In addition, the tuition portion of the program will be dropped as it does not cover the cost and Hopkins staff will work closely with families to qualify as many as possible for ECEAP. As a result of the changes, she said there will be two preschool locations next year – Hopkins Early Learning Center and Stevens Elementary School.

5. SYNOPSIS/SUMMARY (Goals, brief description of content & purpose, online materials & support available)

Odysseyware is a fully online, Common Core aligned, customizable curriculum of over 300 courses. Students will have two options of completing courses; Academy courses provide an online Washington State Certificated teacher and the curriculum and basic Odysseyware provides only curriculum.

The goal was to find an online curriculum, Common Core aligned, provided fully online and that offers a Washington State Certified teacher for their courses. These courses are needed for students needing to take accelerated courses, need an alternate experience, Grays Harbor Academy, or courses where Aberdeen does not have teachers certified in the area or student's schedule needs to be flexible due to course offering times.

Each building would have access to both versions and would use either the Odysseyware Academy or basic Odysseyware, based on the students' need. A list of Academy and basic Odysseyware courses are attached.

Odysseyware provides training both online and in person, as well as live technical support 7 days a week.

6. STANDARDS/CRITERIA

1. Do concepts in the materials remain consistent with the current standards for the curricular area(s) they support? Yes No

Aberdeen School District
REQUEST FOR APPROVAL FOR INSTRUCTIONAL MATERIAL

2. Materials lead to learner accomplishments of the following current standards: Yes No

List most appropriate/key standards addressed:

- Common Core Literacy – All Common Core Standards are addressed using these courses when using the entire course, as intended.
- Common Core Math - All Common Core Standards are addressed using these courses when using the entire course, as intended.
- Other – Science courses are aligned with the Next Generation Science Standards, History/Social Sciences are aligned to the Washington Learning Standards, technology courses are aligned to the International Society for Technology in Education which Washington State has aligned with and CTE courses and electives are aligned with the pathways frameworks needed for certification.

3. Content can be adapted to abilities of individual students (i.e. different reading levels, ELL students, students with disabilities)? Yes No

Please explain: Based on the needs of the student, curriculum can be modified. However, if credits are being awarded there is a need to have a procedure in place to ensure the integrity of the course stays intact.

Course grade levels can be assigned based on student levels and content can be translated into 23 different languages or read aloud in English for students with disabilities.

7. MATERIAL EVALUATION

Provide a brief overview/impression of instructional material (strengths/weaknesses, reasons selected over others, why students will benefit)

Odysseyware rose above others due to curriculum spanning a broader range of grades, being completely online vs. worksheets needed. Odysseyware also allows all district certificated teachers access to curriculum for use in their daily practice.

Odysseyware also provided a credit recovery option for students that is more flexible. Students would take an initial assessment. This assessment then places the student through the modules they did not meet standard in and they go through lessons and units, take a unit assessment to ensure they have learned what is needed in the unit, move into the next unit if successful. As soon as the student successfully completes all lessons and units needed, the student takes a post assessment and then earns a credit.

The actual content reviewed was rigorous and aligned, with an area of strength in math content and a concern with the language presented in an English rubric which was reviewed.

8. BIAS SCREENING

The purpose of the following questions is to alert individuals to potential biases by author/publisher. A response of "Poor" does not necessarily eliminate the material from being approved. For example, traditional and classical perspectives will be reviewed as reflecting the period in which they were written.

MEMO

TO: Board of Directors
RE: **Reduced Education Program 2019-2020**
FROM: Alicia Henderson, Ph.D.
Superintendent
DATE: April 12, 2019 (*updated April 16, 2019*)

A resolution adopting a reduced education program for the 2019-2020 school year is ready for your consideration and approval at the April 16, 2019, meeting. As you know, there is a need to reduce expenses by 9 percent (\$4.5 million) over two years in order to balance the budget, maintain an adequate reserve, and live within our means. We are on track to achieve our goal of a 2 percent (\$1 million) cost savings this year. Next year, an additional 7 percent (\$3.5 million) in reduced expenses is needed.

The program being presented preserves the quality of education in our district and was developed using three important premises:

- Keep cuts as far away from the classroom as possible;
- Accomplish as many of the reductions as possible through attrition (by not filling vacancies as staff retire or leave positions); and
- Maximize efficiencies where possible with the move of 6th Grade to Miller Junior High School.

The reduced education program for 2019-2020 proposes a savings in Materials, Supplies and Operating Costs (MSOCs) of \$700,000, which can be achieved primarily through our recent shift to centralized purchasing, allowing us to realize cost savings through economies of scale.

The plan also proposes 46 fewer employees districtwide for a budget reduction of \$2.8 million. Twenty-five of the positions – more than 50 percent – are positions that are vacant and will not be filled. The reductions are proposed as follows:

	Percent Decrease	Summary of Reductions	
		Attrition	Reduction In Force
Classified staff	8%	12	14
Certificated staff	7%	12	5
Administrative staff	13%	1	2
Total		25	21

Of the five certificated positions considered for reduction, three are not classroom positions. Our goal is to maintain class sizes within the state's K-3 class size and the recommended guidelines in our collective bargaining agreement with teachers.

The timeline included with this memo details how our collective bargaining units and the impacted staff members will be informed. More specificity can be shared publicly once the impacted individuals have been informed.

