Athletics

Athletics had something for everyone again this year. We held events for the junior athletes as they took their first steps in the sport. We also had events for the senior part of the school which led to another highly competitive Inter House Sports Day, where records were broken. We have county champions, new county record holders and athletes who have represented the county in track, field and combined events. We took another big team to the National Prep Schools Track and Field Championships where we had athletes visiting the podium. The boys' and girls' teams both won the county round of the English Schools Cup. The boys also won the Regional final and competed well at the National final against the top twelve schools in the country.

Basketball

2023 saw the return of the Year 8 Basketball team starting up slowly as a lunchtime club. The boys involved quickly showed they had raw talent and passion for playing the game, which meant they soon became a strong team. Throughout the year they have developed their control whilst dribbling, their positional awareness related to playing basketball and, all importantly, the accuracy of their shooting – with big threes falling regularly in games!

The highlights of the year were playing the Year 9s at Millfield, being ahead at half time, and losing by three, and the House basketball tournament, where Angles came out victorious. It has been brilliant to see how much a part of the Prep School basketball has become this year and watching the boys develop into great players.

04

05

Boys' Cricket

Millfield Prep continues to nurture talent, allowing individuals to reach the very best that they can within the game. With the school allowing every boy the opportunity to represent the school during the term, there truly is, cricket for all abilities.
The Development Teams continue to play against various county sides and cup competitions, with one of the highlights being the superb match against Cornwall U13, with two MPS boys scoring 50. The school once again has a huge number of individuals, more than ever, representing their county this year. Highlights include: The U13 boys' reaching the national IAPS quarter-final, narrowly losing on the second last ball. The U12 boys' have winning the county cup this year and going onto to represent the school in the prestigious Bunbury U13 Cup next year. The Junior Development Squad winning the regional IAPS competition, playing opposition from all over the South of England.

Congratulations to the following boys who were selected as County players 2022-2023:

Somerset performance squads
Boys U10: **Raffie B, Oscar F, Micah G, Harry G, Barney G, Bertie L, Henry L** and **Micah W.**
U11: **Bailey B, Wills J** and **Yugan S**.
U12: **Joel G, Jamie G, Seb G, Evan H, Sam M, Toby W** and **Reuben L-J.**
U13: **Hugo B** and **Connor P.**
Wiltshire boy's performance squad
U13s: **Edward W.**
Wales boy's performance squad
U13s: **Rupert J.**

02

Girls' Cricket

Through county opportunities, participating in fixtures, entering IAPS and Indoor National Competitions, girls' cricket at MPS is thriving. With amazing facilities and committed staff, Millfield Prep are leading the way in girls' cricket. Every girl in Year 3, 4, 5 and 6 have represented the school this season and with 15 teams throughout the school, the girls can participate weekly in matches.

The Senior Development girls have played three county teams: Dorset, Gloucestershire, and Somerset and had the opportunity to play against another country – Wales. They were victorious against all teams. The Junior Development team have had a very successful season, giving the younger pupils the experience to play hardball and incrediball. Huge congratulations to the U11 girls on winning the IAPS Cricket Competition at King's, Taunton.

The girls have had a variety of game formats, which has enabled them to progress in all areas of the sport. Our B and C teams are flourishing and with more girls wanting to engage in cricket, MPS have an extremely bright future in this sport.

Another standout highlight was when Grace Findlay took a hat-trick in a superb bowling display for the girls' 1st XI v Bristol Grammar School. She finished with four wickets from two overs, conceding just three runs.

Congratulations to the following girls who were selected as county players 2022-2023:

Somerset performance squads
Girls U11: **Dixie C, Sanaa F, Rosie S, Florie W, Hattie I** and **Bella L.**
U12: **Emma C** and **Izzy G-J.**
U13: **Chloe B** and **Erin D.**
Hampshire girl's performance squad
U12s: **Emelia H.**
Surrey girl's performance squad
U12: **Arabella G.**

Climbing

With eight members of staff now trained to run the climbing wall, there is a buzz around the area once again. We have been fortunate enough to have the wall running all year round, with complete novices learning to belay, to more experienced pupils speed climbing during the Beat the Teacher event. **Harry J** has gained even more experience by joining the Senior School at Redpoint Climbing Centre on a Wednesday. Unfortunately, some local competitions were cancelled, but we look forward to igniting the climbing bug in more of the pupils next year.

