The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Kinney High School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

> Schoolwide Program
> Comprehensive Support and Improvement
> Targeted Support and Improvement
>
> Title I, Targeted Support and Improvement (TSI)
> Comprehensive Support and Improvement (CSI) Grad
> Learning recovery
> Equity multiplier
> California Community School

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Kinney High School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

> Schoolwide Program

> Comprehensive Support and Improvement

> Targeted Support and Improvement

  Title I, Targeted Support and Improvement (TSI)

  California Community School

Our school plans to align our goals tightly with the Local Control and Accountability Plan of the district while focusing on Attendance, Budget, and Climate. Our budget corresponds with our priorities and the priorities of our district to ensure all students have equal access to educational opportunities and show early growth. Kinney High School has embraced a Community Schools model for how we approach student learning and emotional wellness. Pillar 2 focuses on culturally responsive instructional practices during the school day and in extended learning opportunities. We are committed to productive instructional strategies that support motivation, competence, and self-directed learning. These curriculum, teaching, and assessment strategies feature well-scaffolded instruction and ongoing formative assessment that support conceptual understanding, take students' prior knowledge and experiences into account, and provide the right amount of challenge and support on relevant and engaging learning tasks.

Kinney High School (KHS) plans to meet the Every Student Succeeds Act (ESSA) requirements per the Local Control and Accountability Plan (LCAP) by addressing the academic, Social Emotional Learning (SEL), college, and career readiness needs of all students. As such, we will offer an appropriate grade level curriculum to all students. Where students need additional support, they will receive intervention using our flex schedule support system. The Positive Behavior Intervention Supports team (PBIS) will train staff to promote building positive relationships with students. Creating and fostering a positive school culture will be the guidance of the PBIS team. We will incorporate a variety of PBIS strategies and incentives to build a positive climate and improve attendance. This will increase graduation rates.

The area of our Professional Development (PD) for Kinney High School will focus on creating the conditions for learning for all students. FCUSD has committed to the California Community Schools Framework and has developed four equity questions that focus our actions to accelerate learning outcomes for our low-income, English Learner/Emergent Bilingual, students with learning disabilities and our Black youth to ensure that they are benefitting from culturally responsive tier 1 instruction and interventions.

Our staff has received Professional Development in Whole Child Design through Turnaround for Children and understanding the brain science of accelerated learning. Our district has also committed to ongoing PD in Behavior RtI to create a restorative and instructional response to student behavior. FCUSD has a longstanding commitment to Social Emotional Learning and embraces the CASEL competencies of self-awareness, self-management, social awareness, relationship skills, and responsible decision making, and we teach all students these specific skills through tier 1 instruction using the Base Education curriculum. To further support students in learning self-regulation, we are expanding our offerings by providing a staffed restorative room.

Due to our ongoing goal of high rigor for all students, we have extended our A-G offerings with a focus on Standards based instruction. In order to meet this goal, all teachers will be trained in Universal Design for Learning (UDL), Co-teaching will be expanded, and professional time will focus on backward mapping for each course. We are expanding our English Language Development (ELD) program to support all learners on our campus.

Technology access needs to be maintained through maintenance, repair, and replacement of teacher laptops, Promethean boards, Chromebooks, and document cameras. In addition, students will have access to the additional curriculum as a result of this funding.

Our school has begun to use a Community Schools framework and the four Pillars of Community Schools. We are committed to working in partnership with our youth, their families, and community service agencies to bring resources

onto our campus that remove barriers to students learning, retaining, and applying knowledge. This is done by understanding the Science of Learning Development and that youth who are exposed to chronically stressful experiences will struggle with learning if they do not feel psychologically and physically safe on our campuses. Supportive environmental conditions that foster strong relationships and build a sense of community are a priority for us. These include positive sustained relationships with the families of our students that foster attachment and emotional connections; physical, emotional, and identity safety; and a sense of belonging and purpose. It is our goal to work collaboratively with parents in a shared decision-making approach where we are all working to support learning at school and at home.