Every single person who works for our District is a valued member of our educational team. This has been an arduous process. The reduced education program is proposed with a heavy heart and my hope is that every impacted staff member knows how incredibly difficult it was to make these decisions.

(hereinafter referred to as SD)

SD is required to provide certain special services for handicapped and disabled children residing within the district. These services include physical therapy performed by duly licensed practitioners. SD has determined that Hospital desires to expand the services it is providing in the community.

Hospital agrees to provide staff to provide necessary physical therapy, staff inservices, data for Individualized Education Plans, and assist in providing information for reports required of SD on an as-needed basis.

NOW, THEREFORE, in consideration of the mutual covenants herein contained, the parties agree as follows:

1. SERVICES

Hospital shall provide staff to perform necessary evaluation and testing of children of SD, including those whom the SD contracts to provide services and those not yet enrolled but residing within the district and qualifying for services, for physical therapy; actual therapy as required based on such information and SD's determination of appropriate action (the Individual Education Plan); staff training and inservices as required by SD to properly function and comply with applicable governmental regulation, and such assistance as is necessary to allow SD to file reports and statistical summaries for reimbursement and compliance audit. Hospital reserves the right of first refusal pending availability of hospital staffing to provide requested services.

2. TERM

This Agreement shall commence upon the execution hereof and continue throughout September 1, 2018 – August 31, 2019 fall school session and renew in writing only for subsequent years. Either party may cancel this agreement at any time with thirty day written notice.

3. COMPENSATION

SD shall pay Hospital a fee of \$87.00 (eighty-seven dollars and no cents) per hour portal to portal for requested physical therapy services provided by the physical therapist. SD shall pay Hospital a fee of \$77.00 (seventy-seven dollars and no cents) per hour portal to portal for services provided by the physical therapist assistant. Mileage will be paid at the current federal rate (IRS has set this rate at 54.5 cents per mile for 2018). These charges shall apply to actual therapy services, record keeping, inservices, and any other actions related to services for SD incident to this Agreement without adjustment or reduction.

REHABILITATION SERVICES AGREEMENT

Grays Harbor Community Hospital/Aberdeen School District #5, Aberdeen, WA

SD shall pay for services rendered by the 20th day of the month following the month in which services were rendered. Hospital shall prepare monthly itemized billing statements for services performed and deliver them to SD no later than the 25th day of the month. SD shall cooperate as Hospital may request to provide information for Hospital's regulators, auditors and other monitoring agencies.

4. CONTROL

The relationship created hereby between SD and Hospital is that of an independent contractor, and not that of employer-employee, principal agent, partnership or any other arrangement. Hospital at all times remains the employer of physical therapists providing services contracted for by SD. Hospital controls the means and methods by which this contract is performed. SD specifies the desired results and impacts on scheduling by control of student or qualified children availability, but such does not change the nature of this independent contractor arrangement.

5. INDEMNIFICATION

SD will hold Hospital harmless from any loss, claim, demand, judgment, suit or other proceeding relating to services provided to children (students or otherwise) at the instruction and request of SD. SD shall hold Hospital harmless from all loss, claim, demand, judgment, suit or other proceeding based on or caused by any act or omission of any SD employee. Hospital shall hold SD harmless from any loss, claim, demand, judgment, suit or other proceeding relating to therapy services provided by Hospital employees. Hospital shall hold SD harmless from any loss, claim, demand, judgment, suit or other proceeding based on or caused by any act or omission of any Hospital employee.

6. RECORDS

All records made incident to services provided by Hospital's therapists shall be in their care, custody and control. Any records of Hospital relating to services provided pursuant to this Agreement shall be released only upon SD's written authorization. SD shall not release any information in its possession relating to any child's medical condition made by therapists' incident to providing services hereunder without Hospital's written authorization.

7. INSURANCE

The cost of professional and general liability insurance for Hospital's staff shall be borne by Hospital, who will, upon request, furnish proof of such coverage to SD. Hospital's current policy limits are \$1,000,000/\$3,000,000, and future coverage may not be less than this amount. SD agrees to maintain public liability insurance on all common areas and agrees to indemnify Hospital from all claims arising out of the use of public and common areas by patients of Hospital. SD will, upon request, furnish proof of this insurance to Hospital.

8. MISCELLANEOUS

The following provisions are applicable to this Agreement:

- (a) Amendment: This Agreement shall be amended only by a writing executed by both parties.
- (b) Incorporation: This Agreement incorporates all prior negotiations and understandings. There are no other understandings or agreements except as set forth herein.
- (c) Severability: If any term hereof is found to be illegal or unenforceable, such invalidity shall not affect the validity of remaining provisions, which shall be construed in such a manner as to give effect to the intent of the parties herein.
- (d) During the term of this Agreement and for one (1) year after its termination, neither SD, any subsidiaries, related parties, or rehabilitation services companies contracted by SD will attempt to induce any employee or contractor of Hospital to terminate his/her relationship with Hospital

Aberdeen School Board Members,

I am requesting the books listed in the "weeded" report be assigned as surplus.

Most of the books are very old. Some go back to the 1950's and aren't current and not checked out anymore.

There are a few newer books that are just falling apart from being well used. A few are water damaged mold, or excessively dirty.

Thank you very much,

Amy Moyer
