Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Online applications like Zoom and Canvas allowed for parents the opportunity to participate in their child's education, though there were challenges in getting parents familiar and comfortable with the applications, even after multiple years of use. Not all parents signed up for Parent Square, which is our method of communication District wide, therefore they did not receive all the notices or fliers that were pushed out for them. In Canvas, we still have a low percentage of parents that are signed up to receive notifications to be able to monitor student progress. The discrepancy between Canvas and Q caused parents to not always be up to date with information or know where they should consistently look.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We did not get the necessary parent participation and sign up for our new form of communication, Parent Square and those that were signed up had concerns with the amount of messages that were being sent out from both the Central Office and the school site. This next year, at a site level, we are trying to align and consolidate all communication so it is more consistently the same dates/times and only one message per day (on days there are messages). We will have parents sign up for both Parent Square and Canvas this year when they come to pick up schedules and materials before school begins. This will allow us to help families that need additional support and ensure all families are signed up when school begins with the preferred form of communication. ELAC meetings will be returning to a hybrid form. We were able to have more parents participate via Zoom and in-person versus just in-person.

Budget Summary

Complete the Budget Summary Table below. Schools may include additional information, and adjust the table as needed. The Budget Summary is required for schools funded through the Consolidated Application (ConApp).

Budget Summary

DESCRIPTION	AMOUNT
Total Funds Provided to the School Through the Consolidated Application	\$129,343.00
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$541,916.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0

Other Federal, State, and Local Funds

List the additional Federal programs that the school includes in the schoolwide program. Adjust the table as needed.

Note: If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.

Federal Programs	Allocation (\$)
Title I	\$98,757.00
Title III	\$30,586.00

Subtotal of additional federal funds included for this school: \$129,343.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Allocation (\$)
LCFF	\$215,056.00
LCFF - Intervention	\$10,000.00
Prop 28	\$187,517.00

Subtotal of state or local funds included for this school: \$412,573.00

Total of federal, state, and/or local funds for this school: \$541,916.00

Budgeted Funds and Expenditures in this Plan

The tables below are provided to help the school track expenditures as they relate to funds budgeted to the school.

Funds Budgeted to the School by Funding Source

Funding Source	Amount	Balance
Title I	98,757	0.00
Title III	30,586	0.00
LCFF	215,056	0.00
LCFF - Intervention	10,000	0.00
Prop 28	187,517	0.00

Expenditures by Funding Source

Funding Source	Amount
LCFF	215,056.00
LCFF - Intervention	10,000.00
Prop 28	187,517.00
Title I	98,757.00
Title III	30,586.00

Expenditures by Budget Reference

Budget Reference	Amount
1000-1999: Certificated Personnel Salaries	170,012.00
2000-2999: Classified Personnel Salaries	138,556.00
4000-4999: Books And Supplies	127,994.00
5000-5999: Services And Other Operating Expenditures	101,354.00
5800: Professional/Consulting Services And Operating Expenditures	4,000.00

Expenditures by Budget Reference and Funding Source

Budget Reference

Funding Source

Amount

1000-1999: Certificated Personnel Salaries	LCFF	18,137.00
2000-2999: Classified Personnel Salaries	LCFF	62,056.00
4000-4999: Books And Supplies	LCFF	84,363.00
5000-5999: Services And Other Operating Expenditures	LCFF	46,500.00
5800: Professional/Consulting Services And Operating Expenditures	LCFF	4,000.00
1000-1999: Certificated Personnel Salaries	LCFF - Intervention	7,500.00
4000-4999: Books And Supplies	LCFF - Intervention	2,500.00
1000-1999: Certificated Personnel Salaries	Prop 28	93,118.00
2000-2999: Classified Personnel Salaries	Prop 28	62,500.00
4000-4999: Books And Supplies	Prop 28	21,899.00
5000-5999: Services And Other Operating Expenditures	Prop 28	10,000.00
1000-1999: Certificated Personnel Salaries	Title I	45,257.00
2000-2999: Classified Personnel Salaries	Title I	8,000.00
4000-4999: Books And Supplies	Title I	11,000.00
5000-5999: Services And Other Operating Expenditures	Title I	34,500.00
1000-1999: Certificated Personnel Salaries	Title III	6,000.00
2000-2999: Classified Personnel Salaries	Title III	6,000.00
4000-4999: Books And Supplies	Title III	8,232.00
5000-5999: Services And Other Operating Expenditures	Title III	10,354.00

Expenditures by Goal

Goal Number	Total Expenditures
Goal 1	425,328.00
Goal 2	74,575.00
Goal 3	42,013.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 4 Classroom Teachers
- 1 Other School Staff
- 3 Parent or Community Members
- 3 Secondary Students

Name of Members	Role
Tyler Higa	Principal
Maybellyne Frazer	Classroom Teacher
Crystal Reagan	Classroom Teacher
Greg Packham	Classroom Teacher
Mark Urwick	Classroom Teacher
Amber Pergeson	Other School Staff
Ray Lupian	Parent or Community Member
Kelly Ochoa	Parent or Community Member
Leticia Trejo	Parent or Community Member
Saul Gonzalez	Secondary Student
Esmeralda Blanco	Secondary Student
Adam Reveles	Secondary Student

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

RCM

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 5/21/24.

Attested:

Tyler Higa
AR

Principal, Tyler Higa on 05/21/24

SSC Chairperson, Mr. Adam Reveles on 05/21/24

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

Instructions: Table of Contents

- Plan Description
- Educational Partner Involvement
- Comprehensive Needs Assessment
- Goals, Strategies/Activities, and Expenditures
- Annual Review
- Budget Summary
- Appendix A: Plan Requirements for Title I Schoolwide Programs
- Appendix B: Select State and Federal Programs

For additional questions or technical assistance related to LEA and school planning, please contact the CDE's Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the LEA, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:

Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:

When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- Strategy/Activity #: Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- Description: Describe the strategy/activity.
- Students to be Served: Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- Proposed Expenditures: List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to EC Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- Funding Sources: List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
 - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
 - a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. Use methods and instructional strategies that:
 - i. Strengthen the academic program in the school,
 - ii. Increase the amount and quality of learning time, and
 - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. Strategies to improve students' skills outside the academic subject areas;
 - ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: Title 34 of the *Code of Federal Regulations (34 CFR)*, sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. *EC* sections 64001 et. seq.

Appendix B: Plan Requirements for School to CSI/ATSI Planning Requirements

For questions or technical assistance related to meeting federal school improvement planning requirements, please contact the CDE’s School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education’s “Using Evidence to Strengthen Education Investments” at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

CSI Resources

For additional CSI resources, please see the following links:

- **CSI Planning Requirements** (see Planning Requirements tab):
<https://www.cde.ca.gov/sp/sw/t1/csi.asp>
- **CSI Webinars:** <https://www.cde.ca.gov/sp/sw/t1/csiwebinars.asp>
- **CSI Planning Summary for Charters and Single-school Districts:**
<https://www.cde.ca.gov/sp/sw/t1/csiplansummary.asp>

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Updated by the California Department of Education, October 2023

School Plan for Student Achievement (SPSA)

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Fremont Academy of Environmental Science and Innovative Design	56725386055313	May 28, 2024	August 21, 2024

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California’s ESSA State Plan supports the state’s approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state’s Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Fremont Academy of Environmental Science and Innovative Design for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

- Schoolwide Program
- Comprehensive Support and Improvement

Fremont has been identified as CSI (Comprehensive Support and Improvement), due to low Language Arts and Math

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Fremont Academy of Environmental Science and Innovative Design for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

Comprehensive Support and Improvement

Fremont has been identified as CSI (Comprehensive Support and Improvement), due to low Language Arts and Math

Fremont Academy is a comprehensive 6-8 school middle school where we believe that every student can succeed. We also have a strong commitment to strengthening our community with all education partners. Our PBIS/Foundations team has been working with staff on building common expectations and forming strong relationships with students which has also contributed to creating a safe, positive environment for our students.

This 2024-2025 school year, the Oxnard SD Student Profile will be a driving force and core focus of our work with students, staff, parents, and the community. Each area - Focused on the Future, Digital Learner, Collaborator, Innovator, Problem Solver, Achiever, and Global Thinker will be embedded in all programs and key areas of instruction. As we mold our 21st Century scholars, the Student Profile will be the pathway to preparing our students for their future.

Oxnard School District has created a strategic plan in order to ensure that we fully develop our student profile and work toward fulfilling our Mission and Vision. Mission: In Oxnard School District, we nurture self-confident and empowered multilingual global citizens, strong in their multiple identities and potential, who achieve inspired levels of individual, community, and social accomplishment in school and beyond in their endeavors. Our Vision is Ignite, Transform, Nurture, Embrace.

Our strategies/activities support our values and principles: Equity and Excellence; Safe and Affirming Environments; Achievement/Performance, Multilingualism, Global and Socio-Cultural Competence; Relationships built on Integrity, Mutual Trust, Respect and Caring; and Professional Accountability and Service. Our goals can be realized by following a Theory of Action, which constitutes committing to a vision of success; to be relentless in clarifying and supporting classroom leadership; to build school leadership; to benefit from organized district leadership; and to engage our families and community, which will lead us to become a highly effective and equitable school.

A guiding focus for the district is on five strategic goals which form the framework for powerful and sustainable school and district transformation: Student Academic Engagement and Achievement; a Positive and Safe Learning Environment and School Climate; Guidance and Support to Sites; Family/Community Alliances for Student Success and Transformational Leadership and Infrastructure. All of our strategies/activities are designed to further these pedagogical principals:

1. Identify, activate, and build on student strengths.
2. Affirm student identities by challenging the devaluation of minoritized students' identities.
3. Establish powerful relationships that nurture equity and success.
4. Engage students actively in the learning process., by amplifying student voice.
5. Create environments of enrichment, rather than remediation, that engage students' multilingual repertoires.
6. Situate learning in the lives of students by connecting to their lives.
7. Elicit high intellectual performances that help connect students' identities to academic engagement.
8. Address the prerequisites for learning, including incorporating pedagogical practices that challenge coercive relations of power

As a collective group, the Fremont staff reflects on increasing student performance and striving to be among high achieving schools. Therefore, through our data analysis process, any low test scores have been the trigger and baseline for teachers and staff to rethink how we have been doing things and analyze best strategies and how we have been using data. The staff at Fremont Academy are working to build strong professional learning communities and collaborating with grade level and department teams to improve student learning. We have developed and have begun to implement our Fremont Collective Commitments that include moving students towards demonstrating proficiency, working collaboratively in teams to build shared knowledge, use of common formative assessments, providing increased opportunities for students to show mastery of of grade level standards, teachers working collaboratively to build commonalities in pacing and grading, providing opportunities to celebrate student success, and adults will participate and engage in professional development opportunities.

Strong first instruction with high rigor, standards based lessons with effective instructional strategies, and an emphasis on analysis of data to drive instruction and intervention are the focal points for our Instructional Leadership Team and PLC work. The leadership team will facilitate this work in their PLCs and during collaboration with grade level colleagues and department chairs. Dedicated time for PLCs with additional resources for ongoing collaboration throughout the year for teachers to plan strong, first instruction, develop common assessments, analyze data and respond to the data are significant actions in our plan. Grade level teams have also been collaborating and planning for both lessons and short-term interventions based on data. The math department has been working with the District Math Manager to gather research on effective instructional practices for teachers and supported grade levels with data analysis of benchmark assessments. This year, we will work closely with the District Math Manager to plan staff development that targets effective and engaging initial first instruction lessons, as well as creating ways to properly monitor student growth.

In addition to strong first instruction and ELD instruction, an effective multi-tiered system of support provides students with targeted interventions. Teachers are also committed to providing structured extended learning opportunities for students based on analysis of data. Our plan is to provide instruction to help close the gaps that students may have without losing time for instruction of new skills/standards. We want to commit to providing enrichment opportunities for students during the instructional day and after school as well. Analysis of formative data and continued progress monitoring will provide key information for teachers to place students in correct interventions. Student monitoring meetings with grade level teams and administration will provide an additional structure for data analysis.

We have collaborated this year with the educational consultant firm Orenda. Site administration met with Orenda leadership to undergo "coaching" as we planned to implement the work that would be done with teachers. We prepared for the creation of an ELA and Math matrix that would align each classroom with a "floor" of expectations for grade level standards and committing to a pacing guide to drive a unit matrix. Teachers created five units and mapped out the timeline for the instruction of the agreed upon unit standards. Teachers and admin worked to review the blueprints and SBAC item specs to create unit assessments in Illuminate with question stems that match the state testing that students will be held accountable for. Dates have been calendared for the reviewing of the assessment data and time set aside for collaborative lesson planning for grade level teams.

Students are engaged in electives connected to our strand focus of Environmental Science and Innovative Design. Robotics is offered as an elective to students, as are the electives of Careers and Environmental Science. Students also have the opportunity to take an Art elective with a focus on graphic design

All education partners must work together to support student needs. We are committed to working with parents and families to improve student learning through ELAC, SSC, parenting classes, coffee with the counselors and chats with the Principal.

Educational Partner Involvement

How, when, and with whom did Fremont Academy of Environmental Science and Innovative Design consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

The 2024-2025 Fremont SPSA was developed with the input of the Fremont Leadership Team and with school staff during staff meetings, department meetings and PLC/Collaboration Days. Teachers discussed in departments and in grade level teams the areas of need and concern and made suggestions for strategies based on their team discussions. Parents had the opportunity to discuss and provide input for the development of the SPSA during School Site Council and English Learner Advisory Committee meetings. ELAC and parent groups submitted their recommendations to the School Site Council for actions to be included in the SPSA. The SPSA was presented to the School Site Council and reviewed during the May 2024 and June 2024 meetings. All parent committees (PTA, ELAC, SSC and PAC) participated in the development of the SPSA. School Site Council then reviewed and approved the SPSA.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable. This section is required for all schools eligible for ATSI and CSI.

There has been a lack of meaningful access to homework help particularly for identified at promise students after school. This lack of access has been a result of not having designated teacher office hours and no designated teacher sponsored homework/tutoring help. We also lacked access to an intervention program to support identified students that were below level grade level as measured by Star and CAASPP assessments. The certificated substitute shortage continues to be a barrier to conducting lesson studies, providing collaboration days for departments and grade levels, and effective student monitoring meetings. By not having adequate teacher subs to cover classroom teachers during their absences, certificated staff have to cover classes, which includes administration and sometimes counselors. This impacts instruction when there is a rotation of teachers throughout the day for coverage and creates an inconsistency in instruction. Lack of substitutes also created challenges for other positions as well, where the principal, assistant principals, and counselors have to be taken out of their roles in order to ensure student's learning and safety. Some planned Professional Development and Collaboration Days had to be rescheduled or adjusted due to the lack of substitutes. Moving forward, every effort will be made to stay on track with our regularly scheduled PLC and Collaboration times.

A commitment to progress monitoring will allow us to better determine or confirm our belief where targeting should take place. We will use our Panorama data as part of our progress monitoring to address the areas of attendance and behavior that many of our students need extra support in so that they can have the access they need to be successful. We also want to make sure that targeted groups of students have access to tutoring and intervention programs that we offer. We will use Star, CAASPP, and classroom assessment data to determine students in need of intervention in Math and ELA. When an incentive program was developed to help targeted groups like our Students With Disabilities and English Learners, we found that it did not have the impact we had planned. Students were not always provided the positive tickets that could be used in the student store. Our ORC, in coordination with our AP's, need to meet with our identified students on a more regular basis to review attendance and to provide incentives for positive attendance.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

We had 5 performance areas of concern this past year that led to a CSI program standing. We need to address our ELA and Math scores. We remained in the "Red" for ELA, declining 11.7 points and although we increased our Math performance by 7.3 points we still remained in the "Orange". We were in the "Orange" for our EL progress declining by 7.9%. Our chronic absenteeism rate and suspension rate were in the "Red". As part of the plan to address these concerns Advisory teachers will meet with CSI identified subgroups of students and other students in need of extra support to discuss grades, Star scores, ST Math progress, behavior, attendance, etc. Teachers will discuss and support students in the creation of goals in these areas of concern that will be monitored during advisory data chats throughout the year. The creating of the "floor" when it comes to grade level standards expectations that all students should have access to in every ELA/Math class along with commonly paced out assessments that closely match state assessments will help our students better prepare for the summative testing by the state. In order to better support the growth and progress of our English learners we will support English Learner parent nights to provide families access to school and classroom expectations in the form of family nights so that parents are also aware of the goals our EL students need to meet. We will increase our recognition opportunities for class and school awards for our EL students. The rewriting of an EL handbook and the time that will be spent collaboratively with teachers to discuss the Fremont Promise based on the expectations in the handbook will better support our EL learners.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the "all student" performance.

Chronic absenteeism was a concern for all of our student groups. We had a increase in absenteeism in our EL's, students with disabilities, homeless, Hispanic, and socioeconomically disadvantaged students. Our ELA scores did not meet the level of improvement we had planned for and our suspension rate increased from the year prior. Admin will meet weekly with the ORC and attendance clerk to review attendance data and develop a list of students to determine attendance incentives to encourage daily and timely attendance for students that have been identified as students struggling with consistent attendance.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

We will need to address the social emotional concerns of students based on Panorama data and counselor collected data on the reasons for student visits to the counseling office. Through the use of Advisory class check-ins we intend to increase the number of students that feel a connection to the campus and adults on campus.

School and Student Performance Data

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Fremont Academy of Environmental Science and Innovative Design. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
American Indian	0.26%	0%	0.14%	2	0	1
African American	1.05%	1.09%	1.57%	8	8	11
Asian	0.53%	0.95%	1.00%	4	7	7
Filipino	1.58%	1.77%	1.71%	12	13	12
Hispanic/Latino	90.14%	90.19%	90.00%	686	662	630
Pacific Islander	0.26%	0.27%	%	2	2	
White	5.26%	4.77%	4.86%	40	35	34
Multiple/No Response	0.92%	0.95%	0.71%	7	7	5
Total Enrollment				761	734	700

Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	21-22	22-23	23-24
Kindergarten	Innovative Design	Innovative Design	
Grade 6		223	224
Grade 7	249	254	251
Grade 8	252	232	225
Total Enrollment			700

Conclusions based on this data:

At the end of the 2023-2024 school year, our grade six class had 217 students. 8th grade had 242 and Grade 7 has 231 students. Fremont will continue to hold Academy Tours in January for elementary schools in order to promote the academy focus and highlight the positive activities going on year-round. This will include AVID recruitment by the AVID Coordinator and school counselor. Fremont will continue to host the 5th Grade Nights which will expose elementary students early to the middle school experience which can decrease anxiety and aide families in determining which academy focus they are interested in. Through Fremont tours, incoming 6th graders and their families have the opportunity to see Fremont's outstanding garden which ties into the Environmental Science focus. The sports and club opportunities provided by staff will also continue to be a draw for families to want to send their children to Fremont.

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
English Learners	197	180	175	21.80%	#DIV/0!	25.0%
Fluent English Proficient (FEP)	239	248	219	33.30%	#DIV/0!	31.3%
Reclassified Fluent English Proficient (RFEP)				6.0%		

Conclusions based on this data:

In 2022-2023 we had 180 English Learners with 34 students who scored a 4 on the ELPAC to be ready to reclassify this year. At present during the 2023-2024, we have 146 English Learners with 45 students that reclassified. The focus will continue to build those foundational reading and writing skills, especially with L-TELS, to reclassify them while continuing to monitor them after reclassification. The ELD team will be provided collaboration time to use assessments to help determine target areas of need and will have time to work with the EL TOSA to offer instruction that will be rigorous and meet the needs of our students. A bilingual paraeducator will be assigned to the ELD classes to provide daily needed support for students. We plan to create a ELPAC Boot Camp with the intention of getting kids prepared academically and motivationally to tackle the ELPAC successfully.

School and Student Performance Data

Star Early Literacy

Fremont Academy of Environmental Science and Innovative Design											
		Less than Proficient				Proficient				Star Early Literacy Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score

Conclusions based on this data:

School and Student Performance Data

Star Reading

Fremont Academy of Environmental Science and Innovative Design											
		Less than Proficient				Proficient				Star Reading Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 6	209	85	41%	59	28%	52	25%	13	6%	Level 2	1017
Grade 7	141	93	66%	34	24%	14	10%	0	0%	Level 1	991
Grade 8	175	89	51%	45	26%	36	21%	5	3%	Level 1	1025

Conclusions based on this data:

According to our 2024 End Of Year Star Reading assessment 32% of 6th graders performed at or above benchmark and 68% were below benchmark. In 7th grade, we had 10% perform at benchmark and 90% perform below. 24% of our 8th graders were at benchmark while 76% were below benchmark. In looking at specific skill areas, most students are low in decoding and reading comprehension. We have put in place structures to increase the Star participation and monitoring of completion so that the number of students tested is increased. ELA teachers will target the areas of need and develop interventions in collaboration with PLC teams. When we get this information into the hands of Social Studies and Science teachers, we will be able to find supports for students in all of their classes, not just ELA. Through collaboration, the other content teachers will be able to build lesson delivery with these student needs in mind. Although we have increased Star participation throughout the year we still need more focus in this area on how we monitor the administration of the tests within the assessment window.

School and Student Performance Data

Star Math

Fremont Academy of Environmental Science and Innovative Design											
		Less than Proficient				Proficient				Star Math Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 6	204	111	54%	58	28%	25	12%	10	5%	Level 1	1028
Grade 7	194	143	74%	34	18%	8	4%	9	5%	Level 1	989
Grade 8	170	122	72%	19	11%	13	8%	16	9%	Level 1	1026

Conclusions based on this data:

On Star Math, 17% of 6th grade students tested were at or above benchmark and 83% were below benchmark. In 7th grade, 9% of students were at or above benchmark and 91% were below. In 8th grade, we had 17% of students at or above benchmark and 83% below benchmark. Students needing intervention will be supported during teacher afterschool office hours, homework club and after school intervention. Skills to be addressed will include factorization, multiplication concepts, long division, and other skill sets in math to strengthen the performance of students for the next math assessments. Math teachers have committed to our Fremont Collective Commitments that include common formative assessment, common pacing guides, more common grading practices, and sharing of data to help make common instructional decisions during PLC planning. Wednesday collaboration will be supported by our partnering with Orenda. We will utilize the Math TOSAs to help teachers build rigorous lessons at the students' levels. Teachers will be expected to create more common lessons through the sharing of best practices during PLC and Collaboration time.

School and Student Performance Data

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Overall Participation for All Students												
Grade Level	# of Students Enrolled			# of Students Tested			# of Students with Scores			% of Enrolled Students Tested		
	20-21	21-22	22-23	20-21	21-22	22-23	20-21	21-22	22-23	20-21	21-22	22-23

Conclusions based on this data:

Overall, we did not meet our expected goals and even fell in 8th grade ELA. We did not have upward movement in 7th grade ELA scores but we did see some positive movement in 6th grade ELA. We looked at areas to focus on to improve instruction and motivation. We have developed and will recommit to our Fremont Collective Commitments and the use of agreed upon Highly Effective Teaching Practices. This will include the use of a structured Advisory for check-ins and progress monitoring. We will commit to writing across the content areas to support reading comprehension and writing with evidence. We have developed site goals to improve student achievement and growth in all areas (consistent, standards-based teaching with high rigor and progress monitoring with common formative assessments). Lesson studies, collaboration between departments and grade levels, progress monitoring through IABs and Star assessments will continue to be the focus for increased reading comprehension and writing across the content areas. Our work with our educational consultant Orenda has supported our goal of creating a "floor" of expectations for our students based on grade level standards in every classroom and assessment windows for ELA.

School and Student Performance Data

CAASPP Results Mathematics (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Conclusions based on this data:

The data showed that we did not meet our expected goals across all grade levels; We remained stagnant in each of our grade levels. All grades demonstrate a need to focus on concepts and procedures with the most number of students in the Not Met standard for this claim. This claim will be targeted through lesson studies with the assistance of the district instructional Math strategist to build strong, rigorous lessons designed to target the initial lesson delivery. We will utilize District Math TOSAs to support good first instruction and intervention and support needs of students. We are partnering with educational consultants Orenda to create the "floor" of expectations for our students on grade level standards in all of our classrooms. Through the increased use of unit assessments and Star Math, teachers will be able to closely monitor student progress and determine next steps to build on strengthening skills targeting the SBAC-based content. Our goal is to increase the number of students in the met or exceeded category by 6%.

School and Student Performance Data

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](https://www.cde.ca.gov/ta/tg/eng/elpac/) web page or the [ELPAC.org](https://www.elpac.org) website for more information about the ELPAC.

Conclusions based on this data:

According to the 2023-2024 ELPAC data, the largest percentage of EL's performed in Level 2 for Overall at 40% followed by 36% at Level 3. 14% were at Level 4 and 9 % at Level 1. Scores showed that most EL students have strong oral language skills. For Written Language, most EL students were at Level 2 The next highest percentage was level 1 at 9.9% followed by Level 3 at 4.8 %. This shows that this is the area to develop and improve on with targeted strategies in writing. The current ELPAC test scores show that our EL students need further development in their reading skills. This will be an area of focus in all of our content areas.

School and Student Performance Data

California School Dashboard Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

2022-23 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
734	88.6	24.5	0.3
Total Number of Students enrolled in Fremont Academy of Environmental Science and Innovative Design.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2022-23 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	180	24.5
Foster Youth	2	0.3
Homeless	57	7.8
Socioeconomically Disadvantaged	650	88.6
Students with Disabilities	197	26.8

Hispanic	662	90.2
Two or More Races	7	1
Pacific Islander	2	0.3
White	35	4.8

Conclusions based on this data:

In 2023-2024 year the largest subgroups in Fremont's student demographics are Socioeconomically Disadvantaged, English Learners, and Students with Disabilities. Additionally, the largest subgroup based on ethnicity was the Hispanic

subgroup with 86% of the total population. For the 2024-2025 school year, Fremont will focus on both designated and integrated ELD for English Learners throughout the school day and provide collaboration time for the ELD team to analyze EL data and progress monitor throughout the school year using Star and IAB data. Progress monitoring will occur during collaboration days and PLCs to focus on the progress of our SED, SWD, African American and Hispanic subgroups in order to identify underperforming students and develop targeted, intensive intervention for students not meeting grade level standards.

School and Student Performance Data

Overall Performance

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

2023 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts Red	Chronic Absenteeism Red	Suspension Rate Red
Mathematics Orange		
English Learner Progress Orange		

Conclusions based on this data:

1. Our 2022-2023 Dashboard data shows all students performing in the Very Low area in ELA. Our 2023-2024 data shows that we did not have the significant growth needed in ELA to pull us out of the Very Low. All students are performing in the Low area in Math. We had growth for our 8th graders but did not see growth for 6th and 7th grades. Reading comprehension and writing across content areas will continue to be the focus to increase student performance in ELA. Math teachers will continue to work with the District TOSA and admin in order to progress monitor student performance and to build strong math lessons to and improve on rigor and strong first instruction

lessons. The math department will continue their focus around the mathematical mindset concept and using collaboration days and PLCs to analyze data for Star and building common formative assessments with the guidance and support of our educational consultants Orenda. Chronic absenteeism in the 2023 data shows a performance in the Very Low and will continue to be a focus in the 2023-2024 school year. We made some gains in the area of increasing attendance through home visits, attendance incentives, as well as attendance monitoring through the attendance process will be strategies to decrease the chronic absenteeism rate. The suspension rate did decrease in 2023-2024. This will be a continued goal in 2024-2025 to decrease the suspension rate through using analysis of our Panorama data to build stronger student/staff relationships and provide counselors with the necessary tools to provide more SEL support through the classroom. PBIS will be a continued collective agreement with more staff training as well as using other means of correction when applicable.

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2023 Fall Dashboard English Language Arts Performance for All Students/Student Group		
<p>All Students</p>  Red 82.1 points below standard Decreased -11.7 points 681 Students	<p>English Learners</p>  Red 102.6 points below standard Decreased -13.1 points 300 Students	<p>Foster Youth</p> <p>Less than 11 Students</p> <p>4 Students</p>
<p>Homeless</p>  Red 143.3 points below standard Decreased Significantly -21.1 points 57 Students	<p>Socioeconomically Disadvantaged</p>  Red 89.5 points below standard Decreased -12.8 points 607 Students	<p>Students with Disabilities</p>  Red 148.9 points below standard Decreased -5.9 points 189 Students

2023 Fall Dashboard English Language Arts Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 7 Students	 No Performance Color 0 Students	Less than 11 Students 7 Students	22.8 points below standard Decreased -13.8 points 13 Students
Hispanic	Two or More Races	Pacific Islander	White
 Red 88.6 points below standard Decreased -12.4 points 614 Students	Less than 11 Students 7 Students	Less than 11 Students 2 Students	 Orange 32.8 points below standard Maintained +0.4 points 33 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2023 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
133 points below standard Decreased Significantly -24.5 points 131 Students	79.1 points below standard Decreased -6.7 points 169 Students	71.7 points below standard Decreased -6.8 points 283 Students

Conclusions based on this data:

According to the 2023 dashboard data All our students are currently in the Very Low category. Our SED, Students with Disabilities, English Learners Hispanic, Homeless subgroups are in the Very Low area for English Language Arts. Current EL students are significantly below English Only as are RFEP students in ELA. These underperforming subgroups will be closely monitored through data analysis in PLCs by reviewing Star reading reports and targeting specific students for intervention. In the 2024-2025 school year, our MTSS monitoring will be utilized to target the lowest performing students in reading to provide direct and intensive intervention.

School and Student Performance Data

Academic Performance Mathematics

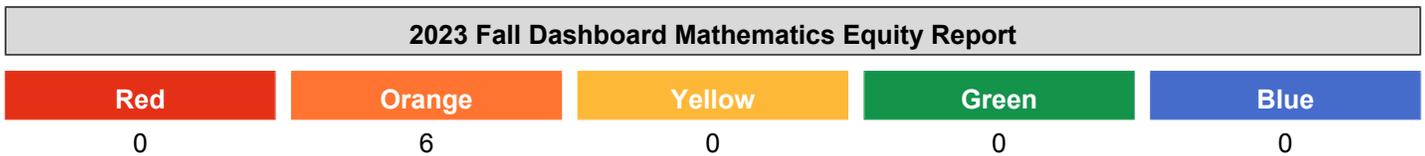

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2023 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
165.6 points below standard Increased +8.8 points 130 Students	129.2 points below standard Increased +13.6 points 169 Students	116.5 points below standard Increased +4.3 points 283 Students

Conclusions based on this data:

The 2023 dashboard data shows all students performing in the Low category in Mathematics. Mathematics will continue to be a schoolwide focus for 2024-2025. All major subgroups: SED, Hispanic, and SWD are in the Low category. These subgroups, along with our ELs, continue to be the target groups. The African American subgroup, although a small number, will continue to be monitored closely in 2024-2025 through 1:1 student conferences and communication with parents. Interventions are provided for all subgroups as target students are identified for additional support through tutoring or intervention with the ISP and intersessions. The work with educational consulting partner Orenda will help us create a standards "floor" of expectations and build assessments for each unit.

School and Student Performance Data

Academic Performance English Learner Progress

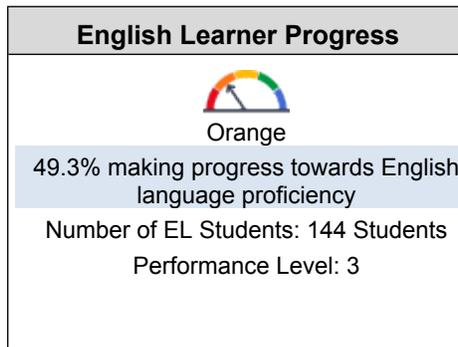

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides a view of the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2023 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2023 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
26	47	1	70

Conclusions based on this data:

Based on 2023 Dashboard English Language Proficiency Assessments for California (ELPAC) data, Fremont teachers will continue to strengthen both Integrated and Designated English Language Development (ELD) in order to increase English Learners' language proficiency skills throughout the instructional day. English Learners will be clustered at each grade level to enable ELD teachers to provide targeted, standards-based language proficiency instruction using the district-adopted curriculum materials English 3-D. Oral and written language supports and scaffolds will also be integrated throughout all core subject areas by classroom teachers in order to enable English Learners to access grade level subject matter. According to the 2023 dashboard data, English Learners continue to be mostly at the Level 3 development level. AVID Excel were classes are offered at each grade level in the 2023-2024 school year. Students were hand selected and interviewed for the AVID Excel classes to provide necessary skills for Level 3 L-TEs to increase and move into Level 4.

School and Student Performance Data

Academic Engagement Chronic Absenteeism

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2023 Fall Dashboard Chronic Absenteeism for All Students/Student Group		
All Students	English Learners	Foster Youth
 Red 27.6% Chronically Absent Increased 1.6 775 Students	 Red 27.5% Chronically Absent Increased 2.5 204 Students	Less than 11 Students 6 Students
Homeless	Socioeconomically Disadvantaged	Students with Disabilities
 Red 44.9% Chronically Absent Increased 1.8 69 Students	 Red 28.8% Chronically Absent Increased 0.5 690 Students	 Red 40% Chronically Absent Increased Significantly 5.6 215 Students

2023 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 10 Students	 No Performance Color 0 Students	Less than 11 Students 6 Students	15.4% Chronically Absent Declined -17.9 13 Students
Hispanic	Two or More Races	Pacific Islander	White
 Red 28.7% Chronically Absent Increased 2.2 694 Students	Less than 11 Students 8 Students	Less than 11 Students 2 Students	 Yellow 19% Chronically Absent Declined -0.5 42 Students

Conclusions based on this data:

According to the 2022-2023 dashboard data all students showed an increase in chronic absenteeism. ELs and Hispanic subgroups have the lowest rate of chronic absenteeism. The goal is to move them into the medium category through home visits and the attendance process and SARB, when necessary. All subgroups are in the high or very high range and will continue to be closely monitored in 2024-2025 through attendance reports and home visits by the ORC and administration. The daily attendance rate increased to 90%. This did not meet our school expectation and this will continue to be a metric of focus schoolwide, The goal is a 95% positive attendance rate. Through attendance incentives, SSTs, SARB, and phone calls, the goal will be move all subgroups and schoolwide performance to the medium range.

School and Student Performance Data

Conditions & Climate Suspension Rate

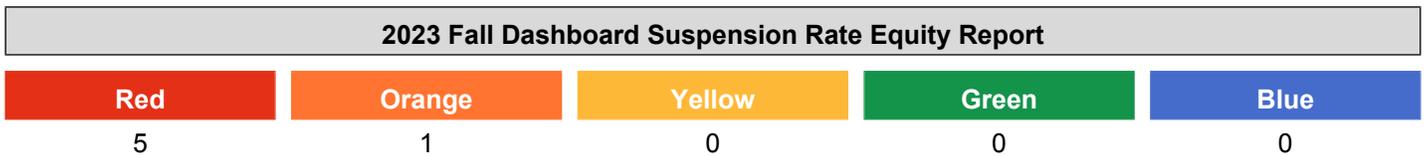

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2023 Fall Dashboard Suspension Rate for All Students/Student Group		
<p>All Students</p> <p>Red</p> <p>19.1% suspended at least one day</p> <p>Increased Significantly 5.5 787 Students</p>	<p>English Learners</p> <p>Red</p> <p>24.8% suspended at least one day</p> <p>Increased Significantly 7 210 Students</p>	<p>Foster Youth</p> <p>Less than 11 Students 6 Students</p>
<p>Homeless</p> <p>Red</p> <p>28.6% suspended at least one day</p> <p>Increased 7.1 70 Students</p>	<p>Socioeconomically Disadvantaged</p> <p>Red</p> <p>20.6% suspended at least one day</p> <p>Increased Significantly 6.2 698 Students</p>	<p>Students with Disabilities</p> <p>Orange</p> <p>19.2% suspended at least one day</p> <p>Declined -1.1 219 Students</p>

2023 Fall Dashboard Suspension Rate by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 10 Students	 No Performance Color 0 Students	Less than 11 Students 7 Students	7.7% suspended at least one day Declined -0.6 13 Students
Hispanic	Two or More Races	Pacific Islander	White
 Red 19.7% suspended at least one day Increased Significantly 5.8 704 Students	Less than 11 Students 8 Students	Less than 11 Students 2 Students	 Red 16.3% suspended at least one day Increased 9.3 43 Students

Conclusions based on this data:

As a schoolwide focus, the PBIS team will facilitate activities and work with students who frequently have behavior concerns. The PBIS team will also provide strategies and recommendations for staff to decrease the suspension rate and to focus on stronger staff-student relationships. We will focus on the Falcons Guidelines for Success to represent a behavior model for students to follow. Structures have been put in place to deal with physical areas which contributed to some of the behavior issues this year. Campus assistants supervision areas have been adjusted and morning and lunch protocols changed to lessen the opportunity for inappropriate behaviors. Office detentions and other means of corrections will also be used, when applicable, to decrease the overall suspension rate. Positive incentives such as Praise Notes and Fun Fridays will be utilized to model expectations and increase positivity schoolwide. We will also offer Student of the Month awards, as well as Perfect Attendance and No Tardy awards for deserving students. We have added supervised lunch activities to give kids more positive opportunities to keep them engaged and participating. We have lowered our total suspension numbers and unique suspension numbers in the 2023-2024 school year.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Reading, Writing, and Math

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

All students will reach high academic standards in reading and mathematics.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase the capacity of teachers to deliver effective data-driven instruction
 To provide equipment, materials and technology resources that support high quality instruction
 To provide opportunities for teachers to collaborate to improve teaching and learning

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
CAASPP ELA Assessment	Baseline data is Preliminary from June 2024 Percentage of students who scored at Met or Exceeded: All Students: 17% 6th Grade: 24% 7th Grade: 16 % 8th Grade: 12 %	Increase Met/Exceeded percentage by 10% for All Students. Decrease the percentage of Nearly Met by 8% Decrease the percentage of Not Met by 10%
CAASPP Math Assessment	Baseline data is Preliminary from June 2024 Percentage of students who scored at Met or Exceeded: All Students: 12.5 % 6th Grade: 9 % 7th Grade: 11%% 8th Grade: 11%	Increase Met/Exceeded percentage by 10% for All Students. Decrease the percentage of Nearly Met by 8% Decrease the percentage of Not Met by 10%
Star Reading - End of Year Data	Percentage of students who scored At or Above the benchmark: 6th grade: 26%	Decrease percentage of students below 40.0% by 10%. Increase the SGP(Student Growth Percentile) by 12% points.

	7th grade: 14% 8th grade: 15% 40 % or 109 out of 656 students scored at or above the minimum benchmark	
Star Math - End of Year Data	Percentage of students who scored At or Above the benchmark: 6th grade: 26% 7th grade: 14% 8th grade: 15%	Decrease percentage of student below 50% by 10%. Increase the SGP (Student Growth Percentile) by 12% points.
Reclassification data	In the 2023-2024 school year, 25% EL students were reclassified.	Increase Reclassification percentage by 10%.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/Activity #	Description	Students to be Served	Proposed Expenditures
1.1	Provide subbed out collaboration time for ELA, Math, Social Studies, and Science teachers (supported by Administration and/or District Math Manager, TOSA or District Science Specialist) to develop common pacing guides, common grading policies, assessments, analyze assessment data and develop data-driven plans to support student learning. Academic conferences will be held to review data and instructional plans to better support students during classroom common formative and summative assessments and District and State assessments.	All Students	4900 Title I 1000-1999: Certificated Personnel Salaries Sub Costs
1.2	Hold grade level/department collaboration meetings to review data, including grade level standards assessments, Star, CAASPP, IAB data, and ELPAC data; at the school level, grade level, classroom level and individual student level and utilize this data to inform instruction. Teachers will plan instruction, analyze data, monitor student progress and develop interventions as needed. Department chairs and grade level team leaders will facilitate PLC meetings and instructional planning on Banking Wednesdays. All classroom teachers will commit to posting grade level standards as well as "Learning Targets/I Can Statements" for students and classroom visitors to view.	All Students	See Goal 1.1
1.3	Provide professional development and support for teachers so that ELA, Math Science and Social Studies teachers will support reading and writing in	All Students	1000 Title I

	class everyday. Science and Social Studies teachers will commit to a Claim, Evidence, and Reasoning writing focus in class. Site and District Administration will provide on-site curriculum support. Department chairs and grade level team leads will also provide training on Best Practices through Department/PLC meetings and Collaboration Days. Lesson Studies will be utilized to design strong lesson designs targeting first instructional lesson delivery. The Para-educators will also be trained on providing support in the classroom.		5800: Professional/Consulting Services And Operating Expenditures Travel and conference costs District Funded 1000-1999: Certificated Personnel Salaries Staff meeting professional development
1.4	Create a Site Sip Day and or after school opportunities to offer mini workshops focusing on Special Education accommodations and supports, EL supports, SEL strategies, and PBIS/STOIC professional development presented by teachers and supported by district TOSAs.	Students with Disabilities English Learners Foster Youth	900 Title I 1000-1999: Certificated Personnel Salaries Teacher extra hours
1.5	Administration and ELA Department chairs and leads will train all teachers to monitor students' reading progress through the Accelerated Reader program in both Advisory and ELA classes. The Library Tech will assist and encourage students with reading during nutrition and lunches. Incentives will be offered for completion of AR goals.	All Students	District Funded 5000-5999: Services And Other Operating Expenditures AR Program District Funded 2000-2999: Classified Personnel Salaries Library Tech salary 1000 LCFF 4000-4999: Books And Supplies AR Incentives
1.6	Utilize Advisory time for academic check-in time in order to support students with schoolwide academic, behavior, and SEL goals.	All Students	District Funded 1000-1999: Certificated Personnel Salaries Certificated salaries - Advisory teachers
1.7	A bilingual para-educator will be assigned to all ELD classes to provide additional academic support in the classroom to English Learners in levels 1-3 for 50 minutes daily. The para-educator will also assist in the AVID Excel classes.	English Learners	31,000 Title I 2000-2999: Classified Personnel Salaries Classified salaries - Instructional Assistant
1.8	Utilize EL TOSA to provide professional development for teachers during PLCs and subbed out collaboration days to support ELD through content-specific trainings in science, social studies and math including AVID excel. ELD teachers and ELAC parents will have the opportunity to attend the CABA conference.	English Learners	3000 Title III 1000-1999: Certificated Personnel Salaries Professional development/extra hours 4550 Title III 5800: Professional/Consulting Services And Operating Expenditures Conference Costs

1.9	Administer formative district assessments, including Star and IABs to collect data for analysis during department collaboration meetings. District funded supplemental programs such as Myon, ST Math, and Lexia will also be used to build fundamental skills for mastery. This data will be collected to progress monitor essential skills needed to scaffold for claim targets such as reading comprehension, writing fluency, and conceptual math skills.	All Students	District Funded 5800: Professional/Consulting Services And Operating Expenditures Assessments & Programs
1.10	Implement a schoolwide focus on AVID strategies, including focused note-taking, graphic organizers, Socratic Seminars, interactive notebooks, and provide materials to support these activities across all core subjects on campus. This implementation will be supported by staff PD.	All Students	1500 LCFF 4000-4999: Books And Supplies AVID materials and supplies 1500 LCFF 2000-2999: Classified Personnel Salaries AVID Tutor salaries
1.11	Support English Learner parent nights to provide access to school and classroom expectations and recognition evenings for class and school awards.	English Learners	1300 Title III 2000-2999: Classified Personnel Salaries Teacher extra hours
1.12	Administration, assigned District Tech and TOSAs will assist and support teachers with the implementation of the Canvas Learning Management System, technology based programs (i.e., Nearpod, coding, etc.) and various learning applications to facilitate technology-based classroom environments and the Illuminate data system to facilitate data-driven planning. Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

The strategies created were implemented and showed some positive results in 8th grade Math and 8th grade Science but we did not see the academic impact in all areas and grade levels. We still have significant work to be done through our Leadership team, teacher committees, and entire staff to meet our expected goals in raising ELA and Math scores.

We intend to be more targeted in our collaboration time and better monitor the work done during that time. This collaboration time will be more focused on our grade level standards, learning targets, and common formative assessments. These efforts will be greatly supported by our educational consulting group/partner Orenda.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There were no major concerns with the way the expenditures were tied to our implementation.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Although our academic expectations were not met as we had planned we are still holding to the goal that academic achievement will be met. The strategy that should most impact this expectation is the assessment work that ELA and Math teachers have completed with Orenda and the commitments to follow common pacing when administering these assessments. This can be found in our proposed strategy for our Orenda work. 8th grade Science teachers have committed to the use of Newsela to increase reading comprehension, vocabulary building surrounding the CAST, and implementation of assessments to mirror the CAST to better prepare students for the 8th grade Science test. Science and Social Studies teachers will recommit to providing reading and writing expectations everyday and focus on a claim, evidence, reasoning writing focus to better support our ELA goals.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 2

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Social Emotional Support and School Climate

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase positive attendance
 To decrease the suspension rate
 To increase positive behavior
 To ensure a safe environment
 To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Suspension Data (23-24)	100 suspensions	Decrease the suspension rate by 10%.
Panorama Survey Data (Spring 2024)	37% of students feel that they are valued members of the school community.	Increase positive responses on key areas on the survey, such as Teacher-Student Relationships and Sense of Belonging by 15%.
Attendance Data (23-24)	The Average Daily Attendance Rate was 92%.	Increase the Average Daily Attendance Rate to above 96%.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/Activity #	Description	Students to be Served	Proposed Expenditures
2.1	Continue work with Safe and Civil Schools for a School-wide implementation of CHAMPS/STOIC/PBIS model in both the classroom and throughout the campus. Survey students and staff regarding school climate and utilize feedback to guide the PBIS Committee	All Students	1000 LCFF 4000-4999: Books And Supplies CHAMPS Posters 4000

	(Foundations Team) in developing plans for ensuring an environment conducive to teaching and learning. Guide actions relating to the improvement of school climate and provide targeted support for teachers in implementing positive behavior strategies to improve student behavior. Staff will be provided PD on how to best implement strategies like voice levels and routines referred to on posters. Students will also be presented the basics of CHAMPS in grade level assemblies.		Title I 1000-1999: Certificated Personnel Salaries Extra Hours - Certificated Staff
2.2	Implementation of 8th grade promotion eligible student incentives (8th grade dance, field day, movie night, 8th grade breakfast, etc).	All Students	4000 LCFF 4000-4999: Books And Supplies Student incentives
2.4	Safety Committee will review and update the Comprehensive School Safety Plan and will conduct drills as recommended to ensure emergency preparedness for staff and students.	All Students	1500 LCFF 1000-1999: Certificated Personnel Salaries Extra Hours - Safety Committee/Certificated staff
2.5	Admin will meet weekly with the ORC and attendance clerk to review attendance data and develop a list of students to determine attendance incentives to encourage daily and timely attendance for students to attend all classes on a regular basis.	All Students	1500 LCFF - Intervention 4000-4999: Books And Supplies Attendance Incentives
2.6	Utilize multiple campus supervisors to monitor school grounds, supervise common areas to ensure a safe school campus, and to minimize student tardies. Increased training, targeted scheduling and placement of campus supervisors on campus will take place as needed as determined by collected data. Bi-weekly meetings with admin and campus assistants will take place to better support campus needs.	All Students	2500 LCFF 2000-2999: Classified Personnel Salaries Extra hours - Campus supervisors
2.7	Maintain the SST process to identify student needs and develop strategies to support students in the areas of academics, behavior, social/emotional, and attendance during progress monitoring time as well as attend SST and IEP meetings.	All Students	LCFF 1000-1999: Certificated Personnel Salaries No additional cost ORC extra hours (see Goal 1.15)
2.9	Provide on-site counseling and support services for students through school counselors and outside agencies working with the school site. Counselors will provide counseling support both individually and in groups.	All Students	District Funded 1000-1999: Certificated Personnel Salaries Counselor check ins and groups
2.10	In collaboration with the PBIS team, Administration will monitor site discipline data, including referrals and suspensions, to make data-driven decisions regarding school climate to improve on the suspension rate.	All Students	No additional cost

2.11	Ensure a successful transition from middle school to high school by coordinating with local high schools for on-site registration events, participation in high school orientation events, and continued pathways in programs such as AVID.	All Students	1000 LCFF 1000-1999: Certificated Personnel Salaries Extra Hours - Certificated Staff
2.12	Ensure a successful transition from elementary school to middle school by coordinating with district elementary sites to conduct elementary schools visits to promote Fremont academic focus and encourage student interest in site programs, hosting WEB orientation and monthly WEB events for incoming 6th grade students and provide support to keep the program a positive influence on campus.	All Students	1000 Title I 1000-1999: Certificated Personnel Salaries Extra hours - Certificated staff 2500 Title I 5800: Professional/Consulting Services And Operating Expenditures Conference attendance
2.13	Recognize students meeting school behavior expectations through student of the month awards, monthly reward day activities, Renaissance rewards, an end of the year incentive, "WINGS" guidelines for success drawings and teacher specific monthly awards.	All Students	6000 LCFF 4000-4999: Books And Supplies Character Incentives
2.14	Provide a variety of extracurricular options to increase student connectedness, including WEB, ASB, lunchtime activities coordinated by teachers and a variety of clubs which are offered after school and or during lunches.	All Students	3000 LCFF 1000-1999: Certificated Personnel Salaries Extra hours - Certificated staff 1113 LCFF 4000-4999: Books And Supplies Supplemental materials
2.15	Office and custodial staff will effectively maintain daily school operations to respond to student safety needs, monitor student attendance, and assist in documenting and filing incident reports.	All Students	5000 LCFF 2000-2999: Classified Personnel Salaries Clerical substitutes, extra hours, overtime 1000 LCFF 2000-2999: Classified Personnel Salaries Extra hours - Custodial
2.16	School safety operational supplies will be maintained (purchase of cameras).	All Students	5000 LCFF 5000-5999: Services And Other Operating Expenditures Supplies
2.17	Implementation of mentoring groups, (for boys and girls separately) to build relationships and positivity among students that may be but not limited to at-promise students and implementing a Principal's Think Tank will be created to include students representing various groups on campus. Students will meet to discuss their thoughts for improvement of specific needs of Fremont. This would include Principal's Fellows.	All Students	2000 LCFF 5800: Professional/Consulting Services And Operating Expenditures Assembly - mentoring time - workshops

2.18	After school and lunch time detention groups will be utilized to discuss behavior choices with students in need of mentoring and help support the reteaching of appropriate behaviors to promote a positive school climate.	All Students	5500 LCFF 1000-1999: Certificated Personnel Salaries Extra Hours Certificated staff 3500 LCFF - Intervention 1000-1999: Certificated Personnel Salaries Extra hours - certificated staff
2.19	Implementation of an African American student focus group to discuss a variety of school topics directly related to our African American students.	African American	1000 LCFF 1000-1999: Certificated Personnel Salaries Teacher extra hours
2.20	Plan schoolwide assemblies to include motivational speakers, guest speakers, and groups to increase empathy, motivation, and a growth mindset for our students.	All Students	6000 LCFF 5800: Professional/Consulting Services And Operating Expenditures Outside services for assemblies
2.21	Actively recruit students receiving special education services, English learners, McKinney Vento, and Foster students to be a part of student committees and clubs representing the campus.	Students with Disabilities English Learners Foster Youth Homeless	No additional cost
2.22	Implementation of viable alternatives to suspension to increase education and mentorship in changing of unacceptable behaviors on campus. When suspensions do take place, a reintegration process will be implemented to ensure that suspended students come back to campus with the opportunity to make contact with a "safe adult" on campus and are provided a check-in with the counseling team.	All Students	No additional cost 1000 LCFF 1000-1999: Certificated Personnel Salaries Teacher extra hours - training
2.23	The Falcon Landing (Wellness Center) will be open to provide students with activities during lunchtime. Students that need a "safe" place during lunch or just want to participate in adult supervised activities will be able to utilize the center for what it has to offer. This will include the use of Counselor Dollars to incentivize positive behavior on campus to focus on our Guidelines For Success.	All Students	1500 LCFF 4000-4999: Books And Supplies Incentives based on Guidelines for Success

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

We were able to see a decline in office discipline and student out of school suspensions. The efforts made to build relationships with students paid off as did implementation of increased active supervision by campus assistants. The

efforts to build relationships via our SEL work, work through our Falcon's Landing, as well as student mentoring opportunities led to an increase in students feeling they are valued members of the school community.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

We did not continue with plans to fund an extra campus supervisor and instead focused funds on student achievement incentives.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

There will be increased opportunities for student mentorship and for students to offer their voice on campus issues through mentoring groups and focus committees. These opportunities include the Principal's Fellows and an African American student committee.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 3

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Parent and Family Engagement

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase communication through websites and social media so parents and community are informed about district and school instructional programs and activities
To facilitate parent involvement in the educational and social-emotional well-being of their children

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Attendance at parent meetings/workshops through sign-in sheets.	Attendance rates were at or above 5% for most parent engagement activities	For grade level family activities, parent attendance will be at least 7% of grade level enrollment. For school wide activities, parent attendance will be at least 7% of total school enrollment.
Panorama Survey-communication	Only 50% of parents responded that communication from school to home was helpful in 23-24.	75% of parents will respond that communication between home and school is strong.
Parent Square communication	Only 54% of our parents are registered with Parent Square.	90% of parents will be registered with Parent Square.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/Activity #	Description	Students to be Served	Proposed Expenditures
3.1	Continue providing essential programs and support services by hosting parent nights (e.g. parent	All Students	2600 Title I

	training and education, promotion guidelines, school guidelines) for identified students and families through in-person sessions or virtual formats as necessary.		1000-1999: Certificated Personnel Salaries Extra hours - Counselor 1000 LCFF 4000-4999: Books And Supplies Parent/student incentives
3.2	Update the Student-Parent Compact and Parent Involvement Policy with feedback from necessary team members and distribute to parents to strengthen home-school partnerships.	All Students	No additional cost
3.3	Invite parents to attend student-led parent/teacher conferences in October and February to discuss student progress and review promotion criteria. We want to hold parent conferences before trimester grades are final so that students and parents have time to review and complete needed work before end of trimester grades are due. A site variance is necessary to change the fall conference dates. There are transportation costs due to the site variance.	All Students	3500 LCFF 5000-5999: Services And Other Operating Expenditures Transportation 1200 LCFF 2000-2999: Classified Personnel Salaries Extra Hours - Classified Staff
3.4	Schedule "Chat with the Principal" meetings with parents to improve home-school partnerships. Webinars will held be held virtually on various topics to assist and encourage parents to remain engaged and involved in their child's educational career. These events will be used to reinforce the schoolwide expectations in regards to electronic, behavior, academic, and dress code rules.	All Students	No additional cost
3.5	Prepare events to highlight site programs and accomplishments (Open House, Academy Tours, academic nights, AVID Night, Family Nights) and share student learning opportunities with parents and community members virtually when necessary. The OSD Student Profile will be communicated to parents during these events.	All Students	5000 LCFF 1000-1999: Certificated Personnel Salaries Extra Hours - Certificated Staff
3.6	Administrators will support teachers in documenting instructional rewards, incentives, and social events for publication online or through social media to highlight learning opportunities taking place at Fremont, in order to inform families. A monthly newsletter will be drafted and communicated via Parent Square to highlight school activities and information to increase contact with families. Family surveys will be used to gather necessary information from home to implement necessary programs and activities to better serve our students.	All Students	1000 LCFF 1000-1999: Certificated Personnel Salaries Extra Hours - Certificated Staff
3.7	Host student and parent orientation day that will include the passing out of student textbooks, schedules, and student expectation material. This will include the training of new WEB leaders and their presence at the orientation day to promote Fremont Academy and introduce parents to educational programs and encourage parent involvement for elementary to middle school transition.	All Students	2000 Title I 2000-2999: Classified Personnel Salaries Extra Hours - Classified Staff 1000 Title I 1000-1999: Certificated Personnel Salaries Extra hours - Certificated staff

3.8	Seek English Learner's parent feedback about EL academic programs, EL needs and school climate through surveys including EL Needs Assessment survey. Continue to meet monthly as an ELAC team with relevant agendas driven by need. Provide opportunities English Learner family nights.	English Learners	1500 Title III 1000-1999: Certificated Personnel Salaries No additional cost
3.9	Encourage parent participation in meetings to discuss student performance, including IEPs, SSTs and promotion meetings through the use of Save the Date announcements via Parent Square, social media, and the school website.	All Students	No additional cost
3.10	Support PTA in providing parents meaningful and productive opportunities to participate in their children's academic and social-emotional growth.	All Students	No additional cost
3.11	Counselors host high school transition information meetings for parents to meet high school counselors to learn about registration and orientation dates and opportunities for parent involvement in high school.	All Students	1000 Title I 1000-1999: Certificated Personnel Salaries Extra hours - Counselor
3.12	Encourage parent participation in parent workshops and trainings such as Latino Literacy Project workshops, Project 2 Inspire, Parent Project, and African American Parent Advisory Committee, through in-person or a virtual platform.	All Students	1000 Title I 4000-4999: Books And Supplies Supplies for Parent Involvement 2000 Title I 2000-2999: Classified Personnel Salaries Extra Hours - ORC 287 LCFF 4000-4999: Books And Supplies Supplies for Parent Involvement
3.13	Coffee with the Counselors Chats to discuss school offerings and important events dates. These chats will include opportunities to review school expectations and policies.	All Students	300 LCFF 4000-4999: Books And Supplies Parent incentives
3.14	Our ORC will call parents of chronically absent students to remind them of attendance procedures and the importance of good attendance and create individual attendance contracts to encourage students to attend school daily.	All Students	No additional cost
3.15	Support and increase participation in the current parent volunteer program by communicating need with families and teachers.	All Students	No additional cost
3.16	Implement Family And Community Engagement (FACE) Committee at the school site to include members from SSC, PTA, ELAC, Outreach Specialist, Counselor, Principal/Assistant Principal, etc.	All Students	No additional cost

3.32			
3.34			

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

We were able to effectively reach parents by providing parent evenings that generated the interests of our families. We hosted a family movie night where students and their families brought blankets, chairs, food and drink to enjoy a holiday movie night. We provided a snack bar with snacks and drinks for those that wanted to purchase instead of bring their own food. The evening was an opportunity to connect with families and bring them to campus. We also hosted a family Loteria night where families played bingo and won prizes. We had Fremont students and teachers read the Loteria cards. We reached families through Parent Square to garner the attendance we had.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

We spent funds in the areas that we had planned on and there were no major variations from what was planned.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We are implementing more opportunities to engage parent voice through increased family surveys, committee opportunities, and parent volunteer opportunities.

Budget Summary

Complete the Budget Summary Table below. Schools may include additional information, and adjust the table as needed. The Budget Summary is required for schools funded through the Consolidated Application (ConApp).

Budget Summary

DESCRIPTION	AMOUNT
Total Funds Provided to the School Through the Consolidated Application	\$79,479.00
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$523,208.00
Total Federal Funds Provided to the School from the LEA for CSI	\$160,254.00

Other Federal, State, and Local Funds

List the additional Federal programs that the school includes in the schoolwide program. Adjust the table as needed.

Note: If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.

Federal Programs	Allocation (\$)
CSI Funding	\$160,254.00
Title I	\$65,129.00
Title III	\$14,350.00

Subtotal of additional federal funds included for this school: **\$239,733.00**

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Allocation (\$)
LCFF	\$148,400.00
LCFF - Intervention	\$5,000.00
Prop 28	\$130,075.00

Subtotal of state or local funds included for this school: **\$283,475.00**

Total of federal, state, and/or local funds for this school: **\$523,208.00**

Budgeted Funds and Expenditures in this Plan

The tables below are provided to help the school track expenditures as they relate to funds budgeted to the school.

Funds Budgeted to the School by Funding Source

Goal 2	60,613.00

Goal 3

23,387.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 4 Classroom Teachers
- 1 Other School Staff
- 3 Parent or Community Members
- 3 Secondary Students

Name of Members	Role
Dave De Los Santos	Principal
Michelle Anderson	Classroom Teacher
Samuel Reveles -	Classroom Teacher
Jennifer Estes - secretary	Classroom Teacher
Joy Fedele	Classroom Teacher
Emmanuel Mejia	Other School Staff
Jasmine Duron - Chairperson	Parent or Community Member
Victor Sepulveda	Parent or Community Member
Ashley Gonzalez	Parent or Community Member
Maria Corpus	Secondary Student
Karina Camacho	Secondary Student
Lily Marroquin	Secondary Student

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on May 28, 2024.

Attested:

Principal, Dave De Los Santos on May 28, 2024

SSC Chairperson, Jasmine Duron on May 28, 2024

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

Instructions: Table of Contents

- Plan Description
- Educational Partner Involvement
- Comprehensive Needs Assessment
- Goals, Strategies/Activities, and Expenditures
- Annual Review
- Budget Summary
- Appendix A: Plan Requirements for Title I Schoolwide Programs
- Appendix B: Select State and Federal Programs

For additional questions or technical assistance related to LEA and school planning, please contact the CDE's Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the LEA, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:

Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:

When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- Strategy/Activity #: Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- Description: Describe the strategy/activity.
- Students to be Served: Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- Proposed Expenditures: List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to EC Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- Funding Sources: List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
 - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
 - a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. Use methods and instructional strategies that:
 - i. Strengthen the academic program in the school,
 - ii. Increase the amount and quality of learning time, and
 - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. Strategies to improve students' skills outside the academic subject areas;
 - ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: Title 34 of the *Code of Federal Regulations (34 CFR)*, sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. *EC* sections 64001 et. seq.

Appendix B: Plan Requirements for School to CSI/ATSI Planning Requirements

For questions or technical assistance related to meeting federal school improvement planning requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

CSI Resources

For additional CSI resources, please see the following links:

- **CSI Planning Requirements** (see Planning Requirements tab):

- **CSI Webinars:** <https://www.cde.ca.gov/sp/sw/t1/csiwebinars.asp>
- **CSI Planning Summary for Charters and Single-school Districts:**
<https://www.cde.ca.gov/sp/sw/t1/csiplansummary.asp>

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

- Available Funding: <https://www.cde.ca.gov/fg/fo/af/>

Updated by the California Department of Education, October 2023

School Plan for Student Achievement (SPSA)

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Norma Harrington Elementary School	56725386055297	5/15/24	8/21/24

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California’s ESSA State Plan supports the state’s approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state’s Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Norma Harrington Elementary School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Norma Harrington Elementary School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

Harrington operates with one goal in mind: high academic achievement for all students. As a result, teachers and staff work tirelessly in order to meet the needs of all students. We know that in order for all students to achieve academic excellence, we must create a partnership with parents and community stakeholders. Additionally, we understand the value of providing students with a voice and allowing our students to be part of their academic journey. Our staff is dedicated to providing students a welcoming, safe and nurturing environment conducive to learning as well as welcoming to parents and community members. We encourage students and staff to adhere to and live by our Guidelines for Success: GROWL (Great Attitude, Respectful, Ownership, Work Hard and Leadership).

The Oxnard School District Vision, Mission and Student Profile are essential components to take in consideration when meeting the needs of all students. The Oxnard School District has approved a contract variance which allows teachers a common planning time once a week. This planning time is used to reflect on first instruction, as well as review student data in order to meet the needs of all students, especially English Language Learners, Dual Language Immersion students and Special Education students. Harrington staff began foundational work in Common Core Standards alignment to instruction, biliteracy unit implementation and SBAC skill development through this process. The majority of our students demonstrated growth in language arts in Spanish. However, we still have groups of students that have not made adequate growth and we will continue to adjust our practice, as we continue the work done last year. This year we intend to deepen our understanding of the NGSS and Social Science Standards and link them to our English Language Arts and Math standards. This process will be strengthened with the implementation of the biliteracy units. As our biliteracy program expands through the grade levels, it is important that teachers in grades 2nd through 5th prepare for this unit design and format. Teachers will also serve students through universal access time. While our staff continues to be guided by Common Core standards, it is our goal this year to improve and increase the overall rigor of our instructional program that supports the Writing Standards.

Harrington will continue to ensure the Strategic Plan, as well as the student profile, are being addressed, so that the whole child is learning and making adequate academic growth. This is aligned with our vision and mission. Our Vision at Harrington is we are creating a learning community which encourages all students/scholars to strive for academic and social- emotional success. Our Mission at Harrington is we ensure all of our student receive an equitable education rich in collaboration, problem solving, and global thinking for lifelong success.

In order to meet the needs of all students, Harrington School is committed to providing staff with support in the areas of PBIS and Common Core Standards. Therefore, this year we initiated a leadership group that is linked with a basis in the Common Core Standards in order to facilitate the discussion and provide staff with guidance on exemplary first instruction for all learners. As a continuation from last year, another leadership group provides guidance in the area of PBIS in order to maintain a culture in which student and staff expectations and procedures are clear. Both leadership teams understand the importance of collective efficacy and will work together on the following goals:

- Harrington will create and maintain a safe learning environment conducive to learning for all students.
- Harrington will commit to following the essential pedagogical principles from the Oxnard School District strategic plan.
- Harrington will address student needs through the MTSS system and provide necessary intervention and enrichment.
- Harrington will engage students actively in the learning process.
- Student foundational skills data will be monitored weekly (reading & math) and rigor will be increased via the content areas of Science and Social Sciences.
- Harrington will established powerful relationships that nurture equity and success. We will include students in their own academic journey by reviewing data with them on a consistent basis

We are confident that with a laser focus and increased accountability, students will have access to an engaging and meaningful instructional program. Our staff is committed to improving our craft in order to best meet the needs of our diverse population.

Educational Partner Involvement

How, when, and with whom did Norma Harrington Elementary School consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

During the summer and at the start of the year, the site leadership teams, which include the principal, meet in order to review academic progress and develop site academic and social emotional goals to target student needs. This information is shared with School Site Council and the English Learner Advisory Committee during SPSA development. School Site Council will meet with educational partners at least six times a year and revise the SPSA, while allowing our parents to have input on the revision of the SPSA.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

In order to better address the needs of our students, it is imperative that we adopt a more systematic approach to collaboration and data review. This year, our focus will be on enhancing our understanding and implementation of effective Common Core Standards-based instruction. We aim to utilize this knowledge to drive collaboration within grade levels and across our various instructional programs, including Biliteracy and SDC. However, our efforts are hindered by a shortage of substitute teachers within our district. This shortage poses challenges in ensuring consistent, high-quality instruction. For instance, teachers of Dual Language Instruction were unable to attend training sessions for the Biliteracy Units due to the lack of available substitutes. Additionally, our early reading literacy teacher has been on leave since October 2023, and finding a replacement has proven difficult. Similarly, our special education resource program has been impacted by a substitute teacher filling in for a teacher on medical leave. Furthermore, the shortage of substitute teachers has prevented us from adequately staffing training sessions for PBIS and NCPI this year. Prior to this shortage, our substitute funds were primarily allocated towards full-day IEP meetings.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the “Red” or “Orange” performance category.

We are in the “RED” category for Chronic Absenteeism. 33.6% of our population was Chronically Absent. To address this the Outreach Specialist, Attendance Clerk, and Counselor have been actively making calls, conducting house visits, and holding meetings to ensure that our students are staying home only when they are genuinely ill. In Mathematics, we are in “YELLOW” and are currently standard 76.5 points below the standard, showing an improvement of 16.7 points. While this is progress, we recognize that there is still work to be done. Collaborating with our Mathematics Manager and their team, we have implemented Building Thinking Classroom for Mathematics and are actively working to enhance our first instruction. Additionally, we are utilizing Zearn to bolster our math curriculum. In English Language Arts, we are in “YELLOW” and we are currently 58.3 points below the standard, with an increase of 4.7 points. Despite this improvement, we acknowledge that we have not yet reached our desired level. To address this, we are prioritizing professional development opportunities for our Biliteracy Units to refine our first instruction.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the “all student” performance.

The areas of concern in all students' performance include Language Arts, Math, and Chronic Absenteeism. For each of these areas, we have devised plans for improvement. In Language Arts, we will prioritize additional professional development in Biliteracy Units to enhance teachers' first instruction. For Math, we will continue working closely with our math manager and their team to refine our instructional approach. Addressing Chronic Absenteeism involves a concerted effort from our team, including the Outreach Specialist, Attendance Clerk, and Counselor. They will conduct home visits, make calls, and hold meetings to ensure that students are absent only when genuinely ill.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

In addition, we will use Star Data and Panorama Data to ensure we are reaching all students. Teachers will review the Star Data results at least three times a year, if not more frequently. This data will help guide their first instruction and planning. Teachers will also use the Biliteracy Units to inform their planning and instruction for Language Arts. For Math, we will continue to collaborate with our math manager to ensure all students are making adequate academic growth based on the Stgar Data. The Panorama Data will be utilized by both counselors and teachers to deliver social-emotional lessons tailored to students' needs. Our goal is to ensure that all students show growth in self-management, emotional regulation, and social awareness.

School and Student Performance Data

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Norma Harrington Elementary School. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
American Indian	%	0%	%		0	
African American	%	0%	0.20%		0	1
Asian	0.18%	0%	%	1	0	
Filipino	0.73%	0.37%	0.40%	4	2	2
Hispanic/Latino	96.72%	98.52%	98.42%	530	532	498
Pacific Islander	%	0%	%		0	
White	1.82%	1.11%	0.79%	10	6	4
Multiple/No Response	0.55%	0%	0.20%	3	0	1
Total Enrollment				548	540	506

Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	21-22	22-23	23-24
Kindergarten	75	105	76
Grade 1	103	73	75
Grade 2	87	102	75
Grade3	76	80	99
Grade 4	102	82	77
Grade 5	105	98	78
Total Enrollment	548	540	506

Conclusions based on this data:

Our student population consists of the following: 1 African American, 2 Filipinos, 498 Latinos, 4 Pacific Islanders, and 1 student who did not respond. We ensure we know who these students are because we want to provide all the materials they need and strive to be equitable. Understanding our population helps us be culturally responsive to our students' needs and ensures we follow the district's Strategic Plan. Our student enrollment is decreasing due to reasons beyond our control. When we learn that a student is leaving our school, our office staff talks to the parents. Usually, the reasons involve the need to relocate for personal and financial reasons.

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
English Learners	396	383	334	67.70%	72.3%	66.0%
Fluent English Proficient (FEP)	52	49	53	12.50%	9.5%	10.5%
Reclassified Fluent English Proficient (RFEP)				10.3%		

Conclusions based on this data:

Last year, we successfully reclassified 49 students. However, this year, the number decreased to 37 students, marking a reduction of 12 students compared to the previous year. As our staff diligently addresses the instructional needs of our students, particularly in their English language development, we anticipate an increase in the number of students achieving the required scores for reclassification. Our teachers and staff have been deliberate in providing initial reading instruction tailored to English Learners, equipping them with the essential skills to excel in the ELPAC assessment.

School and Student Performance Data

Star Early Literacy

Norma Harrington Elementary School											
		Less than Proficient				Proficient				Star Early Literacy Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade K	77	26	34%	17	22%	21	27%	13	17%	Level 2	762
Grade 1	59	29	49%	9	15%	13	22%	8	14%	Level 1	785
Grade 2	70	54	77%	10	14%	6	9%	0	0%	Level 1	833

Conclusions based on this data:

This year, we have seen an increase in our growth. We will continue to focus on our initial instruction to provide students with the basic foundational skills and critical thinking skills necessary to continue making progress on the Star Early Literacy Test. For the Spanish Star Early Literacy in kindergarten and first grade, 70% of students were at benchmark and on watch levels, while 30% were at the intervention level. This year, we aim to maintain these numbers and continue our growth.

School and Student Performance Data

Star Reading

Norma Harrington Elementary School											
		Less than Proficient				Proficient				Star Reading Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 2	72	40	56%	18	25%	13	18%	1	1%	Level 1	857
Grade 3	97	55	57%	24	25%	10	10%	8	8%	Level 1	914
Grade 4	71	30	42%	15	21%	16	23%	10	14%	Level 1	981
Grade 5	73	30	41%	15	21%	24	33%	4	5%	Level 1	1001

Conclusions based on this data:

This year, we have observed significant growth. We will continue to emphasize strong first instruction to equip students with essential foundational and critical thinking skills, ensuring continued progress on the Star Early Literacy Test. In the Spanish Star Early Literacy assessment for kindergarten and first grade, 70% of students achieved benchmark or on watch levels, while 30% were at the intervention level. In first grade, 79% of students achieved benchmark or on watch levels, with 21% at the intervention level. In second grade, 64% achieved benchmark or above, and 36% were at the intervention level. In third grade, 54% were at benchmark or above, and 45% were at the intervention level. In fourth grade, 50% of students were at benchmark or above, and 50% were at the intervention level. Finally, in fifth grade, 66% of students achieved benchmark or above, with 34% at the intervention level. We are growing at a good rate in Spanish, which is the first language for most of our students. Our goal for this year is to maintain these achievements and foster further growth.

School and Student Performance Data

Star Math

Norma Harrington Elementary School											
		Less than Proficient				Proficient				Star Math Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 1	76	28	37%	30	39%	15	20%	3	4%	Level 2	820
Grade 2	73	47	64%	20	27%	4	5%	2	3%	Level 1	862
Grade 3	101	47	47%	29	29%	19	19%	6	6%	Level 1	934
Grade 4	77	31	40%	26	34%	17	22%	3	4%	Level 2	982
Grade 5	78	40	51%	14	18%	12	15%	12	15%	Level 1	1007

Conclusions based on this data:

In math, we still have a long way to go, but we have made significant progress. This year, we implemented use of more IABs, a Math Lab for intervention, and Building Thinking Classrooms structures, and worked closely with our district's math manager. Our end-of-year data shows notable growth: First grade exceeded expectations by 32%, Second grade by 40%, Third grade by 47%, Fourth grade by 47%, and Fifth grade by 49%. We will continue to support our students to ensure they make adequate growth.

School and Student Performance Data

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Overall Participation for All Students												
Grade Level	# of Students Enrolled			# of Students Tested			# of Students with Scores			% of Enrolled Students Tested

In order to protect student privacy, an asterisk (*) will be displayed for enrolled and tested counts for fewer than 4 students and for assessment results for fewer than 11 students. "N/A" will be displayed instead of a number on test results where no data is found for the specific report.

Research/Inquiry									
Investigating, analyzing, and presenting information									
Grade Level	% Above Standard			% At or Near Standard			% Below Standard		
	20-21	21-22	22-23	20-21	21-22	22-23	20-21	21-22	22-23
Grade 3		0.00	9.59		58.23	57.53		41.77	32.88
Grade 4		2.80	3.80		71.03	68.35		26.17	27.85
Grade 5		11.54	11.58		58.65	65.26		29.81	23.16
All Grades		5.17	8.50		63.10	63.97		31.72	27.53

In order to protect student privacy, an asterisk (*) will be displayed for enrolled and tested counts for fewer than 4 students and for assessment results for fewer than 11 students. "N/A" will be displayed instead of a number on test results where no data is found for the specific report.

Conclusions based on this data:

Although we are not yet where we would like to be, our data shows progress. In 2023-2024, 23% of our third graders met or exceeded standards on the CAASPP test. In fourth grade, 22% of students met or exceeded standards, and in fifth grade, 61% met or exceeded standards. Teachers worked every Wednesday during their collaboration, planning and analyzing data. Each team had one new teacher, but the rest of the team worked very well in supporting each other. IABs were taken frequently in each grade level. The Biliteracy Units were implemented to the best of our ability, ensuring that all standards were taught and mastered by the students. There was also extensive planning with the DLI TOSA. We will continue to focus on our first instruction to provide students with the foundational and critical thinking skills necessary to move them across proficiency bands, aiming for them to meet or exceed standards. While we made positive growth last year, we recognize that a significant number of students are still not making the progress they need to. As a site, we will review our instructional program to better meet the needs of these students.

Conclusions based on this data:

In 2023-2024, we saw growth in math. Our results showed that 28% of third graders, 22% of fourth graders, and 35% of fifth graders were meeting or exceeding standards. Reflecting on this progress, our teachers adopted a more systematic approach to planning, utilizing the Wednesday banking day for collaboration. Throughout the year, teachers worked together to align their instruction with standards and address the needs of students at all levels. Specifically, teachers focused on growth and targeted their first instruction to help students advance through the proficiency bands. Their instruction was guided by STAR Data, IABs, and Math Lab. Additionally, we implemented Building Thinking Classrooms with support from our district math manager, adapting our teaching methods accordingly. We will continue our efforts to move students across proficiency bands, with the goal of having more students meet or exceed standards. Our commitment remains to provide students with the high-quality instruction necessary to meet their diverse academic needs

School and Student Performance Data

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](http://EnglishLanguageProficiencyAssessmentsforCalifornia.org) web page or the ELPAC.org website for more information about the ELPAC.

Conclusions based on this data:

Due to changes in reclassification requirements, we must focus our efforts on providing necessary English language development instruction to help the 27% of our students who scored at Level 3 (Moderately Developed) on the ELPAC move to Level 4 (Well Developed), making them eligible for reclassification. Additionally, we need to ensure that our Level 4 students (15%) achieve reading levels comparable to their non-English Learner peers to meet reclassification criteria. Our English Learner parents are very concerned about reclassification and have committed to supporting our teachers in reclassifying our Level 3 English Language Learners.

School and Student Performance Data

California School Dashboard Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

2022-23 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
540	89.8	70.9	Students whose well being is the responsibility of a court.
Total Number of Students enrolled in Norma Harrington Elementary School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	

2022-23 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	383	70.9
Foster Youth		
Homeless	69	12.8
Socioeconomically Disadvantaged	485	89.8
Students with Disabilities	98	18.1

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
Filipino	2	0.4
Hispanic	532	98.5
White	6	1.1

Conclusions based on this data:

Our highest population group is Hispanic with 96.2% of students identifying in this group. This might promote an easy alignment of our resources to meet the needs of this group. However, we cannot ignore the other groups and must ensure that the needs of our African American, White, Asian and Filipino student groups are being met as well. Additionally, our English Learner group population is high as well, but not as high as our socioeconomically disadvantaged group. This leads me to believe that we have many students that fall into both categories and we must meet the needs of the two groups combined.

School and Student Performance Data

Overall Performance

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

2023 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts  Yellow	Chronic Absenteeism  Red	Suspension Rate  Green
Mathematics  Yellow		
English Learner Progress  Blue		

Conclusions based on this data:

- The areas of concern in all students' performance include Language Arts, Math, and Chronic Absenteeism. For each of these areas, we have devised plans for improvement. In Language Arts, we will prioritize additional professional development in Biliteracy Units to enhance first instruction. For Math, we will continue working closely with our math manager and their team to refine our instructional approach. Addressing Chronic Absenteeism involves a concerted effort from our team, including the Outreach Specialist, Attendance Clerk, and Counselor. They will conduct home visits, make calls, and hold meetings to ensure that students are absent only when

genuinely ill. Furthermore, we must maintain our focus on PBIS strategies to reduce suspension rates and address the social-emotional needs of our students.

School and Student Performance Data

Academic Performance English Language Arts

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2023 Fall Dashboard English Language Arts Performance for All Students/Student Group		
All Students  Yellow 58.3 points below standard Increased +4.7 points 245 Students	English Learners  Yellow 62 points below standard Increased +5 points 193 Students	Foster Youth Less than 11 Students 1 Student
Homeless  Yellow 58.9 points below standard Increased +13 points 37 Students	Socioeconomically Disadvantaged  Yellow 59.5 points below standard Increased +3.9 points 223 Students	Students with Disabilities  Red 158.7 points below standard Decreased -8.6 points 53 Students

2023 Fall Dashboard English Language Arts Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
 No Performance Color 0 Students	 No Performance Color 0 Students	 No Performance Color 0 Students	Less than 11 Students 1 Student
Hispanic	Two or More Races	Pacific Islander	White
 Yellow 59.2 points below standard Increased +7.1 points 239 Students	 No Performance Color 0 Students	 No Performance Color 0 Students	Less than 11 Students 5 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2023 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
69.5 points below standard Increased +10 points 131 Students	46.1 points below standard Decreased -11.5 points 62 Students	61.9 points below standard Decreased -4.2 points 42 Students

Conclusions based on this data:

The data indicates a pressing need to employ methods that effectively address the needs of our English Learner and Hispanic students. As we prioritize collaboration to inform our instructional planning, it's essential to consider the growth rates of all students, particularly focusing on English Learners and Hispanic students. Our primary focus is on academic language development, as it is crucial for facilitating growth within these student groups.

School and Student Performance Data

Academic Performance Mathematics

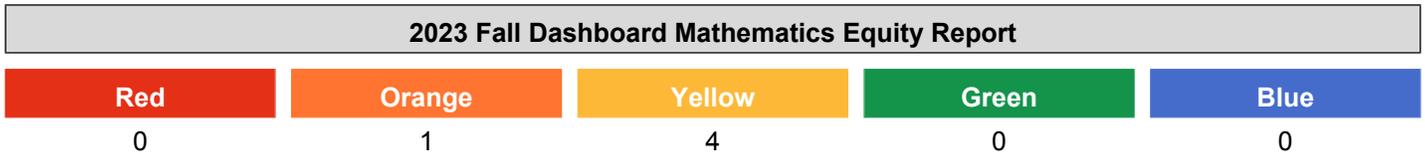

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides a view of how well students are meeting grade-level standards on the Mathematics assessment. This measure is based on student performance either on the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2023 Fall Dashboard Mathematics Performance for All Students/Student Group		
<p>All Students</p>  Yellow 76.5 points below standard Increased Significantly +16.7 points 243 Students	<p>English Learners</p>  Yellow 78.6 points below standard Increased Significantly +15.5 points 191 Students	<p>Foster Youth</p> <p>Less than 11 Students</p> <p>1 Student</p>
<p>Homeless</p>  Yellow 57.9 points below standard Increased Significantly +30.7 points 37 Students	<p>Socioeconomically Disadvantaged</p>  Yellow 78.3 points below standard Increased Significantly +16 points 221 Students	<p>Students with Disabilities</p>  Orange 161.3 points below standard Increased Significantly +17.1 points 52 Students

2023 Fall Dashboard Mathematics Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
 No Performance Color 0 Students	 No Performance Color 0 Students	 No Performance Color 0 Students	Less than 11 Students 1 Student
Hispanic	Two or More Races	Pacific Islander	White
 Yellow 77.4 points below standard Increased Significantly +17.8 points 237 Students	 No Performance Color 0 Students	 No Performance Color 0 Students	Less than 11 Students 5 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2023 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
82.3 points below standard Increased Significantly +15.1 points 130 Students	70.8 points below standard Increased +14.8 points 61 Students	80 points below standard Increased Significantly +21.7 points 42 Students

Conclusions based on this data:

While we observed growth in mathematics, a significant percentage of students across all groups are still not meeting standards. Therefore, it's imperative to examine the individual needs of these groups and utilize this information to collaborate and devise next steps for our students. Specifically, we intend to involve our students in data discussions to ensure they understand the expectations set for them. Our ongoing efforts will remain focused on delivering high-quality first instruction to all students, with a keen awareness of the needs of our English Learner and Hispanic students. Additionally, we are implementing Building Thinking Classrooms and Zearn supplemental materials in our math curriculum to further support student learning.

2023 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2023 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
14	45	1	81

Conclusions based on this data:

We were able to decrease the number of students scoring in level one by 14 % and we are maintaining our students between levels two and three at 45 %. We have 81 % that are progressing one level. We would like to see the remaining 19% progress too. We will focus on their reading, writing, listening, and speaking to make sure our students make adequate growth.

School and Student Performance Data

Academic Engagement Chronic Absenteeism

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2023 Fall Dashboard Chronic Absenteeism for All Students/Student Group		
All Students	English Learners	Foster Youth
 Red 33.6% Chronically Absent Increased Significantly 7.4 553 Students	 Red 32.1% Chronically Absent Increased Significantly 6.8 393 Students	Less than 11 Students 1 Student
Homeless	Socioeconomically Disadvantaged	Students with Disabilities
 Red 29.5% Chronically Absent Maintained 0.4 78 Students	 Red 33.5% Chronically Absent Increased Significantly 6.4 498 Students	 Red 46.6% Chronically Absent Increased 4.6 116 Students

2023 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

African American	American Indian	Asian	Filipino
<p>Less than 11 Students</p> <p align="center">1 Student</p>	<p align="center"></p> <p align="center">No Performance Color</p> <p align="center">0 Students</p>	<p align="center"></p> <p align="center">No Performance Color</p> <p align="center">0 Students</p>	<p>Less than 11 Students</p> <p align="center">2 Students</p>
Hispanic	Two or More Races	Pacific Islander	White
<p align="center"></p> <p align="center">Red</p> <p>33.7% Chronically Absent</p> <p>Increased Significantly 7.5</p> <p align="center">543 Students</p>	<p>Less than 11 Students</p> <p align="center">1 Student</p>	<p align="center"></p> <p align="center">No Performance Color</p> <p align="center">0 Students</p>	<p>Less than 11 Students</p> <p align="center">6 Students</p>

Conclusions based on this data:

Based on the data and reflecting on the strategies implemented last year, it's evident that an individualized plan for our chronically absent students is necessary. Therefore, our school counselor has prioritized this group, aiming to increase their attendance rates. We will develop a tailored plan that addresses the specific needs of these students. Additionally, our Outreach Specialist will collaborate with the counselor to establish a student incentive program.

School and Student Performance Data

Conditions & Climate Suspension Rate

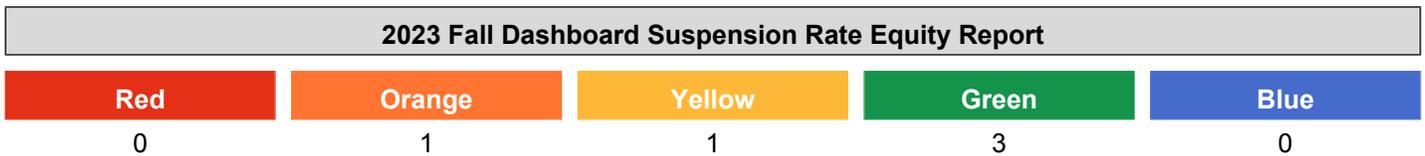

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2023 Fall Dashboard Suspension Rate for All Students/Student Group		
All Students	English Learners	Foster Youth
 Green 1.2% suspended at least one day Declined -0.3 568 Students	 Green 1% suspended at least one day Maintained -0.2 400 Students	Less than 11 Students 1 Student
Homeless	Socioeconomically Disadvantaged	Students with Disabilities
 Orange 3.8% suspended at least one day Increased 3.8 80 Students	 Yellow 1.4% suspended at least one day Maintained -0.1 513 Students	 Green 1.7% suspended at least one day Declined -2.6 120 Students

2023 Fall Dashboard Suspension Rate by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 1 Student	 No Performance Color 0 Students	 No Performance Color 0 Students	Less than 11 Students 2 Students
Hispanic	Two or More Races	Pacific Islander	White
 Green 1.1% suspended at least one day Declined -0.3 557 Students	Less than 11 Students 1 Student	 No Performance Color 0 Students	Less than 11 Students 7 Students

Conclusions based on this data:

While our suspension rate remains within the limits set forth in our goal, we maintain a practice of reviewing suspensions on an individual basis. This allows us to assess if expectations and procedures need adjustments to ensure every student has the opportunity for success.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Language Arts and Math

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

All students will reach high academic standards in reading and mathematics.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase the capacity of teachers to deliver effective data-driven instruction
 To provide equipment, materials and technology resources that support high quality first instruction
 To provide opportunities for teachers through focused collaborate to improve teaching and learning

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
CAASPP ELA	2023-2024: 3rd Grade Exceeded or Met: 33% Nearly Met: 25% Not Met : 53% 4th Grade Exceeded or Met: 37% Nearly Met: 21% Not Met: 42% 5th Grade Exceeded or Met: 50% Nearly Met: 13% Not Met: 37%	2024-2025: Focus on Growth from level to level: 10% of students from each level will increase their score in order to move to next level. 3rd Grade will increase to 43 % 4th Grade will increase to 47 % 5th grade will increase to 60%

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Harrington School engages in weekly collaboration sessions to implement instructional strategies outlined in the School Plan for Student Achievement (SPSA). Despite contracting a Literacy Intervention Teacher to support reading, inconsistent student intervention resulted from substitute shortages and medical leave. To tackle low math scores, the school is closely working with the district math manager and plans to establish an afterschool math lab for fourth and fifth graders. There's a focus on improving knowledge of Common Core Standards to enhance initial instruction and meet student needs effectively. Additionally, the biliteracy program expanded to include fifth grade, resulting in growth in Spanish proficiency, with ongoing collaboration planned to ensure continued progress in both languages.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Throughout the school year, teachers identified the need for additional materials and supplies to support the teaching of literature and oracy in social sciences and science, particularly in the biliteracy classes from Kindergarten through 5th grade. Consequently, the school allocated more funds towards purchasing materials and facilitating staff collaboration during and after school hours. However, some funds earmarked for interventions were not utilized due to challenges in securing teachers to provide afterschool interventions. To enhance first instruction and meet the diverse needs of students, the school plans to focus on having one InterventionService Provider teacher working with 3rd to 5th-grade students, aiming to foster growth in both Spanish and English proficiency.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

This year, our primary focus is on enhancing our first instruction practices and deepening our understanding of Common Core Standards. Teachers will actively engage in Professional Learning Communities (PLCs) to refine their instructional approaches and ensure alignment with the Common Core standards.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 2

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Social Emotional Support and School Climate

The social-emotional, health and well-being of students will be met in a learning environment that is safe, drug-free and conducive to learning.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

The social-emotional, health and well-being of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase positive attendance
 To decrease the suspension rate
 To increase positive behavior
 To ensure a safe environment
 To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Suspension Rate	School suspension rate was less than 1%.	Continue 1% or lower suspension rate.
Attendance Rate	ADA in 23-24 was 95%.	ADA of 96%.
Behavior Referrals	50 Behavior referrals	Reduce behavior referrals by 10%
Panorama Teacher Perception Student Survey (Kinder-2nd Grade)	Spring 2024 Panorama Data: Kinder- 2nd Grade	Spring 2025 Panorama Data: Kinder-2nd Grade: Increase positive Panorama survey results by 10%:
Panorama Survey: 3rd-5th grade Students	Emotion Regulation: 72% Self-Management: 56 % Social Awareness: 72% 3rd-5th Grade Emotion Regulation: 59% Growth Mindset: 72% Self-Management: 62% Sense of Belonging: 72% Social Awareness: 64% Teacher-Student Relationships: 79%	Emotion Regulation: 82% Self-Management: 66% Social Awareness: 82% 3rd-5th Grades: Increase positive Panorama survey results by 10%: Emotion Regulation: 69% Growth Mindset: 82% Self-Management:72% Sense of Belonging: 82% Social Awareness: 74%

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/ Activity #	Description	Students to be Served	Proposed Expenditures
2.1	Leadership and PBIS team will meet monthly to review behavioral expectations schoolwide using the CHAMPS framework to teach students and modify safety procedures.	All Students	2000 LCFF 4000-4999: Books And Supplies Recess activities/playground equipment 2000 LCFF 1000-1999: Certificated Personnel Salaries Teacher-extra time

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

The Attendance Tech and Outreach Resource Consultant worked diligently to improve our attendance rate. Last year, our attendance rate was 94%, and this year, it increased to 95%. The consultant made house visits to students when they were absent to check on their well-being and stayed in contact with families until the students returned to school, primarily due to illness. Regarding behavior referrals, we decreased the number from 72 to 50, and our goal is to further reduce this by 10%. Additionally, our students took the Panorama Survey, providing valuable data on Growth Mindset, Self-Management, Emotional Regulation, Teacher-Student Relationships, and Sense of Belonging. We aim to use this Panorama data to improve self-management from 56% to at least 70% or higher for our second-grade group. We will also work on enhancing students' emotional regulation, self-management, and social awareness, aiming to increase these from 59% to 70% or higher for the third, fourth, and fifth graders. Our counselor will continue to provide class lessons and will support teachers so they can also conduct lessons in these areas.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Strategies and budgeted expenditures were allocated accordingly, and there were no significant differences.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We have allocated funds to purchase equipment and will implement activities aimed at improving unstructured time. We anticipate that this initiative will decrease the number of referrals and help students learn appropriate play behaviors.

Additionally, due to the decrease in campus assistants, we will allocate additional funding from our site funds to cover this gap. Furthermore, we will continue providing monthly training sessions for our campus supervisors.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 3

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Parent and Family Engagement

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase communication through School and District websites and social media so parents and community members are informed about district and school instructional programs and activities

To facilitate parent involvement in the educational and social-emotional well-being of their children

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Parent participation at meetings captured through sign in sheets.	PTA - an average of 10 parents attended ELAC - an average of 10 parents attended SSC - an average of 10 parents attended	Increase attendance at all meetings by 10%.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/Activity #	Description	Students to be Served	Proposed Expenditures
3.1	Build and communicate opportunities for strong family engagement through participation in decision making bodies like SSC, ELAC, PTA. Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

We increased the amount of communication as we began to utilize text messages in the Parent Square platform. Parents have been pleased with the increase in communication and as a result, their participation in events has improved. Additionally, the overall implementation of the strategies and activities will improve involvement and engagement.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Strategies and budgeted expenditures were allocated accordingly, and there were no significant differences.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The district office will support Harrington with the electronic message board, aiming to enhance overall communication with families. Additionally, we will continue sending out parent messages via text and utilize CANVAS to ensure our parents are well-informed. These efforts are expected to increase parent engagement at Harrington.

Budget Summary

Complete the Budget Summary Table below. Schools may include additional information, and adjust the table as needed. The Budget Summary is required for schools funded through the Consolidated Application (ConApp).

Budget Summary

DESCRIPTION	AMOUNT
Total Funds Provided to the School Through the Consolidated Application	\$76,447.00
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$285,223.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0

Other Federal, State, and Local Funds

List the additional Federal programs that the school includes in the schoolwide program. Adjust the table as needed.

Note: If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.

Federal Programs	Allocation (\$)
Title I	\$49,059.00
Title III	\$27,388.00

Subtotal of additional federal funds included for this school: \$76,447.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Allocation (\$)
LCFF	\$111,046.00
LCFF - Intervention	\$1,226.00
Prop 28	\$96,504.00

Subtotal of state or local funds included for this school: \$208,776.00

Total of federal, state, and/or local funds for this school: \$285,223.00

Budgeted Funds and Expenditures in this Plan

The tables below are provided to help the school track expenditures as they relate to funds budgeted to the school.

Funds Budgeted to the School by Funding Source

Funding Source	Amount	Balance
Title I	49,059	0.00
Title III	27,388	0.00
LCFF	111,046	0.00
LCFF - Intervention	1,226	0.00
Prop 28	96,504	0.00

Expenditures by Funding Source

Funding Source	Amount
LCFF	111,046.00
LCFF - Intervention	1,226.00
Prop 28	96,504.00
Title I	49,059.00
Title III	27,388.00

Expenditures by Budget Reference

Budget Reference	Amount
1000-1999: Certificated Personnel Salaries	110,837.00
2000-2999: Classified Personnel Salaries	59,517.00

4000-4999: Books And Supplies	Title I	10,000.00
5800: Professional/Consulting Services And Operating Expenditures	Title I	3,903.00
1000-1999: Certificated Personnel Salaries	Title III	10,640.00
2000-2999: Classified Personnel Salaries	Title III	2,000.00
4000-4999: Books And Supplies	Title III	4,000.00
5000-5999: Services And Other Operating Expenditures	Title III	4,000.00
5800: Professional/Consulting Services And Operating Expenditures	Title III	6,748.00

Expenditures by Goal

Goal Number	Total Expenditures
Goal 1	233,959.00
Goal 2	34,861.00
Goal 3	16,403.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Rosaura Castellanos	Principal
Mireya Zendejas	Classroom Teacher
Josie Noyola	Classroom Teacher
Marisol Hernandez	Classroom Teacher
Cristina Jimenez-Sanchez	Other School Staff
Liliana Caldera	Parent or Community Member
Erica Kempton	Parent or Community Member
Daniel Chavez	Parent or Community Member
Lidia Mendoza	Parent or Community Member
Sandra Romero	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 5/29/24.

Attested:

Principal, Rosaura Castellanos on 5/29/24

SSC Chairperson, Daniel Chavez on 5/29/24

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

Instructions: Table of Contents

- Plan Description
- Educational Partner Involvement
- Comprehensive Needs Assessment
- Goals, Strategies/Activities, and Expenditures
- Annual Review
- Budget Summary
- Appendix A: Plan Requirements for Title I Schoolwide Programs
- Appendix B: Select State and Federal Programs

For additional questions or technical assistance related to LEA and school planning, please contact the CDE's Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the LEA, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:

Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:

When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- Strategy/Activity #: Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- Description: Describe the strategy/activity.
- Students to be Served: Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- Proposed Expenditures: List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to EC Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- Funding Sources: List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
 - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
 - a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. Use methods and instructional strategies that:
 - i. Strengthen the academic program in the school,
 - ii. Increase the amount and quality of learning time, and
 - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. Strategies to improve students' skills outside the academic subject areas;
 - ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: Title 34 of the *Code of Federal Regulations (34 CFR)*, sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. *EC* sections 64001 et. seq.

Appendix B: Plan Requirements for School to CSI/ATSI Planning Requirements

For questions or technical assistance related to meeting federal school improvement planning requirements, please contact the CDE’s School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education’s “Using Evidence to Strengthen Education Investments” at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

CSI Resources

For additional CSI resources, please see the following links:

<https://www.cde.ca.gov/sp/sw/t1/csi.asp>
- **CSI Webinars:** <https://www.cde.ca.gov/sp/sw/t1/csiwebinars.asp>
- **CSI Planning Summary for Charters and Single-school Districts:**
<https://www.cde.ca.gov/sp/sw/t1/csiplansummary.asp>

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Updated by the California Department of Education, October 2023

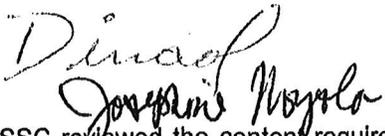

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name	
	English Learner Advisory Committee	3.22.24
	Other: Harrington Leadership Team	5.29.24

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 5/29/24

Attested:

	Principal, Rosaura Castellanos on 5/28/24	5.29.24
	SSC Chairperson, Daniel Chavez on 5/15/24	5/29/24

School Plan for Student Achievement (SPSA)

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Kamala School	56725386055339	May 13, 2024	August 21, 2024

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California’s ESSA State Plan supports the state’s approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in

support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Kamala School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

Additional Targeted Support and Improvement

Kamala has been identified in ATSI status under the category of Students with Disabilities. The three areas with a

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Kamala School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

Additional Targeted Support and Improvement

Kamala has been identified in ATSI status under the category of Students with Disabilities. The three areas with a

Kamala is a kindergarten through eighth grade school where we believe that every student can succeed. Within our school, we have a Biliteracy program focused on building bilingual, biliterate, and bicultural students. We also have a strong commitment to strengthening our K-8 community through Professional Learning Communities (PLC's), data analysis, and strategic planning. In addition, we understand the importance of building a student culture that embraces a sense of belonging and a growth mindset. Finally, we believe that a partnership with families and the community is a critical factor in determining student success. To achieve student success we have outlined 3 goals; (1) All students will reach high academic standards, (2) the social-emotional, health and well-being needs of students will be met in a learning environment that is safe and conducive to learning, and (3) families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Oxnard School District has created a strategic plan in order to ensure that we fully develop our student profile and work toward fulfilling our Mission and Vision.

Mission: In Oxnard School District, we nurture self-confident and empowered multilingual global citizens, strong in their multiple identities and potential, who achieve inspired levels of individual, community, and social accomplishment in school and beyond in their endeavors.

Vision: Ignite, Transform, Nurture, Embrace.

Our strategies/activities support our values and principles: Equity and Excellence; Safe and Affirming Environments; Achievement/Performance, Multilingualism, Global and Socio-Cultural Competence; Relationships built on Integrity, Mutual Trust, Respect and Caring; and Professional Accountability and Service.

Our goals can be realized by following a Theory of Action, which constitutes committing to a vision of success; to be relentless in clarifying and supporting classroom leadership; to build school leadership; to benefit from organized district leadership; and to engage our families and community, which will lead us to become a highly effective and equitable school.

A guiding focus for the district is on five strategic goals which form the framework for powerful and sustainable school and district transformation: Student Academic Engagement and Achievement; a Positive and Safe Learning Environment and School Climate; Guidance and Support to Sites; Family/Community Alliances for Student Success and Transformational Leadership and Infrastructure.

All of our strategies/activities are designed to further these pedagogical principals:

1. Identify, activate, and build on student strengths.
2. Affirm student identities by challenging the devaluation of minoritized students' identities.
3. Establish powerful relationships that nurture equity and success.
4. Engage students actively in the learning process., by amplifying student voice.
5. Create environments of enrichment, rather than remediation, that engage students' multilingual repertoires.
6. Situate learning in the lives of students by connecting to their lives.
7. Elicit high intellectual performances that help connect students' identities to academic engagement.
8. Address the prerequisites for learning, including incorporating pedagogical practices that challenge coercive relations of power.

The staff of Kamala School is working to put into place the district's strategic plan by building strong professional learning communities, PLC's, to improve student learning. Strong first instruction with rigorous, standards-based lessons, effective instructional strategies that provide differentiated instruction, and an emphasis on the analysis of data to drive instruction are the focal points for our work as a community of professionals. Dedicated time for PLCs with additional resources for ongoing collaboration throughout the year for teachers to plan strong, first instruction, develop common assessments, analyze data, and respond to the data are significant actions in our plan.

In addition to strong first instruction and ELD instruction, an effective multi-tiered system of support provides students with targeted interventions. A literacy intervention teacher (LIT) provided by the district and an ISP funded by the site will provide targeted reading and math intervention for students in all primary grades. An intervention specialist will provide pull-out support for students below grade level. However, we believe that it is not in the area of pull-out intervention, but rather in that of primary instruction that we can most impact student achievement. To this end, teachers are committed to providing meaningful, differentiated learning opportunities for students based on analysis of assessments and other data. Student monitoring meetings with grade-level teams and administration provide an additional structure for data analysis and meaningful planning.

Our Biliteracy program is now in its eleventh year. During the 24-25 school year, all classes in kindergarten through sixth grade will be DLI classes, in which teachers use thematic units, integrating content and literacy in rigorous instruction designed to meet the needs of emerging bilinguals. These are known as BUFs, Biliteracy Unit Frameworks.

We are committed to ensuring that all students succeed. For our English learners, teachers foster oracy and make connections between languages, ensuring that students' language proficiency and academic vocabulary are a major component of designated and integrated ELD. Our students with disabilities have access to the general education curriculum with appropriate accommodations and/ or modifications, as specified in their IEP. Moreover, a high level of collaboration between general and special education teachers ensures access for all students. For students experiencing homelessness, our outreach coordinator and healthy start social worker (housed on site) help ensure that basic needs are met, so that learning can occur.

Students are engaged in many opportunities around our strand focus of Art and Technology. With Prop 28 funds, an art teacher will be provided to deliver monthly art lessons around BUF units. All art lessons, will be followed up with academic writing as it relates to the BUF unit. In addition, students will be offered Technology-centered enrichment opportunities after school through the After School Program - "Burst" classes. Classes offered include videography, yearbook, graphic design, TikTok dance and much more.

All educational partners must work together to support students. We are committed to working with parents and families to improve student learning through ELAC, SSC, parenting classes, and Coffee with Us/Cafe con Nosotros. This past year saw continuing high levels of parent participation in such events as ELAC meetings, parenting classes, and Cafe con Nosotros.

