Spark Curiosity Unleash Potential Day 1 (8/6/24)

Click on titles to enroll in courses for each session. Attendees must enroll to attend the sessions/workshops. No walk-ins allowed.

Session 1 8:00 AM – 9:30 AM

Session Title	Location
Overview of MTSS - Secondary	SHS F125
From Chaos to Calm: Conquering Classroom Management	SHS G115
Math for Every Mind: Unlocking Student Potential Through Differentiation	SHS G110
Eduphoria for Data	SHS G112
Empowering Excellence: Effective Strategies in Academic Intervention	SHS G114
CHAMPS *Mandatory for New Teachers	SHS Criminal Justice Room

Session 2 9:35 AM – 11:05 PM

Session Title	Location
Overview of MTSS - Elementary	SHS F123
Mastering the Middle & High School Classroom: Effective Strategies for Grades 6-12	SHS G117
AI for Everyone: Unleash Your Creative Potential	SHS F110
From One to Many: Unleashing the Power of Differentiation in Elementary Literacy	SHS G104
From Analysis to Action: Leveraging STAAR Insights for Classroom Impact	SHS G106
CHAMPS *Mandatory for New Teachers	SHS Criminal Justice Room

Session 3 12:30 PM – 2:00 PM

Session Title	Location
Overview of MTSS - Secondary	SHS F125
From Chaos to Calm: Conquering Classroom Management	SHS G115
Math for Every Mind: Unlocking Student Potential Through Differentiation	SHS G110
Eduphoria for Data	SHS G112
Empowering Excellence: Effective Strategies in Academic Intervention	SHS G114

Session 4 2:05 PM – 3:35 PM

Session Title	Location
Overview of MTSS - Elementary	SHS F123
Mastering the Middle & High School Classroom: Effective Strategies for Grades 6-12	SHS G117
AI for Everyone: Unleash Your Creative Potential	SHS F110
From One to Many: Unleashing the Power of Differentiation in Elementary Literacy	SHS G104
From Analysis to Action: Leveraging STAAR Insights for Classroom Impact	SHS G106

Workshop 8:00 AM – 11:05 PM

Session Title	Location
The ARD Process and the Role of the Case Manager/ Department Chair *Mandatory for all SPED personnel	MS Cafeteria

Spark Curiosity Unleash Potential Day 2 (8/7/24)

Click on titles to enroll in courses for each session. Attendees must enroll to attend the sessions/workshops. No walk-ins allowed.

Session 1 8:00 AM – 9:30 AM

Session Title	Location
Math Lesson Cycles Gr. 6-8	SHS D101
RLA Lesson Cycles Gr. 9-12	SHS G115
Why They're Crying Out: Understanding the Internal Pain Your Student Faces Daily	SHS F132
Dual Language Essentials PK-K	SHS F123
iTeach Gaming	SHS G104
Accountability System- Teacher Version	SHS G112

Session 2 9:35 AM – 11:05 PM

Session Title	Location
Math Lesson Cycles Gr. 9-12	SHS D101
RLA Lesson Cycles Gr. 6-8	SHS G115
Dual Language Essentials Gr. 1-2	SHS F123
Integrating STEM: It's a Vibe! (PK-5)	SHS G106
AI for Everyone: Unleash Your Creative Potential	SHS F110

3-Hour Workshops 8:00 AM-11:05 AM

Tap Into Your Superpowers: Strategies for Building Community and Student/Teacher Relationships – Let's Circle Up!	SHS Criminal Justice Room
TEA Science Safety for Middle/High School	SHS F111
Curiosity Unleashed: Illuminating Potential with Plans	SHS F125

Session 3 12:30 PM – 2:00 PM

Session Title	Location
Math Lesson Cycles Gr. 6-8	SHS D101
RLA Lesson Cycles Gr. 9-12	SHS G115
Dual Language Essentials Gr. 3-4	SHS F123
Integrating STEM: It's a Vibe! (PK-5)	SHS G106
Accountability System- Teacher Version	SHS G112

Session 4 2:05 PM – 3:35 PM

Session Title	Location
Math Lesson Cycles Gr. 9-12	SHS D101
RLA Lesson Cycles Gr. 6-8	SHS G115
Why They're Crying Out: Understanding the Internal Pain Your Student Faces Daily	SHS F132
Dual Language Essentials Gr. 5	SHS F123

Curiosity Unleashed: Illuminating Potential with Plans	SHS F125

Courses

Session 1: 8:00 AM – 9:30 AM

Session 2: 9:35 AM – 11:05 PM

Session 3: 12:30 PM – 2:00 PM

Session 4: 2:05 PM – 3:35 PM

AM Workshops: 8:00 AM – 11:05 AM

PM Workshops: 12:30 PM – 3:35 PM

Accountability System- Teacher Version

Location: SHS G112

Presenter(s): Dr. Kadir Almus

Targeted Audience: ALL

This session is designed to provide teachers with a practical understanding of the state accountability system and its critical components. Participants will delve into the key elements that impact classroom instruction and student outcomes. The session aims to equip teachers with the knowledge necessary to align their teaching strategies with the accountability standards, ensuring that their instructional practices not only meet but exceed the benchmarks set forth by the state. By the end of this session, educators will have a clearer picture of how state assessments and accountability metrics influence their daily teaching and how they can adapt their methods to foster an environment of excellence and continuous improvement in student learning.)

