# ACADEMICS

## ACADEMIC STANDARDS

Students in grades 3 through 8 will participate in Pennsylvania System of School Assessment exams in the subjects of English Language Arts, Math, and Science. Secondary students will participate in Pennsylvania Keystone Exams in the subjects of Literature, Algebra I, and Biology.

## ACADEMIC AWARDS PROGRAM

There may be an Awards Program held at the end of each school year for Middle and/or High School students who have demonstrated academic success. Academic letter awards may be presented to students who have maintained a 93.00% (without rounding) or better average for each of the first three grading periods. Additional awards may be presented to the top academically performing students in each department as determined by the classroom teachers, as well as those students who have performed well at academic competitions.

## COLLEGE IN THE HIGH SCHOOL/DUAL ENROLLMENT

Senior students who will be able to complete all required credits at the home high school, have the opportunity to take advantage of Dual Enrollment programs offered through area Colleges and Universities. Students may take college courses during their time in high school in order to receive college credit. In order to take advantage of this program, students must complete an enrollment application in the Guidance Office and meet program eligibility criteria. Students must also be enrolled in at least four (4) courses at the home high school during their dual enrollment to remain eligible for class rank and honor roll.

The College in High School Program (CIHS) is a dual enrollment enrichment partnership between various colleges and universities and the River Valley School District. Students are able to earn college credit at reduced tuition while concurrently attending high school. Courses are college-level experiences taught by our qualified River Valley faculty during the regular school day and following the regular high school academic calendar within the high school setting.

## GRADES

Grades are determined by assessing the student's academic achievement based on the established curriculum and individual classroom guidelines. Report cards document this level of achievement and also determine the student's grade point average (GPA) for each marking period. Grade point averages are not rounded for reporting for honor roll, academic awards, or any other purpose.

\*Passing CIHS and/or AP courses will increase a student's calculated percent average by an additional 1.3 percent for that class for the year.

# GRADING SCALE

Letter	Percentage	Meaning
A	93-100	Outstanding
B	85-92	Above Average
C	76-84	Average
D	68-75	Poor (Not eligible for Honor Roll)
F	0-67	Failing (Not eligible for Honor Roll)
I	Incomplete	Not eligible for Honor Roll or Class Rank

## GRADE REPORTING

Grades will be issued at the conclusion of each marking period. Interim progress reports will be available through the Powerschool Parent Portal. Tentative dates for mid-marking period and end of marking period appear on the school calendar on the District website.

# ACADEMICS

## HONOR ROLL

At the close of each marking period, the names of all students who attained the standards of school scholarship explained below will be published. The following three lists will be published:

- Distinguished Honor Roll: Students with a 95.00% or higher GPA
- High Honor Roll: Students with a 90.00% to 94.99% GPA
- Honor Roll: Students with an 85.00% to 89.99% GPA

*Students with a "D", "F", "P", or "I" grade in any subject are not eligible for the honor roll. Students must also be enrolled in at least four (4) courses to be eligible for the honor roll. Grade point averages are not rounded for reporting for honor roll, academic awards, or any other purpose .*

## INCOMPLETE WORK

An Incomplete "I" grade will be given for work not completed by a specific time. An "I" will change to a "50%" if work is not completed at the conclusion of the following marking period or during the summer following the 4th quarter. All I's must be removed prior to graduation, and it is the student's responsibility to make arrangements with the classroom teacher to complete all requirements for grade changes.

## WORK EXPERIENCE

Work Experience is available to students in good academic standing and meet district criteria. Students may get more information on the program in the Guidance Office.

## INDEPENDENT STUDY

Independent Study is available to students in good academic standing. In order to be approved, permission must be granted by the cooperating teacher and the building principal. Credit may not be awarded. Any work that a student completes as a part of an independent study will not factor into class rank and Honor Roll eligibility.

## MAKE-UP WORK

Students who are excused from school for an absence of a necessary reason (medical excuse, disciplinary assignment, excused family trip, or educational visit) will be permitted to make up any work missed during the absence. The deadline will be a time period equal to the length of the absence. Students absent for unexcused reasons will not be permitted to complete make-up work for any reason.

# ACADEMICS

## PASS/FAIL GRADING OPTION

Pass/Fail grading may be used in cases where the student receives program modifications or adaptations that significantly affect the overall course content. Therefore, only the building principal may grant the use of Pass/Fail grading. Any student who receives a Pass/Fail grade will be excluded from class rank and Honor Roll eligibility.

## PASSING/FAILING OF SUBJECTS

In order to pass a subject, a student must maintain a minimum 68.00% cumulative average in the course. The final course grade will be a weighted average of each of the four (4) marking periods (25% each).

If a student fails a required subject in grades 9-12, the student will be required to make up that credit in one of the following ways:

1. Attend an approved summer school program. (Passing summer school courses will result in a grade of “68%”).
2. Repeating the subject during the following academic year.

Students at the middle school level may not fail more than one (1) core course. If a middle school student fails more than one (1) core course, that student will be required to make up those courses in one of the ways listed above to advance to the next grade.

## PROMOTION/CLASSIFICATION

The following guidelines will be used for classification purposes for students in the High School:

- Freshman 0.00 – 4.99 credits
- Sophomore 5.00 – 9.99 credits
- Junior 10.00 – 15.99 credits
- Senior 16.00 or more

At the middle school level, any student failing more than one (1) core course will not be promoted to the next grade level unless approved by the building principal in consultation with the student’s guidance counselor and the parent/guardian.

## WITHDRAWALS FROM A COURSE

Withdrawal from a course after the second week the course has met will result in the student being assigned a grade of “50%” for all four marking periods as well as the final exam grade for that course. Permission to drop the course must be obtained by the current teacher, the guidance counselor (for credit review purposes), the parent/guardian, and the building principal.

# ATTENDANCE

## DISTRICT STATEMENT

Attendance for students is mandatory as required by the Pennsylvania State Public School Code of 1949 Section 1327, PA Code Title 22 Section 11, and River Valley School District Policy 204. Indiana County Schools are attempting to develop a Truancy Protocol that will lead to consistent enforcement of attendance and truancy laws throughout the county. Penalties and legal action for violation of the compulsory attendance regulation will be enforced as cited in section 1333 of the Public School Code of 1949. For more information on truancy and attendance, please visit <http://www.patruancytoolkit.info>.

**At no time are students permitted to leave the building. Students who leave the building/campus will be considered truant, unable to return to the building that day and will be subject to disciplinary action and/or legal action.**

## ARRIVAL

Students are permitted in the building beginning at 7:15 a.m. Please do not drop students off prior to 7:15 a.m. At 7:15 a.m., students are expected to go to their locker to prepare themselves for the school day. Students are not permitted to congregate in the halls or otherwise interfere with student arrival. After 7:20 a.m., students are considered tardy to school and must report to the office. Repeated tardies to school may be subject to disciplinary action. Walkers and car riders should time their arrival to school so that it is no earlier than 7:15 a.m.

## ABSENCES - DEFINED

The following terms and their definitions and descriptions will serve as guidelines to be utilized with regard to attendance and truancy:

### **Absence from School**

When a student is tardy or absent from school, regardless of the length of the absence, the parent or guardian shall furnish a written explanation (excuse) for the absence of the child. The excuse must include the current date, student's full name, the dates(s) of the absence, reason for the absence, and parent/guardian signature. A written excuse should be presented immediately upon return from the absence; i.e., the day following the absence, the student is to submit his/her excuse to your school office prior to reporting to homeroom.

The student has three (3) days after his/her return from an absence to turn in the excuse to the building office. After these three days, if no excuse is submitted, the absence will automatically be marked as unexcused/illegal. Failure to provide an excuse may result in legal action as described in the Indiana County Truancy Protocol and in accordance with the PA Public School Code of 1949.

### **Consecutive Absences**

Students who miss ten (10) consecutive school days may be dropped from the active membership roll unless the school has evidence that the absence is legal or the school has filed compulsory attendance charges with the Magistrate.

# ATTENDANCE

## ABSENCES - DEFINED

### **Excused Absences**

A student's absence will be recorded as excused if the absence occurred due to legitimate reasons as determined by the principal based upon review of the written excuse. The following are examples of excused absence reasons: 1) personal illness, 2) quarantine, 3) death in immediate family, 4) approved religious holidays, 5) required court attendance, 6) family educational trips (with prior approval from building principal), 7) educational tours (with prior approval of building principal), 8) school-sponsored activities, 9) athletic or extracurricular events, or 10) any event that has prior approval of the building principal. Students must use the approved form from the main office or on the school website.

### **Maximum Absences**

A maximum of ten (10) days of cumulative lawful absences (verified with parental notification) are permitted during a school year. All absences beyond ten (10) cumulative days WILL require an excuse from a licensed physician. Parents/guardians will be notified in writing when the ten (10) day limit is reached. Failure to provide a physician's excuse for subsequent absences will result in charges being filed with the District Magistrate.

The school can, at any time, require a student to have a doctor's excuse for any absences. Failure or refusal to supply a valid doctor's excuse will result in an unlawful absence. Any altered physician's certificates will be considered illegal and may be referred to the authorities. The building principal may contact a physician at any time to verify the validity of any excuse.

### **Unexcused Absences**

A student's absence will be recorded as unexcused if the absence occurred due to any of the following:

1. failure to provide a written excuse from the parent/guardian within three (3) school days of the absence
2. absence due to parental neglect
3. unapproved family travel
4. unapproved educational travel
5. oversleeping
6. missing the school bus
7. working at home
8. truancy
9. other reasons not sanctioned under "excused absences" or
10. parent's written excuse for a reason not valid under the PA Code.

***Schoolwork missed due to an unexcused absence is not permitted to be made up.***

***Note regarding excused/unexcused absences: excessive absences, whether excused or unexcused, will have a negative impact on your students academic achievement.***

## ABSENCES - DEFINED

### Unlawful/Illegal Absences

- First Offense:** When a student has obtained the first unlawful absence, the parent will be notified by mail with a “Notice of First Illegal Absence” letter. This letter is to be considered a warning and will outline all possible consequences if further unlawful/illegal absences are obtained.
- Third Offense:** Upon obtaining the third unlawful absence, the parent/guardian will receive a “Notice of Final Illegal Absence” letter. This is to be considered the final warning in regard to unlawful/illegal absences. A copy of this letter will also be sent to Indiana County Children and Youth Services (CYS).
- Fourth Offense:** Upon reaching the fourth unlawful absence, a School Attendance Improvement Plan will be developed in consultation with the student and his/her parent/guardian. The purpose of the SAIP is to identify any areas of concern that are causing the student’s truant behavior and to identify methods to correct that behavior.
- Subsequent Offenses:** Beginning with the sixth unlawful absence and for each subsequent offense, truancy charges will be filed with the district magistrate on both the student and the parent/guardian. At any time beyond the fifth unexcused absence, the District will file truancy charges with CYS.
- Once a student accumulates 210 minutes of unexcused tardiness (the equivalent of a school day), he/she will be issued one (1) day of illegal absence.

