely UNSAFE.
4. When students require an escort to board the bus, they should wait for the bus a safe distance from the roadway. When the bus arrives, the driver will exit the bus and escort the students across the road. Students are to pay close attention to the driver and wait for the driver to tell them that it is safe to cross. They should walk in FRONT of the bus, between the bus and the bus driver. Students should walk quickly, straight across to the other side of the street and immediately board the bus.
5. When parents/guardians feel it is necessary to walk across the road to drop-off or pick-up their student from the bus stop, bus drivers remain lawfully responsible to afford the child the protection of the escorted crossing and will escort both the child and the parent/guardian. Parents/guardians that refuse to comply with these procedures risk the possibility of the loss of bus riding privileges for their child.

The School Bus Danger Zone

There is an area 12 feet around the school bus called the "Danger Zone." Parents and guardians should discuss with their students the hazards of being in this area. It is very dangerous for students to be along the side of the bus and near the wheels and tires. Please see the diagram above. Students should stay clear of the danger zone and be at least 12 feet from the school bus before boarding and after exiting the school bus. If a student drops something in the danger zone, they should notify the bus driver who will retrieve the item. Under no circumstances should a student ever reach or crawl under the school bus.

F. Procedures to Ensure a Pupil is Not Left Unattended on a School Bus or School Pupil Activity Bus (39831.3 EC)

The Dinuba Unified School District Transportation Department is committed to the safe transportation of all students who ride district school buses. All DUSD buses are equipped with a Child Safety Check System that requires the driver to contact the device before exiting the vehicle, thereby prompting the driver to inspect the entirety of the interior of the school bus before exiting.

All DUSD drivers shall ensure no children remain on the school bus by inspecting the entirety of the interior of the school bus at the last stop on each run. Upon returning to the Transportation Facility, drivers shall perform a second inspection of the interior of the school bus to ensure no children remain on the school bus before exiting the school bus.

If a child is on the school bus at the end of a run or upon return to the Transportation Facility, the driver shall immediately notify dispatch and the Transportation Director. The school will receive immediate notification and arrangements will be made for the transportation of the child either to school or to home.

All school pupil activity bus (Charter Party Carrier) trips shall have a designated adult chaperone, other than the driver, to accompany pupils on a School Pupil Activity Bus (SPAB). DUSD requires that all designated adult chaperones accompanying pupils on a SPAB trip be identified on the trip request. Prior to the trip, the designated adult chaperone shall sign and return to transportation an acknowledgement that they have received written instructions to follow to ensure a pupil is not left unattended on a SPAB. Upon completion of a SPAB trip, the driver and chaperone will ensure no pupils remain unattended on the bus and provide a document stating such to DUSD Transportation Department.

G. Rules of Conduct aboard the School Bus BP 5131.1, 5 CCR 14103

In order to help ensure the safety and well-being of students, bus drivers and others, the Board of Education expects students to exhibit appropriate and orderly conduct at all times when using school transportation, including while preparing to ride, riding or leaving the bus.

The Superintendent or designee shall establish regulations related to student conduct on buses, bus driver authority, and the suspension of riding privileges. He/she shall make these rules available to parents/guardians, students, and other interested parties. Students found to be in violation of the district's bus conduct rules shall be subject to discipline in accordance with Board policy and administrative regulation. The Superintendent or designee may deny a student the privilege of using school transportation upon the continued disorderly conduct of the student or his/her persistent refusal to submit to the authority of the driver.

Pupils transported in a school bus shall be under the authority of and responsible directly to the driver of the bus, and the driver shall be held responsible for the orderly conduct of the pupils while they are on the bus or being escorted across a street, highway or road. Continued disorderly conduct or persistent refusal to submit to authority of the bus driver shall be sufficient reason for a pupil to be denied transportation. A bus driver shall not require the pupil to leave the bus in route between home and school or other destinations.

Bus Surveillance Systems

The Board believes that the use of surveillance systems on school buses will help to deter misconduct and improve discipline, ensure the safety of students and bus drivers, and prevent vandalism. Therefore, surveillance systems with audio capabilities may be installed and used on school buses to monitor student behavior while traveling to and from school and school activities.