AI for Everyone: Unleash Your Creative Potential

Location: SHS F110

Presenter(s): Stephanie Jernigan

Targeted Audience: ALL

Artificial Intelligence (AI) is not new but is quickly becoming a prominent part of education and society as a whole. In this course, we will review some basic concepts of AI like its definition, history, ethical implications, and how it can be used to enhance teaching and learning. Leave feeling more comfortable using AI and unlock your creative potential as an educator.

CHAMPS

Location: SHS Criminal Justice Room

Presenter(s): Dr. Harper, Consultant

Targeted Audience: All New to SMSD Teachers

Teachers will learn how to establish a vision for their classroom, organize classrooms for student success, prepare for the first month of school, specify classroom behavioral expectations, motivate even the most uncooperative students, monitor and revise classroom behavioral plans, and correct specific misbehaviors.

Curiosity Unleashed: Illuminating Potential with Plans

Location: SHS F125

Presenter(s): Keosha Cole-Gallow & Michelle Benson

Targeted Audience: ALL

Curiosity Unleashed: Illuminating Potential with Plans is our vibrant professional development program that equips

educators with the skills to create engaging and effective lesson plans tailored for student success. Join us in unleashing creativity and maximizing potential through the art of lesson planning!

Dual Language Essentials

Location: SHS F123

Presenter(s): Dr. Mecuri, Consultant

Targeted Audience: Dual Language Teachers

Participants will examine the research-based instructional strategies that foster that facilitate student engagement, biliteracy development, language transfer, and content mastery. Additionally, the elements of the classroom environment that foster biliteracy will be discussed during the session. *This is a required Districtwide Training. Please bring your Dual Essentials book to this session.*

Eduphoria for Data

Location: SHS G112

Presenter(s): Dr. Kadir Almus

Targeted Audience: ALL

Unlock the full potential of Eduphoria with our dedicated session on data analysis. This session is designed to empower educators with the knowledge and skills necessary to extract valuable insights from their data. Participants will learn efficient methods to retrieve data, enabling them to make informed decisions that enhance instructional quality. Through hands-on strategies, teachers will discover how to utilize Eduphoria's tools to their fullest, ensuring that data analysis becomes an integral part of their instructional planning process. Join us to transform data into actionable teaching strategies and elevate the educational experience. (Note: Participants need to bring their own laptops to this session)

Empowering Excellence: Effective Strategies in Academic Intervention

Location: SHS G114

Presenter(s): Courtney Butler

Targeted Audience: Elementary

In this session focused on student interventions, educators delve into evidence-based strategies to support diverse learners. Participants explore goal-setting, workload analysis, and self-reflection techniques, empowering them to tailor interventions to individual student needs. By emphasizing metacognitive skills and fostering a growth mindset, this session equips teachers with practical tools to elevate student engagement and achievement.

From Analysis to Action: Leveraging STAAR Insights for Classroom Impact

Location: SHS G106

Presenter(s): Dr. Jennifer Warford

Targeted Audience: ALL

Looking to turn data into action? In this professional development session, educators will explore the power of STAAR data analysis to inform instructional decisions. Participants will learn how to interpret assessment results, identify student strengths and areas for growth, and tailor teaching strategies accordingly. From targeted interventions to differentiated instruction, this session equips teachers with practical tools to enhance student achievement. Join us as we bridge the gap between data analysis and effective classroom practices!

From Chaos to Calm: Conquering Classroom Management

Location: SHS G115

Presenter(s): James Sherwood

Targeted Audience: Elementary

Feeling overwhelmed by noise levels or struggling to keep everyone engaged? This professional development session will equip you with powerful strategies for creating a calm, focused, and FUN learning environment in your elementary classroom. We'll delve into proactive techniques for establishing clear expectations, routines, and procedures. Discover how to build positive relationships with your students, foster a sense of community, and address challenging behaviors effectively. Leave the session feeling empowered and excited to implement these practical tools that will transform your classroom into a well-oiled machine where learning thrives!

From One to Many: Unleashing the Power of Differentiation in Elementary Literacy

Location: SHS G104

Presenter(s): Stacy Lee & Aisha Atkinson

Targeted Audience: Elementary Literacy

Calling all literacy champions! This session will supercharge your ability to meet the diverse needs of your young readers and writers. We'll explore the power of differentiation in elementary literacy, focusing on how to adjust content, process, and product to ignite a love of learning in every child. Discover how to strategically group students, scaffold instruction, and provide engaging activities that cater to different reading levels and learning styles. Leave the session brimming with ideas to transform your classroom into a differentiated wonderland, where all students can flourish as confident and enthusiastic readers and writers.

Integrating STEM: It's a Vibe!

