Enrollment

Assigned School Attendance Zones

Mt. Caesar School (PK-2) and Cutler School (3-6) - Swanzey, Richmond and Roxbury

Dr. George S. Emerson School - Fitzwilliam

Troy Elementary School - Troy

Gilsum STEAM Academy - Gilsum

Elementary schools within a town often serve as a center for the community, provide children with the opportunity to meet peers who live in the same area or neighborhood, and create lifelong friendships. However, for a variety of reasons, the school closest to the student's residence may not be the best fit.

If you wish to have your child attend a school other than the assigned school, you must **first** register your child at the assigned school. Then, submit a written request to the Principal of the school you wish for your child to attend. The Principal will consider such factors as class sizes and other resources when considering these requests. Transportation will not be provided; however, in some circumstances, a pre-established bus route may be available. If you have a child attending a district school other than your assigned school, siblings within that residence will also be given permission to attend the non-assigned school.

Admission of Resident Students (Policies [JFAA](#), [JF](#))

In accordance with [RSA 193:12](#) and District Policy, legal residence is required for enrollment in district schools. All new resident students, accompanied by a parent/guardian, should register at school before opening day and as early as possible. Children entering school for the first time must have proof of physical examination, immunization records, a copy of the child's birth certificate and proof of residency within one of the six District towns. Acceptable proof of residency includes any two of the following:

- Utility bill (gas, electric, water/sewer) dated within the last 60 days
- Mortgage payment dated within the last 60 days
- Property tax bill dated within the last year
- Current lease, signed
- Current vehicle registration

Principals or their designees will meet with new children and parents to explain school programs.

Admission of Non-Resident Students (Policy [JFAB](#))

Students who are **not** residents of one of the six District towns may not attend District schools unless granted approval by the School Board. Families who move during the school year may submit a letter to the Superintendent of Schools requesting permission to remain in the District. If granted, transportation will not be provided; however, in some circumstances, a pre-established bus route may be available. Families who move during the school year and intend to transfer to another school parents must notify the school at least three days prior to moving and sign a release form at the new school so records may be released and forwarded.

Admission to Kindergarten (Policies [JEB](#), [JEBA](#))

Monadnock Regional School District offers full day Kindergarten for children who will be five years of age by September 30 of the current school year. In rare cases, a child whose fifth birthday falls between October 1st and November 1st may be allowed to enter kindergarten if skills and maturity level strongly indicate readiness for kindergarten in the following areas:

1. Cognitive development;
2. Social development;
3. Physical development;
4. Language development.

The District will also consider such factors as class sizes and other resources when making placement determinations. The Superintendent's decision whether to allow early admittance shall be final, and is not subject to review or appeal to the Board or otherwise. Please contact the Principal of your child's school for further information on this process. Any request for early entrance into Kindergarten must be received in writing no later than May 15th for consideration for the following September.

Immunizations (Policy [JLCB](#))

Any child being admitted to the District must present written documentation of meeting the then-current New Hampshire immunization requirements unless exempted for medical reasons under RSA 141-C:20-c, or for religious reasons as provided in Paragraph D of this policy. All immunizations must meet minimum age and interval requirements for each vaccine. A 4-day grace period is allowed; however, live attenuated vaccines (e.g., MMR, Varicella, nasal influenza vaccine, etc.) that are not administered on the same day must be administered at least 28 days apart. A child who has not met the immunizations requirements of paragraph A, above, may be "conditionally" enrolled and allowed to attend school when the parent/guardian provides:

1. Documentation of at least one dose for each required vaccine; AND
2. The appointment date for the next dose of required but incomplete vaccine.

The appointment date above shall serve as the exclusion date if the child does not keep the scheduled appointment. Conditional enrollment shall not be extended to the next school year for the same dose of vaccine.

Attendance

Compulsory Attendance Law (Policies [JEA](#), [JH](#))

In accordance with RSA 193:1 and Board Policy, "Every child between six and eighteen years of age shall attend the public school within the district to which s/he is assigned during all the time public schools are in session, unless s/he has been excused from attending on the ground that his/her physical or mental condition is such to prevent his/her attendance or make it undesirable." The following procedures have been established to monitor attendance in accordance with this law.

Attendance Reporting

- Parents are expected to call the school office prior to 8:00a.m. when a student is absent.
- If the parent fails to call, personnel from the school (usually the secretary or nurse) will make contact via ALMA notification system after morning attendance is taken. In the event that the parent cannot be reached, the school security officer may be sent to check on the safety of the child.
- Students who arrive late (after 8:30 a.m.) must report to the office before going to their classroom. It is expected that parents/guardians will accompany their child to the school office to sign their child in.

Dismissals (Policy [JHC](#))

If it is necessary for your child to be dismissed from school during the regular school day, please send in a **written** note to the school office indicating the reason for the request for dismissal. Parents/guardians must come inside the school office to pick up their child. A sign out system is in place to ensure the safety of your child and to protect children from being contacted by unauthorized people. No student will be dismissed to anyone whose name is not on file in the school office unless the parent/guardian provides written notification to the school office.

General Information

Parent - Teacher Organizations

The home and the school are the two major factors in the complex educational life of children; therefore, the home and the school should have a relationship of understanding and co-operative spirit that establishes a mutual respect for the responsibility and unavoidable duty they share in the well-being and educational growth of children. To achieve this, each and every parent is urged to join and become a participating member of his/her local parent-teacher organization.

Volunteers (Policy [IJOC](#))

Volunteers are valued at our schools. They do a variety of things that support and help students learn and help staff with their duties. If you volunteer on a regular basis, you must have a criminal record check conducted. Please contact the school office for more information.

Parties and Social Activities (Policy [JLCE](#))

Generally, room parties held during school hours will be limited to the following occasions: Halloween, winter break, and Valentine's Day. These allow children to gain social skills during school related activities. In support of the MRSD Wellness Policy, we encourage healthy eating habits however we understand there are occasions for special treats. Please contact your child's teacher for suggestions and ideas.

Student Dress Code (Policy [JICA](#))

In order to maintain a respectful environment for optimal learning, students shall adhere to our school's dress code. A student's appearance is primarily the responsibility of the student and his/her parents. However, student's clothing and grooming must be of such a nature that it does not endanger their health and safety. In addition, the school cannot allow clothing or footwear to be worn that disrupts the educational process, is unsafe or that is damaging to school property.