The Superintendent or designee shall notify students, parents/guardians, and staff that surveillance may occur on any school bus and that the contents of a recording may be a student record and, as such, may be used in student disciplinary proceedings or referred to local law enforcement, as appropriate. In addition, a prominent notice shall be placed in each bus stating that the bus is equipped with a surveillance monitoring system.

The Superintendent or designee shall monitor the use and maintenance of the district's bus surveillance system. Students are prohibited from tampering with the bus surveillance system. Any student found tampering with the system shall be subject to discipline and shall be responsible for the costs of any necessary repairs or replacement.

Camera supports may be installed in all buses. Cameras may be rotated among the buses and activated at the discretion of the Superintendent or designee.

The contents of any on board recording is a student record. Recordings of students are protected by district policy and administrative regulation.

Bus Rider Rules

The following rules apply at all times when students are riding a school bus, including when on school activity trips:

1. Riders shall follow the instructions and directions of the bus driver at all times.
2. Riders should arrive at their designated bus stop on time and stand in a safe place at the stop to wait quietly for the bus.
3. Riders shall enter the bus in an orderly manner and go directly to their seats.
4. Riders shall sit down and fasten any passenger restraint systems. Riders shall remain seated while the bus is in motion.
5. Riders shall not block the aisle or emergency exit with their body or personal belongings. Riders may bring large or bulky items, such as class projects or musical instruments, on the bus only if the item does not displace any other rider or obstruct the driver's vision.
6. Riders should be courteous to the driver and to fellow passengers. Vulgarity, rude, or abusive behavior is prohibited.
7. Any noise or behavior that could distract the driver, such as loud talking, scuffling or fighting, throwing objects, or standing or changing seats, is prohibited and may lead to suspension of riding privileges.
8. Riders shall not use tobacco products, eat, or drink while riding the bus.
9. Riders may bring electronic devices onto the bus only if such devices are permitted at school. If the use of cellular telephones or similar devices disrupts the safe operation of the school bus, the bus driver may direct the student to no longer use the device on the bus.
10. Riders shall not put any part of the body out of the window nor throw any item from the bus.
11. Riders shall help keep the bus and the area around the bus stop clean. Riders shall not damage or deface the bus or tamper with bus equipment.
12. Service animals are permitted on school transportation services; all other animals are prohibited.
13. Upon reaching their destination, riders shall remain seated until the bus comes to a complete stop and upon the signal from the driver, unfasten any restraint system, enter the aisle, and go directly to the exit.
14. Riders should be alert for traffic when leaving the bus and shall follow the district's transportation safety plan when crossing the road and exiting the bus.

The driver or any passenger shall report any violation of the district's bus rules to the principal or designee. The principal or designee shall notify the student's parent/guardian of the misbehavior, determine the severity of the misconduct, and take action accordingly. In instances of a severe violation or repeated offenses, the rider may be denied transportation for a period of time determined appropriate by the principal or designee.

Bus drivers shall not deny transportation services except as directed by the principal or designee.

Riding on a School Bus is a "PRIVILEGE" not a Right. All students who ride a school bus are subject to bus riding regulations. Safe transportation in a school bus requires cooperation and consideration of all people. Listed below are some of the unacceptable behaviors that could jeopardize student bus riding privileges:

Refusing to obey driver
Refusal to wear seat belt when the bus is equipped
Failure to remain seated
Throwing objects in, out, or at the bus
Eating, drinking, chewing gum on bus
Lighting matches/lighters
Bothering others, spitting, profanity
Willfully destroying bus property
Smoking on bus
Hanging/yelling out of window

Bringing animals/glass on bus
Fighting

Student Conduct Code/Behavior on the Bus

1st Offense: Warning to student and/or alternative consequences, parent conference.

2nd Offense: Loss of bus privileges for a minimum of one week, parent conference.

3rd Offense: Loss of bus privileges for a minimum of two weeks subject to the discretion of the Principal, Transportation Director and the nature of the offense. Such loss of privileges shall not normally extend beyond the end of the current trimester for elementary (K-6) schools or beyond the end of the semester for secondary schools.

Note: Depending on the seriousness of the act, the student may lose bus privileges for the remainder of the school year on the first or succeeding offense. Decisions regarding bus discipline will be a collaborative effort between the bus driver, the transportation director and school administration. When the situation is determined to be an emergency, immediate suspension will occur. Parents/guardians will be required to pick up the student at the school.

