NAME OF BIDDER: American Threat Assessment Consulting, Inc.

The undersigned, hereby declare that we have carefully examined the location of the proposed Work, and have read and examined the Contract Documents, including all plans, specifications, and all addenda, if any, for the following Project:

Bid # 132-24 Security Camera Systems and Installation

A. BID SCHEDULE

We hereby propose to furnish all labor, materials, equipment, tools, transportation, and services, and to discharge all duties and obligations necessary and required to perform and complete the Project for the following TOTAL BID PRICE:

	BID PRICE + ALLOWANCE (IN WRITTEN FORM)	BID PRICE + ALLOWANCE (IN NUMBERS)
TOTAL BID PRICE + ALLOWANCE	Five million, eight hundred fifty thousand	\$5,850,000.00

In case of discrepancy between the written price and the numerical price, the written price shall prevail.

The undersigned agrees that this Bid Form constitutes a firm offer to the District which cannot be withdrawn for the number of calendar days indicated in the Notice Inviting Bids from and after the bid opening, or until a Contract for the Work is fully executed by the District and a third party, whichever is earlier.

The successful bidder hereby agrees to sign the contract and furnish the necessary bonds and certificates of insurance within ten (10) working days after the District provides the successful bidder with the Notice of Award.

Upon receipt of the signed contract and other required documents, the contract will be executed by the District, after which the District will prepare a letter giving Contractor Notice to Proceed. The official starting date shall be the date of the Notice to Proceed, unless otherwise specified. The undersigned agrees to begin the Work within ten (10) working days of the date of the Notice to Proceed, unless otherwise specified.

The undersigned has examined the location of the proposed work and is familiar with the Drawings and Specifications and the local conditions at the place where work is to be done.

If awarded the contract, the undersigned agrees that there shall be paid by the undersigned and by all subcontractors to all laborers, workers and mechanics employed in the execution of such contract no less than the prevailing wage rate within Orange County for each craft, classification,

DRUG-FREE WORKPLACE CERTIFICATION

This Drug-Free Workplace Certification form is part of the Contract made by and between the **NEWPORT-MESA UNIFIED SCHOOL DISTRICT** (hereinafter referred to as the "District") and

American Threat Assessment Consulting, Inc. (hereinafter referred to as the "Contractor") for the

Project (hereinafter referred to as the "Project"). This form is required from all successful bidders pursuant to the Drug-Free Workplace Act of 1990 (Government Code Section 8350 et seq.) The Drug-Free Workplace Act of 1990 requires that every person or organization awarded a contract or grant for procurement of any property or service from any State agency must certify that it will provide a drug-free workplace by doing certain specified acts. In addition, the Act provides that each contract or grant awarded by a State agency may be subject to suspension of payments or termination, and the contractor or grantee may be subject to debarment from future contracting, if the contracting agency determines that specified acts have occurred.

Pursuant to Government Code Section 8355, every person or organization awarded a contract or grant from a State agency shall certify that it will provide a drug-free workplace by doing all of the following:

- A. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited in their workplace and specifying actions which will be taken against employees for violations of the prohibition.
- B. Establishing a drug-free awareness program to inform employees about all of the following:
 - 1. The dangers of drug abuse in the workplace.
 - 2. The person's or organization's policy of maintaining a drug-free workplace.
 - 3. The availability of drug counseling, rehabilitation, and employee-assistance programs; and
 - 4. The penalties that may be imposed upon employees for drug abuse violations.
- C. Requiring that each employee engaged in the performance of the contract or grant be given a copy of the statement required by subdivision "A," and that, as a condition of employment on the contract or grant, the employee agrees to abide by the terms of the statement.

I, the undersigned, agree to fulfill the terms and requirements of the Drug-Free Workplace Act as it now exists or may hereinafter be amended. Particularly, I shall abide by Government Code Section 8355 when performing the Contract for the Project by:

DRUG FREE WORKPLACE CERTIFICATION

- A. Publishing a statement notifying employees concerning the prohibition of controlled substance at my workplace.
- B. Establishing a drug-free awareness program; and
- C. Requiring that each employee engaged in the performance of the contract be given a copy of the statement required by Section 8355(a) and agree to abide by the terms of that statement.

