Dear Parent or Guardian,

The Healthy Schools Act requires that all schools provide parents or guardians of students with annual written notification of expected pesticide use on school sites. The notification will identify the active ingredient or ingredients in each pesticide product and will include the web address (<http://www.cdpr.ca.gov>) for further information on pesticides and their alternatives.

Parents or guardians may request prior notification of individual pesticide applications at the school site. People listed on this registry will be notified at least 72 hours before pesticides are applied. If you would like to be notified every time we apply a pesticide, please complete the form below and mail to:

Gateway Unified School District

If you have any questions, please contact the department secretary at (530) 245-7903

Sincerely,