Cross Country

Cross Country starts in the first week of the year with the Inter House Fun Run, a whole school event for staff and pupils. We have races throughout the next two terms for all year groups. Our juniors competed in the Mendip Junior League and were successful again. We finished as the top school and also had age group champions. The Year 6 boys finished first, second and third. Teams were also successful at the Claymore, Leweston and Edgarley relay events. Our senior boys team won the county round of the English Schools Cup but narrowly missed out on the finals. The senior girls team finished third in the National finals of this prestigious competition.

In the second term we had runners represent Somerset in both Year 7 and 8, but the highlight of the year must be the National Prep Schools Championships, where our Year 6 boys finished third and our senior girls team were crowned champions, with **Bea S** finishing first!

All pupils had the opportunity to run during the week and race for the school in events all around the country.

Fencing

Fencing at Millfield Prep has had another successful year, full of enthusiasm and teamwork. There have been a large number of pupils engaging with the sport multiple times a week at lunch sessions, before school and after school clubs. It has been great to see pupils embrace the competitive aspect of the sport.

Over 15 pupils qualified for the British Youth Championships through Regional Championships hosted at the school. **Maddie M** won her age group, becoming the U12 Girls Sabre National Champion. Pupils have the opportunity, and are encouraged to try all three weapon disciplines. Our Year 8s joined the Senior School fencing squad at the Public Schools National Championships in March, contributing to winning the National Schools Champions title for a record 10th consecutive year. Pupils also entered into the National School Teams Championships, with our U11 and U13 boys Epee finishing third and our U13 girls Sabre winning first place. Overall the school was crowned National team champions!

Millfield Prep won the overall school champions and overall girls school champions at the IAPS Fencing Nationals, with a multitude of medals across all age categories. **Eva D** won Master at Arms for the U14 Girls.

Football

Football at Millfield Prep has continued to grow again this year. From the dedication shown by the teams who train before school, to the enthusiasm on display at recreational training and fixtures by those who are just beginning their footballing journey. Our friendly fixture highlights include travelling down to play Exeter City, hosting Plymouth Argyle and Oxford United and some fantastic fixtures against Illchester Rockets.

In competitive fixtures, the U13 girls were deserving winners of the English Small Schools Cup. An incredible achievement and a first here at Millfield Prep. The U11s won the ISFA South-West Sevens, taking them to the National Finals at St George's Park, the home of English football. A number of Year 8 girls also played for the U14s, becoming County Champions. To those who leave this year, thank you and good luck!

Golf

The golfers have played all round the country this year, with some excellent individual and team performances. At the IAPS Golf event, held at Minchinhampton Golf Club, **Martin F B** became the individual National Champion and joined forces with **Jack Isaacs** and **Zane B** to win the team event by a massive 25 shots!

Further success has followed with **Maria M A** finishing with the top girls score at the Independent Schools Golf Association Stableford event. **Jack I** became the U12 Somerset champion with **Tate S-D** becoming the nett U14 Champion. **Alexander L** has qualified for the National Pairs Finals to be played at Radley College with **Jack** and they will be joined by **Martin** and **Zane.**

There's an increasing number of golfers through the whole school and it has been great to see them all progress with amazing success across all the year groups.

Boys' Hockey

Another hugely successful season with 18 boys' teams operating on a regular basis. Our junior teams had notable victories at the MPS tournaments, many were undefeated. The U11s were runners-up in the County Cup and played superbly at the IAPS and West competitions.

The U12 boys were very strong and are an exciting prospect for next year. County Champions and quarter-finalists in the National IAPS Finals. The 1st XI were undefeated in regular school fixtures. They were runners-up at the prestigious Dean Close Tournament and County and West IAPS Finals. However, clashes with other sporting events meant we played IAPS and West Finals with tired bodies. We had the frustration of watching teams compete in the West and IAPS National Finals that we had defeated earlier in the season. However, most importantly the season was hugely enjoyable and at least five boys are playing county hockey with many more nominated for the following cycle.

01

02

03

04

05

Girls' Hockey

The depth of talent in girls' hockey throughout the school has been outstanding this year. Our juniors have gained an abundance of experience through festivals and tournaments, with huge talents on the horizon. Year 6 have picked up MPS Tournament gold medals all round. The U11A team became Somerset Champions, West In2 Hockey Winners, IAPS Regional Winners and finished top eight in the country at the IAPS Nationals.

