

## My Ride K-12

The Iroquois Transportation Department is excited to let our families know that this year, we will be utilizing a new app called My Ride K-12 for your student's transportation information.

Traversa My Ride K-12 is a mobile app for Apple and Android devices to help ensure students never miss the bus again. My Ride K-12 allows parents and students to access their own secure data for route information including pick-up/drop-off times and bus numbers. Each Iroquois bus is equipped with GPS, and My Ride K-12 can use the GPS geolocation to let users know when to expect their bus each day.

Additionally, parents can use the app to communicate with the Transportation Department by using the "messages" feature and receive real-time alerts, and notifications. We encourage our parents/guardians to download the app for bus information prior to the start of the school year.

**IMPORTANT: The My Ride K-12 app replaces the My Stop app, which will be phased out on August 15, 2024. To ensure continued access to information about your child's bus route, please download the new My Ride K-12 app from your favorite app store and log into your child's account.**

Log in to the parent portal here: <https://myridek12.tylerapp.com/login>

You can download the My Ride K-12 app for your phone or tablet here:

- [My Ride K-12 – Apple App Store \(iOS\)](#)
- [My Ride K-12 – Google Play Store \(Android\)](#)
