This Catalog lists all the items that the Canutillo ISD Warehouse Services Department stocks.

These items may be purchased by any campus or department with a properly filled out and approved warehouse requisition.

These items are not just limited to the custodial staff.

Prices and items are subject to change and any item that is submitted for purchase that has a wrong price on it, it will be corrected and will be billed at current market pricing.

We strive to keep these items in stock at all times but sometimes we don't always have every item in stock. Some items that are being discontinued will be so designated and when supplies are exhausted will not be re-stocked. Special buy items are on a limited quantity basis and are purchased on a temporary basis and may not always be available.

We reserve the right to limit quantities when stock is running low and we will ration items when needed.

If you are currently using an item that you are buying on a continuous basis, let us know and we may possibly start stocking them for you in the warehouse.

We are here to serve you!