***NOTE: If a parent or guardian is found guilty of violating the compulsory attendance law, the parent may be fined up to \$300. Students found in violation of compulsory attendance laws may be fined for truancy and may also face suspension of their driver’s license or may become ineligible to apply for a driver’s license.***

***Truancy charges will be filed with the District Magistrate on a weekly basis. The local county Children and Youth Services (CYS) may be contacted regarding truant behavior without notifying the parent/guardian.***

## EARLY DISMISSALS

Students needing to be excused from school before regular dismissal time **must bring a written note/excuse** from a parent/guardian stating the time and reason for the early dismissal.

1. A written request from the parent/guardian must be submitted to the office by **7:20 am** the day of the early dismissal. This request must include the reason for the dismissal and the exact time the student is to be dismissed.
2. If the parent/guardian or a designated person is picking up the student, that person **must** come to the office and sign out the student. If the student is driving him/herself, this must be stated in the note.
3. Upon return to school, the student **must** submit a slip from the doctor, dentist, magistrate, driver's license center, etc., indicating the appointment date and time, or the **absence will be unexcused**.

Parents and students are encouraged to make personal appointments before or after school hours since being dismissed early can cause a disruption to the educational process.

## STUDENTS RETURNING FROM EARLY DISMISSAL

Any student who is dismissed during the regular school day but returns during the same school day will be coded as "½ Day Absent" if the total time outside of the school building is more than 210 minutes. Students in this category will be eligible to participate in extracurricular events that evening.

A student must be present for at least 210 minutes during the regular school day in order to be eligible to participate in extracurricular events unless a medical excuse (from the day in question) is submitted to the main office during regular school hours.

Code	Time

## EDUCATIONAL TRIPS

Educational trips are considered a legitimate excuse for being absent from school. Any educational trip request should not exceed a period of five (5) days total. Any request beyond five (5) total days will be subject to review by the building principal per Board Policy #204. Arrangements/reservations/appointments for such trips are usually made well in advance of the day of the trip, and permission to be excused from school **must be granted by the principal at least five (5) school days prior** to the intended absence of the trip to be considered excused. Students must obtain the proper “Educational Trip Request Form” from the office or the school website, complete it, and return it to the office at least five (5) days prior to the date the absence is requested. Upon returning to school, the student must also complete the Trip Summary Form. Failure to comply with this policy may result in your absence being recorded as unlawful. Please note that days of approved educational trip absences do not accumulate toward the 10 day maximum prior to the requirement of medical excuses. Requests for educational trips will not be approved during periods of PA State standardized testing (PSSA, Keystone, etc.) or during final examination periods.

## TARDINESS TO SCHOOL

Students are considered tardy if they arrive in their homeroom after **7:20 a.m.** Tardiness is only considered “excused” for the following reasons:

1. with an excuse from a physician or dentist for an appointment they had that morning,
2. with an excuse from the magistrate or court for a required hearing or other legal proceeding,
3. with a legal paper or permit (with a date stamp) for a student going for their driver’s permit or driver’s license.

All other tardiness may be considered as “unexcused.”

If a student has excessive unexcused tardies, s/he may be placed on behavior probation, which could include revocation of parking privileges and inability to participate in any extracurricular activities. Any tardy occurring during this period will automatically restart the behavioral probation process for an additional four (4) week period and will also result in disciplinary action.

## RELIGIOUS HOLIDAYS

A pupil may be excused from school for observance of bona fide religious holidays by particular religious groups, in accordance with PA School Laws, upon submission of a written request by the parent to the building principal prior to the day of absence.

## WITHDRAWAL PROCEDURE

Students may withdraw from school in accordance with School Board Policy #208 following the established procedure. You may view the School Board Policy online, or see the guidance office for details.

# ATHLETICS & EXTRACURRICULAR ACTIVITIES

## ATHLETIC AWARDS

Certificates of participation and letters are awarded to eligible athletes at the end of each season of interscholastic competition according to the criteria established for each sport and on file with the Athletic Director. Letters are presented throughout the year at each sport's individual recognition event.

## ATTENDANCE

Students who are unreasonably tardy (after 11:10 am, M-Th/after 9:40 am Fri.) or absent from school are not permitted to participate in or attend athletic events, including practice, that day with the exception of absence due to school-sanctioned events such as field trips, pre-approved absences, or absences due to an emergency or medical situation with approval of the building principal. Students arriving late for medical reasons must provide a valid medical excuse from a doctor upon return to school.

## CLASS ABSENCES

Sometimes situations arise that students must be excused from classes during the day for athletic events. The exact times for athletic early dismissals are established by the Athletic Director. Teachers are informed of the dismissal time through the daily attendance bulletin. These absences are to be considered school-sanctioned. Students are responsible for making up all work missed during the absence, and the work must be made up during the next available class period.

## CONDUCT OF SPECTATORS AT EVENTS

Students and all other spectators are expected to demonstrate good sportsmanship and appropriate social behavior during all school athletic events, both home and away. All rules of conduct described in the "Student Conduct" section of this handbook apply to all athletic/extracurricular events at home, away, or in transit.

# ATHLETICS & EXTRACURRICULAR ACTIVITIES

## ELIGIBILITY

Students who wish to compete for a position on any athletic team should report to all scheduled practices for that team. To be eligible for a team, a student must fulfill the requirements of the River Valley School District, the Heritage Conference, as well as those of the Pennsylvania Interscholastic Athletic Association (PIAA). The requirements of the PIAA are outlined below:

**Academic:** A student must pursue a full-time curriculum as certified by the building principal. A student must be passing at least four full-credit subjects, or the equivalent, as of each Friday morning during a grading period. If a student fails to meet this requirement, they will be deemed ineligible from the following Sunday through the Saturday immediately following the next Friday, of which the student next meets this requirement. The student also must have passed at least four full-credit subjects or the equivalent during the previous grading period, except that eligibility for the first grading period is based on the final grades for the preceding school year. If a student fails to meet this requirement, the student will be ineligible for at least 15 school days of the next grading period, beginning on the first day that report cards are issued.

**Age:** To be eligible to participate in grades 10-12, a student must not have reached age 19 by June 30 preceding the current academic year.

**Attendance:** A student who has been absent from school during a semester for a total of 20 or more school days shall not be eligible to participate in any athletic contest until he/she has been in attendance for a total of 45 school days following his/her 20<sup>th</sup> day of absence. Exceptions are made only with the approval of the building principal in accordance with PA Code.

**Student Conduct Eligibility:** A student may, at any time, be withdrawn from competition if his/her citizenship is such as to make him/her an unworthy representative of the school. Expectations and consequences regarding student conduct are described in the "Student Conduct" section of this handbook.

## EQUIPMENT

Every student participating in interscholastic athletics receives the proper, reasonable equipment, including uniforms. When joining an athletic team, students assume full responsibility for the proper care and timely return of all equipment that has been issued. If a student fails to return the equipment, the coach will issue a Debt Notice to the school office for the amount of its replacement. In addition, the student will be placed on behavior probation until the debt is paid in full. (This also means that the student will not be permitted to participate in another sport). Students with delinquent obligations at the time of graduation will not be permitted to participate in Commencement exercises or receive a diploma.

# ATHLETICS & EXTRACURRICULAR ACTIVITIES

The River Valley School District is regularly represented by varsity and junior varsity teams in various sports in interscholastic competition. The school is a member of the Heritage Conference and the PIAA.

### Fall Sports

Cheerleading - Boys Cross Country - Girls Cross Country - Girls Volleyball - Girls Golf - Boys Golf - Football

### Winter Sports

Cheerleading - Boys Basketball - Girls Basketball - Wrestling - Indoor Track & Field

### Spring Sports

Baseball - Softball - Track & Field

## PHYSICAL EXAMS

A student is eligible to participate in athletics only if a comprehensive initial pre-participation physical evaluation ("CIPPE") has been completed and performed by an authorized Medical Examiner before the first sport season's first practice of that school year. If a student seeks to participate in subsequent sport(s) in the same school year, the student may be required to be re-evaluated and re-certified that the student's physical condition is satisfactory. A CIPPE may be performed no earlier than June 1 and, regardless of when performed during the school year, remains effective only until the next May 31.

## RESTRICTIONS DURING DISCIPLINARY ASSIGNMENT

Students who have been assigned a disciplinary action (any form of detention, suspension, etc.) are prohibited from attending any practice, game (late or early), or event on the respective date(s) and are subject to any penalties that coaches or advisors exercise as a result of this absence. These restrictions include participation in athletics as well as other extra-curricular activities. Friday or last day of the week disciplinary assignments will also prohibit the student from attending any practice, game, or event over the weekend.

# ATHLETICS & EXTRACURRICULAR ACTIVITIES

## STERIODS AND OTHER DRUGS

The Board prohibits the use of anabolic steroids by students involved in school-related athletics except for a valid medical purpose. Bodybuilding and muscle enhancement of athletic ability are not valid medical purposes. Human Growth Hormone (HGH) shall not be included as an anabolic steroid. Students should be aware that steroid use is dangerous. Anabolic steroids are classified as controlled substances, and their use, unauthorized possession, purchase, or sale could subject students to suspension, expulsion, and/or criminal prosecution.

The following minimum penalties are prescribed for any student-athlete found in violation of the prohibited use of anabolic steroids:

1. For a first violation, suspension from school athletics for the remainder of the season.
2. For a second violation, suspension from school athletics for the remainder of the season and for the following season.
3. For a third violation, permanent suspension from school athletics.

No student shall be eligible to resume participation in school athletics unless a medical determination has been submitted verifying that no residual evidence of steroids exists. The Board requires participation in drug counseling, rehabilitation, testing, or other programs as a condition of reinstatement into the school athletic program. If, based on the student's behavior, medical symptoms, vital signs, or other observable factors, the building principal has reasonable suspicion that the student is under the influence of a controlled substance, the student may be required to submit to drug or alcohol testing. The testing may include but is not limited to the analysis of blood, urine, saliva, or the administration of a Breathalyzer test.

While these may represent the minimum penalties based on Board Policy #227, it is understood that further action may be necessary in accordance with established Administrative Guidelines.

## STUDENT MANAGERS AND STATISTICIANS

Student managers for each team are chosen from a list of students who have made an application through the coach of that athletic team. Managers and statisticians may be awarded letters according to the guidelines established by the head coach of that sport.

## TEAM RULES

Individual sport team rules will be developed and enforced by the head coach of that team and filed with the Athletic Director. Students should receive a set of team rules during the first practice. Individual team rules may differ between sports.

# ATHLETICS & EXTRACURRICULAR ACTIVITIES

## BEHAVIOR PROBATION AND ATHLETICS/ACTIVITIES

Participation in extracurricular activities of any nature is a privilege and not a right. Any student who is placed on behavior probation for any reason will be ineligible to participate in any activity that is covered under the “Athletics and Extracurricular Activities” section of this manual.

## CLUBS/ORGANIZATIONS

Clubs and organizations provide many meaningful ways for students to get involved in groups and activities beyond the classroom. Students are encouraged to learn about and join clubs at the beginning of each academic year.

