Classroom Managed/Teacher Managed: Behaviors which adversely affect a student’s educational progress. ## Criminal Conduct

Criminal conduct is defined as those activities engaged in by student(s) which result in violence to oneself or another's person or property or which pose a direct and serious threat to the safety of oneself or others in the school. When school officials have a reasonable belief that students have engaged in such activities, then these activities usually require administrative actions which result in the immediate removal of the student from the school, the intervention of the School Resource Officer or other local law enforcement authorities, and/or action by the local school board. The provisions of this regulation apply not only to within-school activities, but also to student conduct on school transportation vehicles, and during other school-sponsored activities.
