About the ASHA Convention

The annual ASHA Convention is the premier professional development and networking event for speech-language pathologists; audiologists; speech, language, and hearing scientists; assistants; and students. It offers a robust in-person education program with supplemental virtual content.

Dates and Location

The 2024 ASHA Convention will be held December 5–7, 2024 at the [Seattle Convention Center in Seattle, Washington](#). The Seattle Convention Center is comprised of two buildings and ASHA will be using both:

- The Arch building is at 705 Pike Street.
The main pedestrian entrance to Arch is on the corner of 7th Avenue and Pike Street, and the Arch drop-off points are 725 Pike (private/rideshare) and 800 Convention Place (bus).
- The Summit building is at 900 Pine Street, just over a block away from Arch.
The main pedestrian entrance is on the corner of 9th Avenue and Pine Street, and the drop-off location is on 9th Avenue between Pine Street and Olive Way (private/rideshare and bus).

Some activities will also be held at our Co-Leadership hotels:

- Hyatt Regency Seattle, 808 Howell Street
- Sheraton Grand Seattle, 1400 Sixth Avenue

These facilities are not connected, but we will have plenty of guidance on hand to help you get to where you need to go. If you have a mobility challenge, [scooter and wheelchair rentals are available through Scootaround](#) to help you get around at the ASHA Convention.

News and Announcements

Read about [important updates and other news](#) about the ASHA Convention.

Why Attend the ASHA Convention?

The ASHA Convention is the most comprehensive education event in the world for speech, language, and hearing professionals. Our event provides attendees with a once-a-year opportunity to learn about the latest research, expand clinical skills and techniques, find new products and resources, and network with colleagues while earning [continuing education credit](#).

Get Your Employer's Support

Gain support to attend the ASHA Convention from your employer [with our new toolkit](#).

Schedule

The [Schedule at a Glance](#) provides an overview of each day's events.

Program

The ASHA Convention [education program](#) covers [32 topic areas](#) related to the professions and offers thousands of sessions—[oral seminars](#), [technical sessions](#), [technical demos](#), [poster presentations and short courses](#)—for [ASHA Continuing Education Credit or professional development hours](#).

OSD BOARD AGENDA ITEM

Name of Contributor: Valerie Mitchell, MPPA

Date of Meeting: August 21, 2024

Agenda Section: Section C: Consent Agenda

Ratification of Allocations of Contract Contingency #16 as found in Amendment #001 to Construction Services Agreement #17-158 and Guaranteed Maximum Price (GMP) between the Oxnard School District and Balfour Beatty Contractors, LLC to provide Lease-Lease-Back Construction Services for the Rose Avenue Elementary School Reconstruction Project (Mitchell/Miller/CFW)

The District's Master Construction Program adopted by the Board in January 2017 identified Rose Avenue elementary School as needing extensive modernization to existing classrooms, the MPR/food services building, electrical and other utilities, playfields, vehicular areas, lunch shelters and play equipment, as well as the need for construction of a library/media center.

The Board approved the negotiated GMP and the Amendment No 001 to the Lease Agreement as executed in the attached Lease Lease-Back Agreements (Lease, Sublease, and Construction Services Agreement) with Balfour Beatty Construction to complete the Work identified in IBI's architectural drawings for the Rose Ave Elementary School Reconstruction Project on September 22, 2021.

The "GMP" for the Project is Forty-one Million Six Hundred Seventy-Eight Thousand Three Hundred Ninety-Three Dollars and No Cents (\$41,678,393.00). The GMP also consists of (1) a Contractor Contingency in the amount of One Million Six Hundred Ninety-five Thousand Forty-Two Dollars and No Cents (\$1,695,042.00), (2) Sublease Payments in the amount of \$173,660 per month for 12 months for a total lease value of Two Million Eighty-Three Thousand Nine Hundred Twenty Dollars and No Cents (\$2,083,920.00) pursuant to terms and payment schedule as amended and set forth in the Sublease. There are also Allowances included in the GMP for specific purposes. The total Contractor Contingency Allowance is in the amount of Seven Hundred Ninety-Seven Thousand Six Hundred Sixty-Seven Dollars and No Cents (\$797,667.00).

We are seeking ratification of draws from the various funds that were set up within the GMP according to contract documents. The contract documents allow funds to be drawn from the accounts with District approval. The Director of Facilities has been designated to provide the initial approval. The accompanying document lists all the account draws approved to date for the Contractor Contingency.

Fund activity is as follows:

Contractor Contingency Allocation Approval: This contingency fund began with a fund balance of Seven Hundred Ninety-Seven Thousand Six Hundred Sixty-Seven Dollars and No Cents (\$797,667.00). There have been allocations totaling Six Hundred Sixteen Thousand Five Hundred Five Dollars and Ninety-Nine Cents (\$616,505.99) leaving a fund balance of One Hundred Eighty-One Thousand One

Hundred Sixty-One Dollars and One Cent (\$181,161.01).

FISCAL IMPACT:

None

RECOMMENDATION:

It is the recommendation of the Assistant Superintendent, Business & Fiscal Services, and the Director of Facilities, in consultation with Caldwell Flores Winters, Inc. that the Board of Trustees ratify the Allocation #16 Approval Documents as presented and the distributions of the funds reported for the Rose Avenue Elementary School Reconstruction, under the Master Construct & Implementation Funds Program.

Gearald,

Please see attached **CDR 88 R2**, for your review.

It's our understanding that the pathway between the parking lot and the access road will be removed and a continuous planter will eventually be provided.

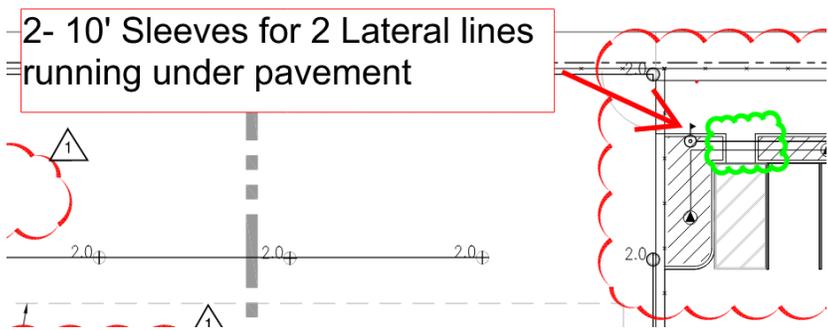

You may recall that curb in this area is scheduled to be redone by BBC once the project is completed.

Premier Landscaping is charging for underground sleeving, but if we are to tear the pathway out then we can eliminate some of this cost from the CDR.

Please confirm.

Construction Equipment (see attached supporting documentation)	\$	-	
		Subtotal C: \$	-
D. General Contractor's Overhead and Profit*			
Overhead & Profit 5% of Subtotal A			
Overhead & Profit 5% of Subtotal B	n/a		
Overhead & Profit 10% of Subtotal C	\$	-	
		Subtotal D: \$	-
E. Bond at 1%	\$	-	0%
		Subtotal E: \$	-
Grand Total = (A + B + C + D + E)		\$	(3,297.19)

See revised Sheet L-1 to eliminate Sock Bubblers, and install drip emitters on trees per original DSA Approved Plans
Reduce Additive cost as required.

The added cost is due to the additional root watering systems, plants, & sleeves that were added in ASI 28. We separated what was added from what was deleted as to not cause any confusion between the two and to clearly show what went into each. We had to do an additive COP because there is added scope.

The request could potentially increase the Milestones and/or Contract Time by TBD calendar days.

IRRIGATION NOTES

- 2- 1 GPH EMITTERS/1 GAL., 3- 1 GPH/5 GAL., 2- 2 GPH/15 GAL., 3- 2 GPH/24" BOX, 4- 2 GPH/36" BOX. INSTALL EMITTERS AT EQUAL DISTANCE AROUND ROOTBALL.
- IRRIGATION PLANS ARE DIAGNOSTIC. ACTUAL LINE AND HEAD PLACEMENT SHALL BE DETERMINED ON SITE DURING CONSTRUCTION. CONTRACTOR SHALL ADJUST NOZZLE RADIUS (TO ACHIEVE 100% COVERAGE) BASED ON PLAN LAYOUT & IN-FIELD DIMENSIONS.
- POINT OF CONNECTION (P.O.C.) AT EXISTING 3" METER SHALL BE PROVIDED BY GEN. CONTRACTOR. REFER TO ENGINEERING DRAWINGS FOR ADDITIONAL INFORMATION.
- 120V ELECTRICAL FOR AUTOMATIC CONTROLLER SHALL BE STUBBED OUT BY ELEC. CONTRACTOR. FINAL WIRING TO NEW CLOCK SHALL BE BY LANDSCAPE CONTRACTOR. 460V FOR BOOSTER PUMP SHALL BE INSTALLED BY ELECTRICAL CONTRACTOR (COMPLETE).
- SYSTEM DESIGN BASED ON 70 P.S.I. STATIC WATER PRESSURE (100 P.S.I. WITH PUMP). MINIMUM OPERATING PRESSURE SHALL BE 30 P.S.I. FOR DRIP, & BUBBLERS, & 55-60 PSI FOR ROTORS. VERIFY WATER PRESSURE PRIOR TO INSTALLATION. SEE BOOSTER PUMP REQUIREMENTS. MAXIMUM FLOW SHALL BE 70 GPM.
- LANDSCAPE CONTRACTOR SHALL BE RESPONSIBLE FOR 100% COVERAGE AT NO ADDITIONAL COST TO OWNER. SITE DIMENSIONS SHOULD BE THOROUGHLY CHECKED BY CONTRACTOR PRIOR TO BIDDING AND CONSTRUCTION. DISCREPANCIES SHOULD BE IMMEDIATELY BROUGHT TO THE ATTENTION OF THE LANDSCAPE ARCHITECT.
- REFER TO THE SPECIFICATIONS PRIOR TO BIDDING AND CONSTRUCTION (DOCUMENTS ARE INCOMPLETE WITHOUT SPECIFICATIONS).
- ALL LINES UNDER PAVING SHALL BE SLEEVED. CONTRACTOR SHALL INSTALL SLEEVES IN STRAIGHT LINES FROM PLANTER TO PLANTER. PLACE DESIGNATED LINE INSIDE SLEEVE PRIOR TO INSTALLATION. SLEEVES SHALL BE 2x LINE SIZE.
- PIPE SIZES SHOWN ON THE PLAN CONTINUE DOWNSTREAM, TO THE NEXT SIZE LABEL, TYPICAL.
- INSTALL ALL VALVE BOXES & QUICK COUPLER VALVE BOXES WITHIN 12" OF WALKWAY (UNLESS SHOWN OTHERWISE).
- IRRIGATION EQUIPMENT MAY BE SHOWN OUTSIDE OF PLANTERS FOR CLARITY. INSTALL ALL EQUIPMENT IN PLANTERS UNLESS NOTED OTHERWISE.
- ALL FIELD ROTORS SHALL BE LOCATED BY GPS SURVEY (NO EXCEPTIONS). SEE SPECIFICATIONS.

IRRIGATION NOTES

- 2- 1 GPH EMITTERS/1 GAL., 3- 1 GPH/5 GAL., 2- 2 GPH/15 GAL., 3- 2 GPH/24" BOX, 4- 2 GPH/36" BOX. INSTALL EMITTERS AT EQUAL DISTANCE AROUND ROOTBALL.
- IRRIGATION PLANS ARE DIAGRAMMATIC! ACTUAL LINE AND HEAD PLACEMENT SHALL BE DETERMINED ON SITE DURING CONSTRUCTION. CONTRACTOR SHALL ADJUST NOZZLE RADIUS (TO ACHIEVE 100% COVERAGE) BASED ON PLAN LAYOUT & IN-FIELD DIMENSIONS.
- POINT OF CONNECTION (P.O.C.) AT EXISTING 3" METER SHALL BE PROVIDED BY GEN. CONTRACTOR. REFER TO ENGINEERING DRAWINGS FOR ADDITIONAL INFORMATION.
- 120V ELECTRICAL FOR AUTOMATIC CONTROLLER SHALL BE STUBBED OUT BY ELEC. CONTRACTOR. FINAL WIRING TO NEW CLOCK SHALL BE BY LANDSCAPE CONTRACTOR. 460v FOR BOOSTER PUMP SHALL BE INSTALLED BY ELECTRICAL CONTRACTOR (COMPLETE).
- SYSTEM DESIGN BASED ON 70 P.S.I. STATIC WATER PRESSURE (100 P.S.I. WITH PUMP). MINIMUM OPERATING PRESSURE SHALL BE 30 P.S.I. FOR DRIP, & BUBBLERS, & 55-60 PSI FOR ROTORS. VERIFY WATER PRESSURE PRIOR TO INSTALLATION. SEE BOOSTER PUMP REQUIREMENTS. MAXIMUM FLOW SHALL BE 70 GPM.
- LANDSCAPE CONTRACTOR SHALL BE RESPONSIBLE FOR 100% COVERAGE AT NO ADDITIONAL COST TO OWNER. SITE DIMENSIONS SHOULD BE THOROUGHLY CHECKED BY CONTRACTOR PRIOR TO BIDDING AND CONSTRUCTION. DISCREPANCIES SHOULD BE IMMEDIATELY BROUGHT TO THE ATTENTION OF THE LANDSCAPE ARCHITECT.
- REFER TO THE SPECIFICATIONS PRIOR TO BIDDING AND CONSTRUCTION (DOCUMENTS ARE INCOMPLETE WITHOUT SPECIFICATIONS).
- ALL LINES UNDER PAVING SHALL BE SLEEVED. CONTRACTOR SHALL INSTALL SLEEVES IN STRAIGHT LINES FROM PLANTER TO PLANTER. PLACE DESIGNATED LINE INSIDE SLEEVE PRIOR TO INSTALLATION. SLEEVES SHALL BE 2x LINE SIZE.
- PIPE SIZES SHOWN ON THE PLAN CONTINUE DOWNSTREAM, TO THE NEXT SIZE LABEL, TYPICAL.
- INSTALL ALL VALVE BOXES & QUICK COUPLER VALVE BOXES WITHIN 12" OF WALKWAY (UNLESS SHOWN OTHERWISE).
- IRRIGATION EQUIPMENT MAY BE SHOWN OUTSIDE OF PLANTERS FOR CLARITY. INSTALL ALL EQUIPMENT IN PLANTERS UNLESS NOTED OTHERWISE.
- ALL FIELD ROTORS SHALL BE LOCATED BY GPS SURVEY (NO EXCEPTIONS). SEE SPECIFICATIONS.

Question from Ivan Hurtado Vazquez (Balfour Beatty) at 03:02 PM on 10/03/2023

Referencing the original plan sheet A2311A (Building A - Floor Finish Plan), it illustrates room 111 (lobby) having two different VCT colors. On 8/22/2022, ASI 017 SK- A01 illustrates only having one type of VCT on the south end of the room. On 10/25/22, CDR # 38.2 states removing all VCT in the lobby, including credit back to the owner. During previous site walks last month, upon seeing the finish in the lobby, there were questions regarding the finish. Please advise if the VCT is to be installed or is to remain as a sealed floor.

Awaiting an Official Response

All Replies:

Per District Approval, install VCT at Administration Lobby per approved Shop Drawings - 09 65 00-3.0 - Resilient Flooring

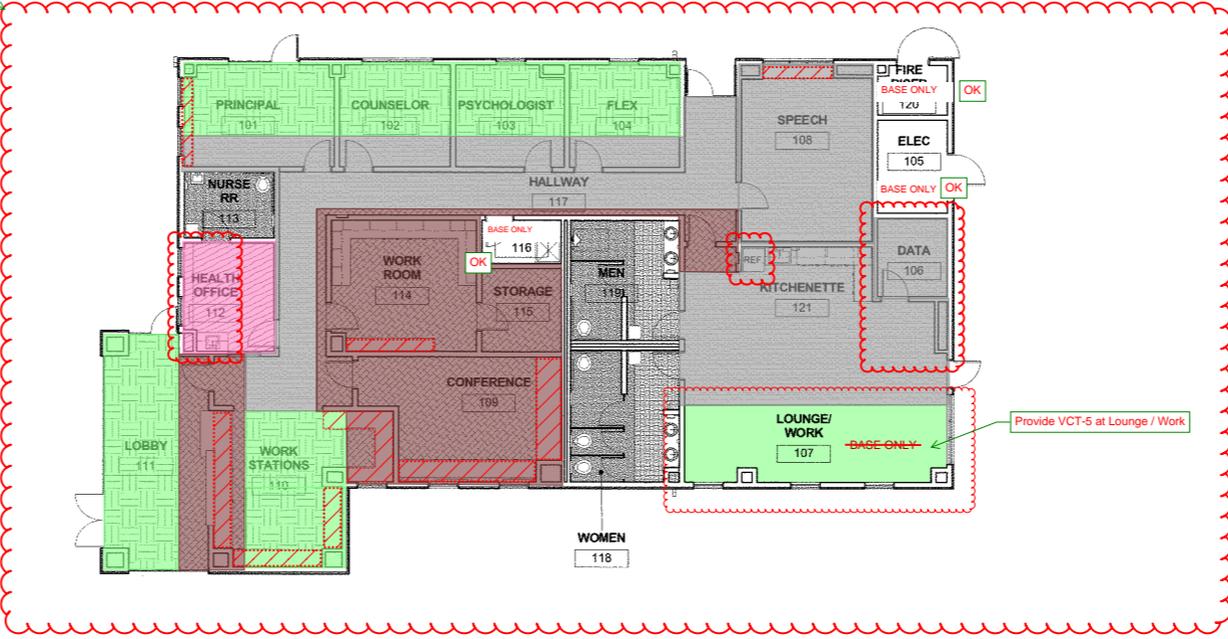

Ruben R.
 Arcadis-IBI

Question from Filbert Carbajal (Balfour Beatty) at 08:57 AM on 10/03/2022

Per the request from the District, contractor will install (1) speaker just above the cased opening leading into the food service and the right and left channels will be installed above the niche soffit wall. All three speakers should line up.

Propose a finished opening that is 3" bigger on all four sides, gypsum finish. Speaker has a built in bracket; ask if an air craft cable tie-off is required and confirm a custom speaker grill will be installed as coordinated with the District.

The speaker niche will require a speaker wire pathway and single 120v convenience receptacle per speaker.

Awaiting an Official Response

All Replies:

Attached are revised plans.
 Bahram Roshanian
 10/13/22

- No Exceptions Taken to opening of Speakers being 3" bigger.
 Coordinate w/ District for final locations.
 - Please coordinate w/ Mfr. if cable is required. If so, do they have a cable attachment option?
 - Provide grill cover to prevent damage. See attached RFI 217-SKA01

 - See attached Electrical Drawing for receptacles.

 Ruben R.
 IBI Group

Question from Ivan Hurtado Vazquez (Balfour Beatty) at 11:07 AM on 01/19/2024

Per the site walk on 1-18-23, Before the OAC meeting, Per District observation, there was an excess water runoff from the roof that fell onto C North stairs. As a result, water has damaged the finishes for the stairs and will. Please advise on a way to divert the water off.

All Replies:

Response from Ivan Hurtado Vazquez (Balfour Beatty) at 02:25 PM on 01/26/2024

To clarify, the water is NOT damaging the finishes at the stairs. This is a false statement. Install angle at roof to divert water to main roof. See attached sketch RFI 537-A1.

Payment. District will pay Provider within 30 days after receipt of an invoice, in form and content acceptable to District, and reflecting charges for District approved costs and services performed by Provider and not previously invoiced.

Conditions. Provider will have no obligation to provide services until District returns a signed copy of this Agreement.

Nature of Relationship. The parties agree the relationship created by this Agreement is that of independent contractor. Provider understands and agrees that the Provider, officers, agents, or employees of Provider are not entitled to any benefits normally offered or conveyed to District employees, including but not limited to coverage under the California Workers' Compensation Insurance laws.

Binding Effect. This Agreement shall inure to the benefit and shall be binding upon all of the parties to this Agreement, and their respective successors in interest or assigns.

Termination or Amendment. This Agreement may be terminated or amended in writing at any time by mutual written consent of all of the parties to this Agreement, and may be terminated by either party for any reason by giving the other party 30 days advance written notice.

Compliance with Laws. Provider hereby agrees that Provider, and each of its officers, agents, and employees (each a "Provider Party") shall obey all local, state, and federal laws and regulations in the performance of this Agreement, including but not limited to each of the following laws and regulations, as and if applicable:

- Provider shall be responsible for the safety of its employees and shall comply with California Code of Regulations Title 8, section 3205, COVID-19 Prevention.

- Provider shall ensure that each Provider Party who is on-site supporting school functions is compliant with all the following laws, if and as applicable:
 - o Fingerprinting / criminal background investigations (see paragraph titled “Fingerprinting, below);
 - o Public Health Department Orders and Guidance or other related mandates related to COVID-19, so long as such Orders and Guidance are in effect during the Term of this Agreement;
 - o Tuberculosis Clearance (Education Code § 49406)

Non-Discrimination and Equal Employment Opportunity. Provider represents and agrees that it does not and shall not discriminate against any employee or applicant for employment, company, individual or group of individuals, because of ancestry, age, color, disability (physical and mental, including HIV and AIDS), genetic information, gender identity, gender expression, marital status, medical condition, military or veteran status, national origin, race, religion, sex/gender, and sexual orientation.

Confidentiality. Provider agrees to maintain the confidentiality of all District and District-related data, information, and records including but not limited to student identifiable information and employee personnel information pursuant to all California and Federal statutory laws relating to privacy, confidentiality, and information security including but not limited to California Education Code sections 49060 – 49085 and the Family Educational Rights and Privacy Act (FERPA), that currently exist or exist at any time during the term of this Agreement. All such records and information shall be considered confidential and kept confidential by Provider and Provider’s officers, agents, employees, participants, vendors, or customers.

Fingerprinting. Provider shall ensure that Provider and any employee who interacts with students, outside of the immediate supervision and control of the student’s parent or guardian or a school employee, has a current valid criminal records summary as described in California *Education Code* section 44237. If any services will be provided on-site, or through an app or other electronic method that might allow any interaction between any student and Provider shall, prior to commencing any service hereunder, provide the District a Fingerprinting/ Criminal Background Check investigation Certificate, in form and substance satisfactory to the District. While this Agreement is in effect, Provider shall immediately provide any arrest and conviction information it receives concerning any person providing Services hereunder to the District.

Indemnification. To the fullest extent permitted by law, Provider agrees to defend, indemnify, and hold harmless District, its governing board, officers, administrators, managers, agents, employees, successors, assigns, independent contractors and/or volunteers from and against any and all claims, demands, monetary or other losses, loss of use, damages and expenses, including but not limited to, reasonable legal fees and costs, or other obligations or claims arising out of any liability or damage to person or property resulting from bodily injury, illness, communicable disease, virus, pandemic, or any other loss, sustained or claimed to have been sustained arising out of activities of the Provider or those of any of its officers, agents, employees, participants, vendors, or customers of Provider, whether such act or omission is authorized by this Agreement or not. Provider also agrees to pay for any and all damage to the real and personal property of the District, or loss or theft of such property, or damage to the Property done or caused by such persons. District assumes no responsibility whatsoever for any property placed on District premises by Provider, Provider’s agents, employees, participants, vendors, or customers. The provisions of this Indemnification do not apply to any damage or losses caused solely by the intentional misconduct of the District or any of its governing board, officers, administrators, managers, agents, employees and/or volunteers.

This Indemnification shall survive termination of this Agreement, for any reason whatsoever, and binds each party’s legal representatives, successors, and assigns.

Insurance. Provider, at its own cost and expense, shall procure and maintain during the term of this Agreement, policies of insurance for the following types of coverage:

- a. **Commercial General Liability Insurance.** Provider shall procure and maintain, during the term of this Agreement, not less than the following General Liability Insurance coverage in the amounts of \$1,000,000 per occurrence and \$2,000,000 aggregate.

Commercial General Liability insurance shall include products/completed operations, property damage, and personal and advertising injury coverage.

- b. **Automobile Liability.** Provider shall procure and maintain, during the full term of this Agreement following Automobile Liability Insurance including non-owned and leased automobiles, as applicable with the following coverage limits:

Personal vehicles:	\$500,000.00 combined single limit or \$100,000.00 per person / \$300,000.00 per accident
Commercial vehicles:	\$1,000,000.00 per accident for bodily injury and property damage

- c. Workers' Compensation Insurance. Provider shall procure and maintain, during the term of this Agreement, Workers' Compensation Insurance, as required by California law, on all of its employees engaged in work related to the performance of this Agreement. Provider shall procure and maintain Employers' Liability insurance coverage of \$1,000,000. Absent proof of Workers' Compensation Insurance, Provider will submit a fully executed Certification of Exemption from Workers' Compensation Insurance, which District in its sole discretion may accept or reject.
- d. ~~Other Coverage as Dictated by the District. If any employee of Provider interacts with students, outside of the immediate supervision and control of the student's parent or guardian or a certificated school employee, Provider shall procure and maintain, during the term of this Agreement, Abuse and Molestation coverage in the amounts of \$2,000,000 per occurrence and \$4,000,000 aggregate.~~
 If professional services are offered, Provider shall procure and maintain, during the term of this Agreement, Professional Liability (Errors and Omissions) insurance coverage in the amounts of \$1,000,000 per occurrence and \$2,000,000 aggregate.
- e. Provider's insurance is primary and will not seek contribution from any other insurance available to the District. Provider further hereby waives any and all rights of subrogation that it may have against the District.
- f. Certificates of Insurance. Provider shall provide certificates of insurance to the District as evidence of the insurance coverage required herein, not less than 15 days prior to commencing the proposed activity, and at any other time upon the request of the District. Certificates of insurance will be deemed invalid if proper endorsements are not attached. Certificates of such insurance shall be filed with the District on or before commencement of the services under this Agreement.
- g. Endorsements. Provider's Commercial General Liability insurance and Commercial Automobile Liability coverage and Abuse and Molestation coverage shall name the District, its governing board, officers, agents, employees, and/or volunteers as additional insureds. All endorsements specifying additional insureds for any of the Insurance Policies shall be as indicated below or an equivalent endorsement reasonably acceptable to the District.
 - 1) General Liability: CG 20 26 10 01
 - 2) Primary, non-contributory: CG 20 01 04 13
 - 3) Waiver of subrogation: CG 24 04 05 09
 - 4) Commercial Automobile Liability: CA 20 48 10 13
- h. Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A: VII, unless otherwise acceptable to the District.
- i. Insurance written on a "claims made" basis is to be renewed by the Provider for a period of three (3) years following termination of this Agreement. Such insurance must have the same coverage and limits as the policy that was in effect during the term of this agreement and will cover the Provider for all claims made. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, the Consultant must purchase "extended reporting" coverage for a minimum of three (3) years after completion of the Services.
- j. Failure to Procure Insurance. Failure on the part of Provider to procure or maintain required insurance shall constitute a material breach of contract under which the District may immediately terminate this Agreement

Governing Law and Venues. This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in state or federal court situated in the County of Ventura, State of California.

Dispute Resolution. If any dispute arises out of or in connection with the Agreement, representatives of the Parties with authority to settle the dispute shall communicate, in person, electronically, or in writing within 30 days of written notice, in a good faith effort to resolve the dispute.

The parties agree that, in the event of any unresolved dispute under the agreement in which the amount sought is \$5,000.00 or less, any litigation to resolve the dispute shall be brought in the Ventura County Small Claims Court.

If the unresolved amount in dispute exceeds \$5,000.00, the parties agree that they will first submit the matter to a mutually agreed upon mediator. Notwithstanding the following section, Attorneys Fees, the cost of the mediator shall be borne equally by the parties.

Attorney Fees. In the event of any action or proceeding to interpret or enforce the terms of this Agreement, the prevailing party, as determined by the court or mediator, shall be entitled to recover its reasonable attorney fees and costs incurred in connection with such actions or proceeding.

Nature of Agreement. This Agreement represents the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes any and all other agreements and communications however characterized, written or oral, between or on behalf of the parties hereto with respect to the subject matter hereof. This Agreement may only be modified by a written instrument signed by authorized representatives of each of the parties hereto.

Counterpart Execution. This Agreement may be executed in any number of counterparts which, when taken together, shall constitute one and the same instrument. Executed counterparts of this Agreement may be delivered by PDF email or electronic facsimile transmission and shall have the same legal effect as an “ink-signed” original.

Signature Authority. Provider represents and warrants that Provider has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement.

**Financial Services - General Liability
Extension Endorsement****1. ADDITIONAL INSUREDS**

a. **WHO IS AN INSURED** is amended to include as an **Insured** any person or organization described in paragraphs **A. through K.** below whom a **Named Insured** is required to add as an additional insured on this **Coverage Part** under a written contract or written agreement, provided such contract or agreement:

(1) is currently in effect or becomes effective during the term of this **Coverage Part**; and

(2) was executed prior to:

(a) the **bodily injury** or **property damage**; or

(b) the offense that caused the **personal and advertising injury**,

for which such additional insured seeks coverage.

b. However, subject always to the terms and conditions of this policy, including the limits of insurance, the Insurer will not provide such additional insured with:

(1) a higher limit of insurance than required by such contract or agreement; or

(2) coverage broader than required by such contract or agreement, and in no event broader than that described by the applicable paragraph **A. through K.** below.

Any coverage granted by this endorsement shall apply only to the extent permissible by law.

A. Controlling Interest

Any person or organization with a controlling interest in a **Named Insured**, but only with respect to such person or organization's liability for **bodily injury, property damage or personal and advertising injury** arising out of:

1. such person or organization's financial control of a **Named Insured**; or

2. premises such person or organization owns, maintains or controls while a **Named Insured** leases or occupies such premises;

provided that the coverage granted by this paragraph does not apply to structural alterations, new construction or demolition operations performed by, on behalf of, or for such additional insured.

B. Co-owner of Insured Premises

A co-owner of a premises co-owned by a **Named Insured** and covered under this insurance but only with respect to such co-owner's liability for **bodily injury, property damage or personal and advertising injury** as co-owner of such premises.

C. Grantor of Franchise

Any person or organization that has granted a franchise to a **Named Insured**, but only with respect to such person or organization's liability for **bodily injury, property damage or personal and advertising injury** as grantor of a franchise to the **Named Insured**.

D. Lessor of Equipment

Any person or organization from whom a **Named Insured** leases equipment, but only with respect to liability for **bodily injury, property damage or personal and advertising injury** caused, in whole or in part, by the **Named Insured's** maintenance, operation or use of such equipment, provided that the **occurrence** giving rise to such **bodily injury, property damage** or the offense giving rise to such **personal and advertising injury** takes place prior to the termination of such lease.

**Financial Services - General Liability
Extension Endorsement****E. Lessor of Land**

Any person or organization from whom a **Named Insured** leases land but only with respect to liability for **bodily injury, property damage or personal and advertising injury** arising out of the ownership, maintenance or use of such land, provided that the **occurrence** giving rise to such **bodily injury, property damage or the offense** giving rise to such **personal and advertising injury** takes place prior to the termination of such lease. The coverage granted by this paragraph does not apply to structural alterations, new construction or demolition operations performed by, on behalf of, or for such additional insured.

F. Lessor of Premises

An owner or lessor of premises leased to the **Named Insured**, or such owner or lessor's real estate manager, but only with respect to liability for **bodily injury, property damage or personal and advertising injury** arising out of the ownership, maintenance or use of such part of the premises leased to the **Named Insured**, and provided that the **occurrence** giving rise to such **bodily injury or property damage**, or the offense giving rise to such **personal and advertising injury**, takes place prior to the termination of such lease. The coverage granted by this paragraph does not apply to structural alterations, new construction or demolition operations performed by, on behalf of, or for such additional insured.

G. Mortgagee, Assignee or Receiver

A mortgagee, assignee or receiver of premises but only with respect to such mortgagee, assignee or receiver's liability for **bodily injury, property damage or personal and advertising injury** arising out of the **Named Insured's** ownership, maintenance, or use of a premises by a **Named Insured**.

The coverage granted by this paragraph does not apply to structural alterations, new construction or demolition operations performed by, on behalf of, or for such additional insured.

H. State or Governmental Agency or Subdivision or Political Subdivisions – Permits

A state or governmental agency or subdivision or political subdivision that has issued a permit or authorization but only with respect to such state or governmental agency or subdivision or political subdivision's liability for **bodily injury, property damage or personal and advertising injury** arising out of:

1. the following hazards in connection with premises a **Named Insured** owns, rents, or controls and to which this insurance applies:
 - a. the existence, maintenance, repair, construction, erection, or removal of advertising signs, awnings, canopies, cellar entrances, coal holes, driveways, manholes, marquees, hoistaway openings, sidewalk vaults, street banners, or decorations and similar exposures; or
 - b. the construction, erection, or removal of elevators; or
 - c. the ownership, maintenance or use of any elevators covered by this insurance; or
2. the permitted or authorized operations performed by a **Named Insured** or on a **Named Insured's** behalf.

The coverage granted by this paragraph does not apply to:

- a. **Bodily injury, property damage or personal and advertising injury** arising out of operations performed for the state or governmental agency or subdivision or political subdivision; or
- b. **Bodily injury or property damage** included within the **products-completed operations hazard**.

With respect to this provision's requirement that additional insured status must be requested under a written contract or agreement, the Insurer will treat as a written contract any governmental permit that requires the **Named Insured** to add the governmental entity as an additional insured.

**Financial Services - General Liability
Extension Endorsement****I. Trade Show Event Lessor**

1. With respect to a **Named Insured's** participation in a trade show event as an exhibitor, presenter or displayer, any person or organization whom the **Named Insured** is required to include as an additional insured, but only with respect to such person or organization's liability for **bodily injury, property damage or personal and advertising injury** caused by:
 - a. the **Named Insured's** acts or omissions; or
 - b. the acts or omissions of those acting on the **Named Insured's** behalf,
in the performance of the **Named Insured's** ongoing operations at the trade show event premises during the trade show event.
2. The coverage granted by this paragraph does not apply to **bodily injury or property damage** included within the **products-completed operations hazard**.

J. Vendor

Any person or organization but only with respect to such person or organization's liability for **bodily injury or property damage** arising out of **your products** which are distributed or sold in the regular course of such person or organization's business, provided that:

1. The coverage granted by this paragraph does not apply to:
 - a. **bodily injury or property damage** for which such person or organization is obligated to pay **damages** by reason of the assumption of liability in a contract or agreement unless such liability exists in the absence of the contract or agreement;
 - b. any express warranty unauthorized by the **Named Insured**;
 - c. any physical or chemical change in any product made intentionally by such person or organization;
 - d. repackaging, except when unpacked solely for the purpose of inspection, demonstration, testing, or the substitution of parts under instructions from the manufacturer, and then repackaged in the original container;
 - e. any failure to make any inspections, adjustments, tests or servicing that such person or organization has agreed to make or normally undertakes to make in the usual course of business, in connection with the distribution or sale of the products;
 - f. demonstration, installation, servicing or repair operations, except such operations performed at such person or organization's premises in connection with the sale of a product;
 - g. products which, after distribution or sale by the **Named Insured**, have been labeled or relabeled or used as a container, part or ingredient of any other thing or substance by or for such person or organization; or
 - h. **bodily injury or property damage** arising out of the sole negligence of such person or organization for its own acts or omissions or those of its employees or anyone else acting on its behalf. However, this exclusion does not apply to:
 - (1) the exceptions contained in Subparagraphs **d.** or **f.** above; or
 - (2) such inspections, adjustments, tests or servicing as such person or organization has agreed with the **Named Insured** to make or normally undertakes to make in the usual course of business, in connection with the distribution or sale of the products.

Financial Services - General Liability Extension Endorsement

- 2. This Paragraph J. does not apply to any insured person or organization, from whom the **Named Insured** has acquired such products, nor to any ingredient, part or container, entering into, accompanying or containing such products.
- 3. This Paragraph J. also does not apply:
 - a. to any vendor specifically scheduled as an additional insured by endorsement to this **Coverage Part**;
 - b. to any of **your products** for which coverage is excluded by endorsement to this **Coverage Part**; nor
 - c. if **bodily injury** or **property damage** included within the **products-completed operations hazard** is excluded by endorsement to this **Coverage Part**.

K. Other Person Or Organization

Any person or organization who is not an additional insured under Paragraphs A. through J. above. Such additional insured is an **Insured** solely for **bodily injury, property damage or personal and advertising injury** for which such additional insured is liable because of the **Named Insured's** acts or omissions.

The coverage granted by this paragraph does not apply to any person or organization:

- 1. for **bodily injury, property damage, or personal and advertising injury** arising out of the rendering or failure to render any professional service;
- 2. for **bodily injury or property damage** included within the **products-completed operations hazard**; nor
- 3. who is specifically scheduled as an additional insured on another endorsement to this **Coverage Part**.

2. ADDITIONAL INSURED - PRIMARY AND NON-CONTRIBUTORY TO ADDITIONAL INSURED'S INSURANCE

A. The **Other Insurance** Condition in the **COMMERCIAL GENERAL LIABILITY CONDITIONS** Section is amended to add the following paragraph:

If the **Named Insured** has agreed in writing in a contract or agreement that this insurance is primary and non-contributory relative to an additional insured's own insurance, then this insurance is primary, and the Insurer will not seek contribution from that other insurance. For the purpose of this Provision 2., the additional insured's own insurance means insurance on which the additional insured is a named insured.

B. With respect to persons or organizations that qualify as additional insureds pursuant to paragraph 1.K. of this endorsement, the following sentence is added to the paragraph above:

Otherwise, and notwithstanding anything to the contrary elsewhere in this Condition, the insurance provided to such person or organization is excess of any other insurance available to such person or organization.

3. BODILY INJURY – EXPANDED DEFINITION

Under **DEFINITIONS**, the definition of **bodily injury** is deleted and replaced by the following:

Bodily injury means physical injury, sickness or disease sustained by a person, including death, humiliation, shock, mental anguish or mental injury sustained by that person at any time which results as a consequence of the physical injury, sickness or disease.

4. BROAD KNOWLEDGE OF OCCURRENCE/ NOTICE OF OCCURRENCE

Under **CONDITIONS**, the condition entitled **Duties in The Event of Occurrence, Offense, Claim or Suit** is amended to add the following provisions:

A. BROAD KNOWLEDGE OF OCCURRENCE

The **Named Insured** must give the Insurer or the Insurer's authorized representative notice of an **occurrence, offense or claim** only when the **occurrence, offense or claim** is known to a natural person **Named Insured**, to a

20020003170154259319154

Financial Services - General Liability
Extension Endorsement

partner, executive officer, manager or member of a **Named Insured**, or to an **employee** designated by any of the above to give such notice.

B. NOTICE OF OCCURRENCE

The **Named Insured's** rights under this **Coverage Part** will not be prejudiced if the **Named Insured** fails to give the Insurer notice of an **occurrence**, offense or **claim** and that failure is solely due to the **Named Insured's** reasonable belief that the **bodily injury** or **property damage** is not covered under this **Coverage Part**. However, the **Named Insured** shall give written notice of such **occurrence**, offense or **claim** to the Insurer as soon as the **Named Insured** is aware that this insurance may apply to such **occurrence**, offense or **claim**.

5. BROAD NAMED INSURED

WHO IS AN INSURED is amended to delete its Paragraph 3. in its entirety and replace it with the following:

3. Pursuant to the limitations described in Paragraph 4. below, any organization in which the **First Named Insured** has management control directly or indirectly:

- a. on the effective date of this **Coverage Part**; or
- b. by reason of a **Named Insured** creating or acquiring the organization during the **policy period**,

qualifies as a **Named Insured**, provided that there is no other similar liability insurance, whether primary, contributory, excess, contingent or otherwise, which provides coverage to such organization, or which would have provided coverage but for the exhaustion of its limit, and without regard to whether its coverage is broader or narrower than that provided by this insurance.

But this **BROAD NAMED INSURED** provision does not apply to any organization for which coverage is excluded by another endorsement attached to this **Coverage Part**.

For the purpose of this provision, and of this endorsement's **JOINT VENTURES / PARTNERSHIP / LIMITED LIABILITY COMPANIES** provision, management control means owning interests representing more than 50% of the voting, appointment or designation power for the selection of a majority of: the Board of Directors of a corporation; the management committee members of a joint venture; the management board of a limited liability company; the general partners of a limited partnership; or the partnership managers of a general partnership.

4. With respect to organizations which qualify as **Named Insureds** by virtue of Paragraph 3. above, this insurance does not apply to:
- a. **bodily injury** or **property damage** that first occurred prior to the date of management control, or that first occurs after management control ceases; nor
 - b. **personal or advertising injury** caused by an offense that first occurred prior to the date of management control or that first occurs after management control ceases.
5. The insurance provided by this **Coverage Part** applies to **Named Insureds** when trading under their own names or under such other trading names or doing-business-as names (dba) as any **Named Insured** should choose to employ.

6. ESTATES, LEGAL REPRESENTATIVES, AND SPOUSES

The estates, heirs, legal representatives and **spouses** of any natural person **Insured** shall also be insured under this policy; provided, however, coverage is afforded to such estates, heirs, legal representatives, and **spouses** only for **claims** arising solely out of their capacity or status as such and, in the case of a **spouse**, where such **claim** seeks **damages** from marital community property, jointly held property or property transferred from such natural person **Insured** to such **spouse**. No coverage is provided for any act, error or omission of an estate, heir, legal representative, or **spouse** outside the scope of such person's capacity or status as such, provided however that the **spouse** of a natural person **Named Insured** and the **spouses** of members or partners of joint venture or partnership

Financial Services - General Liability
Extension Endorsement

Named Insureds are Insureds with respect to such spouses' acts, errors or omissions in the conduct of the Named Insured's business.

7. EXPECTED OR INTENDED INJURY – EXCEPTION FOR REASONABLE FORCE

Under COVERAGES, Coverage A – Bodily Injury And Property Damage Liability, the paragraph entitled Exclusions is amended to delete the exclusion entitled Expected or Intended Injury and replace it with the following:

This insurance does not apply to:

Expected or Intended Injury

Bodily injury or property damage expected or intended from the standpoint of the Insured. This exclusion does not apply to bodily injury or property damage resulting from the use of reasonable force to protect persons or property.

8. IN REM ACTIONS

A quasi in rem action against any vessel owned or operated by or for the Named Insured, or chartered by or for the Named Insured, will be treated in the same manner as though the action were in personam against the Named Insured.

9. INCIDENTAL HEALTH CARE MALPRACTICE COVERAGE

Solely with respect to bodily injury that arises out of a health care incident:

A. Under COVERAGES, Coverage A – Bodily Injury And Property Damage Liability, the Insuring Agreement is amended to replace Paragraphs 1.b.(1) and 1.b.(2) with the following:

b. This insurance applies to bodily injury provided that the professional health care services are incidental to the Named Insured's primary business purpose, and only if:

- (1) such bodily injury is caused by an occurrence that takes place in the coverage territory.
- (2) the bodily injury first occurs during the policy period. All bodily injury arising from an occurrence will be deemed to have occurred at the time of the first act, error, or omission that is part of the occurrence; and

B. Under COVERAGES, Coverage A – Bodily Injury And Property Damage Liability, the paragraph entitled Exclusions is amended to:

i. add the following to the Employers Liability exclusion:

This exclusion applies only if the bodily injury arising from a health care incident is covered by other liability insurance available to the Insured (or which would have been available but for exhaustion of its limits).

ii. delete the exclusion entitled Contractual Liability and replace it with the following:

This insurance does not apply to:

Contractual Liability

the Insured's actual or alleged liability under any oral or written contract or agreement, including but not limited to express warranties or guarantees.

iii. add the following additional exclusions.

This insurance does not apply to:

20020003170154259319155

**Financial Services - General Liability
Extension Endorsement****Discrimination**

any actual or alleged discrimination, humiliation or harassment, that includes but shall not be limited to **claims** based on an individual's race, creed, color, age, gender, national origin, religion, disability, marital status or sexual orientation.

Dishonesty or Crime

Any actual or alleged dishonest, criminal or malicious act, error or omission.

Medicare/Medicaid Fraud

any actual or alleged violation of law with respect to Medicare, Medicaid, Tricare or any similar federal, state or local governmental program.

Services Excluded by Endorsement

Any **health care incident** for which coverage is excluded by endorsement.

C. DEFINITIONS is amended to:

i. add the following definitions:

Health care incident means an act, error or omission by the **Named Insured's employees** or **volunteer workers** in the rendering of:

- a. **professional health care services** on behalf of the **Named Insured** or
- b. Good Samaritan services rendered in an emergency and for which no payment is demanded or received.

Professional health care services means any health care services or the related furnishing of food, beverages, medical supplies or appliances by the following providers in their capacity as such but solely to the extent they are duly licensed as required:

- a. Physician;
- b. Nurse;
- c. Nurse practitioner;
- d. Emergency medical technician;
- e. Paramedic;
- f. Dentist;
- g. Physical therapist;
- h. Psychologist;
- i. Speech therapist;
- j. Other allied health professional; or

Professional health care services does not include any services rendered in connection with human clinical trials or product testing.

ii. delete the definition of **occurrence** and replace it with the following:

Occurrence means a **health care incident**. All acts, errors or omissions that are logically connected by any common fact, circumstance, situation, transaction, event, advice or decision will be considered to constitute a single **occurrence**;

Financial Services - General Liability
Extension Endorsement

iii. amend the definition of **Insured** to:

a. add the following:

• a **Named Insured's employees** are **Insureds** with respect to:

(1) **bodily injury** to a **co-employee** while in the course of the **co-employee's** employment by the **Named Insured** or while performing duties related to the conduct of the **Named Insured's** business; and

(2) **bodily injury** to a **volunteer worker** while performing duties related to the conduct of the **Named Insured's** business;

when such **bodily injury** arises out of a **health care incident**.

• the **Named Insured's volunteer workers** are **Insureds** with respect to:

(1) **bodily injury** to a **co-volunteer worker** while performing duties related to the conduct of the **Named Insured's** business; and

(2) **bodily injury** to an **employee** while in the course of the **employee's** employment by the **Named Insured** or while performing duties related to the conduct of the **Named Insured's** business;

when such **bodily injury** arises out of a **health care incident**.

b. delete Subparagraphs (a), (b), (c) and (d) of Paragraph 2.a.(1) of **WHO IS AN INSURED**.

c. add the following:

Insured does not include any physician while acting in his or her capacity as such.

D. The **Other Insurance** condition is amended to delete Paragraph b.(1) in its entirety and replace it with the following:

Other Insurance

b. **Excess Insurance**

(1) To the extent this insurance applies, it is excess over any other insurance, self insurance or risk transfer instrument, whether primary, excess, contingent or on any other basis, except for insurance purchased specifically by the **Named Insured** to be excess of this coverage.

10. **JOINT VENTURES / PARTNERSHIP / LIMITED LIABILITY COMPANIES**

WHO IS AN INSURED is amended to delete its last paragraph and replace it with the following:

No person or organization is an **Insured** with respect to the conduct of any current or past partnership, joint venture or limited liability company in which a **Named Insured's** interest does/did not rise to the level of management control, except that if the **Named Insured** was a joint venturer, partner, or member of such an entity, and such entity terminated prior to or during the **policy period**, then such **Named Insured** is an **Insured** with respect to its interest in such joint venture, partnership or limited liability company but only to the extent that:

a. any offense giving rise to **personal and advertising injury** occurred prior to such termination date, and the **personal and advertising injury** arising out of such offense first occurred after such termination date;

b. the **bodily injury** or **property damage** first occurred after such termination date; and

c. there is no other valid and collectible insurance purchased specifically to insure the partnership, joint venture or limited liability company.

20020003170154259319156

Financial Services - General Liability
Extension Endorsement

11. LEGAL LIABILITY – DAMAGE TO PREMISES

- A. Under **COVERAGES, Coverage A – Bodily Injury and Property Damage Liability**, the paragraph entitled **Exclusions** is amended to delete the first paragraph immediately following subparagraph (6) of the **Damage to Property** exclusion and replace it with the following:

Paragraphs (1), (3) and (4) of this exclusion do not apply to **property damage** (other than damage by fire) to premises rented to the **Named Insured** or temporarily occupied by the **Named Insured** with the permission of the owner, nor to the contents of premises rented to the **Named Insured** for a period of 7 or fewer consecutive days. A separate limit of insurance applies to Damage To Premises Rented To You as described in **LIMITS OF INSURANCE**.

- B. Under **COVERAGES, Coverage A – Bodily Injury and Property Damage Liability**, the paragraph entitled **Exclusions** is amended to delete its last paragraph and replaced it with the following:

Exclusions c. through n. do not apply to damage by fire to premises while rented to a **Named Insured** or temporarily occupied by a **Named Insured** with permission of the owner, nor to damage to the contents of premises rented to a **Named Insured** for a period of 7 or fewer consecutive days.

A separate limit of insurance applies to this coverage as described in the **LIMITS OF INSURANCE** Section.

- C. **LIMITS OF INSURANCE** is amended to delete Paragraph 6. (the Damage To Premises Rented To You Limit) and replace it with the following:

6. Subject to Paragraph 5. above, (the Each Occurrence Limit), the Damage To Premises Rented To You Limit is the most the Insurer will pay under **COVERAGE A** for **damages** because of **property damage** to:

- a. any one premises while rented to a **Named Insured** or temporarily occupied by a **Named Insured** with the permission of the owner; and
- b. contents of such premises if the premises is rented to the **Named Insured** for a period of 7 or fewer consecutive days.

The Damage To Premises Rented To You Limit is \$1,000,000. unless a higher Damage to Premises Rented to You Limit is shown in the Declarations.

- D. The **Other Insurance** Condition is amended to delete Paragraph b.(1)(a)(ii), and replace it with the following:

(ii) That is property insurance for premises rented to a **Named Insured**, for premises temporarily occupied by the **Named Insured** with the permission of the owner; or for personal property of others in the **Named Insured's** care, custody or control;

- E. This Provision 11. does not apply if liability for damage to premises rented to a **Named Insured** is excluded by another endorsement attached to this **Coverage Part**.

12. MEDICAL PAYMENTS

- A. **LIMITS OF INSURANCE** is amended to delete Paragraph 7. (the Medical Expense Limit) and replace it with the following:

7. Subject to Paragraph 5. above (the Each Occurrence Limit), the Medical Expense Limit is the most the Insurer will pay under **Coverage C – Medical Payments** for all medical expenses because of **bodily injury** sustained by any one person. The Medical Expense Limit is the greater of:

- (1) \$15,000 unless a different amount is shown here: ; or
- (2) the amount shown in the Declarations for Medical Expense Limit.

Financial Services - General Liability
Extension Endorsement

B. Under **COVERAGES**, the **Insuring Agreement of Coverage C – Medical Payments** is amended to replace Paragraph 1.a.(3)(b) with the following:

(b) The expenses are incurred and reported to the Insurer within three years of the date of the accident; and

13. **NON-OWNED AIRCRAFT**

Under **COVERAGES**, **Coverage A – Bodily Injury and Property Damage Liability**, the paragraph entitled **Exclusions** is amended as follows:

The exclusion entitled **Aircraft, Auto or Watercraft** is amended to add the following:

This exclusion does not apply to an aircraft not owned by any **Named Insured**, provided that:

1. the pilot in command holds a currently effective certificate issued by the duly constituted authority of the United States of America or Canada, designating that person as a commercial or airline transport pilot;
2. the aircraft is rented with a trained, paid crew to the **Named Insured**; and
3. the aircraft is not being used to carry persons or property for a charge.

14. **NON-OWNED WATERCRAFT**

Under **COVERAGES**, **Coverage A – Bodily Injury and Property Damage Liability**, the paragraph entitled **Exclusions** is amended to delete subparagraph (2) of the exclusion entitled **Aircraft, Auto or Watercraft**, and replace it with the following.

This exclusion does not apply to:

(2) a watercraft that is not owned by any **Named Insured**, provided the watercraft is:

- (a) less than 75 feet long; and
- (b) not being used to carry persons or property for a charge.

15. **PERSONAL AND ADVERTISING INJURY –DISCRIMINATION OR HUMILIATION**

A. Under **DEFINITIONS**, the definition of **personal and advertising injury** is amended to add the following tort:

- Discrimination or humiliation that results in injury to the feelings or reputation of a natural person.

B. Under **COVERAGES**, **Coverage B – Personal and Advertising Injury Liability**, the paragraph entitled **Exclusions** is amended to:

1. delete the Exclusion entitled **Knowing Violation Of Rights Of Another** and replace it with the following:

This insurance does not apply to:

Knowing Violation of Rights of Another

Personal and advertising injury caused by or at the direction of the **Insured** with the knowledge that the act would violate the rights of another and would inflict **personal and advertising injury**. This exclusion shall not apply to discrimination or humiliation that results in injury to the feelings or reputation of a natural person, but only if such discrimination or humiliation is not done intentionally by or at the direction of:

- (a) the **Named Insured**; or
- (b) any **executive officer**, director, stockholder, partner, member or manager (if the **Named Insured** is a limited liability company) of the **Named Insured**.

20020003170154259319157

Financial Services - General Liability
Extension Endorsement

2. add the following exclusions:

This insurance does not apply to:

Employment Related Discrimination

Discrimination or humiliation directly or indirectly related to the employment, prospective employment, past employment or termination of employment of any person by any **Insured**.

Premises Related Discrimination

discrimination or humiliation arising out of the sale, rental, lease or sub-lease or prospective sale, rental, lease or sub-lease of any room, dwelling or premises by or at the direction of any **Insured**.

Notwithstanding the above, there is no coverage for fines or penalties levied or imposed by a governmental entity because of discrimination.

The coverage provided by this **PERSONAL AND ADVERTISING INJURY –DISCRIMINATION OR HUMILIATION** Provision does not apply to any person or organization whose status as an **Insured** derives solely from

- Provision 1. **ADDITIONAL INSUREDS** of this endorsement; or
- attachment of an additional insured endorsement to this **Coverage Part**.

16. PERSONAL AND ADVERTISING INJURY - LIMITED CONTRACTUAL LIABILITY

A. Under **COVERAGES, Coverage B –Personal and Advertising Injury Liability**, the paragraph entitled **Exclusions** is amended to delete the exclusion entitled **Contractual Liability** and replace it with the following:

This insurance does not apply to:

Contractual Liability

Personal and advertising injury for which the **Insured** has assumed liability in a contract or agreement.

This exclusion does not apply to liability for **damages**:

- (1) that the **Insured** would have in the absence of the contract or agreement; or
- (2) assumed in a contract or agreement that is an **insured contract** provided the offense that caused such **personal or advertising injury** first occurred subsequent to the execution of such **insured contract**. Solely for the purpose of liability assumed in an **insured contract**, reasonable attorney fees and necessary litigation expenses incurred by or for a party other than an **Insured** are deemed to be **damages** because of **personal and advertising injury** provided:
 - (a) liability to such party for, or for the cost of, that party's defense has also been assumed in such **insured contract**; and
 - (b) such attorney fees and litigation expenses are for defense of such party against a civil or alternative dispute resolution proceeding in which covered **damages** are alleged.

B. Solely for the purpose of the coverage provided by this paragraph, **DEFINITIONS** is amended to delete the definition of **insured contract** in its entirety, and replace it with the following:

Insured contract means that part of a written contract or written agreement pertaining to the **Named Insured's** business under which the **Named Insured** assumes the tort liability of another party to pay for **personal or advertising injury** arising out of the offense of false arrest, detention or imprisonment. Tort liability means a liability that would be imposed by law in the absence of any contract or agreement.

Financial Services - General Liability
Extension Endorsement

C. Solely for the purpose of the coverage provided by this paragraph, the following changes are made to the Section entitled **SUPPLEMENTARY PAYMENTS – COVERAGES A AND B**:

1. Paragraph **2.d.** is replaced by the following:

d. The allegations in the **suit** and the information the Insurer knows about the offense alleged in such **suit** are such that no conflict appears to exist between the interests of the **Insured** and the interests of the indemnitee;

2. The first unnumbered paragraph beneath Paragraph **2.f.(2)(b)** is deleted and replaced by the following:

So long as the above conditions are met, attorneys fees incurred by the Insurer in the defense of that indemnitee, necessary litigation expenses incurred by the Insurer, and necessary litigation expenses incurred by the indemnitee at the Insurer’s request will be paid as **defense costs**. Notwithstanding the provisions of Paragraph **e.(2)** of the Contractual Liability exclusion (as amended by this Endorsement), such payments will not be deemed to be **damages** for **personal and advertising injury** and will not reduce the limits of insurance.

D. This **PERSONAL AND ADVERTISING INJURY - LIMITED CONTRACTUAL LIABILITY** Provision does not apply if **Coverage B –Personal and Advertising Injury Liability** is excluded by another endorsement attached to this **Coverage Part**.

17. PROPERTY DAMAGE – ELEVATORS

A. Under **COVERAGES, Coverage A – Bodily Injury and Property Damage Liability**, the paragraph entitled **Exclusions** is amended such that the **Damage to Your Product** Exclusion and subparagraphs **(3), (4)** and **(6)** of the **Damage to Property** Exclusion do not apply to **property damage** that results from the use of elevators.

B. Solely for the purpose of the coverage provided by this **PROPERTY DAMAGE – ELEVATORS** Provision, the **Other Insurance** conditions is amended to add the following paragraph:

This insurance is excess over any of the other insurance, whether primary, excess, contingent or on any other basis that is Property insurance covering property of others damaged from the use of elevators.

18. SUPPLEMENTARY PAYMENTS

The section entitled **SUPPLEMENTARY PAYMENTS – COVERAGES A AND B** is amended as follows:

A. Paragraph **1.b.** is amended to delete the \$250 limit shown for the cost of bail bonds and replace it with a \$5,000. limit; and

B. Paragraph **1.d.** is amended to delete the limit of \$250 shown for daily loss of earnings and replace it with a \$1,000. limit.

19. UNINTENTIONAL FAILURE TO DISCLOSE HAZARDS

If the **Named Insured** unintentionally fails to disclose all existing hazards at the inception date of the **Named Insured’s Coverage Part**, the Insurer will not deny coverage under this **Coverage Part** because of such failure.

20. WAIVER OF SUBROGATION - BLANKET

Under **CONDITIONS**, the condition entitled **Transfer Of Rights Of Recovery Against Others To Us** is amended to add the following:

The Insurer waives any right of recovery the Insurer may have against any person or organization because of payments the Insurer makes for injury or damage arising out of:

1. the **Named Insured’s** ongoing operations; or
2. **your work** included in the **products-completed operations hazard**.

20020003170154259319158

**Financial Services - General Liability
Extension Endorsement**

However, this waiver applies only when the **Named Insured** has agreed in writing to waive such rights of recovery in a written contract or written agreement, and only if such contract or agreement:

1. is in effect or becomes effective during the term of this **Coverage Part**; and
2. was executed prior to the **bodily injury, property damage or personal and advertising injury** giving rise to the **claim**.

All other terms and conditions of the Policy remain unchanged.

This endorsement, which forms a part of and is for attachment to the Policy issued by the designated Insurers, takes effect on the effective date of said Policy at the hour stated in said Policy, unless another effective date is shown below, and expires concurrently with said Policy.

ADDITIONAL INSURED - PRIMARY AND NON-CONTRIBUTORY

It is understood and agreed that this endorsement amends the **BUSINESS AUTO COVERAGE FORM** as follows:

SCHEDULE
Name of Additional Insured Person Or Organization
ANY PERSON OR ORGANIZATION THAT YOU ARE REQUIRED BY WRITTEN CONTRACT OR WRITTEN AGREEMENT TO NAME AS AN ADDITIONAL INSURED.

1. In conformance with paragraph **A.1.c.** of **Who Is An Insured** of Section **II - LIABILITY COVERAGE**, the person or organization scheduled above is an insured under this policy.
2. The insurance afforded to the additional insured under this policy will apply on a primary and non-contributory basis if you have committed it to be so in a written contract or written agreement executed prior to the date of the "**accident**" for which the additional insured seeks coverage under this policy.

All other terms and conditions of the policy remain unchanged

This endorsement, which forms a part of and is for attachment to the policy issued by the designated Insurers, takes effect on the Policy Effective date of said policy at the hour stated in said policy, unless another effective date (the Endorsement Effective Date) is shown below, and expires concurrently with said policy.

Form No: CNA71527XX (10-2012)	Endorsement Expiration Date:	Policy No: BUA 7015433656
Endorsement Effective Date:		Policy Effective Date: 09/01/2023
Endorsement No: 12; Page: 1 of 1		Policy Page: 64 of 80
Underwriting Company: Transportation Insurance Company, 151 N Franklin St, Chicago, IL 60606		

BLANKET WAIVER OF OUR RIGHT TO RECOVER FROM OTHERS

This endorsement changes the policy to which it is attached.

It is agreed that **Part One - Workers' Compensation Insurance G. Recovery From Others** and **Part Two - Employers' Liability Insurance H. Recovery From Others** are amended by adding the following:

We will not enforce our right to recover against persons or organizations. (This agreement applies only to the extent that you perform work under a written contract that requires you to obtain this agreement from us.)

PREMIUM CHARGE - Refer to the Schedule of Operations

The charge will be an amount to which you and we agree that is a percentage of the total standard premium for California exposure. The amount is 1%.

All other terms and conditions of the policy remain unchanged.

This endorsement, which forms a part of and is for attachment to the policy issued by the designated Insurers, takes effect on the Policy Effective Date of said policy at the hour stated in said policy, unless another effective date (the Endorsement Effective Date) is shown below, and expires concurrently with said policy unless another expiration date is shown below.

OSD BOARD AGENDA ITEM

Name of Contributor: Dr. Aracely Fox

Date of Meeting: August 21, 2024

Agenda Section: Section C: Academic Agreement

Approval of Agreement #24-91 – Art Trek, Inc. (Fox/Blevins)

Art Trek, Inc. will support in ensuring that grade level Power Planning days at Kamala School are successful. Five days of the school year, grade levels will be subbed out to meet with administration. The focus during Power Planning days is PLC Overview/Process, Guaranteed and Viable Curriculum, and Common Formative Assessments.

Art Trek will provide art lessons to students while the teachers (one per class in each grade level) are Power Planning.

Term of Agreement: August 22, 2024 through June 30, 2025

FISCAL IMPACT:

\$10,093.75 – Title III

RECOMMENDATION:

It is the recommendation of the Principal, Kamala School, and the Assistant Superintendent, Educational Services, that the Board of Trustees approve Agreement #24-91 with Art Trek, Inc.

Compensation for Services \$ _____

Other Ancillary Cost, as applicable \$ _____

Total not to Exceed \$ _____

W-9 received

Payment. District will pay Provider within 30 days after receipt of an invoice, in form and content acceptable to District, and reflecting charges for District approved costs and services performed by Provider and not previously invoiced.

Conditions. Provider will have no obligation to provide services until District returns a signed copy of this Agreement.

Nature of Relationship. The parties agree the relationship created by this Agreement is that of independent contractor. Provider understands and agrees that the Provider, officers, agents, or employees of Provider are not entitled to any benefits normally offered or conveyed to District employees, including but not limited to coverage under the California Workers' Compensation Insurance laws.

Binding Effect. This Agreement shall inure to the benefit and shall be binding upon all of the parties to this Agreement, and their respective successors in interest or assigns.

Termination or Amendment. This Agreement may be terminated or amended in writing at any time by mutual written consent of all of the parties to this Agreement, and may be terminated by either party for any reason by giving the other party 30 days advance written notice.

Compliance with Laws. Provider hereby agrees that Provider, and each of its officers, agents, and employees (each a "Provider Party") shall obey all local, state, and federal laws and regulations in the performance of this Agreement, including but not limited to each of the following laws and regulations, as and if applicable:

- Provider shall be responsible for the safety of its employees and shall comply with California Code of Regulations Title 8, section 3205, COVID-19 Prevention.

- Provider shall ensure that each Provider Party who is on-site supporting school functions is compliant with all the following laws, if and as applicable:
 - o Fingerprinting / criminal background investigations (see paragraph titled “Fingerprinting, below);
 - o Public Health Department Orders and Guidance or other related mandates related to COVID-19, so long as such Orders and Guidance are in effect during the Term of this Agreement;
 - o Tuberculosis Clearance (Education Code § 49406)

Non-Discrimination and Equal Employment Opportunity. Provider represents and agrees that it does not and shall not discriminate against any employee or applicant for employment, company, individual or group of individuals, because of ancestry, age, color, disability (physical and mental, including HIV and AIDS), genetic information, gender identity, gender expression, marital status, medical condition, military or veteran status, national origin, race, religion, sex/gender, and sexual orientation.

Confidentiality. Provider agrees to maintain the confidentiality of all District and District-related data, information, and records including but not limited to student identifiable information and employee personnel information pursuant to all California and Federal statutory laws relating to privacy, confidentiality, and information security including but not limited to California Education Code sections 49060 – 49085 and the Family Educational Rights and Privacy Act (FERPA), that currently exist or exist at any time during the term of this Agreement. All such records and information shall be considered confidential and kept confidential by Provider and Provider’s officers, agents, employees, participants, vendors, or customers.

Fingerprinting. Provider shall ensure that Provider and any employee who interacts with students, outside of the immediate supervision and control of the student’s parent or guardian or a school employee, has a current valid criminal records summary as described in California *Education Code* section 44237. If any services will be provided on-site, or through an app or other electronic method that might allow any interaction between any student and Provider shall, prior to commencing any service hereunder, provide the District a Fingerprinting/ Criminal Background Check investigation Certificate, in form and substance satisfactory to the District. While this Agreement is in effect, Provider shall immediately provide any arrest and conviction information it receives concerning any person providing Services hereunder to the District.

Indemnification. To the fullest extent permitted by law, Provider agrees to defend, indemnify, and hold harmless District, its governing board, officers, administrators, managers, agents, employees, successors, assigns, independent contractors and/or volunteers from and against any and all claims, demands, monetary or other losses, loss of use, damages and expenses, including but not limited to, reasonable legal fees and costs, or other obligations or claims arising out of any liability or damage to person or property resulting from bodily injury, illness, communicable disease, virus, pandemic, or any other loss, sustained or claimed to have been sustained arising out of activities of the Provider or those of any of its officers, agents, employees, participants, vendors, or customers of Provider, whether such act or omission is authorized by this Agreement or not. Provider also agrees to pay for any and all damage to the real and personal property of the District, or loss or theft of such property, or damage to the Property done or caused by such persons. District assumes no responsibility whatsoever for any property placed on District premises by Provider, Provider’s agents, employees, participants, vendors, or customers. The provisions of this Indemnification do not apply to any damage or losses caused solely by the intentional misconduct of the District or any of its governing board, officers, administrators, managers, agents, employees and/or volunteers.

This Indemnification shall survive termination of this Agreement, for any reason whatsoever, and binds each party’s legal representatives, successors, and assigns.

Insurance. Provider, at its own cost and expense, shall procure and maintain during the term of this Agreement, policies of insurance for the following types of coverage:

- a. Commercial General Liability Insurance. Provider shall procure and maintain, during the term of this Agreement, not less than the following General Liability Insurance coverage in the amounts of \$1,000,000 per occurrence and \$2,000,000 aggregate.

Commercial General Liability insurance shall include products/completed operations, property damage, and personal and advertising injury coverage.

- b. Automobile Liability. Provider shall procure and maintain, during the full term of this Agreement following Automobile Liability Insurance including non-owned and leased automobiles, as applicable with the following coverage limits:

Personal vehicles:	\$500,000.00 combined single limit or \$100,000.00 per person / \$300,000.00 per accident
Commercial vehicles:	\$1,000,000.00 per accident for bodily injury and property damage

- c. Workers' Compensation Insurance. Provider shall procure and maintain, during the term of this Agreement, Workers' Compensation Insurance, as required by California law, on all of its employees engaged in work related to the performance of this Agreement. Provider shall procure and maintain Employers' Liability insurance coverage of \$1,000,000. Absent proof of Workers' Compensation Insurance, Provider will submit a fully executed Certification of Exemption from Workers' Compensation Insurance, which District in its sole discretion may accept or reject.
- d. Other Coverage as Dictated by the District. If any employee of Provider interacts with students, outside of the immediate supervision and control of the student's parent or guardian or a certificated school employee, Provider shall procure and maintain, during the term of this Agreement, Abuse and Molestation coverage in the amounts of \$2,000,000 per occurrence and \$4,000,000 aggregate.

If professional services are offered, Provider shall procure and maintain, during the term of this Agreement, Professional Liability (Errors and Omissions) insurance coverage in the amounts of \$1,000,000 per occurrence and \$2,000,000 aggregate.
- e. Provider's insurance is primary and will not seek contribution from any other insurance available to the District. Provider further hereby waives any and all rights of subrogation that it may have against the District.
- f. Certificates of Insurance. Provider shall provide certificates of insurance to the District as evidence of the insurance coverage required herein, not less than 15 days prior to commencing the proposed activity, and at any other time upon the request of the District. Certificates of insurance will be deemed invalid if proper endorsements are not attached. Certificates of such insurance shall be filed with the District on or before commencement of the services under this Agreement.
- g. Endorsements. Provider's Commercial General Liability insurance and Commercial Automobile Liability coverage and Abuse and Molestation coverage shall name the District, its governing board, officers, agents, employees, and/or volunteers as additional insureds. All endorsements specifying additional insureds for any of the Insurance Policies shall be as indicated below or an equivalent endorsement reasonably acceptable to the District.
 - 1) General Liability: CG 20 26 10 01
 - 2) Primary, non-contributory: CG 20 01 04 13
 - 3) Waiver of subrogation: CG 24 04 05 09
 - 4) Commercial Automobile Liability: CA 20 48 10 13
- h. Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A: VII, unless otherwise acceptable to the District.
- i. Insurance written on a "claims made" basis is to be renewed by the Provider for a period of three (3) years following termination of this Agreement. Such insurance must have the same coverage and limits as the policy that was in effect during the term of this agreement and will cover the Provider for all claims made. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, the Consultant must purchase "extended reporting" coverage for a minimum of three (3) years after completion of the Services.
- j. Failure to Procure Insurance. Failure on the part of Provider to procure or maintain required insurance shall constitute a material breach of contract under which the District may immediately terminate this Agreement

Governing Law and Venues. This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in state or federal court situated in the County of Ventura, State of California.

Dispute Resolution. If any dispute arises out of or in connection with the Agreement, representatives of the Parties with authority to settle the dispute shall communicate, in person, electronically, or in writing within 30 days of written notice, in a good faith effort to resolve the dispute.

The parties agree that, in the event of any unresolved dispute under the agreement in which the amount sought is \$5,000.00 or less, any litigation to resolve the dispute shall be brought in the Ventura County Small Claims Court.

If the unresolved amount in dispute exceeds \$5,000.00, the parties agree that they will first submit the matter to a mutually agreed upon mediator. Notwithstanding the following section, Attorneys Fees, the cost of the mediator shall be borne equally by the parties.

Attorney Fees. In the event of any action or proceeding to interpret or enforce the terms of this Agreement, the prevailing party, as determined by the court or mediator, shall be entitled to recover its reasonable attorney fees and costs incurred in connection with such actions or proceeding.

Nature of Agreement. This Agreement represents the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes any and all other agreements and communications however characterized, written or oral, between or on behalf of the parties hereto with respect to the subject matter hereof. This Agreement may only be modified by a written instrument signed by authorized representatives of each of the parties hereto.

Counterpart Execution. This Agreement may be executed in any number of counterparts which, when taken together, shall constitute one and the same instrument. Executed counterparts of this Agreement may be delivered by PDF email or electronic facsimile transmission and shall have the same legal effect as an “ink-signed” original.

Signature Authority. Provider represents and warrants that Provider has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement.

Acknowledgement and Agreement

2024-2025 PROPOSAL FOR SITE INSTRUCTIONAL SERVICES
ART JOURNAL PROGRAM
Kamala Elementary School

This Proposal for Instructional Services between Kamala Elementary School with its address at 634 West Kamala Street, Oxnard, CA 93033 and Art Trek, with its principal office at 703 Rancho Conejo Blvd. Newbury Park, CA 91320.

Kamala finds that **ART TREK** is willing to perform certain work described in accordance with the provisions of this Agreement. In consideration of this mutual proposal set forth herein and intending to be legally bound, the parties hereto agree as follows:

PROPOSED SERVICES for grades K-5:

ART TREK shall provide the following services to your school:

- Art Trek Site Instructors for grades K-5 for five sessions.

PAYMENT: Art Trek will be paid as follow

- **Program Fee-Grades K-5:** To be paid monthly for the number of hours on campus to teach 21 K-5 classes. The cost is \$95 per hour. The classes run 40-55 minutes.

The estimated time to teach these classes each session is 21.25 hours per session. (Adjustments to be made for any changes after the start of the school year.)

21.25 hours x \$95 per hour = \$2018.75 per session.

5 sessions x \$2018.75 = \$10,093.75 for the year.

INVOICING

Invoicing shall be done on a monthly basis.

This Proposal shall be governed by and construed and enforced in accordance with the laws of the State of California. Venue for purposes of legal action shall be Ventura County, California.

If this Proposal meets with your approval, please sign, date, and return so we can move forward!

Indemnification. To the fullest extent permitted by law, Provider agrees to defend, indemnify, and hold harmless District, its governing board, officers, administrators, managers, agents, employees, successors, assigns, independent contractors and/or volunteers from and against any and all claims, demands, monetary or other losses, loss of use, damages and expenses, including but not limited to, reasonable legal fees and costs, or other obligations or claims arising out of any liability or damage to person or property resulting from bodily injury, illness, communicable disease, virus, pandemic, or any other loss, sustained or claimed to have been sustained arising out of activities of the Provider or those of any of its officers, agents, employees, participants, vendors, or customers of Provider, whether such act or omission is authorized by this Agreement or not. Provider also agrees to pay for any and all damage to the real and personal property of the District, or loss or theft of such property, or damage to the Property done or caused by such persons. District assumes no responsibility whatsoever for any property placed on District premises by Provider, Provider’s agents, employees, participants, vendors, or customers. The provisions of this Indemnification do not apply to any damage or losses caused solely by the intentional misconduct of the District or any of its governing board, officers, administrators, managers, agents, employees and/or volunteers.

This Indemnification shall survive termination of this Agreement, for any reason whatsoever, and binds each party’s legal representatives, successors, and assigns.

Insurance. Provider, at its own cost and expense, shall procure and maintain during the term of this Agreement, policies of insurance for the following types of coverage:

- a. Commercial General Liability Insurance. Provider shall procure and maintain, during the term of this Agreement, not less than the following General Liability Insurance coverage in the amounts of \$1,000,000 per occurrence and \$2,000,000 aggregate.

Commercial General Liability insurance shall include products/completed operations, property damage, and personal and advertising injury coverage.

- b. Automobile Liability. Provider shall procure and maintain, during the full term of this Agreement following Automobile Liability Insurance including non-owned and leased automobiles, as applicable with the following coverage limits:

Personal vehicles:	\$500,000.00 combined single limit or \$100,000.00 per person / \$300,000.00 per accident
Commercial vehicles:	\$1,000,000.00 per accident for bodily injury and property damage

- c. Workers' Compensation Insurance. Provider shall procure and maintain, during the term of this Agreement, Workers' Compensation Insurance, as required by California law, on all of its employees engaged in work related to the performance of this Agreement. Provider shall procure and maintain Employers' Liability insurance coverage of \$1,000,000. Absent proof of Workers' Compensation Insurance, Provider will submit a fully executed Certification of Exemption from Workers' Compensation Insurance, which District in its sole discretion may accept or reject.
- d. Other Coverage as Dictated by the District. If any employee of Provider interacts with students, outside of the immediate supervision and control of the student's parent or guardian or a certificated school employee, Provider shall procure and maintain, during the term of this Agreement, Abuse and Molestation coverage in the amounts of \$2,000,000 per occurrence and \$4,000,000 aggregate.

If professional services are offered, Provider shall procure and maintain, during the term of this Agreement, Professional Liability (Errors and Omissions) insurance coverage in the amounts of \$1,000,000 per occurrence and \$2,000,000 aggregate.
- e. Provider's insurance is primary and will not seek contribution from any other insurance available to the District. Provider further hereby waives any and all rights of subrogation that it may have against the District.
- f. Certificates of Insurance. Provider shall provide certificates of insurance to the District as evidence of the insurance coverage required herein, not less than 15 days prior to commencing the proposed activity, and at any other time upon the request of the District. Certificates of insurance will be deemed invalid if proper endorsements are not attached. Certificates of such insurance shall be filed with the District on or before commencement of the services under this Agreement.
- g. Endorsements. Provider's Commercial General Liability insurance and Commercial Automobile Liability coverage and Abuse and Molestation coverage shall name the District, its governing board, officers, agents, employees, and/or volunteers as additional insureds. All endorsements specifying additional insureds for any of the Insurance Policies shall be as indicated below or an equivalent endorsement reasonably acceptable to the District.
 - 1) General Liability: CG 20 26 10 01
 - 2) Primary, non-contributory: CG 20 01 04 13
 - 3) Waiver of subrogation: CG 24 04 05 09
 - 4) Commercial Automobile Liability: CA 20 48 10 13
- h. Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A: VII, unless otherwise acceptable to the District.
- i. Insurance written on a "claims made" basis is to be renewed by the Provider for a period of three (3) years following termination of this Agreement. Such insurance must have the same coverage and limits as the policy that was in effect during the term of this agreement and will cover the Provider for all claims made. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, the Consultant must purchase "extended reporting" coverage for a minimum of three (3) years after completion of the Services.
- j. Failure to Procure Insurance. Failure on the part of Provider to procure or maintain required insurance shall constitute a material breach of contract under which the District may immediately terminate this Agreement

Governing Law and Venues. This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in state or federal court situated in the County of Ventura, State of California.

Dispute Resolution. If any dispute arises out of or in connection with the Agreement, representatives of the Parties with authority to settle the dispute shall communicate, in person, electronically, or in writing within 30 days of written notice, in a good faith effort to resolve the dispute.

The parties agree that, in the event of any unresolved dispute under the agreement in which the amount sought is \$5,000.00 or less, any litigation to resolve the dispute shall be brought in the Ventura County Small Claims Court.

If the unresolved amount in dispute exceeds \$5,000.00, the parties agree that they will first submit the matter to a mutually agreed upon mediator. Notwithstanding the following section, Attorneys Fees, the cost of the mediator shall be borne equally by the parties.

Attorney Fees. In the event of any action or proceeding to interpret or enforce the terms of this Agreement, the prevailing party, as determined by the court or mediator, shall be entitled to recover its reasonable attorney fees and costs incurred in connection with such actions or proceeding.

Nature of Agreement. This Agreement represents the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes any and all other agreements and communications however characterized, written or oral, between or on behalf of the parties hereto with respect to the subject matter hereof. This Agreement may only be modified by a written instrument signed by authorized representatives of each of the parties hereto.

Counterpart Execution. This Agreement may be executed in any number of counterparts which, when taken together, shall constitute one and the same instrument. Executed counterparts of this Agreement may be delivered by PDF email or electronic facsimile transmission and shall have the same legal effect as an “ink-signed” original.

Signature Authority. Provider represents and warrants that Provider has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement.

Proposal Agreement

Date: July 2, 2024

To: **Kamala Elementary**
634 W Kamala St
Oxnard, CA 93033

Subject: Proposal Agreement between **Oxnard School District** and **Disciplina Positiva** for an **In-Person Workshop**. It will be conducted in **Spanish**.

Dates and Time: Ph3: Thur, Sept 19, 26, Oct 3, 10, 17, 24, 2024, from 5:30 pm - 7:30 pm
Ph4: Thur, Feb 13, 20, 27, Mar 6, 13, 20, 2024, from 5:30 pm - 7:30 pm

Facilitators: Positive Discipline Certified Parent Educators

Rationale: **Phase 3: The Post-Pandemic Children's Challenges, Healing, and Resilience.** Parents will learn and acquire practical tools to help their child's social-emotional development. They will also receive tools to connect to their child's heart through the Five Love Languages, build their self-esteem, and keep depositing into their "Emotional Bank Account." At the same time, parents will know how to fulfill their inner needs to prevent bullying, sexting, pornography, drugs, and technology addictions during the post-pandemic season. Parents will also know how to transform challenging situations into opportunities to teach and learn.

Phase 4: Empowering Your Child and Yourself Through Life Purpose, Goal Setting, and Family Traditions. Parents will have a deeper understanding of the importance of belonging through love and significance through responsibilities. When children feel loved and important, it boosts their immune system, stabilizes their heart rate, and reduces stress. Children tend to do better at home and school when they feel better. Also, parents will understand how their child's brain works. They will acquire tools and skills to motivate themselves intrinsically. Parents will understand the process that turns mistakes into learning opportunities and helps find life's purpose through goal setting. In addition, parents will know how strong family traditions positively impact their child's short- and long-term life.

Cost: Not to exceed **\$16,000.00** to be paid from **Oxnard School District**.

Prepared by: Disciplina Positiva, Inc

OSD BOARD AGENDA ITEM

Name of Contributor: Dr. Aracely Fox

Date of Meeting: August 21, 2024

Agenda Section: Section C: Support Services Agreement

Approval of Agreement #24-93 - Ventura County Office of Education/SELPA (Fox/Nocero)

Ventura County Office of Education, Social/Emotional Services Specialists (SESS), will provide behavior consultation to support classroom management skills and behavior management in the classroom. SESS can provide more directed behavior and/or social-emotional support for general education students. SESS providers and District Administrator will work together to develop a schedule of duties to best meet the District's needs.

Term of Agreement: August 26, 2024 through June 30, 2025

FISCAL IMPACT:

\$200,000.00 – MAA Funds

RECOMMENDATION:

It is the recommendation of the Director, Pupil Services, and the Assistant Superintendent, Educational Services, that the Board of Trustees approve Agreement #24-93 with Ventura County Office of Education/SELPA.

ADDITIONAL MATERIALS:

Attached: [Agreement #24-93, VCOE- SESS 24-25 \(3 pages\)](#)

INTER-DISTRICT SERVICES AGREEMENT

This Services Agreement (the "Agreement") is made and entered into 05/03/2024 by and between (Date)

Oxnard School District (hereinafter referred to as "Local Educational Agency" or "LEA") and (District or Charter School)

Ventura County Office of Education (hereinafter referred to as "VCOE"). VCOE and LEA may be referred to herein individually as a "Party" and collectively as the "Parties."

Oxnard School District LEA 1051 South A Street Street Address Oxnard, CA 9030 City, State, Zip code

Dr. Jodi Nocero Contact Name 805-385-1501 Contact Telephone Number jnocero@oxnardsd.org Contact E-mail Address

Services. Services will be provided as described on the "Statement of Work" (the "Work" or "Service") attached hereto and incorporated herein by this reference. The Statement of Work shall contain a timetable for completion of the Work or if the Work is ongoing service, the Statement of Work shall set forth the mutually agreed schedule for providing such services.

Payment. All payments will be made after receipt of invoice, net 30 days.

Nature of Relationship. The parties agree the relationship created by this Agreement is that of independent contractor. VCOE understands and agrees that the VCOE, agents, employees, or subcontractors of VCOE are not entitled to any benefits normally offered or conveyed to LEA employees, including coverage under the California Workers' Compensation Insurance laws.

Authority. VCOE represents and warrants that VCOE has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement.

Binding Effect. This Agreement shall inure to the benefit and shall be binding upon all of the parties to this Agreement, and their respective successors in interest or assigns.

Termination or Amendment. This Agreement may be terminated or amended in writing at any time by mutual written consent of all of the parties to this Agreement, and may be terminated by either party for any reason by giving the other party 30 days advance written notice.

Compliance with Laws. VCOE hereby agrees that VCOE, officers, agents, employees, and subcontractors of VCOE shall obey all local, state, and federal laws and regulations in the performance of this Agreement.

VCOE shall be responsible for the safety of its employees and shall comply with California Code of Regulations Title 8, section 3205, COVID-19 Prevention.

Non-Discrimination and Equal Employment Opportunity. VCOE represents and agrees that it does not and shall not discriminate against any employee or applicant for employment, company, individual or group of individuals, because of ancestry, age, color, disability (physical and mental, including HIV and AIDS), genetic information, gender identity, gender expression, marital status, medical condition, military or veteran status, national origin, race, religion, sex/gender, and sexual orientation.

Fingerprinting. VCOE shall ensure that VCOE and any employee who interacts with students, outside of the immediate supervision and control of the student's parent or guardian or a school employee, has a current valid criminal records summary as described in California Education Code section 44237. When VCOE performs the criminal background check, it shall immediately provide any subsequent arrest and conviction information it receives to any local educational agency that it is contracting with pursuant to the subsequent arrest service.