## DANCES/PROM

Several different school-sponsored and school-affiliated dances are held throughout the school year. There are also other social functions that are sponsored by local community organizations. The number of dances held is based on the interest level of the student body and at the discretion of the building principal. The following describes those sponsored by the school or its organizations:

- Homecoming:** The Homecoming Dance in the fall is a school-wide dance held at the high school that is open to each student and his/her guest. Attendees must be District secondary students with guests no older than the age of 20.
- Junior/Senior Prom:** The prom is a formal dance sponsored by the junior class and held at an off-campus location in the spring. The prom is open to students classified as a junior or senior and his/her guest. Attendees must be in grades 9 through 12 or no older than the age of 20 at the time of the event. Transportation between the Grand March, Prom, and After-Prom are provided by the junior class, and no other transportation arrangements may be made.
- Middle School Dances:** Middle school dances are typically sponsored by a school organization, and are held at various times during the academic year. Attendees must be enrolled in the respective building in grades 6 through 8 or follow the steps to seek prior approval if residing in the district and not attending RVMS.

*The Homecoming and the Junior/Senior Prom are considered “open” dances, meaning students may invite and bring a guest from another school district (with appropriate paperwork filed with the event advisor). Unless approved by the building principal, all other dances are to be considered “closed,” meaning that only students from the River Valley School District may attend – with student ID.*

# ATHLETICS & EXTRACURRICULAR ACTIVITIES

## FUNDRAISING

According to Board Policy #229, fundraising by approved school organizations may only be permitted by the Board. All requests for fundraising activities must be submitted to the Athletic Director to be sent on for Board approval. Students may only engage in fundraising activities on behalf of an approved student organization. All money raised must be deposited into the appropriate student activity fund and used for meaningful and approved activities. All fundraising procedures and protocols are outlined in the Administrative Guidelines.

## NATIONAL HONOR SOCIETY

Sponsored and supervised by the National Association of Secondary School Principals, the National Honor Society (NHS) recognizes students who demonstrate outstanding accomplishment in the areas of scholarship, character, leadership, and service. The by-laws and operation of the NHS are drawn from the NHS Constitution as well as the Board of School Directors of the River Valley School District.

NHS student membership is offered to students selected by the five-member faculty council. To be considered for the NHS, a student must have completed five (5) semesters of high school, at least one (1) of which is at the high school, have a weighted cumulative QPA of 95.00% (without rounding) or higher, and meet criteria for character, leadership, and service.

In February of each year, seniors and juniors who have a weighted cumulative QPA of 95.00% or higher are invited by letter to submit information to the faculty council including: character recommendations from faculty members, verification of leadership experiences, and verification of service experiences. An informational group meeting is held to provide students with the necessary forms and information about the NHS goals, expectations, selection process and criteria. With no exceptions, students must submit the completed information packet to the NHS Advisor by the designated date and time. When all of this information is compiled, student names are removed from the verification packet. At that time, the faculty council, under the direction of the NHS advisor, reviews each packet anonymously relative to the NHS criteria for character, leadership, and service.

Candidates who meet the criteria are inducted into NHS during a ceremony in the spring. Freshmen and sophomores who aspire to NHS selection should learn about the criteria early in their high school career in order to document their leadership and service to the school and community.

# ATHLETICS & EXTRACURRICULAR ACTIVITIES

## MUSICAL ORGANIZATIONS

Instrumental Music: Opportunities in Instrumental Music include concert and marching bands. Participation in these programs requires students to be skilled in playing a musical instrument. Band is offered as a course for credit but is not a requirement for participation in any of these groups.

Vocal Music: Opportunities in Vocal Music may include Chorus and the Spring Musical. No requisite skills are required for any of these opportunities. Chorus is offered as a class for credit but is not a requirement for participation in any of these groups.

## STUDENT COUNCIL

The Student Council may plan school-wide activities, publicize school events, and promote school spirit. The student body may participate in an election of representatives for Student Council from the freshman, sophomore, junior, and the senior class. Those elected to the Student Council will nominate and vote for the officers selected from the senior class membership.

# BUILDING PROCEDURES

## ACCIDENTS

Every accident in the school building, on the school grounds, at practice sessions, or at any athletic event sponsored by the school must be reported immediately to the person in charge and to the school nurse, who will then report it to the proper authorities. Under no circumstances are students to leave school grounds for an injury sustained at school without proper authorization.

## ADDRESS/TELEPHONE NUMBER CHANGES

Any student having a temporary or permanent address change during the school year must notify the school main office or guidance office immediately. Failure to do so may result in an inability to effectively communicate with parents/guardians. Three proofs of residency must be shown for change to occur.

## ANTI-BULLYING

The River Valley School District is committed to providing all students and employees with the right to a safe and civil educational environment, free from harassment or bullying, in accordance with state law and regulations. The district recognizes that bullying interferes with the learning process and may present an obstacle to the academic, vocational, and social/emotional development of students. All issues regarding bullying should be reported to the student's guidance counselor for further review. Guidance counselors will work in collaboration with building administration to take appropriate action.

# BUILDING PROCEDURES

## ARRIVAL

Students are permitted in the building beginning at 7:15 a.m. Please do not drop students off prior to 7:15 a.m. Students At 7:15 a.m., students are expected to go to their locker to ready themselves for the school day. Students are not permitted to “hang out” in the halls or otherwise interfere with student arrival. After 7:20 a.m., students are considered tardy to school and must report to the office. Repeated tardiness to school may be subject to disciplinary action. Walkers and car riders should time their arrival to school so that it is no earlier than 7:15 a.m.

## ANNOUNCEMENTS

All announcements will be made on the Morning News or PA system. Information should be delivered in writing by a club sponsor or teacher, preferably by the close of business on the previous day. Bulletin board notices and announcement signs must have the approval of the building principal. It is solely the responsibility of each student to pay attention to both morning and afternoon announcements. Faculty and staff bear no responsibility for any information missed at these times.

## ASSEMBLIES

A variety of assembly-style programs may be held throughout the school year. The following rules govern behavior in assemblies:

1. Students must enter the assembly area and be seated with their class/homeroom. Attendance will be taken, and students who are marked absent will be processed for a class cut.
2. As a courtesy to speakers or performers, no distracting behaviors or conversations will be permitted.
3. Whistling, booing, hissing, and other distractions will not be tolerated.
4. When dismissed, students will leave the assembly area as quickly and quietly as possible.

## BOOKBAGS

Students will be required to put bookbags in their lockers. Bookbags are not permitted to be carried at any time during the school day.

# BUILDING PROCEDURES

## CELLPHONES/ELECTRONIC DEVICES

**Middle School:** The possession and use of cellphones and non-district issued electronic devices is prohibited by all Middle School students during the school day in district buildings, on district property, during the time students are under the supervision of the district, and in locker rooms, bathrooms, health suites, and other changing areas at any time. Cellphones are not permitted to be in a student's physical possession during the school day. If brought to school, cellphones must be turned off and kept secured in the student's locker. Electronic devices/cellphones that are found on a student will be confiscated and result in disciplinary action against the student. If subsequent offenses occur, the device may not be returned to the student, and guardians may be asked to come in for a meeting to pick up the cell phone/electronic device. Students will always be able to communicate with guardians and/or contact home through the main office phone. All personal devices not issued by the school must be stored in the student's locker during the school day. The district shall not be liable for the loss, damage, or misuse of any electronic device.

**High School:** The use of cellphones and non-district-issued electronic devices is prohibited by High School students during the school day in the hallways, locker rooms, and restrooms. With the building Principal approval, teachers may grant approval for the possession and use of cellphones and/or an electronic device by High School students in the classroom for instructional-related activities or other reasons deemed appropriate by the building Principal. The district shall not be liable for the loss, damage, or misuse of any electronic device. Violations by a student shall result in disciplinary action and confiscation of the electronic device.

## CAFETERIA

The school cafeteria is maintained as a vital part of the health program of the school. Students are assigned to eat lunch at designated times, generally by grade level. Students must report to the cafeteria during their assigned lunch period and remain there for the entire period. This is the time of day to relax, eat lunch, and talk to your friends at your table. It is not a time for horseplay, disruption, or inappropriate behavior. If at any time a student is found to be disrespectful, disruptive, or responsible for damages to school property, disciplinary consequences will be issued, and financial reimbursement for the repairs will become the family's responsibility.

The authority of teachers on cafeteria duty is to be respected. Directives from any staff member must be followed by all students in the cafeteria. This includes but is not limited to, cleaning an area, following staff directives, correcting inappropriate behavior, and/or providing the requested information. Failure to comply with directives may result in disciplinary action, including extended cleaning in the cafeteria and/or a change in seating.

# BUILDING PROCEDURES

## CAFETERIA

The following guidelines will help you maintain good behavior in the cafeteria:

- On the first day, students will review the cafeteria rules developed through the PBIS matrix. The behavioral expectations will be posted in the classroom.
- Respect the authority of the teacher/staff on cafeteria duty. If a student's behavior becomes disrespectful or unruly, he/she will be assigned to a special seat for a period of time. Repeated misbehavior will result in disciplinary action and possibly permanent special seating
- Middle School students should leave their belongings outside of the cafeteria. It is recommended that students leave their belongings in their lockers. The district is not responsible for lost, stolen or damaged items left in the hallways. Middle School students are NOT permitted to use iPads, cellphones, Chromebooks, or other electronic devices in the cafeteria
- Cafeteria lines should be kept orderly, and all trash be deposited in the trash receptacles. Students are not permitted to take food items from the cafeteria. All food must be eaten in the cafeteria. Throwing anything; food, paper, etc. in the cafeteria is not permitted. Students who misbehave in the cafeteria are subject to disciplinary action.
- Teachers assigned to the cafeteria have the authority to assign students to a respective seat. Students must sit at their assigned lunch table and in their assigned seat. Students are not permitted to move tables/seats unless told by a teacher/staff member to do so. Students should remain seated at all times except to obtain lunch and to dispose of waste and return trays. All students should remain seated until the bell rings at the end of the period. In addition, all students should arrive in the cafeteria by the time the late bell sounds.
- Students may not move to the serving line until the teacher on cafeteria duty instructs them to do so. Students should not push or run to the food line.
- Students are to have their feet underneath their seats/table and not be turned around in the walkway. This is to make sure the aisles are clear.
- Students are responsible for cleaning their own areas, returning their own trays, dishes, and silverware and discarding their own trash in the disposal area.
- Students must always request permission from a cafeteria proctor before leaving the cafeteria during the lunch period. Students not remaining in the cafeteria for lunch must obtain permission and present a signed pass to a teacher or administrator who is accepting responsibility for supervision of the student for this time period. The signed pass must be presented to a teacher or staff member on cafeteria duty, who will then sign the pass acknowledging they are aware of where the student is reporting. No one may leave unless they obtain permission.

# BUILDING PROCEDURES

## DISMISSAL

All students will be dismissed each afternoon at the conclusion of the last period by the bell. Student drivers will not be permitted to leave until the final bus has left the campus.

## ELEVATOR

Only authorized students with physical limitations may use the school elevator. Students may obtain an elevator key in the Main Office with the proper physician's documentation.