Homework (Policy [IKB](#))

Homework is both educational and practical. Assigned work at home is in keeping with the level of the class and the ability of the children. No homework will be given on Fridays, holidays or on nights when there are school sponsored special events occurring. Homework in the primary years will be designed to include parent/guardian support and guidance. Homework for intermediate students will be designed to be completed independently in most instances; however, parental/guardian interest and support is always recommended.

District Issued Instructional Supplies

The occasion frequently arises when a student has lost or destroyed a book or materials purchased by the district. When this does occur, the student and his/her parents are held liable to replace the damaged or lost article. A receipt for payment will be given to the parent.

When a child has been sick over an extended period of time, books and/or materials may be borrowed from the school so the child may continue his/her schooling at home. Contact the building principal for assistance.

Lost and Found

A great deal of time is spent during the school year trying to locate owners of lost articles of clothing, etc., and trying to match boots and mittens. Children's clothing and footwear should be clearly marked with their name. Check with the teacher if an article has been lost. Articles which are not claimed in a timely fashion will be given to service organizations.

Parking

When visiting the school or waiting for students, parents should park their cars in the parking lot, away from the front of the school entrance or school doors so that they do not block school buses, delivery trucks and emergency vehicles.

Telephone

Should you find it necessary to telephone your child at the school, the message will be relayed to him/her. If possible, all instructions should be given to your child in writing before s/he leaves home in the morning.

Teachers may be reached one half-hour before school opens in the morning, or immediately after school is dismissed. A message may be taken at any time for a teacher. Unless there is an emergency, teachers will not be interrupted during the school day. Children will be allowed to use the telephone for outgoing calls, at the discretion of the school staff.

Student Services and Reports to Parents

School Counseling

Individual testing, conferences with parents and teachers, working with referred children, and classroom instruction for social curriculum are all part of the program. A conference is available with an elementary counselor upon request. Factors which might affect the child in the school situation should be reported to the school counselor or school principal.

Assessments

Throughout the coming year, students will participate in a variety of assessments. These assessments assist us in planning instructional programs to meet the needs of each student. Every effort should be made for children to attend school when these assessments are being administered.

Reporting Student Progress

Communication between home and school should be on-going and is a vital part of our reporting system and student success. A standards based report card has been developed and parent teacher conferences are scheduled throughout the year. Parent-Teacher conferences will be held mid way through trimester 1 and trimester 2. This conference allows parents the opportunity to learn about their child's growth and development. An additional conference may be requested at any time by the teacher, principal, or parent at the convenience of everyone concerned. If you wish to attend a conference with your child's teacher or other school personnel, please make an appointment one or two days before the scheduled conference thus avoiding conflicts with other activities.

Music, Art, Library, Guidance/Wellness , Physical Education, and MakerSpace

Students participate in comprehensive Music, Art, Library, Guidance, MakerSpace, and Physical Education programs at the elementary level for Grades K-6. Instrumental and Band lessons are available to students in Grades 4-6.

Nutritional Services (Policies [EFA](#), [EF](#), [JLCE](#), [EFCA](#))

Breakfast and lunch are available in each of the elementary schools. Full information about our nutritional services can be found [HERE](#).

Effective starting with the 2022/23 school year, we are no longer able to offer free meals for all students. Free or reduced-price meals will be available for families that qualify. To participate in this federal program, simply complete a Free & Reduced Meals Program application each fall or as soon as you learn that you may qualify by clicking [HERE](#). For a paper version, please contact us to request an application or download it [HERE](#).

To minimize the possibility that your child may be without meal money on any given day, meals can be paid for in advance and the balances maintained in your child's account. To pay by check, send checks in with your student on the first day of the school week OR mail a check and the full names of your children to Monadnock Nutrition Services, P.O. Box 10451, Swanzey, New Hampshire, 03446. Cash is accepted at all elementary school cafeterias when brought into school by a parent or guardian. To pay online, click [HERE](#).

Field Trips (Policy [IIA](#))

Authorized field trips which have educational value are part of the student's school experience. School buses are utilized for these trips. Permission slips are required for every child before s/he leaves the school grounds. It is necessary that these be signed and returned promptly to the school by parents/guardians.

Related Services

Speech Therapy, Occupational Therapy, and Physical Therapy are offered to those children in the district who need support in these areas. Psychological and/or counseling services are also available.

Academic Intervention

MRSD utilizes a multi-tiered approach to support students with academic, social and behavioral needs. Professional staff instruct, monitor, and report student growth.

Title I (Policy [KB](#))

Title I is a federally funded program which provides support to instructional programs in schools which meet specific federal guidelines. Language and reading tutorial help is provided to those pupils who are determined to be most in need. Currently, MRSD has 3 School wide Title 1 programs; Cutler, Emerson, and Troy. All parents and community members are invited to join the Title I Parent Advisory Council. For additional information contact: Barb Arguin in the Title I Office at 357-2042.

Parent Concerns

If you have any concerns regarding your child's placement, program, or behavior in school, you should immediately contact your child's teacher. In the event your concerns have not been answered to your satisfaction, you should then contact the principal of the school. If your concerns are still unanswered, contact the Superintendent of Schools at 603-352-6955, ext. 6977. It is important that concerns about your child be handled as closely as possible to the classroom situation.

We cannot respond to requests for grade level assignment to a particular teacher.

Technology/Valuables

We want to remind you that valuables stay at home. As we move through the day, things can get lost and disappear. iPods, DS/Gameboys, purses with money, and other valuables should not come to school. We understand that some of these items are used during the bus ride. Once students arrive at school, the items should be left in back packs and not used during the day. We do recognize the universal use of cell phones and have noted an increased number of students who have/use them. Cell phones, texting, smart devices including watches are NOT allowed during the school day, and should be left in backpacks. Parents wishing to contact their child(ren) during the school day should phone the school office.