I also understand that if the District determines that I have either: (a) made a false certification herein; or (b) violated this certification by failing to carry out the requirements of Section 8355, the Contract awarded herein is subject to termination, suspension of payments, or both. I further understand that if I violate the terms of the Drug-Free Workplace Act of 1990, I may be subject to debarment in accordance with the requirements of the Act.

I acknowledge that I am aware of the provisions of Government Code Section 8350 et seq., and hereby certify that I will adhere to the requirements of the Drug-Free Workplace Act of 1990.

Company Overview

Company Information

ATAC, Inc. opened its doors officially in January 2013.

Our Vision

American Threat Assessment Consulting, Inc. started as a security company focused on providing the total security experience, from assessment to implementation. As we grew and acquired new talent, we noticed synergy between our systems and other technologies, such as communication. Our team understands the impact of security on workflow, and our internal knowledge of other technologies we can offer our customers. Thus, A.T.A.C., Inc. grew into a low voltage systems integrator. While we have a very strong foundation in security and a wide range of expertise in that field, we also thrive on the implementation of other low voltage technologies as well.

Quality of Work

Our team has years of experience in Law Enforcement, Security Services, Systems Integration, and Communications. We pride ourselves on solid relationships with manufacturers, integrators, and service providers. With our network of partners, we will not only meet, but exceed your expectations from the initial need's assessment through continued training and installation.

Our Goals

A.T.A.C., Inc. has been entrusted with projects of all capacities in both the public and private sectors. From small retail stores to large multi-site locations, we have implemented custom solutions that meet the individual needs of the client. Our main area of coverage is California, but we have been able to handle locations throughout the country with our network of partners to meet our client's needs. We provide design build services as well as bid per specifications for construction projects. A strong partnership in the construction industry allows us to assist large electrical contractors with parts and smart solutions or turnkey installations. Our goal is to provide the custom solution and implementation that meets the need of the customer, whether that is end user direct or as a sub-contractor.

Firm's Experience

American Threat Assessment Consulting, Inc. started as a security company focused on providing the total security experience, from assessment to implementation. As we grew and acquired new talent, we noticed synergy between our systems and other technologies, such as communication. Our team understands the impact of security on workflow, and our internal knowledge of other technologies we can offer our customers. Thus, A.T.A.C., Inc. grew into a low voltage systems integrator. While we have a very strong foundation in security and a wide range of expertise in that field, we also thrive on the implementation of other low voltage technologies as well. Over the years we have integrated a full video surveillance solution for multiple end user such as City of Ontario, Ontario Police Department, City of Riverside, Azusa Pacific University, and many others.

Description of Previous Projects

Majestic Properties – As a large commercial property management company, we provide support for cameras in remote locations and are currently designing and preparing a Video Surveillance System for a large mall property installation. Over 20 cameras installation which involves conduit and cabling runs for an average of 300ft. This project also included over 500ft of fiber installation, termination, and testing.

Forest City Properties – With Residential and Commercial properties, we partner with Forest City in both divisions. Currently at multi-tenant housing developments and Victoria Gardens Mall in Rancho Cucamonga. Over 60 cameras were installed with cabling and pathway provided by others. Planning and coordination with Victoria Gardens allowed for a successful project.

Azusa Pacific University – Over the years we have integrated a full video surveillance solution over 5 campuses. All sites are individually based and federated back to the main campus. Coordination with APU to allow us to get access to certain sections through the college allowed us to complete the project within the agreed timeline.

Northgate Markets – Project consists of converting over 40+ stores on to Genetec. The project includes installing and programming 100+ cameras, access control, intercom, and Bosch intrusion on to the Genetec System. All 40+ stores are using local storage and is federating each server back to the corporate office.

ATAC, Inc. System Surveyor Design

ATAC, Inc.: Start with a Site Survey

Project success is directly linked to the quality of this first step in the security system design process. ATAC, Inc. will complete a site walk right and the rest is easier. Drag-and-drop predefined element icons, take photos and capture key details. Photos will automatically be associated to the floor plan and security devices. The old way took hours and led to mistakes – we will already be way ahead of the game!