## EMERGENCY CLOSINGS

If it becomes necessary to close or delay the start of school, an announcement will be broadcast via the Finals site messaging system. In addition, the announcement will be placed on the District website ([www.rivervalleyisd.org](http://www.rivervalleyisd.org)) and broadcast on the following: KDKA TV, WTAE TV, WPXI TV, WCCS (AM 1160), WDAD (AM 1450), WQMU (FM 92.5), WLCY (FM 106.3)

All students are expected to attend curriculum-based field trips that occur during school hours. These are considered academic and are in lieu of instruction. Field trips are considered school-sanctioned absences, and students are considered present for attendance purposes. On occasion, special clothing may be desirable in the form of jeans, raincoats, etc. All students must ride the bus to and from the field trip. Students are not permitted to ride to or from the field trip with a parent or guardian. All school rules and the school discipline code apply during all field trips. Students demonstrating inappropriate conduct at school may be denied participation in field trips.

## FIRE DRILLS AND EVACUATION PROCEDURES

Fire drills will be held monthly to acquaint students with emergency procedures. An evacuation plan is posted in each room. Students will be instructed regarding these plans during the first week of school, and should become familiar with these plans. Under teacher supervision, students must leave and re-enter the building in a quick, orderly, quiet fashion. Severe weather and lockdown drills are held as needed. No student is excused from participating in a drill. Any infractions will be reported to the building principal and disciplinary action will follow.

# BUILDING PROCEDURES

## FOOD AND BEVERAGES

Students must consume all food and beverages in the cafeteria (excluding breakfast which may be consumed during homeroom only), including products from the vending machines and food or beverages from home. Food or beverages that are dropped or spilled in the building create serious safety and sanitary issues. Neither students nor parents are permitted to order food and have it delivered to the school. Students are not permitted to have outside food or beverages in classrooms, hallways, gymnasiums, bathrooms, or other areas outside of the cafeteria. Any food or drink brought by a student for lunch must stay in their locker until lunchtime. The district is permitting students to carry personal clear water bottles. Bottle-filling stations will be available for student use. Chewing gum is not permitted in the Middle School. It causes damage to school property and presents a choking hazard in the classroom. Students will be asked to spit it out and may be subject to disciplinary action for multiple violations. (With permission, High School students are permitted to access and purchase from the Cool Beans Cafe. Food and drink purchased from the Cafe may only be consumed in areas where permission is granted.)

Water Bottle Guidelines:

1. A water bottle may be brought to school from home. It must be transparent. Bottles cannot be shared.
2. Container must have a closable lid (screw-on, push-top, flip-top lids).
3. Water only! Bottles are to be filled between classes and should not disrupt class time.
4. The classroom teacher will determine a safe location within the room to store water bottles.
5. Students are responsible for damage to school property, technology devices, or personal injury as a result of their water bottles.

## FREE AND REDUCED LUNCH PROGRAM

Breakfast and lunch will be free to all students for the 2024-2025 school year. A la carte items will have a cost associated.

## FOREIGN EXCHANGE STUDENTS

Requests must be received by the Superintendent no later than June 30 prior to the school year in which the student is to attend school in the River Valley School District. These exchange students shall be registered through the Student and Exchange Visitor Information System (SEVIS) service of the Department of Homeland Security. The Board reserves the right to limit the number of foreign exchange students admitted to the schools.

The Superintendent or designee shall be responsible for determining the eligibility of foreign exchange students applying for admission to district schools. Once admitted, all exchange students shall be subject to all district policies and regulations governing students.

# BUILDING PROCEDURES

6. Only a high school "Certificate of Completion" shall be awarded to exchange students who successfully meet academic requirements during the year they attend. However, foreign exchange students will not be ranked or eligible for valedictorian or salutatorian honors.

## HALLWAYS/HALL PASSES

Students should maintain proper hall behavior at all times. There should be no running, pushing, loitering or cellphone usage in the hallways. Students have (3) minutes to travel between classes, and should do so efficiently and quietly or risk being late to class.

A hall pass is required when leaving the classroom. If your child's behavior warrants (late to class, fighting in halls, cellphone usage, loitering in halls) he/she may be put on "hall restriction" which would limit your movement between classes. A hall pass will be required of all students who have short-term needs such as a trip to a locker, a restroom visit, a trip to the office, etc. EHALL-PASS will be used for all passes in the Middle-High School building. . It is solely the responsibility of the student to obtain the hall pass before leaving the classroom. Failure to do so will result in disciplinary action.

Students who need to visit the nurse's office or guidance office MUST first report to his/her scheduled class and secure a written pass prior to going to the nurse or counselor. Students wishing to go to another classroom or the library/media center must secure a pass from that teacher prior to homeroom. Students are not to be late for a class to obtain a pass.

# BUILDING PROCEDURES

Parents should apply for homebound instruction through the student's guidance counselor. Based upon the availability of instructors, arrangements will be made to schedule the instruction as soon as possible. Any decisions about homebound instruction will be made by the building principal and guidance counselor in consultation with Central Administration.

Homebound is only offered to physically ill students with a physician's recommendation. Parents who have questions about homebound should contact the student's guidance counselor. If additional assistance is necessary that cannot be answered by the counselor or building principal, the Superintendent or designee will assist.

## HOMEROOM PERIOD

Students are assigned to a homeroom (HR) period to start their instructional day. Students must be prompt to HR for daily attendance and opening exercises. It is the student's individual responsibility to listen carefully during HR announcements from the HR teacher as well as PA announcements.

## HOMEWORK

Students are responsible for completing all homework assignments. Work assigned during student absence must be completed and students will be granted an amount of time equal to the length of absence to complete the work. Students who miss school are encouraged to check Canvas Instances for any missed work.

## LOCKERS (SCHOOL AND LOCKER ROOM)

Students are required to utilize lockers to store personal belongings. All MS students will be provided a lock to place on locker, all MS Students are required to use school-issued locks and may not use personal locks on the school lockers. HS students that request a lock will be provided one at the beginning of the year. Locks not issued by the school will be cut off and discarded. RVSD is not responsible for personal items stored in student lockers.

## LOST AND FOUND

Students should check the Lost and Found area in the Main Office for missing items. Although the school is not responsible for student property that is lost or stolen in the building, students should report lost or stolen items to the Main Office. All found property should also be sent to the Main Office.

# BUILDING PROCEDURES

## LOST OR DAMAGED MATERIALS

Students who lose or damage any school property (including books, electronics, athletic equipment, uniforms, etc.) will be held financially responsible for the replacement or repair. Students are notified of their debts owed to the district through receipt of a Debt Notice/Invoice. A copy of these notices is maintained in the Main Office should the student or parent require details about the debt. Students with outstanding obligations will not be permitted to participate in commencement activities or apply for a parking permit. Students must pay the full price for a lost school-owned book that is not more than two (2) years old. If the text is more than two (2) years old, full price less than 10% per year must be paid. The minimum charge for a lost textbook is \$20.00. A replacement text will not be issued, except for classroom use, until the student has paid for the lost book. Students may pay for lost books at the Main Office only. When the student has paid for lost books that are subsequently found, the district will issue a refund to the parent. Any new hardback book damaged beyond normal use, but still usable, shall be assessed a fine of \$10.00. District-issued technology (i.e. Chromebooks and iPads) will be invoiced as per damage/loss. Please note that the financial responsibility rests with the student/parent to whom the item was issued.

## OTHER SCHOOLS

All academic, behavioral and financial obligations must be resolved one (1) week prior to graduation. Otherwise, a senior will not be permitted to participate in the commencement ceremony/activities.

# BUILDING PROCEDURES

## SEARCH AND SEIZURE

The school district acknowledges the need to provide a safe learning environment for its staff and students. In accordance with Board Policies #218 and #226, the administration may authorize a search of a student, students' lockers, students' vehicles or other belongings if there is a reasonable suspicion that there is a possible threat to the health, welfare and/or safety of any student or staff member.

### Personal Searches

A student's person or personal property (i.e. purse, book bag, jacket, trousers etc.) will be searched whenever the administration has "reasonable suspicion" to believe that he/she is in possession of illegal or unauthorized materials or dangerous substances. Any item that has been brought onto school grounds is subject to search in the interest of the safety and well-being of all individuals. When necessary, a pat down search of a student may be conducted in private by the school district resource officer, school nurse and/or administrator, and another staff member. No strip searches will be conducted by school personnel.

### Locker Searches

Student lockers are school property and remain at all times under the control of the school. Students shall have no expectations of privacy in their lockers, and the administration reserves the right to inspect lockers at any time by any means. However, students are expected to assume full responsibility for the contents of their lockers. Students should keep in mind that since lockers belong to the school district, a locker may be searched at any time. Any item disclosed by a search can be used for disciplinary action and may be turned over to law enforcement officials.

Each student will be assigned a locker. Students should only use their own assigned locker, and it should be kept locked (with a school-issued lock only) at all times. All personal items and books, when not in use, are to be kept in lockers. A student should not tamper with another locker or give the combination to another person. It is the student's responsibility to report to the office any broken lock or locker. Students must keep their assigned lockers secured against incursion by other students, but no student may use a locker as a depository for a substance or object that is prohibited, or that constitutes a threat to the health, safety, or welfare of the occupants of the school or the building itself. Students should understand that they have no expectation of privacy within their lockers. If there is reasonable suspicion that a student is violating the law or school regulations, then searches may be conducted. When it becomes necessary to search a student locker, the building principal or designee will conduct the search in the presence of another member of the school staff and, when necessary, in the presence of the police.

### Vehicle Search

Any vehicle on school property is subject to search if the principal or his designee has established reasonable suspicion to believe that he/she is in possession of illegal or unauthorized materials or dangerous substances. A search of a student's or visitor's vehicle shall be permitted only when there is a reasonable belief that said student or visitor has in his or her vehicle items either in violation of federal, state, or local laws or in violation of school board policy. A search shall be conducted by a designated school official in the presence of another member of the school staff and may include the student/visitor as well. Any illegal materials discovered as a result of a search may be used as evidence against the student in disciplinary, juvenile, or criminal proceedings.

# BUILDING PROCEDURES

## SEARCH AND SEIZURE

### Canine Sweeps

The River Valley School District reserves the right to enhance the safety and security of students and staff by using canines, such as those trained in the detection of narcotics and explosives. Such searches will be at the direction of District Administration and may be unannounced; areas to be part of such searches will be public areas (e.g., hallways and parking lots) and all areas that are the property of the School District.

The District reserves the right to request intervention from police authorities, including the use of canine units, which will have the same rights as detailed within the Search and Seizure guidelines. Police intervention shall be in accordance with School Board Policy. **Refusal to cooperate in such searches may result in disciplinary action (disorderly conduct), which may include a referral to law enforcement.**

If the school delegate finds that a student is in violation of public law, or if that student has placed himself/herself, or the staff and students on the campus at risk, then that individual will be subject to the discipline guidelines as defined in this Student Handbook.