Tuberculosis. VCOE shall ensure that any employee who interacts with students has submitted to VCOE a tuberculosis risk assessment or has been examined to determine that he or she is free of infectious tuberculosis.

Governing Law and Venues. This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in state or federal court situated in the County of Ventura, State of California.

Dispute Resolution. If any dispute arises out of or in connection with the Agreement, representatives of the Parties with authority to settle the dispute shall communicate, in person, electronically, or in writing within 30 days of written notice, in a good faith effort to resolve the dispute.

If the unresolved dispute is not resolved the parties agree that they will first submit the matter to a mutually agreed upon mediator. Notwithstanding the next section, Attorneys Fees, the cost of the mediator shall be borne equally by the parties.

Attorney Fees. In the event of any action or proceeding to interpret or enforce the terms of this Agreement, the prevailing party, as determined by the court or mediator, shall be entitled to recover its reasonable attorney fees and costs incurred in connection with such actions or proceeding.

Indemnification.

- a. If VCOE and LEA each participate in the VCSSFA, each party therefore collectively indemnifies and defends the other for general liability coverage under the VCSSFA self-insurance program.
b. VCOE will indemnify LEAs not participating in the VCSSFA as follows: VCOE shall defend, indemnify and hold LEA and its governing board, officials, administrators, managers, employees and agents, harmless from and against any and all liability, loss, expense, reasonable attorneys' fees, or claims for injuror damages arising out of the performance of this Agreement, but only in proportion to and to the extent such liability, loss, expense, attorneys' fees, or claims for injury or damages are caused by or result from the negligent or intentional acts or omissions of VCOE, its officials, administrators, managers, employees or agents.

Inter-District Agreement for Services

- c. LEA not participating in VCSSFA will indemnify VCOE as follows: LEA shall defend, indemnify and hold VCOE, its governing board, officials, administrators, managers, employees and agents, harmless from and against any and all liability, loss, expense, reasonable attorneys' fees, or claims for injury or damage arising out of the performance of this Agreement but only in proportion to and to the extent such liability, loss, expense, attorneys' fees, or claims for injury or damages are caused by or result from the negligent or intentional acts or omissions of LEA, its governing board, officials, administrators, managers, employees or agents.

Insurance.

- a. If VCOE and LEA participate in the VCSSFA, each party therefore collectively self-insure for general liability and property coverage, or have been afforded coverage as Additional Covered Parties, under the VCSSFA self-insurance programs. VCOE also self-insures for workers' compensation coverage.
- b. LEAs not participating in the VCSSFA must maintain coverages commensurate with its operations and activities.

Nature of Agreement. This Agreement represents the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes any and all other agreements and communications however characterized, written or oral, between or on behalf of the parties hereto with respect to the subject matter hereof. This Agreement may only be modified by a written instrument signed by authorized representatives of each of the parties hereto.

Counterpart Execution: Electronic Delivery. This Agreement may be executed in any number of counterparts which, when taken together, shall constitute one and the same instrument. Executed counterparts of this Agreement may be delivered by PDF email or electronic facsimile transmission and shall have the same legal effect as an "ink-signed" original.

STATEMENT OF WORK

Term (required). The term of this Agreement shall commence on 07/01/2024 and terminate on 06/30/2025. The parties may agree to annual extensions after expiration of the initial term.

Fees (required).

Table with 2 columns: Description and Amount. Rows include Estimated Compensation or Cost for Services (see below) Other Ancillary Cost or fees, as applicable, and Total not to Exceed.

DESCRIPTION OF WORK (required):

The SELPA provides Social/Emotional and Behavioral Services. Social/Emotional and Behavior Specialists are classified employees of the Ventura County Office of Education (VCOE). All of our staff are licensed therapists and/or credentialed school psychologists who are qualified to provide the services listed below, and all are qualified to conduct FBAs. Services may include: Individual or Group Counseling, Behavior Intervention Services- including Functional Behavior Assessments (FBA) and development of Behavior Intervention Plans (PBIPs or CBIPs), Trainings and Consultations: Consultation and training to school staff regarding classroom environments, Consultation and training to district staff regarding behavior assessment, Training and consultation regarding behavioral strategies, Conducting inservices and trainings on a variety of topics, Supporting School-wide classroom management systems, Parent training. SELPA Social/Emotional Specialists and District Administrator will work together to develop a schedule of duties to best meet the District's needs. SELPA Specialists will be accountable to the District for carrying out these duties and will provide a monthly schedule to district upon request. Part B services are provided for students ages 3-22 as needed to participating districts and billed based on a proportionate share of use. The cost is billed twice a year and covers salary, benefits, mileage, cell phone, equipment, staff development, and indirect costs. Curricular supplies needed for a specific class or student must be funded by the district. Please advise your business office that the Ventura County Office of Education will be billing for Social/Emotional services provided by Ventura County SELPA for the 2024-2025 school year. The estimated amounts is noted above. The final amount could change slightly based on students enrolling/leaving or changes in IEP services. The final bill will come after the close of the school year, before the 2024-2025 financial books are closed. *Please note: Part C SESS services for Infants (0-2) are paid for by our Early Start Grant and provided at no cost to your district. The SESS needs of your infant program shall not be included in your response on this form.

WORK SCHEDULE (if applicable):

The District will be responsible for costs for all regularly scheduled times, regardless of whether or not direct services are provided. Prior authorization by District Administrator must be obtained if extra overtime hours are necessary in order to accomplish duties requested by the District. Overtime hours will be accrued as compensation time at 1 1/2 hours per hour. Acceptable reasons for not providing regularly scheduled services to students may be District request for other duties (such as assessments or IEP meetings), student absence or unavailability, staff vacations, compensation time, and sick leave or in-service. The SELPA Director will work with SELPA Specialists to schedule compensation time, vacations, and other employee absences to result in minimal disruption of services to students, absorbed as equally as possible by all Districts within the Specialist's schedule. The SELPA Director will provide supervision to staff.

OSD BOARD AGENDA ITEM

Payment. District will pay Provider within 30 days after receipt of an invoice, in form and content acceptable to District, and reflecting charges for District approved costs and services performed by Provider and not previously invoiced.

Conditions. Provider will have no obligation to provide services until District returns a signed copy of this Agreement.

Nature of Relationship. The parties agree the relationship created by this Agreement is that of independent contractor. Provider understands and agrees that the Provider, officers, agents, or employees of Provider are not entitled to any benefits normally offered or conveyed to District employees, including but not limited to coverage under the California Workers' Compensation Insurance laws.

Binding Effect. This Agreement shall inure to the benefit and shall be binding upon all of the parties to this Agreement, and their respective successors in interest or assigns.

Termination or Amendment. This Agreement may be terminated or amended in writing at any time by mutual written consent of all of the parties to this Agreement, and may be terminated by either party for any reason by giving the other party 30 days advance written notice.

Compliance with Laws. Provider hereby agrees that Provider, and each of its officers, agents, and employees (each a "Provider Party") shall obey all local, state, and federal laws and regulations in the performance of this Agreement, including but not limited to each of the following laws and regulations, as and if applicable:

- Provider shall be responsible for the safety of its employees and shall comply with California Code of Regulations Title 8, section 3205, COVID-19 Prevention.

- Provider shall ensure that each Provider Party who is on-site supporting school functions is compliant with all the following laws, if and as applicable:
 - o Fingerprinting / criminal background investigations (see paragraph titled “Fingerprinting, below);
 - o Public Health Department Orders and Guidance or other related mandates related to COVID-19, so long as such Orders and Guidance are in effect during the Term of this Agreement;
 - o Tuberculosis Clearance (Education Code § 49406)

Non-Discrimination and Equal Employment Opportunity. Provider represents and agrees that it does not and shall not discriminate against any employee or applicant for employment, company, individual or group of individuals, because of ancestry, age, color, disability (physical and mental, including HIV and AIDS), genetic information, gender identity, gender expression, marital status, medical condition, military or veteran status, national origin, race, religion, sex/gender, and sexual orientation.

Confidentiality. Provider agrees to maintain the confidentiality of all District and District-related data, information, and records including but not limited to student identifiable information and employee personnel information pursuant to all California and Federal statutory laws relating to privacy, confidentiality, and information security including but not limited to California Education Code sections 49060 – 49085 and the Family Educational Rights and Privacy Act (FERPA), that currently exist or exist at any time during the term of this Agreement. All such records and information shall be considered confidential and kept confidential by Provider and Provider’s officers, agents, employees, participants, vendors, or customers.

Fingerprinting. Provider shall ensure that Provider and any employee who interacts with students, outside of the immediate supervision and control of the student’s parent or guardian or a school employee, has a current valid criminal records summary as described in California *Education Code* section 44237. If any services will be provided on-site, or through an app or other electronic method that might allow any interaction between any student and Provider shall, prior to commencing any service hereunder, provide the District a Fingerprinting/ Criminal Background Check investigation Certificate, in form and substance satisfactory to the District. While this Agreement is in effect, Provider shall immediately provide any arrest and conviction information it receives concerning any person providing Services hereunder to the District.

Indemnification. To the fullest extent permitted by law, Provider agrees to defend, indemnify, and hold harmless District, its governing board, officers, administrators, managers, agents, employees, successors, assigns, independent contractors and/or volunteers from and against any and all claims, demands, monetary or other losses, loss of use, damages and expenses, including but not limited to, reasonable legal fees and costs, or other obligations or claims arising out of any liability or damage to person or property resulting from bodily injury, illness, communicable disease, virus, pandemic, or any other loss, sustained or claimed to have been sustained arising out of activities of the Provider or those of any of its officers, agents, employees, participants, vendors, or customers of Provider, whether such act or omission is authorized by this Agreement or not. Provider also agrees to pay for any and all damage to the real and personal property of the District, or loss or theft of such property, or damage to the Property done or caused by such persons. District assumes no responsibility whatsoever for any property placed on District premises by Provider, Provider’s agents, employees, participants, vendors, or customers. The provisions of this Indemnification do not apply to any damage or losses caused solely by the intentional misconduct of the District or any of its governing board, officers, administrators, managers, agents, employees and/or volunteers.

This Indemnification shall survive termination of this Agreement, for any reason whatsoever, and binds each party’s legal representatives, successors, and assigns.

Insurance. Provider, at its own cost and expense, shall procure and maintain during the term of this Agreement, policies of insurance for the following types of coverage:

- a. Commercial General Liability Insurance. Provider shall procure and maintain, during the term of this Agreement, not less than the following General Liability Insurance coverage in the amounts of \$1,000,000 per occurrence and \$2,000,000 aggregate.

Commercial General Liability insurance shall include products/completed operations, property damage, and personal and advertising injury coverage.

- b. Automobile Liability. Provider shall procure and maintain, during the full term of this Agreement following Automobile Liability Insurance including non-owned and leased automobiles, as applicable with the following coverage limits:

Personal vehicles:	\$500,000.00 combined single limit or \$100,000.00 per person / \$300,000.00 per accident
Commercial vehicles:	\$1,000,000.00 per accident for bodily injury and property damage

- c. Workers' Compensation Insurance. Provider shall procure and maintain, during the term of this Agreement, Workers' Compensation Insurance, as required by California law, on all of its employees engaged in work related to the performance of this Agreement. Provider shall procure and maintain Employers' Liability insurance coverage of \$1,000,000. Absent proof of Workers' Compensation Insurance, Provider will submit a fully executed Certification of Exemption from Workers' Compensation Insurance, which District in its sole discretion may accept or reject.
- d. Other Coverage as Dictated by the District. If any employee of Provider interacts with students, outside of the immediate supervision and control of the student's parent or guardian or a certificated school employee, Provider shall procure and maintain, during the term of this Agreement, Abuse and Molestation coverage in the amounts of \$2,000,000 per occurrence and \$4,000,000 aggregate.

If professional services are offered, Provider shall procure and maintain, during the term of this Agreement, Professional Liability (Errors and Omissions) insurance coverage in the amounts of \$1,000,000 per occurrence and \$2,000,000 aggregate.
- e. Provider's insurance is primary and will not seek contribution from any other insurance available to the District. Provider further hereby waives any and all rights of subrogation that it may have against the District.
- f. Certificates of Insurance. Provider shall provide certificates of insurance to the District as evidence of the insurance coverage required herein, not less than 15 days prior to commencing the proposed activity, and at any other time upon the request of the District. Certificates of insurance will be deemed invalid if proper endorsements are not attached. Certificates of such insurance shall be filed with the District on or before commencement of the services under this Agreement.
- g. Endorsements. Provider's Commercial General Liability insurance and Commercial Automobile Liability coverage and Abuse and Molestation coverage shall name the District, its governing board, officers, agents, employees, and/or volunteers as additional insureds. All endorsements specifying additional insureds for any of the Insurance Policies shall be as indicated below or an equivalent endorsement reasonably acceptable to the District.
 - 1) General Liability: CG 20 26 10 01
 - 2) Primary, non-contributory: CG 20 01 04 13
 - 3) Waiver of subrogation: CG 24 04 05 09
 - 4) Commercial Automobile Liability: CA 20 48 10 13
- h. Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A: VII, unless otherwise acceptable to the District.
- i. Insurance written on a "claims made" basis is to be renewed by the Provider for a period of three (3) years following termination of this Agreement. Such insurance must have the same coverage and limits as the policy that was in effect during the term of this agreement and will cover the Provider for all claims made. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, the Consultant must purchase "extended reporting" coverage for a minimum of three (3) years after completion of the Services.
- j. Failure to Procure Insurance. Failure on the part of Provider to procure or maintain required insurance shall constitute a material breach of contract under which the District may immediately terminate this Agreement

Governing Law and Venues. This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in state or federal court situated in the County of Ventura, State of California.

Dispute Resolution. If any dispute arises out of or in connection with the Agreement, representatives of the Parties with authority to settle the dispute shall communicate, in person, electronically, or in writing within 30 days of written notice, in a good faith effort to resolve the dispute.

The parties agree that, in the event of any unresolved dispute under the agreement in which the amount sought is \$5,000.00 or less, any litigation to resolve the dispute shall be brought in the Ventura County Small Claims Court.

If the unresolved amount in dispute exceeds \$5,000.00, the parties agree that they will first submit the matter to a mutually agreed upon mediator. Notwithstanding the following section, Attorneys Fees, the cost of the mediator shall be borne equally by the parties.

Attorney Fees. In the event of any action or proceeding to interpret or enforce the terms of this Agreement, the prevailing party, as determined by the court or mediator, shall be entitled to recover its reasonable attorney fees and costs incurred in connection with such actions or proceeding.

Nature of Agreement. This Agreement represents the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes any and all other agreements and communications however characterized, written or oral, between or on behalf of the parties hereto with respect to the subject matter hereof. This Agreement may only be modified by a written instrument signed by authorized representatives of each of the parties hereto.

Counterpart Execution. This Agreement may be executed in any number of counterparts which, when taken together, shall constitute one and the same instrument. Executed counterparts of this Agreement may be delivered by PDF email or electronic facsimile transmission and shall have the same legal effect as an “ink-signed” original.

Signature Authority. Provider represents and warrants that Provider has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement.

Proposal Oxnard School District-Plaza Comunitaria

June 18, 2024

CABE welcomes the opportunity to continue the partnership with Oxnard School District to help support District Plaza Comunitaria. CABE is proud to be in partnership with Plaza Comunitaria and INEA to support to the ongoing adult education and literacy of Spanish-speaking immigrants. The program includes the following services:

Basic education (literacy, primary and secondary) for youth and adults in educational remediation, both in classrooms and online with goal of facilitating participants in beginning and finishing their studies and receiving a diploma from the Mexican Education System.

Access to new information and communication technologies for the development of reading, writing, communication, logical reasoning, and the information needed for participants to find employment.

User support in activities related to computer use, internet, and email.

Proposal:

California Association for Bilingual Education (CABE) proposes the following services.

- Assign Gricelda Perez, Plaza Comunitaria Specialist, to work in collaboration with the Oxnard School District Plaza Comunitaria program staff and participants on curriculum, tutoring, organization, and technical set up.
- CABE will administer all evaluations and administrative paperwork that needs to be processed and submitted to Mexico.
- Gricelda Perez is available to provide support via video call or conference call for a total of up to 10 hours a month during the period of services from **September 2024 – June 2025**.

CABE Specialist training fees and support \$11,500

Grand total: \$11,500

The cost for **Plazas Comunitaria** for the **2024-25** school year is **\$11,500**. CABE's Project Contract Coordinator **Maria Valencia** will invoice **Oxnard SD** by **May 1, 2025**, for all delivered and scheduled dates through **June 30, 2025**. Checks will be made payable to the California Association for Bilingual Education. The work for this project will be scheduled upon acceptance of this proposal, and a signed district contract is issued to CABE.

Payment. District will pay Provider within 30 days after receipt of an invoice, in form and content acceptable to District, and reflecting charges for District approved costs and services performed by Provider and not previously invoiced.

Conditions. Provider will have no obligation to provide services until District returns a signed copy of this Agreement.

Nature of Relationship. The parties agree the relationship created by this Agreement is that of independent contractor. Provider understands and agrees that the Provider, officers, agents, or employees of Provider are not entitled to any benefits normally offered or conveyed to District employees, including but not limited to coverage under the California Workers' Compensation Insurance laws.

Binding Effect. This Agreement shall inure to the benefit and shall be binding upon all of the parties to this Agreement, and their respective successors in interest or assigns.

Termination or Amendment. This Agreement may be terminated or amended in writing at any time by mutual written consent of all of the parties to this Agreement, and may be terminated by either party for any reason by giving the other party 30 days advance written notice.

Compliance with Laws. Provider hereby agrees that Provider, and each of its officers, agents, and employees (each a "Provider Party") shall obey all local, state, and federal laws and regulations in the performance of this Agreement, including but not limited to each of the following laws and regulations, as and if applicable:

- Provider shall be responsible for the safety of its employees and shall comply with California Code of Regulations Title 8, section 3205, COVID-19 Prevention.

- Provider shall ensure that each Provider Party who is on-site supporting school functions is compliant with all the following laws, if and as applicable:
 - o Fingerprinting / criminal background investigations (see paragraph titled “Fingerprinting, below);
 - o Public Health Department Orders and Guidance or other related mandates related to COVID-19, so long as such Orders and Guidance are in effect during the Term of this Agreement;
 - o Tuberculosis Clearance (Education Code § 49406)

Non-Discrimination and Equal Employment Opportunity. Provider represents and agrees that it does not and shall not discriminate against any employee or applicant for employment, company, individual or group of individuals, because of ancestry, age, color, disability (physical and mental, including HIV and AIDS), genetic information, gender identity, gender expression, marital status, medical condition, military or veteran status, national origin, race, religion, sex/gender, and sexual orientation.

Confidentiality. Provider agrees to maintain the confidentiality of all District and District-related data, information, and records including but not limited to student identifiable information and employee personnel information pursuant to all California and Federal statutory laws relating to privacy, confidentiality, and information security including but not limited to California Education Code sections 49060 – 49085 and the Family Educational Rights and Privacy Act (FERPA), that currently exist or exist at any time during the term of this Agreement. All such records and information shall be considered confidential and kept confidential by Provider and Provider’s officers, agents, employees, participants, vendors, or customers.

Fingerprinting. Provider shall ensure that Provider and any employee who interacts with students, outside of the immediate supervision and control of the student’s parent or guardian or a school employee, has a current valid criminal records summary as described in California *Education Code* section 44237. If any services will be provided on-site, or through an app or other electronic method that might allow any interaction between any student and Provider shall, prior to commencing any service hereunder, provide the District a Fingerprinting/ Criminal Background Check investigation Certificate, in form and substance satisfactory to the District. While this Agreement is in effect, Provider shall immediately provide any arrest and conviction information it receives concerning any person providing Services hereunder to the District.

Indemnification. To the fullest extent permitted by law, Provider agrees to defend, indemnify, and hold harmless District, its governing board, officers, administrators, managers, agents, employees, successors, assigns, independent contractors and/or volunteers from and against any and all claims, demands, monetary or other losses, loss of use, damages and expenses, including but not limited to, reasonable legal fees and costs, or other obligations or claims arising out of any liability or damage to person or property resulting from bodily injury, illness, communicable disease, virus, pandemic, or any other loss, sustained or claimed to have been sustained arising out of activities of the Provider or those of any of its officers, agents, employees, participants, vendors, or customers of Provider, whether such act or omission is authorized by this Agreement or not. Provider also agrees to pay for any and all damage to the real and personal property of the District, or loss or theft of such property, or damage to the Property done or caused by such persons. District assumes no responsibility whatsoever for any property placed on District premises by Provider, Provider’s agents, employees, participants, vendors, or customers. The provisions of this Indemnification do not apply to any damage or losses caused solely by the intentional misconduct of the District or any of its governing board, officers, administrators, managers, agents, employees and/or volunteers.

This Indemnification shall survive termination of this Agreement, for any reason whatsoever, and binds each party’s legal representatives, successors, and assigns.

Insurance. Provider, at its own cost and expense, shall procure and maintain during the term of this Agreement, policies of insurance for the following types of coverage:

- a. Commercial General Liability Insurance. Provider shall procure and maintain, during the term of this Agreement, not less than the following General Liability Insurance coverage in the amounts of \$1,000,000 per occurrence and \$2,000,000 aggregate.

Commercial General Liability insurance shall include products/completed operations, property damage, and personal and advertising injury coverage.

- b. Automobile Liability. Provider shall procure and maintain, during the full term of this Agreement following Automobile Liability Insurance including non-owned and leased automobiles, as applicable with the following coverage limits:

Personal vehicles:	\$500,000.00 combined single limit or \$100,000.00 per person / \$300,000.00 per accident
Commercial vehicles:	\$1,000,000.00 per accident for bodily injury and property damage

- c. Workers' Compensation Insurance. Provider shall procure and maintain, during the term of this Agreement, Workers' Compensation Insurance, as required by California law, on all of its employees engaged in work related to the performance of this Agreement. Provider shall procure and maintain Employers' Liability insurance coverage of \$1,000,000. Absent proof of Workers' Compensation Insurance, Provider will submit a fully executed Certification of Exemption from Workers' Compensation Insurance, which District in its sole discretion may accept or reject.
- d. Other Coverage as Dictated by the District. If any employee of Provider interacts with students, outside of the immediate supervision and control of the student's parent or guardian or a certificated school employee, Provider shall procure and maintain, during the term of this Agreement, Abuse and Molestation coverage in the amounts of \$2,000,000 per occurrence and \$4,000,000 aggregate.

If professional services are offered, Provider shall procure and maintain, during the term of this Agreement, Professional Liability (Errors and Omissions) insurance coverage in the amounts of \$1,000,000 per occurrence and \$2,000,000 aggregate.
- e. Provider's insurance is primary and will not seek contribution from any other insurance available to the District. Provider further hereby waives any and all rights of subrogation that it may have against the District.
- f. Certificates of Insurance. Provider shall provide certificates of insurance to the District as evidence of the insurance coverage required herein, not less than 15 days prior to commencing the proposed activity, and at any other time upon the request of the District. Certificates of insurance will be deemed invalid if proper endorsements are not attached. Certificates of such insurance shall be filed with the District on or before commencement of the services under this Agreement.
- g. Endorsements. Provider's Commercial General Liability insurance and Commercial Automobile Liability coverage and Abuse and Molestation coverage shall name the District, its governing board, officers, agents, employees, and/or volunteers as additional insureds. All endorsements specifying additional insureds for any of the Insurance Policies shall be as indicated below or an equivalent endorsement reasonably acceptable to the District.
 - 1) General Liability: CG 20 26 10 01
 - 2) Primary, non-contributory: CG 20 01 04 13
 - 3) Waiver of subrogation: CG 24 04 05 09
 - 4) Commercial Automobile Liability: CA 20 48 10 13
- h. Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A: VII, unless otherwise acceptable to the District.
- i. Insurance written on a "claims made" basis is to be renewed by the Provider for a period of three (3) years following termination of this Agreement. Such insurance must have the same coverage and limits as the policy that was in effect during the term of this agreement and will cover the Provider for all claims made. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, the Consultant must purchase "extended reporting" coverage for a minimum of three (3) years after completion of the Services.
- j. Failure to Procure Insurance. Failure on the part of Provider to procure or maintain required insurance shall constitute a material breach of contract under which the District may immediately terminate this Agreement

Governing Law and Venues. This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in state or federal court situated in the County of Ventura, State of California.

Dispute Resolution. If any dispute arises out of or in connection with the Agreement, representatives of the Parties with authority to settle the dispute shall communicate, in person, electronically, or in writing within 30 days of written notice, in a good faith effort to resolve the dispute.

The parties agree that, in the event of any unresolved dispute under the agreement in which the amount sought is \$5,000.00 or less, any litigation to resolve the dispute shall be brought in the Ventura County Small Claims Court.

If the unresolved amount in dispute exceeds \$5,000.00, the parties agree that they will first submit the matter to a mutually agreed upon mediator. Notwithstanding the following section, Attorneys Fees, the cost of the mediator shall be borne equally by the parties.

Attorney Fees. In the event of any action or proceeding to interpret or enforce the terms of this Agreement, the prevailing party, as determined by the court or mediator, shall be entitled to recover its reasonable attorney fees and costs incurred in connection with such actions or proceeding.

Nature of Agreement. This Agreement represents the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes any and all other agreements and communications however characterized, written or oral, between or on behalf of the parties hereto with respect to the subject matter hereof. This Agreement may only be modified by a written instrument signed by authorized representatives of each of the parties hereto.

Counterpart Execution. This Agreement may be executed in any number of counterparts which, when taken together, shall constitute one and the same instrument. Executed counterparts of this Agreement may be delivered by PDF email or electronic facsimile transmission and shall have the same legal effect as an “ink-signed” original.

Signature Authority. Provider represents and warrants that Provider has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement.

MEMORANDUM of UNDERSTANDING (MOU)

Between **Oxnard School District** and
California Association for Bilingual Education (CABE)
for **2024-2025**

This agreement is entered into by and between the California Association for Bilingual Education (CABE) and **Oxnard SD** and serves to outline the details and responsibilities of CABE and **Oxnard SD**, respectively, in regard to CABE providing a Parent Specialist to deliver **three (3) hybrid cohorts of Project 2INSPIRE's Mastery Levels for a total cost of \$25,500 including up to six (6) in-person sessions** which are also outlined in the scope of work Appendix A.

Responsibilities of Oxnard School District

- To schedule the Project 2INSPIRE (P2I) sessions in collaboration with CABE.
- To notify CABE Project Coordinator, Ms. Maria Valencia via email at mvalencia@gocabe.org of date/time changes for the parent leadership sessions in a timely manner:
 - Once **Oxnard SD** and CABE have mutually agreed upon the date/time for the P2I, CABE Parent Specialist assigned must be notified of any changes in date/time at least ten (10) business days prior to the originally scheduled day and time of the sessions.
 - If notice is received less than ten (10) business days prior to the originally scheduled day and time of the session, **Oxnard SD** will be liable for any additional consultant costs related to the date/time change(s), if applicable.
- To provide an appropriate location for the sessions at no cost to CABE;
- To provide the audiovisual equipment for the presentations, requested by CABE in advance.
- To provide technical support during the delivery of **hybrid** Project 2INSPIRE sessions, if using a district/site sponsored meeting platform.
- To meet and accommodate the needs of any of their participants as needed, including interpretation.
- To print and provide all graduating participants a copy of their certificate.
- Provide administrative support to CABE Facilitator when necessary; and
- Limit the number of participants to a maximum of 40.
- Participants are defined as those who attend, even for only a portion of the day, whether they are formally registered/paid or not (provided however, such term shall not include those staff individuals present who provide audiovisual equipment, materials/handouts or administrative support.

- If the number of participants exceeds 40, CUBE must be notified at least 2 weeks in advance. An additional Parent Specialist may be assigned to the presentation to support participant engagement and additional materials may need to be prepared.
- If the site exceeds 40 participants, the cost per participant beyond 40 will be (\$175 each and added to the total cost of the MOU).
- If the site has the sessions in a **hybrid format**, the site will provide staff support to ensure the facilitators are connected on a screen and projected.

Responsibilities of CUBE

- Provide all content and curriculum; and
- Provide a Parent Specialist to present the Project 2INSPIRE sessions; and
- When in-person Project 2INSPIRE sessions is not an option due to the Covid-19 pandemic or any other reason beyond CUBE's control, provide the sessions through a virtual platform, with modifications as needed.
- Provide a PDF version of certificate for site to print and distribute; and
- Provide a graduation celebration for all that complete full course content in person or virtually.

Virtual/Hybrid Delivery

- If in-person professional development is not an option due to the Covid-19 pandemic or any other reason beyond CUBE's control, CUBE will coordinate with **Oxnard SD** to provide Professional Development through a **virtual/hybrid platform** and an electric copy (via Google link) of CUBE's Licensed Awareness curriculum with modifications as needed (time, materials, etc.).
- CUBE will provide the Zoom Virtual Platform and set up unless district/site selects to use and set up a different platform. The district is responsible for providing technical support to CUBE facilitator for **hybrid** training, managing, setting up, and monitoring the session.
- Only CUBE may record the training if the district or site does not approve the recording it should be communicated to CUBE prior to the start of date.
- CUBE will notify Participants before the start of the trainings that CUBE will be recording the session.
- Participants who consent but do not wish to be seen on the camera, or do not want their background visible, may also turn their cameras off or utilize virtual backgrounds at any point during the meeting.
- Information that Participants want kept private during meetings is their responsibility.
- Participants may not display, post, or otherwise use language or material that is discriminatory, defamatory, obscene, sexually explicit, harassing, intimidating, or threatening. This could be subject to removal from the class.

Budgeting

At contract signing, a ***PO must be submitted*** to CUBE Project 2INSPIRE Contract Coordinator Ms. Maria Valencia via email mvalencia@gocabe.or

CABE Project 2INSPIRE Contract Coordinator will invoice **Oxnard SD** by May 1, 2025, for all delivered and scheduled dates through June 30, 2025.

Intellectual Property

CABE retains all intellectual property rights to the content of the Project 2INSPIRE presentations.

CABE retains the right to record virtual and in-person Project 2INSPIRE sessions for internal quality control purposes. Only CABE may record its presentations and any recordings are the sole property of CABE.

Insurance

CABE shall provide **Oxnard SD with** a current certificate of policy evidencing its comprehensive and general liability insurance coverage in a sum not less than \$3,000,000 aggregate and \$1,000,000 per occurrence. CABE will provide evidence of Workers' Compensation insurance coverage for all CABE Parent Specialist upon request.

Indemnification

- A. Insofar as permitted by law, **Oxnard SD** and shall assume the defense and hold harmless CABE and/or any of its officers, agents or employees from any liability, damages, costs, or expenses of any kind whatsoever, including attorneys' fees, which may arise by reason of the sole fault or negligence of **Oxnard SD**, its officers, agents, or employees.
- B. Insofar as permitted by law, CABE shall assume the defense and hold harmless **Oxnard SD** and/or any of its officers, agents or employees from any liability, damages, costs, or expenses of any kind whatsoever, including attorneys' fees, which may arise by reason of any harm to person(s) or property received or suffered by reason of the sole fault or negligence of CABE its officers, agents, or employees.
- C. It is the intent of **Oxnard SD-** and CABE that where negligence or responsibility for any harm to person(s) or property is determined to have been shared, the principles of comparative negligence shall be followed, and each party shall bear the proportionate cost of any liability, damages, costs, or expenses attributable to that party.
- D. **Oxnard SD** and CABE agree to notify the other party of any claims, administrative actions, or civil actions determined to be within the scope of this agreement within ten (10) calendar days of such determination. **Oxnard SD** and CABE further agree to cooperate in defense of any such actions. Nothing in this Agreement shall establish a standard of care for or create any legal right for any person not a party to this agreement.

Termination

Either party may terminate this MOU without cause upon (30) days prior written notice to the other party. If terminated by the District, the District will be responsible for costs incurred up to the date of termination. If in-person sessions are not an option at any point during the school year

due to the Covid-19 pandemic or other cause outside the control of the parties, CAFE will provide the Project 2INSPIRE sessions through a virtual platform, with modifications as needed, or the parties will reschedule the sessions to a mutually agreeable date.

Notices

Any notice required to be given by the terms of this MOU shall be deemed to have been given when the same is personally delivered or sent by first-class mail, postage prepaid, addressed to the respective parties as follows:

To: **Oxnard SD**

**Oxnard School District
1051 South A Street
Oxnard, CA 93030**

To: CAFE

California Association for Bilingual Education
20888 Amar Road
Walnut, CA 91789

Integration

This MOU represents the entire and integrate agreement between **Oxnard SD** and CAFE for the services described above, and supersedes all prior negotiations, representations, or agreements, either written or oral. This MOU may be amended only by written instrument signed by the duly authorized representatives of **Oxnard SD** and CAFE.

Representation of Authority

The undersigned hereby represent and warrant that they are authorized by the respective parties to execute this MOU.

IN WITNESS WHEREOF, **Oxnard SD** and CAFE have executed this MOU as of the date first above written.

Termination or Amendment. This Agreement may be terminated or amended in writing at any time by mutual written consent of all of the parties to this Agreement, and may be terminated by either party for any reason by giving the other party 30 days advance written notice.

Compliance with Laws. Provider hereby agrees that Provider, and each of its officers, agents, and employees (each a "Provider Party") shall obey all local, state, and federal laws and regulations in the performance of this Agreement, including but not limited to each of the following laws and regulations, as and if applicable:

- Provider shall be responsible for the safety of its employees and shall comply with California Code of Regulations Title 8, section 3205, COVID-19 Prevention.

- Provider shall ensure that each Provider Party who is on-site supporting school functions is compliant with all the following laws, if and as applicable:
 - o Fingerprinting / criminal background investigations (see paragraph titled “Fingerprinting, below);
 - o Public Health Department Orders and Guidance or other related mandates related to COVID-19, so long as such Orders and Guidance are in effect during the Term of this Agreement;
 - o Tuberculosis Clearance (Education Code § 49406)

Non-Discrimination and Equal Employment Opportunity. Provider represents and agrees that it does not and shall not discriminate against any employee or applicant for employment, company, individual or group of individuals, because of ancestry, age, color, disability (physical and mental, including HIV and AIDS), genetic information, gender identity, gender expression, marital status, medical condition, military or veteran status, national origin, race, religion, sex/gender, and sexual orientation.

Confidentiality. Provider agrees to maintain the confidentiality of all District and District-related data, information, and records including but not limited to student identifiable information and employee personnel information pursuant to all California and Federal statutory laws relating to privacy, confidentiality, and information security including but not limited to California Education Code sections 49060 – 49085 and the Family Educational Rights and Privacy Act (FERPA), that currently exist or exist at any time during the term of this Agreement. All such records and information shall be considered confidential and kept confidential by Provider and Provider’s officers, agents, employees, participants, vendors, or customers.

Fingerprinting. Provider shall ensure that Provider and any employee who interacts with students, outside of the immediate supervision and control of the student’s parent or guardian or a school employee, has a current valid criminal records summary as described in California *Education Code* section 44237. If any services will be provided on-site, or through an app or other electronic method that might allow any interaction between any student and Provider shall, prior to commencing any service hereunder, provide the District a Fingerprinting/ Criminal Background Check investigation Certificate, in form and substance satisfactory to the District. While this Agreement is in effect, Provider shall immediately provide any arrest and conviction information it receives concerning any person providing Services hereunder to the District.

Indemnification. To the fullest extent permitted by law, Provider agrees to defend, indemnify, and hold harmless District, its governing board, officers, administrators, managers, agents, employees, successors, assigns, independent contractors and/or volunteers from and against any and all claims, demands, monetary or other losses, loss of use, damages and expenses, including but not limited to, reasonable legal fees and costs, or other obligations or claims arising out of any liability or damage to person or property resulting from bodily injury, illness, communicable disease, virus, pandemic, or any other loss, sustained or claimed to have been sustained arising out of activities of the Provider or those of any of its officers, agents, employees, participants, vendors, or customers of Provider, whether such act or omission is authorized by this Agreement or not. Provider also agrees to pay for any and all damage to the real and personal property of the District, or loss or theft of such property, or damage to the Property done or caused by such persons. District assumes no responsibility whatsoever for any property placed on District premises by Provider, Provider’s agents, employees, participants, vendors, or customers. The provisions of this Indemnification do not apply to any damage or losses caused solely by the intentional misconduct of the District or any of its governing board, officers, administrators, managers, agents, employees and/or volunteers.

This Indemnification shall survive termination of this Agreement, for any reason whatsoever, and binds each party’s legal representatives, successors, and assigns.

Insurance. Provider, at its own cost and expense, shall procure and maintain during the term of this Agreement, policies of insurance for the following types of coverage:

- a. Commercial General Liability Insurance. Provider shall procure and maintain, during the term of this Agreement, not less than the following General Liability Insurance coverage in the amounts of \$1,000,000 per occurrence and \$2,000,000 aggregate.

Commercial General Liability insurance shall include products/completed operations, property damage, and personal and advertising injury coverage.

- b. Automobile Liability. Provider shall procure and maintain, during the full term of this Agreement following Automobile Liability Insurance including non-owned and leased automobiles, as applicable with the following coverage limits:

Personal vehicles:	\$500,000.00 combined single limit or \$100,000.00 per person / \$300,000.00 per accident
Commercial vehicles:	\$1,000,000.00 per accident for bodily injury and property damage

- c. Workers' Compensation Insurance. Provider shall procure and maintain, during the term of this Agreement, Workers' Compensation Insurance, as required by California law, on all of its employees engaged in work related to the performance of this Agreement. Provider shall procure and maintain Employers' Liability insurance coverage of \$1,000,000. Absent proof of Workers' Compensation Insurance, Provider will submit a fully executed Certification of Exemption from Workers' Compensation Insurance, which District in its sole discretion may accept or reject.
- d. Other Coverage as Dictated by the District. If any employee of Provider interacts with students, outside of the immediate supervision and control of the student's parent or guardian or a certificated school employee, Provider shall procure and maintain, during the term of this Agreement, Abuse and Molestation coverage in the amounts of \$2,000,000 per occurrence and \$4,000,000 aggregate.

If professional services are offered, Provider shall procure and maintain, during the term of this Agreement, Professional Liability (Errors and Omissions) insurance coverage in the amounts of \$1,000,000 per occurrence and \$2,000,000 aggregate.
- e. Provider's insurance is primary and will not seek contribution from any other insurance available to the District. Provider further hereby waives any and all rights of subrogation that it may have against the District.
- f. Certificates of Insurance. Provider shall provide certificates of insurance to the District as evidence of the insurance coverage required herein, not less than 15 days prior to commencing the proposed activity, and at any other time upon the request of the District. Certificates of insurance will be deemed invalid if proper endorsements are not attached. Certificates of such insurance shall be filed with the District on or before commencement of the services under this Agreement.
- g. Endorsements. Provider's Commercial General Liability insurance and Commercial Automobile Liability coverage and Abuse and Molestation coverage shall name the District, its governing board, officers, agents, employees, and/or volunteers as additional insureds. All endorsements specifying additional insureds for any of the Insurance Policies shall be as indicated below or an equivalent endorsement reasonably acceptable to the District.
 - 1) General Liability: CG 20 26 10 01
 - 2) Primary, non-contributory: CG 20 01 04 13
 - 3) Waiver of subrogation: CG 24 04 05 09
 - 4) Commercial Automobile Liability: CA 20 48 10 13
- h. Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A: VII, unless otherwise acceptable to the District.
- i. Insurance written on a "claims made" basis is to be renewed by the Provider for a period of three (3) years following termination of this Agreement. Such insurance must have the same coverage and limits as the policy that was in effect during the term of this agreement and will cover the Provider for all claims made. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, the Consultant must purchase "extended reporting" coverage for a minimum of three (3) years after completion of the Services.
- j. Failure to Procure Insurance. Failure on the part of Provider to procure or maintain required insurance shall constitute a material breach of contract under which the District may immediately terminate this Agreement

Governing Law and Venues. This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in state or federal court situated in the County of Ventura, State of California.

Dispute Resolution. If any dispute arises out of or in connection with the Agreement, representatives of the Parties with authority to settle the dispute shall communicate, in person, electronically, or in writing within 30 days of written notice, in a good faith effort to resolve the dispute.

The parties agree that, in the event of any unresolved dispute under the agreement in which the amount sought is \$5,000.00 or less, any litigation to resolve the dispute shall be brought in the Ventura County Small Claims Court.

If the unresolved amount in dispute exceeds \$5,000.00, the parties agree that they will first submit the matter to a mutually agreed upon mediator. Notwithstanding the following section, Attorneys Fees, the cost of the mediator shall be borne equally by the parties.

Attorney Fees. In the event of any action or proceeding to interpret or enforce the terms of this Agreement, the prevailing party, as determined by the court or mediator, shall be entitled to recover its reasonable attorney fees and costs incurred in connection with such actions or proceeding.

Nature of Agreement. This Agreement represents the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes any and all other agreements and communications however characterized, written or oral, between or on behalf of the parties hereto with respect to the subject matter hereof. This Agreement may only be modified by a written instrument signed by authorized representatives of each of the parties hereto.

Counterpart Execution. This Agreement may be executed in any number of counterparts which, when taken together, shall constitute one and the same instrument. Executed counterparts of this Agreement may be delivered by PDF email or electronic facsimile transmission and shall have the same legal effect as an “ink-signed” original.

Signature Authority. Provider represents and warrants that Provider has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement.

Acknowledgement and Agreement

I have read this Agreement and agree to its terms

SUBJECT: PROPOSAL FOR REQUESTED FOLLOW UP SERVICES

DATE: July 31, 2024

In response to your request, I am submitting this proposal to provide Oxnard SD with additional follow up services during the September 24 to June 25 time period. To meet your needs as you have articulated them, I propose that we conduct the following activities:

COMPONENT 1: PROVIDE GUIDANCE & SUPPORT IN THE REDESIGN OF THE DISTRICT'S NEWCOMER PROGRAM. (\$44,600)

In collaboration with District staff, identify the purpose, outcomes, features, and components of exemplary newcomer programs that align with the Oxnard MÁS vision, values, and learner profile. Assess the gap between the current newcomer program and an exemplary program, identify the actions needed to transform the current newcomer program to an exemplary program, identify timelines and roles/responsibilities with regard to implementing those actions, and determine how progress of the transformation process will be monitored, assessed, and reported. In addition to designing and facilitating this overall process, the consultant will engage other experts in this work.

COMPONENT 2: PROVIDE AN INTENSIVE PROFESSIONAL LEARNING PROGRAM FOR DUAL LANGUAGE PATHWAY STAFF. (\$55,900)

Provide a structured program of professional learning for all TOSAs, ORCs, counselors, and leadership staff to include orientation to multilingual education concepts, research, and guidelines as aligned to Oxnard EMPOWERS and Oxnard MÁS, tailored to administrative staff, support staff, and instructional staff. The professional learning sessions will focus on developing an understanding of powerful pedagogy and practices consonant with the vision of the district strategic plan and applicable to all educational settings.

TOTAL COST FOR COMPONENTS 1 & 2: \$100,500

District Responsibilities

The District will have responsibility for:

- Duplicating all necessary materials, including any handbooks.
- Providing access to required documents and staff.
- Serving as the liaison between consultant and district staff and other stakeholders.
- Providing the necessary meeting facilities, set up, refreshments, and basic supplies.
- Providing access to the information technology infrastructure and staff to facilitate communication, project monitoring, and project evaluation.

OSD BOARD AGENDA ITEM

Name of Contributor: Dr. Anabolena DeGenna

Date of Meeting: August 21, 2024

Agenda Section: Section C: Special Education Agreement

Approval of Agreement #24-97 – Professional Tutors of America Inc. (DeGenna/Jefferson)

Professional Tutors of America Inc. will provide a range of services for the Special Education Department during the 2024-2025 school year. Services may include:

- Behavior Intervention
- Counseling & Guidance
- Language Speech Development & Remediation
- Occupational Therapy
- Vocational Education & Career Development
- Comp. Education – Academic Tutoring
- Vision Services
- Academic Achievement Test

Term of Agreement: August 22, 2024 through June 30, 2025

FISCAL IMPACT:

Not to exceed \$150,000.00 – Special Education Funds

RECOMMENDATION:

It is the recommendation of the Director, Special Education, and the Superintendent, that the Board of Trustees approve Agreement #24-97 with Professional Tutors of America Inc.

ADDITIONAL MATERIALS:

SERVICES AGREEMENT

Requisition Number

Purchase Order Number

Contract Number

This Services Agreement (the "Agreement") is made and entered into this _____ day of _____, 20____ by and between Oxnard School District (hereinafter referred to as "District") and _____, (hereinafter referred to as "Provider.")

PROVIDER.

Provider

Telephone Number

Street Address

Fax Number

City, State, Zip code

E-mail Address

Tax Identification or Social Security Number

License Number (if applicable)

- A. District desires to engage Provider services as more particularly described on "Statement of Work" which is attached hereto and incorporated herein by this reference ("Services").
- B. Provider has the necessary qualifications by reason of training, experience, preparation and organization, and is agreeable to performing and providing such Services, upon and subject to the terms and conditions as set forth below in this Agreement.

NOW THEREFORE, for valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

1. **CONDITIONS.** Provider will have no obligation to provide services until District returns a signed copy of this Agreement.
2. **NATURE OF RELATIONSHIP.** The parties agree the relationship created by this Agreement is that of independent contractor. In performing all of the Services, Provider shall be, and at all times is, acting and performing as an independent contractor with District, and not as a partner, coventurer, agent, or employee of District, and nothing contained herein shall be construed to be inconsistent with this relationship or status. Provider is not granted any right or authority to assume or to create any obligation or responsibility, express or implied, on behalf of or in the name of District or to bind the District in any manner. Except for any materials, procedures, or subject matter agreed upon between Provider and District, Provider shall have complete control over the manner and method of performing the Services.

Contract Number

Provider understands and agrees to independent contractor status. Provider understands and agrees that the filing and acceptance of this Agreement creates a rebuttable presumption and that the Provider, officers, agents, employees, or subcontractors of Provider are not entitled to coverage under the California Workers' Compensation Insurance laws, Unemployment Insurance, Health Insurance, Pension Plans, or any other benefits normally offered or conveyed to District employees. Provider will be responsible for payment of all Provider employee wages, payroll taxes, employee benefits, and any amounts due for federal and state income taxes and Social Security taxes. These taxes will not be withheld from payments under this agreement.

3. NON-EXCLUSIVITY.

- a. During the term of this agreement Provider may, independent of Provider's relationship with the District, without breaching this Agreement or any duty owed to the District, act in any capacity, and may render services for any other entity.
- b. During the term of this Agreement the District may, independent of its relationship with the Provider, without breaching this Agreement or any duty owed to the Provider contract with other individuals and entities to render the same or similar services to the District.

4. **SERVICES.** Provider shall provide District with the services, which are described on the "Statement of Work" (the "Work" or "Service") attached hereto and incorporated herein by this reference. The Statement of Work shall contain a timetable for completion of the Work or if the Work is an ongoing service, the Statement of Work shall set forth the mutually agreed schedule for providing such services. Provider shall use its best efforts to complete all phases of the Work according to such timetable. In the event that there is any delay in completion of the Work arising as a result of a problem within the control of District, Provider and District shall cooperate with each other to work around such delay. However, District shall not be responsible for any additional cost or expense to Provider as a result of such delay unless specifically agreed to in writing by the District. In addition to the specifications and/or requirements contained in the Statement of Work and any warranty given by Provider hereunder, the Statement of Work may set forth those performance criteria agreed between District and Provider whereby the District can evaluate whether Provider has satisfactorily completed the Work ("Performance Criteria").

Provider, at Provider's sole cost and expense, shall furnish all tools, equipment, apparatus, facilities, transportation, labor, and material necessary to meet its obligations under this Agreement. No substitutions of materials or service from those specified in this section shall be made without the prior written consent of the District.

5. **TIME OF PERFORMANCE.** The term of this Agreement shall commence on _____, 20____, and terminate on _____, 20____. All work and services contracted for under the terms of this Agreement shall be undertaken and completed in such sequence as to assure their full completion in accordance with the terms and conditions set forth in this Agreement.

[Note: California Education Code section 17596 limits continuing contracts; contracts for work or services, or for apparatus or equipment, not to exceed five years; for materials or supplies, not to exceed three years.]

6. **PAYMENT AND EXPENSES.** All payments due to Provider are set forth in the "Schedule of Fees" attached hereto and incorporated herein by this reference.

Provider shall send District periodic statements indicating Provider's fees and costs incurred and their basis and any current balance owed. If no Provider's fees or costs are incurred for a particular time period,

or if they are minimal, the statement may be held by the Provider and combined with that for the following time period unless a statement is requested by the District.

All payments due Provider are set forth in "Schedule of Fees" and shall be paid by the District within 30 days of receipt of a proper, undisputed invoice from Provider, which invoice shall set forth in reasonable detail the services performed. The District reserves the right, in its sole and absolute discretion, to reject any invoice that is not submitted in compliance with the District's standards and procedures. In the event that any portion of an invoice submitted by a Provider to the District is disputed, the District shall only be required to pay the undisputed portion of such invoice at that time, and the parties shall meet to try to resolve any disputed portion of any invoice.

The rates set forth in "Schedule of Fees" are not set by law, but are negotiable between Provider and District.

7. **ASSIGNMENT AND SUBCONTRACTORS.** Provider shall not assign, sublet, or transfer this Agreement or any rights under or interest in this Agreement without the prior written consent of the District, which may be withheld by the District in its sole and absolute discretion for any reason. Nothing contained herein shall prevent Provider from employing independent associates, subcontractors, and sub-consultants as Provider may deem appropriate to assist in the performance of services herein, subject to the prior written approval of the District. Any attempted assignment, sublease, or transfer in violation of this Agreement shall be null and void, and of no force and effect. Any attempted assignment, sublet, or transfer in violation of this Agreement shall be grounds for the District, in its sole discretion, to terminate the Agreement
8. **TERMINATION OR AMENDMENT.** This Agreement may be terminated or amended in writing at any time by mutual written consent of all of the parties to this Agreement, and may be terminated by either party for any reason by giving the other party 60 days advance written notice. In the event of cancellation prior to completion of the specified services, all finished or unfinished projects, documents, data, studies, and reports prepared by the Provider under this agreement shall, at the option of the District, become District property. The Provider shall be entitled to receive just and equitable compensation for any satisfactory work completed on such items prior to termination of the Agreement.

The parties to this Agreement shall be excused from performance thereunder during the time and to the extent they are prevented from obtaining, delivering, or performing due to act(s) of God. Satisfactory evidence thereof to the other party is required, provided that it is satisfactorily established that the non-performance is not due to the fault or neglect of the party not performing.

9. **NOTICE.** Any notices required or permitted to be given under this Agreement shall be deemed fulfilled by written notice, demand or request personally served on (with proof of service endorsed thereon, or mailed to, or hereinafter provided) the party entitled thereto or on its successors and assigns, and may be given by:
 - a. Personal delivery;
 - b. Overnight commercial courier;
 - c. Certified or registered prepaid U.S. mail, return receipt requested; or
 - d. Electronic mail or electronic facsimile transmission; provided that if given electronically, an additional copy shall also be delivered by a, b, or c, above.

If mailed, such notice, demand, or request shall be mailed certified or registered mail, return receipt requested, and deposited in the United States mail addressed to such party at its address set forth below or to such address as either party hereto shall direct by like written notice and shall be deemed to have been made on the third (3rd) day following posting; or if sent by a nationally recognized overnight express carrier, prepaid, such notice shall be deemed to have been made on the next business day following deposit with such carrier. For the purposes herein, notices shall be sent to the District and the Provider as follows:

_____	_____
District	Provider
Attn: _____	Attn: _____
_____	_____
Street	Street
_____	_____
City, State, Zip Code	City, State, Zip Code

10. **WARRANTY.** Provider hereby warrants to District that the Work shall be performed in a professional and workmanlike manner consistent with the highest industry standards. For a period of one (1) year following completion of the Work, Provider shall correct or make arrangements to correct any breach of the warranty for the Work within ten (10) business days of notice from District of same.
11. **ADDITIONAL WORK.** If changes in the work seem merited by the Provider or the District, and informal consultations with the other party indicate that a change is warranted, it shall be processed by the District in the following manner:
 - a. A letter outlining the changes shall be forwarded to the District by the Provider with a statement of estimated changes in fee and/or time schedule.
 - b. A written amendment to this Agreement shall be prepared by the District and executed by all of the parties before any performance of such services or the District shall not be required to pay for the increased cost incurred for the changes in the scope of work.

Any such amendment to the Agreement shall not render ineffective or invalidate unaffected portions of this Agreement.

12. **COMPLIANCE WITH LAWS.** Provider hereby agrees that Provider, officers, agents, employees, and subcontractors of Provider shall obey all local, state, and federal laws and regulations in the performance of this Agreement, including, but not limited to minimum wages laws and/or prohibitions against discrimination. Without limiting the generality of the foregoing, Provider shall complete the conflict of interest certification on **Exhibit C**.

Provider, officers, agents, employees and/or subcontractors of Provider shall secure and maintain in force for the full term of this Agreement, at Provider's sole cost and expense, such licenses and permits as are required by law, in connection with the furnishing of all the Services, materials, or supplies necessary for completion of the Services described.

13. **NON-DISCRIMINATION AND EQUAL EMPLOYMENT OPPORTUNITY**

Provider represents and agrees that it does not and shall not discriminate against any employee or applicant for employment, company, individual or group of individuals, because of ancestry, age, color, disability (physical and mental, including HIV and AIDS), genetic information, gender identity, gender expression, marital status, medical condition, military or veteran status, national origin, race, religion, sex/gender, and sexual orientation.

14. **INDEMNIFICATION.** To the fullest extent permitted by law, Provider agrees to defend, indemnify, and hold harmless District, its governing board, officers, agents, employees, successors, assigns, independent contractors and/or volunteers from and against any and all claims, demands, monetary or other losses, loss of use, damages and expenses,, including but not limited to, legal fees and costs, or other obligations or claims arising out of any liability or damage to person or property resulting from bodily injury, illness, communicable disease, virus, pandemic, or any other loss, sustained or claimed to have been sustained arising out of activities of the Provider or those of any of its officers, agents, employees, participants, vendors, customers or subcontractors of Provider, whether such act or omission is authorized by this Agreement or not. Provider also agrees to pay for any and all damage to the real and personal property of the District, or loss or theft of such property, or damage to the Property done or caused by such persons. District assumes no responsibility whatsoever for any property placed on District premises by Provider, Provider’s agents, employees, participants, vendors, customers or subcontractors. Provider further hereby waives any and all rights of subrogation that it may have against the District. The provisions of this Indemnification do not apply to any damage or losses caused solely by the negligence of the District or any of its governing board, officers, agents, employees and/or volunteers.

15. **INSURANCE.** Provider, at its own cost and expense, shall procure and maintain during the term of this Agreement, policies of insurance for the following types of coverage:

a. Commercial General Liability Insurance. Provider shall procure and maintain, during the term of this Agreement, the following General Liability Insurance coverage:

	<u>Each Occurrence</u>	<u>Aggregate</u>
Individual, Sole Proprietorship, Partnership, Corporation, or Other	\$ 1,000,000.00	\$ 2,000,000.00

Commercial General Liability insurance shall include products/completed operations, property damage, and personal and advertising injury coverage.

Any and all subcontractors hired by Provider in connection with the Services described in this Agreement shall maintain such insurance unless the Provider's insurance covers the subcontractor and its employees.

- b. Automobile Liability. Provider shall procure and maintain, during the full term of this Agreement, Automobile Liability Insurance, including non-owned and hired automobiles, as applicable with the following coverage limits: [REDACTED]

Personal vehicles: \$ 500,000.00 combined single limit or
\$100,000.00 per person / \$300,000.00 per accident

- c. Workers' Compensation Insurance. Provider shall procure and maintain, during the term of this Agreement, Workers' Compensation Insurance, as required by California law, on all of its employees engaged in work related to the performance of this Agreement. Provider shall procure and maintain Employers' Liability insurance coverage of \$1,000,000.

In the case of any such work which is subcontracted, Provider shall require all subcontractors to provide Workers' Compensation Insurance and Employers' Liability insurance for all of the subcontractor's employees to be engaged in such work unless such employees are covered by the protection afforded by the Provider's Workers' Compensation Insurance.

Absent proof of Workers' Compensation Insurance, Provider will submit a statement requesting a waiver from this requirement and indicating the reason Workers' Compensation Insurance is not required.

- d. Errors and Omissions Insurance. Provider shall procure and maintain, during the term of this Agreement, Professional Liability/Errors and Omissions Insurance in an amount of the following: [REDACTED]

- e. Other Coverage as Dictated by the District. Provider shall procure and maintain, during the term of this Agreement, the following other Insurance coverage:

	Each Occurrence	Aggregate
<input type="checkbox"/> Abuse and Molestation	\$ 2,000,000.00	\$4,000,000.00
<input type="checkbox"/> Pollution Liability	\$ 1,000,000.00	\$ 2,000,000.00
<input type="checkbox"/> Cyber Liability	\$ 5,000,000.00	
<input type="checkbox"/> Other: _____	\$ _____	\$ _____

- f. If the Provider or Provider’s subcontractor(s) maintains broader coverage and/or higher limits than the minimums shown above, the District requires and shall be entitled to the broader coverage and/or higher limits maintained by the Provider. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the District.
- g. Provider’s and any and all subcontractors’ insurance is primary and will not seek contribution from any other insurance available to the district.
- h. Certificates of Insurance. Provider and any and all subcontractors working for Provider shall provide certificates of insurance to the District as evidence of the insurance coverage required herein, not less than Fifteen (15) days prior to commencing work for the District, and at any other time upon the request of the District. Certificates of insurance will be deemed invalid if proper endorsements are not attached. Certificates of such insurance shall be filed with the District on or before commencement of the services under this Agreement.
- i. Endorsements. Provider’s and any and all Provider subcontractor’s Commercial General Liability insurance; Commercial Automobile Insurance; Liability Excess, Umbrella and/or Reinsurance; and Abuse and Molestation coverage shall name the District, its governing board, officers, agents, employees, and/or volunteers as additional insureds. All endorsements specifying additional insureds for any of the Insurance Policies shall be as indicated below or an equivalent endorsement reasonably acceptable to the District.
- 1) General Liability
 - Facilities Rental or Lease: CG 20 11 10 01;
 - Most Other services: CG 20 26 10 01.
 - 2) Primary, Non-Contributory
 - CG 20 01 01 13
 - 3) Waiver of Subrogation
 - CG 24 04 05 09
 - 4) Commercial Automobile Liability
 - CA 20 48 10 13
- j. Provider’s and any and all Provider subcontractor’s Commercial General Liability insurance shall provide a list of endorsements and exclusions.
- k. Deductibles. Any deductible(s) or self-insured retention(s) applicable to the insurance and/or coverage required by the foregoing provisions of this agreement must be declared to and approved by the District. Provider shall be responsible to pay that deductible or self-insured retention and the District shall not be responsible to pay these costs. In the event that Provider’s deductibles or self-insured retentions collectively total more than \$50,000.00, District reserves the right to request proof of Provider’s financial solvency in relation to remittance thereof or require Provider to post a bond guaranteeing payment of the deductible, or both.
- l. Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best’s rating of no less than A: VII, unless otherwise acceptable to the District.
- m. Insurance written on a “claims made” basis is to be renewed by the Provider and all Provider subcontractors for a period of five (5) years following termination of this Agreement. Such insurance

must have the same coverage and limits as the policy that was in effect during the term of this agreement, and will cover the provider for all claims made.

- n. Failure to Procure Insurance. Failure on the part of Provider, or any of its subcontractors, to procure or maintain required insurance shall constitute a material breach of contract under which the District may immediately terminate this Agreement.

- 16. **SAFETY AND SECURITY**. Provider shall be responsible for ascertaining from the District all of the rules and regulations pertaining to safety, security, and driving on school grounds, particularly when children are present.

Without limiting the generality of the foregoing, Provider shall comply with any applicable fingerprinting/criminal background investigation and tuberculosis clearance requirements of the California Education Code and shall provide the certifications on **Exhibit C** prior to performance of any Services.

- a. **On Site Services; Student Data Access**. If services require Provider to access any District facility, transport or interact in any manner (including through an app or other electronic means) with District students, or access student data, Provider and any and all subcontractors are required to comply with Education Code section 45125.1, Fingerprint certification requirements. Provider must provide proof that fingerprint certification requirements have been fulfilled prior to commencing any services for the District under this Agreement.

Provider shall certify in writing to the school district that neither the Provider nor any of its employees, agents, representatives or subcontractors who are required to submit or have their fingerprints submitted to the Department of Justice and who may interact with any District student outside the direct supervision and control of a District employee or that student's parent or legal guardian have been convicted of a felony.

- b. **Other Services**. If Provider will not provide any services on site or have access to any student data or interact with any District student in connection with the Services, then, Provider and its subcontractors are not required to comply with Education Code section 45125.1 background check requirements. However, Provider must still complete **Exhibit C** to specify that these requirements are not applicable.
- c. **Tuberculosis Risk Assessment requirements (Education Code section 49406)**. Providers who may have more than limited contact with District students (including any Providers who provide in person tutoring or who provide any transportation services to students) are required to cause to be on file with the District a certificate from an examining physician showing that Provider, employees and/or sub providers of Provider have been examined and found free from active tuberculosis.

- 17. **GOVERNING LAW AND VENUES**. Provider hereby acknowledges and agrees that District is a public entity, which is subject to certain requirements and limitations. This Agreement and the obligations of District hereunder are subject to all applicable federal, state and local laws, rules, and regulations, as currently written or as they may be amended from time to time.

This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in state or federal court situated in the County of Ventura, State of California. Provider hereby waives and expressly agrees not to assert, in any way, any claim or allegation that it is not personally subject to the jurisdiction of the courts named above. Provider further agree to waive any claim or allegation that the suit, action, or proceeding is either brought in an inconvenient forum or that the related venue is improper.”

18. **DISPUTE RESOLUTION.**

- a. The parties agree that, in the event of any dispute under the agreement in which the amount sought is \$5,000.00 or less, any litigation to resolve the dispute shall be brought in the Ventura County Small Claims Court.
- b. If the amount in dispute exceeds \$5,000.00, the parties agree that they will first submit the matter to a mutually agreed upon mediator. Notwithstanding section 19, Attorneys Fees, the cost of the mediator shall be borne equally by the parties.
- c. If the mediator is unable to resolve the dispute, then the parties shall submit the matter to binding arbitration in Ventura County or other mutually agreed location pursuant to the rules of the American Arbitration Association (AAA), as amended or as augmented in this Agreement (the "Rules"). The parties acknowledge that one of the purposes of utilizing arbitration is to avoid lengthy and expensive discovery and allow for prompt resolution of the dispute.

Arbitration shall be initiated as provided by the Rules, although the written notice to the other party initiating arbitration shall also include a description of the claim(s) asserted and the facts upon which the claim(s) are based. Arbitration shall be final and binding upon the parties and shall be the exclusive remedy for all claims subject hereto, including any award of attorneys' fees and costs. Either party may bring an action in court to compel arbitration under this Agreement and to enforce an arbitration award.

All disputes shall be decided by a single arbitrator. The arbitrator shall be selected by mutual agreement of the parties within 30 days of the effective date of the notice initiating the arbitration. If the parties cannot agree on an arbitrator, then the complaining party shall notify the AAA and request selection of an arbitrator in accordance with the Rules. The arbitrator shall have only such authority to award equitable relief, damages, costs, and fees as a court would have for the particular claim(s) asserted. In no event shall the arbitrator award punitive damages of any kind.

The arbitrator shall have the power to limit or deny a request for documents or a deposition if the arbitrator determines that the request exceeds those matters, which are directly relevant to the claims in controversy. The document demand and response shall conform to Code of Civil Procedure section 2031. The deposition notice shall conform to Code of Civil Procedure section 2025. The parties may make a motion for protective order or motion to compel before the arbitrator with regard to the discovery, as provided in Code of Civil Procedure sections 2025 and 2031.

19. **ATTORNEYS FEES.** In the event of any action or proceeding to interpret or enforce the terms of this Agreement, the prevailing party, as determined by the court or arbitrator, shall be entitled to recover its reasonable attorney fees and costs incurred in connection with such actions or proceeding
20. **DOCUMENT RETENTION.** After Provider's services to District conclude, Provider shall, upon the District's request, deliver all documents for all matter in which Provider has provided services to the District, along with any property of the District in Provider's possession and/or control. If the District does not request District's document(s) for a particular service, Provider will retain document(s) for a period of two (2) years after the service has ended. If District does not request delivery of the document(s) for the service before the end of the two (2) year period, Provider will have no further obligation to retain the document(s) and may, at Provider's discretion, destroy it without further notice to the District. At any point during the two (2) year period, District may request delivery of the document(s).

Exceptions: Attorney work-product and medical records shall not be destroyed by provider without the prior written consent of the District.

21. **NATURE OF AGREEMENT.** This Agreement constitutes a binding expression of the understanding of the parties with respect to the services to be provided hereunder and is the sole contract between the parties with respect to the subject matter thereof. There are no collateral understandings or representations or agreements other than those contained herein. This Agreement represents the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes any and all other agreements and communications however characterized, written or oral, between or on behalf of the parties hereto with respect to the subject matter hereof. This Agreement may only be modified by a written instrument signed by authorized representatives of each of the parties hereto; provided that the District may not be bound by any term or condition incorporated by reference (including references to any link, website or electronic document) into any document prepared by or provided to District by Provider, including any license, purchase order or other instrument.

For the avoidance of any doubt, Provider is hereby informed that any and all terms or conditions of use of any web-based service or application must be presented in PDF format to the Board of Trustees and may not be unilaterally altered by Provider during the Term of this Agreement.

THE BODY OF THIS AGREEMENT MAY NOT BE EDITED OR ALTERED BY PROVIDER.

22. **BINDING EFFECT.** This Agreement shall inure to the benefit and shall be binding upon all of the parties to this Agreement, and their respective successors in interest or assigns.
23. **WAIVER.** No claim or right arising out of a breach of this Agreement can be discharged in whole or in part by a waiver or renunciation of the claim or right unless such waiver is in writing.
24. **SEVERABILITY.** It is intended that each paragraph of this Agreement shall be treated as separate and divisible, and in the event that any paragraphs are deemed unenforceable, the remainder shall continue to be in full force and effect so long as the primary purpose of this Agreement is unaffected.
25. **PARAGRAPH HEADINGS.** The headings of paragraphs hereof are inserted only for the purpose of convenient reference. Such headings shall not be deemed to govern, limit, modify or in any other manner affect the scope, meaning or intent of the provisions of this Agreement or any part or portion thereof, nor shall they otherwise be given any legal effect whatsoever.
26. **AUTHORITY.** Provider represents and warrants that Provider has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement. Each party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and to bind each respective party.
27. **COUNTERPART EXECUTION: ELECTRONIC DELIVERY.** This Agreement may be executed in any number of counterparts which, when taken together, shall constitute one and the same instrument. Executed counterparts of this Agreement may be delivered by PDF email or electronic facsimile transmission, and shall have the same legal effect as an “ink-signed” original.

IN WITNESS WHEREOF, the parties have executed this agreement as of the date first written above. By signing below, Provider certifies that it has not altered any provision of the body of this Agreement.

**EXHIBIT C
REQUIRED CERTIFICATIONS**

Services Agreement Dated: _____, 2024

Provider: _____

I. Fingerprinting/Criminal Background Certification (Education Code Section 45125.1)

Provider and its subconsultant's and their employees, agents and representatives (each, a "Provider Party") are required to submit fingerprints to the California Department of Justice (CDOJ) if they may interact with any student outside of the immediate supervision and control of the student's parent or guardian or a District employee in connection with the Services. Provider certifies to the Superintendent and the Board of Trustees of the District that it is, or prior to providing any Service under this Agreement will be, in compliance with the requirements of Education Code section 45125.1, as follows (Provider to check one box):

- Provider will ensure that any Provider Party who: (a) might access a District facility and/or interact with a District pupil in any manner (including through an educational app or cloud-based system) outside of the immediate supervision and control of the student's parent or guardian or a District employee OR (b) who was identified by District as a person requiring clearance pursuant to §45125.1(c) has, prior to providing any Service, submitted fingerprints to the CDOJ and that Provider has received from the CDOJ a valid criminal records summary as described in §44237 for said Provider Party. Provider will not allow any person who has been convicted of a violent felony listed in Penal Code section 667.5(c) or a serious felony listed in Penal Code §1192(c) to provide any Service. Provider will not allow any such Provider Party to perform any Service until Provider ascertains that the CDOJ has cleared that person and a record compliant with Education Code § 45125.1 is on file with Provider.
- The fingerprinting requirements **do not apply** because the Services are being provided on an emergency or exceptional situation as contemplated under section § 45125.1(b).
- The fingerprinting requirements **do not apply** because Provider Parties will have no opportunity to interact with a District students in any manner because: (i) no school-site Services or Services concerning student records will be provided; and/or (ii) the Services will be provided at a school site while students are not present (vacant, under construction etc.).

By signing below I certify, under penalty of perjury, that: (i) I am an authorized representative of Provider qualified to provide this Certification; (ii) the information above concerning compliance with Education Code Section 45125.1 is accurate and complete as of the date hereof; and (iii) during the term, I will immediately inform District if any CDOJ report is changed or updated with respect to Provider Party. Documents provided by the CDOJ will be retained by Provider and available for inspection by District or its representative(s) upon request.

II. Tuberculosis Risk Assessments Certification (Education Code Section 49406). With respect to Education Code § 49406, I do hereby *certify, represent and warrant* to District's Superintendent and Board of Trustees as follows (Provider to check the applicable statement below):

- Provider Parties, any subconsultants, and any respective employees, representatives or agents will, in connection with the provision of Services under this Agreement, have **only limited or no contact** with any District student(s).
- Provider Parties may, in connection with the provision of Services, have more than limited contact with District students. Therefore, the Provider has for each such Provider Party: (A) obtained and filed proof on completion of the required TB risk assessment(s) and (B) if deemed necessary by a physician/surgeon, obtained and filed copies of their TB examination(s), all in compliance with the provisions of Education Code § 49406. Provider will maintain a current list of all such Provider Parties and will provide a copy to District upon request.

By signing below I certify, under penalty of perjury, that I am an authorized representative of Provider qualified to provide this Certification, that the information above concerning compliance with Education Code § 49406 is accurate and complete as of the date hereof, and that, during the Term, I and all Provider Parties will satisfy all applicable tuberculosis clearance requirements before having more than limited contact with District students.

Name/ Title of Authorized Representative

Signature/ Date

III. Conflict of Interest Certification

The Provider represents and warrants that he/she/it presently has no interest, and shall not acquire any interest, direct or indirect, financial or otherwise, which conflicts in any manner with District or with the performance of the Services. Provider understands that District will not engage any person having such conflict of interest to perform the Services. Provider agrees that if any facts come to its attention which raises any questions as to the applicability of conflict of interest laws, it shall immediately inform the District's designated representative and provide all information needed for resolution of this question.

SERVICES AGREEMENT

Requisition Number

Purchase Order Number

Contract Number

This Services Agreement (the "Agreement") is made and entered into this _____ day of _____, 20____ by and between Oxnard School District (hereinafter referred to as "District") and _____, (hereinafter referred to as "Provider.")

PROVIDER.

Provider

Telephone Number

Street Address

Fax Number

City, State, Zip code

E-mail Address

Tax Identification or Social Security Number

License Number (if applicable)

- A. District desires to engage Provider services as more particularly described on "Statement of Work" which is attached hereto and incorporated herein by this reference ("Services").
- B. Provider has the necessary qualifications by reason of training, experience, preparation and organization, and is agreeable to performing and providing such Services, upon and subject to the terms and conditions as set forth below in this Agreement.

NOW THEREFORE, for valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

1. **CONDITIONS.** Provider will have no obligation to provide services until District returns a signed copy of this Agreement.
2. **NATURE OF RELATIONSHIP.** The parties agree the relationship created by this Agreement is that of independent contractor. In performing all of the Services, Provider shall be, and at all times is, acting and performing as an independent contractor with District, and not as a partner, coventurer, agent, or employee of District, and nothing contained herein shall be construed to be inconsistent with this relationship or status. Provider is not granted any right or authority to assume or to create any obligation or responsibility, express or implied, on behalf of or in the name of District or to bind the District in any manner. Except for any materials, procedures, or subject matter agreed upon between Provider and District, Provider shall have complete control over the manner and method of performing the Services.

Contract Number

Provider understands and agrees to independent contractor status. Provider understands and agrees that the filing and acceptance of this Agreement creates a rebuttable presumption and that the Provider, officers, agents, employees, or subcontractors of Provider are not entitled to coverage under the California Workers' Compensation Insurance laws, Unemployment Insurance, Health Insurance, Pension Plans, or any other benefits normally offered or conveyed to District employees. Provider will be responsible for payment of all Provider employee wages, payroll taxes, employee benefits, and any amounts due for federal and state income taxes and Social Security taxes. These taxes will not be withheld from payments under this agreement.

3. **NON-EXCLUSIVITY.**

- a. During the term of this agreement Provider may, independent of Provider's relationship with the District, without breaching this Agreement or any duty owed to the District, act in any capacity, and may render services for any other entity.
- b. During the term of this Agreement the District may, independent of its relationship with the Provider, without breaching this Agreement or any duty owed to the Provider contract with other individuals and entities to render the same or similar services to the District.

4. **SERVICES.** Provider shall provide District with the services, which are described on the "Statement of Work" (the "Work" or "Service") attached hereto and incorporated herein by this reference. The Statement of Work shall contain a timetable for completion of the Work or if the Work is an ongoing service, the Statement of Work shall set forth the mutually agreed schedule for providing such services. Provider shall use its best efforts to complete all phases of the Work according to such timetable. In the event that there is any delay in completion of the Work arising as a result of a problem within the control of District, Provider and District shall cooperate with each other to work around such delay. However, District shall not be responsible for any additional cost or expense to Provider as a result of such delay unless specifically agreed to in writing by the District. In addition to the specifications and/or requirements contained in the Statement of Work and any warranty given by Provider hereunder, the Statement of Work may set forth those performance criteria agreed between District and Provider whereby the District can evaluate whether Provider has satisfactorily completed the Work ("Performance Criteria").

Provider, at Provider's sole cost and expense, shall furnish all tools, equipment, apparatus, facilities, transportation, labor, and material necessary to meet its obligations under this Agreement. No substitutions of materials or service from those specified in this section shall be made without the prior written consent of the District.

5. **TIME OF PERFORMANCE.** The term of this Agreement shall commence on _____, 20____, and terminate on _____, 20____. All work and services contracted for under the terms of this Agreement shall be undertaken and completed in such sequence as to assure their full completion in accordance with the terms and conditions set forth in this Agreement.

[Note: California Education Code section 17596 limits continuing contracts; contracts for work or services, or for apparatus or equipment, not to exceed five years; for materials or supplies, not to exceed three years.]

6. **PAYMENT AND EXPENSES.** All payments due to Provider are set forth in the "Schedule of Fees" attached hereto and incorporated herein by this reference.

Provider shall send District periodic statements indicating Provider's fees and costs incurred and their basis and any current balance owed. If no Provider's fees or costs are incurred for a particular time period,

or if they are minimal, the statement may be held by the Provider and combined with that for the following time period unless a statement is requested by the District.

All payments due Provider are set forth in "Schedule of Fees" and shall be paid by the District within 30 days of receipt of a proper, undisputed invoice from Provider, which invoice shall set forth in reasonable detail the services performed. The District reserves the right, in its sole and absolute discretion, to reject any invoice that is not submitted in compliance with the District's standards and procedures. In the event that any portion of an invoice submitted by a Provider to the District is disputed, the District shall only be required to pay the undisputed portion of such invoice at that time, and the parties shall meet to try to resolve any disputed portion of any invoice.

The rates set forth in "Schedule of Fees" are not set by law, but are negotiable between Provider and District.

7. **ASSIGNMENT AND SUBCONTRACTORS.** Provider shall not assign, sublet, or transfer this Agreement or any rights under or interest in this Agreement without the prior written consent of the District, which may be withheld by the District in its sole and absolute discretion for any reason. Nothing contained herein shall prevent Provider from employing independent associates, subcontractors, and sub-consultants as Provider may deem appropriate to assist in the performance of services herein, subject to the prior written approval of the District. Any attempted assignment, sublease, or transfer in violation of this Agreement shall be null and void, and of no force and effect. Any attempted assignment, sublet, or transfer in violation of this Agreement shall be grounds for the District, in its sole discretion, to terminate the Agreement
8. **TERMINATION OR AMENDMENT.** This Agreement may be terminated or amended in writing at any time by mutual written consent of all of the parties to this Agreement, and may be terminated by either party for any reason by giving the other party 60 days advance written notice. In the event of cancellation prior to completion of the specified services, all finished or unfinished projects, documents, data, studies, and reports prepared by the Provider under this agreement shall, at the option of the District, become District property. The Provider shall be entitled to receive just and equitable compensation for any satisfactory work completed on such items prior to termination of the Agreement.

The parties to this Agreement shall be excused from performance thereunder during the time and to the extent they are prevented from obtaining, delivering, or performing due to act(s) of God. Satisfactory evidence thereof to the other party is required, provided that it is satisfactorily established that the non-performance is not due to the fault or neglect of the party not performing.

9. **NOTICE.** Any notices required or permitted to be given under this Agreement shall be deemed fulfilled by written notice, demand or request personally served on (with proof of service endorsed thereon, or mailed to, or hereinafter provided) the party entitled thereto or on its successors and assigns, and may be given by:
 - a. Personal delivery;
 - b. Overnight commercial courier;
 - c. Certified or registered prepaid U.S. mail, return receipt requested; or
 - d. Electronic mail or electronic facsimile transmission; provided that if given electronically, an additional copy shall also be delivered by a, b, or c, above.

If mailed, such notice, demand, or request shall be mailed certified or registered mail, return receipt requested, and deposited in the United States mail addressed to such party at its address set forth below or to such address as either party hereto shall direct by like written notice and shall be deemed to have been made on the third (3rd) day following posting; or if sent by a nationally recognized overnight express carrier, prepaid, such notice shall be deemed to have been made on the next business day following deposit with such carrier. For the purposes herein, notices shall be sent to the District and the Provider as follows:

_____	_____
District	Provider
Attn: _____	Attn: _____
_____	_____
Street	Street
_____	_____
City, State, Zip Code	City, State, Zip Code

10. **WARRANTY.** Provider hereby warrants to District that the Work shall be performed in a professional and workmanlike manner consistent with the highest industry standards. For a period of one (1) year following completion of the Work, Provider shall correct or make arrangements to correct any breach of the warranty for the Work within ten (10) business days of notice from District of same.
11. **ADDITIONAL WORK.** If changes in the work seem merited by the Provider or the District, and informal consultations with the other party indicate that a change is warranted, it shall be processed by the District in the following manner:
 - a. A letter outlining the changes shall be forwarded to the District by the Provider with a statement of estimated changes in fee and/or time schedule.
 - b. A written amendment to this Agreement shall be prepared by the District and executed by all of the parties before any performance of such services or the District shall not be required to pay for the increased cost incurred for the changes in the scope of work.

Any such amendment to the Agreement shall not render ineffective or invalidate unaffected portions of this Agreement.

12. **COMPLIANCE WITH LAWS.** Provider hereby agrees that Provider, officers, agents, employees, and subcontractors of Provider shall obey all local, state, and federal laws and regulations in the performance of this Agreement, including, but not limited to minimum wages laws and/or prohibitions against discrimination. Without limiting the generality of the foregoing, Provider shall complete the conflict of interest certification on **Exhibit C**.

Provider, officers, agents, employees and/or subcontractors of Provider shall secure and maintain in force for the full term of this Agreement, at Provider's sole cost and expense, such licenses and permits as are required by law, in connection with the furnishing of all the Services, materials, or supplies necessary for completion of the Services described.

13. **NON-DISCRIMINATION AND EQUAL EMPLOYMENT OPPORTUNITY**

Provider represents and agrees that it does not and shall not discriminate against any employee or applicant for employment, company, individual or group of individuals, because of ancestry, age, color, disability (physical and mental, including HIV and AIDS), genetic information, gender identity, gender expression, marital status, medical condition, military or veteran status, national origin, race, religion, sex/gender, and sexual orientation.

14. **INDEMNIFICATION.** To the fullest extent permitted by law, Provider agrees to defend, indemnify, and hold harmless District, its governing board, officers, agents, employees, successors, assigns, independent contractors and/or volunteers from and against any and all claims, demands, monetary or other losses, loss of use, damages and expenses,, including but not limited to, legal fees and costs, or other obligations or claims arising out of any liability or damage to person or property resulting from bodily injury, illness, communicable disease, virus, pandemic, or any other loss, sustained or claimed to have been sustained arising out of activities of the Provider or those of any of its officers, agents, employees, participants, vendors, customers or subcontractors of Provider, whether such act or omission is authorized by this Agreement or not. Provider also agrees to pay for any and all damage to the real and personal property of the District, or loss or theft of such property, or damage to the Property done or caused by such persons. District assumes no responsibility whatsoever for any property placed on District premises by Provider, Provider’s agents, employees, participants, vendors, customers or subcontractors. Provider further hereby waives any and all rights of subrogation that it may have against the District. The provisions of this Indemnification do not apply to any damage or losses caused solely by the negligence of the District or any of its governing board, officers, agents, employees and/or volunteers.

15. **INSURANCE.** Provider, at its own cost and expense, shall procure and maintain during the term of this Agreement, policies of insurance for the following types of coverage:

a. Commercial General Liability Insurance. Provider shall procure and maintain, during the term of this Agreement, the following General Liability Insurance coverage: **[delete those not applicable]**

	<u>Each Occurrence</u>	<u>Aggregate</u>
Individual, Sole Proprietorship, Partnership, Corporation, or Other	\$ 1,000,000.00	\$ 2,000,000.00

- f. If the Provider or Provider’s subcontractor(s) maintains broader coverage and/or higher limits than the minimums shown above, the District requires and shall be entitled to the broader coverage and/or higher limits maintained by the Provider. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the District.
- g. Provider’s and any and all subcontractors’ insurance is primary and will not seek contribution from any other insurance available to the district.
- h. Certificates of Insurance. Provider and any and all subcontractors working for Provider shall provide certificates of insurance to the District as evidence of the insurance coverage required herein, not less than Fifteen (15) days prior to commencing work for the District, and at any other time upon the request of the District. Certificates of insurance will be deemed invalid if proper endorsements are not attached. Certificates of such insurance shall be filed with the District on or before commencement of the services under this Agreement.
- i. Endorsements. Provider’s and any and all Provider subcontractor’s Commercial General Liability insurance; Commercial Automobile Insurance; Liability Excess, Umbrella and/or Reinsurance; and Abuse and Molestation coverage shall name the District, its governing board, officers, agents, employees, and/or volunteers as additional insureds. All endorsements specifying additional insureds for any of the Insurance Policies shall be as indicated below or an equivalent endorsement reasonably acceptable to the District.
 - 1) General Liability
 - Facilities Rental or Lease: CG 20 11 10 01;
 - Most Other services: CG 20 26 10 01.
 - 2) Primary, Non-Contributory
 - CG 20 01 01 13
 - 3) Waiver of Subrogation
 - CG 24 04 05 09
 - 4) Commercial Automobile Liability
 - CA 20 48 10 13
- j. Provider’s and any and all Provider subcontractor’s Commercial General Liability insurance shall provide a list of endorsements and exclusions.
- k. Deductibles. Any deductible(s) or self-insured retention(s) applicable to the insurance and/or coverage required by the foregoing provisions of this agreement must be declared to and approved by the District. Provider shall be responsible to pay that deductible or self-insured retention and the District shall not be responsible to pay these costs. In the event that Provider’s deductibles or self-insured retentions collectively total more than \$50,000.00, District reserves the right to request proof of Provider’s financial solvency in relation to remittance thereof or require Provider to post a bond guaranteeing payment of the deductible, or both.
- l. Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best’s rating of no less than A: VII, unless otherwise acceptable to the District.
- m. Insurance written on a “claims made” basis is to be renewed by the Provider and all Provider subcontractors for a period of five (5) years following termination of this Agreement. Such insurance

must have the same coverage and limits as the policy that was in effect during the term of this agreement, and will cover the provider for all claims made.

- n. Failure to Procure Insurance. Failure on the part of Provider, or any of its subcontractors, to procure or maintain required insurance shall constitute a material breach of contract under which the District may immediately terminate this Agreement.