Our school has recently been identified as ATSI (Additional Targeted Support and Improvement), due to the performance of our students with disabilities. The CDE makes this determination based on previous student performance from state-mandated assessments and data collection. We have identified strategies/activities to address this, such as a strategic plan to identify students with chronic absences early and devise a plan with the family, find alternatives to suspension, and have the gen ed and sped teacher collaborate regularly for English Language Arts lessons.

"It's always a great day to be a Tiger / Siempre es un gran dia para ser un tigre" defines our school community. We start each day with a positive outlook and have a growth mindset in all aspects. We believe in each and every student. We see ourselves as a Kamala team. In this way, we are moving forward together to improve student achievement.

Educational Partner Involvement

How, when, and with whom did Kamala School consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

After data analysis and discussion of 23-24 SPSA strategies, input from educational partners is gathered to inform strategies for the 24-25 SPSA.

The Leadership team, teachers, and other staff meet regularly to discuss data and the effectiveness of the implemented strategies. Then, new strategies are created to align with school goals.

In addition, the SPSA is reviewed at each School Site Council meeting and with regular input from ELAC committee. For example, at an ELAC meeting the committee believed that parent workshops hosted by Disciplina Positiva were very effective and helpful. On the other hand, the parent workshops with Coach AI at Mindset Academy were not as helpful. With this input, changes were made to the SPSA.

These efforts seek perspectives and input from multiple educational partners.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

This year the office staff was short staffed all year. There were 2 office managers and 3 long-term sub office managers, a rotation of different office assistants, and an intermediate secretary who was fulfilling many roles. A lack of sufficient office staff meant that organizational and logistical needs of parents, students, and teachers were not always met in a timely manner.

In regards to ATSI status- Students with Disabilities (Chronic Absenteeism, Suspension Rate, and English Language Arts), a lack of paraeducators has meant that our middle school special education students did not have a consistent paraeducator in their SAI ELA and math class during the 23-24 school year. The lack of consistency impacted the adult in the class to build positive relationships with students which factors into absences and suspensions. In addition, inconsistent adult support prevented the teacher from creating interventions with students targeting ELA skills and standards.

Next year, we will have a permanent office manager as of August 1st and, all other staff are planned to be back, healthy and ready to start the year strong. In addition, paraeducators have been assigned to sped classes and a plan has been set with the assistance of administration to target ELA skills and standards during intervention time and build positive relationships with all students in class.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

Chronic Absenteeism - All students, English Learners, Socioeconomically disadvantaged, students with disabilities, Hispanic:

Plan to improve student outcomes: First, we plan to start the year identifying students with a history of chronic absenteeism. Then, we will create a plan to meet with the family and student to ensure a strategy is created to improve attendance. Throughout the year, the ORC will organize and facilitate an Attendance Club focused on tracking positive attendance and rewarding with incentives. In addition, every student of the month assembly will reward students who have perfect attendance for the month. Finally, we will continue to follow the SARB process to ensure families are aware of consequences for lack of attendance.

Title 1 funds to support: incentives/rewards prize cart, Student of the Month awards, certificates, bumper stickers.

Suspension Rate - All students, English Learners, homeless, Socioeconomically disadvantaged, students with disabilities, Hispanic:

Plan to improve student outcome: Administration has attended trainings through pupil services called "Alternatives to suspension." In addition, the administrative team will work closely with counselors with restorative justice practices in an effort for students to learn from situations rather than punish students through suspensions. Finally, as a staff, we have committed to having structured recess activities, clear expectations, and use the STOIC model school-wide to foster a sense of belonging and pride on campus.

Title 1 funds to support: signs and equipment for structured recess activities, PBIS consulting contract to support positive behavior on campus

English Language Arts and Mathematics- All students, English Learners, homeless, Socioeconomically disadvantaged, students with disabilities, Hispanic:

Plan to improve student outcome: As a staff, we have committed to PLCs through the Cycle of Inquiry where grade levels create lessons based on priority standards and student outcomes. Then, teachers issue common formative

assessments and analyze the data and plan systematic interventions. This model will improve student outcomes at the Tier 1 level as well as the Tier 2 level. Middle School staff has been divided into 2 "teams:" ELA and Math. Each team has committed to priority standards and is focused on teaching the learning outcome as it relates to the subject. Title 1 funds to support: Consulting contract with 3E.

English Learner Progress - English Learners:

Plan to improve student outcome: With the commitment to the PLC process and data analysis, students will receive differentiated instruction to meet learning objectives throughout the year at the Tier 1 level. In addition, students will receive targeted intervention focused on specific skills of need. In January, students who will be taking the ELPAC will be offered tutoring in an "ELPAC Bootcamp" to prepare for the assessment.

Title 1 funds to support: Consulting contract with 3E.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the "all student" performance.

Chronic Absenteeism- Student Group: All Students- in the "Red" band. There are no student groups that are two or more performance levels below this band.

While Kamala had a 93% positive attendance rate for the year, there was a small population of students who were identified as "Chronic Absentees." For the Chronic Absentees we have created an intentional plan that includes; early identification and family meeting, Attendance Club, and SARB.

Suspension Rate- Student Group: All Students- in the "Red" band. There are no student groups that are two or more performance levels below this band.

Suspension rates at Kamala has drastically improved from last year. Nevertheless, the administrative team continues to seek Alternatives to Suspension, prevention strategies, and other means of correction.

English Language Arts- Student Group: All Students- in the "Orange" band. There are no student groups that are two or more performance levels below this band.

Instructionally, we plan to continue building on our PLCs and Cycle of Inquiry where teachers work together to identify priority standards, target student outcomes, administer common formative assessments, analyze data and plan systematic interventions.

Mathematics- Student Group: All Students- in the "Orange" band. There are no student groups that are two or more performance levels below this band.

Instructionally, we plan to continue building on our PLCs and Cycle of Inquiry where teachers work together to identify priority standards, target student outcomes, administer common formative assessments, analyze data and plan systematic interventions.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

Panorama Survey Data showed that the 3 areas of needing improvement are; emotional regulation, engagement, and growth mindset.

The plan to improve student outcomes: focused Character Trait of the Month, monthly counselor classroom presentations focused on character trait of the month, routine greeting at the door by teacher, music in the morning, morning announcement, challenge of the month and student of the month assemblies.

School and Student Performance Data

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Kamala School. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
American Indian	%	0%	0.11%		0	1
African American	0.60%	0.21%	0.11%	6	2	1
Asian	0.20%	0.21%	0.23%	2	2	2
Filipino	0.20%	0.21%	%	2	2	
Hispanic/Latino	97.80%	98.11%	98.53%	976	934	869
Pacific Islander	%	0%	%		0	
White	0.90%	0.95%	0.79%	9	9	7
Multiple/No Response	0.30%	0.32%	0.23%	3	3	2
Total Enrollment				998	952	882

Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	21-22	22-23	23-24
Kindergarten	94	92	69
Grade 1	93	92	95
Grade 2	93	93	94
Grade3	111	94	88
Grade 4	104	108	97
Grade 5	107	100	105
Grade 6	144	109	109
Grade 7	135	135	108
Grade 8	117	129	117
Total Enrollment	998	952	882

Conclusions based on this data:

Our enrollment has declined over the past three years, which is consistent with district enrollment.

We are currently transitioning to a full biliteracy school. During the 23-24 school year, we had both a DLI and SEI program in grades 6-8 while in grades K-5, all classes were DLI. As the DLI program moves up, our enrollment will

continue to decline slightly as students are generally not added to the program in the upper grades. For example, past years have had up to 4 classes in the primary grades, but as of the 24-25 school year there will only be 3 classes each in Kinder and 1st grade.

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
English Learners	658	620	578	60.30%	65.9%	65.5%
Fluent English Proficient (FEP)	225	221	207	27.10%	22.5%	23.5%
Reclassified Fluent English Proficient (RFEP)				6.7%		

Conclusions based on this data:

The percentage of English Learners has remained similar for the past two years, in the 60-65% range. We believe our high reclassification rate is related to high quality integrated and designated ELD instruction that focuses on listening, speaking, reading, and writing, while celebrating the bilingualism and multilingualism of our students.

Students in middle school grades who are still classified as English Learners (LTELs) will require more targeted support in order to meet reclassification criteria on the ELPAC and CAASPP or Star assessments. This support will primarily be targeted during ELD class, but it will also happen across all subject areas as all teachers have committed to teaching Priority Standards across all subjects. In addition, intervention has been provided for these students, such as ELPAC Boot Camp and after school tutoring, and these interventions will continue. All interventions are based on reviews of SBAC, ELPAC, and/ or Star data.

Lastly, we will use Title 3 funds for an Interventoin Service Provider to provide Tier 2 academic support to English Learners using a pull out method and using a designated LLI curriculum to support students in reading.

School and Student Performance Data

Star Early Literacy

Kamala School											
		Less than Proficient				Proficient				Star Early Literacy Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade K	73	32	44%	13	18%	23	32%	5	7%	Level 1	737
Grade 1	92	66	72%	12	13%	9	10%	5	5%	Level 1	765
Grade 2	1	1	100%	0	0%	0	0%	0	0%	Level 1	878

Conclusions based on this data:

Star Early Literacy data can be a bit deceiving because when students reach the early reading stages they forego the Star Early Literacy Assessment and begin taking the STAR Reading Assessment. This transition typically takes place half-way through grade 1. Nevertheless, the Star Early Literacy data indicates that there are a significant amount of students at the Urgent Intervention and Intervention level.

Kamala teachers and staff have established our goals and vision with this data at the forefront. Kinder, 1st, and 2nd grade teachers have committed to using the results as a baseline to collect data initializing the PLC process and the Cycle of Inquiry.

To address the students at Level 1 and Level 2, our staff has committed to Tier 1 interventions in the classroom, working with all students in a small group setting daily. The small group instruction is targeted with a focus skill using the Star Early Literacy results. In addition, the Level 1 students will work with our LIT teacher as a Tier 2 resource.

School and Student Performance Data

Star Reading

Kamala School											
		Less than Proficient				Proficient				Star Reading Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 2	94	52	55%	24	26%	8	9%	10	11%	Level 1	866
Grade 3	88	42	48%	22	25%	18	20%	6	7%	Level 1	923
Grade 4	93	53	57%	17	18%	16	17%	7	8%	Level 1	950
Grade 5	107	51	48%	25	23%	27	25%	4	4%	Level 1	1003
Grade 6	109	54	50%	35	32%	17	16%	3	3%	Level 1	1003
Grade 7	109	43	39%	25	23%	32	29%	9	8%	Level 2	1047
Grade 8	105	44	42%	32	30%	23	22%	6	6%	Level 2	1043

Conclusions based on this data:

When comparing Star end of year proficiency data 22-23 to 23-24, grades 3 and 7 had an increase of over 25%, grades 2,4,5, and 8 were within 4%, and grade 6 had a significant decrease of 13%. The significant increase in the proficiency data can be attributed to the grade levels committing to PLC's, Cycle of Inquiry and the 4 citirical questions (What do we want all students to know and be able to do? How will we know if they learn it? How will we respond when some students do not learn? How will we extend the learning for students who are already proficient?). Due to the increase, other grade levels who were more hesitant about the PLC process are quick to commit for the 24-25 school year.

Kamala teachers and staff have established our goals and vision with this data at the forefront. Teachers have committed to using the data as a baseline to initialize the Cycle of Inquiry for the 24-25 school year.

To address the students at Level 1 and Level 2, our staff has committed to Tier 1 interventions in the classroom working with all students in a small group setting daily. The small group instruction is targeted with a focus skill using the Star results. In addition, the Level 1 students will work with our LIT teacher as a Tier 2 resource.

These PLC conversations will lead to first instruction that is standards based and focused on outcomes. Regular data analysis will take place through common formative assessments and systematic interventions. During student progress monitoring, a more intense data analysis will take place immediately after studetns take the Star assessment (4 times a year).

School and Student Performance Data

Star Math

Kamala School											
		Less than Proficient				Proficient				Star Math Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 1	94	33	35%	41	44%	18	19%	2	2%	Level 2	832
Grade 2	93	29	31%	27	29%	20	22%	17	18%	Level 2	915
Grade 3	89	27	30%	27	30%	27	30%	8	9%	Level 2	956
Grade 4	94	39	41%	33	35%	18	19%	4	4%	Level 2	986
Grade 5	105	51	49%	34	32%	10	10%	10	10%	Level 1	1025
Grade 6	107	62	58%	35	33%	8	7%	2	2%	Level 1	1027
Grade 7	93	39	42%	31	33%	19	20%	4	4%	Level 1	1063
Grade 8	92	65	71%	13	14%	7	8%	7	8%	Level 1	1041

Conclusions based on this data:

When comparing Star end of year proficiency data 22-23 to 23-24, grades 3, 7, and 8 had a significant increase (+8%), grades 2,4,5, were within +/-4%, and grade 6, and 1 had a significant decrease of (-6%+). The significant increase in the proficiency data can be attributed to the grade levels 3, 7, and 8 committing to PLC's, Cycle of Inquiry and 4 citirical questions (What do we want all students to know and be able to do? How will we know if they learn it? How will we respond when some students do not learn? How will we extend the learning for students who are already proficient?). Due to the increase, other grade levels who were more hesitant about the PLC process are quick to commit for the 24-25 school year.

Kamala teachers and staff have established our goals and vision with this data at the forefront. Teachers have committed to using the data as a baseline to initialize the Cycle of Inquiry for the 24-25 school year.

For the 24-25 school year, the OSD Math TOSA has worked with administration to create a plan to support in math instruction for the year. For grades 6-8, the TOSA had identified priority standards to focus on for the year. He plans to work with middle school teachers to identify student outcomes and lessons that teachers on the math team (such as math, science and PE) can do to help students reach intended student outcomes. For grades 3-5, the TOSA is doing a math lesson study focused around a Building Thinking classroom book. Lastly, the TOSA plans on atneding staff meetings once a month to work with grade levels on math common formative assessments that target specific student outcomes.

To address the students at Level 1 and Level 2, our staff has committed to Tier 1 interventions in the classroom working with all students in a small group setting daily. The small group instruction is targeted with a focus skill using the Star results.

These PLC conversations will lead to first instruction that is standards based and focused on outcomes. Regular data analysis will take place through common formative assessments and systematic interventions.

School and Student Performance Data

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

All Grades		7.01	10.11		64.09	59.42		28.90	30.47

In order to protect student privacy, an asterisk (*) will be displayed for enrolled and tested counts for fewer than 4 students and for assessment results for fewer than 11 students. "N/A" will be displayed instead of a number on test results where no data is found for the specific report.

Conclusions based on this data:

Based on preliminary data, the percentage of students comparing 22-23 to 23-24 data scoring at the Met/Exceeded achievement levels increased significantly (by more than 10 or more percentage points) for grades 3 and 7. Grades 4, 5, and 7 decreased by 4, 9, and 7 points while 8th grade decreased by more than 21 percentage points.

When analyzing cohort data,

Current 4th graders: Last year as 3rd graders 8% scored proficiency on the CAASPP ELA, this year this cohort scored 19%. +11%.

Current 5th graders: Last year as 4th graders, 23% scored proficiency on the CAASPP ELA, this year this cohort scored 30%. +7%

Current 6th graders: Last year as 5th graders, 39% scored proficiency on the CAASPP ELA, this year this cohort scored 27%. -8%.

Current 7th graders: Last year as 6th graders, 34% scored proficiency on the CAASPP ELA, this year this cohort scored 46%. +12%.

Current 8th graders: Last year as 7th graders, 26% scored proficiency on the CAASPP ELA, this year this cohort scored 25%. -1%.

The increased percentages of students scoring at Met/Exceeded can be credited with the commitment to PLC's, Cycle of Inquiry and analysis of 4 critical questions.

In addition to continuing the focus from last year, the staff will continue with:

1. Backwards mapping (standards-based, report card outcomes, and assessment calendar)
2. Progress monitoring for ALL students.
3. Developing and reviewing results of Common Formative Assessments with grade levels
4. Comparing data to local assessments (Star assessment)
5. Monthly 1/2 day planning with grade level teams
6. 4 Power Planning days for grade levels

Conclusions based on this data:

Based on preliminary data, the percentage of students comparing 22-23 to 23-24 data scoring at the Met/Exceeded achievement levels increased significantly (by more than 10 or more percentage points) for grades 3 and 7. Grade 5 increased by 3, points while 4th, 6th, and 8th grade decreased by 7, 8, and 1 percentage points.

When analyzing cohort data:

Current 4th graders:

Last year as 3rd graders, 12% scored proficiency on the CAASPP Math, this year this cohort scored 17%. +5%.

Current 5th graders:

Last year as 4th graders, 24% scored proficiency on the CAASPP Math, this year this cohort scored 23%. -1%

Current 6th graders:

Last year as 5th graders, 20% scored proficiency on the CAASPP Math, this year this cohort scored 9%. -11%.

Current 7th graders:

Last year as 6th graders, 17% scored proficiency on the CAASPP Math, this year this cohort scored 15%. -2%.

Current 8th graders:

Last year as 7th graders, 5% scored proficiency on the CAASPP Math, this year this cohort scored 11%. +6%

The increased percentages of students scoring at Met/Exceeded can be credited with the commitment to PLC's, Cycle of Inquiry and analysis of 4 critical questions.

In addition to continuing the focus from last year, the staff will continue with:

1. Backwards mapping (standards-based, report card outcomes, and assessment calendar)
2. Progress monitoring for ALL students.
3. Developing and reviewing results of Common Formative Assessments with grade levels
4. Comparing data to local assessments (Star assessment)
5. Monthly 1/2 day planning with grade level teams
6. 4 Power Planning days for grade levels

School and Student Performance Data

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](https://www.cde.ca.gov/ta/tg/eng/elpac/) web page or the [ELPAC.org](https://elpac.org) website for more information about the ELPAC.

Conclusions based on this data:

The total enrollment at Kamala for 23-24 was 550 ELs. Out of these 550 ELs, 60 were reclassified. Therefore, the EL reclassification rate for 2023-2024 was 11%. In 22-23, Kamala had 79 students who were reclassified. Therefore, the reclassification rate decreased compared to the previous year.

While the data shows that the general trend of reclassifying students each year increases, there was a slight dip in 23-24.

Kamala continues to have one of the highest numbers of students who take the ELPAC test in OSD and continue to have one of the highest number of students who are reclassified.

The Kamala staff plans to create a plan to identify EL's in the classroom early and provide differentiated instruction and interventions as needed. In addition, we plan on hosting a ELPAC "Boot Camp" to prepare students to take the test. We plan on holding the ELPAC Boot Camp for a total of 6 weeks. We also plan on using Title 3 funds to fund an ISP who will provide pull-out intervention targeting specific skills and using the LLI curriculum.

School and Student Performance Data

California School Dashboard Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

2022-23 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
952	97.4	65.1	Students whose well being is the responsibility of a court.
Total Number of Students enrolled in Kamala School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	

2022-23 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	620	65.1
Foster Youth		
Homeless	160	16.8
Socioeconomically Disadvantaged	927	97.4
Students with Disabilities	121	12.7

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	2	0.2
Asian	2	0.2
Filipino	2	0.2
Hispanic	934	98.1
Two or More Races	3	0.3
White	9	0.9

Conclusions based on this data:

Our high level of English learners underscores the need for effective, research-based designated, and integrated ELD. As a result, there would be an intentional focus on ELD instructional strategies within the professional learning

communities during staff collaboration time. Through PLC's, student learning will be assessed to determine the need for additional interventions and support structures.

School and Student Performance Data

Overall Performance

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

2023 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts  Orange	Chronic Absenteeism  Red	Suspension Rate  Red
Mathematics  Orange		
English Learner Progress  Orange		

Conclusions based on this data:

- Chronic Absenteeism - In Red (Lowest Performance)
 Plan to improve student outcome: First, we plan to start the year identifyign students with a history of chronic absentees. Then, create a plan to meet with family and student to ensure a strategy is created to improve attendance. Throughout the year, the ORC will organize and facilitate an attendance club focused on tracking positive attendance and rewarding with incentives. In addition, every student of the month assembly will reward

students who have perfect attendance for the month. Finally, we will continue to follow the SARB process to ensure families are aware of consequences for lack of attendance.

Suspension Rate - in Red (lowest performance)

Plan to improve student outcome: Administration has attended trainings through pupil services called "Alternatives to suspension." In addition, the administrative team will work closely with counselors with restorative justice practices in an effort for students to learn from situations rather than punish students through suspensions. Finally, as a staff we have committed to having structured recess activities, clear expectations, and use the STOIC model school-wide to foster a sense of belonging and pride on campus.

English Language Arts and Mathematics- in Orange

Plan to improve student outcome: As a staff, we have committed to PLC through the Cycle of Inquiry where grade levels create lessons based on priority standards and student outcomes. Then, teachers issue common formative assessments and analyze the data and plan systematic interventions. This model will improve student outcomes at the Tier 1 level as well as the Tier 2 level. Middle School staff has been divided into 2 "teams," ELA and Math. Each team has committed to priority standards and focused on teaching the learning outcome as it relates to the subject.

English Learner Progress - in Orange

Plan to improve student outcome: With the commitment to the PLC process and data analysis, students will receive differentiated instruction to meet learning objectives throughout the year at the Tier 1 level. In addition, students will receive targeted intervention focused on specific skills of need. In January, students who will be taking the ELPAC will be offered tutoring in an "ELPAC Bootcamp" to prepare for the assessment. Finally, Title 3 funds will be used to fund an ISP to support EL students in a Tier 2 intervention using a pull out method using LLI instructional materials.

School and Student Performance Data

Academic Performance English Language Arts

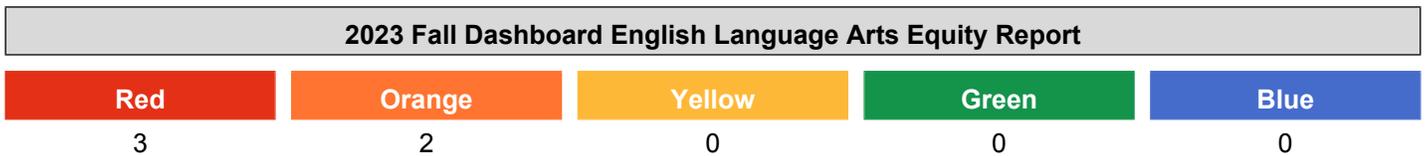

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2023 Fall Dashboard English Language Arts Performance for All Students/Student Group		
All Students  Orange 61.7 points below standard Maintained +0.3 points 636 Students	English Learners  Red 72.8 points below standard Maintained -2.1 points 479 Students	Foster Youth  No Performance Color 0 Students
Homeless  Red 78.5 points below standard Decreased -3.2 points 106 Students	Socioeconomically Disadvantaged  Orange 62.9 points below standard Maintained +0.7 points 621 Students	Students with Disabilities  Red 145.6 points below standard Maintained +2.1 points 94 Students

2023 Fall Dashboard English Language Arts Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 2 Students	 No Performance Color 0 Students	Less than 11 Students 1 Student	Less than 11 Students 2 Students
Hispanic	Two or More Races	Pacific Islander	White
 Orange 61.7 points below standard Maintained +0.4 points 621 Students	Less than 11 Students 2 Students	 No Performance Color 0 Students	Less than 11 Students 8 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2023 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
106.2 points below standard Decreased -13.6 points 320 Students	5.5 points below standard Increased +12.5 points 159 Students	46.2 points below standard Increased +4.9 points 73 Students

Conclusions based on this data:

Our students experiencing homelessness are notably lower than other students in ELA. We must ensure that basic needs for these students are met so that we can remove this barrier to success.

In addition, our English learners are notably lower than other students in ELA. We must use PLC's and the Cycle of inquiry to accurately inform our teaching practices and provide intentional first instruction as well as targeted intervention.

Finally, our students with disabilities are notably lower than other students in ELA. We must ensure that student goals and accommodations on IEPs are closely aligned with needs, and that goals are targeted and accommodations provided in both the general and special education classroom.

School and Student Performance Data

Academic Performance Mathematics

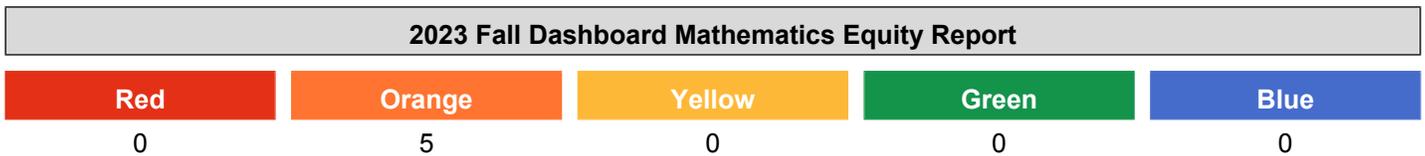

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the Mathematics assessment. This measure is based on student performance either on the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2023 Fall Dashboard Mathematics Performance for All Students/Student Group		
All Students	English Learners	Foster Youth
 Orange	 Orange	 No Performance Color
102.7 points below standard Increased +8.4 points	109.1 points below standard Increased +4 points	0 Students
635 Students	479 Students	
Homeless	Socioeconomically Disadvantaged	Students with Disabilities
 Orange	 Orange	 Orange
99.4 points below standard Increased +10.4 points	103.6 points below standard Increased +8.8 points	169.4 points below standard Increased +6.6 points
105 Students	620 Students	94 Students

2023 Fall Dashboard Mathematics Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 2 Students	 No Performance Color 0 Students	Less than 11 Students 1 Student	Less than 11 Students 2 Students
Hispanic	Two or More Races	Pacific Islander	White
 Orange 103.3 points below standard Increased +8.5 points 620 Students	Less than 11 Students 2 Students	 No Performance Color 0 Students	Less than 11 Students 8 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2023 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
128 points below standard Decreased -5.4 points 320 Students	71.1 points below standard Increased Significantly +19 points 159 Students	89.3 points below standard Increased Significantly +25.1 points 73 Students

Conclusions based on this data:

All subgroups are fairly similar in math (at orange level) which is low. The 2023 Dashboard is all orange which is an increase from the 2022 Dashboard. The overall improvements can be attributed to staff commitment to PLC's, Cycle of Inquiry and 4 citirical questions (What do we want all students to know and be able to do? How will we know if they learn it? How will we respond when some students do not learn? How will we extend the learning for students who are already proficient?). While analyzing data, teachers are able to break down data based on student groups and populations. This enables teachers to target instruction, skills, and student groups. The Dashboard data shows that our staff did well when targeting our subgroups (Reclassified English Learners, English Only, Hispanic, Homeless, Socioeconomically disadvantaged, and students with disabilities).

With a goal of moving all student groups up a performance band, all grade levels have fully committed to PLC's and the Cycle of inquiry to accurately inform our math teaching practices and provide intentional first instruction as well as targeted intervention.

School and Student Performance Data

Academic Performance English Learner Progress

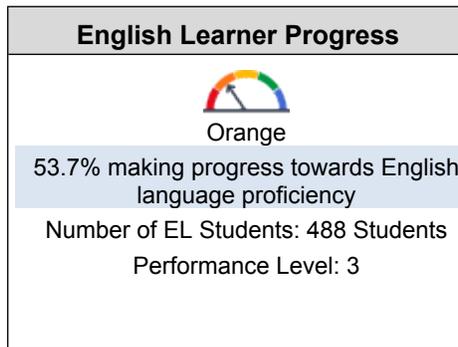

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides a view of the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2023 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2023 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
65	161	2	260

Conclusions based on this data:

A strong majority of our students progressed at least one ELPI level, but only 2 students maintained an ELPI level 4.

Our high level of students making progress towards English proficiency indicates that our ELD instruction is successful, specifically in grades 6-8. The success can be attributed to the 6-8th grade teachers who are committed to PLC and cycle of inquiry. Within the Cycle of inquiry, teachers are identifying ELD priority standards, student outcomes, common formative assessments, data analysis, and systematic intervention. In addition, ELD teachers work closely with the "ELA Team" at the middle school level to ensure that cross curricular strategies are being implemented.

Even with this success, targeted intervention (both in class intervention and "ELPAC Boot Camp") is needed for students who decreased an ELPI level.

School and Student Performance Data

Academic Engagement Chronic Absenteeism

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2023 Fall Dashboard Chronic Absenteeism for All Students/Student Group		
All Students	English Learners	Foster Youth
 Red	 Red	 No Performance Color
26.1% Chronically Absent	25.9% Chronically Absent	0 Students
Increased 1.4	Maintained 0	
981 Students	688 Students	
Homeless	Socioeconomically Disadvantaged	Students with Disabilities
 Yellow	 Red	 Red
23.4% Chronically Absent	26.5% Chronically Absent	30.3% Chronically Absent
Declined Significantly -4.3	Increased 1.7	Maintained 0.2
175 Students	955 Students	142 Students

2023 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 2 Students	 No Performance Color 0 Students	Less than 11 Students 2 Students	Less than 11 Students 2 Students
Hispanic	Two or More Races	Pacific Islander	White
 Red 26.4% Chronically Absent Increased 1.6 963 Students	Less than 11 Students 3 Students	 No Performance Color 0 Students	Less than 11 Students 9 Students

Conclusions based on this data:

While overall there was improvement in Chronic Absenteeism, when looking at student groups; all student groups except homeless are in the "red" category indicating that the rate of chronic absenteeism is high. Additionally, the chronic absenteeism rate is higher for students with disabilities than for other students. Students with disabilities are at risk of becoming disengaged from school due to feeling that they cannot be successful. We must create opportunities for success for these students, even as we hold them to high standards. The school must continue emphasizing the importance of attendance overall. Weekly meetings will be held with Attendance Technician, Outreach Consultant, Counselor and Administrators to monitor attendance.

Plan to improve student outcomes:

- We plan to start the year identifying students with a history of chronic absenteeism. Then, create a plan to meet with the family and student to ensure a strategy is created to improve attendance.
- Throughout the year, the ORC will organize and facilitate an Attendance Club focused on tracking positive attendance and rewarding with incentives.
- Every student of the month assembly will reward students who have perfect attendance for the month.
- We will continue to follow the SARB process to ensure families are aware of consequences for lack of attendance.

School and Student Performance Data

Conditions & Climate Suspension Rate

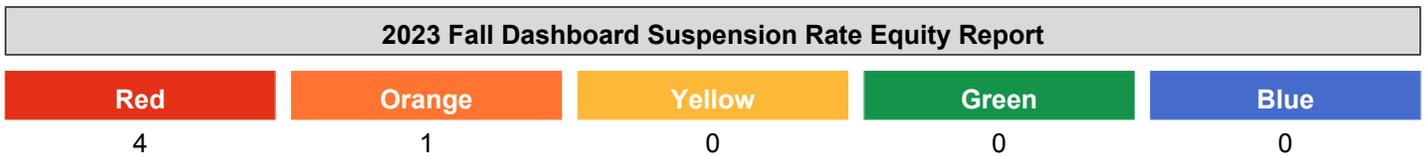

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2023 Fall Dashboard Suspension Rate for All Students/Student Group		
<p>All Students</p>  <p>Red</p> <p>5.9% suspended at least one day</p> <p>Increased Significantly 2.2 994 Students</p>	<p>English Learners</p>  <p>Orange</p> <p>4.5% suspended at least one day</p> <p>Increased 1.6 694 Students</p>	<p>Foster Youth</p>  <p>No Performance Color</p> <p>0 Students</p>
<p>Homeless</p>  <p>Red</p> <p>5.5% suspended at least one day</p> <p>Increased Significantly 2.7 181 Students</p>	<p>Socioeconomically Disadvantaged</p>  <p>Red</p> <p>6% suspended at least one day</p> <p>Increased Significantly 2.3 967 Students</p>	<p>Students with Disabilities</p>  <p>Red</p> <p>7.6% suspended at least one day</p> <p>Increased 0.7 144 Students</p>

2023 Fall Dashboard Suspension Rate by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 2 Students	 No Performance Color 0 Students	Less than 11 Students 2 Students	Less than 11 Students 2 Students
Hispanic	Two or More Races	Pacific Islander	White
 Red 5.9% suspended at least one day Increased Significantly 2.2 976 Students	Less than 11 Students 3 Students	 No Performance Color 0 Students	Less than 11 Students 9 Students

Conclusions based on this data:

Our suspension rate is high for all students. Our school must meaningfully explore alternatives to suspension and commit ourselves to PBIS as a means of improving schoolwide culture. Our suspension rate for students with disabilities is higher than for other students. We must ensure that behavioral concerns are addressed proactively in the IEP, through social/emotional/behavioral goals and/or a positive behavior intervention plan, so that such students are suspended less frequently. This data may relate to data on chronic absenteeism, since students who are frequently suspended may get the message that school attendance is not important. Thus, improving these rates will likely have a positive impact in multiple areas.

Plan to improve student outcomes:

- Administration has attended trainings through pupil services called "Alternatives to suspension."
- The administrative team will work closely with counselors on restorative justice practices in an effort for students to learn from situations rather than punish students through suspensions.
- As a staff we have committed to having structured recess activities, clear expectations, and use the STOIC model school-wide to foster a sense of belonging and pride on campus.
- Positive Behavioral Interventions and Supports (PBIS): Strengthen the existing PBIS framework to promote positive behavior. Recognize and reward students who demonstrate good behavior and meet expectations.
- Early Intervention: Implement early intervention programs to identify and support at-risk students before behaviors escalate to the point of suspension.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Language Arts and Math

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

All students will reach high academic standards in reading and mathematics.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase the capacity of teachers to deliver rigorous data-driven first instruction

To provide equipment, materials and technology resources that support high quality first instruction as well as research based interventions

To provide opportunities for teachers to collaborate to improve teaching and learning

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Star Early Literacy	2023-2024 EOY Percentage of students achieving At/Above benchmark: Kindergarten: 4% (English) 3 of 71 students 68% (Spanish) 48 of 71 students Grade 1: 5% (English) 5 of 94 students 43% (Spanish) 39 of 94 students	2024-2025 EOY Percentage of students scoring At/Above Benchmark will increase to: Kindergarten: 19% (English) 14 of 72 students 83% (Spanish) 60 of 72 students Grade 1: 20% (English) 14 of 71 students 68% (Spanish) 48 of 71 students

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

After reviewing the Star results and CAASPP results from 23-24 school year, we found that in most grade levels, the majority of students were improving. We believe this is an indicator that the strategies and actions included in last year's plan were effective in reaching our goals. Specifically, the implementation of PLC's following the Cycle of Inquiry where teachers focus on priority standards and student outcomes while administering common formative assessments, engaging in data analysis and providing systematic intervention. While we celebrate these improvements in scores, we recognize we still have far to go to reach our ultimate goal for all students to be proficient. Therefore, we are continuing many of the goals from last year's plan.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Intended implementation of partnering with the consulting firm, 3E, was reduced from \$58,000 per year to \$44,000 per year. This also reduced use of the consulting firm, Art Trek, from \$8,000 per year to \$5,000 per year. In addition, we implemented 1/2-day planning days per grade level which increased the substitute teacher budget to \$7,200 as an additional expense.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We continue to use CAASPP and Star data as our metrics for determining the degree to which this goal has been met. We believe these assessments show a clear picture of standards mastery, and are aligned with the common core standards that drive the curriculum in our classes.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 2

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Social Emotional Support and School Climate

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free, and conducive to learning.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase positive attendance
 To decrease the suspension rate
 To increase positive behavior
 To ensure a safe environment
 To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Suspension rates	2023-2024 37 Students were suspended.	2024-2025 Decrease the amount of students suspended by 15%.
Attendance rate	2023-2024 17% of students identified as students with excessive absences (missed 10% or more days this school year).	2024-2025 Decrease students with excessive absences by 5%.
Panorama Survey Data	2023-24 Winter Panorama student data concluded: Areas of strength- 1. Teacher/ student relationships- 67% 2. Social Awareness- 59% 3. Self Management- 63% Areas of challenge- 1. Emotional Regulation- 49% 2. Engagement- 50% 3. Growth Mindset- 55%	2024-2025 Increase all areas assessed on the Panorama survey by 5%.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/ Activity #	Description	Students to be Served	Proposed Expenditures
2.1	<p>PBIS Committee: Maintain a site Positive Behavior Intervention Support (PBIS) committee to lead the school in implementation of a multi-tiered system of support of behavior and social emotional skills development.</p> <p>The PBIS team will lead implementation of STOIC school-wide which includes common areas, such as bathrooms, cafeteria, playground, and hallways. Cost includes posters to be placed in common areas outlining expectations and parameters for student success.</p> <p>Classroom staff will fully implement STOIC in all grade levels using all components of the program for Positive Behavior Support.</p> <p>Establish clear school guidelines and implement throughout campus. In addition, implement school-wide use of KHFOOTY (Keep your Hands, Feet and Other Objects To Yourself).</p> <p>Hold expectations assemblies at the beginning of the year, once per trimester, and throughout the year as necessary.</p> <p>During morning announcements, include a "Guide to Success Tip of the Day" to highlight and remind students of STOIC strategies daily.</p>	All Students	<p>District Funded 1000-1999: Certificated Personnel Salaries Cost of ORC & Counselor 5,000 LCFF 4000-4999: Books And Supplies Materials to support PBIS, including student incentives 3,000 LCFF 5800: Professional/Consulting Services And Operating Expenditures PBIS consulting contract to implement PBIS school-wide</p>

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

During the 23-24 school year, our PBIS committee focused on the establishment of school-wide expectations. We focused on such areas as behavior during lunch and recess, cell phone usage, dress code, remaining in the classroom, and proper use of technology such as district-issued iPads. The result was fewer student suspensions compared to last year and fewer office referrals.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There are not any major differences between tthe intended implementation and expenditures. In addition to the items we had budgteed for, our school recieved funds for the development of a student wellness center, "The Tiger's Nest."

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Next year, we will continue to focus on positive, proactive measures to improve student behavior and increase engagement. The PBIS committee has increased in membership and we have representatives at all grade level bands. In terms of setting expectations for behavior, our focus for next year will continue building upon what has been started. We expect suspension rates to continue decreasing and office referrals to decrease as well.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 3

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Parent and Family Engagement

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase communication through websites and social media so parents and community are informed about district and school instructional programs and activities
To facilitate parent involvement in the educational and social-emotional well-being of their children

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Parent participation in ELAC	2023-2024 An average of 35 parents attended per meeting.	2024-2025 Maintain or increase attendance levels at ELAC meetings by 15%.
Parent participation in parent workshops	2023-2024 An average of 30 parents attended per meeting.	2024-2025 Increase the number of parents attending parent workshops by 20%.
Panorama Survey from Parents	2023-2024 A total of 44 responses. Percent Favorable: 89% for LCAP 73% for Family-School Communication 70% for School Climate 54% for Family Efficacy 7% for Family Engagement	2024-2025 Increase total responses to 80. Increase the percentage of favorable responses by 5% in all categories.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/ Activity #	Description	Students to be Served	Proposed Expenditures
3.1	<p>Parent Meetings/Events: Conduct Parent meetings to deliver information. Types of meetings include:</p> <ul style="list-style-type: none"> • Back to School Night: Title I meetings • ELAC meetings: make recommendations to SSC • DLI parent meeting: Information on the biliteracy program • Kinder Orientation: Intro to kinder event for incoming kindergarten families • Reclassification Celebration: To recognize students who met reclassification criteria • 8th grade parent meeting: Middle School to High School Transition meetings, including A-G information • ASP parent informational nights: provide parents with nutrition education, hands-on tips, games and strategies to assist students with healthy habits and school work. 	All Students	5,000 LCFF 5700-5799: Transfers Of Direct Costs Graphics - Printing of flyers
3.2	<p>Parent Workshops: Provide Parent workshops to educate parents and extend the partnership between the school and community. Parent workshops include, but are not limited to:</p> <ul style="list-style-type: none"> • Disciplina Positiva. Parent workshop to assist parents with parenting skills in the home. • Logrando Bienestar (VCBH). Parent workshop to offer outside counseling services. • Triple P classes (New Dawn). Parent workshop to assist parents with skills at home. • Mom & Daughter Meetings. Parent workshop focused on helping mothers support their daughters as they become teenagers. • Interface "My Body and Me" Classes. Parent workshop focused on helping parents support their child's body image in the 21st century. 	English Learners All Students	1,000 LCFF 2000-2999: Classified Personnel Salaries Child Care / Babysitting 3,500 Title I 2000-2999: Classified Personnel Salaries ORC extra hours 14,000 Title III 5800: Professional/Consulting Services And Operating Expenditures Consulting Services with Disciplina Positiva
3.3	<p>Communication: Maintain effective communication with families in the following methods. These communication platforms serve a purpose to promote school-wide events and learning activities.</p>	All Students	District Funded 5000-5999: Services And Other Operating Expenditures Parent Square communication platform

	<ul style="list-style-type: none"> Principal weekly Update via Parent Square- calendar of events, notes of appreciation, highlights, school news. Counselor Monthly Newsletter - outlining SEL strategies to use at home and how counselor team is supporting students Social Media School website 		
3.4	<p>Input from all community members: Gather input from the community for items such as;</p> <ul style="list-style-type: none"> Parent Involvement policy School Compact Site Budget SPSA <p>Input will be gathered from committees and groups such as;</p> <ul style="list-style-type: none"> SSC ELAC PTA Title 1 parent meetings 	All Students	500 Title III 2000-2999: Classified Personnel Salaries child care
3.5	<p>Chronic Absenteeism: Target families with a history of Chronic Absenteeism:</p> <ul style="list-style-type: none"> hold an "attendance information" evening parent meeting to inform parents of the importance of attendance, procedures to follow if absent, and consequences for unexcused absences. invite families to attend Cafe con Nosotros once a month to inform parents of the importance of attendance, procedures to follow if absent, and consequences for unexcused absences. share important attendance info at an ELAC meeting. home visit by counselor, ORC, admin for any families who were not able to attend the "attendance information" meeting or Cafe con Nosotors. 	All Students	No additional cost
3.6	<p>Parent Engagement Policy: Implement and revise the Parent Engagement Policy with input from all committees including; SSC, ELAC, PTA, Staff, and Title 1 parent meetings. Ensure all items in Parent Engagement policy ensure a positive partnership with school and families.</p>	All Students	No additional cost
3.10	<p>Outreach Consultant (ORC) Role: The ORC will provide outreach services to parents and connections to community agencies for support with attendance, family wellness, and behavior services.</p>		District Funded 1000-1999: Certificated Personnel Salaries ORC salary

<p>3.11</p>	<p>Family Support on Campus: Provide an opportunity to have families be on campus to support student learning during special events, including:</p> <ul style="list-style-type: none"> • Book Fair - families can purchase books from the "store" and a portion of the proceeds go to PTA • Back to School Night- Families visit their child's class to understand the expectations of the year and of the classroom. Emphasize standards being taught and student outcomes through the school year. • Literacy Night - a night where families learn how to support their child around literacy (reading, writing, speaking). • Math Night - a night where families learn how to support their child around foundational math skills. • Monthly Assemblies- students being recognized based on their achievement • Kinder Reading on the Lawn- parents reading with their child in the morning. • Parent teacher conferences- parents meet with the teacher to discuss the child's progress in school. • Movie night - families come to school to enjoy a family movie. • Talent Show- students show off their talents in a fun-filled evening. • Bingo Night- families come to enjoy an evening of bingo and prizes. • Open House- an Open House night has been added to the district calendar in the spring so families have an additional opportunity to visit their child's school/class. 	<p>All Students</p>	<p>7,468 LCFF 4000-4999: Books And Supplies materials and supplies for special events</p>
<p>3.12</p>	<p>Volunteers: Volunteers provided with an opportunity to work in the classroom to support student learning.</p> <p>Chaperones to supervise children during field trips and special events.</p>		<p>No additional costs</p>

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Kamala has been able to provide each of the parenting classes listed with an overall benefit for parents. The intention of the parenting classes is to learn strategies that can be implemented at the home. Attendance at ELAC meetings is consistently high, and parent leaders work collaboratively with school administration to create agendas that reflect parent needs.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There were not major changes with the expenditures or overall implementation listed. We continue to offer Cafe con Nostoros on topics important to families. Teachers are also adding parent nights to support parents in the areas of math and literacy.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Our goal continues to be to increase parent attendance at our meetings, by having meetings at times that are convenient to parents and on topics that interest them.

Budget Summary

Complete the Budget Summary Table below. Schools may include additional information, and adjust the table as needed. The Budget Summary is required for schools funded through the Consolidated Application (ConApp).

Budget Summary

DESCRIPTION	AMOUNT
Total Funds Provided to the School Through the Consolidated Application	\$136,682.00
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$504,331.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0

Other Federal, State, and Local Funds

List the additional Federal programs that the school includes in the schoolwide program. Adjust the table as needed.

Note: If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.

Federal Programs	Allocation (\$)
Title I	\$89,286.00
Title III	\$47,396.00

Subtotal of additional federal funds included for this school: \$136,682.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Allocation (\$)
LCFF	\$187,984.00
LCFF - Intervention	\$4,000.00
Prop 28	\$175,665.00

Subtotal of state or local funds included for this school: \$367,649.00

Total of federal, state, and/or local funds for this school: \$504,331.00

Budgeted Funds and Expenditures in this Plan

The tables below are provided to help the school track expenditures as they relate to funds budgeted to the school.

Funds Budgeted to the School by Funding Source

Funding Source	Amount	Balance
Title I	89,286	0.00
Title III	47,396	0.00
LCFF	187,984	0.00
LCFF - Intervention	4,000	0.00

2000-2999: Classified Personnel Salaries	Title III	2,500.00
4000-4999: Books And Supplies	Title III	5,500.00
5800: Professional/Consulting Services And Operating Expenditures	Title III	14,000.00

Expenditures by Goal

Goal Number	Total Expenditures
Goal 1	419,863.00
Goal 2	53,000.00
Goal 3	31,468.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Brian Blevins	Principal
Brasilia Perez	Classroom Teacher
Carmen Serrano	Classroom Teacher
Coraima Alfaro	Classroom Teacher
Bianca Ordaz	Other School Staff
Juana Nuno	Parent or Community Member
Alicia Angeles	Parent or Community Member
Yesenia Cedillo Hernandez	Parent or Community Member
Rolando Medina	Parent or Community Member
Monica Lemus	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on May 13, 2024.

Attested:

Principal, Brian Blevins on May 13, 2024

SSC Chairperson, Juana Nuno on May 13, 2024

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

Instructions: Table of Contents

- Plan Description
- Educational Partner Involvement
- Comprehensive Needs Assessment
- Goals, Strategies/Activities, and Expenditures
- Annual Review
- Budget Summary
- Appendix A: Plan Requirements for Title I Schoolwide Programs
- Appendix B: Select State and Federal Programs

For additional questions or technical assistance related to LEA and school planning, please contact the CDE's Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the LEA, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:

Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:

When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- Strategy/Activity #: Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- Description: Describe the strategy/activity.
- Students to be Served: Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- Proposed Expenditures: List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to EC Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- Funding Sources: List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
 - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
 - a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. Use methods and instructional strategies that:
 - i. Strengthen the academic program in the school,
 - ii. Increase the amount and quality of learning time, and
 - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. Strategies to improve students' skills outside the academic subject areas;
 - ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: Title 34 of the *Code of Federal Regulations (34 CFR)*, sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. *EC* sections 64001 et. seq.

Appendix B: Plan Requirements for School to CSI/ATSI Planning Requirements

For questions or technical assistance related to meeting federal school improvement planning requirements, please contact the CDE’s School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education’s “Using Evidence to Strengthen Education Investments” at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

CSI Resources

For additional CSI resources, please see the following links:

- **CSI Planning Requirements** (see Planning Requirements tab):

- **CSI Webinars:** <https://www.cde.ca.gov/sp/sw/t1/csiwebinars.asp>
- **CSI Planning Summary for Charters and Single-school Districts:**
<https://www.cde.ca.gov/sp/sw/t1/csiplansummary.asp>

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Updated by the California Department of Education, October 2023

School Plan for Student Achievement (SPSA)

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Lemonwood TK-8 School	56725386100333	May 28th, 2024	August 21, 2024

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California’s ESSA State Plan supports the state’s approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state’s Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Lemonwood TK-8 School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Lemonwood TK-8 School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

The Lemonwood School staff believes the total school community must work together to support our students in achieving success based on the Oxnard School District Student Profile. Our focus is to facilitate opportunities and experiences for our students to be inspired and empowered to be collaborators, digital learners, achievers, problem solvers, global thinkers, innovators, and focused on the future. Together we promote independent learners.

We have a Student Study Team, AVID Leadership Team, School Site Council, English Language Advisory Committee, Parent Teacher Association (PTA), and a School Instructional Leadership Team which encompasses both Instruction and PBIS. Our teachers, staff and parents are dedicated to supporting a school-wide program for social development through clubs and sports, as well as academic development through an emphasis on first instruction, intervention and enrichment in order to target the needs of all students. Our teachers and site administration review data throughout the year to adapt and adjust our instruction in order to meet the needs of all our students.

At Lemonwood, we strive to create and sustain 21st century multilingual learning environments of high intellectual performance of students. We currently implement the Common Core State Standards (CCSS) and Next Generation Science Standards (NGSS) which prepare our students for the California Assessment of Student Performance and Progress (CAASPP). Students in kindergarten to fifth grade have access to learning in English and Spanish based on the Biliteracy Unit Frameworks. In all grades, we integrate technology into instruction, which increases student engagement. We provide students with social-emotional support and learning opportunities linked to our strand focus (Communication, Arts, and Technology) in order to prepare students to be college or career ready.

The staff at Lemonwood is committed to the Oxnard Empowers Strategic Plan essential pedagogical principles:

1. Identify, activate, and build on students strengths
2. Affirm student identities by challenging the devaluation of minoritized students' identities
3. Establish powerful relationships that nurture equity and success
4. Engage students actively in the learning process
5. Create environment of enrichment that engage students' multilingual repertoires
6. Situate learning in the lives of students
7. Elicit high intellectual performances that help connect students' identities to academic engagement
8. Address the prerequisites for learning, including incorporating pedagogical practices that challenge coercive relations of power.

Teachers meet in grade level teams in order to analyze data to drive instruction, use adopted materials and supplemental materials and plan rigorous lessons incorporating high quality instructional strategies. We focus on rigorous standards based first instruction, and are committed to writing across the subject areas. The staff participates in professional development in order to improve instructional practices and to support our students' social emotional learning. This professional development is provided by administration, teacher leaders, school counselor and/or learning partners. Particularly this year, we will embark on a professional development series that will aim increase the capacity of teachers to deliver effective, data driven instruction in writing, to gain familiarity and comfort with the structures, materials and technology of balanced literacy, and to build collaborative relationships within and beyond grade levels. Site administration will work towards full implementation of Professional Learning Communities (PLCs). Site administration will work with our PLC consultant to help build capacity at the site administration level.

We will continue our implementation of Culturally Responsive Teaching. In middle school, our Advisory time is used foster goal-setting and provide students with feedback on their progress in attaining their goals in academic areas, such as ST Math, Power-Up, and Accelerated Reader. Additionally, students will create and work towards goals in their content area classes.

Lemonwood has a strong AVID program in grades 6-8. Elective and core subject middle school teachers have been trained through the AVID Summer Institute in order to provide support to our students as we work towards a school wide model. Teachers work collaboratively to utilize AVID strategies in all trained classrooms, especially organization, Cornell note-taking and critical reading. Middle School Staff focus on Writing, Inquiry, Collaboration, Organization, Reading (WICOR) strategies in all content areas. This year, we will offer AVID Excel for our English Learners. Staff and

Administration will be trained over the summer. Field trips and enrichment activities are provided throughout the year to promote college and career readiness.

Lemonwood offers a Dual Language Program in Grades K-8 in order to promote multiculturalism, bilingualism and biliteracy. We follow a 50:50 model (Spanish/English) in all grades. Students in Kindergarten, 1st, 2nd, and 3rd grade Dual Language classrooms are using designed, content-based units. Focus areas for Lemonwood are consistent with the district focus of oracy and connection between the languages. Additionally, Lemonwood is home to the Newcomer Academy in grades 3rd-5th.

We have instituted an instructional and intervention program, using the Multi-Tiered System of Supports (MTSS) model, which is focused on addressing students' disruption of learning. Paraprofessionals have been hired to support in our K-5 classes with small group instruction. The student groups are small and the instruction is targeted to specific reading needs using our Star assessment results, which identify strengths and weaknesses in all Reading and Math standards. Our Special Education teachers are involved and support our general education population through this model. Intervention materials are used, as well as supplemental materials for students who need to be more academically challenged. In our middle school, students needing additional resources are supported through our MTSS model with smaller class sizes.

Our students use learning software both at school and at home to provide them with various learning opportunities. Accelerated Reader (AR) helps students to improve their comprehension skills and encourage a love of reading. We focus on the Zone of Proximal Development and percent correct in order to maximize reading practice. All students are using Core 5 (K-5) or Power-Up (6th-8th) to support their own individual needs for language arts. ST math has been a positive addition to our line-up of learning software as it also addresses the math needs of our students. Additionally, both ST math and Lexia (Core 5 & Power-Up) provide teachers with lessons to support their first instruction. Teachers continue to receive training on the use of iPads and share ideas with each other. In particular, the use of Pear Deck Software has increased student engagement and provides teachers with immediate formative assessments. They also teach digital citizenship to students throughout the year.

Our MTSS model includes processes to identify and assist students who are not making necessary academic gains and/or are having social-emotional issues. As mentioned, administration meets with teachers regularly to discuss student academic and social emotional progress. During these meetings, adjustments and adaptations to our students' instructional program is discussed and outlined. We have SST (Student Success Team) meetings which include the principal, assistant principal, the school psychologist, special education staff, counselor, classroom teachers, the Outreach Consultant and parents, when necessary. In order to provide students with a safe learning environment and to instill necessary life skills, so they can continue to be productive citizens beyond their attendance at Lemonwood, our positive behavior program is based on the Safe and Civil Schools approach. All staff has been trained in and implements this program which focuses on teaching students specific expectations based on our guidelines for success (ROAR-Respect, Outstanding Citizenship, Always Safe, and Responsibility). It has been important to review the Safe and Civil Schools PBIS foundation of Structure, Teaching Expectation, Observe Frequently, Interact Positively, and Correct Fluently (STOIC) annually. We will continue to adjust and adapt to the Social Emotional Learning of our students by review Panorama frequently. A full time counselor plays an integral role on our staff. The counselor does classroom lessons and works with individual students and small groups in order to provide any additional social-emotional support students may need in order to be successful. Additionally, the school counselor and PBIS team support school-wide efforts to address our students' social emotional learning.

We have regularly scheduled drills for fire, earthquake and lockdowns in order for students and staff to be adequately prepared in case of emergency situations. At Lemonwood, we provide a safe and nurturing learning environment where each child and adult is valued and respected in an atmosphere that promotes the attainment of one's academic, social, and emotional potential. It is a place where we work together to develop exemplary character traits and scholarly attributes that all students will need for success in life. We strive for excellence, which is recognized and celebrated on a continual basis. Each student participates in our trimester Growth Parade. Students, in collaboration with their teachers, develop areas of growth and create a poster. Student parade around the campus with their posters.

At Lemonwood School, we are committed to a student-centered instructional approach and appreciate the support of our educational partners, such as parents and community members alike.

Educational Partner Involvement

How, when, and with whom did Lemonwood TK-8 School consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Lemonwood involved multiple educational partners for the SPSA review and update. Our site Instructional Leadership Team, made up of teachers and administrators, spent time reviewing data and revising our goals starting with end of year data in May 2024. Additionally, feedback was provided and adjustments made based on feedback. For example, more time with our consultants was needed for a couple of grade levels. The planning time was provided to them in order to support their Biliteracy Unit Framework instruction. The group was actively involved in fine-tuning the metrics of Goal 1, and with determining the activities that supported the goal. Panaroma Survey data was reviewed in order to create the metrics and activities to support Goals 2 and 3. Our School Site Council, with the input of our ELAC, reviewed end of year data in May 2024 and had input on the new goals, metrics and activities, with a focus on English Learners and Parent Engagement.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

The following staffing issues created an inequity for our students:

- Staff turnover due to transfers
- Teachers on long-term leave

Both situations created an interruption in the delivery of resources as either teachers required additional support due to being new to our site and/or teachers were not present for professional development provided at the site.

Under Goal 1, Title III funds were allocated for para-educators to support Long Term English Learners in the classroom. However, a credentialed teacher requested to work at Lemonwood in the capacity of an Intervention Services Provider. As a result, funds were re-allocated from the para-educator allocation to an ISP. This shift delayed the start date for the service provider, however the ISP was able to provide research based intervention to English Learners who were performing below grade level. The ISP both pushed into classrooms as well as pulled students during the intervention time to support their reading comprehension or reading foundational skills. The Intervention Support Provider collaborated effectively with teachers and other intervention staff.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

Chronic Absenteeism (orange): Weekly meetings with admin, attendance tech and the outreach consultant were implemented. This allowed the team to discuss specific students who were in need of individual plans to improve attendance. Additionally, students were referred to the school counselor for additional support, if needed. Students were provided with a handwritten note if their attendance improved.

Suspension Rate (orange): School Administration and the counseling team worked together to restore negative behaviors instead of suspending students this year. Additionally, students with frequent behavior concerns were sometimes referred to our Licensed Marriage and Family Clinician (LMFT) and or school counselor in order to prevent additional behavior possibly worthy of suspension. Parents were also encouraged to shadow their as an additional support for students.

English Language Arts and Math (orange): Resources were allocated to support first instruction in both English Language Arts and Math. Even though the overall level was orange for "All Students," the subgroups of English Learners, Students with disabilities, and homeless scored in the red for Math. Our student group, Socioeconomically disadvantaged group indicated in the orange level for English Language Arts.

Below is a summary of the action steps:

- Professional Learning Community: Collaboration around standards data and proficiency data (ELA & Math)
- Plan/Do/Study/Act cycles focused on instructional practices (ELA & Math)
- Planning time provided to Teachers to plan with the Biliteracy coach and thinking partners. (ELA)
- Contract with Read.Write.Think with the use of our Title 1 funds to support lesson study and collaboration around planning. Teachers were subbed out using Title 1 funds in order to work with the consultants. In total, we had 3 consultants from this company working with our staff. (ELA)
- Biliteracy Instructional Coach: Our instructional coach worked with teachers throughout the year to plan, model lessons, and provide instructional feedback to our teachers. This improved our teachers' collective efficacy and overall instructional confidence for our staff. (ELA)
- Book Study around Building Thinking Classrooms (Math)

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the “all student” performance.

There were none.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

Our local Star Assessments indicate the same trend indicated on the CA Dashboard. The same steps listed above will address the instructional need in ELA and Math.

Our Panorama results indicate the lowest score, highest need amongst our students as Emotional Regulation and/or Self-Management. The counseling team has begun to create student groups, but will provide teachers with access to lessons addressing this area as well as others in need. With the support of our LMFT, we can provide students with additional counseling support on-site in order to increase students' need in this area. This year, teachers facilitate community circles consistently, at minimum twice a week. As a result, students and staff felt more connected and engaged with one another.

School and Student Performance Data

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Lemonwood TK-8 School. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
American Indian	%	0%	%		0	
African American	0.35%	0.32%	0.23%	3	3	2
Asian	0.12%	0.11%	0.12%	1	1	1
Filipino	1.87%	1.83%	1.29%	16	17	11
Hispanic/Latino	94.85%	95.37%	96.13%	810	885	820
Pacific Islander	0.23%	0.22%	0.23%	2	2	2
White	2.46%	2.16%	1.99%	21	20	17
Multiple/No Response	0.12%	0%	%	1	0	
Total Enrollment				854	928	853

Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	21-22	22-23	23-24
Kindergarten	72	138	72
Grade 1	92	72	69
Grade 2	90	93	68
Grade 3	96	98	91
Grade 4	110	103	96
Grade 5	97	121	96
Grade 6	108	102	110
Grade 7	89	107	97
Grade 8	100	94	106
Total Enrollment	854	928	853

Conclusions based on this data:

We predominately serve students of Latino decent (95%), however it is important to consider the percentage of students from other student groups to create and maintain a more inclusive campus. As indicated in the above information, our enrollment has increased this year with the addition of Transitional Kindergarten.

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
English Learners	551	616	531	63.50%	64.5%	62.3%
Fluent English Proficient (FEP)	193	175	193	25.30%	22.6%	22.6%
Reclassified Fluent English Proficient (RFEP)				7.6%		

Conclusions based on this data:

In order to increase the number of RFEP students, we must target instruction during integrated and designated English Language Development. Our staff will consistently review instructional data for our English Learners and provide language rich instruction to our students so that they can attain the proficiency levels necessary to be reclassified. Specifically, teachers will work with our learning partners, Read.Write.Think, to support integrated and designated writing across grade levels. We believe that as our instruction becomes more targeted on focus skills, our English Learners will be reclassified as English Proficient, especially our middle school students. According to the CA Dashboard, our English Learners are progressing well. However, this does not align to the progress on CAAASPP assessments. It is important to review grade level specific data as it pertains to the number of Long-Term English Learners and the impact this has on middle school students and their ability to take an elective.

School and Student Performance Data

Star Early Literacy

Lemonwood TK-8 School											
		Less than Proficient				Proficient				Star Early Literacy Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade K	68	8	12%	9	13%	28	41%	23	34%	Level 3	807
Grade 1	69	41	59%	10	14%	16	23%	2	3%	Level 1	777
Grade 2	66	47	71%	10	15%	6	9%	3	5%	Level 1	839

Conclusions based on this data:

A majority of our students fall in Level 1 and Level 2 which indicates that our students will need intentional academic supports during their instructional day. Data will be reviewed regularly in order to meet our instructional goals. The expectation is that students will maintain high growth in order to gain literacy proficiency and master reading foundational skills. Additionally, data through Star assessments and CBM assessments, might be necessary to determine specific needs in phonemic awareness, phonics, and/or fluency. High leverage instructional strategies and practices must be at the forefront of our instructional program. Teachers will meet every 3 weeks in order to analyze student learning data.

School and Student Performance Data

Star Reading

Lemonwood TK-8 School											
		Less than Proficient				Proficient				Star Reading Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 2	67	48	72%	13	19%	4	6%	2	3%	Level 1	837
Grade 3	94	59	63%	21	22%	7	7%	7	7%	Level 1	888
Grade 4	101	59	58%	17	17%	15	15%	10	10%	Level 1	941
Grade 5	107	61	57%	20	19%	21	20%	5	5%	Level 1	951
Grade 6	80	24	30%	24	30%	22	28%	10	13%	Level 2	1037
Grade 7	90	35	39%	18	20%	32	36%	5	6%	Level 2	1055
Grade 8	97	40	41%	31	32%	25	26%	1	1%	Level 2	1054

Conclusions based on this data:

A majority of our students fall in Level 1 and Level 2 which indicates that our students will need intentional academic supports during their instructional day. As a result, our instructional data needs to be reviewed regularly in order to meet our instructional goals. Students in the upper elementary and middle school grades not on grade level struggle with reading comprehension. Therefore, the implementation of High leverage instructional strategies (AVID and Biliteracy) and intervention must be integrated throughout the day. Students must have multiple opportunities throughout the instructional day to read across content areas. Additionally, data through Star and CBM assessments, might be necessary to determine specific needs in phonemic awareness, phonics, and/or fluency. Supports from Lexia and Accelerated Reader will also support students in making adequate growth in Reading.

School and Student Performance Data

Star Math

Lemonwood TK-8 School											
		Less than Proficient				Proficient				Star Math Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 1	69	19	28%	35	51%	15	22%	0	0%	Level 2	830
Grade 2	68	40	59%	12	18%	10	15%	6	9%	Level 1	877
Grade 3	93	49	53%	23	25%	13	14%	8	9%	Level 1	928
Grade 4	101	45	45%	26	26%	20	20%	10	10%	Level 2	983
Grade 5	103	61	59%	26	25%	11	11%	5	5%	Level 1	999
Grade 6	103	41	40%	41	40%	18	17%	3	3%	Level 1	1046
Grade 7	89	41	46%	26	29%	12	13%	10	11%	Level 2	1065
Grade 8	105	61	58%	19	18%	17	16%	8	8%	Level 1	1066

Conclusions based on this data:

A majority of our students fall in Level 1 and Level 2 which indicates that our students will need intentional academic supports during their instructional day. Overall, this data indicates that we must continue to analyze and reflect on our first instruction. Data will be reviewed regularly in order to meet our instructional goals.

High leverage instructional strategies and practices must be at the forefront of our instructional program. Teachers will continue to use strategies outlined in the book, Building Thinking Classrooms to support student math outcomes. The strategies encourage students to become independent learners while practicing their ability to think through their grade level math. Additionally, targeted intervention as well as consistent Zearn and ST Math usage is necessary to help students make progress. Teachers will meet every 3 weeks in order to analyze student learning data.

School and Student Performance Data

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Overall Participation for All Students												
Grade Level	# of Students Enrolled			# of Students Tested			# of Students with Scores			% of Enrolled Students Tested		
	20-21	21-22	22-23	20-21	21-22	22-23	20-21	21-22	22-23	20-21	21-22	22-23

Conclusions based on this data:

At Lemonwood, the number of students performing at standards met/exceeded (combined) either stayed the same or increased slightly. Similarly to our Math CAASPP data, many students moved from Level 1 to Level 2. In most grade levels, this was close to the 10% increase. Many grades levels have less than 50% of students in Level 1. The only grade levels where this did not happen was in 3rd and 5th.

As a result, this year, we will focus on common formative assessments to dissect learning and analyze student data (grade-level standards) more frequently. Our Site Instructional Leadership Team will continue to guide our instructional and social-emotional initiatives. We will continue to work with our PLC and our instructional learning partners, Read.Write.Think, to support grade level student outcomes evidenced in both the classroom and on CAASPP assessment. We will continue to discuss data in order guide instruction, intervention, and enrichment bi-weekly.

School and Student Performance Data

CAASPP Results Mathematics (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

All Grades		4.28	5.24		55.35	54.34		40.36	40.43

In order to protect student privacy, an asterisk (*) will be displayed for enrolled and tested counts for fewer than 4 students and for assessment results for fewer than 11 students. "N/A" will be displayed instead of a number on test results where no data is found for the specific report.

Conclusions based on this data:

Our math scores did not meet our expectations. There was movement across cohorts from Level 1 and Level 2, but our Met and Exceeded percentage fell short of our intended goal to increase by 10%. Teachers must continue to focus on providing students with more exposure to SBAC structured test questions, focus on unwrapping grade level standards, and collaborating around evidence of learning in order to support greater progress in our CAASPP scores. We must evaluate our current instructional practices as well as look at specific barriers hindering our students from obtaining proficiency in math.

School and Student Performance Data

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](https://www.cde.ca.gov/ta/tg/eng/elpac/) web page or the [ELPAC.org](https://elpac.org) website for more information about the ELPAC.

In order to protect student privacy, an asterisk (*) will be displayed for enrolled and tested counts for fewer than 4 students and for assessment results for fewer than 11 students. "N/A" will be displayed instead of a number on test results where no data is found for the specific report.

Conclusions based on this data:

This school year, we had 71 students reclassified based on the ELPAC and local assessment criteria. This was in large part due to teachers being very intentional with ELPAC test taking strategies and the implementation of AVID Excel in the middle school. Teachers encouraged students to take extensive notes on the exam and students made growth. Therefore, notetaking throughout the grade levels will be highly encouraged as a strategy to support English Learners.

We will continue to target reading comprehension across all grade levels by monitoring student data and teachers will attend intentional professional development on reading strategies through the partnership with Read.Write.Think.

Our goal is to reclassify students by 5th grade so that all middle school students have the opportunity to take an elective class. Therefore, preparing all our English Learner Students to be successful on the ELPAC as well as the Star/CAASPP assessments in English Language Arts will be a priority.

School and Student Performance Data

California School Dashboard Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

2022-23 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
928	94.9	66.4	0.5
Total Number of Students enrolled in Lemonwood TK-8 School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2022-23 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	616	66.4
Foster Youth	5	0.5
Homeless	172	18.5
Socioeconomically Disadvantaged	881	94.9
Students with Disabilities	123	13.3

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	3	0.3
Asian	1	0.1
Filipino	17	1.8
Hispanic	885	95.4
Pacific Islander	2	0.2
White	20	2.2

Conclusions based on this data:

We have a very high number of students who are Socioeconomically Disadvantaged. In addition, the vast majority of our students are Hispanic. The number of students who qualify for Special Education services (Students with Disabilities) has been increasing in the recent years. Students in that program are representative of the makeup of our

school. This data indicates that not only should our instruction be culturally relevant, but our resources should focus on providing opportunities for our students of poverty, McKinney Vento, and students chronically absent as they may require more supports. We understand that through the Equity lens, our Hispanic and Socioeconomically disadvantaged students need additional supports to access their instructional programs. As a result, our resources are allocated to support high-quality instruction.

School and Student Performance Data

Overall Performance

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

2023 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts Orange	Chronic Absenteeism Orange	Suspension Rate Orange
Mathematics Orange		
English Learner Progress Blue		

Conclusions based on this data:

1. Our English Learner progress on the ELPAC is in the blue, however we do not see this transfer into the CAASPP. Therefore, the site leadership should continue to focus on high-quality instructional strategies that will support all learners, but specifically, our English Learners, as they are capable of being successful in ELA and Math as measured by the ELPAC. With continuous reflection and review of student learning data, we are hopeful more students will be successful on the CAASPP as well as master grade level learning. We need to bridge the progress on the ELPAC to the CAASPP in Math and ELA.

School and Student Performance Data

Academic Performance English Language Arts

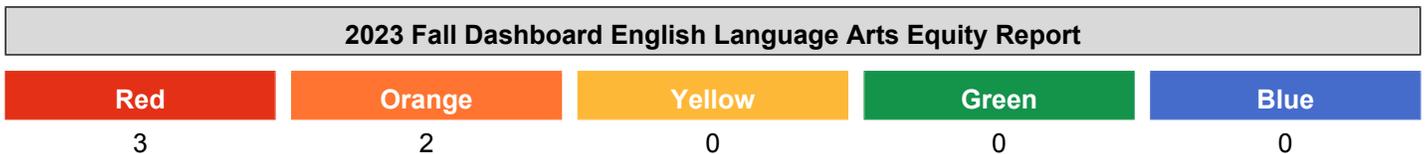

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2023 Fall Dashboard English Language Arts Performance for All Students/Student Group		
<p>All Students</p>  Orange 61.5 points below standard Decreased -8.8 points 578 Students	<p>English Learners</p>  Red 73.3 points below standard Decreased -11.1 points 455 Students	<p>Foster Youth</p> <p>Less than 11 Students</p> <p>3 Students</p>
<p>Homeless</p>  Red 90.3 points below standard Decreased -6 points 100 Students	<p>Socioeconomically Disadvantaged</p>  Orange 64.4 points below standard Decreased -10.5 points 548 Students	<p>Students with Disabilities</p>  Red 147.8 points below standard Decreased -8.8 points 100 Students

2023 Fall Dashboard English Language Arts Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 2 Students	 No Performance Color 0 Students	 No Performance Color 0 Students	5.1 points below standard Decreased Significantly - 72.8 points 13 Students
Hispanic	Two or More Races	Pacific Islander	White
 Orange 62.6 points below standard Decreased -7.4 points 546 Students	 No Performance Color 0 Students	Less than 11 Students 2 Students	80.9 points below standard Decreased -5.9 points 15 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2023 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
93.7 points below standard Decreased -14.8 points 263 Students	45.3 points below standard Decreased -10 points 192 Students	44.7 points below standard Decreased -13.7 points 70 Students

Conclusions based on this data:

The overall decrease in the areas indicated above was disappointing as teachers have been working diligently analyzing student learning data over the course of the year. This leads me to believe that the next level of work should be focused on how our common formative assessments align to the standards and the CAASPP. The date indicated above does not align with the classroom learning data provided by teachers. This area will be addressed with our next level of work and common formative assessments.

School and Student Performance Data

Academic Performance Mathematics

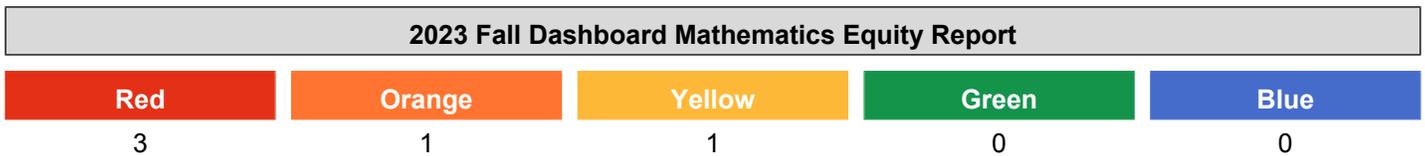

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the Mathematics assessment. This measure is based on student performance either on the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2023 Fall Dashboard Mathematics Performance for All Students/Student Group		
<p>All Students</p>  Orange 93.9 points below standard Maintained +2.2 points 575 Students	<p>English Learners</p>  Red 102.3 points below standard Maintained -0.6 points 452 Students	<p>Foster Youth</p> <p>Less than 11 Students</p> <p>3 Students</p>
<p>Homeless</p>  Orange 106.6 points below standard Increased Significantly +22.2 points 100 Students	<p>Socioeconomically Disadvantaged</p>  Red 95.9 points below standard Maintained +2.1 points 545 Students	<p>Students with Disabilities</p>  Red 172.2 points below standard Decreased -6.5 points 99 Students

2023 Fall Dashboard Mathematics Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 2 Students	 No Performance Color 0 Students	 No Performance Color 0 Students	43.6 points below standard Decreased Significantly - 58.2 points 13 Students
Hispanic	Two or More Races	Pacific Islander	White
 Yellow 94.4 points below standard Increased +4.5 points 543 Students	 No Performance Color 0 Students	Less than 11 Students 2 Students	120.7 points below standard Maintained +1.4 points 15 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2023 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
108.9 points below standard Maintained -1.4 points 262 Students	93.2 points below standard Maintained -0.7 points 190 Students	85.7 points below standard Decreased Significantly -17.7 points 70 Students

Conclusions based on this data:

Overall, the decrease reflected above is not as significant as it was in ELA. However, our Math scores are further away from the standard than in ELA. We must consider a different approach to math that reflect grade level standards as well as simulates the CAASPP math assessment. Teachers were more open this year to try different approaches (i.e Building Thinking Classrooms). I hope that they continue to try new strategies and focus on the specific learning targets so that students are more successful on the CAASPP and are meeting their grade-level standards.

School and Student Performance Data

Academic Performance English Learner Progress

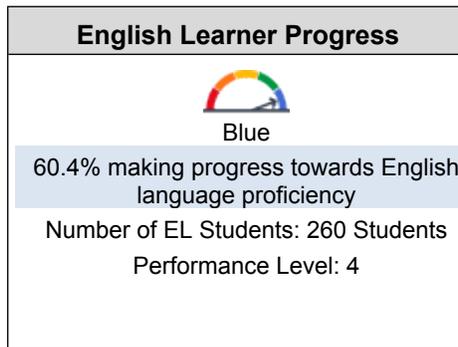

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides a view of the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2023 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2023 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
28	75	1	156

Conclusions based on this data:

After reviewing this data point, it is apparent that there is a disconnect between the ELPAC and CAASPP ELA or Math. We will continue with AVID excel as well as intentional preparation for the ELPAC. A majority of students who did not receive a 4 on the ELPAC, improved at least one level. There were some exceptions to this, but each of the identified students had a noticeable decline in overall student to school engagement.

School and Student Performance Data

Academic Engagement Chronic Absenteeism

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2023 Fall Dashboard Chronic Absenteeism for All Students/Student Group		
All Students	English Learners	Foster Youth
 Orange 18.8% Chronically Absent Maintained 0.1 962 Students	 Orange 18.2% Chronically Absent Maintained 0.2 653 Students	Less than 11 Students 5 Students
Homeless	Socioeconomically Disadvantaged	Students with Disabilities
 Red 22.6% Chronically Absent Maintained 0.4 199 Students	 Orange 19.1% Chronically Absent Maintained 0.1 916 Students	 Orange 21% Chronically Absent Declined -2.7 143 Students

2023 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

African American	American Indian	Asian	Filipino
<p>Less than 11 Students</p> <p align="center">4 Students</p>	<p align="center"></p> <p align="center">No Performance Color</p> <p align="center">0 Students</p>	<p>Less than 11 Students</p> <p align="center">1 Student</p>	<p align="center">11.8% Chronically Absent</p> <p align="center">Increased 11.8</p> <p align="center">17 Students</p>
Hispanic	Two or More Races	Pacific Islander	White
<p align="center"></p> <p align="center">Orange</p> <p align="center">18.9% Chronically Absent</p> <p align="center">Maintained 0.2</p> <p align="center">917 Students</p>	<p align="center"></p> <p align="center">No Performance Color</p> <p align="center">0 Students</p>	<p>Less than 11 Students</p> <p align="center">2 Students</p>	<p align="center">19% Chronically Absent</p> <p align="center">Declined -14.3</p> <p align="center">21 Students</p>

Conclusions based on this data:

We must determine what the root causes are of Chronic Absenteeism by drilling down the data to the student level and identifying trends to allow us to better support our students. Our team has already begun to address the fact that for all groups, we are close to 20% chronically absent. We implemented weekly meetings to address and monitor student attendance in order to prevent more students from becoming chronically absent and in order to reduce the number of chronically absent students. Specially, students experiencing homelessness are more of a concern as we would like school to be a positive consistent environment for them.

School and Student Performance Data

Conditions & Climate Suspension Rate

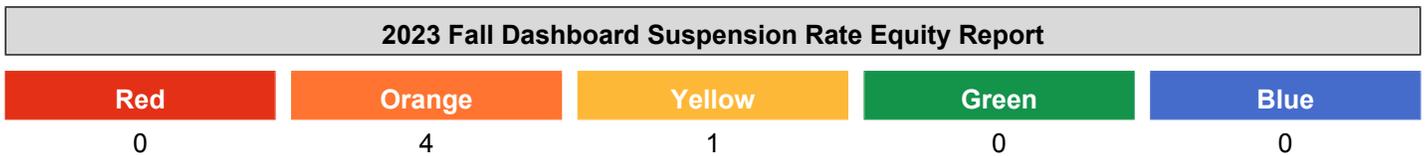

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2023 Fall Dashboard Suspension Rate for All Students/Student Group		
<p>All Students</p> <p>Orange</p> <p>3.3% suspended at least one day</p> <p>Increased 0.3 989 Students</p>	<p>English Learners</p> <p>Orange</p> <p>3% suspended at least one day</p> <p>Increased 1 670 Students</p>	<p>Foster Youth</p> <p>Less than 11 Students 5 Students</p>
<p>Homeless</p> <p>Yellow</p> <p>3.4% suspended at least one day</p> <p>Declined Significantly -6.3 206 Students</p>	<p>Socioeconomically Disadvantaged</p> <p>Orange</p> <p>3.3% suspended at least one day</p> <p>Maintained 0.1 935 Students</p>	<p>Students with Disabilities</p> <p>Orange</p> <p>6.2% suspended at least one day</p> <p>Declined -3.4 145 Students</p>

2023 Fall Dashboard Suspension Rate by Race/Ethnicity

African American	American Indian	Asian	Filipino
<p>Less than 11 Students 4 Students</p>	<p align="center"> No Performance Color 0 Students</p>	<p>Less than 11 Students 1 Student</p>	<p align="center">0% suspended at least one day</p> <p align="center">Maintained 0 18 Students</p>
Hispanic	Two or More Races	Pacific Islander	White
<p align="center"> Orange</p> <p align="center">3.3% suspended at least one day</p> <p align="center">Increased 0.3 941 Students</p>	<p align="center"> No Performance Color 0 Students</p>	<p>Less than 11 Students 2 Students</p>	<p align="center">8.7% suspended at least one day</p> <p align="center">Declined -0.8 23 Students</p>

Conclusions based on this data:

Overall, too many students were suspended. This year, we looked at more ways to support students prior to a suspension. Our counseling team has worked with students and families in order to provide them with the tools necessary to prevent behaviors. We have implemented a more restorative approach to behavior incidents. Many restorative circles have been conducted between students and staff to support student behavior.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Language Arts and Math

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

All students will reach high academic standards in reading, writing and mathematics.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase the capacity of teachers to deliver effective first instruction
Site administrators provide teachers with consistent feedback on instructional practices
To provide equipment, materials and technology resources that support high quality instruction
To provide opportunities for teachers to review data on a consistent basis.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
CAASPP: ELA, Math, CAST	<p>2023-24</p> <p>Percentage of students that met or exceeded standard:</p> <p>English Language Arts:</p> <p>3rd: 16%</p> <p>4th: 33%</p> <p>5th: 21%</p> <p>6th: 33%</p> <p>7th: 40%</p> <p>8th: 31%</p> <p>Math:</p> <p>3rd: 15%</p> <p>4th: 21%</p> <p>5th: 10%</p> <p>6th: 20%</p> <p>7th: 21%</p> <p>8th: 20%</p> <p>Science:</p> <p>5th: 14%</p> <p>8th: 17%</p>	<p>2024-25</p> <p>Students in grades 4-8 will increase their percentage of positive growth on both ELA and Mathematics (Scaled Score) by 10% based on cohort data. Percentage of students who will score at Met/Exceeded:</p> <p>English Language Arts:</p> <p>3rd: 26%</p> <p>4th: 26%</p> <p>5th: 43%</p> <p>6th: 31%</p> <p>7th: 43%</p> <p>8th: 50%</p> <p>Math:</p> <p>3rd: 25%</p> <p>4th: 25%</p> <p>5th: 31%</p> <p>6th: 30%</p> <p>7th: 31%</p> <p>8th: 30%</p> <p>Science:</p> <p>5th: 24%</p> <p>8th: 27%</p>

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

The overall implementation of the strategies/activities impacted student learning positively. Although not present in student outcomes at this time, as we did not meet our intended goals, our teachers' confidence level has increased as it pertains to planning for instruction around the biliteracy units. Additionally, staff feels more confident in understanding the grade-level standards. Based on teacher responses and also from classroom observations the following factors contributed to positive gains in student achievement as outlined in our site plan:

- Embedded Collaboration with R.W.T consultants around Biliteracy Units
- Incorporation and focus on High-Quality Instructional Strategies
- Overall preparation for Biliteracy Units and day to day lesson design
- Collaboration and Planning with Instructional Coach
- Overall grade level planning prepared teachers for improved instruction with more engaging lessons
- Unified Pacing of the Biliteracy Units

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The need for more structure in classrooms was not specifically addressed through our plan as our resources were allotted to the planning for and reflection of instruction. Teachers reported an increase of student behavior that impeded student access to instruction. Some teachers attributed this to a lack of engagement. Teachers expressed the need for support in providing higher achieving students with access to more rigorous content.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

A focus on student engagement will be messaged through the implementation of the plan. As teachers become confident in their practice of Lesson Design, students will be more engaged and behaviors will be minimized. When teachers were asked to rank their confidence in the California Standards for the Teaching Profession, CSTP 1(Engaging and Supporting All Students in Learning) and 2 (Creating and Maintaining Effective Environments for Student Learning) were the most common 1st choice, however, they were chosen by less than 35% of staff. This leads us to believe that building capacity in these two areas is still needed and the plan reflects this focus.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 2

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Social Emotional Support and School Climate

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase positive attendance
 To decrease the suspension rate
 To increase positive behavior
 To ensure a safe environment
 To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Suspension Rate	2023-24 61 suspensions	2024-25 Suspension rates will decrease by 30%.
Attendance Rate	2023-24 85% of students are on-track with attendance. 4% attended school less than 80% of the school year	2024-25 Increase to 90% attendance rate Reduce chronic absenteeism rate to 2%
Panorma Survey-Social emotional learning	2023-24 Percentage of students indicating favorable Emotion Regulation: 41% - 3rd-5th grades	2024-25 Increase percentage of students indicating favorable Emotion Regulation: 60% - 3rd-5th grades

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/ Activity #	Description	Students to be Served	Proposed Expenditures
2.1	Staff will participate in CHAMPS/PBIS training and implement the district adopted program for Positive Behavior Intervention and Support. Team will meet monthly to review behavior data, review individual student concerns, and review alternatives to suspension.	All Students Homeless Students with Disabilities English Learners	5000 LCFF 1000-1999: Certificated Personnel Salaries Extra Hours for PBIS meetings
2.2	Staff will fully implement our ROAR (guidelines for success), which are school wide expectations in all grade levels, using all components for Positive Behavior Support to support all students, but especially students suspended regularly in order to increase student engagement and reduce suspensions.	All Students Students with Disabilities Socioeconomically Disadvantaged Homeless Foster Youth	No additional cost
2.3	Students will be taught Digital Citizenship lessons within their classes.	All Students	No additional cost
2.4	Staff will implement and comply with the Comprehensive Safety School Plan. Fire, Lockdown, Earthquake and Evacuation drills will be scheduled regularly as follows: fire (monthly), earthquake (bimonthly), lockdown (2x/year) and evacuation (annually). Staff will monitor and revise the safety plan annually.	All Students	No additional cost
2.5	Site admin, school counselors, and PBIS team will review student discipline data (referrals and suspensions) weekly. Students with previous suspended will meet weekly or bi-weekly with school counselors in order to support positive behavior.	English Learners Students with Disabilities Foster Youth Socioeconomically Disadvantaged All Students	No additional cost
2.6	The staff will utilize an MTSS model of leveled interventions for student behavior and social-development concerns. The PBIS team will review behavior concerns and develop a plan of support for staff and students.	All Students Foster Youth Homeless Students with Disabilities Socioeconomically Disadvantaged	No additional cost
2.8	Student attendance and punctuality will be monitored.	All Students	

	<p>Site admin, attendance tech, outreach consultant and school counselors will meet weekly to monitor students not on track with attendance. Intervention plans will be implemented. Intervention plans could include:</p> <ul style="list-style-type: none"> • Additional Check-ins via Panorama • Bi-weekly meetings with ORC and/or counselor • Attend Parent Teacher Conferences to support parents/students • Home Visits as necessary 	<p>Homeless Socioeconomically Disadvantaged Students with Disabilities</p>	<p>No additional cost</p>
2.9	<p>Students will participate in Community Circles weekly to support their Social Emotional Learning. Circles will be facilitated by teachers, admin, and school counselors. The community circles will support sense of belonging, emotional regulation and student engagement.</p>	<p>All Students</p>	<p>No additional cost</p>
2.10	<p>Social Emotional Support provided or facilitated by School Counselor: Tier 1: School-wide SEL Monthly Classroom Lessons taught by School Counselor: K-2: Self-Regulation, Social Awareness, and Self-Management 3rd-5th: Self-Regulation, Social Awareness, and Self-Management 6th-8th: Engagement, Growth Mindset, Emotion Regulation, and Sense of Belonging Wellness Center Access and Lunch Activities</p> <p>Tier 2: Small Group Support Top priority are students who self-reported (Panorama) as having no perceived strength in the following areas:</p> <ul style="list-style-type: none"> • Growth Mindset • Engagement • Emotion Regulation • Sense of Belonging <p>Tier 3: Students are referred through the MTSS process (SST) for the counselor to work with individual students in social development, emotional, and psychological concerns.</p>	<p>All Students</p>	<p>District Funded 1000-1999: Certificated Personnel Salaries Counselor Salary</p> <p>District Funded 3000-3999: Employee Benefits Counselor - Benefits</p>
2.11	<p>The Outreach Consultant (ORC) makes contact with families and provides resources for services provided by the district and/or community agencies. The ORC will focus on students from all grades, but especially in TK and 8th grade. Both grade levels have the least amount of students on track with their attendance.</p>	<p>English Learners Hispanic Socioeconomically Disadvantaged</p>	<p>District Funded 2000-2999: Classified Personnel Salaries ORC Salary</p> <p>District Funded 3000-3999: Employee Benefits</p>

			ORC Benefits 1000 Title III 2000-2999: Classified Personnel Salaries Extra Hours 1308 Title III 3000-3999: Employee Benefits Extra Hours - Benefits
2.12	E-Hall Pass digitizes the hall pass process, increases accountability, enhances school safety, improves classroom efficiency, and reduces disruptions.	All Students	3000 LCFF 5000-5999: Services And Other Operating Expenditures
2.13	Free Breakfast and Lunch are available to all students.	All Students	No additional cost
2.14	The on-site LMFT Clinician will support students with social-emotional needs.	All Students	District Funded 1000-1999: Certificated Personnel Salaries Salary
2.16			

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Teachers have reported that the student behavior inside of the classroom has impacted student academic achievement. This is represented through Panorama data as our students reported lower levels of student engagement and self-regulation. Student behaviors increase when students are less engaged in learning and are unable to regulate their emotional state. The overall structures and routines outside the classroom have improved and most students are engaging in less unfavorable behaviors. However, our supports were not as successful for our students who repeatedly had unfavorable behaviors.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

This year we were fortunate to have a LMFT on site that was not part of our original plan. Students with elevated social emotional needs were referred to the clinician for more intensive supports. As a result, we were able to address these social emotional needs more efficiently and with greater focus as we were able to collaborate with the clinician directly. Currently, our LMFT serves 18 Lemonwood Students.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

With the use of e-hall pass, we are able to gather data on the number of times students leave class to use the restroom. Additionally, data on the amount of instruction missed is accessible to our site. This is a data point that should be reviewed frequently in order for supports to be implemented school-wide and at the student level.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 3

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Parent and Family Engagement

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase number of survey participants.
To family efficacy
To increase family engagement

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Panorama Survey Responses-total number	Spring 2024 44 respondents	2024-25 Increase responses to 100.
Family Engagement	Spring 2024 Degree in which families become involved with an interest with their child's school was 7%.	2024-25 Increase by 5%.
LCAP Family Engagement and LCAP Annual Survey	Spring 2024 Family-School Communication: 81% of parents felt the communication with school was helpful 82% felt comfortable communicating with the school	2024-25 Increase by 5%.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/Activity #	Description	Students to be Served	Proposed Expenditures

3.1	The school will conduct regular School Site Council and/or ELAC meetings which will inform parents of school goals, programs and activities.	All Students English Learners	1000 Title III 2000-2999: Classified Personnel Salaries Child Care-ELAC 1500 Title III 2000-2999: Classified Personnel Salaries Verbal Translation
3.2	Title I quarterly meetings will be held to inform parents of school goals, programs, and activities.	Socioeconomically Disadvantaged	No additional cost
3.3	Parents and Staff will attend local CAFE conference to learn strategies to support their children academically.	English Learners	2000 Title III 5800: Professional/Consulting Services And Operating Expenditures Conference/Workshop
3.4	Students and parents will attend transition to middle school and high school IEP meetings.	English Learners Students with Disabilities	No additional costs
3.5	SST/IEP teams will include parents in order to plan individualized student support for their child. All student groups included: McKinney Vento, Students with disabilities, Emergent Bilinguals, and/or students who are chronically absent.	All Students English Learners Homeless Students with Disabilities	No additional cost
3.6	Teachers will communicate with all parents regarding instructional topics and student specific goals with a focus on students from these groups: McKinney Vento, Students with disabilities, Emergent Bilinguals, and/or students who are chronically absent.	All Students Homeless English Learners Students with Disabilities	No additional cost
3.7	The school will maintain a full-time Outreach Specialist position to support students and families who experience hardships by locating and making community resources accessible to the families, especially supporting McKinney Vento students, Students with disabilities, Emergent Bilinguals, and/or students who are chronically absent.	Socioeconomically Disadvantaged Homeless All Students	ORC Salary - See Goal 2.11
3.8	The school will maintain two full-time counselors to work with students and families to support individual students on an ongoing or crisis basis. Referrals to outside agencies may occur as well.	All Students	Counselor Salary - See Goal 2.10
3.9	The school will work with District translation services to support families who speak Mixteco by	English Learners	District Funded

	having access to MICOP services, translation, and parenting workshops.		2000-2999: Classified Personnel Salaries Mixteco Translator Salary District Funded 3000-3999: Employee Benefits Mixteco Translator Salary - Benefits
3.10	Parents will be invited to the Growth Parade for each trimester. Families will help students decorate their poster with the identified area to celebrate. This connects home to school.	All Students	No additional cost
3.11	All parents will be invited to a parent/teacher conference in the fall. Parents will be encouraged to become class observers on Canvas. Spring conferences will be held for students identified as needing additional support. Open House will be held for parents and students.	All Students English Learners	3480 Title III 2000-2999: Classified Personnel Salaries Translation
3.12	School Site Council will revise and update the Parent Compact and Parent Involvement Policy annually. All parents will sign both documents.	All Students	No additional cost
3.13	The PTA will reach out to all parents to participate as volunteers in order to support our students by sponsoring student and family events.	All Students	No additional cost
3.14	The school will offer After School Program parent nights to provide parents with nutrition education, hands-on tips, games and strategies parents can employ to assist students with healthy habits and schoolwork.	All Students	ASES No additional cost
3.15	The school will offer a Parent Resource Center for parents. The center will be equipped with technology to support parents in completing necessary forms and provide tech training to support their student's academic achievement. All parents will be invited, but a focus will be on the parents for the following groups: McKinney Vento, Students with disabilities, Emergent Bilinguals, and/or students who are chronically absent.	All Students Homeless Students with Disabilities English Learners	ORC-No additional cost
3.16	A Transitional Kindergarten/Kindergarten Orientation Night will be held at the end of one school year and the beginning of the next to foster communication, create positive relationships and provide families with necessary information.	All Students	See Goal 1, extra teacher hours
3.19	Families will receive communication from school via phone, text, video message, and/or website through Parent Square.	All Students	District Funded 5800: Professional/Consulting Services And Operating Expenditures Parent Square contract

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Overall, we plan to address how engaged our parents feel with our site as indicated from the survey. In reviewing the responses to the individual question, it is important to note that parents indicated their work schedule as the biggest barrier to being engaged with the school. As a result, we saw the level of participation at our School Site Council and ELAC meetings dwindle towards the end of the year. However, the level of participation increased at our growth parades and our community events had close to 1000 attendees (Dia del Nino and trunk or treat). Therefore, it would be insightful to know how connected parents in attendance feel to the school.

Our metrics for school to home communication were favorable, however we will still try to improve in this area.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

An adjustment to the time of the SSC and ELAC meetings might yield more participation/attendance, however I appreciate that parents attend the non-curricular events on a regular basis. This is an opportunity for staff, students, and parents to build relationships and I believe that if we had more parents complete the survey, our metric would be more favorable.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

No expenditure adjustments were made, however planning to improve overall attendance and the level of engagement will occur.

Budget Summary

Complete the Budget Summary Table below. Schools may include additional information, and adjust the table as needed. The Budget Summary is required for schools funded through the Consolidated Application (ConApp).

Budget Summary

DESCRIPTION	AMOUNT
Total Funds Provided to the School Through the Consolidated Application	\$128,571.00
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$486,346.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0

Other Federal, State, and Local Funds

List the additional Federal programs that the school includes in the schoolwide program. Adjust the table as needed.

Note: If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.

Federal Programs	Allocation (\$)
Title I	\$85,029.00

Goal Number	Total Expenditures
Goal 1	468,058.00
Goal 2	10,308.00
Goal 3	7,980.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Allison Cordes	Principal
Annette Warren	Classroom Teacher
Tracy Gordon	Classroom Teacher
Martha Romero	Classroom Teacher
Gabriela Serrano	Other School Staff
Kevin Glass	Parent or Community Member
Elaine Medina	Parent or Community Member
Cinthia Ramirez	Parent or Community Member
Luz Arreguin	Parent or Community Member
Vanessa Soto	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on May 28, 2024.

Attested:

Principal, Allison Cordes on

SSC Chairperson, Annette Warren on

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

Instructions: Table of Contents

- Plan Description
- Educational Partner Involvement
- Comprehensive Needs Assessment
- Goals, Strategies/Activities, and Expenditures
- Annual Review
- Budget Summary
- Appendix A: Plan Requirements for Title I Schoolwide Programs
- Appendix B: Select State and Federal Programs

For additional questions or technical assistance related to LEA and school planning, please contact the CDE's Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the LEA, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:

Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:

When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- Strategy/Activity #: Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- Description: Describe the strategy/activity.
- Students to be Served: Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- Proposed Expenditures: List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to EC Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- Funding Sources: List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
 - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
 - a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. Use methods and instructional strategies that:
 - i. Strengthen the academic program in the school,
 - ii. Increase the amount and quality of learning time, and
 - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. Strategies to improve students' skills outside the academic subject areas;
 - ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: Title 34 of the *Code of Federal Regulations (34 CFR)*, sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. *EC* sections 64001 et. seq.

Appendix B: Plan Requirements for School to CSI/ATSI Planning Requirements

For questions or technical assistance related to meeting federal school improvement planning requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

CSI Resources

For additional CSI resources, please see the following links:

- **CSI Planning Requirements** (see Planning Requirements tab):
<https://www.cde.ca.gov/sp/sw/t1/csi.asp>
- **CSI Webinars:** <https://www.cde.ca.gov/sp/sw/t1/csiwebinars.asp>
- **CSI Planning Summary for Charters and Single-school Districts:**
<https://www.cde.ca.gov/sp/sw/t1/csiplansummary.asp>

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

ATSI Resources:

Appendix C: Select State and Federal Programs

For a list of active programs, please see the following links:

- Programs included on the ConApp: <https://www.cde.ca.gov/fg/aa/co/>
- ESSA Title I, Part A: School Improvement: <https://www.cde.ca.gov/sp/sw/t1/schoolsupport.asp>
- Available Funding: <https://www.cde.ca.gov/fg/fo/af/>

Updated by the California Department of Education, October 2023

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

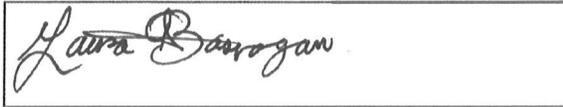

Signature

Committee or Advisory Group Name

Please sign the document

English Learner Advisory Committee

Clear

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

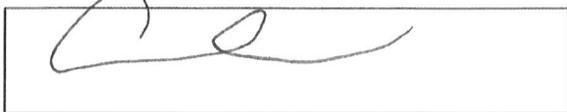

This SPSA was adopted by the SSC at a public meeting on May 28, 2024

School Plan for Student Achievement (SPSA)

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Dr. Manuel M. Lopez Academy of Arts and Sciences	56725386055305	May 15, 2024	August 21, 2024

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California’s ESSA State Plan supports the state’s approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state’s Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Dr. Manuel M. Lopez Academy of Arts and Sciences for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Dr. Manuel M. Lopez Academy of Arts and Sciences for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

Dr. Manuel M. Lopez Academy of Arts and Sciences serves students in grades 6-8 in the Oxnard School District. As a result of the district's open enrollment policy, Lopez Academy draws students from all across the Oxnard School District. With focused attention on providing a strong instructional program that incorporates arts and sciences, Lopez's enrollment is approximately 790 students.

Lopez strives to meet the needs of all our students through a diverse offering of educational settings and courses. Students with specialized needs are served in a variety of settings including three mild to moderate SDC classes, two moderate to severe SDC classes, a Moderate to Severe Autism program class, an Opportunity Class (for Tier 3 behavioral supports), and five resource teachers that provide instruction in both the co-teaching and pull out SAI models. Lopez students that need designated ELD support are placed into designated ELD classes to provide for maximum targeting of instruction to support English Learners. Students receive 180 days of instruction during our normal 8 period day, with one period serving as lunch, and another as advisory. Academic intervention and support is offered to students before, during, and after school.

Lopez Academy is focused on providing a safe, healthy, positive, and respectful environment in which creativity, critical thinking, and responsibility is fostered with all students. Some important aspects of our educational program include student led conferences, designated ELD, access to technology (including one to one iPad devices), student incentives, after school program, and an Academy focus (Arts and Sciences). We also strive to work as a cohesive team with our parents. Parents are provided various opportunities to become involved in Lopez including parent workshops/trainings, ELAC, School Site Council, and PTA. Other family events and parent trainings are included throughout the year.

Lopez will develop the School Plan for Student Achievement (SPSA) to align with the approved Local Control and Accountability Plan (LCAP) and our Oxnard Empowers Strategic Plan for the Oxnard Elementary School District. The Lopez Academy School Site Council meets regularly throughout the school year to ensure that the SPSA is being implemented as written, and that any necessary adjustments are made as authorized by the school site council. The school site council members include an equal representation of school staff members and Lopez parents/community members. Throughout the school year, the site council will continuously analyze the goals within this plan, along with the corresponding action items, to ensure that we are making necessary adjustments to serve the needs of our students. School Site Council shall also have the proper balance of members to reflect an equal representation of the school staff and parents/community members.

The Lopez Academy school plan is intended to reflect the Oxnard School District student profile. This student profile guides educators within the Oxnard School District regarding the traits and abilities that students are expected to demonstrate upon promoting out of the district. District and site instructional decisions and programs closely align with the board adopted student profile. The Lopez Academy plan also includes expenditures and actions to support the Biliteracy program.

Oxnard School District has created a strategic plan in order to ensure that we fully develop our student profile and work toward fulfilling our Mission and Vision.

Mission: Changing the World! In School and Beyond!

Vision: Ignite, Transform, Nurture, Embrace.

Our strategies/activities support our values and principles: Equity and Excellence; Safe and Affirming Environments; Achievement/Performance, Multilingualism, Global and Socio-Cultural Competence; Relationships built on Integrity, Mutual Trust, Respect and Caring; and Professional Accountability and Service.

Our goals can be realized by following a Theory of Action, which constitutes committing to a vision of success; to be relentless in clarifying and supporting classroom leadership; to build school leadership; to benefit from organized district leadership; and to engage our families and community, which will lead us to become a highly effective and equitable school.

A guiding focus for the district is on five strategic goals which form the framework for powerful and sustainable school and district transformation: Student Academic Engagement and Achievement; a Positive and Safe Learning Environment and School Climate; Guidance and Support to Sites; Family/Community Alliances for Student Success and Transformational Leadership and Infrastructure.

All of our strategies/activities are designed to further these pedagogical principals:

1. Identify, activate, and build on student strengths.
2. Affirm student identities by challenging the devaluation of minoritized students' identities.
3. Establish powerful relationships that nurture equity and success.
4. Engage students actively in the learning process., by amplifying student voice.
5. Create environments of enrichment, rather than remediation, that engage students' multilingual repertoires.
6. Situate learning in the lives of students by connecting to their lives.
7. Elicit high intellectual performances that help connect students' identities to academic engagement.
8. Address the prerequisites for learning, including incorporating pedagogical practices that challenge coercive relations of power.

Educational Partner Involvement

How, when, and with whom did Dr. Manuel M. Lopez Academy of Arts and Sciences consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

The development of the SPSA includes the involvement from all educational partner groups. The Lopez Academy leadership team provides input and feedback about proposed expenditures and has the opportunity to provide guidance on systems and services at school. The SPSA and its goals were also shared with the ELAC committee for their feedback and input. In turn, ELAC provided crucial feedback to School Site Council regarding the planned actions and programs designed to support Emerging Bilinguals at Lopez for the upcoming school year, based on the results we attained this school year. ELAC will continue to provide feedback to the School Site Council throughout the year.