Health and Safety

Health Services (Policy [JLC](#))

The school nurses and the teachers direct health activities toward health protection and health education. These services include administering vision and hearing tests, maintaining cumulative health records, assisting in physical examinations, and in general helping to maintain a healthy school atmosphere. The nurses are available to confer with teachers, parents, pupils, medical personnel, and others relative to health problems. During the school year, the school nurse will be providing health screenings for students. These include, but are not limited to, height and weight, hearing, and vision. When appropriate, such screenings may be conducted or assisted by capable, trained and competent persons under the school nurse's direction and supervision, i.e., Lions Club eyesight screening.

Medication (Policies [JLCD](#), [JLCD-R](#))

The Superintendent shall issue his/her decision in writing.
3. If the parent or guardian is aggrieved by the decision of the Superintendent, they may appeal the decision to the school board within ten (10) calendar days of the date of the parent/guardian's receipt of the Superintendent's decision. An appeal to the Superintendent shall be a prerequisite to any appeal to the School Board. The appeal to the School Board shall be in writing, addressed to the School Board Chair in care of the Superintendent, shall state the reason(s) why the appealing party is aggrieved, and the nature of the relief they seek.
4. An aggrieved parent/guardian has the right to appeal the final decision of the local School Board to the State Board within thirty (30) calendar days of receipt of the written decision of the local School Board in accordance with RSA 541-A and State of New Hampshire Department of Education Regulations set forth in ED 200. The State Board may waive the thirty-day requirement for good cause shown, including, but not limited to, illness, accident, or death of a family member.

School Officials ([RSA 193-F:4, II\(n\)](#))

The Superintendent of Schools is responsible for ensuring that this policy is implemented. The Superintendent may establish additional procedures to facilitate the implementation of this policy.

Capture of Audio Recordings on School Buses

Pursuant to [RSA 570-A:2](#), notice is hereby given that the Board authorizes audio recordings to be made in conjunction with video recordings of the interior of school buses while students are being transported to and from school or school activities. The Superintendent shall ensure that there is a sign informing the occupants of school buses that such recordings are occurring.

Use of Video or Audio Recordings in Student Discipline Matters

The District reserves the right to use audio and/or video recording devices on District property (including school buses) to ensure the health, safety, and welfare of all staff, students, and visitors. Placement and location of such devices will be established in accordance with the provisions of Policies EEA, EEAE and ECAF. In the event an audio or video recording is used as part of a student discipline proceeding, such video may become part of a student's education record. If an audio or video recording does become part of a student's education record, the provisions of Policy JRA shall apply. The Superintendent is authorized to contact the District's attorney for a full legal opinion relative in the event of such an occurrence.

Student Discipline and Due Process (Policy [JICD](#))

A. Policy Statement

This policy establishes the substantive parameters, procedures, and due process that shall apply before a student may be subject to temporary (same day) removal from classrooms or activities, restriction from activities, detentions, suspensions, and/or expulsion. Pursuant to Board policy JIC response to misconduct, including disciplinary measures and consequences should be designed to maximize student academic, emotional, and social success, while at the same time assuring the safety of all students, staff, and school visitors.

Administration of any of the consequences described in this policy shall be consistent with the system of supports and graduated sanctions established pursuant to Policy JIC and the applicable Code of Conduct

B. Standards and Procedures Relative to Disciplinary Consequences

1. **" Removal from the classroom"** means a student is sent to the building Principal's office or other designated area during the same school day. It is within the discretion of the person in charge of the classroom or activity to remove the student. Students may be removed from the classroom at the classroom teacher's discretion if the student refuses to obey the teacher's directives, becomes disruptive, fails to abide by school or District rules, or the Code of conduct, or otherwise impedes the educational purpose of the class. Before ordering the removal, the staff member ordering the removal shall warn the student of the infraction and allow the student to respond. Detentions are not appealable.
2. **"Restriction from school activities"** means a student will attend school, classes, but will not participate in other school extracurricular activities, including such things as competitions, field trips, and performances. A student who has been restricted from school activities may participate in practices at the discretion of the person imposing the restriction. Before ordering the restriction, the supervising employee (e.g., teacher, coach, director, Principal, etc.) ordering the restriction shall warn the student of the infraction and allow the student to respond. If the restriction is immediate and outside of school

hours, provision must be made to assure the student is not left unsupervised. The terms of the restriction shall be communicated to the Principal and the student's parent/guardian. Restrictions under this policy are not appealable.

3. **"Detention"** means the student's presence is required for disciplinary purposes before or after the hours when the student is assigned to be in class and may occur on one or more Saturdays. Students may be assigned classroom detention at the classroom teacher's discretion, and building detention at the Principal's discretion, if the student refuses to obey the teacher/employee's directives, becomes disruptive, fails to abide by printed classroom, school, or District rules, or the Code of Conduct, or otherwise impedes the educational purpose of the class. Before ordering the detention, the staff member ordering the detention shall warn the student of the infraction and allow the student to respond. Parents/guardians shall be notified at least 24 hours prior to a student serving detention. Detentions before or after school shall not exceed one hour, and Saturday detentions shall not exceed three hours. The building Principal is authorized to establish, announce and post additional guidelines and rules regarding detention, supervision, building access, etc. The length and timing of the detention is within the discretion of the licensed employee disciplining the student or the building Principal, pursuant to the posted rules of the school. Detentions are not appealable.
4. **"Temporary Reassignment"** or "in-school suspension" means the student will attend school but will be temporarily isolated from one or more classes while under supervision. A temporary reassignment should not exceed five consecutive school days. Parents/guardians shall be notified at least 24 hours prior to the administration of a temporary reassignment. The building Principal is authorized to issue reassignment, restrictions from activities, or place a student on probation for repeated failure to conform to the Code of Conduct, classroom rules, or for any conduct that causes material or substantial disruption to the school/class environment, interferes with the rights of others, presents a threat to the health and safety of students, employees, and visitors is otherwise inappropriate or is prohibited by law.
5. **"Probation"** means a student is given a conditional suspension of a penalty for a definite period of time in addition to being reprimanded. The conditional suspension will mean the student must meet the conditions and terms for the suspension of the penalty. Failure of the student to meet these conditions and terms will result in reinstatement of the penalty. Notwithstanding the assignment of probation, no imposition of the suspended consequence may be administered unless and until all of the provisions of this policy applicable to the suspended consequence (i.e., long-term suspension, expulsion, etc.) are satisfied.
6. **"Out-of-school suspension"** means the temporary denial of a student's attendance at school for a specific period of time. It includes short-term and long-term out-of-school suspensions.
 - a. **Short-term suspension.** A "short-term suspension" means an out-of-school suspension of ten (10) consecutive school days or less. RSA 193:13, I (a). The Superintendent or his/her written designee is authorized to suspend a student for ten (10) school days or less. A Short term

suspension may be imposed only for:

- Behavior that is detrimental to the health, safety, or welfare of pupils or school personnel (including, but not limited to, and the act of theft, destruction or violence, as defined in RSA 193-D:1); or
- Repeated and willful disregard of the reasonable rules of the school that is not remediated through the imposition of the district's graduated sanctions described in JIC and the Code of Conduct.