H. Bus Emergency Procedures

Upon registration, the appropriate school site will provide to the parents or guardians of all pupils in pre-kindergarten through grade 6 who have not previously been transported in a school bus or school pupil activity bus, written information on school bus safety. In accordance with Education Code section 39831.5, all students through the 8th grade will receive safety instructions once each year during a scheduled bus evacuation drill.

Instruction on the use of passenger restraint systems, when a passenger restraint system is installed, shall include, but not be limited to all of the following:

- A. Proper fastening and release of the passenger restraint system;
- B. Acceptable placement of passenger restraint systems on pupils;
- C. Times at which the passenger restraint systems should be fastened and released;
- D. Acceptable placement of the passenger restraint systems when not in use.

Prior to departure on a school activity trip, all students riding on a school bus or school pupil activity bus shall receive safety instruction which includes, but is not limited to, location of emergency exits, and location and use of emergency equipment. Instruction also may include responsibilities of passengers seated next to an emergency exit.

I. Kindergarten Transportation

All TK and Kindergarten bus riders are required to have a designated parent or guardian at the bus stop to receive the child. Otherwise, the bus driver will return the student to school. Bus drivers will notify the transportation office when returning the child to school; transportation will contact the school site. When riders are consistently returned to the school site due to not being met at the stop, parents may be notified that transportation for their child may be cancelled.

J. Foggy Day Procedures

In accordance with California Vehicle Code Section 34501.6, Dinuba Unified School District school buses shall not operate when atmospheric conditions reduce visibility to 200 feet or less. The District however, will limit operations at the more conservative distance of 600 feet or less. When a foggy day schedule is called, the decision will be made by 6:00 a.m. To find out if the District is on a foggy day schedule, please check the DUSD website www.dinuba.k12.ca.us or tune to TV Channels 18, 24, 30 and 47 or Radio Stations KISS 93.7 or KMJ 105.9 or AM 580. The free DUSD Blackboard Parentlink App is available for download through a link at the bottom of the website homepage. Foggy day information is also available by calling 559-595-7282.

When a foggy day delay is called, all schools in the District will start school 1 (one) hour later than normal start times. Bus pick up times will also be 1 (one) hour later than normal pick up times. Zero period classes are cancelled on foggy day schedules. Please check the website for schedules. There may be times fog will still exist when buses begin running after the 1 (one) hour delay. Bus drivers are authorized to use their discretion to find a safe place to pull over until they determine it is safe to continue on route. At no time will bus drivers travel at a speed that is unsafe for conditions. This may cause a bus to run later than usual.

K. Inclement Weather Procedures for Student Activity Trips/Staff Conference Trips

School buses, charter buses and district vehicles shall not operate when atmospheric conditions (fog, wind, rain, etc.) reduce visibility to 600 feet or less. When the transportation department determines that visibility is reduced to less than 600 feet, the trip shall be delayed or cancelled. While on the student activity trip or staff conference trip, the driver is to continually monitor the weather conditions. When visibility becomes reduced, the bus or staff driver shall communicate with the supervisor/coach/teacher on the status of weather conditions. If the bus or staff driver determines, after conferring with their supervisor, an earlier return is required, the supervisor/coach/teacher will be notified of the revised time.

If at any time while in route, visibility is reduced to 600 feet or less, the bus or staff driver shall use their discretion to find a safe place to pull over. Drivers shall not stop on the shoulder of a highway under these conditions, except for an emergency.

L. Rules of the Road for Parents

A reminder for all parents and guardians - the speed limit, when approaching and passing by a school building or school grounds, while children are going to or leaving the school either during school hours or during the noon recess is 25 miles per hour.

The Amber Warning Light and Flashing Red Light Signal Systems are used by school buses to protect children while entering or exiting the school bus. When the Amber Warning Lights are flashing it means caution, get ready to stop. When the Red Warning Lights are flashing it means stop, students will be loading or unloading. It is against the law for the driver of any motor vehicle to pass a school bus with the Red Warning Lights flashing on an undivided highway. The Transportation Department urges everyone to use caution when driving in school zones and bus pick-up and drop-off locations.