The U12s won the MPS Tournament, finished runners-up at the Somerset Counties and West Finals, whilst also competing at the IAPS Nationals. The Year 8 A, B and C teams all returned home with sparkling golds at the Hazelgrove Tournaments. Our U13A became MPS Tournament Winners, Somerset Champions, In2 Hockey West semi-finalists, Regional IAPS bronze medallists and finished an impressive sixth at the IAPS National Finals.

The biggest success to date has been the seven Year 8 girls selected to represent Somerset and Devon Hockey: **Ruby B, Agi C, Jasmine C, Eleanor E, Charlie L, Olivia** and **Lola S**.

Modern Pentathlon

It has been another fantastic year for the Modern Pentathlon Team with many individual and team successes. Some Millfield athletes have represented Team GB at various competitions across the globe.

During the autumn term, ninety Millfield athletes attended the South West Biathlon at Bath University. We had a wide range of Millfield pupils compete from all age groups and all abilities and it is a great grassroots school competition to represent Millfield and give multi-sports a go!

03

04

05

A highlight for the Modern Pentathlon team this year was a large group of our Prep athlete's qualifying and representing Team GB at the European Championships (biathle/triathle and laser run) in Greece and the World Championships (biathle/triathle and laser run) in Madeira. With spectacular performances from all our athlete's that competed internationally this year, we are so proud of you all.

Congratulations to those athletes that represented Team GB – U13 Biathle **Ruby B** second, **Vienna T** third, overall team gold and second in the team relay. U11 **Millie E-N** second and second overall team relay medal and **Sophia E-N**third, overall team gold. **Amelia S** finished fourth and team relay European Champion. U13 Double European Triathle Champion (individual and team) **Iona M**, **Vienna T** third and overall team gold and **Ruby B** placing sixth and third in the team relay. U11 **Ella D** third. Laser Run Double European Champion **Vienna T** and team, **Eva D** placed ninth. The team then headed to the World Championships in Maderia, U13 **Iona M** placed second in the Triathle Mixed Relay and team third with individual sixth. U11 **Ella D** placed 11th. Biathle **Iona M** placed sixth and team third and **Ruby B** placed 10th.

The team also attended the National Schools' Biathlon Championships in Redditch. Athletes that represented Millfield qualified regionally to attend the National Finals. A special well done to **Polly W** who became Year 6 British Champion and the Year 8 Boys team on becoming British Team Champions.

Over the summer term the pentathlon team have been able to train during Triathle/Biathle club in the sun, in preparation for a busy term of competitions. Well done team, it has been a busy, but super exciting year for Modern Pentathlon.

04

Netball

Since September, we have been running lots of netball sessions from Years 3 – 8 in preparation for matches, tournaments and cups. These have been extremely well attended and have successfully set the girls up for their respective seasons. All girls who want to play, get to play at a level that is suited to their ability. This will give them successes to be proud of, but also failures for them to overcome and learn from.

Many of our girls achieved performance pathway success over the year; **Morolayo A, Vienna T, Eleanor E, Jasmine C, Agi C,** (place offered but not taken) and **Megan B,** were invited to join the U13 County Satellite Academy. **Gracie T** was also invited to the U15 full County Academy.

This year we were only one of two schools who had representation at National IAPS Finals across all three age groups. Our U13 and U11 girls were regional IAPS champions. The U12 and U13s were Collegiate School Tournament champions, whilst the U13s retained the County Cup.

Our U12 and U13s went to watch Team Bath

05

play in a home Super League match. The U11s were selected to be ball girls at one of the home matches and able to cheer on OM Hannah Passmore in her Blue and Gold dress.

All of this progress has led to much excitement around the Netball department for what next year will bring.

02

03

Riding

Prep riding has had a brilliant year. This is not just because of the fantastic competition results, but because of the team spirit at competitions and on the yard on a daily basis. The riders have been a real asset to the school, with good manners and exceptional riding. I have received numerous comments from other parents at competition venues about how well the pupils rode even at grassroots level, to winning a best style award. The competition results have been equally as good, having just come back from Hickstead, where we were one of only three schools to qualify on no faults. We also were one of four schools to jump off for first place, missing out by just seconds with some fantastic riding.

Several riders have been extremely successful competing abroad and in GB teams and achieved great results at the Blue Chip Championships. I would like to wish all the Year 8 riders the very best and the prep riding team I will miss you all, please keep in touch.