## SECURITY

All security officers are trained and hold the credentials of a Pennsylvania State Policeman. Each campus is patrolled daily by an officer and is outfitted with clothing and equipment that signifies their position. The officers do interact with the students and staff as they secure the premises. The district wants to emphasize that the security officer's role is to secure and protect students first and foremost.

## STUDENT DRIVING AND PARKING

Students must register vehicles, obtain a district permit and display the permit on the vehicle's rear view mirror in order to park in the student parking lot during the school day. Permits are issued only to seniors and juniors with a valid driver's license and a completed application. Students must apply for a new permit at the beginning of each year.

Any student with delinquent obligations for lost or damaged school property will not be issued their parking permit until all obligations are satisfied. At registration, students must present a driver's license, a copy of the vehicle registration certificate and proof of insurance for the car(s) they will be driving, and their student schedule. Only one permit will be issued per student. If the student will be driving different family vehicles, each vehicle must be registered with the district and the student will be expected to transfer the parking permit for display in the vehicle in use for the day. Students without a parking permit who experience extenuating circumstances, e.g., illness or injury, may apply for a temporary parking permit through the building principal.

# BUILDING PROCEDURES

## STUDENT DRIVING AND PARKING

Parking permits are non-transferable. Only the student owning the permit may use it. Students who give their permit to others or use another student's permit will be subject to discipline, which may include temporary or permanent loss of the permit. Students may only park in the designated student parking area, which may also include designated spaces in the elementary school lot. Students may not park in the staff parking lot or non-designated spaces in the elementary lot. Violation of district parking regulations may result in the loss of driving privileges and/or discipline.

Student vehicles parked on District property are subject to search by the District and/or law enforcement authorities upon reasonable suspicion, with or without notice, depending on the situation. General and random searches (including canine sniff searches) are authorized. Students should have no expectation of privacy as to vehicles on District property. Parking is a privilege, not a right, and student parking permits will be issued only where students and/or parents consent to such searches. Refusal to cooperate in such searches will result in loss of parking privileges as well as disciplinary action.

For safety purposes, students are not permitted to leave the building/return to their vehicles after they have entered the building without permission from the main office. All traffic signs must be obeyed. The 15mph speed limit in the parking lot must be followed. The District will rescind permits from students who violate or abuse parking privileges and/or traffic regulations. Students attending the ICTC are not permitted to drive to the ICTC without the principal's approval.

Student drivers are not permitted to leave the campus until the final bus has left the campus.

## STUDY HALLS

Students are expected to come prepared to assigned study halls to engage in academic work and to comply with general school behavior guidelines.

## TELEPHONE USE

Students cannot be called to the telephone during the school day, but emergency messages from parents will be taken in the Main Office and conveyed to the student as soon as possible. Students are permitted to use the office phone only during their free time, and only once permission is obtained from a classroom teacher and office staff. Students are not permitted to use cellphones or classroom phones during the school day.

## VISITORS

The visitation policy of the River Valley School District is to receive only those visitors who wish to tend to school business. All visitors must enter through the secured entrance and report to the main office. Students must receive permission in advance from the principal prior to bringing visitors to school. In the event COVID-19 guidelines are necessary, parent and visitor restrictions may be implemented.

# BUILDING PROCEDURES

## WORKING PERMITS

All students between the ages of 14 and 18 who are employed are required to have an Employment Certificate. Application for the Employment Certificate must be made by the parent, guardian, or legal custodian of the minor for whom such Employment Certificate or Transferable Work Permit is requested. The parent, guardian or custodian of the minor must appear in person in the Main Office to sign the application. A birth certificate, Baptismal Certificate, or other documentary evidence of birth must be presented at the time of application for the permit.

# STUDENT CONDUCT

## ACADEMIC INTEGRITY

Our district maintains a zero-tolerance position on cheating. Examples include, but are not limited to, obtaining help from another student during examinations; knowingly giving help to another student during examinations; use of notes, books, or any source of information during examinations (unless authorized); obtaining, without authorization, an examination or any part thereof; plagiarism; providing one's work for another student to copy and submit as his/her own; altering, or causing to be altered, the record of any grade in a grade book, office, or other record. The academic penalties for cheating are:

First Offense: A zero "0" grade for the assignment.

Second Offense: A failing grade for the nine-week period.

Third Offense: A failing grade for the course.

Be advised that disciplinary penalties may also be issued as per the code of conduct.

## ASSAULT/BULLYING/HARASSMENT

The River Valley School District will not tolerate any form of assault, bullying, or harassment which is defined as: engaging in a course of conduct or repeatedly committing acts which seriously alarm, harm, or annoy another person; including, but not limited to: harassment, sexual harassment, ethnic intimidation, and physical assault. To report an incident, obtain an Incident Report Form from the respective school office. School Board policies regarding assault/bullying/harassment may be viewed on the school website.

In addition to District consequences, civil penalties for assault include: Imprisonment for a term of not more than 90 days and a maximum fine of \$300.00. (See PA Cons. Stat., §2701-2719.)

## CHAIN OF COMMAND

We understand that, at times, it can be confusing to know whom to contact for a discussion on particular issues. A chain of command simplifies this by clearly designating who to contact should one have a question or concern about a specific matter. Additionally, at times, an individual may not be satisfied with the answer that is given, and they need to talk to someone at the next level in order to better resolve the question or problem. What is shown below is a listing of issues that a parent or citizen may encounter and the position in our district that has responsibility for that area. One should always start with the individual or office responsible for the area at Level 1 before proceeding up the chain of command as it becomes necessary. Contact information for the specific personnel listed below can be found on the school website.

## AUTHORITY

There is no division of authority among members of the staff of the School District. Any River Valley School District staff member is authorized to reprimand or correct pupils who misbehave at any time or any place during the school day. Teachers, according to the school code, have authority over pupils to and from school. One of the most important lessons education should teach is discipline. While it does not appear as a subject, it underlines the whole educational structure. It is training that develops self-control, character, orderliness, and efficiency. It is the key to good conduct and proper consideration for other people. With an understanding of the purpose of discipline in school, students may form a positive attitude toward it and not only do their part in making school an effective place for learning but develop the habit of self-restraint, which will make them better people.

# STUDENT CONDUCT

## BOARD POLICY ON STUDENT DISCIPLINE

The Board acknowledges that conduct is closely related to learning; an effective instructional program requires a wholesome and orderly school environment, and the efficacy of the educational program is, in part, reflected in the behavior of students and employees.

The Board shall require each student of this District to adhere to the rules and regulations promulgated by the administration and to submit to such disciplinary measures as are appropriately assigned for infraction of those rules. The rules govern student conduct in school and during the time spent in travel to and from school and are published early in the student handbook. Such rules shall require that students conform to reasonable standards of socially acceptable behavior, respect the rights, person, and property of others, preserve the degree of order necessary to the educational program in which they are engaged, and obey constituted authority and respond to those who hold that authority.

## CODE OF CONDUCT

The River Valley Board of School Directors adopted a Code of Conduct that provides a description of expectations and responsibilities for students, parents and school personnel. The policy also defines disciplinary consequences and behavior modification procedures staff members may use when dealing with students who exhibit inappropriate behavior in school. The Code of Conduct defines disciplinary offenses and consequences. In order to define a clear set of expectations for students, the Administrative Team of the River Valley School District has derived a set of Recommended Disciplinary guidelines. A copy of these guidelines is contained in this Handbook. Students and parents should spend an extensive amount of time reviewing this document. Students should ask questions if they are unsure of anything in the document.

## COMPUTER AND NETWORK USE

Tampering with, vandalism to, or unauthorized use of River Valley School District computers or other electronic equipment (printers, cabling, drives, monitors, keyboards, mice, VCRs, DVD Players, televisions, etc.), software or associated documentation is prohibited. Violations of this policy by students or adults may also constitute violations of the Pennsylvania Crimes Code or other statutes, subjecting violators to serious criminal prosecution. This policy is intended to be at least as broad and encompassing as Section 3933 of the Crimes Code (as of January 1995).

Student violators may be subject to discipline. This policy includes inappropriate use of the internet, network, and e-mail capabilities that exist on school district computers. All violators will be held responsible for restitution of any damage to hardware, equipment, software, and documentation, and for any direct consequential damages.

In addition, all students who are participants in the District's 1:1 initiative will be issued disciplinary action based on the infraction committed in regard to equipment issued as part of the initiative. All disciplinary details are outlined in the Acceptable Use and Care Guidelines as well as the Student Code of Conduct.

# STUDENT CONDUCT

## CORPORAL PUNISHMENT

The Board of School Directors prohibits the use of corporal punishment as a form of discipline for students in the district. Please be advised that reasonable force may still be used by teachers and school authorities under any of the following circumstances: to quell a disturbance, to obtain possession of weapons or other dangerous objects, for the purpose of self-defense, and for the protection of persons or property.

## DISCIPLINARY OPTIONS

### Behavior Probation

A student placed on Behavior Probation (BP) is not permitted to attend, as a participant or spectator, any school functions or extracurricular activities such as dances, sporting events, concerts, assemblies, musicals, etc. Students are not permitted to drive to or from school while on Behavior Probation. Students may be placed on and removed from Behavior Probation following a review of the student's behavior at the sole discretion of the building principal.

### Lunch Detention

A student assigned to lunch detention will retrieve their lunch under the supervision of the cafeteria monitor. The monitor will send the student to the designated lunch detention area (isolated area of the cafeteria, main office, guidance, etc). Near the end of the lunch period, the student will be directed to return the lunch tray and trash to the proper area(s).

### ILC

When behavior warrants, as indicated in the Code of Conduct, students will be assigned to the INDEPENDENT LEARNING CENTER (ILC). Only principals may assign students this level of discipline. When assigned to the ILC, students must follow the specific rules that are posted within the room. Please read these carefully so that you fully understand your obligations when you are assigned to this area.

### Out-of-School Suspension

During Out-of-School Suspension (OSS), students are removed from the educational setting for a period from one (1) day to ten (10) days. Cases of repeat offenders requiring OSS will be taken before the Board of School Directors for review. Parents are notified in writing when their child is assigned OSS. Students are expected to make up all work missed during a suspension.

These are guidelines only. Any infraction may warrant more or less severe (or different penalties) based on the circumstances presented.

# STUDENT CONDUCT

## DRESS CODE

River Valley School District policy #221 (Dress and Grooming) outlines appropriate clothing. River Valley School District administration reserves the right to question any mode of dress/jewelry/hairstyle that is beyond current community/school accepted standards or in any manner jeopardizing the health, welfare, or safety of a student or other students. Any clothing judged to be a disruptive influence in class or interfering with the educational rights of others is considered improper dress. Certain types of clothing and hairstyles may be required for physical education classes or for extracurricular activities such as band, athletics, etc.

The following are specifics to the Dress Code for River Valley School District.

### SECTION I. GENERAL

1. Excessively baggy pants or clothing that can conceal items and/or pose a safety hazard are not permitted.
2. Undergarments should not be exposed in any way.
3. All dress and grooming should be appropriate. Students are expected to dress in accordance with good taste and personal pride. Students have the responsibility to keep themselves, their clothes, and their hair clean.
4. Backpacks are not permitted to be carried by students during instructional time.

