

# Consolidate two or more schools into one

## Key Considerations

### Woolslair K-5 closes and students attend either Sunnyside K-5 or Liberty K-5

- Woolslair is projected to have ~200 students in SY24-25
- Woolslair has one of the lowest facilities quality ratings in the district and would require full renovation to stay open
- **Challenges:** Splits up students and has them attending different schools

### Arsenal K-5 closes and students attend either Sunnyside K-5 or Liberty K-5

- Arsenal K-5 is projected to have fewer than 300 students in SY24-25
- Current Arsenal building was not designed to be a K-5 school and requires shared space with Arsenal 6-8
- **Challenges:** Splits up existing Arsenal students at different schools