03

Rugby

It is not uncommon to see boys and girls throwing a rugby ball around at lunchtime in all three terms. The first touch rugby competition was on the fixture list in the summer term this year and more girls have been attending the club sessions than ever before. Millfield Prep continues to be at the forefront of embracing the coaching mindset outlined by the RFU. Facilitating creative players that make decisions for themselves both in training and on the playing field, whether it be U8 or U13 rugby. The boys have continued to show their progress, working out how to overcome perceived failure and work towards a set goal. This is undoubtedly down to the coaching philosophy in the school of enabling players to make decisions for themselves on the pitch and equipping players with good rugby skills. We have hosted some 'adapted rules' festivals allowing players to focus on key skills and being innovative under pressure – a key to their long-term rugby playing development. The rugby players at the Prep School have all shown progress in their rugby skills and as athletes in general.

Sailing

With more spaces than in previous years, sailing has gone from strength to strength this year, and the squad from Years 6-8 have sailed their Zest dinghies, whatever the weather in Portland. May saw the friendly Millfield Sailing Regatta at the Andrew Simpson Sailing Academy, Portland. The sunny weather masked some tricky conditions with variable winds. We competed against six other schools from around the South West with 20 competitive boats in the water. Our top boat, sailed by **Noelle D** and her sister **Ella**, raced consistently well and finished fifth overall, competing against a very strong field. Well done to **Tom B, Toby W, Tim D P, Adam S, Theo T** and **Hunter K,** who all sailed well, and had brilliant moments. They were even visited by two dolphins which swam in, under and around the fleet, and capped off a brilliant fun-filled event. The following week, our sailors travelled to Portland to compete in the IAPS Sailing Regatta at the Weymouth and Portland National Sailing Academy. It was a lovely day, with light but consistent winds, and 35 boats entering the water. All participants did well against a strong field of sailors across the country. Our top boat was **Noelle** and **Ella D**, who placed third.

Clay Shooting

Clay shooting returned in the spring term, with the squad learning the basics of safe shotgun handling, before smashing a variety of targets. As the aim improved, weekly scores increased, and the competitions got going! One team experienced the splendor of a full-blown clay shoot at IAPS. Despite the early start, **Toby W** shot well, scoring a very credible 32 from 50 clays in his first year of IAPS shooting. Toby showed no nerves and remained calm throughout the five stands, even when the wind doubled in speed and started drifting the clays on stands four and five. **Theo T** opened with a simply stunning 9-10-9 over the first three stands before finding it significantly harder in the stronger winds on stands four and five. The weather was simply beautiful, despite the variable wind and the whole event was seamlessly run with minimum waiting on each stand. Overall, the boys won the gold medal for a team of four or fewer and **Theo T** took an individual silver medal for his excellent score of 41 clays shot, placing second out of all the U13s.

04

Skiing

In the autumn term, four skiers joined the Senior School to ski at Mendip Ski Centre. It was a great opportunity for the Prep pupils to ski with the older students and a ski race coach. Subsequently, these four skiers then went down to Hemel Hampstead to compete in the IAPS Indoor Competition. **Zac C, Lulu H, Lily W** and **Liberty W** all skied brilliantly. The pupils had the opportunity to ski twice on the day, with the slalom and the extended slalom. All pupils stated that the extended slalom was their favourite. Lulu finished third in the U13s race, and the other girls ranked in the top 20. Zac also skied well and ranked in the top 40. Well done to all the pupils for representing the school so positively.

05

Squash

Millfield Prep squash now runs sessions from Year 1 through to Year 8. The Pre-Prep sessions focus on the fundamentals of movement and racket skills. The sessions are a mix of small group, lunchtime and after-school squads. The squad players have the opportunity to participate in sessions at the Senior School on Monday and Tuesday after school, helping aid their transition to Millfield. The Prep School squash team has also enjoyed inter-school friendly fixtures with Year 9. Our top performers have had the opportunity to join the Senior School in selected European competitions. The pupils have enjoyed taking advantage of six newly refurbished squash courts at Millfield.

Swimming

The swimmers have had another successful year. The pupils started the swimming year with the Somerset Development meet, which was their first-time racing since June. Lots of great swims and skills were on display. Next up was the English Schools National Relay competitions and the Prep swimmers were in sizzling form, winning all four relays.

The spring term was very busy with the Somerset County Championships; the Prep School team won Top Junior Club in Somerset. Finishing off the term Millfield became National Club Champions.

Onto the summer term… after an amazing Turkey training camp, the swimmers produced some outstanding results at the Regional Championships achieving between them 131 personal times and finishing off an amazing year at the National IAPS with the girls becoming National Champions for the 35th consecutive year and for the boys 21st year.