The SPSA, along with the site budgets for Title 1 and Title III, will be reviewed and approved by the School Site Council. Both ELAC and School Site Council will provide opportunities for parent feedback and engagement throughout the school year. Stakeholder feedback is valued and utilized to enhance the school plan throughout the school year. This School Plan for Student Achievement shall be available for any parent/community member upon demand in the front office. Parent and community members may also provide feedback and suggestions during ELAC, PTA, and School Site Council meetings.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

Of all students that attend Dr. Manuel M. Academy of Arts and Sciences, 8.3% are Homeless, 19.6% are Students with Disabilities, and 91.6% are Socioeconomically Disadvantaged. To support our Homeless and Socioeconomically Disadvantaged students, our school offers a full-time Outreach Specialist who provides bags of food for these families every Friday afternoon. Also, we provide PE uniforms and school supplies to families that are free of charge for these families. If additional resources are needed for these student groups, referrals to community agencies are submitted by our bilingual Outreach Specialist.

To support our Students with Disabilities to access their education, Lopez Academy offers several instructional programs that include; co-taught general education classes, Resource Classes, Special Day classes (Mind to Moderate and Moderate to Severe), an Autism class, and Adapted Physical Education. These classes offer certificated and classified staff members that support a small educator to student ratio. This way, students receive academic, behavioral, and social-emotional support within the least restrictive environment they are enrolled in. These students are closely monitored by a Case Manager who schedule formal meetings to monitor student progress and ensure that all services are appropriate for each student.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

The 2023 California Dashboard identified Lopez Academy as "red" in Chronic Absenteeism and "orange" in Suspension Rate, English Learner Progress, and Mathematics. To address chronic absenteeism and improve our daily attendance rate, Lopez Academy will hold monthly meetings with students and families who have multiple days of being absent. Our goal is to closely monitor student attendance every month, hold meetings SART meetings at school, and educate parents and students on the importance of attendance. We have created a system to reward students with outstanding attendance on a regular basis.

In order to reduce the suspension rate, this year, we adopted a new system of accountability to ensure that students are following school rules and expectations. Students behavior is monitored through a 100-Point Merit System where students with 97 points or more are celebrated every trimester. Also, our campus assistant, counselors, administrators and teachers developed a plan to monitor and supervise all buildings during all passing periods during the school day to reduce the amount of physical altercations or drug use on campus. Through strong supervision and building strong relationships with our students, our goal is to significantly reduce suspensions.

In 2023-2024, our instructional focus and theory of action pertained to administrators and teachers collaborating to lesson plan on a weekly basis to ensure that instruction was modified to meet the academic and linguistic needs of all students, based on Star and Common Formative assessment data. During lesson planning, graphic, sensory, and visual supports were identified to support the academic development of our Emerging Bilinguals and students in Mathematics. Star data throughout the year, indicated an GSP growth of 61-64%; well over the district's SGP growth of 50%.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the "all student" performance.

The 2023 California Dashboard for Dr. Manuel M. Lopez Academy revealed concerning indicators in English Language Arts (ELA), with one "red," three "orange," and one "yellow" color indicator. Particularly troubling was the "red" indicator for Students with Disabilities, signaling a significant performance gap that required urgent attention. In response, the school has taken proactive steps to support these students by expanding co-taught classes for the 2023-2025 Academic School Years. By providing more students with disabilities access to a general education classroom setting and a rigorous curriculum, the school aims to address barriers to academic success and foster inclusive learning environments.

The decision to add five more ELA and Math co-taught sections in the Master Schedule reflects a commitment to meeting the diverse needs of students while maintaining high academic standards. Co-taught classes, where a general education teacher collaborates with a special education teacher, offer personalized support and differentiated instruction, ensuring that students with disabilities receive the accommodations and modifications necessary to succeed academically. By embedding these inclusive practices within the school's structure, Dr. Manuel M. Lopez Academy demonstrates its dedication to equity and excellence for all students, regardless of ability.

Expanding co-taught classes not only benefits students with disabilities but also enriches the learning experience for all students. Research indicates that inclusive classrooms promote positive social interactions, build empathy, and enhance academic outcomes for students of all abilities. By fostering a culture of collaboration and mutual support, Dr. Manuel M. Lopez Academy creates an environment where every student feels valued and empowered to reach their full potential. Moving forward, the continued expansion of co-taught classes reflects a strategic approach to improving ELA performance and fostering a more inclusive and equitable learning community.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

The Panorama Survey serves as a crucial tool for monitoring students' social-emotional development, providing valuable insights into their well-being and overall school experience. The 2023-2024 data underscores the importance of addressing key areas such as emotional regulation, sense of belonging, and engagement to support students' holistic growth. Emotional regulation is essential for students to navigate challenges effectively and maintain a positive mindset, while a strong sense of belonging fosters a supportive school community where every student feels valued and included. Additionally, high levels of engagement are linked to academic success and overall well-being, making it imperative to create environments that cultivate active participation and enthusiasm for learning.

To address the areas identified in the survey data, Dr. Manuel M. Lopez Academy has outlined a comprehensive approach that leverages various strategies and initiatives. The implementation of the WEB (Where Everyone Belongs) program and active involvement in ASB (Associated Student Body) activities provide opportunities for students to connect with peers, develop leadership skills, and build a sense of belonging within the school community. Furthermore, incentives can serve as motivational tools to encourage positive behaviors and reinforce the importance of emotional regulation and engagement. By recognizing and rewarding students' efforts, the school reinforces desired behaviors and cultivates a culture of positivity and achievement.

Incorporating community circles into the school's practices further enhances opportunities for students to develop emotional regulation, foster connections, and enhance engagement. These circles provide a safe and supportive space for students to express themselves, share experiences, and build meaningful relationships with peers and staff. By promoting open communication, empathy, and mutual respect, community circles contribute to a positive school climate where students feel empowered to navigate challenges and thrive socially, emotionally, and academically. Overall, the Panorama Survey data serves as a catalyst for targeted interventions and strategic initiatives aimed at enhancing students' social-emotional development and fostering a nurturing and inclusive school environment.

School and Student Performance Data

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Dr. Manuel M. Lopez Academy of Arts and Sciences. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
American Indian	%	0%	%	0	0	
African American	0.75%	0.66%	0.40%	6	5	3
Asian	0%	0%	0.13%	0	0	1
Filipino	0.87%	0.53%	0.67%	7	4	5
Hispanic/Latino	95.64%	95.23%	94.34%	768	719	700
Pacific Islander	0.25%	0.4%	0.40%	2	3	3
White	2.24%	2.78%	3.77%	18	21	28
Multiple/No Response	0.25%	0.4%	0.27%	2	3	2
Total Enrollment				803	755	742

Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	21-22	22-23	23-24
Kindergarten			
Grade 6	288	235	248
Grade 7	264	256	228
Grade 8	251	246	266
Total Enrollment	803	737	742

Conclusions based on this data:

Lopez Academy of Arts and Sciences serves a diverse student population in grades 6-8. As a result of the district's open enrollment policy, Lopez Academy draws students from across the city of Oxnard and Oxnard School District. Our instruction focuses on California Content Standards with an emphasis on incorporating our strands, Art and Science within the educational program. Lopez's enrollment is currently around 742 students; an increase from the previous year. Our enrollment in 7th grade is slightly lower than previous years, with approximately 228 students in this grade level. Our 6th and 8th grade student populations increased in 2023-2024 Academic School Year by 20 students for a current enrollment of 248 students in 6th grade and 266 students in 8th grade. Our student demographics are diverse with nearly 95% of students identifying as Hispanic/Latino and just over one-third of students identified as Emerging Bilinguals; primarily long term English Learners.

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
English Learners	298	327	311	32.70%	#DIV/0!	41.9%
Fluent English Proficient (FEP)	329	263	263	45.10%	#DIV/0!	35.4%
Reclassified Fluent English Proficient (RFEP)		42		7.6%	NA	

Conclusions based on this data:

Emerging Bilinguals (English learners) currently make up about four tenths of our entire student population, but close to 80% of students at Lopez have been classified as Emerging Bilinguals at one point during their academic career. A vast majority of Emerging Bilinguals at Lopez Academy are considered Long Term English Learners. Long term English Learners are defined as an EL student who is enrolled in grades 6-12 and has been enrolled in school in the United States for more than six years, has remained at the same English Language proficiency level for two or more consecutive years as determined by the English Language Proficiency Assessment for California (ELPAC), and scores "standard not met" on the smarter balanced ELA test. Throughout the school year Lopez Academy monitors the progress of English Learners to determine if they meet the district qualifications for reclassification. Emerging Bilinguals who are reclassified are monitored for four consecutive years after reclassification to ensure that they are receiving any needed supports to meet state content standards.

2024 Preliminary CAASPP scores in ELA indicate that 7.5 % of 6th grade students, 11% of 7th grade students, and 5.5% of 8th grade students scored "met standard" or "above." Also, approximately 3.3% of 6th grade students, 3.2% of 7th grade students, and 1.5% of 8th grade students scored "met standard" or "above" on the preliminary 2024 Math Summative assessment. The academic performance of our Lopez Academy English Learner students is a high priority with specific sub goals within this plan. It is important to note that the specific needs of English Learners addressed within this plan are also aligned to the newly adopted OSD student profile and our OSD Empowers framework.

As a result of strong collaborative groups that review data and design units of study that meet the academic and linguistic needs of our English Learners, our English Learners had "Very High" progress as reported in the 2022 California Dashboard and increased once again in ELA and Math performance in the 2023 California Dashboard. Professional development this school year during staff meetings regarding AVID collaborative strategies, supported this academic and linguistic development of our students. In general, Lopez Academy presented the highest number of students reclassified for any school in Oxnard School District with more than 90 students. Our activities and goals targeting our English Learners are being effective and we will continue this work for the 2023-2024 Academic School Year.

The data shows that the percentage of English Learner students at Lopez Academy has increased over the last few years, presently at just over one-third of all students. 35% of students at Lopez are classified as either Fluent English Proficient (FEP) or Reclassified Fluent English Proficient (RFEP). This data is important as it underlines the need for a continued focus on the academic achievement of our English Learners who have historically performed at lower levels than their peers. Strategies and curriculum that is research based and focused on the diverse needs of English Learner students is an important piece of the plan for student success at Lopez Academy. We must also continue to monitor and support students that have been previously reclassified as they may still have needs in the areas of mathematics or Language Arts.

School and Student Performance Data

Star Reading

Dr. Manuel M. Lopez Academy of Arts and Sciences											
		Less than Proficient				Proficient				Star Reading Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 6	175	77	44%	45	26%	45	26%	8	5%	Level 1	1011
Grade 7	184	76	41%	46	25%	53	29%	9	5%	Level 2	1042
Grade 8	202	82	41%	76	38%	36	18%	8	4%	Level 2	1051

Conclusions based on this data:

In addition to administering the CAASPP assessments, the Star Reading assessment was administered to students four times during the 2023-24 school year. Star assessment scores demonstrate the progress each individual student is making in their reading development. Throughout the 2023-2024 Academic School Year, administrators and teachers closely analyzed STAR data during our weekly Professional Learning Communities to plan units of study that were modified to meet the academic and linguistic needs of all students, based on the levels they placed on the Star Reading and Math during the Fall, Winter, and Spring administration. Besides using Star data to plan instruction and differentiate student activities, school administrators monitored instruction through a Google survey and provided immediate feedback to each teacher to ensure that instruction was modified for all students at all performance levels on the Star assessment.

When comparing the End of the Year test administration of the 2024 Star Reading assessment to the 2024 Preliminary CAASPP ELA scores, students performed closely within a 3% margin in 6th grade, and a 6% margin in 8th grade. There was a huge discrepancy between the 13% passage on the EOY Star Reading and the preliminary 2024 CAASPP Reading assessment with a 23% point difference, as 36% of 7th grade students met or exceeded the reading standards on the CAASPP.

During the 2024-2025 Academic School Year, administrators and teachers will continue to administer and analyze the Star Reading data during weekly PLC's to plan differentiated instruction to meet the academic and linguistic needs of all students in their class periods. Administrators will monitor differentiated instruction through classroom visits and provide immediate feedback to each teacher. School administrators will schedule grade level and individual meetings with teachers to monitor the academic progress of students throughout the year, and several professional development opportunities will be incorporated to grow teacher capacity in reading and writing strategies. Finally, professional development in writing using the RACE writing strategies will be a school-wide focus for all departments to adopt this highly effective format of writing and increase the strength of our students in this skill.

School and Student Performance Data

Star Math

Dr. Manuel M. Lopez Academy of Arts and Sciences											
		Less than Proficient				Proficient				Star Math Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 6	177	106	60%	34	19%	34	19%	3	2%	Level 1	1024
Grade 7	202	113	56%	47	23%	30	15%	12	6%	Level 1	1046
Grade 8	220	133	60%	38	17%	15	7%	34	15%	Level 1	1054

Conclusions based on this data:

In addition to administering the CAASPP assessments, the Star Math assessment was administered to students four times during the 2023-24 school year. Star assessment scores demonstrate the progress each individual student is making in the area of math. Throughout the 2023-2024 Academic School Year, administrators and teachers closely analyzed STAR data during our weekly Professional Learning Communities to plan units of study that were modified to meet the academic and linguistic needs of all students, based on the levels they placed on the Star Math during the Fall, Winter, and Spring administration. Besides using Star data to plan instruction and differentiate student activities, school administrators monitored instruction through a google survey and provided immediate feedback to each teacher to ensure that instruction was modified for all students at all performance levels on the Star assessment.

When comparing the End of the Year test administration of the 2024 Star Math assessment to the 2024 Preliminary CAASPP Math scores, students performed very closely within a 3% margin in 6th grade, and a 1% margin in 7th and 8th graders. It is evident that the Spring Star Math assessment is a very close prediction of student achievement in the 2024 CAASPP Math assessment. Therefore, it is essential to analyze Star Math data throughout the school year to closely monitor our students and strengthen our tier-1 instruction to meet the academic needs of all students.

During the 2024-2025 Academic School Year, administrators and teachers will continue to administer and analyze the Star Math data during weekly PLC's to plan differentiated instruction to meet the academic and linguistic needs of all students in their class periods. Administrators will monitor differentiated instruction through classroom visits and provide immediate feedback to each teacher. School administrators will schedule grade level and individual meetings with teachers to monitor the academic progress of students throughout the year, and several professional development opportunities will be incorporated to grow teacher capacity in reading and writing strategies. Finally, professional development in mathematics focusing on word problem analysis and explaining mathematical reasoning will be the focus for the 2024-2025 Academic School Year, as these skills are heavily weighted on the CAASPP assessments. Finally, Science teachers will receive professional development from our district Science TOSA on data analysis (through charts and graphs) to focus on these during instruction and support our students improve their Math skills throughout the school year.

School and Student Performance Data

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

In order to protect student privacy, an asterisk (*) will be displayed for enrolled and tested counts for fewer than 4 students and for assessment results for fewer than 11 students. "N/A" will be displayed instead of a number on test results where no data is found for the specific report.

Conclusions based on this data:

Lopez Academy 6th grade students scoring met/exceeded on the preliminary 2024 CAASPP Summative ELA test totaled 27%. This represented a 4% percent increase from the most recent assessment during the 2022-23 school year. Lopez Academy 7th grade students scoring met/exceeded on the preliminary 2024 CAASPP Summative ELA totaled 36% which is a significant increase of 10% from the 2022-2023 school year. 30% of Lopez Academy 8th graders scored met/exceeded on the preliminary 2024 CAASPP ELA test which was a 1% increase from last year's administration.

Although our 7th grade students made significant improvement in the 2024 CAASPP ELA Summative assessment, 6th and 8th grade students also made adequate academic growth; a testament to the instructional work our administrators and teachers are currently doing at Lopez Academy.

For the 2024-2025 Academic School year, we will continue to heavily focus on English Language Arts with our schoolwide "read, write, listen, speak...every period, every day" focus, as this has proven to be very effective with our Emerging Bilinguals. English Learner students are a priority at Lopez Academy and their growth on the CAASPP ELA test will be closely monitored as well. When final state test results are released in fall of 2024, further analysis will be necessary to acquire data specific to student groups; including English Learners, Hispanic, Social-economic Disadvantaged, Special Education, Foster/Homeless, etc. GATE and honors students are clustered to ensure that they are challenged and continue to maintain or exceed the common core state standards where over 90% of students in these programs earn a Level 3 or 4 on the CAASPP State Assessments.

Through strategic activities and goals set for our Emerging Bilinguals and all students in reading, our students continue to make academic growth in reading as reported by the 2024 preliminary CAASPP assessments and the 2024 California Dashboard. Our Emerging Bilinguals reported "High" growth in the 2022-23 Academic School Year and our average percent of students who "met/exceeded" the standards in reading continues to grow. Through partnership with multiple educational partners in data analysis for student groups represented at Lopez, we are monitoring student needs and academic/linguistic development in ELA and linguistic abilities. Finally, the percent of students in Level 1 on the CAASPP reading assessment continues to shrink in size.

To support our students academic growth for the 2024-25 Academic School Year, Lopez Academy will refine our Theory of Action Plan as highlighted in our OSD Strategic Plan that is focused on teachers' data analysis of the Star 360 assessments to design units of study that strengthen first-instruction. Also, we will continue to engage in AVID professional development opportunities to replicate effective instructional practices and student activities that have a significant impact on student learning. Finally, we will refine our system of observation and feedback for teachers to receive immediate and effective feedback from a school administrator to improve their instructional practices. Data will be reviewed consistently twice a week during Professional Learning Communities, for teachers to design instruction that meets the academic and linguistic needs of all students.

Tutoring groups will be available to students before and after school on a weekly basis to provide second and third-tier support to students. Moreover, we are expanding our co-taught Special Education sections, from 12 to 13 sections, in our Master Schedule to support our general education students more by having the instructional support of a general and special education teacher. We hope for 180 students to benefit of the co-taught sections in 2024-25 Academic School Year.

School and Student Performance Data

CAASPP Results Mathematics (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Conclusions based on this data:

Lopez Academy 6th grade students scoring met/exceeded on the preliminary 2024 CAASPP Summative Math test totaled 15%. This represented a 2% percent increase from the most recent assessment during the 2023-24 school year. Lopez Academy 7th grade students scoring met/exceeded on the preliminary 2024 CAASPP Summative Math totaled 19% which is an increase of 1% from the 2023-2024 school year. 17% of Lopez Academy 8th graders scored met/exceeded on the preliminary 2024 CAASPP Math test which was a significant 5% increase from last year's administration.

Although our 7th grade students had the strongest academic performance in the 2024 CAASPP Math Summative assessment, 6th and 8th grade students also made adequate academic growth; a testament to the instructional work our administrators and teachers are currently doing at Lopez Academy.

For the 2024-2025 Academic School year, we will continue to heavily focus on professional development for our Math and Science teachers with the support of our district Teachers on Special Assignment in these content areas. These

departments will focus on improving tier-1 instruction focused on chart/graph data analysis and writing to explain students' mathematical reasoning. Lopez Academy will refine our Theory of Action Plan as highlighted in our OSD Strategic Plan that is focused on teachers' data analysis of the Star 360 assessments to design units of study that strengthen first-instruction. Also, we will continue to engage in AVID professional development opportunities to replicate effective instructional practices and student activities that have a significant impact on student learning. Finally, we will refine our system of observation and feedback for teachers to receive immediate and effective feedback from a school administrator to improve their instructional practices. Data will be reviewed consistently twice a week during Professional Learning Communities, for teachers to design instruction that meets the academic and linguistic needs of all students.

Tutoring groups will be available to students before and after school on a weekly basis to provide second and third-tier support to students. Moreover, we are expanding our co-taught Special Education sections, from 12 to 13 sections, in our Master Schedule to support our general education students more by having the instructional support of a general and special education teacher. We hope for 180 students to benefit of the co-taught sections in 2024-25 Academic School Year.

School and Student Performance Data

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](https://www.cde.ca.gov/ta/tg/ela/elpac/) web page or the [ELPAC.org](https://elpac.org) website for more information about the ELPAC.

Conclusions based on this data:

The results within this analysis are based upon preliminary data from the 2024 test administration and will be compared to the ELPAC results from the 2022-23 Academic School Year. Improving academic outcomes for Emerging Bilinguals was a top priority at Lopez Academy during the 2023-24 school year, and the preliminary results are showing additional growth from the high growth reported last year.

Overall, 128 students at Lopez Academy scored an overall score of 3 or 4 overall on the 2023-24 preliminary ELPAC assessment. This represents over one half of the total our Emerging Bilingual student population at Lopez. In 6th grade, 46% of Emerging Bilinguals scored a level 3 or 4 which was slightly above the state average (56%) and slightly below the district average of 61%. Among 7th grade English Learners, 57% of students scored a level 3 or 4. This percent was well above the state (59%) average but slightly below our district's average of 64%. 8th Grade English Learners showed the most progress with 48% scoring levels 3 or 4 which was well above the state (61%) and district (62%) averages.

While we are encouraged to see growth in our preliminary 2024 ELPAC scores, we remain heavily focused on improving the student outcomes for our Emerging Bilinguals. There is a particular focus on reclassifying 8th grade students prior to leaving for high school. In the 2023-2024 Academic School Year, Lopez Academy had the highest number of students that reclassified with 97 students in the entire school district. The overall growth can be at least partially attributed to the schoolwide focus of "read, write, listen, speak, every period, every day." This focus strives to increase student voice and writing within all classrooms. This literacy focus will continue for the 2024-25 school year. Professional development with AVID collaborative strategies and a school-wide focus in writing short responses using the RACE writing strategy will continue as our English Learners are making "High" growth as indicated in the 2023 California Dashboard and 2024 preliminary ELPAC assessments. As of today, 36, 6th through 8th grade students have met criteria to reclassify as English Proficient in August of 2024 for the upcoming Academic School Year.

To support our students academic growth for the 2024-25 Academic School Year, Lopez Academy will refine our Theory of Action Plan as highlighted in our OSD Strategic Plan that is focused on teachers' data analysis of the Star 360 and ELPAC assessments to design units of study that strengthen first-instruction. Also, we will continue to engage

in AVID professional development opportunities to replicate effective instructional practices and student activities that have a significant impact on student learning. As indicated in our OSD Strategic Plan, we will continue to strive to connect learning to students lives and create environments of enrichment that engage our students' multilingual repertoires. Finally, we will refine our system of observation and feedback for teachers to receive immediate and effective feedback from a school administrator to improve their instructional practices. Data will be reviewed consistently twice a week during Professional Learning Communities, for teachers to design instruction that meets the academic and linguistic needs of all students.

School and Student Performance Data

California School Dashboard Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

2022-23 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
755	91.3	43.3	0.4
Total Number of Students enrolled in Dr. Manuel M. Lopez Academy of Arts and Sciences.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2022-23 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	327	43.3
Foster Youth	3	0.4
Homeless	63	8.3
Socioeconomically Disadvantaged	689	91.3
Students with Disabilities	148	19.6

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	5	0.7
Filipino	4	0.5
Hispanic	719	95.2
Two or More Races	3	0.4
Pacific Islander	3	0.4
White	21	2.8

Conclusions based on this data:

Lopez has a diverse student body, with 91.3% of students identified as Socio-Economically disadvantaged. 43.3% of Lopez students are identified as Emerging Bilinguals, while 0.4% of students are considered Foster Youth. The number of students in each of these student groups increased from the previous school year.

White, Filipino, and African Americans make up the second, third, and fourth largest student groups by race/ethnicity. Lopez has 19.6% of students that are identified as students with disabilities. Approximately 8.3% of Lopez students were identified as homeless under the McKinney Vento guidelines. Lopez Academy students come from across the city of Oxnard and Oxnard School District as OSD is an open enrollment district with different academy focuses at each school.

Overall, Lopez showed growth in both Math and English Language Arts since the 2018-2019 academic school years. CAASPP testing did not take place during the 2019-20 or 2020-21 school year, but 2022-23 and 2023-24 State assessments indicated academic and linguistic growth for most student groups, especially our Emerging Bilinguals in English Language Arts and Mathematics. The 2023 California Dashboard reported that our Emerging Bilinguals were "Very High" in academic progress during the 2022-23 Academic School Year. As a result of this, Lopez Academy met criteria to not be labeled as a school on CSI status or ATSI status for the 2023-2024 Academic School Year. We will remain as "no status" during the 2024-2025 Academic School Year given the academic and linguistic progress reported on the preliminary 2024 CAASPP ELA and Math assessments. In addition, suspensions decreased and attendance improved in the 2024 Academic School Year.

To support of Homeless population during the 2024-2025 Academic School Year, our ORC will deliver food bags on Fridays and we will submit county referrals for families with financial challenges. We will provide clothing, PE uniforms, backpacks, school supplies, and other appropriate items to low-socioeconomic families upon request. Finally, we will coordinate with our Healthy Start social workers on sensitive matters to support our McKinney-Vento, Foster Youth, and low socio-economic student groups.

For the 2024-2025 Academic School Year, Lopez Academy has expanded our co-taught sessions from 7 to 12 to give access to a general education curriculum and setting to our Special Education students. Also, we have expanded our Adaptive Physical Education classes from 1 to 2 sections to increase physical support for Students with Disabilities that need intense physical support.

School and Student Performance Data

Overall Performance

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

2023 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts  Yellow	Chronic Absenteeism  Red	Suspension Rate  Orange
Mathematics  Orange		
English Learner Progress  Orange		

Conclusions based on this data:

1. The 2023 California Dashboard for Dr. Manuel M. Lopez Academy of Arts and Sciences presents a detailed overview of the school's performance across multiple areas. The academy received a "yellow" color indicator in Language Arts, signifying moderate performance that is nearing state standards but still requires improvement. This achievement indicates effective teaching practices and curriculum strategies in Language Arts. However, areas such as suspension rates, Mathematics, and Emerging Bilingual progress are marked with an "orange" indicator, highlighting more significant challenges in these domains. The "red" indicator in chronic absenteeism is particularly

concerning, reflecting a substantial issue with student attendance that requires immediate and sustained intervention.

The progress observed in various areas can be largely attributed to targeted professional development aimed at building educator capacity. This professional development ensures that teachers are equipped with the latest pedagogical strategies and classroom management techniques. Facilitated data analysis and lesson planning within Professional Learning Communities (PLCs) and dedicated Wednesday Collaboration time have also been instrumental. These collaborative sessions enable teachers to analyze student performance data, identify areas for improvement, and plan effective lessons tailored to student needs, thus driving overall academic progress.

The use of AVID (Advancement Via Individual Determination) strategies has been particularly effective in fostering a culture of academic rigor and college readiness among students. AVID methodologies, which focus on critical thinking, organization, and study skills, have helped improve student engagement and academic performance, particularly in Language Arts. These strategies have contributed to the school's "yellow" indicator in this area, reflecting a closer alignment with state standards compared to other subjects.

To address the high chronic absenteeism rate outlined in the 2023 California Dashboard, Lopez Academy will implement monthly attendance assemblies aimed at monitoring and supporting students with 6-16 absences. These assemblies serve as a proactive measure to identify at-risk students and provide them with the necessary resources and support to improve their attendance. By offering resources and personalized attention, the school aims to reduce absenteeism and ensure that students remain engaged in their education. This multifaceted approach to tackling chronic absenteeism underscores the school's commitment to creating a supportive and inclusive educational environment, addressing both academic and non-academic barriers to student success.

In the 2024-2025 Academic School Year, Lopez Academy will continue to decrease suspensions by training our campus assistants in effective strategies for supervision and increase the amount of restorative conversations held to prevent any physical altercations that lead to out of school suspensions. We will implement the 100-Point Merit System to motivate students to engage in positive activities and follow school rules throughout the school day. Students with excellent points every six weeks, will participate in school-wide incentives and celebrations.

Finally, strengthening tier-1 instruction will be the focus to improve academic and linguistic achievement in Mathematics and Emerging Bilinguals by analyzing Star (and common assessment) data every week during PLC's to modify instruction that meets the needs of all students. Targeted professional development with AVID strategies and constant trainings with our district's math department will support effective instruction in mathematics and for our Emerging Bilinguals.

School and Student Performance Data

Academic Performance English Language Arts

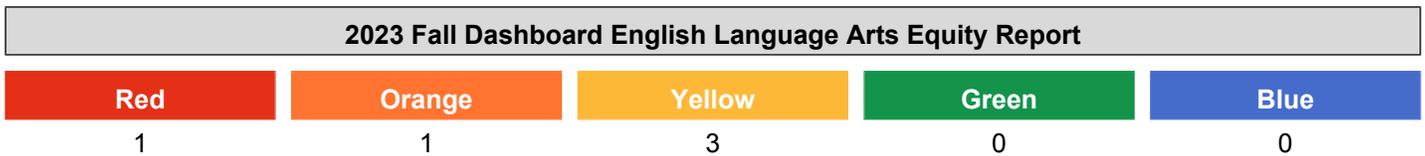

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2023 Fall Dashboard English Language Arts Performance for All Students/Student Group		
All Students	English Learners	Foster Youth
 Yellow	 Orange	Less than 11 Students
56.2 points below standard	74.7 points below standard	1 Student
Increased +5.8 points	Increased +3.8 points	
684 Students	411 Students	
Homeless	Socioeconomically Disadvantaged	Students with Disabilities
 Yellow	 Yellow	 Red
62.2 points below standard	59.3 points below standard	139.2 points below standard
Increased Significantly +15.7 points	Increased +4.4 points	Decreased -5 points
60 Students	631 Students	140 Students

2023 Fall Dashboard English Language Arts Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 4 Students	 No Performance Color 0 Students	 No Performance Color 0 Students	Less than 11 Students 4 Students
Hispanic	Two or More Races	Pacific Islander	White
 Yellow 57.6 points below standard Increased +6 points 653 Students	Less than 11 Students 2 Students	Less than 11 Students 3 Students	40.6 points below standard Decreased -5.6 points 19 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2023 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
102 points below standard Increased +3.6 points 204 Students	47.7 points below standard Increased +4.2 points 207 Students	48.6 points below standard Maintained -0.4 points 139 Students

Conclusions based on this data:

The 2023 California Dashboard for Dr. Manuel M. Lopez Academy of Arts and Sciences presents a nuanced picture of student performance across various demographic groups. The Socioeconomically Disadvantaged, Homeless, and Hispanic student groups received a "yellow" color indicator, signifying performance that is approaching the state standard but still requires improvement. In contrast, Students with Disabilities received a "red" indicator, denoting significant challenges and performance well below the standard. Emerging Bilinguals were marked with an "orange" indicator, indicating performance between the "red" and "yellow" levels. While the overall school performance is 56.2 points below the standard, there has been notable progress across all student groups.

The improvement across these diverse student groups can be attributed to several key strategies implemented by the school. A strong focus on Tier 1 instruction has ensured that high-quality teaching practices are accessible to all students, providing a solid foundation for learning. Regular data analysis has played a critical role in identifying student needs and tailoring interventions effectively. This data-driven approach allows for precise adjustments to instructional strategies, ensuring that resources are allocated where they are most needed.

Moreover, the school has emphasized the importance of Professional Learning Communities (PLCs) and data chats with site administration. These collaborative efforts have fostered a culture of continuous improvement among educators, enabling them to share best practices and develop innovative teaching methods. Professional development opportunities have further built teacher capacity, equipping educators with the skills necessary to address the unique challenges faced by their students. This comprehensive approach has contributed to the observed improvements, highlighting the

effectiveness of these strategies in elevating student performance, even as the school continues to strive for greater gains, particularly among our Emerging Bilinguals and Students with Disabilities.

Finally, strengthening Tier 1 instruction will be the focus to improve academic and linguistic achievement in Language Arts and Emerging Bilinguals by analyzing Star (and common assessment) data every week during PLC's to modify instruction that meets the needs of all students. Targeted professional development with AVID strategies and constant trainings with our district's ELA department will support effective instruction in Language Arts and for our Emerging Bilinguals and Students with Disabilities. Increasing the amount of sections in our co-taught ELA classes will support academic achievement as this increases the number of Students with Disabilities in a general education setting.

2023 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
151.8 points below standard Increased +3.8 points 201 Students	97.2 points below standard Increased +5.6 points 207 Students	102.2 points below standard Increased +13 points 138 Students

Conclusions based on this data:

The 2023 California Dashboard for Dr. Manuel M. Lopez Academy of Arts and Sciences highlights several student groups—Emerging Bilinguals, Socioeconomically Disadvantaged, Homeless, Students with Disabilities, and Hispanic—receiving an "orange" color indicator. This suggests that while these groups are performing below the state standard, they are not in the lowest performance tier, indicating some progress. The orange designation reflects significant room for improvement, particularly given that the average performance is 105.1 points below the standard. This data underscores the challenges faced by the academy in supporting diverse and vulnerable student populations, yet it also shows areas where focused efforts might yield further improvements.

The improvement across these diverse student groups can be attributed to several key strategies implemented by the school. A strong focus on Tier 1 instruction has ensured that high-quality teaching practices are accessible to all students, providing a solid foundation for learning. Regular data analysis has played a critical role in identifying student needs and tailoring interventions effectively. This data-driven approach allows for precise adjustments to instructional strategies, ensuring that resources are allocated where they are most needed.

Moreover, the school has emphasized the importance of Professional Learning Communities (PLCs) and data chats with site administration. These collaborative efforts have fostered a culture of continuous improvement among educators, enabling them to share best practices and develop innovative teaching methods. Professional development opportunities have further built teacher capacity, equipping educators with the skills necessary to address the unique challenges faced by their students. This comprehensive approach has contributed to the observed improvements, highlighting the

effectiveness of these strategies in elevating student performance, even as the school continues to strive for greater gains, particularly among our Emerging Bilinguals and Students with Disabilities.

Finally, strengthening tier-1 instruction will be the focus to improve academic and linguistic achievement in mathematics and Emerging Bilinguals by analyzing Star (and common assessment) data every week during PLC's to modify instruction that meets the needs of all students. Targeted professional development with AVID strategies and constant trainings with our district's math department will support effective instruction in Language Arts and for our Emerging Bilinguals and Students with Disabilities. Increasing the amount of sections in our co-taught math classes will support academic achievement as this increases the number of Students with Disabilities in a general education setting.

School and Student Performance Data

Academic Performance English Learner Progress

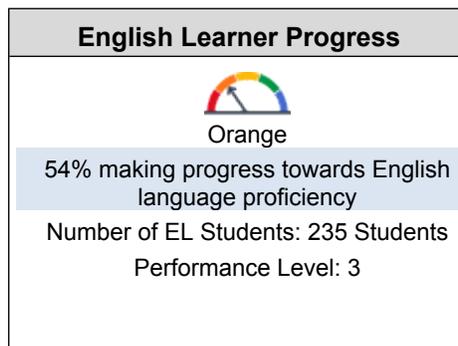

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides a view of the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2023 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2023 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
48	59	6	121

Conclusions based on this data:

The 2023 California Dashboard for Dr. Manuel M. Lopez Academy of Arts and Sciences provides an insightful look into the performance of Emerging Bilinguals, who received an overall color indicator of "orange." This rating, while indicating the need for improvement, also reflects significant progress, as these students were 54 points above the standard. With an average overall score of 3 on the ELPAC (English Language Proficiency Assessments for California), the school demonstrates its effectiveness in fostering language proficiency among Emerging Bilinguals. This performance highlights the success of the school's instructional strategies in supporting these students.

The ongoing use of AVID (Advancement Via Individual Determination) strategies has been a cornerstone of this success, and has supported 121 students to make linguistic progress and improve at least one ELPI level. AVID's focus on critical thinking, organizational skills, and academic habits helps Emerging Bilinguals engage deeply with the curriculum. Quality Tier 1 instruction, characterized by high-quality teaching practices accessible to all students, has also played a crucial role. These practices are embedded in collaborative classroom structures where students have daily opportunities to listen, speak, read, and write in English, promoting language development in a comprehensive and integrated manner.

Significantly, 42.5% of Emerging Bilinguals improved by one level overall compared to the previous year. This notable improvement can be attributed to the school's strategic focus on creating an engaging and supportive learning environment. The collaborative structures in classrooms not only enhance language skills but also build confidence and academic competence among Emerging Bilinguals. Such structures ensure that language learning is continuous and contextual, further aiding students in their progression towards language proficiency.

Additionally, the OSD Empowers strategic plan has been instrumental in this progress by providing targeted professional development for teachers. This plan focuses on building teacher capacity to meet the specific needs of Emerging Bilinguals. Through professional development, teachers gain access to the latest educational research, effective teaching strategies, and collaborative planning techniques. This enhances their ability to deliver high-quality instruction tailored to the unique needs of Emerging Bilinguals, thereby contributing significantly to the overall improvement in student performance. The strategic alignment of resources and professional growth opportunities under the OSD Empowers plan underscores the school's commitment to academic excellence and equitable education for all students.

School and Student Performance Data

Academic Engagement Chronic Absenteeism

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2023 Fall Dashboard Chronic Absenteeism for All Students/Student Group		
All Students Red 31% Chronically Absent Maintained -0.3 796 Students	English Learners Orange 28.3% Chronically Absent Declined -1.2 350 Students	Foster Youth Less than 11 Students 5 Students
Homeless Red 43.8% Chronically Absent Increased 3.8 96 Students	Socioeconomically Disadvantaged Orange 30.8% Chronically Absent Declined -1.3 736 Students	Students with Disabilities Red 45.7% Chronically Absent Increased 1.7 173 Students

2023 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 6 Students	 No Performance Color 0 Students	Less than 11 Students 1 Student	Less than 11 Students 4 Students
Hispanic	Two or More Races	Pacific Islander	White
 Red 31% Chronically Absent Maintained -0.4 757 Students	Less than 11 Students 3 Students	Less than 11 Students 3 Students	36.4% Chronically Absent Increased 11.4 22 Students

Conclusions based on this data:

The 2023 California Dashboard for Dr. Manuel M. Lopez Academy of Arts and Sciences reveals a critical challenge with chronic absenteeism, with all students receiving an overall color indicator of "red" due to 31% of students being chronically absent during the 2022-2023 academic year. This high absenteeism rate reflects significant barriers to student engagement and learning continuity. However, the school has proactively addressed this issue by implementing a 100-Point Merit System designed to motivate students to attend school regularly. This system, along with the distribution of JAG Tickets weekly for students with consistent attendance, has begun to foster a more positive school culture where attendance is valued and rewarded.

In addition to tackling absenteeism, the academy has successfully reduced suspensions by creating a safer campus environment, minimizing physical altercations, and ensuring student safety. This focus on safety and positive behavior reinforcement has contributed to a more conducive learning atmosphere, where students feel secure and supported. By combining these efforts, the school aims to improve attendance rates and, consequently, overall student performance. These initiatives reflect a comprehensive approach to addressing the underlying issues of chronic absenteeism while promoting a safe and engaging educational environment.

In the 2023-2024 Academic School Year, we have held several incentives to encourage students to earn perfect attendance each month. In addition, we have held incentives for class periods with zero tardies throughout the month. These two incentives have been very successful in promoting strong student daily attendance and an expectation to maximize instructional time. In addition, our Assistant Principals, Counselors, Outreach Specialist, and Attendance Technician work closely together to monitor students who are adding absences by conducting home visits, scheduling SART meetings, and providing resources to the families that need support in order for their children to attend school.

For the 2024-25 Academic School year, numerous parent meetings will be held to educate our Lopez community on the importance of attending school every day and the protocols on clearing an absence. We will reward students who are maintaining strong attendance throughout the school year and closely monitor students who are adding absences. In collaboration between our Attendance Tech and ORC, we will develop attendance monitoring plans for our students who are adding absences. Our goal is for Lopez Academy to be a safe-learning environment where students want to come every day and engage in positive activities.

School and Student Performance Data

Conditions & Climate Suspension Rate

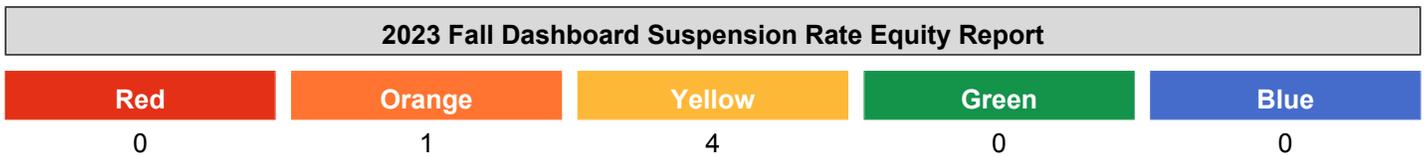

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. 2023 Fall Dashboard Suspension Rate by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 8 Students	 No Performance Color 0 Students	Less than 11 Students 1 Student	Less than 11 Students 5 Students
Hispanic	Two or More Races	Pacific Islander	White
 Yellow 11.7% suspended at least one day Declined -0.3 776 Students	Less than 11 Students 3 Students	Less than 11 Students 3 Students	9.1% suspended at least one day Increased 4.1 22 Students

Conclusions based on this data:

The 2023 California Dashboard for Dr. Manuel M. Lopez Academy of Arts and Sciences reveals that the school received an overall color indicator of "yellow," indicating a concerning suspension rate of 11.7% of students during the 2022-2023 academic year. While this rate is high, it also shows that the school has made substantial efforts to address and reduce suspensions. One of the key strategies implemented is the 100-Point Merit System, which motivates students to adhere to school rules by rewarding positive behavior. Additionally, the distribution of JAG Tickets weekly for students displaying positive behaviors has helped reinforce this system, fostering a culture of recognition and encouragement for good conduct.

To further address behavioral issues, the academy has incorporated behavior assemblies and strengthened campus supervision. These assemblies serve as platforms to educate students on the expectations for their conduct and the consequences of negative behaviors. By strengthening campus supervision and ensuring that teachers are present and visible throughout the campus, the school has been able to create a safer and more orderly environment. Building strong teacher-student relationships has also been a crucial component, as it helps create a sense of trust and respect, making students more likely to follow rules and less likely to engage in disruptive behavior.

Moreover, the incorporation of Social-Emotional Learning (SEL) lessons for 6th-grade students has been pivotal in addressing behavioral issues from a developmental perspective. These lessons help students develop essential skills like self-awareness, self-management, and responsible decision-making. The school has also proactively educated students about the dangers of drugs, alcohol, and physical altercations, aiming to prevent such issues before they arise. By providing counseling services and behavior plans, and holding Student Success Team (SST) meetings for students with behavioral challenges, the academy ensures that at-risk students receive the support they need.

Lastly, the academy has implemented several measures to enhance visibility and communication across the campus. Teachers standing by their doors during transitions increases adult presence and oversight, which can deter negative behaviors. Additionally, educating students and families on the importance of reporting negative behaviors to counselors and administrators has been key in creating a community where students feel safe and supported. These comprehensive efforts reflect the school's commitment to creating a positive and safe learning environment, resulting in the progress indicated by the "yellow" color indicator.

School-wide events during nutrition and lunch time will be planned by our ASB and WEB student groups to make school a fun and dynamic place to attend and inspire kindness. Our After School Program provided 18 school clubs to engage our students in preferred and meaningful activities to keep our students engaged in positive activities after school.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Language Arts and Mathematics

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

All students will reach high academic standards in reading and mathematics.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase the capacity of teachers to deliver effective data-driven instruction
 To provide equipment, materials and technology resources that support high quality instruction
 To provide opportunities for teachers to collaborate to improve teaching and learning, including the implementation of Professional Learning Communities
 To provide professional development opportunities for teachers to enhance Tier 1 instruction in all classrooms.
 To identify essential standards, create rigorous pacing guides, and administer teacher created common assessments for ELA/Math/Science/Social Studies

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
CAASPP ELA Assessment	2024 preliminary Percentage of students who scored "Met or Exceeded standards": 6th grade - 27% 7th grade - 35% 8th grade - 29%	2025 Percentage of students who will score "Met or Exceeded standards": 6th grade - 42% 7th grade - 50% 8th grade - 44%
CAASPP Math Assessment	2024 preliminary Percentage of students who scored "Met or Exceeded standards": 6th grade - 15% 7th grade - 19% 8th grade - 16%	2025 Percentage of students who will score "Met or Exceeded standards": 6th grade - 30% 7th grade - 34% 8th grade - 31%

English Language Proficiency Assessment for California (ELPAC)	2024 preliminary Percentage of students who scored at a level 3 or 4: 6th grade - 46% 7th grade - 57% 8th grade - 61%	2025 Percentage of students who will score at a level 3 or 4 Assessment: 6th grade - 61% 7th grade - 72% 8th grade - 76%
Star Reading Assessment (End of Year)	2024 Percentage of students who scored At or Above Benchmark (level 3 or 4): 6th grade - 30% 7th grade - 13% 8th grade - 24%	2025 Percentage of students who will score At or Above Benchmark (level 3 or 4): Current 6th grade cohort - 45% Current 7th grade cohort - 50% Current 8th grade cohort - 39%
Star Math Assessment (End of Year)	2024 Percentage of students who scored At or Above Benchmark (level 3 or 4): 6th grade - 12% 7th grade - 19% 8th grade - 16%	2025 Percentage of students who will score At or Above Benchmark (level 3 or 4): Current 6th grade cohort - 27% Current 7th grade cohort - 34% Current 8th grade cohort - 31%

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/ Activity #	Description	Students to be Served	Proposed Expenditures
1.1	Provide instructional materials to support and supplement the core instructional program. This includes core curricular materials provided by the district to support all content areas; specifically, the biliteracy program, and intervention resources for ELD and AVID Excel courses.	All Students	37,358 LCFF 4000-4999: Books And Supplies Materials and supplies 12,000 LCFF 4000-4999: Books And Supplies Warehouse supplies 9,999 LCFF - Intervention 4000-4999: Books And Supplies Instructional intervention materials exclusively for DLI, ELD, and AVID Excel courses
1.2	Provide additional opportunities for teachers to support student progress towards grade level	All Students	4,899 Title I

	standards through teacher tutoring, clubs, enrichment, and parent trainings.		1000-1999: Certificated Personnel Salaries Certificated extra help 6,123 LCFF 1000-1999: Certificated Personnel Salaries Certificated Extra help 2,450 LCFF - Intervention 1000-1999: Certificated Personnel Salaries Certificated Extra help
1.3	Provide substitutes to allow for teacher release time during the regular school day for professional development, conferences, IEPs/SSTs, collaboration/curriculum planning and data analysis. An effort will be made to hold SST/IEP meetings at times that do not require teachers to miss instructional time, when possible. Substitutes will also be used to support teachers attending training for the Dual Language Program at Lopez Academy and progress monitoring meetings across departments and grade levels to plan tier-2 and tier-3 interventions for students performing below grade level.	All Students	6,123 Title I 1000-1999: Certificated Personnel Salaries Certificated sub-collaboration 6,123 LCFF 1000-1999: Certificated Personnel Salaries Certificated sub- IEPs 6,123 LCFF - Intervention 1000-1999: Certificated Personnel Salaries Certificated sub-teacher planning for interventions
1.4	Counselors will provide academic support and updates to students and families, with additional focus on ELL, Foster, and Homeless students.	Homeless Foster Youth English Learners	No additional cost
1.5	Provide opportunities for staff member(s) to attend the 2025 CABE Conference to acquire instructional strategies that support English Learners.	English Learners	5,000 Title III 5000-5999: Services And Other Operating Expenditures 2025 CABE Conference
1.6	Purchase new high interest reading books for the library with an emphasis on informational texts, but including all genres. Books will be at multiple grade levels to support students at all reading levels and varied interests. Purchased books will include titles in Spanish to support the Biliteracy Program. The books will also support the AR program. The Library/Media Tech (LMT) will support students to choose appropriate books and manage the library.	All Students English Learners	2,002 Title I 4000-4999: Books And Supplies Library books 4,501 Title III 4000-4999: Books And Supplies Books to support ELD/Excel District Funded 2000-2999: Classified Personnel Salaries LMT salary and benefits
1.7	Support the expansion of electives and clubs that support our school's academy focus of the arts and sciences.	All Students	ELOP

1.8	Provide instrument repair to support Lopez Academy Focus on instrumental music.	All Students	1,500 LCFF 5000-5999: Services And Other Operating Expenditures Instrument Repair
1.9	Provide online subscriptions for educational applications (such as BrainPop, Newsela, Flocabulary) to support English Learner students.	English Learners	8,000 Title III 5800: Professional/Consulting Services And Operating Expenditures Application licenses
1.10	Fund publication charges/Graphics to support classroom materials, parent communication letters and packets.	All Students	3,000 LCFF 5000-5999: Services And Other Operating Expenditures Publications/Graphics
1.11	Counselors will provide academic support and updates to students and families, with additional focus on ELL, Foster, and homeless students.	English Learners Foster Youth Homeless	No additional cost.
1.12	Provide additional hours for classified personnel to support the instructional programs and parent communication.	All Students	19,917 LCFF 2000-2999: Classified Personnel Salaries Clerical extra help & benefits-instructional program 11,675 Title I 2000-2999: Classified Personnel Salaries Clerical extra help & benefits-parent engagement
1.13	Provide Technology/Computer programs to support individual student learning through programs including Star, MyOn, Lexia, and ST Math as these programs play a key role in offering support and growth for students at their individual learning level. The district also provides the CANVAS learning management platform for all staff and students.	All Students	District Funded 5800: Professional/Consulting Services And Operating Expenditures Contracts-MyOn, Lexia, ST Math, Canvas
1.14	Fund Maintenance Agreements/Equipment Repairs/Service Fees for equipment necessary to support the instructional program.	All Students	2,500 LCFF 5000-5999: Services And Other Operating Expenditures Maintenance Agreements
1.15	Support teacher efficacy through observation and feedback cycles on a regular basis in order to strengthen Tier 1 instruction.	All Students	No additional cost
1.16	Continue with AVID professional development opportunities during staff meetings and SIP days to improve collaborative structures and strengthen Tier 1 instruction.	All Students English Learners	District Funded 5800: Professional/Consulting Services And Operating Expenditures Contract
1.17	Leadership Team will meet during school hours to strengthen school-wide systems for instruction and improved student achievement.	All Students	

			No additional cost
1.19	Utilize the District funded Ed Tech and English Learner TOSAs to support teacher implementation of best practices in the area of educational technology and English Language Acquisition.	English Learners All Students Students with Disabilities	District Funded 1000-1999: Certificated Personnel Salaries TOSA salaries & benefits
1.20	Utilize the District funded Math Manager and Math Teachers on Special Assignment (TOSAs) to support professional development opportunities for teachers and administrators in the area of math.	All Students Students with Disabilities English Learners	District Funded 1000-1999: Certificated Personnel Salaries Certificated salaries
1.22	Project based learning will be supported by the Youth Cinema Project (YCP) which collaborates with teachers and students to explore film making.	Socioeconomically Disadvantaged	District Funded 5800: Professional/Consulting Services And Operating Expenditures Contract
1.23	Provide the opportunity for students to participate in the TRIO Program (college preparation program for middle school students) through California Lutheran University.	Socioeconomically Disadvantaged	District Funded 5800: Professional/Consulting Services And Operating Expenditures Contract
1.24	Provide Lopez Academy Opportunity Classroom.	All Students	No additional cost
1.25	Professional Development regarding best instructional practices for English Learner students delivered by TOSAs.	English Learners	District Funded 1000-1999: Certificated Personnel Salaries TOSA salaries
1.26	Hire a full time Music Teacher using Prop 28 funds to support our strand focus.	All Students	107,575 Prop 28 1000-1999: Certificated Personnel Salaries Certificated salary and benefits 26,894 Prop 28 4000-4999: Books And Supplies Supplies for music program
1.29	Purchase technology equipment to support instruction.	All Students	9,000 LCFF 4000-4999: Books And Supplies Technology equipment
1.30	Provide field trip opportunities to support the instructional program and promote student engagement.	All Students	3,000 LCFF 5800: Professional/Consulting Services And Operating Expenditures Entrance Fees 3,000 LCFF 5000-5999: Services And Other Operating Expenditures

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Improving reading and math academic performance at Dr. Manuel M. Lopez Academy of Arts and Sciences during the 2023-2024 academic school year involved a comprehensive approach that aligned with our district's strategic plan (OSD Empowers) and theory of action focused on data analysis to enhance Tier 1 instruction. The activities outlined, including providing extra pay for teachers for progress monitoring meetings and Student Success Team (SST) meetings, purchasing grade-level library books, and offering professional development, directly supported this goal. By incentivizing teachers to engage in progress monitoring and SSTs, the school encouraged regular data-driven discussions to identify and address student needs promptly, thus aligning with the theory of action centered on data analysis.

Purchasing grade-level library books not only enriched resources but also fostered a culture of reading, essential for improving literacy skills. Professional development opportunities equipped teachers with effective instructional strategies tailored to address identified areas of improvement, enhancing Tier 1 instruction. Repairing instruments and purchasing licenses for educational apps and instructional materials enhanced the learning environment, providing diverse avenues for engagement and skill development in both reading and math.

Allocating extra hours for counselors and classified personnel to facilitate communication and collaboration enhanced support structures vital for student success. By fostering collaboration with Math Managers, district Teachers on Special Assignment, and participation in conferences like AVID and CAFE, educators gained insights into best practices, innovative strategies, and research-based methodologies, thus enriching their instructional approaches. Reviewing data and lesson planning collaboratively with district stakeholders further strengthened alignment with district goals and ensures a cohesive approach to instruction.

Allocating funds for field trips is fundamental to boosting student excitement and engagement and was essential during the 2023-2024 Academic School Year. Field trips provided students with hands-on learning experiences that enhanced their understanding of classroom material and stimulate their interest in various subjects. These excursions offered opportunities for real-world application of knowledge, making learning more relevant and dynamic. Furthermore, field trips were be a source of inspiration and motivation, encouraging students to pursue new interests and explore potential career paths. By investing in these experiences, Dr. Manuel M. Lopez Academy demonstrated a commitment to enriching students' educational journeys beyond the traditional classroom setting.

Overall, these activities created a holistic framework that addresses multiple facets of academic improvement, encompassing instructional support, resource enhancement, professional development, and collaborative practices. By integrating these initiatives within our theory of action, Dr. Manuel M. Lopez Academy of Arts and Sciences, fostered a culture of continuous improvement, effectively leveraging data analysis to enhance Tier 1 instruction and ultimately improve reading and math academic performance as highlighted on the preliminary 2024 CAASPP assessment results.

Upon reviewing the strategies for the 2023-2024 Academic School Year, unfortunately the AVID professional development opportunities was very limited for this school year due to change of staffing. For example, none of the three staff members that attended the AVID Conference in the summer of 2023, returned to Lopez during the 2023-2024 Academic School Year. This impacted their ability to incorporate effective AVID strategies in their Tier 1 instruction at Lopez. Also, a change in regional management limited the opportunities for the staff to receive professional development in staff meetings during the 2023-2024 Academic School Year.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Upon reviewing the strategies for the 2023-2024 Academic School Year, unfortunately the AVID professional development opportunities, was very limited for this school year due to change of staffing. For example, none of the

three staff members that attended the AVID Conference in the summer of 2023, returned to Lopez during the 2023-2024 Academic School Year. This impacted their ability to incorporate effective AVID strategies in their tier-1 instruction at Lopez. Also, a change in regional management limited the opportunities for the staff to receive professional development in staff meetings during the 2023-2024 Academic School Year.

In addition, to reward students who attended school regularly, met their AR goals, displayed good behavior, earned student of the month recognition, met their trimester AR goals, and achieved academic excellence in their Report Card, I intended to purchase rewards for the students. Upon a conversation with Child Nutrition Services at the beginning of the 2023-2024 Academic School Year, they agreed to support all of these incentives during the school year, therefore, no additional costs to the site were needed. Also, the school had a significant number of t shirts, water bottles, hats, and other materials. It was not necessary for the school to purchase additional materials for the 2023-2024 Academic School Year.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The notable academic growth observed in reading and mathematics during the 2023-2024 Academic School Year provides compelling evidence of the efficacy of the current initiatives aimed at improving academic achievement at Dr. Manuel M. Lopez Academy of Arts and Sciences. This success serves as a strong foundation upon which to build, reaffirming the decision to continue with the same activities in the upcoming academic year. By maintaining consistency in approach, the school can capitalize on the momentum gained and further solidify gains in student learning outcomes.

To enhance the impact of these activities, the school recognizes the need to refine its theory of action to be more strategic and targeted, particularly regarding lesson planning and data analysis within Professional Learning Communities (PLCs). By sharpening the focus on these key areas, teachers can more effectively tailor instruction to meet the specific needs of their students, thereby maximizing learning opportunities. This strategic refinement reflects a commitment to continuous improvement and ensures that resources are allocated efficiently to areas where they can have the greatest impact on academic growth.

Central to this strategy is the ongoing growth of teachers' capacity through professional development and instructional support, in alignment with the OSD Empowers strategic plan. By investing in the professional growth of educators, the school cultivates a culture of excellence and innovation, where teachers are empowered with the knowledge and skills needed to facilitate student success. This investment not only benefits individual educators but also has a ripple effect throughout the entire school community, as enhanced teaching practices translate into improved learning experiences for students.

In summary, the decision to continue with the same activities to improve academic achievement is well-founded, given the positive academic growth observed. By refining the theory of action, focusing on strategic lesson planning and data analysis within PLCs, and prioritizing teacher development and support, Dr. Manuel M. Lopez Academy of Arts and Sciences is poised to build upon its successes and further elevate student outcomes in the coming academic year.

For the 2024-2025 Academic School Year, we will prioritize to build educator instructional capacity by sending multiple people to the 2024 Summer AVID Conference and making sure that we calendar multiple days for an AVID facilitator to visit Lopez Academy during SIP and staff meeting dates. In addition, some of the funds from materials and supplies will be used to purchase incentives for students to reward them for academic achievement, meeting their AR reading goals, reaching their ST Math minutes, being Student of the Month, earning good grades during the trimester, and displaying qualities of our Guidelines for Success.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 2

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Social Emotional Support and School Climate

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase positive attendance
 To decrease the suspension rate
 To increase positive behavior
 To ensure a safe environment
 To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Suspension Data	2024 Suspension rate - 8%	2025 Decrease suspension rate by 3%.
Attendance Data	2024 Daily average attendance rate: 91.75% Chronic Absenteeism: 28.6%	2025 Daily average attendance will improve by 3.5%. The Chronic Absenteeism rate will decline by 5%.
Panorama Social-Emotional Survey - Total Student Participation	2024 92% of students responded to the spring administration window.	2025 95% of all students will take the Panorama Survey during each administration window.
Panorama Social-Emotional Survey - Strong Sense of Belonging Strong Teacher-Student Relationship	2024 Percentage of positive student responses: Strong Sense of Belonging - 44% Strong Teacher-Student Relationship - 50%	2025 Percentage of positive student responses: Strong Sense of Belonging - 59% Strong Teacher-Student Relationship - 65%

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/ Activity #	Description	Students to be Served	Proposed Expenditures
2.1	Continue implementation of the PBIS/STOIC and Restorative Justice model both in the classroom and throughout the campus, with the PBIS Committee identifying next steps for school-wide CHAMPS and restorative justice strategies.	All Students	No additional cost
2.2	Distribute weekly JAG tickets to students who follow our Guidelines of Success. Students earn an incentive for each Jag Ticket collected.	All Students	1,000 LCFF 4000-4999: Books And Supplies Incentives
2.3	Purchase additional individual and school-wide incentive materials (t-shirts, spirit wear, etc.) to encourage and incentivize students to stay engaged academically and socially.	All Students	3,000 LCFF 4000-4999: Books And Supplies Student Incentives
2.4	Provide Counselor extra hours to support students' academic and social-emotional well being outside of the school day.	All Students	2,327 Title I 1000-1999: Certificated Personnel Salaries Counselor Extra Hours & benefits
2.5	A collaborative team, including certificated and classified staff and administrators, will develop and implement elements of the annual School Safety Plan with emergency drills.	All Students	No additional cost
2.6	Provide custodial overtime/extra hours to assist in maintaining a clean and welcoming campus environment for all students.	All Students	2,060 LCFF 2000-2999: Classified Personnel Salaries Custodian Extra Hours & benefits
2.7	Provide additional hours for campus assistants to assist in providing students with a safe and welcoming campus environment.	All Students	LCFF 2000-2999: Classified Personnel Salaries Campus Assistant Extra Hours & benefits
2.8	District provides 2 full time counselors for Lopez Academy. Counselors support the academic and social-emotional learning of students. Counselors also facilitate the Panorama Survey throughout the school year.	All Students	District Funded 1000-1999: Certificated Personnel Salaries Counselor Salaries & benefits
2.9	District provides an Outreach Specialist (ORC) that collaborates with office staff, school staff, and families to provide support., including attendance monitoring, home visits, and coordinating the COST/SST Process.	All Students	District Funded 2000-2999: Classified Personnel Salaries ORC Salary & benefits

2.11	Hold monthly attendance meetings during school hours to closely monitor students.	All Students Foster Youth Homeless	No additional cost
2.12	Open a Wellness Center that will operate throughout the school day, especially nutrition and lunch, to support social-emotional growth.	All Students	District Funded 4000-4999: Books And Supplies VCOE grant
2.13	Hire an additional part-time Campus Assistant to support with student safety.	All Students	34,151 LCFF 2000-2999: Classified Personnel Salaries Campus assisitant salary + benefits
2.14	Offer a School Resource Officer (SRO) to support with school safety and counsel students.	All Students	District Funded 5800: Professional/Consulting Services And Operating Expenditures Contract
2.15	Adopt a 100-Point Merit System to ensure positive behavior throughout campus. CNS will support celebratiosn with food for students.	All Students	No additional cost
2.16	Invite SALUS to train our campus assistants with effective strategies for supervision and hold assemblies to develop positive character traits.	All Students	District Funded 5800: Professional/Consulting Services And Operating Expenditures Contract
2.17	Support the WEB (Where Everyone Belongs) program to support in maintaining a positive school culture, support student engagement, and provide social emotional support for all students.	All Students	No additional cost

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Providing extra hours for campus assistants at Dr. Manuel M. Lopez Academy of Arts and Sciences significantly enhanced the welcoming environment during school-wide events such as Dia de los Muertos, the 5 de Mayo festival, Open House, Back to School Night, and parent workshops. Campus Assistants were available for extended hours to offer consistent support, guidance, and information to parents and students alike. This increased presence ensured that any questions or concerns are promptly addressed, contributing to a more organized and enjoyable experience for everyone involved. The campus assistant's role in greeting and assisting families fostered a sense of belonging and community, making these events more inclusive and engaging.

Ensuring extra hours for custodial staff was essential to maintaining a clean and inviting campus, which is crucial for both daily operations and special events. A well-maintained environment reflected the school's dedication to providing a safe and healthy space for students, staff, and visitors. During events like Dia de los Muertos, the 5 de Mayo festival, and Open House, a clean and orderly campus enhanced the overall experience, making it more enjoyable and

memorable for attendees. Additionally, a tidy and well-kept environment promoted a positive school culture, where students and staff took pride in their surroundings, leading to greater respect for school property and better overall behavior.

Combining these efforts—extending hours for campus assistants, custodians, ORC, and counselors, created a holistic approach to improving the school environment and community engagement as their presence ensured a welcoming atmosphere. Meanwhile, extra custodial support guaranteed that the physical environment was conducive to learning and community activities. These initiatives collectively contributed to a more dynamic and supportive educational experience, aligning with Dr. Manuel M. Lopez Academy's goals of fostering an inclusive and engaging school community. By addressing these key areas, the academy was better equipped to support the academic and personal growth of our students and built stronger connections with our families.

In the 2023-2024 Academic School year, we received the outstanding support of a School Resource Officer who supported with sensitive matters at school and was very visible during school hours, especially during nutrition, lunch, and dismissal. This ensured a safe campus throughout the school year and supported Lopez Academy reach it's goal of keeping suspensions under 8% this school year. Also, SALUS, held several assemblies for students to teach coping strategies to build their character as they navigate middle school years.

This year, we implemented weekly incentives where students were recognized with JAG tickets when displaying a character trait highlighted in our Guidelines of Success. Students were able to cash in their JAG tickets every Friday during lunch time. Students enjoyed earning JAG tickets and were motivated to earn Student of the Month awards as they were publicly recognized, earned a pizza party, and certificate. Also, we adopted a 100-Point Merit System as a tier-1 school-wide behavior plan to monitor student behavior and reward students with a field day at the end of the Trimester. Students were given many opportunities for to make up points, especially with community service opportunities. This plan was highly effective as it ensured positive school-wide behaviors that improved attendance, supported academic growth, and reduced suspensions by 3% during the 2023-2024 Academic School Year.

Our two school counselors opened our Wellness Center every day during nutrition and lunch time for students to have a safe place to socialize and gave them an opportunity to check in with them during unstructured times. This supported a safe-learning environment where students connected with an adult and built positive relationships with other students.

As we strived to improve attendance, maximize student learning, and reduce our high chronic absenteeism rate, we ran monthly attendance reports and met with students who were adding multiple absences. These assemblies were held during 2nd period as our ORC and Attendance Tech reviewed important information with our students in hope to educate them and allow them to become chronically absent.

Finally, our PBIS and Leadership teams managed to meet several times during the school year to develop strong PBIS and School Safety Plans that ensured that our school effectively developed systems to ensure the safety and well-being of our students and staff, especially during school-wide emergencies.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The proposed activities for the 2023-2024 Academic School Year under goal 3 perfectly aligned with our allocated budget. For the upcoming school year, additional funds will be allocated for incentives to ensure a safe learning environment and we will increase the amount of assemblies held by our School Resource Officer and SALUS with our staff and students. Also, we will increase the involvement of our SRO and SALUS in school-wide safety drills to ensure that we develop strong safety plans where the staff feels prepared to support in the event of an emergency.

Although we scheduled several PBIS meetings this school year, several of these meetings were canceled or a few staff members were subbed out to attend district-wide workshops with PBIS. Unfortunately, only one administrator, one counselor, and one teacher were able to attend these meetings, impacting the influence of these successful systems at our school. Also, although attendance meetings were held, these meetings did not take effect until January 2024, therefore, several students were chronically absent by this time as this effective strategy to ensure strong attendance, took time to implement during the 2023-2024 school year. In addition, SALUS held several assemblies, however, these meetings were held on the last three months on the school year, instead of early on. Overall, several successful measures were incorporated, however, they were implemented well into the school year, reducing the impact and success it would have had if they were done at the beginning of the 2023-2024 Academic School year.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

For the 2024-2025 Academic School year, additional funds will be allocated for incentives to ensure a safe learning environment where students engage in positive behaviors. Lopez Academy will increase the amount of assemblies held by our School Resource Officer and SALUS with our staff and students since August 2024, to ensure that we maximize the support these two resources offer. Also, we will increase the involvement of our SRO and SALUS in school-wide safety drills to ensure that we develop strong safety plans where the staff feels prepared to support in the event of an emergency.

Although our 100-Point Merit System was highly successful, it is important to celebrate our students who are maintaining 97 points or more every six weeks, instead of every trimester. We will display posters every three weeks to inform our students of how many points they have in the 100-Point Merit System and allow them time to make up points by performing community service activities.

Finally, our monthly attendance meetings will be held since the beginning of the school year to significantly reduce the amount of students who become chronically absent by closely monitoring students who are adding absences. The amount of staff members who attend PBIS workshops will be increased to ensure that a significant and influential group of students attend district-wide PBIS meetings.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 3

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Parent and Family Engagement

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase communication through websites and social media so parents and community are informed about district and school instructional programs and activities.

To facilitate parent involvement in the educational and social-emotional well-being of their children.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Parent Attendance at Fall Conferences	Fall 2023 Parent attendance at conferences was approximately 90%, as reported by sign in sheets.	Fall 2024 Increase parents participating in parent conferences to 95%.
Average Attendance at ELAC	2024 An average of 16 parents attended ELAC, as recorded by sign in data on zoom.	2025 Average attendance for ELAC will increase to 30 families.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/Activity #	Description	Students to be Served	Proposed Expenditures
3.1	Provide verbal translation as necessary to encourage parent participation on campus, including Back to School Night, Dia de los Muertos and 5 de Mayo festivals, Open House, ELAC, SSC, student conferences, parent workshops and all other opportunities for parent engagement.		8,001 Title III 2000-2999: Classified Personnel Salaries Verbal translation

3.2	The Social Media team will support teachers in documenting instructional events for publication online or through social media to highlight learning opportunities taking place at Lopez. Social media accounts include Facebook, X (formerly known as Twitter), Instagram, and our school YouTube channel.		No additional Cost
3.3	Update the Student-Parent Compact and Parent Involvement Policy with feedback from stakeholders and distribute to parents.		No additional cost
3.4	Invite parents to attend parent/teacher conferences in November and February to discuss student academic progress and review promotion criteria.		No additional cost
3.5	Hold Title 1/parent meetings throughout the year to inform stakeholders about Title 1 funding and how it is utilized to support all students.		No additional cost
3.6	Counselors host high school transition information meetings for parents to meet high school counselors to learn about registration and orientation dates, opportunities for parent involvement in high school, A-G requirements, and electives.		No additional cost
3.7	Provide Outreach Specialist to work with families for parent workshops, address chronic absenteeism, conduct home visits, and other parent training activities throughout the school year.		District Funded 2000-2999: Classified Personnel Salaries No additional cost
3.9	Promote/encourage parent participation in the district-wide Project 2 Inspire trainings.		District Funded 5800: Professional/Consulting Services And Operating Expenditures Project 2 Inspire
3.10	Continue to provide collaborative meetings with stakeholders through ELAC, SSC, and other formats. These meetings will be held virtually and in person to involve as many parents as possible.		No additional cost
3.11	Continue a 5 hour bilingual office assistant to assist with contacting parents, assisting with home visits, and helping foster effective communication between the school and Lopez Academy students/families.		47,361 Title I 2000-2999: Classified Personnel Salaries Clerical salary & benefits
3.12	Invite community agencies to attend cultural events (5 de Mayo festival, Dia de los Muertos holiday, Open House, and Back to School Night).		No additional cost

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Dr. Manuel M. Lopez Academy's provided families with access to an Outreach Resource Specialist (ORC), employed a five-hour bilingual assistant, and ensured translators for school-wide events signified a robust commitment to fostering an inclusive and supportive educational environment. This initiative aligned with the OSD Empowers goal of enhancing community engagement, reflecting the school's dedication to address the diverse needs of our student body and our families. By increasing the accessibility of resources and creating more opportunities for meaningful interaction, Lopez Academy took significant steps toward building a more cohesive and supportive community.

Firstly, extending the hours of the ORC enabled a deeper and more sustained connection with students and their families. The ORC played a crucial role in bridging gaps between home and school, particularly for families who might struggle with language barriers or unfamiliarity with the educational system. More hours meant that the ORC could provide more personalized support, conduct outreach to more families, and facilitate smoother transitions for students. This proactive approach helped build trust and encouraged greater parental involvement, which is a critical factor in student success.

Secondly, the presence of a bilingual assistant in the office for five hours each day ensured that language barriers did not impede communication between the school and non-English-speaking families. This staff member assisted with daily inquiries, administrative tasks, and emergency situations, ensuring that all families received the information and support they need. By addressing language barriers directly, Lopez Academy fostered an inclusive atmosphere where every family felt valued and heard, promoting better engagement and cooperation.

Moreover, providing translators and community agencies at major school events like Dia de los Muertos, 5 de Mayo, Back to School Night, Open House, the Spring musical concert, and various workshops underscored our school's commitment to inclusivity. These events were pivotal in building a strong school community and ensuring that all families could fully participate. Translators ensured that non-English-speaking parents could understand and engage with the content and context of these events, leading to a more unified school community where cultural diversity was celebrated and embraced.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The proposed activities for the 2023-2024 Academic School Year under goal 3 perfectly aligned with our allocated budget, however, there were some activities that could be strengthened. For example, although we offered ELA and PTA meetings, the number of parent involvement in these meetings was lower than previous years, therefore, it is critical to explore ways to increase the amount of parents that attend. Also, although our school counselors held high school informational meetings throughout the school year, these meetings could have been held earlier on to ensure that students were monitoring their GPA earlier on and registered for high school earlier as well. Most of these meetings were held well into the 2023-2024 Academic School Year and it kept students from receiving the information earlier on.

Finally, although we planned to develop a Social Media team with multiple participants, the media team constituted of the principal, counselor, and IT tech. It was important for this team to include teachers and classified staff members to ensure that multiple social media outlets received important school-wide information and accessed posts.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

For the 2024-2025 Academic School Year, it is important to recruit additional staff members to join the Social Media group to increase the influence of school in multiple social media platforms. This will ensure that communication is sent in a timely manner as well. In order to increase parent participation in ELAC, Project to Inspire, SSC, Title 1, and PTA meetings, we will hold these meetings in different times to accommodate parents work schedule and ensure that translation is offered for Spanish-speaking families to join and feel comfortable to participate.

Finally, high school assemblies will be calendared and held on earlier in the school year to ensure that 8th grade students are fully aware of A-G requirements, registration, and important of their grades and GPA as they transition to high school.

Budget Summary

Complete the Budget Summary Table below. Schools may include additional information, and adjust the table as needed. The Budget Summary is required for schools funded through the Consolidated Application (ConApp).

Budget Summary

DESCRIPTION	AMOUNT
Total Funds Provided to the School Through the Consolidated Application	\$99,889.00
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$396,662.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0

Other Federal, State, and Local Funds

List the additional Federal programs that the school includes in the schoolwide program. Adjust the table as needed.

Note: If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.

Federal Programs	Allocation (\$)
Title I	\$74,387.00
Title III	\$25,502.00

Subtotal of additional federal funds included for this school: \$99,889.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Allocation (\$)
LCFF	\$143,732.00
LCFF - Intervention	\$18,572.00
Prop 28	\$134,469.00

Subtotal of state or local funds included for this school: \$296,773.00

Total of federal, state, and/or local funds for this school: \$396,662.00

Budgeted Funds and Expenditures in this Plan

The tables below are provided to help the school track expenditures as they relate to funds budgeted to the school.

Funds Budgeted to the School by Funding Source

Funding Source	Amount	Balance
Title I	74,387.00	0.00
Title III	25,502.00	0.00
LCFF	143,732.00	0.00
LCFF - Intervention	18,572.00	0.00
Prop 28	134,469.00	0.00

Expenditures by Funding Source

Funding Source	Amount
LCFF	143,732.00
LCFF - Intervention	18,572.00
Prop 28	134,469.00
Title I	74,387.00
Title III	25,502.00

Expenditures by Budget Reference

Budget Reference	Amount
1000-1999: Certificated Personnel Salaries	141,743.00
2000-2999: Classified Personnel Salaries	123,165.00
4000-4999: Books And Supplies	105,754.00
5000-5999: Services And Other Operating Expenditures	15,000.00
5800: Professional/Consulting Services And Operating Expenditures	11,000.00

Expenditures by Budget Reference and Funding Source

Budget Reference

Funding Source

Amount

1000-1999: Certificated Personnel Salaries	LCFF	12,246.00
2000-2999: Classified Personnel Salaries	LCFF	56,128.00
4000-4999: Books And Supplies	LCFF	62,358.00
5000-5999: Services And Other Operating Expenditures	LCFF	10,000.00
5800: Professional/Consulting Services And Operating Expenditures	LCFF	3,000.00
1000-1999: Certificated Personnel Salaries	LCFF - Intervention	8,573.00
4000-4999: Books And Supplies	LCFF - Intervention	9,999.00
1000-1999: Certificated Personnel Salaries	Prop 28	107,575.00
4000-4999: Books And Supplies	Prop 28	26,894.00
1000-1999: Certificated Personnel Salaries	Title I	13,349.00
2000-2999: Classified Personnel Salaries	Title I	59,036.00
4000-4999: Books And Supplies	Title I	2,002.00
2000-2999: Classified Personnel Salaries	Title III	8,001.00
4000-4999: Books And Supplies	Title III	4,501.00
5000-5999: Services And Other Operating Expenditures	Title III	5,000.00
5800: Professional/Consulting Services And Operating Expenditures	Title III	8,000.00

Expenditures by Goal

Goal Number	Total Expenditures
Goal 1	298,762.00
Goal 2	42,538.00
Goal 3	55,362.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 4 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members
- 1 Secondary Students

Name of Members	Role
Mr. Genaro Magana	Principal
Eric Steiner	Classroom Teacher
Ariadna Vega	Classroom Teacher
Nancy Rivero Leon	Classroom Teacher
Janet Marks	Classroom Teacher
Jaime Luna	Other School Staff
Juana Quintal	Parent or Community Member
Maria Teresa Ramirez	Parent or Community Member
Carolina De Leon	Parent or Community Member
Alicia Diaz	Parent or Community Member
Lorena Siquieros	Parent or Community Member
Maleah Rudy	Secondary Student

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 5/15/2024.

Attested:

Principal, Mr. Genaro Magana on May 15, 2024

SSC Chairperson, Juana Quintal on May 15, 2024

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

Instructions: Table of Contents

- Plan Description
- Educational Partner Involvement
- Comprehensive Needs Assessment
- Goals, Strategies/Activities, and Expenditures
- Annual Review
- Budget Summary
- Appendix A: Plan Requirements for Title I Schoolwide Programs
- Appendix B: Select State and Federal Programs

For additional questions or technical assistance related to LEA and school planning, please contact the CDE's Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the LEA, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:

Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:

When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- Strategy/Activity #: Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- Description: Describe the strategy/activity.
- Students to be Served: Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- Proposed Expenditures: List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to EC Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- Funding Sources: List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
 - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
 - a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. Use methods and instructional strategies that:
 - i. Strengthen the academic program in the school,
 - ii. Increase the amount and quality of learning time, and
 - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. Strategies to improve students' skills outside the academic subject areas;
 - ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: Title 34 of the *Code of Federal Regulations (34 CFR)*, sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. *EC* sections 64001 et. seq.

Appendix B: Plan Requirements for School to CSI/ATSI Planning Requirements

For questions or technical assistance related to meeting federal school improvement planning requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

CSI Resources

For additional CSI resources, please see the following links:

- **CSI Planning Requirements** (see Planning Requirements tab):
<https://www.cde.ca.gov/sp/sw/t1/csi.asp>
- **CSI Webinars:** <https://www.cde.ca.gov/sp/sw/t1/csiwebinars.asp>
- **CSI Planning Summary for Charters and Single-school Districts:**
<https://www.cde.ca.gov/sp/sw/t1/csiplansummary.asp>

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Updated by the California Department of Education, October 2023

School Plan for Student Achievement (SPSA)

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Marina West Elementary School	56725386055347	May 31, 2024	August 21, 2024

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Marina West Elementary School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Marina West Elementary School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

Marina West School will focus on teaching and learning to successfully meet the needs of all students. Our goal is provide students a rigorous learning environment that will enable each student at Marina West to reflect the traits of the Oxnard School District's Student Profile:

- * Confident and solution oriented, able to demonstrate a growth mindset and be able to advocate for themselves and others
- * Collaborative learners able to communicate and learn with and through others
- * Creative writers, successful readers and mathematical thinkers
- * High School, college and career ready
- * Technologically, artistically, academically, and linguistically prepared to succeed and lead
- * Compassionate, multilingual, multicultural, and global thinkers
- * Able to demonstrate their knowledge on state and local measures in all academic areas

This will be accomplished through an intentional focus on providing our students with a challenging academic program by emphasizing full implementation of Common Core State Standards (CCSS). There is an emphasis on technology through the implementation of 1:1 devices for all students in grades TK-5, including supporting instructional apps and programs such as Lexia, ST Math and Star assessments. We will use the district-adopted curricula of World of Wonders (TK), Wonders (K-5), My Math, Twig Science and Social Studies Alive! To provide further support, we use intervention programs such as PALS, SIPPS and Read Naturally. The teaching staff at Marina West is committed to the process of implementing CCSS and dedicated to higher level thinking and learning for all students. Our teaching staff is collaboratively teaming in Language Arts and ELD to meet the individual needs of our student population. Teachers focus on data driven instruction, assess students regularly to monitor student growth in the core areas and meet to analyze student data results after the assessments to plan instruction and student interventions.

Marina West will focus on Positive Behavior Intervention Supports through the use of CHAMPs and MTSS to meet the needs of the whole child including academics, behavior and social/emotional needs. Parents and community members will play an active role in the daily school activities with multiple opportunities to volunteer and participate in the school's educational program. Marina West maintains continual communication with all stakeholders through SSC, ELAC, Title I meetings, Coffee with the Principal, PTA meetings, a monthly informational calendar, Parent Square, marquee messages, the school website and X (formerly Twitter).

Our strand focus is Environmental Science and Creative Arts. When you visit classrooms at Marina West, you will see us intentionally fostering skills essential for environmental scientists such as teamwork, problem solving, an investigative mind, observation skills, critical thinking, and innovative thinking. These skills are woven throughout and strengthened across disciplines. All grades have the opportunity to rotate through the STEAM lab on a weekly basis to strengthen not only science but technology, engineering, art, and mathematics. Teachers make use of varied activities to engage students and creatively foster our students' imaginations.

Marina West Mission: At Marina West School, we believe all students deserve an education that incorporates a meaning-centered, integrated curriculum, requiring critical thinking and the use of educational technology in a safe learning environment. We believe students should be actively involved in a respectful, caring, cohesive educational community.

Marina West Vision: At Marina West, we provide a safe and nurturing learning environment where each child and adult is valued and respected in an atmosphere that promotes the attainment of one's academic, social, and emotional potential. It is a place where we work together to develop exemplary character traits and scholarly attributes that all students will need for success in life. We strive for excellence, which is recognized and celebrated on a continual basis.

Educational Partner Involvement

How, when, and with whom did Marina West Elementary School consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Parents are partners in their children's educations. We offer opportunities for parents to be involved through school-wide events and parent advisory committees. Examples of advisory committees are School Site Council, English Learner Advisory Committee, Title 1, and "Coffee with the Principal", during which parents receive information and have input into critical decisions. Examples of school-wide events are family nights, Books and Blankets and carnival.

The School Leadership Team and school Principal work together in writing, planning and updating the SPSA. The English Learner Advisory Committee provided input and feedback to the School Site Council. School Site Council reviewed and updated the SPSA before approving the SPSA at the meeting on May 31, 2024. Constant review of district data through Star and CAASPP results were used in guiding the direction and allocation of funds to support student success. Input for this School Plan was provided between March-May 2024.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

During the 2023-24 school year, resource inequities were due to time and staffing. As part of tier 2 support, Marina West has a Literacy Intervention Teacher (LIT), an Intervention Service Provider (ISP) and two paraeducators on site to support students who need extra support. Due to a substitute shortage in the district and county, the LIT and the ISP were pulled to substitute in classrooms several times. As a result, they were unable to support students identified for this targeted support consistently.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

Marina West student outcomes in the orange performance category were English language arts and suspension rate. While we increased 6.5 points in language arts, we are 74 points below standard. Students with disabilities scored within the red category. English learners, Hispanic, socioeconomically disadvantaged scored within the orange category.

In regard to suspension rate, 2.5% of Marina West students were suspended at least one day. This is about 12 students out of 491. Hispanic, socioeconomically disadvantaged, and students with disabilities are the student groups with the orange category. English learners is the student group within the yellow category. To better support students within the orange and red groups, we plan to continue focusing on standards based first instruction using grade level based board approved curriculum, monitoring instruction and intervening with support. We plan to continue walk-throughs in the classroom, student monitoring conferences to identify needs and implement our MTSS model of support.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the "all student" performance.

Student groups in which performance is two or more performance levels below the "all student" performance is students with disabilities in the areas of English language arts and mathematics. We tested 65 students with disabilities in grades 3-5. Based on performance data, this student group needs significant improvement. In order to support growth, we will continue to support students through student monitoring conferences, small group instruction, ensuring their IEP goals are grade level appropriate and provide scaffolds to ensure academic and social emotional needs are met.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

Other data we collected and analyzed to identify needs is the Panorama survey. School level teams such as PBIS looked at the data collected at the beginning of the 23-24 school year and determined the need was in the area of emotion regulation (52%) and student engagement (65%). Our site counselor invited classes schoolwide to the Wellness Center where she delivered lessons and conducted activities focused on those areas. Attendance was an area that needed attention and focus. We had an attendance campaign targeted to those student that had excessive absences. We communicated frequently and supported both students and families.

School and Student Performance Data

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Marina West Elementary School. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
American Indian	%	0%	%		0	
African American	1.57%	1.83%	1.17%	8	9	5
Asian	%	0%	%		0	
Filipino	0.59%	0.41%	0.70%	3	2	3
Hispanic/Latino	93.91%	93.28%	93.46%	478	458	400
Pacific Islander	0.20%	0.2%	%	1	1	
White	3.34%	3.46%	3.50%	17	17	15
Multiple/No Response	0.39%	0.81%	1.17%	2	4	5
Total Enrollment				509	491	428

Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	21-22	22-23	23-24
Kindergarten	99	83	52
Grade 1	73	96	45
Grade 2	78	72	93
Grade3	78	76	71
Grade 4	89	74	67
Grade 5	92	90	75
Total Enrollment	509	491	428

Conclusions based on this data:

Student enrollment at Marina West is declining. This may be due to a variety of factors, which may include the high cost of living in our area and post pandemic challenges. Most student groups at Marina West declined, with the exception of first grade which has increased. The largest group represented at Marina West are Hispanic/Latino with over 93%. We also have other groups represented in smaller numbers: white- 3.46%, African American- 1.83, Filipino- 0.41%, Pacific Islander- 0.2% and multiple/no response at 0.81%. At Marina West, we recognize we have diverse classrooms and build on students' individual and cultural experiences and their prior knowledge. Teachers ensure that their lessons promote equity and inclusivity in the classroom. Some culturally responsive strategies which have been observed are: activating prior knowledge, making learning contextual, and presenting content in multiple forms. Our Outreach

Coordinator supports by monitoring student attendance, focusing on our sub-group attendance, and reaching out to families.

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
English Learners	230	205	157	43.70%	45.2%	36.6%
Fluent English Proficient (FEP)	28	21	23	9.00%	5.5%	5.4%
Reclassified Fluent English Proficient (RFEP)		14		5.6%		

Conclusions based on this data:

Marina West reclassified 19 general education students in the 2023-24 school year. The number of English learners and Fluent English Proficient students decreased. The number of English learners decreased to 157 and fluent English proficient students decreased to 23. A factor could be due to declining enrollment at the school level. We will continue to monitor English learners and ensure there is a designated ELD block with instruction focused on each student's language proficiency level and integrated ELD throughout the disciplines. We will continue to use Title III funds to provide after-school tutoring to English Learners to help increase student achievement as well as make use of the after school Lexia and ST Math labs for additional support.

School and Student Performance Data

Star Early Literacy

Marina West Elementary School											
		Less than Proficient				Proficient				Star Early Literacy Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade K	58	21	36%	9	16%	16	28%	12	21%	Level 2	761
Grade 1	49	14	29%	11	22%	18	37%	6	12%	Level 2	828
Grade 2	21	21	100%	0	0%	0	0%	0	0%	Level 1	730

Conclusions based on this data:

Star Early Literacy average scores indicate most Kindergarten and first grade students tested are Late Emergent and On Watch stage of literacy. These students are beginning to read basic picture books, build their vocabularies and understand print. They will benefit from targeted support in small groups to focus on specific skills during flexible learning groups, Literacy Intervention Teacher, and paraeducator support. The exam identified basic literacy areas where additional support is needed. 13% of Kindergarteners are At/Above benchmark and 20% of first graders are at At/Above benchmark.

School and Student Performance Data

Star Reading

Marina West Elementary School											
		Less than Proficient				Proficient				Star Reading Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 2	93	41	44%	20	22%	18	19%	14	15%	Level 1	884
Grade 3	69	36	52%	15	22%	14	20%	4	6%	Level 1	924
Grade 4	66	39	59%	15	23%	10	15%	2	3%	Level 1	940
Grade 5	69	33	48%	14	20%	15	22%	7	10%	Level 1	989

Conclusions based on this data:

Based on end of year Star Reading district benchmark data, 41% of classes assessed during the 2023-24 school year, ended the year with a lower percent percent proficient than they started at the beginning of the year. This also means that 59% of classes assessed completed the year with a higher percent proficient than they started with. All the second grades classes, one third grade and one fourth grade class met their SPSA reading goal. The data is telling us that the acquisition of new, grade level concepts are not yet mastered and more thorough instruction must be done to solidify skills and concepts.

School and Student Performance Data

Star Math

Marina West Elementary School											
		Less than Proficient				Proficient					
		Level 1		Level 2		Level 3		Level 4		Star Math Average	
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 1	49	8	16%	21	43%	19	39%	1	2%	Level 2	850
Grade 2	97	46	47%	18	19%	26	27%	7	7%	Level 1	886
Grade 3	71	25	35%	21	30%	19	27%	6	8%	Level 2	949
Grade 4	66	26	39%	22	33%	11	17%	7	11%	Level 2	988
Grade 5	68	42	62%	14	21%	8	12%	4	6%	Level 1	1006

Conclusions based on this data:

End of year Star Math results show that all classes (with the exception of three), had more students proficient at the end of the year than the beginning. The average gain between all classes that had an increase is 12%. In order to continue with growth, the lower grades will require significant work in number sense while in the upper grades, it will require number sense but a special focus on automaticity with multiplication, multi-step problems, and word problems. The focus will be on addressing review and extra support in smaller flexible learning groups and tutoring.

School and Student Performance Data

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Overall Participation for All Students												
Grade Level	# of Students Enrolled			# of Students Tested			# of Students with Scores			% of Enrolled Students Tested		
	20-21	21-22	22-23	20-21	21-22	22-23	20-21	21-22	22-23	20-21	21-22	22-23
Grade 3		76	74		74	73		74	73		97.4	98.6

Conclusions based on this data:

Preliminary CAASPP scores at Marina West indicate that grades 3 and 4 increased proficiency. Grades 3 grew from 16% in 2023 to 23% in 2024. Grade 4 grew from 16% to 24%. Grade 5 is the grade that had fewer students proficient than in 2023. Grade 5 had 35% proficient in 2023 and only 25% proficient in 2024. At Marina West, we are continuing to focus on ensuring students are provided with multiple opportunities to develop literacy and intervene with additional support through flexible learning groups, tutoring, literacy intervention specialist and paraeducator support.

School and Student Performance Data

CAASPP Results Mathematics (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Grade 5		1.12	4.35		47.19	55.43		51.69	40.22
All Grades		1.98	2.53		50.79	51.90		47.22	45.57

In order to protect student privacy, an asterisk (*) will be displayed for enrolled and tested counts for fewer than 4 students and for assessment results for fewer than 11 students. "N/A" will be displayed instead of a number on test results where no data is found for the specific report.

Conclusions based on this data:

Marina West's CAASPP math data shows that grades 3 and 4 increased significantly. Grade 3 increased from 20% in 2023 to 39% in 2024. Grade 4 went from only 9% of students proficient in 2023 to 29% in 2024. Grade 5 saw a 5% decrease in students proficient in 2024. That grade went from 21% to 16%. During the 2023-24 school year, teachers found they needed to fill in gaps and accelerate learning. For the 2024-25 school year, we plan on addressing teaching and learning in mathematics with an intense focus on essential grade level standards, having students work collaboratively, and in small groups. Our goal is to continue to make growth across all sub-groups.

School and Student Performance Data

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](http://English Language Proficiency Assessments for California (ELPAC) web page) web page or the ELPAC.org website for more information about the ELPAC.

In order to protect student privacy, an asterisk (*) will be displayed for enrolled and tested counts for fewer than 4 students and for assessment results for fewer than 11 students. "N/A" will be displayed instead of a number on test results where no data is found for the specific report.

Conclusions based on this data:

Based on the 2023 summative ELPAC, Marina West tested 147 English learners. Of the students who tested, under 10% are at a Bridging level. 34% are at Expanding and 25% are at the Emerging level. 19 students were reclassified in the 23-24 school year. We will continue our focus on developing language with all English learners by ensuring there is a dedicated and protected block of time for designated ELD and continue to deliver integrated ELD lessons across all disciplines. The greatest number of English learners are at the Kindergarten and second grade levels. The grade with the fewest number of English learners is at the fifth grade level.

School and Student Performance Data

California School Dashboard Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

2022-23 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
491	90.8	41.8	0.2
Total Number of Students enrolled in Marina West Elementary School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2022-23 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	205	41.8
Foster Youth	1	0.2
Homeless	23	4.7
Socioeconomically Disadvantaged	446	90.8
Students with Disabilities	113	23

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	9	1.8
Filipino	2	0.4
Hispanic	458	93.3
Two or More Races	4	0.8
Pacific Islander	1	0.2
White	17	3.5

Conclusions based on this data:

The major subgroups at Marina West School are socioeconomically disadvantaged (90%), English Language Learners (41%), students with disabilities (23%) and Hispanic (93%). Although other subgroups such as our African-American and White sub-groups are not considered a significant sub-group on the CAASPP Dashboard reporting system, we, at

Marina West, continue to focus on the needs of all our students. We focus on first instruction by ensuring standards based instruction, assessment and reflection; instructional rigor and student engagement. Tier 1 intervention was delivered by the classroom teacher, and Tier 2 intervention in small group delivered by teachers during flexible learning groups, tutoring (before and after school), Literacy Intervention Teacher and paraeducators supporting all grade levels. At Marina West, we used Title 1 funds to provide tier 2 intervention with an ISP that focused on ELA and math support during the school day. Student data was used to make instructional decisions and small group instruction. Small group instruction was based on teacher and STAR 360 assessment data. It was reviewed and discussed at weekly PLC/ Collaboration meetings.

School and Student Performance Data

Overall Performance

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

2023 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts Orange	Chronic Absenteeism Yellow	Suspension Rate Orange
Mathematics Yellow		
English Learner Progress Blue		

Conclusions based on this data:

- In grades 3-5 on the CAASPP, in English language arts, we scored in the orange category. In mathematics, we scored in the yellow category. With regard to English learner progress, we increased by 19%. 57% of our English learners are making growth towards English proficiency. Chronic absenteeism was high, with 39% of our student population chronically absent. Our focus is on first instruction (standards based instruction, assessment and reflection, student engagement) in Language Arts and math. English Language Development will focus on building reading, listening, speaking and writing. Tier 1 intervention in language arts and math will be delivered by

classroom teachers in all grades. Tier 2 intervention for Grades 1-5 will be in a small group delivered by the ISP, Literacy Intervention Specialist, teachers, and paraeducators in small groups with research based materials and guidance by the classroom teacher. Student assessment data will be used to guide instructional decisions. Assessment data will be reviewed and discussed at weekly PLC/Collaboration meetings. We will also use Title III funds to help provide after-school intervention to our English Learner population. To address chronic absenteeism, we will continue and make adjustments to our student incentive system, strengthen our site SARB committee as well as our parent attendance campaign. To lower our suspension rate, as a school and through our PBIS committee, we plan to review more frequently our discipline referrals to spot trends and provide timely support.

School and Student Performance Data

Academic Performance English Language Arts

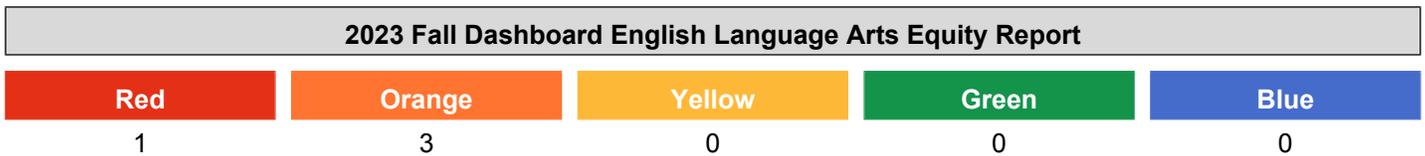

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2023 Fall Dashboard English Language Arts Performance for All Students/Student Group		
All Students  Orange 74.7 points below standard Increased +6.5 points 230 Students	English Learners  Orange 84.9 points below standard Increased +7.2 points 117 Students	Foster Youth  No Performance Color 0 Students
Homeless 131.9 points below standard 15 Students	Socioeconomically Disadvantaged  Orange 76.4 points below standard Increased +6.1 points 214 Students	Students with Disabilities  Red 162.3 points below standard Decreased Significantly -16.3 points 65 Students

2023 Fall Dashboard English Language Arts Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 6 Students	 No Performance Color 0 Students	 No Performance Color 0 Students	 No Performance Color 0 Students
Hispanic	Two or More Races	Pacific Islander	White
 Orange 77.1 points below standard Increased +6.3 points 216 Students	 No Performance Color 0 Students	Less than 11 Students 1 Student	Less than 11 Students 7 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2023 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
105.3 points below standard Decreased -4.4 points 97 Students	14.2 points above standard Increased Significantly +59.4 points 20 Students	68.5 points below standard Maintained +2.6 points 104 Students

Conclusions based on this data:

The Dashboard Data shows that our students with disabilities are performing in red band in English language arts. English learners, Hispanic, socioeconomically disadvantaged groups are performing in the orange band. Despite having the extra support of paraeducators, ISP, literacy teacher and tutoring, our student outcomes were disappointing. Additionally, we offered targeted before and after-school tutoring. We will continue to provide targeted interventions to our English Learners and include recently Reclassified English Learners to also be supported with Title III funds. We will also continue to provide targeted intervention during the school day delivered by the teacher, during Tier 1 small flexible learning groups and Tier 2 (LIT, ISP, paraeducators) throughout the day and focus on all our subgroups.

School and Student Performance Data

Academic Performance Mathematics

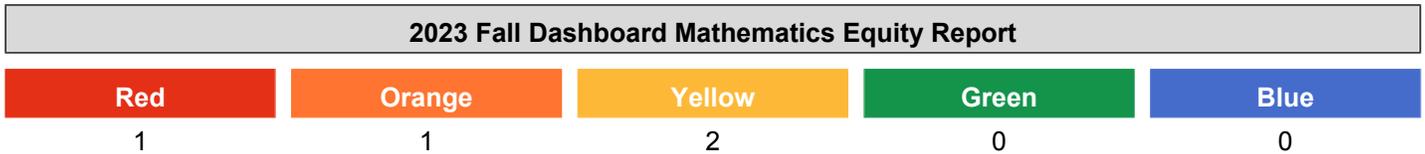

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

2023 Fall Dashboard Mathematics Performance for All Students/Student Group		
<p>All Students</p>  <p>Yellow</p> <p>86.6 points below standard</p> <p>Increased +10.9 points</p> <p>230 Students</p>	<p>English Learners</p>  <p>Orange</p> <p>97.6 points below standard</p> <p>Increased +5.3 points</p> <p>117 Students</p>	<p>Foster Youth</p>  <p>No Performance Color</p> <p>0 Students</p>
<p>Homeless</p> <p>153 points below standard</p> <p>15 Students</p>	<p>Socioeconomically Disadvantaged</p>  <p>Yellow</p> <p>89.3 points below standard</p> <p>Increased +9.1 points</p> <p>214 Students</p>	<p>Students with Disabilities</p>  <p>Red</p> <p>148.6 points below standard</p> <p>Maintained +2.3 points</p> <p>65 Students</p>

2023 Fall Dashboard Mathematics Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 6 Students	 No Performance Color 0 Students	 No Performance Color 0 Students	 No Performance Color 0 Students
Hispanic	Two or More Races	Pacific Islander	White
 Yellow 87.7 points below standard Increased +11.8 points 216 Students	 No Performance Color 0 Students	Less than 11 Students 1 Student	Less than 11 Students 7 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2023 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
116.7 points below standard Decreased -6.9 points 97 Students	5.1 points below standard Increased Significantly +61.3 points 20 Students	81.4 points below standard Increased +10.6 points 104 Students

Conclusions based on this data:

Students with disabilities scored in the red band, English learners in the orange band and socioeconomically disadvantaged as well as Hispanic in the yellow band. Supporting first instruction by the classroom teacher were paraeducators, the Literacy Intervention Teacher and the ISP who had small groups of students with a targeted focus. A continued focus on first instruction in conjunction with specific, intentional use of human resources will continue. A more precise identification of skills and knowledge gaps will be identified and targeted. We will continue to use assessment data to adjust instruction.

We used Title III funds to focus on non-reclassified English Learners through targeted after-school tutoring. We will continue to provide targeted interventions to our English Learners and include recently Reclassified English Learners with Title III funds. We will also continue to provide targeted intervention during the school day by teacher, during Tier 1 (flexible learning groups) and Tier 2 (LIT) throughout the day and focus on all our subgroups.

School and Student Performance Data

Academic Performance English Learner Progress

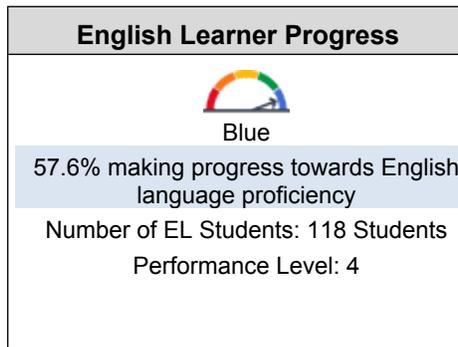

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides a view of the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2023 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2023 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
13	37	1	67

Conclusions based on this data:

English learner progress is in the blue status. This means 57% of our English learners are making growth towards English proficiency. We made certain English learners received designated and integrated ELD on a daily basis. We regularly monitor performance and provide timely support. 56% of English learners progressed at least one ELPI level.

School and Student Performance Data

Academic Engagement Chronic Absenteeism

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2023 Fall Dashboard Chronic Absenteeism for All Students/Student Group		
All Students	English Learners	Foster Youth
 Yellow 39% Chronically Absent Declined Significantly -6.2 510 Students	 Yellow 31.6% Chronically Absent Declined Significantly -10.2 212 Students	Less than 11 Students 3 Students
Homeless	Socioeconomically Disadvantaged	Students with Disabilities
50% Chronically Absent Declined -18 40 Students	 Yellow 40.4% Chronically Absent Declined Significantly -5 465 Students	 Orange 40.1% Chronically Absent Declined -5.4 137 Students

2023 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

African American	American Indian	Asian	Filipino
<p>27.3% Chronically Absent</p> <p align="center">0</p> <p align="center">11 Students</p>	<p align="center"></p> <p align="center">No Performance Color</p> <p align="center">0 Students</p>	<p align="center"></p> <p align="center">No Performance Color</p> <p align="center">0 Students</p>	<p align="center">Less than 11 Students</p> <p align="center">2 Students</p>
Hispanic	Two or More Races	Pacific Islander	White
<p align="center"></p> <p align="center">Yellow</p> <p>39.4% Chronically Absent</p> <p>Declined Significantly -6.3</p> <p align="center">475 Students</p>	<p align="center">Less than 11 Students</p> <p align="center">4 Students</p>	<p align="center">Less than 11 Students</p> <p align="center">1 Student</p>	<p align="center">35.3% Chronically Absent</p> <p align="center">Increased 5.9</p> <p align="center">17 Students</p>

Conclusions based on this data:

The data above shows that Marina West's chronic absenteeism rate has declined by 6%. Three subgroups are in the yellow (English learners, Hispanic, socioeconomically disadvantaged) and one subgroup is in orange (Students with disabilities.) 39% of our student population are chronically absent. We currently have a student incentive system that targets specific students with attendance challenges. We will continue to conduct attendance meetings with parents to ensure we are constant communication with families and provide timely support.