Pursuant to RSA 193:13, XI(b), and Board policy JIC, a short suspension over 5 days must conform to the standards included in the Code of Conduct. Before any short-term suspension may be imposed, a student is entitled to the minimum due process (notice before meeting of the charge and explanation of evidence, notice of the possibility of suspension, opportunity for the student to respond, and a written decision explaining the disciplinary action taken). See New Hampshire Department of Education Rule Ed 317.04(f)(1).

- b. **Long-term suspension.** A "long-term suspension" is the extension or continuation of a short-term suspension for a period not to exceed an additional 10 days beyond the duration of the short-term suspension. The Superintendent is authorized to continue the suspension and issue a long-term suspension of a pupil for a period in excess of ten (10) school days, provided only that if the Superintendent issued the original short-term suspension, then the School Board may designate another person to continue the short-term suspension and issue the long-term suspension. A long-term suspension may only be imposed for:
- An act that constitutes an act of theft, destruction, or violence, as defined in RSA 193-D
 - Bullying pursuant to Board policy JICK when the pupil has not responded to targeted interventions **and** poses an ongoing threat to the safety or welfare of another student; or
 - Possession of a firearm, BB gun, or paintball gun.

Prior to a long-term suspension, the student will be afforded a hearing on the matter. The informal hearing need not rise to the level and protocol of a formal hearing, but the process must comply with the requirements of Ed 317.04 (f)(2), and (f)(3)(g), including, without limitation, the requirements for advance notice and a written decision.

- c. **Appeal of long-term suspension.** Any long-term suspension issued other than by the School Board under this policy, is appealable to the School Board, provided the Superintendent or School Board chair receives the appeal in writing within ten (10) days after the issuance of the Superintendent's or other person designated under B.6.b, above] hearing and written decision required under N.H. Dept. of Education Rule Ed. 317.04 (f)(2)c, and sub-paragraph B.6.b, above. The Board shall hold a hearing on the appeal, but will rely upon the record of the decision being appealed from. Any suspension in excess of ten (10) school days shall remain in effect while this appeal is pending unless the School Board stays the suspension while the appeal is pending. Any request to stay a long-term suspension should be included in the original appeal.

- d. **Educational Assignments.** As required by RSA 193:13, V, educational assignments shall be made available to students during both short and long-term suspensions.
 - e. **Alternative Educational Services.** The school shall provide alternative educational services to a suspended pupil whenever the pupil is suspended in excess of 20 cumulative days within any school year. The alternative educational services shall be designed to enable the pupil to advance from grade to grade.
 - f. **Re-entry Meetings and Intervention Plans.** Prior to returning to regular classes, a suspended student, and parent/guardian (when available) shall meet with the building Principal or his/her designee to assist the student in smoothly returning to the school setting. Any time a pupil is suspended more than 10 school days in any school year, upon the pupil's return to school the school district shall develop an intervention plan designed to proactively address the pupil's problematic behaviors by reviewing the problem behavior, re-teaching expectations, and identifying any necessary supports.
 - g. **Attendance Safe Harbor.** A student may not be penalized academically solely by virtue of missing class due to a suspension.
7. **"Expulsion"** means the complete denial of a pupil's attendance at school for any of the reasons listed in RSA 193:13, II, and IV.
- a. An expulsion may only be imposed for an act that poses an ongoing threat to the safety of students or school personnel AND that constitutes:
 - i. A repetition of an act that warranted long term suspension under section B.6.b, above;
 - ii. Any act of physical or sexual assault that would be a felony if committed by an adult;
 - iii. Any act of violence pursuant to RSA 651:5, XIII;
 - iv. Criminal threatening pursuant to RSA 631:4, II(a); OR
 - v. For bringing or possessing a firearm as defined in Section 921 U.S.C. Title 18 within a safe school zone as prohibited under RSA 193-D:1, or under the Gun-Free School Zones Act, unless such pupil has written authorization from the Superintendent.
 - b. Before expelling a pupil, the Board shall consider each of the following factors:
 - i. The pupil's age.
 - ii. The pupil's disciplinary history.
 - iii. Whether the pupil is a student with a disability.
 - iv. The seriousness of the violation or behavior committed by the pupil.
 - v. Whether the school district or chartered public school has implemented positive behavioral interventions under paragraph V.
 - vi. Whether a lesser intervention would properly address the violation or behavior committed by the pupil.
 - c. Prior to any expulsion, the District will ensure that the due process standards set forth in Ed

317.04(f)(3) through 317.04 (m) are followed.

- d. An expulsion will run for the duration stated in the written decision or until the School Board or Superintendent restores the student's permission to attend school as provided in this policy. An expulsion relating to a firearm in a safe school zone per B.7.a.v, shall be for a period of not less than 12 months.
- e. The Superintendent is authorized, but not required, to arrange for educational services to be provided to any student residing in the District who has been expelled by the District or by any other school.

C. Modification or Reinstatement After Suspension or Expulsion.

Expelled or suspended students may request a modification of, or reinstatement from, an expulsion or suspension as provided below. Except for students establishing residency from out-of-state, requests for modification or reinstatement from expulsion/suspension shall be submitted in writing to the Superintendent no later than August 15. The request should set forth the reasons for the request and include additional information to establish that it is in the best interest of the student and the school community to reinstate the student. Such additional information may include such things as work history, letters of reference, medical information, etc. All reinstatements shall include an Intervention Plan as described in paragraph B.6.f, above, including such conditions as the reinstating authority (Superintendent or Board), deem appropriate.