- 16. **SAFETY AND SECURITY**. Provider shall be responsible for ascertaining from the District all of the rules and regulations pertaining to safety, security, and driving on school grounds, particularly when children are present.

Without limiting the generality of the foregoing, Provider shall comply with any applicable fingerprinting/criminal background investigation and tuberculosis clearance requirements of the California Education Code and shall provide the certifications on **Exhibit C** prior to performance of any Services.

- a. **On Site Services; Student Data Access**. If services require Provider to access any District facility, transport or interact in any manner (including through an app or other electronic means) with District students, or access student data, Provider and any and all subcontractors are required to comply with Education Code section 45125.1, Fingerprint certification requirements. Provider must provide proof that fingerprint certification requirements have been fulfilled prior to commencing any services for the District under this Agreement.

Provider shall certify in writing to the school district that neither the Provider nor any of its employees, agents, representatives or subcontractors who are required to submit or have their fingerprints submitted to the Department of Justice and who may interact with any District student outside the direct supervision and control of a District employee or that student's parent or legal guardian have been convicted of a felony.

- b. **Other Services**. If Provider will not provide any services on site or have access to any student data or interact with any District student in connection with the Services, then, Provider and its subcontractors are not required to comply with Education Code section 45125.1 background check requirements. However, Provider must still complete **Exhibit C** to specify that these requirements are not applicable.
- c. **Tuberculosis Risk Assessment requirements (Education Code section 49406)**. Providers who may have more than limited contact with District students (including any Providers who provide in person tutoring or who provide any transportation services to students) are required to cause to be on file with the District a certificate from an examining physician showing that Provider, employees and/or sub providers of Provider have been examined and found free from active tuberculosis.

- 17. **GOVERNING LAW AND VENUES**. Provider hereby acknowledges and agrees that District is a public entity, which is subject to certain requirements and limitations. This Agreement and the obligations of District hereunder are subject to all applicable federal, state and local laws, rules, and regulations, as currently written or as they may be amended from time to time.

This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in state or federal court situated in the County of Ventura, State of California. Provider hereby waives and expressly agrees not to assert, in any way, any claim or allegation that it is not personally subject to the jurisdiction of the courts named above. Provider further agree to waive any claim or allegation that the suit, action, or proceeding is either brought in an inconvenient forum or that the related venue is improper.”

18. **DISPUTE RESOLUTION.**

- a. The parties agree that, in the event of any dispute under the agreement in which the amount sought is \$5,000.00 or less, any litigation to resolve the dispute shall be brought in the Ventura County Small Claims Court.
- b. If the amount in dispute exceeds \$5,000.00, the parties agree that they will first submit the matter to a mutually agreed upon mediator. Notwithstanding section 19, Attorneys Fees, the cost of the mediator shall be borne equally by the parties.
- c. If the mediator is unable to resolve the dispute, then the parties shall submit the matter to binding arbitration in Ventura County or other mutually agreed location pursuant to the rules of the American Arbitration Association (AAA), as amended or as augmented in this Agreement (the "Rules"). The parties acknowledge that one of the purposes of utilizing arbitration is to avoid lengthy and expensive discovery and allow for prompt resolution of the dispute.

Arbitration shall be initiated as provided by the Rules, although the written notice to the other party initiating arbitration shall also include a description of the claim(s) asserted and the facts upon which the claim(s) are based. Arbitration shall be final and binding upon the parties and shall be the exclusive remedy for all claims subject hereto, including any award of attorneys' fees and costs. Either party may bring an action in court to compel arbitration under this Agreement and to enforce an arbitration award.

All disputes shall be decided by a single arbitrator. The arbitrator shall be selected by mutual agreement of the parties within 30 days of the effective date of the notice initiating the arbitration. If the parties cannot agree on an arbitrator, then the complaining party shall notify the AAA and request selection of an arbitrator in accordance with the Rules. The arbitrator shall have only such authority to award equitable relief, damages, costs, and fees as a court would have for the particular claim(s) asserted. In no event shall the arbitrator award punitive damages of any kind.

The arbitrator shall have the power to limit or deny a request for documents or a deposition if the arbitrator determines that the request exceeds those matters, which are directly relevant to the claims in controversy. The document demand and response shall conform to Code of Civil Procedure section 2031. The deposition notice shall conform to Code of Civil Procedure section 2025. The parties may make a motion for protective order or motion to compel before the arbitrator with regard to the discovery, as provided in Code of Civil Procedure sections 2025 and 2031.

19. **ATTORNEYS FEES.** In the event of any action or proceeding to interpret or enforce the terms of this Agreement, the prevailing party, as determined by the court or arbitrator, shall be entitled to recover its reasonable attorney fees and costs incurred in connection with such actions or proceeding
20. **DOCUMENT RETENTION.** After Provider's services to District conclude, Provider shall, upon the District's request, deliver all documents for all matter in which Provider has provided services to the District, along with any property of the District in Provider's possession and/or control. If the District does not request District's document(s) for a particular service, Provider will retain document(s) for a period of two (2) years after the service has ended. If District does not request delivery of the document(s) for the service before the end of the two (2) year period, Provider will have no further obligation to retain the document(s) and may, at Provider's discretion, destroy it without further notice to the District. At any point during the two (2) year period, District may request delivery of the document(s).

Exceptions: Attorney work-product and medical records shall not be destroyed by provider without the prior written consent of the District.

21. **NATURE OF AGREEMENT.** This Agreement constitutes a binding expression of the understanding of the parties with respect to the services to be provided hereunder and is the sole contract between the parties with respect to the subject matter thereof. There are no collateral understandings or representations or agreements other than those contained herein. This Agreement represents the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes any and all other agreements and communications however characterized, written or oral, between or on behalf of the parties hereto with respect to the subject matter hereof. This Agreement may only be modified by a written instrument signed by authorized representatives of each of the parties hereto; provided that the District may not be bound by any term or condition incorporated by reference (including references to any link, website or electronic document) into any document prepared by or provided to District by Provider, including any license, purchase order or other instrument.

For the avoidance of any doubt, Provider is hereby informed that any and all terms or conditions of use of any web-based service or application must be presented in PDF format to the Board of Trustees and may not be unilaterally altered by Provider during the Term of this Agreement.

THE BODY OF THIS AGREEMENT MAY NOT BE EDITED OR ALTERED BY PROVIDER.

22. **BINDING EFFECT.** This Agreement shall inure to the benefit and shall be binding upon all of the parties to this Agreement, and their respective successors in interest or assigns.
23. **WAIVER.** No claim or right arising out of a breach of this Agreement can be discharged in whole or in part by a waiver or renunciation of the claim or right unless such waiver is in writing.
24. **SEVERABILITY.** It is intended that each paragraph of this Agreement shall be treated as separate and divisible, and in the event that any paragraphs are deemed unenforceable, the remainder shall continue to be in full force and effect so long as the primary purpose of this Agreement is unaffected.
25. **PARAGRAPH HEADINGS.** The headings of paragraphs hereof are inserted only for the purpose of convenient reference. Such headings shall not be deemed to govern, limit, modify or in any other manner affect the scope, meaning or intent of the provisions of this Agreement or any part or portion thereof, nor shall they otherwise be given any legal effect whatsoever.
26. **AUTHORITY.** Provider represents and warrants that Provider has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement. Each party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and to bind each respective party.
27. **COUNTERPART EXECUTION: ELECTRONIC DELIVERY.** This Agreement may be executed in any number of counterparts which, when taken together, shall constitute one and the same instrument. Executed counterparts of this Agreement may be delivered by PDF email or electronic facsimile transmission, and shall have the same legal effect as an “ink-signed” original.

IN WITNESS WHEREOF, the parties have executed this agreement as of the date first written above. By signing below, Provider certifies that it has not altered any provision of the body of this Agreement.

Services Agreement Dated: _____, 2024

Provider: _____

I. Fingerprinting/Criminal Background Certification (Education Code Section 45125.1)

Provider and its subconsultant's and their employees, agents and representatives (each, a "Provider Party") are required to submit fingerprints to the California Department of Justice (CDOJ) if they may interact with any student outside of the immediate supervision and control of the student's parent or guardian or a District employee in connection with the Services. Provider certifies to the Superintendent and the Board of Trustees of the District that it is, or prior to providing any Service under this Agreement will be, in compliance with the requirements of Education Code section 45125.1, as follows (Provider to check one box):

- Provider will ensure that any Provider Party who: (a) might access a District facility and/or interact with a District pupil in any manner (including through an educational app or cloud-based system) outside of the immediate supervision and control of the student's parent or guardian or a District employee OR (b) who was identified by District as a person requiring clearance pursuant to §45125.1(c) has, prior to providing any Service, submitted fingerprints to the CDOJ and that Provider has received from the CDOJ a valid criminal records summary as described in §44237 for said Provider Party. Provider will not allow any person who has been convicted of a violent felony listed in Penal Code section 667.5(c) or a serious felony listed in Penal Code §1192(c) to provide any Service. Provider will not allow any such Provider Party to perform any Service until Provider ascertains that the CDOJ has cleared that person and a record compliant with Education Code § 45125.1 is on file with Provider.
- The fingerprinting requirements **do not apply** because the Services are being provided on an emergency or exceptional situation as contemplated under section § 45125.1(b).
- The fingerprinting requirements **do not apply** because Provider Parties will have no opportunity to interact with a District students in any manner because: (i) no school-site Services or Services concerning student records will be provided; and/or (ii) the Services will be provided at a school site while students are not present (vacant, under construction etc.).

By signing below I certify, under penalty of perjury, that: (i) I am an authorized representative of Provider qualified to provide this Certification; (ii) the information above concerning compliance with Education Code Section 45125.1 is accurate and complete as of the date hereof; and (iii) during the term, I will immediately inform District if any CDOJ report is changed or updated with respect to Provider Party. Documents provided by the CDOJ will be retained by Provider and available for inspection by District or its representative(s) upon request.

Name/ Title of Authorized Representative

Signature/ Date

II. Tuberculosis Risk Assessments Certification (Education Code Section 49406). With respect to Education Code § 49406, I do hereby *certify, represent and warrant* to District's Superintendent and Board of Trustees as follows (Provider to check the applicable statement below):

- Provider Parties, any subconsultants, and any respective employees, representatives or agents will, in connection with the provision of Services under this Agreement, have **only limited or no contact** with any District student(s).
- Provider Parties may, in connection with the provision of Services, have more than limited contact with District students. Therefore, the Provider has for each such Provider Party: (A) obtained and filed proof on completion of the required TB risk assessment(s) and (B) if deemed necessary by a physician/surgeon, obtained and filed copies of their TB examination(s), all in compliance with the provisions of Education Code § 49406. Provider will maintain a current list of all such Provider Parties and will provide a copy to District upon request.

By signing below I certify, under penalty of perjury, that I am an authorized representative of Provider qualified to provide this Certification, that the information above concerning compliance with Education Code § 49406 is accurate and complete as of the date hereof, and that, during the Term, I and all Provider Parties will satisfy all applicable tuberculosis clearance requirements before having more than limited contact with District students.

Name/ Title of Authorized Representative

Signature/ Date

III. Conflict of Interest Certification

The Provider represents and warrants that he/she/it presently has no interest, and shall not acquire any interest, direct or indirect, financial or otherwise, which conflicts in any manner with District or with the performance of the Services. Provider understands that District will not engage any person having such conflict of interest to perform the Services. Provider agrees that if any facts come to its attention which raises any questions as to the applicability of conflict of interest laws, it shall immediately inform the District's designated representative and provide all information needed for resolution of this question.

Payment. District will pay Provider within 30 days after receipt of an invoice, in form and content acceptable to District, and reflecting charges for District approved costs and services performed by Provider and not previously invoiced.

Conditions. Provider will have no obligation to provide services until District returns a signed copy of this Agreement.

Nature of Relationship. The parties agree the relationship created by this Agreement is that of independent contractor. Provider understands and agrees that the Provider, officers, agents, or employees of Provider are not entitled to any benefits normally offered or conveyed to District employees, including but not limited to coverage under the California Workers' Compensation Insurance laws.

Binding Effect. This Agreement shall inure to the benefit and shall be binding upon all of the parties to this Agreement, and their respective successors in interest or assigns.

Termination or Amendment. This Agreement may be terminated or amended in writing at any time by mutual written consent of all of the parties to this Agreement, and may be terminated by either party for any reason by giving the other party 30 days advance written notice.

Compliance with Laws. Provider hereby agrees that Provider, and each of its officers, agents, and employees (each a "Provider Party") shall obey all local, state, and federal laws and regulations in the performance of this Agreement, including but not limited to each of the following laws and regulations, as and if applicable:

- Provider shall be responsible for the safety of its employees and shall comply with California Code of Regulations Title 8, section 3205, COVID-19 Prevention.

- Provider shall ensure that each Provider Party who is on-site supporting school functions is compliant with all the following laws, if and as applicable:
 - o Fingerprinting / criminal background investigations (see paragraph titled “Fingerprinting, below);
 - o Public Health Department Orders and Guidance or other related mandates related to COVID-19, so long as such Orders and Guidance are in effect during the Term of this Agreement;
 - o Tuberculosis Clearance (Education Code § 49406)

Non-Discrimination and Equal Employment Opportunity. Provider represents and agrees that it does not and shall not discriminate against any employee or applicant for employment, company, individual or group of individuals, because of ancestry, age, color, disability (physical and mental, including HIV and AIDS), genetic information, gender identity, gender expression, marital status, medical condition, military or veteran status, national origin, race, religion, sex/gender, and sexual orientation.

Confidentiality. Provider agrees to maintain the confidentiality of all District and District-related data, information, and records including but not limited to student identifiable information and employee personnel information pursuant to all California and Federal statutory laws relating to privacy, confidentiality, and information security including but not limited to California Education Code sections 49060 – 49085 and the Family Educational Rights and Privacy Act (FERPA), that currently exist or exist at any time during the term of this Agreement. All such records and information shall be considered confidential and kept confidential by Provider and Provider’s officers, agents, employees, participants, vendors, or customers.

Fingerprinting. Provider shall ensure that Provider and any employee who interacts with students, outside of the immediate supervision and control of the student’s parent or guardian or a school employee, has a current valid criminal records summary as described in California *Education Code* section 44237. If any services will be provided on-site, or through an app or other electronic method that might allow any interaction between any student and Provider shall, prior to commencing any service hereunder, provide the District a Fingerprinting/ Criminal Background Check investigation Certificate, in form and substance satisfactory to the District. While this Agreement is in effect, Provider shall immediately provide any arrest and conviction information it receives concerning any person providing Services hereunder to the District.

Indemnification. To the fullest extent permitted by law, Provider agrees to defend, indemnify, and hold harmless District, its governing board, officers, administrators, managers, agents, employees, successors, assigns, independent contractors and/or volunteers from and against any and all claims, demands, monetary or other losses, loss of use, damages and expenses, including but not limited to, reasonable legal fees and costs, or other obligations or claims arising out of any liability or damage to person or property resulting from bodily injury, illness, communicable disease, virus, pandemic, or any other loss, sustained or claimed to have been sustained arising out of activities of the Provider or those of any of its officers, agents, employees, participants, vendors, or customers of Provider, whether such act or omission is authorized by this Agreement or not. Provider also agrees to pay for any and all damage to the real and personal property of the District, or loss or theft of such property, or damage to the Property done or caused by such persons. District assumes no responsibility whatsoever for any property placed on District premises by Provider, Provider’s agents, employees, participants, vendors, or customers. The provisions of this Indemnification do not apply to any damage or losses caused solely by the intentional misconduct of the District or any of its governing board, officers, administrators, managers, agents, employees and/or volunteers.

This Indemnification shall survive termination of this Agreement, for any reason whatsoever, and binds each party’s legal representatives, successors, and assigns.

Insurance. Provider, at its own cost and expense, shall procure and maintain during the term of this Agreement, policies of insurance for the following types of coverage:

- a. Commercial General Liability Insurance. Provider shall procure and maintain, during the term of this Agreement, not less than the following General Liability Insurance coverage in the amounts of \$1,000,000 per occurrence and \$2,000,000 aggregate.

Commercial General Liability insurance shall include products/completed operations, property damage, and personal and advertising injury coverage.

- b. Automobile Liability. Provider shall procure and maintain, during the full term of this Agreement following Automobile Liability Insurance including non-owned and leased automobiles, as applicable with the following coverage limits:

Personal vehicles:	\$500,000.00 combined single limit or \$100,000.00 per person / \$300,000.00 per accident
Commercial vehicles:	\$1,000,000.00 per accident for bodily injury and property damage

- c. Workers' Compensation Insurance. Provider shall procure and maintain, during the term of this Agreement, Workers' Compensation Insurance, as required by California law, on all of its employees engaged in work related to the performance of this Agreement. Provider shall procure and maintain Employers' Liability insurance coverage of \$1,000,000. Absent proof of Workers' Compensation Insurance, Provider will submit a fully executed Certification of Exemption from Workers' Compensation Insurance, which District in its sole discretion may accept or reject.
- d. Other Coverage as Dictated by the District. If any employee of Provider interacts with students, outside of the immediate supervision and control of the student's parent or guardian or a certificated school employee, Provider shall procure and maintain, during the term of this Agreement, Abuse and Molestation coverage in the amounts of \$2,000,000 per occurrence and \$4,000,000 aggregate.

If professional services are offered, Provider shall procure and maintain, during the term of this Agreement, Professional Liability (Errors and Omissions) insurance coverage in the amounts of \$1,000,000 per occurrence and \$2,000,000 aggregate.
- e. Provider's insurance is primary and will not seek contribution from any other insurance available to the District. Provider further hereby waives any and all rights of subrogation that it may have against the District.
- f. Certificates of Insurance. Provider shall provide certificates of insurance to the District as evidence of the insurance coverage required herein, not less than 15 days prior to commencing the proposed activity, and at any other time upon the request of the District. Certificates of insurance will be deemed invalid if proper endorsements are not attached. Certificates of such insurance shall be filed with the District on or before commencement of the services under this Agreement.
- g. Endorsements. Provider's Commercial General Liability insurance and Commercial Automobile Liability coverage and Abuse and Molestation coverage shall name the District, its governing board, officers, agents, employees, and/or volunteers as additional insureds. All endorsements specifying additional insureds for any of the Insurance Policies shall be as indicated below or an equivalent endorsement reasonably acceptable to the District.
 - 1) General Liability: CG 20 26 10 01
 - 2) Primary, non-contributory: CG 20 01 04 13
 - 3) Waiver of subrogation: CG 24 04 05 09
 - 4) Commercial Automobile Liability: CA 20 48 10 13
- h. Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A: VII, unless otherwise acceptable to the District.
- i. Insurance written on a "claims made" basis is to be renewed by the Provider for a period of three (3) years following termination of this Agreement. Such insurance must have the same coverage and limits as the policy that was in effect during the term of this agreement and will cover the Provider for all claims made. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, the Consultant must purchase "extended reporting" coverage for a minimum of three (3) years after completion of the Services.
- j. Failure to Procure Insurance. Failure on the part of Provider to procure or maintain required insurance shall constitute a material breach of contract under which the District may immediately terminate this Agreement

Governing Law and Venues. This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in state or federal court situated in the County of Ventura, State of California.

Dispute Resolution. If any dispute arises out of or in connection with the Agreement, representatives of the Parties with authority to settle the dispute shall communicate, in person, electronically, or in writing within 30 days of written notice, in a good faith effort to resolve the dispute.

The parties agree that, in the event of any unresolved dispute under the agreement in which the amount sought is \$5,000.00 or less, any litigation to resolve the dispute shall be brought in the Ventura County Small Claims Court.

If the unresolved amount in dispute exceeds \$5,000.00, the parties agree that they will first submit the matter to a mutually agreed upon mediator. Notwithstanding the following section, Attorneys Fees, the cost of the mediator shall be borne equally by the parties.

Attorney Fees. In the event of any action or proceeding to interpret or enforce the terms of this Agreement, the prevailing party, as determined by the court or mediator, shall be entitled to recover its reasonable attorney fees and costs incurred in connection with such actions or proceeding.

Nature of Agreement. This Agreement represents the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes any and all other agreements and communications however characterized, written or oral, between or on behalf of the parties hereto with respect to the subject matter hereof. This Agreement may only be modified by a written instrument signed by authorized representatives of each of the parties hereto.

Counterpart Execution. This Agreement may be executed in any number of counterparts which, when taken together, shall constitute one and the same instrument. Executed counterparts of this Agreement may be delivered by PDF email or electronic facsimile transmission and shall have the same legal effect as an “ink-signed” original.

Signature Authority. Provider represents and warrants that Provider has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement.

ADDITIONAL TERMS AND CONDITIONS

SCOPE:

The services to be performed hereunder are solely the services set forth herein and in any attached Supplement(s), and Tri-Signal Integration, Inc. does not assume any responsibility for nor is it obligated to examine or comment upon any system design, installation or adequacy or overall system performance or to perform any services to any Equipment not specified in Schedule A.

ACCESS:

This Agreement is entered into on the basis that the above installations and the above Equipment can be visited by Tri-Signal Integration, Inc. Service Technicians and worked on without interference during normal working hours (or those hours called for under any Supplement(s) attached), and Customer hereby grants permission to Tri-Signal Integration, Inc. to enter upon the premises and perform the services agreed to herein. Where it is necessary to use ladders or to remove obstacles to facilitate the inspection of Equipment, the Customer will provide ladders and labor for removing such obstacles.

PARTS WARRANTY AND LIMITATION:

With regard to any Tri-Signal Integration, Inc. manufactured parts under furnished by Tri-Signal Integration, Inc. hereunder, Tri-Signal Integration, Inc. warrants all such parts against defects in material and workmanship for a period of one year from date of manufacture. Tri-Signal Integration, Inc. sole responsibility and Customer's exclusive remedy for breach of this Warranty is the repair or replacement of defective parts by Tri-Signal Integration, Inc. or the return of that portion of the purchase price represented by such defective or non-conforming parts, and in no case shall Tri Signal Integration, Inc. liability under any remedy prescribed by law exceed purchase price. CUSTOMER AGREES THAT THERE ARE NO EXPRESSED OR IMPLIED WARRANTIES AS TO QUALITY OR MERCHANTABILITY OR THE FITNESS FOR ANY PARTICULAR PURPOSE OF SAID PARTS IN CONNECTION WITH THEIR FURNISHING OR USE OTHER THAN AS PROVIDED ABOVE. This warranty is void in case of parts abuse, abnormal usage, faulty installation or repair by unauthorized persons, connections to incompatible equipment, AND IN ANY EVENT TRI-SIGNAL INTEGRATION, INC. SHALL HAVE NO LIABILITY FOR INCIDENTAL, CONTINGENT, OR CONSEQUENTIAL DAMAGES OF ANY KIND, INCLUDING LOST PROFITS, RESULTING FROM DEFECT IN ANY TRI- SIGNAL INTEGRATION, INC. PARTS OR OTHERWISE.

With regard to any parts manufactured by others furnished by Tri-Signal Integration, Inc. hereunder, Customer agrees that Tri-Signal Integration, Inc. makes no warranties or representations with respect thereto and Tri-Signal Integration, Inc. sole obligation with respect thereto shall be to pass through to the Customer such other manufacturer's warranty to the extent such warranty is then available and transferable. In furnishing such parts or passing through such warranty to Customer, Tri-Signal Integration, Inc. shall not be deemed to have made, adopted, or guaranteed such other manufacturer's warranty.

LIMITATIONS OF LIABILITY:

It is understood that Tri-Signal Integration, Inc. is not an insurer and that insurance may be obtained by Customer if any is desired by Customer and that the payments made hereunder to Tri-Signal Integration, Inc. are based solely on value of the services rendered and that the scope of the liability undertaken and such payments are not related to the value of the above installation or any property located therein. Tri-Signal Integration, Inc. makes no warranty, express or implied, that the services furnished hereunder will avert or prevent occurrences, or the consequences therefrom, which the services are intended to prevent. Accordingly, Customer agrees that Tri-Signal Integration, Inc. shall not be liable for any loss or damage, irrespective of origin, to person or to property, whether directly or indirectly caused by performance or non-performance of any obligations imposed by this agreement or by any negligent acts or omissions of Tri-Signal Integration, Inc., its agents or employees, unless such loss, damage, or personal injury arises solely, directly and proximately from the negligent performance of such services by Tri-Signal Integration, Inc. and in such event, it is expressly agreed that Tri-Signal Integration, Inc. liability shall be limited to the amount of annual charge for the services to be rendered hereunder. Customer may obtain an expansion of this limitation on liability, if desired, by payment, pursuant to written agreement, of an increased annual rate which shall be negotiated between the parties upon the request of the Customer in writing prior to the effective date or any renewal date of this agreement.

GENERAL:

Tri-Signal Integration, Inc. shall not be responsible for failure to render service hereunder due to unavailability of parts labor troubles, fire, flood, and other causes beyond its reasonable control. This agreement and any Supplement(s) attached constitute the entire agreement between Tri-Signal Integration, Inc. and the Customer and no representation, promise, or statement not expressed herein shall be binding on Tri-Signal Integration, Inc. The terms and conditions herein shall prevail notwithstanding any variance with other terms and conditions of any order submitted by Customer with respect to any services hereunder. The effective date of this Agreement shall be the date on which the Agreement is executed by Tri-Signal Integration, Inc.

This Services Agreement (the "Agreement") is made and entered into this _____ day of _____, 20____ by and between Oxnard School District (hereinafter referred to as "District") and _____, (hereinafter referred to as "Provider.")

PROVIDER.

Provider

Telephone Number

Street Address

Fax Number

City, State, Zip code

E-mail Address

Tax Identification or Social Security Number

License Number (if applicable)

- A. District desires to engage Provider services as more particularly described on "Statement of Work" which is attached hereto and incorporated herein by this reference ("Services").
- B. Provider has the necessary qualifications by reason of training, experience, preparation and organization, and is agreeable to performing and providing such Services, upon and subject to the terms and conditions as set forth below in this Agreement.

NOW THEREFORE, for valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

1. **CONDITIONS.** Provider will have no obligation to provide services until District returns a signed copy of this Agreement.
2. **NATURE OF RELATIONSHIP.** The parties agree the relationship created by this Agreement is that of independent contractor. In performing all of the Services, Provider shall be, and at all times is, acting and performing as an independent contractor with District, and not as a partner, coventurer, agent, or employee of District, and nothing contained herein shall be construed to be inconsistent with this relationship or status. Provider is not granted any right or authority to assume or to create any obligation or responsibility, express or implied, on behalf of or in the name of District or to bind the District in any manner. Except for any materials, procedures, or subject matter agreed upon between Provider and District, Provider shall have complete control over the manner and method of performing the Services.

Contract Number

Provider understands and agrees to independent contractor status. Provider understands and agrees that the filing and acceptance of this Agreement creates a rebuttable presumption and that the Provider, officers, agents, employees, or subcontractors of Provider are not entitled to coverage under the California Workers' Compensation Insurance laws, Unemployment Insurance, Health Insurance, Pension Plans, or any other benefits normally offered or conveyed to District employees. Provider will be responsible for payment of all Provider employee wages, payroll taxes, employee benefits, and any amounts due for federal and state income taxes and Social Security taxes. These taxes will not be withheld from payments under this agreement.

3. NON-EXCLUSIVITY.

- a. During the term of this agreement Provider may, independent of Provider's relationship with the District, without breaching this Agreement or any duty owed to the District, act in any capacity, and may render services for any other entity.
- b. During the term of this Agreement the District may, independent of its relationship with the Provider, without breaching this Agreement or any duty owed to the Provider contract with other individuals and entities to render the same or similar services to the District.

4. SERVICES. Provider shall provide District with the services, which are described on the "Statement of Work" (the "Work" or "Service") attached hereto and incorporated herein by this reference. The Statement of Work shall contain a timetable for completion of the Work or if the Work is an ongoing service, the Statement of Work shall set forth the mutually agreed schedule for providing such services. Provider shall use its best efforts to complete all phases of the Work according to such timetable. In the event that there is any delay in completion of the Work arising as a result of a problem within the control of District, Provider and District shall cooperate with each other to work around such delay. However, District shall not be responsible for any additional cost or expense to Provider as a result of such delay unless specifically agreed to in writing by the District. In addition to the specifications and/or requirements contained in the Statement of Work and any warranty given by Provider hereunder, the Statement of Work may set forth those performance criteria agreed between District and Provider whereby the District can evaluate whether Provider has satisfactorily completed the Work ("Performance Criteria").

Provider, at Provider's sole cost and expense, shall furnish all tools, equipment, apparatus, facilities, transportation, labor, and material necessary to meet its obligations under this Agreement. No substitutions of materials or service from those specified in this section shall be made without the prior written consent of the District.

5. TIME OF PERFORMANCE. The term of this Agreement shall commence on _____, 20____, and terminate on _____, 20____. All work and services contracted for under the terms of this Agreement shall be undertaken and completed in such sequence as to assure their full completion in accordance with the terms and conditions set forth in this Agreement.

[Note: California Education Code section 17596 limits continuing contracts; contracts for work or services, or for apparatus or equipment, not to exceed five years; for materials or supplies, not to exceed three years.]

6. PAYMENT AND EXPENSES. All payments due to Provider are set forth in the "Schedule of Fees" attached hereto and incorporated herein by this reference.

Provider shall send District periodic statements indicating Provider's fees and costs incurred and their basis and any current balance owed. If no Provider's fees or costs are incurred for a particular time period,

or if they are minimal, the statement may be held by the Provider and combined with that for the following time period unless a statement is requested by the District.

All payments due Provider are set forth in "Schedule of Fees" and shall be paid by the District within 30 days of receipt of a proper, undisputed invoice from Provider, which invoice shall set forth in reasonable detail the services performed. The District reserves the right, in its sole and absolute discretion, to reject any invoice that is not submitted in compliance with the District's standards and procedures. In the event that any portion of an invoice submitted by a Provider to the District is disputed, the District shall only be required to pay the undisputed portion of such invoice at that time, and the parties shall meet to try to resolve any disputed portion of any invoice.

The rates set forth in "Schedule of Fees" are not set by law, but are negotiable between Provider and District.

7. **ASSIGNMENT AND SUBCONTRACTORS.** Provider shall not assign, sublet, or transfer this Agreement or any rights under or interest in this Agreement without the prior written consent of the District, which may be withheld by the District in its sole and absolute discretion for any reason. Nothing contained herein shall prevent Provider from employing independent associates, subcontractors, and sub-consultants as Provider may deem appropriate to assist in the performance of services herein, subject to the prior written approval of the District. Any attempted assignment, sublease, or transfer in violation of this Agreement shall be null and void, and of no force and effect. Any attempted assignment, sublet, or transfer in violation of this Agreement shall be grounds for the District, in its sole discretion, to terminate the Agreement
8. **TERMINATION OR AMENDMENT.** This Agreement may be terminated or amended in writing at any time by mutual written consent of all of the parties to this Agreement, and may be terminated by either party for any reason by giving the other party 60 days advance written notice. In the event of cancellation prior to completion of the specified services, all finished or unfinished projects, documents, data, studies, and reports prepared by the Provider under this agreement shall, at the option of the District, become District property. The Provider shall be entitled to receive just and equitable compensation for any satisfactory work completed on such items prior to termination of the Agreement.

The parties to this Agreement shall be excused from performance thereunder during the time and to the extent they are prevented from obtaining, delivering, or performing due to act(s) of God. Satisfactory evidence thereof to the other party is required, provided that it is satisfactorily established that the non-performance is not due to the fault or neglect of the party not performing.

9. **NOTICE.** Any notices required or permitted to be given under this Agreement shall be deemed fulfilled by written notice, demand or request personally served on (with proof of service endorsed thereon, or mailed to, or hereinafter provided) the party entitled thereto or on its successors and assigns, and may be given by:
 - a. Personal delivery;
 - b. Overnight commercial courier;
 - c. Certified or registered prepaid U.S. mail, return receipt requested; or
 - d. Electronic mail or electronic facsimile transmission; provided that if given electronically, an additional copy shall also be delivered by a, b, or c, above.

If mailed, such notice, demand, or request shall be mailed certified or registered mail, return receipt requested, and deposited in the United States mail addressed to such party at its address set forth below or to such address as either party hereto shall direct by like written notice and shall be deemed to have been made on the third (3rd) day following posting; or if sent by a nationally recognized overnight express carrier, prepaid, such notice shall be deemed to have been made on the next business day following deposit with such carrier. For the purposes herein, notices shall be sent to the District and the Provider as follows:

_____	_____
District	Provider
Attn: _____	Attn: _____
_____	_____
Street	Street
_____	_____
City, State, Zip Code	City, State, Zip Code

10. **WARRANTY.** Provider hereby warrants to District that the Work shall be performed in a professional and workmanlike manner consistent with the highest industry standards. For a period of one (1) year following completion of the Work, Provider shall correct or make arrangements to correct any breach of the warranty for the Work within ten (10) business days of notice from District of same.
11. **ADDITIONAL WORK.** If changes in the work seem merited by the Provider or the District, and informal consultations with the other party indicate that a change is warranted, it shall be processed by the District in the following manner:
 - a. A letter outlining the changes shall be forwarded to the District by the Provider with a statement of estimated changes in fee and/or time schedule.
 - b. A written amendment to this Agreement shall be prepared by the District and executed by all of the parties before any performance of such services or the District shall not be required to pay for the increased cost incurred for the changes in the scope of work.

Any such amendment to the Agreement shall not render ineffective or invalidate unaffected portions of this Agreement.

12. **COMPLIANCE WITH LAWS.** Provider hereby agrees that Provider, officers, agents, employees, and subcontractors of Provider shall obey all local, state, and federal laws and regulations in the performance of this Agreement, including, but not limited to minimum wages laws and/or prohibitions against discrimination. Without limiting the generality of the foregoing, Provider shall complete the conflict of interest certification on **Exhibit C**.

Provider, officers, agents, employees and/or subcontractors of Provider shall secure and maintain in force for the full term of this Agreement, at Provider's sole cost and expense, such licenses and permits as are required by law, in connection with the furnishing of all the Services, materials, or supplies necessary for completion of the Services described.

13. **NON-DISCRIMINATION AND EQUAL EMPLOYMENT OPPORTUNITY**

Provider represents and agrees that it does not and shall not discriminate against any employee or applicant for employment, company, individual or group of individuals, because of ancestry, age, color, disability (physical and mental, including HIV and AIDS), genetic information, gender identity, gender expression, marital status, medical condition, military or veteran status, national origin, race, religion, sex/gender, and sexual orientation.

14. **INDEMNIFICATION.** To the fullest extent permitted by law, Provider agrees to defend, indemnify, and hold harmless District, its governing board, officers, agents, employees, successors, assigns, independent contractors and/or volunteers from and against any and all claims, demands, monetary or other losses, loss of use, damages and expenses,, including but not limited to, legal fees and costs, or other obligations or claims arising out of any liability or damage to person or property resulting from bodily injury, illness, communicable disease, virus, pandemic, or any other loss, sustained or claimed to have been sustained arising out of activities of the Provider or those of any of its officers, agents, employees, participants, vendors, customers or subcontractors of Provider, whether such act or omission is authorized by this Agreement or not. Provider also agrees to pay for any and all damage to the real and personal property of the District, or loss or theft of such property, or damage to the Property done or caused by such persons. District assumes no responsibility whatsoever for any property placed on District premises by Provider, Provider’s agents, employees, participants, vendors, customers or subcontractors. Provider further hereby waives any and all rights of subrogation that it may have against the District. The provisions of this Indemnification do not apply to any damage or losses caused solely by the negligence of the District or any of its governing board, officers, agents, employees and/or volunteers.

15. **INSURANCE.** Provider, at its own cost and expense, shall procure and maintain during the term of this Agreement, policies of insurance for the following types of coverage:

a. Commercial General Liability Insurance. Provider shall procure and maintain, during the term of this Agreement, the following General Liability Insurance coverage:

	<u>Each Occurrence</u>	<u>Aggregate</u>
Individual, Sole Proprietorship, Partnership, Corporation, or Other	\$ 1,000,000.00	\$ 2,000,000.00

- f. If the Provider or Provider’s subcontractor(s) maintains broader coverage and/or higher limits than the minimums shown above, the District requires and shall be entitled to the broader coverage and/or higher limits maintained by the Provider. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the District.
- g. Provider’s and any and all subcontractors’ insurance is primary and will not seek contribution from any other insurance available to the district.
- h. Certificates of Insurance. Provider and any and all subcontractors working for Provider shall provide certificates of insurance to the District as evidence of the insurance coverage required herein, not less than Fifteen (15) days prior to commencing work for the District, and at any other time upon the request of the District. Certificates of insurance will be deemed invalid if proper endorsements are not attached. Certificates of such insurance shall be filed with the District on or before commencement of the services under this Agreement.
- i. Endorsements. Provider’s and any and all Provider subcontractor’s Commercial General Liability insurance; Commercial Automobile Insurance; Liability Excess, Umbrella and/or Reinsurance; and Abuse and Molestation coverage shall name the District, its governing board, officers, agents, employees, and/or volunteers as additional insureds. All endorsements specifying additional insureds for any of the Insurance Policies shall be as indicated below or an equivalent endorsement reasonably acceptable to the District.
- 1) General Liability
 - Facilities Rental or Lease: CG 20 11 10 01;
 - Most Other services: CG 20 26 10 01.
 - 2) Primary, Non-Contributory
 - CG 20 01 01 13
 - 3) Waiver of Subrogation
 - CG 24 04 05 09
 - 4) Commercial Automobile Liability
 - CA 20 48 10 13
- j. Provider’s and any and all Provider subcontractor’s Commercial General Liability insurance shall provide a list of endorsements and exclusions.
- k. Deductibles. Any deductible(s) or self-insured retention(s) applicable to the insurance and/or coverage required by the foregoing provisions of this agreement must be declared to and approved by the District. Provider shall be responsible to pay that deductible or self-insured retention and the District shall not be responsible to pay these costs. In the event that Provider’s deductibles or self-insured retentions collectively total more than \$50,000.00, District reserves the right to request proof of Provider’s financial solvency in relation to remittance thereof or require Provider to post a bond guaranteeing payment of the deductible, or both.
- l. Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best’s rating of no less than A: VII, unless otherwise acceptable to the District.
- m. Insurance written on a “claims made” basis is to be renewed by the Provider and all Provider subcontractors for a period of five (5) years following termination of this Agreement. Such insurance

must have the same coverage and limits as the policy that was in effect during the term of this agreement, and will cover the provider for all claims made.

- n. Failure to Procure Insurance. Failure on the part of Provider, or any of its subcontractors, to procure or maintain required insurance shall constitute a material breach of contract under which the District may immediately terminate this Agreement.

- 16. **SAFETY AND SECURITY**. Provider shall be responsible for ascertaining from the District all of the rules and regulations pertaining to safety, security, and driving on school grounds, particularly when children are present.

Without limiting the generality of the foregoing, Provider shall comply with any applicable fingerprinting/criminal background investigation and tuberculosis clearance requirements of the California Education Code and shall provide the certifications on **Exhibit C** prior to performance of any Services.

- a. **On Site Services; Student Data Access**. If services require Provider to access any District facility, transport or interact in any manner (including through an app or other electronic means) with District students, or access student data, Provider and any and all subcontractors are required to comply with Education Code section 45125.1, Fingerprint certification requirements. Provider must provide proof that fingerprint certification requirements have been fulfilled prior to commencing any services for the District under this Agreement.

Provider shall certify in writing to the school district that neither the Provider nor any of its employees, agents, representatives or subcontractors who are required to submit or have their fingerprints submitted to the Department of Justice and who may interact with any District student outside the direct supervision and control of a District employee or that student's parent or legal guardian have been convicted of a felony.

- b. **Other Services**. If Provider will not provide any services on site or have access to any student data or interact with any District student in connection with the Services, then, Provider and its subcontractors are not required to comply with Education Code section 45125.1 background check requirements. However, Provider must still complete **Exhibit C** to specify that these requirements are not applicable.
- c. **Tuberculosis Risk Assessment requirements (Education Code section 49406)**. Providers who may have more than limited contact with District students (including any Providers who provide in person tutoring or who provide any transportation services to students) are required to cause to be on file with the District a certificate from an examining physician showing that Provider, employees and/or sub providers of Provider have been examined and found free from active tuberculosis.

- 17. **GOVERNING LAW AND VENUES**. Provider hereby acknowledges and agrees that District is a public entity, which is subject to certain requirements and limitations. This Agreement and the obligations of District hereunder are subject to all applicable federal, state and local laws, rules, and regulations, as currently written or as they may be amended from time to time.

This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in state or federal court situated in the County of Ventura, State of California. Provider hereby waives and expressly agrees not to assert, in any way, any claim or allegation that it is not personally subject to the jurisdiction of the courts named above. Provider further agree to waive any claim or allegation that the suit, action, or proceeding is either brought in an inconvenient forum or that the related venue is improper.”

18. **DISPUTE RESOLUTION.**

- a. The parties agree that, in the event of any dispute under the agreement in which the amount sought is \$5,000.00 or less, any litigation to resolve the dispute shall be brought in the Ventura County Small Claims Court.
- b. If the amount in dispute exceeds \$5,000.00, the parties agree that they will first submit the matter to a mutually agreed upon mediator. Notwithstanding section 19, Attorneys Fees, the cost of the mediator shall be borne equally by the parties.
- c. If the mediator is unable to resolve the dispute, then the parties shall submit the matter to binding arbitration in Ventura County or other mutually agreed location pursuant to the rules of the American Arbitration Association (AAA), as amended or as augmented in this Agreement (the "Rules"). The parties acknowledge that one of the purposes of utilizing arbitration is to avoid lengthy and expensive discovery and allow for prompt resolution of the dispute.

Arbitration shall be initiated as provided by the Rules, although the written notice to the other party initiating arbitration shall also include a description of the claim(s) asserted and the facts upon which the claim(s) are based. Arbitration shall be final and binding upon the parties and shall be the exclusive remedy for all claims subject hereto, including any award of attorneys' fees and costs. Either party may bring an action in court to compel arbitration under this Agreement and to enforce an arbitration award.

All disputes shall be decided by a single arbitrator. The arbitrator shall be selected by mutual agreement of the parties within 30 days of the effective date of the notice initiating the arbitration. If the parties cannot agree on an arbitrator, then the complaining party shall notify the AAA and request selection of an arbitrator in accordance with the Rules. The arbitrator shall have only such authority to award equitable relief, damages, costs, and fees as a court would have for the particular claim(s) asserted. In no event shall the arbitrator award punitive damages of any kind.

The arbitrator shall have the power to limit or deny a request for documents or a deposition if the arbitrator determines that the request exceeds those matters, which are directly relevant to the claims in controversy. The document demand and response shall conform to Code of Civil Procedure section 2031. The deposition notice shall conform to Code of Civil Procedure section 2025. The parties may make a motion for protective order or motion to compel before the arbitrator with regard to the discovery, as provided in Code of Civil Procedure sections 2025 and 2031.

19. **ATTORNEYS FEES.** In the event of any action or proceeding to interpret or enforce the terms of this Agreement, the prevailing party, as determined by the court or arbitrator, shall be entitled to recover its reasonable attorney fees and costs incurred in connection with such actions or proceeding
20. **DOCUMENT RETENTION.** After Provider's services to District conclude, Provider shall, upon the District's request, deliver all documents for all matter in which Provider has provided services to the District, along with any property of the District in Provider's possession and/or control. If the District does not request District's document(s) for a particular service, Provider will retain document(s) for a period of two (2) years after the service has ended. If District does not request delivery of the document(s) for the service before the end of the two (2) year period, Provider will have no further obligation to retain the document(s) and may, at Provider's discretion, destroy it without further notice to the District. At any point during the two (2) year period, District may request delivery of the document(s).

Exceptions: Attorney work-product and medical records shall not be destroyed by provider without the prior written consent of the District.

21. **NATURE OF AGREEMENT.** This Agreement constitutes a binding expression of the understanding of the parties with respect to the services to be provided hereunder and is the sole contract between the parties with respect to the subject matter thereof. There are no collateral understandings or representations or agreements other than those contained herein. This Agreement represents the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes any and all other agreements and communications however characterized, written or oral, between or on behalf of the parties hereto with respect to the subject matter hereof. This Agreement may only be modified by a written instrument signed by authorized representatives of each of the parties hereto; provided that the District may not be bound by any term or condition incorporated by reference (including references to any link, website or electronic document) into any document prepared by or provided to District by Provider, including any license, purchase order or other instrument.

For the avoidance of any doubt, Provider is hereby informed that any and all terms or conditions of use of any web-based service or application must be presented in PDF format to the Board of Trustees and may not be unilaterally altered by Provider during the Term of this Agreement.

THE BODY OF THIS AGREEMENT MAY NOT BE EDITED OR ALTERED BY PROVIDER.

22. **BINDING EFFECT.** This Agreement shall inure to the benefit and shall be binding upon all of the parties to this Agreement, and their respective successors in interest or assigns.
23. **WAIVER.** No claim or right arising out of a breach of this Agreement can be discharged in whole or in part by a waiver or renunciation of the claim or right unless such waiver is in writing.
24. **SEVERABILITY.** It is intended that each paragraph of this Agreement shall be treated as separate and divisible, and in the event that any paragraphs are deemed unenforceable, the remainder shall continue to be in full force and effect so long as the primary purpose of this Agreement is unaffected.
25. **PARAGRAPH HEADINGS.** The headings of paragraphs hereof are inserted only for the purpose of convenient reference. Such headings shall not be deemed to govern, limit, modify or in any other manner affect the scope, meaning or intent of the provisions of this Agreement or any part or portion thereof, nor shall they otherwise be given any legal effect whatsoever.
26. **AUTHORITY.** Provider represents and warrants that Provider has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement. Each party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and to bind each respective party.
27. **COUNTERPART EXECUTION: ELECTRONIC DELIVERY.** This Agreement may be executed in any number of counterparts which, when taken together, shall constitute one and the same instrument. Executed counterparts of this Agreement may be delivered by PDF email or electronic facsimile transmission, and shall have the same legal effect as an “ink-signed” original.

IN WITNESS WHEREOF, the parties have executed this agreement as of the date first written above. By signing below, Provider certifies that it has not altered any provision of the body of this Agreement.

Services Agreement Dated: _____, 20 24

Provider: _____

I. Fingerprinting/Criminal Background Certification (Education Code Section 45125.1)

Provider and its subconsultant's and their employees, agents and representatives (each, a "Provider Party") are required to submit fingerprints to the California Department of Justice (CDOJ) if they may interact with any student outside of the immediate supervision and control of the student's parent or guardian or a District employee in connection with the Services. Provider certifies to the Superintendent and the Board of Trustees of the District that it is, or prior to providing any Service under this Agreement will be, in compliance with the requirements of Education Code section 45125.1, as follows (Provider to check one box):

- Provider will ensure that any Provider Party who: (a) might access a District facility and/or interact with a District pupil in any manner (including through an educational app or cloud-based system) outside of the immediate supervision and control of the student's parent or guardian or a District employee OR (b) who was identified by District as a person requiring clearance pursuant to §45125.1(c) has, prior to providing any Service, submitted fingerprints to the CDOJ and that Provider has received from the CDOJ a valid criminal records summary as described in §44237 for said Provider Party. Provider will not allow any person who has been convicted of a violent felony listed in Penal Code section 667.5(c) or a serious felony listed in Penal Code §1192(c) to provide any Service. Provider will not allow any such Provider Party to perform any Service until Provider ascertains that the CDOJ has cleared that person and a record compliant with Education Code § 45125.1 is on file with Provider.
- The fingerprinting requirements **do not apply** because the Services are being provided on an emergency or exceptional situation as contemplated under section § 45125.1(b).
- The fingerprinting requirements **do not apply** because Provider Parties will have no opportunity to interact with a District students in any manner because: (i) no school-site Services or Services concerning student records will be provided; and/or (ii) the Services will be provided at a school site while students are not present (vacant, under construction etc.).

By signing below I certify, under penalty of perjury, that: (i) I am an authorized representative of Provider qualified to provide this Certification; (ii) the information above concerning compliance with Education Code Section 45125.1 is accurate and complete as of the date hereof; and (iii) during the term, I will immediately inform District if any CDOJ report is changed or updated with respect to Provider Party. Documents provided by the CDOJ will be retained by Provider and available for inspection by District or its representative(s) upon request.

II. Tuberculosis Risk Assessments Certification (Education Code Section 49406). With respect to Education Code § 49406, I do hereby *certify, represent and warrant* to District's Superintendent and Board of Trustees as follows (Provider to check the applicable statement below):

- Provider Parties, any subconsultants, and any respective employees, representatives or agents will, in connection with the provision of Services under this Agreement, have **only limited or no contact** with any District student(s).
- Provider Parties may, in connection with the provision of Services, have more than limited contact with District students. Therefore, the Provider has for each such Provider Party: (A) obtained and filed proof on completion of the required TB risk assessment(s) and (B) if deemed necessary by a physician/surgeon, obtained and filed copies of their TB examination(s), all in compliance with the provisions of Education Code § 49406. Provider will maintain a current list of all such Provider Parties and will provide a copy to District upon request.

By signing below I certify, under penalty of perjury, that I am an authorized representative of Provider qualified to provide this Certification, that the information above concerning compliance with Education Code § 49406 is accurate and complete as of the date hereof, and that, during the Term, I and all Provider Parties will satisfy all applicable tuberculosis clearance requirements before having more than limited contact with District students.

Name/ Title of Authorized Representative

Signature/ Date

III. Conflict of Interest Certification

The Provider represents and warrants that he/she/it presently has no interest, and shall not acquire any interest, direct or indirect, financial or otherwise, which conflicts in any manner with District or with the performance of the Services. Provider understands that District will not engage any person having such conflict of interest to perform the Services. Provider agrees that if any facts come to its attention which raises any questions as to the applicability of conflict of interest laws, it shall immediately inform the District's designated representative and provide all information needed for resolution of this question.

Provider Initials: _____

Nate's Place: A Wellness and Recovery Center

Scope of Work

The Learning Communities for School Success Program (LCSSP) grant initiative will address the needs of the students targeted to receive services using non-punitive programs and practices, with the goal of improving attendance, reducing chronic absenteeism, reducing the use of exclusionary disciplinary practices, and improving school connectedness and supports for students in danger of alcohol and drug abuse. The frequency of drug and alcohol use and abuse are becoming more and more prevalent among young people. In order to provide education and support to students and families, the Oxnard School District will contract with Nate's Place: A Wellness and Recovery Center to provide a drug counseling program to our 6th, 7th, and 8th grade students.

Total Cost:

- No cost

Term:

- August 22, 2024 - June 30, 2025

Services provided:

- Implement the Teen Intervene Prevention Program on select school sites with 6th, 7th, and 8th grade students.
- Counselors will meet with identified students in groups of 6-8 for the 4 week curriculum.
- Groups will meet once a week, for a four-week cycle.
- Counselors from Nate's Place are trained, relatable and excellent at building rapport with middle school aged students.
- Teen Intervene is a research-based, brief early intervention model.
- The Teen Intervene program's goal is to help the teen become their own agent of change.
- Being an agent of change includes deciding for themselves the pros and cons of drug and alcohol use.
- Being an agent of change includes identifying the reasons why they use.

Nate's Place: A Wellness and Recovery Center

Scope of Work

- Being an agent of change includes learning new skills that promote a substance-free lifestyle and other healthier behaviors.
- Being an agent of change includes taking responsibility for self-change.
- Teen Intervene is based on the stages of change theory, motivational interviewing, and cognitive-behavioral therapy.
- The program helps teens gain insight into their unhealthy choices around substance use and gives them a self-identified off-ramp from increasingly high-risk behaviors.

OSD BOARD AGENDA ITEM

Name of Contributor: Dr. Natalia Torres

Date of Meeting: August 21, 2024

Agenda Section: Section C: Personnel Agreement

Approval of Agreement #24-103 – Walter D. Schwartz (Torres)

Walter D. Schwartz will provide services related to collective bargaining training and facilitation services during negotiations.

Term of Agreement: August 22, 2024 through June 30, 2025

FISCAL IMPACT:

Not to exceed \$30,000.00 including travel/lodging expenses – General Fund (Negotiations)

RECOMMENDATION:

It is the recommendation of the Assistant Superintendent, Human Resources, that the Board of Trustees approve Agreement #24-103 with Walter D. Schwartz.

ADDITIONAL MATERIALS:

Attached: [Agreement #24-103, Walter D. Schwartz \(1 Page\)](#)

AGREEMENT FOR CONSULTANT SERVICES

THIS AGREEMENT made and entered into this 21st day of August, 2024 and between the **Oxnard School District**, hereinafter called "District," and **Walter D. Schwartz**, hereinafter called "Consultant,"

WHEREAS, Consultant is skilled, trained, experienced, and competent to render management consulting services and advice to the District regarding educational administrative issues:

NOW, THEREFORE, DISTRICT and CONSULTANT mutually agree as follows:

1. Consultant will provide any and all Management Services as specified by the Superintendent/ or designee.
2. Consultant will perform said services in his own way and as an independent contractor in pursuit of his own independent calling and not as an employee of the District; and he shall be under the control of the District as to the result to be accomplished and not as to the means or manner by which such results are to be accomplished.
3. District will prepare and furnish to consultant, upon his request, such information as is reasonably necessary to the performance of Consultant's work under this agreement.
4. In return for the Consultant's provision of Consulting Services described above, the District agrees to pay to Consultant **\$175.00** per hour, payable in proportion to the work completed. Total compensation for all Consulting Services provided under this Agreement shall not exceed **\$30,000** without prior written authorization from the District.
5. Consultant shall be compensated for travel at the approved IRS mileage rate. In addition, the District shall also provide lodging as needed at no cost to Consultant.
6. The Consultant shall invoice the District on a bi-monthly or monthly schedule and shall not invoice the District for work that has not been completed at the time the invoice is submitted.
7. This agreement shall remain in effect from August 22, 2024 through June 30, 2025. The agreement may be terminated by either party by providing written notice.

Payment. District will pay Provider within 30 days after receipt of an invoice, in form and content acceptable to District, and reflecting charges for District approved costs and services performed by Provider and not previously invoiced.

Conditions. Provider will have no obligation to provide services until District returns a signed copy of this Agreement.

Nature of Relationship. The parties agree the relationship created by this Agreement is that of independent contractor. Provider understands and agrees that the Provider, officers, agents, or employees of Provider are not entitled to any benefits normally offered or conveyed to District employees, including but not limited to coverage under the California Workers' Compensation Insurance laws.

Binding Effect. This Agreement shall inure to the benefit and shall be binding upon all of the parties to this Agreement, and their respective successors in interest or assigns.

Termination or Amendment. This Agreement may be terminated or amended in writing at any time by mutual written consent of all of the parties to this Agreement, and may be terminated by either party for any reason by giving the other party 30 days advance written notice.

Compliance with Laws. Provider hereby agrees that Provider, and each of its officers, agents, and employees (each a "Provider Party") shall obey all local, state, and federal laws and regulations in the performance of this Agreement, including but not limited to each of the following laws and regulations, as and if applicable:

- Provider shall be responsible for the safety of its employees and shall comply with California Code of Regulations Title 8, section 3205, COVID-19 Prevention.

- Provider shall ensure that each Provider Party who is on-site supporting school functions is compliant with all the following laws, if and as applicable:
 - o Fingerprinting / criminal background investigations (see paragraph titled “Fingerprinting, below);
 - o Public Health Department Orders and Guidance or other related mandates related to COVID-19, so long as such Orders and Guidance are in effect during the Term of this Agreement;
 - o Tuberculosis Clearance (Education Code § 49406)

Non-Discrimination and Equal Employment Opportunity. Provider represents and agrees that it does not and shall not discriminate against any employee or applicant for employment, company, individual or group of individuals, because of ancestry, age, color, disability (physical and mental, including HIV and AIDS), genetic information, gender identity, gender expression, marital status, medical condition, military or veteran status, national origin, race, religion, sex/gender, and sexual orientation.

Confidentiality. Provider agrees to maintain the confidentiality of all District and District-related data, information, and records including but not limited to student identifiable information and employee personnel information pursuant to all California and Federal statutory laws relating to privacy, confidentiality, and information security including but not limited to California Education Code sections 49060 – 49085 and the Family Educational Rights and Privacy Act (FERPA), that currently exist or exist at any time during the term of this Agreement. All such records and information shall be considered confidential and kept confidential by Provider and Provider’s officers, agents, employees, participants, vendors, or customers.

Fingerprinting. Provider shall ensure that Provider and any employee who interacts with students, outside of the immediate supervision and control of the student’s parent or guardian or a school employee, has a current valid criminal records summary as described in California *Education Code* section 44237. If any services will be provided on-site, or through an app or other electronic method that might allow any interaction between any student and Provider shall, prior to commencing any service hereunder, provide the District a Fingerprinting/ Criminal Background Check investigation Certificate, in form and substance satisfactory to the District. While this Agreement is in effect, Provider shall immediately provide any arrest and conviction information it receives concerning any person providing Services hereunder to the District.

Date checked by school official: _____ initials: _____

Indemnification. To the fullest extent permitted by law, Provider agrees to defend, indemnify, and hold harmless District, its governing board, officers, administrators, managers, agents, employees, successors, assigns, independent contractors and/or volunteers from and against any and all claims, demands, monetary or other losses, loss of use, damages and expenses, including but not limited to, reasonable legal fees and costs, or other obligations or claims arising out of any liability or damage to person or property resulting from bodily injury, illness, communicable disease, virus, pandemic, or any other loss, sustained or claimed to have been sustained arising out of activities of the Provider or those of any of its officers, agents, employees, participants, vendors, or customers of Provider, whether such act or omission is authorized by this Agreement or not. Provider also agrees to pay for any and all damage to the real and personal property of the District, or loss or theft of such property, or damage to the Property done or caused by such persons. District assumes no responsibility whatsoever for any property placed on District premises by Provider, Provider’s agents, employees, participants, vendors, or customers. The provisions of this Indemnification do not apply to any damage or losses caused solely by the intentional misconduct of the District or any of its governing board, officers, administrators, managers, agents, employees and/or volunteers.

This Indemnification shall survive termination of this Agreement, for any reason whatsoever, and binds each party’s legal representatives, successors, and assigns.

Insurance. Provider, at its own cost and expense, shall procure and maintain during the term of this Agreement, policies of insurance for the following types of coverage:

- a. Commercial General Liability Insurance. Provider shall procure and maintain, during the term of this Agreement, not less than the following General Liability Insurance coverage in the amounts of \$1,000,000 per occurrence and \$2,000,000 aggregate.

Commercial General Liability insurance shall include products/completed operations, property damage, and personal and advertising injury coverage.

- b. Automobile Liability. Provider shall procure and maintain, during the full term of this Agreement following Automobile Liability Insurance including non-owned and leased automobiles, as applicable with the following coverage limits:

Personal vehicles:	\$500,000.00 combined single limit or \$100,000.00 per person / \$300,000.00 per accident
Commercial vehicles:	\$1,000,000.00 per accident for bodily injury and property damage

- c. Workers' Compensation Insurance. Provider shall procure and maintain, during the term of this Agreement, Workers' Compensation Insurance, as required by California law, on all of its employees engaged in work related to the performance of this Agreement. Provider shall procure and maintain Employers' Liability insurance coverage of \$1,000,000. Absent proof of Workers' Compensation Insurance, Provider will submit a fully executed Certification of Exemption from Workers' Compensation Insurance, which District in its sole discretion may accept or reject.
- d. Other Coverage as Dictated by the District. If any employee of Provider interacts with students, outside of the immediate supervision and control of the student's parent or guardian or a certificated school employee, Provider shall procure and maintain, during the term of this Agreement, Abuse and Molestation coverage in the amounts of \$2,000,000 per occurrence and \$4,000,000 aggregate.

If professional services are offered, Provider shall procure and maintain, during the term of this Agreement, Professional Liability (Errors and Omissions) insurance coverage in the amounts of \$1,000,000 per occurrence and \$2,000,000 aggregate.
- e. Provider's insurance is primary and will not seek contribution from any other insurance available to the District. Provider further hereby waives any and all rights of subrogation that it may have against the District.
- f. Certificates of Insurance. Provider shall provide certificates of insurance to the District as evidence of the insurance coverage required herein, not less than 15 days prior to commencing the proposed activity, and at any other time upon the request of the District. Certificates of insurance will be deemed invalid if proper endorsements are not attached. Certificates of such insurance shall be filed with the District on or before commencement of the services under this Agreement.
- g. Endorsements. Provider's Commercial General Liability insurance and Commercial Automobile Liability coverage and Abuse and Molestation coverage shall name the District, its governing board, officers, agents, employees, and/or volunteers as additional insureds. All endorsements specifying additional insureds for any of the Insurance Policies shall be as indicated below or an equivalent endorsement reasonably acceptable to the District.
 - 1) General Liability: CG 20 26 10 01
 - 2) Primary, non-contributory: CG 20 01 04 13
 - 3) Waiver of subrogation: CG 24 04 05 09
 - 4) Commercial Automobile Liability: CA 20 48 10 13
- h. Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A: VII, unless otherwise acceptable to the District.
- i. Insurance written on a "claims made" basis is to be renewed by the Provider for a period of three (3) years following termination of this Agreement. Such insurance must have the same coverage and limits as the policy that was in effect during the term of this agreement and will cover the Provider for all claims made. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, the Consultant must purchase "extended reporting" coverage for a minimum of three (3) years after completion of the Services.
- j. Failure to Procure Insurance. Failure on the part of Provider to procure or maintain required insurance shall constitute a material breach of contract under which the District may immediately terminate this Agreement

Governing Law and Venues. This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in state or federal court situated in the County of Ventura, State of California.

Dispute Resolution. If any dispute arises out of or in connection with the Agreement, representatives of the Parties with authority to settle the dispute shall communicate, in person, electronically, or in writing within 30 days of written notice, in a good faith effort to resolve the dispute.

The parties agree that, in the event of any unresolved dispute under the agreement in which the amount sought is \$5,000.00 or less, any litigation to resolve the dispute shall be brought in the Ventura County Small Claims Court.

If the unresolved amount in dispute exceeds \$5,000.00, the parties agree that they will first submit the matter to a mutually agreed upon mediator. Notwithstanding the following section, Attorneys Fees, the cost of the mediator shall be borne equally by the parties.

Attorney Fees. In the event of any action or proceeding to interpret or enforce the terms of this Agreement, the prevailing party, as determined by the court or mediator, shall be entitled to recover its reasonable attorney fees and costs incurred in connection with such actions or proceeding.

Nature of Agreement. This Agreement represents the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes any and all other agreements and communications however characterized, written or oral, between or on behalf of the parties hereto with respect to the subject matter hereof. This Agreement may only be modified by a written instrument signed by authorized representatives of each of the parties hereto.

Counterpart Execution. This Agreement may be executed in any number of counterparts which, when taken together, shall constitute one and the same instrument. Executed counterparts of this Agreement may be delivered by PDF email or electronic facsimile transmission and shall have the same legal effect as an “ink-signed” original.

Signature Authority. Provider represents and warrants that Provider has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement.

PROPOSAL FOR CONSULTANT SERVICES

The Contractor agrees to perform services for the District during the 2024-25 academic year as follows:

- The Contractor will provide up to 5 days Executive Advising services to the Director, Certificated Human Resources.

The District agrees to pay the Contractor an amount not to exceed ELEVEN THOUSAND DOLLARS TWO HUNDRED FIFTY DOLLARS (\$11,250) (daily rate is \$2,250). The Contractor will submit to the District bi-annual invoices. Payment is due within 30 days of receipt of invoice.

Mail remittance to: Leadership Associates
449 W Foothill Blvd #427
Glendora CA 91741

Contractor agrees to hold harmless and indemnify the District, its officers, agents, and employees with respect to all damages, costs, expenses or claims, in law or in equity, arising or asserted because of injuries to or death of person or damage to, destruction, loss, or theft of property arising out of faulty performance of the services to be performed by Contractor hereunder.

It is expressly understood and agreed to by both parties hereto that the Contractor, while engaged in carrying out and complying with any of the terms and conditions of this contract, is an independent contractor and is not an officer, agent, or employee of the aforesaid District. Either party may terminate this agreement by providing the other party with ten (10) days written notice. Upon such termination, fees will be determined on a pro rata basis.

Leadership Associates does not participate in a California public pension system. Leadership Associates and the District understand that the work/services provided should not be considered creditable toward the STRS earnings limit as the work is not normally performed by employees of the District and requires less than 24 months (496 business days). Name of Contributor: Valerie Mitchell, MPPA

Date of Meeting: August 21, 2024

Agenda Section: Section C: Consent Agenda

Ratification of Amendment No. 001 to Agreement No. 19-179 with Arcadis International Ltd. (formerly known as IBI Group) to Provide Architectural Engineering Services for McAuliffe Elementary School Modernization Project (Mitchell//Miller/CFW)

The District retained Arcadis International Ltd. (formerly known as IBI Group) (“Architect”) to provide architectural and design services for the McAuliffe Elementary School Modernization Project. The design plans for the project received by the Division of the State Architect (“DSA”) were given approval on April 19, 2021 and construction of the project was put on hold pending the availability of future funding. The District has now elected to move forward with the project. Changes to the DSA approved plans and specifications are needed to include additional scope of work and the Architect is in the process of completing the additional scope design work for the project and will submit the changes to the DSA for their review. The purpose of this amendment is to provide these additional services.

FISCAL IMPACT:

\$156,636.00 - Master Construct and Implementation Funds

RECOMMENDATION:

It is the recommendation of the Assistant Superintendent, Business & Fiscal Services, and the Director, Facilities, in consultation with CFW, that the Board of Trustees ratify Amendment No. 001 to Agreement No. 19-179 with Arcadis International Ltd. (formerly known as IBI Group) in the amount of \$156,636.00 for the McAuliffe Elementary School Modernization Project for additional services.

Amendment No. 001 to Architect Services Agreement No. 19-179

The Architect Services Agreement No. 19-179 (“Agreement”) entered into on December 18, 2019, by and between the Oxnard School District (“District”) and Arcadis International Ltd. (formerly known as IBI Group) (“Architect”), is hereby amended by the parties as set forth in this Amendment No. 001 to the Architectural Services Agreement No. 19-179 (“Amendment”) that is incorporated herein for all purposes.

RECITALS

WHEREAS, The District retained Architect to provide architectural and design services for the McAuliffe Elementary School Modernization Project (“Project”);

WHEREAS, the Board of Trustees has taken certain actions to approve the design of the Project;

WHEREAS, the Architect’s design plans for the Project received Division of the State Architect (“DSA”) approval on April 19, 2021;

WHEREAS, the construction of the Project was put on hold pending the availability of future funding and the District has now elected to move forward with the project;

WHEREAS, changes to the DSA approved plans and specifications are needed to include additional scope of work and the Architect is in the process of completing the additional scope design work for the Project and will submit the changes to the DSA for their review;

WHEREAS, the Board recognizes that the timing of the additional scope of work must all be approved by DSA;

NOW THEREFORE, for the good and valuable consideration, the Parties agree to the following amended terms to the Agreement:

AMENDMENT

The Parties agree to add the following language to SECTION 3 of the Agreement:

The definition of the Project is expanded to include additional scope of work as identified in the Architect’s proposal for added scope dated June 25, 2024 identified as Exhibit G hereto.

The Parties agree to add the following language to SECTION 4.1 of the Agreement:

The definition of Basic Services is expanded to include the deliverables and submittals set forth herein, provided for under the original Agreement between the Parties and those identified in Exhibit G hereto, where not inconsistent with the original Agreement or this Amendment. Terms used in Exhibit G shall have the same meaning as those terms are defined in the Agreement.

The Parties agree to add a new SECTION 5.2.3 to the Agreement as follows:

SECTION 5.2.3 Additional Compensation for Additional Scope of Work. The Architect agrees to perform the Basic Services as described in the original Agreement, and Exhibit “G” hereto, with respect to the Project. Architect agrees to deliver the deliverables identified in Exhibit “C” and Exhibit “D” of the original Agreement for the Project. In consideration for the amended basic services and deliverables, Architect agrees to be compensated an additional flat “all-in” Basic Fee (“Additional fee”) for the additional work totaling: **One Hundred Fifty-Six Thousand Six Hundred Thirty-Six Dollars and No Cents (\$156,636.00).** **This fee shall include all the work necessary to complete the additional scope of work including the costs of any sub-consultants or any specialty consultants.**

The Parties agree that the work identified herein constitutes all of the additional owner requested scope, changes or modifications arising out of this Agreement.

It is agreed that, as long as the Architect performs the amended Services in a timely manner, in compliance with the provisions of the original Agreement and this Amendment thereto, and to the satisfaction of the District, payments of the Additional fee shall be made by the District, upon approval by the District of deliverables described in Exhibit G, and approval of invoices satisfactory to the District, in amounts not to exceed the percentages for each Phase set forth in the Table in Section 5.1.1 of the original Agreement.

The Parties agree that all other provisions of the Architectural Services Agreement No. 19-179 entered into and executed by the Parties on December 18, 2019 remain in full force and effect. Architect agrees that any provisions, limitations and exclusions in its proposal, Exhibit “G” hereto, are stricken for all purposes and are invalid as inconsistent with the terms and conditions of the Agreement and this Amendment.

IN WITNESS THEREOF, the Parties hereto execute this Amendment No. 001 and represented that each has authority to do so on the dates set forth below:

Subject: Proposal for Added Scope | Additional Services: McAuliffe Elem. School Modernization, Suspension of Services | District Directed Changes

Dear Gerald and Scott:

In June of 2021 we received communication from CFW that Oxnard School District had decided to put our DSA approved plans for the replacement school at McAuliffe Elementary School Modernization on hold pending future funding. At that time, we suspended any additional development of this project, wrapping up current issues in preparation to put the project on hold. In February of 2024, we were notified that the district had again elected to move forward with this project. Per our architectural services agreement dated December 19, 2019, Article 6.1.3 Temporary Suspension of Services, if services are suspended by the district for greater than 120 days our compensation shall be equitably adjusted for expenses to resume services.

As a result of the suspension of services by the district a total lapse of approximately 660 work days has occurred. As such we are requesting an adjustment to our remaining fee to account for costs associated with the restart of the project and increases in our hourly billing rates.

Following the receipt of bids, the District has decided to reject all bids and protests and utilize the Lease-Lease Back method for procuring this work in lieu of Design-Bid-Build. We anticipate no additional effort to accommodate the change in delivery method. If the District should require assistance with revisions and or value engineering due to the LLB process, additional fee may be required.

In addition, our initial fee was calculated for a construction period spanning six to eight months, as outlined in our fee proposal dated November 22, 2019. However, with the revised schedule communicated on February 6, 2024, incorporating a phased approach, we have adjusted our fee to accommodate an additional seven months of Construction Administration services.

Furthermore, the district has requested some other changes to the approved documents and specifications that include the below.

SCOPE OF WORK:

Added scope is identified below:

1. Changes to Front Lobby:

- Provide (3) Security Doors with controlled access at Hallway/Lobby area. (Future CCD under current Modernization)
- Submit CCD to DSA for Review and Approval.

2. Changes to Overall Building:

- Provide work scope to install CCTV and WAPS along Exterior / Interior of Building. (Future Change Order to contract)
- Coordinate Locations with IT.

3. Replace Classroom doors/Hardware and revise flooring to be HVT:

- Develop updated door schedule.
- Coordinate door hardware specification and installation.
- Revise documents to reflect flooring change.

LLB Delivery vs DBB

- We anticipate no additional effort to accommodate the change in delivery method.

Extended Construction Administration Services

- Our current A/E fee for Construction Administration services is \$65,341. Review of submittals is anticipated within the initial A/E fee. Based on our experience, submittal review reflects approximately 10% of our effort during CA.
- The construction period is proposed to be approximately double. Our additional fee for the extended Construction Administration phase reflects the added effort to provide services for that extended period and anticipates every other week virtual construction meeting attendance.
- We understand weekly on-site meetings are NOT requested/required by the District. We have not included a fee for that effort.

Resuming Design Services

- 5% Fee Adjustment of Remaining Fee (29% of fee = \$109,014). Due to Temporary Suspension of Services as compensation for restarting the project and change in billing rates.

Scope Exclusions

- Work not specifically identified above.

Compensation: We propose the following compensation for the above referenced services for the following fixed fee of **\$156,636** (One Hundred Fifty Six Thousand Six Hundred and Thirty-Six dollars).

Invoices shall be submitted monthly based on percentage completed of the authorized phases.

Arcadis, a California Partnership
June 25, 2024

Thank you for reviewing this proposal, we look forward to the opportunity to continue to provide services for the revised project. Please call if you have any questions or comments.

This fee is inclusive of all reimbursable expenses. Please contact me if you have any questions.

Sincerely,
Arcadis International Ltd.

AGREEMENT FOR ARCHITECTURAL SERVICES

PREAMBLE

This Agreement for Architectural Services (“**Agreement**”) is entered into on this 18th day of **December, 2019** by and between **IBI Group**, an architectural firm that employs architects licensed to work in the State of California (collectively and individually, the “**Architect**”), with a business address at **315 W. Ninth Street, Suite 600, Los Angeles, CA 90015** and the Oxnard School District, a California public school district (“**District**”), with offices located at 1051 South A Street, Oxnard CA 93030, in connection with services commencing on **December 19, 2019**. District and Architect are sometimes individually referred to herein as “**Party**” and collectively as “**Parties**”.

RECITALS

WHEREAS, the **District** proposes to undertake the construction and installation of certain improvements, as further defined and described below (the “**Project**”) and, in connection with the Project, requires the services of a duly qualified and licensed architect.

WHEREAS, the **Architect** represents that its employees are licensed to practice architecture in the State of California, as appropriate, and that the Architect is qualified to perform the services required under this Agreement.

WHEREAS, the Parties intend that the Architect provide professional services pursuant to this Agreement, under the management and oversight of the District’s Representative, in such manner as to enable the Project to be designed and constructed with the standard of care described herein without burdening the District’s staff.

AGREEMENT

NOW, THEREFORE, in consideration of the promises and covenants herein and other valuable consideration, receipt of which is acknowledged, the Parties agree as follows:

SECTION 1 GENERAL PROVISIONS

1.1 **DEFINITIONS.** When used in this Agreement, the following terms shall have the meanings set forth below:

1.1.1 “**Addendum**” shall mean written or graphic information (including without limitation Drawings and Specifications), prepared and issued prior to the receipt of Bids, which modifies or interprets the Bid Set by additions, deletions, clarifications, or corrections.

1.1.2 “**Additional Services**” shall mean those services in addition to the Basic Services that are provided by the Architect pursuant to a written request by the District.

1.1.3 “**Agreement**” shall mean this document and all its identified exhibits, attachments and amendments.

1.1.4 “Architect” shall mean the architectural firm listed in the first paragraph of this Agreement.

1.1.5 “Architect Consultant” shall mean a person properly qualified and licensed in various aspect of design and construction employed at Architect’s sole expense, pursuant to prior approval from the District, to provide Services for the Project.

1.1.6 “Architect’s Supplemental Instruction” or “ASI” shall mean a small set of drawings which better explains the intent of the design of a building or structure

1.1.7 “As-Built Documents” shall mean the collection of documents assembled and prepared by the Contractor (including, without limitations the As-Built Drawings and specifications, shop drawings, approved changes, RFIs, manuals etc.) showing the condition of the Project as actually built and accepted.

1.1.8 “As-Built Drawings” shall mean the final set of drawings prepared by the Architect that incorporates all changes from all drawings, sketches, details, and clarifications recording all changes from the Bid Set.

1.1.9 “Basic Fee” shall mean the compensation provided to the Architect for providing Basic Services.

1.1.10 “Basic Services” shall consist of (i) the professional design services, including but not limited to landscape and irrigation design, architectural, civil, structural, mechanical, plumbing (including fire sprinklers), acoustical, food service, audio and visual design, electrical services, a SWPPP for the Project, and LEED services as required to complete the Project, (ii) preparing educational specifications for the Project, and (iii) preparing and/or signing documentation required to obtain funding from any program administered by the State..

1.1.11 “Bid” shall mean the written proposal submitted to the District by a Contractor in accordance with the Bid Set for the construction of the Project.

1.1.12 “Bid Set” shall mean the DSA Record Set, the construction contract, general conditions and any other documents included in the bid packages, including but not limited to any addenda, all in a form that District approves and uses to bid the construction of the Project.

1.1.13 “Bidder” shall mean the person or entity submitting a Bid.

1.1.14 “BIM” or “Building Information Modeling” shall mean the process of generating and managing building data during its life cycle. Typically it uses three dimensional, real-time, dynamic modeling software to increase productivity in building design and construction. The process encompasses building geometry, spatial relationships, geographic information, and quality and properties of building components.

1.1.15 “CDE” shall mean the California Department of Education.

1.1.16 “Change Order” or “CO” shall mean a written document between the District and the Contractor that is signed by the District and the Contractor authorizing a change in the work or and adjustment in the contract, or the contract time.

1.1.17 “Change Order Request” or “COR” shall mean a proposed change(s) in contract amount, requirements or time (outside the scope of the construction contract and/or provisions of its changes clause) which becomes a Change Order when approved by the other party (owner or contractor).

1.1.18 “CHPS” shall mean Collaborative for High Performance Schools.

1.1.19 “Construction Budget” shall mean the Construction Cost established by the District representative, as amended by the District in its sole discretion.

1.1.20 “Construction Cost” shall mean, as of acceptance of the Project, the cost of all labor, materials, and fixtures (but not trade fixtures) supplied by the Contractor and subcontractors to construct the Project, including mobilization, demobilization, materials and other costs typically included in this calculation and *excluding* (i) all fees and costs paid to the Architect and any of their consultants, (ii) all costs and expenses of services, reports, information, equipment and materials furnished by the District, (iii) all costs and fees related to off-site improvements, (iv) all costs incurred to remedy any design or construction defects or errors, and (v) any other Project-related costs and fees typically excluded.

1.1.21 “Construction Documents” shall mean those documents which are required for the actual construction of a project, including but not limited to the agreement between the District and the Contractor; complete working drawings and specifications setting forth in detail the work to be done and the materials, workmanship, finishes and equipment required for architectural, structural, mechanical, electrical systems and utility service-connected equipment and site work.

1.1.22 “Construction Manager” shall mean and refers to any professional or consultant retained by the District to plan, direct and coordinate the construction of the Project.

1.1.23 “Construction Document Phase” shall have the meaning set forth in Exhibit B.

1.1.24 “Construction Phase(s)” shall mean individual construction contract packages that are bid separately.

1.1.25 “Constructability Review” shall mean, the review of the design documents to ascertain whether the design of the Project as depicted in the Construction Documents, and the documents themselves: (i) accurately and completely reflects the District’s objectives as explained to the Architect by the District; (ii) are free of errors, omissions, conflicts or other deficiencies so that the Contractors can construct the Project as therein depicted without delays, disruptions, or additional costs.

1.1.26 “Contractor” shall mean the general contractor or any other contractor selected to perform work or services on the Project or any replacement.

1.1.27 “Contractor Payment Application” shall mean a Contractor’s written request for payment for completed portions of the work and for materials delivered or stored by the Contractor.

1.1.28 “Design Bid Build” shall mean a project delivery method defined by the following characteristic – design and construction are separate contracts.

1.1.29 “Design Development Phase” shall have the meaning set forth in Exhibit B.

1.1.30 “District” shall mean the Oxnard School District.

1.1.31 “District Design Standards” shall be the implementation of standard equipment and/or products as determined by the District, into the overall project design.

1.1.32 “District’s Representative” shall mean the Superintendent and/or, Deputy Superintendent, Business & Fiscal Services and/or Director of Facilities, or any authorized designee of those officers.

1.1.33 “DSA” shall mean the Division of the State Architect of the State of California.

1.1.34 “DSA Record Set” shall mean such documents, plans, drawings and specifications submitted to DSA as part of the design phase and stamped and approved by DSA for the Project.

1.1.35 “Educational Specifications” shall mean the interrelated statements that communicate what educators believe is required to support a specific educational program.

1.1.36 “Funding Consultant” shall mean any consultant designated by the District that assists the District in submitting applications for funding from programs administered by the State.

1.1.37 “Guaranteed Maximum Price” or “GMP” shall mean the cost for construction and installation of a project determined by the District and the lease-leaseback entity when the Lease-Leaseback delivery method is used and shall include both the “Estimated GMP” and the “Final GMP”.

1.1.38 “Inspector of Record” or “IOR” shall mean a certified Inspector approved by DSA to inspect work pursuant to the Field Act (California Education Code §17280 *et seq.*) and applicable provisions of the California Code of Regulations. The IOR also serves as the representative of the District to conduct field inspections of the Project during construction.

1.1.39 “Lease-Leaseback” shall mean a project delivery method under which the District leases real property it owns to a lease-leaseback entity and the lease-leaseback entity causes the construction of a facility the District desires on said real property and subleases the facility back to the District, with title to the facility vesting in the District at the end of the term of the sublease, as set forth in California Education Code §17406.

1.1.40 “LEED” shall mean Leadership in Energy and Environmental Design as administered by the U.S. Green Building Council.

1.1.41 “Modernization/New Construction” shall mean the comprehensive replacement or restoration of virtually all major systems, interior work (such as ceilings, partitions, doors, floor finishes, etc.) and building elements and features.

1.1.42 “MOU” shall mean a memorandum of understanding.

1.1.43 “Notice of Completion” or “NOC” shall mean the legal notice filed with the County Recorder after completion of construction project.

1.1.44 “OPSC” shall mean the Office of Public School Construction of the State of California.

1.1.45 “Phase” when used without the word “Construction” shall mean the various phases of architectural work described in this Agreement.

1.1.46 “Potential Change Order” or “PCO” shall mean is a written document before it has been approved and effected by the contractor and owner.

1.1.47 “Principal(s)” shall mean individual(s) who are participating owners of the Architect and are authorized to act on behalf of the firm.

1.1.48 “Project” shall mean the project described hereinafter in Section 3.

1.1.49 “Project Budget” shall mean the sum total of all monies allocated by the District to defray costs of the work and services related to the Project; including but not limited to professional services, bids for all construction (such as site work, prime contracts, consultants, materials), contingencies and applicable general conditions for each Construction Phase.

1.1.50 “Project Director” shall mean, with reference to the Architect, a licensed, experienced and well trained professional employed by Architect and fully authorized to represent the Architect in all matters related to the Project including but not limited to executing change orders during construction, and to bind the Architect to any commitments made on the Architect’s behalf in connection herewith.

1.1.51 “Project Manager” shall mean the person assigned by the District to supervise the Project. The District will identify the Project Manager(s) for each Project.

1.1.52 “Project Schedule” shall mean the entire series of events necessary to design and construct the Project and encompasses work and services of the Architect, Contractors and other consultants.

1.1.53 “Prolog” shall mean the program/project management software required by the District to maintain, route and issue all design phase documents, construction documents, and close out documents.

1.1.54 “Request for Information” or “RFI” shall mean a written request from a contractor to the District or Architect for clarification or information about the contract documents following contract award.

1.1.55 “SAB” shall mean the State Allocation Board of the State of California.

1.1.56 “Schematic Design Phase” shall have the meaning set forth in Exhibit B.

1.1.57 “Services” shall mean all labor, materials, supervision, services, tasks, and work that the Architect is required to perform hereunder, including Basic Services and those Services reasonably inferred from this Agreement, as further described and clarified in **Exhibit B** hereto, including any Additional Services required of the Architect hereunder.

1.1.58 “SWPPP” shall mean Storm Water Prevention and Pollution Plan.

1.1.59 “Time Impact Analysis” or “TIA” shall mean a simplified analysis procedure typically specified on construction projects to facilitate the award of excusable days to project completion due to delays caused by either the owner or contractor.

1.2 INCORPORATION OF RECITALS, EXHIBITS AND REFERENCED DOCUMENTS The Recitals above and all Exhibits attached to this Agreement, now or hereafter by

agreement of the parties, are incorporated herein by reference and made a part of this Agreement.

SECTION 2

EMPLOYMENT OF ARCHITECT

2.1 EMPLOYMENT OF ARCHITECT. The District hereby retains the Architect, pursuant to California Government Code, Title 1, Division 5, Chapter 10.1 and Section 53060 thereof, to perform, for consideration and upon the terms and conditions set forth herein, all professional architectural and related Services required to complete the Project, as may be hereafter amended in an expeditious, safe and satisfactory manner. The Architect hereby accepts such retention and commits to perform all the professional services required to complete the Project in a professional and conscientious manner in accordance and consistent with the standard of care generally employed by professionals licensed and qualified to perform similar services within the State of California. The Services shall be performed in a safe, expeditious and satisfactory manner, with allowance for periods of time required for (i) the District's review and approval of submissions to the District by the Architect; (ii) review and approval of submissions to those authorities having jurisdiction over the Project, and (iii) the Architect's review of submissions to the Architect from the District, or authorities having jurisdiction over the Project.