School and Student Performance Data

Conditions & Climate Suspension Rate

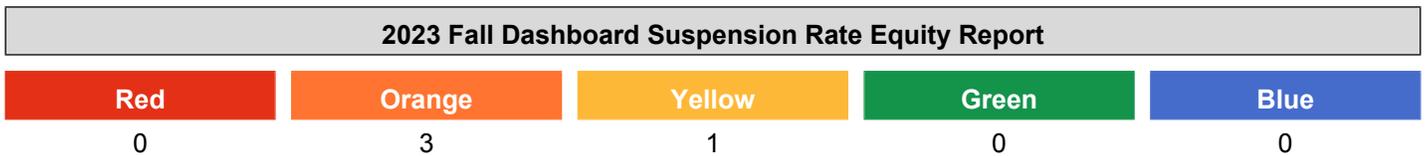

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2023 Fall Dashboard Suspension Rate for All Students/Student Group		
<p>All Students</p> <p>Orange</p> <p>2.5% suspended at least one day</p> <p>Increased 1.4 525 Students</p>	<p>English Learners</p> <p>Yellow</p> <p>0.9% suspended at least one day</p> <p>Increased 0.5 219 Students</p>	<p>Foster Youth</p> <p>Less than 11 Students 3 Students</p>
<p>Homeless</p> <p>0% suspended at least one day</p> <p>Maintained 0 42 Students</p>	<p>Socioeconomically Disadvantaged</p> <p>Orange</p> <p>2.7% suspended at least one day</p> <p>Increased 1.6 476 Students</p>	<p>Students with Disabilities</p> <p>Orange</p> <p>2.2% suspended at least one day</p> <p>Increased 1.5 138 Students</p>

2023 Fall Dashboard Suspension Rate by Race/Ethnicity

African American	American Indian	Asian	Filipino
<p>8.3% suspended at least one day</p> <p>12 Students</p>	<p></p> <p>No Performance Color</p> <p>0 Students</p>	<p></p> <p>No Performance Color</p> <p>0 Students</p>	<p>Less than 11 Students</p> <p>2 Students</p>
Hispanic	Two or More Races	Pacific Islander	White
<p></p> <p>Orange</p> <p>2.2% suspended at least one day</p> <p>Increased 1.3</p> <p>489 Students</p>	<p>Less than 11 Students</p> <p>4 Students</p>	<p>Less than 11 Students</p> <p>1 Student</p>	<p>5.9% suspended at least one day</p> <p>Increased 1.1</p> <p>17 Students</p>

Conclusions based on this data:

Out of 476 socioeconomically disadvantaged students, almost 2.5% have been suspended at least 1 day. The suspensions were a result of students using force or violence on other students or adults. At Marina West we take a proactive approach to avoid suspension and try other means of correction. Some examples are behavior expectation assemblies throughout the year, (especially after long breaks), encouraging positive behavior by daily reference to our Guidelines for Success during the school wide announcements, Principal's Recess, safe options at recess, use of restorative circles and a Wellness Center to support students who may need a break.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Language Arts and Math
All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

All students will reach high academic standards in reading and mathematics.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase the capacity of teachers to deliver effective data-driven instruction
To provide equipment, materials and technology resources that support high quality instruction
To provide opportunities for teachers to collaborate to improve teaching and learning

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
CAASPP ELA Assessment (2023-24)	Percentage of students scoring at "Met Standard" or "Exceeded Standard" in 2023-24: 3rd Grade: 23% 4th Grade: 24% 5th Grade: 25%	Percentage of students who will score "Met Standard" or Exceeded Standard" on the 2024-25 assessment is as follows. This reflects an expected 10% increase from the year prior. *3rd does not take the CAASPP in 2nd grade. The projection is based on the final Star Reading 2nd grade score. 3rd Grade: 31% * 4th Grade: 33% 5th Grade: 34%
CAASPP Math Assessment (2023-24)	Percentage of students scoring at "Met Standard" or "Exceeded Standard" in 2023-24: 3rd Grade: 39% 4th Grade: 29% 5th Grade: 16%	Percentage of students who will score "Met Standard" or Exceeded Standard" on the 2024-25 assessment is as follows. This reflects an expected 10% increase from the year prior. *3rd does not take the CAASPP in 2nd grade. The projection is based on the final Star Reading 2nd grade score. 3rd Grade: 32%* 4th Grade: 49% 5th Grade: 39%

Star Early Literacy and Star Reading Assessment (End of Year 2023-24)	<p>EOY Percentage of Students Scoring At/Above Benchmark in 2023-24:</p> <p>Early Literacy (District benchmark): Kindergarten: 20% 1st Grade: 13%</p> <p>Star Reading (State benchmark): 1st Grade: 25% 2nd Grade: 31% 3rd Grade: 34% 4th Grade: 13% 5th Grade: 25%</p>	<p>Percentage of students who will score At/Above Benchmark on the 2024-25 assessment is as follows. This reflects an expected increase of 10% from the year prior.</p> <p>Early Literacy (District benchmark): Kindergarten: 30% 1st grade: 30%</p> <p>Star Reading (State benchmark): 1st Grade: 35% 2nd Grade: 35% 3rd Grade: 41% 4th Grade: 44% 5th Grade: 23%</p>
Star Math Assessment (End of Year 2023-24)	<p>EOY Percentage of Students Scoring At/Above State Benchmark:</p> <p>1st Grade: 27% 2nd Grade: 32% 3rd Grade: 34% 4th Grade: 20% 5th Grade: 14%</p>	<p>Percentage of students who will score "Met Standard" or Exceeded Standard" on the 2024-25 assessment is as follows. This reflects an expected increase from the year prior.</p> <p>Star Math (State benchmark): 1st Grade: 37% 2nd Grade: 37% 3rd Grade: 42% 4th Grade: 44% 5th Grade: 30%</p>

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/Activity #	Description	Students to be Served	Proposed Expenditures
1.1	Full implementation of district adopted general education and special education curriculum. The administrator will conduct learning walks into the classrooms to observe and provide feedback to support classroom instruction.	All Students	District Funded 4000-4999: Books And Supplies Curricular materials
1.2	Instructional Service Provider (ISP) will provide targeted support to students in need as part of Tier 2 instruction.	All Students	26663 Title I 1000-1999: Certificated Personnel Salaries ISP Salary 7474 Title I 3000-3999: Employee Benefits ISP Benefits
1.3	Teachers will utilize/participate in grade level collaboration time (on calendar Tuesdays and Wednesdays) to share student data, monitor	All Students	

	student progress towards grade level standards and discuss next steps to support their students' needs.		No additional cost
1.4	Teachers will administer assessments (district, state, curriculum embedded). Results will be reviewed, evaluated and analyzed to inform instructional and intervention decisions.	All Students	District Funded 5000-5999: Services And Other Operating Expenditures Assessment program
1.5	Paraeducators will provide support to students (Kindergarten, special education, general education).	All Students Students with Disabilities English Learners Foster Youth Homeless Socioeconomically Disadvantaged	District Funded 2000-2999: Classified Personnel Salaries Paraeducator salary
1.6	Accelerated Reader, Lexia, and ST Math will be implemented in every classroom to support growth in reading and math.	All Students	District Funded 5000-5999: Services And Other Operating Expenditures Software programs
1.7	The principal will conduct student monitoring conferences at the conclusion of Star assessment cycles (fall, winter, spring) to discuss and address student learning needs using ELA, math and EL assessment results. Students struggling to meet grade level goals will be identified for additional supports to address their instructional needs.	All Students	2622 Title I 1000-1999: Certificated Personnel Salaries Substitute teachers
1.8	Professional development in curricular areas (ELA, math, writing process, science, social studies) will be available through staff meetings, after school trainings and conferences through VC Cabe and VCOE trainings. District Teachers on Special Assignment (TOSAs) will be consulted to support teachers as needed.	English Learners Socioeconomically Disadvantaged Students with Disabilities	300 LCFF 5000-5999: Services And Other Operating Expenditures PD fees
1.9	Literacy Intervention Teacher (LIT) will provide additional in-school, Tier 2 targeted instruction in language arts to identified students based on assessment data.	All Students	District Funded 1000-1999: Certificated Personnel Salaries LIT salary
1.10	English learners will receive daily designated ELD instruction through the district adopted curriculum to improve English proficiency and reclassification rates. Teachers will implement and integrate ELD strategies into all content areas throughout the day to support English Learners (Integrated ELD.) Progress of English learners, long term English learners (LTELs) and reclassified students will be monitored to determine whether curriculum and instruction are effective in helping students overcome language barriers.	English Learners	District Funded 1000-1999: Certificated Personnel Salaries Teachers
1.11	Teachers will provide support, specific differentiation, intervention and remediation for underperforming students through flexible learning groups during the school day.	English Learners Foster Youth Students with Disabilities	District Funded 1000-1999: Certificated Personnel Salaries Teachers

1.12	The STEAM Lab will be used to support our academy strand (STEAM), student collaboration and project-based tasks.	All Students	500 LCFF 4000-4999: Books And Supplies Materials and supplies
1.13	Provide additional targeted support outside of the regular school day for students not meeting academic benchmarks through the use of before and after school tutoring in the areas of ELA, math and ELD using research based programs/strategies.	English Learners All Students	ELOP 2000-2999: Classified Personnel Salaries District Funded
1.14	Provide materials, supplies (including warehouse), technology, software and services to TK-5th grade classes to support the instructional program, supplemental programs (intervention & enrichment) and STEAM strand.	All Students	31097 LCFF 4000-4999: Books And Supplies Materials, supplies 15000 LCFF 4000-4999: Books And Supplies Warehouse supplies
1.15	Costs for publications to support the instructional program.	All Students	2000 LCFF 5000-5999: Services And Other Operating Expenditures Graphics Services
1.16	Scholar's Afterschool Program will provide enrichment opportunities to students after school. A teacher liaison will support the Scholars After School Program and communicate with appropriate staff to support school needs by organizing curriculum, offering mentoring, and providing professional development for after school staff.	All Students	ASES
1.17	Teachers will monitor student performance and participate in SSTs, IEPs and 504 meetings. Substitutes will be provided as needed.	All Students	4000 Title I 1000-1999: Certificated Personnel Salaries Substitutes-SSTs 9,200 LCFF 1000-1999: Certificated Personnel Salaries Substitutes-IEPs and 504s
1.18	Recognize students for academic achievement and meeting Accelerated Reader goals through special activities, assemblies and awards.	All Students	500 LCFF 4000-4999: Books And Supplies Incentives, awards
1.19	Provide EL Boot Camp to English learners.	English Learners	2,874 Title III 1000-1999: Certificated Personnel Salaries English Learner/ELPAC Bootcamp
1.20	Fiction and non-fiction books, subscriptions or purchases of web-based programs and/or apps will be purchased to supplement the instructional program.	All Students	1000 LCFF 4000-4999: Books And Supplies Books and subscriptions

1.21	Fieldtrips to support and enrich the instructional program.	All Students	7500 LCFF 5000-5999: Services And Other Operating Expenditures Transportation and entrance fees
1.23	An art teacher will be hired through the Prop 28 grant to support the Arts portion of our Strand Focus. Materials will also be purchased.	All Students	87247 Prop 28 1000-1999: Certificated Personnel Salaries Teacher salary 868 Prop 28 4000-4999: Books And Supplies Art supplies
1.25	Fund operating costs to ensure full access to necessary equipment and services to ensure confidentiality of documents and student information. Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

This school year, we saw an increase in focused teacher collaboration, data driven instruction and student engagement as evidenced by walk throughs in classrooms and student outcomes. In addition to special education paraeducators in every special education class, there were two paraeducators and instructional services provider supporting all general education classrooms identified as needing extra support. Per preliminary CAASPP scores (May 2024), grades 3 and 4 are meeting/exceeding English language arts and mathematics goals. At this time, grade 5 is not meeting expected growth goals in either area.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There was no major difference between the intended implementation and the budgeted expenditures to implement the strategies to meet the goals.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We plan to monitor student progress more frequent to identify students needing extra support. We will continue to analyze Star assessment results administered five times per school year to drive instruction towards grade level mastery. Teachers will analyze student results in grade level teams to collectively determine supports needed. Standards will be targeted for support while in flexible learning groups.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 2

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Social Emotional Support and School Climate

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase daily attendance
 To decrease the suspension rate
 To increase positive behavior
 To ensure a safe environment
 To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Suspension Data (23-24)	Suspension Rate: 17	Suspension Rate will be reduced by 50% for a total of 8.
Panorama Survey (Spring 23-24)	School climate and student well-being will be measured through the Panorama survey. The top three areas of need: <ul style="list-style-type: none"> Emotion Regulation 51% Growth Mindset 65% Engagement 66% 	Expected growth in the top three areas of need: <ul style="list-style-type: none"> Emotion Regulation 61% Growth Mindset 75% Engagement 76 %
Attendance Data (23-24)	Average Daily Attendance: 91.1%	Average Daily Attendance Goal: 96%

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/Activity #	Description	Students to be Served	Proposed Expenditures

2.1	Continue the implementation of PBIS to support students with positive behavior supports.	All Students	1500 LCFF 4000-4999: Books And Supplies Supplies, posters
2.2	The PBIS Committee will meet monthly to guide actions relating to the improvement of school climate and provide targeted positive behavior support strategies to all staff to improve student behavior.	All Students	No additional cost
2.3	The Safety Committee will review and update the Comprehensive School Safety Plan. The site will conduct monthly safety drills to ensure emergency preparedness for staff and students.	All Students	No additional cost
2.4	School-wide Shark Guidelines for Success will support and encourage positive student behavior.	All Students	500 LCFF 4000-4999: Books And Supplies Incentives
2.5	Professional development in the area of STOIC, as needed, and delivered through district Teachers on Special Assignment (TOSAs).	All Students	District Funded 5800: Professional/Consulting Services And Operating Expenditures Professional development
2.6	Offer safe options at recesses for students (hoola hoop, jump rope and spinner area).	All Students	500 LCFF 4000-4999: Books And Supplies Replacement play equipment
2.7	Continue to use progressive discipline, positive reinforcement and restorative circles to support students to make positive behavior choices.	All Students	No additional cost
2.8	Campus supervisors will monitor school grounds and supervise common areas to ensure a safe school environment.	All Students	District Funded 2000-2999: Classified Personnel Salaries Campus supervisor salaries
2.9	Increase attendance/chronic absenteeism awareness within parent community and staff. Attendance letters will be sent out as needed.	All Students	District Funded 5800: Professional/Consulting Services And Operating Expenditures Attendance program
2.10	Implement attendance improvement campaign with students that includes school wide incentives (certificates, pencils, medals) to encourage perfect attendance.	All Students	500 LCFF 4000-4999: Books And Supplies Attendance incentives
2.11	Form a site School Attendance Review Committee (SARC) to analyze attendance data (bimonthly) and provide support as needed. Committee will include the site principal, attendance tech, ORC and other site personnel as needed.	All Students	No additional cost
2.12	Implementation of RTI/MTSS model through the SST process to identify student needs and develop a plan to support student success.	All Students	District Funded

			2000-2999: Classified Personnel Salaries ORC salary
2.13	Provide on-site counseling and support services to students through the school counselor and outside agencies working with the school; Counselor will provide counseling support through individual and/or group support.	All Students	District Funded 1000-1999: Certificated Personnel Salaries Counselor salary
2.14	Recognize students for meeting behavior and attendance goals through special activities, assemblies and awards.	All Students	1000 LCFF 4000-4999: Books And Supplies Certificates, medals, rewards
2.16	Coordinate IEP transition meetings for incoming Kindergarteners and exiting 5th grade students .	All Students	1,500 LCFF 1000-1999: Certificated Personnel Salaries Substitutes
2.17			
2.18	Provide extra-curricular activities to increase student connectedness.	All Students	1,500 LCFF 1000-1999: Certificated Personnel Salaries Personnel to supervise activities 500 Title III 1000-1999: Certificated Personnel Salaries Counselor Extra Help-English Learners
2.19	School counselor will promote health and wellness through class presentations and focus groups.	All Students	200 LCFF 4000-4999: Books And Supplies Materials and supplies
2.21	Provide drug, alcohol and tobacco prevention education (Red Ribbon Week).	All Students	500 LCFF 4000-4999: Books And Supplies Materials and supplies
2.22	Use of the Panorama Survey will provide data that identifies areas to enhance social and emotional learning.	All Students	District Funded 5800: Professional/Consulting Services And Operating Expenditures Panorama contract
2.23	Create a student leadership team (student council) to provide opportunities to foster leadership skills, communication, teamwork, organization and public speaking.	All Students	300 LCFF 4000-4999: Books And Supplies Materials, supplies
2.38			

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

In reviewing our goals and measuring against outcomes, we fell short on some goals. Our daily attendance is 91%. Our goal is to have every student at school ready to learn. At the very least, we aim to have a 96% attendance rate. Our goal was to decrease both off campus and teacher suspensions. In the 2023-24 school year, we had 17 suspensions. The number of suspensions coincides with the Panorama Survey student responses in which students report they are in need of emotion regulation and self management. We plan to provide support in these two areas in addition to exploring ways in which to provide a safe environment.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There was no major difference between the intended implementation and budgeted expenditures to implement the strategies.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We plan to explore alternative ways to decrease discipline referrals to office and increase positive behavior. Examples include refocusing SEL classroom lessons and including parents via parent workshops and offering opportunities for involvement.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 3

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Parent and Family Engagement

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase communication through the school website and social media so parents and community are informed about district and school instructional programs and activities
To facilitate parent involvement in the educational and social-emotional well-being of their children

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Panorama Survey (Student Responses vs Teacher Perception)	Emotion Regulation: Student responses- 51%, Teacher responses-74% Self Management: Student responses-69%, Teacher responses-51%	Emotion regulation: Student responses-61%, Teacher responses-84% Self Management: Student responses-79%, Teacher responses- 61%
Parent Attendance at meetings/events	School Site Council: 5 parents ELAC: 4 parents Average attendance: Enrichment Activities (Family Nights, Cookies with Santa, Books and Blankets): 50 parents	School Site Council: 10 parents ELAC: 8 parents Average attendance: Enrichment Activities (Family Nights, Cookies with Santa, Books and Blankets): 75 parents

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/ Activity #	Description	Students to be Served	Proposed Expenditures
3.1	ORC will organize and staff will provide workshops for parents that will increase parent participation on topics of interest to parents (i.e. CAFE, academic presentations, attendance).	English Learners All Students	1000 Title III 2000-2999: Classified Personnel Salaries Translations 2860 Title III 4000-4999: Books And Supplies Materials and supplies 4740 Title III 5800: Professional/Consulting Services And Operating Expenditures Travel and Conferences (CAFE), Parent Participation
3.3	Parents will be included in the revision of the Student-Parent Compact and Parent Involvement Policy, both of which delineate how Marina West School will support the important role of parents in the education of their children.	All Students	No additional cost
3.4	Invite parents to attend meetings to discuss student progress (i.e. IEP, SST, 504, parent-teacher conferences in the fall and spring).	All Students	No additional cost
3.6	Provide parent involvement forums (i.e. ELAC, SSC, PTA, Coffee with the Principal, Coffee with the ORC and Counselor, Back to School Night, Open House); Translation will be offered for in-person and virtual meetings. Coffee with the ORC and Counselor and Principal will include topics such as wellness nights, guest speakers and resources. Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

During the 2023-24 school year, at Marina West, we strengthened our home-school relationships. In addition to hosting family literacy nights, parent informational nights and enrichment activities were also held. Topics included A-G requirements, safe use of technology, movie nights, "Books and Blankets", among others. There was frequent parent communication and the ORC and counselor hosted "Welcome to Marina West" meetings with new families to establish rapport with families.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There was no major difference with the intended implementation or the budgeted expenditures to implement the strategies/activities to the meet our goals.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will continue to offer opportunities for parents to feel welcome at Marina West. We plan to reach out via enrichment activities, family learning nights and parent informational/workshops with guest speakers where applicable.

Budget Summary

Complete the Budget Summary Table below. Schools may include additional information, and adjust the table as needed. The Budget Summary is required for schools funded through the Consolidated Application (ConApp).

Budget Summary

DESCRIPTION	AMOUNT
Total Funds Provided to the School Through the Consolidated Application	\$53,633.00
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$237,484.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0

Other Federal, State, and Local Funds

List the additional Federal programs that the school includes in the schoolwide program. Adjust the table as needed.

Note: If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.

Federal Programs	Allocation (\$)
Title I	\$40,759.00
Title III	\$12,874.00

Subtotal of additional federal funds included for this school: \$53,633.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Allocation (\$)
LCFF	\$95,736.00
Prop 28	\$88,115.00

Subtotal of state or local funds included for this school: \$183,851.00

Total of federal, state, and/or local funds for this school: \$237,484.00

Goal 3	25,084.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Elva Gonzales-Nares	Principal
Lenissa Garcia	Classroom Teacher
Suzanne Fries-Hostka	Classroom Teacher
April Rosas	Classroom Teacher
Reyna Moreno	Other School Staff
Eva Barraza	Parent or Community Member
Jessica Arce Hernandez	Parent or Community Member
Rosemary Juarez Lucero	Parent or Community Member
Lisa Lopez	Parent or Community Member
Yesenia Martinez	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 5/31/2023.

Attested:

Principal, Elva Gonzlaes-Nares on 5/31/2024

SSC Chairperson, April Rosas on 5/31/2024

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

Instructions: Table of Contents

- Plan Description
- Educational Partner Involvement
- Comprehensive Needs Assessment
- Goals, Strategies/Activities, and Expenditures
- Annual Review
- Budget Summary
- Appendix A: Plan Requirements for Title I Schoolwide Programs
- Appendix B: Select State and Federal Programs

For additional questions or technical assistance related to LEA and school planning, please contact the CDE's Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the LEA, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:

Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:

When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- Strategy/Activity #: Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- Description: Describe the strategy/activity.
- Students to be Served: Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- Proposed Expenditures: List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to EC Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- Funding Sources: List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
 - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
 - a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. Use methods and instructional strategies that:
 - i. Strengthen the academic program in the school,
 - ii. Increase the amount and quality of learning time, and
 - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. Strategies to improve students' skills outside the academic subject areas;
 - ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: Title 34 of the *Code of Federal Regulations (34 CFR)*, sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. *EC* sections 64001 et. seq.

Appendix B: Plan Requirements for School to CSI/ATSI Planning Requirements

For questions or technical assistance related to meeting federal school improvement planning requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

CSI Resources

For additional CSI resources, please see the following links:

- **CSI Planning Requirements** (see Planning Requirements tab):
<https://www.cde.ca.gov/sp/sw/t1/csi.asp>
- **CSI Webinars:** <https://www.cde.ca.gov/sp/sw/t1/csiwebinars.asp>
- **CSI Planning Summary for Charters and Single-school Districts:**
<https://www.cde.ca.gov/sp/sw/t1/csiplansummary.asp>

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

- Available Funding: <https://www.cde.ca.gov/fg/fo/af/>

Updated by the California Department of Education, October 2023

School Plan for Student Achievement (SPSA)

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Thurgood Marshall K-8 School	56725380100362	May 22, 2024	August 21, 2024

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California’s ESSA State Plan supports the state’s approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state’s Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Thurgood Marshall K-8 School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

- Schoolwide Program
- Additional Targeted Support and Improvement
- Thurgood Marshall School has been identified under ATSI for high suspension rate for homeless students.

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Thurgood Marshall K-8 School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

Additional Targeted Support and Improvement

Thurgood Marshall School has been identified under ATSI for high suspension rate for homeless students.

The school Mission of Marshall K - 8 Academy of Visual and Performing Arts is to inspire students to reach their highest potential and our Vision is to create and maintain a culture of safety, academic success, and a college and career-going mindset for all students. Through the mediums of technology and visual and performing arts, we inspire students to reach their highest potential and become leaders in their community.

Oxnard School District has created a strategic plan in order to ensure that we fully develop our student profile and work toward fulfilling our Mission and Vision.

Mission: In Oxnard School District, we nurture self-confident and empowered multilingual global citizens, strong in their multiple identities and potential, who achieve inspired levels of individual, community, and social accomplishment in school and beyond in their endeavors.

Vision: Ignite, Transform, Nurture, Embrace.

This 2024-2025 school year, the Oxnard SD Student Profile will be a driving force and core focus of our work with students, staff, parents, and the community. Each area - Focused on the Future, Digital Learner, Collaborator, Innovator, Problem Solver, Achiever, and Global Thinker will be embedded in all programs and key areas of instruction. As we mold our 21st Century scholars, the Student Profile will be the pathway to preparing our students for their future.

Our strategies/activities support our values and principles: Equity and Excellence; Safe and Affirming Environments; Achievement/Performance, Multilingualism, Global and Socio-Cultural Competence; Relationships built on Integrity, Mutual Trust, Respect and Caring; and Professional Accountability and Service. Our goals can be realized by following a Theory of Action, which constitutes committing to a vision of success; to be relentless in clarifying and supporting classroom leadership; to build school leadership; to benefit from organized district leadership; and to engage our families and community, which will lead us to become a highly effective and equitable school. A guiding focus for the district is on five strategic goals which form the framework for powerful and sustainable school and district transformation: Student Academic Engagement and Achievement; a Positive and Safe Learning Environment and School Climate; Guidance and Support to Sites; Family/Community Alliances for Student Success and Transformational Leadership and Infrastructure.

All of our strategies/activities are designed to further these pedagogical principles:

1. Identify, activate, and build on student strengths.
2. Affirm student identities by challenging the devaluation of minoritized students' identities.
3. Establish powerful relationships that nurture equity and success.
4. Engage students actively in the learning process., by amplifying student voice.
5. Create environments of enrichment, rather than remediation, that engage students' multilingual repertoires.
6. Situate learning in the lives of students by connecting to their lives.
7. Elicit high intellectual performances that help connect students' identities to academic engagement.
8. Address the prerequisites for learning, including incorporating pedagogical practices that challenge coercive relations of power.

These pedagogical principles are the foundation on which the Strategic Action Plan and Student Profile are based and will drive the strategies and actions for the Marshall SPSA. Through collective efficacy, every student will be represented throughout the Marshall SPSA, and will be the focus to drive student achievement.

The focus at Thurgood Marshall School is optimal learning for every student. The Oxnard School District Student Profile guides our certificated and classified staff in preparing students for future career opportunities. Our instructional staff regularly reflect on best practices to monitor student progress and plan instruction. We collaborate to align instruction to the Common Core Standards for all subject areas. The staff reference district assessment timelines to ensure that curricular areas are covered in a timely manner and that all children are engaged in learning. The Administrators monitor instruction through regular classroom visitations and student monitoring conferences with individual teachers and grade

levels. This year, Marshall will have the support of one site ISP teacher to help support instruction in the areas of Language Arts and Math.

Thurgood Marshall School staff are proficient at using data to guide their teaching and student learning with ongoing progress monitoring data of individual students. Throughout the year, teachers participate in regularly scheduled staff development. Grade level teams collaborate on the essential standards in language arts, mathematics, and English Language Development (ELD). Teachers share grade-level data to plan lessons that embed instructional strategies and differentiate for students' individual needs. PLC teams analyze data from the district and school-based assessments. Summative and formative data analysis allows teachers, parents, and students to monitor progress toward academic goals, determine which strategies and interventions are working, identify when students need intervention, and target specific needs of individual students.

In the 2023-2024 school year, Marshall was identified as ATSI (Additional Targeted Support and Improvement), due to high suspension rates for the Homeless student group. The CDE makes this determination based on previous student performance from state mandated assessments and data collection. For the 2023-2024 school year, Marshall Leadership Team and school partners identified strategies/activities to address this area such as conducting home visits with the ORC, counselor, and administration, and SEL lessons provided in the classroom by the school counselor to decrease suspension rates. Administration also met 1:1 with those students identified as having high suspension rates in the previous year. Behavior plans were created which included positive incentives and frequent check-ins.

The staff recognizes that students coming to school this academic year have growing academic and social-emotional needs. Marshall's goal for the 2024-2025 year is to focus on student-centered instruction that allows for rigorous questioning and opportunities for writing across the curriculum. Marshall intends to focus on collaboration to help shift the teaching pedagogy by focusing on data-driven and standards-based instruction while continuing to incorporate twenty-first-century learning skills. For focus students, specific interventions and in-class interventions are offered. The MTSS Site Team continues to implement and refine the Multi-Tiered System of Supports (MTSS) model. Marshall will continue a cycle of student monitoring meetings to address grade level specific and student needs. They will continue to address academics, attendance, social/emotional, and behavioral student needs. The MTSS team will provide strategies, actions, supports, and resources to target specific needs.

English Language Development instruction is a priority. The ELD standards are the guide for instruction and teachers use Wonders curriculum and core subject matter to develop student understanding. To ensure that ELD instruction is targeted to students' skill levels, teachers collaborate for ELD, grouping students based on ELPAC levels. Students have daily required ELD time to practice academic vocabulary, acquire English language skills, and become proficient in English. Grade level collaboration meetings and student monitoring conferences are held to track student progress and plan strategies to address student needs. Designated and Integrated ELD instruction is implemented through the curriculum in language arts and mathematics and other curricular subjects. Integrated ELD strategies and evidence-based practices provide support to EL students.

Our site is home to the Deaf and Hard of Hearing (DHH) and Visually Impaired programs that serve students throughout the district and county for the VHH program. The students in our programs are integrated into general education classes when appropriate. Our special programs include Deaf and Hard of Hearing, Language and Learning, and Visually Impaired. Some students are assigned a one-to-one paraeducator to provide behavior support. Some paraeducators are OSD employees and some are from outside agencies.

Additional programs are used in order to provide our students with various learning opportunities. The Accelerated Reader (AR) program helps all students to hone their comprehension skills and encourage a love of reading. The online myON program supports reading progress for students. Lexia Core 5 and Power Up support our students with intervention and enrichment in reading support. ST Math provides additional support in the area of Math. Technology is utilized by all classes for research, and the use of software programs allows students additional time to practice and develop their skills in reading and mathematics.

Thurgood Marshall School's highly qualified teachers meet the district and state guidelines. Common Core training in the areas of reading/language arts and mathematics empowers our staff to deliver effective instruction. The staff regularly participates in high-quality, district-approved training in all core disciplines, including technology.

Marshall School continues to incorporate a safe and positive learning environment with the lead of our Positive Behavior Intervention Support (PBIS) Team. There is a school-wide implementation of CHAMPS at Marshall and staff use a progressive discipline model to respond to student behavior in the classroom, on the playground, and at the administration level. The PBIS team meets on a regular basis to analyze data and identify areas of need and focus on the campus in order to help strengthen the positive learning environment. The school counselor provides Social-Emotional lessons to classes, in addition to restorative circles and mindful practices.

Parent involvement is a key element for the continued academic success at Marshall School. Teachers regularly communicate with parents by phone, through the Canvas Parent App, through text messages, on school websites, on social media, through e-mails, and at conferences. Parents are invited to a variety of general parent meetings, and family nights. Opportunities to volunteer are made available throughout the year. Parents are conforming to the Oxnard School District guidelines for volunteers to go through the background clearance process. Teachers use standards-based progress reports and assessment data at parent/teacher conferences to inform parents of their children's progress. Parenting classes share knowledge and practices that benefit families and helps parents to better support their children's learning. Throughout the year, parents are offered a list of opportunities to receive training and be involved in the school program through PTA, School Site Council, ELAC, and "Coffee with the Principal, ORC, and Counselor." Loving Solutions, Parent Project, as well as Latino Literacy workshops will be offered.

Educational Partner Involvement

How, when, and with whom did Thurgood Marshall K-8 School consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

In collaboration with the Marshall Leadership Team, Marshall grade level teams and departments and ELAC reviewed and provided input for the SPSA plan. This is done in order to recommend approval of the SPSA by the School Site Council. The SPSA is approved annually and during regular School Site Council meeting (no less than 6 times per year), the goals, actions and overall spending of categorical dollars are monitored. Any changes to the plan are reviewed and approved by educational partners for the recommendation and resubmission to School Site Council for final approval.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

This year, students identified under ATSI (Homeless student group with high suspension rates) were monitored closely and provided support through the Marshall counselors and administration. Some after school tutoring was offered, but not a significant amount due to unavailable personnel to hold after school tutoring and intervention. The school was able to allocate some funding to the Visual and Performing Arts strand focus, but not at the desired amount. Marshall was able to secure an ISP from January - June 2024, but not for the full year as intended. This was due to a lack of available ISP teachers at the beginning of the year.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

On the 2023 CA Dashboard, results indicate that All Students performed in the Orange range in English Language Arts. This was neither a gain or decline. The student groups who performed in the Orange in English Language Arts were English Learners with a decline of 17.7 points, White students with a decline of 5 points, Hispanic and Homeless students who maintained, and Students with Disabilities who increased 7.2 points,, but still performed in the Orange level. All Students performed in the Orange range, including all student groups. This does not indicate a performance gap among student groups, but rather a need to focus schoolwide on research-based and effective strategies in English Language Arts. Steps taken to address this area was a Student Monitoring system to review student performance data after the administration of Star tests, writing prompts, and after the end of each trimester. This allowed for discussions and planning to target those students not performing at grade level. It also triggered any necessary SSTs, or psychoeducational assessments. This included monitoring the data of those students working with the LIT (Literacy Intervention Teacher) teacher. An ISP teacher (Intervention Support Provider) was added in January this year to help target specific skills among 2nd and 3rd grade students.

On the 2023 CA Dashboard, results indicate that All Students were in the Orange performance range for Chronic Absenteeism. Although this is a decline of 2.3% from the previous year, results show that this is still an area of concern and need. The Homeless and Hispanic student groups are in the Orange performance range, but they are higher than all students. Hispanic students (622) are at 31.8% chronically absent, and Homeless students (38) are at 34.2% chronically absent. Hispanic students had a decline of 2.5% of chronic absenteeism and Homeless students had a decline of 25.8% of chronic absenteeism, but are still higher than All Students. This shows the need to continue to support Hispanic and Homeless student groups. This has been done through home visits, following the attendance process consistently, including SART and SARB, and having students meeting with the school counselor for check-ins. Attendance is reviewed at SSTs and SPED assessments when applicable. Incentives are in place to celebrate positive attendance.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the “all student” performance.

On the 2023 CA Dashboard in Math, All Students performed in the Yellow range. English Learner and Students with Disabilities student groups performed in the Red performance category. This indicates they are performing 2 performance levels below All Students who are performing in Yellow. To target this performance gap, EL students were given small group instruction targeting vocabulary development connected to academic math vocabulary. Students with Disabilities were provided before school tutoring in math targeting basic concept skills. Another state indicator showing a 2 or more performance level gap was in the Suspension Rate. All Students performed in the Green performance indicator showing a decline of 4.8% of students suspended at least one day. The Homeless student group is in the Red performance level showing an increase of 7.5% of students having been suspended at least one day. This is approximately 3 out of 40 students. Other means of correction were used, as well as providing 1:1 support for those individual students.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

In addition to the CA Dashboard data, other data used to measure pupil outcomes were Star Reading and Math assessment data and Panorama Survey data. Panorama Survey data showed the need to support middle school students on emotional regulation, as well as connectedness. The School counselor is meeting 1:1 with students as needed, as well as doing SEL lessons in the classroom.

School and Student Performance Data

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Thurgood Marshall K-8 School. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
American Indian	0.26%	0.27%	0.14%	2	2	1
African American	3.34%	3.29%	3.76%	26	24	26
Asian	1.03%	1.37%	1.30%	8	10	9
Filipino	2.70%	2.47%	2.17%	21	18	15
Hispanic/Latino	83.70%	82.99%	82.92%	652	605	573
Pacific Islander	0.26%	0.27%	0.14%	2	2	1
White	7.32%	7.96%	8.25%	57	58	57
Multiple/No Response	1.41%	1.37%	1.30%	11	10	9
Total Enrollment				779	729	691

Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	21-22	22-23	23-24
Kindergarten	90	73	68
Grade 1	69	72	69
Grade 2	76	69	67
Grade 3	72	75	66
Grade 4	95	68	72
Grade 5	88	94	66
Grade 6	101	89	93
Grade 7	91	100	87
Grade 8	97	89	102
Total Enrollment	779	729	691

Conclusions based on this data:

This data shows that in 2023-2024 Marshall's top 3 significant student groups are Hispanics (83%), followed by Whites (8%), and then African American students (3%). The middle school student population continues to grow as we are a fully established K-8 school. The Outreach Specialist and Counselor help support all students who are entering Marshall and educate students in 8th grade about A-G Requirements in High School. Additionally, some Marshall staff

and parents attend the African American Parent Advisory, Asian Pacific Islander Advisory meetings made available to all parents. This aligns with Strategic Action Plan standard 4.0 - Family/Community Alliances for Student Success.

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
English Learners	193	172	138	22.80%	24.8%	19.9%
Fluent English Proficient (FEP)	100	85	100	14.80%	12.8%	14.4%
Reclassified Fluent English Proficient (RFEP)			63	17.0%		45.6%

Conclusions based on this data:

Our 2023-2024 school year data shows that 19.9% of students are English Learners and 14.4% are fully English proficient. Teachers use targeted ELD instruction in small groups focused on vocabulary development, reading comprehension, and writing. Staff is trained on how to incorporate various teaching strategies to improve language instruction for English Language Learners. Staff use integrated ELD strategies and evidence-based practices during instruction to support EL students.

School and Student Performance Data

Star Early Literacy

Thurgood Marshall K-8 School											
		Less than Proficient				Proficient				Star Early Literacy Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade K	82	16	20%	11	13%	15	18%	40	49%	Level 3	824
Grade 1	61	10	16%	4	7%	21	34%	26	43%	Level 3	879
Grade 2	1	1	100%	0	0%	0	0%	0	0%	Level 1	606

Conclusions based on this data:

The 2023-2024 STAR Early Literacy data reflects that many of our Kindergarten students are at a level four (At/Above Benchmark). There are 14 (19%) of kindergarten students who are On Watch. Many of them are late transitional readers with small group instruction targeting letter sounds, and initial and ending sounds, many will move into the At/Above band. Students in the 1st grade are at 43% At/Above Benchmark. Kindergarten teachers consistently use ESGI data to guide instruction including creating fluid literacy groups facilitated by teachers and paraeducators. First grade teachers support literacy groups during their Universal Access time.

There were no students in the 2nd grade who were assessed with the Early Literacy test (which is only given to 2nd graders when they score below a certain threshold on the Star Reading).

School and Student Performance Data

Star Reading

Thurgood Marshall K-8 School											
		Less than Proficient				Proficient				Star Reading Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 2	39	18	46%	9	23%	7	18%	5	13%	Level 2	902
Grade 3	62	17	27%	18	29%	17	27%	10	16%	Level 2	971
Grade 4	69	17	25%	16	23%	20	29%	16	23%	Level 2	1011
Grade 5	61	23	38%	13	21%	16	26%	9	15%	Level 2	1012
Grade 6	75	23	31%	22	29%	22	29%	8	11%	Level 2	1044
Grade 7	74	30	41%	22	30%	19	26%	3	4%	Level 2	1049
Grade 8	4	0	0%	3	75%	1	25%	0	0%	Level 2	1075

Conclusions based on this data:

EOY 2024 Star Reading data showed declines from Spring Star data scores. Grade 2 had a slight decline from 34% proficiency to 31% proficiency in reading. Grade 3 maintained at 43% proficiency. Gr. 4 had the highest gains in reading proficiency from 48% - 54% proficiency in reading. Grade 6-8 Star Reading scores did not reflect accurate percentages as many students were missing test scores. Star Reading performance data was closely monitored through Leadership Team meetings, student monitoring meetings, and teacher collaboration times.

School and Student Performance Data

Star Math

Thurgood Marshall K-8 School											
		Less than Proficient				Proficient				Star Math Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 1	65	6	9%	17	26%	28	43%	14	22%	Level 3	877
Grade 2	44	19	43%	12	27%	7	16%	6	14%	Level 2	901
Grade 3	63	15	24%	16	25%	22	35%	10	16%	Level 2	976
Grade 4	68	16	24%	18	26%	20	29%	14	21%	Level 2	1025
Grade 5	57	29	51%	12	21%	8	14%	8	14%	Level 2	1035
Grade 6	84	42	50%	20	24%	12	14%	10	12%	Level 1	1046
Grade 7	75	29	39%	26	35%	8	11%	12	16%	Level 2	1067
Grade 8	72	33	46%	16	22%	8	11%	15	21%	Level 2	1089

Conclusions based on this data:

EOY 2024 Star Math data for Gr. 1-8 shows a decrease from Spring Star Math scores, but an increase in scores from the beginning of the year. Grade 1 had the largest percentage of students performing at the proficient levels with 65% proficiency. Grade 6-8 had the lowest levels of students in the proficient bands. Grade 2-5 attribute many gains in math to the use of Zearn supplemental math materials. The spiral review was an efficient way to progress monitor student performance. Teachers were able to assign as homework practice and align it with math concepts being taught daily. Grade 6-8 will be a focus for intervention, as well as a math department focus on lesson designs targeting heavily weighted standards and developing the format of tests given. Math TOSAs will work closely with middle school teachers on lesson design and common formative assessments.

School and Student Performance Data

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Overall Participation for All Students												
Grade Level	# of Students Enrolled			# of Students Tested			# of Students with Scores			% of Enrolled Students Tested		
	20-21	21-22	22-23	20-21	21-22	22-23	20-21	21-22	22-23	20-21	21-22	22-23

Conclusions based on this data:

In analyzing the overall achievement for all students according to 2022-2023, in Grades 3-8 in ELA, 47% of Grade 3 were at met or exceeded, Grade 4 were at 30% met or exceeded, 44% of 5th grade students were at met or exceeded, 8% of Grade 6 were at met or exceeded. 10% of Grade 7 were at met or exceeded and 3% of Grade 8 were at met or exceeded. This data indicates strong gains in Grade 3 and Grade 5 in their ELA data. Lowest gains were in Grade 6-8. The data shows a large percentage in Grade 6 at Nearly Met indicating many students were not far from achieving in the Met performance band. To improve in English/Language Arts, a focus on targeted small group instruction will be monitored through MTSS and Student Monitoring meetings. The LIT (Literacy Intervention Teacher) will continue working with K-2 students in small groups using the LLI Curriculum. An ISP (Intervention Support Person) has been hired to target grades 2-4 reading intervention in small group. Before and after school tutoring will also be offered targeting specific skills with students demonstrating the need for additional support.

School and Student Performance Data

CAASPP Results Mathematics (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Overall Participation for All Students

Conclusions based on this data:

According to 2023 - 2024 student performance data, Marshall improved in the percentage of students scoring above standard. Grades 3 - 5 showed the highest gains in overall performance. They had the most significant increase in exceeded and met in math. Through close progress monitoring of individual students in Mathematics, students not making adequate progress will be provided small group instruction consistently through the week. Grade 7 and 8 students in mathematics will be provided tutoring through Desmos and Dream Box after before and/or after school. Small group instruction will give extra support to students with their outcomes closely monitored by teachers. Data meetings and collaboration with teachers will focus on the progress monitoring of students through Star and other assessments.

School and Student Performance Data

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](https://www.cde.ca.gov/ta/tg/eng/elpac/) web page or the [ELPAC.org](https://elpac.org) website for more information about the ELPAC.

Conclusions based on this data:

For the 2023-2024 school year, 27% of Marshall's English Learners were Reclassified. Teachers continue to provide strategies and support for the EL's in the classroom. Teachers provide students opportunities to practice ELPAC formatted questions throughout the school year. 6th-8th grade teachers are targeting long-term EL students by incorporating AVID Excel strategies into the classroom in addition to planning and designing lessons to meet the needs of English Learners.

School and Student Performance Data

California School Dashboard Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

2022-23 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
729	74.2	23.6	0.1
Total Number of Students enrolled in Thurgood Marshall K-8 School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2022-23 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	172	23.6
Foster Youth	1	0.1
Homeless	28	3.8
Socioeconomically Disadvantaged	541	74.2
Students with Disabilities	142	19.5

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	24	3.3
American Indian	2	0.3
Asian	10	1.4
Filipino	18	2.5
Hispanic	605	83
Two or More Races	10	1.4
Pacific Islander	2	0.3
White	58	8

Conclusions based on this data:

For the 2022-2023 school year, 75% of the students at Marshall are socioeconomically disadvantaged, 24.8% of students are English Learners. The significant ethnic groups include Hispanic, White and African American. Based on this data, Marshall will focus on strengthening designated and integrated English Language Development for English Learners. Teachers will analyze formative and summative assessments throughout the year that will help drive instruction, allowing teachers to progress monitor student achievement and develop specific targeted intervention for the needs of the students. Marshall will be monitoring the various student groups throughout the year. This will be done through Student Monitoring meetings after each assessment, as well as through SSTs to create goals that will target specific areas of need.

School and Student Performance Data

Overall Performance

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

2023 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts  Orange	Chronic Absenteeism  Orange	Suspension Rate  Green
Mathematics  Yellow		
English Learner Progress  Blue		

Conclusions based on this data:

- The 2023-2024 CA Dashboard data indicates that Marshall is under ATSI due to the Red performance range in Suspension rates for the Homeless student group. Although the suspension rates showed significant decline and a Green performance range, the high rate of suspension for Homeless students is the criteria that kept Marshall under ATSI. Other indicators according to the 2023-2024 CA Dashboard data shows that English Learner progress is in the Blue performance range, the highest range. 60% of English Learners made progress, which was an increase of 20.2%. Although Chronic absenteeism indicates a performance range in Orange, there was a decline of

2.3%. Math performance is in the Yellow range, also with an increase of 8.9 points. English Language Arts is in the orange performance range with an indicator that all students maintained at this level.

School and Student Performance Data

Academic Performance English Language Arts

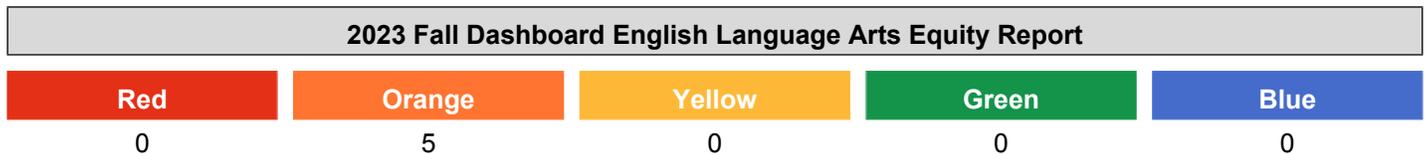

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2023 Fall Dashboard English Language Arts Performance for All Students/Student Group		
<p>All Students</p>  <p>Orange</p> <p>35.6 points below standard</p> <p>Maintained -0.4 points</p> <p>496 Students</p>	<p>English Learners</p>  <p>Orange</p> <p>69.8 points below standard</p> <p>Decreased Significantly -17.7 points</p> <p>154 Students</p>	<p>Foster Youth</p> <p>Less than 11 Students</p> <p>2 Students</p>
<p>Homeless</p> <p>98.7 points below standard</p> <p>Increased +12.2 points</p> <p>23 Students</p>	<p>Socioeconomically Disadvantaged</p>  <p>Orange</p> <p>48.5 points below standard</p> <p>Maintained -2.7 points</p> <p>371 Students</p>	<p>Students with Disabilities</p>  <p>Orange</p> <p>115.4 points below standard</p> <p>Increased +7.2 points</p> <p>120 Students</p>

2023 Fall Dashboard English Language Arts Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
26.7 points below standard Decreased -5.5 points 18 Students	Less than 11 Students 1 Student	Less than 11 Students 4 Students	99 points above standard Increased Significantly +34.5 points 12 Students
Hispanic	Two or More Races	Pacific Islander	White
 Orange 43.1 points below standard Maintained +0.5 points 418 Students	Less than 11 Students 7 Students	Less than 11 Students 2 Students	 Orange 6.1 points below standard Decreased -5 points 34 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2023 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
86.8 points below standard Decreased Significantly -16.7 points 94 Students	43.3 points below standard Decreased Significantly -16 points 60 Students	22.8 points below standard Increased +5.9 points 305 Students

Conclusions based on this data:

According to the 2023-2024 CA Dashboard data in English Language Arts, there were no student groups in the Red performance range. There were 5 student groups who fell in the Orange performance range - English Learners, Socioeconomically Disadvantaged, Students with Disabilities, White, and Hispanic. English Learners and White students decreased, while Students with Disabilities increased and Hispanic and Socioeconomically Disadvantaged students maintained in the Orange performance range. Although not a significant student group, African American students decreased by 5.5 points in English Language Arts. Filipino students also increased 34.5 points. Current English Learners and Reclassified ELs decreased in English Language Arts.

School and Student Performance Data

Academic Performance Mathematics

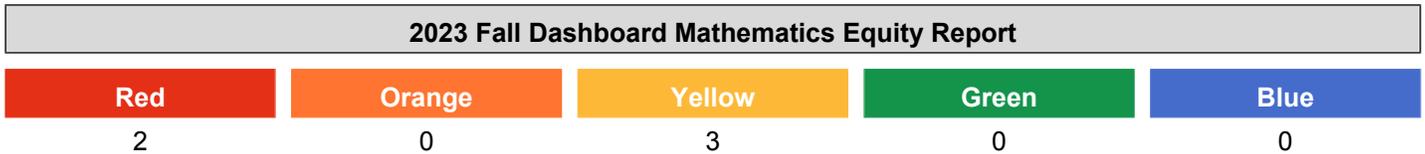

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the Mathematics assessment. This measure is based on student performance either on the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2023 Fall Dashboard Mathematics Performance for All Students/Student Group		
<p>All Students</p>  Yellow 80.3 points below standard Increased +8.9 points 496 Students	<p>English Learners</p>  Red 106.4 points below standard Decreased -3 points 154 Students	<p>Foster Youth</p> <p>Less than 11 Students</p> <p>2 Students</p>
<p>Homeless</p> <p>112.9 points below standard Increased Significantly +22.1 points 23 Students</p>	<p>Socioeconomically Disadvantaged</p>  Yellow 90.8 points below standard Increased +10.3 points 370 Students	<p>Students with Disabilities</p>  Red 159.1 points below standard Maintained -0.3 points 119 Students

2023 Fall Dashboard Mathematics Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
91.1 points below standard Decreased Significantly -27 points 18 Students	Less than 11 Students 1 Student	Less than 11 Students 4 Students	51.6 points above standard Increased Significantly +51.7 points 12 Students
Hispanic	Two or More Races	Pacific Islander	White
 Yellow 87.9 points below standard Increased +9.9 points 418 Students	Less than 11 Students 7 Students	Less than 11 Students 2 Students	 Yellow 45.1 points below standard Increased +12.6 points 34 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2023 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
104.9 points below standard Increased +4.2 points 94 Students	108.6 points below standard Decreased -13.2 points 60 Students	69.2 points below standard Increased +12.6 points 305 Students

Conclusions based on this data:

According to the 2023-2024 CA Dashboard data, All Students increased 8.9 points in mathematics. Although All Students showed growth, 2 student groups fell in the Red performance range - English Learners and Students with Disabilities. Hispanic students increased by 9.9 points and Filipino students increased significantly by 51.7 points. White students increased in math by 12.6 points. Current English Learners increased by 4.2 points. Homeless students increased significantly in math by 22.1 points. Marshall will continue to use evidence-based EL strategies for English Learners. We will also strengthen our work with Mathematical Mindset training. Teachers will be provided collaboration time to discuss successful strategies used in the classroom along with the use of the District Math manager to ensure that instruction in mathematics is being implemented more effectively. Teachers would like to work with Math TOSAs in designing common formative assessments that align with the format of CAASPP test questions.

School and Student Performance Data

Academic Performance English Learner Progress

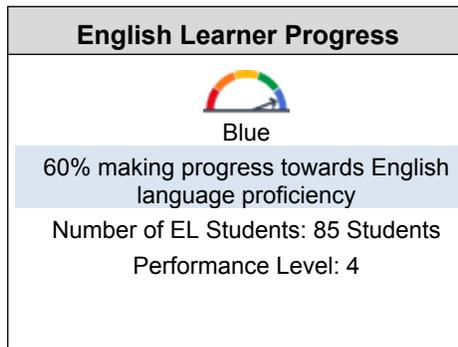

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides a view of the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2023 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2023 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
12	22	0	51

Conclusions based on this data:

According to 2023-2024 CA Dashboard data, 60% of English Learners are making progress toward English language proficiency. They showed an increase of 20.2%. At Marshall, the majority of English Learners are at the moderately developed level. Marshall will use evidence-based strategies to increase the proficiency levels of our English Language Learners. Grade level teams will collaborate to specifically focus on the needs of the EL students based on their performance level. Designated and Integrated ELD will be implemented using district adopted materials. Middle school students will have opportunities to use AVID Excel strategies within the classroom in order to target English Learner growth.

School and Student Performance Data

Academic Engagement Chronic Absenteeism

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2023 Fall Dashboard Chronic Absenteeism for All Students/Student Group		
All Students	English Learners	Foster Youth
 Orange	 Yellow	Less than 11 Students
29.7% Chronically Absent	30.1% Chronically Absent	3 Students
Declined -2.3	Declined Significantly -4.8	
754 Students	183 Students	
Homeless	Socioeconomically Disadvantaged	Students with Disabilities
 Orange	 Yellow	 Yellow
34.2% Chronically Absent	32.5% Chronically Absent	34.8% Chronically Absent
Declined -25.8	Declined Significantly -3.1	Declined Significantly -6.2
38 Students	566 Students	164 Students

2023 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

African American	American Indian	Asian	Filipino
18.5% Chronically Absent Increased 3.7 27 Students	Less than 11 Students 2 Students	Less than 11 Students 10 Students	21.1% Chronically Absent Increased 16.3 19 Students
Hispanic	Two or More Races	Pacific Islander	White
 Orange 31.8% Chronically Absent Declined -2.5 622 Students	Less than 11 Students 10 Students	Less than 11 Students 2 Students	 Yellow 17.7% Chronically Absent Declined -9.8 62 Students

Conclusions based on this data:

Chronic absenteeism was a continued primary focus with targeted interventions for the 2023-2024 school year. Marshall developed an incentive-based program for students with chronic absenteeism. The ORC in coordination with the Attendance Technician monitored absences and provided outside resources to the families as needed. Site SART meetings are held frequently to educate parents on the importance of school attendance and to identify any obstacles students may be facing that are preventing them from being at school and on time every day. Although overall Chronic Absenteeism declined by 2.3%, the Hispanic and Homeless students groups are in the Orange performance level. Home visits will continue to be conducted to connect with those students whose families are not keeping in touch with the school. Overall, all students and student groups decreased in Chronic Absenteeism, showing improvement in attendance.

School and Student Performance Data

Conditions & Climate Suspension Rate

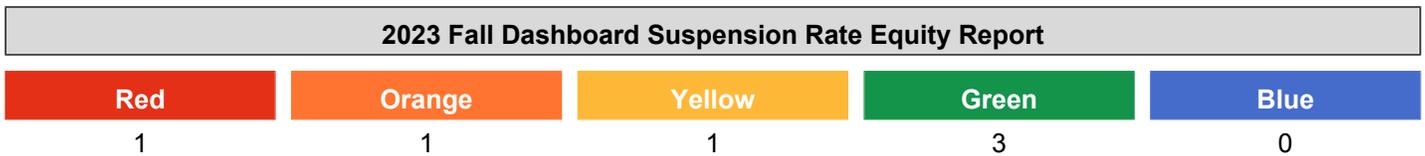

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2023 Fall Dashboard Suspension Rate for All Students/Student Group		
All Students  Green 2.7% suspended at least one day Declined Significantly -4.8 768 Students	English Learners  Green 1.6% suspended at least one day Declined Significantly -6.6 190 Students	Foster Youth Less than 11 Students 3 Students
Homeless  Red 7.5% suspended at least one day Increased 7.5 40 Students	Socioeconomically Disadvantaged  Green 2.9% suspended at least one day Declined Significantly -5.5 580 Students	Students with Disabilities  Yellow 3.6% suspended at least one day Declined Significantly -6.8 166 Students

2023 Fall Dashboard Suspension Rate by Race/Ethnicity

African American	American Indian	Asian	Filipino
<p>0% suspended at least one day</p> <p>Declined -7.1 27 Students</p>	<p>Less than 11 Students 2 Students</p>	<p>Less than 11 Students 10 Students</p>	<p>0% suspended at least one day</p> <p>Maintained 0 19 Students</p>
Hispanic	Two or More Races	Pacific Islander	White
<p> Green</p> <p>2.8% suspended at least one day</p> <p>Declined Significantly -5.5 636 Students</p>	<p>Less than 11 Students 10 Students</p>	<p>Less than 11 Students 2 Students</p>	<p> Orange</p> <p>4.8% suspended at least one day</p> <p>Increased 1.5 62 Students</p>

Conclusions based on this data:

According to the 2023-2024 CA Dashboard data, All students performed in the Green range with a decline of suspensions by 4.8%. There was on student group who fell in the Red performance range and this was the Homeless student group. There was an increase of 7.5 points which is why Marshall remains in ATSI. Marshall has established a progressive discipline policy and has trained staff in CHAMPS and PBIS strategies to help target behavioral problems. School counselors conduct check-ins with specific students, as well as providing SEL lessons in the classrooms.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Language Arts and Math

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

All students will reach high academic standards in reading, writing, and mathematics.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase the capacity of teachers to deliver effective data-driven instruction
 To provide equipment, materials and technology resources that support high-quality instruction
 To provide opportunities for teachers to collaborate to improve teaching and learning

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Star Early Literacy	EOY 2024 Percentage of students who scored At/Above benchmark: Kinder - 51% Grade 1 - 43%	EOY 2025 Students in grades K-1 who score At/Above benchmark will increase by 10%. Students will demonstrate growth by moving one or two levels across the different levels. 3-5% of students will move from Approaching to At/Above Benchmark.
Star Reading	EOY 2024 Percentage of students who scored At/Above benchmark: Grade 2 - 32% Grade 3 - 44% Grade 4 - 53% Grade 5 - 42% Grade 6 - 39% Grade 7 - 30% Grade 8 - 33%	EOY 2025 Students in grades 2 -8 who score At/Above benchmark will increase by 10%. Students will demonstrate growth by moving one or two levels across the different levels. 3-5% of students will move from Approaching to At/Above Benchmark.
Star Math	EOY 2024	EOY 2025

	Percentage of students who scored At/Above benchmark: Grade 1 - 65% Grade 2 - 30% Grade 3 - 51% Grade 4 - 51% Grade 5 - 29% Grade 6 - 25% Grade 7 - 26% Grade 8 - 32%	Students in grades 1-8 who score At/Above benchmark will increase by 10%. 3-5% of students will demonstrate growth by moving one or two levels from intervention or on-watch to at/above benchmark.
Reclassification Rates	2023-2024 27% of EL students (37) in grades 3-8 reclassified.	2024-2025 The reclassification rate will increase by at least 5-7%.
CAASPP ELA	2023-2024 Percentage of students who Met/Exceeded standards: Grade 3 - 47% Grade 4 - 50% Grade 5 - 55% Grade 6 - 37% Grade 7 - 21% Grade 8 - 26%	2024-2025 Students will demonstrate growth by moving one or two levels across the different achievement bands. 3-5% of students will move from Nearly Met to Met/Exceeded.
CAASPP Math	2023-2024 Percentage of students who Met/Exceeded standards: Grade 3 - 54% Grade 4 - 46% Grade 5 - 37% Grade 6 - 21% Grade 7 - 9% Grade 8 - 12%	2024-2025 Students will demonstrate growth by moving one or two levels across the different achievement bands. 3-5% of students will move from Nearly Met to Met/Exceeded.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/Activity #	Description	Students to be Served	Proposed Expenditures
1.1	<p>The District Math Manager will support teachers in implementing Math Mindset strategies, continued use of Zearn supplemental math materials, State Standards and framework for math, district adopted curriculum and ST Math.</p> <p>The Science and Social Science TOSAs will support teachers in implementing Science and History/Social Science standards, framework and district adopted curriculum.</p> <p>Teachers will continue to use CANVAS for instruction and communication with parents. The District Education Technology TOSAs will support teachers in implementing CANVAS, report cards and other technology related to instruction.</p>	All Students	District Funded 1000-1999: Certificated Personnel Salaries Certificated Salaries

	<p>Teachers will also be trained on Parent Square for communication with parents and families.</p> <p>The District English Learner TOSAs will support teachers in implementing Designated and Integrated ELD interventions and strategies; how to reduce the amount of students who are Long-term English Learners; and implementation of the OSD EL Master Plan.</p>		
1.2	<p>Grade level and/or department meetings will support teachers to implement ELA and Math Common Core Standards. The Marshall MTSS team will hold student monitoring meetings with grade levels at a minimum of every 6 weeks. Staff will analyze assessment results from regular assessments such as IABs, Star Reading and Math, Wonders unit assessments, Study Sync and My Math chapter assessments to make instructional decisions. Teachers will meet weekly focusing on specific collaboration. Teachers will also utilize collaboration time to monitor the progress of African American Students, English Learners, Foster Youth, Special Education and Homeless Students. The school leadership team will meet on a regular basis to monitor and guide school-wide academic progress. These meetings will take place on Monday afternoons.</p>	All Students	<p>2000 Title I 1000-1999: Certificated Personnel Salaries Teacher Extra Hours Certificated Substitutes</p>
1.3	<p>Dedicated ELD instruction will be provided to EL students by classroom teachers daily in grades K-5. Students in grades 6-8 will receive one period of ELD instruction. Integrated ELD will be implemented throughout all content areas.</p> <p>Professional development will be provided to teachers as support in how to develop effective lessons for integrated and designated ELD through instructional practices such as scaffolding, sheltering, preview and review in addition to learning walks and on strengthening and further developing the ELD Program to target LTELs and provide an enhanced experience for English Learners as they pursue their goal of being reclassified.</p> <p>Teachers will analyze curriculum based assessments in ELA, Math and ELD to progress monitor and to plan and coordinate tutoring for targeted EL students before and/or after school. This may include an EL Academy during intersession.</p> <p>The CABE Conference will be offered for Marshall staff to attend for those teachers providing ELD instruction to English Learners.</p>	English Learners	<p>1000 LCFF 4000-4999: Books And Supplies Supplemental materials 2500 LCFF 1000-1999: Certificated Personnel Salaries Certificated Substitutes for PD 1926 Title III 5800: Professional/Consulting Services And Operating Expenditures Conference expenses Professional Development</p> <p>2000 Title III 1000-1999: Certificated Personnel Salaries Teachers: Extra Help</p>
1.5	<p>An ISP (Intervention Services Provider) teacher will provide support and intervention to address the needs of identified students in Math (Identified target are low-medium). The ISP teacher will begin in September and work through May 2025.</p>	<p>All Students English Learners</p>	<p>27729 Title I 1000-1999: Certificated Personnel Salaries</p>

	Intervention programs will be purchased for teachers. This strategy will target those underperforming student groups which include English Learners and Students with Disabilities.	Students with Disabilities	Certificated Salary: ISP Teachers 2000 Title I 4000-4999: Books And Supplies Intervention Materials
1.6	MTSS Site Team meetings will be held to address the instructional needs of all students. The MTSS Team includes administration, school counselor, school psychologist, ORC, and grade level teachers.	All Students	2200 Title I 1000-1999: Certificated Personnel Salaries Teacher Substitutes
1.7	In order to improve reading achievement, the district has provided a Literacy Intervention Teacher (LIT) for the Marshall School site. This teacher is site-based and will support language arts instruction in grades K-2 and will work directly with students using the LLI curriculum targeting EL, Foster Youth, Homeless, Students with Disabilities, Hispanic, and African American students.	All Students English Learners Homeless Students with Disabilities Hispanic African American Foster Youth	District Funded 1000-1999: Certificated Personnel Salaries Teacher Salary
1.8	Marshall School will hire one full-time music teacher in order to provide music instruction on a rotation basis for grades K-5. For the K-5 music level, students will engage in introduction to music, music fundamentals, and music appreciation. It is the goal to expose Marshall students to a wide variety of musical genres on an international level, as well as develop an appreciation for classic pieces. This supports Goal 2.4 of the Oxnard Strategic Plan - building positive relationships with staff to advance students.	All Students	75,000 Prop 28 1000-1999: Certificated Personnel Salaries K-5 Music Teacher salary 31,839 Prop 28 3000-3999: Employee Benefits K-5 Music Teacher benefits 14,537 Prop 28 4000-4999: Books And Supplies Music books and instruments
1.10	Integrated Art Units for the Visual and Performing Arts will be taught throughout the school year in grades K-8. Student work samples will be displayed at the Oxnard School District "OSD Creates" as well as at Marshall's Spring Fling Culminating activity. This will showcase student work at the end of the school year.	All Students	1000 LCFF 1000-1999: Certificated Personnel Salaries Teacher Extra Help 2500 LCFF 4000-4999: Books And Supplies Materials for Visual and Performing Arts
1.11	Accelerated Reader, MyON, and Lexia/Power Up will be used to support student literacy across all grades. Lexia/Power Up and Read Naturally will be used for intervention and enrichment. ST Math will be used to help with math intervention. The Zearn supplemental math program will be used to support math concepts in grades K-6.	All Students	2500 Title I 4000-4999: Books And Supplies Lexia, MyON, AR, ST Math, Zearn Math Program, Read Naturally and Lexia instructional software
1.12	Teachers and Staff will have use of the Canon copier machines, laminator and Duplo copy	All Students	6500 LCFF

	machine for support in duplicating instructional materials as well as services to shred documents that reflect private information and are no longer needed.		5000-5999: Services And Other Operating Expenditures Maintenance Agreement (includes Shredder)
1.13	Expected outcomes will be calendared for each grade level at 1st trimester, 2nd trimester, and 3rd trimester. This will be done utilizing the Report Card guide and outcome pages. Teachers will align the standards and expected outcomes per Trimester during grade level collaboration and lesson planning.	All Students	No Additional Cost
1.14	Administration will conduct regular classroom walkthroughs to ensure student engagement during implementation of Common Core Standards in Language Arts, ELD and Math. This will be done utilizing the Observation Feedback Cycle.	All Students	No Additional Cost
1.15	The Special Education Team will hold timely IEP (Individual Education Plan) meetings to review student progress, goals and review support services which are part of the plan. SSTs and 504 Plans will also be reviewed annually.	All Students	8,000 LCFF 1000-1999: Certificated Personnel Salaries Certificated Substitutes
1.17	Recognition of student progress toward meeting their goals in Accelerated Reader (AR), ST Math, and Lexia, as well as achievement and participation on the SBAC state assessment through the purchase of student incentives. Character Awards as well as Attendance will also be recognized. Awards Assemblies will be held per trimester for student recognition.	All Students	2961 LCFF 4000-4999: Books And Supplies Student Incentives
1.19	Administration will support integration of technology to promote student learning throughout the curriculum. The District Technology Service Technician will maintain equipment and software to support student learning through technology.	All Students	District Funded 2000-2999: Classified Personnel Salaries District Tech
1.20	A Music Teacher for grades 6 - 8 is contracted for the school year and will support the performing arts academy focus. This will be done through the electives offered to middle school students. Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Overall, most strategies proved to be effective in making growth and improving the academic performance for all students. The MTSS process, including student monitoring meetings, allowed for close monitoring of student performance, and teachers were well informed and kept effective systems of monitoring those student groups which needed additional support. Also, being able to hire an ISP made a difference this year with providing Tier II supports for those students struggling with specific skillsets and concepts. The continued support of the LIT teacher also made a difference in the Tier II supports provided to those students in grades K-2. Many students who worked with the LIT teacher showed academic gains according to Star Early Literacy and Star Reading. The growth was also seen on the LLI assessments. Also, providing students the opportunities for field trips expanded their background knowledge, and also their vocabulary development. It provided opportunities to enhance their writing, as well as building their oral language development.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Opportunities for tutoring for English Learners and LTELs was not able to be provided due to a lack of personnel. Additional personnel will be recruited to provide enrichment and tutoring for English Learners.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Alignment with teacher collaboration, Leadership Team goal setting, and academic performance targets will be developed and monitored throughout the year. Additional grade level planning with TOSAs will be provided to strengthen lesson plans and first instructional practices. These changes are found in release time and the MTSS process in Goal 1.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 2

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Social Emotional Support and School Climate

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase positive attendance
 To decrease the suspension rate
 To increase positive behavior
 To ensure a safe environment
 To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Suspension Data (ATSI indicator)	2023-2024 Suspension rate - 2.7%	2024-2025 The Suspension rate will decrease by 2%
Attendance Data	2023-2024 Chronic Absenteeism rate - 29.7%	2024-2025 Chronic Absenteeism rate will decrease by 3%
Panorama Survey	2023-2024 Grades 3-5: Emotion Regulation rate was 52% Sense of Belonging rate was 66% Growth Mindset rate was 62% Grades 6-8: Emotion Regulation rate was 51% Sense of Belonging rate was 51% Engagement rate was 37%	2024-2025 Grades 3-5 Emotion Regulation will increase to 57% Sense of Belonging rate will increase 71% Growth Mindset rate will increase 68% Grades 3-5 Emotion Regulation will increase to 56% Sense of Belonging will Increase to 56%

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/ Activity #	Description	Students to be Served	Proposed Expenditures
2.1	Implementation of PBIS school-wide and CHAMPS will occur in common areas. Under the guidance of our School Counselor and Outreach Specialist, CHAMPS will be fully implemented in all grade levels using all components of the program for positive behavior support. School guidelines will be established and implemented throughout campus. A safe, positive and creative culture will be provided amongst students through activities such as Spirit Weeks, Social Skills Building, LGBTQ+ Alliance, Kindness Club, Community Circles, and the Marshall Wellness Center. Student Leadership Team Meetings will occur weekly.	All Students	4953 LCFF 5000-5999: Services And Other Operating Expenditures CHAMPS program District Funded 1000-1999: Certificated Personnel Salaries School Counselor Salary District Funded 2000-2999: Classified Personnel Salaries ORC salary
2.2	Healthy choices will be taught and reinforced with Red Ribbon Week. Incentives with healthy choice themes are given to students by our School Counselor and ORC.	All Students	1500 LCFF 4000-4999: Books And Supplies Materials and student incentives
2.3	The Outreach Specialist will provide students with attendance and/or tardy incentives that promote regular attendance to decrease the chronic absenteeism rate.	All Students	2000 LCFF 4000-4999: Books And Supplies Incentives
2.4	Support will be provided for the needs of Homeless Youth through weekend meals distribution. The students will be identified and supported by the Outreach Specialist. Backpacks with school supplies, tutoring, clothing, and other basic needs will be provided as requested.	All Students Homeless	No Additional Cost
2.5	Attendance mediation meetings will be held with parents of students who are chronically truant. Positive reinforcement contracts will be developed with identified students and their parents.	All Students	No Additional Cost
2.6	Students, staff and parents will participate in Panorama survey for data collection related to social-emotional health.	All Students	District Funded 5800: Professional/Consulting Services And Operating Expenditures Panorama program
2.7	Continue use of Positive Behavior Intervention Support plan school-wide, use of Restorative Justice and CHAMPS to support positive behavior, and keep suspensions at a minimum. Items for CHAMPS Store will be purchased, which students can obtain using CHAMPS bucks. The Marshall Wellness Center offers intervention and support for	All Students Homeless	4000 LCFF - Intervention 4000-4999: Books And Supplies CHAMPS Store Items 4250 LCFF

	students to build positive relationships and receive counseling-based lessons and services. This will target the Homeless student group identified for ATSI.		4000-4999: Books And Supplies Supplies
2.8	The referral system for social emotional student needs is supported by the MTSS site team and student monitoring meetings. Professional development for staff will be provided on updated forms and procedures such as data collection and data monitoring. Students will be provided with materials to support the need of self-regulation, coping skills and healthy habits.	All Students	1000 LCFF - Intervention 4000-4999: Books And Supplies Materials
2.9	K - 8th grade students will receive foundational social skills through Second Step.	All Students	District Funded 4000-4999: Books And Supplies Second Step program
2.10	School Counselor works with staff to support the social and emotional needs of students who need extra support. Identified students needing Tier 2 Rtl social and emotional support receive individual, and or group counseling lead by Counselor on topics such as divorce, friendship, anger management, and trauma. Students in foster care will be monitored closely. Panorama data will be used to target specific groups of students.	All Students	No additional cost
2.11	PBIS Committee will monitor student discipline data each trimester for purposes of determining how to further support student behaviors, as well as how to implement school wide MTSS for student behaviors. PBIS Team will meet through regularly scheduled meetings to review the school plan and maintain the PBIS structure and process. In order to mitigate the suspension rate for Homeless students, which identifeid them for ATSI, behavior of Homeless students will be monitored.	All Students Homeless	1000 LCFF 1000-1999: Certificated Personnel Salaries Staff Extra Hours
2.12	The site will promote a "Kindness Challenge" Week to promote kindness and address an anti bullying school culture on campus.	All Students	500 LCFF 4000-4999: Books And Supplies Materials
2.14	Trimester Award Assemblies for Student recognition for high academic achievement, strong development of interpersonal skills and improvement in academic and social aspects are held.	All Students	4500 LCFF 4000-4999: Books And Supplies Materials and supplies
2.15	The Marshall Pearlz Girl group will be established consisting of student mentoring with Marshall staff and community members to build self esteem, self confidence, pride, and a sense of belonging.	All Students	1500 LCFF 5000-5999: Services And Other Operating Expenditures Field trips 1000 LCFF 4000-4999: Books And Supplies Materials and supplies for Mentoring Program
2.16	Campus Assistants monitor students during recesses and before and after school. Monthly	All Students	District Funded

	campus supervisor meetings will be held to monitor and update campus safety needs.		2000-2999: Classified Personnel Salaries Campus Assistants 18,000 LCFF 2000-2999: Classified Personnel Salaries Extra hours
2.17	The Safety Committee will monitor the Safety Plan and make necessary revisions and updates. School wide emergency drills will be held once a month. Supplies will be replenished and updated when necessary. Inventory of appropriate safety supplies will be maintained on a yearly basis. Radios will be maintained as needed to increase communication for staff during the regular day and during safety drills. 2.18	Strong relationships between students and Marshall staff will be fostered through advisory programs like Kindness Club, Students Leaders/ASB, Student Valets, and other clubs on campus to encourage positive relationships.	All Students	2000 LCFF 5000-5999: Services And Other Operating Expenditures Student Clubs and ASB training
2.20	Staff development on STOIC (Structured Classroom Teaching Behavioral Expectations, Observing and Supervising, Interacting Positively with Students and Correcting Fluently) will be given to teachers and Campus Assistants periodically throughout the year.	All Students	1500 LCFF 2000-2999: Classified Personnel Salaries Extra staff hours
2.22	CHAMPS assemblies for all grade levels will review program structure after each vacation break and as needed throughout the year. Our goal is that all staff will deepen their implementation of the CHAMPS structure.	All Students	District Funded 4000-4999: Books And Supplies CHAMPS program

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

The overall implementation reflects that strategies used to decrease suspension rates and chronic absenteeism were successful. According to the 2023 CA Dashboard data, suspension rates decreased by 4.8%. The suspension rate is in the Green performance indicator. For Chronic Absenteeism, there was a decline of 2.3%. It is still in the Orange

performance range showing that there needs to be continued improvement, but there was some success in decreasing the high absenteeism. Home visits, 1:1 check-ins, and incentives were some of the strategies used to target chronic absenteeism.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There was an intention to use budgeted incentives, and there was not the opportunity to award and recognize as many intended students for their positive and perfect attendance. Also, the Homeless student group was still in the Red performance area showing that there is a need to monitor and support this student group in order to decrease their suspension rate.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The changes that will be made are that students will be recognized on a frequent basis for their attendance and positive behavior. This will be done through Praise Notes and awards given during trimester awards assemblies. It is important to recognize students for this accomplishment in a timely manner. Attendance awards were not given this year, and this will be implemented for the upcoming year.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 3

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Parent and Family Engagement

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase communication through websites and social media so parents and the community are informed about district and school instructional programs and activities
To facilitate parent involvement in the educational and social-emotional well-being of their children

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Parent attendance in parent meetings: SSC, ELAC, PTA, Coffee with Principal, Coffee with the Counselor/ORC.	2023-2024 Average attendance at SSC - 9 Average attendance at ELAC - 6 Average attendance at PTA - 12 Average attendance at Coffee with the Principal - 10 Average attendance at Coffee with the Counselor/ORC - 7	2024-2025 Attendance at each parent meeting will increase by 50%.
Parent attendance at Back to School Night.	2023-2024 Parent attendance - 633	2024-2025 Parent attendance will increase by 10%.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/Activity #	Description	Students to be Served	Proposed Expenditures
3.1	Parents are given an overview of involvement opportunities at 1) Kindergarten Transition and Orientation, 2) Middle School Orientation and 3)	All Students	500 Title I

	Back to School Night. At these meetings, the SPSA action steps, budget and expenditures are discussed and input from parents is provided. Additionally, Title I Meeting(s) are held. Parents are invited to attend either the Chat with the Principal or Coffee with the Counselor and ORC.		2000-2999: Classified Personnel Salaries Extra Pay
3.2	School Site Council gives parents an opportunity to participate in a council that reviews the school budget and SPSA at regularly scheduled meetings.	All Students	No additional cost
3.3	English Learner Advisory Committee (ELAC) gives parents opportunities to become informed about reclassification, how to support their child's progress in school, community issues, safety items and other initiatives.	English Learners	300 Title III 2000-2999: Classified Personnel Salaries Babysitting
3.4	Parents are invited to a Spring Reclassification Celebration to honor EL students in Grades 3-8 who met reclassification requirements during the school year.	English Learners	500 Title III 4000-4999: Books And Supplies Reclassification refreshments and supplies
3.5	Parents receive notices for parent meetings and other pertinent school information through Peach Jar flyers, Parent Square, social media, and the school website.	All Students	250 LCFF 4000-4999: Books And Supplies Supplies

Informational workshops on such topics as Dangers of Social Media, Drug awareness, and Trafficking are also held.	All Students	1000 Title I 4000-4999: Books And Supplies Refreshments and supplies
3.10	Parents receive support in areas such as parenting and nutrition in seminars lead by community agencies or staff during parent meetings throughout the year.	All Students	No additional cost
3.11	Parent volunteers will be honored with a Spring "thank you event."	All Students	500 LCFF

			4000-4999: Books And Supplies Refreshments and supplies
3.13	The ORC gives ongoing support to parents in need through Operation School Bell, health referrals and referrals to community support services.	All Students	No additional cost
3.15	PTA offers parents a way to be involved in fundraising and other activities which support the instructional program.	All Students	No additional cost
3.16	The school administration and parents will jointly develop the school's Parent Compact and Parent Involvement Policy through SSC and ELAC.	All Students	No additional cost

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Marshall continues to fall short on increasing attendance at parent workshops and events. Despite the use of multiple modes of communication, attendance has not increased at the targeted rate. Parent attendance will fluctuate depending on the topic of the workshop and the type of event. "Take-out Tuesdays" were successful as sponsored by PTA. Family Events such as the Family Dances were also successful and well attended.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The budget allocated for many parent workshops and events was reallocated to other budget needs such as subs for student monitoring meetings, as well as Lesson Studies for the teachers. The intended budget expenditure was not always completed to the meet the goal.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The changes that will occur to change the outcomes are to ensure that all parents are signed up on the Parent Square app in order to confirm that all families are receiving schools news and information in a timely manner. IT and the ORC will assist parents in downloading the app, and offering to make sure they are set up to receive Marshall's messages. Also, hard copies of events such as flyers will be sent home as another way to communicate to families.

Budget Summary

Complete the Budget Summary Table below. Schools may include additional information, and adjust the table as needed. The Budget Summary is required for schools funded through the Consolidated Application (ConApp).

Budget Summary

DESCRIPTION	AMOUNT
Total Funds Provided to the School Through the Consolidated Application	\$67,171
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$341,039.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0

Other Federal, State, and Local Funds

List the additional Federal programs that the school includes in the schoolwide program. Adjust the table as needed.

Note: If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.

Federal Programs	Allocation (\$)
Title I	\$55,445.00
Title III	\$11,726.00

Subtotal of additional federal funds included for this school: **\$67,171.00**

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Allocation (\$)
LCFF	\$147,492.00
LCFF - Intervention	\$5,000.00
Prop 28	\$121,376.00

Subtotal of state or local funds included for this school: **\$273,868.00**

Total of federal, state, and/or local funds for this school: **\$341,039.00**

Budgeted Funds and Expenditures in this Plan

The tables below are provided to help the school track expenditures as they relate to funds budgeted to the school.

Funds Budgeted to the School by Funding Source

Funding Source	Amount	Balance
Title I	55,445	0.00
Title III	11,726	0.00
LCFF	147,492	0.00
LCFF - Intervention	5,000	0.00
Prop 28	121,376.00	0.00

Expenditures by Funding Source

Funding Source	Amount
LCFF	147,492.00
LCFF - Intervention	5,000.00
Prop 28	121,376.00
Title I	55,445.00
Title III	11,726.00

Expenditures by Budget Reference

Budget Reference	Amount
1000-1999: Certificated Personnel Salaries	125,429.00
2000-2999: Classified Personnel Salaries	30,800.00
3000-3999: Employee Benefits	31,839.00
4000-4999: Books And Supplies	108,076.00
5000-5999: Services And Other Operating Expenditures	39,953.00
5800: Professional/Consulting Services And Operating Expenditures	4,942.00

Expenditures by Budget Reference and Funding Source

Budget Reference	Funding Source	Amount
1000-1999: Certificated Personnel Salaries	LCFF	13,500.00
2000-2999: Classified Personnel Salaries	LCFF	19,500.00
4000-4999: Books And Supplies	LCFF	77,539.00
5000-5999: Services And Other Operating Expenditures	LCFF	36,953.00
4000-4999: Books And Supplies	LCFF - Intervention	5,000.00
1000-1999: Certificated Personnel Salaries	Prop 28	75,000.00
3000-3999: Employee Benefits	Prop 28	31,839.00
4000-4999: Books And Supplies	Prop 28	14,537.00
1000-1999: Certificated Personnel Salaries	Title I	32,929.00
2000-2999: Classified Personnel Salaries	Title I	7,000.00
4000-4999: Books And Supplies	Title I	9,500.00
5000-5999: Services And Other Operating Expenditures	Title I	3,000.00
5800: Professional/Consulting Services And Operating Expenditures	Title I	3,016.00
1000-1999: Certificated Personnel Salaries	Title III	4,000.00
2000-2999: Classified Personnel Salaries	Title III	4,300.00
4000-4999: Books And Supplies	Title III	1,500.00
5800: Professional/Consulting Services And Operating Expenditures	Title III	1,926.00

Expenditures by Goal

Goal Number	Total Expenditures
Goal 1	272,286.00
Goal 2	59,203.00
Goal 3	9,550.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Chantal Anderson Witherspoon	Principal
Maureen Aryeetey	Classroom Teacher
Kathy Orlinsky	Classroom Teacher
Randi Culver	Classroom Teacher
Alex Salazar	Other School Staff
Xilomen Durazo	Parent or Community Member
Rachel Saldana	Parent or Community Member
Jeannete Cortez	Parent or Community Member
Lucy Castillo	Parent or Community Member
Brenda Pacheco Perez	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name
	English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on May 22, 2024.

Attested:

	Principal, Chantal Anderson Witherspoon on May 22, 2024
	SSC Chairperson, Jeanette Cortez on May 22, 2024

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

Instructions: Table of Contents

- Plan Description
- Educational Partner Involvement
- Comprehensive Needs Assessment
- Goals, Strategies/Activities, and Expenditures
- Annual Review
- Budget Summary
- Appendix A: Plan Requirements for Title I Schoolwide Programs
- Appendix B: Select State and Federal Programs

For additional questions or technical assistance related to LEA and school planning, please contact the CDE's Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the LEA, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:

Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:

When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- Strategy/Activity #: Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- Description: Describe the strategy/activity.
- Students to be Served: Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- Proposed Expenditures: List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to EC Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- Funding Sources: List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
 - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
 - a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. Use methods and instructional strategies that:
 - i. Strengthen the academic program in the school,
 - ii. Increase the amount and quality of learning time, and
 - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. Strategies to improve students' skills outside the academic subject areas;
 - ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: Title 34 of the *Code of Federal Regulations (34 CFR)*, sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. *EC* sections 64001 et. seq.

Appendix B: Plan Requirements for School to CSI/ATSI Planning Requirements

For questions or technical assistance related to meeting federal school improvement planning requirements, please contact the CDE’s School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education’s “Using Evidence to Strengthen Education Investments” at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

CSI Resources

For additional CSI resources, please see the following links:

- **CSI Planning Requirements** (see Planning Requirements tab):
<https://www.cde.ca.gov/sp/sw/t1/csi.asp>
- **CSI Webinars:** <https://www.cde.ca.gov/sp/sw/t1/csiwebinars.asp>
- **CSI Planning Summary for Charters and Single-school Districts:**
<https://www.cde.ca.gov/sp/sw/t1/csiplansummary.asp>

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

School Plan for Student Achievement (SPSA)

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Christa McAuliffe Elementary School	56725380100362	May 29, 2024	August 21, 2024

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California’s ESSA State Plan supports the state’s approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state’s Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Christa McAuliffe Elementary School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program
 The School Plan is a strategic plan, developed to maximize the available resources to McAuliffe Elementary School.

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Christa McAuliffe Elementary School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

The School Plan is a strategic plan, developed to maximize the available resources to McAuliffe Elementary School.

At Christa McAuliffe Elementary School, "It's Always a Great Day to Be a Challenger!" We believe that students can reach their academic potential in a safe, fun, and engaging learning environment. Our vision coincides with the Oxnard School District profile where we strive for students to become innovators, problem solvers, achievers, global thinkers, collaborators, digital learners, and children who are focused on the future. McAuliffe's vision is "to empower all children to achieve excellence by unlocking their full potential, incorporating STEAM practices while fostering a student-centered culture, cultivating responsible citizens, and ensuring students are equipped to meet the challenges in the world around them." Additionally, McAuliffe's vision supports the OSD Strategic Plan.

Oxnard School District has created a strategic plan in order to ensure that we fully develop our student profile and work toward fulfilling our Mission and Vision. The Mission is as follows: In Oxnard School District, we nurture self-confident and empowered multilingual global citizens, strong in their multiple identities and potential, who achieve inspired levels of individual, community, and social accomplishment in school and beyond in their endeavors. The Vision is as follows: Ignite, Transform, Nurture, Embrace.

Our strategies/activities support our values and principles: Equity and Excellence; Safe and Affirming Environments; Achievement/Performance, Multilingualism, Global and Socio-Cultural Competence; Relationships built on Integrity, Mutual Trust, Respect and Caring; and Professional Accountability and Service.

Our goals can be realized by following a Theory of Action, which constitutes committing to a vision of success; to be relentless in clarifying and supporting classroom leadership; to build school leadership; to benefit from organized district leadership; and to engage our families and community, which will lead us to become a highly effective and equitable school.

A guiding focus for the district is on five strategic goals which form the framework for powerful and sustainable school and district transformation: Student Academic Engagement and Achievement; a Positive and Safe Learning Environment and School Climate; Guidance and Support to Sites; Family/Community Alliances for Student Success and Transformational Leadership and Infrastructure.

All of our strategies/activities are designed to further these pedagogical principles:

1. Identify, activate, and build on student strengths.
2. Affirm student identities by challenging the devaluation of minoritized students' identities.
3. Establish powerful relationships that nurture equity and success.
4. Engage students actively in the learning process, by amplifying student voice.
5. Create environments of enrichment, rather than remediation, that engage students' multilingual repertoires.
6. Situate learning in the lives of students by connecting to their lives.
7. Elicit high intellectual performances that help connect students' identities to academic engagement.
8. Address the prerequisites for learning, including incorporating pedagogical practices that challenge coercive relations of power.

McAuliffe school takes the strategic plan into account which, if implemented with fidelity, will increase student achievement exponentially.

In 23-24, McAuliffe students demonstrated tremendous growth and we will continue to raise the bar for the 24-25 school year. McAuliffe's plan highlights 3 goals: academics, socio-emotional support, and parent engagement.

The first goal of the School Plan for Student Achievement, SPSA, is instruction, assessment and monitoring of students in the core of academics - Math and English Language Arts. The staff has committed to best, first instructional practices by teaching grade level standards through an Accelerated Learning model. We believe that with high quality first-instruction, which includes: standards based lesson design, classroom interventions, effective use of resources, and use of evidence-based practices, 85% of students will reach mastery of the Common Core State Standards. Part of effective

first instruction practices includes targeting instruction through the Cycle of Inquiry which entails Analyzing Evidence, Determining a Focus, Implementing and Supporting, and Analyzing Impact. When interventions are needed, teachers use data and remediation strategies to pinpoint focus skills while working with small groups and individual students.

Instructionally, teachers will focus on the following for the 24-25 school year:

- Create an "Annual Plan" with the goal of making an outline of lessons throughout the year focused on planning based on Common Core standards while keeping in mind assessments and report card outcomes.
- Student Progress Monitoring: Teachers will track multiple student data in 6-8 week intervals to track their progress. Then, create SMART goals and an action plan.
- Common Formative Assessments: Teachers will administer CFA's weekly or biweekly by grade level, identifying a standard, learning objective and agreed upon assessment. Data from CFA's will be analyzed for next steps.

The second goal of the SPSA is Social-Emotional Learning. We believe students need to be well-rounded and aware of their well-being to succeed in the future. Supports for SEL include - our PBIS Committee dedicated to the STOIC model through our S.T.A.R. (Strive to be present every day, Treat others with kindness, Act responsibly, Respect others) expectations. Similar to CHAMPS, STAR focuses on creating clear expectations in common areas and in the classroom. The staff will continue to implement daily greetings at the door and Community Circles. The Counselor and Outreach Specialist will provide consistent SEL support through class presentations, assemblies, parent nights, and small groups or individual supports. Additionally, the staff will continue to conduct Second Step SEL lessons.

Through the 3rd goal in SPSA, families will be supported in their involvement in their child's education. We firmly believe that a child's education is a partnership best served when both sides are working together in unity. We plan to offer several opportunities for families to provide input, engage in the learning process, communicate to staff, share resources, and support students.

This year, we are renewing our three goals with strategic plans to achieve them.

Goal 1: ACADEMICS

1. This academic school year, our students, across all grades, will focus on exceeding, achieving, or moving closer to mastering grade-level standards. Teachers are committed to increasing academic achievement across English Language Arts and Mathematics content areas. These areas will be assessed by using Star Assessments, Interim Assessment Blocks (IABs) and teacher-generated assessments (Kindergarten). Teachers have created a plan to increase student achievement through best first instruction practices, an analysis of student data, and targeted interventions.
2. McAuliffe Teachers collaborate on a regular basis through focused conversations to plan, analyze data, set goals, and share strategies to support below benchmark, at-benchmark, and exceeding benchmark students. Students not making significant progress are identified through data analysis and student monitoring conferences by the teacher and administration. Students identified as not meeting benchmark receive Tier I instruction and interventions within the classroom. Any student needing Tier II or Tier III level Interventions are supported through a small group setting, team-teaching amongst the grade-level, Intervention Service Provider (ISP), paraeducator support, and Literacy Intervention Teacher (LIT). Students at Tier II are reviewed through a Multi-Tiered System and Support (MTSS) process and the Student Success Team (SST). Students identified through this process are provided interventions, tools, or strategies (with social/emotional support, as necessary).
3. Our site has six Special Day Classes serving students with special needs. Four of those classes are dedicated to students who have moderate to severe disabilities. Two of our Special Day Classes support students who have mild/moderate disabilities and have eligibility for Emotional Disturbance.
4. As McAuliffe is a STEAM Academy, we focus on Science, Technology, Engineering, Arts, and Mathematics (STEAM) practices while embedding them in instruction as well as providing enrichment opportunities. McAuliffe has a rich history of incorporating the STEAM activities into instruction including learning through visual arts, interactive science lessons, plays, poetry reading, and writing.

Goal 2: SOCIO-EMOTIONAL

5. Our school guidelines follow the acronym S.T.A.R. These represent: Strive to be present every day, Treat others with kindness, Act responsibly, and Respect others and their belongings. These guidelines provide expectations to students for their behavior, in and out of class. Student behavior is incentivized by receiving "STARbucks" tickets. Every Friday, students whose tickets are selected "cash them in" for prizes. The expectations are shared in the morning announcements, assemblies, and in the classroom. Parents/Guardians are informed through classroom and the school family bulletin.

To promote positivity and acceptance throughout the school, we make it known that "It's Always a Great Day to be a Challenger." Coupled with daily Community Circles in the classroom, we promote building relationships and connections with each other on campus. The PBIS Team also reviews data and provides support to staff and teachers who request suggestions on how to support students with behavior. McAuliffe has worked diligently creating positive behavior supports in the classroom and we strive to create supports in common areas such as the cafeteria, playground, recess area, hallway, and library. Our site Library/Media Tech has curated a list of books that will promote cultural responsiveness and diversity.

Goal 3: PARENT ENGAGEMENT

6. A key part of the academic, social, and emotional support to students is parent participation. The partnership with the Parent Teacher Association (PTA) provides an avenue for parents and guardians to participate through volunteering, fundraising, and creating events that bring staff, students and families together. The English Learner Advisory Committee (ELAC) and School Site Council (SSC) are formal groups that meet regularly to provide input in developing and implementing the school plan. The role of the parent/guardian is vital to the mission and vision we have for our students in meeting the goals.

7. Parents are invited to participate in our councils, meetings, associations or chats about supports the school offers to the children.

8. Communication on how to support the family/school partnership will be shared through newsletters, emails, social media posts, and website by the school staff and administration.

Educational Partner Involvement

How, when, and with whom did Christa McAuliffe Elementary School consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

A regular part of the creation of the School Plan for Student Achievement (SPSA) is the evaluation of the goals, strategies, and funding by the Site Leadership team. The results are reported back to the staff by their team representative. Teachers have an opportunity to provide input for the SPSA through their grade level representatives.

Parents have an opportunity to provide input on the SPSA through SSC and ELAC meetings. At every SSC and ELAC meeting, the budget is reviewed with a particular focus on Title 1 funds. Parents and committee members are asked for input at each meeting.

Parent groups such as School Site Council (SSC), English Language Advisory Committee (ELAC), and Parent-Teacher Association (PTA) are included in the development process and they provide input into the plan.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

In 23-24, there were challenges related to additional supports. The Intervention Support Provider (ISP) was not hired until late November 2023. In addition, the Literacy Intervention Teacher's return to work this school year was delayed (a continuation of the leave from the previous school year). Due to difficulty in staffing a part time aide, the additional paraeducator was not hired.

To support the increased demand in the number of days for IEP meetings in a school with high number of students receiving Special Education services, the expenditure for substitutes increased significantly.

To mitigate the challenges faced in 23-24, the administration will be more proactive in ensuring additional personnel are in place early in the school year and the leadership team has taken into account the increased budget for floater substitutes.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

The following state indicators showed McAuliffe's overall performance for the 2023 to be in the "Orange" performance category:

Suspension rate - the school's suspension rate increased by 1.2%. To improve suspension rate, the PBIS has worked hard to identify locations on campus that show where incidents are commonly occurring and to create structures to address expectations in and around these areas. The PBIS team is reinforcing the teaching of the STAR expectations to all students in class and in grade level assemblies. The administrative staff, the school counselor, outreach specialist, and MTSS team will continue to collaborate in addressing the social-emotional/behavioral components with all the learning partners through Tier 1-3 strategies and with the Pupil Services Department to implement alternative to suspension strategies.

English Learner Progress: 40.8% of English learners (ELs) are making progress towards English language proficiency or maintaining the highest level on the English Language Proficiency Assessment for California (ELPAC). This is a decline of 3.3% from the previous year. Implementation of Goal 1, Strategy 3 will be closely monitored to address the continued need to support and improve the English language proficiency of English learners. With about 1/4 of our student population being English learners, it is important for our grade level and the leadership teams to closely monitor the implementation of designated and integrated English Language Development in the classrooms. The school will also continue to increase the family involvement and engagement among parents/guardians of English learners through ELAC to support the achievement of ELs in all grade levels (Goal 3, Strategy 3).

English Language Arts (ELA): The data shows we are 38.1 points below in meeting grade-level standards on the ELA assessment, a decline of seven points from the previous year. Goal 1, Strategy 1 will address implementation of core ELA curriculum. It is crucial that the grade level teams plan, create, and monitor progress on the scope and sequence of ELA standards to be taught for each trimester. Considering that a large portion of the Smarter Balanced Assessment relies heavily on students being able to write short answers and multi-paragraph compositions, Goal 1, Strategy 2 will support the improvement process for writing across all grade levels. Goal 1, Strategy 7 will address the continued need for professional development and curriculum planning. If our school is to improve student achievement in ELA, or any content area for that matter, our students need to be engaged meaningfully in their learning and one way to make this happen is to continue to support the professional growth of our teachers and paraeducators. Goal 1, strategy 8 is dedicated to multi-tiered system of supports (MTSS). Implementing Tier 1-3 layers of supports are key to the improvement process. Measuring student progress through various assessment tools is at the center of Goal 1, Strategy 10. Gathering and analyzing student data are the cornerstone for designing and carrying out possible next steps for all educational partners.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the "all student" performance.

Although our school is proud to have reduced chronic absenteeism (a decline of 9.2% with 35.6% of all students being chronically absent) this past year as shown with "Yellow" performance category, there are several subgroups (English learners, Homeless, Students with Disabilities, and White) that are still in the "Red." The multiple strategies in Goal 2 are ways to reduce chronic absenteeism. For instance, Goal 2, Strategy 3 has layers of support to improve student attendance. Goal 2, Strategy 2 utilizes the school counselor to support the social-emotional/behavioral needs of our students which can heavily impact absenteeism. When students feel safe and secure and when they have many opportunities to actively engage in various activities both inside and outside the classrooms (Goal 2, Strategy 4 & 5) they will not want to miss school. Chronic absenteeism for students receiving special educational services will also be addressed during Individualized Educational Plan (IEP) meetings (Goal 1, Strategy 9).

English Language Arts (ELA): The following subgroups - English learners, Hispanic, Socio-economically disadvantaged (SED), and students with Disabilities are in the "Orange" performance category. With these many subgroups performing two performance levels below, the need to improve Tier 1 practices both in the academics and social-emotional/behavioral components remains a priority, especially for these subgroups. The work of our outreach specialist (Goal 3, strategies 1-4) is critical in helping our SED students that make up over 80% of our population to attain

proficiency in content areas such as ELA. Our outreach specialist (ORC) supports family and community alliances for student success. The ORC connects families and students with resources (e.g. food, housing referral, eye glasses, etc.) that affect how students perform in school and supports effective communication between home and school.

Suspension Rate: The following subgroups - Homeless, Socio-economically disadvantaged (SED), and Students with Disabilities, and White are in the "Orange" performance category. The work of the PBIS team (Goal 2, Strategy 1) and the counseling and behavior specialist team (school counselor, counseling psychologist, behavior specialist, and paraeducator) in Goal 2, Strategy 1 is critical in reducing suspension rate especially for the subgroups mentioned. The Tier 2 team has to be proactive in creating or reviewing Positive Behavior Intervention Plan (PBIP) to support students with behavior concerns when they are brought up during the SST process.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

End-of-the-Year 23-24 STAR Data

Early Literacy:

23-24 Percentage of Students At/Above District Benchmark

Kindergarten - 44.1%*

1st Grade - 37.3%**

Reading:

23-24 Percentage of Students At/Above District Benchmark

*Kindergarten - 100%

1st Grade - 71.4%**

23-24 Percentage of Students At/Above State Benchmark

2nd Grade - 50%

3rd Grade - 28.1%

4th Grade - 31.5%

5th Grade - 35.4%

* There were six students who are ready to take the Reading STAR test and all of them score at or above proficiency in this test.

**It is interesting to note that overall 1st grade students performed better in the STAR Reading than in the Early Literacy test.

Math:

23-24 Percentage of Students At/Above District Benchmark

1st Grade - 78.6%

2nd Grade - 59.1%

23-24 Percentage of Students At/Above State Benchmark

3rd Grade - 35.2%

4th Grade - 36.7%

5th Grade - 21.5%

Other: Kindergarten Site-based Assessment:

- Count to 100: 81%
- Read numbers to 20: 92%
- Write numbers to 20: 86%
- Add & Sub Fluently to 5: 60%
- Add with pictures/manipulatives to 10: 94%

The school Benchmark data above support the continued need for improving Tier 1 practices and supporting students through Multi-tiered Systems of Support (MTSS). Each team will continue to monitor scope and sequence of essential standards for each grade level in each trimester. The team will collaborate on creating and analyzing assessments (e.g., formative assessments) other than Star that provide other measures of student achievement in various content standards. The team also realized that it is prudent to adjust the expected outcomes for the coming year by taking into account how much growth is realistic in achieving at least 85% proficiency in five years. Tracking the growth of the cohort is important in analyzing if students are making improvements.

Various strategies in Goal 1 will address ways to positively impact student academic achievement. Implementing the board adopted curriculum and supplemental curriculum aligned to the state standards are important. Increasing teacher capacity to use effective instructional practices remains to be a priority in professional development. We have to continue to tap the expertise of district TOSAs for professional development. Equally important is making time to recognize the students (class and school assemblies) so they know their efforts are making a difference in their achievement. Although Goal 1 is very specific to academic achievement, the strategies for goals 2 and 3 on social-emotional/behavioral aspects and family engagement, respectively, will contribute as well in increasing proficiency in grade level content standards.

Panorama Survey - Data from Panorama Survey show students' reported strengths in various social-emotional learning topics.

Spring 2024

Growth Mindset- 57% Good/Fair

Self-Management- 68% Good/Fair

Social Awareness- 66% Good/Fair

Emotional Regulation- 45% Good/Fair

Teacher Student Relationships- 79% Good/Fair

Sense of Belonging- 63% Good/Fair

Spring 2023

Growth Mindset- 57% Good/Fair

Self-Management- 68% Good/Fair

Social Awareness- 66% Good/Fair

Emotional Regulation- 41% Good/Fair

Teacher Student Relationships- 77% Good/Fair

Sense of Belonging- 62% Good/Fair

The survey showed students' perception of their social emotional skills when compared to others nationally were good/fair (green) in all topics except for the self-management which is at orange. When compared to OSD, self management is higher by 4 points overall. Teacher-student relationships continued to be the highest area in the survey. Previous year comparison showed student perception for these SEL topics remained the same with a little increase in their perception for emotional regulation, teacher-student relationship, and sense of belonging. The work of the school counselor, ORC, counseling psychologist, teachers, & paraeducators in supporting many students who are needing SEL support is making a difference. In addition, creating safe spaces (e.g., calm down corners in the classroom, Wellness Center) for students where they can decompress or relax has helped tremendously. Various strategies in Goal 2 will address the continued need to support the student with social emotional learning components. The work of the PBIS (strategy 1) is pivotal in defining and creating structures for routines and expectations for staff and students to follow.

School and Student Performance Data

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Christa McAuliffe Elementary School. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
American Indian	0.19%	0.2%	0.40%	1	1	2
African American	3.00%	2.76%	3.40%	16	14	17
Asian	0.75%	1.38%	1.20%	4	7	6
Filipino	2.62%	2.56%	2.60%	14	13	13
Hispanic/Latino	79.21%	79.53%	78.80%	423	404	394
Pacific Islander	0.56%	0.2%	0.20%	3	1	1
White	9.55%	9.25%	9.60%	51	47	48
Multiple/No Response	4.12%	4.13%	3.80%	22	21	19
Total Enrollment				534	508	500

Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	21-22	22-23	23-24
Kindergarten	75	106	66
Grade 1	79	51	75
Grade 2	101	75	49
Grade3	97	99	89
Grade 4	93	93	101
Grade 5	89	84	91
Total Enrollment	534	508	500

Conclusions based on this data:

McAuliffe enrollment is declining and mirroring the declining enrollment within OSD. The decline this year is not as significant as the prior year. The Hispanic/Latino population remains the largest subgroup in McAuliffe with over 78% enrollment followed by the White subgroup with almost 10% enrollment. McAuliffe continues to have the 2nd highest African American population in OSD. Both the the White and African American groups have increased enrollment in 23-24.