- 1. **Modification by Superintendent.** Subject to all other applicable laws, regulations, and Board policies, and paragraph C.3, below (relating to firearms), the Superintendent is authorized to reinstate any student who has been suspended or expelled from a school in this District, and or enroll a student suspended or expelled from another school or district, on a case-by-case basis.
- 2. **Review and reinstatement by Board.** A student may request the School Board (of the district of attendance) to review an expulsion decision prior to the start of each school year by filing a written request with the Superintendent detailing the basis of the request. The Board will determine whether and in what manner it will consider any such request after consultation with the Superintendent.
- 3. **Modification of Expulsion for Firearms.** A student who has been expelled from this District or any other public or private school for bringing or possessing a firearm in a safe school zone as prohibited under RSA 193-D1, or under the Gun-Free Schools Act, may only be reinstated or enrolled if the Superintendent first determines: possession of the firearm was inadvertent and unknowing; the firearm was for sporting purposes and the student did not intend to display the firearm to any other person while within the safe school's zone; the student is/was in the fifth or lower grade when the incident occurred, or the Superintendent determines that the firearm was not loaded; and that no ammunition was reasonably available; and that the pupil had no intention to display the firearm to other students. Additionally, the School Board may enroll a student expelled from a school outside of New Hampshire for a violation of the Gun-Free Schools Act upon the student establishing residency.

D. Appeals to the State Board of Education.

Any decision by the Board (i) to expel a student, (ii) not to reinstate a student upon request, or (iii) enroll a student from another state who had been expelled for a violation of the Gun-Free Schools Act, may be appealed

to the State Board of Education at any time that the expulsion remains in effect, subject to the rules of the State Board of Education.

E. Sub-committee of Board.

For purposes of sections B.6 and B.7 of this policy, "Board" or "School Board" may either be a quorum of the full Board, or a subcommittee of the Board duly authorized by the School Board.

F. Superintendent and Principal Designees.

Except where otherwise stated in this policy, the Superintendent may delegate any authority s/he has under this policy, and a principal may delegate any authority s/he has under this policy, to other appropriate personnel.

G. Disciplinary Removal of Students with Disabilities.

If a student is disabled under the Individuals with Disabilities Act (IDEA), the New Hampshire RSA 186-C, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act, or any other law providing special rights to disabled students, those laws shall govern and shall supersede these local policies to the extent these local policies are inconsistent with those laws. Accordingly, any suspension or expulsion of a child with a disability as defined in Ed 1102.01(t) shall be in accordance with Ed 1124.01.

H. Notice and Dissemination.

This policy shall be made available to families, students and staff as provided in Board policy JIC.

I. Conflict in Law or State Regulation.

If any provision of this policy shall conflict with State or Federal law, or regulation of the New Hampshire Department of Education, then such law or regulation shall apply, and the remainder of the policy shall be read and interpreted to be consistent with the law or regulation. School administrators and families are strongly encouraged to review the links for pertinent statutes and laws as referenced in this policy.

Wellness (Policy [JLCE](#))

Monadnock Nutrition and Wellness Policy Committee

In October 2005, the policy committee was formed to develop a local wellness policy as required by Federal Public Law 108.265 Section 204. This committee was comprised of SAU #93 MRSD teachers, a student, school nurses, the district food service director, a physical education teacher, a school board member, parents, dietitians, and community representatives.

The Monadnock Regional School District (MRSD) is committed to providing a school environment that enhances learning and development of lifelong wellness practices.

To accomplish this goal:

- Child Nutrition Programs will comply with federal, state and local requirements under proposed rule “Local Wellness Policy Implementation under the Healthy, Hunger- Free Kids Act of 2010”. Child Nutrition Programs will be accessible to all children.
- Schools will provide nutrition education and physical education to foster lifelong habits of healthy eating and physical activity with the goal to establish linkages between health education and school meal

programs, and with related community services.

- In all aspects of local wellness, the school staff will act as role models for good nutrition and physical activity behaviors.
- All school-sponsored activities will be consistent with local wellness policy goals.
- Qualified nutrition service professionals will provide students with access to a variety of affordable, nutritious, and appealing foods that meet the health and nutrition needs of students.
- SAU #93 will ensure that the food service staff meets all professional development & educational requirements as outlined by the NH Department of Education, USDA and SAU #93- Monadnock Schools.

Nutrition Guidelines for All Foods on Campus

- SAU #93 schools will meet or exceed the established USDA and State standards for the school meals programs.
- USDA established nutrient standards for all foods sold during the school day which is defined at 12:01am through 30 minutes after the last bell 7CFR 210.11(a)(5).
- The standards apply to any food (vending, fundraisers, school/student stores, concession stands, etc.) sold to students during the school day throughout the school campus and is required by the Healthy, Hunger-Free Kids Act of 2010. All groups selling food during the school day shall comply with those standards.
- Foods will not be sold in the cafeteria area of SAU # 93 schools during the school day unless the proceeds are being credited to the School Foodservice Authority and in compliance with applicable food standards.
- Classrooms & events during the school day should follow and comply with the NH Bureau of Nutrition guidelines.

Cafeteria Eating Environment

- Student Lunch periods are scheduled between 11 am and 1 PM.
- Recess for elementary grades is scheduled before lunch when possible.
- The National Association of State Boards of Education recommends that students should be provided adequate time to eat lunch, at least 10 minutes for breakfast and 20 minutes for lunch, from the time the students are seated.
- Cafeterias will include enough serving areas so that students do not have to spend too much time waiting in line.
- Dining areas shall be attractive and have enough space for seating all students.
- Students will have access to hand washing or hand sanitizing before they eat meals or snacks.
- Drinking water fountains or water stations will be available for students at meals.

Nutrition Education

- Nutrition education will be offered as part of a sequential, comprehensive, program based on state guidelines and designed to provide students with the knowledge and skills necessary to promote and protect their health.