2.2 PROJECT DIRECTOR AND OTHER EMPLOYEES. The Architect shall appoint and designate one State of California licensed architect to serve as the Project Director for the Project. The Project Director shall maintain personal oversight of the Project and the Services and shall be the primary contact on the Architect's behalf for all matters related to the Project for which he or she is designated as Project Director. The Project Director shall be vested with full authority to represent and act on behalf of the Architect for all purposes under this Agreement.

2.3 ARCHITECT COVENANT AGAINST CONTINGENT FEES. The Architect warrants and represents that it has not employed or retained any company or person, other than a bona fide employee working solely for the Architect, to solicit or secure this Agreement, and that it has not paid or agreed to pay any company or person, other than a bona fide employee working solely for the Architect, any fee, commission, percentage, brokerage fee, gift, or any other consideration contingent on or resulting from the award or making of this Agreement. For breach or violation of this warranty, the District shall have the right to annul this Agreement without liability, or in its discretion, to deduct from the Basic Fee or otherwise recover, the full amount of such fee, commission, percentage fee, gift, or contingency.

SECTION 3

THE PROJECT

The Project consists of such works of new construction, modernization and/or improvement that require services to be provided by Architect described more fully on Exhibit A.

SECTION 4

SERVICES

4.1 BASIC SERVICES. The Basic Services, deliverables and submittals required under this Agreement are described in **Exhibit C**. The Basic Services are divided into Phases, such as planning programming phase, schematic phase, etc. to facilitate the completion of each set of services during specified times established under the Project Schedule.

4.2 GENERAL PROVISIONS CONCERNING BASIC SERVICES

4.2.1 Employment of Personnel. The Architect shall employ, at its own cost and expense, any and all personnel needed to perform the Services. Architect must identify all personnel that will perform work at any District site and must obtain fingerprinting clearance from the District. Architect agrees to reallocate any personnel whose work is unsatisfactory to the District. Architect shall at all times be solely responsible for the compensation, benefits, tax deductions, insurance or other requirements of any laws applicable to its personnel.

4.2.2 Employment of Architect Consultant(s). For services not provided directly by the Architect, the Architect shall employ, at its own cost and expense, any and all needed Architect Consultant(s) to perform the services hereunder. Architect Consultant(s) retained by the Architect in the performance of this Agreement shall be licensed to practice in their respective professions where required by law. The Architect Consultant(s) will be required to show evidence of a policy of professional liability and/or project insurance that satisfies the requirements of Section 11.2 hereinafter.

4.2.3 The Architect shall remain at all times primarily responsible for the adequate performance of each service and said employment of the Architect Consultants shall not relieve the Architect from administrative or other responsibility under law or this Agreement. Architect shall be responsible for the coordination and cooperation of the Architect Consultants. The Architect's Consultant(s) may include but are not limited to designers and engineers for the structural, electrical, mechanical, plumbing (including fire sprinklers), landscaping, audio and visual, food service, acoustical, theatrical, and civil portions of the Project. Prior to entering into any consulting agreement and prior to authorizing any consultant(s) to perform any services on the Project, the Architect shall submit a written request for approval to District. The request shall include the names of the Architect Consultant firms proposed for the Project and shall identify the key personnel of each Architect Consultant's firm. The District shall have the discretion to reject any proposed firm and/or personnel. If the proposed firm and/or personnel is rejected, the Architect may perform the Services at issue, if qualified to do so, or may propose an alternate acceptable to District.

4.2.4 Cooperation with District and Other Consultants. The Architect and its Consultant (s) shall confer and cooperate with District, the Project Manager, and other District consultants, if any, in all matters and activities as related to this Agreement and each Project.

4.2.5 Project Management Software. The project may be managed through a project management software from design through closeout. Architect will utilize the software as required by the District.

4.2.6 Corrections to Construction Documents and Other Deliverables. The Architect shall revise the Construction Documents as needed to incorporate any and all change orders and other necessary modifications required due to negligent acts or any errors or omissions by the Architect or the Architect Consultants. The Architect shall also provide any modifications to any deliverables required under **Exhibit C** if such modifications become necessary due to any errors or omissions of the Architect or the Architect Consultants.

4.2.7 Minutes of Progress Meetings. The Architect will note discussions during progress meetings concerning any Services and will provide a draft copy of the minutes.

4.2.8 Independent Reviews; Audits. Each Project shall at all times be subject to independent reviews conducted by the District or any other person selected by the District, including but not

limited to Constructability Review and audits. Such reviews may include inspection of any work, documents or services related to the Project. The Architect shall cooperate with these reviews, including preparing written responses to written or verbal comments, and incorporating changes to the Construction Documents based on such comments. If the Architect does not deem that a comment requires a change, the Architect shall so state in a written response to the comment providing reasons why no change should be implemented. If District nevertheless directs the Architect to implement the requested change, the Architect will do so unless the change would result in a violation of applicable laws or requirements.

The scope of the Architect's obligations during Constructability Review includes without limitation written confirmation, in form and content satisfactory to the District, that (a) requirements noted in the design documents are consistent with and conform to District requirements; and (b) there are no errors, omissions or deficiencies in the Construction Documents that a reasonable Architect using skill and diligence standard in the profession would have detected and corrected prior to submission of the Construction Documents.

4.2.9 Independent Cost Estimates. The District shall have the right, but not the obligation to obtain independent cost estimate(s) conducted by an estimator designated by the District and at the expense of the District. The Architect shall be available to answer the estimator's questions regarding the design and attend meetings with the estimator to reconcile the Architect's required estimates with any independent estimator's estimate.

4.2.10 Inspection of Records; Familiarity with Site and Project. The Architect shall be solely responsible for researching and analyzing all records of the existing improvements and the proposed Project, identifying all District held record documents concerning each portion of the Project, conducting site visits and familiarizing itself with the conditions of the structure(s) and location(s) in which it is providing Services. It is required that the Architect will visit each site prior to design completion to validate existing conditions and record plans of existing buildings and site utilities.

4.2.11 Construction Delivery Methods: Lease-Leaseback. The District may at its discretion enter into Lease-Leaseback pre-construction services and construction contracts for the Project. The Architect will work cooperatively with the Lease-Leaseback contractor during the performance of its pre-construction service phase to implement value engineering, BIM and constructability recommendations.

4.2.12 Funding Applications and Approvals. The Architect shall assist the District with any and all funding applications and submittals for any program administered by the State or other entities. Architect may be required to prepare, sign and submit applications and documents to various entities such as DSA, OPSC, CDE, and the U.S. Green Building Council. The Architect's duties shall include the preparation and submittal of application(s), plans and specifications, and any supplemental funding applications (such as CHPS, CDE, as well as OPSC and others as may be required). The Architect shall respond timely to review comments and work cooperatively with the District's Funding Consultant to achieve any and all submittal deadlines.

4.2.13 District Design Standards. The Architect shall be responsible for implementing all District Design Standards issued to the Architect by the District into the overall project design. Design standards include but are not limited to equalization standards, furniture, fixture and equipment standards, maintenance standards, data and technology standards, security intrusion and video surveillance standards.

4.2.14 Storm Water Prevention and Pollution Plan (SWPPP). The Architect shall be responsible for all designs and permitting, excluding fees, as it relates to the SWPPP plans and specifications for the Project. Responsibility also includes the preparation of plans, specifications, and any other requirements needed to obtain the **required regulatory approvals and permits.**

4.2.15 Changes. The Architect shall revise the Construction Documents as needed to incorporate any and all change order requests, potential change orders, supplementary instructions and other necessary modifications. The Architect is responsible for obtaining DSA approval for all changes.

4.2.15.1 Changes Required to Meet Construction Budget. If the lowest responsible bid exceeds one hundred ten percent (110%) of the Construction Budget, Architect shall revise the scope of the project for re-bidding at no additional expense to the District. The District shall approve or disapprove, in its sole discretion, all proposed changes to the scope intended to effect cost reduction and no such changes shall be effective until approved by the District.

4.2.17 Deliverables. Unless otherwise agreed to in writing, Architect shall produce the deliverables identified on **Exhibits C & D.**

4.3 ADDITIONAL SERVICES

4.3.1 Architect Additional Services. Additional Services for any Project will require written request or pre-authorization in writing by the District following specific approval of such services by the Board of Trustees. If Additional Services result in a modification of the Basic Fee, then the Architect shall be paid for such additional services as part of the payment for the Basic Fee. All other Additional Services shall be paid by the District as provided in Section 5.2, Compensation for Additional Services. It is understood and agreed that if the Architect performs any services which it claims are Additional Services without receiving prior written approval from the District Board of Trustees, the Architect shall not be paid for such claimed Additional Services.

4.3.2 The following services are not Basic Services under this Agreement and are to be considered Additional Services:

4.3.2.1 Revisions and changes requested by the District to be made to drawings, specifications or documents previously approved by the District prior to awarding the construction contract, provided that such changes are not (i) required to make the documents compliant with original design requirements, (ii) revisions that should have been implemented during design, (iii) necessary to comply with applicable laws, rules, or regulations, or (iv) revisions required under Section 4.2.15.1.

4.3.2.2 Services for repairs of damages to the Project resulting from third-party actions or unforeseen conditions or circumstances not the result of negligence or errors or omissions of the Architect or the Architect Consultants, including but not limited to repairs necessary due to damage caused by fire, flood or other unforeseen conditions not the result of negligence or errors or omissions of the Architect or the Architect Consultants.

4.3.2.3 Additional Services required due to (i) the termination, delinquency or insolvency of the Contractor, or (ii) a default of the Contractor that does not arise directly from the negligence or errors or omissions of the Architect or the Architect Consultants.

4.3.2.4 Any of the following if directed by the District in writing: (i) the employment of specialty consultants not listed in the Architect's Basic Services, and (ii) the preparation of special delineations and models of facilities not included in the original Project.

4.3.2.5 Contract administration services performed more than 90 days after the original construction contract completion date, except when such delay is caused in whole or in part by the negligence or errors or omissions or willful misconduct of the Architect or the Architect Consultants.

SECTION 5
ARCHITECT'S COMPENSATION & PAYMENT SCHEDULE

5.1 COMPENSATION FOR BASIC SERVICES

5.1.1 Compensation Description. The Architect shall perform the Basic Services in exchange for compensation equal to the Basic Fee of:

Three Hundred Seventy-Nine Thousand Six Hundred Eighty-Two Dollars and No Cents
(\$379,682.00)

If the Project is divided into Construction Phases, the Architect shall allocate the Basic Fee over the Construction Phases and the allocation shall be in rough proportion to the Construction Budget for the Project with consideration given to the size and complexity of each Construction Phase. It is agreed that, as long as the Architect performs the Services for the Project or Construction Phase in a timely manner, in compliance with the provisions of this Agreement and to the satisfaction of the District, payments of the Basic Fee for each Project or Construction Phase shall be made by the District, upon approval by the District of deliverables described in **Exhibits C & D**, and approval of invoices satisfactory to the District, in amounts not to exceed the percentages for each Phase as set forth in the following Table:

Architectural Phases		
1	Project Initiation Phase	2.0%
2	Development of Architectural Program	2.0%
3	Schematic Design Phase	10.0%
4	Design Development Phase	17.0%
5	Construction Documents Phase	40.0%
6	Bidding Phase	2.5%
7	Construction Phase	20.0%
8	Project Close Out Phase	6.5%
Total Basic Fee		100.0%

5.1.1.1 Invoices. Invoices may be submitted at the end of each phase in the Table above or as a monthly progress billing per each phase, except that the construction administration phase can be billed as progress in proportion to the certified completion of construction, rounded to the nearest whole percent, as determined by the District.

5.1.1.2 Close-Out Phase. The remainder of the Basic Fee shall be paid to Architect upon satisfactory completion of all Services identified as Close Out Phase on **Exhibit C**, provided that payment will be made as follows: (i) three percent (3%) will be

paid after the submission by the Architect of the Verified Report (described on **Exhibit C**) to DSA; and (ii) three and one-half percent (3.5%) will be paid after receipt by the District of final DSA certificate and verification that all fees due to the Architect's Consultants providing Services in connection with this Agreement have been paid.

5.2 COMPENSATION FOR ADDITIONAL SERVICES

5.2.1 Fees negotiated for Additional Services pursuant to 4.3.2.1 that result in a change in the scope of the Project or Basic Services shall be processed as an amendment to the Basic Services and Basic Fee, subject to the approval of District's Board of Trustees.

5.2.2 All other fees for Additional Services may be negotiated on a fixed fee or time and materials basis.

5.3 DISPUTED AMOUNTS. In the event of any good faith dispute concerning a particular payment or a portion of a payment under this Agreement, pursuant to Section 3320 of the California Civil Code, the District shall have the right to do either of the following: (i) make such disputed payment to the Architect without prejudice to the District's right to contest the amount so paid; or (ii) withhold up to 150% of the disputed amounts. If the District withholds amounts invoiced by the Architect, the District will notify the Architect in writing of the reasons for the withholding. From and after the date such notice is given, the District and the Architect shall use their good faith efforts to resolve the dispute as quickly as practicable under the circumstances. If the District has given such notice, the Architect shall not be entitled to terminate this Agreement or suspend Services hereunder on account of such nonpayment, provided the District makes payment for all undisputed sums. If the District chooses to withhold payments under clause (ii) of this Section and if it is subsequently determined that the District owes an additional payment to the Architect, the District shall pay such amount to Architect. If the District chooses to proceed under clause (i) of this Section and it is subsequently determined that the District overpaid the Architect, the Architect shall promptly refund to the District the amount of such overpayment.

5.4 COMPENSATION FOR REIMBURSABLE SERVICES

5.4.1 PRIOR APPROVAL. The District will not be obligated to pay for any service(s) performed or cost incurred by the Architect without prior written authorization by the District. The following will not be reimbursed under this Agreement:

5.4.2 REIMBURSABLE EXPENSES. The EXCLUSIVE list of reimbursable expenses is set forth below. Claims for reimbursable expenses shall be documented by appropriate invoices and supporting receipts. The Architect may be reimbursed for those reasonable out-of-pocket expenses set forth below that are incurred and paid for by the Architect or the Architect Consultant in furtherance of performance of its obligations under this Agreement, but only to the extent that such expenses are directly related to Services satisfactorily completed, are approved by the District in writing and in total do not exceed two percent (2%) of the Basic Fee.:

5.4.2.1 Travel and Mileage. Architect must request the travel in writing and justify why the travel should be reimbursed. Travel expenses must be approved in writing by District, in its sole discretion. Trips from any Architect's office or Architect Consultant's office to the Project site(s) or to the District's office will not be approved for reimbursement.

5.4.2.2 Reimbursable Reprographic Services. Print sets or copies requested in writing by the District beyond the quantities required under **Exhibit C**.

5.4.2.3 Fees for Consultants. Fees for consultants hired and paid by the Architect at the written request of District that are not provided as Basic Services.

5.5 INVOICES

5.5.1 Invoices for Architect's Basic Services. Following completion of the Services applicable to each Phase, or agreement by the District to consider an interim invoice, the Architect shall submit an invoice in form and substance satisfactory to the District in an amount not to exceed the amount specified as the portion of the Basic Fee to be paid for that Phase for the Services identified in the invoice.

5.5.1.1 Each invoice must be accompanied by an **Approval Letter** from the District in the form of **Exhibit D**, attached hereto.

5.5.1.2 Progress payments shall not be made at any time during the Bidding Phase. If District withholds any amount following a default, as provided in Section 6 of this Agreement, the Architect shall certify in each subsequent invoice that none of the amounts invoiced represent any portion of the amounts identified for withholding. Withheld amounts shall be paid as specified on the notice from the District informing the Architect that the District elects to exercise its right to withhold payment following an Architect default, if any.

5.5.2 Invoices for Additional Services. Except for Additional Services that are incorporated into the Basic Fee, payments for Additional Services, shall be made monthly after approval by the District's Board of Trustees. The Architect's invoice shall be clearly marked "Request for Payment for Additional Services." Each invoice shall be accompanied by receipts and adequate supporting information. As required by Section 3320 of the California Civil Code, payment on a properly submitted, fully supported and documented invoice will be due within thirty (30) days of the date all required supporting information is received by District.

5.5.3 Invoices for Reimbursable Expenses. Payments for Reimbursable Expenses, if any, shall be made monthly, unless otherwise specified within the reimbursable expense authorization. The Architect's invoice shall be clearly marked "Request for Payment of Reimbursable Expenses." Each invoice shall be accompanied by receipts and adequate supporting information. As required by Section 3320 of the California Civil Code, payment on a properly submitted, fully supported and documented invoice will be due within thirty (30) days of the date all required supporting information is received by District, unless the District disputes in good faith any portion of the amount claimed by the Architect to be due.

5.5.4 Final Invoice. Upon completion of all Services and delivery of final DSA certification, the Architect shall prepare a final invoice for the remaining amount due, including and separately identifying any amounts withheld by District hereunder. This invoice shall be prominently noted **FINAL INVOICE FOR THE MCAULIFFE SCHOOL MODERNIZATION PROJECT**. The Architect shall provide a final invoice within thirty (30) days of District's notification of receipt of final DSA certification. The District shall pay within forty-five (45) days of approval of final invoice. No deductions shall be made from the Architect's compensation on account of penalty, liquidated damages, or other sums withheld from payments to Contractors, provided the reason for such withholding is not attributable to the fault of the Architect or the Architect Consultants.

5.5.5 Combined Invoices. Invoices for Basic Services, Additional Services and Reimbursable Expenses may be combined on a single invoice provided that the invoice is itemized and follows the instructions above.

SECTION 6

DEFAULT; REMEDIES; SUSPENSION AND TERMINATION

6.1 TERMINATION BY DISTRICT

6.1.1 For Cause. The District may terminate all or any portion of this Agreement or the Services for cause in the event of an Architect Default. This termination shall be effective if with respect to any monetary Architect Default, the Architect fails to cure such default within fifteen (15) calendar days following issuance of written notice thereof by the District and with respect to any non-monetary default for which no time period for cure is otherwise specified below, the Architect fails to cure such default within thirty (30) calendar days following issuance of written notice thereof by the District, or if the cure by its nature takes longer, fails to commence such cure within thirty (30) calendar days from the date of issuance of the notice and diligently prosecute such cure to the satisfaction of the District. If the District does not terminate, the District will have the right to withhold monies otherwise payable to the Architect until completion of all Services. If the District incurs additional costs, expenses or other damages due to the failure of the Architect to properly perform pursuant to this Agreement, those costs, expenses or other damages shall be deducted from the amount payable to the Architect. If the amount payable to the Architect exceed the amounts withheld, the balance will be paid to the Architect upon completion of all Services. If the costs, expenses or other damages incurred by the District exceed the amounts withheld, the Architect shall be liable to District for the difference and the Architect shall promptly pay the District such difference. The provisions of this Paragraph 6.1.1 are in addition to, and not a limitation upon, any other rights and remedies of the District under law or in equity and shall survive the termination of this Agreement.

6.1.2 For Convenience. The District may terminate, abandon or suspend performance of this Agreement for convenience and without cause at any time upon thirty (30) days written notice to the Architect, in which case the District will pay the Architect as provided in Section 5 for all Services and authorized Additional Services actually performed, and all authorized Reimbursable Expenses actually incurred and paid, under and in accordance with this Agreement, up to and including the date of termination; provided that such payments shall not exceed the percentage amounts specified as compensation for the Phases of the Services completed, plus any Additional Services and Reimbursable Expenses completed prior to termination, unless the District at its sole discretion determines that demobilization or other compensation is appropriate. After a notice of termination is given, the Architect shall submit to the District a final claim for payment, in the form and with certifications prescribed by the District. Such claim shall be submitted promptly, but in no event later than forty (40) calendar days after the Termination Date specified on the notice of termination.

Such payment shall be the Architect's sole and exclusive compensation and the District shall have no liability to the Architect for any other compensation or damages, including without limitation, anticipated profit, prospective losses, legal fees or costs associated with legal representation or consequential damages, of any kind.

6.1.3 Temporary Suspension of Services. If the Services are suspended in whole or in part by the District for less than one hundred twenty (120) consecutive calendar days, and notice to that

effect was provided to the Architect prior to the suspension of the Services, the Architect shall complete any remaining Services in accordance with the terms herein as in existence at the time of suspension and the Architect shall not be entitled to additional compensation. If one hundred twenty (120) consecutive calendar days or more have elapsed before the Services are resumed, the Project's Schedule shall be adjusted and the Architect's compensation shall be equitably adjusted to provide for expenses incurred in the resumption of the Services.

6.2 ARCHITECT DEFAULT. The occurrence of one or more of the following events shall constitute an "Architect Default" under this Agreement:

6.2.1 Inability to pay debts and Failure to Pay Architect Consultants. At any time prior to the expiration or termination of this Agreement, the Architect is unable to pay its debts in the ordinary course of business as they come due, including but not limited to failure to pay, when due, invoices from Architect Consultants providing services in connection with this Agreement.

6.2.2 Assignment for the benefit of creditors. An assignment for the benefit of creditors is made by, or any bankruptcy, reorganization (in connection with a debtor relief proceeding), receivership, moratorium or other debtor relief proceedings are commenced by or against the Architect, and the same is not discharged within ninety (90) days of commencement.

6.2.3 False or misleading. Any representation or warranty made by the Architect in this Agreement or in connection with any Services proves to be false or misleading in any material respect.

6.2.4 Failure to Provide Acceptable Design. The Architect's failure to provide a functional design that can be built within 110% of the approved Construction Budget in accordance with industry standards.

6.2.5 Defective Services; Errors or Omissions; Failure to Perform. The Architect or the Architect Consultant (a) provides defective services, including any deficiencies due to errors or omissions, or (b) fails to deliver Services in a timely manner; or (c) causes any delays for any reason, including providing defective Services; or (d) fails to perform any obligations under this Agreement (including, without limitation, failure to supply sufficient skilled personnel or suitable materials or equipment or failure to adhere to the Project Schedule).

6.2.6 Willful violation. The District determines that (a) the Architect is willfully violating any conditions or covenants of this Agreement or the Contract Documents, or (b) the Architect is executing Services in bad faith or not in accordance with terms hereof.

6.2.7 Failure to Cooperate with DSA. Failure to comply with DSA requirements or to submit documents at any pre-scheduled times in accordance with the MOU Process will constitute an automatic default.

6.2.8 Unapproved Assignment. The Architect attempts to assign this Agreement or any Services hereunder without prior written approval from the District.

6.2.9 Disregard of District Authority or Direction. The Architect disregards the authority of the District or fails or refuses to perform any reasonable act or service requested by the District hereunder.

6.2.10 Violation of Applicable Law. The Architect violates any applicable law, statute or governmental regulation in connection with any Services or this Agreement.

6.2.11 Failure to Maintain Errors and Omissions Insurance. The Architect fails to maintain the insurance required pursuant to Section 11.2 herein.

6.3 DISTRICT REMEDIES

6.3.1 General Remedies. If an Architect Default occurs under this Agreement, the District may exercise any right or remedy it has under this Agreement, or otherwise available at law or equity, and all of the District's rights and remedies shall be cumulative.

6.3.2 Withholding Payment. If an Architect Default occurs, the District's obligation to disburse further funds to the Architect pursuant to this Agreement may be terminated or suspended by the District, in its sole discretion. In connection with any Architect Default, the District may withhold all or a portion of any payments then or thereafter due to the Architect until the Architect cures any and all defaults to the satisfaction of the District.

6.3.3 Stop Work. Upon the occurrence of an Architect Default, the District may, at its sole and absolute discretion, order the Architect in writing to stop work on the Services, or any portion thereof, until the Architect Default has been cured. The Architect shall make best efforts to avoid delays and shall be solely responsible for any additional costs to the Project in connection with such "stop work" order.

6.3.4 Errors & Omissions; Additional Costs. In addition to any other remedy available to the District under this Agreement or under the laws of the State of California, the District may require the Architect to pay all costs incurred by the District to correct any defect and/or deficiency in the design work of the Architect and/or the Architect Consultants, including but not limited to re-design costs, additional services costs for other consultants, costs incurred by the District under any contract or to make alternative arrangements due to delays, litigation costs, and any cost related to the necessary removal of and/or replacement of work or materials. The Architect shall provide any Services requested by the District to correct any such errors or omissions but shall not receive any fee for any work or Services performed in correcting said errors or omissions regardless of whether such errors or omissions result in damages to the District or delays to the Project. This remedy applies but is not limited to (i) providing a design that fails to serve its purpose when constructed in accordance with industry standard for the particular Project, or (ii) delays due to Architect's failure to comply with the plan check review process in accordance with the District's MOU with DSA.

6.3.5 Self Help. Upon the occurrence of an Architect Default, the District may, at its sole and absolute discretion, without prejudice to other remedies, correct any deficiencies resulting from the Architect Default. In such case, the District may deduct costs relating to correcting such deficiencies, including, without limitation, compensation for additional services and expenses of a supplemental or replacement architect, design or engineering consultants and other consultants made necessary by such defaults, including services of legal counsel, from payments then or thereafter due to the Architect and may adjust the Basic Fee and any fees for Additional Services accordingly. If the payments then or thereafter due to the Architect are not sufficient to cover the amount of the deduction, the Architect shall pay the difference to the District.

6.3.6 Payment to Consultant. If the Architect Default is due to the Architect's failure to pay, when due, invoices of an Architect Consultant providing Services in connection with this

Agreement, the District shall have the right, but no obligation, to pay the amount invoiced directly to that Architect Consultant from any amounts then due the Architect, provided that the District has accepted the Services to which the invoices refer. The District shall have no further liability to the Architect in connection therewith.

6.4 TERMINATION BY ARCHITECT. The Architect may terminate this Agreement only upon the occurrence of one of the following conditions:

6.4.1 Failure to Pay Undisputed Amounts. The Architect may terminate upon thirty (30) days written notice if the District fails to make any undisputed payment to the Architect when due and such failure remains uncured for forty-five (45) calendar days after written notice to the District.

6.4.2 Long Term Suspension of Project. If the Project on which the Architect is providing Services are suspended or abandoned by the District for more than one hundred twenty (120) consecutive calendar days, the Architect may terminate this Agreement upon ninety (90) calendar days' notice to the District, provided the District does not reactivate the Project within such ninety (90) calendar day period.

6.5 SOLE REMEDY UPON TERMINATION BY ARCHITECT

6.5.1 Payment for Services. In the event of a termination of this Agreement by the Architect in accordance with Section 6.4, the District shall pay the Architect an amount for its Services, Additional Services and Reimbursable Expenses calculated in accordance with Paragraph 6.1.2 of this Agreement. Such payment shall be the Architect's sole and exclusive compensation and the District shall have no further liability or obligation to the Architect for any other compensation or damages, including, without limitation, anticipated profit, prospective losses, business devastation, legal fees or costs associated with legal representation or consequential damages of any kind.

SECTION 7

DUTIES AND LIABILITIES OF DISTRICT

7.1 DUTIES

7.1.1 District's Representative: The District's Representative represents the District in all matters pertaining to the Services. The District's Representative shall cooperate with the Architect in all matters relative to this Agreement in order to permit the performance of the work without undue delay.

7.1.2 Statement of Building Program. The District shall provide full information as to the requirements for and the education program to be conducted in the Project, including budget limitations and scheduling. The Architect shall have the right to rely upon such information unless the Architect knows or should know that the information is inaccurate or incomplete.

7.1.3 Surveys and Tests. The following resources, surveys, and reports shall be made available to the Architect, as required, at the District's expense. The Architect shall be entitled to rely upon such resources, surveys and reports, unless the Architect knows or should know that the information contained therein is inaccurate or incomplete. The Architect must inform the District in writing if any information therein appears to be incorrect or incomplete based upon the Architect's experience, site visits, or knowledge of the Project and the sites.

7.1.3.1 Site Survey. The District shall furnish a legal description and a land survey of the site, giving as known grades and lines of streets, alleys, pavements and adjoining property, rights-of-way, restrictions, easements, encroachments, zoning, deed restrictions, boundaries and contours of the Site.

7.1.3.2 Geologic Hazards Investigation Survey. The District shall have caused to be performed any geological hazards or investigation survey required by State authorities having jurisdiction and make copies available to the Architect for distribution as necessary.

7.1.3.3 Special testing and Inspection. The District shall furnish special testing and inspection services as required by law.

7.1.3.4 Checking and Permit Fees. The District shall pay or cause to be paid all fees required in connection with the Project to government agencies having jurisdiction.

7.1.3.5 Advertising. The District shall pay the cost of any advertisements for bids that may be required.

7.1.3.6 District Inspector. The District shall furnish and provide an Inspector of Record, or Inspectors of Record, as required during the entire course of construction of the Project. Each inspector shall be responsible to and under the direction of the Architect and shall also be responsible to and act in accordance with the policies of the District. The cost of employment of each such Inspector of Record will be borne by District and paid directly to the inspector.

7.1.3.7 Hazardous Material Consultant. Unless the District and the Architect agree that a hazardous materials consultant shall be a consultant of the Architect, the District shall furnish the services of a hazardous material consultant or other consultants only when such services are requested in writing by the Architect and deemed necessary by the District or are requested by the District. These services shall include: asbestos and lead paint survey; abatement documentation; and specifications related to said matters which are to be incorporated into bid documents prepared by the Architect. If the hazardous materials consultant is furnished by the District and not a consultant of the Architect, the specifications shall include a note to the effect that they are included in the Architect's bid documents for the District's convenience and have not been prepared or reviewed by the Architect. The note shall also direct questions about the specifications to its preparer.

7.1.4 District Site Visits. At the discretion of the District, District staff may assist or accompany the Architect in making site visits and observing the work, including the visits described below. Requests for changes or substitutions shall be directed to the District Representative. Orders to the Contractor shall be issued through Architect after approval by the District Representative.

7.1.4.1 Pre-Final Walk-Through. District staff, or any person assigned by the District, may participate in the pre-final walk-through of the Project or any portion thereof and may assist in the preparation of the list of deficiencies required by the Construction Phase portion of the Services, as set forth on **Exhibit C** hereto.

7.1.4.2 Final Site Visit. At the discretion of the District, when notified by the Architect that the construction "punch list" items have been corrected, District staff may accompany the Architect and the Contractor on the final Site visits.

7.1.5 Notice of Defects. If the District observes or otherwise becomes aware of any fault or defect in the Project, or nonconformance with the Construction Documents, the District shall verbally or in writing advise the Architect. However, the District's failure to give such notice shall not eliminate the obligations of the Architect regarding the administration of the construction of the Project or other obligations under the Construction Documents; nor require District to make site visits.

7.1.6 Notice of Completion. When all items are completed to the satisfaction of the District and the Architect, and upon written recommendation of the Architect, District staff shall recommend that the District's Board of Trustees adopt a Notice of Completion.

7.2 LIMITATION ON LIABILITY OF DISTRICT

7.2.1 Other than as specifically provided elsewhere in this Agreement, the District's financial obligations under this Agreement shall be limited to the payment of the compensation provided in this Agreement. Notwithstanding any other provision of this Agreement, in no event shall the District be liable, regardless of whether any claim is based on contract or tort, for any special, consequential, indirect or incidental damages, including, but not limited to, lost profits or revenue, arising out of or in connection with this Agreement for the services performed in connection with this Agreement.

7.2.2 The District shall not be responsible for any damage to persons or property as a result of the use, misuse or failure of any equipment used by the Architect, its employees, agents, consultants, invitees or guests even if such equipment has been furnished or loaned to the Architect by the District.

SECTION 8 PROJECT CONSTRUCTION COST ESTIMATES

8.1 CONSTRUCTION BUDGET. The Construction Budget may be revised at the conclusion of design or other earlier Phase of the Project at the discretion of the District based on input from the Architect.

8.2 ESTIMATED PROJECT CONSTRUCTION COST. The Estimated Project Construction Cost shall be prepared and updated by the Architect as required in **Exhibit C** during each Phase of the Services and shall be subject to District approval. The Estimated Project Construction Cost during each Phase shall under no circumstances exceed the Construction Budget, including a reasonable allowance built in for estimating design contingency. The Architect shall, at no additional cost to the District, incorporate any and all revisions needed to the preliminary studies, schematic drawings, site utilization plans and Construction Documents if at any time the Architect becomes aware that the Estimated Project Construction Cost, as recalculated, will exceed the Construction Budget; provided that this limitation shall not apply to unanticipated cost increases beyond the reasonable control of the Architect.

SECTION 9 PROJECT SCHEDULE

9.1 SCHEDULE

9.1.1 Time for Completion. Time is of the essence and failure of the Architect to perform services on time shall constitute a material breach of this Agreement. It shall not be a material

breach if a delay is beyond the Architect's or Architect Consultant's control as set forth in Section 9.1.4 below. The milestones set forth on the project schedule are binding, unless extended in writing by the District Representative.

9.1.2 Delays. Except as otherwise provided in Section 5.2, the Architect shall not be entitled to any compensation additional to the Basic Fee, damages or any losses incurred in connection with delays due to errors, omissions, intentional or negligent acts of the Architect or the Architect Consultant (including their respective employees or those in a direct contractual relationship with either).

9.1.3 Notice of Delay. The Architect shall immediately notify the District of any delay in: (i) the preparation and/or production of any of the Architect's documents hereunder, (ii) the performance of Services, or (iii) connection with any matter attended to by the Architect or with which the Architect is familiar (whether or not as the result of an act or omission of another).

The Architect shall consult and advise the District in connection with any such delay and its effect on the Project Schedule and shall take such action on the District's behalf as the District may request in accordance with the terms and conditions of this Agreement.

9.1.4 Force Majeure. Neither party will be liable to the other for unanticipated delays or failures in performance resulting from causes beyond the reasonable control of that party, including, but not limited to, acts of God, labor disputes or disturbances, material shortages or rationing, riots, acts of war, governmental regulations, communications or utility failures, or casualties; provided that the delayed party: (i) gives the other party prompt written notice of such cause and (ii) uses its reasonable efforts to correct such failure or delay in its performance. The delayed party's time for performance or cure under this Section will be extended for a period equal to the duration of the cause or sixty (60) days, whichever is less.

SECTION 10

DOCUMENTS OWNERSHIP, LICENSE, COPYRIGHT AND USE

10.1 OWNERSHIP. Pursuant to California Education Code Section 17316 and the requirements of the District, all plans, specifications, original or reproducible transparencies of any drawings and master plans, preliminary sketches, architectural presentation drawings, structural computations, estimates and any other documents prepared pursuant to this Agreement, including, but not limited to, any other works of authorship fixed in any tangible medium of expression such as writings, physical drawings and data magnetically or otherwise recorded in electronic form (hereinafter referred to as the "Project Documents") shall be and remain the property of the District. Although the official copyright in all Project Documents shall remain with the Architect or Architect Consultant, as applicable, the Project Documents shall be the property of the District whether or not the work for which they were made is executed or completed. Within thirty (30) calendar days following completion of the Project, or the earlier termination of this Agreement for any reason, the Architect shall provide to the District copies of all Project Documents then existing. In addition, the Architect shall retain copies of all Project Documents on file for a minimum of ten (10) years following completion of the Project, or the early termination of this Agreement for any reason, and shall make copies available to the District upon the payment of reasonable duplication costs. Before destroying the Project Documents following this retention period, the Architect shall make a reasonable effort to notify the District and provide the District with the opportunity to obtain the documents slotted for destruction.

10.2 REUSE BY DISTRICT. All plans for the Project, including, but not limited to, record drawings, specifications, and estimates prepared pursuant thereto, shall be and remain the property of the District for the purposes of repairs, maintenance, renovations, modernization, or other purposes, only as

they relate to an Assigned Project. Notwithstanding the foregoing, the District may use the plans, record drawings, specifications, or estimates related to an Assigned Project for the purposes of additions, alignments, or other development on the site. The District reserves the right to reuse certain elements, features, details or other project standards in order to incorporate them into other projects within the District.

10.2.1 The plans, designs, copyrights, drawings, studies, specifications, and estimates prepared by the Architect or its Consultants are instruments of service of the Architect. The Architect shall be deemed to be the author of these documents and the Architect shall retain all common law, statutory and other reserved rights, including the copyright thereto. Notwithstanding the foregoing, the documents including, but not limited to, plans, drawings, specifications, record drawings, models, mock-ups, renderings and other documents (including all computer file and/or AutoCAD files) prepared by the Architect or the Architect's Consultants for this Project, shall be and remain the property of the District pursuant to Education Code Section 17316 for the purposes of repair, maintenance, renovation, modernization or other purposes as they related to the Project. The District, however, shall not be precluded from using the Architect's or Architect Consultant's documents enumerated above for the purposes of additions, alignments or other development on the Project site.

10.2.2 Notwithstanding Section 1 above, if the District proposes to reuse the plans prepared by Architect within the District but other than on the Project site, the terms and conditions for the reuse shall be set forth in an Amendment to this Agreement, or other subsequent writing executed by the District and the Architect. However, under any circumstances, in the event of any reuse or modification of the Architect's drawings, specifications or other documents by any other person, firm or legal entity, the Architect shall be given design credit and the names and seals of the Architect and the Architect's consultants, if any, shall first be removed from the Architect's drawings, specifications or other documents.

If the District reuses the plans prepared by the Architect or Architect Consultant and retains another certified architect or structural engineer for the preparation of those plans for the reuse, the District shall indemnify and hold harmless the Architect and Architect Consultant, and their respective agents, and employees, from and against any claims, damages, losses, and expenses, including attorney's fees, arising out of or resulting from, in whole or in part, the reuse.

10.2.3 This Agreement creates a non-exclusive and perpetual license for District to copy, use, modify, reuse, or sublicense any and all copyrights, designs, and other intellectual property embodied in plans, specifications, studies, drawings, estimates, and other documents, or any other works of authorship fixed in any tangible medium of expression, including, but not limited to, physical drawings, data magnetically or otherwise recorded on computer disks, or other writings prepared or caused to be prepared by the Architect pursuant to this Agreement. The Architect shall require any and all subcontractors and consultants to agree in writing that the District is granted a non-exclusive and perpetual license for the work of such subcontractors or consultants performed pursuant to this Agreement.

10.3 COPYRIGHT. The Architect represents and warrants that the Architect has the legal right to license any and all copyrights, designs and other intellectual property embodied in the Construction Documents that Architect prepares or causes to be prepared pursuant to this Agreement. The Architect shall indemnify and hold the District harmless pursuant to the indemnification provisions of this Agreement for any breach of this representation and warranty.

10.4 TECHNOLOGY USED. The Architect shall perform the Services and prepare all documents under this Agreement with the assistance of Building Information Modeling (BIM) and Computer Aided

Design (CAD) (e.g., AutoCAD) or other technology acceptable to the Architect and the District. As to any drawings that the Architect provides in a CAD file format, the District acknowledges that anomalies and errors may be introduced into data when it is transferred or used in a computer environment, and that the District should rely on the hard or PDF, unalterable, copies of all documents.

10.5 DELIVERABLES UPON TERMINATION. Following the termination of any Services, for any reason, or abandonment of all or a portion of the Project, the District may utilize the Construction Documents as it sees fit, subject to the provisions of Section 10.2 above. The Architect shall deliver to the District, in a form acceptable to the District, one hard-copy and two (2) electronic copies of each set of Construction Documents, complete or incomplete, prepared in connection with the Project by the Architect and the Architect Consultants, if any.

10.6 NO REPRODUCTION OR USE BY ARCHITECT OR THIRD PARTIES. After completion of the Project, or earlier termination of the Services, the Architect shall not use the Construction Documents for any purpose without District's prior written consent. In addition, the Architect shall not permit reproductions to be made of any Construction Documents without the approval of the District and shall refer all requests by other persons to the District.

SECTION 11

INDEMNIFICATION AND INSURANCE

11 INDEMNIFICATION. INDEMNITY AND LITIGATION COSTS. To the fullest extent permitted by law and in conformity with California Civil Code Section 2782.8, Architect agrees that it will indemnify, defend and hold the District, the District's Representative, and their respective Board members, directors, officers, employees, agents and authorized volunteers (the "Indemnitees") entirely harmless from all claims that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Architect, its officers, employees, consultants, subconsultants or agents.

11.1.2 The Architect's obligation to indemnify does not include the obligation to defend actions or proceedings brought against the Indemnitees but rather to reimburse the Indemnitees for attorney's fees and costs incurred by the Indemnitees in defending such actions or proceedings brought against the Indemnitees to the extent such actions or proceedings arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Architect, its officers, employees, consultants, subconsultants or agents, but not to the extent of loss, injury, death or damage caused by the negligence or willful misconduct of District or of other third parties for which the Architect is not legally liable.

11.1.3 Survival of Indemnities. The provisions of this Section shall survive the termination of this Agreement.

11.2 INSURANCE. Without in any way affecting the indemnity provided in or by Section 11.1, before commencement of any Services, the Architect and each Architect Consultant shall procure and maintain at its own cost and expense for the duration of the Services, and longer as required by the District against claims for injuries to persons or damages to property which may arise from or in connection with the Services, the types and amounts of insurance set forth herein.

11.2.1 Minimum Limits of Insurance. The Architect and each Architect Consultant shall procure and maintain the types and amounts of coverage as follows:

11.2.1.1 Commercial General Liability Insurance with a limit of not less than \$2,000,000 each occurrence for bodily injury, personal injury and property damage/\$4,000,000 annual aggregate.

11.2.1.2 Automobile Liability Insurance Minimum of \$1,000,000 limit each accident.

11.2.1.3 Professional Liability (Errors and Omissions) Insurance with a limit not less than \$2,000,000 per claim and \$2,000,000.00 in the annual aggregate.

11.2.1.4 Workers' Compensation Insurance as required by the State of California (Division IV of the California Labor Code, and any amendatory acts or provisions thereto).

11.2.1.5 Employer's Liability Insurance in an amount not less than \$1,000,000 per accident for bodily injury or disease.

11.2.2 Minimum Scope of Insurance.

11.2.2.1 Commercial General Liability insurance shall be written on Insurance Services Office form CG 0001 (or a substitute form providing coverage at least as broad) and shall cover liability arising from bodily injury and property damage (broad form property damage), premises, operations, independent contractors, products-completed operations, personal injury and advertising injury liability (including the tort liability of another assumed in a business contract), contractual liability with respect to this Agreement, explosion, collapse and underground hazards.

11.2.2.2 Automobile Insurance, if applicable, shall cover liability arising out of any automobiles (including owned, hired and non-owned automobiles). Coverage shall be written on Insurance Services Office form CA 0001, or a substitute form providing liability coverage at least as broad. The policy may require deductibles acceptable to the Director of Risk Management of the District, but not self-insured retention without written approval from District.

11.2.2.3 If the Professional Liability Insurance policy is written on a claims made basis, it shall be maintained continuously for a period of no less than three (3) years after Final Completion of the Project to which it applies.

11.2.3 Valuable Document Insurance: The Architect shall carry adequate insurance on all drawings and specifications as may be required to protect District in the amount of its full equity in those drawings and specifications, and shall file with District a certificate of that insurance. The cost of that insurance shall be paid by Architect.

11.2.4 Content and Endorsements: Each policy must contain, or be endorsed to contain, the following provisions:

11.2.4.1 The Commercial General Liability policy shall name District, its Board of Trustees and each member thereof, its officers, employees, agents, and designated volunteers as named additional insureds ("Additional Insureds"). The coverage shall contain no special limitations on the scope of protection afforded to the Additional Insureds. Coverage shall be primary and not contributory with respect to the Additional Insureds. Any insurance or self-insurance maintained by the Additional Insureds shall be in excess of the Architect's insurance and shall not contribute with it.

11.2.4.2 With respect to the Commercial General Liability policy and Professional Liability policy the insurers shall agree to waive all rights of subrogation against District, its Board of Trustees and each member thereof, its officers, employees, agents, and volunteers.

11.2.4.3 Each insurance policy required by this Agreement shall be endorsed to state that coverage shall not be suspended, voided, reduced or canceled except after thirty (30) days prior written notice has been given to the District by the carrier. In the case of cancellation for non-payment, ten (10) days notice is acceptable. Qualified statements such as carrier "will endeavor" or that "failure to mail such notice shall impose no obligation and liability upon the company" shall not be acceptable.

11.2.4.4 The insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

11.2.5 General Insurance Matters: All insurance coverage required under this Agreement shall:

11.2.5.1 Be issued by insurance companies admitted to do business in the State of California, with a financial rating of at least an A:VII as rated in the most recent edition of Best's Insurance Reports. Architect shall notify District in writing if any of its insurer(s) have an A.M. Best rating of less than A:VII. At the option of District, either 1) District can accept the lower rating; or 2) the Architect or Architect Consultant shall be required to procure insurance from another insurer.

11.2.5.2 Except for professional liability policies, all insurance required by this Section shall contain standard separation of insureds provisions. In addition, such insurance shall not contain any special limitations on the scope of protection afforded to the District, its directors, officials, officers, employees and agents.

11.2.5.3 The Architect or Architect Consultant, as applicable, shall promptly notify the District of any materials change in the coverage, scope, or amount of any policy.

11.2.5.4 Except for professional liability policies for which primary coverage is not available, all such insurance shall be primary insurance. Any insurance of the District shall be excess coverage for benefit of the District only and non-contributory.

11.2.5.5 At all times while this Agreement remains in effect, the Architect and the Architect Consultant shall maintain on file with the District valid and up to date certificates of insurance showing that the required insurance coverage is in effect in not less than the required amounts. If not contained on the face of the policy, endorsements signed by a person authorized by the insurer to bind coverage on its behalf, shall be separately provided. Each policy endorsement, copy, or a certificate of the policy executed by the insurance company, and evidence of payment of premiums for each policy shall be deposited with the District within twenty-one (21) days of execution of this Agreement and prior to the commencement of services, and on renewal of the policy, not less than twenty (20) days before the expiration of the term of the policy.

11.2.5.6 If the Architect fails to provide or maintain the required insurance, the District may, at its sole and absolute discretion, obtain such insurance at the Architect's expense and deduct the premium from any fees or reimbursable expenses subsequently invoiced by the Architect.

11.2.5.7 Any deductibles or self-insured retentions in excess of \$100,000 must be declared to the District and must be reduced to a level deemed acceptable by the District in writing. The Architect agrees that, at the option of the District, it will either: (A) arrange for the insurer shall reduce or eliminate such deductibles or self-insured retentions with respect to the District, its directors, officials, officers, employees and agents; or (B) procure a bond guaranteeing payment of losses and related investigation costs, claims and administrative and defense expenses.

SECTION 12

DISPUTE RESOLUTION

12 **RESOLUTION OF CLAIMS.** Claims shall be resolved by the parties in accordance with the provisions of this Section 12. All Claims shall be subject to the “**Claims Resolution Process**” set forth in this Section 12, which shall be the exclusive recourse of the Architect and the District for determination and resolution of Claims. For purpose of this Section 12, a “**Claim**” shall mean, a written demand or assertion by the District or the Architect seeking, as a matter of right, an interpretation of contract, disputed payment of money, recovery of damages or other relief. A Claim does not include the following: (i) penalties or forfeitures prescribed by statute or regulation imposed by a governmental agency; (ii) tort claims for personal injury or death; (iii) false claims liability under California Government Code Section 12650, et seq.; (iv) physical defects in the Construction first discovered by the District after final payment by the District to a Contractor; (v) stop notices; or (vi) the right of the District to specific performance or injunctive relief to compel performance.

12.1 **RESOLUTION OF OTHER DISPUTES.** Disputes between the District and the Architect that do not constitute Claims shall be resolved by way of an action filed in the Superior Court of the State of California, County of Ventura, and shall not be subject to the Claims Resolution Process.

12.2 **SUBMISSION OF A CLAIM**

12.2.1 **By the Architect.** The Architect’s right to commence the Claims Resolution Process shall arise upon the District’s written response denying all or part of a Claim. The Architect shall submit a written statement of dispute to the District within fourteen (14) calendar days after the District rejects all or a portion of the Architect’s Claim. Failure by the Architect to timely submit its statement of dispute shall result in the decision by the District on the Claim becoming final and binding. The Architect’s statement of dispute shall be signed by a Principal of the Architect and shall state with specificity the events or circumstances giving rise to the Claim, the dates of their occurrence and the asserted effect, if any, on the compensation due or time of performance obligations of the Architect under this Agreement (the “Statement of Dispute”). Such Statement of Dispute shall include adequate supporting data to substantiate the disputed Claim. Adequate supporting data for a Claim relating to an adjustment of the Architect’s obligations relative to time of performance shall include a detailed, event-by-event description of the impact of each delay on the Architect’s time for performance. Adequate supporting data for a Statement of Dispute involving the Architect’s compensation shall include a detailed cost breakdown and supporting cost data in such form and including such detailed information and other supporting data as required to demonstrate the grounds for, and precise amount of, the Claim.

12.2.2 **By the District.** The District’s right to commence the Claims Resolution Process shall arise at any time following the District’s actual discovery of the circumstances giving rise to the Claim. Nothing contained herein shall preclude the District from asserting Claims in response to a

Claim asserted by the Architect. A Statement of Claim submitted by the District shall state the events or circumstances giving rise to the Claim, the dates of their occurrence and the damages or other relief claimed by the District as a result of such events.

12.3 CLAIMS RESOLUTION PROCESS. The parties shall utilize each of the following steps in the Claims Resolution Process in the sequence they appear below. Each party shall participate fully and in good faith in each step in the Claims Resolution Process, which good faith effort shall be a condition precedent to the right of each party to proceed to the next step in the Claims Resolution Process.

12.3.1 Direct Negotiations. Designated representatives of the District and the Architect shall meet as soon as possible (but not later than forty-five (45) calendar days after the Statement of Dispute is given) in a good faith effort to negotiate a resolution to the Claim. Each party shall be represented in such negotiations by an authorized representative with full knowledge of the details of the Claim or defenses being asserted by such party, and with full authority to resolve such Claim then and there, subject only to the District's right and obligation to obtain Board of Trustees' approval of any agreed settlement or resolution. If the Claim involves the assertion of a right or claim by a Contractor or Architect Consultant against the Architect that is in turn being asserted by the Architect against the District, then such Contractor or Architect Consultant shall also have a representative attend such negotiations, with the same authority and knowledge as just described. Upon completion of the meeting, if the Claim is not resolved, the parties may either continue the negotiations or either party may declare negotiations ended. All discussions that occur during such negotiations and all documents prepared solely for the purpose of such negotiations shall be confidential and privileged pursuant to California Evidence Code Sections 1119 and 1152.

12.3.2 Deferral of Agreement Disputes. Following the completion of the negotiations required by the preceding paragraph, all unresolved Claims shall proceed to Mediation as set forth in the succeeding paragraph entitled "Mediation." The Parties hereto may mutually agree to postpone continuing the Claims Dispute Resolution until the earlier of: (i) the completion of the Scope of Services hereunder or, (ii) the termination of the services. In the event Claims are deferred, the Claims shall be consolidated within a reasonable period of time after completion of the Scope of Services herein and pursued to resolution through the Claims Dispute Resolution Process. Pending final resolution of any Claim, the Architect shall proceed diligently with the performance of its Scope of Services and the District shall continue to make payments for those services that are not part of the Claim set forth herein in accordance with the terms of this Agreement.

12.3.3 Mediation. If the Claim remains unresolved after direct negotiations pursuant to Paragraph 12.3.1, the parties agree to submit the Claim to non-binding mediation before a mutually acceptable third party mediator prior to commencement of any lawsuit or court action.

12.3.3.1 Qualifications of Mediator. The parties shall endeavor to select a mediator who is a retired judge or an attorney with at least five (5) years of experience in public works construction contract law and in mediating public works construction disputes.

12.3.3.2 Submission to Mediation and Selection of Mediator. The party initiating mediation of a Claim shall provide written notice to the other party of its decision to mediate. In the event the parties are unable to agree upon a mediator within ninety (90) calendar days after such written notice is given, then the parties shall submit the matter to the Superior Court of the County of Ventura to select a mediator in accordance with the qualifications herein and the applicable law.

12.3.3.3 Mediation Process. The location of the mediation shall be at the offices of the

District, or otherwise mutually agreed. The costs of mediation shall be shared equally among all parties participating. All discussions that occur during the mediation and all document presentations prepared solely for the purpose of the mediation shall be confidential and privileged pursuant to California Evidence Code Sections 1119 and 1152.

12.3.4 Litigation. If the Claim remains unresolved after direct negotiations and mediation, either party may commence an action in the Superior Court of the County of Ventura. The Architect hereby submits to the jurisdiction of said court.

12.4 NON-WAIVER OR RELEASE. Participation in the Claims Resolution Process shall not constitute a waiver, release or compromise of any defense of either party.

SECTION 13 **NOTICES**

13 NOTICES. All notices, demands, or requests to be given under this Agreement shall be given in writing and conclusively shall be deemed received when received in any of the following ways: (i) on the date delivered if delivered personally; (ii) on the date sent if sent by facsimile transmission and confirmation of transmission is received; and (iii) on the date it is accepted or rejected if sent by certified mail. All notices, demands or requests shall include the name of this Agreement and be addressed to the parties as follows:

TO DISTRICT:

Oxnard School District
Attn: Karling Aguilera-Fort - Superintendent
1051 South A Street
Oxnard, CA 93030

TO ARCHITECT:

IBI Group
Attn: Craig Atkinson - Principal Architect
315 West 9th Street, Suite 600
Los Angeles, CA 90015

SECTION 14 **REPRESENTATIONS OF THE ARCHITECT**

14.1 REPRESENTATIONS OF THE ARCHITECT. By executing this Agreement, and hereafter each and every time this Agreement is amended, the Architect makes each of the following covenants and representations.

14.1.1 The Architect represents that it is professionally qualified to act as the Architect for the Project, is licensed to practice architecture in the State of California by all public entities having jurisdiction over the Architect and the Project.

14.1.2 The Architect covenants to maintain, at all times Services are performed hereunder, all necessary licenses, permits or other authorizations necessary to act as architect for the Project or projects until the Architect's duties in connection therewith have been fully satisfied.

14.1.3 The Architect represents that it has become familiar with the Project site and the local conditions under which the Project is to be designed, constructed, and operated.

14.1.4 The Architect represents and covenants that it shall prepare, or cause to be prepared, all documents and things required by this Agreement including, but not limited to, all Project plans and specifications in such a manner that they shall be constructible in accordance with the standards of the profession.

14.1.5 The Architect assumes full responsibility to the District for the improper acts and omissions of its employees and any consultants retained by the Architect in connection with the Project. The Architect covenants that each Project Director and all other Architect employees or sub-consultants now or in future assigned by the Architect to work on a Project shall have the level of skill, experience and qualifications required to perform the Services assigned to them, and shall also have all licenses, permits or approvals legally required to perform such Services.

14.1.6 The Architect covenants that it shall be responsible for all costs and damages, including those due to any delays, resulting from its failure to prepare adequate documentation or to implement any changes identified as necessary either in connection with the Constructability Review or other review.

14.2 COMPLIANCE WITH LAWS. The Architect covenants that it shall, at all times while providing Services, remain in full compliance with the provisions of all applicable laws, rules and regulations, including without limitation, the provisions of the Education Code regarding design and construction of school facilities, the provisions of the California Labor Code regarding employer's insurance, the provisions of the California Labor Code regarding payment prevailing wages, non-discriminations laws (including federal and state laws), and any and other laws rules and regulations applicable to this Agreement, the Architect, the District, the Project or the Services. The Architect shall at all times require the Architect Consultants to fully comply with such applicable laws, rules and regulations. Without in any way limiting the generality of the foregoing the Architect shall ensure that it and each Architect Consultant comply with the following:

14.2.1 Cost Disclosure - Documents and Written Reports. The Architect shall be responsible for compliance with California Government Code section 7550 if the total cost of the contract is over five thousand dollars (\$5,000).

14.2.2 Disabled Veteran Business Enterprise Participation. Pursuant to Education Code section 17076.11, the District has a participation goal for disabled veteran business enterprises (DVBEs) of at least three (3) percent, per year, of funds expended each year by the District on projects that use funds allocated by the State Allocation Board pursuant to the Leroy F. Greene School Facilities Act. Unless waived in writing by the District, the Architect shall provide proof of DVBE compliance, in accordance with any applicable policies of the District or the State Allocation Board, within thirty (30) days of its execution of this Agreement.

14.2.3 Fingerprinting & Other Operational Requirements of the District. Unless exempted, the Architect shall comply with the requirements of Education Code Section 45125.1 with respect to fingerprinting of employees who may have contact with the District's pupils. The Architect shall also ensure that its consultants on the Project also comply with the requirements of Section 45125.1. The Architect and each Architect Consultant must complete the District's certification form attached hereto as **Exhibit E** and incorporated herein by reference prior to any of the Architect's or Architect Consultant's employees coming into contact with any of the District's pupils. The Architect also agrees to comply, and ensure that all its employees and Architect Consultants comply with all other operational requirements of the District, as may be revised from time to time, including but not limited to any obligations relating to vaccination or testing for infectious diseases.

14.2.4 Name and Trademarks. The Architect shall not use any name, trademark or service mark of the District without first having received the District's written consent to such use.

14.2.5 Conflict of Interest. No member, official or employee of the District shall have any personal interest, direct or indirect, in this Agreement nor shall any such member, official or employee participate in any decision relating to the Agreement which affects his personal interests or the interests of any corporation, partnership or association in which he is directly or indirectly interested.

14.2.6 Safety. The Architect shall execute and maintain its work so as to avoid injury or damage to any person or property. In carrying out its Services, the Architect shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of its employees, consultant and subcontractors appropriate to the nature of the work and the conditions under which the work is to be performed.

14.2.7 Labor Certification. By its signature hereunder, the Architect certifies that it is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Workers' Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

14.3 SUPPLEMENTAL CONDITIONS. Any supplemental conditions agreed to by the parties shall be attached as an exhibit to this Agreement and incorporated herein by reference.

SECTION 15

MISCELLANEOUS PROVISIONS

14.4 SUCCESSORS AND ASSIGNS. In as much as this Agreement is intended to secure the specialized Services of the Architect, the Architect may not assign, transfer, delegate or sublet any interest therein without the prior written consent of the District and any such assignment, transfer, delegation or sublease without the District's prior written consent shall be considered null and void. Likewise, the District may not assign, transfer, delegate or sublet any interest therein without the prior written consent of the Architect and any such assignment, transfer, delegation or sublease without the Architect's prior written consent shall be considered null and void.

14.5 SEVERABILITY. If any term, covenant, condition or provision of this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired or invalidated thereby.

14.6 ENTIRE AGREEMENT. This Agreement including Exhibits hereto, contains the entire understanding of the Parties, and supersedes all other written or oral agreements. The Architect shall be entitled to no other benefits other than those specified herein. No changes, amendments or alterations shall be effective unless in writing and signed by both Parties. The Architect specifically acknowledges that in entering into this Agreement, the Architect relied solely upon the provisions contained in this Agreement and no others.

14.7 GOVERNING LAW AND VENUE. This Agreement shall be construed in accordance with, and governed by the laws of the State of California, excluding its choice of law rules. Venue shall be exclusively in Ventura County.

14.8 NON-WAIVER. None of the provisions of this Agreement shall be considered waived by either party unless such waiver is specifically specified in writing. Neither the District's review, approval of, nor payment for, any of the services required under this Agreement shall be construed to operate as a waiver of any rights under this Agreement, and the Architect shall remain liable to the District in accordance with this Agreement for all damages to the District caused by the Architect's failure to perform any of the Services to the standard of care of the Architect for its services, which shall be, at a minimum, the standard of care of architects performing similar work for California school districts in or around the same geographic area of the District. This provision shall survive the termination of this Agreement.

14.9 INDEPENDENT CONTRACTOR. The Architect is, for all purposes arising out of this Agreement, an independent contractor, and neither the Architect nor its employees shall be deemed an employee of the District for any purpose. It is expressly understood and agreed that the Architect shall in no event be entitled to any benefits to which District employees are entitled, including, but not limited to, overtime, retirement benefits, insurance, vacation, workers' compensation benefits, sick or injury leave or other benefits.

14.10 NO ASBESTOS CERTIFICATION. No asbestos or asbestos-containing materials will be used or substituted in conjunction with the Project. Upon completion of all work under the Project, the Architect will certify to the District that to the best of the Architect's knowledge, no asbestos or asbestos-containing materials were used in the Project.

14.11 NON-DISCRIMINATION. No discrimination shall be made by the Architect in the employment of persons to work under this Agreement because of race, national origin, sex, age, ancestry, religion, physical disability, marital status, sexual orientation, or political affiliation of such person. The Architect shall comply with all applicable regulations and laws governing nondiscrimination in employment, including without limitation the following laws:

(a) California Fair Employment and Housing Act (California Government Code Section 12900 et seq.) which prohibits discrimination in employment on account of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, or sex and prohibits harassment of an employee or applicant because of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex or age;

(b) Federal Civil Right Act of 1964 (42 U.S. Code Section 2000e, et seq.) which prohibits discrimination in employment on the basis of race, religious creed, color, national origin, or sex;

(c) Title I of the Americans With Disabilities Act of 1990 (42 U.S. Code Section 12101 et seq.) which prohibits discrimination against qualified individuals with a disability in hiring and employment practices;

(d) The Age Discrimination in Employment Act (29 U.S. Code Section 621, et seq., prohibiting age discrimination in employment against individuals who are least forty years of age;

(e) California Labor Code Section 1102.1 which prohibits discrimination in any aspect of employment or opportunity for employment based on actual or perceived sexual orientation.

14.12 NO THIRD PARTY BENEFICIARY. There are no intended third party beneficiaries of any right or obligation assumed by the Parties.

14.13 ASSISTANCE OF COUNSEL. Each party warrants that it has had the opportunity to consult counsel and understands the terms of this Agreement and the consequences of executing it. In addition, each party acknowledges that the drafting of this Agreement was the product of negotiation and that this Agreement shall not be construed against any party as the drafter of the Agreement.

14.14 AUTHORITY TO EXECUTE. The persons executing this Agreement on behalf of their respective Parties represent and warrant that they have the authority to do so under law and from their respective Parties.

14.15 HEADINGS. The headings in this Agreement are inserted only as a matter of convenience and reference and are not meant to define, limit or describe the scope or intent of the contract documents or in any way to affect the terms and provisions set forth herein.

14.16 EXECUTION IN COUNTERPARTS. This Agreement may be executed in any number of counterparts, each of which shall be an original, but all of which together shall constitute one instrument.

NOW, THEREFORE, the parties, through their authorized representatives, have executed this Agreement on the dates indicated under their respective signatures.

OSD BOARD AGENDA ITEM

Name of Contributor: Valerie Mitchell, MPPA

Date of Meeting: August 21, 2024

Agenda Section: Section C: Consent Agenda

Ratification of Amendment No. 001 to Agreement No. 19-180 with Arcadis International Ltd. (formerly known as IBI Group) to Provide Architectural Engineering Services for Ritchen Elementary School Modernization Project (Mitchell/Miller/CFW)

The District retained Arcadis International Ltd. (formerly known as IBI Group) (“Architect”) to provide architectural and design services for the Ritchen Elementary School Modernization Project. The design plans for the project received Division of the State Architect (“DSA”) approval on March 25, 2021 and construction of the project was put on hold pending the availability of future funding. The District has now elected to move forward with the project. Changes to the DSA approved plans and specifications are needed to include additional scope of work and the Architect is in the process of completing the additional scope design work for the project and will submit the changes to the DSA for their review. The purpose of this amendment is to provide these additional services.

FISCAL IMPACT:

\$156,636.00 - Master Construct and Implementation Funds

RECOMMENDATION:

It is the recommendation of the Assistant Superintendent, Business & Fiscal Services, the Director of Facilities, in consultation with CFW, that the Board of Trustees ratify Amendment No. 001 to Agreement No. 19-180 with Arcadis International Ltd. (formerly known as IBI Group) in the amount of \$156,636.00 for the Ritchen Elementary School Modernization Project for additional services.

Amendment No. 001 to Architect Services Agreement No. 19-180

The Architect Services Agreement No. 19-180 (“Agreement”) entered into on December 18, 2019, by and between the Oxnard School District (“District”) and Arcadis International Ltd. (formerly known as IBI Group) (“Architect”), is hereby amended by the parties as set forth in this Amendment No. 001 to the Architectural Services Agreement No. 19-180 (“Amendment”) that is incorporated herein for all purposes.

RECITALS

WHEREAS, The District retained Architect to provide architectural and design services for the Ritche Elementary School Modernization Project (“Project”);

WHEREAS, the Board of Trustees has taken certain actions to approve the design of the Project;

WHEREAS, the Architect’s design plans for the Project received Division of the State Architect (“DSA”) approval on March 25, 2021;

WHEREAS, the construction of the Project was put on hold pending the availability of future funding and the District has now elected to move forward with the project;

WHEREAS, changes to the DSA approved plans and specifications are needed to include additional scope of work and the Architect is in the process of completing the additional scope design work for the Project and will submit the changes to the DSA for their review;

WHEREAS, the Board recognizes that the timing of the additional scope of work must all be approved by DSA;

NOW THEREFORE, for the good and valuable consideration, the Parties agree to the following amended terms to the Agreement:

AMENDMENT

The Parties agree to add the following language to SECTION 3 of the Agreement:

The definition of the Project is expanded to include additional scope of work as identified in the Architect’s proposal for added scope dated June 25, 2024 identified as Exhibit G hereto.

The Parties agree to add the following language to SECTION 4.1 of the Agreement:

The definition of Basic Services is expanded to include the deliverables and submittals set forth herein, provided for under the original Agreement between the Parties and those identified in Exhibit G hereto, where not inconsistent with the original Agreement or this Amendment. Terms used in Exhibit G shall have the same meaning as those terms are defined in the Agreement.

The Parties agree to add a new SECTION 5.2.3 to the Agreement as follows:

SECTION 5.2.3 Additional Compensation for Additional Scope of Work. The Architect agrees to perform the Basic Services as described in the original Agreement, and Exhibit “G” hereto, with respect to the Project. Architect agrees to deliver the deliverables identified in Exhibit “C” and Exhibit “D” of the original Agreement for the Project. In consideration for the amended basic services and deliverables, Architect agrees to be compensated an additional flat “all-in” Basic Fee (“Additional fee”) for the additional work totaling: **One Hundred Fifty-Six Thousand Six Hundred Thirty-Six Dollars and No Cents (\$156,636.00).** **This fee shall include all the work necessary to complete the additional scope of work including the costs of any sub-consultants or any specialty consultants.**

The Parties agree that the work identified herein constitutes all of the additional owner requested scope, changes or modifications arising out of this Agreement.

It is agreed that, as long as the Architect performs the amended Services in a timely manner, in compliance with the provisions of the original Agreement and this Amendment thereto, and to the satisfaction of the District, payments of the Additional fee shall be made by the District, upon approval by the District of deliverables described in Exhibit G, and approval of invoices satisfactory to the District, in amounts not to exceed the percentages for each Phase set forth in the Table in Section 5.1.1 of the original Agreement.

The Parties agree that all other provisions of the Architectural Services Agreement No. 19-180 entered into and executed by the Parties on December 18, 2019 remain in full force and effect. Architect agrees that any provisions, limitations and exclusions in its proposal, Exhibit “G” hereto, are stricken for all purposes and are invalid as inconsistent with the terms and conditions of the Agreement and this Amendment.

IN WITNESS THEREOF, the Parties hereto execute this Amendment No. 001 and represented that each has authority to do so on the dates set forth below:

Subject: Proposal for Added Scope | Additional Services: Ritche Elem. School Modernization, Suspension of Services | District Directed Changes

Dear Gerald and Scott:

In June of 2021 we received communication from CFW that Oxnard School District had decided to put our DSA approved plans for the replacement school at Ritche Elementary School Modernization on hold pending future funding. At that time, we suspended any additional development of this project, wrapping up current issues in preparation to put the project on hold. In February of 2024, we were notified that the district had again elected to move forward with this project. Per our architectural services agreement dated December 19, 2019, Article 6.1.3 Temporary Suspension of Services, if services are suspended by the district for greater than 120 days our compensation shall be equitably adjusted for expenses to resume services.

As a result of the suspension of services by the district a total lapse of approximately 660 work days has occurred. As such we are requesting an adjustment to our remaining fee to account for costs associated with the restart of the project and increases in our hourly billing rates.

Following the receipt of bids, the District has decided to reject all bids and protests and utilize the Lease-Lease Back method for procuring this work in lieu of Design-Bid-Build. We anticipate no additional effort to accommodate the change in delivery method. If the District should require assistance with revisions and or value engineering due to the LLB process, additional fee may be required.

In addition, our initial fee was calculated for a construction period spanning six to eight months, as outlined in our fee proposal dated November 22, 2019. However, with the revised schedule communicated on February 6, 2024, incorporating a phased approach, we have adjusted our fee to accommodate an additional seven months of Construction Administration services.

Furthermore, the district has requested some other changes to the approved documents and specifications that include the below.

SCOPE OF WORK:

Added scope is identified below:

1. Changes to Front Lobby:

- Provide (3) Security Doors with controlled access at Hallway/Lobby area. (Future CCD under current Modernization)
- Submit CCD to DSA for Review and Approval.

2. Changes to Overall Building:

- Provide work scope to install CCTV and WAPS along Exterior / Interior of Building. (Future Change Order to contract)
- Coordinate Locations with IT.

3. Replace Classroom doors/Hardware and revise flooring to be HVT:

- Develop updated door schedule.
- Coordinate door hardware specification and installation.
- Revise documents to reflect flooring change.

LLB Delivery vs DBB

- We anticipate no additional effort to accommodate the change in delivery method.

Extended Construction Administration Services

- Our current A/E fee for Construction Administration services is \$65,341. Review of submittals is anticipated within the initial A/E fee. Based on our experience, submittal review reflects approximately 10% of our effort during CA.
- The construction period is proposed to be approximately double. Our additional fee for the extended Construction Administration phase reflects the added effort to provide services for that extended period and anticipates every other week virtual construction meeting attendance.
- We understand weekly on-site meetings are NOT requested/required by the District. We have not included a fee for that effort.

Resuming Design Services

- 5% Fee Adjustment of Remaining Fee (29% of fee = \$109,014). Due to Temporary Suspension of Services as compensation for restarting the project and change in billing rates.

Scope Exclusions

- Work not specifically identified above.

Compensation: We propose the following compensation for the above referenced services for the following fixed fee of **\$156,636** (One Hundred Fifty Six Thousand Six Hundred and Thirty-Six dollars).

Invoices shall be submitted monthly based on percentage completed of the authorized phases.

Arcadis, a California Partnership
June 25, 2024

Thank you for reviewing this proposal, we look forward to the opportunity to continue to provide services for the revised project. Please call if you have any questions or comments.

This fee is inclusive of all reimbursable expenses. Please contact me if you have any questions.

Sincerely,
Arcadis International Ltd.

AGREEMENT FOR ARCHITECTURAL SERVICES

PREAMBLE

This Agreement for Architectural Services (“**Agreement**”) is entered into on this **18th** day of **December, 2019** by and between **IBI Group**, an architectural firm that employs architects licensed to work in the State of California (collectively and individually, the “**Architect**”), with a business address at **315 W. Ninth Street, Suite 600, Los Angeles, CA 90015** and the Oxnard School District, a California public school district (“**District**”), with offices located at 1051 South A Street, Oxnard CA 93030, in connection with services commencing on **December 19, 2019**. District and Architect are sometimes individually referred to herein as “**Party**” and collectively as “**Parties**”.

RECITALS

WHEREAS, the **District** proposes to undertake the construction and installation of certain improvements, as further defined and described below (the “**Project**”) and, in connection with the Project, requires the services of a duly qualified and licensed architect.

WHEREAS, the **Architect** represents that its employees are licensed to practice architecture in the State of California, as appropriate, and that the Architect is qualified to perform the services required under this Agreement.

WHEREAS, the Parties intend that the Architect provide professional services pursuant to this Agreement, under the management and oversight of the District’s Representative, in such manner as to enable the Project to be designed and constructed with the standard of care described herein without burdening the District’s staff.

AGREEMENT

NOW, THEREFORE, in consideration of the promises and covenants herein and other valuable consideration, receipt of which is acknowledged, the Parties agree as follows:

SECTION 1 GENERAL PROVISIONS

1.1 **DEFINITIONS.** When used in this Agreement, the following terms shall have the meanings set forth below:

1.1.1 “**Addendum**” shall mean written or graphic information (including without limitation Drawings and Specifications), prepared and issued prior to the receipt of Bids, which modifies or interprets the Bid Set by additions, deletions, clarifications, or corrections.

1.1.2 “**Additional Services**” shall mean those services in addition to the Basic Services that are provided by the Architect pursuant to a written request by the District.

1.1.3 “**Agreement**” shall mean this document and all its identified exhibits, attachments and amendments.

1.1.4 “Architect” shall mean the architectural firm listed in the first paragraph of this Agreement.

1.1.5 “Architect Consultant” shall mean a person properly qualified and licensed in various aspect of design and construction employed at Architect’s sole expense, pursuant to prior approval from the District, to provide Services for the Project.

1.1.6 “Architect’s Supplemental Instruction” or “ASI” shall mean a small set of drawings which better explains the intent of the design of a building or structure

1.1.7 “As-Built Documents” shall mean the collection of documents assembled and prepared by the Contractor (including, without limitations the As-Built Drawings and specifications, shop drawings, approved changes, RFIs, manuals etc.) showing the condition of the Project as actually built and accepted.

1.1.8 “As-Built Drawings” shall mean the final set of drawings prepared by the Architect that incorporates all changes from all drawings, sketches, details, and clarifications recording all changes from the Bid Set.

1.1.9 “Basic Fee” shall mean the compensation provided to the Architect for providing Basic Services.

1.1.10 “Basic Services” shall consist of (i) the professional design services, including but not limited to landscape and irrigation design, architectural, civil, structural, mechanical, plumbing (including fire sprinklers), acoustical, food service, audio and visual design, electrical services, a SWPPP for the Project, and LEED services as required to complete the Project, (ii) preparing educational specifications for the Project, and (iii) preparing and/or signing documentation required to obtain funding from any program administered by the State..

1.1.11 “Bid” shall mean the written proposal submitted to the District by a Contractor in accordance with the Bid Set for the construction of the Project.

1.1.12 “Bid Set” shall mean the DSA Record Set, the construction contract, general conditions and any other documents included in the bid packages, including but not limited to any addenda, all in a form that District approves and uses to bid the construction of the Project.

1.1.13 “Bidder” shall mean the person or entity submitting a Bid.

1.1.14 “BIM” or “Building Information Modeling” shall mean the process of generating and managing building data during its life cycle. Typically it uses three dimensional, real-time, dynamic modeling software to increase productivity in building design and construction. The process encompasses building geometry, spatial relationships, geographic information, and quality and properties of building components.

1.1.15 “CDE” shall mean the California Department of Education.

1.1.16 “Change Order” or “CO” shall mean a written document between the District and the Contractor that is signed by the District and the Contractor authorizing a change in the work or and adjustment in the contract, or the contract time.

1.1.17 “Change Order Request” or “COR” shall mean a proposed change(s) in contract amount, requirements or time (outside the scope of the construction contract and/or provisions of its changes clause) which becomes a Change Order when approved by the other party (owner or contractor).

1.1.18 “CHPS” shall mean Collaborative for High Performance Schools.

1.1.19 “Construction Budget” shall mean the Construction Cost established by the District representative, as amended by the District in its sole discretion.

1.1.20 “Construction Cost” shall mean, as of acceptance of the Project, the cost of all labor, materials, and fixtures (but not trade fixtures) supplied by the Contractor and subcontractors to construct the Project, including mobilization, demobilization, materials and other costs typically included in this calculation and *excluding* (i) all fees and costs paid to the Architect and any of their consultants, (ii) all costs and expenses of services, reports, information, equipment and materials furnished by the District, (iii) all costs and fees related to off-site improvements, (iv) all costs incurred to remedy any design or construction defects or errors, and (v) any other Project-related costs and fees typically excluded.

1.1.21 “Construction Documents” shall mean those documents which are required for the actual construction of a project, including but not limited to the agreement between the District and the Contractor; complete working drawings and specifications setting forth in detail the work to be done and the materials, workmanship, finishes and equipment required for architectural, structural, mechanical, electrical systems and utility service-connected equipment and site work.

1.1.22 “Construction Manager” shall mean and refers to any professional or consultant retained by the District to plan, direct and coordinate the construction of the Project.

1.1.23 “Construction Document Phase” shall have the meaning set forth in Exhibit B.

1.1.24 “Construction Phase(s)” shall mean individual construction contract packages that are bid separately.

1.1.25 “Constructability Review” shall mean, the review of the design documents to ascertain whether the design of the Project as depicted in the Construction Documents, and the documents themselves: (i) accurately and completely reflects the District’s objectives as explained to the Architect by the District; (ii) are free of errors, omissions, conflicts or other deficiencies so that the Contractors can construct the Project as therein depicted without delays, disruptions, or additional costs.

1.1.26 “Contractor” shall mean the general contractor or any other contractor selected to perform work or services on the Project or any replacement.

1.1.27 “Contractor Payment Application” shall mean a Contractor’s written request for payment for completed portions of the work and for materials delivered or stored by the Contractor.

1.1.28 “Design Bid Build” shall mean a project delivery method defined by the following characteristic – design and construction are separate contracts.

1.1.29 “Design Development Phase” shall have the meaning set forth in Exhibit B.

1.1.30 “District” shall mean the Oxnard School District.

1.1.31 “District Design Standards” shall be the implementation of standard equipment and/or products as determined by the District, into the overall project design.

1.1.32 “District’s Representative” shall mean the Superintendent and/or, Deputy Superintendent, Business & Fiscal Services and/or Director of Facilities, or any authorized designee of those officers.

1.1.33 “DSA” shall mean the Division of the State Architect of the State of California.

1.1.34 “DSA Record Set” shall mean such documents, plans, drawings and specifications submitted to DSA as part of the design phase and stamped and approved by DSA for the Project.

1.1.35 “Educational Specifications” shall mean the interrelated statements that communicate what educators believe is required to support a specific educational program.

1.1.36 “Funding Consultant” shall mean any consultant designated by the District that assists the District in submitting applications for funding from programs administered by the State.

1.1.37 “Guaranteed Maximum Price” or “GMP” shall mean the cost for construction and installation of a project determined by the District and the lease-leaseback entity when the Lease-Leaseback delivery method is used and shall include both the “Estimated GMP” and the “Final GMP”.

1.1.38 “Inspector of Record” or “IOR” shall mean a certified Inspector approved by DSA to inspect work pursuant to the Field Act (California Education Code §17280 *et seq.*) and applicable provisions of the California Code of Regulations. The IOR also serves as the representative of the District to conduct field inspections of the Project during construction.

1.1.39 “Lease-Leaseback” shall mean a project delivery method under which the District leases real property it owns to a lease-leaseback entity and the lease-leaseback entity causes the construction of a facility the District desires on said real property and subleases the facility back to the District, with title to the facility vesting in the District at the end of the term of the sublease, as set forth in California Education Code §17406.

1.1.40 “LEED” shall mean Leadership in Energy and Environmental Design as administered by the U.S. Green Building Council.

1.1.41 “Modernization/New Construction” shall mean the comprehensive replacement or restoration of virtually all major systems, interior work (such as ceilings, partitions, doors, floor finishes, etc.) and building elements and features.

1.1.42 “MOU” shall mean a memorandum of understanding.

1.1.43 “Notice of Completion” or “NOC” shall mean the legal notice filed with the County Recorder after completion of construction project.

1.1.44 “OPSC” shall mean the Office of Public School Construction of the State of California.

1.1.45 “Phase” when used without the word “Construction” shall mean the various phases of architectural work described in this Agreement.

1.1.46 “Potential Change Order” or “PCO” shall mean is a written document before it has been approved and effected by the contractor and owner.

1.1.47 “Principal(s)” shall mean individual(s) who are participating owners of the Architect and are authorized to act on behalf of the firm.

1.1.48 “Project” shall mean the project described hereinafter in Section 3.

1.1.49 “Project Budget” shall mean the sum total of all monies allocated by the District to defray costs of the work and services related to the Project; including but not limited to professional services, bids for all construction (such as site work, prime contracts, consultants, materials), contingencies and applicable general conditions for each Construction Phase.

1.1.50 “Project Director” shall mean, with reference to the Architect, a licensed, experienced and well trained professional employed by Architect and fully authorized to represent the Architect in all matters related to the Project including but not limited to executing change orders during construction, and to bind the Architect to any commitments made on the Architect’s behalf in connection herewith.

1.1.51 “Project Manager” shall mean the person assigned by the District to supervise the Project. The District will identify the Project Manager(s) for each Project.

1.1.52 “Project Schedule” shall mean the entire series of events necessary to design and construct the Project and encompasses work and services of the Architect, Contractors and other consultants.

1.1.53 “Prolog” shall mean the program/project management software required by the District to maintain, route and issue all design phase documents, construction documents, and close out documents.

1.1.54 “Request for Information” or “RFI” shall mean a written request from a contractor to the District or Architect for clarification or information about the contract documents following contract award.

1.1.55 “SAB” shall mean the State Allocation Board of the State of California.

1.1.56 “Schematic Design Phase” shall have the meaning set forth in Exhibit B.

1.1.57 “Services” shall mean all labor, materials, supervision, services, tasks, and work that the Architect is required to perform hereunder, including Basic Services and those Services reasonably inferred from this Agreement, as further described and clarified in **Exhibit B** hereto, including any Additional Services required of the Architect hereunder.

1.1.58 “SWPPP” shall mean Storm Water Prevention and Pollution Plan.

1.1.59 “Time Impact Analysis” or “TIA” shall mean a simplified analysis procedure typically specified on construction projects to facilitate the award of excusable days to project completion due to delays caused by either the owner or contractor.

1.2 INCORPORATION OF RECITALS, EXHIBITS AND REFERENCED DOCUMENTS The Recitals above and all Exhibits attached to this Agreement, now or hereafter by

agreement of the parties, are incorporated herein by reference and made a part of this Agreement.

SECTION 2

EMPLOYMENT OF ARCHITECT

2.1 EMPLOYMENT OF ARCHITECT. The District hereby retains the Architect, pursuant to California Government Code, Title 1, Division 5, Chapter 10.1 and Section 53060 thereof, to perform, for consideration and upon the terms and conditions set forth herein, all professional architectural and related Services required to complete the Project, as may be hereafter amended in an expeditious, safe and satisfactory manner. The Architect hereby accepts such retention and commits to perform all the professional services required to complete the Project in a professional and conscientious manner in accordance and consistent with the standard of care generally employed by professionals licensed and qualified to perform similar services within the State of California. The Services shall be performed in a safe, expeditious and satisfactory manner, with allowance for periods of time required for (i) the District's review and approval of submissions to the District by the Architect; (ii) review and approval of submissions to those authorities having jurisdiction over the Project, and (iii) the Architect's review of submissions to the Architect from the District, or authorities having jurisdiction over the Project.

2.2 PROJECT DIRECTOR AND OTHER EMPLOYEES. The Architect shall appoint and designate one State of California licensed architect to serve as the Project Director for the Project. The Project Director shall maintain personal oversight of the Project and the Services and shall be the primary contact on the Architect's behalf for all matters related to the Project for which he or she is designated as Project Director. The Project Director shall be vested with full authority to represent and act on behalf of the Architect for all purposes under this Agreement.

2.3 ARCHITECT COVENANT AGAINST CONTINGENT FEES. The Architect warrants and represents that it has not employed or retained any company or person, other than a bona fide employee working solely for the Architect, to solicit or secure this Agreement, and that it has not paid or agreed to pay any company or person, other than a bona fide employee working solely for the Architect, any fee, commission, percentage, brokerage fee, gift, or any other consideration contingent on or resulting from the award or making of this Agreement. For breach or violation of this warranty, the District shall have the right to annul this Agreement without liability, or in its discretion, to deduct from the Basic Fee or otherwise recover, the full amount of such fee, commission, percentage fee, gift, or contingency.

SECTION 3

THE PROJECT

The Project consists of such works of new construction, modernization and/or improvement that require services to be provided by Architect described more fully on Exhibit A.

SECTION 4

SERVICES

4.1 BASIC SERVICES. The Basic Services, deliverables and submittals required under this Agreement are described in **Exhibit C**. The Basic Services are divided into Phases, such as planning programming phase, schematic phase, etc. to facilitate the completion of each set of services during specified times established under the Project Schedule.