We recognize that working in partnership with non-profit, faith-based, business, and local government partners allows us to support learning outcomes for youth and make our campuses safe and relationship-based places for youth to be. Our community partners include Folsom Cordova Community Partners, Tobacco Use Prevention Education, Action Medical, PRO Youth and Family, Care Solace, Sacramento Regional Fire/EMS, Police Activities League, and Mentors at Cordova High (MACH). Through our Community Schools design process, we have noted gaps in access to dental and vision, Parenting support, drug/alcohol prevention/treatment, medical and mental health services, and supports that we are working as a regional network of schools to address.

Due to the socio-economic status of 87% of our students, we also aim to partner with an agency to provide school-based health services. We see an opportunity to do this at a basic level this year but hope to eventually have a clinic on campus. Resource inequities are persistent in communities throughout our nation based on family income level and access to health and mental health supports, stable housing, and employment. These systemic challenges disproportionately impact many of our English Learners, low-income and Black families. The Community Schools effort will bring community partnerships to our schools to remove barriers in access to physical and mental health services, tutoring, mentoring, access to basic services like food, clothing, and housing is focused on reducing these challenges to create stability in our attendance, enrollment and allow students minds to be focused on learning and growing as part of our school community.

There is a need to partner with the following departments and businesses in order to achieve the site's Comprehensive Support and Improvement (CSI) goals:
Categorical Programs - obtain a deeper understanding of budgets, opportunities for community partnerships, and other grant opportunities to fund growth needs.
Curriculum and Instruction - update coursework and course opportunities, increase A-G opportunities and work with other site administrations in credit recovery solutions.
Lead Teachers - utilize leads for staff PD and utilize contacts of specialized leads in all subjects to ensure students are getting equal access to the curriculum.
Yondr phone pouches to support our student's focus on education in the classroom without technology distractions.

School Vision and Mission

Vision Statement

At Kinney High School, we know the value of being present, positive, and productive and that one can never give up if one wants to achieve their dreams. We aim to offer a solid credit recovery program that is built around relationships, the best standards-based curriculum, and a solid Social-Emotional program. Here at Kinney High school students H.O.W.L. Honorable, open minded, working hard, Learning.

The vision of Kinney High School is to offer an alternative place for learning while providing a safe, caring environment where students can improve their academic, personal, and social skills to become positive, productive members of society.

Mission Statement

At Kinney High School We believe that every student can reach their full potential when we create a safe, inclusive, and dynamic learning culture.

School & Community Profile

At Kinney High School we believe that all students can learn given sufficient time and support through smaller classes and personalized instruction that emphasizes personal responsibility in a safe and nurturing environment. Since 1919, continuation education has been an option for high school students in the State of California. In its earliest period, continuing education was seen as a means for helping the student who had to go to work and wished to stay in school to achieve a high school diploma. Our mission is to address and serve students who are in danger of not completing high school. This forces us to be creative when trying to engage as many students as possible and make the learning meaningful and relevant.

As specified by law the Folsom Cordova Unified School District developed Kinney High School in 1966 as a continuation program for students. The expectation is that Kinney students will complete the same curriculum for graduation as other students in the district and are subject to the same state and district mandated requirements. The Kinney High School student body size fluctuates over the course of a school year as we have an open enrollment policy that allows students to enter or exit as needed. Traditionally the school averages approximately 130 and serves in excess of 250 students during the school year. However, the school population seldom exceeds 150 students at any given time. The school's gender distribution was 37% female to 63% male students in the 2023-2024 school year. The school's largest ethnic groups are Latino (47%), White (17%), African American (16%), and two or more races (16%). 83% of students who attend Kinney High School are socioeconomically disadvantaged, while 10% are homeless and 18% of our students are English Learners. In addition, we are 25% Special Education students.

Kinney High School provides an instructional setting that is different from the traditional high school in its approach to teaching. These differences are designed to provide each student with an educational program that prepares them for completion of the district and State common core standards and prepares the individual for a career or post-secondary education. In addition to completing the requirements for graduation, each student will have the opportunity to acquire the values, skills, and knowledge necessary to promote lifelong learning, enhance self-esteem, and become responsible citizens. We stress the importance of being present, positive, and productive.