- SAU #93 will accept Health Curriculum Committee recommendations & curriculum standards as proposed to the Policy Committee for inclusion in this policy following SAU #93 public meeting notification guidelines.
- Nutrition curriculum and promotions will include, but are not limited to the following:
- A nutrition wellness information area will be located in each cafeteria area for students, staff and the public.
- Emphasize caloric balance between food intake and energy expenditure (physical activity/exercise).
- Encourage unprocessed wholesome foods such as: fruits, vegetables, whole grain products, low-fat and fat-free dairy products, healthy and safe food preparation methods, and health-enhancing nutrition practices.
- Encourage students to start each day with a healthy breakfast.
- Use local foods whenever available.
- Nutrition education will be integrated into other areas of the curriculum such as math, science, language arts, and social studies.
- Classroom curriculum will coordinate with cafeteria school meal programs and other foods offered or sold at schools to allow students to apply skills and knowledge taught in the classroom.
- Nutrition education shall include information for families that encourages them to teach their children about health and nutrition and to provide nutritious meals.
- Schools will provide opportunities for training of teachers and other staff responsible for student nutrition education.
- The school district shall provide the means to fund updated nutritional information as it becomes available.
- Nutrition education will be consistent with the Dietary Guidelines for Americans.

Physical Activity

The goal of MRSD is that students will receive the nationally recommended amount of daily physical activity (i.e., at least 60 minutes per day). For students to fully embrace regular physical activity as a personal behavior, students need opportunities for physical activity beyond physical education class.

Toward that goal:

- Classroom health education will complement physical education by reinforcing the knowledge and self-management skills needed to maintain a physically-active lifestyle and to reduce time spent on sedentary activities, such as watching television.
- Integrate across curricula and throughout the school day opportunities for physical activity. Movement can be made a part of science, math, social studies and language arts.
- Classroom teachers will provide short physical activity break between lessons or classes, as appropriate.
- Schools will allow time for physical education and/or physical activity that strives to be consistent with research and national standards for daily physical education or the equivalent of at least 150 minutes of physical activity per week for all students during the school day.
- Students will spend at least 50% of physical education class time participating in moderate to vigorous physical activity.

- Physical education will include the instruction of individual activities as well as competitive and non-competitive team sports to encourage life-long physical activity.
- Physical education courses will be the environment where students learn, practice and are assessed on developmentally appropriate motor skills, social skills and knowledge.
- Adequate equipment will be available for all students to participate in physical education. Physical activity facilities on school grounds will be safe.
- Policies shall ensure that state-certified physical education instructors teach all physical education classes.
- Policies will ensure that state physical education classes have a student/teacher ratio similar to other classes.
- Elementary schools will provide a daily recess period and consider planning recess before lunch since research indicates that physical activity prior to lunch can increase the nutrient intake and reduce food waste.
- Whereas physical activity should be a positive aspect of each child's life, teachers and other school personnel:
 - Will not use physical activity as punishment.
 - Will not withhold opportunities for physical activity (e.g., recess, physical education) as punishment.
- The school shall provide a physical and social environment that encourages safe and enjoyable activity for all students, including those who are not athletically gifted as well as those with special needs.
- Information will be provided to families to help them incorporate physical activity into their student's lives including community resources for active recreation.
- Schools will provide community access to and encourage students and community members to use the school's physical activity facilities outside of the normal school day, in accordance with district policies.
- Schools will encourage families and community members to institute programs that support physical activity, such as a walk to school program.
- The school district will assess and, if necessary and to the extent possible, make needed improvements to make it safer and easier for students to walk and bike to school. When appropriate, MRSD will work together with local public works, public safety and or police departments in those efforts. MRSD will explore the availability of federal "safe routes to school" funds, administered by the NH Department of Transportation to finance such improvements.

Other School-Based Activities

- After-school programs should encourage physical activity and healthy habit formation.
- School Wellness Policy goals shall be considered in planning all school-based activities (such as school events, field trips, dances, and assemblies).
- At all non-school-sponsored events that take place on school property: organizations shall be encouraged to follow the Monadnock Nutrition & Wellness Policy.
- Support for the health of all students will be demonstrated by hosting health clinics, health screenings, and helping to enroll eligible children in Medicaid and other state children's health insurance programs.
- The district will support the schools' initiatives to establish a school environment that encourages

wellness and improves nutrition and physical activity choices by teachers, staff, administration, students, and families. This may include but not be limited to:

- Forming of school and/or staff wellness committees
- Publicizing employee benefits promoting wellness and healthy lifestyle choices
- Supporting proposals for grant funding of school initiatives for wellness activities

Child Nutrition Operations

- The child nutrition program will aim to be financially self-supporting. However, the program is an essential educational support activity. Budget neutrality or profit generation will not take precedence over the nutritional needs of the students. If subsidy of the child nutrition fund is needed, it will not be from the sale of foods that have minimal nutritional value and/or compete nutritionally with program meals.
- The child nutrition program will ensure that all students have affordable access to the varied and nutritious foods they need to stay healthy and learn well.
- The school will strive to increase awareness of ability to participate in the available federal Child Nutrition programs (e.g. school lunch and school breakfast).
- The SAU #93 MRSD will employ a food service director, who is properly qualified, certified and/or credentialed according to applicable USDA- NH DOE professional standards, to administer the school food service program and satisfy reporting requirements.
- All food service personnel shall have meet Professional standards / training in child food service operations under applicable State or Federal training requirements.

Food Safety/Food Security

- All foods made available by the SFA will comply with the state and local food safety and sanitation regulations. Hazard Analysis and Critical Control Points (HACCP) plans and guidelines will be implemented to prevent food illness in schools.
- For the safety and security of the food and facility access to the food service, operations will be limited to Child Nutrition staff and authorized personnel. For further guidance, see the US Department of Agriculture food security guidelines.

Wellness Policy Implementation, Monitoring, Accountability and Community Engagement

The superintendent or designee will ensure compliance with established district-wide nutrition and physical activity wellness policies as outlined in the USDA's Local Wellness Policy Implementation under the Healthy, Hunger- Free Kids Act of 2010" 7CFR Parts 210 and 220. Additionally in each school, the principal or designee will ensure compliance with those policies in their school.

School Wellness Committee/Policy Implementation, Monitoring and Accountability

- To help with the initial development of the district's wellness policies, a Principal or other designee will conduct a baseline assessment of each school's existing nutrition and physical activity environments and policies. The results of those school-by-school assessments will be compiled at the district level to identify and prioritize needs.