4.2 GENERAL PROVISIONS CONCERNING BASIC SERVICES

4.2.1 Employment of Personnel. The Architect shall employ, at its own cost and expense, any and all personnel needed to perform the Services. Architect must identify all personnel that will perform work at any District site and must obtain fingerprinting clearance from the District. Architect agrees to reallocate any personnel whose work is unsatisfactory to the District. Architect shall at all times be solely responsible for the compensation, benefits, tax deductions, insurance or other requirements of any laws applicable to its personnel.

4.2.2 Employment of Architect Consultant(s). For services not provided directly by the Architect, the Architect shall employ, at its own cost and expense, any and all needed Architect Consultant(s) to perform the services hereunder. Architect Consultant(s) retained by the Architect in the performance of this Agreement shall be licensed to practice in their respective professions where required by law. The Architect Consultant(s) will be required to show evidence of a policy of professional liability and/or project insurance that satisfies the requirements of Section 11.2 hereinafter.

4.2.3 The Architect shall remain at all times primarily responsible for the adequate performance of each service and said employment of the Architect Consultants shall not relieve the Architect from administrative or other responsibility under law or this Agreement. Architect shall be responsible for the coordination and cooperation of the Architect Consultants. The Architect's Consultant(s) may include but are not limited to designers and engineers for the structural, electrical, mechanical, plumbing (including fire sprinklers), landscaping, audio and visual, food service, acoustical, theatrical, and civil portions of the Project. Prior to entering into any consulting agreement and prior to authorizing any consultant(s) to perform any services on the Project, the Architect shall submit a written request for approval to District. The request shall include the names of the Architect Consultant firms proposed for the Project and shall identify the key personnel of each Architect Consultant's firm. The District shall have the discretion to reject any proposed firm and/or personnel. If the proposed firm and/or personnel is rejected, the Architect may perform the Services at issue, if qualified to do so, or may propose an alternate acceptable to District.

4.2.4 Cooperation with District and Other Consultants. The Architect and its Consultant (s) shall confer and cooperate with District, the Project Manager, and other District consultants, if any, in all matters and activities as related to this Agreement and each Project.

4.2.5 Project Management Software. The project may be managed through a project management software from design through closeout. Architect will utilize the software as required by the District.

4.2.6 Corrections to Construction Documents and Other Deliverables. The Architect shall revise the Construction Documents as needed to incorporate any and all change orders and other necessary modifications required due to negligent acts or any errors or omissions by the Architect or the Architect Consultants. The Architect shall also provide any modifications to any deliverables required under **Exhibit C** if such modifications become necessary due to any errors or omissions of the Architect or the Architect Consultants.

4.2.7 Minutes of Progress Meetings. The Architect will note discussions during progress meetings concerning any Services and will provide a draft copy of the minutes.

4.2.8 Independent Reviews; Audits. Each Project shall at all times be subject to independent reviews conducted by the District or any other person selected by the District, including but not

limited to Constructability Review and audits. Such reviews may include inspection of any work, documents or services related to the Project. The Architect shall cooperate with these reviews, including preparing written responses to written or verbal comments, and incorporating changes to the Construction Documents based on such comments. If the Architect does not deem that a comment requires a change, the Architect shall so state in a written response to the comment providing reasons why no change should be implemented. If District nevertheless directs the Architect to implement the requested change, the Architect will do so unless the change would result in a violation of applicable laws or requirements.

The scope of the Architect's obligations during Constructability Review includes without limitation written confirmation, in form and content satisfactory to the District, that (a) requirements noted in the design documents are consistent with and conform to District requirements; and (b) there are no errors, omissions or deficiencies in the Construction Documents that a reasonable Architect using skill and diligence standard in the profession would have detected and corrected prior to submission of the Construction Documents.

4.2.9 Independent Cost Estimates. The District shall have the right, but not the obligation to obtain independent cost estimate(s) conducted by an estimator designated by the District and at the expense of the District. The Architect shall be available to answer the estimator's questions regarding the design and attend meetings with the estimator to reconcile the Architect's required estimates with any independent estimator's estimate.

4.2.10 Inspection of Records; Familiarity with Site and Project. The Architect shall be solely responsible for researching and analyzing all records of the existing improvements and the proposed Project, identifying all District held record documents concerning each portion of the Project, conducting site visits and familiarizing itself with the conditions of the structure(s) and location(s) in which it is providing Services. It is required that the Architect will visit each site prior to design completion to validate existing conditions and record plans of existing buildings and site utilities.

4.2.11 Construction Delivery Methods: Lease-Leaseback. The District may at its discretion enter into Lease-Leaseback pre-construction services and construction contracts for the Project. The Architect will work cooperatively with the Lease-Leaseback contractor during the performance of its pre-construction service phase to implement value engineering, BIM and constructability recommendations.

4.2.12 Funding Applications and Approvals. The Architect shall assist the District with any and all funding applications and submittals for any program administered by the State or other entities. Architect may be required to prepare, sign and submit applications and documents to various entities such as DSA, OPSC, CDE, and the U.S. Green Building Council. The Architect's duties shall include the preparation and submittal of application(s), plans and specifications, and any supplemental funding applications (such as CHPS, CDE, as well as OPSC and others as may be required). The Architect shall respond timely to review comments and work cooperatively with the District's Funding Consultant to achieve any and all submittal deadlines.

4.2.13 District Design Standards. The Architect shall be responsible for implementing all District Design Standards issued to the Architect by the District into the overall project design. Design standards include but are not limited to equalization standards, furniture, fixture and equipment standards, maintenance standards, data and technology standards, security intrusion and video surveillance standards.

4.2.14 Storm Water Prevention and Pollution Plan (SWPPP). The Architect shall be responsible for all designs and permitting, excluding fees, as it relates to the SWPPP plans and specifications for the Project. Responsibility also includes the preparation of plans, specifications, and any other requirements needed to obtain the **required regulatory approvals and permits.**

4.2.15 Changes. The Architect shall revise the Construction Documents as needed to incorporate any and all change order requests, potential change orders, supplementary instructions and other necessary modifications. The Architect is responsible for obtaining DSA approval for all changes.

4.2.15.1 Changes Required to Meet Construction Budget. If the lowest responsible bid exceeds one hundred ten percent (110%) of the Construction Budget, Architect shall revise the scope of the project for re-bidding at no additional expense to the District. The District shall approve or disapprove, in its sole discretion, all proposed changes to the scope intended to effect cost reduction and no such changes shall be effective until approved by the District.

4.2.17 Deliverables. Unless otherwise agreed to in writing, Architect shall produce the deliverables identified on **Exhibits C & D.**

4.3 ADDITIONAL SERVICES

4.3.1 Architect Additional Services. Additional Services for any Project will require written request or pre-authorization in writing by the District following specific approval of such services by the Board of Trustees. If Additional Services result in a modification of the Basic Fee, then the Architect shall be paid for such additional services as part of the payment for the Basic Fee. All other Additional Services shall be paid by the District as provided in Section 5.2, Compensation for Additional Services. It is understood and agreed that if the Architect performs any services which it claims are Additional Services without receiving prior written approval from the District Board of Trustees, the Architect shall not be paid for such claimed Additional Services.

4.3.2 The following services are not Basic Services under this Agreement and are to be considered Additional Services:

4.3.2.1 Revisions and changes requested by the District to be made to drawings, specifications or documents previously approved by the District prior to awarding the construction contract, provided that such changes are not (i) required to make the documents compliant with original design requirements, (ii) revisions that should have been implemented during design, (iii) necessary to comply with applicable laws, rules, or regulations, or (iv) revisions required under Section 4.2.15.1.

4.3.2.2 Services for repairs of damages to the Project resulting from third-party actions or unforeseen conditions or circumstances not the result of negligence or errors or omissions of the Architect or the Architect Consultants, including but not limited to repairs necessary due to damage caused by fire, flood or other unforeseen conditions not the result of negligence or errors or omissions of the Architect or the Architect Consultants.

4.3.2.3 Additional Services required due to (i) the termination, delinquency or insolvency of the Contractor, or (ii) a default of the Contractor that does not arise directly from the negligence or errors or omissions of the Architect or the Architect Consultants.

4.3.2.4 Any of the following if directed by the District in writing: (i) the employment of specialty consultants not listed in the Architect’s Basic Services, and (ii) the preparation of special delineations and models of facilities not included in the original Project.

4.3.2.5 Contract administration services performed more than 90 days after the original construction contract completion date, except when such delay is caused in whole or in part by the negligence or errors or omissions or willful misconduct of the Architect or the Architect Consultants.

SECTION 5
ARCHITECT’S COMPENSATION & PAYMENT SCHEDULE

5.1 COMPENSATION FOR BASIC SERVICES

5.1.1 Compensation Description. The Architect shall perform the Basic Services in exchange for compensation equal to the Basic Fee of:

**Three Hundred Seventy-Five Thousand Nine Hundred Ten Dollars and No Cents
(\$375,910.00)**

If the Project is divided into Construction Phases, the Architect shall allocate the Basic Fee over the Construction Phases and the allocation shall be in rough proportion to the Construction Budget for the Project with consideration given to the size and complexity of each Construction Phase. It is agreed that, as long as the Architect performs the Services for the Project or Construction Phase in a timely manner, in compliance with the provisions of this Agreement and to the satisfaction of the District, payments of the Basic Fee for each Project or Construction Phase shall be made by the District, upon approval by the District of deliverables described in **Exhibits C & D**, and approval of invoices satisfactory to the District, in amounts not to exceed the percentages for each Phase as set forth in the following Table:

Architectural Phases		
1	Project Initiation Phase	2.0%
2	Development of Architectural Program	2.0%
3	Schematic Design Phase	10.0%
4	Design Development Phase	17.0%
5	Construction Documents Phase	40.0%
6	Bidding Phase	2.5%
7	Construction Phase	20.0%
8	Project Close Out Phase	6.5%
Total Basic Fee		100.0%

5.1.1.1 Invoices. Invoices may be submitted at the end of each phase in the Table above or as a monthly progress billing per each phase, except that the construction administration phase can be billed as progress in proportion to the certified completion of construction, rounded to the nearest whole percent, as determined by the District.

5.1.1.2 Close-Out Phase. The remainder of the Basic Fee shall be paid to Architect upon satisfactory completion of all Services identified as Close Out Phase on **Exhibit C**, provided that payment will be made as follows: (i) three percent (3%) will be

paid after the submission by the Architect of the Verified Report (described on **Exhibit C**) to DSA; and (ii) three and one-half percent (3.5%) will be paid after receipt by the District of final DSA certificate and verification that all fees due to the Architect's Consultants providing Services in connection with this Agreement have been paid.

5.2 COMPENSATION FOR ADDITIONAL SERVICES

5.2.1 Fees negotiated for Additional Services pursuant to 4.3.2.1 that result in a change in the scope of the Project or Basic Services shall be processed as an amendment to the Basic Services and Basic Fee, subject to the approval of District's Board of Trustees.

5.2.2 All other fees for Additional Services may be negotiated on a fixed fee or time and materials basis.

5.3 DISPUTED AMOUNTS. In the event of any good faith dispute concerning a particular payment or a portion of a payment under this Agreement, pursuant to Section 3320 of the California Civil Code, the District shall have the right to do either of the following: (i) make such disputed payment to the Architect without prejudice to the District's right to contest the amount so paid; or (ii) withhold up to 150% of the disputed amounts. If the District withholds amounts invoiced by the Architect, the District will notify the Architect in writing of the reasons for the withholding. From and after the date such notice is given, the District and the Architect shall use their good faith efforts to resolve the dispute as quickly as practicable under the circumstances. If the District has given such notice, the Architect shall not be entitled to terminate this Agreement or suspend Services hereunder on account of such nonpayment, provided the District makes payment for all undisputed sums. If the District chooses to withhold payments under clause (ii) of this Section and if it is subsequently determined that the District owes an additional payment to the Architect, the District shall pay such amount to Architect. If the District chooses to proceed under clause (i) of this Section and it is subsequently determined that the District overpaid the Architect, the Architect shall promptly refund to the District the amount of such overpayment.

5.4 COMPENSATION FOR REIMBURSABLE SERVICES

5.4.1 PRIOR APPROVAL. The District will not be obligated to pay for any service(s) performed or cost incurred by the Architect without prior written authorization by the District. The following will not be reimbursed under this Agreement:

5.4.2 REIMBURSABLE EXPENSES. The EXCLUSIVE list of reimbursable expenses is set forth below. Claims for reimbursable expenses shall be documented by appropriate invoices and supporting receipts. The Architect may be reimbursed for those reasonable out-of-pocket expenses set forth below that are incurred and paid for by the Architect or the Architect Consultant in furtherance of performance of its obligations under this Agreement, but only to the extent that such expenses are directly related to Services satisfactorily completed, are approved by the District in writing and in total do not exceed two percent (2%) of the Basic Fee.:

5.4.2.1 Travel and Mileage. Architect must request the travel in writing and justify why the travel should be reimbursed. Travel expenses must be approved in writing by District, in its sole discretion. Trips from any Architect's office or Architect Consultant's office to the Project site(s) or to the District's office will not be approved for reimbursement.

5.4.2.2 Reimbursable Reprographic Services. Print sets or copies requested in writing by the District beyond the quantities required under **Exhibit C**.

5.4.2.3 Fees for Consultants. Fees for consultants hired and paid by the Architect at the written request of District that are not provided as Basic Services.

5.5 INVOICES

5.5.1 Invoices for Architect's Basic Services. Following completion of the Services applicable to each Phase, or agreement by the District to consider an interim invoice, the Architect shall submit an invoice in form and substance satisfactory to the District in an amount not to exceed the amount specified as the portion of the Basic Fee to be paid for that Phase for the Services identified in the invoice.

5.5.1.1 Each invoice must be accompanied by an **Approval Letter** from the District in the form of **Exhibit D**, attached hereto.

5.5.1.2 Progress payments shall not be made at any time during the Bidding Phase. If District withholds any amount following a default, as provided in Section 6 of this Agreement, the Architect shall certify in each subsequent invoice that none of the amounts invoiced represent any portion of the amounts identified for withholding. Withheld amounts shall be paid as specified on the notice from the District informing the Architect that the District elects to exercise its right to withhold payment following an Architect default, if any.

5.5.2 Invoices for Additional Services. Except for Additional Services that are incorporated into the Basic Fee, payments for Additional Services, shall be made monthly after approval by the District's Board of Trustees. The Architect's invoice shall be clearly marked "Request for Payment for Additional Services." Each invoice shall be accompanied by receipts and adequate supporting information. As required by Section 3320 of the California Civil Code, payment on a properly submitted, fully supported and documented invoice will be due within thirty (30) days of the date all required supporting information is received by District.

5.5.3 Invoices for Reimbursable Expenses. Payments for Reimbursable Expenses, if any, shall be made monthly, unless otherwise specified within the reimbursable expense authorization. The Architect's invoice shall be clearly marked "Request for Payment of Reimbursable Expenses." Each invoice shall be accompanied by receipts and adequate supporting information. As required by Section 3320 of the California Civil Code, payment on a properly submitted, fully supported and documented invoice will be due within thirty (30) days of the date all required supporting information is received by District, unless the District disputes in good faith any portion of the amount claimed by the Architect to be due.

5.5.4 Final Invoice. Upon completion of all Services and delivery of final DSA certification, the Architect shall prepare a final invoice for the remaining amount due, including and separately identifying any amounts withheld by District hereunder. This invoice shall be prominently noted **FINAL INVOICE FOR THE RITCHEN SCHOOL MODERNIZATION PROJECT**. The Architect shall provide a final invoice within thirty (30) days of District's notification of receipt of final DSA certification. The District shall pay within forty-five (45) days of approval of final invoice. No deductions shall be made from the Architect's compensation on account of penalty, liquidated damages, or other sums withheld from payments to Contractors, provided the reason for such withholding is not attributable to the fault of the Architect or the Architect Consultants.

5.5.5 Combined Invoices. Invoices for Basic Services, Additional Services and Reimbursable Expenses may be combined on a single invoice provided that the invoice is itemized and follows the instructions above.

SECTION 6

DEFAULT; REMEDIES; SUSPENSION AND TERMINATION

6.1 TERMINATION BY DISTRICT

6.1.1 For Cause. The District may terminate all or any portion of this Agreement or the Services for cause in the event of an Architect Default. This termination shall be effective if with respect to any monetary Architect Default, the Architect fails to cure such default within fifteen (15) calendar days following issuance of written notice thereof by the District and with respect to any non-monetary default for which no time period for cure is otherwise specified below, the Architect fails to cure such default within thirty (30) calendar days following issuance of written notice thereof by the District, or if the cure by its nature takes longer, fails to commence such cure within thirty (30) calendar days from the date of issuance of the notice and diligently prosecute such cure to the satisfaction of the District. If the District does not terminate, the District will have the right to withhold monies otherwise payable to the Architect until completion of all Services. If the District incurs additional costs, expenses or other damages due to the failure of the Architect to properly perform pursuant to this Agreement, those costs, expenses or other damages shall be deducted from the amount payable to the Architect. If the amount payable to the Architect exceed the amounts withheld, the balance will be paid to the Architect upon completion of all Services. If the costs, expenses or other damages incurred by the District exceed the amounts withheld, the Architect shall be liable to District for the difference and the Architect shall promptly pay the District such difference. The provisions of this Paragraph 6.1.1 are in addition to, and not a limitation upon, any other rights and remedies of the District under law or in equity and shall survive the termination of this Agreement.

6.1.2 For Convenience. The District may terminate, abandon or suspend performance of this Agreement for convenience and without cause at any time upon thirty (30) days written notice to the Architect, in which case the District will pay the Architect as provided in Section 5 for all Services and authorized Additional Services actually performed, and all authorized Reimbursable Expenses actually incurred and paid, under and in accordance with this Agreement, up to and including the date of termination; provided that such payments shall not exceed the percentage amounts specified as compensation for the Phases of the Services completed, plus any Additional Services and Reimbursable Expenses completed prior to termination, unless the District at its sole discretion determines that demobilization or other compensation is appropriate. After a notice of termination is given, the Architect shall submit to the District a final claim for payment, in the form and with certifications prescribed by the District. Such claim shall be submitted promptly, but in no event later than forty (40) calendar days after the Termination Date specified on the notice of termination.

Such payment shall be the Architect's sole and exclusive compensation and the District shall have no liability to the Architect for any other compensation or damages, including without limitation, anticipated profit, prospective losses, legal fees or costs associated with legal representation or consequential damages, of any kind.

6.1.3 Temporary Suspension of Services. If the Services are suspended in whole or in part by the District for less than one hundred twenty (120) consecutive calendar days, and notice to that

effect was provided to the Architect prior to the suspension of the Services, the Architect shall complete any remaining Services in accordance with the terms herein as in existence at the time of suspension and the Architect shall not be entitled to additional compensation. If one hundred twenty (120) consecutive calendar days or more have elapsed before the Services are resumed, the Project's Schedule shall be adjusted and the Architect's compensation shall be equitably adjusted to provide for expenses incurred in the resumption of the Services.

6.2 ARCHITECT DEFAULT. The occurrence of one or more of the following events shall constitute an "Architect Default" under this Agreement:

6.2.1 Inability to pay debts and Failure to Pay Architect Consultants. At any time prior to the expiration or termination of this Agreement, the Architect is unable to pay its debts in the ordinary course of business as they come due, including but not limited to failure to pay, when due, invoices from Architect Consultants providing services in connection with this Agreement.

6.2.2 Assignment for the benefit of creditors. An assignment for the benefit of creditors is made by, or any bankruptcy, reorganization (in connection with a debtor relief proceeding), receivership, moratorium or other debtor relief proceedings are commenced by or against the Architect, and the same is not discharged within ninety (90) days of commencement.

6.2.3 False or misleading. Any representation or warranty made by the Architect in this Agreement or in connection with any Services proves to be false or misleading in any material respect.

6.2.4 Failure to Provide Acceptable Design. The Architect's failure to provide a functional design that can be built within 110% of the approved Construction Budget in accordance with industry standards.

6.2.5 Defective Services; Errors or Omissions; Failure to Perform. The Architect or the Architect Consultant (a) provides defective services, including any deficiencies due to errors or omissions, or (b) fails to deliver Services in a timely manner; or (c) causes any delays for any reason, including providing defective Services; or (d) fails to perform any obligations under this Agreement (including, without limitation, failure to supply sufficient skilled personnel or suitable materials or equipment or failure to adhere to the Project Schedule).

6.2.6 Willful violation. The District determines that (a) the Architect is willfully violating any conditions or covenants of this Agreement or the Contract Documents, or (b) the Architect is executing Services in bad faith or not in accordance with terms hereof.

6.2.7 Failure to Cooperate with DSA. Failure to comply with DSA requirements or to submit documents at any pre-scheduled times in accordance with the MOU Process will constitute an automatic default.

6.2.8 Unapproved Assignment. The Architect attempts to assign this Agreement or any Services hereunder without prior written approval from the District.

6.2.9 Disregard of District Authority or Direction. The Architect disregards the authority of the District or fails or refuses to perform any reasonable act or service requested by the District hereunder.

6.2.10 Violation of Applicable Law. The Architect violates any applicable law, statute or governmental regulation in connection with any Services or this Agreement.

6.2.11 Failure To Maintain Errors and Omissions Insurance. The Architect fails to maintain the insurance required pursuant to Section 11.2 herein.

6.3 DISTRICT REMEDIES

6.3.1 General Remedies. If an Architect Default occurs under this Agreement, the District may exercise any right or remedy it has under this Agreement, or otherwise available at law or equity, and all of the District's rights and remedies shall be cumulative.

6.3.2 Withholding Payment. If an Architect Default occurs, the District's obligation to disburse further funds to the Architect pursuant to this Agreement may be terminated or suspended by the District, in its sole discretion. In connection with any Architect Default, the District may withhold all or a portion of any payments then or thereafter due to the Architect until the Architect cures any and all defaults to the satisfaction of the District.

6.3.3 Stop Work. Upon the occurrence of an Architect Default, the District may, at its sole and absolute discretion, order the Architect in writing to stop work on the Services, or any portion thereof, until the Architect Default has been cured. The Architect shall make best efforts to avoid delays and shall be solely responsible for any additional costs to the Project in connection with such "stop work" order.

6.3.4 Errors & Omissions; Additional Costs. In addition to any other remedy available to the District under this Agreement or under the laws of the State of California, the District may require the Architect to pay all costs incurred by the District to correct any defect and/or deficiency in the design work of the Architect and/or the Architect Consultants, including but not limited to re-design costs, additional services costs for other consultants, costs incurred by the District under any contract or to make alternative arrangements due to delays, litigation costs, and any cost related to the necessary removal of and/or replacement of work or materials. The Architect shall provide any Services requested by the District to correct any such errors or omissions but shall not receive any fee for any work or Services performed in correcting said errors or omissions regardless of whether such errors or omissions result in damages to the District or delays to the Project. This remedy applies but is not limited to (i) providing a design that fails to serve its purpose when constructed in accordance with industry standard for the particular Project, or (ii) delays due to Architect's failure to comply with the plan check review process in accordance with the District's MOU with DSA.

6.3.5 Self Help. Upon the occurrence of an Architect Default, the District may, at its sole and absolute discretion, without prejudice to other remedies, correct any deficiencies resulting from the Architect Default. In such case, the District may deduct costs relating to correcting such deficiencies, including, without limitation, compensation for additional services and expenses of a supplemental or replacement architect, design or engineering consultants and other consultants made necessary by such defaults, including services of legal counsel, from payments then or thereafter due to the Architect and may adjust the Basic Fee and any fees for Additional Services accordingly. If the payments then or thereafter due to the Architect are not sufficient to cover the amount of the deduction, the Architect shall pay the difference to the District.

6.3.6 Payment to Consultant. If the Architect Default is due to the Architect's failure to pay, when due, invoices of an Architect Consultant providing Services in connection with this

Agreement, the District shall have the right, but no obligation, to pay the amount invoiced directly to that Architect Consultant from any amounts then due the Architect, provided that the District has accepted the Services to which the invoices refer. The District shall have no further liability to the Architect in connection therewith.

6.4 TERMINATION BY ARCHITECT. The Architect may terminate this Agreement only upon the occurrence of one of the following conditions:

6.4.1 Failure to Pay Undisputed Amounts. The Architect may terminate upon thirty (30) days written notice if the District fails to make any undisputed payment to the Architect when due and such failure remains uncured for forty-five (45) calendar days after written notice to the District.

6.4.2 Long Term Suspension of Project. If the Project on which the Architect is providing Services are suspended or abandoned by the District for more than one hundred twenty (120) consecutive calendar days, the Architect may terminate this Agreement upon ninety (90) calendar days' notice to the District, provided the District does not reactivate the Project within such ninety (90) calendar day period.

6.5 SOLE REMEDY UPON TERMINATION BY ARCHITECT

6.5.1 Payment for Services. In the event of a termination of this Agreement by the Architect in accordance with Section 6.4, the District shall pay the Architect an amount for its Services, Additional Services and Reimbursable Expenses calculated in accordance with Paragraph 6.1.2 of this Agreement. Such payment shall be the Architect's sole and exclusive compensation and the District shall have no further liability or obligation to the Architect for any other compensation or damages, including, without limitation, anticipated profit, prospective losses, business devastation, legal fees or costs associated with legal representation or consequential damages of any kind.

SECTION 7

DUTIES AND LIABILITIES OF DISTRICT

7.1 DUTIES

7.1.1 District's Representative: The District's Representative represents the District in all matters pertaining to the Services. The District's Representative shall cooperate with the Architect in all matters relative to this Agreement in order to permit the performance of the work without undue delay.

7.1.2 Statement of Building Program. The District shall provide full information as to the requirements for and the education program to be conducted in the Project, including budget limitations and scheduling. The Architect shall have the right to rely upon such information unless the Architect knows or should know that the information is inaccurate or incomplete.

7.1.3 Surveys and Tests. The following resources, surveys, and reports shall be made available to the Architect, as required, at the District's expense. The Architect shall be entitled to rely upon such resources, surveys and reports, unless the Architect knows or should know that the information contained therein is inaccurate or incomplete. The Architect must inform the District in writing if any information therein appears to be incorrect or incomplete based upon the Architect's experience, site visits, or knowledge of the Project and the sites.

7.1.3.1 Site Survey. The District shall furnish a legal description and a land survey of the site, giving as known grades and lines of streets, alleys, pavements and adjoining property, rights-of-way, restrictions, easements, encroachments, zoning, deed restrictions, boundaries and contours of the Site.

7.1.3.2 Geologic Hazards Investigation Survey. The District shall have caused to be performed any geological hazards or investigation survey required by State authorities having jurisdiction and make copies available to the Architect for distribution as necessary.

7.1.3.3 Special testing and Inspection. The District shall furnish special testing and inspection services as required by law.

7.1.3.4 Checking and Permit Fees. The District shall pay or cause to be paid all fees required in connection with the Project to government agencies having jurisdiction.

7.1.3.5 Advertising. The District shall pay the cost of any advertisements for bids that may be required.

7.1.3.6 District Inspector. The District shall furnish and provide an Inspector of Record, or Inspectors of Record, as required during the entire course of construction of the Project. Each inspector shall be responsible to and under the direction of the Architect and shall also be responsible to and act in accordance with the policies of the District. The cost of employment of each such Inspector of Record will be borne by District and paid directly to the inspector.

7.1.3.7 Hazardous Material Consultant. Unless the District and the Architect agree that a hazardous materials consultant shall be a consultant of the Architect, the District shall furnish the services of a hazardous material consultant or other consultants only when such services are requested in writing by the Architect and deemed necessary by the District or are requested by the District. These services shall include: asbestos and lead paint survey; abatement documentation; and specifications related to said matters which are to be incorporated into bid documents prepared by the Architect. If the hazardous materials consultant is furnished by the District and not a consultant of the Architect, the specifications shall include a note to the effect that they are included in the Architect's bid documents for the District's convenience and have not been prepared or reviewed by the Architect. The note shall also direct questions about the specifications to its preparer.

7.1.4 District Site Visits. At the discretion of the District, District staff may assist or accompany the Architect in making site visits and observing the work, including the visits described below. Requests for changes or substitutions shall be directed to the District Representative. Orders to the Contractor shall be issued through Architect after approval by the District Representative.

7.1.4.1 Pre-Final Walk-Through. District staff, or any person assigned by the District, may participate in the pre-final walk-through of the Project or any portion thereof and may assist in the preparation of the list of deficiencies required by the Construction Phase portion of the Services, as set forth on **Exhibit C** hereto.

7.1.4.2 Final Site Visit. At the discretion of the District, when notified by the Architect that the construction "punch list" items have been corrected, District staff may accompany the Architect and the Contractor on the final Site visits.

7.1.5 Notice of Defects. If the District observes or otherwise becomes aware of any fault or defect in the Project, or nonconformance with the Construction Documents, the District shall verbally or in writing advise the Architect. However, the District's failure to give such notice shall not eliminate the obligations of the Architect regarding the administration of the construction of the Project or other obligations under the Construction Documents; nor require District to make site visits.

7.1.6 Notice of Completion. When all items are completed to the satisfaction of the District and the Architect, and upon written recommendation of the Architect, District staff shall recommend that the District's Board of Trustees adopt a Notice of Completion.

7.2 LIMITATION ON LIABILITY OF DISTRICT

7.2.1 Other than as specifically provided elsewhere in this Agreement, the District's financial obligations under this Agreement shall be limited to the payment of the compensation provided in this Agreement. Notwithstanding any other provision of this Agreement, in no event shall the District be liable, regardless of whether any claim is based on contract or tort, for any special, consequential, indirect or incidental damages, including, but not limited to, lost profits or revenue, arising out of or in connection with this Agreement for the services performed in connection with this Agreement.

7.2.2 The District shall not be responsible for any damage to persons or property as a result of the use, misuse or failure of any equipment used by the Architect, its employees, agents, consultants, invitees or guests even if such equipment has been furnished or loaned to the Architect by the District.

SECTION 8 PROJECT CONSTRUCTION COST ESTIMATES

8.1 CONSTRUCTION BUDGET. The Construction Budget may be revised at the conclusion of design or other earlier Phase of the Project at the discretion of the District based on input from the Architect.

8.2 ESTIMATED PROJECT CONSTRUCTION COST. The Estimated Project Construction Cost shall be prepared and updated by the Architect as required in **Exhibit C** during each Phase of the Services and shall be subject to District approval. The Estimated Project Construction Cost during each Phase shall under no circumstances exceed the Construction Budget, including a reasonable allowance built in for estimating design contingency. The Architect shall, at no additional cost to the District, incorporate any and all revisions needed to the preliminary studies, schematic drawings, site utilization plans and Construction Documents if at any time the Architect becomes aware that the Estimated Project Construction Cost, as recalculated, will exceed the Construction Budget; provided that this limitation shall not apply to unanticipated cost increases beyond the reasonable control of the Architect.

SECTION 9 PROJECT SCHEDULE

9.1 SCHEDULE

9.1.1 Time for Completion. Time is of the essence and failure of the Architect to perform services on time shall constitute a material breach of this Agreement. It shall not be a material

breach if a delay is beyond the Architect's or Architect Consultant's control as set forth in Section 9.1.4 below. The milestones set forth on the project schedule are binding, unless extended in writing by the District Representative.

9.1.2 Delays. Except as otherwise provided in Section 5.2, the Architect shall not be entitled to any compensation additional to the Basic Fee, damages or any losses incurred in connection with delays due to errors, omissions, intentional or negligent acts of the Architect or the Architect Consultant (including their respective employees or those in a direct contractual relationship with either).

9.1.3 Notice of Delay. The Architect shall immediately notify the District of any delay in: (i) the preparation and/or production of any of the Architect's documents hereunder, (ii) the performance of Services, or (iii) connection with any matter attended to by the Architect or with which the Architect is familiar (whether or not as the result of an act or omission of another).

The Architect shall consult and advise the District in connection with any such delay and its effect on the Project Schedule and shall take such action on the District's behalf as the District may request in accordance with the terms and conditions of this Agreement.

9.1.4 Force Majeure. Neither party will be liable to the other for unanticipated delays or failures in performance resulting from causes beyond the reasonable control of that party, including, but not limited to, acts of God, labor disputes or disturbances, material shortages or rationing, riots, acts of war, governmental regulations, communications or utility failures, or casualties; provided that the delayed party: (i) gives the other party prompt written notice of such cause and (ii) uses its reasonable efforts to correct such failure or delay in its performance. The delayed party's time for performance or cure under this Section will be extended for a period equal to the duration of the cause or sixty (60) days, whichever is less.

SECTION 10

DOCUMENTS OWNERSHIP, LICENSE, COPYRIGHT AND USE

10.1 OWNERSHIP. Pursuant to California Education Code Section 17316 and the requirements of the District, all plans, specifications, original or reproducible transparencies of any drawings and master plans, preliminary sketches, architectural presentation drawings, structural computations, estimates and any other documents prepared pursuant to this Agreement, including, but not limited to, any other works of authorship fixed in any tangible medium of expression such as writings, physical drawings and data magnetically or otherwise recorded in electronic form (hereinafter referred to as the "Project Documents") shall be and remain the property of the District. Although the official copyright in all Project Documents shall remain with the Architect or Architect Consultant, as applicable, the Project Documents shall be the property of the District whether or not the work for which they were made is executed or completed. Within thirty (30) calendar days following completion of the Project, or the earlier termination of this Agreement for any reason, the Architect shall provide to the District copies of all Project Documents then existing. In addition, the Architect shall retain copies of all Project Documents on file for a minimum of ten (10) years following completion of the Project, or the early termination of this Agreement for any reason, and shall make copies available to the District upon the payment of reasonable duplication costs. Before destroying the Project Documents following this retention period, the Architect shall make a reasonable effort to notify the District and provide the District with the opportunity to obtain the documents slotted for destruction.

10.2 REUSE BY DISTRICT. All plans for the Project, including, but not limited to, record drawings, specifications, and estimates prepared pursuant thereto, shall be and remain the property of the District for the purposes of repairs, maintenance, renovations, modernization, or other purposes, only as

they relate to an Assigned Project. Notwithstanding the foregoing, the District may use the plans, record drawings, specifications, or estimates related to an Assigned Project for the purposes of additions, alignments, or other development on the site. The District reserves the right to reuse certain elements, features, details or other project standards in order to incorporate them into other projects within the District.

10.2.1 The plans, designs, copyrights, drawings, studies, specifications, and estimates prepared by the Architect or its Consultants are instruments of service of the Architect. The Architect shall be deemed to be the author of these documents and the Architect shall retain all common law, statutory and other reserved rights, including the copyright thereto. Notwithstanding the foregoing, the documents including, but not limited to, plans, drawings, specifications, record drawings, models, mock-ups, renderings and other documents (including all computer file and/or AutoCAD files) prepared by the Architect or the Architect's Consultants for this Project, shall be and remain the property of the District pursuant to Education Code Section 17316 for the purposes of repair, maintenance, renovation, modernization or other purposes as they related to the Project. The District, however, shall not be precluded from using the Architect's or Architect Consultant's documents enumerated above for the purposes of additions, alignments or other development on the Project site.

10.2.2 Notwithstanding Section 1 above, if the District proposes to reuse the plans prepared by Architect within the District but other than on the Project site, the terms and conditions for the reuse shall be set forth in an Amendment to this Agreement, or other subsequent writing executed by the District and the Architect. However, under any circumstances, in the event of any reuse or modification of the Architect's drawings, specifications or other documents by any other person, firm or legal entity, the Architect shall be given design credit and the names and seals of the Architect and the Architect's consultants, if any, shall first be removed from the Architect's drawings, specifications or other documents.

If the District reuses the plans prepared by the Architect or Architect Consultant and retains another certified architect or structural engineer for the preparation of those plans for the reuse, the District shall indemnify and hold harmless the Architect and Architect Consultant, and their respective agents, and employees, from and against any claims, damages, losses, and expenses, including attorney's fees, arising out of or resulting from, in whole or in part, the reuse.

10.2.3 This Agreement creates a non-exclusive and perpetual license for District to copy, use, modify, reuse, or sublicense any and all copyrights, designs, and other intellectual property embodied in plans, specifications, studies, drawings, estimates, and other documents, or any other works of authorship fixed in any tangible medium of expression, including, but not limited to, physical drawings, data magnetically or otherwise recorded on computer disks, or other writings prepared or caused to be prepared by the Architect pursuant to this Agreement. The Architect shall require any and all subcontractors and consultants to agree in writing that the District is granted a non-exclusive and perpetual license for the work of such subcontractors or consultants performed pursuant to this Agreement.

10.3 COPYRIGHT. The Architect represents and warrants that the Architect has the legal right to license any and all copyrights, designs and other intellectual property embodied in the Construction Documents that Architect prepares or causes to be prepared pursuant to this Agreement. The Architect shall indemnify and hold the District harmless pursuant to the indemnification provisions of this Agreement for any breach of this representation and warranty.

10.4 TECHNOLOGY USED. The Architect shall perform the Services and prepare all documents under this Agreement with the assistance of Building Information Modeling (BIM) and Computer Aided

Design (CAD) (e.g., AutoCAD) or other technology acceptable to the Architect and the District. As to any drawings that the Architect provides in a CAD file format, the District acknowledges that anomalies and errors may be introduced into data when it is transferred or used in a computer environment, and that the District should rely on the hard or PDF, unalterable, copies of all documents.

10.5 DELIVERABLES UPON TERMINATION. Following the termination of any Services, for any reason, or abandonment of all or a portion of the Project, the District may utilize the Construction Documents as it sees fit, subject to the provisions of Section 10.2 above. The Architect shall deliver to the District, in a form acceptable to the District, one hard-copy and two (2) electronic copies of each set of Construction Documents, complete or incomplete, prepared in connection with the Project by the Architect and the Architect Consultants, if any.

10.6 NO REPRODUCTION OR USE BY ARCHITECT OR THIRD PARTIES. After completion of the Project, or earlier termination of the Services, the Architect shall not use the Construction Documents for any purpose without District's prior written consent. In addition, the Architect shall not permit reproductions to be made of any Construction Documents without the approval of the District and shall refer all requests by other persons to the District.

SECTION 11

INDEMNIFICATION AND INSURANCE

11 INDEMNIFICATION. INDEMNITY AND LITIGATION COSTS. To the fullest extent permitted by law and in conformity with California Civil Code Section 2782.8, Architect agrees that it will indemnify, defend and hold the District, the District's Representative, and their respective Board members, directors, officers, employees, agents and authorized volunteers (the "Indemnitees") entirely harmless from all claims that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Architect, its officers, employees, consultants, subconsultants or agents.

11.1.2 The Architect's obligation to indemnify does not include the obligation to defend actions or proceedings brought against the Indemnitees but rather to reimburse the Indemnitees for attorney's fees and costs incurred by the Indemnitees in defending such actions or proceedings brought against the Indemnitees to the extent to the extent such actions or proceedings arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Architect, its officers, employees, consultants, subconsultants or agents, but not to the extent of loss, injury, death or damage caused by the negligence or willful misconduct of District or of other third parties for which the Architect is not legally liable.

11.1.3 Survival of Indemnities. The provisions of this Section shall survive the termination of this Agreement.

11.2 INSURANCE. Without in any way affecting the indemnity provided in or by Section 11.1, before commencement of any Services, the Architect and each Architect Consultant shall procure and maintain at its own cost and expense for the duration of the Services, and longer as required by the District against claims for injuries to persons or damages to property which may arise from or in connection with the Services, the types and amounts of insurance set forth herein.

11.2.1 Minimum Limits of Insurance. The Architect and each Architect Consultant shall procure and maintain the types and amounts of coverage as follows:

11.2.1.1 Commercial General Liability Insurance with a limit of not less than \$2,000,000 each occurrence for bodily injury, personal injury and property damage/\$4,000,000 annual aggregate.

11.2.1.2 Automobile Liability Insurance Minimum of \$1,000,000 limit each accident.

11.2.1.3 Professional Liability (Errors and Omissions) Insurance with a limit not less than \$2,000,000 per claim and \$2,000,000.00 in the annual aggregate.

11.2.1.4 Workers' Compensation Insurance as required by the State of California (Division IV of the California Labor Code, and any amendatory acts or provisions thereto).

11.2.1.5 Employer's Liability Insurance in an amount not less than \$1,000,000 per accident for bodily injury or disease.

11.2.2 Minimum Scope of Insurance.

11.2.2.1 Commercial General Liability insurance shall be written on Insurance Services Office form CG 0001 (or a substitute form providing coverage at least as broad) and shall cover liability arising from bodily injury and property damage (broad form property damage), premises, operations, independent contractors, products-completed operations, personal injury and advertising injury liability (including the tort liability of another assumed in a business contract), contractual liability with respect to this Agreement, explosion, collapse and underground hazards.

11.2.2.2 Automobile Insurance, if applicable, shall cover liability arising out of any automobiles (including owned, hired and non-owned automobiles). Coverage shall be written on Insurance Services Office form CA 0001, or a substitute form providing liability coverage at least as broad. The policy may require deductibles acceptable to the Director of Risk Management of the District, but not self-insured retention without written approval from District.

11.2.2.3 If the Professional Liability Insurance policy is written on a claims made basis, it shall be maintained continuously for a period of no less than three (3) years after Final Completion of the Project to which it applies.

11.2.3 Valuable Document Insurance: The Architect shall carry adequate insurance on all drawings and specifications as may be required to protect District in the amount of its full equity in those drawings and specifications, and shall file with District a certificate of that insurance. The cost of that insurance shall be paid by Architect.

11.2.4 Content and Endorsements: Each policy must contain, or be endorsed to contain, the following provisions:

11.2.4.1 The Commercial General Liability policy shall name District, its Board of Trustees and each member thereof, its officers, employees, agents, and designated volunteers as named additional insureds ("Additional Insureds"). The coverage shall contain no special limitations on the scope of protection afforded to the Additional Insureds. Coverage shall be primary and not contributory with respect to the Additional Insureds. Any insurance or self-insurance maintained by the Additional Insureds shall be in excess of the Architect's insurance and shall not contribute with it.

11.2.4.2 With respect to the Commercial General Liability policy and Professional Liability policy the insurers shall agree to waive all rights of subrogation against District, its Board of Trustees and each member thereof, its officers, employees, agents, and volunteers.

11.2.4.3 Each insurance policy required by this Agreement shall be endorsed to state that coverage shall not be suspended, voided, reduced or canceled except after thirty (30) days prior written notice has been given to the District by the carrier. In the case of cancellation for non-payment, ten (10) days notice is acceptable. Qualified statements such as carrier "will endeavor" or that "failure to mail such notice shall impose no obligation and liability upon the company" shall not be acceptable.

11.2.4.4 The insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

11.2.5 General Insurance Matters: All insurance coverage required under this Agreement shall:

11.2.5.1 Be issued by insurance companies admitted to do business in the State of California, with a financial rating of at least an A:VII as rated in the most recent edition of Best's Insurance Reports. Architect shall notify District in writing if any of its insurer(s) have an A.M. Best rating of less than A:VII. At the option of District, either 1) District can accept the lower rating; or 2) the Architect or Architect Consultant shall be required to procure insurance from another insurer.

11.2.5.2 Except for professional liability policies, all insurance required by this Section shall contain standard separation of insureds provisions. In addition, such insurance shall not contain any special limitations on the scope of protection afforded to the District, its directors, officials, officers, employees and agents.

11.2.5.3 The Architect or Architect Consultant, as applicable, shall promptly notify the District of any materials change in the coverage, scope, or amount of any policy.

11.2.5.4 Except for professional liability policies for which primary coverage is not available, all such insurance shall be primary insurance. Any insurance of the District shall be excess coverage for benefit of the District only and non-contributory.

11.2.5.5 At all times while this Agreement remains in effect, the Architect and the Architect Consultant shall maintain on file with the District valid and up to date certificates of insurance showing that the required insurance coverage is in effect in not less than the required amounts. If not contained on the face of the policy, endorsements signed by a person authorized by the insurer to bind coverage on its behalf, shall be separately provided. Each policy endorsement, copy, or a certificate of the policy executed by the insurance company, and evidence of payment of premiums for each policy shall be deposited with the District within twenty-one (21) days of execution of this Agreement and prior to the commencement of services, and on renewal of the policy, not less than twenty (20) days before the expiration of the term of the policy.

11.2.5.6 If the Architect fails to provide or maintain the required insurance, the District may, at its sole and absolute discretion, obtain such insurance at the Architect's expense and deduct the premium from any fees or reimbursable expenses subsequently invoiced by the Architect.

11.2.5.7 Any deductibles or self-insured retentions in excess of \$100,000 must be declared to the District and must be reduced to a level deemed acceptable by the District in writing. The Architect agrees that, at the option of the District, it will either: (A) arrange for the insurer shall reduce or eliminate such deductibles or self-insured retentions with respect to the District, its directors, officials, officers, employees and agents; or (B) procure a bond guaranteeing payment of losses and related investigation costs, claims and administrative and defense expenses.

SECTION 12

DISPUTE RESOLUTION

12 **RESOLUTION OF CLAIMS.** Claims shall be resolved by the parties in accordance with the provisions of this Section 12. All Claims shall be subject to the “**Claims Resolution Process**” set forth in this Section 12, which shall be the exclusive recourse of the Architect and the District for determination and resolution of Claims. For purpose of this Section 12, a “**Claim**” shall mean, a written demand or assertion by the District or the Architect seeking, as a matter of right, an interpretation of contract, disputed payment of money, recovery of damages or other relief. A Claim does not include the following: (i) penalties or forfeitures prescribed by statute or regulation imposed by a governmental agency; (ii) tort claims for personal injury or death; (iii) false claims liability under California Government Code Section 12650, et seq.; (iv) physical defects in the Construction first discovered by the District after final payment by the District to a Contractor; (v) stop notices; or (vi) the right of the District to specific performance or injunctive relief to compel performance.

12.1 **RESOLUTION OF OTHER DISPUTES.** Disputes between the District and the Architect that do not constitute Claims shall be resolved by way of an action filed in the Superior Court of the State of California, County of Ventura, and shall not be subject to the Claims Resolution Process.

12.2 **SUBMISSION OF A CLAIM**

12.2.1 **By the Architect.** The Architect’s right to commence the Claims Resolution Process shall arise upon the District’s written response denying all or part of a Claim. The Architect shall submit a written statement of dispute to the District within fourteen (14) calendar days after the District rejects all or a portion of the Architect’s Claim. Failure by the Architect to timely submit its statement of dispute shall result in the decision by the District on the Claim becoming final and binding. The Architect’s statement of dispute shall be signed by a Principal of the Architect and shall state with specificity the events or circumstances giving rise to the Claim, the dates of their occurrence and the asserted effect, if any, on the compensation due or time of performance obligations of the Architect under this Agreement (the “Statement of Dispute”). Such Statement of Dispute shall include adequate supporting data to substantiate the disputed Claim. Adequate supporting data for a Claim relating to an adjustment of the Architect’s obligations relative to time of performance shall include a detailed, event-by-event description of the impact of each delay on the Architect’s time for performance. Adequate supporting data for a Statement of Dispute involving the Architect’s compensation shall include a detailed cost breakdown and supporting cost data in such form and including such detailed information and other supporting data as required to demonstrate the grounds for, and precise amount of, the Claim.

12.2.2 **By the District.** The District’s right to commence the Claims Resolution Process shall arise at any time following the District’s actual discovery of the circumstances giving rise to the Claim. Nothing contained herein shall preclude the District from asserting Claims in response to a Claim asserted by the Architect. A Statement of Claim submitted by the District shall state the

events or circumstances giving rise to the Claim, the dates of their occurrence and the damages or other relief claimed by the District as a result of such events.

12.3 CLAIMS RESOLUTION PROCESS. The parties shall utilize each of the following steps in the Claims Resolution Process in the sequence they appear below. Each party shall participate fully and in good faith in each step in the Claims Resolution Process, which good faith effort shall be a condition precedent to the right of each party to proceed to the next step in the Claims Resolution Process.

12.3.1 Direct Negotiations. Designated representatives of the District and the Architect shall meet as soon as possible (but not later than forty-five (45) calendar days after the Statement of Dispute is given) in a good faith effort to negotiate a resolution to the Claim. Each party shall be represented in such negotiations by an authorized representative with full knowledge of the details of the Claim or defenses being asserted by such party, and with full authority to resolve such Claim then and there, subject only to the District's right and obligation to obtain Board of Trustees' approval of any agreed settlement or resolution. If the Claim involves the assertion of a right or claim by a Contractor or Architect Consultant against the Architect that is in turn being asserted by the Architect against the District, then such Contractor or Architect Consultant shall also have a representative attend such negotiations, with the same authority and knowledge as just described. Upon completion of the meeting, if the Claim is not resolved, the parties may either continue the negotiations or either party may declare negotiations ended. All discussions that occur during such negotiations and all documents prepared solely for the purpose of such negotiations shall be confidential and privileged pursuant to California Evidence Code Sections 1119 and 1152.

12.3.2 Deferral of Agreement Disputes. Following the completion of the negotiations required by the preceding paragraph, all unresolved Claims shall proceed to Mediation as set forth in the succeeding paragraph entitled "Mediation." The Parties hereto may mutually agree to postpone continuing the Claims Dispute Resolution until the earlier of: (i) the completion of the Scope of Services hereunder or, (ii) the termination of the services. In the event Claims are deferred, the Claims shall be consolidated within a reasonable period of time after completion of the Scope of Services herein and pursued to resolution through the Claims Dispute Resolution Process. Pending final resolution of any Claim, the Architect shall proceed diligently with the performance of its Scope of Services and the District shall continue to make payments for those services that are not part of the Claim set forth herein in accordance with the terms of this Agreement.

12.3.3 Mediation. If the Claim remains unresolved after direct negotiations pursuant to Paragraph 12.3.1, the parties agree to submit the Claim to non-binding mediation before a mutually acceptable third party mediator prior to commencement of any lawsuit or court action.

12.3.3.1 Qualifications of Mediator. The parties shall endeavor to select a mediator who is a retired judge or an attorney with at least five (5) years of experience in public works construction contract law and in mediating public works construction disputes.

12.3.3.2 Submission to Mediation and Selection of Mediator. The party initiating mediation of a Claim shall provide written notice to the other party of its decision to mediate. In the event the parties are unable to agree upon a mediator within ninety (90) calendar days after such written notice is given, then the parties shall submit the matter to the Superior Court of the County of Ventura to select a mediator in accordance with the qualifications herein and the applicable law.

12.3.3.3 Mediation Process. The location of the mediation shall be at the offices of the District, or otherwise mutually agreed. The costs of mediation shall be shared equally

among all parties participating. All discussions that occur during the mediation and all document presentations prepared solely for the purpose of the mediation shall be confidential and privileged pursuant to California Evidence Code Sections 1119 and 1152.

12.3.4 Litigation. If the Claim remains unresolved after direct negotiations and mediation, either party may commence an action in the Superior Court of the County of Ventura. The Architect hereby submits to the jurisdiction of said court.

12.4 NON-WAIVER OR RELEASE. Participation in the Claims Resolution Process shall not constitute a waiver, release or compromise of any defense of either party.

SECTION 13 **NOTICES**

13 NOTICES. All notices, demands, or requests to be given under this Agreement shall be given in writing and conclusively shall be deemed received when received in any of the following ways: (i) on the date delivered if delivered personally; (ii) on the date sent if sent by facsimile transmission and confirmation of transmission is received; and (iii) on the date it is accepted or rejected if sent by certified mail. All notices, demands or requests shall include the name of this Agreement and be addressed to the parties as follows:

TO DISTRICT:

Oxnard School District
Attn: Karling Aguilera-Fort - Superintendent
1051 South A Street
Oxnard, CA 93030

TO ARCHITECT:

IBI Group
Attn: Craig Atkinson - Principal Architect
315 West 9th Street, Suite 600
Los Angeles, CA 90015

SECTION 14 **REPRESENTATIONS OF THE ARCHITECT**

14.1 REPRESENTATIONS OF THE ARCHITECT. By executing this Agreement, and hereafter each and every time this Agreement is amended, the Architect makes each of the following covenants and representations.

14.1.1 The Architect represents that it is professionally qualified to act as the Architect for the Project, is licensed to practice architecture in the State of California by all public entities having jurisdiction over the Architect and the Project.

14.1.2 The Architect covenants to maintain, at all times Services are performed hereunder, all necessary licenses, permits or other authorizations necessary to act as architect for the Project or projects until the Architect's duties in connection therewith have been fully satisfied.

14.1.3 The Architect represents that it has become familiar with the Project site and the local conditions under which the Project is to be designed, constructed, and operated.

14.1.4 The Architect represents and covenants that it shall prepare, or cause to be prepared, all documents and things required by this Agreement including, but not limited to, all Project plans and specifications in such a manner that they shall be constructable in accordance with the standards of the profession.

14.1.5 The Architect assumes full responsibility to the District for the improper acts and omissions of its employees and any consultants retained by the Architect in connection with the Project. The Architect covenants that each Project Director and all other Architect employees or sub-consultants now or in future assigned by the Architect to work on a Project shall have the level of skill, experience and qualifications required to perform the Services assigned to them, and shall also have all licenses, permits or approvals legally required to perform such Services.

14.1.6 The Architect covenants that it shall be responsible for all costs and damages, including those due to any delays, resulting from its failure to prepare adequate documentation or to implement any changes identified as necessary either in connection with the Constructability Review or other review.

14.2 COMPLIANCE WITH LAWS. The Architect covenants that it shall, at all times while providing Services, remain in full compliance with the provisions of all applicable laws, rules and regulations, including without limitation, the provisions of the Education Code regarding design and construction of school facilities, the provisions of the California Labor Code regarding employer's insurance, the provisions of the California Labor Code regarding payment prevailing wages, non-discriminations laws (including federal and state laws), and any and other laws rules and regulations applicable to this Agreement, the Architect, the District, the Project or the Services. The Architect shall at all times require the Architect Consultants to fully comply with such applicable laws, rules and regulations. Without in any way limiting the generality of the foregoing the Architect shall ensure that it and each Architect Consultant comply with the following:

14.2.1 Cost Disclosure - Documents and Written Reports. The Architect shall be responsible for compliance with California Government Code section 7550 if the total cost of the contract is over five thousand dollars (\$5,000).

14.2.2 Disabled Veteran Business Enterprise Participation. Pursuant to Education Code section 17076.11, the District has a participation goal for disabled veteran business enterprises (DVBEs) of at least three (3) percent, per year, of funds expended each year by the District on projects that use funds allocated by the State Allocation Board pursuant to the Leroy F. Greene School Facilities Act. Unless waived in writing by the District, the Architect shall provide proof of DVBE compliance, in accordance with any applicable policies of the District or the State Allocation Board, within thirty (30) days of its execution of this Agreement.

14.2.3 Fingerprinting & Other Operational Requirements of the District. Unless exempted, the Architect shall comply with the requirements of Education Code Section 45125.1 with respect to fingerprinting of employees who may have contact with the District's pupils. The Architect shall also ensure that its consultants on the Project also comply with the requirements of Section 45125.1. The Architect and each Architect Consultant must complete the District's certification form attached hereto as **Exhibit E** and incorporated herein by reference prior to any of the Architect's or Architect Consultant's employees coming into contact with any of the District's pupils. The Architect also agrees to comply, and ensure that all its employees and Architect Consultants comply with all other operational requirements of the District, as may be revised from time to time, including but not limited to any obligations relating to vaccination or testing for infectious diseases.

14.2.4 Name and Trademarks. The Architect shall not use any name, trademark or service mark of the District without first having received the District's written consent to such use.

14.2.5 Conflict of Interest. No member, official or employee of the District shall have any personal interest, direct or indirect, in this Agreement nor shall any such member, official or employee participate in any decision relating to the Agreement which affects his personal interests or the interests of any corporation, partnership or association in which he is directly or indirectly interested.

14.2.6 Safety. The Architect shall execute and maintain its work so as to avoid injury or damage to any person or property. In carrying out its Services, the Architect shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of its employees, consultant and subcontractors appropriate to the nature of the work and the conditions under which the work is to be performed.

14.2.7 Labor Certification. By its signature hereunder, the Architect certifies that it is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Workers' Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

14.3 SUPPLEMENTAL CONDITIONS. Any supplemental conditions agreed to by the parties shall be attached as an exhibit to this Agreement and incorporated herein by reference.

SECTION 15

MISCELLANEOUS PROVISIONS

14.4 SUCCESSORS AND ASSIGNS. In as much as this Agreement is intended to secure the specialized Services of the Architect, the Architect may not assign, transfer, delegate or sublet any interest therein without the prior written consent of the District and any such assignment, transfer, delegation or sublease without the District's prior written consent shall be considered null and void. Likewise, the District may not assign, transfer, delegate or sublet any interest therein without the prior written consent of the Architect and any such assignment, transfer, delegation or sublease without the Architect's prior written consent shall be considered null and void.

14.5 SEVERABILITY. If any term, covenant, condition or provision of this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired or invalidated thereby.

14.6 ENTIRE AGREEMENT. This Agreement including Exhibits hereto, contains the entire understanding of the Parties, and supersedes all other written or oral agreements. The Architect shall be entitled to no other benefits other than those specified herein. No changes, amendments or alterations shall be effective unless in writing and signed by both Parties. The Architect specifically acknowledges that in entering into this Agreement, the Architect relied solely upon the provisions contained in this Agreement and no others.

14.7 GOVERNING LAW AND VENUE. This Agreement shall be construed in accordance with, and governed by the laws of the State of California, excluding its choice of law rules. Venue shall be exclusively in Ventura County.

14.8 NON-WAIVER. None of the provisions of this Agreement shall be considered waived by either party unless such waiver is specifically specified in writing. Neither the District's review, approval of, nor payment for, any of the services required under this Agreement shall be construed to operate as a waiver of any rights under this Agreement, and the Architect shall remain liable to the District in accordance with this Agreement for all damages to the District caused by the Architect's failure to perform any of the Services to the standard of care of the Architect for its services, which shall be, at a minimum, the standard of care of architects performing similar work for California school districts in or around the same geographic area of the District. This provision shall survive the termination of this Agreement.

14.9 INDEPENDENT CONTRACTOR. The Architect is, for all purposes arising out of this Agreement, an independent contractor, and neither the Architect nor its employees shall be deemed an employee of the District for any purpose. It is expressly understood and agreed that the Architect shall in no event be entitled to any benefits to which District employees are entitled, including, but not limited to, overtime, retirement benefits, insurance, vacation, workers' compensation benefits, sick or injury leave or other benefits.

14.10 NO ASBESTOS CERTIFICATION. No asbestos or asbestos-containing materials will be used or substituted in conjunction with the Project. Upon completion of all work under the Project, the Architect will certify to the District that to the best of the Architect's knowledge, no asbestos or asbestos-containing materials were used in the Project.

14.11 NON-DISCRIMINATION. No discrimination shall be made by the Architect in the employment of persons to work under this Agreement because of race, national origin, sex, age, ancestry, religion, physical disability, marital status, sexual orientation, or political affiliation of such person. The Architect shall comply with all applicable regulations and laws governing nondiscrimination in employment, including without limitation the following laws:

(a) California Fair Employment and Housing Act (California Government Code Section 12900 et seq.) which prohibits discrimination in employment on account of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, or sex and prohibits harassment of an employee or applicant because of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex or age;

(b) Federal Civil Right Act of 1964 (42 U.S. Code Section 2000e, et seq.) which prohibits discrimination in employment on the basis of race, religious creed, color, national origin, or sex;

(c) Title I of the Americans With Disabilities Act of 1990 (42 U.S. Code Section 12101 et seq.) which prohibits discrimination against qualified individuals with a disability in hiring and employment practices;

(d) The Age Discrimination in Employment Act (29 U.S. Code Section 621, et seq., prohibiting age discrimination in employment against individuals who are least forty years of age;

(e) California Labor Code Section 1102.1 which prohibits discrimination in any aspect of employment or opportunity for employment based on actual or perceived sexual orientation.

14.12 NO THIRD PARTY BENEFICIARY. There are no intended third party beneficiaries of any right or obligation assumed by the Parties.

14.13 ASSISTANCE OF COUNSEL. Each party warrants that it has had the opportunity to consult counsel and understands the terms of this Agreement and the consequences of executing it. In addition, each party acknowledges that the drafting of this Agreement was the product of negotiation and that this Agreement shall not be construed against any party as the drafter of the Agreement.

14.14 AUTHORITY TO EXECUTE. The persons executing this Agreement on behalf of their respective Parties represent and warrant that they have the authority to do so under law and from their respective Parties.

14.15 HEADINGS. The headings in this Agreement are inserted only as a matter of convenience and reference and are not meant to define, limit or describe the scope or intent of the contract documents or in any way to affect the terms and provisions set forth herein.

14.16 EXECUTION IN COUNTERPARTS. This Agreement may be executed in any number of counterparts, each of which shall be an original, but all of which together shall constitute one instrument.

NOW, THEREFORE, the parties, through their authorized representatives, have executed this Agreement on the dates indicated under their respective signatures.

OSD BOARD AGENDA ITEM

Name of Contributor: Valerie Mitchell, MPPA

Date of Meeting: August 21, 2024

Agenda Section: Section C: Consent Agenda

Ratification of Amendment No. 001 to Agreement No. 23-161 with Flewelling & Moody Architects, Inc. to Provide Architectural Engineering Services for Rose Avenue Elementary School ECDC Project (Mitchell/Miller/CFW)

Pursuant to Board action, the Oxnard School District applied to the California Preschool, Transitional Kindergarten and Full-Day Kindergarten Facilities Program in March 2023. The Program provides one-time grants to construct new or retrofit existing facilities for the purpose of providing classrooms to support full-day preschool, transitional kindergarten (TK) or kindergarten (K) instruction.

As a component of the Enhanced Master Construct Plan, a separate new Early Childhood Development Center (ECDC) is to be constructed at the existing Rose Avenue Elementary School site. In order to complete the project, coordination between the ECDC and Rose Avenue Elementary School Reconstruction Project Architect is required to delineate the scope of work between the two projects.

This amendment is required for the Architect to coordinate the ECDC drawing set with revised and reduced scope for the Rose Elementary School Reconstruction Project.

FISCAL IMPACT:

\$12,800.00 (including reimbursable expenses) to be funded by Master Construct and Implementation Funds.

RECOMMENDATION:

It is the recommendation of the Assistant Superintendent, Business & Fiscal Services, and the Director of Facilities, in consultation with Caldwell Flores Winters Inc., that the Board of Trustees ratify Agreement #23-161 with Flewelling & Moody Architects, Inc.

Amendment No. 001 to Architect Services Agreement No. 23-161

The Architect Services Agreement No. 23-161 (“Agreement”) entered into on October 18, 2023, by and between the Oxnard School District (“District”) and Flewelling Moody Architects, Inc. (“Architect”), is hereby amended by the parties as set forth in this Amendment No. 001 to the Architectural Services Agreement No. 23-161 (“Amendment”) that is incorporated herein for all purposes.

RECITALS

WHEREAS, The District retained Architect to provide architectural and design services for Rose Avenue Early Childhood Development Center (ECDC) Project (“Project”);

WHEREAS, the Architect in the process of the design work for the Project and has submitted the construction documents to the Division of the State Architect (“DSA”) for their review;

WHEREAS, the Board of Trustees has taken certain actions to approve the design of the Rose Avenue ECDC project;

WHEREAS, the Board recognizes that the timing of the various components of work must all be approved by DSA and additional coordination between the two project on the school site will be required;

NOW THEREFORE, for the good and valuable consideration, the Parties agree to the following amended terms to Agreement:

AMENDMENT

The Parties agree to add the following language to SECTION 3 of the Agreement:

The definition of the Project is expanded to include additional coordination between the Rose Avenue ECDC project and the Rose Avenue Reconstruction project.

The Parties agree to add the following language to SECTION 4.1 of the Agreement:

The definition of Basic Services is expanded to include the deliverables and submittals set forth herein, provided for under the original Agreement between the Parties and those identified in Exhibit F hereto, where not inconsistent with the original Agreement or this Amendment. Terms used in Exhibit F shall have the same meaning as those terms are defined in the Agreement.

The Parties agree to add a new SECTION 5.2.3 to the Agreement as follows:

SECTION 5.2.3 Additional Compensation for the Rose Avenue ECDC Project revised Scope of Work. The Architect agrees to perform the Basic Services as described in the original Agreement, and Exhibit “F” thereto, with respect to the Project. Architect agrees to deliver the deliverables identified in

Exhibit “C” of the original Agreement for the Project. In consideration for the amended basic services and deliverables, Architect agrees to be compensated an additional flat “all-in” Basic Fee for the additional work totaling: **Twelve Thousand Eight Hundred Dollars and No Cents (\$12,800.00)**. **This fee shall include all the work necessary to complete the coordination drawings between the Rose ECDC and Rose Reconstruction projects including the costs of any sub-consultants or any specialty consultants.**

The Parties agree that the work identified herein constitutes all of the additional owner requested scope, changes or modifications arising out of this Agreement.

The Parties agree that all other provisions of the Architectural Services Agreement No. 23-161 entered into and executed by the Parties on October 18, 2023 remain in full force and effect. Architect agrees that any provisions, limitations and exclusions in its proposal, Exhibit “F” hereto, are stricken for all purposes and are invalid as inconsistent with the terms and conditions of the Agreement and this Amendment.

IN WITNESS THEREOF, the Parties hereto execute this Amendment No. 001 and represented that each has authority to do so on the dates set forth below:

I. Project Description

Per the new Rose Avenue K-5 School project under DSA Application 03-119284, the existing Administration Building is slated for demolition and the surrounding area of approximately 31,000 SF is to be developed as turf area. However, as a result of revisions outlined in their DSA approved CCD-26A, the said area has been omitted from the scope. The District requests this portion of the scope to be included as part of the new Transitional Kindergarten Facilities project under DSA Application A03-124244.

Specifically the scope of work shall include the following:

1. Assessment of DSA approved CCD-26A from A03-119284 for coordination purposes.
2. Update architectural site plan and provide additional site details as required.
3. Provide grading and drainage design and update utility plan accordingly.
4. Provide planting and irrigation design.
5. Preparation of construction documents and include as part of DSA V2 submittal package under A03-124244.

II. District Responsibilities

1. The District shall provide all available record drawings or reference drawings as needed to complete the scope.

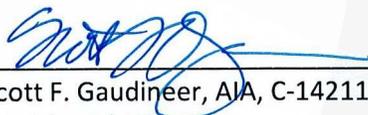

III. Services Not Included

1. Additional scope of work requested by the Owner (Owner-Requested Changes) that falls beyond the agreed scope of work.
2. Topographical survey, geotechnical report, goe-hazard report, or fire flow test.
3. Cost estimates.

IV. Professional Service Fees

- A. Flewelling & Moody proposes a fee of \$12,800 based on the information provided.

Sincerely,

 Scott F. Gaudineer, AIA, C-14211

AGREEMENT FOR ARCHITECTURAL SERVICES

PREAMBLE

This Agreement for Architectural Services (“**Agreement**”) is entered into on this **18th day of October, 2023** by and between **Flewelling and Moody, Inc.**, an architectural firm that employs architects licensed to work in the State of California (collectively and individually, the “**Architect**”), with a business address at **815 Colorado Boulevard, Suite 200, Los Angeles, CA 90041** and the **Oxnard School District**, a California public school district (“**District**”), with offices located at 1051 South A Street, Oxnard CA 93030, in connection with services commencing on **October 18, 2023**. District and Architect are sometimes individually referred to herein as “Party” and collectively as “Parties.”

RECITALS

WHEREAS, the District proposes to undertake the construction and installation of certain improvements, as further defined and described below (the “**Project**”) and, in connection with the Project, requires the services of a duly qualified and licensed architect.

WHEREAS, the Architect represents that its employees are licensed to practice architecture in the State of California, as appropriate, and that the Architect is qualified to perform the services required under this Agreement.

WHEREAS, the Parties intend that the Architect provide professional services pursuant to this Agreement, under the management and oversight of the District’s Representative, in such manner as to enable the Project to be designed and constructed with the standard of care described herein without burdening the District’s staff.

AGREEMENT

NOW, THEREFORE, in consideration of the promises and covenants herein and other valuable consideration, receipt of which is acknowledged, the Parties agree as follows:

SECTION 1 GENERAL PROVISIONS

1.1 DEFINITIONS. When used in this Agreement, the following terms shall have the meanings set forth below:

1.1.1 “Addendum” shall mean written or graphic information (including without limitation Drawings and Specifications), prepared and issued prior to the receipt of Bids, which modifies or interprets the Bid Set by additions, deletions, clarifications, or corrections.

1.1.2 “Additional Services” shall mean those services in addition to the Basic Services that are provided by the Architect pursuant to a written request by the District.

1.1.3 “Agreement” shall mean this document and all its identified exhibits, attachments and amendments.

Rose Ave ECDC
Oxnard School District

1.1.4 “Architect” shall mean the architectural firm listed in the first paragraph of this Agreement.

1.1.5 “Architect Consultant” shall mean a person properly qualified and licensed in various aspect of design and construction employed at Architect’s sole expense, pursuant to prior approval from the District, to provide Services for the Project.

1.1.6 “Architect’s Supplemental Instruction” or “ASI” shall mean a small set of drawings which better explains the intent of the design of a building or structure

1.1.7 “As-Built Documents” shall mean the collection of documents assembled and prepared by the Contractor (including, without limitations the As-Built Drawings and specifications, shop drawings, approved changes, RFIs, manuals etc.) showing the condition of the Project as actually built and accepted.

1.1.8 “As-Built Drawings” shall mean the final set of drawings prepared by the Architect that incorporates all changes from all drawings, sketches, details, and clarifications recording all changes from the Bid Set.

1.1.9 “Basic Fee” shall mean the compensation provided to the Architect for providing Basic Services.

1.1.10 “Basic Services” shall consist of (i) the professional design services, including but not limited to landscape and irrigation design, architectural, civil, structural, mechanical, plumbing (including fire sprinklers), acoustical, food service, audio and visual design, electrical services, a SWPPP for the Project, and LEED services as required to complete the Project, (ii) preparing educational specifications for the Project, and (iii) preparing and/or signing documentation required to obtain funding from any program administered by the State..

1.1.11 “Bid” shall mean the written proposal submitted to the District by a Contractor in accordance with the Bid Set for the construction of the Project.

1.1.12 “Bid Set” shall mean the DSA Record Set, the construction contract, general conditions and any other documents included in the bid packages, including but not limited to any addenda, all in a form that District approves and uses to bid the construction of the Project.

1.1.13 “Bidder” shall mean the person or entity submitting a Bid.

1.1.14 “BIM” or “Building Information Modeling” shall mean the process of generating and managing building data during its life cycle. Typically it uses three dimensional, real-time, dynamic modeling software to increase productivity in building design and construction. The process encompasses building geometry, spatial relationships, geographic information, and quality and properties of building components.

1.1.15 “CDE” shall mean the California Department of Education.

1.1.16 “Change Order” or “CO” shall mean a written document between the District and the Contractor that is signed the District and the Contractor authorizing a change in the work or and adjustment in the contract, or the contract time.

1.1.17 “Change Order Request” or “COR” shall mean a proposed change(s) in contract amount, requirements or time (outside the scope of the construction contract and/or provisions of its changes clause) which becomes a Change Order when approved by the other party (owner or contractor).

1.1.18 “CHPS” shall mean Collaborative for High Performance Schools.

1.1.19 “Construction Budget” shall mean the Construction Cost, established by the District representative, of the documents and specifications prepared by or under the direction of the Architect, as amended by agreement of the parties during any subsequent phase.

1.1.20 “Construction Cost” shall mean, as of acceptance of the Project, the cost of all labor, materials, and fixtures (but not trade fixtures) supplied by the Contractor and subcontractors to construct the Project, including mobilization, demobilization, materials and other costs typically included in this calculation and *excluding* (i) all fees and costs paid to the Architect and any of their consultants, (ii) all costs and expenses of services, reports, information, equipment and materials furnished by the District, (iii) all costs and fees related to off-site improvements, (iv) all costs incurred to remedy any design or construction defects or errors, and (v) any other Project-related costs and fees typically excluded.

1.1.21 “Construction Documents” shall mean those documents which are required for the actual construction of a project, including but not limited to the agreement between the District and the Contractor; complete working drawings and specifications setting forth in detail the work to be done and the materials, workmanship, finishes and equipment required for architectural, structural, mechanical, electrical systems and utility service-connected equipment and site work.

1.1.22 “Construction Manager” shall mean and refers to any professional or consultant retained by the District to plan, direct and coordinate the construction of the Project.

1.1.23 “Construction Document Phase” shall have the meaning set forth in Exhibit B.

1.1.24 “Construction Phase(s)” shall mean individual construction contract packages that are bid separately.

1.1.25 “Constructability Review” shall mean, the review of the design documents to ascertain whether the design of the Project as depicted in the Construction Documents, and the documents themselves: (i) accurately and completely reflects the District’s objectives as explained to the Architect by the District; (ii) are free of errors, omissions, conflicts or other deficiencies so that the Contractors can construct the Project as therein depicted without delays, disruptions, or additional costs.

1.1.26 “Contractor” shall mean the general contractor or any other contractor selected to perform work or services on the Project or any replacement.

1.1.27 “Contractor Payment Application” shall mean a Contractor’s written request for payment for completed portions of the work and for materials delivered or stored by the Contractor.

1.1.28 “Design Bid Build” shall mean a project delivery method defined by the following characteristic – design and construction are separate contracts.

- 1.1.29 “Design Development Phase”** shall have the meaning set forth in Exhibit B.
- 1.1.30 “District”** shall mean the Oxnard School District.
- 1.1.31 “District Design Standards”** shall be the implementation of standard equipment and/or products as determined by the District, into the overall project design.
- 1.1.32 “District’s Representative”** shall mean the Superintendent and/or, Deputy Superintendent, Business & Fiscal Services and/or Director of Facilities, or any authorized designee of those officers.
- 1.1.33 “DSA”** shall mean the Division of the State Architect of the State of California.
- 1.1.34 “DSA Record Set”** shall mean such documents, plans, drawings and specifications submitted to DSA as part of the design phase and stamped and approved by DSA for the Project.
- 1.1.35 “Educational Specifications”** shall mean the interrelated statements that communicate what educators believe is required to support a specific educational program.
- 1.1.36 “Funding Consultant”** shall mean any consultant designated by the District that assists the District in submitting applications for funding from programs administered by the State.
- 1.1.37 “Guaranteed Maximum Price” or “GMP”** shall mean the cost for construction and installation of a project determined by the District and the lease-leaseback entity when the Lease-Leaseback delivery method is used and shall include both the “Estimated GMP” and the “Final GMP”.
- 1.1.38 “Inspector of Record” or “IOR”** shall mean a certified Inspector approved by DSA to inspect work pursuant to the Field Act (California Education Code §17280 *et seq.*) and applicable provisions of the California Code of Regulations. The IOR also serves as the representative of the District to conduct field inspections of the Project during construction.
- 1.1.39 “Lease-Leaseback”** shall mean a project delivery method under which the District leases real property it owns to a lease-leaseback entity and the lease-leaseback entity causes the construction of a facility the District desires on said real property and subleases the facility back to the District, with title to the facility vesting in the District at the end of the term of the sublease, as set forth in California Education Code §17406.
- 1.1.40 “LEED”** shall mean Leadership in Energy and Environmental Design as administered by the U.S. Green Building Council.
- 1.1.41 “Weekly Memo”** shall mean a written summary of progress of the specific task or portion of the work provided on Friday of every week to CFW’s Sr. Program Manager in charge of the program.
- 1.1.42 “Modernization/New Construction”** shall mean the comprehensive replacement or restoration of virtually all major systems, interior work (such as ceilings, partitions, doors, floor finishes, etc.) and building elements and features.
- 1.1.43 “MOU”** shall mean a memorandum of understanding.

1.1.44 “Notice of Completion” or “NOC” shall mean the legal notice filed with the County Recorder after completion of construction project.

1.1.45 “OPSC” shall mean the Office of Public School Construction of the State of California.

1.1.46 “Phase” when used without the word “Construction” shall mean the various phases of architectural work described in this Agreement.

1.1.47 “Potential Change Order” or “PCO” shall mean is a written document before it has been approved and effected by the contractor and owner.

1.1.48 “Principal(s)” shall mean individual(s) who are participating owners of the Architect and are authorized to act on behalf of the firm.

1.1.49 “Project” shall mean the project described hereinafter in Section 3.

1.1.50 “Project Budget” shall mean the sum total of all monies allocated by the District to defray costs of the work and services related to the Project; including but not limited to professional services, bids for all construction (such as site work, prime contracts, consultants, materials), contingencies and applicable general conditions for each Construction Phase.

1.1.51 “Project Director” shall mean, with reference to the Architect, a licensed, experienced and well- trained professional employed by Architect and fully authorized to represent the Architect in all matters related to the Project including but not limited to executing change orders during construction, and to bind the Architect to any commitments made on the Architect’s behalf in connection herewith.

1.1.52 “Project Manager” shall mean the person assigned by the District to supervise the Project. The District will identify the Project Manager(s) for each Project.

1.1.53 “Project Schedule” shall mean the entire series of events necessary to design and construct the Project and encompasses work and services of the Architect, Contractors and other consultants.

1.1.54 “Prolog” shall mean the program/project management software required by the District to maintain, route and issue all design phase documents, construction documents, and close out documents.

1.1.55 “Request for Information” or “RFI” shall mean a written request from a contractor to the District or Architect for clarification or information about the contract documents following contract award.

1.1.56 “SAB” shall mean the State Allocation Board of the State of California.

1.1.57 “Schematic Design Phase” shall have the meaning set forth in Exhibit B.

1.1.58 “Services” shall mean all labor, materials, supervision, services, tasks, and work that the Architect is required to perform hereunder, including Basic Services and those Services reasonably inferred from this Agreement, as further described and clarified in **Exhibit B** hereto, including any Additional Services required of the Architect hereunder.

1.1.59 “SWPPP” shall mean Storm Water Prevention and Pollution Plan.

1.1.60 “Time Impact Analysis” or “TIA” shall mean a simplified analysis procedure typically specified on construction projects to facilitate the award of excusable days to project completion due to delays caused by either the owner or contractor.

1.2 INCORPORATION OF RECITALS, EXHIBITS AND REFERENCED DOCUMENTS The Recitals above and all Exhibits attached to this Agreement, now or hereafter by agreement of the parties, are incorporated herein by reference and made a part of this Agreement.

SECTION 2

EMPLOYMENT OF ARCHITECT

2.1 EMPLOYMENT OF ARCHITECT. The District hereby retains the Architect, pursuant to California Government Code, Title 1, Division 5, Chapter 10.1 and Section 53060 thereof, to perform, for consideration and upon the terms and conditions set forth herein, all professional architectural and related Services required to complete the Project, as may be hereafter amended in an expeditious, safe and satisfactory manner. The Architect hereby accepts such retention and commits to perform all the professional services required to complete the Project in a professional and conscientious manner in accordance and consistent with highest industry standards and the standard of care generally employed by professionals licensed and qualified to perform similar services within the State of California. The Services shall be performed in a safe, expeditious and satisfactory manner, with allowance for periods of time required for (i) the District's review and approval of submissions to the District by the Architect; (ii) review and approval of submissions to those authorities having jurisdiction over the Project, and (iii) the Architect's review of submissions to the Architect from the District, or authorities having jurisdiction over the Project.

2.2 PROJECT DIRECTOR AND OTHER EMPLOYEES. The Architect shall appoint and designate one State of California licensed architect to serve as the Project Director for the Project. The Project Director shall maintain personal oversight of the Project and the Services and shall be the primary contact on the Architect's behalf for all matters related to the Project for which he or she is designated as Project Director. The Project Director shall be vested with full authority to represent and act on behalf of the Architect for all purposes under this Agreement.

2.3 ARCHITECT COVENANT AGAINST CONTINGENT FEES. The Architect warrants and represents that it has not employed or retained any company or person, other than a bona fide employee working solely for the Architect, to solicit or secure this Agreement, and that it has not paid or agreed to pay any company or person, other than a bona fide employee working solely for the Architect, any fee, commission, percentage, brokerage fee, gift, or any other consideration contingent on or resulting from the award or making of this Agreement. For breach or violation of this warranty, the District shall have the right to annul this Agreement without liability, or in its discretion, to deduct from the Basic Fee or otherwise recover, the full amount of such fee, commission, percentage fee, gift, or contingency.

SECTION 3

PROJECT

The Project consists of such works of new construction, modernization and/or improvement that require services to be provided by Architect described more fully on Exhibit A.

Rose Ave ECDC
Oxnard School District

SECTION 4

SERVICES

4.1

BASIC SERVICES. The Basic Services, deliverables and submittals required under this Agreement are described in **Exhibit A**. The Basic Services are divided into Phases, such as planning programming phase, schematic phase, etc. to facilitate the completion of each set of services during specified times established under the Project Schedule.

4.2 GENERAL PROVISIONS CONCERNING BASIC SERVICES

4.2.1 Employment of Personnel. The Architect shall employ, at its own cost and expense, any and all personnel needed to perform the Services. Architect must identify all personnel that will perform work at any District site and must obtain fingerprinting clearance from the District. Architect agrees to reallocate any personnel whose work is unsatisfactory to the District. Architect shall at all times be solely responsible for the compensation, benefits, tax deductions, insurance or other requirements of any laws applicable to its personnel.

4.2.2 Employment of Architect Consultant(s). For services not provided directly by the Architect, the Architect shall employ, at its own cost and expense, any and all needed Architect Consultant(s) to perform the services hereunder. Architect Consultant(s) retained by the Architect in the performance of this Agreement shall be licensed to practice in their respective professions where required by law. The Architect Consultant(s) will be required to show evidence of a policy of professional liability and/or project insurance that satisfies the requirements of Section 11.2 hereinafter.

4.2.3 The Architect shall remain at all times primarily responsible for the adequate performance of each service and said employment of the Architect Consultants shall not relieve the Architect from administrative or other responsibility under law or this Agreement. Architect shall be responsible for the coordination and cooperation of the Architect Consultants. The Architect's Consultant(s) may include but are not limited to designers and engineers for the structural, electrical, mechanical, plumbing (including fire sprinklers), landscaping, audio and visual, food service, acoustical, theatrical, and civil portions of the Project. Prior to entering into any consulting agreement and prior to authorizing any consultant(s) to perform any services on the Project, the Architect shall submit a written request for approval to District. The request shall include the names of the Architect Consultant firms proposed for the Project and shall identify the key personnel of each Architect Consultant's firm. The District shall have the discretion to reject any proposed firm and/or personnel. If the proposed firm and/or personnel is rejected, the Architect may perform the Services at issue, if qualified to do so, or may propose an alternate acceptable to District.

4.2.4 Cooperation with District and Other Consultants. The Architect and its Consultant (s) shall confer and cooperate with District, the Project Manager, and other District consultants, if any, in all matters and activities as related to this Agreement and each Project.

4.2.5 Project Management Software. The project may be managed through a project management software from design through closeout. Architect will utilize the software as required by the District.

4.2.6 Corrections to Construction Documents and Other Deliverables. The Architect shall revise the Construction Documents as needed to incorporate any and all change orders and other necessary modifications required due to negligent acts or any errors or omissions by the Architect

or the Architect Consultants. The Architect shall also provide any modifications to any deliverables required under **Exhibit A** if such modifications become necessary due to any errors or omissions of the Architect or the Architect Consultants.

4.2.7 Weekly Reports. The Architect shall provide written weekly reports discussing the progress made concerning Services and sent to the District's Sr. Program Manager.

4.2.8 Minutes of Progress Meetings. The Architect will note discussions during progress meetings concerning any Services and will provide a draft copy of the minutes.

4.2.9 Independent Reviews; Audits. Each Project shall at all times be subject to independent reviews conducted by the District or any other person selected by the District, including but not limited to Constructability Review and audits. Such reviews may include inspection of any work, documents or services related to the Project. The Architect shall cooperate with these reviews, including preparing written responses to written or verbal comments, and incorporating changes to the Construction Documents based on such comments. If the Architect does not deem that a comment requires a change, the Architect shall so state in a written response to the comment providing reasons why no change should be implemented. If District nevertheless directs the Architect to implement the requested change, the Architect will do so unless the change would result in a violation of applicable laws or requirements.

The scope of the Architect's obligations during Constructability Review includes without limitation written confirmation, in form and content satisfactory to the District, that (a) requirements noted in the design documents are consistent with and conform to District requirements; and (b) there are no errors, omissions or deficiencies in the Construction Documents that a reasonable Architect using skill and diligence standard in the profession would have detected and corrected prior to submission of the Construction Documents.

