## 2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

### Principal's Message

Academy Description: College Connection Academy (CCA) is a partnership between Franklin-McKinley School District, East Side Union High School District, Evergreen Valley College and San Jose State University. The school opened a Partnership School, grades 7-12/13 in the fall of 2008. College Connection Academy has autonomy and freedom to implement curriculum, teaching and learning to meet individual student needs. CCA Partners have combined and integrated resources to ensure the Academy's success.

College Connection Academy (CCA) is based on the values of leadership and civic engagement. As a result of a multi faceted integrated series of experiences, CCA students will be global and critical thinkers who are ethical, courageous and compassionate. They will possess the leadership skills that allow them to navigate and succeed in a complex and challenging world with self-confidence and awareness of their responsibility to the collective community.

CCA is a small learning community comprised of a group of 7th and 8th grade students who will study in a period day setting having classes of Math, English Language Arts, Science, Social Studies, PE, and an elective.

A pre-high school college preparatory curriculum will be offered and required for the students to master. Incoming 7th grade students will be placed in Integrated Math, Science, History and 7th grade English Language Arts. Eighth grade students will be placed in core classes of Geometry/Algebra/ Integrated Math, Science, US History and 8th grade English Language Arts. Students needing additional instruction will be expected to stay after school to complete assignments or participate in academic intervention classes. Students that are achieving above grade level are given high school classes to continue their academic advancement.

Mission Statement: Recognizing the need to foster a more educated workforce to meet the demands of a changing economy inspired the creation of an innovative partnership between the Franklin-McKinley School District, the East Side Union High School District, Evergreen Valley College, and San Jose State University. These four communities will increase the number of first-generation college graduates, equipping them with the education and experience needed to succeed in life and family-supporting careers. Through the support and involvement of the Bill and Melinda Gates Foundation, the College Connection Academy welcomed its first 7th grade class in 2008. Since its inception, CCA has supported ten graduating classes with most students graduating high school with a year of college units or more completed.

### A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## 2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2021-22 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	0.00	0.00
Misassignments	1.10	1.60
Vacant Positions	0.00	0.00
<b>Total Teachers Without Credentials and Misassignments</b>	<b>1.10</b>	<b>1.60</b>

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.00
Local Assignment Options	0.00	0.00
<b>Total Out-of-Field Teachers</b>	<b>0.00</b>	<b>0.00</b>

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Class Assignments

Indicator	2020-21	2021-22
<b>Misassignments for English Learners</b> (a percentage of all the classes with English learners taught by teachers that are misassigned)	18.7	26.1
<b>No credential, permit or authorization to teach</b> (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0	8.8

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

## 2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Textbook and instructional Materials: The local governing board of the Franklin-McKinley School District has certified that each pupil in the District, in transitional kindergarten through eighth grade, has been provided with standards-aligned textbooks and/or instructional materials in each of the following areas: reading/language arts, mathematics, science and history/social studies. Health is included in the science curriculum. All District textbook adoptions are within the scope of the most recent State Board of Education adoptions and comply with California Education Code provisions.

In accordance with the California Education Code and the Williams Settlement mandates, procedures, monitoring processes and reporting practices by principals and District departments have ensured that all students have access to the current, standards-based textbooks and instructional materials.

In order to comply with the mandates to provide students with the most recent state-approved adoptions in the core areas of Reading/Language Arts, Mathematics, Science and History/Social Studies (Health is included in the Science curriculum), a textbook inventory was conducted at every school by September 2023. Each principal was responsible for ensuring that every student was provided with the necessary textbooks and instructional materials. In addition, the updated inventory count was also verified by each site for every classroom in September 2023. In addition, principals were responsible for the replenishment of needed textbooks at every grade level (TK-8). All ordering and delivery materials are through an established set of procedures with the District Service Center. As part of the monitoring of sufficiency of textbooks and instructional materials, principals submit a school wide and an individual classroom report to the Curriculum, Instruction, and Assessment Department annually.

As a result of the inventories, the Franklin-McKinley Board of Education certified that each student in grades TK-8, including English learners, have been furnished a complete set of core instructional materials and textbooks that meet the requirements of the California Education Code. A public hearing regarding the sufficiency of said materials that are consistent with state-adopted frameworks was held on September 12, 2023. A Resolution on Sufficiency of Materials, according to the Williams Act mandates, was passed at a public hearing on September 12, 2023.

## School Facility Conditions and Planned Improvements

College Connection Academy (CCA) has 11 classrooms, an office for counselors, and an administration building. The campus shares restrooms with the Yerba Buena High School staff and students. They also use the theater and student union for guest presentations. The portable campus was built in 2006 with expansion to the current size. The site has one custodian assigned to clean and disinfect the site on a daily basis.