- The Monadnock Nutrition and Wellness Policy Committee will meet three times per school year on the fourth Monday of September, January and May, or as necessary to evaluate new food products and recommendations, and to review and propose revisions to the MRSD Wellness Policy.
- Notice of these meetings will be included in the Monadnock Education Matters District news flyer that is distributed to the entire community of the Monadnock Regional School District, an active link at SAU website, www.mrsd.org, follow applicable public meeting posting requirements and included/updated on Wellness information areas at each school site.
- Yearly and every three years a triennial review and assessment of this policy will be completed and recommended updates brought to the School Board for approval.
- The public will be notified and encouraged for review and involvement in the policy.
- The wellness policy and progress reports can be found on the District's website.
- The building principal will be responsible for oversight of this policy.

requires password access or for which the MRSD requires an account, such as the Internet, will only be used by the authorized user. Account owners are ultimately responsible for all activity under their accounts. Users agree to report any misuse or abuse of the MRSD's computer network or Intranet/Internet services to the MRSD's network administrator. Failure to report misuse or abuse constitutes a violation of this policy.

Hazing: (Policy [JICFA](#))

It is the policy of the District that no student or employee of the District shall participate in or be a member of any secret fraternity or secret organization that is in any degree related to the school or to a school activity. No student organization or any person associated with any organization sanctioned by the Board of Education shall engage or participate in hazing. This District does not permit or condone student hazing.

For the purposes of this policy, hazing is defined as any act directed toward a student, or any coercion or intimidation of a student to act or to participate in or submit to any act, when: (1) Such act is likely or would be perceived by a reasonable person as likely to cause physical or psychological injury to any person; and (2) Such act is a condition of initiation into, admission into, continued membership in or association with any organization. Hazing includes but is not limited to an activity which recklessly or intentionally endangers the mental or physical health or safety of a student for the purpose of initiation or admission into or affiliation with any organization sanctioned or authorized by the Board of Education.

"Endanger the physical health" shall include, but is not limited to, any brutality of a physical nature, such as whipping; beating; branding; forced calisthenics; exposure to the elements; forced consumption of any food, alcoholic beverage, drug or controlled dangerous substance; or any forced physical activity which could adversely affect the physical health or safety of the individual.

"Endanger the mental health" shall include any activity, except those activities authorized by law, which would subject the individual to extreme mental stress, such as prolonged sleep deprivation, forced prolonged exclusion from social contact which could result in extreme embarrassment, or any other forced activity which could adversely affect the mental health or dignity of the individual.

Any hazing activity upon which the initiation or admission into or affiliation with an organization sanctioned or authorized by the Board of Education is conditioned, directly or indirectly, shall be presumed to be a forced activity, even if the student willingly participates in such activity.

This policy is not intended to deprive School District authorities from taking necessary and appropriate disciplinary action toward any student or employee. Students or employees who violate this policy will be subject to disciplinary action which may include expulsion for students and employment termination for employees.

The Superintendent shall take reasonable measures within the scope of the District's authority to prevent student hazing. All hazing reported to the District or which any District staff member has knowledge of shall be promptly reported to law enforcement, as required by RSA 631:7, Student Hazing.

A copy of this policy will be furnished to each student and teacher in the School District, including being printed in the student handbook.

Cell Phone Policy (Policy [JICJ](#))

The MRSD policy on the use of cellular phones schools is to ensure that students, teachers, support staff and administration maintain the proper etiquette and responsibility in the use of cell phones during schools hours. During school hours, cell phones must be turned off and put away. Teachers, support staff, and administration may have their phones on vibrate or silent as to not to be disruptive. The restriction on cell phone use may include lunch time hours and is at the discretion of the principal. Teachers, support staff, and administration shall not use their cell phones (placing calls and/or sending text messages) while conducting instruction, serving duty, and patrolling the hallways.

It is recognized that some support staff and administration require the use of cell phones to communicate between departments and other staff, however, the use of the cell phone should be limited to those areas that are low traffic areas and where communication is not disruptive.

Appropriate Use (Students)

If a student needs to make a phone call they may get a pass to use the phone or come to the office to use their cell phone at lunch time. Students are encouraged to make after school plans ahead of time to minimize the need for telephone use during the school day. Students that wish to use their cell phones to place text messages may only do so at lunch time, and in designated locations. Those privileges may be revoked at the principal's discretion.

Disciplinary Action (Students)

Students that violate this policy will have their device confiscated and it will be held in the office. Upon the first offense by a high school or middle school student, the student may pick up the device phone at the end of the day. A second incident, or first offense in an elementary school, will result in confiscation and a parent or guardian must pick it up. At the high school/ middle school level, it is the student's responsibility to notify the parent of the confiscation. At the elementary level, the teacher or administrator will notify the parent of the confiscation. If cheating is suspected, students that violate this policy will be subject to the same disciplinary action as for plagiarism.

Notification in Student Handbooks

Student handbooks shall include all policies regarding the appropriate use of cellular phones, and electronic messages devices (e.g. iPod, iTouch, iPad, tablet PCs, etc.) in School buildings.

Student Searches and Their Property (Policy [JIH](#))

The Board seeks to maintain a safe and orderly environment in the schools. School administrators may question and/or search students in accordance with this policy and accompanying administrative procedure.

Students, their personal property, and their vehicles may be searched upon reasonable suspicion that they possess any items or substances which are prohibited by law, Board policies and/or school rules, or which interfere with the operations, discipline or general welfare of the school.

When special circumstances exist, including but not limited to a suspected ongoing violation of the Board's drug/alcohol or weapons policies, or when a potential threat to safety is identified, school administrators may search groups of students or the entire student body without individualized suspicion.

Student use of all school storage facilities, including but not limited to lockers, desks, and parking lots, is a privilege granted by the school. All storage facilities are school property and remain under the control, custody, and supervision of the school. Students have no expectation of privacy in school storage facilities or for any items placed in such storage facilities. School administrators have the authority to inspect and search storage facilities and their contents on a random basis, with or without reasonable suspicion, and without notice or consent. Canine patrols may be used to conduct searches anywhere on school property.

If a search produces evidence that a student has violated or is violating the law, Board policies and/or school rules, such evidence may be seized and impounded by school administrators and appropriate disciplinary action may be taken. Evidence may be forwarded to law enforcement authorities as required by law or as deemed appropriate by school administrators.

