# Support BrainPower in a Backpack

ISD 191's Hunger Relief Project sponsored by 191 Community Education and Burnsville High School Youth Services benefiting all students, staff and families.

Burnsville High School student volunteers pack 600 to 700 weekend food packages available to all ISD 191 students in preschool, elementary, middle and high schools to help families who struggle to put enough food on the table.

Because academic performance is related to nutrition, BrainPower's goal is to improve the student learning experience for children with the greatest need in ISD 191.

## Read for the Record

Thursday, October 24

### *Piper Chen Sings*

Written by Grammy winner and Tony-nominated actress Phillippa Soo, Maris Pasquale Doran and illustrated by Qin Leng.

Piper Chen Sings is a story about a young girl who loves to express herself through singing but is struck with self-doubt and nervousness when asked to perform a solo in front of an audience. Piper tells her Nai Nai that she felt “like butterflies were having a dance party” in her belly; she doesn’t feel she can sing in front of others without making a mistake. Thankfully, Nai Nai teaches Piper that feeling butterflies means “something exciting was ahead” and that recognizing and welcoming that anxious feeling would help it pass. Nai Nai’s advice empowers Piper, who finds her voice on stage.

District 191 celebrates early literacy by reading along with thousands of schools, libraries, organizations and communities.

Parent discussion time supports adults and provides information helpful for parenting in today’s world.

Two hour classes consist of parent-child activity time, followed by parent discussion, which is led by a licensed Family Educator in a separate space. During 90 minute classes, parent discussion may be less formal since families stay together the entire time.