The lower enrollment number for grade 2 affects staffing for the next school year as the cohort of students moves up to the next grade level. All other levels are maintaining 3 classes per grade. Administration will continue to work with the Enrollment Center to increase the number for this cohort and minimize fluctuation in the number of teaching staff.

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
English Learners	135	114	126	22.60%	25.3%	25.2%
Fluent English Proficient (FEP)	32	21	20	8.10%	6.0%	4.0%
Reclassified Fluent English Proficient (RFEP)				21.6%		

Conclusions based on this data:

The percentage of English learners enrolled at McAuliffe remains around 25% of the student population. The school continues to have 10 or more students being reclassified every year. With about 1/3 of EL students having an IEP, the administrative and Special Ed teams have to be proactive in reviewing student data prior to the February deadline for Reclassification. The goal is to continue to reclassify at least 10% of English learners.

McAuliffe will continue with Designated and Integrated English Language Development (ELD) to support English Learners' language proficiency skills throughout the instructional day. The school will plan on offering after school ELPAC test preparation for EL students prior to the March group testing period. We also plan to utilize floater substitutes to further support small group instruction for English learners.

School and Student Performance Data

Star Early Literacy

Christa McAuliffe Elementary School											
		Less than Proficient				Proficient				Star Early Literacy Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade K	73	23	32%	6	8%	13	18%	31	42%	Level 3	791
Grade 1	71	10	14%	9	13%	26	37%	26	37%	Level 3	873
Grade 2	5	5	100%	0	0%	0	0%	0	0%	Level 1	792

Conclusions based on this data:

Star Early Literacy numbers can be a bit deceiving because when students reach the early reading stages they forego the STAR Early Literacy Assessment and begin taking the Star Reading Assessment. This transition typically takes place half-way through grade 1. Nevertheless, the Star Early Literacy data indicates that we continue to have a large amount of students at the Urgent Intervention and Intervention level.

Kinder, 1st, and 2nd grade teachers worked very closely to monitor the progress of their students. This year, the team spent a great deal of time to structuring lesson plans with students engaging meaningfully with the content and with their peers. McAuliffe staff has continued the practice of adding extra Star test windows above the 4 required by OSD to monitor student progress with content standards. At the conclusion of each cycle, PLC's have committed to analyzing the data and planning next steps for intervention or enrichment.

To address the students at Level 1 and Level 2, our staff has committed to Tier 1 interventions in the classroom, working with all students in a small group setting daily. The small group instruction is targeted with a focus skill using the Star results and other classroom assessments.

The PLC conversations are very important as it leads to effective standards based instruction, best first instruction practices, strong lesson design to meet needs of all students, and differentiation of instruction.

School and Student Performance Data

Star Reading

Christa McAuliffe Elementary School											
		Less than Proficient				Proficient				Star Reading Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 2	46	14	30%	10	22%	12	26%	10	22%	Level 2	926
Grade 3	90	31	34%	34	38%	14	16%	11	12%	Level 2	959
Grade 4	91	44	48%	19	21%	11	12%	17	19%	Level 2	986
Grade 5	87	31	36%	26	30%	21	24%	9	10%	Level 2	1016

Conclusions based on this data:

When comparing Star Reading data from 22-23 to 23-24 the following results are observed:

- There is a significant increase in the percent of grade 2 students attaining level 3 or 4 in reading. The commitment to provide small group instruction during the school day to support the specific needs of students is making a difference. This could also be attributed to the cohort having a full year of in person learning experience in Grade 1.
- There is also an increase in the percent of grade 4 students attaining level 3 or 4. Proficiency for this grade level increased from 27% to 31%. This increase could be attributed to the fact that this cohort, when they were in 3rd grade, also has a proficiency higher than 30%. The 5th grade PLC needs to build on the increasing trend for this cohort so that the knowledge and skills gained over the years will continue to increase and carry over well into the middle school.
- While there is a decrease in percent proficiency for grade 5 (a combined 35% compared to 47% from the previous 5th grade group), it is important to note that when these students were in 4th grade, their proficiency was at 27%. If you follow the trajectory of the same cohort (comparing their proficiency when they were in 4th grade), then this group has increased their proficiency by more than 5 points.

McAuliffe teachers and staff have to continue to use multiple data points to monitor the progress of the students. Teachers reported that some students who may be in the yellow or red category on Star are achieving grade level standards using other measures (e.g., teacher created assessment). As a team we have to renew our commitment to the Cycle of Inquiry, using 6-8 week cycle in monitoring students' achievement. At the conclusion of each cycle, PLCs have systematically create a plan for supporting students who are not meeting the grade level expectations and for maintaining and enriching the experience for students who are already at/above proficiency.

Furthermore, we have to recognize the continued need to improve Tier 1 instructional practices to increase proficiency levels in ELA overall. The commitment is for small group instruction with a focus on the knowledge and skills that are affecting the attainment of grade level standards. The Literacy teacher and ISP will work with PLCs to identify Tier 2 and Tier 3 students who will need small group instruction.

Increased collaboration with district resources (e.g., TOSA) and PLC conversations focused on standards, assessments, intervention and enrichment will lead to effective standards-based instruction, best first instruction practices, and strong lesson design to meet the needs of all students and differentiation of instruction.

School and Student Performance Data

Star Math

Christa McAuliffe Elementary School											
		Less than Proficient				Proficient				Star Math Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 1	71	8	11%	16	23%	32	45%	15	21%	Level 3	875
Grade 2	45	15	33%	10	22%	13	29%	7	16%	Level 2	917
Grade 3	92	33	36%	26	28%	24	26%	9	10%	Level 2	957
Grade 4	94	36	38%	25	27%	25	27%	8	9%	Level 2	995
Grade 5	85	45	53%	23	27%	3	4%	14	16%	Level 1	1019

Conclusions based on this data:

When comparing Star Math data from 22-23 to 23-24, the following results are observed:

- There is a significant increase in the percent of students achieving level 3 or 4 in 1st grade by at least 14 points. This could be attributed to the 1st grade team embracing the practices of Building Thinking Classrooms, Counting Collections, and the use of the supplemental curriculum, Engage New York.
- There is an increase of 9 percentage points for students achieving at level 3 or level 4 in 4th grade. Looking closely at this cohort, this group showed 35% proficiency when they were in 3rd grade. And when the cohort moved to 4th grad, they maintained the same proficiency level. It is good to see that students are maintaining their proficiency with the increasing complexity in grade level content standards.
- There is a slight decrease in the proficiency level for grade 2 by 2 points and a significant decrease for grade 5.

The need to move the achievement levels for students in level 1 and 2 is of high importance. With more than 50% of grades 2-5 students performing below proficiency in local assessment, the need to examine and implement effective Tier 1 practices should still be a priority. Teaching staff will continue to collaborate on designing structured lesson plans, providing more opportunities for students to actively engage in the lesson, creating formative assessments to gauge students' understanding of the content/skill taught, and analyzing student data to figure out the next steps.

The staff is also committed to providing small group instruction as part of Tier 1 practices. The small group instruction will target the skills that students need to accelerate their learning. The teams will also work with the Math TOSAs to expand their capacity to provide differentiated instructions for level 1 and 2 students. Opportunities for after school math tutoring will have to be expanded to cater to the growing number of students who need additional support. Tapping the ISP to support Tier 2 or Tier 3 students in math for grades 3-5 will also help support many students who have gaps in their grade level skills.

Continuing to increase the capacity of each team to do the work of a professional learning community will lead to effective standards-based instruction, best first instructional practices, strong lesson design to meet needs of all students, and differentiation of instruction.

School and Student Performance Data

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

In order to protect student privacy, an asterisk (*) will be displayed for enrolled and tested counts for fewer than 4 students and for assessment results for fewer than 11 students. "N/A" will be displayed instead of a number on test results where no data is found for the specific report.

Conclusions based on this data:

The percentage of students scoring at the Met/Exceeded achievement levels increased slightly for grade 4 and there was an almost 10 point decrease in the percentage of students who are not meeting the standard. The achievement level for grade 3 stayed very similar to the previous year.

The increased percentages of students scoring at Met/Exceeded can be credited with the commitment to purposeful planning, targeted instruction, and data driven practices. The decrease in the percentage of students not meeting the standards for grades 3 & 4 may also be attributed to the increased focus of targeted intervention through the Literacy Intervention Teacher for these grade levels in the first two trimesters.

The staff will:

1. Develop and implement the scope and sequence of ELA content standards in the grade level curriculum.
2. Conduct backwards mapping based on the assessment calendar and report card outcomes.
3. Monitor student progress regularly between benchmarking periods.
4. Develop Common Formative Assessments (CFA) for grade levels and examine results to inform next steps for instruction, intervention, or enrichment.
5. Compare results from CFA data and other measures to local assessments (Star tests) to have a full picture of how students are performing on various standards.

Conclusions based on this data:

The percentage of students scoring at the Met/Exceeded achievement levels were maintained in grades 3 & 4 with a considerable decrease in the percentage of students not meeting the standard. Teachers believe that the use of the Engage NY curriculum and Zearn app to supplement the adopted curriculum may have a positive impact on student achievement. This year teachers in grades 3 & 4 showed stronger commitment in using ENY to supplement the adopted curriculum. Lowering the percentages of students scoring at level 1 can be credited with the commitment to purposeful planning, targeted instruction, and data driven practices.

There is a considerable increase in the percentage of 5th grade students not meeting grade level math standards. This result will require the team to look closely at the contributing factors for the data and the need to re-examine the work of their PLC.

The staff will:

1. Develop and implement the scope and sequence of math content standards in the grade level curriculum.

2. Conduct backwards mapping based on assessment calendar and report card outcomes.
3. Monitor student progress regularly between benchmarking periods .
4. Develop Common Formative Assessments (CFA) for grade levels and examine results to inform next steps for instruction, intervention, or enrichment.
5. Compare results from CFA data and other measures to local assessments (Star tests to have a full picture of how students are performing on various standards).

School and Student Performance Data

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](http://English Language Proficiency Assessments for California (ELPAC) web page) web page or the ELPAC.org website for more information about the ELPAC.

All Grades	10.24	11.90	17.78	61.42	76.19	64.44	28.35	11.90	17.78	127	84	90

In order to protect student privacy, an asterisk (*) will be displayed for enrolled and tested counts for fewer than 4 students and for assessment results for fewer than 11 students. "N/A" will be displayed instead of a number on test results where no data is found for the specific report.

Conclusions based on this data:

The data shows that 3rd grade almost doubled the amount of students scoring at level 3 or level 4 on ELPAC and the school is continuing to have more students being recommended for reclassification. EL students are, however, still continuing to perform at level 2 or level 1 in large numbers.

The following steps will be undertaken:

- Continue the implementation of designated and integrated ELD.
- The master schedule will reflect the Designated ELD period. Students should not be missing out on other instruction when they are in designated ELD.
- Continued professional development in ELD standards.
- Start the ELPAC Boot camp or test prep earlier in the year.
- More students have to be recruited to attend the test prep. This year we had fewer numbers of students who took advantage of the ELPAC Test prep and those who attended were mostly 3rd grade students.

School and Student Performance Data

California School Dashboard Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

2022-23 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
508	83.7	22.4	0.2
Total Number of Students enrolled in Christa McAuliffe Elementary School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2022-23 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	114	22.4
Foster Youth	1	0.2
Homeless	30	5.9
Socioeconomically Disadvantaged	425	83.7
Students with Disabilities	89	17.5

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	14	2.8
American Indian	1	0.2
Asian	7	1.4
Filipino	13	2.6
Hispanic	404	79.5
Two or More Races	21	4.1
Pacific Islander	1	0.2
White	47	9.3

Conclusions based on this data:

The student population data indicates Socioeconomically Disadvantaged, English Learners, Students with Disabilities, and Hispanic students as significant student groups.

One of the goals for the site is to ensure that all students, regardless of demographics, receive rigorous instruction and opportunities for intervention and enrichment. Based on this data, McAuliffe teachers will continue to strengthen both Designated and Integrated English Language Development (ELD) for English Learners (ELs). The staff has to analyze formative and summative student achievement data for all students with specific attention to ELs, Socioeconomically Disadvantaged, Hispanic, and Students with Disabilities student groups. Progress monitoring should identify underperforming students, and next steps will be developed for students not meeting grade-level standards.

School and Student Performance Data

Overall Performance

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

2023 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts Orange	Chronic Absenteeism Yellow	Suspension Rate Orange
Mathematics Yellow		
English Learner Progress Orange		

Conclusions based on this data:

1. Christa McAuliffe experienced some significant increases academically. While we have increased the percent of students meeting or exceeding the standards in ELA and math, specifically in 3rd and 5th grade, overall, the majority of our students are still not meeting grade level standards.

The data indicated continued improvement is much needed in the academic performance for ELA, Math, and English Learner Progress and in Chronic Absenteeism. On the positive side, the school is continually improving student attendance.

For continued improvement, instruction of English Language Development (ELD) standards and use of High Leverage Pedagogical Practices (HLPP) for ELs will be reviewed to address the needs of EL students. The site will collaborate with Educational Services and other educational partners to support professional development for teachers and administration in the implementation of designated and integrated ELD.

Although chronic absenteeism has improved, the school plans on continuing to increase our efforts in communicating the importance of student attendance in student achievement through multiple platforms (e.g., ELAC, SSC, Back to School Nights, Principal Chats, School Announcements, etc.). Positive reinforcements will also be utilized to motivate students (e.g., Attendance Club with ORC). The School Attendance Review Team will meet regularly to identify and help families eliminate the barriers for absenteeism.

School and Student Performance Data

Academic Performance English Language Arts

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2023 Fall Dashboard English Language Arts Performance for All Students/Student Group		
<p>All Students</p>  <p>Orange</p> <p>38.1 points below standard</p> <p>Decreased -7 points</p> <p>260 Students</p>	<p>English Learners</p>  <p>Orange</p> <p>54.6 points below standard</p> <p>Decreased Significantly -18.9 points</p> <p>65 Students</p>	<p>Foster Youth</p>  <p>No Performance Color</p> <p>0 Students</p>
<p>Homeless</p> <p>88.1 points below standard</p> <p>Increased +4.5 points</p> <p>15 Students</p>	<p>Socioeconomically Disadvantaged</p>  <p>Orange</p> <p>49.4 points below standard</p> <p>Decreased -11.1 points</p> <p>217 Students</p>	<p>Students with Disabilities</p>  <p>Orange</p> <p>80.9 points below standard</p> <p>Increased +11.8 points</p> <p>49 Students</p>

2023 Fall Dashboard English Language Arts Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 6 Students	Less than 11 Students 1 Student	Less than 11 Students 2 Students	Less than 11 Students 6 Students
Hispanic	Two or More Races	Pacific Islander	White
 Orange 43.7 points below standard Decreased -6 points 209 Students	45.9 points below standard 12 Students	Less than 11 Students 1 Student	9.7 points above standard Increased +6.3 points 23 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2023 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
79.2 points below standard Decreased -9.6 points 52 Students	43.6 points above standard Increased +8.8 points 13 Students	34.7 points below standard Decreased -4.9 points 186 Students

Conclusions based on this data:

While Hispanic, socio-economically disadvantaged, Students with Disabilities, and English Learners are reflecting a low dashboard rate, the Homeless subgroup has the most below standard at 88.1 points below standard. On the bright side, last year the subgroup of Students with Disabilities had the most below level at 90.1 and has improved considerably, increasing proficiency by 11.8 points.

McAuliffe teachers have worked on creating a system to help identify student groups within their classroom and progress monitor each student and each student group. With the dashboard information above, teachers will identify student groups in their classrooms early and provide intervention for the identified groups. We anticipate providing early intervention through a Tier 1 targeted in-class intervention should increase student achievement. We also commit to examining and improving our practices for First Instruction.

Here are some examples of our plan for student groups:

- To increase student achievement for English Learners (who are predominantly Hispanic) in the area of English Language Arts, teachers will provide both Integrated and Designated English Language Development (ELD) to improve English Learners' language proficiency skills.
- For Students with Disabilities, teachers will continue to scaffold standards-based instruction to connect students' prior knowledge and current ability levels to grade-level standard expectations. Classroom teachers will collaborate with case managers to closely monitor student progress and ensure students are achieving their IEP goals and narrowing the achievement gaps.

- For Socioeconomically Disadvantaged students, teachers will continue to integrate depths of knowledge levels throughout instructional activities, provide immediate feedback, reteach core subject matter based on formative assessment data, provide opportunities for student collaboration and peer modeling, and promote high expectations for student success on grade-level Common Core State Standards. The ORC will continue to support the students to ensure their basic needs are met.

School and Student Performance Data

Academic Performance Mathematics

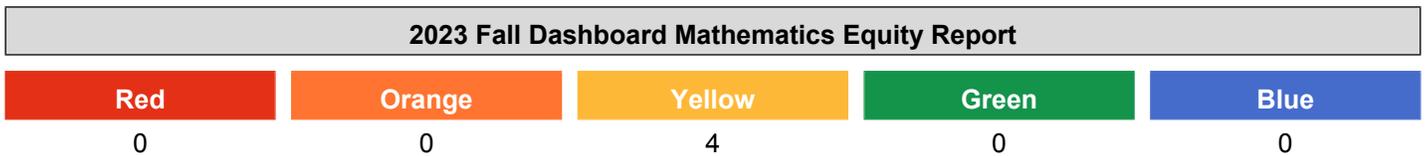

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the Mathematics assessment. This measure is based on student performance either on the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2023 Fall Dashboard Mathematics Performance for All Students/Student Group		
All Students	English Learners	Foster Youth
 Yellow	 Yellow	 No Performance Color
45.2 points below standard Increased +11.8 points	54.7 points below standard Increased +8.5 points	0 Students
259 Students	64 Students	
Homeless	Socioeconomically Disadvantaged	Students with Disabilities
75.1 points below standard Increased Significantly +25.5 points	 Yellow	 Yellow
15 Students	52.7 points below standard Increased +10.8 points	91.5 points below standard Increased Significantly +19.3 points
	216 Students	48 Students

2023 Fall Dashboard Mathematics Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 6 Students	Less than 11 Students 1 Student	Less than 11 Students 2 Students	Less than 11 Students 6 Students
Hispanic	Two or More Races	Pacific Islander	White
 Yellow 50.8 points below standard Increased +12 points 208 Students	39.9 points below standard 12 Students	Less than 11 Students 1 Student	8 points below standard Increased Significantly +28.6 points 23 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2023 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
75 points below standard Increased +8.5 points 51 Students	25 points above standard Increased Significantly +46 points 13 Students	42.4 points below standard Increased +13.3 points 186 Students

Conclusions based on this data:

While Hispanic, Socio-economically disadvantaged, Homeless, and English Learner subgroups are reflecting a low dashboard rate, Students with Disabilities remains the student group most below standard at 91.5 points below standard.

McAuliffe teachers have worked on creating a system to help identify student groups within their classroom and progress monitor each student and each student group. With the dashboard information above, teachers will identify student groups in their classrooms early and provide intervention for the identified groups. Tier 1 targeted in-class intervention is still needed to increase student achievement overall. As a staff we have to commit to examining and improving our practices for First Instruction.

Here's some examples of our plan for student groups:

- To increase student achievement for English Learners, teachers will provide both Designated and Integrated English Language Development (ELD) to improve English Learners' language proficiency skills, during math instruction.
- For Students with Disabilities, teachers will continue to scaffold standards-based instruction to connect students' prior knowledge and current ability levels to grade-level standard expectations.
- For Socioeconomically Disadvantaged students, teachers will continue to integrate depths of knowledge levels throughout instructional activities to increase rigor within grade-level standards, provide immediate feedback, reteach core subject matter based on formative assessment data, provide opportunities for student

collaboration and peer modeling; and promote high expectations for student success on grade-level Common Core State Standards.

School and Student Performance Data

Academic Performance English Learner Progress

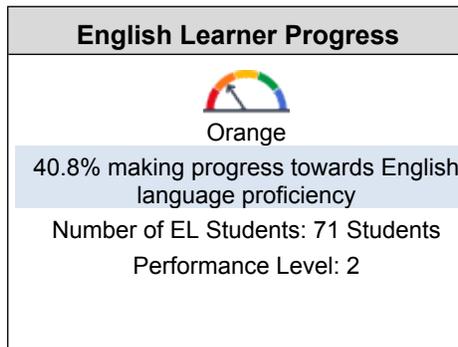

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides a view of the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2023 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2023 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
10	19	0	28

Conclusions based on this data:

Based on the Dashboard data, English Learner progress is low. Classroom teachers will continue to strengthen both Integrated and Designated English Language Development (ELD) in order to increase English Learners' language proficiency skills throughout the instructional day. Students will receive 30-45 minutes of daily Designated ELD instruction using district-adopted curriculum materials. ELD teachers will integrate appropriate scaffolding techniques to bridge students' current oral and written language levels in reading, writing, listening and speaking to levels more representative of language proficiency and fluency. Oral and written language supports and scaffolds will also be integrated throughout all core subject areas by classroom teachers in order to enable English Learners to access grade level subject matter.

School and Student Performance Data

Academic Engagement Chronic Absenteeism

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2023 Fall Dashboard Chronic Absenteeism for All Students/Student Group		
All Students Yellow 35.6% Chronically Absent Declined Significantly -9.2 533 Students	English Learners Orange 29.3% Chronically Absent Declined -7.8 123 Students	Foster Youth Less than 11 Students 1 Student
Homeless Orange 53.7% Chronically Absent Declined -8.8 41 Students	Socioeconomically Disadvantaged Yellow 37.8% Chronically Absent Declined Significantly -9.3 447 Students	Students with Disabilities Orange 46% Chronically Absent Declined -10.2 113 Students

2023 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

African American	American Indian	Asian	Filipino
26.7% Chronically Absent Declined -15.4 15 Students	Less than 11 Students 1 Student	Less than 11 Students 7 Students	15.4% Chronically Absent Declined -24.6 13 Students
Hispanic	Two or More Races	Pacific Islander	White
 Yellow 38.2% Chronically Absent Declined Significantly -8.2 424 Students	19% Chronically Absent Declined -28.8 21 Students	Less than 11 Students 1 Student	 Orange 29.4% Chronically Absent Declined -3.9 51 Students

Conclusions based on this data:

Although chronic absenteeism has improved, all student subgroups continue to have a very high rate of Chronic Absenteeism.

Specific strategies to lower chronic absenteeism:

1. Identify students with chronic absenteeism from the year prior, meet with family and discuss barriers for their daily attendance.
2. Increase communication on information about absences and how to verify their absences.
3. Provide information to families from the school nurse that indicates when students can stay home and when they can come to school.
4. Set up a positive reward system (e.g., Attendance Club).
5. The attendance tech will create an easy reporting system for parents to communicate absences.

The Principal and ORC are addressing the absenteeism by meeting with all families who have more than 10% of absences within the first month of the school year to outline expectations, identify barriers for good attendance and potential solutions and possible consequences.

School and Student Performance Data

Conditions & Climate Suspension Rate

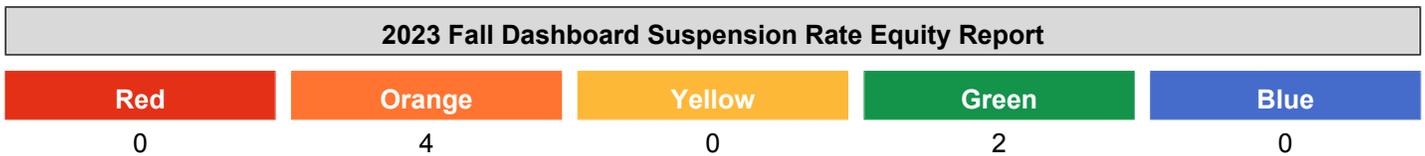

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2023 Fall Dashboard Suspension Rate for All Students/Student Group		
<p>All Students</p> <p>Orange</p> <p>1.8% suspended at least one day</p> <p>Increased 1.2 543 Students</p>	<p>English Learners</p> <p>Green</p> <p>0.8% suspended at least one day</p> <p>Maintained 0.1 127 Students</p>	<p>Foster Youth</p> <p>Less than 11 Students 1 Student</p>
<p>Homeless</p> <p>Orange</p> <p>4.9% suspended at least one day</p> <p>Increased 2 41 Students</p>	<p>Socioeconomically Disadvantaged</p> <p>Orange</p> <p>1.8% suspended at least one day</p> <p>Increased 0.9 454 Students</p>	<p>Students with Disabilities</p> <p>Orange</p> <p>1.7% suspended at least one day</p> <p>Increased 1.7 118 Students</p>

2023 Fall Dashboard Suspension Rate by Race/Ethnicity

African American	American Indian	Asian	Filipino
<p>12.5% suspended at least one day</p> <p>Increased 12.5 16 Students</p>	<p>Less than 11 Students 1 Student</p>	<p>Less than 11 Students 7 Students</p>	<p>0% suspended at least one day</p> <p>Maintained 0 14 Students</p>
Hispanic	Two or More Races	Pacific Islander	White
 <p>Green</p> <p>0.9% suspended at least one day</p> <p>Maintained 0.1 432 Students</p>	<p>14.3% suspended at least one day</p> <p>Increased 14.3 21 Students</p>	<p>Less than 11 Students 1 Student</p>	 <p>Orange</p> <p>2% suspended at least one day</p> <p>Increased 2 51 Students</p>

Conclusions based on this data:

The McAuliffe staff does not believe that suspensions typically change the behavior of students. In all suspension cases, other means of correction was considered. Suspension rates are low in all categories except the homeless student group which had a medium indicator.

The PBIS team will continue its work on creating STOIC and CHAMPS structures around the school including the classrooms, cafeteria, hallways, bathrooms and the playground. The SST team will be more proactive in developing Positive Behavior Intervention Plans for students who have multiple discipline referrals. The administration will continue to explore alternative to suspension strategies to support students who are not changing their behaviors after receiving suspensions as a consequence.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Language Arts and Mathematics

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

All students will reach high academic standards in reading and mathematics.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase the capacity of teachers to deliver effective data-driven and best first instructional practices
 To provide equipment, materials, and technology resources that support high-quality instruction
 To provide opportunities for teachers to collaborate with peers to improve teaching and learning

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
CAASPP ELA	23-24 Percentage Met/Exceeded: Preliminary data 3rd Grade - 33% 4th Grade - 25% 5th Grade - 35%	To place the cohort of students on a path to a minimum of 85% proficiency in five years, the 24-25 expected outcomes (meeting or exceeding the standards) in ELA as measured in Smarter Balanced Assessment for this group is as follows: 3rd grade: 43.2% (9.5 points increase from the average grade level proficiency in the last 3 years) 4th grade: 43.4% (10.4 points increase from their previous cohort score) 5th grade: 37% (12 points increase from their previous cohort score) Student subgroups identified in the orange performance category in the CA Dashboard will increase proficiency by 5 points or more.
Star Early Literacy and Reading End-of-Year	Star Early Literacy Assessment 23-24 Percentage of Students At/Above District Benchmark	Star Early Literacy Assessment 24-25 Grades K-1 Percentage of Students At/Above District Benchmark

	<p>Kindergarten - 44.1% 1st Grade - 37.1%</p> <p>Star Reading 23-24 Percentage of Students At/Above State Benchmark 2nd Grade - 49% 3rd Grade - 28.1% 4th Grade - 31.5% 5th Grade - 35.4%</p>	<p>Kindergarten - 50% 1st Grade - 52.2% (8.1 points increase from previous cohort score)</p> <p>Star Reading 23-24 Percentage of Students At/Above State Benchmark 2nd Grade - 46.7% (9.6 points increase from previous cohort score) 3rd Grade - 56% (7 points increase from previous cohort score) 4th Grade - 39.5% (11.4 points increase from previous cohort score) 5th Grade - 42.2% (10.7 points increase from previous cohort score)</p>
English Learners Reclassification	<p>In 2023-24, 10 students were designated as Reclassified Fluent English Proficient following the OSD reclassification criteria. There were 65 EL students in grades 3-5 in 2023-24 school year.</p>	<p>At least 10% of English learner students in grades 3-5 (~ 6 students) will be Reclassified as Fluent English Proficient (RFEP) in 24-25 school year following the OSD reclassification criteria.</p>
CAASPP Math	<p>23-24 Percentage Met/Exceeded: Preliminary data 3rd Grade - 36% 4th Grade - 23% 5th Grade - 23%</p>	<p>To place our school on a path to a minimum of 85% proficiency in five years, the 24-25 expected outcomes (meeting or exceeding the standards) in Math as measured in Smarter Balanced Assessment for our cohort of students are as follows:</p> <p>3rd grade: 41.2% (11 points increase from the average grade level proficiency in the last 3 years)</p> <p>4th grade: 45.8% (9.8 points increase from previous cohort score)</p> <p>5th grade: 35.4% (12.4 points increase from previous cohort score)</p> <p>Student subgroups identified in the orange performance category in the CA Dashboard will increase proficiency by 5 points or more.</p>
<p>Kindergarten: Site Assessment for Math</p> <p>Grades 1-5: Star Math End of Year</p>	<p>Kindergarten Site Assessment:</p> <ul style="list-style-type: none"> • Count to 100: 81% • Read numbers to 20: 92% • Write numbers to 20: 86% • Add & Sub Fluently to 5: 60% • Add with pictures/manipulatives to 10: 94% <p>23-24 Percentage of Students At/Above District Benchmark: 1st Grade - 78.6% 2nd Grade - 59.1%</p>	<p>Kindergarten Site Assessment:</p> <ul style="list-style-type: none"> • Count to 100: 82% or higher • Read numbers to 20: 90% or higher • Write numbers to 20: 85% or higher • Add & Sub Fluently to 5: 65% or higher • Add with pictures/manipulatives to 10: 90% or higher <p>24-25 Percentage of Students At/Above District Benchmark:</p>

	23-24 Percentage of Students At/Above State Benchmark: 3rd Grade - 35.2% 4th Grade - 36.7% 5th Grade - 21.5%	1st grade: 80% or higher 2nd grade: 62% or higher 24-25 Percentage of Students At/Above State Benchmark: 3rd grade: 51% (cohort at 45.5% proficiency in 23-24 state benchmark) 4th grade: 45.2% 5th grade: 46.4%

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Each grade level team collaborated on structured lesson planning and student progress monitoring on Tuesdays and Wednesdays and engaged in professional development using TOSAs. The Leadership Team supported identification of Best First Instructional practice to be implemented school-wide. Teacher participation in the UCLA Math Lab helped guide Tier 1 practices in the classroom.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The late hiring of the Intervention Support Provider (well into the 2nd trimester) created a difference in the intended budgeted expenditure to implement Tier 2 supports for students. The late start of the Literacy Intervention classes may have also affected the implementation of the reading intervention for targeted students. Due to the challenges in hiring a part time, non-permanent paraeducator with limited hours, the school was not able to fulfill the initial plan for this budgeted expense. The number of extra hours the library assistant was able to carry out to support English learners was not fully realized and also created a difference in the implementation and the budgeted expenditures. These differences, however, provided an opportunity to use certificated substitute floaters in the third trimester to support small group instruction in various classrooms.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

While continuing with the goal that "All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics," our teams realized that the expected outcomes we set out to accomplish for our students to achieve must not only be measurable but have to be realistic and achievable with a specific time frame. We have to plan for continued high expectations with realistic incremental gains in the next five years that will put our achievement level at least at 85% proficiency. This creates a realistic pathway for the vision of ALL students achieving at or above proficiency in the future.

A good place to start the change is by creating coherence and simplifying the language used for the various actions in each strategy to achieve Goal 1. With this change, it will be easier to track success of various strategies but also to communicate them to all educational partners. Instead of having 35+ strategies, the activities are collapsed into less than 20 strategies focused on Curriculum, Instruction, Assessment, Multi-tiered Systems and Supports, Professional Development, and Leadership.

It is also important to note that with the continued need to increase the academic achievement of English learners which makes up about 25% of the McAuliffe population, the implementation of strategy 3 is crucial in our school's success. To support small group instruction in the classrooms, Title III funds had been allocated to make it feasible to use certificated substitute floaters early in the year.

The leadership team will also commit to reviewing the budgeted expenditure at least three times a year to be proactive in analyzing the implementation of the strategies.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 2

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Social Emotional Support and School Climate

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free, and conducive to learning.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase student attendance
 To decrease the suspension rate
 To support positive behavior
 To ensure a safe environment
 To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Attendance Rate	Average school wide yearly attendance was 93% for the 2023-24 school year.	Achieve an annual average daily attendance rate of 95% or higher school-wide.
Discipline Referrals to Office	There were 199 office referrals for 23-24.	Decrease the total number of office referrals by 5%.
School Suspensions	Suspension rate was 1.8% for 23-24.	Decrease the suspension rate to 1.5% or lower.
Panorama Student Survey - SEL competencies and learning supports/environments	Spring 2024 The ratings by SEL topic were: Growth Mindset- 57% Good/Fair Self-Management- 68% Good/Fair Social Awareness- 66% Good/Fair Emotional Regulation- 45% Good/Fair Teacher Student Relationships- 79% Good/Fair Sense of Belonging- 63% Good/Fair	Increase the overall percent ratings by at least 2 points in each SEL topic by the Spring of 2025.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/ Activity #	Description	Students to be Served	Proposed Expenditures
2.1	<p>PBIS</p> <p>PBIS committee will be composed of School Counselor, ORC, two teachers (K-2 & 3-5 span), campus assistant and administrative staff. Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

The overall annual average daily attendance (ADA) has increased this year by 2 points with an average of 93% compared to the average of 91% from the previous year. Various strategies including, but not limited to, signing kids up

for the Attendance Club, classroom perfect attendance incentive, school announcements, and the Student Attendance Review Team meetings are making a difference.

There was positive feedback about students being safer on the playground after the PBIS team implemented the Freeze Whistle and structured play areas. Monthly campus assistant meetings helped clarify roles and responsibilities of staff which contributed to overall safety of students on the playground.

The students enjoy visiting the Wellness Center during their lunch periods and mingling with peers under the guidance of the school counselor. Special events/activities organized by the school counselor and ORC such as Anti-bullying/Unity Week, Buddy Reading, and Red Ribbon Week not only promoted fun activities but also spotlighted important messages that bring about positive student behaviors.

Regular safety drills will be conducted to ensure routines and protocols are followed by staff and students.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There was a delay in the designation of structured play areas as the posters showing rules for certain activities came in later in the year. The hiring of a campus assistant to fill in the vacant position was delayed resulting in inconsistency in staffing with different substitutes filling in for the position or having continued vacancy. The additional expenditure for holding monthly campus assistant meetings made a positive impact.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The school plans to continue implementing strategies that have produced positive results through PBIS with Strategy 1, school culture and social emotional wellness with Strategy 2, and attendance with Strategy 3. Student leadership (Strategy 4) will be expanded to include Principal Fellows. The school plans on advertising and recruiting sports coaches early in the year to increase the number of sports club available to students.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 3

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Parent and Family Engagement

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase communication through websites and social media so parents and community are informed about district and school instructional programs and activities.
To facilitate parent involvement in the educational and social-emotional well-being of their children.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Parent/Guardian participation in ELAC Sponsored Events	An average of four parents/guardians attended ELAC meetings in 23-24	Increase parent participation in ELAC to an average of 10 parents/guardians.
Parent/Guardian participation in school-sponsored parent education or events	Two to three families attended monthly parent education or events offered in 23-24	Increase parent attendance to an average of 10 per meeting/event.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/Activity #	Description	Students to be Served	Proposed Expenditures

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

The various offerings this year with the Enrichment Burst has increased student participation in very engaging activities (e.g., cooking, magic, sewing, Hip Hop Mindset). The families were very grateful for these opportunities. The introduction of ParentSquare as the main communication platform has been very useful in relaying messages to the McAuliffe community. The site observed that creating opportunities to celebrate students (e.g., RFEP and perfect attendance celebrations) during ELAC increased parent/guardian attendance in such meetings.

Events such as Back to School Night, Open House, and Trimester Awards brought many families to McAuliffe. PTA Events such as Skate and Movie Nights also were very successful in bringing families and other educational partners together.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Expenditures on verbal translations to support families will be monitored to reflect use of Title III funds instead of LCFF.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Added into Strategy 1 is a creation of Family and Community Engagement (FACE) group. This will be modeled from our district's FACE. The strategy is to have a family representative from each existing committees/council/association to meet at least twice a year to exchange information about the work of each group.

The school plans to tap into events (e.g., Awards Assemblies, Movie Nights, Back to School Night, Open House) that bring more families on campus to encourage educational partners to participate in parent education workshops or School Site Council (SSC) and English Language Advisory Council (ELAC) and promote upcoming school events. Knowing that more families attend events when students are being recognized, the administrative staff and ORC will identify more ways to celebrate students in various meetings.

Budget Summary

Complete the Budget Summary Table below. Schools may include additional information, and adjust the table as needed. The Budget Summary is required for schools funded through the Consolidated Application (ConApp).

Budget Summary

DESCRIPTION	AMOUNT
Total Funds Provided to the School Through the Consolidated Application	\$50,771.00
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$250,349.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0

Other Federal, State, and Local Funds

List the additional Federal programs that the school includes in the schoolwide program. Adjust the table as needed.

Note: If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.

Federal Programs	Allocation (\$)
Title I	\$40,439.00
Title III	\$10,332.00

Subtotal of additional federal funds included for this school: \$50,771.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Allocation (\$)
LCFF	\$101,511.00
LCFF - Intervention	\$9,489.00
Prop 28	\$88,578.00

Subtotal of state or local funds included for this school: \$199,578.00

Total of federal, state, and/or local funds for this school: \$250,349.00

Budgeted Funds and Expenditures in this Plan

The tables below are provided to help the school track expenditures as they relate to funds budgeted to the school.

Goal 3	4,678.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Lynn Eborá	Principal
Nancy Diaz	Classroom Teacher
Shannon Sanders	Classroom Teacher
Taylor Lumas	Classroom Teacher
Claudia Cortez	Other School Staff
Jasmine Duron	Parent or Community Member
Nestor Hurtado	Parent or Community Member
Catherine Prebble	Parent or Community Member
Randi Friday	Parent or Community Member
Gary Snyder	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on May 29, 2024.

Attested:

Principal, Lynn Eboron on 5/29/24

SSC Chairperson, Jasmine Duron on 5/29/24

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

Instructions: Table of Contents

- Plan Description
- Educational Partner Involvement
- Comprehensive Needs Assessment
- Goals, Strategies/Activities, and Expenditures
- Annual Review
- Budget Summary
- Appendix A: Plan Requirements for Title I Schoolwide Programs
- Appendix B: Select State and Federal Programs

For additional questions or technical assistance related to LEA and school planning, please contact the CDE's Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the LEA, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:

Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:

When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- Strategy/Activity #: Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- Description: Describe the strategy/activity.
- Students to be Served: Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- Proposed Expenditures: List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to EC Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- Funding Sources: List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
 - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
 - a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. Use methods and instructional strategies that:
 - i. Strengthen the academic program in the school,
 - ii. Increase the amount and quality of learning time, and
 - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. Strategies to improve students' skills outside the academic subject areas;
 - ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: Title 34 of the *Code of Federal Regulations (34 CFR)*, sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. *EC* sections 64001 et. seq.

Appendix B: Plan Requirements for School to CSI/ATSI Planning Requirements

For questions or technical assistance related to meeting federal school improvement planning requirements, please contact the CDE’s School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education’s “Using Evidence to Strengthen Education Investments” at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

CSI Resources

For additional CSI resources, please see the following links:

- **CSI Planning Requirements** (see Planning Requirements tab):

- **CSI Webinars:** <https://www.cde.ca.gov/sp/sw/t1/csiwebinars.asp>
- **CSI Planning Summary for Charters and Single-school Districts:**
<https://www.cde.ca.gov/sp/sw/t1/csiplansummary.asp>

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Updated by the California Department of Education, October 2023

School Plan for Student Achievement (SPSA)

School Name		County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
McKinna School	Elementary	56725386055354	April 16, 2024	August 21, 2024

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California’s ESSA State Plan supports the state’s approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state’s Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by McKinna Elementary School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

Additional Targeted Support and Improvement

McKinna is in ATSI due to performing at the lowest levels in ELA, math and having high chronic absenteeism for all

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by McKinna Elementary School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

Additional Targeted Support and Improvement

McKinna is in ATSI due to performing at the lowest levels in ELA, math and having high chronic absenteeism for all

McKinna has developed the School Plan for Student Achievement (SPSA) to align with the approved Local Control and Accountability Plan (LCAP) for the Oxnard Elementary School District as well as the goals stated within the OSD biliteracy-literacy pedagogy, the OSD Student Profile and guided by our OSD Strategic Plan. The OSD Strategic Plan ensures our decisions support our students academically (Strategic Goal 1.0), provides them with a positive school climate (Strategic Goal 2.0) and encourages a partnership with our families (Strategic Goal 4.0). This plan ensures equal opportunities for all students which is essential in meeting the ESSA requirements.

At McKinna, standard based instruction is a priority (Strategic Goal 1.0). We have weekly staff meetings that allow teachers to focus on student data, student learning and planning while specifically focusing on the 4 PLC questions:

1. What do we want all students to know and be able to do?
2. How will we know if they learn it?
3. How will we respond when some students do not learn?
4. How will we extend the learning for students who are already proficient?

Additionally, our teachers collaborate regularly during power planning days and Wednesday collaboration days focused on our BUFs. This is especially important for building school wide capacity within the DLI program in TK-5 and standards-based instruction across grade levels.

We are currently in ATSI status due to low performance in ELA and Math and having high levels of absences affecting our Hispanic students, Socio-Economically Disadvantaged (SED) and Students With Disabilities (SWD). To support our students' academic needs in ELA and Math, the ORC, counselor and administrator meet with teachers during student monitoring meetings and SST meetings. Our Literacy Intervention Teacher (LIT) and Intervention Service Provider (ISP) teachers provide intervention while our teachers receive professional development during staff meetings and SIP days. The McKinna Teachers collaborate around data and lesson plan to support student learning in the classrooms. Our staff meetings are centered around students focusing on ways to support them academically. Tutoring opportunities will be offered to our students, focusing on our Hispanic students, Socio-Economically Disadvantaged students and Students With Disabilities. Our site has a second ISP to provide English Language Development support to our English Learners. Additionally, weekly student support meetings, which include our ORC, counselor, social worker, and administrator are held to discuss how to support our students who are struggling academically, emotionally, or with behavior. Our ORC and social worker work collaboratively to support our students with chronic absenteeism. They meet with parents and students to increase their attendance, make phone calls and home visits to ensure our students are well and remind them of the importance of coming to school. We have incentives to motivate students to come regularly to school. The importance of attendance has been discussed at our various parent meetings and information on the many resources available to families has been shared. Our ORC and social worker provide food, clothing and various resources to our Socio-Economically Disadvantaged students.

Our McKinna vision is to develop empathetic digital learners who are biliterate, critical thinkers and creative problem solvers. Our students will be prepared for successful careers as contributing members of society.

Our mission states that McKinna teachers and staff are committed to ensuring that each of our students reaches his or her full potential through high expectations, ongoing collaboration, and targeted, focused instruction. Our school's priority is to provide a safe learning environment where all students are supported academically, emotionally and socially. Our community and families are essential in achieving this mission!

As such, McKinna welcomes parents at various times during the school year including Family Fridays once a month which allow our families to engage in reading with their child and then have an opportunity to learn more about ways to partner with our school (Strategic Goal 4.0).

The McKinna School Site Council meets regularly throughout the school year to ensure the SPSA is being implemented as written, and any necessary adjustments are made as authorized by the School Site Council. The School Site Council members will include an equal representation of school staff members and McKinna parents/community members. Throughout the school year, the School Site Council will continuously analyze the goals within this plan, along with the corresponding action items, to ensure that we are making necessary adjustments to serve the needs of our students.

Educational Partner Involvement

How, when, and with whom did McKinna Elementary School consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

McKinna's SPSA is created and reviewed with ongoing collaboration from both site-based Leadership teams and the School Site Council. In addition, members from McKinna's Teaching & Learning Leadership team help identify goals to strengthen instruction while looking at our SPSA goals for this academic year. This additional information will be utilized to determine a school wide focus and goals for ongoing improvement for the 2024-25 school year. The focus on instructional goals will be shared with the full staff on SIP Day in the Fall of 2024 to help frame the work for the year ahead. During this time, our staff will look at Star assessment trends from the last few years to strengthen the school wide focus. We will also look at ELPAC and CAASPP results and use these to guide our instruction. In addition, the information was reviewed and discussed with ELAC members on April 10, 2024 and School Site Council on April 16, 2024, prior to the final review and approval of McKinna's SPSA for 2024-25. During these meetings, attendance and academic performance in ELA and Math was at the forefront in planning our SPSA goals. McKinna will continue to utilize and review the SPSA throughout the year at Leadership team meetings, staff meetings, SSC and ELAC meetings.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

Most of our McKinna students are considered Socio-Economically Disadvantaged. All students from TK-5th grade continue to have an iPad and learning applications on their iPads like ST Math, MyOn and Lexia to reinforce practice in reading and math. Hot Spots continue to be provided to those families who need wi-fi so our students can access those academic applications while at home. Two 8-hour paras have been hired to support students before school, during school, and after school. At McKinna we also have 2 ISP teachers providing academic intervention with one focusing on supporting English Learners to meet the needs of our English Learners and students struggling with reading.

Trauma is another barrier that significantly impacts student achievement. McKinna's high percentage of referrals to Ventura County Behavioral Health, illustrate that a large number of students and families are dealing with trauma for a variety of reasons including substance abuse, domestic violence, mental health issues and immigration concerns. McKinna has 119 students identified as McKinney Vento, this is 20% of our students.

To address these challenges, McKinna considers it essential to provide a systematic multi-tiered approach to connect families to community resources and to address the academic and social-emotional needs of students who have experienced trauma. The ORC, counselor and social worker work closely with McKinna families to coordinate resources and maximize services for educational, mental and physical health through partnerships with organizations like Ventura County Behavioral Health. Our social worker and her assistant provide food to our McKinna families on a weekly basis. Weekly meetings have been scheduled so that the administrator, ORC, social worker and counselor can discuss how best to provide students with the resources they may need. In addition, the SST process at McKinna ensures that students receive intervention to address both academic and social-emotional needs. Restorative discipline approaches like PBIS/CHAMPS, Restorative Circles and Restorative Dialogues foster a safe and healthy climate and provide an alternative response to behavior that decreases loss of instructional time due to discipline and behavior concerns. Our social worker and ORC also connect our families with food and other resources for families in need. In order to address our chronic absenteeism, we will hold parent classes to inform our families of the importance of coming to school daily and on time. Additionally, incentives will be established to encourage our students to come to school and increase our attendance. Classes for families will also be offered to our Hispanic families and families of students that are Socio-Economically Disadvantaged to discuss ways in which they can support their children at school and how to best understand the importance of reading and safe use of technology. Tutoring will be offered to support students academically.

McKinna staff is working diligently to increase family engagement and empower parents/guardians as essential partners in their child's education. In addition to encouraging participation in decision making bodies like SSC, PTA and ELAC, McKinna is providing educational opportunities for families through partnerships with community organizations like Interface and VCBH. Family nights are scheduled throughout the school year to ensure our families are provided with opportunities to learn and share their knowledge which empowers other parents, teachers and staff. Additionally, we hold Family Fridays as an additional opportunity for our families to read with their children and be connected with our school. Family Fridays also provide our parents an opportunity to connect with our ORC, counselor, social worker and DLI TOSA to provide our families with resources and information on how to support their children to improve attendance, academics and learn strategies to support their children.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

In looking at our dashboard indicators, we are in red in ELA. This year we have subbed our teachers out so they can collaborate on planning to address the needs of our students in this area. Our LLI teacher and DLI TOSA conducted professional development on reading. We also dedicated our staff meetings to looking at writing across the grade levels. We have a literacy teacher and an ISP who are providing support for our students in greatest need in the area of reading. Another area in which we are low is in the EL Progress, currently in orange on the dashboard. In order to support our EL students, we have offered after school tutoring to focus on ELD standards. We also have an ISP working with our LTELs and English Learners who need additional support in reading and writing. Chronic absenteeism is another area in which we are currently orange. The importance of coming to school every day has been discussed at all of our parent meetings including ELAC, SSC, PTA and Family Fridays. Also, our ORC, social worker and attendance clerk monitor student attendance and hold mini SARB meetings with families as needed. Incentives have also been set to motivate our students to come to school. We have many assembly opportunities, spirit weeks and other fun events to ensure our students want to be at McKinna. These activities will also support our behavior plan so that we can improve our suspension rates which is currently in orange on the dashboard.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the "all student" performance.

Currently, at McKinna, all student groups are in red in the area of ELA. Our focus has been in subbing out our teachers so they can collaborate on planning to address the needs of our students in this area. Our LLI teacher and DLI TOSA conducted professional development on reading. Additionally, we dedicated our staff meetings on looking at writing across the grade levels. We have a literacy teacher and an ISP who are providing support for our students in greatest need in the area of reading. Our Students With Disabilities are in red in the area of math. As a school, we had many math professional development (PD) opportunities for teachers to support instructional practice. One example was an ST Math representative provided lessons in classes. Additionally, our 3-5th grade teachers had PD on fractions and ways of supporting their students in math. Our staff meetings are designed to allow us to analyze the data and plan to meet the needs of our Students With Disabilities. Our RSP teachers will provide tutoring opportunities for our Students With Disabilities. Another area of need is to ensure that our English learners and Students With Disabilities come to school regularly as they are in the red on the dashboard. The importance of coming to school every day has been discussed at all of our parent meetings including ELAC, SSC, PTA and Family Fridays. Additionally, our ORC, social worker and attendance clerk monitor student attendance and hold mini SARB meetings with families as needed. Incentives have also been provided to motivate our students to come to school. We have many assembly opportunities, spirit weeks and other fun events to ensure our students want to be at McKinna. Furthermore, our social worker, counselor and orc are in regular communication with our families of those students struggling to come to school. We want to ensure we remove barriers for our students in order for them to be present at school.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

We need to focus on our ELD standards as a school so that we better prepare our English learners. Our ELPAC results show only 17 students eligible for reclassification for the upcoming school year. This is a drop from 21 students reclassified this last school year. We will be hiring an ISP to support with interventions for our EL students. We will ensure our English Learners are receiving focused instruction to allow them to be reading, writing, speaking and listening everyday.

School and Student Performance Data

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for McKinna Elementary School. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
American Indian	%	0%	%		0	
African American	%	0.33%	0.35%		2	2
Asian	0.18%	0.17%	%	1	1	
Filipino	%	0%	%		0	
Hispanic/Latino	97.89%	98.17%	97.89%	556	589	558
Pacific Islander	0.35%	0.67%	0.70%	2	4	4
White	1.23%	0.17%	0.70%	7	1	4
Multiple/No Response	0.35%	0.5%	0.35%	2	3	2
Total Enrollment				568	600	570

Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	21-22	22-23	23-24
Kindergarten	98	120	92
Grade 1	94	115	70
Grade 2	111	92	114
Grade 3	82	102	86
Grade 4	101	81	96
Grade 5	82	90	70
Total Enrollment	568	600	570

Conclusions based on this data:

Enrollment has fluctuated from 607 to 609 from 2020-2021 to 2023-24. Additionally, enrollment by student subgroup has remained consistent. McKinna's significant ethnic subgroup is Hispanic/Latino, with most students classified as Hispanic/Latino within the 2023-24 school year. It is important to note that a majority of McKinna's students in 2023-24 were classified as Socioeconomically Disadvantaged and English Learners. The high percentage of Socioeconomically Disadvantaged and English Learner subgroups are considered historically under-served, under-performing populations. Title I funds will be used to fund an ISP to provide intervention and to fund substitute teachers to allow SST meetings to support our student needs. Title I funds will also be used to ensure our families are involved and engaged with our school. These funds will allow us to provide interpretation for our families. McKinna is committed to full consideration

of District values of Equity, Integrity, Service & Accountability when planning goals and actions for all McKinna students.

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
English Learners	454	472	433	75.10%	79.9%	76.0%
Fluent English Proficient (FEP)	31	36	43	9.90%	5.5%	7.5%
Reclassified Fluent English Proficient (RFEP)	15	35		4.4%		

Conclusions based on this data:

The data shows an increase in EL percentages over the school years. However, the percentage in students who are Fluent English Proficient has not consistently increased from 2020-2021 to 2023-2024. There has been an increase in the number of students who have reclassified from 2020-21 to 2022-23 with a slight decrease in 2023-24. The number of students who reclassified declined from 29 in the 2022-2023 school year to 21 students reclassifying in the year 2023-24 school year. Our McKinna focus to strengthen first instruction will provide our students opportunities to be stronger readers and writers and stronger candidates to meet reclassification criteria. Additionally, we have an ISP supporting our ELs in speaking, reading and writing. Our ISP will continue to support our EL students next year.

Because a majority of McKinna students are designated as English Language Learners for 2024-25, academic language acquisition is essential to access rigorous Common Core Standards in reading, writing and math, due to the complex, multi-step word problems. In order to increase the percentage of students reclassifying, they need to be exposed to high rigor, academic language, reading and writing in all grade levels.

McKinna has made progress in building effective support systems to strengthen teaching and learning practices for all students. This is especially evident in McKinna's commitment to address the academic and social-emotional needs of our English Learners and Socioeconomically Disadvantaged students which make up the majority of our school's population. Teachers have been trained in and utilize strategies to provide scaffolding and access to rigorous Common Core Standards in ELA/Literacy and math. During the 2024-25 school year, grade level teams will continue to collaborate as Professional Learning Communities (PLCs) to provide differentiated instruction for ELA/literacy and math as well as support for English Learners with designated English Language Development instruction. McKinna plans to offer tutoring and enrichment opportunities in literacy and math outside of the school day as funding and staffing permit.

McKinna will continue working on bolstering the acquisition of academic English through a rigorous approach to both integrated and designated English Language Development by following the District DLI pedagogy, with an emphasis on standards-based teaching and learning, writing across content areas including math where emphasis will be placed on teaching and learning in areas of problem solving, data analysis, and communicating reasoning.

School and Student Performance Data

Star Early Literacy

McKinna Elementary School											
		Less than Proficient				Proficient				Star Early Literacy Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade K	97	14	14%	10	10%	36	37%	37	38%	Level 3	823
Grade 1	71	37	52%	11	15%	17	24%	6	8%	Level 1	787
Grade 2	116	92	79%	14	12%	8	7%	2	2%	Level 1	809

Conclusions based on this data:

The Star Early Literacy results from the end of the year 2023-2024 indicate that 39% of the students in K are At/Above Benchmark, 9% of first graders are At/ Above Benchmark, and only 2% of second graders are At/ Above Benchmark. Second grade students were also assessed on Star Reading, a more complex assessment, and 3% of these students are At/Above Benchmark. As a staff, we need to ensure our focus is on strong first instruction, and a balanced literacy approach for all students to ensure students do well in reading. We also need to be strategic in our planning to meet the needs of all students so that their reading will improve.

School and Student Performance Data

Star Reading

McKinna Elementary School											
		Less than Proficient				Proficient				Star Reading Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 2	112	80	71%	18	16%	10	9%	4	4%	Level 1	828
Grade 3	74	46	62%	17	23%	6	8%	5	7%	Level 1	917
Grade 4	96	64	67%	15	16%	11	11%	6	6%	Level 1	939
Grade 5	70	34	49%	11	16%	21	30%	4	6%	Level 1	989

Conclusions based on this data:

The Star Reading results from end of the year 2023-2024 indicate only 3% of second grade students are At/Above Benchmark, 6% of third grade students are At/ Above Benchmark, 6% of fourth grader students are At/ Above Benchmark, and 6% of fifth graders are At/Above Benchmark. The majority of our students in grades 2nd-5th are not fairing well on the Star Reading assessment. As a staff, we need to ensure our focus is on strong first instruction and on a comprehensive literacy approach for all students to ensure students' progress in reading. Our teachers need to be strategic in their planning to meet the needs of all students so their reading can improve. The implication is that we provide students with scaffolds, oracy to strengthen their academic vocabulary and various opportunities for guided, shared reading, and small group reading. Our PLC meetings have to be centered on first instruction, differentiating learning to ensure our students can continue to access grade level content while improving their reading skills.

School and Student Performance Data

Star Math

McKinna Elementary School											
		Less than Proficient				Proficient				Star Math Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 1	72	18	25%	25	35%	24	33%	5	7%	Level 2	848
Grade 2	102	65	64%	27	26%	8	8%	2	2%	Level 1	867
Grade 3	86	42	49%	23	27%	19	22%	2	2%	Level 1	942
Grade 4	95	54	57%	26	27%	13	14%	2	2%	Level 1	955
Grade 5	68	34	50%	18	26%	7	10%	9	13%	Level 1	1025

Conclusions based on this data:

Our Star Math assessments indicate 7% of our first grade students are At/Above Benchmark. 3% of 2nd grade students are At/Above Benchmark. 2% of third grade students are At/Above Benchmark. 2% of fourth grade students are At/Above Benchmark and 13% of our 5th grade students are At/Above Benchmark. As educators we have a difficult job ahead of us. We need to use this data to plan instruction that will ensure our students are attaining grade level content. Teachers will need to effectively collaborate with grade level colleagues to provide scaffolds, academic vocabulary and supports to make gains in math. Students need to be able to think critically while learning math.

School and Student Performance Data

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Overall Participation for All Students												
Grade Level	# of Students Enrolled			# of Students Tested			# of Students with Scores			% of Enrolled Students Tested

Conclusions based on this data:

The preliminary CAASPP results for 2023-24 show growth in the percentage of students who met or exceed proficiency in ELA in grade 5 when compared to the 2022-23 results. However, our data is similar or in some cases, lower for grades 3rd and 4th. In ELA this year, 3rd graders scored 21%, a decrease from 2022-23 from 23% proficient. 4th graders scored 11% proficient, a decrease from 13% proficiency in 2022-23. 5th grade shows an increase from 14 to 21% proficient in ELA. Our students are performing low in reading and writing and this is affecting the CAASPP results. McKinna has much work ahead of us to ensure our students become stronger readers, writers and overall students.

During the 2023-24 school year, 3rd through 5th grade teachers utilized data to inform instruction and differentiated for ELA, ELD and literacy by teaming and grouping students based on their instructional needs. This collaborative approach contributed to growth as well as the administration of IABs and writing assessments which grade level teams calibrated and utilized to inform and refine instructional needs. McKinna will build upon this progress school wide by utilizing this teaming approach as a best practice model for teaching and learning centered in data informed instruction and flexible grouping. This model will be shared at PLC gatherings, grade level and staff meetings. School wide emphasis will be following the DLI pedagogy for inquiry-based learning within a balanced literacy model. Standards based teaching and learning with an emphasis on writing across all content areas are included as essential elements within the School Plan for Student Achievement. 3-5th grade teachers will have opportunities to collaborate as grade level teams to review CAASPP data during PLCs focusing on claims, targets and standards to inform and refine teaching and learning.

Conclusions based on this data:

The overall math CAASPP data documented above shows some progress as measured by this summative assessment. In 2023-24 preliminary scores, 3rd grade decreased from 16% proficient in 2022-23 to 11%. 4th grade scored 19% proficient, a 3-point decrease from 2022-23. 5th grade scored 28% proficiency, an 11-point increase from 2022-23. The growth for 5th grade may be attributed to math PD during our SIP Day at the start of the school year, staff collaboration and staff meetings focused on math throughout the year, ongoing support of ST Math, exploration of Zearn math supplemental materials and math tutoring focusing on the SBAC. It was a surprise to see 3rd grade and 4th grade show a slight decrease. We need to continue to focus on CAASPP claims and targets and supporting our students to adequately explaining in writing the process of problem solving and methods used to get answers. Strategies like Number Talks and opportunities to learn through IABs will better prepare students for problem solving and modeling data analysis. For this reason, school wide we will focus on word problems and allow students to explain their thinking as they solve these problems, both orally and through writing. Many of our students are performing below grade level in reading and writing and this is affecting the overall scores on the Math CAASPP.

3rd through 5th grade teachers will continue to utilize data to inform and differentiate instruction for math by teaming and grouping students based on their instructional needs. This collaborative model will be shared at PLC gatherings, grade level and staff meetings. Standards based teaching and learning with an emphasis on writing across all content areas, including math are included as essential elements within the School Plan for Student Achievement. 3-5th grade teachers will have opportunities to collaborate as grade level teams to review CAASPP data during PLCs focusing on math claims, targets and standards to inform and refine teaching and learning.

School and Student Performance Data

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](http://English Language Proficiency Assessments for California (ELPAC) web page) web page or the ELPAC.org website for more information about the ELPAC.

Conclusions based on this data:

The need for ongoing academic English language development is confirmed by the 2023-24 ELPAC data. This data shows 21% of 1st graders scored an overall 3 or 4 on the ELPAC; 36% of 2nd graders scored an overall 3 or 4; 40% of 3rd graders scored an overall 3 or 4; 48% of 4th graders scored an overall 3 or 4; 49% of 5th graders scored an overall 3 or 4 on ELPAC. The percentage of students who scored a 4 on the ELPAC decreased in 3rd-5th grades when comparing the results from the 2022-23 school year. However, there was a decrease in the percentage of students who scored a 3 or 4 on the ELPAC in 1st, 2nd, 3rd, and 4th grades when comparing the results from the year 2022-23. In addition, during the 2023-24 school year, only 21 of the English Learners in grades 3rd-5th were reclassified. Although some gains were made in some areas, this data clearly demonstrates the need for higher rigor, academic language, reading and writing demand in 3rd, 4th and 5th grade.

McKinna staff will focus on strengthening teaching and learning practices that are responsive and restorative through data-driven instruction, ongoing reflection and collaboration and professional development in literacy, language and math. As a community of learners and PLCs we will focus on high leverage, research based instructional strategies with scaffolds and supports to foster academic language and literacy development aligned with Common Core Standards. Emphasis will be on a balanced literacy approach that includes reading, writing, listening, speaking across all content areas, including math instruction. ELD focus includes both designated ELD and integrated ELD to support language development and access to rigorous standards across content areas. Teachers will utilize district adopted resources, assessments and technology to promote high student engagement and achievement, utilizing data to inform and refine instruction. Emphasis will be placed during the 2024-25 school year on grade level and cross grade level collaboration and strengthening reading, writing and oral language across content areas, including math, social studies and science instruction. In the DLI TK-5 classrooms, teachers will continue to team with language partners, ensuring that students receive instruction in Spanish and English 50% of the day. Emphasis is on a standards based balanced literacy approach that integrates oracy (scaffolded academic language development), reading and writing across content areas.

School and Student Performance Data

California School Dashboard Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

2022-23 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
600	94.5	78.7	0.7
Total Number of Students enrolled in McKinna Elementary School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2022-23 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	472	78.7
Foster Youth	4	0.7
Homeless	83	13.8
Socioeconomically Disadvantaged	567	94.5
Students with Disabilities	66	11

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	2	0.3
Asian	1	0.2
Hispanic	589	98.2
Two or More Races	3	0.5
Pacific Islander	4	0.7
White	1	0.2

Conclusions based on this data:

The data above is based on a CALPADS report from 2023-24. McKinna's significant ethnic subgroup is Hispanic/Latino, with 98.2% of 584 students classified as Hispanic/Latino. 78.7% of our students are English Learners where Spanish or Mixteco is their primary language. All ethnic groups have 4 or fewer students and do not qualify as

a significant subgroup based on the low percentages of these student populations at McKinna. In addition, it is important to note that 94.5% of McKinna's students classified as Socioeconomically Disadvantaged, 13.8% as homeless and 11% with disabilities. The high percentage of Socioeconomically Disadvantaged and English Learner subgroups are considered historically under-served, under-performing populations. McKinna is committed to full consideration of the District values of Equity, Integrity, Service & Accountability when planning goals and actions for all McKinna students.

School and Student Performance Data

Overall Performance

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

2023 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts Red	Chronic Absenteeism Orange	Suspension Rate Orange
Mathematics Yellow		
English Learner Progress Orange		

Conclusions based on this data:

1. The overall Dashboard detail for the Fall of 2023 demonstrates that McKinna is very low in ELA but made some growth in Math. Also, our English Learners are demonstrating low academic performance and have very high chronic absenteeism. We have significant room for growth in all academic student performance areas. Actions in this area align with Goal 1 of both District LCAP and site goals as articulated in the SPSA. In regard to student performance around absenteeism, actions in this area align with Goal 2 of both District LCAP and site goals as

articulated in the SPSA. The leadership team reviews this data by subgroup with the staff to help plan and implement effective SMART Goals & actions to ensure progress in all these areas.

School and Student Performance Data

Academic Performance English Language Arts

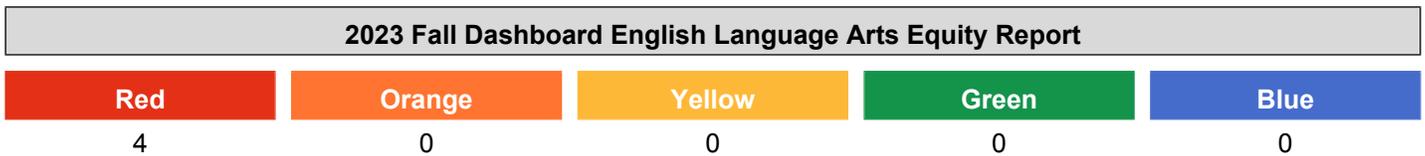

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2023 Fall Dashboard English Language Arts Performance for All Students/Student Group		
All Students  Red 84.1 points below standard Decreased -3.6 points 257 Students	English Learners  Red 89.5 points below standard Decreased -4.2 points 213 Students	Foster Youth Less than 11 Students 2 Students
Homeless 93.3 points below standard Decreased -6.1 points 39 Students	Socioeconomically Disadvantaged  Red 83.5 points below standard Decreased -3.1 points 244 Students	Students with Disabilities  Red 175.9 points below standard Decreased Significantly -17.2 points 41 Students

2023 Fall Dashboard English Language Arts Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
 No Performance Color 0 Students	 No Performance Color 0 Students	Less than 11 Students 1 Student	 No Performance Color 0 Students
Hispanic	Two or More Races	Pacific Islander	White
 Red 85.1 points below standard Decreased -3.4 points 253 Students	Less than 11 Students 2 Students	Less than 11 Students 1 Student	 No Performance Color 0 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2023 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
110.2 points below standard Decreased -12.7 points 165 Students	18.1 points below standard Decreased Significantly -36.8 points 48 Students	68.3 points below standard Decreased -8.1 points 31 Students

Conclusions based on this data:

The above data shows that all McKinna's significant sub groups including English learners, SED and Hispanics are performing very low in ELA results of the 2023 Fall scores. English learners performed 89.5 points below standard proficiency for ELA demonstrating the need for implementing research based effective first instruction. In 2024-2025 we will provide professional development to our teaching staff around academic supports for our English Learners. Additionally, an ISP will provide intervention to our English Learners.

School and Student Performance Data

Academic Performance Mathematics

2023 Fall Dashboard Mathematics Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
 No Performance Color 0 Students	 No Performance Color 0 Students	Less than 11 Students 1 Student	 No Performance Color 0 Students
Hispanic	Two or More Races	Pacific Islander	White
 Yellow 91.8 points below standard Increased +6.7 points 253 Students	Less than 11 Students 2 Students	Less than 11 Students 1 Student	 No Performance Color 0 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2023 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
116 points below standard Decreased -7.3 points 165 Students	29.3 points below standard Increased +3.6 points 48 Students	75.4 points below standard Increased Significantly +20.9 points 31 Students

Conclusions based on this data:

The above data from the 2023 CAASPP for math shows that all McKinna's significant subgroups performed very low academically in this area, including Socioeconomically Disadvantaged and Hispanic students and English Learners. The English learners performed 116 points below standard where the English only group scored 75.4 points below standard.

The staff will continue to engage in ongoing professional development and collaboration that strengthens teaching and learning practices around math emphasizing both oracy and writing. As a community of learners, we will focus on high leverage, research based instructional practices to increase opportunities for students to communicate thinking and reasoning. Teachers will focus math claims within the CAASPP system: concepts & procedures, problem solving/data analysis, and communicating reasoning.

School and Student Performance Data

Academic Performance English Learner Progress

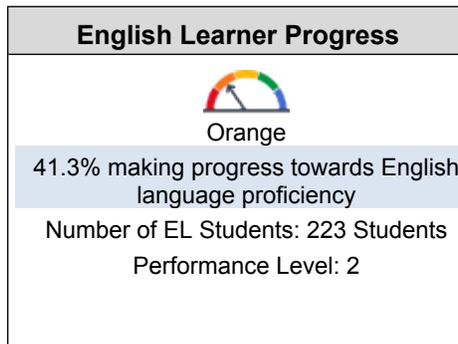

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides a view of the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2023 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2023 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
42	89	3	89

Conclusions based on this data:

The above data demonstrates additional information on the academic progress of English Learners according to the ELPAC overall scores on the test available from the 2023 fall dashboard. Out of the 223 McKinna students assessed, 39.9% progressed one ELPI level, 1.3% maintained a level 4, and 18.8% decreased a level. The school wide focus for 2024-25 continues to be language/oracy development which includes literacy and writing across all content areas. The staff will continue to engage in ongoing professional development and collaboration that strengthens teaching and learning practices around math, language and literacy rich instruction across all grade levels throughout the day. As a community of learners, we will focus on high leverage, research-based instructional practices to increase opportunities for students to communicate thinking and reasoning, with differentiated instructional strategies to foster language and literacy development aligned with Common Core Standards. Emphasis to reinforce CAASPP claims in literacy development will be centered on a balanced literacy approach that includes reading, writing, listening, speaking across all content areas. ELD focus includes both designated ELD and integrated ELD to support language development and access to rigorous standards across content areas. Teachers will utilize district adopted resources, assessments and technology to promote high student engagement and achievement, utilizing data to inform and refine instruction.

School and Student Performance Data

Academic Engagement Chronic Absenteeism

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2023 Fall Dashboard Chronic Absenteeism for All Students/Student Group		
All Students	English Learners	Foster Youth
 Orange 31.7% Chronically Absent Declined -1 624 Students	 Red 32.1% Chronically Absent Increased 2.4 496 Students	Less than 11 Students 4 Students
Homeless	Socioeconomically Disadvantaged	Students with Disabilities
 Orange 35.4% Chronically Absent Declined -13 99 Students	 Orange 32.3% Chronically Absent Declined -0.7 591 Students	 Red 35.7% Chronically Absent Maintained -0.1 84 Students

2023 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

African American	American Indian	Asian	Filipino
<p>Less than 11 Students</p> <p align="center">2 Students</p>	<p align="center"></p> <p align="center">No Performance Color</p> <p align="center">0 Students</p>	<p>Less than 11 Students</p> <p align="center">1 Student</p>	<p align="center"></p> <p align="center">No Performance Color</p> <p align="center">0 Students</p>
Hispanic	Two or More Races	Pacific Islander	White
<p align="center"></p> <p align="center">Orange</p> <p align="center">31.8% Chronically Absent</p> <p align="center">Declined -0.9</p> <p align="center">613 Students</p>	<p>Less than 11 Students</p> <p align="center">3 Students</p>	<p>Less than 11 Students</p> <p align="center">4 Students</p>	<p>Less than 11 Students</p> <p align="center">1 Student</p>

Conclusions based on this data:

The 2023 Fall Dashboard indicates we declined by 1% which is an improvement when compared to last year. Chronic absenteeism is defined as missing 10% of the instructional days they are enrolled. The data above shows very high chronic absenteeism in subgroups including English learners and students with disabilities. We need to continue being pro-active with students and families to promote positive attendance, educating families of the connection of attendance to student performance. McKinna will also continue with interventions like family meetings and SARBs to connect families with resources when students are truant.

School and Student Performance Data

Conditions & Climate Suspension Rate

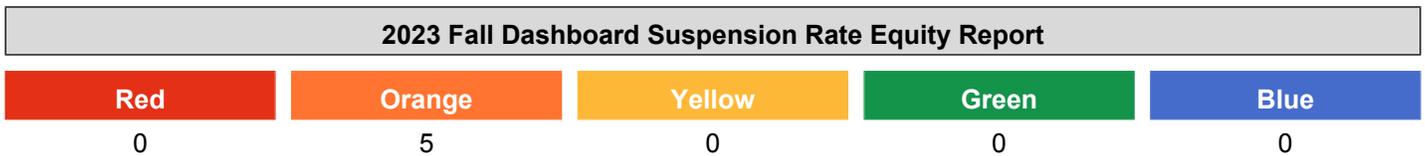

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2023 Fall Dashboard Suspension Rate for All Students/Student Group		
<p>All Students</p>  <p>Orange</p> <p>1.7% suspended at least one day</p> <p>Increased 0.9 644 Students</p>	<p>English Learners</p>  <p>Orange</p> <p>1.9% suspended at least one day</p> <p>Increased 1.1 513 Students</p>	<p>Foster Youth</p> <p>Less than 11 Students 4 Students</p>
<p>Homeless</p>  <p>Orange</p> <p>1.9% suspended at least one day</p> <p>Increased 1.9 106 Students</p>	<p>Socioeconomically Disadvantaged</p>  <p>Orange</p> <p>1.8% suspended at least one day</p> <p>Increased 1 608 Students</p>	<p>Students with Disabilities</p>  <p>Orange</p> <p>3.6% suspended at least one day</p> <p>Increased 3.6 84 Students</p>

2023 Fall Dashboard Suspension Rate by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 2 Students	 No Performance Color 0 Students	Less than 11 Students 1 Student	 No Performance Color 0 Students
Hispanic	Two or More Races	Pacific Islander	White
 Orange 1.6% suspended at least one day Increased 0.7 633 Students	Less than 11 Students 3 Students	Less than 11 Students 4 Students	Less than 11 Students 1 Student

Conclusions based on this data:

Overall, during the 2022-2023 school year, we increased our suspension rate by 1.7 %. The 2023 Fall Dashboard indicates that English learners, socioeconomically disadvantaged, Hispanic students, homeless and students with disabilities are the students that are being suspended. These are the students we will focus on to ensure they are engaged positively at McKinna. The McKinna community works collaboratively to foster responsive, restorative systems within a Multi-Tiered Systems of Support (MTSS) framework to create a healthy learning environment where students thrive. McKinna staff is committed to the implementation of a proactive and positive behavior support system (PBIS) school wide. The PBIS Leadership Team works within the Safe & Civil School model through a continuous improvement process to guide the entire staff through the construction and implementation of a comprehensive approach to behavior support. This approach is proactive, positive, and instructional, offering an alternative means of correction to address student behavior that preserves student attendance and builds student responsibility, self-control and civic awareness. The goal of the Safe and Civil School model is to reduce all behavioral and motivational barriers to learning by promoting safety and pro-social behavior, by supporting both academic and social emotional learning, and by enhancing staff consistency in teaching positive behavior expectations school wide. During the 2024-25 school year, staff will work to help build adult capacity for the development and implementation of effective Tier 1 practices. McKinna staff will continue to incorporate a collaborative approach and common language for teaching students self-regulation and peaceful problem-solving strategies for fostering social-emotional development in children.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Language Arts and Math

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Foster students, SpEd, homeless and low socio economic students will reach high academic standards in reading and mathematics.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase the capacity of teachers to deliver effective data-driven instruction
To provide equipment, materials and technology resources that support high quality instruction
To provide opportunities for teachers to collaborate to improve teaching and learning

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome

Star Early Literacy - English & Spanish
- Grades K-2

End of Year 2024:

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

McKinna's school wide focus for the 2023-2024 school year was to strengthen "First Instruction" adhering to the Oxnard School District's literacy/biliteracy pedagogy, that promotes a balanced literacy approach to teaching and learning. Aligned with the OSD Strategic Plan and OSD pedagogy, McKinna's emphasis was on standards-based instruction. Teachers were subbed out throughout the year to gain an understanding of and sequence their biliteracy units which would help in their planning of lessons. Classroom visits were followed with feedback focusing on ways to improve instruction. Staff meetings and PLC meetings focused on reviewing data and planning. McKinna continues to schedule dedicated collaboration and professional development opportunities throughout the year for staff, students and families in the areas of instruction and technology. Additionally, our staff meetings shifted focus to support instruction. Collaboration and training opportunities for staff and families are essential to help build school wide capacity for effective teaching, learning and communication throughout the school year. Overall, we did not make academic gains in math or ELA as measured by the CAASPP, except in grade 5th. Unfortunately, some of the changes implemented in this year such as refocusing our staff meetings, occurred in the middle of the year and were perhaps the reason why we did not see the growth we expected. The goal is for us to be more consistent and focused during our staff meetings and our collaborations.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Our goal was to provide support to our English Learners through small group instruction focusing on reading and writing. However, our ISP did not begin work until the end of the school year. This could have impacted the academic progress of our LTELs and ELs. This year our focus will continue to be strengthening instruction in the classroom. Aligned with the OSD pedagogy, McKinna's emphasis will be on standards-based instruction and the across all content areas and the implementation of all DLI Units. McKinna staff is committed to utilizing both state and local assessments to inform and improve instruction, which will be a consistent practice throughout the school year. Because this is an ongoing process within grade level and cross grade level collaboration, teachers have the opportunity to adjust instruction to meet the needs of students. Data collected through classroom visits will be utilized to plan professional development needs. The focus of professional development centered on improving instruction and strengthening our math instruction. During grade level and cross grade level PLCs, teachers will continue to examine and calibrate student work to look for patterns, strengths and areas of need.

Clear progress and growth in teaching and learning was evident in data gathered through classroom visits as well as student writing and other formative assessments. Although we made gains in 5th grade in both ELA and Math on the CAASPP assessment we did not see these gains in the other grade levels. The 2024-25 school year instructional plan provides the roadmap and resources for ensuring all students have access to technology, access to grade level content, rigorous learning opportunities, and resources within a cohesive District wide plan for instruction.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The 2024-25 school year instructional plan provides the roadmap and resources for ensuring all students have access to technology and resources within a cohesive District wide plan for instruction. An emphasis will be placed on improving and enhancing tier 1 instruction, meaning the instruction that all students are provided in the classroom. As in previous years, a significant amount of money will be set aside to support standards-based interventions and tutoring for students that are not currently accessing grade level content. However, a significant amount of money will continue to be set aside to release teachers to plan with their grade level teams and strengthen their day to day plans. An emphasis will also be placed upon continuing to provide ample time for teachers to collaborate and analyze data through the use of Professional Learning Communities (PLCs) on a regular basis. Grade level teams continue to use formal and informal assessment data and observations to plan and differentiate instruction to address student needs. McKinna staff will continue to focus on research based "Best First Instruction" practices. Ongoing school wide collaboration and professional development will continue to focus on effective implementation of standards-based instruction.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 2

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Social Emotional Support and School Climate

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase positive attendance
 To decrease the suspension rate
 To increase positive behavior
 To ensure a safe environment
 To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Attendance Rate	23-24 The average attendance was 92.66%.	24-25 Attain an annual average attendance rate of 95% or higher.
Office Discipline Referrals	23-24 There were 547 referrals.	24-25 Decrease the number of office referrals by 10% to 441.9.
Suspension Rate	23-24 The number of suspensions: 6	24-25 Decrease the number of suspensions by 20%. to 4.8
Panorama Survey - Student SEL competencies and learning supports/environments.	23-24 Spring Results: Growth Mindset-57% Self-Management- 61% Social Awareness- 62% Emotion Regulation- 50% Teacher Student Relationships- 69% Sense of Belonging- 58% Engagement-59%	24-25 To increase 10% in all areas.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/ Activity #	Description	Students to be Served	Proposed Expenditures
2.1	Continue implementation of the Positive Student Behavior Support (PBIS) Program to promote a safe and nurturing school learning environment that supports students at all levels of the MTSS pyramid. McKinna will focus on clear behavior expectations in common areas such as the cafeteria, playground and hallways. Champs and STOIC will support our focus on learning classroom expectations. Positive student behavior will be reinforced through incentives.	English Learners Socioeconomically Disadvantaged Students with Disabilities Foster Youth Homeless	District Funded 5000-5999: Services And Other Operating Expenditures Professional development See Goal 1.1 - behavior incentives
2.4	Attendance will be monitored and Mini SARB meetings will be held for those students with excessive absences, specifically for Hispanic, SED and students with disabilities. The attendance clerk and ORC will monitor student attendance. Meetings and home visits to address chronic absences. Attendance incentives will be provided to encourage positive attendance.	Socioeconomically Disadvantaged Students with Disabilities Hispanic Homeless	District Funded 2000-2999: Classified Personnel Salaries ORC, Social worker, Attendance Tech, Counselor: salaries See Goal 1.1 - attendance incentives
2.5	Continue implementing the RTI/MTSS model using the SST process in order to monitor student attendance, counseling, and discipline data in order to identify students who are in need of targeted intervention and support to address social/emotional/behavioral needs. Wrap around services will be provided for students and their families to meet the social and emotional needs as well as support the implementation of a Restorative Justice Framework.	Students with Disabilities Foster Youth Homeless Socioeconomically Disadvantaged	District Funded 1000-1999: Certificated Personnel Salaries Counselor, ORC, Social worker: salaries
2.6	Campus Supervisors are hired and trained to monitor playground and lunchtime activities. They will also provide extra support and child care for meetings and events (SSC, ELAC, Back to School Night, Parent Education). Office and custodial staff will effectively maintain daily school operations to respond to student safety needs, monitor student attendance, and assist in documenting and filing incident reports.	All Students	District Funded 2000-2999: Classified Personnel Salaries Classified salaries & benefits See Goal 1.13 - classified extra hours
2.7			

2.8	Additional playground activities,(ie. games, play equipment and resources) added to promote social-emotional well being.	All Students	See Goal 1.1-activity materials.
2.9	Safety drills to reinforce safety and crisis response preparation. PBIS Team will review and revise Safety Plan. Safety Team and community and District personnel will conduct training to strengthen crisis response preparedness and support school wide safety.	All Students	No additional cost
2.10	Student discipline data will be monitored on an ongoing basis to inform intervention needs.	All Students	No additional cost
2.11	Build capacity around research based Tier 1 practices for strengthening positive student behavior and maximizing student instructional time.	All Students	See Goal 1.2 - teacher extra time
2.12	Establish MTSS behavior model with Intervention Support Team. The model will be referenced during weekly student support meetings, including SST, IEP and 504s to support student achievement and social-emotional Tier 2 and 3 needs. Teachers will be released for meetings, observations, data review and progress monitoring.	English Learners Students with Disabilities Socioeconomically Disadvantaged Foster Youth	See Goal 1.2 - teacher extra time
2.13	Counselor, ORC and Social worker will train staff to strengthen trauma informed practices and provide support to students and families as needed. Provide research-based individual and small group counselling services to students in need of social/emotional support. Social-emotional learning through counselor led community circles, individual and small group instruction, ongoing monitoring through Panorama. Our school counselor will do SEL lessons in the classroom to reinforce positive behavior and provide social emotional supports. The counselor will plan and organize school wide activities to support Tier 1.	Socioeconomically Disadvantaged Students with Disabilities Homeless All Students	District Funded 1000-1999: Certificated Personnel Salaries Counselor & ORC District Funded 2000-2999: Classified Personnel Salaries ORC District Funded 5800: Professional/Consulting Services And Operating Expenditures Contract for Social Worker through Healthy Start County Program
2.16	Teachers will teach digital citizenship and cyber safety through resources like Common Sense Media.	All Students	Common Sense Media Program (no cost), no additional cost
2.17	Students will create digital presentations including IBooks, slide shows, videos and podcasts that will demonstrate understanding and collaborative application of literacy and language development	All Students	No additional cost

	and civic responsibility. Our Student Leadership group will create safety videos to share with all students.		
2.18	TK-5th grades will take the Panorama survey 3 times a year per District assessment calendar within their classrooms with support of teachers, ORC and Counselor.		District Funded 5000-5999: Services And Other Operating Expenditures Software contract

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

McKinna's population includes a high percentage of at-risk groups such as homeless and SED which needs to be taken into consideration when creating and reviewing the SPSA to positively impact student attendance, behavior and overall school culture and climate. A high need that impacts academic achievement is in the area of social-emotional need. Strategies and activities which address this need are listed in Goal 2. The McKinna community has a high percentage of referrals to Ventura County Behavioral Health, illustrating the high percentage of students and families who are dealing with trauma for a variety of reasons including substance abuse, domestic violence, mental health issues and immigration concerns. It is, therefore, especially important to provide a systematic approach to supporting the social-emotional needs of students who have experienced trauma. We had many behavior referrals and need to ensure our students learn to be kind and empathetic with their peers. Additionally, our attendance rates improved but we need to continue to grow in this area. Our suspensions rate increased. As a school we need to strengthen our behavior systems.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

This year we saw a need to support many students experiencing trauma, this took our support staff away from being able to hold Tier 1 interventions and supports consistently. As a result, we failed to be consistent in preventing school wide behaviors.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

During the 2024-25 school year, McKinna will continue to build upon the MTSS model that works to align school wide systems and services to support District systems. The Panorama survey results for TK-5th grades will be utilized to monitor social-emotional learning needs for all of our students to ensure they feel connected and safe at McKinna. This will provide staff and support personnel such as ORC and counselor with information to identify students and families who need additional assistance in areas of Wellness Accessibility, Wellness Mental Health and/or Wellness Physical Health. This data will also be utilized to plan and implement targeted support for social-emotional learning and specific needs. The SST and IEP review process will be utilized to monitor student progress and plan behavior, academic and social -emotional interventions as well as determine need for referrals to outside mental health agencies. Ongoing monitoring and training will be provided, and modifications implemented according to updates and guidance received throughout the year. Next year, we need to focus on character traits so that our students learn to be kind with each other. We will have raffles for students who are following McKinna behavior expectations and following character traits to be kind. Lunch with the principal will be initiated in an effort to motivate our students to be kind and empathetic. There is a need to revisit our progressive discipline matrix and school wide expectations need to be communicated regularly with our students, staff and families. The McKinna staff is committed to create a positive and safe learning environment that promotes positive behavior and interactions amongst students in the classroom, playground, and throughout our school. During the 2024-2025 school year we will continue to strengthen the systematic approach to improving school wide climate and culture. We will continue to use CHAMPS protocols within the classroom to promote positive behavior and increase self-regulation, thus decreasing loss of instructional time due to disruptive behaviors. In addition, we will recognize positive behavior and academic growth within classrooms and at school wide and/or grade level assemblies.

Furthermore, we will continue to strengthen our SST process to address Tier 2 and 3 academic and social emotional needs of the student.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 3

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Parent and Family Engagement

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase communication through websites, parent square, flyers, CANVAS and social media so parents and community are informed about district and school instructional programs and activities.
To facilitate parent involvement in the educational and social-emotional well-being of their children

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Attendance at family engagement meetings/events, such as SSC and ELAC.	23-24 ELAC Average Attendance was 22 parents. SSC Average Attendance was 9 parents.	Increase ELAC and SSC parent participation by 50% to 44 for ELAC and 18 for SSC.
EL Parent Needs Assessment	23-24 90.9% of parents always feel welcomed. 90.9% of parents feel they are partners in their child's education.	Increase by 10%

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/ Activity #	Description	Students to be Served	Proposed Expenditures
3.1	Build and communicate opportunities for strong family engagement through participation in decision making bodies like SSC, ELAC, PTA, and Project 2 Inspire to promote LCAP-SPSA Goals around teaching and learning and culture and climate. Continue to expand use of technology, school web site, social media, flyers and ongoing communication through Canvas with families about school events, programs and student progress.		District Funded 5000-5999: Services And Other Operating Expenditures Parent Square contract District Funded 2000-2999: Classified Personnel Salaries Site Tech: Salary
3.2	Hold family/parent workshops on topics to support families and their children with a focus on mental health support through partnership with Logrando Bienestar and Interface mental health services.		No additional cost
3.4	Promote literacy, technology support, including Canvas, and school-home connection through monthly parent workshops offered during ELAC and SSC meetings as well as Family Fridays.		See Goal 1.4
3.5	Parent conferences will be held twice a year. Translation support will be provided as necessary for parent meetings, conferences and other family communications.		825 Title I 2000-2999: Classified Personnel Salaries Verbal Translation: Extra hours 1,374 Title III 2000-2999: Classified Personnel Salaries Verbal Translation: OT
3.6	Site support staff will provide workshops on parenting and child development including spearheading workshops through outside county agencies.		See Goal 1.4
3.7	Parents will be invited to participate in student support meetings including SSTs, IEP and 504s to support student achievement and social-emotional Tier 2 and 3 needs.		No additional cost
3.8	Incoming parent meetings will be held to familiarize parents with transition from pre-K to Tk/Kindergarten and 5th grade to middle school. TK/K Orientations will be held to support our incoming students and families.		See Goal 1.4

3.9	Title 1 Meetings will be held to review policies like the Parent Compact, Parent Involvement Policy and SPSA goals.		See Goal 1.4
3.10	Provide parent leadership and training opportunities through Project 2 Inspire and ELAC.		
3.11	Parents will be invited to give input for reclassification for students who qualify to be re-designated as fluent English proficient.		No additional cost
3.13			

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

McKinna considers families the most essential partners in achieving goals within the SPSA. During the 2023-24 school year we provided our families with many opportunities to connect with our school and work collaboratively to ensure the success of all students. We saw an increase in PTA parents volunteering at various events throughout the school year. We also saw an increase in parents supporting various school events like setting up for our ST Math Celebrations. We also had many families participate in our Family Friday events where many parents/guardians came to read with their children. However, as we transitioned our ELAC meetings to in person, we saw a drop in parent attendance. There was also a decrease in parents completing the Needs Assessment Survey. This indicates the need to try different strategies to increase parent participation at our various meetings and support them with completing surveys as many of our families need support with technology. McKinna will continue to offer our families various leadership and educational opportunities. The McKinna staff cultivates meaningful partnerships and authentic family engagement opportunities through structured meetings such as Back to School Night, Fall and Spring conferences, SSC, ELAC, PTA, and more.

McKinna partners with organizations like Ventura County Behavioral Health and Logrando Bienestar to offer workshops and services to families for mental health. Parent education is also offered through the school counselor, social worker and ORC. We are committed to making parents feel welcomed and valued on our campus. McKinna will utilize the web site, Parent Square, email, calls, Canvas, Zoom, our school marquee, video bulletins and social media to maintain ongoing communication with families.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Trauma is a barrier that significantly impacts student achievement. McKinna's high percentage of referrals to Ventura County Behavioral Health illustrate a large number of students and families are dealing with trauma for a variety of reasons including substance abuse, domestic violence, mental health issues and immigration concerns. Therefore, it is especially important to provide a systematic multi-tiered approach to connect families to community resources and to address the academic and social-emotional needs of students who have experienced trauma. The District funded ORC, counselor and social worker work closely with McKinna families to coordinate resources and maximize services for educational, mental and physical health through partnerships with organizations like Ventura County Behavioral Health.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

As we transitioned to in person meetings we did see a decline in parents participating in ELAC and SSC. Next year we will hold hybrid meetings to allow our parents to join virtually and in person. This will provide them choices and facilitate their participation in our meetings. We also need to have our ORC and Technology Tech provide more opportunities to support our families in completing the digital Needs Assessment surveys.

McKinna staff will continue to promote family engagement and empower parents/guardians as essential partners in their students' education. In addition to encouraging participation in decision making bodies like SSC, PTA and ELAC, McKinna will offer multiple venues for family engagement through workshops to promote literacy and technology skills, including a better understanding of the academic apps and reclassification meetings. Parent workshops will be offered during the 2024-25 school year virtually and in person. Parent workshops like Project 2 Inspire to increase EL parent engagement and advocacy will be offered through the District. McKinna will offer Coffee with the Principal as an opportunity to meet with parents and provide resources. We will also have McKinna events once a trimester to showcase the work of our students and allow our families an opportunity to view their work. Furthermore, we continue with our Family Fridays to allow our families to read in their child's class and have an opportunity to learn ways in which they can support them in their education. Additionally, McKinna will continue ongoing communication through venues like Parent Square, Canvas, phone calls, emails, webinars, social media and the school web site, weekly videos, and our school marquee. The school will include families in SST, IEP, 504, attendance review, conferences, Title 1 meeting and goal setting meetings as well

Budget Summary

Complete the Budget Summary Table below. Schools may include additional information, and adjust the table as needed. The Budget Summary is required for schools funded through the Consolidated Application (ConApp).

Budget Summary

DESCRIPTION	AMOUNT
Total Funds Provided to the School Through the Consolidated Application	\$92,653
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$327,851.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0

Other Federal, State, and Local Funds

List the additional Federal programs that the school includes in the schoolwide program. Adjust the table as needed.

Note: If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.

Federal Programs	Allocation (\$)
Title I	\$57,147.00
Title III	\$35,506.00

Subtotal of additional federal funds included for this school: \$92,653.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Allocation (\$)
LCFF	\$121,840.00
LCFF - Intervention	\$4,000.00
Prop 28	\$109,358.00

Subtotal of state or local funds included for this school: \$235,198.00

Total of federal, state, and/or local funds for this school: \$327,851.00

Budgeted Funds and Expenditures in this Plan

The tables below are provided to help the school track expenditures as they relate to funds budgeted to the school.

Funds Budgeted to the School by Funding Source

Funding Source	Amount	Balance
Title I	57,147	0.00
Title III	35,506	0.00
LCFF	121,840	0.00
LCFF - Intervention	4,000	0.00
Prop 28	109,358	0.00

Expenditures by Funding Source

Funding Source	Amount
LCFF	121,840.00
LCFF - Intervention	4,000.00
Prop 28	109,358.00
Title I	57,147.00
Title III	35,506.00

Expenditures by Budget Reference

Budget Reference	Amount
1000-1999: Certificated Personnel Salaries	207,735.00
2000-2999: Classified Personnel Salaries	13,298.00
4000-4999: Books And Supplies	67,448.00
5000-5999: Services And Other Operating Expenditures	39,370.00

Expenditures by Budget Reference and Funding Source

Budget Reference	Funding Source	Amount
1000-1999: Certificated Personnel Salaries	LCFF	28,777.00

2000-2999: Classified Personnel Salaries	LCFF	9,615.00
4000-4999: Books And Supplies	LCFF	66,448.00
5000-5999: Services And Other Operating Expenditures	LCFF	17,000.00
4000-4999: Books And Supplies	LCFF - Intervention	1,000.00
5000-5999: Services And Other Operating Expenditures	LCFF - Intervention	3,000.00
1000-1999: Certificated Personnel Salaries	Prop 28	109,358.00
1000-1999: Certificated Personnel Salaries	Title I	43,692.00
2000-2999: Classified Personnel Salaries	Title I	2,309.00
5000-5999: Services And Other Operating Expenditures	Title I	11,146.00
1000-1999: Certificated Personnel Salaries	Title III	25,908.00
2000-2999: Classified Personnel Salaries	Title III	1,374.00
5000-5999: Services And Other Operating Expenditures	Title III	8,224.00

Expenditures by Goal

Goal Number	Total Expenditures
Goal 1	325,652.00
Goal 3	2,199.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Erika Ragan	Principal
Marilyn Barrinuevo	Classroom Teacher
Beatriz Viveros	Classroom Teacher
Veronica Garcia	Classroom Teacher
Maria Aspera	Other School Staff
Lucero Ortiz	Parent or Community Member
Seyla Garcia	Parent or Community Member
Deicy Caamano	Parent or Community Member
Faviola Lopez	Parent or Community Member
Alejandra Lopez	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

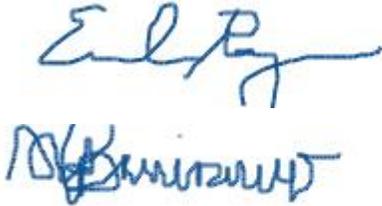

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 4-16-24 and 5-21-24.

Attested:

Principal, Erika Ragan on 4-16-24

SSC Chairperson, Marilyn Barrinuevo on 4-16-24

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

Instructions: Table of Contents

- Plan Description
- Educational Partner Involvement
- Comprehensive Needs Assessment
- Goals, Strategies/Activities, and Expenditures
- Annual Review
- Budget Summary
- Appendix A: Plan Requirements for Title I Schoolwide Programs
- Appendix B: Select State and Federal Programs

For additional questions or technical assistance related to LEA and school planning, please contact the CDE's Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the LEA, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:

Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:

When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- Strategy/Activity #: Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- Description: Describe the strategy/activity.
- Students to be Served: Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- Proposed Expenditures: List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to EC Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- Funding Sources: List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
 - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
 - a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. Use methods and instructional strategies that:
 - i. Strengthen the academic program in the school,
 - ii. Increase the amount and quality of learning time, and
 - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. Strategies to improve students' skills outside the academic subject areas;
 - ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: Title 34 of the *Code of Federal Regulations (34 CFR)*, sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. *EC* sections 64001 et. seq.

Appendix B: Plan Requirements for School to CSI/ATSI Planning Requirements

For questions or technical assistance related to meeting federal school improvement planning requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

CSI Resources

For additional CSI resources, please see the following links:

- **CSI Planning Requirements** (see Planning Requirements tab):
<https://www.cde.ca.gov/sp/sw/t1/csi.asp>
- **CSI Webinars:** <https://www.cde.ca.gov/sp/sw/t1/csiwebinars.asp>
- **CSI Planning Summary for Charters and Single-school Districts:**
<https://www.cde.ca.gov/sp/sw/t1/csiplansummary.asp>

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Updated by the California Department of Education, October 2023

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

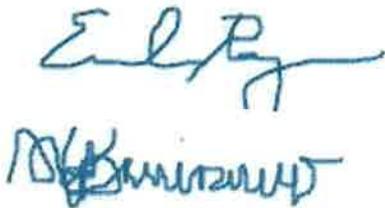

Signature	Committee or Advisory Group Name
<i>Juana Villalobos</i>	English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 4-16-24 and 5-21-24.

Attested:

Principal, Erika Ragan on 4-16-24

SSC Chairperson, Marilyn Barrinuevo on 4-16-24

School Plan for Student Achievement (SPSA)

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Ramona Elementary School	56725386055362	May 16, 2024	August 21, 2024

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California’s ESSA State Plan supports the state’s approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state’s Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Ramona Elementary School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Ramona Elementary School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

Ramona Elementary School is committed to fulfilling the mission and vision of the Oxnard School District and its own Mission and Vision. The following demographics are represented in the school: 99.8% is of Hispanic descent, 95.9% are socioeconomically disadvantaged, and 87.6% are English language learners. The school aims to empower all students to achieve excellence and become responsible global citizens. This aligns with the district's mission of nurturing self-confident and empowered multilingual global citizens who achieve inspired levels of individual, community, and social accomplishment in school and beyond. The Mission and Vision of Ramona School is as follows. Mission: We provide effective first instruction, promote a safe learning environment where students feel free to experiment and produce critical thinkers. Vision: Ramona school is committed to preparing all students with the social, emotional and academic skills necessary to learn and compete at the higher levels in a safe learning environment.

Ramona Elementary School has embraced the Power of Collective Efficacy to achieve this shared vision. All staff members are dedicated to the success of every student. The school utilizes an inquiry-based balanced literacy approach, providing a student-centered education that is engaging, rigorous, and differentiated to meet the diverse needs of all students. The Biliteracy Program is critical to the school's approach, emphasizing biliteracy and cultural awareness. The Biliteracy Program aims for students to become bilingual, bi-literate, and socio-culturally competent through a rigorous academic program to develop their full potential as global citizens.

In addition to the core instruction, Ramona Elementary School supports students with individualized supplemental applications such as Lexia Core5, ST-Math, and Accelerated Reader (AR). Leveraging technology, the school accelerates individualized and personalized learning, fostering critical and independent thinking skills. The school is also committed to ongoing professional development to enhance instructional practices and promote essential skills such as collaboration, digital literacy, and global awareness among students.

The district's strategic plan aligns with the school's goals, focusing on equity, excellence, safe and affirming environments, multilingualism, global and socio-cultural competence, and professional accountability and service. The Theory of Action employed by the district emphasizes a shared commitment to success, clarity and support for classroom leadership, strong school leadership, organized district leadership, and engagement with families and the community.

The district's five strategic goals are a guiding focus for the school and district transformation. These goals include promoting student academic engagement and achievement, fostering a positive and safe learning environment and school climate, providing site guidance and support, establishing strong family/community alliances for student success, and cultivating transformational leadership and infrastructure.

The pedagogical principles embraced by the district and Ramona Elementary School further enhance student-centered learning. These principles include identifying and building on student strengths, affirming student identities, nurturing equitable relationships, actively engaging students in the learning process, creating enriching environments that tap into students' multilingual repertoires, connecting learning to students' lives, promoting high intellectual performances, and addressing the prerequisites for learning by challenging coercive relations of power.

By merging the school's description, vision, and mission with the district's mission, vision, and purpose, Ramona Elementary School and the Oxnard School District work together to create a transformative educational experience for all students, fostering their academic success, cultural awareness, and global citizenship.

Educational Partner Involvement

How, when, and with whom did Ramona Elementary School consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Ramona Elementary's School Plan for Student Achievement (SPSA) undergoes a thorough involvement process with key educational partners. Here's a summary:

1. **School Leadership Team:** This team, comprising administrators, teachers, and staff, leads the SPSA development, assessing needs, setting goals, and devising strategies for student achievement.
2. **Title I and ELAC Meetings:** Parents engage with the SPSA during Title I and ELAC meetings, offering insights and recommendations.
3. **Parent Recommendations:** ELAC and parent groups provide recommendations based on their perspectives.
4. **School Site Council (SSC) Review:** The SSC, with parent, community, teacher, and administrator representation, scrutinizes the plan for alignment with school goals.
5. **June Meeting:** The SPSA undergoes a comprehensive review during the June SSC meeting before final approval.
6. **Collaboration of Parent Committees:** Parent groups like PTA, ELAC, SSC, and Title I actively contribute to plan development, ensuring parental perspectives are integrated.
7. **SPSA Approval:** The SSC endorses the finalized SPSA, signifying collective support and alignment with the school's vision.

Through this inclusive process, Ramona Elementary ensures diverse educational partner involvement contribute to a well-informed SPSA, enhancing student achievement and overall success.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable. This section is required for all schools eligible for ATSI and CSI.

The required needs assessment at Ramona Elementary has identified several resource inequities, as described below:

1. **Classified Substitutes:** Classified substitutes have been a challenge throughout the year, with inadequate availability to cover different positions within the school, especially campus supervisors, para educators, and office staff. This shortage of substitutes has disrupted the continuity of instruction and has put additional strain on the principal, counselor, and other staff members who have had to step in to ensure student learning and safety. The lack of available substitutes hinders the ability to provide consistent instruction and support to students. The 2024-2025 school year will provide Ramona with five 5.75 hours campus supervisors, an increase of 30 minutes of supervision daily.
2. **Challenges with Hotspots and WiFi Connectivity:** Although the district has prioritized providing hotspots to address the technology gap, students still face challenges with connectivity. Some areas within the Ramona area have limited Wi-Fi coverage, making it difficult for students to connect reliably to online learning platforms. This issue further compounds the existing inequities and negatively impacts students' ability to participate fully complete assignments that require Wi-Fi connectivity. These include Canvas Homework, Lexia, St-Math, Myon/Epic Reading, and Rosetta Stone to mention a few.