## DRESS CODE

### SECTION IX. DISCIPLINE

1. Students are subject to disciplinary action for violating the dress code and will be required to change and/or call home for appropriate clothing. The building principal shall have the final say in what constitutes a violation of the dress code.
  - First offense = call home, change clothes, verbal warning

If the principal determines that a student's grooming or clothing violates the school's dress code, the student will be given an opportunity to correct the problem at school and return to the classroom. If the problem cannot be corrected at school, the building administration will work with the student and a parent to obtain an acceptable change of clothing for the student in a way that minimizes the loss of instructional time. Repeated or severe offenses may result in more serious disciplinary action in accordance with the Student Code of Conduct.

## DRUG AND ALCOHOL POLICY

The River Valley School District is committed to an environment free from the unlawful use of drugs and alcohol for its students. In conjunction with the Drug-Free School and Communities Act Amendments of 1989 (Public Law 101-226), the River Valley School District will annually provide a statement of standards of conduct to all students. The Drug-Free Schools and Communities Act requires that as a condition of receiving drug-free school funds, all education agencies must adopt and implement programs to prevent the unlawful possession, use or distribution of drugs and alcohol by students.

### **Legal Consequences of Drug/Alcohol Violations**

The Board recognizes that the abuse of controlled substances is a serious problem with legal, physical, and social implications for the whole school community. As an educational institution, the schools shall strive to prevent abuse of controlled substances. The River Valley School District absolutely prohibits the unlawful manufacture, distribution, possession, or use of a controlled substance or alcohol on River Valley School District premises or while participating in or attending school-related activities of the district on or off the premises. All applicable legal sanctions under local, state, or federal law for the unlawful possession or distribution of drugs or alcohol will be applied.

## RECORDING WITHOUT PERMISSION (AUDIO/VIDEO)

No student is permitted to make an audio or video recording of another individual or a class session without the permission of the student, teacher or administrator who is being recorded. Violation may result in disciplinary action.

## REPORTING UNSAFE OR DANGEROUS ACTS

Students should report any concerns to the principal or a school counselor immediately. Students found to have knowledge of an unsafe act or a threat of an unsafe act, and not report it immediately, could be subject to school and legal consequences.

## GUIDANCE OFFICE

School counseling services are available for every student through a comprehensive school counseling program. Guidance services are available for any student to discuss school or personal problems. Students may request a conference with the guidance counselor by stopping in the office, requesting permission from a teacher or emailing their guidance counselor directly. Parents are also welcome to speak to the guidance counselor by calling or emailing the guidance office to arrange an appointment. The role of the counselor is to act as an advocate for students as they move through their secondary school years and beyond. Counselors work with students concerning many issues such as self-awareness, educational planning, test interpretation, career choice, post high-school plans, home, school and/or social concerns, or any matter the student feels should be discussed with a counselor.

### Confidentiality

All information gathered about your child is subject to the confidentiality provisions contained in federal and state law. The District has policies and procedures in effect governing the collection, maintenance, destruction, and disclosure to third parties of this information. For information about these policies and procedures as well as rights of confidentiality and access to educational records, you may contact in writing your child's guidance counselor or building principal.

## GUIDANCE OFFICE

### **Schedule Changes**

Scheduling changes must be requested in writing via the approved District form, approved through the guidance office, and are to be completed no later than the communicated timeframes. It is important to realize that completion of a “Schedule Change Request Form” does not guarantee that a schedule change will be authorized. Typically, schedule changes are only authorized for the following reasons: scheduling error, previous failure, and/or summer school. Permission for schedule changes may only be granted by the building principal.

Please Note: Withdrawal from a course after the second week the course has met will result in the student being assigned a grade of “50%” for all four marking periods as well as the final exam grade for that course. Permission to drop the course must be obtained by the current teacher, the school counselor (for credit review purposes), parent/guardian, and the principal.

### **Testing (Admissions/College Board)**

CEEB Code: 390355

Registration materials are available in the guidance office. Testing dates are also available in the guidance office, or by visiting the College Board website ( [www.collegeboard.com](http://www.collegeboard.com) ) or contacting the admissions office of the College or University to which the student is applying to. ### **Testing (ASVAB)**

All students will be administered the Armed Services Vocational Aptitude Battery (ASVAB) during the fall of the Sophomore year. This test is highly recommended due to its ability to measure developed abilities and helps to predict future academic and occupational success in the military as well as civilian occupations. ASVAB scores are used primarily to aid students in career exploration.

### **Testing (PSSA and Keystone Exams)**

The Pennsylvania Department of Education requires that all school districts participate in the Pennsylvania System of School Assessment. All 6th through 8th grade students will be required to take the PSSA assessments. All students enrolled in Keystone Eligible courses (Algebra I, Biology, and English Literature) as well as those who have not met proficiency through their respective junior year will be required to take the appropriate assessment. Listed below is the schedule for the administration of the PSSA and Keystone Exams for the 2024-2025 school year.

## GUIDANCE OFFICE

### **Transcripts and Letters of Reference**

Students who need letters of recommendation from their teachers as part of the college application process are encouraged to ask teachers with whom they have developed a strong rapport and/or a teacher in which they have a strong record of academic performance. For any students seeking a recommendation from a counselor, or seeking help with the application process, students must provide the Guidance Office with a minimum of two weeks notice. This is especially important when requesting transcripts to be sent to prospective colleges, employers, or the military. A transcript request form must be completed. Official transcripts will only be sent directly from the high school.

## HEALTH SERVICE

The nurse's office is located in the Middle/High School and is staffed by our school nurse. Students must have a pass from their teacher to visit the nurse's office.

- Only the nurse can determine whether or not a student should go home ill. Students are not permitted to contact home and/or request a ride home due to illness. Students that use their cellphone or other electronic device to contact home will be subject to disciplinary action.
- Health Screenings: Each student shall receive a comprehensive health examination upon original entry in 6th grade. Also, each student will receive a comprehensive dental exam upon original entry in 7th grade. Each student shall receive, from the school nurse or medical technician, vision tests, hearing tests, height and weight measurements, and other tests deemed advisable at intervals established by the district.
- Use of Medications: For purposes of this policy, medication shall include all medicines prescribed by a physician and any over-the-counter medicines.
- Possession/Use of Asthma Inhalers: Asthma inhaler shall mean a prescribed device used for self-administration of short-acting, metered doses of prescribed medication to treat an acute asthma attack. Self-administration shall mean a student's use of medication in accordance with a prescription or written instructions from a physician, certified registered nurse practitioner or physician assistant.
  - A written request from the parent/guardian that the school complies with the order of the physician, certified registered nurse practitioner or physician assistant.
  - A statement from the parent/guardian acknowledging that the school is not responsible for ensuring the medication is taken and relieving the district and its employees of responsibility for the benefits or consequences of the prescribed medication.

## LOCKERS

Lockers are the property of the school district and are on loan to students for use. Although school lockers are temporarily assigned to individual students, they remain the property of the school district at all times. The school district has a reasonable and valid interest in ensuring that the lockers are properly maintained. For this reason, periodic inspections of lockers are permissible to check for cleanliness, safety, contraband and/or vandalism. School authorities may conduct general maintenance inspections at any time without notice, without the student's consent, and without a search warrant. Any contraband discovered during these inspections will be confiscated by the administration and subject to disciplinary action. Only school-issued locks are permitted on lockers. All students will be issued a lock for their assigned locker by the school through their homerooms. Lockers and their contents, including school-issued materials, are the responsibilities of the students. Because lockers may be subject to search and because students will be held responsible for anything found in their lockers, lockers and lock combinations should not be shared. This rule is designed to protect students. Locks that are damaged, lost or removed from the lockers will have to be replaced by the students to whom they are issued at a cost of \$5.00.

## LIBRARY/MEDIA CENTER

The library will be open only during the Homeroom period. Students may checkout and return books during this time only. Teachers may bring students to the center during the school day. At no time should a student be in the center unsupervised. Students may check out books from the Media Center. Books are checked out for two (2) weeks. The due date is stamped on the due date slip inside the book(s). Some materials go out overnight only and should be returned during homeroom period the following day. Fines are 10 cents per school day on each overdue book. Books and magazines are to be used with care. Students are held financially responsible for lost and/or damaged materials. Students will be charged the replacement price of the item. College Hub will be located in the Media Center. Students will take online dual enrollment classes in this room. Current magazines, some reference books, and encyclopedias are to be used only in the Media Center.

## MAIN OFFICE

The school's Main Office handles telephone calls, visitors, and any student questions. Since it is essentially a business area, the use of the office phone by students will be permitted for emergency reasons only. Disciplinary matters, as well as student requests and problems, will be handled by the principal/dean of students/counselor in a timely manner. Since the Main Office handles a wide variety of issues throughout the normal school day, it may be necessary to schedule a meeting if you wish to speak with the building principal.

# STUDENT SERVICES

## NURSE

If your child has not received the proper shots, please make arrangements with your family physician to have this done as soon as possible. ### **Administering Medications to Students**

Before any medication can be administered to any student during school hours, a written order from the prescribing physician and a written request of the parent/guardian (which shall give permission for such administration and relieve the Board and its employees of liability for the administration of medication) must be obtained by the school nurse.

**Prescription Medications:** Prescription medications will be administered to the student as pre-approved in writing by the parent/guardian and with a written order from the prescribing physician. The written order of the prescribing physician should include the student's name, the name and purpose of the medication, the dosage, the time at which or special circumstances under which medication shall be administered, the length of period for which medication is prescribed, and possible side effects of medication. Prescription medications must be in the pharmacy-labeled container.

**Emergency Medication:** In special situations, such as allergic reaction to bee sting, asthma attacks or severe hypoglycemia, where an antidote must be administered, written approval will be required in advance from the parent/guardian along with a physician's written order. In the event that written pre-approval has not been obtained in advance from the parent/guardian, emergency medication can be administered upon diagnosis and instruction from the school physician or the student's private physician.

**Non-Prescription Medications:** Non-prescription medications, such as but not limited to, acetaminophen, ibuprofen, ointments and throat lozenges, will be administered to students as pre-approved in writing by the parent/guardian and authorized by the school physician in standing orders. Lacking pre-approval, and when, in the opinion of the school nurse, a student needs a non-prescription medication, the school may seek approval by phone from one of the following, in order: parent/guardian and the school physician. Failing to secure such approval, no non-prescription medications will be given.

### **First Aid**

When accidents occur, first aid is administered. First aid is defined as immediate, temporary care given in case of accident or sudden illness. Usually, first aid is administered by one of the following school personnel: nurse, nurse's aide, and/or principal. Further decisions and actions concerning the accident are the responsibility of the parent. The parent completes an Emergency Card for each child authorizing the school as to who should be contacted in the event emergency care is needed. Parents should keep this card up-to-date and inform the school of changes of phone numbers or persons listed.