Educational Partner Involvement

How, when, and with whom did Kinney High School consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

Resource inequities are persistent in communities throughout our nation based on family income level and access to health and mental health supports, stable housing, and employment. These systemic challenges disproportionately impact many of our English Learners, low-income and Black families. The Community Schools effort will bring community partnerships to our schools to remove barriers in access to physical and mental health services, tutoring, mentoring, access to basic services like food, clothing, and housing is focused on reducing these challenges to create stability in our attendance, enrollment and allow students minds to be focused on learning and growing as part of our school community.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

Suspension Rate and graduation rate are in the red on the California School Dashboard. Our focus has been on graduation rate and has shown an increase of about 20% since last year. The Socioeconomically disadvantaged group is in the red. We did increase the graduation rate by 18.6%. We still have lots of room to improve and grow. Suspension rate increased by 0.9%. We have two groups in the red that we need to improve outcomes for, African Americans and Socioeconomically disadvantaged.

We are adding an increase in staff and engagement activities. Increase in Art and CTE offerings including trips to explore We are focused on building a safe and equity-based school culture. We have increased our restorative specialist time to provide more intervention. We are focused on Professional learning teams and improving teacher practices. We are providing interventions and connections to colleges and careers.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the "all student" performance.

Due to a lack of data on our Dashboard this is difficult to determine. Our focus will remain on supporting our students to graduate. What we know we are having students coming in credit deficient and struggling academically. We are improving teacher work through Professional learning communities to increase student outcomes. We are actively finding ways for students to engage in the school community to feel safe and support. We are connecting students to colleges and careers.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

Attendance rate is an area of concern. Our ADA was 76% for the year. We want to continue to keep students on campus earning credits toward graduation. Also, graduation rate at 70% it is our moral imperative to support students at high levels.

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Kinney High School. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	**Percent of Enrollment**			**Number of Students**		
	21-22	**22-23**	**23-24**	**21-22**	**22-23**	**23-24**
American Indian	%	1.14%	0.88%	0	1	1
African American	28.38%	20.45%	21.93%	21	18	25
Asian	2.70%	1.14%	0.88%	2	1	1
Filipino	%	0%	%	0	0	
Hispanic/Latino	36.49%	40.91%	42.98%	27	36	49
Pacific Islander	1.35%	2.27%	1.75%	1	2	2
White	18.92%	15.91%	20.18%	14	14	23
Multiple/No Response	9.46%	18.18%	11.40%	7	16	13
			Total Enrollment	74	88	114

Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	**Number of Students**		
	21-22	**22-23**	**23-24**
Grade 8			1
Grade 10	6	8	5
Grade 11	20	40	32
Grade 12	48	40	76
Total Enrollment	74	88	114

Conclusions based on this data:

1. The demographics at Kinney do not represent the overall demographics of the district. Additional Comprehensive Support and Improvement funding will help give Kinney students equitable access to their education and to experiences outside of the classroom. This is also only a small glimpse into the total students we see throughout the year. We have a high transient population. With new students joining us throughout the year.

2. We have over a 30% homeless population rate.

3. Our top three ethnicities are Latino, White, and African American.

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
English Learners	10	16	22	13.1%	13.5%	19.3%
Fluent English Proficient (FEP)	14	14	15	22.2%	18.9%	13.2%
Reclassified Fluent English Proficient (RFEP)				0.0%		

Conclusions based on this data:

1. We have a growing EL population to demand that we strengthen our English Learner (EL) supports. We used our CSI funds to hire a part time Bilingual Instructional Assistant (BIA) full time to support English Learners in their classes. Increase in the English Language Development classes taught by increasing teacher position by .2 FTE.

2. CSI funding will allow us to continue to purchase supplies and additional section of ELD for support to assist our EL population to support their graduation goals.

3. We will use CSI funds to fund a BIA (3.9 hours per day) position. This position showed to create positive impact on students and families, so we will continue to fund it.

English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Conclusions based on this data:

1. The data is tough to draw from due to small size. We will look to increase our completion rate.

2. The overall performance over many years by our students is far below district averages thus qualifying us for CSI funding.