Addressing these resource inequities is crucial to ensure that all students at Ramona Elementary have equal opportunities to succeed academically and access the necessary resources for their educational growth.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the “Red” or “Orange” performance category.

English Language Arts is in red. Students at Ramona are not meeting English Language Arts standards. To address this low performance and to improve student outcomes, data such as Star reading and formative assessments aligned to standards will be analyzed to support and emphasize first instruction and MTSS needs. Star reports will be used for student groupings. These student group needs will be the focus during the review of a Biliteracy Framework Unit (BUF) for planning- Storyline, Big Ideas, Outcomes, Summative, Formative Assessments and Standards. Teachers in collaboration and with the support of the DLI TOSA will co-develop Instructional Sequence Charts during power planning time, review and deconstruct the standards, standard progression and evidence statement. The DLI TOSA will model lessons that include oracy, reading, writing and word study and observing teacher will provide feedback. The TOSA and teachers will meet to discuss student outcomes of standard mastery. Then the teacher and TOSA roles will reverse and the teacher will teach a standard based lesson prepared with the TOSA. Additionally, we have an ISP working with 3rd-5th grade students in a small group intervention setting focusing on targeted standards skills identified through data such as Star reading and formative assessments aligned to standards. These student groups rotate every 6-8 weeks, depending on the student progress made. Title I funds will be used to support data analysis and assessment efforts to identify students in need of intervention, monitor their progress, and adjust instructional strategies as needed.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the “all student” performance.

Students groups in red in ELA are English learners, Hispanic, socioeconomically disadvantaged, and students with disabilities. Student groups in math in red are Students with Disabilities. To address this low performance and to improve student outcomes, data such as Star reading and formative assessments aligned to standards will be analyzed to support and emphasize first instruction and MTSS needs. Star reports will be used to for student groupings. Teachers in collaboration and with the support of the DLI TOSA will co-develop Instructional Sequence Charts during power planning time, review and deconstruct the standards, standard progression and evidence statement. Additionally, we have an ISP working with 3rd-5th grade students in a small group intervention setting focusing on targeted standards skills identified through data such as Star math and formative assessments aligned to standards. The specialized program, IXL and lessons identifying the specific skill are assigned to students during and intervention session with the ISP. These student groups rotate every 6-8 weeks, depending on the student progress made. Title I funds will be used to provide this additional instructional support to students who are struggling academically. This might include small group instruction, one-on-one tutoring, or specialized programs tailored to meet the needs of individual students. In addition, we need to ensure that our Hispanic students have the benefit of culturally proficient teaching practices and that they see themselves in the materials we purchase as a site. Our ORC connects socio-economically disadvantaged families with community services so that they can assure their basic needs are met in order to better be able to support their children’s educations. The academic and social-emotional needs of our students with disabilities will be addressed through their IEPs and with frequent monitoring.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

Teacher observations have shown that the implementation of BUF units has not been conducted with fidelity, hence first instruction power lesson planning with the DLI TOSA described above will support with this standard targeted instruction.

School and Student Performance Data

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Ramona Elementary School. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
American Indian	%	0%	%		0	
African American	%	0%	%		0	
Asian	%	0.17%	0.18%		1	1
Filipino	%	0%	%		0	
Hispanic/Latino	99.80%	99.83%	99.82%	507	578	569
Pacific Islander	%	0%	%		0	
White	0.20%	0%	%	1	0	
Multiple/No Response	%	0%	%		0	
Total Enrollment				508	579	570

Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	21-22	22-23	23-24
Kindergarten	94	155	92
Grade 1	89	72	93
Grade 2	89	94	70
Grade3	80	94	93
Grade 4	80	86	90
Grade 5	76	78	86
Total Enrollment	508	579	570

Conclusions based on this data:

Based on the provided data, the conclusion drawn for Ramona School is as follows:

1. Student Population: The overall student population at Ramona School has remained relatively stable over the past three years. Most students, around 99.83%, identify as Hispanic/Latino, while the remaining 0.17 are Asian.
2. Mixtec Indigenous Population: The Mixtec indigenous population is the second-largest subgroup in the school and the district. Approximately 10% of developing bilingual students at Ramona School come from families that speak Mixtec and Zapotec.

3. Student Enrollment Trend: Despite the district experiencing a decrease in student population, Ramona School has seen an increase in student enrollment over the last few years. The specific reasons for this increase might have to do with the affordability of the area or the implementation of the Dual immersion program. Another reason is that parents can choose the school their students attend, and they might see Ramona Elementary as the school of choice.

It's important to note that the conclusion is based solely on the given data and does not provide a comprehensive understanding of all factors influencing student enrollment and demographics at Ramona School.

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
English Learners	439	507	487	79.10%	86.4%	85.4%
Fluent English Proficient (FEP)	31	27	32	13.70%	6.1%	5.6%
Reclassified Fluent English Proficient (RFEP)	21	30	25	7.3%	7.5%	5.1%

Conclusions based on this data:

Based on the provided data on English Learner (EL) enrollment at Ramona School, the following conclusions can be drawn:

1. EL Enrollment: The number of English Learners at Ramona School has shown a decrease by 1% during the 2022-2023 school year.
2. FEP Enrollment: The number of students classified as Fluent English Proficient (FEP) has increased, from 27 students in 2022-23 to 32 in 2023-24. The percentage of FEP students in the student population has also declined from 6.1% in 2022-2023 to 5.6% in 2023-2024.
3. RFEP Enrollment: The number of students classified as Reclassified Fluent English Proficient (RFEP) has decreased, with 30 students in 2022-23, and 25 students in 2023-24. The percentage of RFEP students in the student population has decreased from 7.5% to 5.1%

Overall, the data indicates an increasing number of English Learners at Ramona School, with a decrease in the proportion of Fluent English Proficient students. The percentage of Reclassified Fluent English Proficient students has decreased. These trends suggest the ongoing need for language support and services for EL students at the school.

School and Student Performance Data

Star Early Literacy

Ramona Elementary School											
		Less than Proficient				Proficient				Star Early Literacy Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade K	98	17	17%	9	9%	23	23%	49	50%	Level 3	826
Grade 1	84	31	37%	22	26%	22	26%	9	11%	Level 2	812
Grade 2	12	10	83%	1	8%	1	8%	0	0%	Level 1	770

Conclusions based on this data:

Based on the Star Early Literacy data provided for Ramona Elementary School, the following conclusions can be drawn:

Kindergarten shows the highest percentage of students at Level 4, indicating a strong proficiency in early literacy skills. Half of the kindergarten students tested reached the highest proficiency level. First Grade has a significant drop in proficiency, with only 11% of students reaching Level 4. The majority of students are distributed across Levels 1 to 3, with the largest group being in Level 1. Second Grade has the highest percentage of students at Level 1 (83%), indicating substantial challenges in early literacy among second graders. None of the second-grade students tested achieved Level 4 proficiency.

Implications for Instruction:

Kindergarten: The data suggests that current early literacy instruction methods are relatively effective, as a substantial number of students are achieving proficiency. Continued support and enrichment activities can help maintain and improve this performance. First Grade: There is a need to address the distribution of students across proficiency levels. Focused interventions are required to support students at Levels 1 and 2 to help them progress to higher proficiency levels. Second Grade: Intensive support and remedial instruction are critical for second-grade students, given the high percentage of students at Level 1. Early identification of struggling students and targeted literacy programs will be essential to improve outcomes.

Conclusion:

The data indicates varying levels of early literacy proficiency across grades K-2 at Ramona Elementary. While kindergarten students show a promising proficiency rate, there is a notable decline in the higher grades, especially in second grade. Tailored interventions and sustained literacy programs will be vital in addressing these disparities and improving early literacy outcomes for all students.

School and Student Performance Data

Star Reading

Ramona Elementary School											
		Less than Proficient				Proficient				Star Reading Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 2	71	32	45%	23	32%	10	14%	6	8%	Level 2	898
Grade 3	92	61	66%	20	22%	9	10%	2	2%	Level 1	899
Grade 4	91	62	68%	13	14%	11	12%	5	5%	Level 1	931
Grade 5	82	62	76%	10	12%	9	11%	1	1%	Level 1	943

Conclusions based on this data:

Based on the Reading data provided for Ramona Elementary School, the following conclusions can be drawn:

Grade 2 shows a relatively balanced distribution across Levels 1 to 3, with a moderate number of students reaching Level 4 proficiency. However, nearly half of the students are still below proficient (Level 1). Grade 3 has a high percentage of students at Level 1 (66%), indicating a significant number of students struggling with reading proficiency. Only a small fraction (2%) achieved Level 4 proficiency. Grade 4 mirrors the trend seen in Grade 3, with a majority of students at Level 1 (68%) and only 5% reaching Level 4 proficiency.

Grade 5 has the highest percentage of students at Level 1 (76%), suggesting increasing challenges in reading proficiency as students progress to higher grades. Only 1% of fifth graders achieved Level 4 proficiency.

Implications for Instruction:

Grade 2: While there is a need to support students at Level 1, the relatively higher percentages in Levels 2 and 3 indicate that some students are on the cusp of proficiency. Focused interventions and differentiated instruction could help more students reach Level 4. Grades 3 and 4: The data suggests significant challenges in reading proficiency, with a large majority of students at Level 1. Intensive, targeted reading interventions and support programs are essential to help these students improve their reading skills. Grade 5: The highest percentage of students at Level 1 highlights a critical need for comprehensive reading support and remediation. Early identification of struggling readers and continuous, targeted support throughout elementary school is crucial.

Conclusion:

The data indicates a trend of decreasing reading proficiency as students progress from grade 2 to grade 5 at Ramona Elementary. The high percentages of students at Level 1 in grades 3, 4, and 5 underscore the urgent need for effective reading interventions and support programs. Tailored instructional strategies and early, ongoing support will be vital in addressing these reading proficiency challenges and improving literacy outcomes for all students.

School and Student Performance Data

Star Math

Ramona Elementary School											
		Less than Proficient				Proficient				Star Math Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 1	93	14	15%	44	47%	32	34%	3	3%	Level 2	850
Grade 2	71	27	38%	22	31%	16	23%	6	8%	Level 1	901
Grade 3	92	47	51%	26	28%	15	16%	4	4%	Level 1	936
Grade 4	90	38	42%	34	38%	13	14%	5	6%	Level 1	976
Grade 5	83	62	75%	16	19%	4	5%	1	1%	Level 1	968

Conclusions based on this data:

Based on the math data provided for Ramona Elementary School, the following conclusions can be drawn:

Grade 1 shows a promising start with only 15% of students at Level 1. A majority are distributed across Levels 2 and 3, indicating foundational math skills are being developed effectively. Grade 2 sees an increase in students at Level 1 (38%), with fewer students reaching Level 4 proficiency (8%). There is a need for targeted support to help these students improve. Grade 3 has the highest percentage of students at Level 1 (51%) among the lower grades, indicating significant challenges in math proficiency. Only a small fraction (4%) achieved Level 4 proficiency. Grade 4 reflects a similar trend with 42% of students at Level 1. The percentage of students at Level 4 remains low (6%). Grade 5 shows the most concerning data, with 75% of students at Level 1. The proficiency level drops drastically, with only 1% of students reaching Level 4.

Implications for Instruction:

Grade 1: The data suggests that early math instruction is somewhat effective, but there is room for improvement to increase the number of students reaching higher proficiency levels. Grade 2: Targeted interventions for students at Level 1 and 2 are crucial to prevent them from falling further behind. Strategies should include differentiated instruction and additional practice in key math concepts. Grade 3: The significant number of students at Level 1 indicates a need for comprehensive math support programs. Remedial instruction and personalized learning plans could help improve proficiency. Grade 4: Continued support and intervention are essential, particularly for students at Level 1. Emphasis on problem-solving skills and conceptual understanding may benefit students. Grade 5: The high percentage of students at Level 1 highlights an urgent need for intensive math remediation. Early identification and support for struggling students throughout elementary school are critical.

Conclusion:

The data indicates a trend of increasing math proficiency challenges as students progress from grade 1 to grade 5 at Ramona Elementary. The high percentages of students at Level 1 in grades 3, 4, and 5 underscore the urgent need for effective math interventions and support programs. Tailored instructional strategies and early, ongoing support will be vital in addressing these math proficiency challenges and improving outcomes for all students.

School and Student Performance Data

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Overall Participation for All Students												
Grade Level	# of Students Enrolled			# of Students Tested			# of Students with Scores			% of Enrolled Students Tested

Grade 5		2.60	6.33		63.64	63.29		33.77	30.38
All Grades		3.83	4.71		66.38	62.75		29.79	32.55

In order to protect student privacy, an asterisk (*) will be displayed for enrolled and tested counts for fewer than 4 students and for assessment results for fewer than 11 students. "N/A" will be displayed instead of a number on test results where no data is found for the specific report.

Conclusions based on this data:

Analysis of CAASPP summative data for English Language Arts shows that students in grades 3-5 at Ramona Elementary scores decreased overall. Student achievement outcomes between 2023 and 2024, with the total number of students who met or exceeded standards decreased as follows: 3rd grade students went from 11% to 9%, 4th grade students went from 18% to 13%, and 5th grade students went from 26% to 11%. This may have been due to an issue with implementation toward instruction of mastery of state standards.

In order to address this, we will put Power Planning days in place to support grade level collaboration which includes, data analysis, strategic lesson planning and student progress monitoring.

School and Student Performance Data

CAASPP Results Mathematics (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Overall Participation for All Students

Conclusions based on this data:

Analysis of CAASPP summative data for English Language Arts shows that students in grades 3-5 at Ramona Elementary scores decreased overall. Student achievement outcomes between 2023 and 2024, with the total number of students who met or exceeded standards maintained or decreased as follows: 3rd grade students maintained at 16%, 4th grade students went from 15% to 11%, and 5th grade students went from 12% to 3%. This may have been due to an issue with implementation toward instruction of mastery of state standards.

In order to address this, we will put Power Planning days in place to support grade level collaboration which includes, data analysis, strategic lesson planning and student progress monitoring.

School and Student Performance Data

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](http://English Language Proficiency Assessments for California (ELPAC) web page) web page or the ELPAC.org website for more information about the ELPAC.

Conclusions based on this data:

Conclusions Based on English Learner Progress Data 2023-2024 at Ramona Elementary

Overall Performance:

The performance level for English learners is very high, indicated by a level 5 of 5 on the performance gauge.

61.8% of English learners are making progress towards English language proficiency.

This marks a significant increase of 32.3%.

The percentage of current EL students who progressed from 2022 to 2023 at least one ELPI level was from 57% to 61.8%, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H) was from 31.7% to 31.8%, or decreased at least one ELPI Level was from 11.3% to 6.4%.

Based on this data, it can be concluded that more than half of the English Learners at Ramona Elementary School have shown progress in their English language acquisition. However, there is a need to focus on supporting those who have experienced a decrease in their ELPI levels and further promote growth and proficiency for all English Learners. Continued efforts should be made to provide effective English language instruction and support programs to help English Learners improve their language skills and achieve English language proficiency.

School and Student Performance Data

California School Dashboard Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

2022-23 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
579	95.9	87.6	0.2
Total Number of Students enrolled in Ramona Elementary School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2022-23 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	507	87.6
Foster Youth	1	0.2
Homeless	129	22.3
Socioeconomically Disadvantaged	555	95.9
Students with Disabilities	65	11.2

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
Asian	1	0.2
Hispanic	578	99.8

Conclusions based on this data:

Based on the provided data on the student population at Ramona Elementary for the 2023-2024 School year, the following conclusions can be drawn:

The demographic data for Ramona Elementary reveals significant needs related to language support, economic challenges, housing instability, cultural responsiveness, and special education.

English Learners : With 507 students, English learners constitute 87.6% of the total student population. This indicates a significant majority of the student body requires additional language support to succeed academically.

Foster Youth : There is only 1 foster youth student, making up 0.2% of the student population. This low number indicates minimal representation of foster youth in the school.

Homeless Students : There are 129 homeless students, representing 22.3% of the total population. This substantial proportion suggests a significant portion of students face housing instability, which could impact their academic performance and overall well-being.

Socioeconomically Disadvantaged : With 555 students, this group makes up 95.9% of the student population. The high percentage indicates that nearly all students face economic challenges, potentially affecting their access to resources and academic success.

Students with Disabilities : There are 65 students with disabilities, accounting for 11.2% of the student population. This proportion reflects the need for specialized support and accommodations to meet these students' educational needs.

School and Student Performance Data

Overall Performance

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

2023 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts Red	Chronic Absenteeism Yellow	Suspension Rate Blue
Mathematics Yellow		
English Learner Progress Blue		

Conclusions based on this data:

1. Based on the data provided in the 2023 Fall Dashboard Overall Performance for All Students at Ramona Elementary School, the following conclusions can be drawn:
1. Academic Performance: The data shows that Ramona Elementary School's academic performance in English Language Arts and Mathematics is categorized as "Low" on the Dashboard. While academic performance may have increased over the past few years, significant improvement is still needed to address achievement overall.

2. English Learner Progress: The data indicates that the English Learner progress at Ramona Elementary School is also categorized as "Low" on the Dashboard. This suggests that there is room for improvement in supporting English Learners in their language development and academic progress. Additional resources and strategies are needed to enhance the progress of English Learners.

3. Academic Engagement: The data does not provide information on the graduation rate for Ramona Elementary School. However, chronic absenteeism at the school is categorized as "High" on the Dashboard. This indicates that many students with frequent absences, which can negatively impact their academic engagement and progress. Efforts have been made to address the issue of chronic absenteeism and promote regular attendance.

4. Conditions & Climate: The suspension rate at Ramona Elementary School is categorized as "Very Low" on the Dashboard. This indicates a positive aspect of the school's conditions and climate, suggesting a low incidence of disciplinary issues and suspensions. The school has been successful in maintaining a positive and safe learning environment.

In summary, while Ramona Elementary School may have experienced some increases in academic performance in language arts and mathematics, the overall achievement level is still categorized as "Low" on the Dashboard. There is a need for continued efforts to improve academic performance, particularly for English Learners. Addressing chronic absenteeism and maintaining a positive school climate support student engagement and success.

2023 Fall Dashboard English Language Arts Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
 No Performance Color 0 Students	 No Performance Color 0 Students	 No Performance Color 0 Students	 No Performance Color 0 Students
Hispanic	Two or More Races	Pacific Islander	White
 Red 77.1 points below standard Decreased -9.6 points 248 Students	 No Performance Color 0 Students	 No Performance Color 0 Students	 No Performance Color 0 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2023 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
89.4 points below standard Decreased -8.3 points 187 Students	51.2 points below standard Decreased Significantly -34.6 points 41 Students	48.8 points below standard Decreased -5.6 points 12 Students

Conclusions based on this data:

Based on the provided data from the 2023 California School Dashboard regarding English Language Arts (ELA) performance, the following conclusions can be drawn:

Overall Performance:

General Performance: All students are performing 77.1 points below the standard in ELA. There was a decrease in performance by 9.4 points compared to previous assessments.

Performance by Student Groups: English Learners performance is 82.6 points below standard. There was a decrease of 12.8 points in their performance. Homeless Students performance is 94.9 points below standard. However, there was an increase in performance by 13.3 points, indicating some progress. Socioeconomically Disadvantaged Students performance is 78.8 points below standard. There was a decrease in performance by 10.4 points. Students with Disabilities performance is 152.4 points below standard. There was a significant decrease in performance by 32.1 points, indicating this group faces considerable challenges.

Performance by Race/Ethnicity: Hispanic Students performance is 77.1 points below standard. There was a decrease of 9.6 points in their performance. Data for other racial/ethnic groups were not available or not reported due to insufficient numbers of students.

Performance Comparisons among English Learners: Current English Learners performance is 89.4 points below standard. There was a decrease of 8.3 points in their performance. Reclassified English Learners: Performance is 51.2 points below standard. There was a significant decrease of 34.6 points in their performance. English Only Students performance is 48.8 points below standard. There was a decrease of 5.6 points in their performance.

The overall performance in ELA is below the state standard across most student groups, with varying degrees of performance decline. Notable progress was seen only among homeless students, who showed an increase in their performance. Significant declines were observed among students with disabilities and reclassified English learners, indicating the need for targeted interventions for these groups. The equity report shows that the majority of student groups fall into the lowest performance categories (Red and Orange), highlighting areas requiring urgent attention and improvement.

These conclusions indicate that while there are areas of improvement, overall performance in ELA needs significant enhancement, particularly for disadvantaged and special needs student groups.

Hispanic	Two or More Races	Pacific Islander	White
 Yellow 76.2 points below standard Increased +7.6 points 249 Students	 No Performance Color 0 Students	 No Performance Color 0 Students	 No Performance Color 0 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2023 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
84 points below standard Increased +5 points 188 Students	56.6 points below standard Maintained +1.4 points 41 Students	67.2 points below standard Increased Significantly +26.4 points 12 Students

Conclusions based on this data:

Based on the data provided in the 2023 Fall Dashboard Mathematics Performance for All Students/Student Group at Ramona Elementary School, the following conclusions can be drawn:

Overall Improvement: All student groups have shown an increase in performance points, indicating positive growth in mathematics proficiency.

Significant Gains: Homeless students and English-only students showed the most significant gains, with increases of 23 points and 26.4 points, respectively.

Performance Below Standard: Despite improvements, all student groups remain significantly below the standard, highlighting the need for continued focus on enhancing mathematics proficiency.

Implications for Instruction and Support:

Targeted Support: Continued targeted support and interventions are necessary to help all student groups close the gap to the standard. Emphasis should be placed on the groups with the largest deficits, such as homeless students and current English learners.

Ongoing Monitoring: Regular monitoring and assessment of student progress will be critical to ensure that the positive trends continue and that interventions are adjusted as needed to maximize effectiveness.

School and Student Performance Data

Academic Performance English Learner Progress

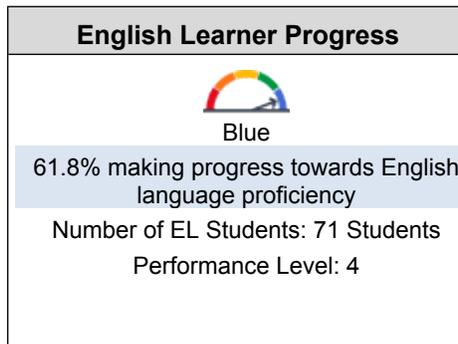

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides a view of the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2023 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2023 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
10	50	0	97

Conclusions based on this data:

Based on the 2023 Fall Dashboard English Learner Progress Indicator data for Ramona Elementary School, the following conclusions can be drawn:

- English Learner Progress: The English Learner Progress indicator is categorized as "Low" on the Dashboard. This indicates that there is room for improvement in the progress of English Learners towards English language proficiency. The data shows that 57% of the English Learners at the school have made progress of at least one ELPI (English Language Proficiency Indicator) level.
- English Language Acquisition Results: The data shows the breakdown of English Learners' progress in different categories. Among the current English Learners at Ramona Elementary School:
 - 11.3% have decreased at least one ELPI level, indicating a decline in their English language proficiency.
 - 31.7% have maintained their ELPI levels at 1, 2L, 2H, 3L, or 3H, suggesting a consistent English language proficiency level.
 - 0.0% have maintained ELPI Level 4, which indicates the highest English language proficiency level.

- 57.0% have progressed at least one ELPI level, improving their English language skills.

Based on this data, it can be concluded that more than half of the English Learners at Ramona Elementary School have shown progress in their English language acquisition. However, there is a need to focus on supporting those who have experienced a decrease in their ELPI levels and further promote growth and proficiency for all English Learners. Continued efforts should be made to provide effective English language instruction and support programs to help English Learners improve their language skills and achieve English language proficiency.

<p>Yellow</p> <p>19.6% Chronically Absent</p> <p>Declined Significantly -13.7</p> <p>153 Students</p>	<p>Yellow</p> <p>22.4% Chronically Absent</p> <p>Declined Significantly -7.6</p> <p>589 Students</p>	<p>Orange</p> <p>34.6% Chronically Absent</p> <p>Declined -8.4</p> <p>78 Students</p>

2023 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

African American	American Indian	Asian	Filipino
 No Performance Color 0 Students	 No Performance Color 0 Students	Less than 11 Students 1 Student	 No Performance Color 0 Students
Hispanic	Two or More Races	Pacific Islander	White
 Yellow 23.1% Chronically Absent Declined Significantly -7.3 607 Students	 No Performance Color 0 Students	 No Performance Color 0 Students	 No Performance Color 0 Students

Conclusions based on this data:

Based on the data from the 2023 Fall Dashboard on chronic absenteeism at Ramona, several conclusions can be drawn:

The data indicates that while Ramona Elementary has seen improvements in chronic absenteeism.

Overall Performance: The overall performance level for all students and the various student groups is consistent at a medium level (Yellow, level 3 of 5), indicating that while students are performing adequately, there is room for improvement to reach higher performance levels.

Chronic Absenteeism: Chronic absenteeism remains a significant issue across all student groups, though there has been a noticeable decline in absenteeism rates:

All Students: 23.2% chronic absenteeism, decreased by 7.2%.

English Learners: 20.5% chronic absenteeism, decreased by 7.6%.

Hispanic Students: 23.1% chronic absenteeism, decreased by 7.3%.

Homeless Students: 19.6% chronic absenteeism, decreased by 13.7%.

Socioeconomically Disadvantaged Students: 22.4% chronic absenteeism, decreased by 7.6%.

We will improve attendance for all sub-groups with the team of our Outreach Specialist, Counselor, Attendance Tech, and Special Education Department staff. We will offer monthly attendance parties, perfect attendance class incentives, individual attendance incentives, and school counselor check-ins.

School and Student Performance Data

Conditions & Climate Suspension Rate

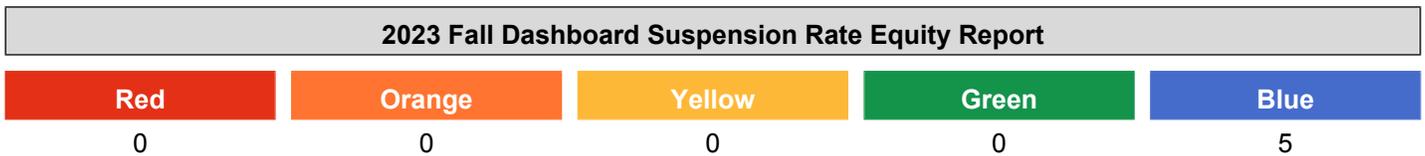

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2023 Fall Dashboard Suspension Rate for All Students/Student Group		
All Students	English Learners	Foster Youth
 Blue 1% suspended at least one day Maintained -0.2 627 Students	 Blue 1% suspended at least one day Maintained -0.2 545 Students	Less than 11 Students 2 Students
Homeless	Socioeconomically Disadvantaged	Students with Disabilities
 Blue 0% suspended at least one day Maintained 0 164 Students	 Blue 0.5% suspended at least one day Maintained -0.2 608 Students	 Blue 0.1% suspended at least one day Maintained 0 81 Students

2023 Fall Dashboard Suspension Rate by Race/Ethnicity

African American	American Indian	Asian	Filipino
 No Performance Color 0 Students	 No Performance Color 0 Students	Less than 11 Students 1 Student	 No Performance Color 0 Students
Hispanic	Two or More Races	Pacific Islander	White
 Blue 0% suspended at least one day Maintained -0.2 626 Students	 No Performance Color 0 Students	 No Performance Color 0 Students	 No Performance Color 0 Students

Conclusions based on this data:

Based on the 2023 Fall Dashboard Suspension Rate data for Ramona Elementary School, the following conclusions can be drawn:

1. Overall Suspension Rate: The Suspension Rate indicator for all students is categorized as "Very Low" on the Dashboard. This indicates a very low percentage of students being suspended for at least one day. In this case, 1% of all students at Ramona Elementary School have been suspended.
2. Suspension Rate by Student Group:
 - English Learners: The suspension rate for English Learners is also classified as "Very Low" at 1%, indicating a very low percentage of English Learners being suspended.
 - Foster Youth: The suspension rate for Foster Youth is listed as "No Performance Level" due to having less than 11 students. Specific data for this student group is not available.
 - Homeless: The suspension rate for homeless students is "Very Low" at 0%, indicating that no homeless students have been suspended.
 - Socioeconomically Disadvantaged: The suspension rate for socioeconomically disadvantaged students is also classified as "Very Low" at 0.5%, indicating a very low percentage of suspensions among this student group.
 - Students with Disabilities: The suspension rate for students with disabilities is "Very Low" at 0%, indicating that no students with disabilities have been suspended.
3. Suspension Rate by Race/Ethnicity: The data provide suspension rates for different racial/ethnic groups. Among the available data:
 - Hispanic students have a suspension rate of 0.8%, classified as "Very Low."
 - The suspension rates for other racial/ethnic groups are not provided in the data as their numbers are not significant enough (one student)

Based on this data, it can be concluded that the overall suspension rate at Ramona Elementary School is very low, indicating a positive disciplinary environment. Most student groups, including English Learners, homeless students, socioeconomically disadvantaged students, and students with disabilities, have very low suspension rates. Efforts should continue to promote positive behavior and maintain a safe and inclusive school climate for all students.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Language Arts and Math
All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

All students will reach high academic standards in reading and mathematics.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase the capacity of teachers to deliver effective data-driven instruction.
To provide equipment, materials, and technology resources that support high-quality instruction
To provide opportunities for teachers to collaborate to improve teaching and learning.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
CAASPP ELA	2023-24 Percentage of students scoring at Met/Exceeded Standards: 3rd grade - 9% 4th grade - 13% 5th grade - 11%	2024-25 Students will demonstrate growth by moving one or two levels across the different bands in the CAASPP, and 10% of students will move from approaching to Met/Exceeded. Percentage of students scoring at Met/Exceeded Standards: 3rd grade - 19% 4th grade - 23% 5th grade - 21%
CAASPP Math	2023-24 Percentage of students scoring at Met/Exceeded Standards: 3rd grade - 16% 4th grade - 11% 5th grade - 3%	2024-25 Students will demonstrate growth by moving one or two levels across the different bands in the CAASPP, and 10% of students will move from approaching to Met/Exceeded. Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

The strategies and activities implemented at Ramona are comprehensive and address various aspects of student development, including academic support, professional development, technology integration, and community engagement. The proposed expenditures indicate a significant investment in resources and support systems to achieve the articulated goals. Overall, these strategies are likely to be effective in enhancing student outcomes, supporting at-risk students, and fostering a positive and inclusive school environment. For example, regular assessment and data analysis ensure that instructional practices are data-driven, allowing for timely interventions. Dedicated planning time with expert support improves lesson quality and alignment with biliteracy goals. This strategy is effective in enhancing bilingual instruction and student proficiency in both languages. Extra support in the classroom helps address individual student needs, particularly in early literacy development. Effective use of technology in education enhances teaching and learning experiences.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

We anticipate that no significant changes will be found. Ramona Elementary will maintain its commitment to establishing strong academic foundations for all students in our biliteracy program. Additionally, we will become more deliberate and systematic in our approach, emphasizing evidence-based teacher collaboration and instructional strategies.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The analysis of the 2023-2024 SPSA and school achievement outcomes highlighted the need for improved, systematic, purposeful, and evidence-based collaboration. It also underscored the necessity for more power planning days to effectively implement biliteracy units and state standards, and to more closely monitor student progress. Emphasis on power planning and small group instruction throughout the school day, as well as before and after school tutoring, were identified as critical. These key findings led to the current changes in our SPSA, reflected in strategies/activities 1.21 and 1.3.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 2

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Social Emotional Support and School Climate

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase positive attendance
 To decrease the suspension rate
 To increase positive behavior
 To ensure a safe environment
 To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Attendance Rate	2023-24 Chronic absenteeism rate 23.2%	2024-25 Decrease chronic absenteeism rate to 13.2%
Suspension Rate	2023-24 Suspension rate 1%.	2024-25 Maintain suspension rate.
Panorama Survey	2023-24 Emotional Regulation 42% Self-Management 56% Growth Mind Set 47% Engagement 51%	2024-25 Increase rates by the following percentages: Emotional Regulation 52% Self-Management 66% Growth Mind Set 57% Engagement 61%

Strategies/Activities

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

The implementation of the strategies involves regular monitoring and revision of the Comprehensive Safety Plan by the School Comprehensive Safety Plan Committee, Leadership, and PBIS teams, ensuring it remains effective and up-to-date. Participation in scheduled safety drills and active supervision by Campus Supervisors ensures a secure environment for students and staff. The comprehensive attendance system and the implementation of CHAMPS and PBIS programs across all grade levels promote positive student behavior and academic success, with staff receiving professional development to support these initiatives. The counselor addresses students' social-emotional needs through classroom lessons, individual or small group meetings, and leadership development groups, while the MTSS framework provides systematic support for diverse student needs. Overall, these strategies create a safe, drug-free learning environment that fosters positive social skills and academic achievement.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

We anticipate that no significant changes will be found. Ramona Elementary will remain dedicated to establishing strong foundations in social and emotional learning supports, while ensuring a safe and positive school environment for all students.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Based on the analysis of the 2023-24 SPSA, chronic absenteeism, and suspension rate data, the Ramona Elementary PBIS committee will continue to ensure equitable representation from the entire staff and more frequently analyze student discipline data to identify focus areas and provide recommendations to enhance our school's positive learning environment. We will also increase the recognition and celebration of positive student attendance and behavior, as outlined in strategy/activity 2.1 and 2.5 of the current goals. Additionally, the PBIS committee will collaborate with school staff to develop activities that reinforce school-wide behavioral expectations across all areas of the campus, including the playground, hallways, bathrooms, cafeteria, and front office, as mentioned in strategy/activity 2.5.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 3

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Parent and Family Engagement

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase communication through websites and social media so parents and community are informed about district and school instructional programs and activities
To facilitate parent involvement in the educational and social-emotional well-being of their children

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Parent attendance at Parent Conferences	2023-24 90% attendance	2024-25 Increase by 5%.
Parent attendance for ELAC	2023-24 Average attendance was 30 parents.	2024-25 Increase average attendance to 35 parents.
Parent attendance for Coffee with the Principal	2023-24 Average attendance was 20 parents.	2024-25 Increase average attendance to 25 parents.
Panorama Survey	2023-24 Family Efficacy 64%	2024-25 Increase parent Family Efficacy to 69%.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/Activity #	Description	Students to be Served	Proposed Expenditures

3.1	Ramona Elementary will engage families by implementing the school Parent Compact and Parent Involvement Policy.	All Students	No additional cost
3.2	Monthly parent meetings will be held to engage families, such as: Title I meetings, Coffee with the Principal, School Site Council (SSC), English Learners Advisory Committee (ELAC), Parent Teacher Association (PTA), and parent workshops. These meetings provide opportunities for parents to engage with the school community, stay informed about important topics, contribute to decision-making processes, and participate in workshops designed to support their involvement in their child's education.	All Students	257 Title I 2000-2999: Classified Personnel Salaries Verbal Translation 91 Title I 4000-4999: Books And Supplies Refreshments for ELAC 1,375 Title III 2000-2999: Classified Personnel Salaries Verbal Translation
3.4	The ORC reaches out to students and families to assess their needs and connect them with appropriate school and community services.	All Students	District Funded 2000-2999: Classified Personnel Salaries ORC
3.6	Parents will be invited to attend Student Study Team (SST), and Individualized Education Plan (IEP) meetings to collaboratively develop strategies and interventions that support student success.	All Students	District Funded 1000-1999: Certificated Personnel Salaries Mixteco Translator
3.7	Parents will meet with staff regarding reclassification for English Language Learners.	English Learners	No additional cost
3.8	<p>In order to support parents in their role and strengthen their engagement in their child's education, the school offers workshops such as the Parent Project, Loving Solutions, social skills, and discipline, which provide parents with strategies and resources to enhance parenting skills and promote positive behavior in their children. Family Literature Nights and Latino Family Literacy workshops also focus on fostering a love for reading and literacy within the family.</p> <p>To support parents in navigating educational technology, iPad training sessions are conducted, covering applications like Lexia, ST-Math, Canvas, and Parent Square. Math Nights and STREAM Nights provide opportunities for parents to engage in hands-on activities and learn about math and science concepts alongside their children.</p> <p>The school collaborates with organizations like VCBH, Logrando Bienestar, MICOP, and Viviendo con Amor to support families.</p> <p>The school counselor facilitates some workshops.</p>		Counselor extra hours-See Goal 2.6 5,909 Title III 5800: Professional/Consulting Services And Operating Expenditures CABE Conference 200 LCFF 4000-4999: Books And Supplies Refreshments

	In order to support academic goals for students, parents will be invited to participate in the CAFE Conference.		
3.9	Parent communication keeps parents informed and engaged in their child's education. This is done through parent-teacher conferences, a regular newsletter, homework folders, multiple communication methods (phone calls, text messages, emails, the website) and social media platforms (Facebook, Instagram, and X, formerly known as Twitter).	All Students	1,800 LCFF 4000-4999: Books And Supplies Homework folders
3.10	The Parent-Teacher Association (PTA) at Ramona Elementary plays a vital role in promoting family engagement, facilitating communication, and conducting fundraising to support a variety of activities.	All Students	PTA/PTO Events and activities
3.12	The school organizes several workshops and meetings throughout the year to facilitate smooth transitions. An orientation for TK/K families will be offered to provide information to families new to Ramona School. Workshops will also be offered to TK/K families htorughout the year. Informational meetings are conducted to address the transiiton from 5th grade to middle school, including discussions on the A-G requirements for high school. Informational meetings are also held to address specific programs, such as the Biliteracy program.	All Students	Translators-See Goal 3.2
3.14	Collaborate with middle schools to transition student's expectations of social-academic opportunities and assist the transition of special needs students.	All Students	No additional cost
3.15	To commemorate the accomplishments of fifth-grade students transitioning to middle school and kindergarten students moving on to first grade, Promotion Ceremonies are organized.	All Students	600 LCFF 4000-4999: Books And Supplies Materials and Supplies decorations
3.16	The school organizes two key events to facilitate building strong relationships between parents and teachers : a parent-teacher meet and greet and a Back to School Night. The parent-teacher meet, and greet is scheduled for the day before the first day of school. This event allows parents to meet their child's teacher, ask questions, and share important information about their child.	All Students	No additional cost

	At Back to School Night parents are invited to visit the school, meet with their child's teacher. and receive a comprehensive overview of the curriculum, classroom expectations, and school policies.		
3.17	Students are recognized and celebrated for their achievements through awards assemblies at the end of each trimester and parents are invited to participate in these special events.	All Students	Academic incentives- See Goal 1.13
3.18	Ramona Elementary offers parent nights as part of its after-school program to provide valuable support and education to parents.	All Students	ASES

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

The implementation of family engagement strategies at Ramona Elementary has been comprehensive and impactful in achieving the goal of fostering meaningful participation in students' academic and social-emotional growth. Monthly parent meetings, including Title I sessions and Coffee with the Principal, ensure families are informed and involved in school activities and decision-making processes. The ORC's outreach effectively connects families with necessary school and community services, enhancing their support network. Workshops and informational meetings, such as those for the Biliteracy program and transitions from elementary to middle school, equip parents with valuable skills and knowledge. Consistent communication through various methods, including newsletters, social media, and parent-teacher interactions, ensures that parents remain engaged and informed, ultimately contributing to a supportive and collaborative school community.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

No significant differences were found. During the 2023-24 school year, Ramona Elementary will remain focused on strengthening parent and family engagement to support the success of all students.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Based on the analysis of the 2023-2024 SPSA and school outcomes, one focus area for Ramona Elementary staff will be providing parents with more opportunities to participate in parenting support programs that promote positive student well-being outside of school. This is addressed in our strategy/activity 3.8. Additionally, school staff will continue to help parents align the structures and positive reinforcement strategies used during the school day with those at home, to better connect academic, social, and emotional learning between school and home. This is covered in our strategies/activities 3.2, 3.4, and 3.9.

Budget Summary

Complete the Budget Summary Table below. Schools may include additional information, and adjust the table as needed. The Budget Summary is required for schools funded through the Consolidated Application (ConApp).

Budget Summary

DESCRIPTION	AMOUNT
Total Funds Provided to the School Through the Consolidated Application	\$97,933.00
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$332,212.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0

Other Federal, State, and Local Funds

List the additional Federal programs that the school includes in the schoolwide program. Adjust the table as needed.

Note: If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.

Federal Programs	Allocation (\$)
Title I	\$57,999.00
Title III	\$39,934.00

Subtotal of additional federal funds included for this school: \$97,933.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Allocation (\$)
LCFF	\$93,562.00
LCFF - Intervention	\$32,278.00
Prop 28	\$106,439.00
PTA/PTO	\$2,000.00

Subtotal of state or local funds included for this school: \$234,279.00

Total of federal, state, and/or local funds for this school: \$332,212.00

Budgeted Funds and Expenditures in this Plan

The tables below are provided to help the school track expenditures as they relate to funds budgeted to the school.

Funds Budgeted to the School by Funding Source

Funding Source	Amount	Balance
Title I	57,999.00	0.00
Title III	39,934.00	0.00
LCFF	93,562.00	0.00
LCFF - Intervention	32,278.00	0.00
Prop 28	106,439	0.00

Expenditures by Funding Source

Funding Source	Amount
LCFF	93,562.00
LCFF - Intervention	32,278.00
Prop 28	106,439.00
PTA/PTO	2,000.00
Title I	57,999.00
Title III	39,934.00

Expenditures by Budget Reference

Budget Reference	Amount
1000-1999: Certificated Personnel Salaries	189,611.00
2000-2999: Classified Personnel Salaries	37,343.00
4000-4999: Books And Supplies	77,727.00
5000-5999: Services And Other Operating Expenditures	13,122.00
5700-5799: Transfers Of Direct Costs	2,000.00
5800: Professional/Consulting Services And Operating Expenditures	12,409.00

Expenditures by Budget Reference and Funding Source

Budget Reference	Funding Source	Amount
1000-1999: Certificated Personnel Salaries	LCFF	13,293.00
2000-2999: Classified Personnel Salaries	LCFF	3,433.00
4000-4999: Books And Supplies	LCFF	69,714.00
5000-5999: Services And Other Operating Expenditures	LCFF	7,122.00
2000-2999: Classified Personnel Salaries	LCFF - Intervention	32,278.00
1000-1999: Certificated Personnel Salaries	Prop 28	100,717.00
4000-4999: Books And Supplies	Prop 28	5,722.00
5700-5799: Transfers Of Direct Costs	PTA/PTO	2,000.00
1000-1999: Certificated Personnel Salaries	Title I	42,951.00
2000-2999: Classified Personnel Salaries	Title I	257.00
4000-4999: Books And Supplies	Title I	2,291.00
5000-5999: Services And Other Operating Expenditures	Title I	6,000.00
5800: Professional/Consulting Services And Operating Expenditures	Title I	6,500.00
1000-1999: Certificated Personnel Salaries	Title III	32,650.00
2000-2999: Classified Personnel Salaries	Title III	1,375.00
5800: Professional/Consulting Services And Operating Expenditures	Title III	5,909.00

Expenditures by Goal

Goal Number	Total Expenditures
Goal 1	305,100.00
Goal 2	16,880.00
Goal 3	10,232.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Cristina Huizar, Principal	Principal
Maria Bassuk	Classroom Teacher
Antonio Sandoval	Classroom Teacher
Martha Amezcua	Classroom Teacher
Yesenia Hernandez Cedillo	Other School Staff
Sandra Jimenez	Parent or Community Member
Ray Lupian	Parent or Community Member
Lupita Cervantes	Parent or Community Member
Rosa Castillo	Parent or Community Member
Salvador Mendoza	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on May 16, 2024.

Attested:

Principal, Cristina Huizar on May 16, 2024

SSC Chairperson, Maria Cervantes on May 16, 2024

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

Instructions: Table of Contents

- Plan Description
- Educational Partner Involvement
- Comprehensive Needs Assessment
- Goals, Strategies/Activities, and Expenditures
- Annual Review
- Budget Summary
- Appendix A: Plan Requirements for Title I Schoolwide Programs
- Appendix B: Select State and Federal Programs

For additional questions or technical assistance related to LEA and school planning, please contact the CDE's Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the LEA, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:

Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:

When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- Strategy/Activity #: Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- Description: Describe the strategy/activity.
- Students to be Served: Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- Proposed Expenditures: List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to EC Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- Funding Sources: List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
 - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
 - a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. Use methods and instructional strategies that:
 - i. Strengthen the academic program in the school,
 - ii. Increase the amount and quality of learning time, and
 - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. Strategies to improve students' skills outside the academic subject areas;
 - ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: Title 34 of the *Code of Federal Regulations (34 CFR)*, sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. *EC* sections 64001 et. seq.

Appendix B: Plan Requirements for School to CSI/ATSI Planning Requirements

For questions or technical assistance related to meeting federal school improvement planning requirements, please contact the CDE’s School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education’s “Using Evidence to Strengthen Education Investments” at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

CSI Resources

For additional CSI resources, please see the following links:

<https://www.cde.ca.gov/sp/sw/t1/csiplansummary.asp>

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Updated by the California Department of Education, October 2023

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name
	English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on May 16, 2024.

Attested:

	Principal, Cristina Huizar on May 16, 2024
	SSC Chairperson, Maria Cervantes on May 16, 2024

School Plan for Student Achievement (SPSA)

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Emilie Ritchen Elementary School	56725386110738	May 16, 2024	August 21, 2024

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California’s ESSA State Plan supports the state’s approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state’s Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Emilie Ritchen Elementary School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Emilie Ritchen Elementary School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

Oxnard School District has created a strategic plan in order to ensure that we fully develop our student profile and work toward fulfilling our Mission and Vision. The districts vision is to Ignite, Transform, Nurture, Embrace. At Ritchen, our vision and mission statements embody the spirit of this vision and mission:

Vision Statement: Emilie Ritchen is a school community of successful, life long learners that embody the characteristics of the OSD student profile.

Mission Statement: We work together to foster responsibility, respect and appreciation for one another, while maintaining high academic and behavioral expectations for all students and staff.

As described within our Vision and Mission Statements, Emilie Ritchen Elementary School is committed to providing the best educational program possible for our students. The quality of our instructional program is a reflection of our highly committed staff. We are dedicated to ensuring Ritchen School is a welcoming, stimulating environment where students are actively involved in their education, while building positive character traits focused on always choosing kindness. Through the shared vision of our staff, parents, and community, our students are challenged to reach their maximum potential.

A guiding focus for Oxnard School District are the five strategic goals which form the framework for powerful and sustainable school and district transformation. The first goal is on student academic engagement and achievement. To address this goal, Ritchen's academic focus will be centered on building strong foundations in reading, writing, and mathematics. Throughout the 2024-25 school year, Emilie Ritchen will emphasize building rigor across all grade levels, while scaffolding instruction to strengthen students' skills on grade-level standards. Our ongoing professional development utilizing teachers on special assignment (TOSAs) will be focused on providing our teachers with strategies to increase the productive struggle of our students with the test released questions from the state assessments.

Students are encouraged and supported to meet their Accelerated Reader trimester goals to build their literacy skills and reach their reading potential. Teachers will also concentrate on building students' writing ability across all core content areas to promote critical thinking and to better equip students with the skills required to meet expectations of state-wide summative assessments. Finally, teachers will continue focusing on implementing math oracy strategies enabling students to build their academic vocabulary and reasoning skills in the area of Mathematics. We feel that this focus will allow our students to become life long learners that embody the characteristics of the OSD student profile.

Our over-arching academic goal is to raise achievement scores for all significant student groups. Working together within a Professional Learning Community context, teachers are engaged in ongoing, grade-level collaboration to analyze and discuss formative and summative assessment data so as to:

1. Identify learning targets and objectives from State-approved, Board-adopted curriculum that are aligned to the Common Core State Standards;
2. Inform effective classroom instruction practices;
3. Provide both Designated and Integrated English Language Development (ELD) to support English Learners' language proficiency skills;
4. Integrate classroom technology (e.g., One-to-One devices, Promethean Boards) to enhance student engagement; and,
5. Develop and implement student support and intervention programs and services for underperforming students.

Goal 2.1 of the Oxnard Empowers strategic plan focuses on providing a multi-tiered system of supports for our students. At Ritchen, we utilize the Response to Instruction and Intervention or Multi-Tiered Systems of Support (MTSS) Model, to identify students through the Student Success Team (SST) process to receive intervention. Tier I level intervention services are provided by classroom teachers during Universal Access time and English Language Development. Tier II to Tier III-Level Intervention services are provided by classroom teachers during Universal Access and English Language Development, and by an Intervention Support Provider (ISP) in small group settings in ELA and Math, and by our Literacy Intervention Teacher in small group settings.

Aligned to our Strand Focus centered on Science and Technology, classroom teachers will provide science lessons and labs to students utilizing TWIG Science Curricular materials aligned to Next Generation Science Standards (NGSS). Students are also given the opportunity, based on need, to enroll and participate in the Oxnard Scholars after school program to receive additional core instruction, academic enrichment, and study skills support. Our TK program prepares students to enter Kindergarten with the academic and social/emotional skills necessary to ensure school success.

Goal 2.4 of the Oxnard Empowers strategic plan focuses on creating affirming learning environments by creating and implementing an overarching school climate initiative intentionally centered on building positive relationships and advancing student, staff, and family/community learning and growth aligned to the Student Profile. Here at Ritchen, we take pride in fostering a safe, positive, and professional learning environment that is focused on meeting the needs of our community members along with meeting the needs of the whole child. We do this by focusing on not just their academic needs but also their social emotional needs. In order to address our students' social, emotional, and behavioral needs, students are identified through the SST process to receive individual and/or small group counseling services provided by our school counselor. Our progressive discipline matrix assists teachers and administration with clear guidelines for responding to student behavior at both the classroom and school levels. The Positive Behavior Intervention and Support (PBIS) model concentrating on STOIC (Structure, Teach expectations, Observe and monitor, Interact positively, and Correct fluently) guides all staff in providing a proactive and positive approach to managing student behavior both in and out of the classroom.

Our PBIS/School Safety Team meets on an ongoing basis to analyze student discipline data, identify areas of focus, and provide recommendations to school staff in order to strengthen our school's positive learning environment. Weekly Eagle assemblies and monthly awards assemblies will be held to honor and recognize the hard work and positive choices students make by rewarding students with praise, recognition, and incentives. We have also started volleyball, basketball, and dance teams to allow students to showcase their talents in other areas outside of academics. These activities are generating a lot of school spirit and excitement for our students, staff and our parents. One of our dance teams is a Ballet Folklorico team for whom we have purchased costumes. They will perform at all of our sporting events, awards ceremonies and our ELAC meetings. We also plan on bringing in a petting zoo and Hip Hop Mindset to continue to provide opportunities for our students that make them proud to be soaring Eagles who are excited about coming to school.

Our school counselor provides a data-driven comprehensive school counseling program (CSCP). Using data from Panorama Survey results, student, teacher, and parent referrals, discipline referrals, attendance reports, and academic and achievement data, the school counselor identifies needs for the school, groups of students, and individual students, and develops and delivers tiered interventions across the three domains of the American School Counselor Association (ASCA) model: academic, social/emotional, and college and career. At Tier 1, the school counselor delivers developmentally appropriate core curriculum lessons for all students in their classrooms and runs school-wide events to foster school belonging and support students' academic, social/emotional, and college and career development. At Tier 2, the school counselor supports as a member of our SST process, and analyzes data to identify students and pull them into small counseling groups. At Tier 3, the school counselor provides crisis support, provides short-term, solution-focused individual counseling, and makes referrals for community and mental health resources. The CSCP fosters students' well-being, school belonging, and their academic, social-emotional, and college/career development, supporting both the OSD and school Vision and Mission statements.

In order for students to achieve their fullest potential, we know that parental involvement is a critical factor to ensure students' educational success. Our English Learner Advisory Committee (ELAC), Parent Teacher Association (PTA), and School Site Council (SSC), in coordination with our Outreach Coordinator, and our extracurricular dance and sports programs offer and encourage parents to become active participants in their children's education by participating in the meaningful and productive opportunities offered. The school's Parent Involvement Policy provides clear guidelines for parents to serve as volunteers in classroom and school activities. During the upcoming school year, our PTA will work on providing incentives such as the AR Carnival for students that reach their ST Math and Lexia goals at least three times a year.

Educational Partner Involvement

How, when, and with whom did Emilie Ritchen Elementary School consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Emilie Ritchen Elementary School educational partners were involved in the development of the School Plan for Student Achievement. School Site Council met on May 16 to analyze 2020-21 / 2021-22 / 2022-23 summative and current 2023-24 summative student achievement data to align categorical funding to students' academic and social/emotional/behavioral needs. In addition, School Site Council acknowledged the input provided by school staff to support the development of the three SPSA goals and objectives focused on setting high academic standards in ELA and Math, providing social emotional support and fostering a positive and safe school climate, and increasing parent and family engagement. Similarly, the English Language Advisory Committee met on May 16 and provided recommendations to the School Site Council, particularly in the areas of parent and family engagement and building English Learners' language proficiency skills to ensure academic success. The school's Parent Teacher Association was also involved in supporting the development of the SPSA by aligning the PTA budget and activities to support the overall goals identified within the SPSA.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

Due to the fact that we were unable to find a qualified employee to fill a part-time instructional para position, we were unable to run part of our tier one intervention plan. We have students that have been identified as needing support with their foundational skills in ELA that we wanted to provide some extra targeted support to during Universal Access time within the school day. These students did receive support throughout the school day and in after school tutoring for those that could attend. However, for those that were unable to attend our tutoring sessions, they did not receive this extra support.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

In the area of ELA, our Students with Disabilities subgroup was the only group in red. This group did grow 1.4 points with a change level designation of "Maintained." Our goal will be to progress monitor all of these students more closely and tracking their growth towards their IEP goals. We will also target these students during our universal access time during Tier 1 instruction to meet their academic needs. We will refer them to before or after school tutoring.

In the area of ELA, our English Learners were the only group in orange. Their status in the 2022-23 school year was - 51.1 average distance from standard. Our goal for these students will also be to progress monitor all of these students more closely, by establishing formative SMART goals. We will also target these students during our universal access time, during their Designated ELD time and Tier 1 instruction to meet their academic needs. We will refer them to before or after school tutoring.

In the area of mathematics, we had no student groups in orange or red.

In the area of chronic absenteeism, all of our groups were in the red. Therefore, improving attendance school wide will be a priority for our school. Our Tier 1 interventions will include a focus on creating a positive school culture and climate focused on promoting kindness, attendance raffles, and perfect attendance class incentives. Our Tier 2 interventions will include: weekly attendance data meetings, collaboration meetings with families, small group interventions, short term counseling, and breakfast club with our outreach specialist. Our Tier 3 interventions will be home visits and SARB.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the “all student” performance.

Our Students with Disabilities and our English Learners were the two groups that were two or more performance levels below the “All Students” performance. As stated above, we will be progress monitoring all of these students more closely, by establishing formative SMART goals. We will also target these students during our universal access time during Tier 1 instruction to meet their academic needs. We also will refer them to before or after school tutoring. In the area of mathematics, we had no student groups two or more performance levels below the “all student” performance group.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

Ongoing data from both formal and informal classroom observations conducted weekly in TK through 5th grades throughout the school year assisted with the development of the goals, actions, and services highlighted throughout the School Plan for Student Achievement. Analysis of this classroom observational data highlighted the need for improved, systemic, purposeful, and evidence-based collaboration; an increased number of common formative assessment benchmarks to more closely progress monitor student achievement; an emphasis on academic writing across all core subject areas; and continued focus on integrating math oracy strategies to promote students' critical thinking and problem-solving skills in the area of Mathematics. We also plan on increasing the integration of state test released questions for the SBAC and utilizing Star custom assessments to increase the productive struggle of our students with these types of questions.

School and Student Performance Data

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Emilie Ritchen Elementary School. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
American Indian	%	0%	%		0	
African American	1.02%	1.79%	1.62%	5	9	8
Asian	1.63%	1.99%	2.64%	8	10	13
Filipino	3.26%	2.19%	1.83%	16	11	9
Hispanic/Latino	89.00%	89.04%	88.24%	437	447	435
Pacific Islander	%	0%	%		0	
White	3.05%	3.78%	3.85%	15	19	19
Multiple/No Response	2.04%	1.2%	1.83%	10	6	9
Total Enrollment				491	502	493

Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	21-22	22-23	23-24
Kindergarten	62	112	77
Grade 1	73	61	76
Grade 2	72	81	62
Grade3	93	71	74
Grade 4	84	92	69
Grade 5	107	85	89
Total Enrollment	491	502	493

Conclusions based on this data:

This past year, we had only one significant group of students (30 or more students) at Ritchen Elementary: Hispanic/Latino. The percentage of total enrollment for this group has remained above 88% over the past three years. Also, over the past three years our enrollment for the white student group has decreased by nine students. Current TK through 5th grade enrollment for the 2023-24 school year is 507. This reflects a decrease of student enrollment since the 2020-21 school year. As a result, Ritchen Elementary school staff will continue to monitor changes in student enrollment and student groups and the impact these changes have on the programs and support services provided at each grade-level.

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
English Learners	168	170	169	31.10%	34.2%	34.3%
Fluent English Proficient (FEP)	39	25	21	9.60%	7.9%	4.3%
Reclassified Fluent English Proficient (RFEP)				17.2%		

Conclusions based on this data:

Based on analysis of English Learner enrollment at Ritche Elementary for the past three years, 33.1% of Ritche Elementary's total student population were English Learners. An additional 17.2% of Ritche Elementary total student population during this time has been made up of students who have been redesignated as Reclassified Fluent English Proficient students. The sum of these two student group enrollment percentages was close to half of Ritche Elementary's total student population over the past three years. As a result, Ritche Elementary will continue to provide both Designated and Integrated English Language Development (ELD) to support English Learners' language proficiency skills throughout the instructional day.

School and Student Performance Data

Star Early Literacy

Emilie Ritchen Elementary School											
		Less than Proficient				Proficient				Star Early Literacy Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade K	79	28	35%	10	13%	22	28%	19	24%	Level 1	773
Grade 1	73	18	25%	14	19%	30	41%	11	15%	Level 3	838
Grade 2	27	11	41%	6	22%	8	30%	2	7%	Level 1	876

Conclusions based on this data:

Based off our spring Star window, 16% of our Kinders in the 23-24 school year were at/above benchmark and 24% were on watch for the Star Early Literacy assessment. This means that this cohort as first graders should be able to take the Star Reading test during the 2024-25 school year and we can expect to see a lot of growth from this cohort as long as our teachers continue to follow our school wide focus on using Tier I instructional strategies that have proven positive results at a high rate. For our first graders: 46% of the first graders were at or above benchmark during the 23-24 school year. This also means that this cohort as second graders will be able to take the Star Reading test and we can expect to see a lot of growth from this cohort as long as our teachers implement evidence-based instructional practices in order to provide all students clearly articulated learning goals based on Common Core State Standards; depths of knowledge levels throughout instructional activities to increase rigor within and across grade-level standards; scaffolding to connect students' prior knowledge and current ability levels to grade-level standard expectations; immediate feedback to students; reteaching of core subject matter based on formative assessment data; opportunities for student collaboration and peer modeling; and high expectations for student success on grade-level Common Core State Standards. This data also helps us identify the students that are in need of urgent intervention that will receive Tier 1 intervention during UA time. Teachers will provide underperforming students Tier I level intervention, including intensive, small group instruction before, during, and after school in order to increase students' skills.

School and Student Performance Data

Star Reading

Emilie Ritche Elementary School											
		Less than Proficient				Proficient				Star Reading Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 2	48	18	38%	9	19%	14	29%	7	15%	Level 2	908
Grade 3	69	27	39%	18	26%	15	22%	9	13%	Level 2	952
Grade 4	64	17	27%	13	20%	18	28%	16	25%	Level 2	1005
Grade 5	85	40	47%	17	20%	24	28%	4	5%	Level 2	1006

Conclusions based on this data:

Based off our spring Star data, 46% of second-graders, 32% of third-graders, 44% of fourth-graders and 39% of fifth-graders were at/above benchmark during the 23-24 school year. This tells us that our third, fourth and fifth graders should show a lot of growth during the next school year as long as our teachers implement evidence-based instructional practices in order to provide all students clearly articulated learning goals based on Common Core State Standards; depths of knowledge levels throughout instructional activities to increase rigor within and across grade-level standards; scaffolding to connect students' prior knowledge and current ability levels to grade-level standard expectations; immediate feedback to students; reteaching of core subject matter based on formative assessment data; opportunities for student collaboration and peer modeling; and high expectations for student success on grade-level Common Core State Standards. This data also helps us identify the students that are in need of urgent intervention that will receive Tier 1 intervention during UA time. Teachers will provide underperforming students Tier I level intervention, including intensive, small group instruction before, during, and after school in order to increase students' skills in reading.

School and Student Performance Data

Star Math

Emilie Ritche Elementary School											
		Less than Proficient				Proficient					
		Level 1		Level 2		Level 3		Level 4		Star Math Average	
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 1	69	12	17%	21	30%	30	43%	6	9%	Level 2	856
Grade 2	51	16	31%	11	22%	11	22%	13	25%	Level 2	918
Grade 3	71	25	35%	16	23%	19	27%	11	15%	Level 2	965
Grade 4	63	15	24%	20	32%	16	25%	12	19%	Level 2	1020
Grade 5	84	39	46%	19	23%	20	24%	6	7%	Level 1	1029

Conclusions based on this data:

Based off our spring STAR Math data, 47% of our first-graders, 46% of our second-graders, 38% of third-graders and 41% of fourth graders, and 29% of our fifth-graders were at/above benchmark during the 23-24 school year. This tells us that our first through fifth grade students should show a lot of growth during the next school year his tells us that our third, fourth and fifth graders should show a lot of growth during the next school year as long as our teachers implement evidence-based instructional practices in order to provide all students clearly articulated learning goals based on Common Core State Standards; depths of knowledge levels throughout instructional activities to increase rigor within and across grade-level standards; scaffolding to connect students' prior knowledge and current ability levels to grade-level standard expectations; immediate feedback to students; reteaching of core subject matter based on formative assessment data; opportunities for student collaboration and peer modeling; and high expectations for student success on grade-level Common Core State Standards. This data also helps us identify the students that are in need of urgent intervention that will receive Tier 1 intervention during UA time. Teachers will provide underperforming students Tier I level intervention, including intensive, small group instruction before, during, and after school in order to increase students' skills in Math.

School and Student Performance Data

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Conclusions based on this data:

Analysis of CAASPP summative data using our preliminary CAASPP scaled score data for the 2023-24 school year shows that Ritchen 4th and 5th grade students demonstrated growth overall. When comparing this year's (2023-24) scores to last years (2022-23), the average scaled score for the 4th graders grew by 31 points and the average scaled score for the 5th graders grew by 59 points. Although we did see an increase, in 4th grade and 5th grade, our 3rd graders this school year (2023-24) scored on average 28 points lower than our third graders from last school year (2022-23). In order to continue our growth and to increase our growth, Ritchen Elementary classroom teachers will continue to implement evidence-based instructional practices in order to provide all students clearly articulated learning goals based on Common Core State Standards; depths of knowledge levels throughout instructional activities to increase rigor within and across grade-level standards; scaffolding to connect students' prior knowledge and current ability levels to grade-level standard expectations; immediate feedback to students; reteaching of core subject matter based on formative assessment data; opportunities for student collaboration and peer modeling; and high expectations for student success on grade-level Common Core State Standards. Teachers will also provide underperforming students Tier I level intervention, including intensive, small group instruction before, during, and after school in order to increase students' skills in English Language Arts.

Conclusions based on this data:

Analysis of CAASPP summative data using our preliminary CAASPP scaled score data for the 2023-24 school year shows that Ritchen 4th and 5th grade students demonstrated growth overall. When comparing this year's (2023-24) scores to last years (2022-23), the average scaled score for the 4th graders grew by 47 points and the average scaled score for the 5th graders grew by 25 points. Although we did see an increase, in 4th grade and 5th grade, our 3rd graders this school year (2023-24) scored on average 9 points lower than our third-graders from last school year (2022-23). In order to continue our growth and to increase our growth, Ritchen Elementary classroom teachers will focus on integrating math oracy strategies throughout the instructional core Mathematics program to build students' critical thinking skills, while, at the same time, providing underperforming students intensive, small group intervention before, during, and after school. Classroom teachers will also implement effective, evidence-based instructional strategies in order to provide all students clearly articulated learning goals based on Common Core State Standards; depths of knowledge levels throughout instructional activities to increase rigor within grade-level standards by utilizing SBAC test released questions and Star custom assessments, increasing their abilities to productively struggle with these types of problems; scaffolding to connect students' prior knowledge and current ability levels to grade-level standard

expectations; immediate feedback to students; reteaching of core subject matter based on formative assessment data; opportunities for student collaboration and peer modeling; and high expectations for student success on grade-level Common Core State Standards in the area of Mathematics.

School and Student Performance Data

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](http://English Language Proficiency Assessments for California (ELPAC) web page) web page or the ELPAC.org website for more information about the ELPAC.

Conclusions based on this data:

Preliminary data for 2023-24 school year is reporting an overall average score of 1463 which is showing an 11 point decrease when compared to the 2022-23 school year. Based on these results, we will continue focusing on designated and integrated ELD making sure that our teachers and support staff are aware of the current levels of all English Learners. All of our English Learners will be carefully progress monitored to see if they are meeting their individual learning goals. There will also be a school wide focus on increasing the literacy skills by increasing oracy opportunities for all of our students. Teachers will utilize proven strategies such as thinking maps, graphic organizers, word walls and anchor charts to increase the literacy skills of all our students. Teachers will also provide our English Learners with plenty of opportunities to work in collaborative small groups using targeted academic conversations. Students will also be frequently provided with sentence prompts and pictures / visuals to assist their development of oracy.

School and Student Performance Data

California School Dashboard Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

2022-23 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
502	83.1	33.9	0.2
Total Number of Students enrolled in Emilie Ritche Elementary School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2022-23 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	170	33.9
Foster Youth	1	0.2
Homeless	36	7.2
Socioeconomically Disadvantaged	417	83.1
Students with Disabilities	119	23.7

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	9	1.8
Asian	10	2
Filipino	11	2.2
Hispanic	447	89
Two or More Races	6	1.2
White	19	3.8

Conclusions based on this data:

Based on Dashboard Student Population data, there were a total of three significant student groups at Ritche Elementary during the 2022-2023 school year: English Learners (33.9%), Socioeconomically Disadvantaged (83.1%), and Students with Disabilities (23.7%). In addition, there was one significant student group based on race / ethnicity

during the 2022-23 school year: Hispanic (89%). Based on this data, Ritche Elementary will focus on strengthening both Integrated and Designated English Language Development (ELD) for English Learners (ELs) throughout the instructional day, while, at the same time, analyzing formative and summative student achievement data for ELs, Socioeconomically Disadvantaged, White, and Students with Disabilities student groups in order to progress monitor student achievement outcomes, identify underperforming students, and develop targeted, intensive intervention for students not meeting grade-level standards.

School and Student Performance Data

Overall Performance

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

2023 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts Yellow	Chronic Absenteeism Red	Suspension Rate Yellow
Mathematics Yellow		
English Learner Progress Green		

Conclusions based on this data:

1. Based on 2023 Dashboard Overall Performance data for all students, Ritchen Elementary will continue to focus on improving student achievement outcomes in the areas of English Language Arts and Mathematics. Our academic focus will be on:

Quality first instruction: utilizing strategies in the classroom that produce high results (high effect size). Our three main instructional look fors will be: A clear focus for lesson connected to standards / outcomes; student engagement, and frequent check for understanding.

Our professional learning communities will be focused on increasing our students opportunities to write and demonstrate oracy both in ela and math (math oracy increases the conceptual understanding, and research shows that kids that talk about their reasoning or can write it out, learn math; kids that don't, struggle), along with continuous data review using formative and summative assessments to measure our overall effectiveness in increasing the learning of all our students.

To maintain our focus throughout the year, our theory of action will be the following: By creating a clear focus on increasing the productive struggle of our students with test released questions (IAB, FIAB, STAR Customs) and providing professional development about productive struggle and pacing, using our TOSA's and their resources, then teachers will be able to do activities that increase the productive struggle of our students with the test released questions so that students will be able to increase their ability to productively struggle with the test released questions.

Our teachers will also focus on Tier 1 intervention in the classroom by utilizing focused universal access time to teach and reteach small groups of students that get identified as needing some support in their foundational skills using Star benchmark results. These students will meet with the teacher in a small group setting for 15-20 minutes a day, 2-3 times a week for 2-3 week cycles. Pre and post Star custom assessments will be used to track their progress towards their individual goals and to determine if the strategies that we are using are being effective.

Since Overall Performance for all students within the Dashboard indicator of Chronic Absenteeism was in the very high range, Ritche Elementary will monitor and address daily student tardies and absences and implement effective preventative programs and incentives to increase students' positive attendance. We will focus on three tiers of supports:

Tier 1:

Maintaining and increasing a positive school culture and climate
Attendance raffles
Perfect attendance class incentives

Tier 2:

Weekly attendance meetings monitoring student attendance
Collaboration with families
Small group intervention
Short term counseling
Breakfast club with ORC

Tier 3:

Home visits
SARB

School and Student Performance Data

Academic Performance English Language Arts

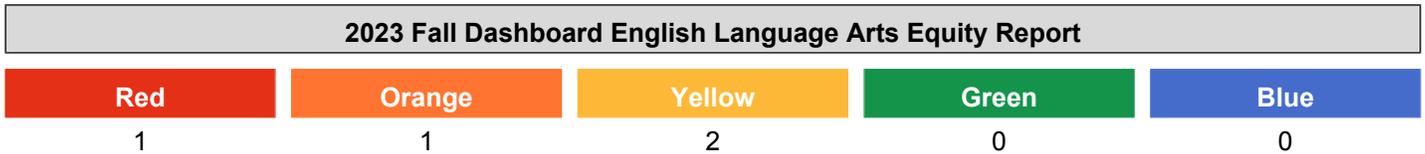

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2023 Fall Dashboard English Language Arts Performance for All Students/Student Group		
All Students	English Learners	Foster Youth
 Yellow	 Orange	Less than 11 Students
30.3 points below standard	51.1 points below standard	0 Students
Increased +3.8 points	Decreased -4.1 points	
233 Students	80 Students	
Homeless	Socioeconomically Disadvantaged	Students with Disabilities
34.3 points below standard	 Yellow	 Red
Increased Significantly +37.5 points	35.1 points below standard	92.4 points below standard
12 Students	Increased +8.2 points	Maintained +1.4 points
	195 Students	49 Students

2023 Fall Dashboard English Language Arts Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 4 Students	 No Performance Color 0 Students	Less than 11 Students 3 Students	Less than 11 Students 7 Students
Hispanic	Two or More Races	Pacific Islander	White
 Yellow 34.6 points below standard Increased +5.7 points 207 Students	Less than 11 Students 3 Students	 No Performance Color 0 Students	Less than 11 Students 10 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2023 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
77.4 points below standard Increased +4.2 points 60 Students	27.8 points above standard Decreased -12.7 points 20 Students	23.8 points below standard Increased +4.7 points 144 Students

Conclusions based on this data:

CAASSP data for 2022-23 school year shows that 37% of our students met or exceeded standards in ELA. Based on the small percentages of all grades 3-5 students meeting or exceeding standards, including those representing English Learner, Socioeconomically Disadvantaged, Students with Disabilities significant student groups, Ritchen Elementary classroom teachers will continue to implement evidence-based instructional practices in order to provide all students clearly articulated learning goals based on Common Core State Standards.

Overall even though our English Learners did increase 4.2 points, they are still 77.4 points below standard. Therefore, to increase student achievement for English Learners in the area of English Language Arts, teachers will provide both Integrated and Designated English Language Development (ELD) to improve English Learners' language proficiency skills. Additionally, our school wide focus will be on increasing the literacy skills by increasing oracy opportunities for all of our students. Teachers will utilize proven strategies such as thinking maps, graphic organizers, word walls and anchor charts to increase the literacy skills of all our students. Teachers will also provide our English Learners with plenty of opportunities to work in collaborative small groups using targeted academic conversations. Students will also be frequently provided with sentence prompts and pictures / visuals to assist their development of oracy.

For Students with Disabilities, teachers will continue to scaffold standards-based instruction to connect students' prior knowledge and current ability levels to grade-level standard expectations. For Socioeconomically Disadvantaged students, teachers will continue to integrate depths of knowledge levels throughout instructional activities to increase rigor within grade-level standards; provide immediate feedback; reteach core subject matter based on formative

assessment data; provide opportunities for student collaboration and peer modeling; and promote high expectations for student success on grade-level Common Core State Standards.

School and Student Performance Data

Academic Performance Mathematics

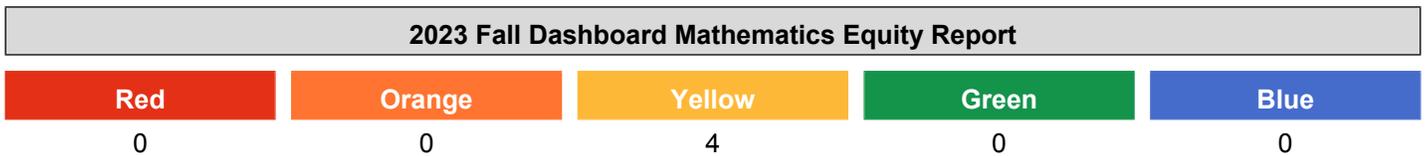

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the Mathematics assessment. This measure is based on student performance either on the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2023 Fall Dashboard Mathematics Performance for All Students/Student Group		
<p>All Students</p> <p>Yellow</p> <p>50 points below standard</p> <p>Increased +13.1 points</p> <p>233 Students</p>	<p>English Learners</p> <p>Yellow</p> <p>60.6 points below standard</p> <p>Increased +8.2 points</p> <p>80 Students</p>	<p>Foster Youth</p> <p>Less than 11 Students</p> <p>0 Students</p>
<p>Homeless</p> <p>54.7 points below standard</p> <p>Increased Significantly +37.8 points</p> <p>12 Students</p>	<p>Socioeconomically Disadvantaged</p> <p>Yellow</p> <p>56.5 points below standard</p> <p>Increased +14 points</p> <p>195 Students</p>	<p>Students with Disabilities</p> <p>Yellow</p> <p>90.8 points below standard</p> <p>Increased +5.2 points</p> <p>49 Students</p>

2023 Fall Dashboard Mathematics Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 4 Students	 No Performance Color 0 Students	Less than 11 Students 3 Students	Less than 11 Students 7 Students
Hispanic	Two or More Races	Pacific Islander	White
 Yellow 55.9 points below standard Increased +13.4 points 207 Students	Less than 11 Students 3 Students	 No Performance Color 0 Students	Less than 11 Students 10 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2023 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
74.3 points below standard Increased Significantly +17.2 points 60 Students	19.7 points below standard Decreased -8.2 points 20 Students	49.2 points below standard Increased Significantly +16 points 144 Students

Conclusions based on this data:

CAASSP data for 2022-23 school year shows that 31% of our students met or exceeded standards in Math. Based on the small percentages of all grades 3-5 students meeting or exceeding standards, including those representing English Learner, Socioeconomically Disadvantaged, Students with Disabilities significant student groups, Ritchen Elementary classroom teachers will focus on utilizing effective instructional strategies to increase math oracy throughout the instructional core Mathematics program to build students' critical thinking skills, while, at the same time, providing underperforming students intensive, small group intervention before, during, and after school.

Overall our English Learners did increase significantly, demonstrating a 17.2 point growth. Overall, they are still 74.3 points below standard. Therefore, to increase student achievement for English Learners, teachers will provide opportunities for student collaboration and peer modeling to build English Learners' oral and written language skills and academic vocabulary in the area of Mathematics. For Students with Disabilities, teachers will continue to scaffold standards-based instruction to connect students' prior knowledge and current ability levels to grade-level standard expectations. For Socioeconomically Disadvantaged students, teachers will continue to integrate depths of knowledge levels throughout instructional activities to increase rigor within grade-level standards; provide immediate feedback; reteach core subject matter based on formative assessment data; and promote high expectations for student success on grade-level Common Core State Standards in the area of Mathematics.

School and Student Performance Data

Academic Performance English Learner Progress

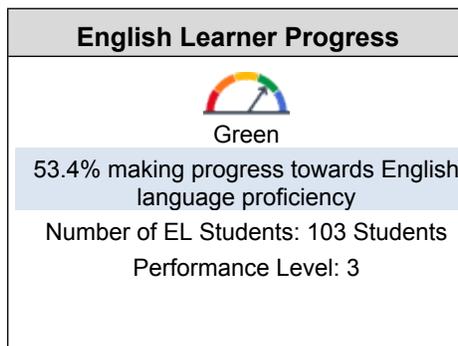

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides a view of the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2023 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2023 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
10	31	3	49

Conclusions based on this data:

Based on this data, all EL students will be progress monitored and their progress towards their individual goals will be monitored during our weekly PLCs and staff meetings. The 10 students in the decreased and the 31 students in the maintained ELPI Level 1, 2L, 2H, 3L, or 3H categories will be provided additional support during universal access time with small group instruction targeting their specific skills that may need additional support based off their STAR formative and summative assessment results.

Additionally, Ritchen Elementary classroom teachers will continue to strengthen both Integrated and Designated English Language Development (ELD) in order to increase English Learners' language proficiency skills throughout the instructional day. Students in Kindergarten will continue to receive 30 minutes of daily Designated ELD instruction, while students in grades 1-5 will continue to receive 45 minutes of daily Designated ELD instruction. English Learners will be clustered at each grade level to enable ELD teachers to provide targeted, standards-based language proficiency instruction using district-adopted curriculum materials. ELD teachers will integrate appropriate scaffolding techniques to bridge students' current oral and written language levels in reading, writing, listening and speaking to levels more

representative of language proficiency and fluency. Oral and written language supports and scaffolds will also be integrated throughout all core subject areas by classroom teachers in order to enable English Learners to access grade level subject matter.

School and Student Performance Data

Academic Engagement Chronic Absenteeism

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2023 Fall Dashboard Chronic Absenteeism for All Students/Student Group		
All Students Red 36.3% Chronically Absent Maintained 0.4 518 Students	English Learners Red 37.7% Chronically Absent Maintained -0.1 175 Students	Foster Youth Less than 11 Students 4 Students
Homeless 50% Chronically Absent Increased 2.2 44 Students	Socioeconomically Disadvantaged Red 38.9% Chronically Absent Increased 0.6 437 Students	Students with Disabilities Red 47.1% Chronically Absent Maintained 0.3 140 Students

2023 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 9 Students	 No Performance Color 0 Students	Less than 11 Students 10 Students	27.3% Chronically Absent Declined -4 11 Students
Hispanic	Two or More Races	Pacific Islander	White
 Red 37.3% Chronically Absent Maintained -0.2 461 Students	Less than 11 Students 6 Students	 No Performance Color 0 Students	23.8% Chronically Absent Increased 6.2 21 Students

Conclusions based on this data:

Based on 2023 Dashboard Chronic Absenteeism data for all students, including those representing English Learner, Socioeconomically Disadvantaged, Students with Disabilities significant student groups, Ritche Elementary will continue to address students' and family's challenges to attend school daily. School staff, including the Outreach Coordinator, School Counselor, Attendance Tech, and Principal, will meet regularly to monitor student attendance, identify students that are close to being identified as chronically absent, and develop and implement appropriate and meaningful supports, services, and incentives to increase students' positive attendance. School staff will provide support to families and will recommend and/or refer students or parents to Ventura County-based social services, counseling, or other community-based services or programs with the intention of offering families support to address barriers which negatively impact student attendance.

School and Student Performance Data

Conditions & Climate Suspension Rate

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

Conclusions based on this data:

Based on 2023 Dashboard Suspension Rate data for all students, including those representing English Learner, Socioeconomically Disadvantaged, Students with Disabilities significant student groups, Ritcher Elementary will continue its success in addressing students' behavioral needs through the implementation of a progressive discipline policy in order to minimize the need for student suspension. Classroom teachers will closely monitor and document student behavior throughout the instructional day and across a variety of contexts, including the classroom, playground, cafeteria, hallways, bathrooms, ingress, and egress. Classroom teachers will continue to maintain open lines of communication with parents to inform parents of behaviors that negatively impact the safe, positive learning environment within the school. The school will communicate to Spanish-speaking parents in their primary language to ensure parents have a good understanding of their child's behavior at school. Minor infractions will be documented using a student behavior monitoring log. Major infractions will result in an office discipline referral, which will be followed up by the school principal. Consequences for student misbehavior will align to the severity of the infraction and will take into consideration the context of the infraction, the historical background of the student, as well as the students' social/emotional/academic/intellectual needs. For most cases, restorative practices will be provided to address the social/emotional harm caused or created by the infraction. The discipline process will emphasize student accountability, self-reflection, and problem-solving in order to redirect student behavior and build positive outcomes with peers.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Language Arts, Math and an Arts program.

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics and be exposed to an arts program.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

All students will reach high academic standards in reading and mathematics.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase the capacity of teachers to deliver effective data-driven instruction
 To provide equipment, materials and technology resources that support high quality instruction
 To provide opportunities for teachers to collaborate to improve teaching and learning
 To expose all of our students to an arts program

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
CAASPP ELA	2023-24 Percentage of students scoring at Met/Exceeded: All students - 37% 3rd grade - 30% 4th grade - 38% 5th grade -41%	2024-25 All students will demonstrate growth by moving one or two levels across the different bands in the SBAC and 3-5% of students will move from Nearly Met to Met/Exceeded on the SBAC in ELA.
CAASPP Math	2023-24 Percentage of students scoring at Met/Exceeded: All students - 31% 3rd grade - 37% 4th grade - 33% 5th grade - 23%	2024-25 All students will demonstrate growth by moving one or two levels across the different bands in the SBAC and 3-5% of students will move from Nearly Met to Met/Exceeded on the SBAC in Math.
ELPAC	2023-24 Percentage of students scoring at each level: 0% of all students scored at Level 1 (Beginning Stage) 32% of students scored at Level 2 (Somewhat Developed)	2024-25 Decrease the percentage of students scoring at Level 2 to 27%; Increase the percentage of students scoring at level 4 to 23%.

	<p>50% of students scored at Level 3 (Moderately Developed) 18% of students scored at Level 4 (Well Developed)</p>

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Throughout the 2024-25 school year, Emilie Ritchen will build rigor across all grade levels, while scaffolding instruction to strengthen students' skills on grade-level standards. Students will be encouraged and supported to meet their Accelerated Reader trimester goals to build their literacy skills and reach their reading potential. Teachers will concentrate on building students' writing ability across all core content areas to promote critical thinking and to better equip students with the skills required to meet expectations of state-wide summative assessments. Teachers will also focus on implementing Mathematical Mindset and building thinking classroom strategies across all grade levels, enabling students to build their academic vocabulary and reasoning skills in the area of Mathematics. Within a Professional Learning Community context, grade-level teams will collaborate frequently to analyze data from both formative (Star Early Literacy/Reading/Math, CAASPP Interim Assessment Blocks, Writing prompts, ELD assessments, and curriculum-embedded assessments) and summative (CAASPP, ELPAC) assessments to monitor student achievement and identify key learning targets within the Common Core State Standards to target and modify instruction. Ongoing monitoring of summative and formative assessment data will enable grade-level teams to identify, through the Student Success Team (SST) process, students in need of intensive, evidence-based small group intervention provided by the classroom teacher, Literacy Intervention Teacher and/or the Intervention Support Provider (ISP).

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There were no major identified differences. Ritchen Elementary will continue to focus on building strong academic foundations for all students while being more purposeful and systemic with evidence-based teacher collaboration and instructional strategies.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Analysis of the 2023-24 SPSA and school achievement outcomes resulted in the need for improved, systemic, purposeful, and evidence-based collaboration; an increased number of common formative assessment benchmarks to more closely progress monitor student achievement; an emphasis on academic writing across all core subject areas; and continued focus on integrating thinking building classroom strategies to promote students' critical thinking and problem-solving skills in the area of Mathematics and ELA. Further analysis resulted in highlighting the importance of small group instruction throughout the school day, along with before and after school tutoring. These key findings resulted in the current changes in our SPSA as can be seen in the strategy/activity 1.23 in this current goal.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 2

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Social Emotional Support and School Climate

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase positive attendance
 To decrease the suspension rate
 To increase positive behavior
 To ensure a safe environment
 To provide wrap-around services to ensure students come to school ready to learn
 To provide extra-curricular activities to get students excited about school and the build school spirit
 To provide SEL support in the area of emotion regulation (data source: Panorama Survey results)

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Attendance Data	2023-24 Average Daily Attendance Rate was 91%.	2024-25 Maintain or exceed the targeted 95% attendance rate.
Student Suspension Data	2023-24 A total of 1 student was suspended (suspension rate = 0.5%).	2024-25 Decrease total number of students suspended to 0 (suspension rate = 0%)
Attendance - Chronic Absenteeism Rate	2023-24 34% of all students (N=502) were chronically absent. 25% of EL students (N=157) were chronically absent. 50% of SPED students (N=152) were chronically absent.	2024-25 Reduce Chronic Absenteeism rate for all students to 29%. Reduce the Chronic Absenteeism rate for EL students to 20%. Reduce the Chronic Absenteeism rate for SPED students to 45%.

Panorama Data: Emotion Regulation	2023-24 47% of all the students that submitted responses (184) responded favorably.	2024-25 Increase the number of students that respond favorably to 53%.
-----------------------------------	--	---

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/ Activity #	Description	Students to be Served	Proposed Expenditures
2.1	<p>Attendance rates will be monitored and Mini SARB meetings will be held for those students with excessive tardies or absences.</p> <p>Our Tier 1 interventions will include a focus on creating a positive school culture and climate focused on promoting kindness, attendance raffles, and perfect attendance class incentives.</p> <p>Our Tier 2 interventions will include: weekly attendance data meetings, collaboration meetings with families, small group interventions, short term counseling, and breakfast club with our outreach specialist. Our Tier 3 interventions will be home visits and SARB.</p> <p>We will also closely monitor the attendance of all of our students with disabilities, our McKinney Vento and foster youth and create attendance goals and incentives for these students. Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Ritchen Elementary staff, including the Outreach Coordinator, School Counselor, Attendance Tech, and Principal, will meet regularly to monitor student attendance, identify students at-risk of being identified as chronically absent, and develop and implement appropriate and meaningful supports, services, and incentives to increase students' positive attendance. School staff will provide support to families and recommended and/or refer students or parents to Ventura County-based social services, counseling, or other community-based services or programs with the intention of offering families support to address barriers which negatively impacted student attendance.

In order to address our students' social, emotional, and behavioral needs, students will be identified through the SST process to receive individual and/or small group counseling services provided by our school counselor. Our progressive discipline matrix will assist teachers and administration with clear guidelines for responding to student behavior at both the classroom and school levels. The Positive Behavior Intervention and Support model concentrating on STOIC (Structure, Teach expectations, Observe and monitor, Interact positively, and Correct fluently) will guide all staff in providing a proactive and positive approach to managing student behavior both in and out of the classroom. Our PBIS/School Safety Team will meet on an ongoing basis to analyze student discipline data, identify areas of focus, and provide recommendations to school staff in order to strengthen our school's positive learning environment.

Additionally, our school counselor provides a data-driven comprehensive school counseling program (CSCP). Using data from Panorama Survey results, student, teacher, and parent referrals, discipline referrals, attendance reports, and academic and achievement data, the school counselor identifies needs for the school, groups of students, and individual students, and develops and delivers tiered interventions across the three domains of the American School Counselor Association (ASCA) model: academic, social/emotional, and college and career. At Tier 1, the school counselor delivers developmentally appropriate core curriculum lessons for all students in their classrooms and runs school-wide events to foster school belonging and support students' academic, social/emotional, and college and career development. At Tier 2, the school counselor supports as a member of our SST process, and analyzes data to identify students and pull them into small counseling groups. At Tier 3, the school counselor provides crisis support, provides short-term, solution-focused individual counseling, and makes referrals for community and mental health resources. The CSCP fosters students' well-being, school belonging, and their academic, social-emotional, and college/career development, supporting both the OSD and school Vision and Mission statements.

Based on our most recent Panoramic Survey results, our identified area of greatest need is in the area of emotion regulation. Specifically, our students ability to pull themselves out of a bad mood. In order to address this, our staff as a whole will focus on holding class meetings where the students will come together to share news, updates, concerns and

recap the learning from the day. These meetings will create stability even on days with twists and turns, and will allow our staff to work with our students to empower them with strategies to address their SEL needs as they arise.

Ritchen will also hold weekly Eagle assemblies and monthly Awards Assemblies honoring and recognizing the hard work and positive choices students are making by rewarding them with praise, recognition, and incentives will be put into place. We will also continue volleyball, basketball, and dance teams to allow students to showcase their talents in other areas outside of academics. These activities will generate a lot of school spirit and excitement for our students, staff and our parents. Our very own Ballet Folklorico team that we purchased costumes for that performed at all of our sporting events, awards ceremonies and our ELAC meetings will continue these performances. We will continue to host a petting zoo and Hip Hop Mindset to provide opportunities for our students that make them proud to be soaring Eagles that are excited about coming to school.

We expect that all these programs combined with all of our monitoring of student behavior throughout the year will result in a lower suspension rate and an increase in the percentage of our students reporting many strengths in social emotional learning as will be measured by our panorama survey results.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There were no major identified differences. Ritchen Elementary will continue to focus on building strong foundations in social and emotional learning supports, while ensuring a safe and positive school climate for all students.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Based on the analysis of the 2023-24 SPSA, chronic absenteeism and suspension rate data, the Ritchen Elementary PBIS committee will continue to analyze student discipline data more frequently to identify areas of focus and provide recommendations to school staff in order to strengthen our school's positive learning environment. We will increase the frequency of recognizing and celebrating positive student attendance and behavior with kindness wards. This can be seen in strategy/activity 2.6 section of this current goal. The PBIS committee will also continue to collaborate with school staff to develop learning activities that reinforce school-wide expectations for student behavior across all areas of the campus, including the playground, hallways, bathrooms, cafeteria, and front office as we stated above in strategy/activity 2.3.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 3

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Parent and Family Engagement

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase communication through websites and social media so parents and community are informed about district and school instructional programs and activities.

To facilitate parent involvement in the educational and social-emotional well-being of their children.

To hold parent informational meetings to address any areas of need that parents and students may be experiencing.

To increase the number of opportunities for families to be able to participate in school activities.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Parent attendance at Back to School Night	83% of parents attended Back to School Night.	Increase the percentage of parents attending Back to School Night to 88%.
PTA Membership	The total number of PTA Memberships was 64.	Increase the total number of PTA Memberships to 80.
Parent attendance at ELAC meetings	The average number of parents attending ELAC meetings was 5.	Increase the average number of parents attending ELAC meetings to 8.
Family Engagement and LCAP Annual Survey Results: Barriers to Engagement	75% of our parents that responded to the survey stated that their schedule was a barrier to getting more involved with the school.	To reduce the percentage of parents that can not get involved with the school due to their schedule limitations to 50%.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/Activity #	Description	Students to be Served	Proposed Expenditures
3.1	Continue providing essential programs and support services and workshops (e.g., parent training and education) to identified students and families. All	All Students	District Funded

	<p>programs/services will be held in person and via zoom. They will alternate between during the school day and in the evenings so that all parents have more opportunities to attend.</p> <p>As needed, we connected our families with the following support agencies:</p> <p>Ventura County Behavioral Health - "Logrando Bein Estar" Interface Counseling Support for families who have special needs children: V.C.O.E., SELPA, Tri-Counties, and Rainbow Connection Oxnard Public Library V.C.O.E. Tobacco Prevention Brite Program Padres Juntos Promoviendo La Educacion (Parents together Promoting our Education) School on Wheels - Tutoring / support for our McKinney Vento students / families</p>		<p>2000-2999: Classified Personnel Salaries Outreach Coordinator Salary 400 Title III 2000-2999: Classified Personnel Salaries Verbal Translation Costs</p>
3.2	Continue implementing the school's Parent Compact and Parent Involvement Policy to strengthen home-school partnerships.	All Students	No additional cost
3.3	Schedule Parent-Teacher Conferences to improve home-school partnerships aimed at improving students' educational success.	All Students	<p>1,700 Title III 2000-2999: Classified Personnel Salaries Verbal Translation - Extra Help and OT 636 Title III 3000-3999: Employee Benefits Classified Benefits</p>
3.4	Continue coordinating monthly ELAC meetings to support English Learners and families, provide parent education, and improve parent involvement. ELAC meetings will be held in person and via zoom. They will alternate between during the school day and in the evenings so that all parents have more opportunities to attend.	English Learners	<p>300 Title III 2000-2999: Classified Personnel Salaries Babysitting costs</p>
3.7	Encourage and provide direct support to parents to complete school volunteer clearance process so that parents can engage in meaningful and productive opportunities to participate in their children's classrooms to support their academic and social-emotional growth.	All Students	No additional cost
3.9	After School Program Parent Nights will be offered to provide parents with nutrition education, hands-on tips, games and strategies parents can employ to assist students with healthy habits and schoolwork.	All Students	ASES
3.10	<p>To create more opportunities for parents to attend and volunteer in school activities, Ritche will continue to build on the following:</p> <p>Awards assemblies, student plays and performances, talent shows, Jogathon, petting zoo,</p>	All Students	<p>District Funded 2000-2999: Classified Personnel Salaries Outreach Coordinator Salary and Office Support Staff</p>

	<p>family math nights, field trips, room parents, movie nights, school dances, sports banquets, sports programs, skate nights, Day of the Dead Celebration, Folkloric student performances, Giving tree, canned food drive, and parent work shops centered around bullying and cyber safety, mental health awareness and fire alarm safety, how to read your child's report card / test scores, and Kinder orientation.</p> <p>In order to encourage more parent attendance, we will prioritize sending out flyers of our events, at the very least, a month in advance so parents can make scheduling arrangements. We will also make sure we stagger our events, some during the school day and some after school.</p>		<p>District Funded 1000-1999: Certificated Personnel Salaries Admin and Counselor Salaries</p> <p>PTA Parents and approved parent volunteers</p>
3.12			

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Analysis of the 2023-24 SPSA pointed out that parent and family engagement were critical factors to ensuring students' educational success. Our English Learner Advisory Committee (ELAC), Parent Teacher Association (PTA), and School Site Council (SSC), in coordination with our Outreach Coordinator, offered and encouraged parents to become active participants in their children's education by participating in the meaningful and productive opportunities offered. The school's Parent Involvement Policy provided clear guidelines for parents to serve as volunteers in classroom and school activities.

Throughout the year, parents were invited to attend Parent/Teacher Conferences to collaborate with their child and their child's teacher to review achievement data and identify strategies for improving student success. Parents were encouraged to attend Student Success Team meetings if their child had been identified as significantly below grade-level standards or was exhibiting significant needs in social, emotional, and/or behavioral areas. Parent training and education were coordinated and provided by the school's Outreach Coordinator to improve parents' ability to support their children's learning. Fiscal resources provided by the Ritchen Elementary PTA assisted in providing supplemental instructional resources for classroom teachers, and supported monthly Eagle Dollar Store, Awards Assemblies, and the annual Accelerated Reader Carnival which provided academic incentives and rewarded students for meeting their learning goals. Teachers recognized students that were demonstrating academic excellence and or choosing acts of kindness. These students were honored with awards and incentives by the Principal and the Counselor.

With the combined efforts of all staff, we saw a steady increase in the amount of parents wanting to volunteer and participate in our school events such as in our ELAC meetings where we averaged 6 parents in our last three ELAC meetings and in our AR Carnival where we had 10 parents volunteer their time to help supervise the events.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There were no major identified differences. Throughout the 2023-24 school year, Ritchen Elementary will continue to focus on building strong parent and family engagement to support student success for all students.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Based on analysis of the 2023-2024 SPSA and school outcomes, one area in which Ritche Elementary staff will focus is providing parents more opportunities to engage in parenting support programs to promote positive student well-being outside of school. This focus area is being addressed in our strategy/activity 3.5 section above. Additionally school staff will also continue to support parents in aligning structures and positive reinforcement strategies implemented during the school day to those offered within the home environment in order to connect academic, social and emotional learning between the school and the home. This focus area is being addressed in our strategy/activity 3.1 and 3.2 above.

Budget Summary

Complete the Budget Summary Table below. Schools may include additional information, and adjust the table as needed. The Budget Summary is required for schools funded through the Consolidated Application (ConApp).

Budget Summary

DESCRIPTION	AMOUNT
Total Funds Provided to the School Through the Consolidated Application	\$57,809
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$254,547.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0

Other Federal, State, and Local Funds

List the additional Federal programs that the school includes in the schoolwide program. Adjust the table as needed.

Note: If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.

Federal Programs	Allocation (\$)
Title I	\$43,951.00
Title III	\$13,858.00

Subtotal of additional federal funds included for this school: \$57,809.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Allocation (\$)
LCFF	\$76,866.00
LCFF - Intervention	\$32,650.00
Prop 28	\$87,222.00

Subtotal of state or local funds included for this school: \$196,738.00

Total of federal, state, and/or local funds for this school: \$254,547.00

Budgeted Funds and Expenditures in this Plan

The tables below are provided to help the school track expenditures as they relate to funds budgeted to the school.

Funds Budgeted to the School by Funding Source

Funding Source	Amount	Balance
Title I	43,951	0.00
Title III	13,858	0.00
LCFF	76,866	0.00
LCFF - Intervention	32,650	0.00
Prop 28	87,222	0.00

Expenditures by Funding Source

Funding Source	Amount
LCFF	76,866.00
LCFF - Intervention	32,650.00
Prop 28	87,222.00
Title I	43,951.00
Title III	13,858.00

Expenditures by Budget Reference

Budget Reference	Amount
1000-1999: Certificated Personnel Salaries	93,642.00
2000-2999: Classified Personnel Salaries	43,822.00
3000-3999: Employee Benefits	53,074.00
4000-4999: Books And Supplies	42,839.00
5000-5999: Services And Other Operating Expenditures	13,070.00
5800: Professional/Consulting Services And Operating Expenditures	8,100.00

Expenditures by Budget Reference and Funding Source

Budget Reference	Funding Source	Amount
1000-1999: Certificated Personnel Salaries	LCFF	7,000.00
2000-2999: Classified Personnel Salaries	LCFF	23,422.00
3000-3999: Employee Benefits	LCFF	11,258.00
4000-4999: Books And Supplies	LCFF	30,811.00
5000-5999: Services And Other Operating Expenditures	LCFF	2,275.00
5800: Professional/Consulting Services And Operating Expenditures	LCFF	2,100.00
1000-1999: Certificated Personnel Salaries	LCFF - Intervention	26,663.00
3000-3999: Employee Benefits	LCFF - Intervention	5,987.00
1000-1999: Certificated Personnel Salaries	Prop 28	58,979.00
3000-3999: Employee Benefits	Prop 28	28,243.00
1000-1999: Certificated Personnel Salaries	Title I	1,000.00
2000-2999: Classified Personnel Salaries	Title I	18,000.00
3000-3999: Employee Benefits	Title I	6,950.00
4000-4999: Books And Supplies	Title I	2,001.00
5000-5999: Services And Other Operating Expenditures	Title I	10,000.00
5800: Professional/Consulting Services And Operating Expenditures	Title I	6,000.00
2000-2999: Classified Personnel Salaries	Title III	2,400.00
3000-3999: Employee Benefits	Title III	636.00
4000-4999: Books And Supplies	Title III	10,027.00
5000-5999: Services And Other Operating Expenditures	Title III	795.00

Expenditures by Goal

Goal Number	Total Expenditures
Goal 1	210,981.00
Goal 2	40,530.00
Goal 3	3,036.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Nauman Zaidi	Principal
Alejo Perez	Classroom Teacher
Manuel Hernandez	Classroom Teacher
Amanda Lewis	Classroom Teacher
Elva Serrato Cortes	Other School Staff
Silvia Torres	Parent or Community Member
Jennifer Guzo	Parent or Community Member
Ashley Juarez	Parent or Community Member
Sylvia Nunez	Parent or Community Member
Cynthia Estrada	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on May 16, 2024.

Attested:

Principal, Nauman Zaidi on May 16, 2024

SSC Chairperson, Jennifer Guzzo on May16, 2024

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

Instructions: Table of Contents

- Plan Description
- Educational Partner Involvement
- Comprehensive Needs Assessment
- Goals, Strategies/Activities, and Expenditures
- Annual Review
- Budget Summary
- Appendix A: Plan Requirements for Title I Schoolwide Programs
- Appendix B: Select State and Federal Programs

For additional questions or technical assistance related to LEA and school planning, please contact the CDE's Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the LEA, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:

Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:

When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- Strategy/Activity #: Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- Description: Describe the strategy/activity.
- Students to be Served: Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- Proposed Expenditures: List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to EC Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- Funding Sources: List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
 - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
 - a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. Use methods and instructional strategies that:
 - i. Strengthen the academic program in the school,
 - ii. Increase the amount and quality of learning time, and
 - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. Strategies to improve students' skills outside the academic subject areas;
 - ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: Title 34 of the *Code of Federal Regulations (34 CFR)*, sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. *EC* sections 64001 et. seq.

Appendix B: Plan Requirements for School to CSI/ATSI Planning Requirements

For questions or technical assistance related to meeting federal school improvement planning requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

CSI Resources

- **CSI Planning Summary for Charters and Single-school Districts:**
<https://www.cde.ca.gov/sp/sw/t1/csiplansummary.asp>

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Updated by the California Department of Education, October 2023

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name
	English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

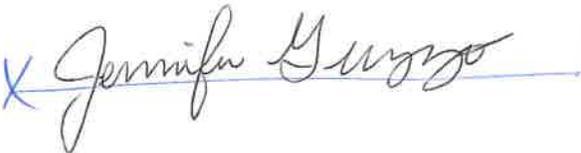

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on May 16, 2024.

Attested:

Principal, Nauman Zaidi on May 16, 2024

SSC Chairperson, Jennifer Guzzo on May 16, 2024

School Plan for Student Achievement (SPSA)

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Rose Avenue Elementary School	56725386055370	May 16, 2024	August 21, 2024

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California’s ESSA State Plan supports the state’s approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state’s Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Rose Avenue Elementary School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Rose Avenue Elementary School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

Rose Avenue Elementary School, The School of Science and Wellness, will strive to meet the Every Student Succeeds Act (ESSA) by implementing the three goals of the Oxnard School District's Local Control and Accountability Plan (LCAP).

Goal 1- All students will reach high academic standards in reading and mathematics.

Goal 2- The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug free and conducive to learning.