This Safety Plan is effective January 1, 1998. It may be subject to revisions based on legislative changes and/or Board Policy amendments and/or additions. A copy of the current Transportation Safety Plan is available for viewing at www.dinuba.k12.ca.us

THE FACTS ABOUT FENTANYL

FENTANYL FACTS

Fentanyl is a synthetic opioid that is up to 50 times stronger than heroin and 100 times stronger than morphine. It is a major contributor to fatal and nonfatal overdoses in the U.S.¹

Fentanyl is a synthetic opioid that is up to

50x stronger than heroin **100x** stronger than morphine

There are two types of fentanyl: pharmaceutical fentanyl and illicitly manufactured fentanyl. Both are considered synthetic opioids. Pharmaceutical fentanyl is prescribed by doctors to treat severe pain, especially after surgery and for advanced-stage cancer. However, most recent cases of fentanyl-related overdose are linked to illicitly manufactured fentanyl, which is distributed through illegal drug markets for its heroin-like effect. It is often added to other drugs because of its extreme potency, which makes drugs cheaper, more powerful, more addictive, and more dangerous.

ILLICITLY MANUFACTURED FENTANYL

Illicitly manufactured fentanyl (IMF) is available on the drug market in different forms, including liquid and powder¹. Fentanyl-laced drugs are extremely dangerous, and many people may be unaware that their drugs are laced with fentanyl.

Powdered fentanyl looks just like many other drugs. It is commonly mixed with drugs like heroin, cocaine, and methamphetamine and made into pills that are made to resemble other prescription opioids.

Street Names for Fentanyl

- Apache
- Dance Fever
- Friend
- Goodfellas
- Jackpot
- Murder 8
- Tango & Cash¹

In its **liquid form**, IMF can be found in nasal sprays, eye drops, or dropped onto paper like small candies.

DRUGS DO NOT COME WITH
AN INGREDIENTS LIST.
MANY CONTAIN DEADLY
DOSES OF FENTANYL.

FENTANYL AND OVERDOSE

Fentanyl and other synthetic opioids are the most common drugs involved in overdose deaths.¹ Even in small doses, it can be deadly.

150

Over 150 people die every day from overdoses related to synthetic opioids like fentanyl.²

Drugs may contain deadly levels of fentanyl, and you wouldn't be able to see it, taste it, or smell it. It is nearly impossible to tell if drugs have been laced with fentanyl unless you test your drugs with fentanyl testing strips. Testing strips are inexpensive, typically give results within 5 minutes, and can be the difference between life or death. Even if the test is negative, caution should be taken as test strips might not detect more potent fentanyl-like drugs, like carfentanil.³

SIGNS OF OVERDOSE

Recognizing the signs of opioid overdose can save a life. Here are some things to look for:

- Small, constricted "pinpoint pupils"
- Choking or gurgling sounds
- Falling asleep or losing consciousness
- Limp body
- Slow, weak, or no breathing
- Cold, clammy, and/or discolored skin

WHAT TO DO IF YOU THINK SOMEONE IS OVERDOSING

It may be hard to tell whether a person is high or experiencing an overdose. If you aren't sure, it's best to treat the situation like an overdose—you could save a life.

- 1 Call 911 immediately.*
- 2 Administer naloxone,** if available.
- 3 Try to keep the person awake and breathing.
- 4 Lay the person on their side to prevent choking.
- 5 Stay with them until emergency workers arrive.

* Most states have laws that may protect a person who is overdosing or the person who called for help from legal trouble.
** Naloxone is a life-saving medication that can reverse the effects of opioid overdose and save lives. It is available in all 50 states and can be purchased from a local pharmacy without a prescription in most states.

PHOTOGRAPHING OF STUDENTS

On occasion, students may be spontaneously photographed or videotaped by non-school personnel (such as parents, news media) while the students are involved in activities at school or on field trips which are open to members of the public.

There may also be occasions when students will be incidentally photographed/videotaped by parents or news media personnel while they are participating in activities which are not open to the general public (such as regular classroom instructional activities or school plays and performances). The District intends to monitor such occasions so that there will be no undue invasion of individual pupil privacy or disruption of the instructional process.

If you object to the photographing/videotaping of your child while participating in non-public activities as described above, please so indicate by your signature below. If you object, every effort will be made to excuse your child from the activity in question. If you do not return this form with your signature, it will be assumed that you do not object to such photographing. *My signature below indicates that I do not consent to the photographing/videotaping of my child or children while participating in non-public activities during the 2024-2025 school year.*