3. We will find different ways to support our students in performing their best on standardized tests We have to focus on English standards as we are in need of improvement.

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's English Language Proficiency Assessments for California (ELPAC) web page or the ELPAC.org website for more information about the ELPAC.

Conclusions based on this data:

1. The overall performance over many years by our students are far below district averages thus qualifying us for CSI funding.

2. The need for more support and connectedness to school is crucial to student success.

3. Students are performing at low level. The need for an instructional coach and interventions will be crucial for student success. We are increasing our supports for EL students on our campus.

School and Student Performance Data

## California School Dashboard
Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

2022-23 Student Population

Total Number of Students enrolled in Kinney High School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	

2022-23 Enrollment for All Students/Student Group		
Student Group	**Total**	**Percentage**
English Learners	16	18.2
Foster Youth		
Homeless	14	15.9
Socioeconomically Disadvantaged	75	85.2
Students with Disabilities	14	15.9

American Indian	1	1.1
Asian	1	1.1
Hispanic	36	40.9
Two or More Races	16	18.2
Pacific Islander	2	2.3
White	14	15.9

Conclusions based on this data:

1. Our population at Kinney is unique. With 85% of our students qualifying for free and reduced lunch, they come needing basic things (food, health care, shelter, appropriate clothing.)

2. Building a strong community of support to increase attendance, and graduation will be crucial for the funds we have to support student outcomes.

3. CSI funding will also be used to help support an incentive program to increase attendance, build student connectedness, and thus increase the number of students who graduate.

Conclusions based on this data:

1. We have a new focus in creating an environment in which we can educate students without exclusionary practices.

2. Suspensions are proportionate to our student population. We are addressing our suspensions by moving forward with the "don't suspend me" training and Restorative Justice.

3. Looking for ways to support student success by changing behaviors on campus. Most of our suspension were physical fights or drug related.

Conclusions based on this data:

1. English is a top area of need for our students. Most are credit deficient in English.

2. Students are in need of interventions to fill in learning gaps.

3. Students are going to start tracking their progress throughout the year with edmentum.

Conclusions based on this data:

1. Our ELL students are a top priority to show growth. We have added an ELD section in our master schedule to support our lowest ELL students.

2. CSI funding will support incentives to build connectedness, improve attendance, and improve the confidence of our student body.

3. We continue to support our program by expanding our staff and time with students.

Conclusions based on this data:

1. The expansion of our two Career and Technical Education (CTE) pathways has increased college and career readiness. We have two new CTE teachers so the program will need more support.

2. The addition of our A-G courses has increased college and career readiness.

3. CSI funding will support incentives to build connectedness, improve attendance, and improve the confidence of our student body. Improving attendance is a priority at Kinney as research has proven that students must attend regularly to earn credits. A2A and our attendance clerk will help monitor attendance and organize outreach to families.

Students will be performing at grade level and showing yearly growth and will track their own progress through strengthened Homeroom activities and efficient credit tracking systems.
Goal 1 - All students will receive equitable instruction from highly qualified teachers and have access to curriculum which promotes college and career readiness (State Priority 1)

LCAP Goal to which this School Goal is Aligned
LCAP goal to which this school goal is aligned.

LCAP Goal 1: All student progress and educational outcomes will be monitored to increase and improve success with an emphasis on historically marginalized and underserved student populations (State Priority 4 and 8)
1.01 - Ensure students are meeting grade-level standards in ELA and math (1st, 3rd, 5th, 8th, and 11th grades) with a specific emphasis on marginalized and underserved student populations
1.02 - Ensure English Learners, Foster Youth, and Students with Disabilities make grade level progress through access to grade level curriculum and quality first instruction.
1.03 - Improve TK/Kindergarten readiness as measured by curriculum embedded assessment.
1.04 - Grad rate focus; monitor yearly high school progress to ensure all students make annual progress toward graduating within their 4-year cohort.

Identified Need
A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Most of our students come to us below grade level for many reasons. We are obligated to see them make progress by implementing best practices and exposing them to the core curriculum.