## NURSE

### Use of Medication

Prescription and non-prescription medications will be administered to students by the nurse. A written note signed by the parent/guardian indicating the exact time(s) and dosage of the medication must be presented to the nurse with the medication. All medications shall be securely stored in the school office/health room and kept in the original labeled container. This includes aspirin and Tylenol. A STUDENT MAY NOT CARRY HIS/HER OWN MEDICATION, including over-the-counter medicines. If caught, they could be subject to discipline under Article IV of the River Valley Drug and Alcohol Policy.

### Wellness Policy

The River Valley School District recognizes that student wellness and proper nutrition are related to students' physical well-being, growth, development, and readiness to learn. The Board is committed to providing a school environment that promotes student wellness, proper nutrition, nutrition education, and regular physical activity as part of the total learning experience. In a healthy school environment, students will learn about and participate in positive dietary and lifestyle practices that can improve student achievement.

To ensure the health and well-being of all students, the Board establishes that the District shall provide to students:

- A comprehensive nutrition program consistent with federal and state requirements.
- Access at reasonable cost to foods and beverages that meet established nutritional guidelines.
- Physical education courses and opportunities for developmentally appropriate physical activity during the school day.
- Curriculum and programs for grades K-12 that are designed to educate students about proper nutrition and lifelong physical activity in accordance with State Board of Education curriculum regulations and academic standards.

## STUDENT ASSISTANCE PROGRAM (SAP)

The Student Assistance Program is mandated throughout all public secondary schools in PA. It is designed to assist school personnel to identify student issues, including alcohol and other drugs, which pose a barrier to their learning and school success. The mission of the SAP program is to help students and their families, encourage healthy coping skills, and to increase school success. Students' health, safety, and welfare are always of utmost importance. The team includes teachers, counselors, administrative staff, etc. These individuals are specially trained to identify problems, determine whether or not the presenting problem lies within the responsibility of the school, and offer resources to assist the student and parent. It is neither the mission of the school nor its responsibility to resolve all problems that impact upon school performance. Involvement of parents in all phases of the SAP underscores the parents' role and responsibility in the decision making process affecting their children's education and is the key to successful resolution of problems. School personnel, peers, students themselves, or family members may refer students to SAP. Any person who is concerned about a student is encouraged to refer that student by contacting one of the school counselors.

Bus transportation and bus routes have been arranged through the collaborative efforts of the Smith Bus Company and River Valley School District for the safety and convenience of our students. Any concerns regarding bussing should be directed to the Director of Transportation.

### Bus Safety Guidelines

Conduct of students on the school bus is an important factor in the safe transportation of school students. Acceptable behavior is to be practiced at the bus stop and on the bus. Misconduct will not be tolerated and can result in the loss of transportation privileges and/or suspension. Please be aware the School District will exercise their right to file disorderly conduct charges for certain student actions.

In order to establish a safe and efficient school bus transportation program, the following rules and regulations have been established:

1. Students are not permitted to ride a bus other than his/her assigned bus without written permission from the school office. Students are required to bring in a written request from the parent/guardian to receive permission to ride another bus. The request should be followed up with a phone call to the office to confirm validity. A Boarding Pass will be issued to the student from the office. Permission to ride another bus will be reserved for emergencies.
2. Students should board the bus and remain seated throughout the bus ride. Students will receive assigned seating and must sit in that seat for the entire school year or until the bus driver reassigns seats.
3. Students are not permitted to throw anything out the windows or within the bus. Keep hands, arms, and head inside the bus at all times.
4. Listen to the bus driver and follow his/her directions. Talk quietly so the driver is not distracted. Students are not permitted to use vulgarity on the bus.
5. Students must remain seated until the bus comes to a complete stop before making an attempt to get off the bus. DO NOT walk in the aisle way while the bus is still moving.
6. No food or drink is to be consumed on the school bus.

The River Valley School District reserves the right to use cameras on the school buses and utilize video and audio recording as a method of determining student discipline. Furthermore, in severe cases, disorderly conduct charges may be filed as outlined in the Student Transportation Guidelines.

### Student Drivers

Students who wish to drive to school must:

1. Complete an Application. Forms are available in the office.
2. Purchase a Parking Permit. Permits may be purchased in the Main Office for a non-refundable \$5.00 fee.

5. Temporary permits will be issued ONLY WHEN NECESSARY to students who do not drive to school on a regular basis (i.e., for doctor appointments, etc.). This must be arranged in advance with the building principal.

Driving to school with an authorized parking permit is a privilege. Students who are given a permit are bound by the rules of the school. The permit may be revoked at the principal's discretion. Reckless driving or failure to comply with the established procedure may result in loss of driving privileges and/or towing of the vehicle at the owner's expense. Permits may also be revoked due to violations of the Student Code of Conduct.

For safety purposes, student drivers are not permitted to go to their vehicles or leave the building once they have entered the building. Student drivers are not permitted to leave the campus until the last bus has left the campus. Vehicles on school property may be searched if reasonable suspicion exists.

## CHAPTER 15 ANNUAL NOTICE TO PARENTS

In compliance with state and federal law, the River Valley School District will provide to each student with a disability without discrimination or cost to the student or family, those related aids, services or accommodations which are needed to provide equal opportunity to participate in and obtain the benefits of the school program and extracurricular activities to the maximum extent appropriate to the student’s abilities. In order to qualify as a student with a disability, the child must be of school age with a physical or mental disability, which substantially limits or prohibits participation in or access to an aspect of the school program. These services and protections for “protected handicapped students” are distinct from those applicable to all eligible or exceptional students enrolled (or seeking enrollment) in special education programs. For further information on the evaluation procedures and provision of services to protected handicapped students, contact your building Principal.

# REQUIRED NOTICES

## WEAPONS POLICY

Section 1317.2 to the Public School Code provides that school districts must expel for a period of at least one year “any student who is determined to have brought a weapon onto any school property, any school sponsored activity or any conveyance providing transportation to a school or school sponsored activity”. 24 P.S. §13-1317.2(a). The Act defines “weapon” to include, but not be limited to, “any knife, cutting instrument, cutting tool, nunchaku, firearm, shotgun, rifle and any other tool, instrument or implement capable of inflicting bodily injury.”

## LOCKERS

Lockers are the property of the school district and are on loan to students for use. Only school-issued locks are permitted on lockers. All Middle School Students will be issued a lock for the locker, High School Students will be provided a lock by request. Lockers and their contents, including school-issued materials, are the responsibilities of the students. Because lockers may be subject to search and because students will be held responsible for anything found in their lockers, lockers or lock combinations should not be shared.

This rule is designed to protect students. Locks that are damaged or removed from the lockers will have to be replaced by the students to whom they are issued at a cost of \$5.00.

## USE OF AUDIO/VIDEO SURVEILLANCE EQUIPMENT

The safety and security of students and staff are of primary importance to the River Valley School District. The School District employs audio/video surveillance equipment for security purposes. Audio/video surveillance equipment will be in use in the school hallways, outside of school buildings, in certain school areas, the cafeteria and on the buses. This equipment may or may not be monitored at any time. These cameras have the ability to record both what is said and done. The audio/video cameras will be used to monitor student behavior and to maintain order and a safe environment. Students and parents are hereby notified that the content of the recordings may be used in student disciplinary proceedings. The contents of the recordings are confidential student records and will be safeguarded. Recordings will be retained only if necessary for use in a student disciplinary proceeding or other matter as determined necessary by the administration.

## HEALTH CURRICULUM

Your son/daughter will receive instruction about Acquired Immune Deficiency Syndrome (AIDS) and birth control as part of the health curriculum. The AIDS instruction will include information about the nature, transmission and prevention of the disease. The program will stress abstinence from sexual activity and avoidance of illegal drug use as the only reliable means of preventing the transmission of AIDS.

The instruction on birth control will include information about the various methods of birth control, their reliability, how they prevent pregnancy and how to find some information about birth control. The instruction will emphasize that abstinence is the only 100% certain method of birth control.

The district will excuse any pupil from birth control and AIDS instruction when this instruction conflicts with religious beliefs or moral principles of the pupil, parent or guardian. Written requests to be excused must be presented to the building principal. All curriculum materials used in instruction will be available to parents or guardians during normal school hours or at a parent conference.

# APPENDIX

## **Annual Public Notice of Special Education Program and Services for School-Age Children with Disabilities**

It is the responsibility of the Pennsylvania Department of Education to ensure that all children with disabilities residing in the Commonwealth (including children with disabilities attending private schools, regardless of the severity of their disabilities), and who are in need of special education or related services, are identified, located, and evaluated. This responsibility is required by a federal law called the Individuals with Disabilities Education Act, Amendments of 2004 (IDEA '04).

## **Narcan/Naloxone Guidelines**

The River Valley School District has adopted a policy regarding the procurement, maintenance, and administration of an opioid antagonist (Naloxone) for emergency use to assist a student, staff member, or other individuals believed or suspected to be experiencing an opioid overdose. 5. The protection from civil liability is provided by law for persons who report overdoses or administer Narcan in overdose emergencies.
6. Administration of Narcan shall not be required in circumstances of unavailability of Narcan, unavailability of a qualified Narcan administrator, and /or uncertainty as to whether an opioid overdose is occurring. The Naloxone policy shall not create a duty on the part of the River Valley School District and/or its personnel to administer Narcan.

## **Annual Public Notice of Special Education Program and Services for School-Age Children with Exceptionalities**

### **GIFTED SERVICES**

#### **Screening and Eligibility Determination Procedures**

The River Valley School District is committed to working in partnership with school staff, families, and the community to serve the needs of our high-achieving learners. We advocate for students with outstanding gifts or talents and align our services with the established Pennsylvania State Guidelines provided in Chapter 16. Highly trained, gifted instructional coaches support classroom teachers in the development of differentiated instructional activities and assignments. This adds intensity, rigor, relevant, and dynamic, authentic assessments to meet the continuous growth model for every student.

#### **Parent Request for a Gifted Evaluation:**

Parents/Guardian(s) may request a district evaluation to determine if their child is gifted and in need of specially designed instruction to meet his/her unique learning needs. The performance data will be reviewed at a multidisciplinary team meeting.

The Gifted Screening & Eligibility Determination Procedures can be found on the district website under the Gifted Services tab or by contacting your school counselor.

### **SPECIAL EDUCATION**

#### **Annual Public Notice of Special Education Services for School-Age Children with Disabilities**

It is the responsibility of the Pennsylvania Department of Education to ensure that all children with disabilities residing in the Commonwealth (including children with disabilities attending private schools, regardless of the severity of their disabilities) and who are in need of special education or related services, are identified, located, and evaluated. This responsibility is required by a federal law called the Individuals with Disabilities Education Act, Amendments of 2004 (IDEA '04).

