

WELCOME TO KINDERGARTEN!

Welcome to Room 122! My name is Mrs. Sundholm, and I am excited to be your teacher this year. We are going to have so much fun learning together!

INFORMATION ABOUT OUR CLASS

We will spend this year reading and writing. I'll read many books to you, we'll write in our journals almost everyday, and you'll get to work in small groups at our literacy stations. For me, one of the best parts about reading is when you start reading to me!

We will also do math. We have math stations and play math games. One of my favorite days in kindergarten is when we celebrate the 100th day of school. We celebrate by doing 100th day activities, and one of our class puppets, Zero the Hero, comes to celebrate with us. I bet you will like it, too.

There is also time for art, going to the library, the music room, and the gym, playing on our playground, meeting new friends, and having Choice Time.

A LITTLE BIT ABOUT ME

I grew up in the Seattle area and have spent most of my life here. I am married and have two adult children. I enjoy reading, going for morning walks with my dog, gardening and spending time in Chelan. My family and I hiked, swam, & took a road trip this summer.

SEE YOU VERY SOON!

I can't wait to spend this kindergarten year with you and learn about all the things you enjoy. It's going to be a great year.

Love,
Mrs. Sundholm

ME AT 5 YEARS OLD

I'm a little older now.