4.2.10 Independent Cost Estimates. The District shall have the right, but not the obligation to obtain independent cost estimate(s) conducted by an estimator designated by the District and at the expense of the District. The Architect shall be available to answer the estimator's questions regarding the design and attend meetings with the estimator to reconcile the Architect's required estimates with any independent estimator's estimate.

4.2.11 Inspection of Records; Familiarity with Site and Project. The Architect shall be solely responsible for researching and analyzing all records of the existing improvements and the proposed Project, identifying all District held record documents concerning each portion of the Project, conducting site visits and familiarizing itself with the conditions of the structure(s) and location(s) in which it is providing Services. It is required that the Architect will visit each site prior to design completion to validate existing conditions and record plans of existing buildings and site utilities.

4.2.12 Construction Delivery Methods: Lease-Leaseback. The District may at its discretion enter into Lease-Leaseback pre-construction services and construction contracts for the Project. The Architect will work cooperatively with the Lease-Leaseback contractor during the performance of its pre-construction service phase to implement value engineering, BIM and constructability recommendations.

4.2.13 Funding Applications and Approvals. The Architect shall assist the District with any and all funding applications and submittals for any program administered by the State or other

entities. Architect may be required to prepare, sign and submit applications and documents to various entities such as DSA, OPSC, CDE, and the U.S. Green Building Council. The Architect's duties shall include the preparation and submittal of application(s), plans and specifications, and any supplemental funding applications (such as CHPS, CDE, as well as OPSC and others as may be required). The Architect shall respond timely to review comments and work cooperatively with the District's Funding Consultant to achieve any and all submittal deadlines.

4.2.14 District Design Standards. The Architect shall be responsible for implementing all District Design Standards issued to the Architect by the District into the overall project design. Design standards include but are not limited to equalization standards, furniture, fixture and equipment standards, maintenance standards, data and technology standards, security intrusion and video surveillance standards.

4.2.15 Storm Water Prevention and Pollution Plan (SWPPP). The Architect shall be responsible for all designs and permitting, excluding fees, as it relates to the SWPPP plans and specifications for the Project. Responsibility also includes the preparation of plans, specifications, and any other requirements needed to obtain the **required regulatory approvals** and permits.

4.2.16 Changes. The Architect shall revise the Construction Documents as needed to incorporate any and all change order requests, potential change orders, supplementary instructions and other necessary modifications. The Architect is responsible for obtaining DSA approval for all changes.

4.2.16.1 Changes Required to Meet Construction Budget. If the lowest responsible bid exceeds one hundred ten percent (110%) of the Construction Budget, Architect shall revise the scope of the project for re-bidding at no additional expense to the District. The District shall approve or disapprove, in its sole discretion, all proposed changes to the scope intended to effect cost reduction and no such changes shall be effective until approved by the District.

4.2.17 Deliverables. Unless otherwise agreed to in writing, Architect shall produce the deliverables identified on **Exhibit A**.

4.3 ADDITIONAL SERVICES

4.3.1 Architect Additional Services. Additional Services for any Project will require written request or pre-authorization in writing by the District following specific approval of such services by the Board of Trustees. If Additional Services result in a modification of the Basic Fee, then the Architect shall be paid for such additional services as part of the payment for the Basic Fee. All other Additional Services shall be paid by the District as provided in Section 5.2, Compensation for Additional Services.

4.3.2 The following services are not Basic Services under this Agreement and are to be considered Additional Services:

4.3.2.1 Revisions and changes requested by the District to be made to drawings, specifications or documents previously approved by the District prior to awarding the construction contract, provided that such changes are not (i) required to make the documents compliant with original design requirements, (ii) revisions that should have

been implemented during design or (iii) necessary to comply with applicable laws, rules, or regulations.

4.3.2.2 Services for repairs of damages to the Project resulting from third-party actions or unforeseen conditions or circumstances not the result of negligence or errors or omissions of the Architect or the Architect Consultants, including but not limited to repairs necessary due to damage caused by fire, flood or other unforeseen conditions not the result of negligence or errors or omissions of the Architect or the Architect Consultants.

4.3.2.3 Additional Services required due to (i) the termination, delinquency or insolvency of the Contractor, or (ii) a default of the Contractor that does not arise directly from the negligence or errors or omissions of the Architect or the Architect Consultants.

4.3.2.4 Any of the following if directed by the District in writing: (i) the employment of specialty consultants not listed in the Architect's Basic Services, and (ii) the preparation of special delineations and models of facilities not included in the original Project.

4.3.2.5 Contract administration services performed more than 180 days after the original construction contract completion date, except when such delay is caused in whole or in part by the negligence or errors or omissions or willful misconduct of the Architect or the Architect Consultants.

SECTION 5

ARCHITECT'S COMPENSATION & PAYMENT SCHEDULE

5.1 COMPENSATION FOR BASIC SERVICES

5.1.1 Compensation Description. The Architect shall perform the Basic Services in exchange for compensation equal to the Basic Fee of:

\$218,000.00

If the Project is divided into Construction Phases, the Architect shall allocate the Basic Fee over the Construction Phases and the allocation shall be in rough proportion to the Construction Budget for the Project with consideration given to the size and complexity of each Construction Phase. It is agreed that, as long as the Architect performs the Services for the Project or Construction Phase in a timely manner, in compliance with the provisions of this Agreement and to the satisfaction of the District, payments of the Basic Fee for each Project or Construction Phase shall be made by the District, upon approval by the District of deliverables described in **Exhibit A**, and approval of invoices satisfactory to the District, in amounts not to exceed the percentages for each Phase as set forth in the following Table:

Architectural Phases		
1	Project Initiation Phase	2.0%
2	Development of Architectural Program	2.0%
3	Schematic Design Phase	10.0%
4	Design Development Phase	17.0%
5	Construction Documents Phase	40.0%
6	Bidding Phase	2.5%
7	Construction Phase	20.0%
8	Project Close Out Phase	6.5%
Total Basic Fee		100.0%

5.1.1.1 Invoices. Invoices may be submitted at the end of each phase in the Table above or as a monthly progress billing per each phase, except that the construction administration phase can be billed as progress in proportion to the certified completion of construction, rounded to the nearest whole percent, as determined by the District.

5.1.1.2 Close-Out Phase. The remainder of the Basic Fee shall be paid to Architect upon satisfactory completion of all Services identified as Close Out Phase on **Exhibit C**, provided that payment will be made as follows: (i) three percent (3%) will be paid after the submission by the Architect of the Verified Report (described on **Exhibit A**) to DSA; and (ii) three and one-half percent (3.5%) will be paid after receipt by the District of final DSA certificate and verification that all fees due to the Architect's Consultants providing Services in connection with this Agreement have been paid.

5.2 COMPENSATION FOR ADDITIONAL SERVICES

5.2.1 Fees negotiated for Additional Services pursuant to 4.3.2.1 that result in a change in the scope of the Project or Basic Services shall be processed as an amendment to the Basic Services and Basic Fee, subject to the approval of District's Board of Trustees.

5.2.2 All other fees for Additional Services may be negotiated on a fixed fee or time and materials basis.

5.3 DISPUTED AMOUNTS. In the event of any good faith dispute concerning a particular payment or a portion of a payment under this Agreement, pursuant to Section 3320 of the California Civil Code, the District shall have the right to do either of the following: (i) make such disputed payment to the Architect without prejudice to the District's right to contest the amount so paid; or (ii) withhold up to 150% of the disputed amounts. If the District withholds amounts invoiced by the Architect, the District will notify the Architect in writing of the reasons for the withholding. From and after the date such notice is given, the District and the Architect shall use their good faith efforts to resolve the dispute as quickly as practicable under the circumstances. If the District has given such notice, the Architect shall not be entitled to terminate this Agreement or suspend Services hereunder on account of such nonpayment, provided the District makes payment for all undisputed sums. If the District chooses to withhold payments under clause (ii) of this Section and if it is subsequently determined that the District owes an additional payment to the Architect, the District shall pay such amount to Architect. If the District chooses to proceed under clause (i) of this Section and it is subsequently determined that the District overpaid the Architect, the Architect shall promptly refund to the District the amount of such overpayment.

5.4 COMPENSATION FOR REIMBURSABLE SERVICES

5.4.1 PRIOR APPROVAL. The District will not be obligated to pay for any service(s) performed or cost incurred by the Architect without prior written authorization by the District. The following will not be reimbursed under this Agreement:

5.4.2 REIMBURSABLE EXPENSES. The EXCLUSIVE list of reimbursable expenses is set forth below. Claims for reimbursable expenses shall be documented by appropriate invoices and supporting receipts. The Architect may be reimbursed for those reasonable out-of-pocket expenses set forth below that are incurred and paid for by the Architect or the Architect Consultant in furtherance of performance of its obligations under this Agreement, but only to the extent that such

expenses are directly related to Services satisfactorily completed, are approved by the District in writing and in total do not exceed \$2,000.00:

5.4.2.1 Travel and Mileage. Architect must request the travel in writing and justify why the travel should be reimbursed. Travel expenses must be approved in writing by District, in its sole discretion. Trips from any Architect's office or Architect Consultant's office to the Project site(s) or to the District's office will not be approved for reimbursement.

5.4.2.2 Reimbursable Reprographic Services. Print sets or copies requested in writing by the District beyond the quantities required under **Exhibit A**.

5.4.2.3 Fees for Consultants. Fees for consultants hired and paid by the Architect at the written request of District that are not provided as Basic Services.

5.5 INVOICES

5.5.1 Invoices for Architect's Basic Services. Following completion of the Services applicable to each Phase, or agreement by the District to consider an interim invoice, the Architect shall submit an invoice in form and substance satisfactory to the District in an amount not to exceed the amount specified as the portion of the Basic Fee to be paid for that Phase for the Services identified in the invoice.

5.5.1.1 Each invoice must be accompanied by an **Approval Letter** from the District in the form of **Exhibit B**, attached hereto.

5.5.1.2 Progress payments shall not be made at any time during the Bidding Phase. If District withholds any amount following a default, as provided in Section 6 of this Agreement, the Architect shall certify in each subsequent invoice that none of the amounts invoiced represent any portion of the amounts identified for withholding. Withheld amounts shall be paid as specified on the notice from the District informing the Architect that the District elects to exercise its right to withhold payment following an Architect default, if any.

5.5.2 Invoices for Additional Services. Except for Additional Services that are incorporated into the Basic Fee, payments for Additional Services, shall be made monthly after approval by the District's Board of Trustees. The Architect's invoice shall be clearly marked "Request for Payment for Additional Services." Each invoice shall be accompanied by receipts and adequate supporting information. As required by Section 3320 of the California Civil Code, payment on a properly submitted, fully supported and documented invoice will be due within thirty (30) days of the date all required supporting information is received by District.

5.5.3 Invoices for Reimbursable Expenses. Payments for Reimbursable Expenses, if any, shall be made monthly, unless otherwise specified within the reimbursable expense authorization. The Architect's invoice shall be clearly marked "Request for Payment of Reimbursable Expenses." Each invoice shall be accompanied by receipts and adequate supporting information. As required by Section 3320 of the California Civil Code, payment on a properly submitted, fully supported and documented invoice will be due within thirty (30) days of the date all required supporting information is received by District, unless the District disputes in good faith any portion of the amount claimed by the Architect to be due.

5.5.4 Final Invoice. Upon completion of all Services and delivery of final DSA certification, the Architect shall prepare a final invoice for the remaining amount due, including and separately identifying any amounts withheld by District hereunder. This invoice shall be prominently noted **FINAL INVOICE FOR THE ROSE AVE ELEMENTARY SCHOOL ECDC**. The Architect shall provide a final invoice within thirty (30) days of District's notification of receipt of final DSA certification. The District shall pay within forty-five (45) days of approval of final invoice. No deductions shall be made from the Architect's compensation on account of penalty, liquidated damages, or other sums withheld from payments to Contractors, provided the reason for such withholding is not attributable to the fault of the Architect or the Architect Consultants.

5.5.5 Combined Invoices. Invoices for Basic Services, Additional Services and Reimbursable Expenses may be combined on a single invoice provided that the invoice is itemized and follows the instructions above.

SECTION 6

DEFAULT: REMEDIES: SUSPENSION AND TERMINATION

6.1 TERMINATION BY DISTRICT

6.1.1 For Cause. The District may terminate all or any portion of this Agreement or the Services for cause in the event of an Architect Default. This termination shall be effective if with respect to any monetary Architect Default, the Architect fails to cure such default within fifteen (15) calendar days following issuance of written notice thereof by the District and with respect to any non-monetary default for which no time period for cure is otherwise specified below, the Architect fails to cure such default within thirty (30) calendar days following issuance of written notice thereof by the District, or if the cure by its nature takes longer, fails to commence such cure within thirty (30) calendar days from the date of issuance of the notice and diligently prosecute such cure to the satisfaction of the District. If the District does not terminate, the District will have the right to withhold monies otherwise payable to the Architect until completion of all Services. If the District incurs additional costs, expenses or other damages due to the failure of the Architect to properly perform pursuant to this Agreement, those costs, expenses or other damages shall be deducted from the amount payable to the Architect. If the amount payable to the Architect exceed the amounts withheld, the balance will be paid to the Architect upon completion of all Services. If the costs, expenses or other damages incurred by the District exceed the amounts withheld, the Architect shall be liable to District for the difference and the Architect shall promptly pay the District such difference. The provisions of this Paragraph 6.1.1 are in addition to, and not a limitation upon, any other rights and remedies of the District under law or in equity and shall survive the termination of this Agreement.

6.1.2 For Convenience. The District may terminate, abandon or suspend performance of this Agreement for convenience and without cause at any time upon thirty (30) days written notice to the Architect, in which case the District will pay the Architect as provided in Section 5 for all Services and authorized Additional Services actually performed, and all authorized Reimbursable Expenses actually incurred and paid, under and in accordance with this Agreement, up to and including the date of termination; provided that such payments shall not exceed the percentage

amounts specified as compensation for the Phases of the Services completed, plus any Additional Services and Reimbursable Expenses completed prior to termination, unless the District at its sole discretion determines that demobilization or other compensation is appropriate. After a notice of termination is given, the Architect shall submit to the District a final claim for payment, in the form and with certifications prescribed by the District. Such claim shall be submitted promptly, but in no event later than forty (40) calendar days after the Termination Date specified on the notice of termination.

Such payment shall be the Architect's sole and exclusive compensation and the District shall have no liability to the Architect for any other compensation or damages, including without limitation, anticipated profit, prospective losses, legal fees or costs associated with legal representation or consequential damages, of any kind.

6.1.3 Temporary Suspension of Services. If the Services are suspended in whole or in part by the District for less than one hundred twenty (120) consecutive calendar days, and notice to that effect was provided to the Architect prior to the suspension of the Services, the Architect shall complete any remaining Services in accordance with the terms herein as in existence at the time of suspension and the Architect shall not be entitled to additional compensation. If one hundred twenty (120) consecutive calendar days or more have elapsed before the Services are resumed, the Project's Schedule shall be adjusted and the Architect's compensation shall be equitably adjusted to provide for expenses incurred in the resumption of the Services.

6.1.4 ARCHITECT DEFAULT. The occurrence of one or more of the following events shall constitute an "Architect Default" under this Agreement:

6.1.5 Inability to pay debts and Failure to Pay Architect Consultants. At any time prior to the expiration or termination of this Agreement, the Architect is unable to pay its debts in the ordinary course of business as they come due, including but not limited to failure to pay, when due, invoices from Architect Consultants providing services in connection with this Agreement.

6.1.6 Assignment for the benefit of creditors. An assignment for the benefit of creditors is made by, or any bankruptcy, reorganization (in connection with a debtor relief proceeding), receivership, moratorium or other debtor relief proceedings are commenced by or against the Architect, and the same is not discharged within ninety (90) days of commencement.

6.1.7 False or misleading. Any representation or warranty made by the Architect in this Agreement or in connection with any Services proves to be false or misleading in any material respect.

6.1.8 Failure to Provide Acceptable Design. The Architect's failure to provide a functional design that can be built within the Construction Budget in accordance with industry standards.

6.1.9 Defective Services; Errors or Omissions; Failure to Perform. The Architect or the Architect Consultant (a) provides defective services, including any deficiencies due to errors or omissions, or (b) fails to deliver Services in a timely manner; or (c) causes any delays for any reason, including providing defective Services; or (d) fails to perform any obligations under this Agreement (including, without limitation, failure to supply sufficient skilled personnel or suitable materials or equipment or failure to adhere to the Project Schedule).

6.1.10 Willful violation. The District determines that (a) the Architect is willfully violating any conditions or covenants of this Agreement or the Contract Documents, or (b) the Architect is executing Services in bad faith or not in accordance with terms hereof.

6.1.11 Failure to Cooperate with DSA. Failure to comply with DSA requirements or to submit documents at any pre-scheduled times in accordance with the MOU Process will constitute an automatic default.

6.1.12 Unapproved Assignment. The Architect attempts to assign this Agreement or any Services hereunder without prior written approval from the District.

6.1.13 Disregard of District Authority or Direction. The Architect disregards the authority of the District or fails or refuses to perform any reasonable act or service requested by the District hereunder.

6.1.14 Violation of Applicable Law. The Architect violates any applicable law, statute or governmental regulation in connection with any Services or this Agreement.

6.1.15 Failure To Maintain Errors and Omissions Insurance. The Architect fails to maintain the insurance required pursuant to Section 11.2.2.3 herein.

6.3 DISTRICT REMEDIES

6.3.1 General Remedies. If an Architect Default occurs under this Agreement, the District may exercise any right or remedy it has under this Agreement, or otherwise available at law or equity, and all of the District's rights and remedies shall be cumulative.

6.3.2 Withholding Payment. If an Architect Default occurs, the District's obligation to disburse further funds to the Architect pursuant to this Agreement may be terminated or suspended by the District, in its sole discretion. In connection with any Architect Default, the District may withhold all or a portion of any payments then or thereafter due to the Architect until the Architect cures any and all defaults to the satisfaction of the District.

6.3.3 Stop Work. Upon the occurrence of an Architect Default, the District may, at its sole and absolute discretion, order the Architect in writing to stop work on the Services, or any portion thereof, until the Architect Default has been cured. The Architect shall make best efforts to avoid delays and shall be solely responsible for any additional costs to the Project in connection with such "stop work" order.

6.3.4 Errors & Omissions; Additional Costs. In addition to any other remedy available to the District under this Agreement or under the laws of the State of California, the District may require the Architect to pay all costs incurred by the District to correct any defect and/or deficiency in the design work of the Architect and/or the Architect Consultants, including but not limited to re-design costs, additional services costs for other consultants, costs incurred by the District under any contract or to make alternative arrangements due to delays, litigation costs, and any cost related to the necessary removal of and/or replacement of work or materials. The Architect shall provide any Services requested by the District to correct any such errors or omissions but shall not receive any fee for any work or Services performed in correcting said errors or omissions regardless of whether such errors or omissions result in damages to the District or delays to the Project. This remedy applies but is not limited to (i) providing a design that fails to serve its purpose when constructed

in accordance with industry standard for the particular Project, or (ii) delays due to Architect's failure to comply with the plan check review process in accordance with the District's MOU with DSA.

6.3.5 Self Help. Upon the occurrence of an Architect Default, the District may, at its sole and absolute discretion, without prejudice to other remedies, correct any deficiencies resulting from the Architect Default. In such case, the District may deduct costs relating to correcting such deficiencies, including, without limitation, compensation for additional services and expenses of a supplemental or replacement architect, design or engineering consultants and other consultants made necessary by such defaults, including services of legal counsel, from payments then or thereafter due to the Architect and may adjust the Basic Fee and any fees for Additional Services accordingly. If the payments then or thereafter due to the Architect are not sufficient to cover the amount of the deduction, the Architect shall pay the difference to the District.

6.3.6 Payment to Consultant. If the Architect Default is due to the Architect's failure to pay, when due, invoices of an Architect Consultant providing Services in connection with this Agreement, the District shall have the right, but no obligation, to pay the amount invoiced directly to that Architect Consultant from any amounts then due the Architect, provided that the District has accepted the Services to which the invoices refer. The District shall have no further liability to the Architect in connection therewith.

6.4 TERMINATION BY ARCHITECT.

The Architect may terminate this Agreement only upon the occurrence of one of the following conditions:

6.4.1 Failure to Pay Undisputed Amounts. The Architect may terminate upon thirty (30) days' notice if the District fails to make any undisputed payment to the Architect when due and such failure remains uncured for forty-five (45) calendar days after written notice to the District.

6.4.2 Long Term Suspension of Project. If the Project on which the Architect is providing Services are suspended or abandoned by the District for more than one hundred twenty (120) consecutive calendar days, the Architect may terminate this Agreement upon ninety (90) calendar days' notice to the District, provided the District does not reactivate the Project within such ninety (90) calendar day period.

6.5 SOLE REMEDY UPON TERMINATION BY ARCHITECT

6.5.1 Payment for Services. In the event of a termination of this Agreement by the Architect in accordance with Section 6.4, the District shall pay the Architect an amount for its Services, Additional Services and Reimbursable Expenses calculated in accordance with Paragraph 6.1.2 of this Agreement. Such payment shall be the Architect's sole and exclusive compensation and the District shall have no further liability or obligation to the Architect for any other compensation or damages, including, without limitation, anticipated profit, prospective losses, business devastation, legal fees or costs associated with legal representation or consequential damages of any kind.

SECTION 7 DUTIES AND LIABILITIES OF DISTRICT

7.1 DUTIES

7.1.1 District's Representative: The District's Representative represents the District in all matters pertaining to the Services. The District's Representative shall cooperate with the Architect in all matters relative to this Agreement in order to permit the performance of the work without undue delay.

7.1.2 Statement of Building Program. The District shall provide full information as to the requirements for and the education program to be conducted in the Project, including budget limitations and scheduling. The Architect shall have the right to rely upon such information unless the Architect knows or should know that the information is inaccurate or incomplete.

7.1.3 Surveys and Tests. The following resources, surveys, and reports shall be made available to the Architect, as required, at the District's expense. The Architect shall be entitled to rely upon such resources, surveys and reports, unless the Architect knows or should know that the information contained therein is inaccurate or incomplete. The Architect must inform the District in writing if any information therein appears to be incorrect or incomplete based upon the Architect's experience, site visits, or knowledge of the Project and the sites.

7.1.3.1 Site Survey. The District shall furnish a legal description and a land survey of the site, giving as known grades and lines of streets, alleys, pavements and adjoining property, rights-of-way, restrictions, easements, encroachments, zoning, deed restrictions, boundaries and contours of the Site.

7.1.3.2 Geologic Hazards Investigation Survey. The District shall have caused to be performed any geological hazards or investigation survey required by State authorities having jurisdiction and make copies available to the Architect for distribution as necessary.

7.1.3.3 Special testing and Inspection. The District shall furnish special testing and inspection services as required by law.

7.1.3.4 Checking and Permit Fees. The District shall pay or cause to be paid all fees required in connection with the Project to government agencies having jurisdiction.

7.1.3.5 Advertising. The District shall pay the cost of any advertisements for bids that may be required.

7.1.3.6 District Inspector. The District shall furnish and provide an Inspector of Record, or Inspectors of Record, as required during the entire course of construction of the Project. Each inspector shall be responsible to and under the direction of the Architect and shall also be responsible to and act in accordance with the policies of the District. The cost of employment of each such Inspector of Record will be borne by District and paid directly to the inspector.

7.1.3.7 Hazardous Material Consultant. Unless the District and the Architect agree that a hazardous materials consultant shall be a consultant of the Architect, the District shall furnish the services of a hazardous material consultant or other consultants only when such services are requested in writing by the Architect and deemed necessary by the District or are requested by the District. These services shall include: asbestos and lead paint survey; abatement documentation; and specifications related to said matters which are to be incorporated into bid documents prepared by the Architect. If the hazardous materials

consultant is furnished by the District and not a consultant of the Architect, the specifications shall include a note to the effect that they are included in the Architect's bid documents for the District's convenience and have not been prepared or reviewed by the Architect. The note shall also direct questions about the specifications to its preparer.

7.1.4 District Site Visits. At the discretion of the District, District staff may assist or accompany the Architect in making site visits and observing the work, including the visits described below. Requests for changes or substitutions shall be directed to the District Representative. Orders to the Contractor shall be issued through Architect after approval by the District Representative.

7.1.4.1 Pre-Final Walk-Through. District staff, or any person assigned by the District, may participate in the pre-final walk-through of the Project or any portion thereof and may assist in the preparation of the list of deficiencies required by the Construction Phase portion of the Services, as set forth on **Exhibit A** hereto.

7.1.4.2 Final Site Visit. At the discretion of the District, when notified by the Architect that the construction "punch list" items have been corrected, District staff may accompany the Architect and the Contractor on the final Site visits.

7.1.5 Notice of Defects. If the District observes or otherwise becomes aware of any fault or defect in the Project, or nonconformance with the Construction Documents, the District shall verbally or in writing advise the Architect. However, the District's failure to give such notice shall not eliminate the obligations of the Architect regarding the administration of the construction of the Project or other obligations under the Construction Documents; nor require District to make site visits.

7.1.6 Notice of Completion. When all items are completed to the satisfaction of the District and the Architect, and upon written recommendation of the Architect, District staff shall recommend that the District's Board of Trustees adopt a Notice of Completion.

7.2 LIMITATION ON LIABILITY OF DISTRICT

7.2.1 Other than as specifically provided elsewhere in this Agreement, the District's financial obligations under this Agreement shall be limited to the payment of the compensation provided in this Agreement. Notwithstanding any other provision of this Agreement, in no event shall the District be liable, regardless of whether any claim is based on contract or tort, for any special, consequential, indirect or incidental damages, including, but not limited to, lost profits or revenue, arising out of or in connection with this Agreement for the services performed in connection with this Agreement.

7.2.2 The District shall not be responsible for any damage to persons or property as a result of the use, misuse or failure of any equipment used by the Architect, its employees, agents, consultants, invitees or guests even if such equipment has been furnished or loaned to the Architect by the District.

SECTION 8 PROJECT CONSTRUCTION COST ESTIMATES

8.1 CONSTRUCTION BUDGET. The Construction Budget may be revised at the conclusion of

Rose Ave ECDC
Oxnard School District

design or other earlier Phase of the Project at the discretion of the District based on input from the Architect.

8.2 ESTIMATED PROJECT CONSTRUCTION COST. The Estimated Project Construction Cost shall be prepared and updated by the Architect as required in **Exhibit A** during each Phase of the Services and shall be subject to District approval. The Estimated Project Construction Cost during each Phase shall under no circumstances exceed the Construction Budget, including a reasonable allowance built in for estimating design contingency. The Architect shall, at no additional cost to the District, incorporate any and all revisions needed to the preliminary studies, schematic drawings, site utilization plans and Construction Documents if at any time the Architect becomes aware that the Estimated Project Construction Cost, as recalculated, will exceed the Construction Budget; provided that this limitation shall not apply to unanticipated cost increases beyond the reasonable control of the Architect.

SECTION 9 **PROJECT SCHEDULE**

9.1 SCHEDULE

9.1.1 Time for Completion. Time is of the essence and failure of the Architect to perform services on time shall constitute a material breach of this Agreement. It shall not be a material breach if a delay is beyond the Architect's or Architect Consultant's control as set forth in Section 9.1.4 below. The milestones set forth on the project schedule are binding, unless extended in writing by the District Representative.

9.1.2 Delays. Except as otherwise provided in Section 5.2, the Architect shall not be entitled to any compensation additional to the Basic Fee, damages or any losses incurred in connection with delays due to errors, omissions, intentional or negligent acts of the Architect or the Architect Consultant (including their respective employees or those in a direct contractual relationship with either).

9.1.3 Notice of Delay. The Architect shall immediately notify the District of any delay in: (i) the preparation and/or production of any of the Architect's documents hereunder, (ii) the performance of Services, or (iii) connection with any matter attended to by the Architect or with which the Architect is familiar (whether or not as the result of an act or omission of another).

The Architect shall consult and advise the District in connection with any such delay and its effect on the Project Schedule and shall take such action on the District's behalf as the District may request in accordance with the terms and conditions of this Agreement.

9.1.4 Force Majeure. Neither party will be liable to the other for unanticipated delays or failures in performance resulting from causes beyond the reasonable control of that party, including, but not limited to, acts of God, labor disputes or disturbances, material shortages or rationing, riots, acts of war, governmental regulations, communications or utility failures, or casualties; provided that the delayed party: (i) gives the other party prompt written notice of such cause and (ii) uses its reasonable efforts to correct such failure or delay in its performance. The delayed party's time for performance or cure under this Section will be extended for a period equal to the duration of the cause or sixty (60) days, whichever is less.

SECTION 10
DOCUMENTS OWNERSHIP, LICENSE, COPYRIGHT AND USE

10.1 OWNERSHIP. Pursuant to California Education Code Section 17316 and the requirements of the District, all plans, specifications, original or reproducible transparencies of any drawings and master plans, preliminary sketches, architectural presentation drawings, structural computations, estimates and any other documents prepared pursuant to this Agreement, including, but not limited to, any other works of authorship fixed in any tangible medium of expression such as writings, physical drawings and data magnetically or otherwise recorded in electronic form (hereinafter referred to as the “Project Documents”) shall be and remain the property of the District. Although the official copyright in all Project Documents shall remain with the Architect or Architect Consultant, as applicable, the Project Documents shall be the property of the District whether or not the work for which they were made is executed or completed. Within thirty (30) calendar days following completion of the Project, or the earlier termination of this Agreement for any reason, the Architect shall provide to the District copies of all Project Documents then existing. In addition, the Architect shall retain copies of all Project Documents on file for a minimum of ten (10) years following completion of the Project, or the early termination of this Agreement for any reason, and shall make copies available to the District upon the payment of reasonable duplication costs. Before destroying the Project Documents following this retention period, the Architect shall make a reasonable effort to notify the District and provide the District with the opportunity to obtain the documents slotted for destruction.

10.2 REUSE BY DISTRICT. All plans for the Project, including, but not limited to, record drawings, specifications, and estimates prepared pursuant thereto, shall be and remain the property of the District for the purposes of repairs, maintenance, renovations, modernization, or other purposes, only as they relate to an Assigned Project. Notwithstanding the foregoing, the District may use the plans, record drawings, specifications, or estimates related to an Assigned Project for the purposes of additions, alignments, or other development on the site. The District reserves the right to reuse certain elements, features, details or other project standards in order to incorporate them into other projects within the District.

10.2.1 The plans, designs, copyrights, drawings, studies, specifications, and estimates prepared by the Architect or its Consultants are instruments of service of the Architect. The Architect shall be deemed to be the author of these documents and the Architect shall retain all common law, statutory and other reserved rights, including the copyright thereto. Notwithstanding the foregoing, the documents including, but not limited to, plans, drawings, specifications, record drawings, models, mock-ups, renderings and other documents (including all computer file and/or AutoCAD files) prepared by the Architect or the Architect’s Consultants for this Project, shall be and remain the property of the District pursuant to Education Code Section 17316 for the purposes of repair, maintenance, renovation, modernization or other purposes as they related to the Project. The District, however, shall not be precluded from using the Architect’s or Architect Consultant’s documents enumerated above for the purposes of additions, alignments or other development on the Project site.

10.2.2 Notwithstanding Section 1 above, if the District proposes to reuse the plans prepared by Architect within the District but other than on the Project site, the terms and conditions for the reuse shall be set forth in an Amendment to this Agreement, or other subsequent writing executed by the District and the Architect. However, under any circumstances, in the event of any reuse or modification of the Architect’s drawings, specifications or other documents by any other person, firm or legal entity, the Architect shall be given design credit and the names and seals of the Architect and the Architect’s consultants, if any, shall first be removed from the Architect’s drawings, specifications or other documents.

Rose Ave ECDC
Oxnard School District

If the District reuses the plans prepared by the Architect or Architect Consultant and retains another certified architect or structural engineer for the preparation of those plans for the reuse, the District shall indemnify and hold harmless the Architect and Architect Consultant, and their respective agents, and employees, from and against any claims, damages, losses, and expenses, including attorney's fees, arising out of or resulting from, in whole or in part, the reuse.

10.2.3 This Agreement creates a non-exclusive and perpetual license for District to copy, use, modify, reuse, or sublicense any and all copyrights, designs, and other intellectual property embodied in plans, specifications, studies, drawings, estimates, and other documents, or any other works of authorship fixed in any tangible medium of expression, including, but not limited to, physical drawings, data magnetically or otherwise recorded on computer disks, or other writings prepared or caused to be prepared by the Architect pursuant to this Agreement. The Architect shall require any and all subcontractors and consultants to agree in writing that the District is granted a non-exclusive and perpetual license for the work of such subcontractors or consultants performed pursuant to this Agreement.

10.3 COPYRIGHT. The Architect represents and warrants that the Architect has the legal right to license any and all copyrights, designs and other intellectual property embodied in the Construction Documents that Architect prepares or causes to be prepared pursuant to this Agreement. The Architect shall indemnify and hold the District harmless pursuant to the indemnification provisions of this Agreement for any breach of this representation and warranty.

10.4 TECHNOLOGY USED. The Architect shall perform the Services and prepare all documents under this Agreement with the assistance of Building Information Modeling (BIM) and Computer Aided Design (CAD) (e.g., AutoCAD) or other technology acceptable to the Architect and the District. As to any drawings that the Architect provides in a CAD file format, the District acknowledges that anomalies and errors may be introduced into data when it is transferred or used in a computer environment, and that the District should rely on the hard or PDF, unalterable, copies of all documents.

10.5 DELIVERABLES UPON TERMINATION. Following the termination of any Services, for any reason, or abandonment of all or a portion of the Project, the District may utilize the Construction Documents as it sees fit, subject to the provisions of Section 10.2 above. The Architect shall deliver to the District, in a form acceptable to the District, one hard-copy and two (2) electronic copies of each set of Construction Documents, complete or incomplete, prepared in connection with the Project by the Architect and the Architect Consultants, if any.

10.6 NO REPRODUCTION OR USE BY ARCHITECT OR THIRD PARTIES. After completion of the Project, or earlier termination of the Services, the Architect shall not use the Construction Documents for any purpose without District's prior written consent. In addition, the Architect shall not permit reproductions to be made of any Construction Documents without the approval of the District and shall refer all requests by other persons to the District.

SECTION 11

INDEMNIFICATION AND INSURANCE

11 INDEMNIFICATION, INDEMNITY AND LITIGATION COSTS. To the fullest extent permitted by law and in conformity with California Civil Code Section 2782.8, Architect agrees

Rose Ave ECDC
Oxnard School District

that it will indemnify, defend and hold the District, the District's Representative, and their respective Board members, directors, officers, employees, agents and authorized volunteers (the "Indemnitees") entirely harmless from all liability arising out of:

11.1.1.1 Any and all claims under worker's compensation acts and other employee benefit acts with respect to the Architect's employees or Architect Consultant's employees arising out of Architect's work under this Agreement; and

11.1.1.2 Any claim, loss, injury to or death of persons or damage to property to the extent that it is caused by any negligent or reckless act, error or omission or willful misconduct (other than a professional act or omission) of the Architect, its officers, employees, consultants, sub consultants or agents, including all damages due to loss or theft sustained by any person, firm or corporation including the Indemnitees, arising out of, or in any way connected with the Project, including injury or damage either on or off District property, but not for any loss, injury, death or damage caused by the negligence or willful misconduct of the Indemnitees or of other third parties for which the Architect is not legally liable.

11.1.2 To the fullest extent permitted by law, the Architect agrees to indemnify and hold the Indemnitees entirely harmless from all liability arising out of any claim, loss, injury to or death of persons or damage to property to the extent caused by the negligent professional act or omission in the performance of professional services or willful misconduct by the Architect, its officers, employees, consultants, sub consultants or agents, pursuant to this Agreement.

11.1.3 The Architect's obligation to indemnify does not include the obligation to defend actions or proceedings brought against the Indemnitees but rather to reimburse the Indemnitees for attorney's fees and costs incurred by the Indemnitees in defending such actions or proceedings brought against the Indemnitees to the extent caused by the Architect, but not to the extent of loss, injury, death or damage caused by the negligence or willful misconduct of District or of other third parties for which the Architect is not legally liable.

11.1.4 Survival of Indemnities. The provisions of this Section shall survive the termination of this Agreement.

11.2 INSURANCE. Without in any way affecting the indemnity provided in or by Section 11.1, before commencement of any Services, the Architect and each Architect Consultant shall procure and maintain at its own cost and expense for the duration of the Services, and longer as required by the District against claims for injuries to persons or damages to property which may arise from or in connection with the Services, the types and amounts of insurance set forth herein.

11.2.1 Minimum Limits of Insurance. The Architect and each Architect Consultant shall procure and maintain the types and amounts of coverage as follows:

11.2.1.1 Commercial General Liability Insurance with a limit of not less than \$2,000,000 each occurrence for bodily injury, personal injury and property damage/\$4,000,000 annual aggregate.

11.2.1.2 Automobile Liability Insurance (Insurance Services Office Form Number CA 0001 covering Automobile Liability, Code 1 (any auto)). Minimum of \$1,000,000 limit each accident.

11.2.1.3 Professional Liability (Errors and Omissions) Insurance with a limit not less than \$2,000,000 per claim and \$2,000,000.00 in the annual aggregate.

11.2.1.4 Workers' Compensation Insurance as required by the State of California (Division IV of the California Labor Code, and any amendatory acts or provisions thereto).

11.2.1.5 Employer's Liability Insurance in an amount not less than \$1,000,000 per accident for bodily injury or disease.

11.2.2 Minimum Scope of Insurance.

11.2.2.1 Commercial General Liability insurance shall be written on Insurance Services Office form CG 0001 (or a substitute form providing coverage at least as broad) and shall cover liability arising from bodily injury and property damage (broad form property damage), premises, operations, independent contractors, products-completed operations, personal injury and advertising injury liability (including the tort liability of another assumed in a business contract), contractual liability with respect to this Agreement, explosion, collapse and underground hazards.

11.2.2.2 Automobile Insurance shall cover liability arising out of any automobiles (including owned, hired and non-owned automobiles). Coverage shall be written on Insurance Services Office form CA 0001, or a substitute form providing liability coverage at least as broad. The policy may require deductibles acceptable to the Director of Risk Management of the District, but not self-insured retention without written approval from District.

11.2.2.3 If the Professional Liability Insurance policy is written on a claims made basis, it shall be maintained continuously for a period of no less than three (3) years after Final Completion of the Project to which it applies. The "retro date" must be shown and must be before the date of this Agreement.

11.2.3 Valuable Document Insurance: The Architect shall carry adequate insurance on all drawings and specifications as may be required to protect District in the amount of its full equity in those drawings and specifications, and shall file with District a certificate of that insurance. The cost of that insurance shall be paid by Architect.

11.2.4 Content and Endorsements: Each policy must contain, or be endorsed to contain, the following provisions:

11.2.4.1 The Commercial General Liability policy shall name District, its Board of Trustees and each member thereof, its officers, employees, agents, and designated volunteers as named additional insureds ("Additional Insureds"). The coverage shall contain no special limitations on the scope of protection afforded to the Additional Insureds. Coverage shall be primary and not contributory with respect to the Additional Insureds. Any insurance or self-insurance maintained by the Additional Insureds shall be in excess of the Architect's insurance and shall not contribute with it.

11.2.4.2 On each policy of insurance, the insurer shall agree to waive all rights of subrogation against District, its Board of Trustees and each member thereof, its officers, employees, agents, and volunteers.

11.2.4.3 Each insurance policy required by this Agreement shall be endorsed to state that coverage shall not be suspended, voided, reduced or canceled except after thirty (30) days prior written notice has been given to the District by the carrier. In the case of cancellation for non-payment, ten (10) days' notice is acceptable. Qualified statements such as carrier "will endeavor" or that "failure to mail such notice shall impose no obligation and liability upon the company" shall not be acceptable.

11.2.4.4 The insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

11.2.5 General Insurance Matters: All insurance coverage required under this Agreement shall:

11.2.5.1 Be issued by insurance companies admitted to do business in the State of California, with a financial rating of at least an A:VII as rated in the most recent edition of Best's Insurance Reports. Architect shall notify District in writing if any of its insurer(s) have an A.M. Best rating of less than A:VII. At the option of District, either 1) District can accept the lower rating; or 2) the Architect or Architect Consultant shall be required to procure insurance from another insurer.

11.2.5.2 Except for professional liability policies, all insurance required by this Section shall contain standard separation of insureds provisions. In addition, such insurance shall not contain any special limitations on the scope of protection afforded to the District, its directors, officials, officers, employees and agents.

11.2.5.3 The Architect or Architect Consultant, as applicable, shall promptly notify the District of any materials change in the coverage, scope, or amount of any policy.

11.2.5.4 Except for professional liability policies for which primary coverage is not available, all such insurance shall be primary insurance. Any insurance of the District shall be excess coverage for benefit of the District only and non-contributory.

11.2.5.5 At all times while this Agreement remains in effect, the Architect and the Architect Consultant shall maintain on file with the District valid and up to date certificates of insurance showing that the required insurance coverage is in effect in not less than the required amounts. If not contained on the face of the policy, endorsements signed by a person authorized by the insurer to bind coverage on its behalf, shall be separately provided. Each policy endorsement, copy, or a certificate of the policy executed by the insurance company, and evidence of payment of premiums for each policy shall be deposited with the District within twenty-one (21) days of execution of this Agreement and prior to the commencement of services, and on renewal of the policy, not less than twenty (20) days before the expiration of the term of the policy.

11.2.5.6 If the Architect fails to provide or maintain the required insurance, the District may, at its sole and absolute discretion, obtain such insurance at the Architect's expense and deduct the premium from any fees or reimbursable expenses subsequently invoiced by the Architect.

11.2.5.7 Any deductibles or self-insured retentions in excess of \$100,000 must be declared

to the District and must be reduced to a level deemed acceptable by the District in writing. The Architect agrees that, at the option of the District, it will either: (A) arrange for the insurer shall reduce or eliminate such deductibles or self-insured retentions with respect to the District, its directors, officials, officers, employees and agents; or (B) procure a bond guaranteeing payment of losses and related investigation costs, claims and administrative and defense expenses.

SECTION 12 **DISPUTE RESOLUTION**

12 **RESOLUTION OF CLAIMS.** Claims shall be resolved by the parties in accordance with the provisions of this Section 12. All Claims shall be subject to the “**Claims Resolution Process**” set forth in this Section 12, which shall be the exclusive recourse of the Architect and the District for determination and resolution of Claims. For purpose of this Section 12, a “**Claim**” shall mean, a written demand or assertion by the District or the Architect seeking, as a matter of right, an interpretation of contract, disputed payment of money, recovery of damages or other relief. A Claim does not include the following: (i) penalties or forfeitures prescribed by statute or regulation imposed by a governmental agency; (ii) tort claims for personal injury or death; (iii) false claims liability under California Government Code Section 12650, et seq.; (iv) physical defects in the Construction first discovered by the District after final payment by the District to a Contractor; (v) stop notices; or (vi) the right of the District to specific performance or injunctive relief to compel performance.

12.1 RESOLUTION OF OTHER DISPUTES. Disputes between the District and the Architect that do not constitute Claims shall be resolved by way of an action filed in the Superior Court of the State of California, County of Ventura, and shall not be subject to the Claims Resolution Process.

12.2 SUBMISSION OF A CLAIM

12.2.1 By the Architect. The Architect’s right to commence the Claims Resolution Process shall arise upon the District’s written response denying all or part of a Claim. The Architect shall submit a written statement of dispute to the District within fourteen (14) calendar days after the District rejects all or a portion of the Architect’s Claim. Failure by the Architect to timely submit its statement of dispute shall result in the decision by the District on the Claim becoming final and binding. The Architect’s statement of dispute shall be signed by a Principal of the Architect and shall state with specificity the events or circumstances giving rise to the Claim, the dates of their occurrence and the asserted effect, if any, on the compensation due or time of performance obligations of the Architect under this Agreement (the “Statement of Dispute”). Such Statement of Dispute shall include adequate supporting data to substantiate the disputed Claim. Adequate supporting data for a Claim relating to an adjustment of the Architect’s obligations relative to time of performance shall include a detailed, event-by-event description of the impact of each delay on the Architect’s time for performance. Adequate supporting data for a Statement of Dispute involving the Architect’s compensation shall include a detailed cost breakdown and supporting cost data in such form and including such detailed information and other supporting data as required to demonstrate the grounds for, and precise amount of, the Claim.

12.2.2 By the District. The District’s right to commence the Claims Resolution Process shall arise at any time following the District’s actual discovery of the circumstances giving rise to the Claim. Nothing contained herein shall preclude the District from asserting Claims in response to a Claim asserted by the Architect. A Statement of Claim submitted by the District shall state the events or

circumstances giving rise to the Claim, the dates of their occurrence and the damages or other relief claimed by the District as a result of such events. Notwithstanding the foregoing, the District shall not be able to commence or assert a claim beyond the applicable statute of limitations.

12.3 CLAIMS RESOLUTION PROCESS. The parties shall utilize each of the following steps in the Claims Resolution Process in the sequence they appear below. Each party shall participate fully and in good faith in each step in the Claims Resolution Process, which good faith effort shall be a condition precedent to the right of each party to proceed to the next step in the Claims Resolution Process.

12.3.1 Direct Negotiations. Designated representatives of the District and the Architect shall meet as soon as possible (but not later than forty-five (45) calendar days after the Statement of Dispute is given) in a good faith effort to negotiate a resolution to the Claim. Each party shall be represented in such negotiations by an authorized representative with full knowledge of the details of the Claim or defenses being asserted by such party, and with full authority to resolve such Claim then and there, subject only to the District's right and obligation to obtain Board of Trustees' approval of any agreed settlement or resolution. If the Claim involves the assertion of a right or claim by a Contractor or Architect Consultant against the Architect that is in turn being asserted by the Architect against the District, then such Contractor or Architect Consultant shall also have a representative attend such negotiations, with the same authority and knowledge as just described. Upon completion of the meeting, if the Claim is not resolved, the parties may either continue the negotiations or either party may declare negotiations ended. All discussions that occur during such negotiations and all documents prepared solely for the purpose of such negotiations shall be confidential and privileged pursuant to California Evidence Code Sections 1119 and 1152.

12.3.2 Deferral of Agreement Disputes. Following the completion of the negotiations required by the preceding paragraph, all unresolved Claims shall proceed to Mediation as set forth in the succeeding paragraph entitled "Mediation." The Parties hereto may mutually agree to postpone continuing the Claims Dispute Resolution until the earlier of: (i) the completion of the Scope of Services hereunder or, (ii) the termination of the services. In the event Claims are deferred, the Claims shall be consolidated within a reasonable period of time after completion of the Scope of Services herein and pursued to resolution through the Claims Dispute Resolution Process. Pending final resolution of any Claim, the Architect shall proceed diligently with the performance of its Scope of Services and the District shall continue to make payments for those services that are not part of the Claim set forth herein in accordance with the terms of this Agreement.

12.3.3 Mediation. If the Claim remains unresolved after direct negotiations pursuant to Paragraph 12.3.1, the parties agree to submit the Claim to non-binding mediation before a mutually acceptable third party mediator prior to commencement of any lawsuit or court action.

12.3.3.1 Qualifications of Mediator. The parties shall endeavor to select a mediator who is a retired judge or an attorney with at least five (5) years of experience in public works construction contract law and in mediating public works construction disputes.

12.3.3.2 Submission to Mediation and Selection of Mediator. The party initiating mediation of a Claim shall provide written notice to the other party of its decision to mediate. In the event the parties are unable to agree upon a mediator within ninety (90) calendar days after such written notice is given, then the parties shall submit the matter to the Superior Court of the County of Ventura to select a mediator in accordance with the qualifications herein and the applicable law.

12.3.3.3 Mediation Process. The location of the mediation shall be at the offices of the District, or otherwise mutually agreed. The costs of mediation shall be shared equally among all parties participating. All discussions that occur during the mediation and all document presentations prepared solely for the purpose of the mediation shall be confidential and privileged pursuant to California Evidence Code Sections 1119 and 1152.

12.3.4 Litigation. If the Claim remains unresolved after direct negotiations and mediation, either party may commence an action in the Superior Court of the County of Ventura. The Architect hereby submits to the jurisdiction of said court.

12.4 NON-WAIVER OR RELEASE. Participation in the Claims Resolution Process shall not constitute a waiver, release or compromise of any defense of either party.

SECTION 13 NOTICES

13 **NOTICES.** All notices, demands, or requests to be given under this Agreement shall be given in writing and conclusively shall be deemed received when received in any of the following ways: (i) on the date delivered if delivered personally; (ii) on the date sent if sent by facsimile transmission and confirmation of transmission is received; and (iii) on the date it is accepted or rejected if sent by certified mail. All notices, demands or requests shall include the name of this Agreement and be addressed to the parties as follows:

TO DISTRICT:

Oxnard School District
Attn: Dr. Ana DeGenna Interim Superintendent
1051 South A Street
Oxnard, CA 93030

TO ARCHITECT:

Flewelling and Moody
Attn: Scott Gaudineer, President/CEO
815 Colorado Boulevard, Suite 200
Los Angeles, CA 90041

SECTION 14 REPRESENTATIONS OF THE ARCHITECT

14.1 REPRESENTATIONS OF THE ARCHITECT. By executing this Agreement, and hereafter each and every time this Agreement is amended, the Architect makes each of the following covenants and representations.

14.1.1 The Architect represents that it is professionally qualified to act as the Architect for the Project, is licensed to practice architecture in the State of California by all public entities having jurisdiction over the Architect and the Project.

14.1.2 The Architect covenants to maintain, at all times Services are performed hereunder, all necessary licenses, permits or other authorizations necessary to act as architect for the Project or projects until the Architect's duties in connection therewith have been fully satisfied.

Rose Ave ECDC
Oxnard School District

14.1.3 The Architect represents that it has become familiar with the Project site and the local conditions under which the Project is to be designed, constructed, and operated.

14.1.4 The Architect represents and covenants that it shall prepare, or cause to be prepared, all documents and things required by this Agreement including, but not limited to, all Project plans and specifications in such a manner that they shall be constructable in accordance with the standards of the profession.

14.1.5 The Architect assumes full responsibility to the District for the improper acts and omissions of its employees and any consultants retained by the Architect in connection with the Project. The Architect covenants that each Project Director and all other Architect employees or sub-consultants now or in future assigned by the Architect to work on a Project shall have the level of skill, experience and qualifications required to perform the Services assigned to them, and shall also have all licenses, permits or approvals legally required to perform such Services.

14.1.6 The Architect covenants that it shall be responsible for all costs and damages, including those due to any delays, resulting from its failure to prepare adequate documentation or to implement any changes identified as necessary either in connection with the Constructability Review or other review.

14.2 COMPLIANCE WITH LAWS. The Architect covenants that it shall, at all times while providing Services, remain in full compliance with the provisions of all applicable laws, rules and regulations, including without limitation, the provisions of the Education Code regarding design and construction of school facilities, the provisions of the California Labor Code regarding employer's insurance, the provisions of the California Labor Code regarding payment prevailing wages, all non-discriminations laws (including federal and state laws), and any and all other laws rules and regulations applicable to this Agreement, the Architect, the District, the Project or the Services. The Architect shall at all times require the Architect Consultants to fully comply with all such applicable laws, rules and regulations. Without in any way limiting the generality of the foregoing the Architect shall ensure that it and each Architect Consultant comply with the following:

14.2.1 Cost Disclosure - Documents and Written Reports. The Architect shall be responsible for compliance with California Government Code section 7550 if the total cost of the contract is over five thousand dollars (\$5,000).

14.2.2 Disabled Veteran Business Enterprise Participation. Pursuant to Education Code section 17076.11, the District has a participation goal for disabled veteran business enterprises (DVBEs) of at least three (3) percent, per year, of funds expended each year by the District on projects that use funds allocated by the State Allocation Board pursuant to the Leroy F. Greene School Facilities Act. Unless waived in writing by the District, the Architect shall provide proof of DVBE compliance, in accordance with any applicable policies of the District or the State Allocation Board, within thirty (30) days of its execution of this Agreement.

14.2.3 Fingerprinting & Other Operational Requirements of the District. Unless exempted, the Architect shall comply with the requirements of Education Code Section 45125.1 with respect to fingerprinting of employees who may have contact with the District's pupils. The Architect shall also ensure that its consultants on the Project also comply with the requirements of Section 45125.1. The Architect and each Architect Consultant must complete the District's certification form attached hereto as **Exhibit C** and incorporated herein by reference prior to any of the Architect's or

Architect Consultant's employees coming into contact with any of the District's pupils. The Architect also agrees to comply, and ensure that all its employees and Architect Consultants comply with all other operational requirements of the District, as may be revised from time to time, including but not limited to any obligations relating to vaccination or testing for infectious diseases.

14.2.4 Name and Trademarks. The Architect shall not use any name, trademark or service mark of the District without first having received the District's written consent to such use.

14.2.5 Conflict of Interest. No member, official or employee of the District shall have any personal interest, direct or indirect, in this Agreement nor shall any such member, official or employee participate in any decision relating to the Agreement which affects his personal interests or the interests of any corporation, partnership or association in which he is directly or indirectly interested.

14.2.6 Safety. The Architect shall execute and maintain its work so as to avoid injury or damage to any person or property. In carrying out its Services, the Architect shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of its employees, consultant and subcontractors appropriate to the nature of the work and the conditions under which the work is to be performed.

14.2.7 Labor Certification. By its signature hereunder, the Architect certifies that it is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Workers' Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

14.3 SUPPLEMENTAL CONDITIONS. Any supplemental conditions agreed to by the parties shall be attached as an exhibit to this Agreement and incorporated herein by reference.

SECTION 15

MISCELLANEOUS PROVISIONS

15.1 SUCCESSORS AND ASSIGNS. In as much as this Agreement is intended to secure the specialized Services of the Architect, the Architect may not assign, transfer, delegate or sublet any interest therein without the prior written consent of the District and any such assignment, transfer, delegation or sublease without the District's prior written consent shall be considered null and void. Likewise, the District may not assign, transfer, delegate or sublet any interest therein without the prior written consent of the Architect and any such assignment, transfer, delegation or sublease without the Architect's prior written consent shall be considered null and void.

15.2 SEVERABILITY. If any term, covenant, condition or provision of this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired or invalidated thereby.

15.3 ENTIRE AGREEMENT. This Agreement including Exhibits hereto, contains the entire understanding of the Parties, and supersedes all other written or oral agreements. The Architect shall be entitled to no other benefits other than those specified herein. No changes, amendments or alterations shall be effective unless in writing and signed by both Parties. The Architect specifically acknowledges that in

Rose Ave ECDC
Oxnard School District

entering into this Agreement, the Architect relied solely upon the provisions contained in this Agreement and no others.

15.4 GOVERNING LAW AND VENUE. This Agreement shall be construed in accordance with, and governed by the laws of the State of California, excluding its choice of law rules. Venue shall be exclusively in Ventura County.

15.5 NON-WAIVER. None of the provisions of this Agreement shall be considered waived by either party unless such waiver is specifically specified in writing. Neither the District's review, approval of, nor payment for, any of the services required under this Agreement shall be construed to operate as a waiver of any rights under this Agreement, and the Architect shall remain liable to the District in accordance with this Agreement for all damages to the District caused by the Architect's failure to perform any of the Services to the standard of care of the Architect for its services, which shall be, at a minimum, the standard of care of architects performing similar work for California school districts in or around the same geographic area of the District. This provision shall survive the termination of this Agreement.

15.6 INDEPENDENT CONTRACTOR. The Architect is, for all purposes arising out of this Agreement, an independent contractor, and neither the Architect nor its employees shall be deemed an employee of the District for any purpose. It is expressly understood and agreed that the Architect shall in no event be entitled to any benefits to which District employees are entitled, including, but not limited to, overtime, retirement benefits, insurance, vacation, workers' compensation benefits, sick or injury leave or other benefits.

15.7 NO ASBESTOS CERTIFICATION. No asbestos or asbestos-containing materials will be used or substituted in conjunction with the Project. Upon completion of all work under the Project, the Architect will certify to the District that to the best of the Architect's knowledge, no asbestos or asbestos-containing materials were used in the Project.

15.8 NON-DISCRIMINATION. No discrimination shall be made by the Architect in the employment of persons to work under this Agreement because of race, national origin, sex, age, ancestry, religion, physical disability, marital status, sexual orientation, or political affiliation of such person. The Architect shall comply with all applicable regulations and laws governing nondiscrimination in employment, including without limitation the following laws:

(a) California Fair Employment and Housing Act (California Government Code Section 12900 et seq.) which prohibits discrimination in employment on account of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, or sex and prohibits harassment of an employee or applicant because of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex or age;

(b) Federal Civil Right Act of 1964 (42 U.S. Code Section 2000e, et seq.) which prohibits discrimination in employment on the basis of race, religious creed, color, national origin, or sex;

(c) Title I of the Americans With Disabilities Act of 1990 (42 U.S. Code Section 12101 et seq.) which prohibits discrimination against qualified individuals with a disability in hiring and employment practices;

(d) The Age Discrimination in Employment Act (29 U.S. Code Section 621, et seq., prohibiting age discrimination in employment against individuals who are least forty years of age;

Rose Ave ECDC
Oxnard School District

(e) California Labor Code Section 1102.1 which prohibits discrimination in any aspect of employment or opportunity for employment based on actual or perceived sexual orientation.

15.9 NO THIRD PARTY BENEFICIARY. There are no intended third party beneficiaries of any right or obligation assumed by the Parties.

15.10 ASSISTANCE OF COUNSEL. Each party warrants that it has had the opportunity to consult counsel and understands the terms of this Agreement and the consequences of executing it. In addition, each party acknowledges that the drafting of this Agreement was the product of negotiation and that this Agreement shall not be construed against any party as the drafter of the Agreement.

15.11 AUTHORITY TO EXECUTE. The persons executing this Agreement on behalf of their respective Parties represent and warrant that they have the authority to do so under law and from their respective Parties.

15.12 HEADINGS. The headings in this Agreement are inserted only as a matter of convenience and reference and are not meant to define, limit or describe the scope or intent of the contract documents or in any way to affect the terms and provisions set forth herein.

15.13 EXECUTION IN COUNTERPARTS. This Agreement may be executed in any number of counterparts, each of which shall be an original, but all of which together shall constitute one instrument.

NOW, THEREFORE, the parties, through their authorized representatives, have executed this Agreement on the dates indicated under their respective signatures.

EXHIBIT "A"

PROJECT

Pursuant to the adopted Enhanced Master Construct Plan, a separate new Early Childhood Development Center (ECDC) is to be constructed at the existing Rose Avenue elementary school site. The ECDC would be located at the northwest corner of the site where the three current kindergarten classrooms (Rooms 501, 502, and 503) are located. The existing kindergarten facilities will be modernized and incorporated with three new Title 5/Title 22 classrooms to establish the new ECDC facility. The new Title 5 compliant classrooms will be capable for use as TK, K, or preschool facilities. The existing play area will be relocated and improved as required to serve the needs of these students. Students attending the ECDC would matriculate up to grade levels at their school of residence, where possible.

Arcadis/IBI Group is currently working on the Rose Ave Reconstruction project and has submitted a proposal for architectural services for the project. Coordination between the current new Rose construction project and this new ECDC project is underway. The proposed ECDC design and proposed team members are subject to final Board review and approval.

Project Budget and Schedule

The total "all in" budget for the project is estimated at \$4,929,979 for both hard costs (construction) and soft costs (planning, design, agency fees, etc.). Full funding for the project is to be provided from the proceeds of the Enhanced Master Construct program. Like the ECDC constructed at Harrington, there is no upfront funding from State aid for this project. The following anticipated project timeline is subject to adjustment based on the timing and processing of administrative approvals, prevailing marketing conditions, or environmental, weather, and site conditions.

Board meeting for Architect and professional services contract approval: October 2023

Board meeting for Modular contract approval: November 2023

Board meeting for General Contractor approval: December 2024

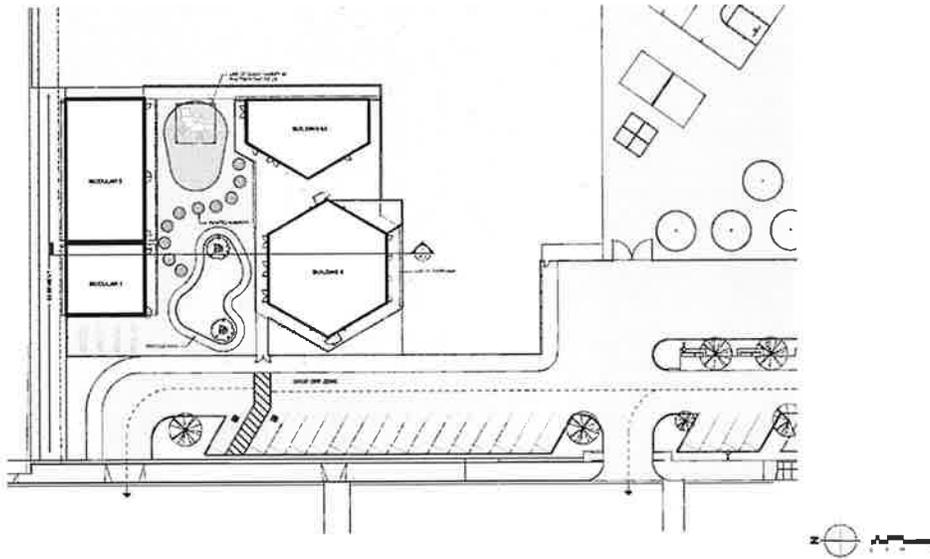

Division of the State Architect (DSA) anticipated submittal: March 2024

Anticipated DSA Approval: May 2024

Proposed Site Location

Figure 1 provides the proposed location for the new Rose ECDC facilities. The ECDC is proposed to be located at the northwest corner of the site where the three existing kindergarten classrooms (Rooms 501, 502, and 503) are located. These facilities will be modernized and incorporated into the new ECDC facility with three additional Title 5/22 modular classrooms. The new classrooms will be inclusive of specification for K facilities which allows for their intended use and adaptability in the future, if needed, for preschool, TK, or K facilities. Upon completion, this will bring the total number of State Title 5 compliant classrooms for PS/TK/K at the Rose Avenue site to twelve.

Figure 1: Proposed Locations for ECDC Facilities at Rose Avenue Elementary School

Source: Arcadis/IBI Group

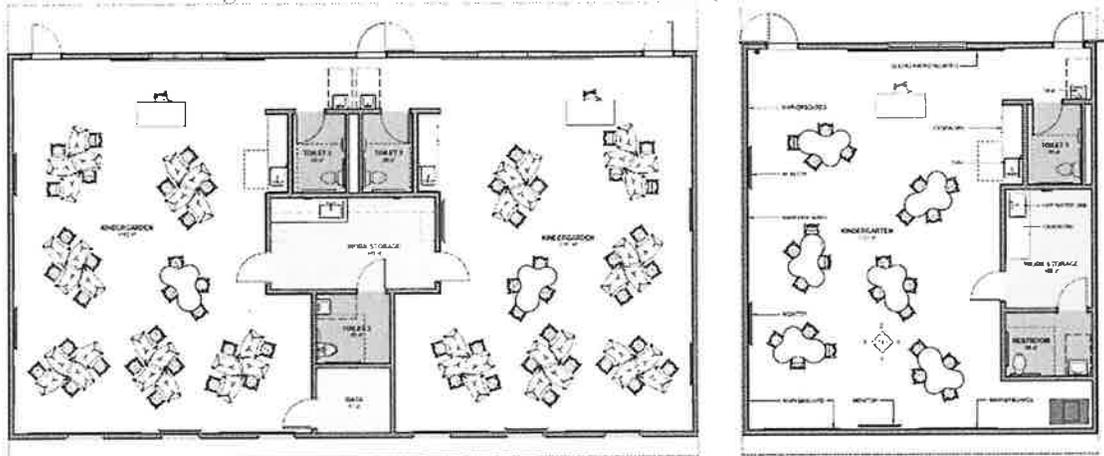

Project Specifications

Six classrooms are proposed to be constructed through a combination of modernizing existing facilities and constructing new modular facilities. Three current kindergarten classrooms (Rooms 501, 502, and 503) located in Buildings 5 and Building 5A will be renovated. Three new modular classrooms will be constructed. Playground upgrades will be provided along with some site work associated with relocating existing utilities and realigning access to the existing car park. The use of the existing parking and drop off are proposed to be integrated with the overall site.

To allow for the flexible use of the facilities for TK, K, or preschool, all the classrooms will be constructed to meet State licensing requirements as outlined in Title 22 of the California Code of Regulations for preschools and District Board approved 21st Century classroom requirements for TK and K classrooms. These requirements include a minimum of 75 square feet per child of outdoor activity area based on the total licensed capacity and located in an area that is easily and safely accessible by the children, including a shaded rest area with equipment and activities arranged so as not to interfere with each other. A four-foot fence is required to enclose the outdoor activity area. In addition, a minimum of 35 square feet per child of indoor activity space must be available based on the total licensed capacity. An individual storage space for each child must be provided plus one toilet and one hand washing sink for every 15 children with a separate toilet and sink for use by teachers, staff, ill children, or emergency use. A drinking fountain must also be installed for use by children for both the indoor and outdoor activity areas.

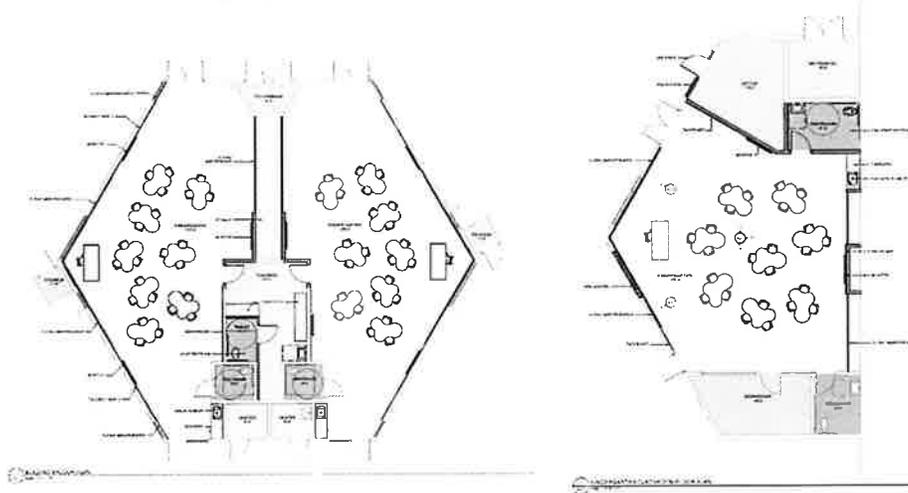

Figures 2-3 depict a sample preschool, TK and K classroom floor plans of new and modernized facilities designed to meet District specifications, Title 5 and Title 22 requirements for K, TK, and preschool classrooms.

Figure 2 – New Modular Classroom Conceptual Floor Plans

Source: Arcadis/IBI Group

Figure 3 – Building 5 (Left) and Building 5A (Right) Conceptual Floor Plans

Source: Arcadis/IBI Group

In addition, all classrooms will be designed to meet Title 5 requirements of not less than 1,350 square feet, including restrooms accessible from the classroom, storage and teacher preparation spaces, wet and dry areas, and designed supervision of the classroom and play yards. The play yard is designed to provide a variety of activities for the development of large motor skills. Classrooms must provide learning environments that support the requirements for learning and mastering the Common Core State Standards (CCSS) and Next Generation Science Standards (NGSS) by young children. These specifications for facilities have been approved by the Office of Public School Construction (OPSC) and State Allocation Board (SAB) for State grants, the California Department of Education (CDE) for compliance with state requirements, and the Division of the State Architect (DSA) for building code compliance. In addition, proposed facilities now require photovoltaic and back-up battery systems to support the State's new solar power requirements for all new school facilities to be constructed after July 1, 2023.

Recommendation

It is recommended that the Board adopt an architectural services contract with Flewelling & Moody, Inc. at its October 2023 Board meeting and direct CFW to proceed with the proposed project's implementation pursuant to the Enhanced Master Construct Plan.

I. Project Description

A. Summary

The District needs accommodate a growing enrollment due to the transitional kindergarten program.

Six classrooms are proposed to be constructed through a combination of modernizing existing facilities and constructing new modular facilities. Three current kindergarten classrooms (Rooms 501, 502, and 503) located in Buildings 5 and Building 5A will be renovated per the conceptual plans provided by CFW, Inc. Three new modular classrooms will be constructed. Playground upgrades will be provided along with some site work associated with relocating existing utilities and realigning access to the existing car park. The use of the existing parking and drop off are proposed to be integrated with the overall site.

The proposed modular manufacturer is to be determined

The proposed location on campus shall require site work, including grading and earthwork in areas of the new kindergarten classrooms to create building pads, new concrete accessible walkways to the buildings, modifications to existing water, sanitary, electrical, fire alarm, low voltage systems, landscaping and irrigation. It is assumed that the locations of the proposed buildings are relatively flat and there are no significant site drainage requirements. It is also assumed that the buildings will be required to have fire sprinkler systems and that there is adequate pressure to serve the new buildings. Further, it is assumed that the campus fire alarm, power and low voltage systems do not require upgrades or replacement. This proposal is based on DSA/PC approved modular buildings similar to those manufactured by Enviroplex.

B. Classroom Features

1. Each classroom shall have IT capability per current District standards.
2. Typical new classrooms are 36' by 40', with two door entries along with two windows for each classroom. Modernized classrooms will have similar entries and have existing windows in place.
3. Each classroom shall have its own HVAC unit with individual controls and shall be wall mounted.
4. Interior finishes include tack able wall surfaces, carpeting, and suspended acoustical tile ceilings with 2x4 LED dimmable light fixtures.
5. Casework in the shared workrooms shall meet District standards as outline in its Vision and Specifications document.

6. All buildings shall be at grade and shall meet Americans with Disabilities Act (ADA) accessibility requirements.
7. Foundations for the new buildings shall be concrete stem walls, as designed by the modular manufacturer, with appropriate ventilation and maintenance access to the area below the buildings, AKA the crawl space. A concrete slurry or slab cover shall be placed in as part of the crawl space.

II. Scope of Services

A. Basic Services:

1. Architecture, Civil Engineering, Landscape Architecture and Electrical Engineering (fire alarm and low voltage systems only) Plumbing Engineering services for Schematic Design, Design Development, Construction Documents, Bidding/Negotiation and Construction Administration phases.
2. The Architect shall prepare, for review and approval by the District, drawings and specifications, sufficient for communicating design intent to the District, and as required to review by agencies having jurisdiction (DSA, CDE and the Oxnard City fire department) and as necessary to perform construction.
3. The conceptual site plan identifies the general location of the new buildings to be in the southeast corner of the campus. Walkways, play areas and play structures will be required to be altered, expanded and/or relocated. Re-design of those areas shall be part of Basic Services as part of the grading and landscaping. On site storm drain retention is anticipated as part of the new work since the overall area is larger than 1 acre.
4. A video fly thru shall be created for presentation.
5. Architect shall review proposed modular building drawings with District staff and modular manufacturer to establish acceptable conformance to District requirements. Services shall include up to four (4) meetings between the Schematic Design phase and submission to DSA, one (1) meeting with CDE and one (1) meeting with the City of Oxnard Fire Department for site access and hydrant approval as part of the DSA submission.
6. Coordination of utility connections to the buildings. The District shall provide required services and information to determine locations of existing underground utilities and documentation of existing fire alarm and low voltage systems.

7. Assistance with DSA submittal and approvals. Services include 1 pre-intake meeting (if required) with DSA staff and in person meeting(s) to achieve DSA approval. The District is aware of the new criteria in effect for providing notice to DSA as to anticipated submission for review.
8. Assistance to District during the bidding process for the site work. Services include two (2) coordination meetings. It is assumed site work beyond the scope of the modular manufacture shall be via the lease/leaseback contractor project delivery method, per initial discussions with CFW staff.
9. Construction administration and DSA closeout. Services shall include up to twelve (12) site visits to verify general conformance of the work with the approved Contract Documents, and to advise the District and contractor of any observable deviations accordingly.

B. Additional Services:

The following are not included in Basic Services and shall be invoiced separately, based on hourly rates per Exhibit "A" in this proposal:

1. Constructability and potential cost saving options (value engineering) after DSA approval.
2. Changes to the DSA approved documents or additional scope of work requested by the District (Owner-Requested Changes).
9. Building engineering and systems including structural, mechanical, electrical (lighting and power), plumbing, and fire protection (fire sprinkler) within the buildings and associated site work for fire protection systems.
10. Civil Engineering of any off-site drainage systems and additions/modifications for parking or drop-off areas.
5. Client, contractor and DSA meetings and site visits exceeding those described in Basic Services.
11. All additional services shall be approved by the Client in writing prior to the start of the work.
12. Payment of all fees at the request of the District. Fees shall be reimbursed at cost plus ten percent (10%).

III. District Responsibilities

1. District is responsible for all fees associated with required approvals.

2. District shall pay for required in-plant and site inspection and testing as required by DSA. Inspectors shall be approved by the Architect to determine capabilities and acceptance for the project.
3. District shall provide required geotechnical and hydrology reports and topographic surveys.
4. The District shall provide all “as-built” documents for the campus.
5. The District, via its program management firm, CFW, shall provide timely review of required decisions to keep the project on schedule.

III. Project Construction Budget

The estimated overall project cost per the CFW’s estimate is: \$4,929,979

IV. Project Team

Principal Architect	Scott Gaudineer, AIA, C-14211, Architect of Record
Project Architect	Jun Tanaka, AIA
Civil Engineer	Encompass Consultant Group
Landscape Architect	Oasis Associates
Electrical Engineer:	Parvis Ebrahimi, Inc.

V. Project Delivery

The project delivery methodology shall be via an approved District contract for the buildings and a single lease/leaseback contractor for the renovation of the existing classrooms, site work and utilities.

VI. Project Timeline

Work shall be accomplished to meet an anticipated to DSA/CDE submittal of March 2024 assuming the modular manufacturer has submitted complete construction documents complying with a DSA PC approval available for coordination by December 1, 2023.

VII. Fee Structure

1. Architectural fees shall be: \$218,000

Architectural fee shall be adjusted at time of bid and adjusted at completion of project to include all additive change order amounts that are not caused by architect error and omission.

END OF PROPOSAL

EXHIBIT 'A'
Flewelling & INC. SCHEDULE OF
BILLING RATES - 2023

Managing Principal	\$300.00
Principal	\$285.00
Managing Architect	\$225.00
Senior Design Architect	\$200.00
Architect II	\$190.00
Architect I	\$175.00
CASp Services	\$225.00
Senior Project Manager	\$225.00
Project Manager II	\$190.00
Project Manager I	\$175.00
Senior CA Field Representative	\$190.00
CA Field Representative II	\$175.00
CA Field Representative I	\$155.00
Job Captain	\$175.00
Senior Designer	\$155.00
Designer II	\$135.00
Designer I	\$115.00
CADD III	\$135.00
CADD II	\$115.00
CADD I	\$95.00
Senior Tech Assistant	\$115.00
Tech Assistant II	\$105.00
Tech Assistant I	\$95.00
Secretary III	\$90.00
Secretary II	\$80.00
Secretary I	\$70.00

Note: The Architect shall reserve the right for the scheduled fees to be adjusted at the beginning of each calendar year by an additional 4% for each year the Agreement is in effect or at the time of renewal or an extension of contract.

SERVICES AND EXPENSES:

THE FOLLOWING SERVICES AND EXPENSES WILL BE BILLED ON A TIME AND EXPENSE BASIS. ALL ASSOCIATED SERVICE LABOR WILL BE BILLED AT BILLING RATES STATED ABOVE AND ALL MATERIALS AND EXPENSES WILL BE BILLED AT COST PLUS 15%:

- Governmental fees
- Reproductions
- Plotting (required deliverables)
- Scanning
- Travel (in excess of 100 miles)
- Photocopying
- Subsistence Sub-
- Consultants

All payments are due upon receipt of invoice. Any payments not received within thirty (30) days of invoice shall incur interest at a rate of seven percent (7%) per annum for all unpaid balances.

ADDITIONAL INSURED – OWNERS, LESSEES OR CONTRACTORS – SCHEDULED PERSON OR ORGANIZATION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Names of Additional Insured Person(s) or Organization(s):

Any person or organization that you agree in a written contract to include as an additional insured on this Coverage Part, provided that such written contract was signed by you before, and is in effect when, the "bodily injury" or "property damage" occurs or the "personal injury" or "advertising injury" offense is committed.

Location of Covered Operations:

Any project to which a written contract with the Additional Insured Person(s) or Organization(s) in the Schedule applies.

(Information required to complete this Schedule, if not shown above, will be shown in the Declarations.)

A. Section II – Who Is An Insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury", "property damage", "personal injury" or "advertising injury" caused, in whole or in part, by:

1. Your acts or omissions; or
2. The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured(s) at the location(s) designated above.

B. With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to "bodily injury" or "property damage" occurring, or "personal injury" or "advertising injury" arising out of an offense committed, after:

1. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
2. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

ADDITIONAL INSURED – OWNERS, LESSEES OR CONTRACTORS – COMPLETED OPERATIONS

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s):

Any person or organization that you agree in a written contract to include as an additional insured on this Coverage Part for "bodily injury" or "property damage" included in the products-completed operations hazard, provided that such contract was signed by you before, and is in effect when, the "bodily injury or "property damage" occurs.

Location And Description Of Completed Operations

Any project to which a written contract with the Additional Insured Person(s) or Organization(s) in the Schedule applies.

Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

Section II – Who Is An Insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury" or "property damage" caused, in whole or in part, by "your work" at the

location designated and described in the schedule of this endorsement performed for that additional insured and included in the "products-completed operations hazard".

COMMERCIAL GENERAL LIABILITY

c. Method Of Sharing

If all of the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any of the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.

d. Primary And Non-Contributory Insurance If Required By Written Contract

If you specifically agree in a written contract or agreement that the insurance afforded to an insured under this Coverage Part must apply on a primary basis, or a primary and non-contributory basis, this insurance is primary to other insurance that is available to such insured which covers such insured as a named insured, and we will not share with that other insurance, provided that:

- (1) The "bodily injury" or "property damage" for which coverage is sought occurs; and
- (2) The "personal and advertising injury" for which coverage is sought is caused by an offense that is committed;

subsequent to the signing of that contract or agreement by you.

5. Premium Audit

- a. We will compute all premiums for this Coverage Part in accordance with our rules and rates.
- b. Premium shown in this Coverage Part as advance premium is a deposit premium only. At the close of each audit period we will compute the earned premium for that period and send notice to the first Named Insured. The due date for audit and retrospective premiums is the date shown as the due date on the bill. If the sum of the advance and audit premiums paid for the policy period is greater than the earned premium, we will return the excess to the first Named Insured.
- c. The first Named Insured must keep records of the information we need for premium computation, and send us copies at such times as we may request.

6. Representations

By accepting this policy, you agree:

- a. The statements in the Declarations are accurate and complete;
- b. Those statements are based upon representations you made to us; and
- c. We have issued this policy in reliance upon your representations.

The unintentional omission of, or unintentional error in, any information provided by you which we relied upon in issuing this policy will not prejudice your rights under this insurance. However, this provision does not affect our right to collect additional premium or to exercise our rights of cancellation or nonrenewal in accordance with applicable insurance laws or regulations.

7. Separation Of Insureds

Except with respect to the Limits of Insurance, and any rights or duties specifically assigned in this Coverage Part to the first Named Insured, this insurance applies:

- a. As if each Named Insured were the only Named Insured; and
- b. Separately to each insured against whom claim is made or "suit" is brought.

8. Transfer Of Rights Of Recovery Against Others To Us

If the insured has rights to recover all or part of any payment we have made under this Coverage Part, those rights are transferred to us. The insured must do nothing after loss to impair them. At our request, the insured will bring "suit" or transfer those rights to us and help us enforce them.

9. When We Do Not Renew

If we decide not to renew this Coverage Part, we will mail or deliver to the first Named Insured shown in the Declarations written notice of the nonrenewal not less than 30 days before the expiration date.

If notice is mailed, proof of mailing will be sufficient proof of notice.

SECTION V – DEFINITIONS

1. "Advertisement" means a notice that is broadcast or published to the general public or specific market segments about your goods, products or services for the purpose of attracting customers or supporters. For the purposes of this definition:
 - a. Notices that are published include material placed on the Internet or on similar electronic means of communication; and
 - b. Regarding websites, only that part of a website that is about your goods, products or services for the purposes of attracting customers or supporters is considered an advertisement.

occupational therapist or occupational therapy assistant, physical therapist or speech-language pathologist; or

- (b) First aid or "Good Samaritan services" by any of your "employees" or "volunteer workers", other than an employed or volunteer doctor. Any such "employees" or "volunteer workers" providing or failing to provide first aid or "Good Samaritan services" during their work hours for you will be deemed to be acting within the scope of their employment by you or performing duties related to the conduct of your business.

- 3. The following replaces the last sentence of Paragraph 5. of **SECTION III – LIMITS OF INSURANCE:**

For the purposes of determining the applicable Each Occurrence Limit, all related acts or omissions committed in providing or failing to provide "incidental medical services", first aid or "Good Samaritan services" to any one person will be deemed to be one "occurrence".

- 4. The following exclusion is added to Paragraph 2., **Exclusions**, of **SECTION I – COVERAGES – COVERAGE A – BODILY INJURY AND PROPERTY DAMAGE LIABILITY:**

Sale Of Pharmaceuticals

"Bodily injury" or "property damage" arising out of the violation of a penal statute or ordinance relating to the sale of pharmaceuticals committed by, or with the knowledge or consent of the insured.

- 5. The following is added to the **DEFINITIONS** Section:

"Incidental medical services" means:

- a. Medical, surgical, dental, laboratory, x-ray or nursing service or treatment, advice or instruction, or the related furnishing of food or beverages; or
- b. The furnishing or dispensing of drugs or medical, dental, or surgical supplies or appliances.

- 6. The following is added to Paragraph 4.b., **Excess Insurance**, of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS:**

This insurance is excess over any valid and collectible other insurance, whether primary, excess, contingent or on any other basis,

that is available to any of your "employees" for "bodily injury" that arises out of providing or failing to provide "incidental medical services" to any person to the extent not subject to Paragraph 2.a.(1) of Section II – Who Is An Insured.

K. MEDICAL PAYMENTS – INCREASED LIMIT

The following replaces Paragraph 7. of **SECTION III – LIMITS OF INSURANCE:**

- 7. Subject to Paragraph 5. above, the Medical Expense Limit is the most we will pay under Coverage C for all medical expenses because of "bodily injury" sustained by any one person, and will be the higher of:

- a. \$10,000; or
- b. The amount shown in the Declarations of this Coverage Part for Medical Expense Limit.

L. AMENDMENT OF EXCESS INSURANCE CONDITION – PROFESSIONAL LIABILITY

The following is added to Paragraph 4.b., **Excess Insurance**, of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS:**

This insurance is excess over any of the other insurance, whether primary, excess, contingent or on any other basis, that is Professional Liability or similar coverage, to the extent the loss is not subject to the professional services exclusion of Coverage A or Coverage B.

M. BLANKET WAIVER OF SUBROGATION – WHEN REQUIRED BY WRITTEN CONTRACT OR AGREEMENT

The following is added to Paragraph 8., **Transfer Of Rights Of Recovery Against Others To Us**, of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS:**

If the insured has agreed in a written contract or agreement to waive that insured's right of recovery against any person or organization, we waive our right of recovery against such person or organization, but only for payments we make because of:

- a. "Bodily injury" or "property damage" that occurs; or
- b. "Personal and advertising injury" caused by an offense that is committed;

subsequent to the signing of that contract or agreement.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

AUTO COVERAGE PLUS ENDORSEMENT

This endorsement modifies insurance provided under the following:

BUSINESS AUTO COVERAGE FORM

GENERAL DESCRIPTION OF COVERAGE – This endorsement broadens coverage. However, coverage for any injury, damage or medical expenses described in any of the provisions of this endorsement may be excluded or limited by another endorsement to the Coverage Part, and these coverage broadening provisions do not apply to the extent that coverage is excluded or limited by such an endorsement. The following listing is a general coverage description only. Limitations and exclusions may apply to these coverages. Read all the provisions of this endorsement and the rest of your policy carefully to determine rights, duties, and what is and is not covered.

|--|--|

A. BLANKET ADDITIONAL INSURED

The following is added to Paragraph A.1., **Who Is An Insured**, of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

Any person or organization who is required under a written contract or agreement between you and that person or organization, that is signed and executed by you before the "bodily injury" or "property damage" occurs and that is in effect during the policy period, to be named as an additional insured is an "insured" for Covered Autos Liability Coverage, but only for damages to which this insurance applies and only to the extent that person or organization qualifies as an "insured" under the Who Is An Insured provision contained in Section II.