Goal 3- Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Rose Avenue Elementary School is dedicated to aligning their daily work with the Oxnard School District's Vision of Changing the World! We will strive to support our students and provide them with positive experiences to become Inspired, Accomplished, Multilingual Global Citizens in School and Beyond. In the Oxnard School District, we nurture self-confident and empowered multilingual global citizens, strong in their multiple identities and potential, who achieve inspired levels of individual, community, and social accomplishment in school and beyond in their endeavors. Rose Avenue Elementary School is also dedicated to aligning their daily work with the Oxnard School District's Mission. Our goal is to IGNITE students' passions for learning and empower them to achieve brilliance. TRANSFORM our classroom and school expectations, relationships, and practices to more fully align with our values. NURTURE caring communities that develop students' full identities, linguistic/cultural/academic excellence, social-emotional health, and life potential. EMBRACE high-leverage services and approaches that translate our values into action.

Oxnard School District has created a strategic plan, Oxnard Empowers, in order to ensure that we fully develop our student profile and work toward fulfilling our Mission and Vision. Our strategies/activities support our values and principles: Equity and Excellence; Safe and Affirming Environments; Achievement/Performance, Multilingualism, Global and Socio-Cultural Competence; Relationships built on Integrity, Mutual Trust, Respect and Caring; and Professional Accountability and Service. Our goals can be realized by following a Theory of Action, which constitutes committing to a vision of success; to be relentless in clarifying and supporting classroom leadership; to build school leadership; to benefit from organized district leadership; and to engage our families and community, which will lead us to become a highly effective and equitable school. A guiding focus for the district is on five strategic goals which form the framework for powerful and sustainable school and district transformation: Student Academic Engagement and Achievement; a Positive and Safe Learning Environment and School Climate; Guidance and Support to Sites; Family/Community Alliances for Student Success and Transformational Leadership and Infrastructure.

All of our strategies/activities are designed to further these pedagogical principals:

1. Identify, activate, and build on student strengths.
2. Affirm student identities by challenging the devaluation of minoritized students' identities.
3. Establish powerful relationships that nurture equity and success.
4. Engage students actively in the learning process., by amplifying student voice.
5. Create environments of enrichment, rather than remediation, that engage students' multilingual repertoires.
6. Situate learning in the lives of students by connecting to their lives.
7. Elicit high intellectual performances that help connect students' identities to academic engagement.
8. Address the prerequisites for learning, including incorporating pedagogical practices that challenge coercive relations of power.

The Mission of Rose Avenue Elementary School is to prepare students to become outstanding and productive citizens of society. Our Vision is that Rose Avenue Elementary School is dedicated to promote social, emotional, and academic growth for all students. Our Values Statement is for the school community to internalize that we all contribute to the success of our students as we believe in a "our students, not my students" mentality, engage in effective "collaboration not isolation" methods, and prioritize the time to "recognize and celebrate the good". Through the participation of students, staff, parents, and school families towards our shared Vision, Mission, and Values statements, our students will be challenged to reach their maximum potential.

As described in our Vision and Mission Statements, Rose Avenue Elementary School is committed to providing a Common Core standards-based educational program that meets both the academic and social-emotional needs for all students, including all significant student groups (English Learners, Hispanic/Latino, Students with Disabilities, Migrant, and Socioeconomically Disadvantaged). Throughout the 2024-2025 school year, Rose Avenue Elementary School will emphasize building rigor across the grade levels in all content areas, expanding the depths of knowledge across all disciplines, and increasing student engagement with access to academic language across the disciplines. As we continue with one of our foci as a "School of Science", teachers will continue to integrate scientific practices, hands-on activities and experiments as we continue the implementation of our adopted Science curriculum, "Twig Science", and continue with the implementation of the Next Generation Science Standards (NGSS).

As outlined in Oxnard Empowers Goal 1, Students' Academic Engagement and Achievement, our dedicated teachers will focus on data driven instruction, scaffold instruction to strengthen students skills' on grade-level standards, provide small group instruction, and assess students on a regular basis using Star and other class assessments to monitor student growth in the core areas of Reading and Math. Our work at Rose Avenue will also be driven and modified as needed as we strive to meet the seven components of the OSD Student Profile.

1. Students will be able to learn through and with others as they become creative writers, successful readers and mathematical thinkers.
2. Students will be technologically, artistically, academically, and linguistically prepared to succeed and to lead.
3. Students will be prepared for the future and challenged to select rigorous courses. Students will also be equipped with the tools, knowledge, and skills to be high school, college, and career ready.
4. Students will be compassionate, multilingual, multicultural, and global thinkers as they are able to understand and to convey pride in their identity, heritage, and history.
5. Students will be prepared to succeed in local and state measures in all academic areas.
6. Students will be confident, solution oriented, and demonstrate a growth mindset as they advocate for themselves and for others.
7. Students will create, communicate, collaborate, design, and apply new knowledge in a variety of contexts.

The Teachers and Support Staff will work in Professional Learning Communities (PLCs) to analyze data, share best practices, reflect on classroom and school practices in meeting the expectations of the OSD Student Profile, and to plan first instruction with necessary interventions. Teachers will continue to capitalize on technology via the use of students' 1:1 devices and will continue to utilize the district's adopted Learning Management System, Canvas, in order to enhance instruction, provide resources to students and to communicate with school families. Students will continue to use district provided applications via their iPads which include Lexia Core 5, ST Math, MyOn and Accelerated Reader (AR) to support their academics.

As outlined in Oxnard Empowers Goal 2, Learning Environment and School Culture, our school will also continue to utilize the Multi-Tiered Systems of Support (MTSS) by monitoring student performance with the implementation of Tier 1 Level of instruction with needed interventions for all students. Students who are not meeting grade level expectations will be identified through the Student Success Team (SST) process in order to establish Tier 2 and/or Tier 3 Levels of intervention and extra supports. These Tier 2 and Tier 3 Levels of Intervention will be provided by classroom teachers during small group instruction, English Language Development, after school tutoring, instruction by our site's Literacy Intervention Teacher, and by our school's Intervention Services Providers (ISP), who will also support students' academic skills in small group settings.

Rose Avenue Elementary School takes pride in our Positive Behavior Intervention Supports (PBIS) achievements which include the 2017 PBIS Bronze Award, 2018 PBIS Silver Award, and 2019 PBIS Platinum Award. The Pumas take pride in building a school culture that is nurturing, inclusive and welcoming to all students, staff, families, and community members. We plan to continue our implementation of schoolwide CHAMPS and STOIC protocols in order to provide the school community with a positive, safe and productive learning environment. Rose Avenue's PBIS Team will meet on a monthly basis to analyze student discipline data, identify areas of focus, and provide recommendations to staff in order to strengthen our school's positive learning environment. Our students' social, emotional and behavioral needs will also be met through the MTSS/SST processes as we identify students in need of individual and/or small group counseling services, which will be provided by our School Counselor. As we continue with our school focus as a "School of Wellness," Rose Avenue School will provide many opportunities for social-emotional wellness with positive schoolwide activities that will enhance students' and staff connections to our learning environment such as clubs, school spirit weeks, Restorative Justice practices, Monday announcements by our Student Council Leaders, school assemblies, Growth Mindset practices, Kindness Week, Mental Health Awareness, Wellness Wednesdays, and Anti-Bullying Awareness.

As outlined in Oxnard Empowers Goal 4, Family/Community Alliances for Student Success, Rose Avenue parents and community members are integral in supporting their child to reach their fullest potential. Our English Learner Advisory Committee (ELAC), School Site Council (SSC), and Parent Teacher Association (PTA) will continue to meet on a regular

basis via a hybrid model through both in-person and zoom meetings in order to increase access for all school families. We will continue to maintain constant communication with our school community members through our school website, our school's marquee, flyers, mass communication/messages via Parent Square, and social media platforms (Facebook, Twitter, and Instagram). Our School Principal, Outreach Coordinator, School Counselor, and Teachers will encourage parents to become active participants in their children's schooling through facilitating a variety of engaging and meaningful workshops based on parent and family needs. Once our parents/guardians have completed Human Resource's requirements for school volunteers, all parents/guardians will be invited to volunteer in classrooms and will be provided with multiple opportunities to participate in the school's educational program.

Educational Partner Involvement

How, when, and with whom did Rose Avenue Elementary School consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Rose Avenue Elementary School's teachers, staff and governance educational partners were involved in the development of this School Plan for Student Achievement (SPSA). The school Leadership Team met on May 1, 2024 to discuss the three SPSA goals, the 2024-2025 Budget and to discuss supports/resources needed to meet academic outcomes. The school Principal facilitated a staff meeting on April 29, 2024 to share the 2024-2025 school budget and also provided school-wide Spring academic and social emotional data to introduce the planning of annual measurable outcomes. Our grade level teams met as Professional Learning Communities (PLCs) on May 14, 2024 and May 28, 2024 to analyze baseline data (Star Early Literacy, Reading, and Math) in order to develop expected academic goals for the 2024-2025 school year. The Principal shared the SPSA with all teachers and support staff on June 4, 2024 to review the SPSA goals, share grade-level outcomes/goals, and to review the strategies/activities for our site's proposed expenditures.

The English Learner Advisory Committee (ELAC) representatives met on April 26, 2024 and the School Site Council (SSC) met on April 25, 2024 to review the main components of the SPSA Plan, understand the three SPSA goals, provide input to our site's SPSA, and to be informed on our site's 2024-2025 budget allocations. The Principal met with School Site Council on May 16, 2024 to share a completed draft of the SPSA for approval. The English Learner Advisory Committee met on May 17, 2024 to review the completed draft of the SPSA, with an emphasis on usage of Title III funds, strategies to support English Learners as they strive to enhance their English language proficiency levels to achieve reclassification, and activities to enhance parent engagement. The Parent Teacher Association (PTA) was also involved in supporting the development of the SPSA by aligning the PTA budget and activities to support the overall goals identified within the SPSA.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

The Oxnard School District continues to experience a shortage of substitute teachers, but the District Office has provided every school with a "Floater" substitute to support sites when classroom teachers are out sick. Our site had budgeted for two Intervention Service Providers (ISPs) and we were not able to hire one individual at the expected start time, but we were able to hire the additional ISP in February 2024.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

Rose Avenue School performed in the orange category for English Language Arts. Based on the Spring Star assessment data for reading, we are continuing to make growth as 64% of our students scored at or above typical growth, but we continue to struggle with students scoring at or above grade level standards. In regard to student groups in the orange category for English Language Arts, the groups outlined in the dashboard are English Learners, Hispanic, Socioeconomically Disadvantaged, and Students with Disabilities. In order to support these student groups, we will work as Professional Learning Communities to address the needs identified with consistent data analysis during our staff meetings, student monitoring conferences and Wednesday collaboration days. We will continue to address these needs through our Multi-Tiered System of Supports which includes Tier 1, Tier 2, and Tier 3 Interventions. This will include small group instruction with a focus on core English language Arts standards, monitor progress towards SMART (Specific Measurable Attainable Relevant Timely), goals during SST and IEP Meetings, the implementation of the Souday Phonics Program (Tier 2), and scaffolds, as needed.

Rose Avenue School also performed in the orange category for Chronic Absenteeism, which is the percentage of students who are absent 10% or more of the instructional days that they are enrolled. Based on our attendance data, we had an overall attendance rate of 90% and we had a slight decrease on the dashboard of 0.7 points. In regard to student groups in the orange category for Chronic Absenteeism, the groups outlined in the dashboard are English Learners, Hispanic, Homeless, and Socioeconomically Disadvantaged. The student group that was in the red category are Students with Disabilities. Based on attendance data in Panorama, TK students had an overall daily attendance rate of 56% while grades Kindergarten- Fifth grade had an average attendance rate of 85%. In order to support these student groups, school administrators will work with the Attendance Technician and Outreach Specialist to address the needs identified with consistent data analysis during our support staff meetings and attendance mediation meetings. We will continue to address these needs through our Multi-Tiered System of Supports which includes Tier 1, Tier 2, and Tier 3 Interventions. This will include attendance incentives (classroom and individual), Parent Workshops, monitor progress towards SMART goals during SST and IEP Meetings, and regular communication with school families.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the "all student" performance.

Our Student with Disabilities performed two performance levels below "all students," in the red category, in the areas of math and chronic absenteeism. In order to support this student group in the area of math, our teachers will work in collaboration with our district's Math TOSAs and Math Manager on implementing rigorous math tasks with appropriate scaffolds and usage of manipulatives to support problem solving skills. The teachers will continue to establish and progress monitor SMART math goals within their students' IEPs. In order to support this student group in the area of Chronic Absenteeism, our Special Education Case Managers and Administrators will work with families as the nature of students' disabilities can impact their school attendance. The Principal will work with both the Special Education Department and the Transportation Department as a majority of our Students with Disabilities receive transportation services as our Mild to Moderate Special Day Class is not offered at their home school.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

In addition to Dashboard data, our staff frequently partakes in data analysis with our local assessment platforms which include Renaissance/Star (standards-based assessments for reading and math) and Panorama Education (social emotional survey data). Based on our Star Spring Window, our Kindergarten and First Grade students are performing at a 62% Student Growth Percentile (SGP) on the Star Early Literacy assessment, which is equivalent to 62% of our students demonstrating growth at or above typical growth. Though this is high growth towards the standards, an average of 30% of our students are performing at or above benchmark. Based on our Star Reading assessment, our Second-Fifth Grade students are performing at 64% Student Growth Percentile (SGP), which is equivalent to 64% of our students demonstrating growth at or above typical growth. Though this is high growth towards the standards, an average of 26% of our students are performing at or above benchmark in Reading. Based on our Star Math assessment, our First-Fifth Grade students are performing at 58% Student Growth Percentile (SGP), which is equivalent to 58% of our students demonstrating growth at or above typical growth. Though this is high growth towards the standards, an average of 30% of our students are performing at or above benchmark in Math.

To address these academic needs, our site will work as Professional Learning Communities to address the needs identified with consistent data analysis during our Staff meetings, student monitoring conferences, and Wednesday collaboration days. We will continue to address these needs through our Multi-Tiered System of Supports which includes

Tier 1, Tier 2 , and Tier 3 Interventions. This will include small group instruction with a focus on core English language arts standards and math standards, monitor progress towards SMART goals during SST and IEP Meetings, the implementation of the Soudy Phonics Program (Tier 2), and scaffolds, as needed. The Principal will also engage in consistent observation and feedback cycles with classroom Teachers after classroom walkthroughs. This practice will support the site in identifying best instructional practices and trends to support students' academic needs.

Based on our Panorama Survey for the winter window, our students are performing at the 80th-90th percentile in the areas of positive Teacher and Student Relationships and Sense of Belonging, when compared to students nationally. In the area of Self Management (63%), our students are performing at the 0-19th percentile when compared to students nationally. Though our students are performing at the 80th-90th percentile in Growth Mindset, 58% of students reported having a positive Growth Mindset. Though our students are performing at the 60th-79th percentile in Emotional Regulation, 51% of students reported having a strong sense of Emotion Regulation.

To address these social emotional (SEL) needs, our site will work as Professional Learning Communities to address the needs identified with consistent data analysis during our staff Meetings, student monitoring conferences, PBIS meetings, and Wednesday collaboration days. Our teachers will continue to collaborate with our School Counselor, Outreach Specialist, and school Administrators to ensure that we are creating a safe, inclusive, and positive learning environment. We will continue to address these needs through our Multi-Tiered System of Supports which includes Tier 1, Tier 2 , and Tier 3 Interventions. Tier 1 Interventions will include CHAMPS expectations, guidelines for success, monthly spirit weeks, Monday morning announcements, SEL class lessons, and school assemblies. Tier 2 and Tier 2 Interventions will include SEL Groups led by the School Counselor, one-on-one counseling with our School Counselor, check-ins and check-outs with support staff (School Counselor, Outreach Specialist, and Administrators), implementation of Behavior Plans, monitor progress towards SMART goals during SST and IEP Meetings and referrals for outside counseling as needed.

School and Student Performance Data

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Rose Avenue Elementary School. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
American Indian	%	0%	%		0	
African American	0.42%	0.6%	0.23%	2	3	1
Asian	0.63%	0.4%	%	3	2	
Filipino	%	0%	0.23%		0	1
Hispanic/Latino	97.07%	97.98%	98.17%	464	486	428
Pacific Islander	%	0%	0.92%		0	4
White	1.88%	0.81%	0.23%	9	4	1
Multiple/No Response	%	0.2%	0.23%		1	1
Total Enrollment				478	496	436

Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	21-22	22-23	23-24
Kindergarten	88	127	58
Grade 1	72	70	51
Grade 2	69	70	75
Grade3	70	70	77
Grade 4	83	74	74
Grade 5	96	85	80
Total Enrollment	478	496	436

Conclusions based on this data:

Student enrollment has decreased in recent years due to a variety of factors including the high cost of living in our county/community. Enrollment decrease is consistent with other local schools and/or districts. For the 2022-2023 school year, 98.1% of our student population was represented by the Hispanic/Latino subgroup. Rose Avenue Elementary School continues to honor and value this student group and other groups' cultural heritages and customs within our educational program.

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
English Learners	313	312	259	64.30%	65.5%	59.4%
Fluent English Proficient (FEP)	46	37	38	13.30%	9.6%	8.7%
Reclassified Fluent English Proficient (RFEP)				11.9%		

Conclusions based on this data:

Based on the analysis of English Learner enrollment at Rose Avenue Elementary for the 2022-2023 school year, the percentage of English Learners has decreased by 6.1% during the 2023-2024 school year, nevertheless a majority of our students (59.4%) continued to be identified as active English Learners. English Learners will continue to be provided with Designated English Language Development (ELD) on a daily basis with times based on their particular grade levels. Transitional Kindergarten and Kindergarten students will continue to receive 30 minutes of daily Designated ELD instruction, while students in first through fifth grades will continue to receive 45 minutes of daily Designated ELD instruction. During Designated ELD instruction, students will enhance their language acquisition through scaffolded instruction focused on oral (listening and speaking) and written (reading and writing) English language domains. All teachers will provide access to Integrated ELD throughout the day across the discipline areas including English Language Arts, Math, Social Studies, Science, Physical Education, and other areas. Integrated ELD strategies will include various opportunities for student engagement, access to vocabulary and academic terms, and scaffolded supports in each language domain as needed. Reclassified Fluent English Proficient (RFEP) students will continue to be academically monitored by their classroom teachers for a duration of four years per California State requirements.

School and Student Performance Data

Star Early Literacy

Rose Avenue Elementary School											
		Less than Proficient				Proficient				Star Early Literacy Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade K	56	13	23%	4	7%	11	20%	28	50%	Level 4	838
Grade 1	53	15	28%	11	21%	11	21%	16	30%	Level 3	842
Grade 2	30	6	20%	12	40%	8	27%	4	13%	Level 2	914

Conclusions based on this data:

Based off our End of Year 2023-2024 Star Early Literacy assessment data, our Kindergarten students have demonstrated high proficiency with their early literacy skills in order to be successful on Common Core State Standards. These literacy subdomains include word knowledge and skills, comprehension, and numbers and operations. For Kindergarten, a majority of our students (52%), were At/Above Benchmark (Level 4) while 24% were at Urgent Intervention (Level 1). Our First Grade Students have also demonstrated high proficiency with their early literacy skills in order to be successful on Common Core State Standards. For First Grade, a majority of our students (31%) were At/Above Benchmark (Level 4) while 27% were at Urgent Intervention (Level 1). Due to a low-leveled score on the Star Reading, 30 Second Grade students were also tested on the Star Early Literacy. For Second Grade, a majority of our students (40%) were at Intervention (Level 2) while 27% were at On Watch (Level 3).

Based off this data, we can conclude that our current First through Third grade students will need targeted enrichment and intervention for critical literacy skills such as phonemic awareness, phonics, fluency, and vocabulary. These targeted enrichment and intervention opportunities will be addressed during direct instruction by the classroom teachers and in small groups during universal access for these critical skills by the classroom teachers, Literacy Intervention Teacher, and/or Intervention Services Provider (ISP). Our students will continue to use Lexia/Core 5 and Accelerated Reader to enhance their literacy and comprehension skills.

School and Student Performance Data

Star Reading

Rose Avenue Elementary School											
		Less than Proficient				Proficient				Star Reading Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 2	68	22	32%	19	28%	16	24%	11	16%	Level 2	915
Grade 3	81	44	54%	18	22%	12	15%	7	9%	Level 1	926
Grade 4	77	37	48%	20	26%	14	18%	6	8%	Level 1	965
Grade 5	79	41	52%	14	18%	20	25%	4	5%	Level 1	987

Conclusions based on this data:

Based off our End of Year 2023-2024 Star Reading assessment data, our Second Grade through Fifth Grade students demonstrate the need to continue building upon their literacy skills in order to be successful on Common Core State Standards. These literacy domains include literature, informational skills, foundational skills, and language. For Second Grade, a majority of our students (33%) were at Urgent Intervention (Level 1) while 28% were at Intervention (Level 2). For Third Grade, a majority of our students (55%) were at Urgent Intervention (Level 1) while 23% were at Intervention (Level 2). For Fourth Grade, a majority of our students (47%) were at Urgent Intervention (Level 1) while 26% were at Intervention (Level 2). For Fifth Grade, a majority of our students (52%) were at Urgent Intervention (Level 1) while 25% were at On Watch (Level 3).

Based off this data, we can conclude that our current Third through Fifth grade students will need targeted enrichment and intervention with critical literacy skills such as fluency, vocabulary, and comprehension. These targeted enrichment and intervention opportunities will be addressed during direct instruction by the classroom teachers and in small groups during universal access for these critical skills by the classroom teachers, Literacy Intervention Teacher, and/or Intervention Services Provider (ISP). Our students will continue to use Lexia/Core 5 and Accelerated Reader (AR) to enhance their literacy and comprehension skills.

School and Student Performance Data

Star Math

Rose Avenue Elementary School											
		Less than Proficient				Proficient					
		Level 1		Level 2		Level 3		Level 4		Star Math Average	
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 1	69	8	15%	14	26%	25	47%	6	11%	Level 3	864
Grade 2	51	22	29%	16	21%	23	30%	16	21%	Level 2	925
Grade 3	71	36	44%	11	14%	24	30%	10	12%	Level 2	955
Grade 4	63	31	40%	22	29%	19	25%	5	6%	Level 2	992
Grade 5	84	42	53%	16	20%	12	15%	10	13%	Level 1	1025

Conclusions based on this data:

Based off our End of Year 2023-2024 STAR Math assessment data shows that our current First Grade through Fifth Grade students have demonstrated high areas of strength in mathematics and they continue to build upon their mathematical skills in order to be successful on Common Core State Standards (CCSS). The domains include operations and algebraic thinking, geometry, measurement and data, and number and operations in base ten.

For First Grade, a majority of our students (48%) were On-Watch (Level 3) while 27% were at Intervention (Level 2). For Second Grade, a majority of our students (30%) were at On-Watch (Level 3) while 28% were at Urgent Intervention (Level 1). For Third Grade, a majority of our students (45%) were at Urgent Intervention (Level 1) while 29% were at On-Watch (Level 3). For Fourth Grade, a majority of our students (39%) were at Urgent Intervention (Level 1) while 29% were at Intervention (Level 2) and Intervention (Level 2). For Fifth Grade, a majority of our students (53%) were at Urgent Intervention (Level 1) while 20% were at Intervention (Level 2).

Based off this data, we can conclude that our current Second through Fifth Grade students will need targeted enrichment and intervention with critical mathematical practices within the CCSS: Make sense of problems and persevere in solving them; reason abstractly and quantitatively; construct viable arguments and critique the reasoning of others; model with mathematics; use appropriate tools strategically; attend to precision; look for and make use of structure; look for and express regularity in repeated reasoning. These targeted enrichment and intervention opportunities will be addressed during direct instruction by the classroom teachers and in small groups during universal access for these critical skills by the classroom teachers, and/or Intervention Services Provider (ISP). Our classroom teachers will continue to use Mathematical Mindset Practices and students will continue to use ST Math as a support to increase their mathematical skills. Our classroom teachers will also continue to implement rigorous math tasks by utilizing key principles from the book, Building Thinking Classrooms in Mathematics. Our Transitional Kindergarten through Third Grade Teachers will continue to utilize Pre-K to Third Grade Coherence Collaboration (P3CC) strategies to increase students' academic language and mathematical reasoning, which will build a mathematical foundation that will lead to proficiency in the CCSS for mathematics.

School and Student Performance Data

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Overall Participation for All Students												
Grade Level	# of Students Enrolled			# of Students Tested			# of Students with Scores			% of Enrolled Students Tested		
	20-21	21-22	22-23	20-21	21-22	22-23	20-21	21-22	22-23	20-21	21-22	22-23

Grade 5		6.25	11.76		61.46	56.47		32.29	31.76
All Grades		5.91	9.13		62.60	58.51		31.50	32.37

In order to protect student privacy, an asterisk (*) will be displayed for enrolled and tested counts for fewer than 4 students and for assessment results for fewer than 11 students. "N/A" will be displayed instead of a number on test results where no data is found for the specific report.

Conclusions based on this data:

Based on the 2023-2024 ELA CAASPP Data in comparison to our 2022-2023 ELA CAASPP Data, Third Grade demonstrated a slight decrease of 2% as a total of 23% of students Met or Exceeded Standard. For Fourth Grade, 26% of students Met or Exceeded Standard and this percentage was the same from the last academic year. For Fifth Grade, they demonstrated an increase of 4% (from 26% to 30%) students who Met or Exceeded Standard.

Based on this data, our school will continue to support our students on meeting and exceeding the standards. Teachers will collaborate on a weekly basis to analyze data and share best practices. Our students will need targeted enrichment and intervention with critical literacy skills such as phonics, fluency, vocabulary, and comprehension. This targeted enrichment and intervention will be addressed during direct instruction by the classroom teachers and in small groups during universal access for these critical skills by the classroom teachers, Literacy Intervention Teacher, and/or Intervention Services Provider (ISP). Our students will continue to use Lexia/Core 5 and Accelerated Reader (AR) to enhance their literacy and comprehension skills. During first instruction, teachers will provide high quality instructional strategies and teach rigorous lessons that will provide students with access to the core standards to make learning meaningful and improve student outcomes based on the state standards.

Conclusions based on this data:

Based on the 2023-2024 Math CAASPP Data in comparison to our 2022-2023 Math CAASPP Data, Third Grade demonstrated an increase of 3% (from 20% to 23%) of students who Met or Exceeded Standard. For Fourth Grade, they demonstrated a slight decrease of 1% (from 28% to 27%) students who Met or Exceeded Standard. For Fifth Grade, they demonstrated an increase of 7% (from 14% to 21%) students who Met or Exceeded.

Based on this data, our school will continue to support our students on meeting and exceeding the standards. Teachers will collaborate on a weekly basis to analyze data and share best practices. Our students will need targeted enrichment and intervention with critical mathematical practices within the CCSS: Make sense of problems and persevere in solving them; reason abstractly and quantitatively; construct viable arguments and critique the reasoning of others; model with mathematics; use appropriate tools strategically; attend to precision; look for and make use of structure; look for and express regularity in repeated reasoning. These targeted enrichment and intervention opportunities will be addressed during direct instruction by the classroom teachers and in small groups during universal access for these critical skills by the classroom teachers, and/or Intervention Services Provider (ISP). During first instruction, teachers

will provide high quality instructional strategies, incorporate tasks from the text, Building Thinking Classrooms in Mathematics, and teach rigorous lessons that will provide students with access to the core standards to make learning meaningful and improve student outcomes based on the state standards. Our classroom teachers will continue to use Mathematical Mindset Practices and students will continue to use ST Math as supports to increase mathematical skills. Our Transitional Kindergarten through Third Grade Teachers will continue to utilize Pre-K to Third Grade Coherence Collaboration (P3CC) strategies to increase students' academic language and mathematical reasoning, which will build a mathematical foundation that will lead to proficiency in the CCSS for mathematics.

School and Student Performance Data

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](http://English Language Proficiency Assessments for California (ELPAC) web page) web page or the ELPAC.org website for more information about the ELPAC.

Conclusions based on this data:

Based off our Summative ELPAC Data from Spring 2023-2024, our Kindergarten through Fifth Grade students show the need to continue building upon their language proficiency skills in order to be successful on the ELD Standards. These language domains include both Oral (Listening and Speaking) and Written (Reading and Writing). For Kindergarten, a majority of our students (52%) were at Somewhat Developed (Level 2) while 23% were at Minimally Developed. For First Grade, a majority of our students (45%) were at Somewhat Developed (Level 2) while 23% were at Moderately Developed (Level 3). For Second Grade, a majority of our students (52%) were at Moderately Developed (Level 3) while 22% were at Somewhat Developed (Level 2).

For Third Grade, a majority of our students (33%) were at Moderately Developed (Level 3) while 29% were at Somewhat Developed (Level 2). The 14% of Well-Developed Students (Level 4) will be able to reclassify if they meet the English Language Arts criteria. For Fourth Grade, a majority of our students (36%) were at Moderately Developed (Level 3) while 28% were at Well Developed (Level 4). The 28% of Well-Developed students will be able to reclassify if they meet the English Language Arts criteria. For Fifth Grade, a majority of our students (31%) were at Somewhat Developed (Level 2) while 39% were at Minimally Developed (Level 1). The 10% of Well-Developed Students (Level 4) will be able to reclassify if they meet the English Language Arts criteria.

The data shown maintains that all students are making growth across the four domains in all assessed grade levels. The focus continues to be intentional designated and integrated ELD instruction on a daily basis and throughout all content areas. All instructional practices should include the four domains of reading, writing, listening and speaking in order to ensure all students make at least one year's growth across the domains on the ELPAC.

School and Student Performance Data

California School Dashboard Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

2022-23 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
496	94.4	62.9	1.2
Total Number of Students enrolled in Rose Avenue Elementary School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2022-23 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	312	62.9
Foster Youth	6	1.2
Homeless	93	18.8
Socioeconomically Disadvantaged	468	94.4
Students with Disabilities	89	17.9

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	3	0.6
Asian	2	0.4
Hispanic	486	98
Two or More Races	1	0.2
White	4	0.8

Conclusions based on this data:

Based on the 2022-2023 Dashboard for Student Population, there were a total of three significant student groups at Rose Avenue Elementary School: Socioeconomically Disadvantaged (94.4%), English Learners (62.9%), and Students will Disabilities (17.9%). Based on the Dashboard for Enrollment by Race/Ethnicity, there was one significant student group at Rose Avenue Elementary School: Hispanic (98%).

Based on the Student Population data for these three significant student groups, Rose Avenue Elementary School will focus on analyzing formative and summative assessments in order to progress monitor student achievement outcomes, identify underperforming students, and develop targeted intervention for students not meeting grade-level standards. To support the student group of Socioeconomically Disadvantaged students, Rose Avenue Elementary School will ensure that our students and families have equitable access to academic and social emotional support to ensure their success in school. To support the student group of English Learners, Rose Avenue Elementary School will focus on strengthening both Integrated and Designated English Language Development (ELD) for English Learners (ELs) throughout the instructional day. We will also analyze formative and summative assessments in order to progress monitor our English Learner's progress towards proficiency in their language acquisition especially in the ELPAC domains of Oral Expression (Listening and Speaking) and Written Expression (Reading and Writing). To support the student group of Students with Disabilities, Rose Avenue Elementary School will concentrate on providing access to the core standards and supports to meet both their academic and social emotional goals based on their Individualized Education Plans (IEPs). Our special education case managers will collaborate with their general education colleagues, special education counterparts, School Psychologist, and special education partners at the District Office in order to provide an enriching educational plan that meets their students' various needs.

School and Student Performance Data

Overall Performance

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

2023 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts Orange	Chronic Absenteeism Orange	Suspension Rate Yellow
Mathematics Yellow		
English Learner Progress Blue		

Conclusions based on this data:

1. Based on the 2023 Fall Dashboard for Overall Performance for All Students, Rose Avenue Elementary School is at the Low Performance Level (Orange) for English Language Arts and for Chronic Absenteeism, Medium Performance Level (Yellow) for Mathematics and Suspension Rate, and a High Performance Level (Blue) for English Learner Progress.

Based on the 2023 Overall Performance, Rose Avenue Elementary School will focus on analyzing formative and summative assessments in order to progress monitor student achievement outcomes, identify underperforming students, and develop targeted intervention for students not meeting grade-level standards in English Language Arts. Teachers and School Administration will meet three to five times a year during student monitoring conferences to monitor student progress, analyze academic data, and identify targeted standards needed to increase academic achievement. To address our "Very High" Level for Chronic Absenteeism, our attendance rates will be monitored frequently and attendance mediation meetings will be held at the site level for those students with excessive tardies and/or absences. The Attendance Mediation Team will consist of the ORC, Attendance Technician, School Administrator, and Parent/Guardian. Each month, the Attendance Team will provide attendance Incentives with the use of an "Attendance Punch Card" to increase students' daily attendance and decrease the rate of chronic absenteeism.

Based on the 2023 Fall Dashboard for Overall Performance for All Students, as Rose Avenue Elementary School is at the Medium Performance Level (Yellow) for Mathematics, we will focus on analyzing formative and summative assessments in order to progress monitor student achievement outcomes, identify underperforming students, and develop targeted intervention for students not meeting grade-level standards in Mathematics. Our site will continue to supplement the current Math curriculum with rigorous math tasks to increase students' problem solving skills and with Math strategies from the Pre-K to 3 Coherence Collaboration (P3CC). We will continue our collaboration with the Math Manager and Math TOSAs in order to increase our mathematical practices in the classroom. In order to maintain a "Low" level of suspension rates, School Administrators will continue to implement progressive discipline with the use of Restorative Justice practices, social emotional supports, referrals to the School Counselor as needed, and support positive behavior with our site's PBIS efforts.

Based on the 2023 Fall Dashboard for Overall Performance for All Students, as Rose Avenue Elementary School is at the High Performance Level (Blue), our English Learners will continue to be provided with Designated English Language Development (ELD) on a daily basis with times based on their particular grade levels. Transitional Kindergarten and Kindergarten students will continue to receive 30 minutes of daily Designated ELD instruction, while students in first through fifth grades will continue to receive 45 minutes of daily Designated ELD instruction. During Designated ELD instruction, students will enhance their language acquisition through scaffolded instruction focused on oral (listening and speaking) and written (reading and writing) English language domains. All teachers will provide access to Integrated ELD throughout the day across the discipline areas including English Language Arts, Math, Social Studies, Science, Physical Education, and other areas. Integrated ELD strategies will include various opportunities for student engagement, access to vocabulary and academic terms, and scaffolded supports in each language domain as needed. Reclassified Fluent English Proficient (RFEP) students will continue to be academically monitored by their classroom teachers for a duration of four years per California State requirements.

School and Student Performance Data

Academic Performance English Language Arts

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2023 Fall Dashboard English Language Arts Performance for All Students/Student Group		
All Students  Orange 65.1 points below standard Decreased -6.9 points 221 Students	English Learners  Orange 65.2 points below standard Decreased -11.8 points 163 Students	Foster Youth Less than 11 Students 3 Students
Homeless  Yellow 68.8 points below standard Increased +6.7 points 53 Students	Socioeconomically Disadvantaged  Orange 66.7 points below standard Decreased -6.9 points 211 Students	Students with Disabilities  Orange 144.2 points below standard Increased +3.4 points 56 Students

2023 Fall Dashboard English Language Arts Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 2 Students	 No Performance Color 0 Students	Less than 11 Students 1 Student	 No Performance Color 0 Students
Hispanic	Two or More Races	Pacific Islander	White
 Orange 64.2 points below standard Decreased -7 points 215 Students	Less than 11 Students 1 Student	 No Performance Color 0 Students	Less than 11 Students 2 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2023 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
87.6 points below standard Decreased Significantly -24.4 points 106 Students	23.5 points below standard Maintained -0.6 points 57 Students	79.1 points below standard Increased +6.1 points 49 Students

Conclusions based on this data:

Based on the 2023 Fall Dashboard English Language Arts Performance for All Students/Student Groups, all students, including the student groups represented by English Learners, Socioeconomically Disadvantaged Students, Students with Disabilities (increased by 3.4 points and advanced to one performance level) , and Hispanic were at the Low Performance Level (Orange). Our student group represented by Homeless, increase to the Medium Performance Level (Yellow), which was an increase of 6.7 points.

Rose Avenue Elementary School's classroom teachers will continue to implement evidence-based instructional practices in order to provide all students clearly articulated learning goals based on Common Core State Standards. For all student groups, teachers will continue to integrate high depths of knowledge levels throughout instructional activities to increase rigor within grade-level standards; provide immediate feedback; reteach core subject matter based on formative assessment data; provide opportunities for student collaboration and peer modeling; and promote high expectations for student success on grade-level Common Core State Standards. To increase student achievement for English Learners in the area of English Language Arts, teachers will provide both Integrated and Designated English Language Development (ELD) to improve English Learners' language proficiency skills. For Students with Disabilities, teachers will continue to scaffold standards-based instruction to connect students' prior knowledge and current ability levels to grade-level standard expectations. Rose Avenue Elementary School will concentrate on providing access to the core standards and supports to meet their academic and goals based on their Individualized Education Plans (IEPs) for our Students with Disabilities. Our special education case managers will collaborate with their general education colleagues, special

education counterparts, School Psychologist, and Special Education partners at the District Office in order to provide an enriching educational plan that meets their students' various needs.

School and Student Performance Data

Academic Performance Mathematics

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the Mathematics assessment. This measure is based on student performance either on the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2023 Fall Dashboard Mathematics Performance for All Students/Student Group		
All Students  Yellow 72.4 points below standard Increased +3.7 points 221 Students	English Learners  Yellow 72.1 points below standard Increased +4.7 points 163 Students	Foster Youth Less than 11 Students 3 Students
Homeless  Yellow 65.1 points below standard Increased +13.5 points 53 Students	Socioeconomically Disadvantaged  Orange 74.7 points below standard Maintained +2.6 points 211 Students	Students with Disabilities  Red 148.5 points below standard Maintained -2.1 points 56 Students

2023 Fall Dashboard Mathematics Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 2 Students	 No Performance Color 0 Students	Less than 11 Students 1 Student	 No Performance Color 0 Students
Hispanic	Two or More Races	Pacific Islander	White
 Orange 71.4 points below standard Maintained +2.8 points 215 Students	Less than 11 Students 1 Student	 No Performance Color 0 Students	Less than 11 Students 2 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2023 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
81.1 points below standard Maintained -1.2 points 106 Students	55.4 points below standard Increased +11.7 points 57 Students	89.3 points below standard Decreased -10.9 points 49 Students

Conclusions based on this data:

Based on the 2023 Fall Dashboard Mathematics Performance for All Students/Student Groups, all students (increased by 3.7 points), including the student groups represented by English Learners (increased by 4.7 points) and Homeless (increased by 13.5 points), advanced to the Medium Performance Level (Yellow). The student groups represented by Socioeconomically Disadvantaged Students and Hispanic Students performed at the Low Performance Level (Orange). Our Students with Disabilities performed at the Very Low Performance Level (Red).

Rose Avenue Elementary School's classroom teachers will focus on integrating Mathematical Mindset strategies and Pre-K to 3 Coherence Collaboration (P3CC) throughout the instructional core Mathematics program to build students' critical thinking skills, while, at the same time, providing underperforming students intensive, small group intervention before, during, and after the instructional day. For all student groups, teachers will continue to integrate depths of knowledge levels throughout instructional activities to increase rigor within grade-level standards; provide immediate feedback; reteach core subject matter based on formative assessment data; and promote high expectations for student success on grade-level Common Core State Standards in the area of Mathematics. To increase student achievement for English Learners, teachers will provide opportunities for student collaboration and peer modeling to build English Learners' oral and written language skills and academic vocabulary in the area of Mathematics. For Students with Disabilities, teachers will continue to scaffold standards-based instruction to connect students' prior knowledge and current ability levels to grade-level standard expectations. Rose Avenue Elementary School will concentrate on providing access to the core standards and supports to meet academic goals based on their Individualized Education Plans (IEPs). Our special education case managers will collaborate with their general education colleagues, special education

counterparts, School Psychologist, and Special Education partners at the District Office in order to provide an enriching educational plan that meets their students' various needs.

School and Student Performance Data

Academic Performance English Learner Progress

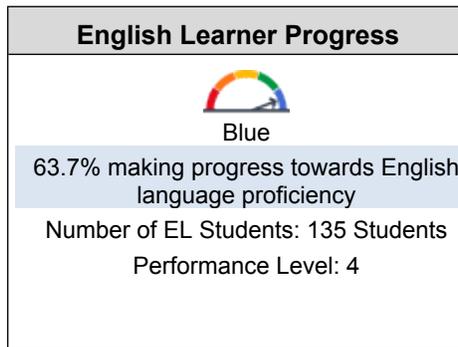

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides a view of the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2023 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2023 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
13	36	1	85

Conclusions based on this data:

Based on the 2023 Fall Dashboard English Learner Progress Indicator, our student group of English Learners is at the Very High Performance Level (Blue), which is 63.7 points above the standard. Rose Avenue Elementary school's classroom teachers will continue to strengthen both Integrated and Designated English Language Development (ELD) in order to increase English Learners' language proficiency skills throughout the instructional day. Students in grades Transitional Kindergarten through 5th grades will continue to receive daily Designated ELD instruction at their designated proficiency level to enable teachers to provide targeted, standards-based language proficiency instruction using district-adopted curriculum materials. ELD teachers will integrate appropriate scaffolding techniques to bridge students' current oral and written language levels in reading, writing, listening and speaking to levels more representative of language proficiency and fluency. Oral and written language supports and scaffolds will also be integrated throughout all core subject areas by classroom teachers in order to enable English Learners to access grade level subject matter.

School and Student Performance Data

Academic Engagement Chronic Absenteeism

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2023 Fall Dashboard Chronic Absenteeism for All Students/Student Group		
All Students	English Learners	Foster Youth
 Orange 34.5% Chronically Absent Declined -0.7 530 Students	 Orange 29.2% Chronically Absent Declined -1 339 Students	Less than 11 Students 6 Students
Homeless	Socioeconomically Disadvantaged	Students with Disabilities
 Orange 31.8% Chronically Absent Declined -2 107 Students	 Orange 34.9% Chronically Absent Declined -1.4 499 Students	 Red 45.3% Chronically Absent Increased 1.9 117 Students

2023 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 4 Students	 No Performance Color 0 Students	Less than 11 Students 2 Students	 No Performance Color 0 Students
Hispanic	Two or More Races	Pacific Islander	White
 Orange 34.1% Chronically Absent Declined -1.4 519 Students	Less than 11 Students 1 Student	 No Performance Color 0 Students	Less than 11 Students 4 Students

Conclusions based on this data:

Based on the 2023 Fall Dashboard Chronic Absenteeism for All Students/Student Groups, all students, especially student groups represented by English Learners, Homeless, Socioeconomically Disadvantaged Students, and Hispanic were at the Orange Performance Level, which is at the "High" level of Chronic Absenteeism. Our Students with Disabilities were at the Red Performance Level, which is a the "Very High" level of Chronic Absenteeism. Attendance rates will be monitored and Attendance Meditation Meetings will be held at the site level for those students with excessive tardies and/or absences. The Attendance Mediation Team will consist of the ORC, Attendance Technician, School Administrator, and Parent/Guardian. Each month, the Attendance Team will provide attendance incentives with the use of an "Attendance Punch Card" to increase students' daily attendance and decrease the rate of chronic absenteeism. School staff will provide support to families and will recommend and/or refer parents to Ventura County based social services, counseling, or other community-based services programs with the intention of offering families support to address barriers which negatively impact student attendance. In order to support Students with Disabilities in the area of Chronic Absenteeism, our special education case managers and Administrators will work with families as the nature of students' disabilities can impact their school attendance. The School Principal will work with both the Special Education Department and the Transportation Department as a majority of our Students with Disabilities receive transportation services as our Mild to Moderate Special Day Class is not offered at their home school.

School and Student Performance Data

Conditions & Climate Suspension Rate

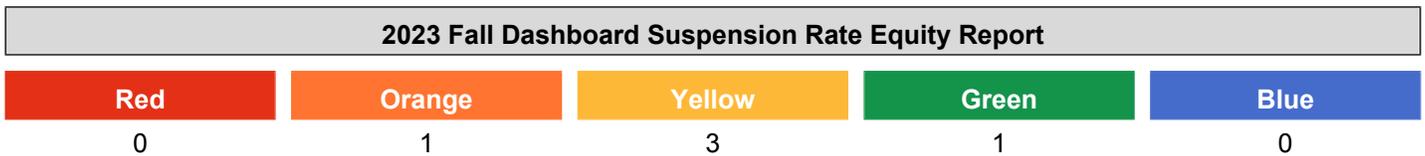

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2023 Fall Dashboard Suspension Rate for All Students/Student Group		
All Students	English Learners	Foster Youth
 Yellow	 Orange	Less than 11 Students 6 Students
0.9% suspended at least one day	1.4% suspended at least one day	
Increased 0.3 557 Students	Increased 0.9 351 Students	
Homeless	Socioeconomically Disadvantaged	Students with Disabilities
 Green	 Yellow	 Yellow
0.9% suspended at least one day	1% suspended at least one day	0.8% suspended at least one day
Declined -0.3 112 Students	Increased 0.4 521 Students	Increased 0.8 120 Students

2023 Fall Dashboard Suspension Rate by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 5 Students	 No Performance Color 0 Students	Less than 11 Students 2 Students	Less than 11 Students 1 Student
Hispanic	Two or More Races	Pacific Islander	White
 Yellow 0.9% suspended at least one day Increased 0.3 543 Students	Less than 11 Students 1 Student	 No Performance Color 0 Students	Less than 11 Students 5 Students

Conclusions based on this data:

Based on the 2023 Fall Dashboard Suspension Rate for All Students/Student Group, all students, including the three student groups represented by Socioeconomically Disadvantaged, Students with Disabilities, and Hispanic were at the Medium Level (Yellow) for Suspension Rates. English Learners were at the "High" Level (Orange), while our Homeless Students were at the "Low " Level (Green) Green in the area of Suspension Rates. In order to maintain a "Low" level of suspension rates, School Administrators will continue to implement progressive discipline with the use of Restorative Justice practices, Social Emotional Supports, Referrals to the School Counselor as needed, and support positive behavior with our site's PBIS efforts. Our school will continue to be dedicated to establishing and reinforcing positive relationships with our students in order to maintain a positive learning environment.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Language Arts and Math

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

All students will reach high academic standards in reading, Mathematics and ELD.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase the capacity of teachers to deliver effective data-driven instruction
 To provide equipment, materials, and technology resources that support high quality instruction
 To provide opportunities for teachers to collaborate to improve instructional outcome.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Star Early Literacy: Kindergarten Star Reading: 1st -5th grades	The percentage of students who scored At or Above Benchmark on the End of the Year 2024 Star Assessments: <ul style="list-style-type: none"> Kindergarten-52% 1st grade- 37% 2nd grade- 40% 3rd grade- 23% 4th grade- 26% 5th grade- 30% 	Based on the 2023-2024 Grade Level Cohorts, the 2024-2025 Grade Level Cohorts will demonstrate growth by moving at least one to two levels across the different bands on the Star Assessments. The percentage of students who will score At or Above benchmark will increase to: <ul style="list-style-type: none"> Kindergarten- 72% 1st grade- 58% 2nd grade- 58% 3rd grade- 60% 4th grade- 43% 5th grade- 46%

1.14	The Oxnard School District, with partnership of VCOE, will provide a Migrant Education Summer School program to provide academic and enrichment support to Migrant students.	English Learners	District Funded 5800: Professional/Consulting Services And Operating Expenditures Contract for Migrant Services
1.15	Teachers will continue to provide enrichment opportunities, differentiated lessons, and accelerated instruction to meet the needs of our students that have been identified as GATE students and for other high performing students.	All Students	No additional cost
1.16	Classroom Teachers will provide after school tutoring for intensive intervention in the areas of ELA and Math for all grade levels. Teachers will also have the opportunity to attend professional development to support their implementation of specific interventions.	All Students	7,500 LCFF 1000-1999: Certificated Personnel Salaries Teachers: Extra Help/Tutoring 2,000 LCFF 3000-3999: Employee Benefits Certificated Benefits
1.17	Support registration fees, assemblies, entrance fees and transportation for field trips that are aligned to Common Core State Standards and/or School Strand Focus (Science/Wellness). This will allow the site to provide first-hand interactive experiences. Field trips will be provided to students at the beginning of units to provide background and interest in future lessons.	All Students	6,000 LCFF 5000-5999: Services And Other Operating Expenditures Field Trip Transportation 2,500 LCFF 5000-5999: Services And Other Operating Expenditures Services, registration, and entrance fees
1.18	Provide loaner iPads to students when necessary for classroom lessons and district/state testing. (For example, if iPads are damaged or left at home.) Replenish computer supplies and software as needed. (For example, replenish headphones and keyboards.)	All Students	2,000 LCFF 4000-4999: Books And Supplies Computer Equipment Over \$500 1,000 LCFF 4000-4999: Books And Supplies

			Computer Supplies and Software
1.19	Monitor Special Education students' progress on annual goals in ELA, Math, ELD, Speech/Language, Motor Skills Development, and/or Social-Emotional during IEP Meetings. Work as an IEP Team to determine free and appropriate public education and make evidence-based decisions on students' least restrictive environment. Extracurricular activities will be inclusive of our Special Education students which includes but is not limited to recess breaks, lunch, field trips, assemblies, and mainstreaming if noted in students' IEPs.	Students with Disabilities	Floating Certificated Substitutes for Teacher Release to attend IEP Meetings: See Goal 1.1.
1.29	Special Education Team members will meet with our Special Education Manager once a month to determine the dates for IEPs, discuss student progress towards IEP goals, and to discuss possible Change of Placements.	Students with Disabilities	No additional cost
1.33	The Leadership Team, PBIS Team, Classroom Teachers and Support Staff will be able to attend professional development opportunities and conferences for professional growth (GATE, PBIS, Science/Wellness, CUE, etc.). Teachers will also be able to attend professional development opportunities hosted by our District's Math Manager, TOSAs (Ed Tech, Literacy, TK/K, ELD), Science Instructional Specialist, and History/Social Science Specialist. Rose Avenue will also have a site-based Literacy TOSA that will support teachers with high quality, rigorous literacy instruction to meet the needs of our students.	All Students	7,500 LCFF 5800: Professional/Consulting Services And Operating Expenditures Travel and Conference District Funded 1000-1999: Certificated Personnel Salaries Site-Based Literacy TOSA District Funded 1000-1999: Certificated Personnel Salaries Math Manager and TOSAs Teachers-Extra Help/Tutoring: See Goal 1.16
1.34	With support from our Technology Services Technician (TST), students and families will continue with implementation of our Learning Management System, Canvas, and with district-wide applications (Lexia/Core 5, ST Math, and myON). The TST will also support staff, students, and families with troubleshooting 1:1 devices and with other technological needs.	All Students	District Funded 2000-2999: Classified Personnel Salaries Technology Services Technician

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Throughout the 2023-2024 school year, Rose Avenue Elementary School focused on building rigor across all the grade levels, while scaffolding instruction to strengthen students' skills to achieve proficiency on grade level standards in both our Structured English Immersion (SEI) Program and Mild to Moderate Special Education (SPED) Program. Teachers were able to collaborate frequently during PLCs to review data and make informed decisions on how to meet the needs of their students. Teachers were also given opportunities to attend professional development opportunities to enhance classroom practices and Tier 1 classroom interventions.

Within a Professional Learning Community (PLC), grade level teams and the Special Education department collaborated on a regular basis to analyze data from both formative (Star Early Literacy/Reading/Math) and summative (ELPAC) assessments to monitor student achievement and identify learning targets to modify instruction. This data analysis enabled teachers to identify students who need specific targeted interventions and referrals to the Student Success Team (SST).

Overall, the culmination of strategies supported Goal 1 as we saw an increase of systematic structures within the classrooms, an increase of progress monitoring towards grade level standards, the inclusion of appropriate Tier 1 and Tier 2 interventions, and a majority of our grade levels achieved academic gains on the 2023-2024 CAASPP. For Math CAASPP, our fourth graders demonstrated a 6% gain and our fifth graders demonstrated a 4% gain.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Funds were allocated for two Intervention Service Providers (ISPs), Our site was not able to hire one individual at the expected start time, but we were able to hire the additional ISP in February 2024. We will continue with this action item so they can support students with Tier 2 interventions in the core areas of English Language Arts and Math.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Based on the analysis of the 2023-2024 SPSA, academic achievement results demonstrate the need for data driven and structured collaboration via Professional Learning Communities (PLCs); implementation of intervention via small groups at each grade level for English Language Arts and Math; an increased number of formative assessments to monitor student progress; professional development opportunities to support academic and social-emotional learning; and enrichment activities to promote a stimulating learning environment. These changes can be found in the following SPSA sections: Plan Description, Comprehensive Needs Assessment Components, and Planned Improvements for Goal 1.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 2

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Social Emotional Support and School Climate

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase positive attendance
 To decrease the suspension rate
 To increase positive behavior
 To ensure a safe environment
 To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Panorama: Teacher Perception of Student Survey (Kinder-2nd Grade)	Spring 2024 Panorama Data: Kinder-2nd Grade Emotion Regulation: 70% Self-Management: 50% Social Awareness: 68%	Increase positive Panorama survey results by 20% across Kinder-2nd Grade: Emotion Regulation: 90% Self-Management: 70% Social Awareness: 88%
Panorama Survey: 3rd-5th Grade Students	Spring 2024 Panorama Data: 3rd-5th Grade Emotion Regulation: 52% Growth Mindset: 54% Self-Management: 62% Engagement: 55% Sense of Belonging: 61% Social Awareness: 63% Teacher-Student Relationships: 77%	Increase positive Panorama survey results by 20% across 3rd-5th Grades: Emotion Regulation: 72% Growth Mindset: 74% Self-Management: 82% Engagement: 75% Sense of Belonging: 81% Social Awareness: 83% Teacher-Student Relationships: 97%
Suspension Rate	For the 2023-2024 school year, there was a total of 1 (-0.01%) off-campus suspension.	Maintain a very low off-campus suspension rate and continue to reduce suspension rates.

Office Discipline Referrals	Based on Office Referral Data for the 2023-2024 school year, there were 297 office referrals.	Office Referrals will be reduced by 25% during the 2024-2025 school year.
Attendance Rate	The average school wide yearly attendance was 95% for the 2023-2024 school year. The Chronic Absence percentage was 5% for the 2023-2024 school year.	Increase the annual attendance rate by 4%. Reduce the 2024-2025 Chronic Absence rate by 4%.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/Activity #	Description	Students to be Served	Proposed Expenditures
2.1	Continue with implementation of the PBIS/CHAMPS/STOIC model both in the classroom and throughout the school campus. The PBIS Team will meet monthly to identify next steps and needed resources for school-wide CHAMPS implementation (safety and recess equipment use), "Re-CHAMP" the playground due to ongoing construction, monitor progress towards decreasing the overall number of office discipline referrals and suspensions, and to develop possible actions that support teachers who have concerns regarding individual student behavior.	All Students	Materials and Supplies: See Goal 1.3
2.2	School Counselor will facilitate school enrichment activities and clubs to engage students in mindful, learning strategies and SEL activities. The School Counselor will also organize monthly "Wellness Wednesdays" where students and staff can participate in Wellness Centers and Calming Techniques. These Wellness Centers will also be provided during State Testing and other events where these resources are needed to decrease stress or anxiety throughout the year.	All Students	District Funded 1000-1999: Certificated Personnel Salaries Counselor Salary Materials and Supplies: See Goal 1.3
2.3	Our School Counselor and Outreach Coordinator will provide PBIS/CHAMPS incentives to support positive student behavior and encourage all staff members to send families PAW-sitive Puma Postcards to recognize students who demonstrate positive behavior on campus. All students will be rewarded with positive behavior reinforcements via Puma/CHAMPS bucks that can be utilized at our CHAMPS store twice a month. The Counselor and ORC will also oversee the CHAMPS Activity Room, where students use calming, alternative activities/supports when experiencing a difficult time in the classroom or during recess.	All Students	Materials and Supplies: See Goal 1.3 District Funded 1000-1999: Certificated Personnel Salaries Counselor Salary District Funded 2000-2999: Classified Personnel Salaries ORC Salary
2.4	Attendance rates will be monitored and Attendance Meditation Meetings will be held at the site level for those students with excessive tardies and/or absences. The Attendance Mediation Team will consist of the ORC, Attendance Technician, School	All Students	District Funded 2000-2999: Classified Personnel Salaries

	Administrator, and Parent/Guardian. Each month, the Attendance Team will provide Attendance Incentives with the use of an "Attendance Punch Card" to increase students' daily attendance and decrease the rate of chronic absenteeism for students exhibiting challenges with daily attendance.		Outreach Coordinator and Attendance Technician's Salaries Materials and Supplies: See Goal 1.3
2.5	Office staff will effectively maintain daily school operations to respond to students safety/health needs, assist in documenting/filing incident reports, and supporting school families before, during, and after school hours as needed. This may include Spanish translations of school documents.	All Students	500 Title III 2000-2999: Classified Personnel Salaries Clerical Extra Help: Family/Parent Support 208 Title III 2000-2999: Classified Personnel Salaries Clerical: Benefits 3,500 LCFF 2000-2999: Classified Personnel Salaries Clerical Overtime: Family/Parent Support 1,300 LCFF 3000-3999: Employee Benefits Clerical: Benefits
2.7	Continue implementing the MTSS model using the SST process to monitor student attendance, counseling services, and discipline data in order to identify students who are in need of targeted intervention and support to address social/emotional/behavioral/attendance needs.	All Students	Floating Certificated Substitutes for Teacher Release to attend SST Meetings: See Goal 1.1 District Funded 2000-2999: Classified Personnel Salaries Outreach Coordinator Salary District Funded 1000-1999: Certificated Personnel Salaries Counselor Salary
2.8	Campus Supervisors will provide student supervision before school, during lunch and recess breaks, at school dismissal, and during school events that are after school or working hours. Campus Supervisors will also receive ongoing training by our School Administrator, School Counselor, and PBIS Committee Members to support our CHAMPS protocols, routines, and procedures.	All Students	3,500 LCFF 2000-2999: Classified Personnel Salaries Extra Help from Campus Supervisors 1,200 LCFF 3000-3999: Employee Benefits Classified Benefits for Campus Supervisors (Extra Help)

2.9	Ensure confidentiality of documents containing student information.	All Students	2,810 LCFF 5000-5999: Services And Other Operating Expenditures Maintenance Agreement for Shredding Services:
2.10	The Outreach Consultant will work with students, families, and school staff in order to provide student services, resources, referrals to outside agencies, and technology support.	All Students	District Funded 2000-2999: Classified Personnel Salaries Outreach Coordinator Salary
2.11	Establish and implement our Comprehensive School Safety Plan where all staff and students participate in: <ul style="list-style-type: none"> • Monthly fire drills • Per Trimester: Priority 1 & 2 Lockdown drills • Quarterly earthquake drills • Annual evacuation drill • Professional development for first aid and safety for all staff 	All Students	No additional cost
2.13	Based on Panorama data and classroom needs, the School Counselor will provide social-emotional support for students and teachers with social-emotional classroom lessons. Our Counselor will also provide support for students and parents through individual/group counseling, facilitating social skill groups, and outside referrals to agencies for additional services.	All Students	District Funded 1000-1999: Certificated Personnel Salaries Counselor Salary
2.14	Continue to provide school-based assemblies for: Drug, Tobacco, and Alcohol Prevention Education (Red Ribbon Week); Kindness Week; Academic and Positive Behavior Recognition/Awards; Student Enrichment; Anti-Bullying; and PBIS	All Students	Materials and Supplies: See Goal 1.3
2.16	Certificated and classified staff will receive ongoing training on CHAMPS, Restorative Justice practices, and NCPI. Further review, discussion, and implementation of CHAMPS will be conducted by the PBIS/CHAMPS Committee.	All Students	Travel and Conference: See Goal 1.33
2.17	Students and Staff will participate in monthly school spirit weeks and national awareness activities (ex: Unity Day, Anti-Bullying Awareness, Autism Awareness, Red Ribbon Week, Breast Cancer Awareness, Mental Health Awareness, Great Kindness Challenge, Epilepsy Awareness, etc.).	All Students	No additional cost
2.18	The safety committee will meet on a regular basis (each trimester or as needed) to review the School Safety Plan and make revisions as necessary to improve ongoing emergency disaster preparedness. The committee will also monitor entrance/exit procedures and make changes as necessary to ensure student safety, reduce hazards, and alleviate traffic congestion.	All Students	No additional cost
2.19	Ensure administrative site coverage when the School Principal is absent or off-site.	All Students	2,500 LCFF 1000-1999: Certificated Personnel Salaries

			Administrative Support/Extra Help 297 LCFF 3000-3999: Employee Benefits Administrative Coverage: Benefits
2.20	School Principal, School Counselor, and ORC will engage in 1:1 check-ins with our Foster and Homeless youth to provide academic and/or social-emotional support. The support staff will also maintain constant communication with their parents, guardians, and outside agencies in order to ensure access to a positive and effective educational program.	Foster Youth Homeless Socioeconomically Disadvantaged	No additional cost
2.21	All staff will participate in mandatory trainings including: Mandated Reporting, Active Shooter, Threat Assessment, Bullying, Suicide Prevention, and Drug/Alcohol Policies.	All Students	No additional cost
2.22	The Panorama Survey will be administered 3 times a year (Fall, Winter and Spring) to students in order to obtain data about our school climate and our students' social emotional needs.	All Students	District Funded 5800: Professional/Consulting Services And Operating Expenditures Panorama contract
2.23	Ensure a successful transition from elementary school to middle school by coordinating with district Middle School sites to conduct elementary school visits to promote student interest in site programs. The site will support students with AVID applications and invite the Middle School Team for presentations as needed. SPED case managers will organize Middle School Transition IEP Meetings to ensure the continuation of SPED services.	All Students Students with Disabilities	Floating Certificated Substitutes for Teacher Release to attend IEP Meetings: See Goal 1.1

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Rose Avenue Elementary School continues to take pride in our Platinum Award recognition from the California Coalition of PBIS for our efforts in providing Positive Behavior Interventions and Supports to our school community. During the 2023-2024 school year, the Puma Staff remained dedicated to enhancing students' school connections, maintaining an inclusive environment, and continuing with safety protocols. The Principal, Outreach Coordinator, and Attendance Technician met regularly to monitor student attendance, identify students at-risk regarding chronic absenteeism, and implement support when necessary. The Principal, support staff, and Student Council Representatives planned for monthly Spirit Weeks, CHAMPs assemblies each trimester, and Friday Morning Messages in order to enhance school connectedness and school safety. To provide a safe and engaging environment, our PBIS Team also met on a regular basis to restructure the playground during construction, revise CHAMPS protocols, and review office discipline referral data.

The PBIS Team monitored this data every other month to provide recommendations to school staff and to identify needed supports in the recreational areas. Based on PBIS recommendations and student interests, the school site was able to use funds to purchase recreational items due to our site's limited playground area for ongoing construction.

As we strived to meet our students' social, emotional, and behavioral needs, students were identified through the SST process to receive social-emotional services. Our school Counselor utilized the SST referrals and monitored social-emotional data via the Panorama Survey to provide 1:1 and/or group counseling, facilitate social skill groups, and refer students to outside counseling services when needed. Our district's progressive discipline matrix, CHAMPS model, and Restorative Justice practices assisted teachers and the School Administrators with clear guidelines for responding to student behavior.

Overall, the culmination of strategies supported Goal 2 as we observed positive connections between our Puma community, an increase of PBIS structures both within and outside our classrooms, and an inclusion of social emotional strategies in a majority of our classroom settings. Our school Administrators and support staff were also able to form positive relationships as we counseled students, provided social emotional check-ins, and taught social skills.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Funds were allocated for Campus Supervisors to attend professional development for a CHAMPS refresher, but not all campus supervisors were able to attend due to their limited availability.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Based on the analysis of the 2023-2024 SPSA, Panorama Survey results demonstrate the need for data driven and structured collaboration via Professional Learning Communities (PLCs); classroom lessons by our School Counselor on Emotion Regulation, Growth Mindset, Self-Management, Sense of Belonging and Social Awareness; School Connection activities to enhance student, staff, and family engagement. The PBIS Team will continue to develop learning experiences that reinforce our schoolwide CHAMPS/STOIC expectations both in the classroom and outside the classroom. These changes can be found in the following SPSA sections: Plan Description, Comprehensive Needs Assessment Components, and Planned Improvements for Goal 2.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 3

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Parent and Family Engagement

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase communication through websites and social media so parents and community are informed about district and school instructional programs and activities.
To facilitate parent involvement in the educational and social-emotional well-being of their children.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Parent Participation at school meetings and workshops (Examples: Title 1, meetings, Coffee with the Principal, Parent/Family Nights, PTA, SSC).	For the 2023-2024 School year, Parent Attendance ranged from 10-15 parents per meeting and/or workshop.	Parent attendance at school meetings and workshops will increase by 40% during the 2024-2025 school year as measured by attendance sign-in sheets.
Parent Participation in ELAC meetings	For the 2023-2024 School year, Parent attendance at ELAC meetings ranged from 8-12 parents per meeting.	Parent attendance at ELAC meetings will increase by 40% during the 2024-2025 school year as measured by ELAC attendance sign-in sheets.
Panorama: Parent Survey: participation and results	For the 2023-2024 Winter Window, our site had 117 parent responses. School Climate: 80% Family Efficacy: 66% Barriers to Engage: 86% Family-School Communication: 73% Family Engagement: 8%	Parent Responses will increase by 100 responses during the 2024-2025 school year as measured by the Panorama survey. Our goal is to increase the Panorama Survey Results by 15% in the areas of: School Climate: 195% Family Efficacy: 81% Barriers to Engage: 100% Family-School Communication: 88%

Our goal is to increase the Panorama Survey Results by 50% in the area of: Family Engagement: 58%

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/Activity #	Description	Students to be Served	Proposed Expenditures
3.1	Continue to conduct Title 1 meetings to inform families of opportunities and supports supported by Title I funds.	All Students	No additional cost
3.3	With support from our school's Outreach Coordinator, parents will be welcomed to attend our site's monthly parent meetings (ELAC and SSC). Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Parents and families play an integral role in their child's academic success. Our School Site Council (SSC), English Learner Advisory Committee (ELAC), and Parent Teacher Association (PTA) offer and encourage parents to become active participants in their children's education. During the 2023-2024 school year, the School Principal, Outreach Coordinator, and School Counselor hosted Parent/Family Education Nights based on Report Cards/Grading, Attendance, Growth Mindset, and other relevant topics based on parents' needs. Teachers and School Families met for Parent-Teacher Conferences (and throughout the year as needed) to discuss student progress towards the grade level standards and to identify needed supports or strategies to be utilized at home. Our site maintained constant communication with school families via Parent Square, our school website, social media accounts (Facebook/Instagram), and our school marquee.

Overall, the culmination of strategies somewhat supported Goal 3 as we had high attendance rates for parent-teacher conferences but a low attendance rate for parent/family workshops and a low participation rate on our Panorama Survey for families. Our support staff will work on creating an interest survey in order to increase attendance rate at parent/family trainings and we will also invite parents on campus so we can support them with the online Panorama Survey during the survey's window.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Funds were allocated for Parent/Family nights, but we had low attendance rates from our school families. In order to increase parent participation at our Parent/Family nights, we will need to create an interest survey to gather data to best support our family/parent needs. Our support staff will reach out to local agencies for future parent workshops and family resources.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Based on the analysis of the 2023-2024 SPSA, Rose Avenue School Staff will focus on fostering meaningful and convenient ways to increase parent involvement/family engagement. Our staff will remain dedicated to creating various opportunities to enhance parent and family engagement in order to support students' success in school. The school will continue to provide technological supports and trainings on the district-adopted applications (Lexia/ST Math/ MyOn/AR) and on Canvas, our learning management system, so parents can support students at home. Our support staff will reach out to local agencies for future parent workshops and family resources. These changes can be found in the following SPSA sections: Plan Description, Comprehensive Needs Assessment Components, and Planned Improvements for Goal 3.

Budget Summary

Complete the Budget Summary Table below. Schools may include additional information, and adjust the table as needed. The Budget Summary is required for schools funded through the Consolidated Application (ConApp).

Budget Summary

DESCRIPTION	AMOUNT
Total Funds Provided to the School Through the Consolidated Application	\$64,764
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$252,567.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0

Other Federal, State, and Local Funds

List the additional Federal programs that the school includes in the schoolwide program. Adjust the table as needed.

Note: If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.

Federal Programs	Allocation (\$)
Title I	\$43,526.00
Title III	\$21,238.00

Subtotal of additional federal funds included for this school: \$64,764.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Allocation (\$)
LCFF	\$97,432.00
Prop 28	\$90,371.00

Subtotal of state or local funds included for this school: \$187,803.00

Total of federal, state, and/or local funds for this school: \$252,567.00

The tables below are provided to help the school track expenditures as they relate to funds budgeted to the school.

Funds Budgeted to the School by Funding Source

Funding Source	Amount	Balance
Title I	43,526	0.00
Title III	21,238	0.00
LCFF	97,432	0.00
LCFF - Intervention	0	0.00
Prop 28	90,371	0.00

Expenditures by Funding Source

Funding Source	Amount
LCFF	97,432.00
Prop 28	90,371.00
Title I	43,526.00
Title III	21,238.00

Expenditures by Budget Reference

Budget Reference	Amount
1000-1999: Certificated Personnel Salaries	141,125.00
2000-2999: Classified Personnel Salaries	20,108.00
3000-3999: Employee Benefits	10,544.00
4000-4999: Books And Supplies	41,980.00
5000-5999: Services And Other Operating Expenditures	11,810.00
5700-5799: Transfers Of Direct Costs	7,000.00
5800: Professional/Consulting Services And Operating Expenditures	20,000.00

Expenditures by Budget Reference and Funding Source

Budget Reference	Funding Source	Amount
1000-1999: Certificated Personnel Salaries	LCFF	16,500.00
2000-2999: Classified Personnel Salaries	LCFF	9,800.00
3000-3999: Employee Benefits	LCFF	6,754.00
4000-4999: Books And Supplies	LCFF	36,068.00
5000-5999: Services And Other Operating Expenditures	LCFF	11,310.00
5700-5799: Transfers Of Direct Costs	LCFF	7,000.00
5800: Professional/Consulting Services And Operating Expenditures	LCFF	10,000.00
1000-1999: Certificated Personnel Salaries	Prop 28	90,371.00
1000-1999: Certificated Personnel Salaries	Title I	33,254.00
2000-2999: Classified Personnel Salaries	Title I	7,000.00
3000-3999: Employee Benefits	Title I	2,615.00
4000-4999: Books And Supplies	Title I	657.00
1000-1999: Certificated Personnel Salaries	Title III	1,000.00
2000-2999: Classified Personnel Salaries	Title III	3,308.00
3000-3999: Employee Benefits	Title III	1,175.00
4000-4999: Books And Supplies	Title III	5,255.00
5000-5999: Services And Other Operating Expenditures	Title III	500.00
5800: Professional/Consulting Services And Operating Expenditures	Title III	10,000.00

Expenditures by Goal

Goal Number	Total Expenditures
Goal 1	227,406.00
Goal 2	15,815.00
Goal 3	9,346.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Diana Perez	Principal
Veronica Barraza	Classroom Teacher
Charlotte Hwan	Classroom Teacher
Michelle Robledo	Classroom Teacher
Alejandra Santos	Other School Staff
Lucy Fernandez	Parent or Community Member
Sanjuana Franco	Parent or Community Member
Melissa Garcia	Parent or Community Member
Martha Gutierrez	Parent or Community Member
Daisy Magana	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

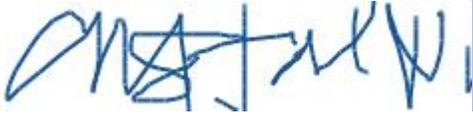

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 5/16/2024.

Attested:

Principal, Diana Perez on 5/16/2024

SSC Chairperson, Michelle Robledo-Canchola on 5/16/2024

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

Instructions: Table of Contents

- Plan Description
- Educational Partner Involvement
- Comprehensive Needs Assessment
- Goals, Strategies/Activities, and Expenditures
- Annual Review
- Budget Summary
- Appendix A: Plan Requirements for Title I Schoolwide Programs
- Appendix B: Select State and Federal Programs

For additional questions or technical assistance related to LEA and school planning, please contact the CDE's Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the LEA, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:

Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:

When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- Strategy/Activity #: Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- Description: Describe the strategy/activity.
- Students to be Served: Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- Proposed Expenditures: List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to EC Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- Funding Sources: List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
 - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
 - a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. Use methods and instructional strategies that:
 - i. Strengthen the academic program in the school,
 - ii. Increase the amount and quality of learning time, and
 - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. Strategies to improve students' skills outside the academic subject areas;
 - ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: Title 34 of the *Code of Federal Regulations (34 CFR)*, sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. *EC* sections 64001 et. seq.

Appendix B: Plan Requirements for School to CSI/ATSI Planning Requirements

For questions or technical assistance related to meeting federal school improvement planning requirements, please contact the CDE’s School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education’s “Using Evidence to Strengthen Education Investments” at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

CSI Resources

For additional CSI resources, please see the following links:

- **CSI Planning Requirements** (see Planning Requirements tab):
<https://www.cde.ca.gov/sp/sw/t1/csi.asp>
- **CSI Webinars:** <https://www.cde.ca.gov/sp/sw/t1/csiwebinars.asp>
- **CSI Planning Summary for Charters and Single-school Districts:**
<https://www.cde.ca.gov/sp/sw/t1/csiplansummary.asp>

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Updated by the California Department of Education, October 2023

School Plan for Student Achievement (SPSA)

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Sierra Linda Elementary	56725386055388	May 29, 2024	August 21, 2024

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California’s ESSA State Plan supports the state’s approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state’s Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous

cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Sierra Linda Elementary for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Sierra Linda Elementary for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

The Vision at Sierra Linda is: Empowering ALL Children to Achieve Excellence. Our Mission is: We encourage children to become creative, academically competent, responsible citizens within a safe and healthy environment where all individuals are nurtured and respected. Our vision and mission are in line with the vision and mission of the Oxnard School District. The Mission of the Oxnard School District is: In Oxnard School District, we nurture self-confident and empowered multilingual global citizens, strong in their multiple identities and potential, who achieve inspired levels of individual, community, and social accomplishment in school and beyond in their endeavors. The Oxnard School District's Vision is: Ignite, Transform, Nurture, Embrace.

Oxnard School District has created a strategic plan in order to ensure that we fully develop our student profile and work toward fulfilling our Mission, Vision, and Student Profile.

Our strategies/activities support our values and principles: Equity and Excellence; Safe and Affirming Environments; Achievement/Performance, Multilingualism, Global and Socio-Cultural Competence; Relationships built on Integrity, Mutual Trust, Respect, and Caring; and Professional Accountability and Service. Our strategies/activities support our values and principles: Equity and Excellence; Safe and Affirming Environments; Achievement/Performance, Multilingualism, Global and Socio-Cultural Competence; Relationships built on Integrity, Mutual Trust, Respect and Caring; and Professional Accountability and Service.

A guiding focus for the district is on five strategic goals which form the framework for powerful and sustainable school and district transformation: Student Academic Engagement and Achievement; a Positive and Safe Learning Environment and School Climate; Guidance and Support to Sites; Family/Community Alliances for Student Success and Transformational Leadership and Infrastructure.

All of our strategies/activities are designed to further these pedagogical principals:

1. Identify, activate, and build on student strengths.
2. Affirm student identities by challenging the devaluation of minoritized students' identities.
3. Establish powerful relationships that nurture equity and success.
4. Engage students actively in the learning process., by amplifying student voice.
5. Create environments of enrichment, rather than remediation, that engage students' multilingual repertoires.
6. Situate learning in the lives of students by connecting to their lives.
7. Elicit high intellectual performances that help connect students' identities to academic engagement.
8. Address the prerequisites for learning, including incorporating pedagogical practices that challenge coercive relations of power.

At Sierra Linda, we are committed to developing a rigorous and supportive instructional program that prepares each child for college and/or career pathways and supports the achievement of the Oxnard School District Student Profile and Vision and Mission of the district. We will focus in the area of teaching and learning to successfully meet the needs of all students. The highly committed staff has been dedicating themselves to the full implementation of Common Core State Standards (CCSS) with an emphasis on technology through the implementation of 1:1 devices for all students in grades TK-5; including supporting instructional programs/apps such as Star Assessment in ELA and Math, Lexia/Core5, myON, ST Math, and Accelerated Reader. Our goals can be realized by following a Theory of Action, which constitutes committing to a vision of success; to be relentless in clarifying and supporting classroom leadership; building school leadership; to benefit from organized district leadership; and to engage our families and community, which will lead us to become a highly effective and equitable school.

Through our shared Vision and Mission, the staff at Sierra Linda is working to ensure that our instructional program meets the academic needs of each student and addresses Goal 1.0 of the Strategic Plan with a focus on student academic achievement and engagement. Teachers meet in grade-level teams regularly in order to plan together. During our staff and collaboration meetings, they analyze data and plan rigorous standards-based lessons that support students' academic progress. The staff participates in district and site professional development to improve and implement instructional practices. The teaching staff at Sierra Linda is committed to the process of implementing CCSS and is dedicated to promoting higher-level thinking and learning for all students. Our staff will continue to implement our

strand focus of Health and Art as part of our integrated curriculum. We will support the strand focus by providing funding and enrichment activities for all students.

In all classes, integrated ELD instruction is embedded throughout all subjects and explicitly taught during designated ELD instructional time. The progress of EL students is closely monitored during grade level meetings, student monitoring conferences, and through the Multi-Tiered System of Supports (MTSS) process. We use additional programs and tools in order to provide all our students with various learning opportunities. Accelerated Reader helps students hone their comprehension skills and encourages a love of reading. ST Math and Lexia/Core5 programs provide additional opportunities for students to revisit critical reading and math skills. Teachers use various technical applications that support the development of foundational reading and math skills. Every student has received an iPad for use at home and at school. Teachers continue to receive training on the use of iPads and share ideas with each other on how to develop students' knowledge of programs and applications. Students receive digital citizenship instruction. Parents are informed of the benefits of technology as it relates to the education of their children.

Students receive differentiated instruction in reading in all grade levels during the week. Through district funding, the district has hired Literacy Intervention Teachers in order to support instruction. The student groups are small and the instruction is targeted to specific reading needs based on Star Reading Assessment and Leveled Literacy Intervention program results. Our school has recently exited being identified as ATSI (Additional Targeted Support and Improvement), due to growth of our students on the SBAC. The CDE makes this determination based on previous student performance from state-mandated assessments and data collection. We have identified strategies/activities that have a positive impact on student learning, such as providing tutoring for learning recovery after-school and including students in targeted universal access times during the day to focus on their academic growth. Our Special Education teachers are also involved and special education students are mainstreamed with the general education population through this model. Intervention materials are used, as well as supplemental materials for students who need to be more academically challenged. Classroom teachers use data from Star assessments, adopted curriculum assessments, and teacher-created assessments to focus on Reading and Math skills during regular classroom instruction.

Goal 2.1 of the Strategic Plan focuses on multi-tiered systems of supports. We have instituted an instructional and behavior intervention program, using the MTSS model, which revolves around ensuring that students are successful. Our MTSS model includes processes to identify and assist students who are not making necessary academic gains and/or are having social-emotional issues in order to provide students with a safe learning environment and to instill necessary life skills so they can continue to be productive citizens beyond their attendance at Sierra Linda. We have regular SST (Student Success Team) meetings which include the principal, the school psychologist, special education staff, the counselor, classroom teachers, the Outreach Consultant (ORC), and parents. Our positive behavior program is CHAMPS. All staff have been trained in and implement this program which focuses on teaching students specific skills such as self-control, responsibility, self-confidence, and cooperation in order for them to be able to make safe and rational decisions concerning their conduct. With CHAMPS, we are continuing to build student and staff capacity, foster resiliency, and instill a growth mindset. A full-time counselor is part of our staff. The counselor works with teachers, individual students, and small groups to provide additional social-emotional support they may need to succeed.

Strategic Plan Goal 4.2 focuses on creating family engagement opportunities. At Sierra Linda, parents are partners in their children's education. We involve and inform them in a variety of ways. There are several parent committees/meetings, such as School Site Council, English Learner Advisory Council, Title 1 Meetings, "Coffee with the Principal", and Coffee with the ORC/Counselor during which parents have an opportunity to provide input for shared decision-making. Parents receive a weekly phone blast informing them of all school events and activities. Teachers regularly inform parents of student progress through phone calls, conferences, progress reports, text messages, Peach Jar, and behavior charts (if necessary). Our ORC and Counselor offer support by connecting families with necessary community services to address basic and social-emotional needs. Parents participate in positive parenting programs like "Parent Project" through an in-person platform in the Spring. We hold transitional meetings and workshops in order to assist parents whose children may be transitioning into Kindergarten or middle school. Parent workshops will be presented on a variety of topics, including parenting skills, technology, curricular materials, and assessment.

At Sierra Linda, we provide a safe and nurturing learning environment where each child and adult is valued and respected in an atmosphere that promotes the attainment of one's academic, social, and emotional potential. It is a place where we work together to develop exemplary character traits and scholarly attributes that embrace OSD's Student Profile and will need for success in life. We strive to promote a school environment wherein our core values of equity, integrity, purpose, perseverance, and compassion are evident in every interaction with students, community, and each other, thus, effectively meeting Every Student Succeeds Act (ESSA) requirements.

Educational Partner Involvement

How, when, and with whom did Sierra Linda Elementary consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Strategic Goal 4.2 focuses on creating family engagement opportunities. At Sierra Linda, parents are partners in their children's education. The SPSA was reviewed with parents during our SSC, Title I, ELAC, and PTA meetings. Each group is given the opportunity to review the SPSA and to make suggestions for improvement of student achievement. Parent groups submit recommendations for actions to be included in the SPSA to the School Site Council. The School Site Council members review and revise the SPSA during April, May, and June. ELAC members review and give recommendations during the April and May meetings. All parent committees (SSC, ELAC, PTA) participated in the development of the SPSA. School Site Council reviewed and approved the SPSA. The Leadership Team and staff members review and revise the SPSA from April through May. All Education Partners are highly encouraged to provide feedback on strategies to improve student success. SPSA goals and strategies are the driving force for discussion at parent meetings, staff meetings, and staff collaboration. Therefore, updates on SPSA goals are calendared throughout the year for all educational partners.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

We had previously allocated funds for substitutes to provide for observations, lesson planning with district TOSA's, and data meetings. Due to the shortage of substitutes on scheduled dates, we were unable to perform this activity. Another inequity encountered was the limited number of teachers and staff available to provide after-school tutoring to our students not meeting grade-level standards and English learner students. Due to time constraints and transportation, we were unable to provide our students who require transportation enough after-school tutoring opportunities in learning recovery for the entire year. This affected our Students with Disabilities sub-group the most.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

Based on our 2022-2023 California School Dashboard data, we had some areas that showed a need for improvement.

In the area of ELA, our Students with Disabilities subgroup was one of our groups in red. This group showed a decline of 18.2 points. Our goal will be to progress monitor all of these students more closely, by establishing formative SMART goals and reviewing their IEP goals to ensure we are meeting their academic needs in ELA. We will also target these students during our universal access time during tier 1 instruction to meet their academic needs. We will refer them to before or after-school tutoring. We will also have our teachers work with our Program Specialists on instructional strategies to support their needs.

In the area of ELA, our English Learners were also in red. Their status in the 2022-23 school year was a -75 average distance from standard. Our goal for these students will also be to progress monitor all of these students more closely, by establishing formative SMART goals and reviewing their progress through our MTSS process. We will also target these students during our universal access time during their Designated ELD time and Tier 1 instruction to meet their academic needs. We will refer them to before or after-school tutoring.

In the area of chronic absenteeism, our Students with Disabilities were in the red. Therefore, improving attendance for this sub-group will be a priority for our school, and we will work with our Special Education Department on transportation needs. Our Tier 1 interventions will include a focus on creating a positive school culture and climate focused on promoting kindness (Kindness Club), attendance raffles, perfect attendance class incentives, individual attendance incentives, and school counselor check-ins. Our Tier 2 interventions will include bi-weekly attendance data meetings,

collaboration meetings with families (mini-SARB), small group interventions, and short-term counseling. Our Tier 3 interventions will be home visits and SARB.

In the area of Math, our Students with Disabilities subgroup was our group in red. This group maintained their growth in comparison to the "All Students" group. Our goal will be to progress monitor all of these students more closely, by establishing formative SMART goals and reviewing their IEP goals to ensure we are meeting their academic needs in Math. We will also target these students during our universal access time during Tier 1 instruction to meet their academic needs. We will refer them to after-school tutoring. We will also have our teachers work with our Program Specialists and Math TOSA's on instructional strategies to support their needs.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the "all student" performance.

Our Students with Disabilities and our English Learners were the two groups that were two or more performance levels below the "All Students" performance. As stated above, we will be progress monitoring all of these students more closely, by establishing formative SMART goals. We will also target these students during our universal access time during Tier 1 instruction to meet their academic needs. We also will refer them to before or after-school tutoring. In the area of mathematics, we had our Students with Disabilities two or more performance levels below the "all-student" performance group. We will be progress monitoring all of these students more closely, by establishing formative SMART goals. We will also target these students during our universal access time during Tier 1 instruction to meet their academic needs. We also will refer them to after-school tutoring.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

Bi-weekly data from both formal and informal classroom observations conducted in TK through 5th grades throughout the school year informed the development of the goals, actions, and services outlined in the School Plan for Student Achievement. Analysis of this observational data revealed the need for enhanced, systemic, purposeful, and evidence-based collaboration. It also underscored the necessity for more common formative assessment benchmarks to monitor student progress closely, a stronger emphasis on academic writing across all core subjects, and a continued focus on integrating math problem-solving strategies to enhance critical thinking and oracy skills in Mathematics. Additionally, we plan to increase the use of state test-released questions for the SBAC and leverage Star Custom assessments to challenge our students with these types of questions.

School and Student Performance Data

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Sierra Linda Elementary. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
American Indian	0.19%	0.19%	%	1	1	
African American	0.75%	1.34%	1.27%	4	7	6
Asian	%	0.38%	%		2	
Filipino	0.94%	1.53%	1.27%	5	8	6
Hispanic/Latino	92.86%	91.97%	92.80%	494	481	438
Pacific Islander	0.38%	0.19%	0.21%	2	1	1
White	3.76%	3.25%	3.18%	20	17	15
Multiple/No Response	1.13%	1.15%	1.27%	6	6	6
Total Enrollment				532	523	472

Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	21-22	22-23	23-24
Kindergarten	103	124	56
Grade 1	82	78	48
Grade 2	93	82	73
Grade3	84	97	79
Grade 4	74	78	93
Grade 5	96	64	78
Total Enrollment	532	523	472

Conclusions based on this data:

Based on the Enrollment by Student, we have had a slight increase in the percentage of African-American students (as compared to the previous two years), a slight decrease in the percentage of Hispanic/Latino students (from the previous year), and an increase in the percentage of Filipino students (from the previous year). We are continuing to implement a Culturally Responsive teaching approach with our students that focuses on an asset-based model. We plan on continuing to incorporate activities to honor our diverse cultural backgrounds (celebrating different cultures, customs, and being inclusive of all students). We will continue to look at our data from all subgroups to ensure the needs of our subgroups are being met with equitable practices.

In looking at the Enrollment by Grade Level, a contributing factor to our declining enrollment is students returning to their home schools during the year when space becomes available at that site. The high cost of living in our county/community also affected our enrollment.

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
English Learners	282	276	225	47.40%	53.0%	47.7%
Fluent English Proficient (FEP)	26	15	20	9.30%	4.9%	4.2%
Reclassified Fluent English Proficient (RFEP)				17.4%		

Conclusions based on this data:

Sierra Linda's overall English Learners population has slightly decreased. However, we have increased the number of students who have met the reclassification criteria. Based on assessment data, we believe our EL students need extra support to better access the curriculum. Students in Kindergarten will continue to receive 30 minutes of daily Designated ELD instruction, while students in grades 1-5 will continue to receive 45 minutes of daily Designated ELD instruction. English Learners are clustered at each grade level to enable ELD teachers to provide targeted, standards-based language proficiency instruction using district-adopted curriculum and supplemental materials. ELD teachers will integrate appropriate scaffolding techniques to bridge students' current oral and written language levels in reading, writing, listening, and speaking to levels more representative of language proficiency and fluency. Oral and written language supports and scaffolds will also be integrated throughout all core subject areas by classroom teachers in order to enable English Learners to access grade-level subject matter. Teachers are purposeful in providing scaffolds during integrated ELD instruction which provides EL students support throughout every content area. We will be offering after-school tutoring for EL students with a focus on preparing students to pass the ELPAC Assessment and make them candidates for reclassification.

School and Student Performance Data

Star Early Literacy

Sierra Linda Elementary											
		Less than Proficient				Proficient				Star Early Literacy Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade K	55	5	9%	4	7%	19	35%	27	49%	Level 4	842
Grade 1	46	7	15%	9	20%	18	39%	12	26%	Level 3	857
Grade 2	17	16	94%	0	0%	1	6%	0	0%	Level 1	771

Conclusions based on this data:

At Sierra Linda, as of April 2024, 79% of Kinder students and 65% of 1st Grade students scored At or Above Benchmark on the Star Early Literacy assessment. These scores showed an increase in the number of students scoring in the At or Above Benchmark as compared to the April 2023 scores. In 2nd grade, all students are given the Star Reading assessment, but students who score below a certain threshold are given the Star Early Literacy. During the April 2024 assessment window, we had 27 students in 2nd grade score at Urgent Intervention on the Star Early Literacy Assessment. We have a group of students in each grade level at the On Watch level. We will be focusing some of our interventions on these students to help them move into the At/Above Benchmark level. Discussions continue to happen on how to best support all students during PLC meetings, staff meetings, and data meetings with the administrator.

School and Student Performance Data

Star Reading

Sierra Linda Elementary											
		Less than Proficient				Proficient				Star Reading Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 2	70	23	33%	14	20%	17	24%	16	23%	Level 1	921
Grade 3	77	32	42%	21	27%	10	13%	14	18%	Level 1	930
Grade 4	96	47	49%	20	21%	13	14%	16	17%	Level 1	976
Grade 5	69	32	46%	13	19%	17	25%	7	10%	Level 1	998

Conclusions based on this data:

In reviewing the April 2024 Star data report, 38% of our 2nd-grade students; and 33% of our 3rd-grade students have reached the At/Above level on the Star Reading assessment. In 4th grade, 34% of students reached the At/Above Level, and in 5th Grade, only 35% reached the At/Above Level on the Star Reading. We will continue to place our resources into providing reading support and providing opportunities needed for students to reach proficiency levels. Our goal is to move all students over at least one level, therefore resulting in having our school meet the district benchmark on the Star Reading.

School and Student Performance Data

Star Math

Sierra Linda Elementary											
		Less than Proficient				Proficient				Star Math Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 1	46	3	7%	12	26%	20	43%	11	24%	Level 3	881
Grade 2	75	27	36%	13	17%	18	24%	17	23%	Level 2	918
Grade 3	76	30	39%	14	18%	19	25%	13	17%	Level 2	950
Grade 4	99	39	39%	29	29%	21	21%	10	10%	Level 2	984
Grade 5	66	30	45%	22	33%	6	9%	8	12%	Level 1	1022

Conclusions based on this data:

The data from our April 2024 Star Math assessment window shows that 43% of 1st Grade students, 47% of 2nd Grade students, 40% of 3rd Grade students, and 26% of 4th Grade students met the At/Above Benchmark Level on the Star Math assessment. Our 5th Grade scored 32% At/Above Benchmark Level. We will allocate the necessary resources across all grade levels for additional math support and improve student achievement. Our goal is to move all students over at least one proficiency level and meet the district benchmarks in students scoring At/Above Benchmark Level. Our District Math Manager and TOSAs will work closely with our 5th Grade Teachers in reviewing data and lesson planning.

School and Student Performance Data

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Overall Participation for All Students												
Grade Level	# of Students Enrolled			# of Students Tested			# of Students with Scores			% of Enrolled Students Tested		
	20-21	21-22	22-23	20-21	21-22	22-23	20-21	21-22	22-23	20-21	21-22	22-23

Conclusions based on this data:

We compared several years of data with last year's CAASPP data. We have identified specific areas of strength/weakness per grade level. Based on our Preliminary CAASPP Data, the percentage of students scoring at "Overall At/Above" standard on the CAASPP maintained in 3rd Grade and our 4th Grade classes are showing a decrease. In comparison, our 5th grade classes show an increase in the percentage of students scoring "Overall At/Above" on the ELA CAASPP as compared to the previous year. Based on Preliminary CAASPP Data, our current 3rd grade has maintained the percentage of students scoring at Met or Exceeded at 30%. Our 4th grade students have decreased scoring at Met or Exceeded from 35% (2022- 23) to 28%. Our current 5th grade has increased the percentage of students scoring at Met or Exceeded from 12% (2022-23) to 26%.

The domain of Writing has been identified as an area of focus across all grade levels. To address the areas of most significant concern, the staff is committed to collaborating on best instructional practices to increase student engagement and address academic needs. We will dedicate Staff Meeting time, PLC/Collaboration meeting time, and Grade-Level data meeting time (with district TOSAs) to discuss best instructional practices, primarily in Writing, Language Arts, and assessments. Grade-level teams will dedicate up to two additional hours a month to review student progress and daily instruction. Teachers and TOSAs will plan common topics and some grade-level specific topics discussed during collaboration time with the administrator. The areas of focus are discussed and reviewed during the monthly Leadership Team meeting. Collaboration time will include reviewing student data, developing common assessments, and analyzing student work samples. After reviewing student data on a four to six-week cycle, teachers will decide how to modify the small group interventions that are taking place during the day. Interventions can also be supported by small group instruction provided by the teacher during designated universal access time and Intervention Support Providers (ISP).

School and Student Performance Data

CAASPP Results Mathematics (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Conclusions based on this data:

Based on our Preliminary CAASPP Math Data, the percentage of students scoring at "Overall At/Above" standard on the CAASPP increased in all grade levels. Our 3rd grade has increased the percentage of students scoring at Met or Exceeded from 23% (2022-23) to 38% (2023-2024). Our 4th grade has increased the percentage of students scoring at Met or Exceeded from 27% (2022- 23) to 29%. Our current 5th grade has increased the percentage of students scoring at Met or Exceeded from 9% (2022-23) to 19%.

Although we are extremely proud of the gains made by our students, it is also evident that not all of our students demonstrated adequate gains in Math. As we compare several years of data, we have identified specific areas of strengths/weaknesses per grade level and will be working with our district Math Manager and TOSAs (Teachers on Special Assignment) to focus on increasing student achievement. To address the areas of greatest concern, such as students not making any overall growth, the teaching staff is committed to focusing collaboration time on addressing best instructional practices to increase student engagement and writing across content areas. Therefore, we are committed to using math journals and Math Talks within our daily instructional practices. We will focus on best

instructional practices during PLC/Collaboration time. Grade-level teams have the opportunity to work together for up to an additional two hours a month to continue reviewing student progress and daily instruction. The topics of discussion and collaboration have been agreed upon by the site instructional leadership team. The areas of focus are discussed and reviewed during the monthly Leadership Team meeting. In addition, staff has begun working with the district Math Manager and using resources from Building Thinking Classrooms to discuss best instructional practices in Math. Growth mindset concepts will be implemented into the daily routine. The teachers who went to the summer math training on growth mindset are leading discussions within their grade levels. Collaboration time will include reviewing student data as well as analyzing student work samples. After reviewing student data on a four to six-week cycle, teachers will decide how to modify the small group interventions that are taking place during the day,

School and Student Performance Data

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](http://English Language Proficiency Assessments for California (ELPAC) web page) web page or the ELPAC.org website for more information about the ELPAC.

Conclusions based on this data:

Based on ELPAC data from 2023-2024, we have shown growth in the number of students scoring at Overall Levels 3 or 4, in 4 out of 6 grade levels. We also increased the number of students scoring at an Overall Level 2 in 4 out of 6 grade levels. However, in reviewing the 2022-23 data and comparing it with 2023-24 ELPAC Assessment Data, we continue to see that students scoring in the Overall Level 1 have decreased or maintained in 4 out of 6 grade levels. Writing continues to be one of our areas of greatest need. Our teachers have committed to writing across all content areas, focusing on Forms and Functions during Designated ELD and Integrated ELD will continue to be taught in all core subjects.

School and Student Performance Data

California School Dashboard Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

2022-23 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
523	91.6	52.8	Students whose well being is the responsibility of a court.
Total Number of Students enrolled in Sierra Linda Elementary.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	

2022-23 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	276	52.8
Foster Youth		
Homeless	20	3.8
Socioeconomically Disadvantaged	479	91.6
Students with Disabilities	121	23.1

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	7	1.3
American Indian	1	0.2
Asian	2	0.4
Filipino	8	1.5
Hispanic	481	92
Two or More Races	6	1.1
Pacific Islander	1	0.2
White	17	3.3

Conclusions based on this data:

Sierra Linda's student population is 92% Hispanic, with 52.8% of the Hispanic students being English Learners. We will continue providing designated and integrated ELD to ensure language acquisition and increase ELPAC Assessment results. The majority of our students at Sierra Linda are socioeconomically disadvantaged. Over 91% of our student population qualify for free or reduced meals. School-wide, we participate in 100% free meals for all students. We have a large number of students who qualify for Special Education services due to our four Special Day Classes and our 2.5 Resource Specialist classes. Our Outreach Specialist ensures that our homeless and socially disadvantaged youths are offered weekend food backpacks. Families are connected to community agencies for housing, food, tutoring, and clothing. Although our African-American, Asian, Filipino, and White sub-groups are not considered significant sub-groups on the CAASPP Dashboard reporting system, we at Sierra Linda continue to focus on the needs of these students.

School and Student Performance Data

Overall Performance

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

2023 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts Yellow	Chronic Absenteeism Orange	Suspension Rate Orange
Mathematics Yellow		
English Learner Progress Green		

Conclusions based on this data:

1. Based on Dashboard data results, Sierra Linda's English Learner students showed improved CAASPP Language Arts scores compared to the "All Students" category. In terms of chronic absenteeism, our overall school scored at the orange level. We saw a slight improvement in this area for our "All Students" category, but our Students with Disabilities were in the red. Therefore, improving attendance for this subgroup will be a priority, along with addressing transportation needs in collaboration with our Special Education Department. Our suspension rate also increased compared to the previous year. Through the CHAMPS initiative, we have been able to enhance student

attendance and support their social-emotional needs. We will continue to provide tutoring and social-emotional supports through site funds.

School and Student Performance Data

Academic Performance English Language Arts

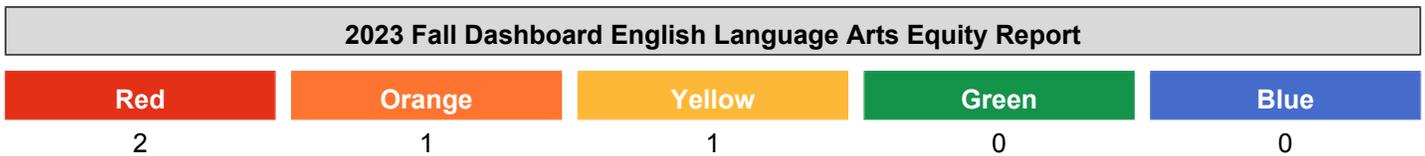

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2023 Fall Dashboard English Language Arts Performance for All Students/Student Group		
All Students  Yellow 60.7 points below standard Increased +6.3 points 228 Students	English Learners  Red 75 points below standard Decreased -7.4 points 133 Students	Foster Youth Less than 11 Students 1 Student
Homeless Less than 11 Students 9 Students	Socioeconomically Disadvantaged  Orange 67.9 points below standard Maintained +1.4 points 208 Students	Students with Disabilities  Red 154.4 points below standard Decreased Significantly -18.2 points 61 Students

2023 Fall Dashboard English Language Arts Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 3 Students	Less than 11 Students 1 Student	 No Performance Color 0 Students	Less than 11 Students 4 Students
Hispanic	Two or More Races	Pacific Islander	White
 Yellow 65.5 points below standard Increased +3.8 points 210 Students	Less than 11 Students 2 Students	Less than 11 Students 1 Student	Less than 11 Students 9 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2023 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
82.8 points below standard Maintained -1.5 points 97 Students	53.9 points below standard Decreased Significantly -26.7 points 36 Students	42.3 points below standard Increased Significantly +23.5 points 90 Students

Conclusions based on this data:

Based on our 2022-2023 California School Dashboard data, we had some areas that showed some areas of strength and a need for improvement.

In the area of ELA, our All Students subgroup was in yellow. This group did grow 6.3 points with a change level designation of "Increased". Our Socially Disadvantaged subgroup showed an increase of 1.4 points and a change level designation of "maintained". Our goal will be to continue to progress monitor all of these students closely, by establishing formative SMART goals. We will also target these students during our universal access time during tier 1 instruction to meet their academic needs.

In the area of ELA, our Students with Disabilities subgroup was one of our groups in red. This group showed a decline of 18.2 points. Our goal will be to progress monitor all of these students more closely, by establishing formative SMART goals and reviewing their IEP goals to ensure we are meeting their academic needs in ELA. We will also target these students during our universal access time during tier 1 instruction to meet their academic needs. We will refer them to before or after-school tutoring. We will also have our teachers work with our Program Specialists on instructional strategies to support their needs.

In ELA, our English Learners were also in red with a decline of 1.5 points from the previous year. This subgroup showed a "maintained" change level designation. However, their 2022-23 school year status was a -75 average distance from standard. Our goal for these students will also be to progress monitor all of these students more closely, by establishing

formative SMART goals and reviewing their progress through our MTSS process. We will also target these students during our universal access time during their Designated ELD time and tier 1 instruction to meet their academic needs. We will refer them to before or after-school tutoring.

This measure is based on student performance either on the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2023 Fall Dashboard Mathematics Performance for All Students/Student Group		
<p>All Students</p>  Yellow 66.5 points below standard Increased Significantly +17.9 points 226 Students	<p>English Learners</p>  Yellow 78.8 points below standard Increased +8.2 points 131 Students	<p>Foster Youth</p> <p>Less than 11 Students</p> <p>1 Student</p>
<p>Homeless</p> <p>Less than 11 Students</p> <p>9 Students</p>	<p>Socioeconomically Disadvantaged</p>  Yellow 71.3 points below standard Increased Significantly +15.7 points 206 Students	<p>Students with Disabilities</p>  Red 139.4 points below standard Maintained +1.4 points 60 Students

2023 Fall Dashboard Mathematics Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 3 Students	Less than 11 Students 1 Student	 No Performance Color 0 Students	Less than 11 Students 4 Students
Hispanic	Two or More Races	Pacific Islander	White
 Yellow 72.1 points below standard Increased Significantly +15.2 points 208 Students	Less than 11 Students 2 Students	Less than 11 Students 1 Student	Less than 11 Students 9 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2023 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
83.1 points below standard Increased +10.8 points 96 Students	66.9 points below standard Maintained -0.2 points 35 Students	49.7 points below standard Increased Significantly +29.9 points 90 Students

Conclusions based on this data:

Based on our 2022-2023 California School Dashboard data, we had some areas that showed some areas of strength and a need for improvement.