Table Tennis

Table tennis continues to be a very popular sport at Millfield Prep. We have three clubs after school and table tennis is also played at lunch and break times, as well as at the multi-activity programme on Wednesdays and Saturdays. The children have had great success and enjoyment especially in the National competitions.

The U13 boys finished second in the South of England Finals. Well done to the boys for an amazing effort and commitment to the sport. The U13 girls team also finished second in the South of England Finals. This is the first time that a girls team has represented the school in this competition. Well done girls for your enthusiasm and commitment. The U11 boys finished third in the South of England Finals. The boys played very well and had a great time.

04 U12 Boys National Club Squad

Tennis

Millfield Prep offers a wide range of tennis sessions throughout the year, allowing every pupil the opportunity to participate either socially or competitively. We have close links with Millfield which allows many of our players to access coaching on both sites all year. Every day, there are lunchtime sessions which are open to all, encouraging less experienced players to come along and gain some confidence. Over the course of this year, there have been numerous team and individual highlights including the Boys' Performance Squad finishing third in the National School's Competition in Bolton. This was a fantastic achievement as not only did the boys display some great tennis, but they are all a year young and so are eligible to compete in the same competition next year. More recently, the same group of boys won their box in the National Club League Tournament and represented Millfield Prep at the Nationals along with the top four clubs in July. Three of our performance players have been competing in European tournaments and we are delighted that one of our players has been invited to join the National Performance Pathway, one of only two girls selected from the south west. It is fantastic to have over 30 players training with their counties, many of whom will go on to be selected to represent them at the various County Cup events. The highlight of the year for the tennis team was the trip to Rafa Nadal's Academy in Majorca. Eight of the performance squad players competed in a Ten-Pro Global Junior Tour, whilst having the opportunity to play in Rafa Nadal's training environment with amazing facilities. The pupils trained and competed in matches every day against players from 42 different countries. The trip was a huge success with two of our players finishing third in their respective age groups.

05

01

Trampolining

In December 2022, the trampoline squad competed at the first competition of the school year. Millfield Prep had an entry of five teams and 19 individuals. As well as deciding rankings, the competition was also a qualifying event to the Southern Schools in January. Of our entries we had four teams and seven individuals qualify.

The U11 intermediate boys, **Elliot W** and **Lucas C,** placed first and third respectively and qualified as individuals. The U11 girls' intermediate team, **India E, Hester J, Elsie S-H** and **Tammy R** won the team event and qualified. **India E** finished second and **Hester J** fourth, also qualifying as individuals. The U11 novice team of **Jess H, Emily W, Posy L** and **Sofia C** also won team gold and qualified. **Jess H** placed fifth and qualified individually. The U13 girls' novice team of **Vivienne L, Jemima W** and **Olivia E** placed 11th. The U13 girls' intermediate team, **Isabella M-P, Emma C, Isabelle P** and **Maddie M** placed third and qualified. The U13 boys' intermediate team of **Barnaby D** and **Harry S,** who teamed with two Millfield School boys, won their team event with all four boys qualifying individually.

At the Southern Schools in January, the U13 boys won again, qualifying for the National Schools Finals. Elliot and Lucas also qualified individually finishing third and fourth respectively. Both novice and intermediate girls U11 teams placed third, earning them all a team place at National Finals.

The National Finals were held in Northampton in March. The U11 intermediate girls team finished in sixth position. The U11 girls' novice team of Jess, Posy, Sofia and Emily finished in a brilliant third position from nine teams who all qualified nationwide. The U13 boys – Barnaby and Harry finished their winning streak with another win, meaning they won the National title!

The final competition of the school year was the IAPS Championships, held at Royal Russell School in Croydon. At this event there are two team events – the cup competition and the plate competition. In the U9 girls' cup competition, our team of **Willow S, Emily W, Freya W, Emily B** and **Joy X** finished in a brilliant third position. **Emily W** also finished third individually and Willow fourth. Our U11 girls' A team of Jess, Sofia, Posy and India competed in the cup competition and finished in fifth from a huge 13 Teams. Jess also finished in individual fifth, again from a huge 51 entries. In the Plate Competition Tammy, Elsie and Maddie finished in a brilliant second position. The U11 boys: **Vinnie S, Lucas C** and **Zac B** finished in team fifth. In the U13 events, the girl's team of **Isabella M-P, Maddie M, Emma C** and **Ava C** finished in second position, with Ava finishing in sixth and Isabella winning the title! Harry finished in individual third position in the boy's event, with Barnaby also winning the boy's title!