Annual Measurable Outcomes
Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
CAASPP data		Increased graduation rates.
Graduation rates	Increase graduation rates.	
Formative and summative assessments	Development of common assessments, Gradebook, and feedback.

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

We have seen an increase in our graduation rate from the previous year by 6%%. Our ELL students have also made progress and look to continue to improve outcomes.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

No major differences between the implementation as this was salary and a program.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Only changes will be to salary cost increases.

Goals, Strategies, & Proposed Expenditures

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

1 School Principal

3 Classroom Teachers

1 Other School Staff

4 Parent or Community Members

1 Secondary Students

Name of Members	Role
Allen Sims	Principal
Paul Wolter	Classroom Teacher
Ellen Chrismer	Classroom Teacher
Janie Munson	Classroom Teacher
Melissa Robledo	Other School Staff
Phoenyx Chavez	Secondary Student
Lisa Swanson	Parent or Community Member
Fred Chavez	Parent or Community Member
Mia Byrum	Parent or Community Member
Angela Byrum	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:
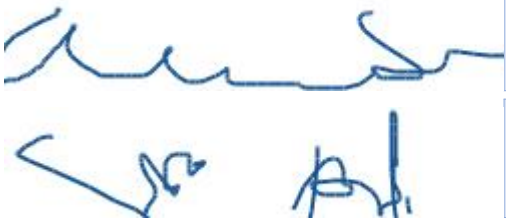

Signature	Committee or Advisory Group Name

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on April 17, 2024.

Attested:

	Principal, Allen Sims on 4/17/24
	SSC Chairperson, Suzanne Borth on 4/17/24

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code* (*EC*) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

Instructions: Table of Contents

For additional questions or technical assistance related to LEA and school planning, please contact the CDE's Local Agency Systems Support Office, at LCFF@cde.ca.gov.
For programmatic or policy questions regarding Title I schoolwide planning, please contact the LEA, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Plan Description
Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:
Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:
Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement
Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:
When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:
This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:
- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:
- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment
Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the "Red" or "Orange" performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:
When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:
When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:
Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures
In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:
When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such the S.M.A.R.T. approach.
A S.M.A.R.T. goal is:

- **S**pecific,
- **M**easurable,
- **A**chievable,
- **R**ealistic, and
- **T**ime-bound.

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.
A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:
Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:
Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:
Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:
Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:
When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:
Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table
Describe the strategies and activities being provided to meet the goal.
Complete the table as follows:

- Strategy/Activity #: Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- Description: Describe the strategy/activity.
- Students to be Served: Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- Proposed Expenditures: List the amount(s) for the proposed expenditures.
  Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to *EC* Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- Funding Sources: List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:
- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:
- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.

Additional CSI Planning Requirements:
- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:
- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.

Additional CSI Planning Requirements:
- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: CSI funds may not be expended at or on behalf of schools not eligible for CSI.

Additional ATSI Planning Requirements:
Note: Federal funds for CSI shall not be used in schools eligible for ATSI.

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:
- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:
- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

I. The development of the SPSA shall include both of the following actions:
   A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
      1. The comprehensive needs assessment of the entire school shall:
         a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
         b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
            i.   Help the school understand the subjects and skills for which teaching and learning need to be improved.
            ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
            iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
            iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
            v.   Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
   B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

II. The SPSA shall include the following:
   A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
   B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
    a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
    b. Use methods and instructional strategies that:
        i. Strengthen the academic program in the school,
        ii. Increase the amount and quality of learning time, and
        iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
    c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
        i. Strategies to improve students' skills outside the academic subject areas;
        ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
        iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
        iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
        v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
    1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
    2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
    3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
    1. Ensure that those students' difficulties are identified on a timely basis; and
    2. Provide sufficient information on which to base effective assistance to those students.
G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Appendix B: Plan Requirements for School to CSI/ATSI Planning Requirements

For questions or technical assistance related to meeting federal school improvement planning requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (S*ections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);

2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf);

   Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (S*ections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and

4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (S*ections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC* Section 64001[a] as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC* Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

- **CSI Planning Summary for Charters and Single-school Districts**: https://www.cde.ca.gov/sp/sw/t1/csiplansummary.asp

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

> 1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC* Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC* Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
