Independence Day in Papua New Guinea in 2022

When is Papua New Guinean Independence Day?

Independence Day is a public holiday in Papua New Guinea observed on September 16th.

This is the National Day of Papua New Guinea and commemorates independence from Australia on September 16th 1975.

History of Papua New Guinean Independence Day

Papua New Guinea occupies the eastern half of the island of New Guinea and its offshore islands in the southwestern Pacific Ocean.

The region was first visited by Portuguese and Spanish explorers in the first half of the sixteenth century. They didn't establish any notable colonies, but gave the island its name and ports on the island became important staging posts for fishing expeditions.

In 1884, Britain established the protectorate of British New Guinea over the south-eastern part of New Guinea, while Germany annexed the north-eastern part of the island.

In 1906 control of British New Guinea was transferred to the newly independent Commonwealth of Australia and renamed Territory of Papua.

At the onset of the First World war, Australian troops occupied German New Guinea. Following Germany's defeat, the League of Nations granted Australia a mandate to run German New Guinea, albeit separately from the Territory of Papua.

The two territories only joined together as the Territory of Papua and New Guinea in July 1949 after the whole of New Guinea had been occupied by the Japanese during the Second World War.

On September 16th 1975, Papua New Guinea gained full independence from Australia, with Sir Michael Somare becoming prime minister. Papua New Guinea remains part of the Commonwealth.

Arts Students Rock Vision City with their Extravaganza Performances

On Saturday, the 21st of August, selected students from Grades 1- 6 represented KoroBoro as they colourfully performed for hundreds of spectators at the Vison City. The items consisted of the recorder performances, dances and songs. Boro Campus had the group of students who played the popular nursery rhyme, "Mary had a little lamb with a slight fun-twist to it while the Baby Sharks entertained the crowd with 2 dances. The Bamboo Band from Koro also got the crowd screaming with delight!

Successful Bingo & Pizza Night at the Yachty

While Mathematics lessons occurred during the day in the classrooms, both adults and children took these further when they all attended the Social Club Bingo & Pizza Night down at the Royal Papua Yacht Club. With the Pizza deal of Buy 1 and get one free, lots of families attended this event and also took the opportunity to meet other families and friends. It was truly a **"Family Night Event"** and certainly ended on a high note. The Social Club Committee sincerely thank Yacht Club for the venue & everyone for making this an absolute successful event.

Classroom Stories: A Sneak Peek into Grade 6MP

Buddy Reading Program this week with the 6MP Class

An initiative of the Grade 6 Leadership Program is the "Buddy Reading" Action Support Program. The 6MP students were so excited to part take in the program this week in which they assisted the Prep students during the Literacy block with Reading Activities. Here are some pictures from the weeklong "Buddy Reading" with the different Prep Classes. We thank all the Prep teachers for their support too.

Mathematics Routine in 6MP

Effective whole class or group interactive teaching means putting strategies in place to enhance active participation by all – Section 3 – IEA Mathematics Curriculum Document

The 6MP Students applied a Mathematical Thinking Routine called the Think-Pair-Share Compare Routine Math lessons.

What is Think-Pair-Share Compare Routine?

The Think-Pair-Share Compare Routine is an approach that is used to engage students in a productive Mathematical practice during the Interactive Teaching.

Lae International School

Information Technology

The information technology presentation was a major task for the grade 7/8 students this term. Students took advantage of the opportunity to develop their research and power point skills. The task was also designed to get students to work collaboratively in respective groups and communicate effectively to the audience.

Book Week

The Book Week parade provided an opportunity for students of all ages to express their creativity by wearing a costume based on their favorite book character. Truly an exciting moment to be part of.

STUDENTS PRACTICING THE RIGHT TECHNIQUES AS DEMONSTRATED

We were very much pleased with the visit form the SCRUM PNG, assisting our primary students to display the right techniques in sporting activities. Students were taught to act efficiently, flexibly and reliably in order to achieve a desired outcome. Each person is special in terms of the brain, body and environment in which he/she operates. The interaction between these three components creates a dynamic system.

POMIS NEWSLETTER

19 August Issue 22.13

POMIS honoured by JST.

Once again, POMIS has been honoured by the Japanese Government with participation in the Sakura Plan. The Sakura Plan is an invitational program, aimed at aspiring youth in Asia and neighboring regions. It is designed to offer high school students a chance to be exposed to Japan's science and technology, culture, and people in a multilateral environment.

SAKURA Exchange Program in Science

In the one-week program, participants will: Visit leading universities and/or research institutions, Attend lectures on advanced science and technology, Experience the cutting-edge of science and technology, including hands-on experiments demonstrated by world-leading scientists, Enjoy multilateral interaction with Japanese students in addition to those from other countries in the group.

National Cultural Commission recognizes POMIS students.

Naomi Faik - Simet, PhD, Assistant Director, Dance, of the Institute of Papua New Guinea Studies presented acknowledgement gifts in the form of publications on creative writing to four of our students who participated in the 2022 May World Cultural Diversity day essay competition. IPNGS also donated some publications on PNG's culture, art and history to our library. Thank you to the IPNGS and the National Cultural Commission. Well done to Fiona Timbi, Elias Edmondson, Viola Mapal and Perazim Bai'ai. And Ms Patricia Martin, their mentor!

Congratulations to our qualified PADI SCUBA Divers.

Thanks to Ms Karen Ho (POMIS) and Mr John Miller from Pro Dive PNG for working with these students since T1.
