

*Your voice matters!*

Are you a person with an intellectual/developmental disability (I/DD)? A family member of someone with I/DD?

**We want to hear about your experiences in the hospital!**

Your input will help the University of Rochester Medical Center create a training for inpatient and emergency room nurses in NYS to:

- ✓ Understand the medical, social, environmental, and mental health needs of people with I/DD
- ✓ Effectively partner with people with I/DD in the hospital
- ✓ Advocate for equitable care and resources for people with I/DD

**Take our survey!**

For advocates

For family members