Location: SHS G106

Presenter(s): Johanna Chesser

Targeted Audience: PK-5

Are you interested STEM? Come join the hype with STEM to Go! STEM is everywhere! The session is designed to show you how to integrate STEM on a budget in every subject. The presenter will show quick unplug strategies that are aligned to the Engineering Design Process. These strategies are geared to keep your students engaged and eager to learn daily.

iTeach Gaming

Location: SHS G104

Presenter(s): Tiffany Fondal & Colt Berry

Targeted Audience: ALL

Are you ready to transform your lesson plans into engaging adventures? This course unlocks the power of games to boost student motivation, social-emotional learning (SEL), and academic achievement. Gamers already know the secret: Practice, perseverance, and strategic thinking are essential for success. In this course, you'll discover how to harness these skills to create dynamic lesson plans aligned with your state's curriculum standards (like TEKS!). No prior gaming experience is necessary!

Mastering the Middle & High School Classroom: Effective Strategies for Grades 6-12

Location: SHS G117

Presenter(s): Zenikka Nichols

Targeted Audience: Secondary

Feeling overwhelmed by classroom management in grades 6-12? This engaging professional development course provides practical strategies and techniques to cultivate a positive and productive learning environment. You'll learn: Effective classroom setup and routines to streamline lessons and minimize disruptions. Proven strategies for promoting student engagement and fostering a love of learning. Positive discipline techniques to address common classroom behavior issues. Differentiation strategies to meet the diverse needs of middle and high school students. Communication skills to build positive relationships with students and parents. Whether you're a new teacher or a seasoned veteran, this course will equip you with the tools you need to create a thriving classroom where students can excel.

Math for Every Mind: Unlocking Student Potential Through Differentiation

Location: SHS G110

Presenter(s): Tierra Martin

Targeted Audience: Elementary Mathematics

Energize your math lessons and reach all your learners! This professional development session will delve into the art of differentiation in elementary mathematics. We'll explore strategies to tailor content, process, and product based on students' readiness, interests, and learning styles. Discover creative ways to challenge advanced learners, provide targeted support for those needing extra help, and keep everyone engaged with the magic of math. Leave equipped with practical tools and inspiration to transform your classroom into a dynamic learning environment that celebrates the unique potential of every student.

Math Lesson Cycles

Location: SHS D101

Presenter(s): Jerry Stephens

Targeted Audience: Secondary Mathematics

Participants will walk-through a math lesson cycle using Carnegie Math and Stafford curriculum resources. Participants will leave with lessons that will be used in the math classroom.

Overview of MTSS

Location: SHS 125 & 123

Presenter(s): Dr. Jennifer Warford, Donald Riggs, Dr. Diana De La Rosa, Dr. Melissa Earls

Targeted Audience: ALL

This training will provide an overview of the Stafford MTSS framework; outline the benefits of MTSS; and describes the three tiers of MTSS, including common and differentiated components of the tiers.

RLA Lesson Cycles

Location: SHS G115

Presenter(s): Michelle Devonish-Sanchez

Targeted Audience: Secondary RLA

Participants will experience a lesson using Stafford curriculum resources. Participants will leave with a lesson that could be used in RLA classes.

Tap into Your Superpowers: Strategies for Building Community and Student/Teacher Relationships – Let's Circle Up!

Location: SHS Criminal Justice Room

Presenter(s): Dr. Hester, Consultant

Targeted Audience: All Teachers *Mandatory for New Teachers

Educators are struggling more than ever in finding ways to connect with students through a pandemic pedagogy. Restorative Discipline Practices is a research-based approach designed to teach educators how to build, strengthen, support, and sustain a foundation of relationships with each other and their students. Discover

the power of utilizing Restorative before engaging in much-needed lesson-based curriculums that require teachers to lead discussions surrounding students: social and emotional needs, diversity, cultural differences, and student trauma. This interactive workshop will assist educators in formulating a proactive, intentional connection plan that purposefully focuses on embedding relationship-building into the instructional day thus creating a moment of genuine connection between students and teachers. When the whole school is infused with restorative strategies, it becomes easier to address issues faster and respond in a thoughtful way because the caring and supportive culture is already present.

TEA Science Safety for Middle/High School

Location: SHS F111

Presenter(s): TEALearn

Targeted Audience: 6-12 Science

Required safety course for all secondary science teachers.

The ARD Process and the Role of the Case

Manager/ Department Chair Location: SHS G117

Presenter(s): Shaunte Norris

Targeted Audience: Mandatory for all SPED personnel

This course is designed to provide special education teachers with an in-depth understanding of the Admission, Review, and Dismissal (ARD) process. Participants will explore the critical roles and responsibilities of special education teachers within this framework, ensuring they are well-equipped to effectively support students with diverse needs.

Why They're Crying Out: Understanding the Internal Pain Your Student Faces Daily

Location: SHS F132

Presenter(s): Michael Lewis

Targeted Audience: 6-12

This course/training will discuss new ways to understand today's Youth/Student and how to establish the necessary rapport to influence self-learning and build the student's self-image.