B. EMPLOYEE HIRED AUTO

1. The following is added to Paragraph A.1., **Who Is An Insured**, of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

An "employee" of yours is an "insured" while operating a covered "auto" hired or rented under a contract or agreement in an "employee's" name, with your permission, while

performing duties related to the conduct of your business.

2. The following replaces Paragraph b. in **B.5., Other Insurance**, of **SECTION IV – BUSINESS AUTO CONDITIONS**:

b. For Hired Auto Physical Damage Coverage, the following are deemed to be covered "autos" you own:

- (1) Any covered "auto" you lease, hire, rent or borrow; and
- (2) Any covered "auto" hired or rented by your "employee" under a contract in an "employee's" name, with your permission, while performing duties related to the conduct of your business.

However, any "auto" that is leased, hired, rented or borrowed with a driver is not a covered "auto".

C. EMPLOYEES AS INSURED

The following is added to Paragraph A.1., **Who Is An Insured**, of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

COMMERCIAL AUTO

Any "employee" of yours is an "insured" while using a covered "auto" you don't own, hire or borrow in your business or your personal affairs.

D. SUPPLEMENTARY PAYMENTS – INCREASED LIMITS

1. The following replaces Paragraph A.2.a.(2) of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

(2) Up to \$3,000 for cost of bail bonds (including bonds for related traffic law violations) required because of an "accident" we cover. We do not have to furnish these bonds.

2. The following replaces Paragraph A.2.a.(4) of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

(4) All reasonable expenses incurred by the "insured" at our request, including actual loss of earnings up to \$500 a day because of time off from work.

E. TRAILERS – INCREASED LOAD CAPACITY

The following replaces Paragraph C.1. of **SECTION I – COVERED AUTOS**:

1. "Trailers" with a load capacity of 3,000 pounds or less designed primarily for travel on public roads.

F. HIRED AUTO PHYSICAL DAMAGE

The following is added to Paragraph A.4., **Coverage Extensions**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

Hired Auto Physical Damage Coverage

If hired "autos" are covered "autos" for Covered Autos Liability Coverage but not covered "autos" for Physical Damage Coverage, and this policy also provides Physical Damage Coverage for an owned "auto", then the Physical Damage Coverage is extended to "autos" that you hire, rent or borrow subject to the following:

(1) The most we will pay for "loss" to any one "auto" that you hire, rent or borrow is the lesser of:

- (a) \$50,000;
- (b) The actual cash value of the damaged or stolen property as of the time of the "loss"; or
- (c) The cost of repairing or replacing the damaged or stolen property with other property of like kind and quality.

(2) An adjustment for depreciation and physical condition will be made in determining actual cash value in the event of a total "loss".

(3) If a repair or replacement results in better than like kind or quality, we will not pay for the amount of betterment.

(4) A deductible equal to the highest Physical Damage deductible applicable to any owned covered "auto".

(5) This Coverage Extension does not apply to:

- (a) Any "auto" that is hired, rented or borrowed with a driver; or
- (b) Any "auto" that is hired, rented or borrowed from your "employee".

G. PHYSICAL DAMAGE – TRANSPORTATION EXPENSES – INCREASED LIMIT

The following replaces the first sentence in Paragraph A.4.a., **Transportation Expenses**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

We will pay up to \$50 per day to a maximum of \$1,500 for temporary transportation expense incurred by you because of the total theft of a covered "auto" of the private passenger type.

H. AUDIO, VISUAL AND DATA ELECTRONIC EQUIPMENT – INCREASED LIMIT

Paragraph C.1.b. of **SECTION III – PHYSICAL DAMAGE COVERAGE** is deleted.

I. WAIVER OF DEDUCTIBLE – GLASS

The following is added to Paragraph D., **Deductible**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

No deductible for a covered "auto" will apply to glass damage if the glass is repaired rather than replaced.

J. PERSONAL PROPERTY

The following is added to Paragraph A.4., **Coverage Extensions**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

Personal Property Coverage

We will pay up to \$400 for "loss" to wearing apparel and other personal property which is:

- (1) Owned by an "insured"; and
- (2) In or on your covered "auto".

This coverage only applies in the event of a total theft of your covered "auto".

No deductibles apply to Personal Property coverage.

K. AIRBAGS

The following is added to Paragraph **B.3., Exclusions**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

Exclusion **3.a.** does not apply to "loss" to one or more airbags in a covered "auto" you own that inflate due to a cause other than a cause of "loss" set forth in Paragraphs **A.1.b.** and **A.1.c.**, but only:

- a. If that "auto" is a covered "auto" for Comprehensive Coverage under this policy;
- b. The airbags are not covered under any warranty; and
- c. The airbags were not intentionally inflated.

We will pay up to a maximum of \$1,000 for any one "loss".

L. AUTO LOAN LEASE GAP

The following is added to Paragraph **A.4., Coverage Extensions**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

Auto Loan Lease Gap Coverage for Private Passenger Type Vehicles

In the event of a total "loss" to a covered "auto" of the private passenger type shown in the Schedule or Declarations for which Physical Damage Coverage is provided, we will pay any unpaid amount due on the lease or loan for such covered "auto" less the following:

- (1) The amount paid under the Physical Damage Coverage Section of the policy for that "auto"; and

(2) Any:

- (a) Overdue lease or loan payments at the time of the "loss";
- (b) Financial penalties imposed under a lease for excessive use, abnormal wear and tear or high mileage;
- (c) Security deposits not returned by the lessor;
- (d) Costs for extended warranties, Credit Life Insurance, Health, Accident or Disability Insurance purchased with the loan or lease; and
- (e) Carry-over balances from previous loans or leases.

M. BLANKET WAIVER OF SUBROGATION

The following replaces Paragraph **A.5., Transfer Of Rights Of Recovery Against Others To Us**, of **SECTION IV – BUSINESS AUTO CONDITIONS**:

5. Transfer Of Rights Of Recovery Against Others To Us

We waive any right of recovery we may have against any person or organization to the extent required of you by a written contract executed prior to any "accident" or "loss", provided that the "accident" or "loss" arises out of the operations contemplated by such contract. The waiver applies only to the person or organization designated in such contract.

OSD BOARD AGENDA ITEM

Name of Contributor: Valerie Mitchell, MPPA

Date of Meeting: August 21, 2024

Agenda Section: Section C: Consent Agenda

Amendment #001 to Agreement #23-194 with Universal Engineering Sciences to Provide Additional Geotechnical Engineering Services for the Fremont Middle School Reconstruction Project (Mitchell/Miller/CFW)

The Fremont Middle School Reconstruction Project consists of a complete reconstruction of the Fremont campus with an entirely new set of facilities, built according to current State code, Oxnard School District (District) specifications, and 21st century educational program requirements. The proposed phased build-out of the school will incorporate the existing and projected enrollment of approximately 750 students at the site and the need to design the facility in such a manner that a subsequent phase to accommodate increased enrollment, if needed, would only require the construction of additional classrooms.

In November 2023, the Board approved the Agreement for geotechnical technical services with Universal Engineering Sciences for the Fremont Middle School Reconstruction Project.

The purpose of this action item is to approve Amendment #001 to Agreement #23-197 with Universal Engineering Services to provide additional geotechnical engineering services for the Fremont Middle School Reconstruction Project.

FISCAL IMPACT:

\$8,250.00 – General Fund

RECOMMENDATION:

It is the recommendation of the Assistant Superintendent, Business & Fiscal Services, and Director of Facilities, in consultation with CFW, that the Board approve Amendment #1 for Universal Engineering Sciences (UES) to provide additional geotechnical engineering services for the Fremont Middle School Reconstruction Project.

ADDITIONAL MATERIALS:

Attached: [Amendment #001 \(13 Pages\)](#)

[Agreement #23-194, Universal Engineering Services - Fremont Middle School Reconstruction Project \(44 Pages\)](#)

Amendment No. 001 to Geotechnical Engineer Services Agreement #23-194

The Inspection and Testing Services as Lab of Record Agreement (“Agreement”) #23-194 entered into on November 15, 2023, by and between the Oxnard School District (“District”) and Universal Engineering Services (UES) (“Geotechnical Engineer of Record”), is hereby amended by the parties as set forth in this Amendment No. 001 to the Agreement for Consultant Services, Geotechnical Engineering Services as Geotechnical Engineer of Record Services Agreement (“Amendment”) that is incorporated herein for all purposes.

RECITALS

WHEREAS, the District retained UES to provide Geotechnical and Geological Evaluation Services for the Fremont Middle School Reconstruction Project (“Project”) of the District’s Facilities Implementation Plan.

WHEREAS, the Lab of Record has provided Geotechnical Services required by Division of the State Architect (“DSA”) for their records;

WHEREAS, due to the existing conditions regarding additional Testing exceeding the agreed amount of Exhibit “A” in the Agreement #23-194;

WHEREAS, the Board of Trustees has taken certain actions to approve the Geotechnical and Geological Evaluation services for the Fremont Middle School Reconstruction Project currently under construction;

WHEREAS, additional Geotechnical services are still required to completion of the Project;

WHEREAS, upon consideration of the proposal for additional Geotechnical services for the project;

NOW THEREFORE, for the good and valuable consideration, the Parties agree to the following amended terms to Agreement:

AMENDMENT

The Parties agree to add a new SECTION 5.2.3 to the Agreement as follows:

SECTION 5.1 Additional Compensation for Fremont Middle School Reconstruction Project for additional Work. The Geotechnical Engineer agrees to perform the Basic Services as described in the original Agreement, and Exhibit “D” thereto, with respect to the Project. Geotechnical Engineer agrees to deliver the deliverables identified in Exhibit “C” of the original Agreement for the Project. In consideration for the amended basic services and deliverables, the Geotechnical Engineer agrees to be compensated an additional flat “all-in” Basic Fee for the additional work totaling:

- A. Eight Thousand Two Hundred Fifty Dollars and Zero Cents (\$8,250.00) for Amendment No. 001 and the attached proposal received from Universal Engineering Sciences (UES) dated June 24, 2024, is to adjust the base fee paid to UES according to the original Service Agreement #23-194 that allows for adjustment of fees with Board of Trustee approval.

The sum for the additional services total:

Eight Thousand Two Hundred Fifty Dollars and Zero Cents (\$8,250.00)

The Parties agree that the work identified herein constitutes all of the additional owner requested scope, changes or modifications arising out of this Agreement.

The Parties agree that all other provisions of the Geotechnical and Geological Evaluation Services Agreement entered into and executed by the Parties on **November 15, 2023** remain in full force and effect. The Geotechnical Engineer agrees that any provisions, limitations and exclusions in its proposal, Exhibit "F" hereto, are stricken for all purposes and are invalid as inconsistent with the terms and conditions of the Agreement and this Amendment.

IN WITNESS THEREOF, the Parties hereto execute this Amendment No. 001 and represented that each has authority to do so on the dates set forth below:

OXNARD SCHOOL DISTRICT:

PROPOSALS ATTACHED

June 24, 2024

UES Proposal 5030.2300010.0000

Gerald Schober
Vice President
Caldwell Flores Winters, Inc.
521 North 1st Avenue
Arcadia, California 91006

**Subject: Proposal for Additional Percolation Testing
Fremont Middle School
Oxnard School District
1130 North M Street
Oxnard, California 93030**

At your request, UES is pleased to present this proposal to provide additional percolation testing for the project mentioned above. Our services will evaluate subsurface conditions at the site to provide preliminary geotechnical engineering criteria to aid in the design and development of the project. This proposal describes our understanding of the project, our scope of services, schedule, and fees.

PROJECT INFORMATION

It is our understanding that the site consists of approximately 26.03 acres and is currently an existing middle school. The project site locations are located in various areas throughout the Fremont Middle School campus in Oxnard, California. Based on Google Earth imagery, the site appears as a school with field grasses and disturbed surface vegetation, along with buildings, parking lots, a baseball field, tennis courts, basketball courts, and a playground. The site is relatively level. The site is bordered to the east by North H Street with residential beyond, to the south by residential, then by Devonshire Drive, to the west by North M Street with residential beyond, and to the north by Glenwood Drive with residential beyond.

Based on the "Infiltration Testing Location" plan prepared by SVA Architects, UES understands that the school is using the parking area along "M" street to create a bioswale. In this plan, they plan to narrow the park area and create a landscape buffer between the park, playfields, and "M" street. The current play area of the park is approximately 12,000 square feet, and the remaining park area outside of the bioswale would be approximately 16,700 square feet. They propose constructing a meandering sidewalk to connect pedestrian circulation to the two street intersections on the northwest and west of the site and the hardcourts to the south. However, there is a significant grade difference between the Right of Way (ROW) and the sidewalk along the south edge of the playfields. This requires reworking the curb/gutter/curb ramp at the ROW, as well as ramping, to connect the accessible path of travel to this sidewalk. A sidewalk from ROW, between the bioswale and the playfield, could provide this accessible connection without requiring additional ramping.

SCOPE OF SERVICES

Based on our correspondence with you, our understanding of the proposed development, and the site vicinity, we propose to perform percolation/infiltration testing for onsite stormwater LID BMP design at four (4) locations agreed upon by the Project Design Team by drilling twelve (12) borings to a maximum depth of five (5) feet bgs. After excavating the boring to the proposed elevation of the percolation test, UES will pre-soak the test boring and perform the percolation testing according to City of Oxnard Public Health standards.

Upon completion of the percolation tests, the boreholes will be backfilled with bentonite chips. Soil cuttings will be spread out in the area around each borehole location unless otherwise specified.

UES will lay out the project area, and our drilling subcontractor will notify Underground Service Alert (USA) to clear public utilities; however, USA members may not mark all on-site buried utilities. Therefore, we request that a representative of the owner examine as-built plans and clear the boring locations prior to drilling. Additionally, UES encourages opting for a private utility locating company to attempt to locate buried utilities in the vicinity of the proposed boring locations. Neither UES nor our drilling subcontractor will be liable for damage to buried utilities that were not clearly marked by USA or the owner.

The explorations will be logged during the drilling operations. In addition, relatively undisturbed ring samples and/or representative bulk samples will be obtained, as applicable, for possible laboratory testing. The laboratory tests performed will depend upon the soil conditions encountered. Drilling, sampling, and laboratory testing will be conducted in general accordance with applicable ASTM or other locally recognized standards. Laboratory testing is anticipated to include in-situ moisture content and dry density, Proctor, direct shear, consolidation, sieve analysis, Atterberg limits, expansion index, and electrochemical characteristics (pH, minimum soil resistivity, soluble sulfates, and soluble chlorides).

After completion of the field exploration and laboratory testing programs, the results will be evaluated to develop geotechnical design recommendations and prepare a geotechnical engineering report. The following information will be included in the report:

- A summary of project information
- A brief discussion of our field exploration and laboratory testing programs
- A geologic discussion
- A plan indicating the approximate locations of our explorations
- Logs of the explorations and results of laboratory tests
- A discussion of the existing surface conditions at the time of our field exploration program
- A discussion of the subsurface conditions encountered within the depths explored
- Seismic design recommendation for the design of the foundation system
- Site Class determination based on the shear wave velocity study, if performed
- Earthwork/backfill requirements, including site preparations, fill placement, and suitability of existing soils for use as fill materials
- Data on the excitability of materials encountered
- Recommendations for use in the design of foundations, including allowable bearing capacity, passive pressure, coefficient of friction, and estimated settlements
- Subgrade preparation requirements for concrete slabs-on-grade
- Recommendations for type of cement in concrete in contact with on-site soils

ASSUMPTIONS

We assume that by authorizing our services, we have permission to be on the site. In addition, we assume that the site is accessible to a truck-mounted drill rig. If the site is not accessible, you will be notified, and a new scope of work and fee may be required. If damage occurs from the truck-mounted drill rig accessing the drilling locations, any resulting damage to sidewalks, driveways, rutted lawn areas, or landscaping will be the responsibility of the Client to repair.

COST OF SERVICES

The fee for our services, including all fieldwork, laboratory testing, engineering analysis, and report preparation as outlined, will be a **lump sum fee of \$8,250.00**.

Our services under this proposal would be complete upon delivery of the Geotechnical Exploration Report. If any additional services are required beyond the scope of services outlined in this proposal, our services would be charged on a time and materials basis at our standard unit rates.

SCHEDULE OF FEES

The above-estimated fees do not include additional requested services performed after issuing the update report. These services include, but are not limited to, additional plan reviews, additional addendums to the report due to modifications of the proposed improvements, etc. If necessary, additional consulting services will be provided on a time and expense basis according to the schedule presented below unless a revised proposal is requested. UES considers this proposal and the rates provided below valid for the duration of the project.

- Principal Engineer \$220.00/hour
- Senior Engineer/Geologist \$155.00/hour
- Project Engineer/Geologist \$145.00/hour
- Staff Engineer/Geologist \$125.00/hour
- Engineering Technician \$140.00/hour
- Administrative Assistant \$60.00/hour

SCHEDULE

We will proceed with our services as soon as we receive authorization. Drilling activities should commence within two (2) to three (3) weeks of notice to proceed, pending actual driller availability. Field activities are anticipated to take approximately one (1) day for drilling. Within two (2) to three (3) weeks after completion of field activities, an electronic copy of our draft report can be submitted in PDF format via email. With expedited services, you will be able to get the report within three (3) to four (4) weeks of drilling. Printed, wet-stamped copies or a digitally signed PDF copy for permit submission will be made available at your request, with 24-hour advanced notice once payment for services has been received and you are ready to submit for permits. We can generally provide verbal opinions regarding preliminary findings and recommendations before the written report is completed if required.

CLOSURE

This proposal is valid for 6 months. If the client does not accept this proposal or UES does not initiate services within that time period, the client must give UES an opportunity to re-review the proposed scope of work and fee to determine whether or not modifications need to be made and/or a new proposal drafted and submitted for client review. We appreciate the opportunity to submit this proposal. Our terms and conditions are considered a part of this proposal and have been attached for your review. To authorize us to proceed with the proposed services, please indicate by signing and returning one executed copy of this agreement to us.

Respectfully,

UES

Jacob Alvarez
Project Engineer

Dharmesh Amin, MS, PE, GE₂₅₅₃
Regional Geotechnical Engineer

Attachments: General Conditions

GENERAL CONDITIONS

SECTION 1: RESPONSIBILITIES

1.1 Construction Testing and Engineering (CTE) – SO CAL, (d/b/a “UES”) is responsible for providing the services described under the Scope of Services.

1.2 The Client is responsible for providing UES with a clear understanding of the project’s nature and scope. The Client shall supply UES with sufficient and adequate information, including, but not limited to, maps, site plans, reports, surveys, plans and specifications, and designs, to allow UES to properly complete the specified services. The Client shall also communicate changes in the nature and scope of the project as soon as possible during performance of the work so that the changes can be incorporated into the work product.

1.3 The Client acknowledges that UES’s responsibilities in providing the services described under the Scope of Services section is limited to those services described therein, and the Client hereby assumes any collateral or affiliated duties necessitated by or for those services. Such duties may include, but are not limited to, reporting requirements imposed by any third party such as federal, state, or local entities, the provision of any required notices to any third party, or the securing of necessary permits or permissions from any third parties required for UES’s provision of the services so described, unless otherwise agreed upon by both parties in writing.

SECTION 2: STANDARD OF CARE

2.1 Services performed by UES under this Agreement will be conducted in a manner consistent with the level of care and skill ordinarily exercised by members of UES’s profession practicing contemporaneously under similar conditions in the locality of the project. No other warranty, express or implied, is made by UES hereunder.

2.2 Execution and delivery of this Agreement by UES is not a representation that UES has visited the site, become generally familiar with local conditions under which the work is to be performed, or correlated personal observations with the requirements of the Scope of Services. It is the Client’s responsibility to provide UES with all information necessary for UES to provide the services described under the Scope of Services, and the Client assumes all liability for information not provided to UES that may affect the quality or sufficiency of the services so described.

SECTION 3: SITE ACCESS AND SITE CONDITIONS

3.1 Client will grant or obtain free access to the site for all equipment and personnel necessary for UES to perform the work set forth in this Agreement. The Client will notify any possessors of the project site that Client has granted UES free access to the site. UES will take reasonable precautions to minimize damage to the site, but it is understood by Client that, in the normal course of work, some damage may occur, and the correction of such damage is not part of this Agreement unless so specified in the Scope of Services.

3.2 The Client is responsible for the accuracy of locations for all subterranean structures and utilities. UES will take reasonable precautions to avoid known subterranean structures, and the Client waives any claim against UES, and agrees to defend, indemnify, and hold UES harmless from any claim or liability for injury or loss, including costs of defense, arising from damage done to subterranean structures and utilities not identified or accurately located. In addition, Client agrees to compensate UES for any time spent or expenses incurred by UES in defense of any such claim with compensation to be based upon UES’s prevailing fee schedule and expense reimbursement policy.

SECTION 4: BILLING AND PAYMENT

- 4.1** UES will submit invoices to Client monthly or upon completion of services. Invoices will show charges for different personnel and expense classifications.
- 4.2** Payment is due 30 days after presentation of invoice and is past due 31 days from invoice date. Client agrees to pay a finance charge of one and one-half percent (1 ½ %) per month, or the maximum rate allowed by law, on past due accounts.
- 4.3** If UES incurs any expenses to collect overdue billings on invoices, the sums paid by UES for reasonable attorneys' fees, court costs, UES's time, UES's expenses, and interest will be due and owing by the Client.

SECTION 5: OWNERSHIP AND USE OF DOCUMENTS

- 5.1** All reports, boring logs, field data, field notes, laboratory test data, calculations, estimates, and other documents prepared by UES, as instruments of service, shall remain the property of UES. Neither Client nor any other entity shall change or modify UES's instruments of service.
- 5.2** Client agrees that all reports and other work furnished to the Client or his agents, which are not paid for, will be returned upon demand and will not be used by the Client for any purpose.
- 5.3** UES will retain all pertinent records relating to the services performed for a period of "five years or such longer period" of time required by applicable accrediting agency, unless specified in the scope of services following submission of the report or completion of the Scope of Services, during which period the records will be made available to the Client in a reasonable time and manner.
- 5.4** All reports, boring logs, field data, field notes, laboratory test data, calculations, estimates, and other documents prepared by UES, are prepared for the sole and exclusive use of Client, and may not be given to any other entity, or used or relied upon by any other entity, without the express written consent of UES. Client is the only entity to which UES owes any duty or duties, in contract or tort, pursuant to or under this Agreement.

SECTION 6: DISCOVERY OF UNANTICIPATED HAZARDOUS MATERIALS

- 6.1** Client represents that a reasonable effort has been made to inform UES of known or suspected hazardous materials on or near the project site.
- 6.2** Under this agreement, the term hazardous materials includes hazardous materials, hazardous wastes, hazardous substances (40 CFR 261.31, 261.32, 261.33), petroleum products, polychlorinated biphenyls, asbestos, and any other material defined by the U.S. EPA as a hazardous material.
- 6.3** Hazardous materials may exist at a site where there is no reason to believe they are present. The discovery of unanticipated hazardous materials constitutes a changed condition mandating a renegotiation of the scope of work. The discovery of unanticipated hazardous materials may make it necessary for UES to take immediate measures to protect health and safety. Client agrees to compensate UES for any equipment decontamination or other costs incident to the discovery of unanticipated hazardous materials.
- 6.4** UES will notify Client when unanticipated hazardous materials or suspected hazardous materials are encountered. Client will make any disclosures required by law to the appropriate governing agencies. Client will hold UES harmless for all consequences of disclosures made by UES which are required by governing law. In the event the project site is not owned by Client, it is the Client's responsibility to inform the property owner of the discovery of unanticipated hazardous materials or suspected hazardous materials.

6.5 Notwithstanding any other provision of this Agreement to the contrary, Client waives any claim against UES, and to the maximum extent permitted by law, agrees to defend, indemnify, and save UES harmless from any claim, liability, and/or defense costs for injury or loss arising from UES's discovery of unanticipated hazardous materials or suspected hazardous materials including any costs created by delay of the project and any cost associated with possible reduction of the property's value. Client will be responsible for ultimate disposal of any samples secured by UES which are found to be contaminated.

SECTION 7: RISK ALLOCATION

7.1 Subject to the balance of this Section 7.1, Client agrees that UES's liabilities, losses, damages, fees, costs and expenses (including attorneys' fees)(collectively, "**Liability**") arising from any claim on account of any breach of contract, error, omission, or professional negligence will be limited to a sum not to exceed \$50,000 or UES's fee, whichever is greater (the "**Liability Cap**"). If Client prefers to have a higher Liability Cap, UES agrees to increase the Liability Cap to \$1,000,000.00 upon Client's written request at the time of accepting UES's proposal, provided that Client agrees to pay an additional consideration of one percent of the total fee, or \$1,000.00, whichever is greater. If Client prefers a \$2,000,000.00 Liability Cap, UES agrees to increase the Liability Cap to \$2,000,000.00 upon Client's written request at the time of accepting UES's proposal, provided that Client agrees to pay an additional consideration of one percent of the total fee, or \$2,000.00, whichever is greater. The additional charge for the higher Liability Cap is because of the greater risk assumed and is not strictly a charge for additional professional liability insurance.

7.2 Client shall not be liable to UES, and UES shall not be liable to Client for any punitive, incidental, special, or consequential damages (including lost profits, loss of use, and lost savings) incurred by either party due to the fault of the other, regardless of the nature of the fault, or whether it was committed by Client or UES, their employees, agents, or subcontractors; or whether such liability arises in breach of contract or warranty, tort (including intentional torts and negligence), statutory, or any other cause of action.

7.3 As used in this Agreement, the terms "claim" or "claims" mean any claim in contract, tort, or statute alleging negligence, errors, omissions, strict liability, statutory liability, breach of contract, breach of warranty, negligent misrepresentation, or any other act giving rise to Liability.

SECTION 8: INSURANCE

8.1 UES represents that it and its agents, staff, and consultants employed or retained by UES, is and are protected by workers' compensation insurance, and that UES has such coverage under public liability and property damage insurance policies which UES deems to be adequate. Certificates for all such policies of insurance shall be provided to Client upon request in writing. Within the limits and conditions of such insurance, UES agrees to indemnify and save Client harmless from and all Liabilities arising from negligent acts by UES, its agents, staff, and consultants employed by it. UES shall not be responsible for Liabilities beyond the amounts, limits, and conditions of such insurance or the limits described in Section 7, whichever is less. The Client agrees to defend, indemnify, and save UES harmless from all Liabilities arising from acts by Client, Client's agents, staff, and others employed by Client.

8.2 Under no circumstances will UES indemnify Client from or for Client's own actions, negligence, or breaches of contract.

8.3 To the extent that damages are covered by property insurance, Client and UES waive all rights against each other and against the contractors, consultants, agents, and employees of the other for damages, except such rights as they may have to the proceeds of such insurance.

SECTION 9: DISPUTE RESOLUTION

9.1 All claims, disputes, and other matters in controversy between UES and Client arising out of or in any way related to this Agreement shall be submitted to mediation before and as a condition precedent to seeking other remedies provided by law.

9.2 If a dispute arises and that dispute is not resolved by mediation, then: (a) the claim will be brought in the state or federal courts having jurisdiction where the UES office which provided the service is located; and (b) the prevailing party will be entitled to recovery of all reasonable out of pocket fees, costs and expenses incurred by such party, including court costs, attorneys' fees, expert witness fees, and other claim related expenses.

SECTION 10: TERMINATION

10.1 This Agreement may be terminated by either party upon seven (7) days written notice in the event of substantial failure by the other party to perform in accordance with the terms hereof, or in the case of a force majeure event such as terrorism, act of war, public health or other emergency. Such termination shall not be effective if such substantial failure or force majeure has been remedied before expiration of the period specified in the written notice. In the event of termination, UES shall be paid for services performed to the termination notice date plus reasonable out of pocket termination expenses incurred or paid by UES in connection with such termination and the winding down of its operations.

10.2 In the event of termination, or suspension for more than three (3) months, prior to completion of all reports contemplated by this Agreement, UES may complete such analyses and records as are necessary to complete its files and may also complete a report on the services performed to the date of notice of termination or suspension. The expense of termination or suspension shall include all direct out of pocket costs incurred or paid by UES in completing such analyses, records, and reports.

SECTION 11: REVIEWS, SPECIAL INSPECTIONS, TESTING AND OBSERVATIONS

11.1 Plan review and building inspections are performed for the purpose of observing compliance with applicable building codes. Construction materials testing ("CMT") and Special Inspections are performed to document compliance of certain materials or components with applicable testing standards. UES's performance of plan reviews, Special inspections, building inspections, or CMT, or UES's presence on the site of Client's project while performing any of the foregoing activities, is not a representation or warranty by UES that Client's project is free of errors in either design or construction.

11.2 If UES is retained to provide construction monitoring or observation, UES will report to Client any observed work which, in UES's opinion, does not conform to the plans and specifications provided to UES. UES shall have no authority to reject or terminate the work of any agent or contractor of Client. No action, statements, or communications of UES, or UES's site representative, can be construed as modifying any agreement between Client and others. Client acknowledges that UES's performance of construction monitoring or observation is not a representation or warranty by UES that Client's project is free of errors in either design or construction.

11.3 Neither the activities of UES pursuant to this Agreement, nor the presence of UES or its employees, representatives, or subcontractors on the project site, shall be construed to impose upon UES any responsibility for means or methods of work performance, superintendence, sequencing of construction, or safety conditions at the project site. Client acknowledges that Client or its contractor is solely responsible for project jobsite safety.

11.4 Client is responsible for scheduling all inspections and CMT activities of UES. All testing and inspection services will be performed on a will-call basis. UES will not be responsible for tests and inspections that are not performed due to Client's failure to schedule UES's services on the project, or for any claims or damages arising from tests and inspections that are not scheduled or performed.

SECTION 12: ENVIRONMENTAL ASSESSMENTS

12.1 Client acknowledges that an Environmental Site Assessment (“ESA”) is conducted solely to permit UES to render a professional opinion about the likelihood or extent of regulated contaminants being present on, in, or beneath the site in question at the time services were conducted. No matter how thorough an ESA study may be, findings derived from the study are limited and UES cannot know or state for a fact that a site is unaffected by reportable quantities of regulated contaminants as a result of conducting the ESA study. Even if UES states that reportable quantities of regulated contaminants are not present, Client acknowledges that it still bears the risk that such contaminants may be present or may migrate to the site after the ESA study is complete.

SECTION 13: SUBSURFACE EXPLORATIONS

13.1 Client acknowledges that subsurface conditions may vary from those observed at locations where borings, surveys, samples, or other explorations are made, and that site conditions may change with time. Data, interpretations, and recommendations by UES will be based solely on information available to UES at the time of service. UES is responsible for those data, interpretations, and recommendations, but will not be responsible for other parties’ interpretations or use of the information developed or provided by UES.

13.2 Subsurface explorations may result in unavoidable cross-contamination of certain subsurface areas, as when a probe or boring device moves through a contaminated zone and links it to an aquifer, underground stream, or other hydrous body not previously contaminated. UES is unable to eliminate totally cross-contamination risk despite use of due care. Since subsurface explorations may be an essential element of UES’s services indicated herein, Client shall, to the fullest extent permitted by law, waive any claim against UES, and indemnify, defend, and hold UES harmless from any claim or Liability arising from cross-contamination allegedly caused by UES’s subsurface explorations. In addition, Client agrees to compensate UES for any time spent or expenses incurred by UES in defense of any such claim with compensation to be based upon UES’s prevailing fee schedule and expense reimbursement policy.

SECTION 14: SOLICITATION OF EMPLOYEES

14.1 Client agrees not to solicit for hire any of UES’s employees with which Client had contact during the term of this Agreement for a one-year period following the expiration date or termination date of this Agreement (the “Post-Term Period”) except through UES. If Client hires any such UES employee during the Post-Term Period, Client shall within five business days following written demand therefore from UES, pay UES an amount equal to one-half of the employee’s then effective annualized salary, as liquidated damages. Further, Client acknowledges that the liquidated damages, stated above, are reasonable under the circumstances.

SECTION 15: ASSIGNS

15.1 Neither Client nor UES may assign this Agreement or assign or delegate any of its rights or obligations hereunder without the prior written consent of the other party.

SECTION 16: GOVERNING LAW AND SURVIVAL

16.1 This Agreement shall be governed by and construed in accordance with the laws of the jurisdiction in which the UES office performing the services hereunder is located.

16.2 If any of the provisions of this Agreement is held by a court of competent jurisdiction to be illegal, invalid, or unenforceable, the enforceability of the remaining provisions will not be impaired and will survive. Limitations of liability and indemnities will survive termination of this Agreement for any cause.

SECTION 17: INTEGRATION CLAUSE

17.1 This Agreement represents and contains the entire and only agreement and understanding among the parties with respect to the subject matter of this Agreement and supersedes any and all prior and contemporaneous oral and written agreements, understandings, representations, inducements, promises, warranties, and conditions among the parties. No agreement, understanding, representation, inducement, promise, warranty, or condition of any kind with respect to the subject matter of this Agreement shall be relied upon by the parties unless expressly set forth herein.

17.2 This Agreement may not be amended or modified except by an agreement in writing signed by the party against whom the enforcement of any modification or amendment is sought.

SECTION 18: WAIVER OF JURY TRIAL

18.1 To the extent permitted by applicable law, Client and UES hereby waive trial by jury in any action arising out of or related to this Agreement.

CLIENT APPROVAL

UES offers the Client the Proposal as listed above. Client may accept UES's offer by signing in the space provided below and returning a signed copy to UES. Such notification may be faxed or by emailing the signed general conditions. In the event the Client authorizes work without returning a signed copy, the Client agrees to be bound by the general conditions as stated herein. The proposal presented has been read, understood, and accepted by the Client effective as of the date that the executed proposal is returned to UES.

License Number (if applicable)

- A. District desires to engage Provider services as more particularly described on "Statement of Work" which is attached hereto and incorporated herein by this reference ("Services").
B. Provider has the necessary qualifications by reason of training, experience, preparation and organization, and is agreeable to performing and providing such Services, upon and subject to the terms and conditions as set forth below in this Agreement.

NOW THEREFORE, for valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

- 1. CONDITIONS. Provider will have no obligation to provide services until District returns a signed copy of this Agreement.
2. NATURE OF RELATIONSHIP. The parties agree the relationship created by this Agreement is that of independent contractor. In performing all of the Services, Provider shall be, and at all times is, acting and performing as an independent contractor with District, and not as a partner, coventurer, agent, or employee of District, and nothing contained herein shall be construed to be inconsistent with this relationship or status. Provider is not granted any right or authority to assume or to create any obligation or responsibility, express or implied, on behalf of or in the name of District or to bind the District in any manner. Except for any materials, procedures, or subject matter agreed upon between Provider and District, Provider shall have complete control over the manner and method of performing the Services.

23-194

Contract Number

Provider understands and agrees to independent contractor status. Provider understands and agrees that the filing and acceptance of this Agreement creates a rebuttable presumption and that the Provider, officers, agents, employees, or subcontractors of Provider are not entitled to coverage under the California Workers' Compensation Insurance laws, Unemployment Insurance, Health Insurance, Pension Plans, or any other benefits normally offered or conveyed to District employees. Provider will be responsible for payment of all Provider employee wages, payroll taxes, employee benefits, and any amounts due for federal and state income taxes and Social Security taxes. These taxes will not be withheld from payments under this agreement.

3. **NON-EXCLUSIVITY.**

- a. During the term of this agreement Provider may, independent of Provider's relationship with the District, without breaching this Agreement or any duty owed to the District, act in any capacity, and may render services for any other entity.
- b. During the term of this Agreement the District may, independent of its relationship with the Provider, without breaching this Agreement or any duty owed to the Provider contract with other individuals and entities to render the same or similar services to the District.

4. **SERVICES.** Provider shall provide District with the services, which are described on the "Statement of Work" (the "Work" or "Service") attached hereto and incorporated herein by this reference. The Statement of Work shall contain a timetable for completion of the Work or if the Work is an ongoing service, the Statement of Work shall set forth the mutually agreed schedule for providing such services. Provider shall use its best efforts to complete all phases of the Work according to such timetable. In the event that there is any delay in completion of the Work arising as a result of a problem within the control of District, Provider and District shall cooperate with each other to work around such delay. However, District shall not be responsible for any additional cost or expense to Provider as a result of such delay unless specifically agreed to in writing by the District. In addition to the specifications and/or requirements contained in the Statement of Work and any warranty given by Provider hereunder, the Statement of Work may set forth those performance criteria agreed between District and Provider whereby the District can evaluate whether Provider has satisfactorily completed the Work ("Performance Criteria").

Provider, at Provider's sole cost and expense, shall furnish all tools, equipment, apparatus, facilities, transportation, labor, and material necessary to meet its obligations under this Agreement. No substitutions of materials or service from those specified in this section shall be made without the prior written consent of the District.

5. **TIME OF PERFORMANCE.** The term of this Agreement shall commence on November 20, 2023, and terminate on January 31, 2024. All work and services contracted for under the terms of this Agreement shall be undertaken and completed in such sequence as to assure their full completion in accordance with the terms and conditions set forth in this Agreement.

[Note: California Education Code section 17596 limits continuing contracts; contracts for work or services, or for apparatus or equipment, not to exceed five years; for materials or supplies, not to exceed three years.]

6. **PAYMENT AND EXPENSES.** All payments due to Provider are set forth in the "Schedule of Fees" attached hereto and incorporated herein by this reference.

Provider shall send District periodic statements indicating Provider's fees and costs incurred and their basis and any current balance owed. If no Provider's fees or costs are incurred for a particular time period,

or if they are minimal, the statement may be held by the Provider and combined with that for the following time period unless a statement is requested by the District.

All payments due Provider are set forth in "Schedule of Fees" and shall be paid by the District within 30 days of receipt of a proper, undisputed invoice from Provider, which invoice shall set forth in reasonable detail the services performed. The District reserves the right, in its sole and absolute discretion, to reject any invoice that is not submitted in compliance with the District's standards and procedures. In the event that any portion of an invoice submitted by a Provider to the District is disputed, the District shall only be required to pay the undisputed portion of such invoice at that time, and the parties shall meet to try to resolve any disputed portion of any invoice.

The rates set forth in "Schedule of Fees" are not set by law, but are negotiable between Provider and District.

7. **ASSIGNMENT AND SUBCONTRACTORS.** Provider shall not assign, sublet, or transfer this Agreement or any rights under or interest in this Agreement without the prior written consent of the District, which may be withheld by the District in its sole and absolute discretion for any reason. Nothing contained herein shall prevent Provider from employing independent associates, subcontractors, and sub-consultants as Provider may deem appropriate to assist in the performance of services herein, subject to the prior written approval of the District. Any attempted assignment, sublease, or transfer in violation of this Agreement shall be null and void, and of no force and affect. Any attempted assignment, sublet, or transfer in violation of this Agreement shall be grounds for the District, in its sole discretion, to terminate the Agreement
8. **TERMINATION OR AMENDMENT.** This Agreement may be terminated or amended in writing at any time by mutual written consent of all of the parties to this Agreement, and may be terminated by either party for any reason by giving the other party 60 days advance written notice. In the event of cancellation prior to completion of the specified services, all finished or unfinished projects, documents, data, studies, and reports prepared by the Provider under this agreement shall, at the option of the District, become District property. The Provider shall be entitled to receive just and equitable compensation for any satisfactory work completed on such items prior to termination of the Agreement.

The parties to this Agreement shall be excused from performance thereunder during the time and to the extent they are prevented from obtaining, delivering, or performing due to act(s) of God. Satisfactory evidence thereof to the other party is required, provided that it is satisfactorily established that the non-performance is not due to the fault or neglect of the party not performing.

9. **NOTICE.** Any notices required or permitted to be given under this Agreement shall be deemed fulfilled by written notice, demand or request personally served on (with proof of service endorsed thereon, or mailed to, or hereinafter provided) the party entitled thereto or on its successors and assigns, and may be given by:
 - a. Personal delivery;
 - b. Overnight commercial courier;
 - c. Certified or registered prepaid U.S. mail, return receipt requested; or
 - d. Electronic mail or electronic facsimile transmission; provided that if given electronically, an additional copy shall also be delivered by a, b, or c, above.

If mailed, such notice, demand, or request shall be mailed certified or registered mail, return receipt requested, and deposited in the United States mail addressed to such party at its address set forth below or to such address as either party hereto shall direct by like written notice and shall be deemed to have been made on the third (3rd) day following posting; or if sent by a nationally recognized overnight express carrier, prepaid, such notice shall be deemed to have been made on the next business day following deposit with such carrier. For the purposes herein, notices shall be sent to the District and the Provider as follows:

10. **WARRANTY.** Provider hereby warrants to District that the Work shall be performed in a professional and workmanlike manner consistent with the highest industry standards. For a period of one (1) year following completion of the Work, Provider shall correct or make arrangements to correct any breach of the warranty for the Work within ten (10) business days of notice from District of same.
11. **ADDITIONAL WORK.** If changes in the work seem merited by the Provider or the District, and informal consultations with the other party indicate that a change is warranted, it shall be processed by the District in the following manner:
 - a. A letter outlining the changes shall be forwarded to the District by the Provider with a statement of estimated changes in fee and/or time schedule.
 - b. A written amendment to this Agreement shall be prepared by the District and executed by all of the parties before any performance of such services or the District shall not be required to pay for the increased cost incurred for the changes in the scope of work.

Any such amendment to the Agreement shall not render ineffective or invalidate unaffected portions of this Agreement.

12. **COMPLIANCE WITH LAWS.** Provider hereby agrees that Provider, officers, agents, employees, and subcontractors of Provider shall obey all local, state, and federal laws and regulations in the performance of this Agreement, including, but not limited to minimum wages laws and/or prohibitions against discrimination. Without limiting the generality of the foregoing, Provider shall complete the conflict of interest certification on **Exhibit C**.

Provider, officers, agents, employees and/or subcontractors of Provider shall secure and maintain in force for the full term of this Agreement, at Provider's sole cost and expense, such licenses and permits as are required by law, in connection with the furnishing of all the Services, materials, or supplies necessary for completion of the Services described.

13. **NON-DISCRIMINATION AND EQUAL EMPLOYMENT OPPORTUNITY**

Provider represents and agrees that it does not and shall not discriminate against any employee or applicant for employment, company, individual or group of individuals, because of ancestry, age, color, disability (physical and mental, including HIV and AIDS), genetic information, gender identity, gender expression, marital status, medical condition, military or veteran status, national origin, race, religion, sex/gender, and sexual orientation.

14. **INDEMNIFICATION.** To the fullest extent permitted by law, Provider agrees to defend, indemnify, and hold harmless District, its governing board, officers, agents, employees, successors, assigns, independent contractors and/or volunteers from and against any and all claims, demands, monetary or other losses, loss of use, damages and expenses,, including but not limited to, legal fees and costs, or other obligations or claims arising out of any liability or damage to person or property resulting from bodily injury, illness, communicable disease, virus, pandemic, or any other loss, sustained or claimed to have been sustained arising out of activities of the Provider or those of any of its officers, agents, employees, participants, vendors, customers or subcontractors of Provider, whether such act or omission is authorized by this Agreement or not. Provider also agrees to pay for any and all damage to the real and personal property of the District, or loss or theft of such property, or damage to the Property done or caused by such persons. District assumes no responsibility whatsoever for any property placed on District premises by Provider, Provider’s agents, employees, participants, vendors, customers or subcontractors. Provider further hereby waives any and all rights of subrogation that it may have against the District. The provisions of this Indemnification do not apply to any damage or losses caused solely by the negligence of the District or any of its governing board, officers, agents, employees and/or volunteers.

15. **INSURANCE.** Provider, at its own cost and expense, shall procure and maintain during the term of this Agreement, policies of insurance for the following types of coverage:

a. Commercial General Liability Insurance. Provider shall procure and maintain, during the term of this Agreement, the following General Liability Insurance coverage:

	<u>Each Occurrence</u>	<u>Aggregate</u>
Individual, Sole Proprietorship, Partnership, Corporation, or Other	\$ 1,000,000.00	\$ 2,000,000.00

Commercial General Liability insurance shall include products/completed operations, property damage, and personal and advertising injury coverage.

Any and all subcontractors hired by Provider in connection with the Services described in this Agreement shall maintain such insurance unless the Provider's insurance covers the subcontractor and its employees.

- b. Automobile Liability. Provider shall procure and maintain, during the full term of this Agreement, Automobile Liability Insurance, including non-owned and hired automobiles, as applicable with the following coverage limits: [REDACTED]

Personal vehicles: \$ 500,000.00 combined single limit or
\$100,000.00 per person / \$300,000.00 per accident

- c. Workers' Compensation Insurance. Provider shall procure and maintain, during the term of this Agreement, Workers' Compensation Insurance, as required by California law, on all of its employees engaged in work related to the performance of this Agreement. Provider shall procure and maintain Employers' Liability insurance coverage of \$1,000,000.

In the case of any such work which is subcontracted, Provider shall require all subcontractors to provide Workers' Compensation Insurance and Employers' Liability insurance for all of the subcontractor's employees to be engaged in such work unless such employees are covered by the protection afforded by the Provider's Workers' Compensation Insurance.

Absent proof of Workers' Compensation Insurance, Provider will submit a statement requesting a waiver from this requirement and indicating the reason Workers' Compensation Insurance is not required.

- d. Errors and Omissions Insurance. Provider shall procure and maintain, during the term of this Agreement, Professional Liability/Errors and Omissions Insurance in an amount of the followi [REDACTED]

- e. Other Coverage as Dictated by the District. Provider shall procure and maintain, during the term of this Agreement, the following other Insurance coverage:

	Each Occurrence	Aggregate
<input type="checkbox"/> Abuse and Molestation	\$ 2,000,000.00	\$4,000,000.00
<input type="checkbox"/> Pollution Liability	\$ 1,000,000.00	\$ 2,000,000.00
<input type="checkbox"/> Cyber Liability	\$ 5,000,000.00	
<input type="checkbox"/> Other: _____	\$ _____	\$ _____

- f. If the Provider or Provider's subcontractor(s) maintains broader coverage and/or higher limits than the minimums shown above, the District requires and shall be entitled to the broader coverage and/or higher limits maintained by the Provider. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the District.
- g. Provider's and any and all subcontractors' insurance is primary and will not seek contribution from any other insurance available to the district.
- h. Certificates of Insurance. Provider and any and all subcontractors working for Provider shall provide certificates of insurance to the District as evidence of the insurance coverage required herein, not less than Fifteen (15) days prior to commencing work for the District, and at any other time upon the request of the District. Certificates of insurance will be deemed invalid if proper endorsements are not attached. Certificates of such insurance shall be filed with the District on or before commencement of the services under this Agreement.
- i. Endorsements. Provider's and any and all Provider subcontractor's Commercial General Liability insurance; Commercial Automobile Insurance; Liability Excess, Umbrella and/or Reinsurance; and Abuse and Molestation coverage shall name the District, its governing board, officers, agents, employees, and/or volunteers as additional insureds. All endorsements specifying additional insureds for any of the Insurance Policies shall be as indicated below or an equivalent endorsement reasonably acceptable to the District.
 - 1) General Liability
 - Facilities Rental or Lease: CG 20 11 10 01;
 - Most Other services: CG 20 26 10 01.
 - 2) Primary, Non-Contributory
 - CG 20 01 01 13
 - 3) Waiver of Subrogation
 - CG 24 04 05 09
 - 4) Commercial Automobile Liability
 - CA 20 48 10 13
- j. Provider's and any and all Provider subcontractor's Commercial General Liability insurance shall provide a list of endorsements and exclusions.
- k. Deductibles. Any deductible(s) or self-insured retention(s) applicable to the insurance and/or coverage required by the foregoing provisions of this agreement must be declared to and approved by the District. Provider shall be responsible to pay that deductible or self-insured retention and the District shall not be responsible to pay these costs. In the event that Provider's deductibles or self-insured retentions collectively total more than \$50,000.00, District reserves the right to request proof of Provider's financial solvency in relation to remittance thereof or require Provider to post a bond guaranteeing payment of the deductible, or both.
- l. Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A: VII, unless otherwise acceptable to the District.
- m. Insurance written on a "claims made" basis is to be renewed by the Provider and all Provider subcontractors for a period of five (5) years following termination of this Agreement. Such insurance

must have the same coverage and limits as the policy that was in effect during the term of this agreement, and will cover the provider for all claims made.

- n. **Failure to Procure Insurance.** Failure on the part of Provider, or any of its subcontractors, to procure or maintain required insurance shall constitute a material breach of contract under which the District may immediately terminate this Agreement.

- 16. **SAFETY AND SECURITY.** Provider shall be responsible for ascertaining from the District all of the rules and regulations pertaining to safety, security, and driving on school grounds, particularly when children are present.

Without limiting the generality of the foregoing, Provider shall comply with any applicable fingerprinting/criminal background investigation and tuberculosis clearance requirements of the California Education Code and shall provide the certifications on **Exhibit C** prior to performance of any Services.

- a. **On Site Services; Student Data Access.** If services require Provider to access any District facility, transport or interact in any manner (including through an app or other electronic means) with District students, or access student data, Provider and any and all subcontractors are required to comply with Education Code section 45125.1, Fingerprint certification requirements. Provider must provide proof that fingerprint certification requirements have been fulfilled prior to commencing any services for the District under this Agreement.

Provider shall certify in writing to the school district that neither the Provider nor any of its employees, agents, representatives or subcontractors who are required to submit or have their fingerprints submitted to the Department of Justice and who may interact with any District student outside the direct supervision and control of a District employee or that student's parent or legal guardian have been convicted of a felony.

- b. **Other Services.** If Provider will not provide any services on site or have access to any student data or interact with any District student in connection with the Services, then, Provider and its subcontractors are not required to comply with Education Code section 45125.1 background check requirements. However, Provider must still complete **Exhibit C** to specify that these requirements are not applicable.
- c. **Tuberculosis Risk Assessment requirements (Education Code section 49406).** Providers who may have more than limited contact with District students (including any Providers who provide in person tutoring or who provide any transportation services to students) are required to cause to be on file with the District a certificate from an examining physician showing that Provider, employees and/or sub providers of Provider have been examined and found free from active tuberculosis.

- 17. **GOVERNING LAW AND VENUES.** Provider hereby acknowledges and agrees that District is a public entity, which is subject to certain requirements and limitations. This Agreement and the obligations of District hereunder are subject to all applicable federal, state and local laws, rules, and regulations, as currently written or as they may be amended from time to time.

This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in state or federal court situated in the County of Ventura, State of California. Provider hereby waives and expressly agrees not to assert, in any way, any claim or allegation that it is not personally subject to the jurisdiction of the courts named above. Provider further agree to waive any claim or allegation that the suit, action, or proceeding is either brought in an inconvenient forum or that the related venue is improper.”

18. **DISPUTE RESOLUTION.**

- a. The parties agree that, in the event of any dispute under the agreement in which the amount sought is \$5,000.00 or less, any litigation to resolve the dispute shall be brought in the Ventura County Small Claims Court.
- b. If the amount in dispute exceeds \$5,000.00, the parties agree that they will first submit the matter to a mutually agreed upon mediator. Notwithstanding section 19, Attorneys Fees, the cost of the mediator shall be borne equally by the parties.
- c. If the mediator is unable to resolve the dispute, then the parties shall submit the matter to binding arbitration in Ventura County or other mutually agreed location pursuant to the rules of the American Arbitration Association (AAA), as amended or as augmented in this Agreement (the "Rules"). The parties acknowledge that one of the purposes of utilizing arbitration is to avoid lengthy and expensive discovery and allow for prompt resolution of the dispute.

Arbitration shall be initiated as provided by the Rules, although the written notice to the other party initiating arbitration shall also include a description of the claim(s) asserted and the facts upon which the claim(s) are based. Arbitration shall be final and binding upon the parties and shall be the exclusive remedy for all claims subject hereto, including any award of attorneys' fees and costs. Either party may bring an action in court to compel arbitration under this Agreement and to enforce an arbitration award.

All disputes shall be decided by a single arbitrator. The arbitrator shall be selected by mutual agreement of the parties within 30 days of the effective date of the notice initiating the arbitration. If the parties cannot agree on an arbitrator, then the complaining party shall notify the AAA and request selection of an arbitrator in accordance with the Rules. The arbitrator shall have only such authority to award equitable relief, damages, costs, and fees as a court would have for the particular claim(s) asserted. In no event shall the arbitrator award punitive damages of any kind.

The arbitrator shall have the power to limit or deny a request for documents or a deposition if the arbitrator determines that the request exceeds those matters, which are directly relevant to the claims in controversy. The document demand and response shall conform to Code of Civil Procedure section 2031. The deposition notice shall conform to Code of Civil Procedure section 2025. The parties may make a motion for protective order or motion to compel before the arbitrator with regard to the discovery, as provided in Code of Civil Procedure sections 2025 and 2031.

19. **ATTORNEYS FEES.** In the event of any action or proceeding to interpret or enforce the terms of this Agreement, the prevailing party, as determined by the court or arbitrator, shall be entitled to recover its reasonable attorney fees and costs incurred in connection with such actions or proceeding
20. **DOCUMENT RETENTION.** After Provider's services to District conclude, Provider shall, upon the District's request, deliver all documents for all matter in which Provider has provided services to the District, along with any property of the District in Provider's possession and/or control. If the District does not request District's document(s) for a particular service, Provider will retain document(s) for a period of two (2) years after the service has ended. If District does not request delivery of the document(s) for the service before the end of the two (2) year period, Provider will have no further obligation to retain the document(s) and may, at Provider's discretion, destroy it without further notice to the District. At any point during the two (2) year period, District may request delivery of the document(s).

Exceptions: Attorney work-product and medical records shall not be destroyed by provider without the prior written consent of the District.

21. **NATURE OF AGREEMENT.** This Agreement constitutes a binding expression of the understanding of the parties with respect to the services to be provided hereunder and is the sole contract between the parties with respect to the subject matter thereof. There are no collateral understandings or representations or agreements other than those contained herein. This Agreement represents the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes any and all other agreements and communications however characterized, written or oral, between or on behalf of the parties hereto with respect to the subject matter hereof. This Agreement may only be modified by a written instrument signed by authorized representatives of each of the parties hereto; provided that the District may not be bound by any term or condition incorporated by reference (including references to any link, website or electronic document) into any document prepared by or provided to District by Provider, including any license, purchase order or other instrument.

For the avoidance of any doubt, Provider is hereby informed that any and all terms or conditions of use of any web-based service or application must be presented in PDF format to the Board of Trustees and may not be unilaterally altered by Provider during the Term of this Agreement.

THE BODY OF THIS AGREEMENT MAY NOT BE EDITED OR ALTERED BY PROVIDER.

22. **BINDING EFFECT.** This Agreement shall inure to the benefit and shall be binding upon all of the parties to this Agreement, and their respective successors in interest or assigns.
23. **WAIVER.** No claim or right arising out of a breach of this Agreement can be discharged in whole or in part by a waiver or renunciation of the claim or right unless such waiver is in writing.
24. **SEVERABILITY.** It is intended that each paragraph of this Agreement shall be treated as separate and divisible, and in the event that any paragraphs are deemed unenforceable, the remainder shall continue to be in full force and effect so long as the primary purpose of this Agreement is unaffected.
25. **PARAGRAPH HEADINGS.** The headings of paragraphs hereof are inserted only for the purpose of convenient reference. Such headings shall not be deemed to govern, limit, modify or in any other manner affect the scope, meaning or intent of the provisions of this Agreement or any part or portion thereof, nor shall they otherwise be given any legal effect whatsoever.
26. **AUTHORITY.** Provider represents and warrants that Provider has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement. Each party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and to bind each respective party.
27. **COUNTERPART EXECUTION: ELECTRONIC DELIVERY.** This Agreement may be executed in any number of counterparts which, when taken together, shall constitute one and the same instrument. Executed counterparts of this Agreement may be delivered by PDF email or electronic facsimile transmission, and shall have the same legal effect as an “ink-signed” original.

IN WITNESS WHEREOF, the parties have executed this agreement as of the date first written above. By signing below, Provider certifies that it has not altered any provision of the body of this Agreement.

SCHEDULE OF FEES

FEES:

Compensation for Services	\$ <u>20,100.00</u>
Actual and Necessary Travel Expenses	\$ <u>0.00</u>
Other Expenses	\$ <u>0.00</u>
Total Amount not to Exceed	\$ <u>20,100.00</u>
Deposit	\$ _____
Balance Due after Completion of Services	\$ _____

Proper invoicing is required. Receipts for expenses are required. Canceled checks are not accepted as receipts.

PAYMENT SCHEDULE:

Invoices to be submitted monthly to accountspayable@oxnardsd.org and projectinvoices@cfwinc.com. Net 30 terms

ADDITIONAL COSTS OF EXPENSES:

N/A

EXHIBIT C
REQUIRED CERTIFICATIONS

Services Agreement Dated: November 15, 2023

Provider: Universal Engineering Sciences

I. Fingerprinting/Criminal Background Certification (Education Code Section 45125.1)

Provider and its subconsultant's and their employees, agents and representatives (each, a "Provider Party") are required to submit fingerprints to the California Department of Justice (CDOJ) if they may interact with any student outside of the immediate supervision and control of the student's parent or guardian or a District employee in connection with the Services. Provider certifies to the Superintendent and the Board of Trustees of the District that it is, or prior to providing any Service under this Agreement will be, in compliance with the requirements of Education Code section 45125.1, as follows (Provider to check one box):

- Provider will ensure that any Provider Party who: (a) might access a District facility and/or interact with a District pupil in any manner (including through an educational app or cloud-based system) outside of the immediate supervision and control of the student's parent or guardian or a District employee OR (b) who was identified by District as a person requiring clearance pursuant to §45125.1(c) has, prior to providing any Service, submitted fingerprints to the CDOJ and that Provider has received from the CDOJ a valid criminal records summary as described in §44237 for said Provider Party. Provider will not allow any person who has been convicted of a violent felony listed in Penal Code section 667.5(c) or a serious felony listed in Penal Code §1192(c) to provide any Service. Provider will not allow any such Provider Party to perform any Service until Provider ascertains that the CDOJ has cleared that person and a record compliant with Education Code § 45125.1 is on file with Provider.
- The fingerprinting requirements **do not apply** because the Services are being provided on an emergency or exceptional situation as contemplated under section § 45125.1(b).
- The fingerprinting requirements **do not apply** because Provider Parties will have no opportunity to interact with a District students in any manner because: (i) no school-site Services or Services concerning student records will be provided; and/or (ii) the Services will be provided at a school site while students are not present (vacant, under construction etc.).

By signing below I certify, under penalty of perjury, that: (i) I am an authorized representative of Provider qualified to provide this Certification; (ii) the information above concerning compliance with Education Code Section 45125.1 is accurate and complete as of the date hereof; and (iii) during the term, I will immediately inform District if any CDOJ report is changed or updated with respect to Provider Party. Documents provided by the CDOJ will be retained by Provider and available for inspection by District or its representative(s) upon request.

Victor Hernandezgaytan, Area Manager 11/2/23

II. Tuberculosis Risk Assessments Certification (Education Code Section 49406). With respect to Education Code § 49406, I do hereby *certify, represent and warrant* to District's Superintendent and Board of Trustees as follows (Provider to check the applicable statement below):

- Provider Parties, any subconsultants, and any respective employees, representatives or agents will, in connection with the provision of Services under this Agreement, have **only limited or no contact** with any District student(s).
- Provider Parties may, in connection with the provision of Services, have more than limited contact with District students. Therefore, the Provider has for each such Provider Party: (A) obtained and filed proof on completion of the required TB risk assessment(s) and (B) if deemed necessary by a physician/surgeon, obtained and filed copies of their TB examination(s), all in compliance with the provisions of Education Code § 49406. Provider will maintain a current list of all such Provider Parties and will provide a copy to District upon request.

By signing below I certify, under penalty of perjury, that I am an authorized representative of Provider qualified to provide this Certification, that the information above concerning compliance with Education Code § 49406 is accurate and complete as of the date hereof, and that, during the Term, I and all Provider Parties will satisfy all applicable tuberculosis clearance requirements before having more than limited contact with District students.

Victor Hernandezgaytan, Area Manager 11/2/23

Name/ Title of Authorized Representative

Victor Hernandezgaytan

III. Conflict of Interest Certification

The Provider represents and warrants that he/she/it presently has no interest, and shall not acquire any interest, direct or indirect, financial or otherwise, which conflicts in any manner with District or with the performance of the Services. Provider understands that District will not engage any person having such conflict of interest to perform the Services. Provider agrees that if any facts come to its attention which raises any questions as to the applicability of conflict of interest laws, it shall immediately inform the District's designated representative and provide all information needed for resolution of this question.

Re: Proposal for Geotechnical and Geological Evaluation Services
Fremont Middle School
1130 North M Street,
Oxnard, CA 93030

As requested, Universal Engineering Sciences (UES) is pleased to present this proposal to provide a geotechnical exploration for the referenced project. The purpose of our services will be to evaluate subsurface conditions at the site and provide geotechnical recommendations for the design and construction of the subject project. This letter describes our understanding of the project, our scope of services, schedule, and fees.

Our proposal is based on your Request for Qualifications and Proposals, dated October 17, 2023. As part of our due diligence for this proposal, our Principal Engineer visited the site to verify drill rig access and to assess topographic and surface conditions.

UES geotechnical investigation will be performed in conformance with the requirements of ASCE 7-16, the 2022 California Building Code (CBC), and the requirements of the Division of the State Architect (DSA). It is our understanding that this report will be reviewed by the California Geological Survey (CGS) and, therefore, will be prepared in accordance with note 48.

The objectives of this study will be to evaluate the subsurface and geohazard conditions of the site and to provide geotechnical recommendations for the design and construction of the proposed improvements, including recommendations for foundations and earthwork.

SITE LOCATION AND DESCRIPTION

Based on an aerial reconnaissance, the site is located North of M Street and H Street and bounded by Devonshire Drive and Residential Development to the South. The site is currently occupied by existing buildings. The site is relatively flat at an elevation of 50 feet above sea level.

**Construction Materials Testing & Inspection Services Proposal**

Proposal No. 5030.1023.00003

October 23, 2023

Page 2

PROJECT INFORMATION

Based on the information provided in the RFQ, the proposed construction will include multi-storied classrooms to accommodate up to 750 students. The proposed project would construct 34 classroom facilities. The school would include 24 general-purpose classrooms, an academy room, and three dedicated special education rooms, all of 960 SF. In addition, four science and art labs of 1,200 SF each and a band/orchestra room of 1,500 SF would be constructed. Teaching support spaces of 1,980 SF, administrative space of 3,405 SF, and library facilities of 2,000 SF would be provided per the adopted educational specifications for a 6-8 school. Multipurpose facilities of 14,250 SF, a lunch shelter of 2,800 SF, as well as student and staff restrooms would be provided as required by code. Parking and student pick-up/drop-off areas would be provided off North H Street, which would become the entrance to the new facility, leaving room for school and community use of the reconfigured play fields. An allowance for offsite improvements is also provided.

Should any of the above information be inconsistent with your objectives, please contact UES immediately to allow us to make any necessary modifications to this proposal.

SCOPE OF SERVICES

Based on our understanding of the project, we propose the following scope of services:

- Task 1 – Field Exploration Planning
- Task 2 – Field Exploration
- Task 3 – Percolation Testing
- Task 4 – Laboratory Testing
- Task 5 – Geotechnical Engineering Analyses
- Task 6 – Geotechnical Engineering Report
- Task 7 – Post-Report Technical Consultation and Meetings

The remainder of this section provides a description of each of the above tasks and our approach to completing the tasks.

Task 1 – Field Exploration Planning

We will review available geotechnical investigation reports for the site vicinity and any other geotechnical reports for the project site. We will also review available published and unpublished geologic literature contained in our files, including publications prepared by the California Geological Survey (CGS) and the United States Geological Survey (USGS).

Before starting our exploration program, we will conduct a field reconnaissance and mark the locations of our planned subsurface explorations. As required by law, we will notify Underground

Page | 2

2400 Celsius Avenue, Suite J, Oxnard, CA 93030
(805) 486-6475 | oneues.com

Service Alert (USA) of the proposed subsurface exploration locations at least 72 hours prior to drilling. Within areas immediately surrounding the proposed drill locations, we will conduct a geophysical survey (GPR) to map the underground facilities, thereby minimizing any potential risks associated with drilling.

Task 2 – Field Exploration

We propose to explore the site by advancing eight (8) Hollow Stemmed Auger (HSA) soil borings. Four borings will be advanced to a depth of 50 feet below ground surface (bgs), and four borings will be advanced to a depth of approximately 30 feet (bgs). The borings will be terminated early if refusal is encountered.

The borings will be advanced using a truck-mounted drill-rig equipped with an 8-inch-diameter hollow-stem auger. The upper five feet of all borings will be advanced using a hand auger to minimize the potential for damaging existing underground utilities. The soil boring operations will be observed by a UES Staff Geologist or Staff Engineers who will log the subsurface conditions as encountered.

Drive samples will be collected at approximately 2.5-foot intervals for the first 10 feet and 5 feet thereafter using either a Standard Penetration Test (SPT) sampler or California Modified sampler. Driven and bulk samples from the soil borings will be collected and transported for laboratory observation and testing. We will conduct the drilling and sampling in general accordance with applicable American Society of Testing and Materials (ASTM) standards. It is assumed that no higher than Level D for personal protection equipment will be required (i.e., hard hat, steel-toe boots, eye and hearing protection) during field exploration.

Immediately upon completion of drilling and sampling, the borings will be backfilled with soil cuttings derived from the borings. Any remaining soil will be spread out in existing dirt-covered areas. It is important to note that drumming and disposal of excavated soil cuttings are beyond our scope of services, as presented in this proposal. If necessary, the cuttings can be drummed and left at the site for disposal. If this is necessary, UES will need to provide the owner with an adjusted field exploration cost estimate to include drumming the cuttings and backfilling the boreholes with bentonite chips/grout.

Borings made through asphalt/concrete will be patched with the Department of transportation approved patching material.

Task 3 – Percolation Testing

We propose to drill three (3) borings to approximately 5 feet bgs. After excavating the borings to approximately 12 inches below the proposed elevation of the infiltration system, we will install a 2- to 4-inch-diameter perforated PVC pipe, pre-soak the test holes, and perform the percolation testing according to *Administrative Manual Count of Los Angeles*. Immediately upon completion of the percolation testing, the holes will be backfilled with soil from cuttings.

Task 4 – Laboratory Testing

Samples obtained from the exploratory borings will be transported to UES for observation and testing. Laboratory tests will be performed on selected samples obtained from the borings to aid in the classification and to evaluate the engineering properties of the subsurface soils. The laboratory tests may include the following but not limited to:

- In-Situ Moisture and Density;
- Grain-Size Distribution for Soil Classification
- Atterberg Limits;
- #200 Wash;
- Direct shear;
- Consolidation testing;
- Expansion index testing;
- Corrosivity testing (pH, Sulfate, Chloride & Electrical Resistivity); and
- Maximum Dry Density-Optimum Moisture Content.

The exact quantities and types of tests will depend on the material types encountered during the subsurface exploration. For the purposes of this proposal, we have estimated a laboratory testing budget based on our experience with similar projects.

Task 5 – Geotechnical Engineering Analyses

The results of our field exploration and geotechnical laboratory tests will be evaluated, and engineering analyses will be performed in order to provide geotechnical recommendations for the design and construction of the proposed project. Based on our experience with similar projects, at a minimum, the following engineering analyses will be performed for the proposed project:

- Evaluation of general subsurface conditions and description of types, distribution, and engineering characteristics of subsurface materials at the site;
- Evaluation of current and historical groundwater conditions at the site and potential impact on design and construction;
- Site geology and geologic hazards, including site seismicity, liquefaction and seismic settlement potential, and preliminary recommendations for appropriate mitigation measures, if necessary;
- Evaluation of the feasibility of using on-site soils for foundation and fill support;
- Minimum geotechnical requirements for imported fill;
- Evaluation of expansion potential and, if needed, recommendations to mitigate the potential impact of expansive soil conditions on the proposed project;
- Evaluation of the corrosion potential of near-surface on-site soils;
- Development of general recommendations for earthwork, including site preparation and excavation, requirements for placement of compacted fill, and site drainage;
- Recommendations for suitable building foundation systems and provision of allowable bearing capacities, associated settlement estimates, lateral pressures, and resistances;

- Recommendations for lateral soil pressures and incremental seismic pressures for the design of retaining walls
- Recommendations for utility trenches;
- Recommendations for slab-on-grade floors, including subgrade preparation and modulus of subgrade reaction; and
- Recommendations for pavement structural section.

Task 6 – Geotechnical Engineering Report

After the field exploration and laboratory testing programs and the analyses are complete, a professional report will be prepared to summarize the data collected and present our findings, conclusions, and geotechnical recommendations for the design and construction of the proposed project. The report will include the following:

- Vicinity map and site plan showing the approximate boring locations;
- Logs of borings, including approximate elevations;
- Soil classification of the soil materials encountered in accordance with the Unified Soil Classification System (USCS) for borings;
- Review/summary of field and laboratory test procedures and data;
- Discussion of general site conditions;
- Discussion of general subsurface conditions as encountered in field exploration, including the depth to groundwater, if encountered;
- Geologic and seismic conditions.
- Evaluation of the settlement at the site due to seismic events;
- Recommendations for site preparation, earthwork, temporary slope inclinations, fill placement, and compaction specifications;
- Recommendations for foundation design, including allowable bearing pressures, embedment depths, etc., under various loading conditions, and discussion of potential foundation alternatives, if needed;
- Anticipated total and differential settlements based on loading provided by the structural engineer;
- Recommendations for seismic design parameters in accordance with Chapter 16A of the 2019 CBC and ASCE 7-16; and
- Preliminary evaluation of the corrosion potential of the on-site soils.

A preliminary report of recommendations will be provided for review. Upon any comments or revisions, a final report will be provided, signed, and stamped by a licensed California Geotechnical Engineer.

Task 7 – Post-Report Technical Consultation and Meetings

Upon submission of the report to the design team, we propose to be available for post-report consultation. We will be available for the anticipated three virtual meetings (Teams or Zoom, each meeting about 1 hour long) with the district and their designated reviewing team during the course of the project, as well as responding to discuss design-related questions or concerns with our geotechnical recommendations.

UES will provide a thorough review of the project's structural and civil plans to ensure the geotechnical recommendations are properly incorporated into the design. UES will provide a review of the earthwork specifications and any other foundation/geotechnical engineering-related project specifications.

ASSUMPTIONS

We assume that by authorizing our services, we have permission to be on the site. It is our understanding that our field representatives will first need to be cleared/badged to access the site. In addition, we assume that the site is accessible to a truck-mounted drill rig. If the site is not accessible, you will be notified, and a new scope of work and fee may be required. This proposal also assumes that no refuse will be encountered during our exploration. If refuse is encountered, the boring will be immediately terminated, and you will be contacted for further instructions, including evaluation of environmental conditions and the disposal of waste materials. In the event that such material is suspected, the district shall be notified immediately for direction before proceeding with any out-of-scope services.

Furthermore, the scope of work does not include any services in connection with the discovery of potential contamination during drilling and sampling operations, and finally, construction observation and testing services are not included.

COST OF SERVICES

The fee for our services, including all fieldwork, laboratory testing, engineering analysis, and report preparation, is outlined in the Cost Estimate Summary Table below. The rates are based on prevailing wage rates.

COST ESTIMATE SUMMARY	
Tasks	Cost
Task 1 – Field Exploration Planning	\$1,900
Task 2 – Field Exploration	\$10,000
Task 3 – Percolation Testing	\$1,000
Task 4 – Laboratory Testing	\$3,600
Task 5 – Geotechnical Engineering Analyses	\$1,800
Task 6 – Geotechnical Engineering Report	\$1,800
Task 7 – Post-Report Technical Consultation and Meetings	\$0.00
Total	\$20,100

Our services under this proposal would be complete upon delivery of the Geotechnical Exploration Report. If any additional services are required beyond the scope of services outlined in this proposal, our services would be charged on a time and materials basis at our standard unit rates.

SCHEDULE OF FEES

The above-estimated fees do not include additional requested services performed after issuing the report. These services include but are not limited to, additional plan reviews, additional addendums to the report due to modifications of the proposed improvements, etc. If necessary, additional consulting services will be provided on a time and expense basis according to the schedule presented below unless a revised proposal is requested. UES considers this proposal and the rates provided below valid for the duration of the project.

Principal Engineer	\$190.00/hour
Senior Engineer/Geologist	\$170.00/hour
Project Engineer/Geologist	\$140.00/hour
Staff Engineer/Geologist	\$140.00/hour
Administrative Assistant	\$70.00/hour

SCHEDULE

We will proceed with our services as soon as possible after we have received authorization. We have provided a project schedule for this scope of work:

Project Tasks		UES Schedule
Tasks		Duration
Task 1	Client issues Notice to Proceed	Project Start
Task 2	Existing available info review, field reconnaissance and permit application work, underground utilities search and marking, and establishing a schedules for field borings.	Within 1 Week of Task 1
Task 3	The fieldwork is anticipated to take two days to complete.	Within 1 Week of Task 1
Task 4	Draft report submittal to Client.	Within 2 Weeks of Task 3
Task 5	Review of Draft Report by (Architect, Civil Engineer, and Structural Engineer).	Within 1 Week of Task 4
Task 6	Final report submittal to Client.	Within 72 Hours of Task 5

CLOSURE

This proposal is valid for six months. If the client does not accept this proposal or UES does not initiate services within that time period, the client must give UES an opportunity to re-review the proposed scope of work and fee to determine whether or not modifications need to be made and/or a new proposal drafted and submitted for client's review.

We appreciate the opportunity to submit this proposal. Our terms and conditions are considered a part of this proposal and have been attached for your review. To authorize us to proceed with the proposed services, please indicate by signing and returning one executed copy of this agreement to us.

Sincerely,
Universal Engineering Sciences

CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY)

11/2/2023

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must have ADDITIONAL INSURED provisions or be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

REMOVAL PERMIT

If this policy includes the Commercial Property Coverage Part, the following applies with respect to the Coverage Part:

If Covered Property is removed to a new location that is described on this Policy Change, you may extend this insurance to include that Covered Property at each location during the removal. Coverage at each location will apply in the proportion that the value at each location bears to the value of all Covered Property being removed. This permit applies up to 10 days after the effective date of this Policy Change; after that, this insurance does not apply at the previous location.

ADDITIONAL INSURED – DESIGNATED PERSON OR ORGANIZATION

This endorsement modifies insurance provided under the following:

AUTO DEALERS COVERAGE FORM
BUSINESS AUTO COVERAGE FORM
MOTOR CARRIER COVERAGE FORM

SCHEDULE

Name of Person(s) or Organization(s):
BY WRITTEN CONTRACT OR AGREEMENT

With respect to coverage provided by this endorsement, the provisions of the Coverage Form apply unless modified by the endorsement.

Under **Covered Autos Liability Coverage**, the **Who is An Insured** provision is amended to include as an "insured" the person(s) or organization(s) named in the Schedule above, but only with respect to their legal liability for your acts or omissions or acts or omissions of any person for whom **Covered Auto Liability Coverage** is afforded under this policy.

All other terms and conditions of this Policy remain unchanged.

Endorsement Number:

Policy Number: ZACAT9289701

Named Insured: OBSIDIAN GROUP HOLDINGS, LLC

This endorsement is effective on the inception date of this Policy unless otherwise stated herein:

Endorsement Effective Date: 5/1/2023

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

PRIMARY AND NONCONTRIBUTORY – OTHER INSURANCE CONDITION

This endorsement modifies insurance provided under the following:

AUTO DEALERS COVERAGE FORM
BUSINESS AUTO COVERAGE FORM
MOTOR CARRIER COVERAGE FORM

With respect to coverage provided by this endorsement, the provisions of the Coverage Form apply unless modified by the endorsement.

A. The following is added to the **Other Insurance Condition** in the Business Auto Coverage Form and the **Other Insurance – Primary And Excess Insurance Provisions** in the Motor Carrier Coverage Form and supersedes any provision to the contrary:

This Coverage Form's Covered Autos Liability Coverage is primary to and will not seek contribution from any other insurance available to an "insured" under your policy provided that:

1. Such "insured" is a Named Insured under such other insurance; and
2. You have agreed in writing in a contract or agreement that this insurance would be primary and would not seek contribution from any other insurance available to such "insured".

B. The following is added to the **Other Insurance Condition** in the Auto Dealers Coverage Form and supersedes any provision to the contrary:

This Coverage Form's Covered Autos Liability Coverage and General Liability Coverages are primary to and will not seek contribution from any other insurance available to an "insured" under your policy provided that:

1. Such "insured" is a Named Insured under such other insurance; and
2. You have agreed in writing in a contract or agreement that this insurance would be primary and would not seek contribution from any other insurance available to such "insured".

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

**WAIVER OF TRANSFER OF RIGHTS OF RECOVERY
AGAINST OTHERS TO US (WAIVER OF SUBROGATION)**

This endorsement modifies insurance provided under the following:

- AUTO DEALERS COVERAGE FORM
- BUSINESS AUTO COVERAGE FORM
- MOTOR CARRIER COVERAGE FORM

With respect to coverage provided by this endorsement, the provisions of the Coverage Form apply unless modified by the endorsement.

This endorsement changes the policy effective on the inception date of the policy unless another date is indicated below.

<p>Named Insured: OBSIDIAN GROUP HOLDINGS, LLC</p> <p>Endorsement Effective Date: 05/01/2023</p>
--

SCHEDULE

<p>Name(s) Of Person(s) Or Organization(s): ANY PERSON OR ORGANIZATION WHERE WAIVER OF OUR RIGHT TO RECOVER IS PERMITTED BY LAW AND IS REQUIRED BY WRITTEN CONTRACT PROVIDED SUCH CONTRACT WAS EXECUTED PRIOR TO THE LOSS.</p>
--

Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

The **Transfer Of Rights Of Recovery Against Others To Us** condition does not apply to the person(s) or organization(s) shown in the Schedule, but only to the extent that subrogation is waived prior to the "accident" or the "loss" under a contract with that person or organization.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

**ADDITIONAL INSURED – OWNERS, LESSEES OR
CONTRACTORS – SCHEDULED PERSON OR
ORGANIZATION**

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s)	Location(s) Of Covered Operations
WHERE REQUIRED BY WRITTEN CONTRACT, PRIOR TO KNOWN LOSS.	ALL PROJECTS

Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

A. Section II – Who Is An Insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

1. Your acts or omissions; or
2. The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured(s) at the location(s) designated above.

However:

1. The insurance afforded to such additional insured only applies to the extent permitted by law; and
2. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

B. With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to "bodily injury" or "property damage" occurring after:

1. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
2. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

C. With respect to the insurance afforded to these additional insureds, the following is added to **Section III – Limits Of Insurance:**

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the contract or agreement; or
2. Available under the applicable limits of insurance;

whichever is less.

This endorsement shall not increase the applicable limits of insurance.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

ADDITIONAL INSURED – OWNERS, LESSEES OR CONTRACTORS – COMPLETED OPERATIONS

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s)	Location And Description Of Completed Operations
WHERE REQUIRED BY WRITTEN CONTRACT, PRIOR TO KNOWN LOSS.	ALL PROJECTS
PERFORMANCE OF OPERATIONS AT ANY LOCATION ON BEHALF OF SUCH PERSON(S) OR ORGANIZATION(S), PRIOR TO LOSS.	
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.	

A. Section II – Who Is An Insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury" or "property damage" caused, in whole or in part, by "your work" at the location designated and described in the Schedule of this endorsement performed for that additional insured and included in the "products-completed operations hazard".

However:

1. The insurance afforded to such additional insured only applies to the extent permitted by law; and
2. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

B. With respect to the insurance afforded to these additional insureds, the following is added to Section III – Limits Of Insurance:

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the contract or agreement; or
2. Available under the applicable limits of insurance;

whichever is less.

This endorsement shall not increase the applicable limits of insurance.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

**PRIMARY AND NONCONTRIBUTORY –
OTHER INSURANCE CONDITION**

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART
LIQUOR LIABILITY COVERAGE PART
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART

The following is added to the **Other Insurance** Condition and supersedes any provision to the contrary:

Primary And Noncontributory Insurance

This insurance is primary to and will not seek contribution from any other insurance available to an additional insured under your policy provided that:

- (1) The additional insured is a Named Insured under such other insurance; and

- (2) You have agreed in writing in a contract or agreement that this insurance would be primary and would not seek contribution from any other insurance available to the additional insured.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

SCHEDULE

Name Of Person(s) Or Organization(s):

ANY PERSON OR ORGANIZATION WHERE WAIVER OF OUR RIGHT TO RECOVER IS PERMITTED BY LAW AND IS REQUIRED BY WRITTEN CONTRACT PROVIDED SUCH CONTRACT WAS EXECUTED PRIOR TO THE LOSS.

Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

The following is added to Paragraph 8. **Transfer Of Rights Of Recovery Against Others To Us** of Section IV – Conditions:

We waive any right of recovery against the person(s) or organization(s) shown in the Schedule above because of payments we make under this Coverage Part. Such waiver by us applies only to the extent that the insured has waived its right of recovery against such person(s) or organization(s) prior to loss. This endorsement applies only to the person(s) or organization(s) shown in the Schedule above.

WAIVER OF OUR RIGHT TO RECOVER FROM OTHERS ENDORSEMENT

We have the right to recover our payments from anyone liable for an injury covered by this policy. We will not enforce our right against the person or organization named in the Schedule. (This agreement applies only to the extent that you perform work under a written contract that requires you to obtain this agreement from us.)

This agreement shall not operate directly or indirectly to benefit anyone not named in the Schedule.

Schedule

ANY PERSON OR ORGANIZATION WHERE WAIVER OF OUR RIGHT TO RECOVER IS PERMITTED BY LAW AND IS REQUIRED BY WRITTEN CONTRACT PROVIDED SUCH CONTRACT WAS EXECUTED PRIOR TO DATE OF LOSS.

For policies or exposure in Missouri:

Any person or organization for which the employer has agreed by written contract, executed prior to loss, may execute a waiver of subrogation. However, for purposes of work performed by the employer in Missouri, this waiver of subrogation does not apply to any construction group of classifications as designated by the waiver of right to recover from others (subrogation) rule in our manual.

This endorsement changes the policy to which it is attached and is effective on the date issued unless otherwise stated. (The information below is required only when this endorsement is issued subsequent to preparation of the policy.)

SERVICES AGREEMENT

Requisition Number _____

Purchase Order Number _____

Contract Number _____

This Services Agreement (the "Agreement") is made and entered into this _____ day of _____, 20____ by and between Oxnard School District (hereinafter referred to as "District") and _____, (hereinafter referred to as "Provider.")

PROVIDER.

Provider _____

Telephone Number _____

Street Address _____

Fax Number _____

City, State, Zip code _____

E-mail Address _____

Tax Identification or Social Security Number _____

License Number (if applicable) _____

- A. District desires to engage Provider services as more particularly described on "Statement of Work" which is attached hereto and incorporated herein by this reference ("Services").
- B. Provider has the necessary qualifications by reason of training, experience, preparation and organization, and is agreeable to performing and providing such Services, upon and subject to the terms and conditions as set forth below in this Agreement.

NOW THEREFORE, for valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

1. **CONDITIONS.** Provider will have no obligation to provide services until District returns a signed copy of this Agreement.
2. **NATURE OF RELATIONSHIP.** The parties agree the relationship created by this Agreement is that of independent contractor. In performing all of the Services, Provider shall be, and at all times is, acting and performing as an independent contractor with District, and not as a partner, coventurer, agent, or employee of District, and nothing contained herein shall be construed to be inconsistent with this relationship or status. Provider is not granted any right or authority to assume or to create any obligation or responsibility, express or implied, on behalf of or in the name of District or to bind the District in any manner. Except for any materials, procedures, or subject matter agreed upon between Provider and District, Provider shall have complete control over the manner and method of performing the Services.