River Valley School District provides Free Appropriate Public Education (FAPE) to children with disabilities who need special education and related services. Pennsylvania has adopted state laws, which conform to IDEA '04 and which school districts must follow. FAPE is provided to students who need specially designed instruction and have one or more of the following physical or mental disabilities:

- Autism
- Deaf-blindness
- Deafness
- Emotional Disturbance
- Hearing Impairment
- Intellectual Disability
- Multiple Disabilities
- Orthopedic Impairment
- Other Health Impairment
- Specific Learning Disability
- Speech or Language Impairment
- Traumatic Brain Injury
- Visual Impairment

# APPENDIX

## **Early Intervention**

The IDEA '04 also requires the provision of a Free Appropriate Public Education (FAPE) to children with disabilities between three years of age and the school district's age of beginners. In Pennsylvania, a child between three years of age and the school district's age of beginners who has a developmental delay or one or more of the physical or mental disabilities listed in the first section may be identified as an "eligible young child." Eligible young children are afforded the rights of school-age children with disabilities, including screening, evaluation, individualized education program planning, and provision of appropriate programs and services. The Pennsylvania Department of Education is responsible for providing programs and services to eligible young children under Act 212 of 1990, The Early Intervention Services System Act. The ARIN Intermediate Unit provides programs and services to eligible young children on behalf of the Pennsylvania Department of Education. For more information, contact the ARIN Early Intervention Service Coordinator at (724-463-5300, ext. 1216)

## **Screening**

River Valley School District has established and implemented procedures to locate, identify, and evaluate children suspected of having disabilities. These procedures involve screening activities which include, but are not limited to, yearly review of group-based ability and achievement test scores, cumulative records, enrollment records, health records, and report cards; hearing screening (in Kindergarten, first, second, third, seventh, and eleventh grades and in life skills support; vision screening (every grade level); motor screening; and speech and language screening in kindergarten, second grade, and individually as referred.

Except as indicated above or otherwise announced publicly, screening activities take place in an on-going fashion throughout the school year. Screening is conducted in the child's home school unless other arrangements are necessary.

## **Evaluation**

When screening indicates that a child may be a child with disabilities, River Valley School District will seek parental consent to conduct an evaluation. "Evaluation" means procedures used in the determination of whether a child has a disability and the nature and extent of the special education and related services that the child needs. The term means procedures used selectively with an individual child and is not limited to tests administered to or procedures used with all children.

In Pennsylvania, this evaluation is conducted by a group of qualified professionals and the parent. The group of qualified professionals shall include a certified school psychologist when evaluating a child for autism, emotional disturbance, mental retardation, multiple disabilities, other health impairments, specific learning disability, or traumatic brain injury. The evaluation process must be completed no later than sixty (60) calendar days after the district receives written parental consent and must include "protection-in-evaluation procedures" (for example, tests and procedures used as part of the multidisciplinary evaluation process may not be racially or culturally biased).

Upon completion of the administration of tests and the collection of other evaluation materials, a group of qualified professionals and the parent of the child will determine whether the child is a child with a disability and what the educational needs are of the child.

# APPENDIX

Information obtained from a variety of sources, including aptitude and achievement tests, parent input, teacher recommendations, physical condition, social or cultural background, and adaptive behavior, will be documented and considered carefully. If a determination is made that a child has a disability and needs special education and related services, an Individualized Education Program (IEP) must be developed for the child.

## **Identification Activities**

Parents who think their child has a disability may request, at any time, that the school district conduct a multidisciplinary evaluation. This request should be made in writing to the Building Principal. If a parent makes an oral request for a multidisciplinary evaluation, the school district shall provide the parent with a form for that written request.

Parents also have the right to obtain an independent educational evaluation if they disagree with the school district's evaluation. River Valley School District will provide parents, on request, information about where an independent educational evaluation may be obtained.

## **Educational Placement**

An Individualized Education Program (IEP) describes the child's present levels of educational performance, including how the child's disability affects involvement and progress in the general curriculum; a statement of measurable annual goals, including benchmarks or short-term objectives, to enable the child to be involved and progress in the general curriculum; a statement of special education related services and supplementary services to be provided to the child; an explanation of the extent to which the child will not participate with non-disabled children in the regular class; any modifications in the administration of assessments; the projected date for beginning services and modification; and how progress toward annual goals will be measured.

For each child with a disability, beginning at age fourteen (14) or younger, a statement of transition service needs will be included. For each child, beginning at age sixteen, a statement of need for transition services for the student, including, as appropriate, a statement of interagency responsibilities or needed linkages. In determining student placement, consideration will be given to ensure that, to the maximum extent appropriate, children with disabilities are educated with children who are non-disabled. Classes and services that involve the removal of children with disabilities from the regular environment will occur only if the nature or severity of the disability is such that education in general education classes, with the use of supplementary aids and services, cannot be achieved satisfactorily.

## **Services for Handicapped Students**

Students who are not eligible to receive special education programs and services may qualify as protected handicapped students and, therefore, be protected by other federal and state laws intended to prevent discrimination. The school district must ensure that protected handicapped students have an equal opportunity to participate in the school program and extracurricular activities to the maximum extent appropriate for each individual student.

In compliance with state and federal law, the school district will provide to each protected handicapped student, without discrimination or cost to the student or family, those related aids, services or accommodations which are needed to provide equal opportunity to participate in and obtain the benefits of the school program and extracurricular activities, to the maximum extent appropriate to the student's abilities. In order to qualify as a protected handicapped student, the child must be of school age with a physical or mental disability that substantially limits or prohibits participation in or access to an aspect of the school program.

# APPENDIX

These services and protections for “protected handicapped students” may be distinct from those applicable to exceptional or thought-to-be exceptional students. If the school district or a parent believes a student is a protected handicapped student, they may initiate an evaluation.

Parents should call the Director of Student Services of River Valley School District for further information on the evaluation procedures and provision of services for protected handicapped students. (Please note that this is a regular education service and not one required by IDEA '04 or Chapter 14.)

## **Confidentiality**

Each school district protects the confidentiality of personally identifiable information regarding children with disabilities, children thought to have disabilities, protected handicapped students (if not protected by IDEA '04 or Pennsylvania's Special Education Regulations), and children who are identified as gifted, in accordance with the Family Educational Rights and Privacy Act of 1974 (FERPA) and other applicable federal and state laws, policies, and regulations.

“Education Records” means those records that are directly related to the student, including on computer, through media, and on videotape, which are maintained by an educational agency or a party acting for the agency. “Educational Agency,” for purposes of this notice, means the local school district and/or the ARIN Intermediate Unit. For all students, the educational agency maintains education records, which include but are not limited to:

- Personally Identifiable Information - Confidential information that includes, but is not limited to, the student's name, name of parents and other family members, the address of the student or student's family, and personal information or personal characteristics that would make the student's identity easily traceable.
- Directory Information - Information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. It includes but is not limited to, the student's name, address, telephone number, date and place of birth, major field of study (secondary students), participation in officially-recognized activities and sports, weight, and height of members of athletic teams, dates of attendance, degrees, and awards received, and the name of the most previous educational agency or institution attended.

The Family Education Rights and Privacy Act (FERPA) affords to parents and to students over 18 years of age certain rights with respect to the student's education records. They are:

1. Parents (or students over 18 years of age) have the right to inspect and review the student's education record. The school district will comply with the request to inspect and review education records without unnecessary delay and before any meeting regarding an IEP or due process hearing, but in no case more than 45 days after the request has been made. Requests should be submitted in writing (indicating the records the parents wish to inspect) to the school Principal or other appropriate school official. Parents have the right to a response from the school district to a reasonable request for explanations and interpretations of the records. Parents have the right to request copies of the records. While the district cannot charge a fee to search for or to retrieve information, it may charge a copying fee, as long as it does not effectively prevent the parents from exercising their right to inspect and review the records. Parents have the right to appoint a representative to inspect and review their child's records. If any education record contains information on more than one child, parents (or students over 18 years of age) have the right only to inspect and review the information relating to the specific child.

# APPENDIX

2. If parents (or students over 18 years of age) think(s) information in an education record is inaccurate, misleading, or violates the privacy or other rights of the child, an amendment of the record may be requested. Requests should be made in writing and clearly identify the part of the record to be changed, and specify why it is inaccurate or misleading. The school district will decide whether or not to amend the record and will notify the parents (or students over 18), in writing, of its decision. If the school district refuses to amend a record, it will notify the parents (or students over 18) of their right to a hearing to challenge the disputed information. Additional information regarding the hearing procedures will be provided to the parents or student (if 18 or older) when notified of the right to a hearing.
3. The school district will inform parents (or students over 18) when personally identifiable information is no longer needed to provide educational services to a child. Such information must be destroyed at the request of the parents (or students over 18). Parents (or students over 18) have a right to receive a copy of the material to be destroyed; however, a permanent record of the student's name, address, and telephone number, his or her grades, attendance record, classes attended, grade level completed, and year completed may be maintained without time limitation. "Destruction" of records means physical destruction or removal of personal identifiers from information so that the information is no longer personally identifiable. The school district will provide, upon request, a listing of the types and locations of education records maintained, the school officials responsible for these records, and the school personnel authorized to see personally identifiable information. Such personnel receive training and instruction regarding confidentiality. The school district keeps a record of parties obtaining access to Education records, including the name of the party, the date access was given, and the purpose for which the party is authorized to use the records.
4. Parents (or students over 18) have the right to consent to disclosure of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. "Consent" means: the parent(s) (or students over 18) have/has been fully informed regarding the activity requiring consent, in the native language or other mode of communication; they understand and agree in writing to the activities; and, they understand that the consent is voluntary and may be revoked at any time. Information may be disclosed without consent to school officials with legitimate educational interests. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or, a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his/her professional responsibility. Directory information, as defined above may be released without parent consent. Parents have the right to refuse to let an agency designate any or all of the above information as directory information.

*Upon request, the district discloses education records to officials of another school district in which a student seeks or intends to enroll.*

5. Parent(s) (or students over 18) have a right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA.

# OPTIONAL DEVICE INSURANCE PROGRAM

The River Valley School District utilizes Chromebook devices as part of our Technology Plan. This gives every person an opportunity to thrive in this ever-changing 21st century learning environment. Our commitment to offering affordable and accessible technology to everyone will be demonstrated through our Optional Device Insurance Program.

This Optional Device Insurance Program applies to all students and faculty in the district that have agreed to abide by the River Valley School District's 815 Acceptable Use Policy, have agreed to abide by the student device guidelines, and who have been issued a Chromebook device.

### Optional Device Insurance Program Guidelines

\*Device insurance is optional and not required.\*

Device insurance is available for purchase through the River Valley School District.

If device insurance has been purchased through the River Valley School District, the person in which the insurance has been purchased for is entitled to a ONE-TIME REPAIR OR DEVICE REPLACEMENT.

Here are the current costs of the River Valley School District's device insurance from **August 21st, 2024 - October 24th, 2024**:

**One Person- \$60**  
**Two People - \$80**  
**Three or More People - \$120**

Due to the rising costs of parts and influx of repairs from last year, the cost of insurance and parts rose significantly. If you are purchasing device insurance for multiple people, they will each have their own device insurance policy. The policy applies to the student/faculty member and their issued device. Insurance can not be used on another individual's device. Insurance **MAY NOT** be purchased after the enrollment dates.

Once a device has been repaired under a device insurance policy, the policy is exhausted for the school year. You will not be able to purchase device insurance until the following school year. The prices on the Student Device Guidelines/Employee Policy 815 Consent Form documentation will apply after the policy has been exhausted.