In the area of Math, our All Students subgroup was in yellow. This group did show an increase of 17.9 points with a change level designation of "Increased Significantly". Our Socially Disadvantaged subgroup showed an increase of 15.7 points and a change level designation of "Increased Significantly". Our English Learner subgroup showed an increase of 8.2 points and a change level designation of "Increased". Our goal will be to continue to progress monitor all of these students closely, by establishing formative SMART goals. We will also target these students during our universal access time during tier 1 instruction to meet their academic needs.

In the area of Math, our Students with Disabilities subgroup showed an increase of 1.4 points and a change level designation of "Increased Maintained". Our Students with Disabilities subgroup was the only group in red. Our goal will be to progress monitor all of these students more closely, by establishing formative SMART goals and reviewing their IEP goals to ensure we are meeting their academic needs in Math. We will also target these students during our universal access time during tier 1 instruction to meet their academic needs. We will refer them to our after-school tutoring. We will also have our teachers work with our Program Specialists and Math TOSA's on instructional strategies to support their needs.

School and Student Performance Data

Academic Performance English Learner Progress

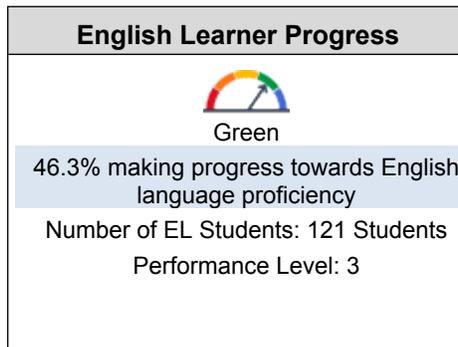

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides a view of the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2023 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2023 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
15	50	1	55

Conclusions based on this data:

Based on 2023 Dashboard English Language Proficiency Assessments for California (ELPAC) data, Sierra Linda Elementary has made growth in having 55% of our students progress at least one level towards English Language proficiency. Our classroom teachers will continue to strengthen both integrated and designated English Language Development (ELD) to increase English Learners' language proficiency skills throughout the instructional day. Students in Kindergarten will continue to receive 30 minutes of daily designated ELD instruction, while students in grades 1-5 will continue to receive 45 minutes of daily designated ELD instruction. English Learners will be clustered at each grade level to enable ELD teachers to provide targeted, standards-based language proficiency instruction using district-adopted curriculum and supplemental materials. ELD teachers will integrate appropriate scaffolding techniques to bridge students' current oral and written language levels in reading, writing, listening, and speaking to levels more representative of language proficiency and fluency. Oral and written language supports and scaffolds will be integrated throughout all core subject areas by classroom teachers to enable English Learners to access grade-level subject matter. Our focus during designated ELD will be on student language learning and writing across content areas. Along with targeted instruction

and interventions throughout the school day, we will continue to provide targeted interventions to our English Learners during after-school tutoring with Title III funds that focus on English Learner strategies and help reclassify students.

School and Student Performance Data

Academic Engagement Chronic Absenteeism

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2023 Fall Dashboard Chronic Absenteeism for All Students/Student Group		
All Students	English Learners	Foster Youth
 Orange 33.9% Chronically Absent Declined -2.7 549 Students	 Yellow 28.1% Chronically Absent Declined Significantly -3 288 Students	Less than 11 Students 3 Students
Homeless	Socioeconomically Disadvantaged	Students with Disabilities
47.6% Chronically Absent Increased 8.5 42 Students	 Yellow 34.3% Chronically Absent Declined Significantly -4.4 505 Students	 Orange 36.7% Chronically Absent Declined -3.5 139 Students

2023 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 8 Students	Less than 11 Students 1 Student	Less than 11 Students 3 Students	Less than 11 Students 8 Students
Hispanic	Two or More Races	Pacific Islander	White
 Yellow 33.6% Chronically Absent Declined Significantly -3.6 503 Students	Less than 11 Students 7 Students	Less than 11 Students 1 Student	55.6% Chronically Absent Increased 36.5 18 Students

Conclusions based on this data:

In the area of chronic absenteeism, all our sub-groups declined in Chronic Absenteeism. We will continue to improve attendance for all sub-groups with the team of our Outreach Specialist, Counselor, Attendance Tech, and Special Education Department staff. Our tier 1 interventions will include a focus on creating a positive school culture and climate focused on promoting kindness (Kindness Club), attendance raffles, perfect attendance class incentives, individual attendance incentives, and school counselor check-ins. Our tier 2 interventions will include bi-weekly attendance data meetings, collaboration meetings with families (mini-SARB), small group interventions, and short-term counseling. Our tier 3 interventions will be home visits and SARB. These activities have decreased or maintained chronic absenteeism across all subgroups.

School and Student Performance Data

Conditions & Climate Suspension Rate

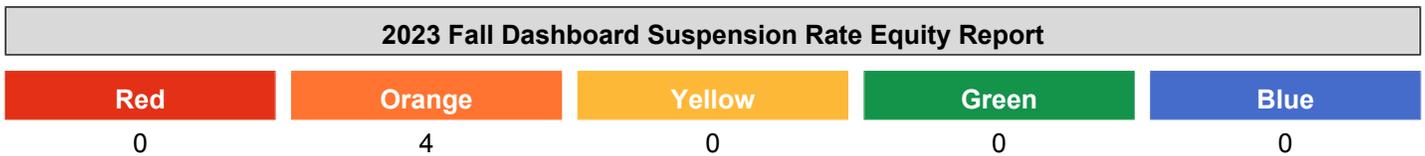

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2023 Fall Dashboard Suspension Rate for All Students/Student Group		
<p>All Students</p> <p>Orange</p> <p>1.9% suspended at least one day</p> <p>Increased 0.7 573 Students</p>	<p>English Learners</p> <p>Orange</p> <p>2.7% suspended at least one day</p> <p>Increased 1.4 294 Students</p>	<p>Foster Youth</p> <p>Less than 11 Students 3 Students</p>
<p>Homeless</p> <p>2.1% suspended at least one day</p> <p>Increased 2.1 47 Students</p>	<p>Socioeconomically Disadvantaged</p> <p>Orange</p> <p>2.1% suspended at least one day</p> <p>Increased 0.8 524 Students</p>	<p>Students with Disabilities</p> <p>Orange</p> <p>3.4% suspended at least one day</p> <p>Increased 3.4 145 Students</p>

2023 Fall Dashboard Suspension Rate by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 8 Students	Less than 11 Students 1 Student	Less than 11 Students 3 Students	Less than 11 Students 8 Students
Hispanic	Two or More Races	Pacific Islander	White
 Orange 2.1% suspended at least one day Increased 0.8 526 Students	Less than 11 Students 7 Students	Less than 11 Students 1 Student	0% suspended at least one day Maintained 0 19 Students

Conclusions based on this data:

Student suspension rates increased or maintained across some sub-groups and declined for our Homeless and Students with Disabilities due to the continual implementation of our school PBIS Plan, which is a Positive Behavior Intervention System (PBIS). CHAMPS consists of a multi-tiered system of interventions (MTSS) for students that are demonstrating disruptive behaviors. Students are suspended when all other means of correction have been tried or behavior falls into the five state-mandated reasons. Our school staff works diligently to provide a safe school environment wherein students can decompress and reflect on their behavior. Parents and staff work together to address students' social-emotional needs so that students learn appropriate methods of dealing with sadness, anger, or frustration. Our school counselor is available to instruct and support students by teaching character traits and coping skills to individuals, small groups, or whole classes. The schoolwide PBIS team is represented by an administrator, one member of each grade level, a campus assistant, and our school counselor. The PBIS team will continue to meet monthly to address the full implementation of procedures and protocols that support students in making positive choices. Sierra Linda staff is committed to teaching students alternatives to becoming aggressive towards self or others. Thus, before we suspend a student, they have been given several opportunities to learn how to cope with emotions, stressors or frustrations. There are several other pieces to CHAMPS that staff is planning to implement, for example, various ways for students to become involved and develop their peer leadership skills. We recognize that when students have a positive connection to their peers and staff their behavior improves, thus promoting a safer and positive school environment for all.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Language Arts and Math
All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

All students will reach high academic standards in reading and mathematics.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase the capacity of teachers to deliver effective data-driven instruction
To provide equipment, materials and technology resources that support high quality instruction
To provide opportunities for teachers to collaborate thus improving teaching and learning
To align all instruction and assessments to report card Outcomes

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
CAASPP ELA Data	2023-2024 Percent Met or Exceeded: 3rd--29% 4th--27% 5th--26%	2024-25 Students will demonstrate growth by moving one or two levels across the different bands and 10% of students will move from Nearly Met to Met or Exceeded.
CAASPP Math Data	2023-2024 Percent Met or Exceeded: 3rd--39% 4th--29% 5th--19%	2024-25 Students will demonstrate growth by moving one or two levels across the different bands and 10% of students will move from Nearly Met to Met or Exceeded.
Star Early Literacy	Spring 2023-2024 Percentage At or Above Benchmark: K--79% 1st-- 49%	2024-25 Increase the number of students that score At or Above Benchmark on the Spring assessment by 10% or more.
Star Reading	Spring 2023-2024 Percentage At or Above Benchmark: 2nd--38% 3rd--33% 4th--34% 5th--35%	2024-25 Increase the number of students that score At or Above Benchmark on the Spring assessment by 10% or more.

Star Math	Spring 2023-2024 Percentage At or Above Benchmark: 1st--43% 2nd--47% 3rd--40% 4th-- 26% 5th--32%	2024-25 Increase the number of students that score At or Above Benchmark on the Spring assessment by 10% or more.
ELPAC Reclassification Rate (3rd-5th grade)	2023-2024 Percentage of students who scored at a Level 3 or higher: K--32% of 47 Students 1st--64% of 25 Students 2nd--52% of 44 Students 3rd--36% of 34 Students 4th--61% of 26 Students 5th--59% of 22 Students 3rd-5th--36 reclassified in 2023-2024 school year.	2024-25 Increase the number of students that score a Level 3 or higher on the ELPAC Assessment by 10% or more The percent of English Learner students who are reclassified will increase by at least 10%.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

1.3	Tutoring opportunities focused on skills measured on IAB's, previous CAASPP data, ELPAC/ELD, and Star assessments. Data will be used to monitor EL students' progress toward mastery of ELA, Math, and ELD standards and interventions/enrichment opportunities during integrated and designated ELD time. These opportunities will decrease the number of LTEL's and increase the number of Reclassified students and improve academic support and achievement of Foster and Homeless students.	English Learners Socioeconomically Disadvantaged Foster Youth Homeless All Students	1000.00 Title I 1000-1999: Certificated Personnel Salaries Teacher extra hours-tutoring 225.00 Title I 3000-3999: Employee Benefits Certicated benefits 2155.00 Title III 1000-1999: Certificated Personnel Salaries Teacher extra hours-tutoring 484.00 Title III 3000-3999: Employee Benefits Certicated benefits 1000.00 LCFF - Intervention 1000-1999: Certificated Personnel Salaries Teacher extra hours-tutoring 225.00 LCFF - Intervention 3000-3999: Employee Benefits Certificated benefits 390.00 LCFF - Intervention 4000-4999: Books And Supplies Materials and Supplies
1.4	Conduct student-monitoring conferences with teachers individually and/or in grade levels to identify students who are struggling to meet grade level standards/skills, address student-learning needs, and identify additional supports to address these needs.	All Students	See Goal 1.1 - subs
1.5	The Star Reading, Star Math, and Star Early Literacy assessments will be administered five times a year. This data will be used to discuss mastery of skills, plan instruction, and create intervention groups.	All Students	District Funded 5800: Professional/Consulting Services And Operating Expenditures Renaissance contract
1.6	Teacher collaboration and professional development with district Math Manager and TOSA's (Teacher on Special Assignment) to review best practices in math instruction during Staff Meetings and Collaboration/Planning time.	All Students	District Funded 1000-1999: Certificated Personnel Salaries Certificated salaries

1.7	Implementation of systematic instruction on the writing process (K-5th grade) based on writing standards. Grade levels will use the Wonders rubrics for writing and ensure students understand the rubrics. Each grade level will expose students to writing standards for their grade level and the three required writing genres throughout the year. Writing will be embedded into all curricular areas including Math, ELA, Social Studies, and Science. Grade levels will discuss and calibrate student writing using the Wonders rubrics at grade-level collaboration.	All Students	See Goal 1.1
1.8	The school will ensure the full implementation of the state-approved Language Arts curriculum. The administrator will visit classrooms during formal and informal class visits and also monitor language arts instruction through the formal evaluation process. The Educational Services Department will provide district-based support on the curriculum and Common Core State Standards for language arts.	All Students	No additional cost
1.9	Student data will be shared with students and parents, thus creating goals that will be monitored throughout the year. These goals will be discussed during parent/teacher conferences, IEPs, 504s, SSTs, and IEPs. Substitutes will be made available to accommodate parents' schedules. Copies of IEPs and other notices will be mailed home to parents. Verbal translation will be available for parents to participate in their native language during meetings. Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

The effectiveness of strategies/activities based on measurable outcomes showed they were mostly successful. All grade levels increased in Math and ELA achievement based on Starreports. Preliminary CAASPP data show growth in Math for all grade levels and 2 out of 3 grade levels showed growth in ELA. Most grade levels met their goal and others made progress towards goals in both Star Reading and Math assessments. We targeted Math Instruction during the 2023-2024 school year and noticed a significant increase in student scores based on Star results and preliminary CAASPP data. In analyzing the performance assessments of our English Learner Subgroup, we have identified there is a discrepancy in achievement between English Learners and English Proficient students. This could be attributed to insufficient use of differentiation during instruction as well as insufficient implementation of EL instructional strategies.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Money was allocated to provide after school tutoring services but not all teachers had the desire or ability to spend additional time providing tutoring services.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

As a site, we are focusing on Tier 1 instruction and meeting the expected outcomes. We will continue to focus on targeting small groups in the classroom. This is evidenced by providing a large amount of PLC time and the hiring of an

Intervention Service Provider to help with small group intervention. We are not allocating as much money for after school tutoring since this was not taken advantage of last year. We are only purchasing Star Custom for the grade level that utilized the program to capacity and saw the benefit.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 2

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Social Emotional Support and School Climate

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase positive attendance
 To decrease the suspension rate
 To increase positive behavior
 To ensure a safe environment
 To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Attendance Rate	Attendance rate of 91% (met previous goal).	Maintain a monthly average attendance rate of 94% or higher in each grade level, for an increase of 3% overall.
Suspension/Expulsion Data	>2% of our student population were suspended for the 2023-2024 school year. No students were expelled.	Reduce the suspension rate by 1%. Maintain a 0% expulsion rate.
Panorama Survey	The ratings by SEL topic were: Teacher-Student Relationships- 74% Sense of Belonging- 66% Self-Management and Social Awareness- 66% Growth Mindset- 58% Social Awareness- 66%	Increase the number of students who responded favorably in each area by 10%.

Office Referrals	<p>152 total office referrals-</p> <p>Of the total referrals above, 38 (24%) of those referrals were for physical aggression.</p> <p>Of the total referrals above, 66 (43%) were for defiance.</p>	<p>Reduce the overall number of office referrals by 25 (15%) from the 2023-24 school year.</p> <p>Reduce physical aggression referrals by 25%, from 38 to 28.</p> <p>Reduce defiance referrals by 25%, from 66 to 50.</p>
------------------	--	---

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Sierra Linda School received the Bronze level recognition from the California Coalition of PBIS for our efforts in providing Positive Behavior Interventions and Supports to our students. This indicates that the implementation of targeted activities was successful in creating a School Plan. Sierra Linda students in 3rd-5th grade took the Panorama survey twice in the 2023-24 school year. This provided data for students' social emotional learning (SEL) competencies and learning supports/environment. Our overall rating was 74% favorable, which is in the good range. This indicates the implementation of activities focused on connecting students to school and building SEL skills had a positive impact on our students. We did see a slight decline in our Panorama scores from fall to spring which indicates we need to continue to provide and model strategies for positive Social Emotional Learning throughout the year.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The funds set aside for the Parent Professional Development were not fully utilized so we switched to target growth mindset.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

This year we will provide Growth Mindset lessons to help build a positive growth mind set and increase student collaboration and communication skills.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 3

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Parent and Family Engagement

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase communication through websites and social media so parents and community are informed about district and school instructional programs and activities
To facilitate parent involvement in the educational and social-emotional well-being of their children

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
ELAC attendance	An average of 10 parents attended monthly ELAC meetings.	Increase attendance to at least 20 parents per meeting.
PTA membership	57 staff and parents were official members of PTA.	Increase membership by 25 parents/staff.
Coffee with the Principal attendance	An average of 10 parents attended monthly Coffee with the Principal meetings.	Increase attendance by 10 parents.
Parent Teacher Conference	91% of parents attended parent teacher conferences.	Increase attendance to over 95%.
Back to School Night attendance. Open House attendance.	83% (394 families) of parent(s) attended Back to School Night. 76% (361 families) of parents attended Open House	Increase attendance at Back to School Night by 10%. Increase attendance at Open House by 10%.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/Activity #	Description	Students to be Served	Proposed Expenditures

<p>3.1</p>	<p>Student data will be monitored through conferences and data chats between teachers, parents, students, and administrators. Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Sign-in sheets indicated that parent attendance did not reflect high levels of interest in School Site Council, ELAC, PTA, and some parent educational topics. However, parent attendance at our Family Events events was high. We conclude that parents are more interested in hands on family activities. Parent involvement is a high priority at our school. In order to increase parent involvement in our parental programs we will need to understand more deeply what our parents are interested in learning by conducting an interest survey and make a clearer connection between their involvement and student achievement.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

One of our goals is to send out a parent survey asking what topics are most engaging. The survey was created but not sent out because it needs to be modified so it is not duplicating information on the district parent surveys.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Sierra Linda will continue to use ParentSquare this year to communicate in a more timely and consistent manner informing our parents regarding upcoming events.

Budget Summary

Complete the Budget Summary Table below. Schools may include additional information, and adjust the table as needed. The Budget Summary is required for schools funded through the Consolidated Application (ConApp).

Budget Summary

DESCRIPTION	AMOUNT
Total Funds Provided to the School Through the Consolidated Application	\$63,678.00
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$262,842.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0

Other Federal, State, and Local Funds

List the additional Federal programs that the school includes in the schoolwide program. Adjust the table as needed.

Note: If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.

Federal Programs	Allocation (\$)
Title I	\$45,228.00
Title III	\$18,450.00

Subtotal of additional federal funds included for this school: \$63,678.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Allocation (\$)
LCFF	\$103,449.00
LCFF - Intervention	\$1,615.00
Prop 28	\$94,100.00

Subtotal of state or local funds included for this school: \$199,164.00

Total of federal, state, and/or local funds for this school: \$262,842.00

Budgeted Funds and Expenditures in this Plan

The tables below are provided to help the school track expenditures as they relate to funds budgeted to the school.

Funds Budgeted to the School by Funding Source

Funding Source	Amount	Balance
Title I	45,228.00	0.00
Title III	18,450.00	0.00
LCFF	103,449.00	0.00
LCFF - Intervention	1,615.00	0.00
Prop 28	94,100.00	0.00

Expenditures by Funding Source

Funding Source	Amount
LCFF	103,449.00
LCFF - Intervention	1,615.00
Prop 28	94,100.00
Title I	45,228.00
Title III	18,450.00

Expenditures by Budget Reference

Budget Reference	Amount
1000-1999: Certificated Personnel Salaries	91,018.00
2000-2999: Classified Personnel Salaries	9,400.00
3000-3999: Employee Benefits	38,912.00
4000-4999: Books And Supplies	86,786.00
5000-5999: Services And Other Operating Expenditures	32,226.00
5700-5799: Transfers Of Direct Costs	4,500.00

Expenditures by Budget Reference and Funding Source

Budget Reference	Funding Source	Amount
1000-1999: Certificated Personnel Salaries	LCFF	3,200.00
2000-2999: Classified Personnel Salaries	LCFF	4,700.00
3000-3999: Employee Benefits	LCFF	2,479.00
4000-4999: Books And Supplies	LCFF	65,320.00
5000-5999: Services And Other Operating Expenditures	LCFF	23,250.00
5700-5799: Transfers Of Direct Costs	LCFF	4,500.00
1000-1999: Certificated Personnel Salaries	LCFF - Intervention	1,000.00
3000-3999: Employee Benefits	LCFF - Intervention	225.00
4000-4999: Books And Supplies	LCFF - Intervention	390.00
1000-1999: Certificated Personnel Salaries	Prop 28	49,500.00
3000-3999: Employee Benefits	Prop 28	26,115.00
4000-4999: Books And Supplies	Prop 28	17,544.00
5000-5999: Services And Other Operating Expenditures	Prop 28	941.00
1000-1999: Certificated Personnel Salaries	Title I	35,163.00
3000-3999: Employee Benefits	Title I	7,896.00
4000-4999: Books And Supplies	Title I	2,169.00
1000-1999: Certificated Personnel Salaries	Title III	2,155.00
2000-2999: Classified Personnel Salaries	Title III	4,700.00
3000-3999: Employee Benefits	Title III	2,197.00
4000-4999: Books And Supplies	Title III	1,363.00
5000-5999: Services And Other Operating Expenditures	Title III	8,035.00

Expenditures by Goal

Goal Number	Total Expenditures
Goal 1	236,515.00
Goal 2	13,531.00

Goal 3

12,796.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Jorge Mares	Principal
Maria Morones (Secretary)	Other School Staff
Armondo Arreguin (Chair)	Classroom Teacher
Joy Hammel	Classroom Teacher
Diane Laubacher	Classroom Teacher
Rosana Valdez	Parent or Community Member
Susana Vasquez	Parent or Community Member
Abel Vasquez	Parent or Community Member
Pearle Diaz	Parent or Community Member
Lisa Varela	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 05/29/2024.

Attested:

Principal, Jorge Mares on 05/29/2024

SSC Chairperson, Armondo Arreguin on 05/29/2024

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

Instructions: Table of Contents

- Plan Description
- Educational Partner Involvement
- Comprehensive Needs Assessment
- Goals, Strategies/Activities, and Expenditures
- Annual Review
- Budget Summary
- Appendix A: Plan Requirements for Title I Schoolwide Programs
- Appendix B: Select State and Federal Programs

For additional questions or technical assistance related to LEA and school planning, please contact the CDE's Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the LEA, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:

Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:

When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- Strategy/Activity #: Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- Description: Describe the strategy/activity.
- Students to be Served: Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- Proposed Expenditures: List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to EC Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- Funding Sources: List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
 - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
 - a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. Use methods and instructional strategies that:
 - i. Strengthen the academic program in the school,
 - ii. Increase the amount and quality of learning time, and
 - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. Strategies to improve students' skills outside the academic subject areas;
 - ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Appendix B: Plan Requirements for School to CSI/ATSI Planning Requirements

For questions or technical assistance related to meeting federal school improvement planning requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

CSI Resources

For additional CSI resources, please see the following links:

- **CSI Planning Summary for Charters and Single-school Districts:**
<https://www.cde.ca.gov/sp/sw/t1/csiplansummary.asp>

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Updated by the California Department of Education, October 2023

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name
<u>Leticia Solano</u>	English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 05/29/2024.

Attested:

	Principal, Jorge Mares on 05/29/2024
	SSC Chairperson, Armondo Arreguin on 05/29/2024

School Plan for Student Achievement (SPSA)

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Juan Lagunas Soria School	56725380119412	May 28, 2024	August 21, 2024

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California’s ESSA State Plan supports the state’s approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state’s Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Juan Lagunas Soria School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

- Schoolwide Program
- Additional Targeted Support and Improvement
- Juan Lagunas Soria has been identified for Additional Targeted Support and Improvement (ATSI). The state of

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Juan Lagunas Soria School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

Additional Targeted Support and Improvement

Juan Lagunas Soria has been identified for Additional Targeted Support and Improvement (ATSI). The state of

The Vision of Juan Lagunas Soria School is to provide a happy, caring and stimulating environment through academics and the integration of Technology, Arts and Language (Te.A.L.) where children believe in exceeding their potential. The Mission of Juan Lagunas Soria School is to educate and prepare confident students to become college and career ready in an ever-changing global society.

As described within our Vision and Mission Statements, Juan Lagunas Soria School is committed to providing the best educational program possible for our students. The quality of our instructional program is a reflection of our highly committed staff. We are dedicated to ensuring Juan Lagunas Soria School is a welcoming, stimulating environment where students are actively involved in their education, emphasizing both academic and social/emotional learning. Through the shared vision of our staff, parents, and community, our students are challenged to reach their maximum potential. Our academic focus has centered on building strong foundations in reading, writing, and mathematics. Throughout the 2024-25 school year, Juan Lagunas Soria School will emphasize accelerating learning and building rigor across all core content areas with an emphasis on Technology, Arts and Language, our school's Te.A.L. Strand Focus, while scaffolding instruction to strengthen students' skills on grade-level standards. Students are encouraged and supported to build their literacy or biliteracy skills in order to reach their reading potential. Teachers will concentrate on building students' writing ability across all core content areas to promote critical thinking and to better equip students with the skills required to meet expectations of state mandated summative assessments. Teachers will also continue focusing on implementing Mathematical Mindset strategies across all grade levels, enabling students to build their academic vocabulary and reasoning skills in the area of Mathematics. Our School Site Leadership Team meets regularly to guide grade-level teacher collaboration modeled after the cycle of inquiry in order to continue making improvements in the areas of curriculum, instruction, and assessment so that students may experience school success across all academic, social, emotional, and behavioral areas.

Juan Lagunas Soria School supports the Oxnard School District's vision for a comprehensive Student Profile and will continue aligning school-wide systems and practices to meet the seven characteristics of the OSD Student Profile, which include:

1. Innovator: Students will be creative writers, successful readers, and mathematical thinkers; able to create, design, and apply new knowledge in a variety of contexts.
2. Problem Solver: Students will be confident and solution-oriented; able to demonstrate a growth mindset and advocate for themselves and for others.
3. Achiever: Students will be able to demonstrate their knowledge of local and state measures in all academic areas.
4. Global Thinker: Students will be compassionate, multilingual, multicultural, and global thinkers; able to understand and convey pride in their identity, heritage, and history.
5. Collaborator: Students will be collaborative learners; able to communicate and learn through and with others.
6. Digital Learner: Students will be technologically, artistically, academically, and linguistically prepared to succeed and lead.
7. Focused on the Future: Students will be high school, college, and career ready; challenged to select rigorous courses, and equipped with the tools, knowledge, and skills to be prepared for the future.

At Juan Lagunas Soria School, our over-arching academic goal is to raise achievement scores for all students and all significant student subgroups (English Learners, Hispanic, White, Students with Disabilities, and Socioeconomically Disadvantaged). Working together within a Professional Learning Community context, teachers are engaged in ongoing, grade-level collaboration to analyze and discuss formative and summative assessment data in order to:

1. Identify learning targets and objectives from State-approved, Board-adopted curriculum that are aligned to the Common Core State Standards;
2. Inform effective classroom instructional practices in both Sheltered English Instruction (SEI) and Biliteracy contexts;
3. Provide both Designated and Integrated English Language Development (ELD) to support English Learners' language proficiency skills across all four language domains of reading, writing, listening, and speaking;

4. Integrate instructional technology (e.g., One-to-One devices, Promethean Boards, Hovercams, Canvas - Learning Management System) to enhance student engagement; and,
5. Develop and implement student support and intervention programs and services to address students' academic achievement and/or social/emotional learning needs.

Utilizing a Multi-Tiered Systems of Support (MTSS) approach, student performance and progress are monitored by teachers while implementing standards-based Tier I-Level instruction for all students. Students not meeting academic grade-level expectations are identified through the Student Success Team (SST) process. This process serves to inform changes needed at the Tier I instructional level or services and supports at the Tier II and/or Tier III levels provided by classroom teachers and/or other school personnel before, during, and/or after the instructional day. One example of a Tier II or III-level intervention is the Leveled Literacy Intervention (LLI) program facilitated by the the Literacy Intervention Teacher (LIT). Tier II to Tier III-Level Intervention services are typically provided in small group contexts and focus on students' needs in the areas of literacy, English Language Development (ELD), and/or mathematics. In order to address our students' social, emotional, and behavioral needs, the MTSS/SST process is also used to identify students who are in need of receiving short-term individual and/or small group counseling services provided by our school counselor or long-term individual counseling services provided by county programs. In addition, our Attendance Tech and Outreach Coordinator provide support and incentives to students in need of improving daily attendance prior to referring students to the School Attendance Review Team (SART) or School Attendance Review Board (SARB). Students who qualify for Special Education receive Specialized Academic Instruction, Speech and Language support, and/or Counseling support services to meet their academic, language and communication, and/or social/emotional goals identified within their Individualized Education Plans. Students are also given the opportunity, based on need and availability, to enroll and participate in the Oxnard Scholars after-school program to receive academic enrichment and study skills support.

Here at Juan Lagunas Soria, we take pride in fostering a school culture driven by a safe, positive, and professional learning environment. To ensure the safety of all students, school administration, campus supervisors, and other school personnel continuously monitor and supervise students throughout the instructional day. Our progressive discipline matrix assists teachers and administrators with clear guidelines for responding to student behavior at both the classroom and school levels. The Positive Behavior Intervention and Support (PBIS) model guides all staff in providing a proactive and positive approach to promoting teacher/student relationships and managing student behavior both in and out of the classroom. Our PBIS/School Safety Team meets on an ongoing basis to analyze student discipline data, identify areas of focus, and provide recommendations to school staff in order to strengthen our school's positive learning environment. Juan Lagunas Soria School hosts student assemblies to honor and recognize the hard work and positive choices students make by rewarding students with praise, recognition, and incentives. Teachers coordinate culminating activities, such as school performances, to demonstrate to parents, families, and other grade levels the knowledge and skills their students have mastered throughout the course of a unit or trimester. Students are also offered enrichment opportunities to excel in areas outside of academics, such as athletics, extracurricular clubs, and student leadership programs.

In order for students to achieve their fullest potential, we fully understand that parent and family engagement plays a critical role in ensuring students' educational success. Our English Learner Advisory Committee (ELAC), Parent Teacher Association (PTA), and School Site Council (SSC) offer and encourage parents to become active participants in their children's schooling through a variety of engaging and meaningful educational experiences. The school's Parent and Family Engagement Policy provides clear guidelines for parents to serve as volunteers in classroom and school activities. When possible, our Back to School Night, Open House, Parent Nights, athletics program, and PTA-sponsored social events further support and foster parental engagement. Moreover, by offering a rigorous academic curriculum taught using data-driven instructional practices, maintaining high expectations for student success, fostering a safe, positive learning environment, and strengthening home-school partnerships to increase parent and family engagement, Juan Lagunas Soria School will meet the goals identified within this School Plan for Student Achievement.

Educational Partner Involvement

How, when, and with whom did Juan Lagunas Soria School consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Juan Lagunas Soria School governance educational partner groups were involved in the development of this School Plan for Student Achievement (SPSA). School Site Council met regularly throughout the 2023-24 school year to analyze formative student achievement data and social/emotional learning outcomes in order to align categorical funding to students' academic and social/emotional/behavioral needs. In addition, School Site Council acknowledged the input provided by school staff to support the development of the SPSA goals and objectives focused on setting high academic standards in Language Arts and Math, providing social/emotional support, and fostering a positive and safe school

climate, and increasing parent and family engagement. School administration met with the English Language Advisory Committee on an ongoing basis to review the SPSA and discuss the strategies which focus on increasing parent and family engagement and building English Learners' language proficiency skills to ensure academic success. The school's Parent Teacher Association was also involved in supporting the development of the SPSA by aligning the PTA budget and activities to support the overall goals identified within the SPSA. Additionally, the staff was surveyed to gather input on priorities of the school plan. Throughout the year, the educational partner teams input provided helped shape the adjustments we chose to make for the 23-24 school year and the focus we have for the 24-25 school year.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

The 24-25 school budget is similar to that of 23-24 school year. We are also adding the funding from Proposition 28 to add funds for music for all students at our site. At the same time, the school district has allocated funding to cover expenditures directly related to school-level operations, including funding for one full-time 8 hour Outreach Coordinator position to support parent and family engagement, the provision of a Literacy Intervention Teacher to support literacy-based Tier II and Tier III-Level intervention for students not meeting grade-level standards in language arts, the continuation of a district-wide learning management system (Canvas), one-to-one devices for all students, and school-wide instructional applications and programs (e.g, ST Math, Lexia, MyOn). As a result, there are currently no resource inequities related to fiscal funding. Outside of fiscal funding, time and staffing may always be considered resource inequities in meeting the goals identified within this School Plan for Student Achievement, as these resources serve to benefit any school in increasing student achievement and social/emotional learning outcomes for students.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

At Soria, it is essential to identify the root causes of the decline in English Language Arts (ELA) and the stagnation in mathematics performance, and to develop a strategic plan to move the school's performance from the "Orange" category to "Yellow," "Green," or "Blue." We additionally need to address chronic absenteeism and reconsider our suspension policies.

We will do this through data collection and analysis that will include the following:

Student Performance Data:

We will take our student data and analyze recent trends in ELA and mathematics scores for all grade levels. This will include disaggregating data by student demographics (e.g., gender, socioeconomic status, English language learners, students with disabilities). We will also identify specific areas in the curriculum where students are underperforming to add intentional Tier 1 instructional adjustments and Tier 2 interventions.

Teacher Performance Data:

We will review teacher qualifications, certifications, and professional development history. Additionally, we will bring teacher voice in through a survey to gather insights on curriculum challenges, resource needs, and professional development interests. It is also important to analyze teacher evaluation results and identify areas of strengths and weaknesses to provide more effective feedback.

Curriculum and Instruction:

We must evaluate the alignment of the current curriculum with state standards during collaboration time. As well as assess the effectiveness of instructional strategies and materials. Through release time with the principal and select teachers on special assignment, we will review pacing guides and instructional time allocation for ELA and mathematics.

School Environment:

We will conduct surveys through Panorama to assess student engagement, motivation, and perceptions of school climate. Our absentee rate continues to remain high for all students with 23.1% of our population chronically absent. We will review attendance records and identify patterns of absenteeism or tardiness. Additionally, we will evaluate the availability and effectiveness of support services (e.g., counseling, tutoring) and consider developing a Saturday opportunity to make up for missed attendance.

Educational Partner Involvement:

We will continue to meet with educational partners (staff, parents, students, and community members) to seek a diverse perspective regarding attendance, school climate and academics. We will also ensure diverse perspectives are represented to gain a comprehensive understanding of the issues. Through this data and feedback, we can identify potential causes and address the underlying issues through outreach and reflection. We will then prioritize our needs and collectively prioritize next steps for student success.

Strategic Planning

Working with our teams we will develop and improvement plan, set SMART(Specific, Measurable, Achievable, Relevant, Time-bound) goals for ELA and mathematics performance, and identify evidence-based strategies and interventions to address the root causes.

We will focus our professional development sessions and planning time to enhance teachers' instructional skills in ELA and mathematics and foster collaboration and sharing of best practices among teachers. We will integrate differentiated instruction and formative assessments to meet diverse student needs.

Student Support Systems

In order to engage our students in learning and encourage a sense of belonging on campus we must enlist student voice through our Panorama surveys and strengthen support services such as tutoring, mentoring, and counseling. Staying data focused, we will implement programs to improve student engagement and attendance. We will also provide additional resources for English language learners and students with disabilities.

Monitoring and Evaluation

This year we will establish a system for ongoing data collection and analysis to monitor progress that includes regular check-ins with teachers and students to assess the effectiveness of interventions. Our data will help us evaluate the impact of the implemented strategies at the end of each term. We will then adjust the improvement plan based on the evaluation results and feedback.

By systematically addressing the identified issues through a comprehensive needs assessment and strategic planning process, the school can improve its performance in ELA and mathematics, ultimately moving from the "Orange" category to "Yellow," "Green," or "Blue."

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the "all student" performance.

We do not have any groups of students who are two or more performance levels below all students however, we must continue to specifically monitor the work we do with students with disabilities because they score one level below "all students" in English Language Arts and Mathematics, as well as monitoring English Learners as they score one level below all students in mathematics. We must ensure that we have common practices in place so that all students can access the standards at a level that will bring up all scores.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

We must also increase our Sense of Belonging on campus as measured by the Panorama survey. 64% of our third through 5th grade students report that they feel that they are valued members of the school community. That number decreases to 45% in our 6th through 8th grade students. A sense of belonging will directly impact a student's desire to learn and come to school. We need to adjust the way we involve our students and provide courses to ensure that they are engaged and see themselves in the curriculum and feel as if their voice matters.

School and Student Performance Data

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Juan Lagunas Soria School. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
American Indian	%	0%	%		0	
African American	0.86%	0.65%	0.68%	8	6	6
Asian	1.18%	1.3%	0.68%	11	12	6
Filipino	1.51%	1.3%	1.36%	14	12	12
Hispanic/Latino	91.28%	91.52%	91.98%	848	842	814
Pacific Islander	0.11%	0.11%	0.11%	1	1	1
White	3.44%	3.59%	3.39%	32	33	30
Multiple/No Response	1.61%	1.52%	1.81%	15	14	16
Total Enrollment				929	920	885

Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	21-22	22-23	23-24
Kindergarten	93	92	68
Grade 1	92	94	95
Grade 2	94	94	94
Grade3	90	94	94
Grade 4	104	97	97
Grade 5	109	101	104
Grade 6	129	113	104
Grade 7	110	129	107
Grade 8	108	106	122
Total Enrollment	929	920	885

Conclusions based on this data:

For the past three years, based on ethnicity, there have been only two significant student groups (30 or more students) at Juan Lagunas Soria School: Hispanic/Latino and White. The percentage of total enrollment for each of these two significant student groups has remained consistent during this time. Based on an analysis of student enrollment by grade level, total enrollment has decreased by approximately 33 students. As a result, Juan Lagunas Soria School staff

will continue to monitor changes in student enrollment and the impact these changes have on the programs and support services provided at each grade level. Considering the increasing English Learners student group, we will continue monitoring their English Language Development simultaneously with their Spanish Language Development if they are part of the DLI program. In addition, ensuring that we are providing rigorous ELD and SLD instruction to prepare students so they can reclassify and achieve the path to the seal of biliteracy.

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
English Learners	283	306	269	27.30%	30.5%	30.4%
Fluent English Proficient (FEP)	163	146	163	22.00%	17.5%	18.4%
Reclassified Fluent English Proficient (RFEP)		59		11.9%		

Conclusions based on this data:

Based on an analysis of English Learner enrollment at Juan Lagunas Soria School, the English Learners population has increased by 15% since the 2020-2021 school year. We now have 33.3% of English Learners at our site. Moreover, 19.3% of Juan Lagunas Soria School's total student population is made up of students who have been redesignated as Reclassified Fluent English Proficient (RFEP) students based on the data. As a result, Juan Lagunas Soria will continue to provide both Designated and Integrated English Language Development (ELD) to support English Learners' language proficiency skills throughout the instructional day, while, at the same time, continuing to monitor RFEP students' academic performance in both SEI and Biliteracy instructional settings. Language development will be a focus through scheduling expectations and data analysis.

School and Student Performance Data

Star Early Literacy

Juan Lagunas Soria School											
		Less than Proficient				Proficient				Star Early Literacy Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade K	-	-	-	-	-	-	-	-	-	-	-
Grade 1	50	22	44%	8	16%	13	26%	7	14%	Level 2	816
Grade 2	5	5	100%	0	0%	0	0%	0	0%	Level 1	746

Conclusions based on this data:

Based on End of Year Star Early Literacy assessment data, 46% of Kindergarten students and 25% of 1st-grade students scored at or above the benchmark for their grade level. Overall, these results indicate that students will require further intervention and instructional support to improve their phonemic awareness in order to be able to improve their decoding and reading fluency skills so that they may begin comprehending grade-level passages and texts. The administration of the Star Early Literacy assessment is optional in 2nd grade, hence, the available data is limited at this grade level in comparison to Kindergarten and 1st grade. By analyzing Star data at the classroom and grade level, teachers, working collaboratively with their peers in Grade Level PLCs, will continue to identify students' skill deficits in the area of language arts so that they may strategically provide students opportunities during Tier I level instruction to address their specific literacy needs through an accelerated learning instructional model. Throughout the school year, teachers will progress monitor student achievement to inform instruction and to ensure students receive the appropriate levels of scaffolding and support to successfully access grade-level content standards. Students who do not meet grade-level standards will be provided intervention and if there is no growth after that then they will be referred to the SST process. Should Tier II or III-level interventions be determined necessary, students may be referred to the Literacy Intervention Teacher to participate in the Leveled Literacy Intervention program. Teachers will also continue to promote students' participation and engagement with Lexia, which serves as an additional individualized intervention program for targeting and building students' literacy skills.

Star Reading

Juan Lagunas Soria School											
		Less than Proficient				Proficient				Star Reading Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 2	92	27	29%	22	24%	21	23%	22	24%	Level 1	932
Grade 3	23	6	26%	9	39%	6	26%	2	9%	Level 2	969
Grade 4	1	0	0%	0	0%	1	100%	0	0%	Level 3	1029
Grade 5	38	18	47%	5	13%	9	24%	6	16%	Level 1	987
Grade 6	40	15	38%	14	35%	9	23%	2	5%	Level 2	1034
Grade 7	95	27	28%	21	22%	37	39%	10	11%	Level 2	1070
Grade 8	105	25	24%	35	33%	29	28%	16	15%	Level 2	1086

Conclusions based on this data:

Based on End of Year Star Reading assessment data, the percentage of students scoring at or above the benchmark for each grade level ranges from 26% to 55% in grades 2-8. Similar to the Star Early Literacy assessment data, these results further support the need for literacy intervention and support across all grade levels and across all tiers of instruction (MTSS Tier I, II, and III) in order to improve students' language proficiency skills. By analyzing Star 360 data at the classroom and grade level, teachers, working collaboratively with their peers in Grade Level PLCs, will continue to identify students' skill deficits in the area of language arts so that they may strategically provide students opportunities during Tier I level instruction to address their specific literacy needs through an accelerated learning instructional model. Throughout the school year, teachers will progress monitor student achievement to inform instruction and to ensure students receive the appropriate levels of scaffolding and support to successfully access grade-level content standards. Students who do not meet grade-level standards and do not make any growth after interventions in the classroom are provided will be referred to the SST process. Should Tier II or III-level interventions be determined necessary, students may be referred to the Literacy Intervention Teacher to participate in the Leveled Literacy Intervention program. Teachers will also continue to promote students' participation and engagement with Lexia, which serves as an additional individualized intervention program for targeting and building students' literacy skills.

Grade 8	115	61	53%	21	18%	18	16%	15	13%	Level 1	1088

Conclusions based on this data:

Based on End of Year Star Math assessment data, the percentage of students scoring at or above the benchmark for each grade level ranges from 24-71% in grades 1-8. These results further support the need for math intervention and support across all grade levels and across all tiers of instruction (MTSS Tier I, II, and III) in order to improve students' proficiency skills in the area of mathematics. By analyzing Star data at the classroom and grade level, teachers, working collaboratively with their peers in Grade Level PLCs, will identify students' skill deficits so that they may strategically provide students opportunities during Tier I level instruction to address their specific needs in the area of mathematics through an accelerated learning instructional model. Throughout the school year, teachers will continue to progress monitor student achievement to inform instruction and to ensure students receive the appropriate levels of scaffolding and support to successfully access grade-level content standards. Teachers will focus on integrating Mathematical Mindset strategies throughout the instructional core Mathematics program as well as continue to promote students' participation and engagement with ST Math, which serves as an additional instructional resource for building students' mathematical reasoning skills.

School and Student Performance Data

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

In order to protect student privacy, an asterisk (*) will be displayed for enrolled and tested counts for fewer than 4 students and for assessment results for fewer than 11 students. "N/A" will be displayed instead of a number on test results where no data is found for the specific report.

Conclusions based on this data:

Based on analysis of CAASPP summative data for English Language Arts/Literacy, grades 3-8 at Juan Lagunas Soria School have declined overall with who have met or exceeded standards. Although 5th and 8th grade increased their percentages by 2% and 9% we had significant losses in 3rd and 7th grades with 11% and 20% decreases. This is an indicator that a greater focus on first instruction, scaffolds, and interventions are needed to ensure greater student achievement. We also need to consider we are out of alignment between grading and the performance on testing. Teachers will continue progress monitoring students every trimester and collaborating as grade-level teams in PLCs to ensure greater success for students.

School and Student Performance Data

CAASPP Results Mathematics (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Conclusions based on this data:

Based on analysis of CAASPP summative data for Mathematics, all students in grades 3-8 at Juan Lagunas Soria School have demonstrated improved student achievement outcomes between 2022 and 2024. Three grade levels increased with the highest increase in the 8th grade by 9% met/exceeded. The fourth grade increased the number of students who exceeded standard but decreased by the same 3% of students who met standard. Third and seventh grades decreased by 14% and 7% respectively. The school will focus on understanding why certain grade levels are more successful and implement the research-based strategies that have helped those grade levels, across the entire school.

School and Student Performance Data

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](https://www.cde.ca.gov/ta/tg/eng/elpac/) web page or the [ELPAC.org](https://elpac.org) website for more information about the ELPAC.

Conclusions based on this data:

Based on analysis of ELPAC summative data, all students in grades K-8 at Juan Lagunas Soria School demonstrated an increase in student achievement outcomes over the past three school years. The data also shows that 28.3% and 32.5% of English Learners are scoring at level 2 and 3 in writing. Juan Lagunas Soria School teachers will continue to focus on providing effective designated and integrated English Language Development, as well as intensive and strategic interventions and supports for English Learners, especially those identified as Long-Term English Learners. The teachers will also place an emphasis on writing across the curriculum to ensure that there is ample opportunity to practice writing. In addition, professional development will continue to be coordinated and provided to classroom teachers to continue improving instructional strategies that focus on scaffolding core content to ensure English Learners can access grade-level standards without decreasing depths of knowledge levels and rigor in both Sheltered English Instruction (SEI) and Biliteracy settings.

School and Student Performance Data

California School Dashboard Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

2022-23 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
920	71.6	33.3	0.1
Total Number of Students enrolled in Juan Lagunas Soria School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2022-23 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	306	33.3
Foster Youth	1	0.1
Homeless	51	5.5
Socioeconomically Disadvantaged	659	71.6
Students with Disabilities	116	12.6

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	6	0.7
Asian	12	1.3
Filipino	12	1.3
Hispanic	842	91.5
Two or More Races	14	1.5
Pacific Islander	1	0.1
White	33	3.6

Conclusions based on this data:

At a school with an enrollment of over 900 students, where nearly 3/4 of the students are socially disadvantaged, 1/3 are English learners, and 13% are students with disabilities, implementing culturally responsive teaching is crucial. This

approach acknowledges and embraces the diverse cultural backgrounds of students, integrating their unique experiences into the curriculum and classroom environment. By doing so, the Soria staff will create a more inclusive and supportive learning atmosphere that respects and values each student's identity. Addressing the high percentage of chronic absenteeism, culturally responsive teaching can foster a stronger sense of belonging and engagement among students, making them feel understood and motivated to attend school regularly. This will enhance academic achievement and promote equity and inclusion, essential for the success of all students in such a diverse educational setting.

School and Student Performance Data

Overall Performance

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

2023 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts Orange	Chronic Absenteeism Red	Suspension Rate Orange
Mathematics Orange		
English Learner Progress Blue		

Conclusions based on this data:

- Based on 2023 Dashboard Overall Performance data for all students, Juan Lagunas Soria School will continue to focus on improving student achievement outcomes in the areas of English Language Arts and Mathematics to promote student success across all core content areas in both Sheltered English Instruction (SEI) and Biliteracy settings. The focus will be on quality first instruction, monitoring student progress using Star assessments, providing interventions and collaborating with grade-level teams to follow the MTSS model to ensure that all students are making academic gains. In addition, working on revamping the PBIS model and STOIC to positively impact the

suspension rates as well as closely monitoring student attendance, establishing incentives for students and providing information to parents so they can assist in positively making a change in our chronic absenteeism numbers.

Hispanic	Two or More Races	Pacific Islander	White
 Orange 26 points below standard Decreased -9.6 points 540 Students	Less than 11 Students 10 Students	Less than 11 Students 1 Student	23.9 points above standard Decreased -6.7 points 24 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2023 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
84.4 points below standard Decreased Significantly -23.9 points 119 Students	6.4 points below standard Decreased Significantly -28.5 points 104 Students	10.7 points below standard Decreased -6.6 points 301 Students

Conclusions based on this data:

Based on the student data from the 2023 Fall Dashboard English Language Arts Equity Report, including data from students representing English Learner, Socioeconomically Disadvantaged, and Students with Disabilities significant student groups, Juan Lagunas Soria School classroom teachers will continue to implement evidence-based instructional practices in order to provide all students clearly articulated learning goals based on Common Core State Standards. Being that Juan Lagunas Soria is in ATSI for to support students with disabilities, we will ensure that that we are closely monitoring their progress, providing the necessary interventions and offering before and after school tutoring to ensure that they are making academic growth. We are also adding in additional co-teaching to support students in the general education classrooms.

School and Student Performance Data

Academic Performance Mathematics

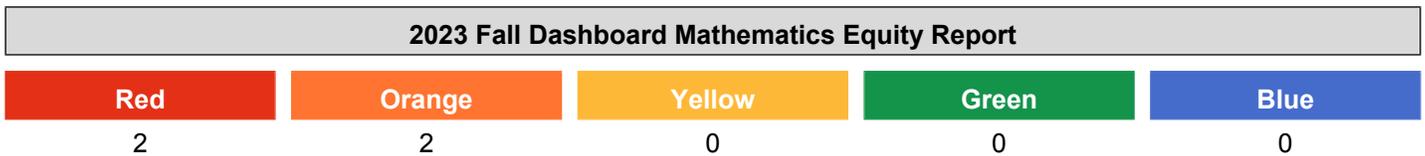

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the Mathematics assessment. This measure is based on student performance either on the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2023 Fall Dashboard Mathematics Performance for All Students/Student Group		
<p>All Students</p>  Orange 67.3 points below standard Maintained +1.1 points 596 Students	<p>English Learners</p>  Red 101 points below standard Decreased Significantly -17.4 points 222 Students	<p>Foster Youth</p> <p>Less than 11 Students</p> <p>1 Student</p>
<p>Homeless</p> <p>102.3 points below standard Maintained -1.1 points 36 Students</p>	<p>Socioeconomically Disadvantaged</p>  Orange 81.4 points below standard Decreased -3.1 points 435 Students	<p>Students with Disabilities</p>  Red 181.8 points below standard Decreased Significantly -41.3 points 72 Students

Hispanic	Two or More Races	Pacific Islander	White
 Orange 74.9 points below standard Maintained -1.5 points 541 Students	Less than 11 Students 10 Students	Less than 11 Students 1 Student	3.3 points below standard Increased +6.7 points 24 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2023 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
125.9 points below standard Decreased Significantly -15.3 points 119 Students	74.8 points below standard Decreased Significantly -28 points 104 Students	53 points below standard Increased +3 points 301 Students

Conclusions based on this data:

Based on the student data from the 2023 Fall Dashboard Mathematics Equity Report, including data from students representing English Learners, Socioeconomically Disadvantaged, and Students with Disabilities significant subgroups, Juan Lagunas Soria School classroom teachers will focus on integrating Mathematical Mindset strategies throughout the instructional core Mathematics program to build students' critical thinking skills, while, at the same time, providing underperforming students intensive, small group intervention before, during, and after the instructional day. Also, being that Juan Lagunas Soria is in ATSI for Math because of the performance of students with disabilities, we will ensure that that we are closely monitoring their progress, providing the necessary interventions, and offering before and after school tutoring to ensure that they are making academic growth.

School and Student Performance Data

Academic Performance English Learner Progress

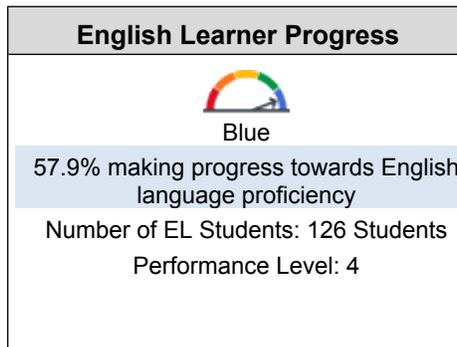

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides a view of the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2023 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2023 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
21	32	1	72

Conclusions based on this data:

According to the Fall 2023 Dashboard English Learner Progress Indicator, 57.9% of English Learners were making progress towards English language proficiency which is an increase of 12.6%. As a result, Juan Lagunas Soria School classroom teachers will continue to strengthen both Integrated and Designated English Language Development (ELD) in order to increase English Learners' language proficiency skills throughout the instructional day.

School and Student Performance Data

Academic Engagement Chronic Absenteeism

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2023 Fall Dashboard Chronic Absenteeism for All Students/Student Group		
All Students	English Learners	Foster Youth
 Red 23.1% Chronically Absent Increased 2.9 932 Students	 Red 22.8% Chronically Absent Increased Significantly 3.5 316 Students	Less than 11 Students 2 Students
Homeless	Socioeconomically Disadvantaged	Students with Disabilities
25.5% Chronically Absent Increased 18 55 Students	 Red 23.3% Chronically Absent Increased 1 679 Students	 Red 36.2% Chronically Absent Increased 2 130 Students

2023 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 6 Students	 No Performance Color 0 Students	8.3% Chronically Absent Declined -9.8 12 Students	16.7% Chronically Absent Increased 16.7 12 Students
Hispanic	Two or More Races	Pacific Islander	White
 Red 23.1% Chronically Absent Increased 2.5 854 Students	21.4% Chronically Absent Increased 1.4 14 Students	Less than 11 Students 1 Student	 Red 30.3% Chronically Absent Increased 11.6 33 Students

Conclusions based on this data:

Based on 2023 Fall Dashboard Chronic Absenteeism data for all students, including those representing English Learner, Socioeconomically Disadvantaged, Students with Disabilities, Hispanic, and White significant subgroups, Juan Lagunas Soria School will continue to focus on addressing students' and family's challenges with daily student attendance. Being that Juan Lagunas Soria is in ATSI for chronic absenteeism we will ensure that that we are closely monitoring and identifying students early on to provide interventions such as: home visits, meetings with family with the school outreach specialist and administration. As well as putting in place a positive attendance system with rewards.

School and Student Performance Data

Conditions & Climate Suspension Rate

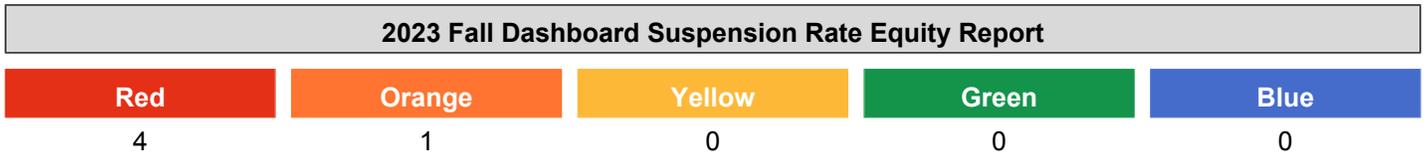

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Conclusions based on this data:

Based on the 2023 Fall Dashboard Suspension Rate Equity Report for all students, including those representing English Learners, Socioeconomically Disadvantaged, Students with Disabilities, Hispanic, and White significant subgroups, Juan Lagunas Soria School will continue addressing students' behavioral needs through the implementation of a progressive discipline policy in order to minimize the need for student suspension. Classroom teachers will closely monitor and document student behavior throughout the instructional day and across a variety of physical environments, including the classroom, playground, cafeteria, hallways, bathrooms, ingress, and egress. Classroom teachers will continue to maintain open lines of communication with parents to inform parents of behaviors that negatively impact the safe, positive learning environment within the school. The school will communicate with Spanish-speaking parents in their primary language to ensure parents have a good understanding of their child's behavior at school. Also, the school will be revamping the PBIS model and STOIC to promote positive behavior in students.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Language Arts and Math

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

All students will reach high academic standards, at a minimum, attaining proficiency or better in reading and mathematics.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase the capacity of teachers to deliver effective data-driven instruction.
To provide equipment, materials and technology resources that support high quality instruction.
To provide opportunities for teachers to collaborate to improve teaching and learning.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
CAASPP ELA	2023-2024: Percentage of students scoring Met/Exceeded by grade level: 3rd grade - 32% 4th grade - 41% 5th grade - 40% 6th grade - 46% 7th grade - 38% 8th grade - 54%	2024-2025: Percentage of students who will score Met/Exceeded by grade level: 3rd grade - 45% 4th grade - 50% 5th grade - 50% 6th grade - 55% 7th grade - 50% 8th grade - 60%
CAASPP Math	2023-2024: Percentage of students scoring Met/Exceeded by grade level: 3rd grade - 26% 4th grade - 30% 5th grade - 19% 6th grade - 30% 7th grade - 19% 8th grade - 30%	2024-2025: Percentage of students who will score Met/Exceeded by grade level: 3rd grade - 35% 4th grade - 40% 5th grade - 35% 6th grade - 40% 7th grade - 30% 8th grade - 40%

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Currently, teachers meet regularly in data groups to analyze student performance data. They utilize data to inform and adjust instructional strategies. This is used to promote collaboration among teachers to share best practices and interventions. Meetings have fostered a collaborative environment, allowing for the sharing of insights and strategies. However, our students' scores remain stagnant. The data analysis process needs to be more focused and consistent to drive more targeted interventions. While data group meetings and IAB assessments have been beneficial, there is a need for a more focused and consistent approach to data analysis. We will collaborate with leadership to develop standardized protocols for data collection and analysis, ensuring all teachers are trained and follow the same methods. We will also regularly review and refine these protocols to maintain consistency and relevance. Administration is also shifting the data meetings from short meetings to just ensure that teachers know their students' levels to include collaboration time to develop next steps. Additionally, IABs have been effective in providing state assessment exposure and support to students. There is a need for a more systematic approach to ensure consistent and focused data analysis across all assessments.

Our school counselor works individually with middle school students to discuss grades and set academic goals as the students focus on their ability to contribute to their own education. She also provides counseling and intervention programs for students struggling academically across all grade levels. This has been effective in providing personalized support, helping students set and achieve academic goals. This strategy has also contributed to better student engagement and self-awareness regarding their academic performance. We spend time and allocate resources to celebrate student success and this helps students take pride in their learning.

We will also continue to work on vertical articulation by organizing regular cross-grade meetings to align curricula and teaching strategies. This ensures a seamless progression for students as they advance through grades.

To achieve the goal of all students attaining proficiency or better in reading and mathematics, it is crucial to enhance data analysis practices, continue efforts in vertical articulation, and incorporate student voice in planning. These steps will ensure a more focused, inclusive, and effective approach to reaching high academic standards.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There were no major differences between the intended implementation and the budgeted expenditures to implement the strategies.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

To enhance the achievement of our school's overarching academic goal of ensuring all students attain proficiency or better in reading and mathematics, we will incorporate a more focused approach to planning around data and a stronger implementation of research-based instructional strategies. This involves refining our data analysis processes to be more consistent and targeted, enabling us to identify specific areas where students need support and tailoring interventions accordingly. Additionally, we will adopt and rigorously apply proven, research-based teaching methodologies to improve instructional quality and effectiveness. By grounding our strategies in robust data and evidence-based practices, we aim to create a more responsive and effective learning environment that supports every student's academic success.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 2

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Social Emotional Support and School Climate

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase positive attendance
 To decrease the suspension rate
 To increase positive behavior
 To ensure a safe environment
 To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Student Suspensions	2023-24: The suspension rate was 4%	2024-25: The suspension rate will decrease to 2%.
Student Attendance	2023-24: Overall Average Daily Attendance Rate: 91.6%	2024-25: The Overall Average Daily Attendance Rate will increase to 95%.
Panorama Survey	Spring 2024 (All Students) Grades 3-5 (N=266) Teacher-Student Relationships: 80% Sense of Belonging: 63% Self-Management: 70% Social Awareness: 68% Engagement: 62% Growth Mindset: 62% Emotional Regulation: 50% Grades 6-8 (N=156) Self-Management: 64% Teacher-Student Relationships: 57% Social Awareness: 58% Growth Mindset: 49% Sense of Belonging: 40% Emotional Regulation: 45%	2024-25: Increase by 5%. Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

During the school year, the outreach coordinator, school counselor, attendance tech, and administration met regularly to monitor student attendance, identify students at risk of being chronically absent, and develop and implement appropriate and meaningful supports, services, and incentives to increase students' positive attendance. A key focus was on fostering a sense of belonging among students. School staff provided support for families, recommending and referring students or parents to Ventura County-based social services, counseling, or other community-based services or programs to help address barriers negatively impacting student attendance. To address our students' social, emotional, and behavioral needs, students were identified through the MTSS process to receive individual and/or small group counseling services provided by the school counselor or county-level services. Trimester awards assemblies honored and recognized the hard work and positive choices students made by rewarding them with praise, recognition, and incentives, further enhancing their sense of belonging. The plan for this year is to continue positively recognizing expected behavior. Additionally, site teams that support school safety and positive behavior will meet regularly to analyze student discipline data, identify areas of focus, and provide recommendations to school staff to strengthen our school's positive learning environment.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Budget expenditures aligned to the intended implementation.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Based on the analysis of the 23-24 SPSA, chronic absenteeism, and suspension rate data the Juan Lagunas Soria School MTSS team will analyze student discipline data more frequently to identify areas of focus and provide recommendations to school staff in order to strengthen our school's positive learning environment. The committee will also collaborate with school staff to develop learning activities that reinforce school-wide expectations for student behavior across all areas of the campus, including the playground, hallways, bathrooms, cafeteria, and front office. Soria staff will focus on implementing the more comprehensive STOIC model as its PBIS approach strategy. Due to ongoing concerns during breaks, we will provide more structured games and activities on the playground.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 3

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Parent and Family Engagement

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase communication through websites and social media so parents and community are informed about district and school instructional programs and activities.

To facilitate parent involvement in the educational and social-emotional well-being of their children.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Parent Volunteers	In 23-24, there were a total of 205 parents who completed the district clearance process to support school activities (e.g., field trips, Student Store).	In 2024-25, Juan Lagunas Soria will maintain a minimum of 100 parent volunteers who have completed the district clearance process.
Parent Survey Results	Baseline data will be collected in the 24-25 school year	In 2024-25 Juan Laguna Soria will work to have 80% of surveyed parents that feel a sense of belonging to the school.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/Activity #	Description	Students to be Served	Proposed Expenditures
3.1	Continue providing essential programs and support services (e.g., parent training and education) to identified students and families.	All Students	District Funded 2000-2999: Classified Personnel Salaries

			ORC-Salary & benefits 1000 LCFF 2000-2999: Classified Personnel Salaries ORC-Extra hours & OT
3.2	Continue implementing the school's Parent Compact and Parent Involvement Policy to strengthen home-school partnerships.	All Students	No additional cost

3.8	The school will provide two kindergarten orientation sessions for parents to ensure that they are confident with the expectations of a dual language kindergarten class and to give them a tour of the facilities.	All Students	No additional cost

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

During the 2023-24 school year, Soria School implemented a comprehensive approach to enhance parental involvement and collaboration to boost student success. Parent/teacher conferences were facilitated to provide a platform for parents to actively engage with their child's academic progress. These conferences allowed parents, students, and teachers to review achievement data together, discuss strengths and areas for improvement, and collaboratively identify strategies to enhance student success. To further build a strong sense of community and partnership, parents were invited to a variety of events, including community-building activities, informational classes on current educational and social issues, and student success meetings focused on best practices for supporting student achievement.

Continuous and effective communication between the school and families was maintained through the use of ParentSquare, an all-in-one platform that streamlined messaging, announcements, and updates. This ensured that parents were always informed about their child's progress and school activities. Additionally, the school's Outreach Coordinator and School Counselor played pivotal roles in supporting parents through training and educational programs. These sessions were designed to empower parents with the knowledge and skills needed to effectively support their children's learning at home, addressing topics such as homework help, understanding curriculum standards, and fostering a positive home learning environment. By offering these resources and maintaining open lines of communication, Soria School strengthened the home-school connection, thereby creating a supportive network aimed at maximizing student success.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There are no major differences between the intended implementation and the budgeted expenditures.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We are a school that is very fortunate to have such a high number of parents who are willing to volunteer. We will be aligning out data from goal 2 with the desire to volunteer and create opportunities to provide structure to sports during the lunch breaks. This will give parents a better opportunity to partner with the site along with minimizing the opportunity for disagreements amongst students. We will also continue to work with parents as partners in education and promote parent universities, involvement in School Site Council, the English Language Advisor Committee, and the Parent Teacher Association. The school will also provide supports and/or training to parents to increase their knowledge and skills.

Budget Summary

Complete the Budget Summary Table below. Schools may include additional information, and adjust the table as needed. The Budget Summary is required for schools funded through the Consolidated Application (ConApp).

Budget Summary

DESCRIPTION	AMOUNT
Total Funds Provided to the School Through the Consolidated Application	\$91,443.00
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$435,342.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0

Other Federal, State, and Local Funds

List the additional Federal programs that the school includes in the schoolwide program. Adjust the table as needed.

Note: If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.

Federal Programs	Allocation (\$)
Title I	\$69,385.00
Title III	\$22,058.00

Subtotal of additional federal funds included for this school: \$91,443.00

Funding Source

Amount

1000-1999: Certificated Personnel Salaries	LCFF	28,368.00
2000-2999: Classified Personnel Salaries	LCFF	18,999.00
4000-4999: Books And Supplies	LCFF	116,753.00
5000-5999: Services And Other Operating Expenditures	LCFF	12,500.00
5700-5799: Transfers Of Direct Costs	LCFF	500.00
5800: Professional/Consulting Services And Operating Expenditures	LCFF	15,500.00
1000-1999: Certificated Personnel Salaries	Prop 28	137,453.00
4000-4999: Books And Supplies	Prop 28	13,826.00
1000-1999: Certificated Personnel Salaries	Title I	40,760.00
2000-2999: Classified Personnel Salaries	Title I	2,100.00
4000-4999: Books And Supplies	Title I	4,525.00
5700-5799: Transfers Of Direct Costs	Title I	11,500.00
5800: Professional/Consulting Services And Operating Expenditures	Title I	10,500.00
4000-4999: Books And Supplies	Title III	15,000.00
5000-5999: Services And Other Operating Expenditures	Title III	7,058.00

Expenditures by Goal

Goal Number	Total Expenditures
Goal 1	379,992.00
Goal 2	45,500.00
Goal 3	9,850.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Amanda Kemp	Principal
Kelley Elrod	Classroom Teacher
Kim Lopez	Classroom Teacher
John Guillen	Classroom Teacher
Sonia Nava	Other School Staff
Will Gomez	Parent or Community Member
Vanessa Torres	Parent or Community Member
Liz Robles-Ramirez	Parent or Community Member
Veronica Munoz	Parent or Community Member
Carlos Sepulveda	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on May 28, 2024.

Attested:

Principal, Amanda Kemp on May 28, 2024

SSC Chairperson, Carlos Sepulveda on May 28, 2024

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

Instructions: Table of Contents

- Plan Description
- Educational Partner Involvement
- Comprehensive Needs Assessment
- Goals, Strategies/Activities, and Expenditures
- Annual Review
- Budget Summary
- Appendix A: Plan Requirements for Title I Schoolwide Programs
- Appendix B: Select State and Federal Programs

For additional questions or technical assistance related to LEA and school planning, please contact the CDE's Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the LEA, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:

Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:

When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- Strategy/Activity #: Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- Description: Describe the strategy/activity.
- Students to be Served: Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- Proposed Expenditures: List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to EC Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- Funding Sources: List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
 - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
 - a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. Use methods and instructional strategies that:
 - i. Strengthen the academic program in the school,
 - ii. Increase the amount and quality of learning time, and
 - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. Strategies to improve students' skills outside the academic subject areas;
 - ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: Title 34 of the *Code of Federal Regulations (34 CFR)*, sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. *EC* sections 64001 et. seq.

Appendix B: Plan Requirements for School to CSI/ATSI Planning Requirements

For questions or technical assistance related to meeting federal school improvement planning requirements, please contact the CDE’s School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education’s “Using Evidence to Strengthen Education Investments” at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

CSI Resources

For additional CSI resources, please see the following links:

- **CSI Planning Requirements** (see Planning Requirements tab):
<https://www.cde.ca.gov/sp/sw/t1/csi.asp>
- **CSI Webinars:** <https://www.cde.ca.gov/sp/sw/t1/csiwebinars.asp>
- **CSI Planning Summary for Charters and Single-school Districts:**
<https://www.cde.ca.gov/sp/sw/t1/csiplansummary.asp>

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

- ESSA Title I, Part A: School Improvement: <https://www.cde.ca.gov/sp/sw/t1/schoolsupport.asp>
- Available Funding: <https://www.cde.ca.gov/fg/fo/af/>

Updated by the California Department of Education, October 2023

**School Plans for
Student
Achievement**

August 21, 2024

The central graphic consists of a large, bright yellow, irregular shape. Surrounding this shape are various white line-art icons representing different fields of study: a paint palette with brushes, a pair of scissors, a graduation cap, a magnifying glass, a book, a lightbulb, a DNA helix, a microscope, a pencil, and a small star. The text "School Plans for Student Achievement" is written in a bold, white, sans-serif font, and "August 21, 2024" is written in a bold, grey, sans-serif font below it.

- The purpose of the SPSA is to coordinate educational services at a school supported by Title funds.
 - State requirement
- In OSD, the SPSAs reflect our comprehensive plan to support student achievement with all funding sources represented.
 - LCAP & Strategic Plan alignment

TIMELINE

March/April/May

Collect & analyze data from current year. Review effectiveness of strategies/activities with stakeholder groups.

May/June

Work on revisions with educational partner groups.
Create draft.

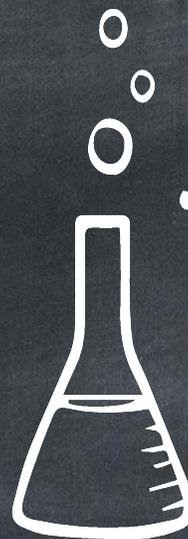

June/August

Make revisions. Complete analyses. Board approval.

GOALS, STRATEGIES and EXPENDITURES

Goal 1

- All students will reach high academic standards in reading and mathematics.

Goal 2

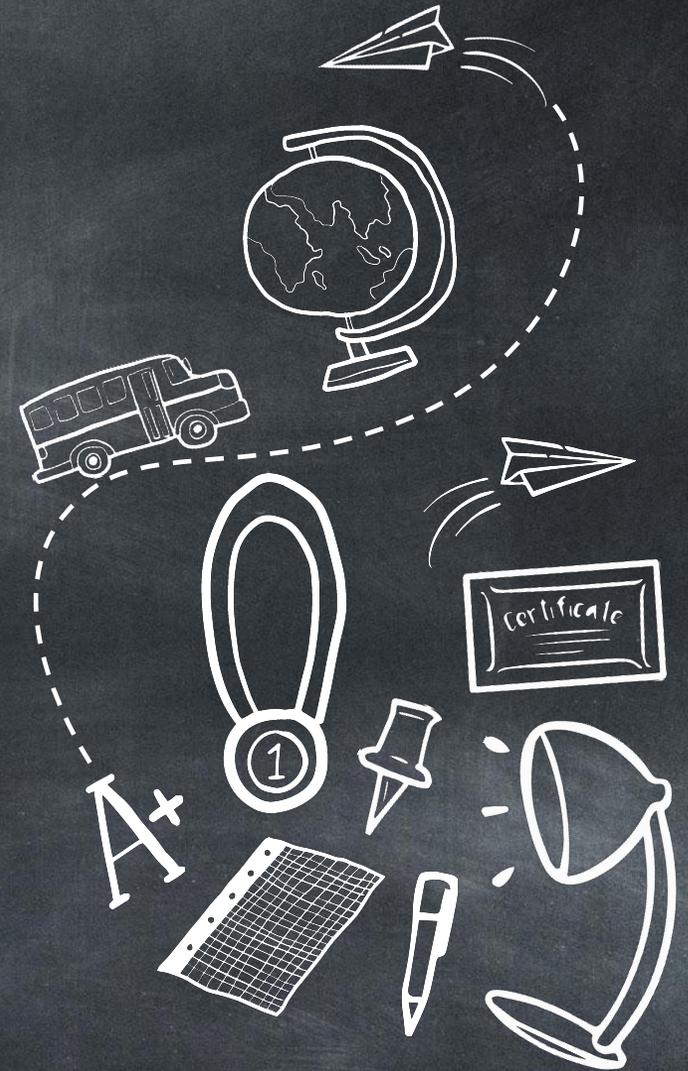

- The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Goal 3

- Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

STRATEGIES/ACTIVITIES

- Student needs are identified through data analysis.
- Focus is on evidence-based educational strategies and activities which support student achievement.
- Resources are directed where they will most directly improve both academic and social-emotional student outcomes.
- Aligned to LCAP and Strategic Plan strategies.

OSD Student Profile

Oxnard School District students will be promoted from our schools with the following traits:

Innovator

Students will be creative writers, successful readers and mathematical thinkers; able to create, design, and apply new knowledge in a variety of contexts.

Problem Solver

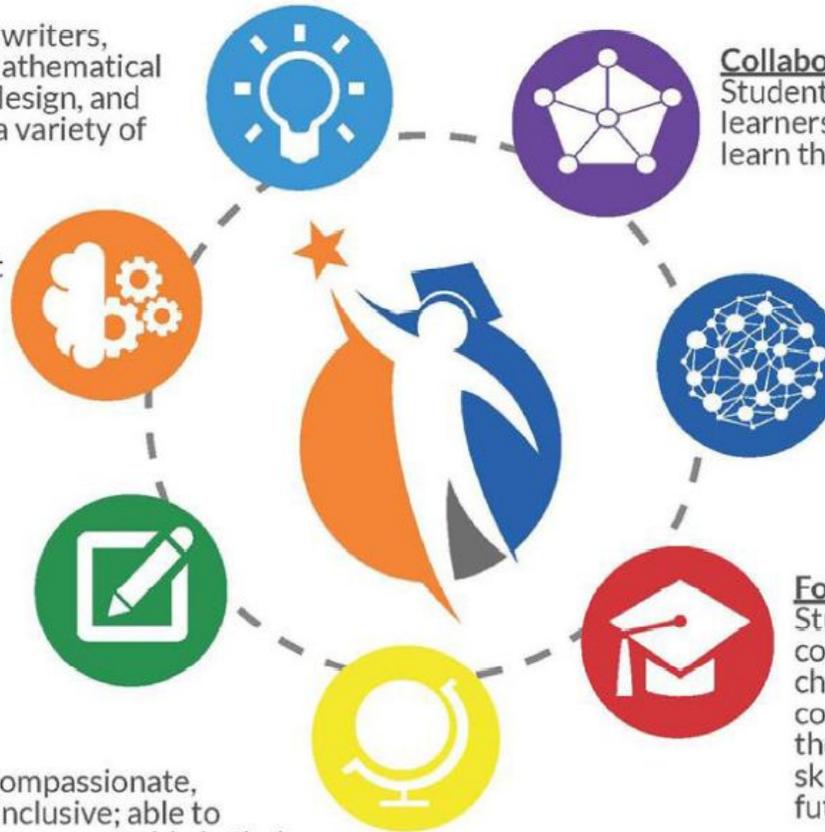

Students will be confident and solution oriented; able to demonstrate a growth mindset and advocate for themselves and for others.

Achiever

Students will be able to demonstrate their knowledge on local and state measures in all academic areas.

Global Thinker

Students will be compassionate, multilingual, and inclusive; able to understand and to convey pride in their identity, heritage, and history.

Collaborator

Students will be collaborative learners; able to communicate and learn through and with others.

Digital Learner

Students will be technologically, artistically, academically and linguistically prepared to succeed and to lead.

Focused on the Future

Students will be high school, college, and career ready; challenged to select rigorous courses and equipped with the tools, knowledge, and skills to be prepared for the future.

Alignment to Strategic Plan

Examples:

- ❖ Plans for music and art instruction, funded by Prop 28 and other sources.
- ❖ Biliteracy instruction and BUF implementation
- ❖ Student projects which can be displayed at OSD Creates!
- ❖ implementing the MTSS model to support academic, social-emotional, behavioral and attendance needs.
- ❖ Using student voice to inform decision making (Superintendent & Principal Fellows)
- ❖ Wellness Centers and Community Circles to support social emotional learning
- ❖ AVID classes, activities and parent engagement
- ❖ Parent involvement through workshops, committees and events
- ❖ Student Leadership opportunities

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Language Arts and Math

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

All students will reach high academic standards in reading and mathematics.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase the capacity of teachers to deliver effective data-driven instruction
To provide equipment, materials and technology resources that support high quality first instruction
To provide opportunities for teachers through focused collaborate to improve teaching and learning

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
CAASPP ELA	2023-2024: 3rd Grade Exceeded or Met: 33% Nearly Met: 25% Not Met : 53%	2024-2025: Focus on Growth from level to level: 10% of students from each level will increase their score in order to move to next level.

Strategies/Activities

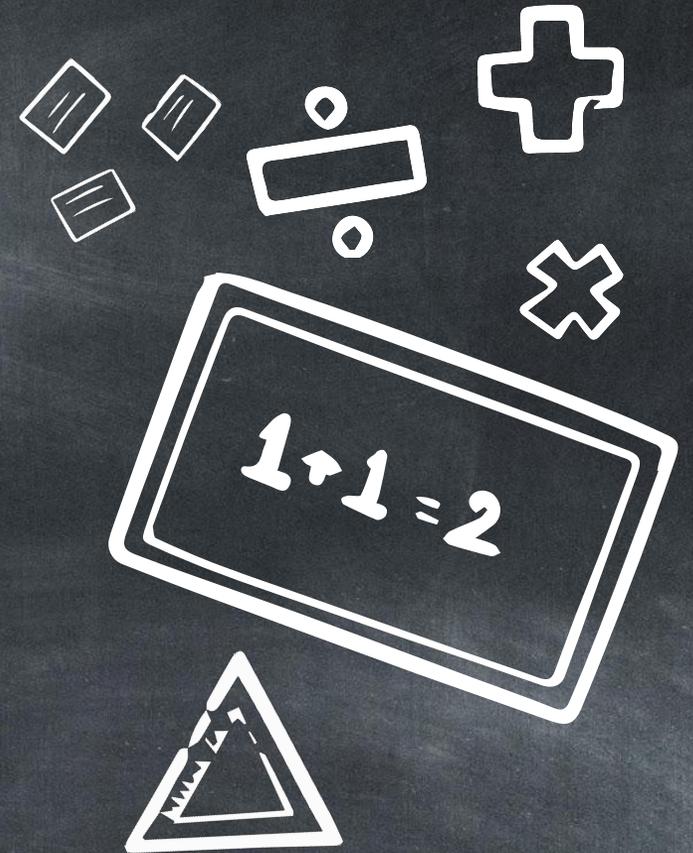

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/ Activity #	Description	Students to be Served	Proposed Expenditures
1.8	The Literacy Intervention Teacher (LIT) and the Intervention Service Provider (ISP), will provide reading intervention to identified students to support growth in literacy.	<div data-bbox="1378 444 1847 486">All Students</div> <div data-bbox="1378 558 1847 601">English Learners</div> <div data-bbox="1378 672 1847 715">Foster Youth</div> <div data-bbox="1378 786 1847 829">Homeless</div> <div data-bbox="1378 901 1847 943">Socioeconomically Dis</div> <div data-bbox="1370 993 1847 1043">Add Row 5 rows remaining.</div>	<div data-bbox="1880 486 2466 529">District Funded</div> <div data-bbox="1880 536 2466 579">1000-1999: Certificated Persc</div> <div data-bbox="1880 586 2466 629">Literacy Intervention Teacher salary</div> <div data-bbox="1880 786 2122 829">27156</div> <div data-bbox="1880 843 2466 886">Title I</div> <div data-bbox="1880 893 2466 936">2000-2999: Classified Person</div> <div data-bbox="1880 943 2466 986">Intervention Service Provider salary</div> <div data-bbox="1880 1143 2359 1186">Add Row 8 rows remaining.</div>

BUDGET

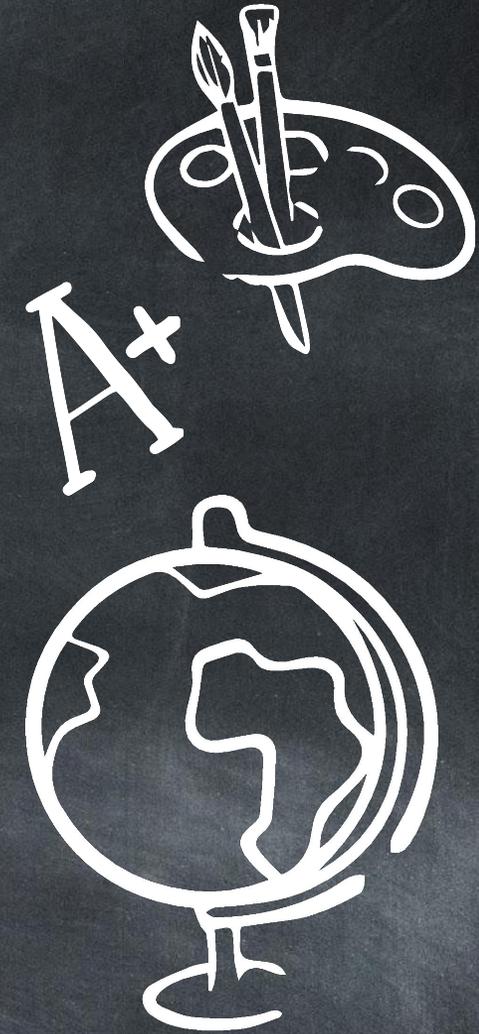

Funding Sources

- Title I
 - Supports academic and social emotional needs of students; including intervention, enrichment and parent engagement
- Title III
 - For English Learners only
- LCFF
 - Local Control Funding Formula
- LCFF – Intervention
 - Targeted funds to support intervention

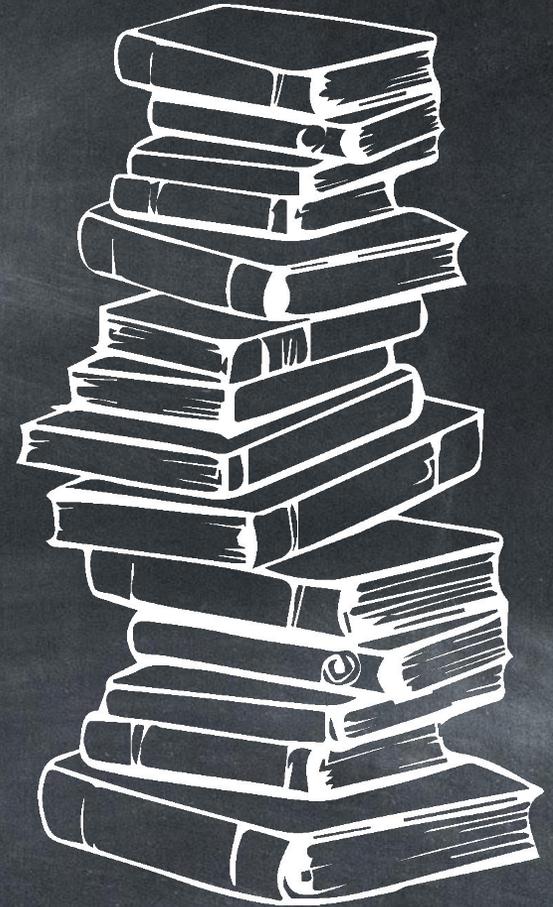

MEMBERSHIP, RECOMMENDATIONS and ASSURANCES

- The School Site Council must be correctly constituted.
- The SSC sought and considered all recommendations from ELAC before adopting the plan.
- This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.
- When the SSC approves the plan, they are recommending that the Board of Trustees approve as well.

A LIVING DOCUMENT

School Plans are regularly revised to reflect changes in student needs and budget expenditures.

THANK YOU!

Ratification of Agreement # 24-106 With City of Oxnard Regarding Off Site Improvements for Rose Avenue Elementary School(Mitchell)

District representatives and City of Oxnard representatives met over the past several months to discuss certain City permits, public facilities and improvements required for the Rose Elementary School. In connection with those improvements and facilities, the District's Board of Trustees has previously approved several easements, dedications, conveyances and covenants.

The Agreement between the District and the City of Oxnard is intended to provide for the construction of the off-site portion of the improvements to allow the school site to connect to the water, sewer, storm water and other City operated systems. The Agreement also provides for certain sidewalk and street improvements to be constructed by the District. In connection with the construction of the required improvements, the City requires that the District provide certain insurance, bonding, warranties and other commitments.

FISCAL IMPACT:

Estimated \$250,000 for the construction of the required improvements, plus permit fees and other related costs to be paid out of the Master Construct Funds.

RECOMMENDATION:

It is the recommendation of the Assistant Superintendent, Business & Fiscal Services that the Board ratify the execution and delivery of Agreement # 24-106.

CITY OF OXNARD

**DEVELOPMENT DESIGN AND REVIEW IMPROVEMENT AGREEMENT
(CONCERNING OFF-SITE IMPROVEMENTS RELATED TO SCHOOL CONSTRUCTION)**

Date of Agreement: June 12, 2023
Permit No.: NP 21-05
Names of Developer: Oxnard School District of Ventura County
Address: 1051 South "A" Street
Oxnard, CA 93030

This Development Design and Review Improvement Agreement ("Agreement") is entered into in the County of Ventura, State of California, between the City of Oxnard ("City") and the above-named Developers ("Developer") pursuant to Development Design and Review Permit No. NP 21-05. City and Developer agree as follows:

1. Agreement to Perform. Developer agrees to satisfactorily perform all acts required by City in connection with the development design and review permit.
2. Construction of Improvements Required by City to Connect School Improvements to City Services ("Off Site Improvements")
 - A. At Developer's sole expense, Developer agrees to construct and complete in accordance with City standards all street, drainage, water, sewer, lighting, and other public improvements required for approval of the development design and review permit. Such public improvements are set forth in Section 1 of Exhibit A, attached hereto and incorporated herein by this reference. The estimated cost of such public improvements is listed in Section 2 of Exhibit A.
 - B. Developer agrees to construct and complete City's portion, if any, of the public improvements as set forth in Section 1 of Exhibit A. Developer shall be reimbursed by City for the cost of such construction and completion in accordance with Resolution No. 10,272.
 - C. The public improvements are public work, as defined in Chapter 1 of Part 7 of Division 2 of the Labor Code, to which Labor Code Section 1771 applies. Developer shall comply with all requirements of law applicable to such construction.
3. Repairs or Reconstruction. Developer shall promptly repair or reconstruct any portion of the public improvements that the Community Development Director ("Director") determines, in his or her sole discretion, to be unsatisfactory. If Developer does not act promptly after reasonable notice from Director, and if City promptly repairs or reconstructs the improvements in order to protect such improvements or the public safety, Developer shall pay to City the actual cost of the repairs or reconstruction plus 15 percent thereof.

4. Fees and Charges. Developer agrees to pay all fees and charges imposed on the development pursuant to federal and State law and regulations and City ordinances, resolutions and policies.

5. Faithful Performance/Labor and Materials Security. Prior to execution of this Agreement by City, Developer shall furnish City with security in a form approved by the City Attorney. Security shall be as follows:

A. One hundred percent (100%) of the estimated costs of the public improvements as listed in Section 2 of Exhibit A to secure satisfactory construction and completion of those public improvements.

B. Fifty percent (50%) of the estimated costs of the public improvements as listed in Section 2 of Exhibit A to secure prompt payment to any contractor, subcontractor, and/or persons furnishing labor, materials, or equipment for the construction and completion of the public improvements.

C. No changes or alternations may be made in the construction of the public improvements without the prior approval of Director. Unless otherwise approved, in writing, by Director, Developer shall obtain security for 100% of the estimated cost of the public improvements as changed or altered.

6. Release of Security. City agrees that the security furnished by Developer shall be released in the following manner:

A. Security provided for the satisfactory construction and completion of the public improvements shall be released upon final completion and acceptance of such construction by Director, subject to the security retained to guarantee that the public improvements are not defective and to pay the costs of enforcement. On written application of Developer after partial completion of the construction and acceptance thereof, Director may release a portion of the security. Any partial release shall not be less than 25% or more than 75% of the total security until final completion and acceptance of the public improvements by Director.

B. Security for payment to any contractor, subcontractor, and/or persons furnishing labor, materials, or equipment shall be released 65 days after the recording of a Notice of Completion, or if a Notice of Completion is not recorded, 95 days after the completion of the public improvements. The amount of security released shall be the total security less the amount of all claims of lien that have been recorded and notice given in writing to City. If no such claims of lien have been recorded and no notice given in writing to City, City shall release the security in full.

7. Guarantee of No Defects. Developer guarantees that the public improvements shall not be defective in any manner for a period of one year following completion and acceptance thereof by City, and Developer agrees to pay City's costs of enforcing such guarantee. Developer's guarantee shall be secured by a security in a form approved by the City Attorney equal to 25% of the estimated costs of the public improvements as listed in Section 2 of Exhibit A.

8. Time for Completion.

A. Developer shall diligently commence and proceed with the construction so that the public improvements shall be completed and accepted within 12 months after execution of this Agreement by City.

B. If Developer is delayed at any time in the progress of the construction by any changes ordered by Director in the scope of Developer's construction or by labor disputes, fire, unavoidable casualties or other circumstances beyond Developer's control, Director, on written application of Developer, may extend the time for completion for a reasonable period. Any extension granted by Director shall be in writing and shall specify the new time for performance.

C. For other good cause shown by Developer, Director may extend the time for completion. Any extension granted by Director shall be in writing and shall specify the new time for performance.

D. If the estimated costs of construction of the public improvements have increased, Director may, as a condition of extending the time for completion, require Developer to increase the amount of security.

9. Breach of Agreement. Director may declare Developer in breach of this Agreement for any of the following reasons:

A. Developer does not diligently pursue completion of the public improvements, or any part thereof, or fails to complete the construction of the public improvements within the specified time;

B. Developer is adjudged bankrupt, or Developer makes a general assignment for the benefit of Developer's creditors, or a receiver is appointed because Developer has become insolvent;

C. Developer or any of Developer's contractors, subcontractors, agents or employees violate any of the provisions of this Agreement.

10. Use of Security Upon Breach. After notifying Developer of Developer's breach of this Agreement, Director shall have the following rights with regard to Developer's security:

A. To demand that the surety immediately take over and complete the public improvements. The surety shall be obligated to comply with such demand within five days of receipt thereof.

B. To take over and complete the public improvements and use the security to provide for the entire costs thereof.

C. To take other appropriate action to cause the public improvements to be constructed at the expense of Developer or Developer's surety.

11. Indemnity. Developer agrees to indemnify, hold harmless and defend City, its City Council, and each member thereof, and every officer, employee, representative or agent of City, from any and all liability, claims, demands, actions, damages (whether in contract or tort, including personal injury, death at any time, or property damage), costs and financial loss, including all costs and expenses and fees of litigation or arbitration, that arise directly or indirectly from any acts or omissions related to this Agreement performed by Developer or its agents, employees, subconsultants, subcontractors, consultants and other persons acting on Developer's behalf. This agreement to indemnify, hold harmless and defend shall apply whether such acts or omissions are the product of active negligence, passive negligence, or acts for which Developer or its agents, employees, subconsultants, subcontractors, consultants and other persons acting on Developer's behalf would be held strictly liable.

12. Insurance.

A. Prior to execution of this Agreement by City, Developer shall obtain and maintain during the performance of this Agreement the insurance coverages as specified in Exhibit INS-Q, attached hereto and incorporated herein by this reference, issued by a company satisfactory to the Risk Manager, unless the Risk Manager waives, in writing, the requirement that Developer obtain and maintain such insurance coverages.

B. Prior to commencement of any construction under this Agreement, Developer shall file with the Risk Manager evidence of insurance coverage as specified in Exhibit INS-Q. Evidence of insurance coverage shall be forwarded to the Risk Manager, addressed as specified in Exhibit INS-Q.

C. Maintenance of proper insurance coverages by Developer is a material element of this Agreement. Developer's failure to maintain or renew insurance coverages or to provide evidence of renewal may be considered as a material breach of this Agreement.

13. Severability. City and Developer agree that the invalidity in whole or in part of any provision of this Agreement shall not void or affect the validity of any other provision.

14. Waiver of Any Challenge. Developer's execution of this Agreement represents full acceptance of the benefits and the burdens associated with the approval of the above development design and review permit and Developer hereby fully and completely waives all claims, protests, or challenges concerning any fee, condition or obligation imposed by City in its approval of the subdivision.

15. Costs of Enforcement. Developer and City agree that the prevailing party's reasonable costs, attorneys' fees (including the reasonable value of the services rendered by the City Attorney Department) and expenses, including investigation fees and expert witness fees, shall be paid by the non-prevailing party in any dispute involving the terms and conditions of this Agreement.

16. Arbitration. Developer and City agree that in the event of any dispute with regard to the provisions of this Agreement or the construction of the public improvements, the dispute may be submitted to arbitration upon the mutual agreement of Developer and City, under such

procedures as Developer and City may agree upon, or, if Developer and City cannot agree, then under the Rules of the American Arbitration Association.

17. Waiver of Statute of Limitations. For a period of ten years from the date of this Agreement, Developer agrees not to plead the statute of limitations as a defense to the obligations imposed by this Agreement.

18. Notices. All notices provided for herein shall be in writing and shall be effective when delivered in person or sent by registered or certified mail to Developer at the address given above or to City, c/o Community Development Director, 305 West Third Street, Oxnard, California 93030-5738.

19. Amendments. City and Developer agree that the terms and conditions of the Agreement may be reviewed and modified at any time. Any modifications to this Agreement, however, shall be effective only when agreed to in writing by both Director and Developer.

20. Binding on Successors. Developer and City agree that this Agreement shall be binding upon and inure to the benefit of the heirs, executors, administrators, successors and assigns of Developer and City.

21. Entire Agreement. City and Developer agree that this Agreement constitutes the entire agreement of the parties regarding the subject matter described herein and supersedes all prior communications, agreements, and promises, either oral or written.

22. Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed to be an original and all of which, when taken together, shall be deemed to be one and the same agreement. A signed copy of this Agreement transmitted by email or by other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original executed copy of this Agreement for all purposes.

Detailed Improvement Plan No. 21-26A

SECTION 2. ESTIMATED COSTS OF IMPROVEMENTS.

Streets	\$50,000.00
Removals	\$45,000.00
Wastewater facilities	\$5,000.00
Water facilities	\$135,000.00
Storm Drain facilities	15,000.00
Monuments and related facilities	-0-
Grading	-0-
Undergrounding existing utilities	-0-
TOTAL	\$250,000.00

INSURANCE REQUIREMENTS FOR SUBDIVISION AGREEMENTS

1. Developer shall obtain and maintain during the performance of any activities under this Agreement the following insurance against claims for injuries to persons or damages to property which may arise from or in connection with the development of the subdivision by developer, its agents, representatives, or employees.

a. Commercial General Liability Insurance, including Contractual Liability, in an amount not less than \$1,000,000 combined single limit for bodily injury and property damage for each claimant for general liability with coverage equivalent to Insurance Services Office Commercial General Liability Coverage (Occurrence Form CG 0001). If a general aggregate limit is used, that limit shall apply separately to the project or shall be twice the occurrence amount;

b. Business Automobile Liability Insurance in an amount not less than \$1,000,000 combined single limit for bodily injury and property damage for each claimant for automobile liability with coverage equivalent to Insurance Services Office Automobile Liability Coverage (Occurrence Form CA0001) covering Code No. 1, "any auto;"

c. Workers' Compensation Insurance in compliance with the laws of the State of California, and Employer's Liability Insurance in an amount not less than \$1,000,000 per claimant. Additionally, the workers' compensation policy shall include a waiver of all rights of subrogation which the insurer may have against the City.

2. Developer shall, prior to approval of the Subdivision Agreement, file with the Risk Manager certificates of insurance with original endorsements effecting coverage required by this Exhibit INS-Q. The certificates and endorsements for each insurance policy are to be signed by a person authorized by that insurer to bind coverage on its behalf. The certificates and endorsements are to be on the attached forms or on other forms approved by the Risk Manager. All certificates and endorsements are to be received and approved by the Risk Manager before work commences. City reserves the right to require complete certified copies of all required insurance policies at any time. The certificates of insurance and endorsements shall be sent via email. If you have not received your request or are having difficulty with electronic upload, contact insurance@oxnard.org

3. Developer agrees that all insurance coverages shall be provided by a California admitted insurance carrier with an A.M. Best rating of A:VII or better and shall be endorsed to state that coverage may not be suspended, voided, canceled by either party, or reduced in coverage or limits without 30 days' prior written notice to the Risk Manager. The Risk Manager shall not approve or accept any endorsement if the endorsement contains "best effort" modifiers or if the insurer is relieved from the responsibility to give such notice.

4. Developer agrees that the Commercial General Liability and Business Automobile Liability Insurance policies shall be endorsed to name City, its City Council, officers, employees and volunteers as additional insureds as respects: liability arising out of activities performed by or on behalf of developer; products and completed operations of developer; premises owned, occupied or used by developer; or automobiles owned, leased, hired or borrowed by developer. The coverage shall contain no special limitations on the scope of protection afforded to City, its City Council, officers, employees and volunteers. **The General Liability Special Endorsement Form and Automobile Liability Special Endorsement Form attached to this Exhibit INS-Q or substitute forms containing the same information and acceptable to the Risk Manager shall be used to provide the endorsements (ISO form CG 2010 11/85 or if not available, CG 2010 with an edition date prior to 01/04 and CG 2037).**

5. The coverages provided to City shall be primary and not contributing to or in excess of any existing City insurance coverages **(this must be endorsed)**. Additionally, the workers' compensation policy shall include a waiver of all rights of subrogation which the insurer may have against the City. Any failure to comply with reporting provisions of the policies shall not affect coverage provided to City, its City Council, officers, employees and volunteers. The insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

6. Any deductibles or self-insured retentions must be declared to and approved by the Risk Manager. At the option of the Risk Manager, either the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects City, its City Council, officers, employees and volunteers, or the developer shall procure a bond guaranteeing payment of losses and related investigations, claim administration and defense expenses.

INSTRUCTION FOR SUBMITTING INSURANCE CERTIFICATES AND ENDORSEMENT FORMS

Certificates of Insurance

The sample accord form on the following page is provided to facilitate your preparation and submission of certificates of insurance. You may use this or any industry form that shows coverage as broad as that shown on the attached sample. **Please note the certificate holder address must be as shown on the attached sample accord form with the contract number and insurance exhibit identification information completed.** Improperly addressed certificates may delay the contract start-up date because the City's practice is to return unidentifiable insurance certificates to the insured for clarification as to the contract number. **Cancellation provisions must be endorsed to the policy. Modifying the certificate does not change coverage or obligate the carrier to provide notice of cancellation.**

Endorsement Forms

Original endorsements are required for commercial general liability and business automobile liability insurance policies and must be attached to the applicable certificate of insurance. City preference is that you use the endorsement forms which are attached. Substitute forms will be accepted, however, as long as they include provisions comparable to the attached.

OSD BOARD AGENDA ITEM

Name of Contributor: Valerie Mitchell, MPPA

Date of Meeting: August 21, 2024

Agenda Section: Section F: Board Policies, First Reading

First Reading - E 9270 Conflict of Interest (Mitchell)

A revision has been made to the district's E 9270 Conflict of Interest policy to remove a designated position title. The deleted language is marked with a strikethrough. The revised policy will be presented for a second reading and adoption at the September 4, 2024 Board meeting. These changes will be forwarded to the County Clerk of the Board's office after the revised policy is adopted.

FISCAL IMPACT:

N/A

RECOMMENDATION:

It is the recommendation of the Assistant Superintendent, Business and Fiscal Services that the Board of Trustees review the revision to E 9270 Conflict of Interest for first reading, as presented. The revised policy will be presented for second reading and adoption at the September 4, 2024 Board meeting.

ADDITIONAL MATERIALS:

Attached: [E 9270 \(3 pages\)](#)

CONFLICT OF INTEREST

**Conflict of Interest Code of the
Oxnard School District**

The provisions of 2 CCR 18730 and any amendments to it adopted by the Fair Political Practices Commission, together with the attached Appendix specifying designated positions and disclosure categories, are incorporated by reference and shall constitute the district's conflict of interest code.

Board of Trustees members and designated employees shall file a Statement of Economic Interest/Form 700 in accordance with the disclosure categories listed in the enclosed Appendix. Persons holding positions designated in the Appendix shall file Form 700 Statements of Economic Interests with the filing officer specified for that position in said Appendix. The respective filing officer shall make the statements available for public review and inspection.

APPENDIX

Disclosure Categories

1. **Category 1:** A person designated Category 1 shall disclose:
 - a. Interests in real property located entirely or partly within district boundaries, or within two miles of district boundaries, or of any land owned or used by the district.
 - b. Investments or business positions in or income (including gifts, loans, and travel payments) from sources which are engaged in the acquisition or disposal of real property within the district, are contractors or subcontractors which are or have been within the past two years engaged in work or services of the type used by the district, or manufacture or sell supplies, books, machinery, or equipment of the type used by the district.
2. **Category 2:** A person designated Category 2 shall disclose:
 - a. Investments or business positions in or income (including gifts, loans, and travel payments) from sources which are contractors or subcontractors engaged in work or services of the type used by the department which the designated person manages or directs.
 - b. Investments or business positions in or income (including gifts, loans, and travel payments) from sources which manufacture or sell supplies, books, machinery, or equipment of the type used by the department which the designated person manages or directs. For the purposes of this category, a principal's department is his/her entire school.

CONFLICT OF INTEREST (continued)

3. **Full Disclosure:** Because it has been determined that the district's Board members and Superintendent "manage public investments," they and other persons designated for "full disclosure" shall disclose, in accordance with Government Code 87200:
- a. Interests in real property located entirely or partly within district boundaries, or within two miles of district boundaries, or of any land owned or used by the district.
 - b. Investments, business positions, and sources of income, including gifts, loans, and travel payments.

CONFLICT OF INTEREST (continued)**Disclosures for Consultants**

Consultants are designated employees who must disclose financial interests as determined on a case-by-case basis by the Superintendent or designee. The Superintendent or designee's written determination shall include a description of the consultant's duties and a statement of the extent of disclosure requirements based upon that description. All such determinations are public records and shall be retained for public inspection along with this conflict of interest code.

A consultant is an individual who, pursuant to a contract with the district, makes a governmental decision whether to: (2 CCR 18701)

1. Approve a rate, rule, or regulation
2. Adopt or enforce a law
3. Issue, deny, suspend, or revoke a permit, license, application, certificate, approval, order, or similar authorization or entitlement
4. Authorize the district to enter into, modify, or renew a contract that requires district approval
5. Grant district approval to a contract that requires district approval and in which the district is a party, or to the specifications for such a contract
6. Grant district approval to a plan, design, report, study, or similar item
7. Adopt or grant district approval of district policies, standards, or guidelines

A consultant is also an individual who, pursuant to a contract with the district, serves in a staff capacity with the district and in that capacity participates in making a governmental decision as defined in 2 CCR 18702.2 or performs the same or substantially all the same duties for the district that would otherwise be performed by an individual holding a position specified in the district's conflict of interest code. (2 CCR 18701)