In 2020, FMSD Bond Measure R was passed and continuously funds a variety of campus facility projects district-wide. In recent years, site improvements to the facilities include installation of ceiling projectors in all classrooms (2021), and installation of security cameras (2021). ESSER funds were utilized to provide additional picnic tables for outdoor learning use (2021), and a designated Wellness Center was established to ensure students are provided with psychological and counseling services and a safe, healthy, and connected school environment (2021).

This campus is on the Yerba Buena High School campus. THIS SITE IS INSPECTED BY EAST SIDE UNION HIGH SCHOOL DISTRICT. SEE LINK BELOW. The Yerba Buena High School SARC is located at:

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	85	71	41	40	47	46
<b>Mathematics</b> (grades 3-8 and 11)	71	59	33	31	33	34

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2023-24 Opportunities for Parental Involvement

CCA believes that all stakeholders must work together to ensure every child's success. Therefore, collaboration is of high importance at CCA. CCA has an open door policy where parents may drop in the school at any time and view classroom instruction with the principal. The principal is available to all parents by phone, e-mail, text, and in person Monday- Friday from 8am- 4pm. A true parent collaboration is a constant work in progress and a needs assessment is done monthly with the parents. Based on the needs assessment results, the principal plans future academy meetings. Currently, parents have multiple ways to become involved and collaborate with each other, their child and the school. If parents who are interested in becoming formal stakeholders are encouraged to join one of the governance organizations: the School Site Council (SSC) and District Advisory Committee (DAC). Parents may also provide input and collaborate with school officials by attending or leading the CCA Parent Academy for that is held quarterly and Parent Engagement Group that is held monthly. Parents also have the opportunity to volunteer at community outreach events. CCA offers parent workshops for those parents who want to monitor a child's progress electronically and need support, understanding the whole student through Social and Emotional Learning, and supporting their students through our accelerated program. Parent engagement workshops, and the opportunity to join the parent engagement group for those parents who want to monitor a child's progress, coordinate fundraising events, and support the community.

CCA believes in developing the whole child, that parental involvement is crucial and that it takes school and home to guide young adults into becoming responsible adults. CCA operates with a family/village mantra that it takes the entire community to raise a child and offers family field trips to colleges and art events throughout the school year, during the week and on weekends.

## 2023-24 School Safety Plan

All schools in the Franklin-McKinley School District have a very detailed, comprehensive safety plan designed to ensure both the health and security of all students and staff. The safety plan consists of a wide variety of site drills designed to meet a number of emergency situations that might arise. All school sites within Franklin-McKinley School District practice fire, drop and cover (earthquake), and intruder drills. There are established committees at all sites and levels to review safety procedures, correct any problems that may exist and expand FMSD's capacity to deliver services when and where needed. In addition, all required drills are calendared, completed, and evaluated with the results being communicated to all staff and parents in the medium of the school website and via email from an administrator. The School Safety Plan as reviewed, updated, and discussed with the school faculty and approved by the Board of Trustees each year before March 1.

## Professional Development

The primary areas of focus for our professional development in FMSD schools is training our staff to support the goals outlined in the district Local Control and Accountability Plan (LCAP).

FMSD provided teachers with professional development that emphasized the district focus, "Learning to Read" before students returned to school in August. Staff was provided with professional development opportunities that focused on the newly acquired supplemental phonics programs SIPPS and Sonday, along with sessions on the phonemic awareness program, Heggerty in grades K-2nd. Middle school staff was provided with workshops covering vocabulary instruction and morphology at the secondary level to ensure alignment to the FMSD Literacy Block. Additionally, staff participated in workshops that provided an overview on new adoptions; TCI, K-6 Social Studies and the TK Curriculum, Creative Curriculum for Transitional Kindergarten, California, as well as continued learning in Math, Science, and Writing instruction. New teachers were provided workshops orienting them to the district adopted curriculum and participated in Implicit Bias training. Special Education staff received training on facilitating and writing IEPs, and the requirements for Special Education instruction. Throughout the fall, optional professional development opportunities were provided monthly including topics such as Assessments including ESGI, NSGRA, FastBridge, Lexia, SIPPS, Sonday, Heggerty, and Orton-Gillingham foundational training.

## Professional Development

In January 2024, teachers will participate in a full-day series of professional development. Workshops will align to the district focus, with professional development focused on Tier I instruction. Last school year, all staff were provided training in Implicit Bias from Collaborative Learning Solutions. This year, 2023-24, FMSD provided Implicit Bias training for all new staff and staff who were unable to attend training last year.

Ongoing Professional Learning Communities allow teachers to learn from each other and discuss best practices. All FMSD schools are participating in the implementation of a Multi-Tiered System of Support (MTSS) focused on Tier I instruction and universal access.

This table displays the number of school days dedicated to staff development and continuous improvement.