Benefits:

1. **Mobile tablet app** to take into the field for site surveys.
2. **Easily import floor plans** or create a floor plan, set the scale and start designing.
3. **Drag-and-drop devices into place** for low-voltage, security, CCTV, access control, intrusion, IT, and more.
4. **Capture photos** that automatically associate to floor plans and devices
5. **Access manufacturer products** to automate a bi

ATAC, Inc.: Fine Tune Designs Back at the Office

After the site survey in the field, synchronize to the cloud and access your Site and Surveys from a web browser to refine the security system design, select products and accessories

Not sure if you have the right security system design? Invite a team member or a partner to collaborate directly on the design. It's so much more efficient and accurate than emailing PDFs back and forth.

Benefits:

1. Take info gathered at the site survey and refine the security system design back at the office.

American Threat Assessment Consulting

2. Access all the details and photos in one place associated with your survey and devices.
3. Cut time in half for a decision-ready design and proposal.

ATAC, Inc.: Invite Newport Mesa School District to Collaborate

In the past, this meant emailing PDFs back and forth and marking them up by hand. With ATAC, Inc. System Surveyor, we will share security system designs easily and securely and invite Newport Mesa School District to collaborate. Using the Survey Comments feature to ask questions about mounts or device placement. Streamline the security system design process for time and accuracy like never before.

Benefits:

1. **Invite your team, customers, vendor partners and subcontractors** directly into the design.
2. **Accelerate design** with the experts from your team and manufacturer partners.
3. **Engage subcontractors** more effectively for install and implementation.
4. **Send a link for fast sharing** with read-only or full privileges.

ATAC, Inc.: Automate Branded Reports, Security System Designs and a BOM

While you have been conducting the site survey and refining the design, you've also been automating reports!

Benefits:

1. Export pre-packaged PDF and Excel reports including a Bill of Materials.
2. Get reports with devices, details, and accessories for life-cycle management.
3. Run critical date reports for maintenance and inspections.

To Newport Mesa School District,

I am writing to you on behalf of American Threat Assessment Consulting, Inc. to express our enthusiastic interest in undertaking the Newport Mesa project and to assure you of our capability to successfully complete this large-scale endeavor.

At American Threat Assessment Consulting, Inc. we pride ourselves on our proven history of managing and delivering high-impact projects of substantial magnitude. Our extensive experience, coupled with our robust infrastructure, positions us uniquely to tackle the complexities and challenges inherent in the Newport Mesa Project.

There are several key reasons why American Threat Assessment Consulting, Inc. is ideally suited for this project;

1. **Experience and Expertise:** With over 11 years in the industry, we have successfully executed numerous large-scale projects, including installation of security equipment across multiple sites within one year. Our team is well-versed in navigating the complexities associated with high-profile undertakings and is skilled in delivering results that meet and exceed client expectations.
2. **Dedicated Resources:** We have assembled a team of highly qualified professionals who are experts in the low voltage security industry. Our personnel include Thomas Bozek, Director of Operations, Shawn Stocking, Sales Executive, Octavio Campos, Project Manager, Jessica Parker, Sales Engineer, all of whom bring a wealth of experience to ensure the project's success. Additionally, our organization is supported by state-of-the-art technology and equipment, which enables us to manage large projects efficiently.
3. **Strategic Planning and Execution:** We employ a meticulous project management approach that encompasses detailed planning, risk assessment, and proactive problem-solving. Our comprehensive project plans are designed to address potential challenges and ensure seamless execution from initiation through completion.
4. **Financial Stability:** American Threat Assessment Consulting, Inc. is financially sound, with a solid history of managing large budgets and resources effectively with impeccable credit with banking institutions and vendors. This financial stability guarantees that we have the necessary resources to commit to and complete a project of this scale.
5. **Commitment to Quality and Compliance:** We adhere to the highest standards of quality and are committed to meeting all regulatory and compliance requirements. Our quality assurance processes are rigorous and designed to ensure that all project deliverables are of an exceptional standard.
6. **Client-Centric Approach:** Our approach is centered around collaboration and communication. We prioritize understanding our clients' needs and objectives to tailor our solutions accordingly. Regular updates and feedback mechanisms ensure that we remain aligned with your expectations throughout the project lifecycle.

7. **Installation Implementation:** American Threat Assessment Consulting, Inc. will dedicate two 3-4 men crews to two sites to complete the installation of this project. Each team will complete the infrastructure and installation of the cameras prior to moving to the next site. A separate team will come in after the installation is completed to perform the punch list items, programming, testing, and training. In doing this will allow a successful installation based on the required timeline the customer is requesting.

Sincerely,

Shawn Stocking