A student who refuses to comply with a search directive may be subject to disciplinary action, including the disciplinary consequences for the suspected violation.

The Superintendent is authorized to develop and implement, with input from legal counsel, administrators, and/or other appropriate persons, any administrative procedures necessary to carry out this policy.

This policy and the accompanying procedure will be included in student/parent handbooks.

Search of Students (Policy [JIH-R](#))

The purpose of this administrative rule is to provide guidelines for the conduct of student questioning and searches by authorized school administrators. These are guidelines only and may be adjusted within reasonable and lawful limits on a case-by-case basis. School administrators have the discretion to request the assistance of law enforcement authorities as they deem necessary and in accordance with Board policy. Law enforcement authorities will not participate in searches except under exceptional circumstances.

Any item found during a search that is illegal violates Board policies or school rules, or which in the reasonable judgment of school administrators represents a threat to the safety and welfare of the school population shall be seized. Illegal items shall be turned over to law enforcement authorities. Other items shall be stored in a

secure location until a determination is made regarding appropriate disposition. School administrators are required to document all searches and items seized or impounded. The Superintendent and the parents of students involved shall be provided with a copy of such reports.

A. Questioning by School Administrators

1. School administrators are under no obligation to notify a student's parents/guardians prior to questioning a student regarding alleged violations of Board policies, school rules, and/or federal/state laws.
2. School administrators shall inform the student of the reasons for the questioning and provide an opportunity for the student to respond to any allegations. School administrators shall make a reasonable effort to question the student in a location out of the sight and hearing of other students.
3. If a student fails to cooperate, lies, misleads, or threatens any person during questioning, he/she may be subject to additional disciplinary action.

B. Searches of Students, Personal Property in Students' Immediate Possession

1. School administrators are authorized to search students and/or personal property in students' immediate possession, when, in their judgment, there are reasonable grounds to suspect that a student has violated or is violating Board policies, school rules, federal/state laws, or is interfering with the operations, discipline or general welfare of the school.
2. All searches of students and/or their personal property shall be authorized and conducted by a school administrator in the presence of a witness, except where the circumstances render the presence of a witness impractical. A reasonable effort will be made to conduct searches out of the sight and hearing of other students.
3. Searches should be reasonably related to the suspected violation and no more intrusive than necessary to discover the evidence for which the search was instigated. Searches may include pat-downs and searches of the student's outer clothes (e.g., pockets, jacket, shoes, hat) and personal belongings (e.g., purse, backpack, gym bag, lunch bag). The student may be given the opportunity to open any closed items or items that are not easily accessible to visual search. If the student refuses, the administrator shall open and search the items. If the search produces a reasonable suspicion of the presence of evidence, a broader search may be justified. If a strip search appears to be necessary, law enforcement authorities shall be contacted.
4. Searches which disclose evidence that a student has violated Board policies or school rules will be addressed through school disciplinary procedures. Evidence of violation of federal/state laws may result in school disciplinary action and/or be forwarded to law enforcement authorities for possible investigation/prosecution.

C. Searches of Lockers, Desks, and Other School Storage Facilities

1. School administrators shall consult with the Superintendent prior to conducting random searches. Students have no expectation of privacy in school storage facilities or for any items placed in such storage facilities. School administrators have the authority to inspect and search storage facilities and their contents on a random basis, with or without reasonable suspicion, and without notice or consent.
2. Searches of individual student lockers, desks, or other storage facilities and their contents based upon

reasonable suspicion will be conducted in the presence of the student and a witness, if practical under the circumstances of the search. A reasonable effort will be made to conduct searches out of the sight and hearing of other students. The student may be given the opportunity to open any closed items or items that are not easily accessible to visual search. If the student refuses, the administrator shall open and search the items.

3. Any search which discloses evidence that a student has violated Board policies or school rules will be addressed through school disciplinary procedures. Evidence of violation of federal/state laws may result in school disciplinary action and/or be forwarded to law enforcement authorities for possible investigation/prosecution.

D. Patrolling of Parking Lots and Searching Vehicle

1. Students may drive vehicles to school and park in designated areas in accordance with school rules. School administrators retain the authority to patrol parking lots.
2. If school administrators have a reasonable suspicion that a vehicle which a student has parked at school contains evidence that the student has or is violating Board policies or school rules, or federal/state laws, and/or there is a substantial threat to the welfare and safety of the schools, a school administrator will search the vehicle in the presence of a witness, except where the circumstances make the presence of a witness impractical.
3. If practical, the student should be present during the search. A reasonable effort will be made to conduct searches out of the sight and hearing of other students. The student may be given the opportunity to open any closed items or items that are not easily accessible to visual search. If the student refuses, the administrator shall open and search the items.

E. Canine Patrols and Searches

1. The Superintendent, his/her designee, following consultation with Board Chair and law enforcement officials may authorize canine patrols to take place anywhere on school property, including in hallways and parking lots, if he/she deems it advisable to maintain a safe and orderly school environment and/or to discourage drugs, weapons and/or other illegal substances or items from being brought onto school grounds.
2. The Superintendent must make requests for canine patrols in writing to the appropriate law enforcement authorities. Only certified dogs and handlers may be used.
3. Whenever possible, canine patrols will be scheduled to minimize disruption of the academic program and risk of contact with students.
4. When canine patrols take place during the school day, teachers will be notified prior to the initiation of a canine patrol to keep students in their classrooms during the patrol. Any students in the parking lot, or anywhere outside of a classroom, prior to a canine patrol will be instructed to report to the school office or appropriate classroom.
5. All student vehicles, lockers, and/or other school storage facilities will be scanned during a canine patrol. Any vehicle, locker or other school storage facility identified by the canine patrol will be noted by the school administrators accompanying the patrol.
6. Immediately following removal of the dogs, each area noted during the canine patrol will be searched.

Each search will be conducted by a school administrator in the presence of a witness, except where the circumstances make the presence of a witness impractical.

7. If practical, the student should be present during a search of his/her vehicle, locker or other school storage facility. A reasonable effort may be made to conduct the search out of the sight and hearing of other students. The student may be given the opportunity to open any closed items or items that are not easily accessible to visual search. If the student refuses, the administrator shall open and search the items.