Contract Number _____

Provider understands and agrees to independent contractor status. Provider understands and agrees that the filing and acceptance of this Agreement creates a rebuttable presumption and that the Provider, officers, agents, employees, or subcontractors of Provider are not entitled to coverage under the California Workers' Compensation Insurance laws, Unemployment Insurance, Health Insurance, Pension Plans, or any other benefits normally offered or conveyed to District employees. Provider will be responsible for payment of all Provider employee wages, payroll taxes, employee benefits, and any amounts due for federal and state income taxes and Social Security taxes. These taxes will not be withheld from payments under this agreement.

3. **NON-EXCLUSIVITY.**

- a. During the term of this agreement Provider may, independent of Provider's relationship with the District, without breaching this Agreement or any duty owed to the District, act in any capacity, and may render services for any other entity.
- b. During the term of this Agreement the District may, independent of its relationship with the Provider, without breaching this Agreement or any duty owed to the Provider contract with other individuals and entities to render the same or similar services to the District.

4. **SERVICES.** Provider shall provide District with the services, which are described on the "Statement of Work" (the "Work" or "Service") attached hereto and incorporated herein by this reference. The Statement of Work shall contain a timetable for completion of the Work or if the Work is an ongoing service, the Statement of Work shall set forth the mutually agreed schedule for providing such services. Provider shall use its best efforts to complete all phases of the Work according to such timetable. In the event that there is any delay in completion of the Work arising as a result of a problem within the control of District, Provider and District shall cooperate with each other to work around such delay. However, District shall not be responsible for any additional cost or expense to Provider as a result of such delay unless specifically agreed to in writing by the District. In addition to the specifications and/or requirements contained in the Statement of Work and any warranty given by Provider hereunder, the Statement of Work may set forth those performance criteria agreed between District and Provider whereby the District can evaluate whether Provider has satisfactorily completed the Work ("Performance Criteria").

District, at District's sole cost and expense, shall furnish all tools, equipment, apparatus, facilities, transportation, labor, and material necessary to meet its obligations under this Agreement. No substitutions of materials or service from those specified in this section shall be made without the prior written consent of the District.

5. **TIME OF PERFORMANCE.** The term of this Agreement shall commence on _____, 20____, and terminate on _____, 20____. All work and services contracted for under the terms of this Agreement shall be undertaken and completed in such sequence as to assure their full completion in accordance with the terms and conditions set forth in this Agreement.

6. **PAYMENT AND EXPENSES.** All payments due to Provider are set forth in the "Schedule of Fees" attached hereto and incorporated herein by this reference.

Provider shall send District periodic statements indicating Provider's fees and costs incurred and their basis and any current balance owed. If no Provider's fees or costs are incurred for a particular time period,

or if they are minimal, the statement may be held by the Provider and combined with that for the following time period unless a statement is requested by the District.

All payments due Provider are set forth in "Schedule of Fees" and shall be paid by the District within 30 days of receipt of a proper, undisputed invoice from Provider, which invoice shall set forth in reasonable detail the services performed. The District reserves the right, in its sole and absolute discretion, to reject any invoice that is not submitted in compliance with the District's standards and procedures. In the event that any portion of an invoice submitted by a Provider to the District is disputed, the District shall only be required to pay the undisputed portion of such invoice at that time, and the parties shall meet to try to resolve any disputed portion of any invoice.

The rates set forth in "Schedule of Fees" are not set by law, but are negotiable between Provider and District.

7. **ASSIGNMENT AND SUBCONTRACTORS.** Provider shall not assign, sublet, or transfer this Agreement or any rights under or interest in this Agreement without the prior written consent of the District, which may be withheld by the District in its sole and absolute discretion for any reason. Nothing contained herein shall prevent Provider from employing independent associates, subcontractors, and sub-consultants as Provider may deem appropriate to assist in the performance of services herein, subject to the prior written approval of the District. Any attempted assignment, sublease, or transfer in violation of this Agreement shall be null and void, and of no force and effect. Any attempted assignment, sublet, or transfer in violation of this Agreement shall be grounds for the District, in its sole discretion, to terminate the Agreement
8. **TERMINATION OR AMENDMENT.** This Agreement may be terminated or amended in writing at any time by mutual written consent of all of the parties to this Agreement, and may be terminated by either party for any reason by giving the other party 60 days advance written notice. In the event of cancellation prior to completion of the specified services, all finished or unfinished projects, documents, data, studies, and reports prepared by the Provider under this agreement shall, at the option of the District, become District property. The Provider shall be entitled to receive just and equitable compensation for any satisfactory work completed on such items prior to termination of the Agreement.

The parties to this Agreement shall be excused from performance thereunder during the time and to the extent they are prevented from obtaining, delivering, or performing due to act(s) of God. Satisfactory evidence thereof to the other party is required, provided that it is satisfactorily established that the non-performance is not due to the fault or neglect of the party not performing.

9. **NOTICE.** Any notices required or permitted to be given under this Agreement shall be deemed fulfilled by written notice, demand or request personally served on (with proof of service endorsed thereon, or mailed to, or hereinafter provided) the party entitled thereto or on its successors and assigns, and may be given by:
 - a. Personal delivery;
 - b. Overnight commercial courier;
 - c. Certified or registered prepaid U.S. mail, return receipt requested; or
 - d. Electronic mail or electronic facsimile transmission; provided that if given electronically, an additional copy shall also be delivered by a, b, or c, above.

If mailed, such notice, demand, or request shall be mailed certified or registered mail, return receipt requested, and deposited in the United States mail addressed to such party at its address set forth below or to such address as either party hereto shall direct by like written notice and shall be deemed to have been made on the third (3rd) day following posting; or if sent by a nationally recognized overnight express carrier, prepaid, such notice shall be deemed to have been made on the next business day following deposit with such carrier. For the purposes herein, notices shall be sent to the District and the Provider as follows:

_____	_____
District	Provider
Attn: _____	Attn: _____
_____	_____
Street	Street
_____	_____
City, State, Zip Code	City, State, Zip Code

10. **WARRANTY.** Provider hereby warrants to District that the Work shall be performed in a professional and workmanlike manner consistent with the highest industry standards. For a period of one (1) year following completion of the Work, Provider shall correct or make arrangements to correct any breach of the warranty for the Work within ten (10) business days of notice from District of same.
11. **ADDITIONAL WORK.** If changes in the work seem merited by the Provider or the District, and informal consultations with the other party indicate that a change is warranted, it shall be processed by the District in the following manner:
 - a. A letter outlining the changes shall be forwarded to the District by the Provider with a statement of estimated changes in fee and/or time schedule.
 - b. A written amendment to this Agreement shall be prepared by the District and executed by all of the parties before any performance of such services or the District shall not be required to pay for the increased cost incurred for the changes in the scope of work.

Any such amendment to the Agreement shall not render ineffective or invalidate unaffected portions of this Agreement.

12. **COMPLIANCE WITH LAWS.** Provider hereby agrees that Provider, officers, agents, employees, and subcontractors of Provider shall obey all local, state, and federal laws and regulations in the performance of this Agreement, including, but not limited to minimum wages laws and/or prohibitions against discrimination. Without limiting the generality of the foregoing, Provider shall complete the conflict of interest certification on **Exhibit C**.

Provider, officers, agents, employees and/or subcontractors of Provider shall secure and maintain in force for the full term of this Agreement, at Provider's sole cost and expense, such licenses and permits as are required by law, in connection with the furnishing of all the Services, materials, or supplies necessary for completion of the Services described.

13. **NON-DISCRIMINATION AND EQUAL EMPLOYMENT OPPORTUNITY**

Provider represents and agrees that it does not and shall not discriminate against any employee or applicant for employment, company, individual or group of individuals, because of ancestry, age, color, disability (physical and mental, including HIV and AIDS), genetic information, gender identity, gender expression, marital status, medical condition, military or veteran status, national origin, race, religion, sex/gender, and sexual orientation.

14. **INDEMNIFICATION.** To the fullest extent permitted by law, Provider agrees to defend, indemnify, and hold harmless District, its governing board, officers, agents, employees, successors, assigns, independent contractors and/or volunteers from and against any and all claims, demands, monetary or other losses, loss of use, damages and expenses,, including but not limited to, legal fees and costs, or other obligations or claims arising out of any liability or damage to person or property resulting from bodily injury, illness, communicable disease, virus, pandemic, or any other loss, sustained or claimed to have been sustained arising out of activities of the Provider or those of any of its officers, agents, employees, participants, vendors, customers or subcontractors of Provider, whether such act or omission is authorized by this Agreement or not. Provider also agrees to pay for any and all damage to the real and personal property of the District, or loss or theft of such property, or damage to the Property done or caused by such persons. District assumes no responsibility whatsoever for any property placed on District premises by Provider, Provider’s agents, employees, participants, vendors, customers or subcontractors. Provider further hereby waives any and all rights of subrogation that it may have against the District. The provisions of this Indemnification do not apply to any damage or losses caused solely by the negligence of the District or any of its governing board, officers, agents, employees and/or volunteers.

15. **INSURANCE.** Provider, at its own cost and expense, shall procure and maintain during the term of this Agreement, policies of insurance for the following types of coverage:

a. Commercial General Liability Insurance. Provider shall procure and maintain, during the term of this Agreement, the following General Liability Insurance coverage:

	<u>Each Occurrence</u>	<u>Aggregate</u>
Individual, Sole Proprietorship, Partnership, Corporation, or Other	\$ 1,000,000.00	\$ 2,000,000.00

- f. If the Provider or Provider’s subcontractor(s) maintains broader coverage and/or higher limits than the minimums shown above, the District requires and shall be entitled to the broader coverage and/or higher limits maintained by the Provider. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the District.
- g. Provider’s and any and all subcontractors’ insurance is primary and will not seek contribution from any other insurance available to the district.
- h. Certificates of Insurance. Provider and any and all subcontractors working for Provider shall provide certificates of insurance to the District as evidence of the insurance coverage required herein, not less than Fifteen (15) days prior to commencing work for the District, and at any other time upon the request of the District. Certificates of insurance will be deemed invalid if proper endorsements are not attached. Certificates of such insurance shall be filed with the District on or before commencement of the services under this Agreement.
- i. Endorsements. Provider’s and any and all Provider subcontractor’s Commercial General Liability insurance; Commercial Automobile Insurance; Liability Excess, Umbrella and/or Reinsurance; and Abuse and Molestation coverage shall name the District, its governing board, officers, agents, employees, and/or volunteers as additional insureds. All endorsements specifying additional insureds for any of the Insurance Policies shall be as indicated below or an equivalent endorsement reasonably acceptable to the District.
 - 1) General Liability
 - Facilities Rental or Lease: CG 20 11 10 01;
 - Most Other services: CG 20 26 10 01.
 - 2) Primary, Non-Contributory
 - CG 20 01 01 13
 - 3) Waiver of Subrogation
 - CG 24 04 05 09
 - 4) Commercial Automobile Liability
 - CA 20 48 10 13
- j. Provider’s and any and all Provider subcontractor’s Commercial General Liability insurance shall provide a list of endorsements and exclusions.
- k. Deductibles. Any deductible(s) or self-insured retention(s) applicable to the insurance and/or coverage required by the foregoing provisions of this agreement must be declared to and approved by the District. Provider shall be responsible to pay that deductible or self-insured retention and the District shall not be responsible to pay these costs. In the event that Provider’s deductibles or self-insured retentions collectively total more than \$50,000.00, District reserves the right to request proof of Provider’s financial solvency in relation to remittance thereof or require Provider to post a bond guaranteeing payment of the deductible, or both.
- l. Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best’s rating of no less than A: VII, unless otherwise acceptable to the District.
- m. Insurance written on a “claims made” basis is to be renewed by the Provider and all Provider subcontractors for a period of five (5) years following termination of this Agreement. Such insurance

must have the same coverage and limits as the policy that was in effect during the term of this agreement, and will cover the provider for all claims made.

- n. Failure to Procure Insurance. Failure on the part of Provider, or any of its subcontractors, to procure or maintain required insurance shall constitute a material breach of contract under which the District may immediately terminate this Agreement.

- 16. **SAFETY AND SECURITY**. Provider shall be responsible for ascertaining from the District all of the rules and regulations pertaining to safety, security, and driving on school grounds, particularly when children are present.

Without limiting the generality of the foregoing, Provider shall comply with any applicable fingerprinting/criminal background investigation and tuberculosis clearance requirements of the California Education Code and shall provide the certifications on **Exhibit C** prior to performance of any Services.

- a. **On Site Services; Student Data Access**. If services require Provider to access any District facility, transport or interact in any manner (including through an app or other electronic means) with District students, or access student data, Provider and any and all subcontractors are required to comply with Education Code section 45125.1, Fingerprint certification requirements. Provider must provide proof that fingerprint certification requirements have been fulfilled prior to commencing any services for the District under this Agreement.

Provider shall certify in writing to the school district that neither the Provider nor any of its employees, agents, representatives or subcontractors who are required to submit or have their fingerprints submitted to the Department of Justice and who may interact with any District student outside the direct supervision and control of a District employee or that student's parent or legal guardian have been convicted of a felony.

- b. **Other Services**. If Provider will not provide any services on site or have access to any student data or interact with any District student in connection with the Services, then, Provider and its subcontractors are not required to comply with Education Code section 45125.1 background check requirements. However, Provider must still complete **Exhibit C** to specify that these requirements are not applicable.
- c. **Tuberculosis Risk Assessment requirements (Education Code section 49406)**. Providers who may have more than limited contact with District students (including any Providers who provide in person tutoring or who provide any transportation services to students) are required to cause to be on file with the District a certificate from an examining physician showing that Provider, employees and/or sub providers of Provider have been examined and found free from active tuberculosis.

- 17. **GOVERNING LAW AND VENUES**. Provider hereby acknowledges and agrees that District is a public entity, which is subject to certain requirements and limitations. This Agreement and the obligations of District hereunder are subject to all applicable federal, state and local laws, rules, and regulations, as currently written or as they may be amended from time to time.

This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in state or federal court situated in the County of Ventura, State of California. Provider hereby waives and expressly agrees not to assert, in any way, any claim or allegation that it is not personally subject to the jurisdiction of the courts named above. Provider further agree to waive any claim or allegation that the suit, action, or proceeding is either brought in an inconvenient forum or that the related venue is improper.”

18. **DISPUTE RESOLUTION.**

- a. The parties agree that, in the event of any dispute under the agreement in which the amount sought is \$5,000.00 or less, any litigation to resolve the dispute shall be brought in the Ventura County Small Claims Court.
- b. If the amount in dispute exceeds \$5,000.00, the parties agree that they will first submit the matter to a mutually agreed upon mediator. Notwithstanding section 19, Attorneys Fees, the cost of the mediator shall be borne equally by the parties.
- c. If the mediator is unable to resolve the dispute, then the parties shall submit the matter to binding arbitration in Ventura County or other mutually agreed location pursuant to the rules of the American Arbitration Association (AAA), as amended or as augmented in this Agreement (the "Rules"). The parties acknowledge that one of the purposes of utilizing arbitration is to avoid lengthy and expensive discovery and allow for prompt resolution of the dispute.

Arbitration shall be initiated as provided by the Rules, although the written notice to the other party initiating arbitration shall also include a description of the claim(s) asserted and the facts upon which the claim(s) are based. Arbitration shall be final and binding upon the parties and shall be the exclusive remedy for all claims subject hereto, including any award of attorneys' fees and costs. Either party may bring an action in court to compel arbitration under this Agreement and to enforce an arbitration award.

All disputes shall be decided by a single arbitrator. The arbitrator shall be selected by mutual agreement of the parties within 30 days of the effective date of the notice initiating the arbitration. If the parties cannot agree on an arbitrator, then the complaining party shall notify the AAA and request selection of an arbitrator in accordance with the Rules. The arbitrator shall have only such authority to award equitable relief, damages, costs, and fees as a court would have for the particular claim(s) asserted. In no event shall the arbitrator award punitive damages of any kind.

The arbitrator shall have the power to limit or deny a request for documents or a deposition if the arbitrator determines that the request exceeds those matters, which are directly relevant to the claims in controversy. The document demand and response shall conform to Code of Civil Procedure section 2031. The deposition notice shall conform to Code of Civil Procedure section 2025. The parties may make a motion for protective order or motion to compel before the arbitrator with regard to the discovery, as provided in Code of Civil Procedure sections 2025 and 2031.

19. **ATTORNEYS FEES.** In the event of any action or proceeding to interpret or enforce the terms of this Agreement, the prevailing party, as determined by the court or arbitrator, shall be entitled to recover its reasonable attorney fees and costs incurred in connection with such actions or proceeding
20. **DOCUMENT RETENTION.** After Provider's services to District conclude, Provider shall, upon the District's request, deliver all documents for all matter in which Provider has provided services to the District, along with any property of the District in Provider's possession and/or control. If the District does not request District's document(s) for a particular service, Provider will retain document(s) for a period of two (2) years after the service has ended. If District does not request delivery of the document(s) for the service before the end of the two (2) year period, Provider will have no further obligation to retain the document(s) and may, at Provider's discretion, destroy it without further notice to the District. At any point during the two (2) year period, District may request delivery of the document(s).

Exceptions: Attorney work-product and medical records shall not be destroyed by provider without the prior written consent of the District.

21. **NATURE OF AGREEMENT.** This Agreement constitutes a binding expression of the understanding of the parties with respect to the services to be provided hereunder and is the sole contract between the parties with respect to the subject matter thereof. There are no collateral understandings or representations or agreements other than those contained herein. This Agreement represents the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes any and all other agreements and communications however characterized, written or oral, between or on behalf of the parties hereto with respect to the subject matter hereof. This Agreement may only be modified by a written instrument signed by authorized representatives of each of the parties hereto; provided that the District may not be bound by any term or condition incorporated by reference (including references to any link, website or electronic document) into any document prepared by or provided to District by Provider, including any license, purchase order or other instrument.

For the avoidance of any doubt, Provider is hereby informed that any and all terms or conditions of use of any web-based service or application must be presented in PDF format to the Board of Trustees and may not be unilaterally altered by Provider during the Term of this Agreement.

THE BODY OF THIS AGREEMENT MAY NOT BE EDITED OR ALTERED BY PROVIDER.

22. **BINDING EFFECT.** This Agreement shall inure to the benefit and shall be binding upon all of the parties to this Agreement, and their respective successors in interest or assigns.
23. **WAIVER.** No claim or right arising out of a breach of this Agreement can be discharged in whole or in part by a waiver or renunciation of the claim or right unless such waiver is in writing.
24. **SEVERABILITY.** It is intended that each paragraph of this Agreement shall be treated as separate and divisible, and in the event that any paragraphs are deemed unenforceable, the remainder shall continue to be in full force and effect so long as the primary purpose of this Agreement is unaffected.
25. **PARAGRAPH HEADINGS.** The headings of paragraphs hereof are inserted only for the purpose of convenient reference. Such headings shall not be deemed to govern, limit, modify or in any other manner affect the scope, meaning or intent of the provisions of this Agreement or any part or portion thereof, nor shall they otherwise be given any legal effect whatsoever.
26. **AUTHORITY.** Provider represents and warrants that Provider has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement. Each party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and to bind each respective party.
27. **COUNTERPART EXECUTION: ELECTRONIC DELIVERY.** This Agreement may be executed in any number of counterparts which, when taken together, shall constitute one and the same instrument. Executed counterparts of this Agreement may be delivered by PDF email or electronic facsimile transmission, and shall have the same legal effect as an “ink-signed” original.

IN WITNESS WHEREOF, the parties have executed this agreement as of the date first written above. By signing below, Provider certifies that it has not altered any provision of the body of this Agreement.

Provider: _____

I. Fingerprinting/Criminal Background Certification (Education Code Section 45125.1)

Provider and its subconsultant's and their employees, agents and representatives (each, a "Provider Party") are required to submit fingerprints to the California Department of Justice (CDOJ) if they may interact with any student outside of the immediate supervision and control of the student's parent or guardian or a District employee in connection with the Services. Provider certifies to the Superintendent and the Board of Trustees of the District that it is, or prior to providing any Service under this Agreement will be, in compliance with the requirements of Education Code section 45125.1, as follows (Provider to check one box):

- Provider will ensure that any Provider Party who: (a) might access a District facility and/or interact with a District pupil in any manner (including through an educational app or cloud-based system) outside of the immediate supervision and control of the student's parent or guardian or a District employee OR (b) who was identified by District as a person requiring clearance pursuant to §45125.1(c) has, prior to providing any Service, submitted fingerprints to the CDOJ and that Provider has received from the CDOJ a valid criminal records summary as described in §44237 for said Provider Party. Provider will not allow any person who has been convicted of a violent felony listed in Penal Code section 667.5(c) or a serious felony listed in Penal Code §1192(c) to provide any Service. Provider will not allow any such Provider Party to perform any Service until Provider ascertains that the CDOJ has cleared that person and a record compliant with Education Code § 45125.1 is on file with Provider.
- The fingerprinting requirements **do not apply** because the Services are being provided on an emergency or exceptional situation as contemplated under section § 45125.1(b).
- The fingerprinting requirements **do not apply** because Provider Parties will have no opportunity to interact with a District students in any manner because: (i) no school-site Services or Services concerning student records will be provided; and/or (ii) the Services will be provided at a school site while students are not present (vacant, under construction etc.).

By signing below I certify, under penalty of perjury, that: (i) I am an authorized representative of Provider qualified to provide this Certification; (ii) the information above concerning compliance with Education Code Section 45125.1 is accurate and complete as of the date hereof; and (iii) during the term, I will immediately inform District if any CDOJ report is changed or updated with respect to Provider Party. Documents provided by the CDOJ will be retained by Provider and available for inspection by District or its representative(s) upon request.

II. Tuberculosis Risk Assessments Certification (Education Code Section 49406). With respect to Education Code § 49406, I do hereby *certify, represent and warrant* to District's Superintendent and Board of Trustees as follows (Provider to check the applicable statement below):

- Provider Parties, any subconsultants, and any respective employees, representatives or agents will, in connection with the provision of Services under this Agreement, have **only limited or no contact** with any District student(s).
- Provider Parties may, in connection with the provision of Services, have more than limited contact with District students. Therefore, the Provider has for each such Provider Party: (A) obtained and filed proof on completion of the required TB risk assessment(s) and (B) if deemed necessary by a physician/surgeon, obtained and filed copies of their TB examination(s), all in compliance with the provisions of Education Code § 49406. Provider will maintain a current list of all such Provider Parties and will provide a copy to District upon request.

By signing below I certify, under penalty of perjury, that I am an authorized representative of Provider qualified to provide this Certification, that the information above concerning compliance with Education Code § 49406 is accurate and complete as of the date hereof, and that, during the Term, I and all Provider Parties will satisfy all applicable tuberculosis clearance requirements before having more than limited contact with District students.

III. Conflict of Interest Certification

The Provider represents and warrants that he/she/it presently has no interest, and shall not acquire any interest, direct or indirect, financial or otherwise, which conflicts in any manner with District or with the performance of the Services. Provider understands that District will not engage any person having such conflict of interest to perform the Services. Provider agrees that if any facts come to its attention which raises any questions as to the applicability of conflict of interest laws, it shall immediately inform the District's designated representative and provide all information needed for resolution of this question.

OSD BOARD AGENDA ITEM

Name of Contributor: Dr. Anabolena DeGenna

Date of Meeting: August 21, 2024

Agenda Section: Section C: Special Education Agreement

Ratification of Agreement #24-99 – Epic Special Education Staffing (DeGenna/Jefferson)

Epic Special Education Staffing will provide supplemental staffing to the Oxnard School District on an “as needed” basis. Epic Special Education Staffing will be responsible for payment of each of their service provider’s wages and insurance, including worker’s compensation and general liability. Oxnard School District will provide orientation, support, facilities, and training for service providers.

Term of Agreement: August 14, 2024 through June 30, 2025

FISCAL IMPACT:

Not to exceed \$600,000.00 - Special Education Funds

RECOMMENDATION:

It is the recommendation of the Director, Special Education, and Superintendent, that the Board of Trustees ratify Agreement #24-99 with Epic Special Education Staffing.

License Number (if applicable)

- A. District desires to engage Provider services as more particularly described on "Statement of Work" which is attached hereto and incorporated herein by this reference ("Services").
- B. Provider has the necessary qualifications by reason of training, experience, preparation and organization, and is agreeable to performing and providing such Services, upon and subject to the terms and conditions as set forth below in this Agreement.

NOW THEREFORE, for valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

1. **CONDITIONS.** Provider will have no obligation to provide services until District returns a signed copy of this Agreement.
2. **NATURE OF RELATIONSHIP.** The parties agree the relationship created by this Agreement is that of independent contractor. In performing all of the Services, Provider shall be, and at all times is, acting and performing as an independent contractor with District, and not as a partner, coventurer, agent, or employee of District, and nothing contained herein shall be construed to be inconsistent with this relationship or status. Provider is not granted any right or authority to assume or to create any obligation or responsibility, express or implied, on behalf of or in the name of District or to bind the District in any manner. Except for any materials, procedures, or subject matter agreed upon between Provider and District, Provider shall have complete control over the manner and method of performing the Services.

24-99

Contract Number

Provider understands and agrees to independent contractor status. Provider understands and agrees that the filing and acceptance of this Agreement creates a rebuttable presumption and that the Provider, officers, agents, employees, or subcontractors of Provider are not entitled to coverage under the California Workers' Compensation Insurance laws, Unemployment Insurance, Health Insurance, Pension Plans, or any other benefits normally offered or conveyed to District employees. Provider will be responsible for payment of all Provider employee wages, payroll taxes, employee benefits, and any amounts due for federal and state income taxes and Social Security taxes. These taxes will not be withheld from payments under this agreement.

3. **NON-EXCLUSIVITY.**

- a. During the term of this agreement Provider may, independent of Provider's relationship with the District, without breaching this Agreement or any duty owed to the District, act in any capacity, and may render services for any other entity.
- b. During the term of this Agreement the District may, independent of its relationship with the Provider, without breaching this Agreement or any duty owed to the Provider contract with other individuals and entities to render the same or similar services to the District.

4. **SERVICES.** Provider shall provide District with the services, which are described on the "Statement of Work" (the "Work" or "Service") attached hereto and incorporated herein by this reference. The Statement of Work shall contain a timetable for completion of the Work or if the Work is an ongoing service, the Statement of Work shall set forth the mutually agreed schedule for providing such services. Provider shall use its best efforts to complete all phases of the Work according to such timetable. In the event that there is any delay in completion of the Work arising as a result of a problem within the control of District, Provider and District shall cooperate with each other to work around such delay. However, District shall not be responsible for any additional cost or expense to Provider as a result of such delay unless specifically agreed to in writing by the District. In addition to the specifications and/or requirements contained in the Statement of Work and any warranty given by Provider hereunder, the Statement of Work may set forth those performance criteria agreed between District and Provider whereby the District can evaluate whether Provider has satisfactorily completed the Work ("Performance Criteria"). District, at Provider's sole cost and expense, shall furnish all tools, equipment, apparatus, facilities, transportation, labor, and material necessary to meet its obligations under this Agreement. No substitutions of materials or service from those specified in this section shall be made without the prior written consent of the District.

5. **TIME OF PERFORMANCE.** The term of this Agreement shall commence on August 14, 20²⁴, and terminate on June 30, 20²⁵. All work and services contracted for under the terms of this Agreement shall be undertaken and completed in such sequence as to assure their full completion in accordance with the terms and conditions set forth in this Agreement.

[**Note:** California *Education Code* section 17596 limits continuing contracts; contracts for work or services, or for apparatus or equipment, not to exceed five years; for materials or supplies, not to exceed three years.]

6. **PAYMENT AND EXPENSES.** All payments due to Provider are set forth in the "Schedule of Fees" attached hereto and incorporated herein by this reference. Provider shall send District periodic statements indicating Provider's fees and costs incurred and their basis and any current balance owed. If no Provider's fees or costs are incurred for a particular time period,

or if they are minimal, the statement may be held by the Provider and combined with that for the following time period unless a statement is requested by the District.

All payments due Provider are set forth in “Schedule of Fees” and shall be paid by the District within 30 days of receipt of a proper, undisputed invoice from Provider, which invoice shall set forth in reasonable detail the services performed. The District reserves the right, in its sole and absolute discretion, to reject any invoice that is not submitted in compliance with the District’s standards and procedures. In the event that any portion of an invoice submitted by a Provider to the District is disputed, the District shall only be required to pay the undisputed portion of such invoice at that time, and the parties shall meet to try to resolve any disputed portion of any invoice. Invoices include the Clinician's name, discipline, hourly rate, and hours worked. Provider is unable to itemize invoices however our contractor will provide a weekly timecard for approval which will include additional details surrounding work & duties for the days.

The rates set forth in “Schedule of Fees” are not set by law, but are negotiable between Provider and District.

7. **ELECTRONIC TIMEKEEPING.** Electronic timekeeping will be provided to the District on a weekly basis. Provider will use commercially reasonable efforts to obtain signed timecards from District however, signed timecards are not required for approval to process and bill. By signing this Agreement, District acknowledges that all hours worked by the contractor will be billed to District to be paid in full in accordance with the agreed upon payment terms, regardless of approval of the timecard submitted. A rejected timecard will be subject for review by Provider, Associate, and District.

8. **SCHOOL CLOSURES.** In the event the District’s school or school system is physically closed (i.e., physical closures due to inclement weather, public health emergencies), including days on which the school or school system is physically closed but continues operating or providing educational instruction virtually or through online services to students (“Remote Learning Days”) or days on which the school or school system is otherwise closed to students (“Closure”), District shall remain fully obligated to remit payment to Provider for the full amount (at the agreed upon bill rate) of the total typical hours worked and contracted for each applicable consultant for each day of the District’s Closure. Associate shall be ready, willing, and able to work his or her regularly scheduled hours during all Remote Learning Days via virtual instruction/meetings or online instruction/meetings. In the event of this type of closure, the Clinician will reach out to their designated district contact, provide an outline of responsibilities to complete that day, and must obtain prior approval. District has right to deny or approve. If the district contact approves the work from home hours, the Clinician may work up to the amount of hours they are contracted for that day. Should the district also include additional “make up days” onto their school year calendar, and upon agreement between Provider and District, the Clinician’s assignment may extend to said date. Any additional dates and hours worked will be billed and paid accordingly.

9. **CONVERSIONS.** If the District, after evaluating the performance and potential of an Associate on the job, desires to employ the Associate directly, the District agrees to abide by certain restrictions and to pay any applicable “Conversion Fee” as provided hereinbelow. The Conversion Fee, if applicable, is payable if the District hires an assigned Associate, regardless of the employment classification on either a full time, temporary (including temporary assignments through another agency) or consulting basis within twelve (12) months after the last day of such Associate’s assignment hereunder. The District acknowledges that a Conversion Fee, if applicable, is also payable if the assigned Associate is hired by a subsidiary or other related company or business of the District.

The District may elect to hire any Associate subject to payment of a fee equal to thirty- five percent (35%) of the Associate’s annual total compensation, including bonuses (the “Conversion Fee”). The District will pay the Conversion Fee to Provider within 10 days of billing. In order for an Associate to be hired on as the

District's employee, the District must have a zero balance on all outstanding invoices. The foregoing hiring restriction and Conversion Fee obligations shall survive until one (1) year after the last date of service by the subject Associate at the District's facility. Provider agrees to waive its right to a Conversion Fee after an Associate has completed 2,700+ contracted hours with District.

The District shall provide Provider thirty (30) days prior written notice of its intention to offer employment to any Associate and shall immediately confirm in writing when it has extended the offer (in writing, verbally or otherwise), and when the Provider Associate accepts the offer (in writing, verbally, or otherwise). Provider will bill District for the Conversion Fee after the Provider Associate accepts District's offer. Conversion payment must be paid in full and have no outstanding balances prior to the Associate's scheduled first day as a district hire.

10. **GUARANTEED HOURS:** Hours are guaranteed regardless of student(s), District Employee(s) or District Contractor(s) absences, enrollment, or employment status. Should the caseload change due to any reason, District acknowledges that the Contractor is guaranteed these hours. Upon mutual agreement, District may reassign Contractor to another caseload.
11. **ASSIGNMENT AND SUBCONTRACTORS.** Provider shall not assign, sublet, or transfer this Agreement or any rights under or interest in this Agreement without the prior written consent of the District, which may be withheld by the District in its sole and absolute discretion for any reason. Nothing contained herein shall prevent Provider from employing independent associates, subcontractors, and sub-consultants as Provider may deem appropriate to assist in the performance of services herein, subject to the prior written approval of the District. Any attempted assignment, sublease, or transfer in violation of this Agreement shall be null and void, and of no force and effect. Any attempted assignment, sublet, or transfer in violation of this Agreement shall be grounds for the District, in its sole discretion, to terminate the Agreement
12. **TERMINATION OR AMENDMENT.** This Agreement may be terminated or amended in writing at any time by mutual written consent of all of the parties to this Agreement, and may be terminated by either party for any reason by giving the other party 60 days advance written notice. In the event of cancellation prior to completion of the specified services, all finished or unfinished projects, documents, data, studies, and reports prepared by the Provider under this agreement shall, at the option of the District, become District property. The Provider shall be entitled to receive just and equitable compensation for any satisfactory work completed on such items prior to termination of the Agreement.
The parties to this Agreement shall be excused from performance thereunder during the time and to the extent they are prevented from obtaining, delivering, or performing due to act(s) of God. Satisfactory evidence thereof to the other party is required, provided that it is satisfactorily established that the non-performance is not due to the fault or neglect of the party not performing.
13. **NOTICE.** Any notices required or permitted to be given under this Agreement shall be deemed fulfilled by written notice, demand or request personally served on (with proof of service endorsed thereon, or mailed to, or hereinafter provided) the party entitled thereto or on its successors and assigns, and may be given by:
 - a. Personal delivery;
 - b. Overnight commercial courier;
 - c. Certified or registered prepaid U.S. mail, return receipt requested; or
 - d. Electronic mail or electronic facsimile transmission; provided that if given electronically, an additional

copy shall also be delivered by a, b, or c, above.

If mailed, such notice, demand, or request shall be mailed certified or registered mail, return receipt requested, and deposited in the United States mail addressed to such party at its address set forth below or to such address as either party hereto shall direct by like written notice and shall be deemed to have been made on the third (3rd) day following posting; or if sent by a nationally recognized overnight express carrier, prepaid, such notice shall be deemed to have been made on the next business day following deposit with such carrier. For the purposes herein, notices shall be sent to the District and the Provider as follows:

<u>Oxnard School District</u> District	<u>3Chords Inc. and TherapyTravelers LLC collectively DBA Epic Special Education Staffing</u> Provider
Attn: <u>Danielle Jefferson</u>	Attn: <u>Carol Cheney</u>
<u>1051 South A Street</u> Street	<u>2041 Rosecrans Ave, Suite 245</u> Street
<u>Oxnard, CA 93030</u> City, State, Zip Code	<u>El Segundo, CA 90245</u> City, State, Zip Code

14. **WARRANTY.** Provider hereby warrants to District that the Work shall be performed in a professional and workmanlike manner consistent with the highest industry standards. For a period of one (1) year following completion of the Work, Provider shall attempt to correct or make arrangements to correct any breach of the warranty for the Work within ten (10) business days of notice from District of same.
15. **ADDITIONAL WORK.** If changes in the work seem merited by the Provider or the District, and informal consultations with the other party indicate that a change is warranted, it shall be processed by the District in the following manner:
- A letter outlining the changes shall be forwarded to the District by the Provider with a statement of estimated changes in fee and/or time schedule.
 - A written amendment to this Agreement shall be prepared by the District and executed by all of the parties before any performance of such services or the District shall not be required to pay for the increased cost incurred for the changes in the scope of work.

Any such amendment to the Agreement shall not render ineffective or invalidate unaffected portions of this Agreement.

16. **COMPLIANCE WITH LAWS.** Provider hereby agrees that Provider, officers, agents, employees, and subcontractors of Provider shall obey all local, state, and federal laws and regulations in the performance of this Agreement, including, but not limited to minimum wages laws and/or prohibitions against discrimination. Without limiting the generality of the foregoing, Provider shall complete the conflict of interest certification on **Exhibit C**.

Provider, officers, agents, employees and/or subcontractors of Provider shall secure and maintain in force for the full term of this Agreement, at Provider's sole cost and expense, such licenses and permits as are required by law. ~~in connection with the furnishing of all the Services, materials, or supplies necessary for completion of the Services described.~~

17. **NON-DISCRIMINATION AND EQUAL EMPLOYMENT OPPORTUNITY**

Provider represents and agrees that it does not and shall not discriminate against any employee or applicant for employment, company, individual or group of individuals, because of ancestry, age, color, disability (physical and mental, including HIV and AIDS), genetic information, gender identity, gender expression, marital status, medical condition, military or veteran status, national origin, race, religion, sex/gender, and sexual orientation.

18. **INDEMNIFICATION.** To the fullest extent permitted by law, Provider agrees to defend, indemnify, and hold harmless District, its governing board, officers, agents, employees, successors, assigns, independent contractors and/or volunteers from and against any and all claims, demands, monetary or other losses, loss of use, damages and expenses,, including but not limited to, legal fees and costs, or other obligations or claims arising out of any liability or damage to person or property resulting from bodily injury, illness, communicable disease, virus, pandemic, or any other loss, sustained or claimed to have been sustained arising out of activities of the Provider or those of any of its officers, agents, employees, participants, vendors, customers or subcontractors of Provider, whether such act or omission is authorized by this Agreement or not. Provider also agrees to pay for any and all damage to the real and personal property of the District, or loss or theft of such property, or damage to the Property done or caused by such persons. District assumes no responsibility whatsoever for any property placed on District premises by Provider, Provider’s agents, employees, participants, vendors, customers or subcontractors. Provider further hereby waives any and all rights of subrogation that it may have against the District. The provisions of this Indemnification do not apply to any damage or losses caused solely by the negligence of the District or any of its governing board, officers, agents, employees and/or volunteers.

19. **INSURANCE.** Provider, at its own cost and expense, shall procure and maintain during the term of this Agreement, policies of insurance for the following types of coverage:

a. Commercial General Liability Insurance. Provider shall procure and maintain, during the term of this Agreement, the following General Liability Insurance coverage:

	<u>Each Occurrence</u>	<u>Aggregate</u>
Individual, Sole Proprietorship, Partnership, Corporation, or Other	\$ 1,000,000.00	\$ 2,000,000.00

- f. If the Provider or Provider’s subcontractor(s) maintains broader coverage and/or higher limits than the minimums shown above, the District requires and shall be entitled to the broader coverage and/or higher limits maintained by the Provider. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the District.
- g. Provider’s and any and all subcontractors’ insurance is primary and will not seek contribution from any other insurance available to the district.
- h. Certificates of Insurance. Provider and any and all subcontractors working for Provider shall provide certificates of insurance to the District as evidence of the insurance coverage required herein, not less than Fifteen (15) days prior to commencing work for the District, and at any other time upon the request of the District. Certificates of insurance will be deemed invalid if proper endorsements are not attached. Certificates of such insurance shall be filed with the District on or before commencement of the services under this Agreement.
- i. Endorsements. Provider’s and any and all Provider subcontractor’s Commercial General Liability insurance; Commercial Automobile Insurance; Liability Excess, Umbrella and/or Reinsurance; and Abuse and Molestation coverage shall name the District, its governing board, officers, agents, employees, and/or volunteers as additional insureds. All endorsements specifying additional insureds for any of the Insurance Policies shall be as indicated below or an equivalent endorsement reasonably acceptable to the District.
- 1) General Liability
 - Facilities Rental or Lease: CG 20 11 10 01;
 - Most Other services: CG 20 26 10 01.
 - 2) Primary, Non-Contributory
 - CG 20 01 01 13
 - 3) Waiver of Subrogation
 - CG 24 04 05 09
 - 4) Commercial Automobile Liability
 - CA 20 48 10 13
- j. Provider’s and any and all Provider subcontractor’s Commercial General Liability insurance shall provide a list of endorsements and exclusions.
- k. Deductibles. Any deductible(s) or self-insured retention(s) applicable to the insurance and/or coverage required by the foregoing provisions of this agreement must be declared to and approved by the District. Provider shall be responsible to pay that deductible or self-insured retention and the District shall not be responsible to pay these costs. In the event that Provider’s deductibles or self-insured retentions collectively total more than \$50,000.00, District reserves the right to request proof of Provider’s financial solvency in relation to remittance thereof or require Provider to post a bond guaranteeing payment of the deductible, or both.
- l. Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best’s rating of no less than A: VII, unless otherwise acceptable to the District.
- m. Insurance written on a “claims made” basis is to be renewed by the Provider and all Provider subcontractors for a period of five (5) years following termination of this Agreement. Such insurance

must have the same coverage and limits as the policy that was in effect during the term of this agreement, and will cover the provider for all claims made.

- n. **Failure to Procure Insurance.** Failure on the part of Provider, or any of its subcontractors, to procure or maintain required insurance shall constitute a material breach of contract under which the District may immediately terminate this Agreement.

- 20. **SAFETY AND SECURITY.** Provider shall be responsible for ascertaining from the District all of the rules and regulations pertaining to safety, security, and driving on school grounds, particularly when children are present.

Without limiting the generality of the foregoing, Provider shall comply with any applicable fingerprinting/criminal background investigation and tuberculosis clearance requirements of the California Education Code and shall provide the certifications on **Exhibit C** prior to performance of any Services.

- a. **On Site Services; Student Data Access.** If services require Provider to access any District facility, transport or interact in any manner (including through an app or other electronic means) with District students, or access student data, Provider and any and all subcontractors are required to comply with Education Code section 45125.1, Fingerprint certification requirements. Provider must provide proof that fingerprint certification requirements have been fulfilled prior to commencing any services for the District under this Agreement.

Provider shall certify in writing to the school district that neither the Provider nor any of its employees, agents, representatives or subcontractors who are required to submit or have their fingerprints submitted to the Department of Justice and who may interact with any District student outside the direct supervision and control of a District employee or that student's parent or legal guardian have been convicted of a felony.

- b. **Other Services.** If Provider will not provide any services on site or have access to any student data or interact with any District student in connection with the Services, then, Provider and its subcontractors are not required to comply with Education Code section 45125.1 background check requirements. However, Provider must still complete **Exhibit C** to specify that these requirements are not applicable.
- c. **Tuberculosis Risk Assessment requirements (Education Code section 49406).** Providers who may have more than limited contact with District students (including any Providers who provide in person tutoring or who provide any transportation services to students) are required to cause to be on file with the District a certificate from an examining physician showing that Provider, employees and/or sub providers of Provider have been examined and found free from active tuberculosis.

- 21. **GOVERNING LAW AND VENUES.** Provider hereby acknowledges and agrees that District is a public entity, which is subject to certain requirements and limitations. This Agreement and the obligations of District hereunder are subject to all applicable federal, state and local laws, rules, and regulations, as currently written or as they may be amended from time to time.

This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in state or federal court situated in the County of Ventura, State of California. Provider hereby waives and expressly agrees not to assert, in any way, any claim or allegation that it is not personally subject to the jurisdiction of the courts named above. Provider further agree to waive any claim or allegation that the suit, action, or proceeding is either brought in an inconvenient forum or that the related venue is improper.”

22. **DISPUTE RESOLUTION.**

- a. The parties agree that, in the event of any dispute under the agreement in which the amount sought is \$5,000.00 or less, any litigation to resolve the dispute shall be brought in the Ventura County Small Claims Court.
- b. If the amount in dispute exceeds \$5,000.00, the parties agree that they will first submit the matter to a mutually agreed upon mediator. Notwithstanding section 19, Attorneys Fees, the cost of the mediator shall be borne equally by the parties.
- c. If the mediator is unable to resolve the dispute, then the parties shall submit the matter to binding arbitration in Ventura County or other mutually agreed location pursuant to the rules of the American Arbitration Association (AAA), as amended or as augmented in this Agreement (the "Rules"). The parties acknowledge that one of the purposes of utilizing arbitration is to avoid lengthy and expensive discovery and allow for prompt resolution of the dispute.

Arbitration shall be initiated as provided by the Rules, although the written notice to the other party initiating arbitration shall also include a description of the claim(s) asserted and the facts upon which the claim(s) are based. Arbitration shall be final and binding upon the parties and shall be the exclusive remedy for all claims subject hereto, including any award of attorneys' fees and costs. Either party may bring an action in court to compel arbitration under this Agreement and to enforce an arbitration award.

All disputes shall be decided by a single arbitrator. The arbitrator shall be selected by mutual agreement of the parties within 30 days of the effective date of the notice initiating the arbitration. If the parties cannot agree on an arbitrator, then the complaining party shall notify the AAA and request selection of an arbitrator in accordance with the Rules. The arbitrator shall have only such authority to award equitable relief, damages, costs, and fees as a court would have for the particular claim(s) asserted. In no event shall the arbitrator award punitive damages of any kind.

The arbitrator shall have the power to limit or deny a request for documents or a deposition if the arbitrator determines that the request exceeds those matters, which are directly relevant to the claims in controversy. The document demand and response shall conform to Code of Civil Procedure section 2031. The deposition notice shall conform to Code of Civil Procedure section 2025. The parties may make a motion for protective order or motion to compel before the arbitrator with regard to the discovery, as provided in Code of Civil Procedure sections 2025 and 2031.

~~23. **ATTORNEYS FEES.** In the event of any action or proceeding to interpret or enforce the terms of this Agreement, the prevailing party, as determined by the court or arbitrator, shall be entitled to recover its reasonable attorney fees and costs incurred in connection with such actions or proceeding~~

24. **DOCUMENT RETENTION.** After Provider's services to District conclude, Provider shall deliver ~~upon the District's request, deliver all documents for all matter in which Provider has provided services to the District, along with any property of the District in Provider's possession and/or control. If the District does not request District's document(s) for a particular service, Provider will retain document(s) for a period of two (2) years after the service has ended. If District does not request delivery of the document(s) for the service before the end of the two (2) year period, Provider will have no further obligation to retain the document(s) and may, at Provider's discretion, destroy it without further notice to the District. At any point during the two (2) year period, District may request delivery of the document(s).~~ All documents will be retained by district. Exceptions: Attorney work-product and medical records shall not be destroyed by provider without the prior written consent of the District.

25. **NATURE OF AGREEMENT.** This Agreement constitutes a binding expression of the understanding of the parties with respect to the services to be provided hereunder and is the sole contract between the parties with respect to the subject matter thereof. There are no collateral understandings or representations or agreements other than those contained herein. This Agreement represents the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes any and all other agreements and communications however characterized, written or oral, between or on behalf of the parties hereto with respect to the subject matter hereof. This Agreement may only be modified by a written instrument signed by authorized representatives of each of the parties hereto; provided that the District may not be bound by any term or condition incorporated by reference (including references to any link, website or electronic document) into any document prepared by or provided to District by Provider, including any license, purchase order or other instrument.

For the avoidance of any doubt, Provider is hereby informed that any and all terms or conditions of use of any web-based service or application must be presented in PDF format to the Board of Trustees and may not be unilaterally altered by Provider during the Term of this Agreement.

THE BODY OF THIS AGREEMENT MAY NOT BE EDITED OR ALTERED BY PROVIDER.

26. **BINDING EFFECT.** This Agreement shall inure to the benefit and shall be binding upon all of the parties to this Agreement, and their respective successors in interest or assigns.

27. **WAIVER.** No claim or right arising out of a breach of this Agreement can be discharged in whole or in part by a waiver or renunciation of the claim or right unless such waiver is in writing.

28. **SEVERABILITY.** It is intended that each paragraph of this Agreement shall be treated as separate and divisible, and in the event that any paragraphs are deemed unenforceable, the remainder shall continue to be in full force and effect so long as the primary purpose of this Agreement is unaffected.

29. **PARAGRAPH HEADINGS.** The headings of paragraphs hereof are inserted only for the purpose of convenient reference. Such headings shall not be deemed to govern, limit, modify or in any other manner affect the scope, meaning or intent of the provisions of this Agreement or any part or portion thereof, nor shall they otherwise be given any legal effect whatsoever.

30. **AUTHORITY.** Provider represents and warrants that Provider has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement. Each party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and to bind each respective party.

31. **COUNTERPART EXECUTION: ELECTRONIC DELIVERY.** This Agreement may be executed in any number of counterparts which, when taken together, shall constitute one and the same instrument. Executed counterparts of this Agreement may be delivered by PDF email or electronic facsimile transmission, and shall have the same legal effect as an “ink-signed” original.

IN WITNESS WHEREOF, the parties have executed this agreement as of the date first written above. By signing below, Provider certifies that it has not altered any provision of the body of this Agreement.

REQUIRED CERTIFICATIONS

Services Agreement Dated: August 21, 20 24

3Chords Inc. and TherapyTravelers LLC

Provider: collectively DBA Epic Special Education Staffing

I. Fingerprinting/Criminal Background Certification (Education Code Section 45125.1)

Provider and its subconsultant's and their employees, agents and representatives (each, a "Provider Party") are required to submit fingerprints to the California Department of Justice (CDOJ) if they may interact with any student outside of the immediate supervision and control of the student's parent or guardian or a District employee in connection with the Services. Provider certifies to the Superintendent and the Board of Trustees of the District that it is, or prior to providing any Service under this Agreement will be, in compliance with the requirements of Education Code section 45125.1, as follows (Provider to check one box):

- Provider will ensure that any Provider Party who: (a) might access a District facility and/or interact with a District pupil in any manner (including through an educational app or cloud-based system) outside of the immediate supervision and control of the student's parent or guardian or a District employee OR (b) who was identified by District as a person requiring clearance pursuant to §45125.1(c) has, prior to providing any Service, submitted fingerprints to the CDOJ and that Provider has received from the CDOJ a valid criminal records summary as described in §44237 for said Provider Party. Provider will not allow any person who has been convicted of a violent felony listed in Penal Code section 667.5(c) or a serious felony listed in Penal Code §1192(c) to provide any Service. Provider will not allow any such Provider Party to perform any Service until Provider ascertains that the CDOJ has cleared that person and a record compliant with Education Code § 45125.1 is on file with Provider.
- The fingerprinting requirements **do not apply** because the Services are being provided on an emergency or exceptional situation as contemplated under section § 45125.1(b).
- The fingerprinting requirements **do not apply** because Provider Parties will have no opportunity to interact with a District students in any manner because: (i) no school-site Services or Services concerning student records will be provided; and/or (ii) the Services will be provided at a school site while students are not present (vacant, under construction etc.).

By signing below I certify, under penalty of perjury, that: (i) I am an authorized representative of Provider qualified to provide this Certification; (ii) the information above concerning compliance with Education Code Section 45125.1 is accurate and complete as of the date hereof; and (iii) during the term, I will immediately inform District if any CDOJ report is changed or updated with respect to Provider Party. Documents provided by the CDOJ will be retained by Provider and available for inspection by District or its representative(s) upon request.

II. Tuberculosis Risk Assessments Certification (Education Code Section 49406). With respect to Education Code § 49406, I do hereby **certify, represent and warrant** to District's Superintendent and Board of Trustees as follows (Provider to check the applicable statement below):

- Provider Parties, any subconsultants, and any respective employees, representatives or agents will, in connection with the provision of Services under this Agreement, have **only limited or no contact** with any District student(s).
- Provider Parties may, in connection with the provision of Services, have more than limited contact with District students. Therefore, the Provider has for each such Provider Party: (A) obtained and filed proof on completion of the required TB risk assessment(s) and (B) if deemed necessary by a physician/surgeon, obtained and filed copies of their TB examination(s), all in compliance with the provisions of Education Code § 49406. Provider will maintain a current list of all such Provider Parties and will provide a copy to District upon request.

By signing below I certify, under penalty of perjury, that I am an authorized representative of Provider qualified to provide this Certification, that the information above concerning compliance with Education Code § 49406 is accurate and complete as of the date hereof, and that, during the Term, I and all Provider Parties will satisfy all applicable tuberculosis clearance requirements before having more than limited contact with District students.

III. Conflict of Interest Certification

The Provider represents and warrants that he/she/it presently has no interest, and shall not acquire any interest, direct or indirect, financial or otherwise, which conflicts in any manner with District or with the performance of the Services. Provider understands that District will not engage any person having such conflict of interest to perform the Services. Provider agrees that if any facts come to its attention which raises any questions as to the applicability of conflict of interest laws, it shall immediately inform the District's designated representative and provide all information needed for resolution of this question.

Staffing Confirmation Agreement

This Staffing Confirmation Agreement (“Agreement - Exhibit A”) is entered into on July 23, 2024 by and between **3Chords Inc and TherapyTravelers LLC collectively DBA Epic Special Education Staffing** and Oxnard School District collectively referred to herein as “the Parties.” **The Parties agree to the below:**

Therapist Name:	Jeremy Nordman, OT
Start Day & Date:	Tuesday, 08/13/2024
Time to Arrive:	8:00 AM
First Day Location:	TBD
Report to Person:	TBD
School Assignment:	TBD
Weekly Work Schedule:	40 Hours per Week / 1/2 hour lunch unpaid. Exact schedule TBD.
Assignment Dates:	August 13, 2024 TO June 27, 2025
Approved Time Off:	None Discussed
Guaranteed Hours:	40.00 billable hrs, 30 mins unpaid lunch, 42.50 total hours
Cancellation Notice:	20 working days
Bill Rate:	\$ 108.00
Overtime/Holiday Rate:	\$ 162.00
Mileage Reimbursement:	Billed at current IRS mileage reimbursement rate for all work-related activities

All time over 40 hours in a workweek will be paid at time and one half (1.5) (CA – anything over 8 hours in a day will be paid at time and one half (1.5))

District Name and Address:	Oxnard School District 1051 South A Street Oxnard, CA 93030
District Telephone Number:	805-385-1501 x 1611
District Department Director Name:	Danielle Jefferson
Estimated Caseload:	TBD
Timesheet Approver Email Address and Name:	Anna Gutierrez, amgutierrez@oxnardsd.org / Danielle Jefferson, djefferson@oxnardsd.org
Billing Address:	1051 South A Street Oxnard, CA 93030
Billing Telephone Number:	(805) 385-1501 x 2175
Billing Contact Info:	Anna Gutierrez
Billing Email Address:	amgutierrez@oxnardsd.org

Supervision/Materials/Equipment/Hours and Enrollment: Client will provide appropriate supervision, materials and equipment to therapist. Hours are guaranteed regardless of student(s), District Employee(s) or District Contractor(s) absences, enrollment, or employment status. Should the caseload change due to any reason, Client acknowledges that the Contractor is guaranteed these hours. Upon mutual agreement, Client may reassign Contractor to another caseload.

***Mileage Reimbursement:** billed and reimbursed at IRS rate. Applicable when Contractor commutes to more than 1 working location per day.

Cancellation of Services: A minimum 20 business working days written notice must be given to Epic Special Education Staffing directly for cancellation or early termination of contract.

Payment Terms: Payment is due in full within thirty (30) days of invoice. Failure to pay will result in Client being responsible for all collections costs, including, but not limited to, attorney's fees and costs.

All time over 40 hours in a workweek will be paid at time and one half (1.5) (CA – anything over 8 hours in a day will be paid at time and one half (1.5))

Conversion Terms: Client acknowledges the Therapist named herein is an employee of Epic Special Education Staffing and that any hiring or employment scenario - permanent hire, interim, contract or otherwise - within 12 months of this placement, will be arranged through Epic Special Education Staffing and client agrees to pay a conversion fee of 35% of the subject Therapist's annual salary as liquidated damages to Epic Special Education Staffing within 30 days of being invoiced for the same. Contract conversion terms available upon request.

Client acknowledges and agrees that this Staffing Confirmation Agreement contains the specific terms of the individual contractor's assignment for services in accordance with the terms of the Epic Special Education Staffing Services Agreement. If there is a conflict between the terms of this Staffing Confirmation Agreement and the Epic Special Education Staffing Services Agreement, the terms of the Epic Special Education Staffing Services Agreement shall prevail. Unless the Client provides written notice of any objection or correction needed within the earlier of (i) ten (10) business days upon receipt of this Staffing Confirmation Agreement from Epic Special Education Staffing, or (ii) five (5) business days prior to the start of such assignment, this Exhibit A shall be deemed accepted by the Client and be deemed a binding agreement in all respects.

OSD BOARD AGENDA ITEM

Name of Contributor: Dr. Natalia Torres

Date of Meeting: August 21, 2024

Agenda Section: Section C: Personnel Agreement

Ratification of Agreement #24-101 – Aspen University (Torres)

Ms. Janie MacGillivray, who currently works as a School Nurse for OSD, is also enrolled in an online Master's of Science in Nursing program at Aspen University. As part of her coursework, she is required to complete a practicum/observation experience. To support her and avoid the need for a leave of absence, we propose entering into an agreement with Aspen University. This arrangement will enable Ms. MacGillivray to continue serving OSD students while fulfilling her academic requirements.

Term of Agreement: August 12, 2024 through December 01, 2025

FISCAL IMPACT:

None

RECOMMENDATION:

It is recommended by the Assistant Superintendent, Human Resources, that the Board of Trustees ratify Agreement #24-101 with Aspen University.

ADDITIONAL MATERIALS:

Attached: [Agreement #24-101, Aspen University \(2 Pages\)](#)

Immersion/Practicum Site Agreement

This PRACTICUM AGREEMENT is entered into between the ASPEN UNIVERSITY INC. with its principal place of business located 4615 East Elwood Street Suite 100, Phoenix, AZ 85040 (hereinafter referred to as "SCHOOL") and ___ **Oxnard School District** (hereinafter referred to as "AGENCY"). This agreement shall replace or supersede all other agreements between the parties.

WHEREAS, the mission of the Aspen University School of Nursing and Health Sciences is to enhance the health and quality of life for individuals, families, and communities at local, state, and national levels through excellence in teaching, scholarship and practice.

WHEREAS, the Master in Science in Nursing (MSN) program prepares nurses to assume leadership roles in management, education, and practice within a diverse society and across a spectrum of healthcare settings.

WHEREAS, the AGENCY is willing to share its facilities with the SCHOOL by making its resources available for the instruction of students.

NOW, THEREFORE, for and in consideration of the foregoing objectives and in further consideration of the covenants and promises hereinafter set forth, the parties hereto mutually agree as follows:

1. Upon inception, the graduate student shall execute a form acknowledging all applicable policies required by SCHOOL and AGENCY.
2. The graduate student participating in the practicum experience at the AGENCY will be enrolled in the graduate nursing program and currently enrolled in a graduate nursing course with an appropriately credentialed faculty member.
3. The graduate student will hold a current, unencumbered nursing license. This license is on file with the SCHOOL and available upon request to the AGENCY.
4. A general orientation to the AGENCY will be provided by the Preceptor or AGENCY designee and must be attended by the graduate student prior to beginning the practicum experience.
5. When on AGENCY premises, the graduate student will be under the direct supervision of a specified Preceptor agreed upon by the SCHOOL and AGENCY.
6. The graduate student and Preceptor will negotiate the specific areas of the practicum experience in alignment with the requirements of the graduate course in which the student is enrolled.
7. The SCHOOL shall instruct the graduate student that he/she shall follow all administrative policies, standards and practices of AGENCY while participating in the practicum experience to the extent that AGENCY's rules and regulations do not contradict the SCHOOL'S rules and regulations.
8. Where the AGENCY provides direct patient care, the SCHOOL and the graduate student shall comply with the AGENCY'S applicable policy regarding the Health Insurance Portability and Accountability Act (HIPAA) and shall not disclose any records concerning a patient or participant to any third party without the prior written consent of the AGENCY.

9. Upon mutual agreement, the AGENCY reserves the right, upon consultation with the SCHOOL, to require the dismissal or removal from the AGENCY any graduate student (i) whose personal characteristics prevent desirable relationships with AGENCY, (ii) whose health status is a detriment to the graduate student's successful completion of the practicum experience or to the welfare of patient or participants or (iii) whose performance, after appropriate instruction and counseling, continues to fall below the level required to maintain practice standards.
10. The SCHOOL agrees that the faculty member may serve as consultant and on committees of the AGENCY when requested by the AGENCY.
11. There will be no exchange of monies between the AGENCY, the SCHOOL, the Preceptor, or the graduate student.
12. The graduate student will be responsible for personal transportation, meals, laundry and health care needs in the performance of this agreement.
13. To the extent permitted by applicable law, each party does hereby covenant and agree to indemnify and hold harmless the other party, its appointed boards and commissions, officials, officers, employees, students, and subagents, individually and collectively, from all fines, claims, demands, suits or actions of any kind and nature by reason of its acts or omissions occurring in the performance of this Agreement. Nothing in this Agreement or in its performance shall be construed to result in any person being the officer, agent, employee or servant of either party when such person, absent of this Agreement and the performance thereof, would not in law have had such status. Nothing in the execution of this Agreement or in its performance shall be construed to establish a joint venture by the parties hereto.
14. Both parties, in connection with any service or other activity under this Agreement, agree not to unlawfully discriminate against any person on the grounds of race, color, religion, sex, sexual orientation, gender identity, national origin, ethnicity, age, disability, political affiliations or belief. The SCHOOL and the AGENCY will comply with Title VII of the Civil Rights Act of 1964, Americans with Disabilities Act (ADA) of 1991, Title IX of the Education Amendments Act of 1972 and Section 504 of the Rehabilitation Act of 1973.
15. In addition to those laws specifically mentioned in this Agreement, AGENCY shall comply with all applicable policies of SCHOOL applicable to it and comply with all applicable laws and rules.
16. The SCHOOL and AGENCY will maintain in effect during the entire term of this Agreement, at their sole respective cost and expense, at least \$1,000,000 of commercial general liability insurance on a standard comprehensive occurrence form. The SCHOOL and AGENCY will make certificates of insurance available to each other upon request. The SCHOOL and AGENCY will maintain in effect during the entire term of this Agreement, at their sole respective cost and expense, Medical Errors & Omission coverage.
17. This agreement will expire on **December 1, 2025** (*enter a month/day/year at least 1 year from the anticipated practicum course start date*) unless terminated by either party upon giving 30 days advance written notice to the other party.

School Plan for Student Achievement (SPSA)

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Norman R. Brekke Elementary School	56725386114029	May 22, 2024	August 21, 2024

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California’s ESSA State Plan supports the state’s approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state’s Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Norman R. Brekke Elementary School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Norman R. Brekke Elementary School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

Oxnard School District has created a strategic plan in order to ensure that we fully develop our student profile and ensure optimal outcomes for all students. At Brekke, we believe that all students can achieve at high levels and exemplify the traits in the Oxnard School District (OSD) Student Profile. We believe that maintaining high expectations, cultivating a growth mindset, and encouraging positive behavior supports are essential keys to delivering an exceptional educational experience. Our goal is to dramatically accelerate student academic engagement and achievement across all student populations through coherent additive approaches, essential pedagogical principles and high leverage practices. California's Department of Education states that "Best, First Instruction" is essential in order for students to acquire understanding, catch up, and keep up with progressive learning targets. Teachers are given essential planning time to develop lessons that incorporate best practices in delivering grade level standards-based first instruction. School administrators regularly use learning walks (class visitations) to observe, validate and support the implementation of best practices and rigorous Tier 1 instruction.

We use our Common Core State Standards to guide our academic focus. At every grade level, teachers and staff provide students with meaningful opportunities to think critically and creatively and to communicate and collaborate within a framework of rigorous grade-level curricula. Aggregated and disaggregated data dives embedded in Continuous Cycles of Improvement are used to measure and improve instructional practices. In addition to our focus on strong first instruction, Brekke continues to provide targeted intervention and enrichment through our Multi-Tiered Systems of Support (MTSS).

We use a variety of online personalized learning programs to help challenge and inspire students. For example, Accelerated Reader (AR) is used school-wide to encourage students to read independently and master individualized literacy goals. AR encourages students to pursue their own interests and helps foster life-long readers. Other adaptive online learning applications include Lexia, Zearn, IXL and ST Math. In addition to skill practice and enrichment, these programs provide students, families and teachers with valuable data regarding student fluency in math and language arts.

At Brekke, we fund an Intervention Service Provider to help provide small group targeted instruction and intervention. Teachers and administrators use Star instructional planning data and mastery reports to create instructional groups based on targeted SMART goals. Star custom tests and progress monitoring help us keep our groups fluid and targeted.

Brekke is committed to increasing English language proficiency throughout our student population. We will continue to provide designated ELD using the ELD/ELA Standards coupled with embedded opportunities to practice and grow academic language in the classroom. Extended learning opportunities for English Learners are available throughout the year and focus on increasing the four domains of Language (Listening, Speaking, Reading and Writing).

During staff meetings and weekly grade level collaborations. PLC's work together to analyze data, plan lessons and design targeted whole group and small group instruction. With guidance from our Leadership Team, grade levels have created data-driven Instructional Progress Plans that include a scope and sequence for our Common Core State Standards and corresponding best practice pedagogies.

At Brekke we are focused on providing Positive Behavior and Intervention Supports (PBIS) using the S.T.O.I.C. approach (Structure Setting, Teach Expectations, Observe Behaviors, Interact Positively, Correct Fluently). S.T.O.I.C. helps us promote academic focus and positive engagement. Our PBIS Team uses S.T.O.I.C. in all grade levels to help build resiliency and gritty growth mindsets with our students and staff members.

In addition to our focus on academics, Brekke is committed to providing a strong social-emotional foundation for our students. We have created a multi-purpose space that provides social-emotional supports and is accessible to all students. The Dolphin Cove includes sensory and calming stations, a sensory path, a reading corner, coloring and journaling stations, a stretching and grounding station and STEAM activities. We also use this space for our drumming circles to help support mindfulness, problem-solving and community building. In the classroom, Tier 1 PBIS and SEL supports are implemented with year-long teacher-led SEL lessons and activities.

At Brekke, we value and nurture family and community alliances. We have an active PTA, School Site Council and ELAC committee and we offer family-friendly events such as Back to School Night, Open House, Fall Fest, Winter Movie Night and our Kindness Dance to help build community and support throughout the year.

At Brekke, we believe that everyone deserves a world-class education. We work hard and smart in and out of the classroom, and know that learning is a life-long journey. We love what we do and we celebrate bringing out the best in each other.

Educational Partner Involvement

How, when, and with whom did Norman R. Brekke Elementary School consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Once student achievement data is made available, the Site Leadership Team meets to analyze the data to determine students' academic and social/emotional/behavioral needs. Data and opportunities for input are shared with our School Site Council, ELAC, PTA and staff members. Recommendations from our various educational partners help us align our annual budget with prioritized needs and outcomes. For example, our ELAC and Site Council members proposed funding a second Instructional Support Provider to increase support for students in need.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

According to our 2023-2024 SPSA, LCFF funds were allocated to provide intervention for all students. However, our data shows that we need to provide more resources for our EL, Hispanic, Filipino and Vietnamese student populations. Targeted funds allocated for after school tutoring and intervention for students were not fully utilized due to staffing shortages. In response, in 2024-2025, we have decided to fund an additional Intervention Support Provider using our Title 1 funds.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

Brekke's Academic Engagement "Chronic Absenteeism" rate for 2023 was at 35%, which is an increase of 7.9% from the previous year. Notably, the chronic absenteeism rate for Students with Disabilities was at 46.9%. Our PBIS team agrees that reducing chronic absenteeism is an urgent concern. We are creating an Action Plan that includes "root cause" data collection, increased family outreach, strengthened school-to-home communication, targeted support and school-wide incentives and celebrations for improved attendance rates.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the "all student" performance.

Under Conditions and Climate, the Suspension Rate for all students is at performance level "blue." For Filipino students and Students with Disabilities, the performance level is "orange." Our 2023-2024 suspension rate was at 0%. We will continue to evaluate our current practices and disaggregate our data to better identify and remedy inequitable trends.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

Overall, Brekke needs to continue to focus on improving our attendance rates for all students. Our PBIS and MTSS teams, along with input from our educational partners, will prioritize Cycles of Continuous Improvement to improve attendance and continue our trajectory of improved academic outcomes for all students. Our Title 1 funds will be used to prioritize additional support and include funding for two ISP teachers and after school tutoring. Relevant data points such as Star assessments, work samples, and classroom observations will be used to address areas of low performance and/or performance gaps to help improve student outcomes.

School and Student Performance Data

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Norman R. Brekke Elementary School. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	21-22	22-23	23-24	21-22	22-23	23-24

Total Enrollment				552	584	588

Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	21-22	22-23	23-24
Kindergarten	98	127	95
Grade 1	75	94	72
Grade 2	98	73	97
Grade 3	89	98	73
Grade 4	97	95	100
Grade 5	95	97	104
Total Enrollment	552	584	588

Conclusions based on this data:

Our demographic data is similar to past years. We need to continue to meet the academic and socio-emotional needs of all students with an emphasis on First, Best Instruction and a robust MTSS framework.

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
English Learners	182	173	139	28.80%	33.0%	25.7%
Fluent English Proficient (FEP)	40	36	35	10.90%	7.2%	6%
Reclassified Fluent English Proficient (RFEP)		28	21	9.0%	16%	15%

Conclusions based on this data:

Brekke reclassified 21 English Learners in 2023-2024. Based on this data, we need to continue to provide daily designated and integrated ELD instruction for our students. All students in TK-5th grade will continue to receive targeted, standards-based language proficiency ELD instruction for using district-adopted curriculum materials. Oral and written language supports and scaffolds will be integrated throughout all core subject areas by classroom teachers in help improve access to grade level subject matter for our EL students. Data points from Star assessments will be reviewed quarterly to help measure progress and adjust learning targets and support systems as needed.

School and Student Performance Data

Star Early Literacy

Norman R. Brekke Elementary School											
		Less than Proficient				Proficient				Star Early Literacy Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade K	95	7	7%	7	7%	18	19%	63	66%	Level 4	874
Grade 1	74	21	28%	14	19%	24	32%	15	20%	Level 3	839
Grade 2	5	5	100%	0	0%	0	0%	0	0%	Level 1	822

Conclusions based on this data:

Eighty-six percent of our kindergarten students are at proficiency in early literacy. In first grade, 54% of our students are at proficiency. The sizable gap between the two grade levels indicates that research-based Tier 2 intervention programs such as Soliday are essential. We will prioritize early literacy support for first grade with our ISP during the school day and fund after school tutoring opportunities with teachers to help support and grow early literacy mastery.

School and Student Performance Data

Star Reading

Norman R. Brekke Elementary School											
		Less than Proficient				Proficient				Star Reading Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 2	94	21	22%	19	20%	26	28%	28	30%	Level 2	942
Grade 3	71	11	15%	16	23%	24	34%	20	28%	Level 3	994
Grade 4	97	40	41%	16	16%	22	23%	19	20%	Level 2	1001
Grade 5	95	38	40%	19	20%	24	25%	14	15%	Level 2	1025

Conclusions based on this data:

The variability in reading proficiency scores between grades 2-3 and 4-5 is concerning. We also have substantial variation within grade levels. Our Leadership Team is analyzing second and third grade instructional practices to better understand why our performance levels vary. We all agree that it is important to ensure that our data-driven grade level meetings focus on productive curriculum planning, strong MTSS classroom practices, and SMART goals. Classroom observations, instructional rounds and progress monitoring meetings will target the implementation of best practices and areas of improvement. In addition, we will prioritize Tier 2 resources (ISP, LLI teacher, after school tutoring) to help support students who are not yet reading at grade level.

School and Student Performance Data

Star Math

Norman R. Brekke Elementary School											
		Less than Proficient				Proficient				Star Math Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 1	74	14	19%	27	36%	24	32%	9	12%	Level 2	852
Grade 2	94	20	21%	19	20%	28	30%	27	29%	Level 3	938
Grade 3	72	16	22%	11	15%	25	35%	20	28%	Level 3	996
Grade 4	97	23	24%	37	38%	28	29%	9	9%	Level 2	1012
Grade 5	94	38	40%	25	27%	15	16%	16	17%	Level 2	1048

Conclusions based on this data:

We again see substantial variability in performance outcomes for grades 2 and 3 and within grade levels. It is essential for us to identify effective and ineffective tools and practices and prioritize the implementation of what works best for our students. We know that productive grade level planning includes supporting our essential Common Core State Standards and ensuring instruction is consistently rigorous and carefully scoped and sequenced. Additional support from our TOSAs will be used to help us deepen our work. Our MTSS team will help ensure that students are receiving targeted support in and out of the classroom. We are funding a second ISP this year and their focus will be supporting math outcomes in fourth and fifth grade. Our PBIS team will help us promote ST Math usage with individual, class, and school-wide incentives and celebrations.

School and Student Performance Data

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Overall Participation for All Students

Grade 4		16.30	21.51		76.09	63.44		7.61	15.05
Grade 5		16.84	21.28		67.37	62.77		15.79	15.96
All Grades		17.65	21.94		67.65	65.47		14.71	12.59

In order to protect student privacy, an asterisk (*) will be displayed for enrolled and tested counts for fewer than 4 students and for assessment results for fewer than 11 students. "N/A" will be displayed instead of a number on test results where no data is found for the specific report.

Conclusions based on this data:

In third grade, the number of students who exceeded state standards increased slightly with 55% of our third graders demonstrating proficiency. In fourth grade, performance varied by class. One classroom reached 67% proficiency, but the overall grade level demonstrated 49% proficiency in ELA and this was a decline of 7% from the year prior. In fifth grade, we saw significant growth in ELA with 52% of our students meeting or exceeding our state standards. We will continue to focus on high levels of student engagement, improved attendance rates, rigorous expectations in alignment with grade level standards, collaborative curriculum planning with an emphasis on identifying and implementing best practices and a flexible and cohesive MTSS program.

Grade 4		13.98	20.65		55.91	51.09		30.11	28.26
Grade 5		8.42	8.60		53.68	62.37		37.89	29.03
All Grades		15.69	19.71		56.57	57.30		27.74	22.99

In order to protect student privacy, an asterisk (*) will be displayed for enrolled and tested counts for fewer than 4 students and for assessment results for fewer than 11 students. "N/A" will be displayed instead of a number on test results where no data is found for the specific report.

Conclusions based on this data:

In third grade, scores increased by 2% with 59% of our students meeting or exceeded state standards. In fourth grade, performance levels varied significantly, by class. One class demonstrated 47% proficiency but the overall grade level proficiency dropped to 30%. Math proficiency also declined in fifth grade with 28% of our students meeting or exceeding state standards. We are funding an additional ISP to help increase opportunities for Tier 2 math support in the upper grades for 2024-2025. We are also analyzing the strategies and materials used in different classrooms to help us better understand varying levels of efficacy. For example, structured classroom rotations with rigorous opportunities for blended learning are more engaging and productive than direct instruction. Our work is to identify and consistently implement Best, First Instruction materials and methodologies and effective MTSS strategies in all classrooms.

School and Student Performance Data

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](http://English Language Proficiency Assessments for California (ELPAC) web page) web page or the ELPAC.org website for more information about the ELPAC.

Conclusions based on this data:

In 2023-2024, 21% of our ELD population qualified for reclassification. This significant increase demonstrates that teachers are providing strong targeted standards-based language proficiency instruction. We will continue to integrate appropriate scaffolding techniques to help support fluency and proficiency levels in reading, writing, listening and speaking. Oral and written language supports and scaffolds will also be integrated throughout all core subject areas by classroom teachers to promote grade-level access to subject matter for our English Learners.

School and Student Performance Data

California School Dashboard Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

2022-23 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
584	75.2	29.6	0.5
Total Number of Students enrolled in Norman R. Brekke Elementary School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2022-23 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	173	29.6
Foster Youth	3	0.5
Homeless	29	5
Socioeconomically Disadvantaged	439	75.2
Students with Disabilities	109	18.7

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	4	0.7
American Indian	1	0.2
Asian	32	5.5
Filipino	30	5.1
Hispanic	477	81.7
Two or More Races	15	2.6
Pacific Islander	2	0.3
White	23	3.9

Conclusions based on this data:

Our job is to continue to meet the needs of our students and their families. Our PBIS team is focused on promoting opportunities and resources for belonging and thriving at Brekke. We are committed to identifying and addressing the root causes of our challenges and successes. Our goal is to meet each other wherever we may be and work together to bring out the best in each other.

School and Student Performance Data

Overall Performance

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

2023 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts  Green	Chronic Absenteeism  Red	Suspension Rate  Blue
Mathematics  Green		
English Learner Progress  Blue		

Conclusions based on this data:

- Our CA Dashboard shows modest areas of improvement and opportunities for growth. We will continue to focus on improving student achievement in ELA and math by maintaining our goal of delivering Best, First Instruction and implementing a strong MTSS framework in all classrooms. We will use data-driven decision-making to guide instruction and customize prioritized instructional goals. As we start our 2024-2025 school year, we will continue to monitor student daily attendance, deepen the implementation of our PBIS approach to better promote positive interactions and behaviors, provide incentives for both attendance and behavior, and support clear expectations

and restorative measures to help reduce the need for disciplinary action. Our suspension rate for 2023-2024 was at 0%.

School and Student Performance Data

Academic Performance English Language Arts

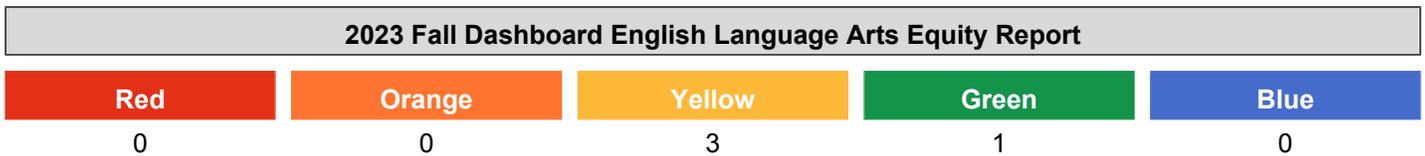

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2023 Fall Dashboard English Language Arts Performance for All Students/Student Group		
<p>All Students</p>  Green 4.9 points above standard Increased +5.2 points 283 Students	<p>English Learners</p>  Yellow 15.8 points below standard Increased +12.7 points 103 Students	<p>Foster Youth</p> <p>Less than 11 Students</p> <p>1 Student</p>
<p>Homeless</p> <p>20.1 points below standard</p> <p>15 Students</p>	<p>Socioeconomically Disadvantaged</p>  Green 4.8 points below standard Increased +5.1 points 223 Students	<p>Students with Disabilities</p>  Yellow 52.9 points below standard Increased +10.9 points 72 Students

2023 Fall Dashboard English Language Arts Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 0 Students	 No Performance Color 0 Students	19.8 points below standard Decreased Significantly - 15.7 points 17 Students	46.5 points above standard Increased Significantly +23 points 15 Students
Hispanic	Two or More Races	Pacific Islander	White
 Yellow 1.8 points below standard Maintained +2.9 points 234 Students	Less than 11 Students 4 Students	Less than 11 Students 0 Students	68.5 points above standard Increased Significantly +35.1 points 13 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2023 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
14.6 points below standard Increased Significantly +26.7 points 64 Students	17.7 points below standard Decreased Significantly -15.9 points 39 Students	15.4 points above standard Maintained -0.9 points 168 Students

Conclusions based on this data:

Our goal is to sustain and support growth in ELA by ensuring all classrooms use grade-level prioritized CCSS, highly effective strategies such as Writers Workshop and the Daily 5, and reliable assessments to guide data-driven instruction. In our weekly grade level teams we will continue to focus on four essential question: What do we want students to know? How will we know they learned it? How will we support students that have not learned it? and How will we support students that have learned it?

School and Student Performance Data

Academic Performance Mathematics

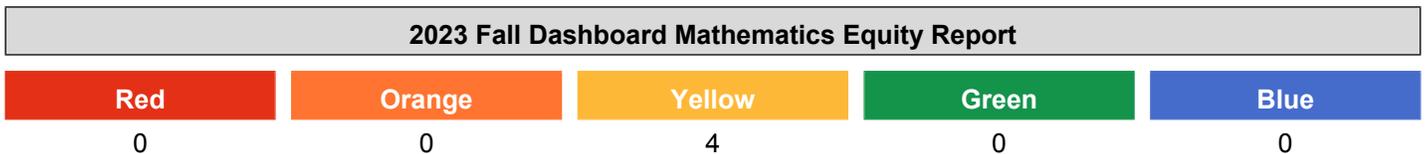

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. 2023 Fall Dashboard Mathematics Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 0 Students	 No Performance Color 0 Students	23.2 points above standard Increased +9.9 points 17 Students	37.1 points above standard Increased Significantly +31.4 points 15 Students
Hispanic	Two or More Races	Pacific Islander	White
 Yellow 29.6 points below standard Increased +11.6 points 231 Students	Less than 11 Students 4 Students	Less than 11 Students 1 Student	54.7 points above standard Increased Significantly +44.4 points 13 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2023 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
26.1 points below standard Increased Significantly +35.3 points 64 Students	46.8 points below standard Increased +7.4 points 39 Students	8.3 points below standard Increased +8.7 points 165 Students

Conclusions based on this data:

We will continue to identify and prioritize our essential CCSS math standards and highly effective instruction in all classrooms. We have dedicated daily math instruction for all students and will continue to deepen high engagement strategies such as Building Thinking Classrooms and math rotations to help promote more rigorous levels of academic achievement. Ongoing data dives will help us identify and promote Best, First Instruction in classrooms and customize the interventions we provide. To help compensate for larger classroom sizes, our additional ISP teacher will pull small flexible groups of fourth and fifth grade students and provide targeted data-driven instruction as needed.

School and Student Performance Data

Academic Performance English Learner Progress

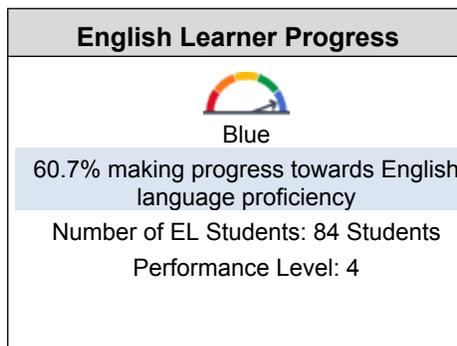

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides a view of the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2023 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2023 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
11	14	0	46

Conclusions based on this data:

There is a discrepancy between the performance level of English Learners as compared to English proficient students. It is concerning that no students maintained their Level 4 status. Teachers will continue to provide both integrated and designated ELD to help increase English Learner proficiency. All teachers will integrate appropriate scaffolding techniques to bridge and grow students' current oral and written language levels in reading, writing, listening and speaking. Oral and written language supports and scaffolds will also be integrated throughout all core subject areas by classroom teachers to help English Learners better access grade level subject matter. Our Leadership Team will analyze "glows and grows" in different classrooms and across grade levels to help identify and promote better outcomes for all EL students.

School and Student Performance Data

Academic Engagement Chronic Absenteeism

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2023 Fall Dashboard Chronic Absenteeism for All Students/Student Group		
All Students Red 35% Chronically Absent Increased Significantly 7.9 611 Students	English Learners Red 32.4% Chronically Absent Increased Significantly 5.2 185 Students	Foster Youth Less than 11 Students 3 Students
Homeless 35% Chronically Absent Declined -2 40 Students	Socioeconomically Disadvantaged Red 39.3% Chronically Absent Increased Significantly 9.6 468 Students	Students with Disabilities Red 46.9% Chronically Absent Increased 10.6 130 Students

2023 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 5 Students	Less than 11 Students 1 Student	 Yellow 14.3% Chronically Absent Declined -3.4 35 Students	 Orange 12.5% Chronically Absent Increased 3.1 32 Students
Hispanic	Two or More Races	Pacific Islander	White
 Red 38% Chronically Absent Increased Significantly 7.7 492 Students	20% Chronically Absent Increased 4.6 15 Students	Less than 11 Students 6 Students	28% Chronically Absent Increased 20.9 25 Students

Conclusions based on this data:

Chronic absenteeism is a high level concern for all students at Brekke and disproportionately impacts students and families identified as socioeconomically disadvantaged and with disabilities. We will frequently monitor attendance and put programs in place to address concerns and challenges. School staff, including the outreach coordinator, school counselor, attendance tech, and administrators, will meet regularly to monitor student attendance, identify students at-risk for chronic absenteeism, and develop and implement appropriate and meaningful supports, services, and incentives to increase students' positive attendance. School staff will provide support to families including recommendations and referrals to Ventura County-based social services, counseling, or other community-based services or programs with the intention of offering families support to address barriers which negatively impact student attendance.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2023 Fall Dashboard Suspension Rate for All Students/Student Group		
All Students	English Learners	Foster Youth
 Blue 0.5% suspended at least one day Declined Significantly -1.2 627 Students	 Green 1.6% suspended at least one day Declined -0.4 190 Students	Less than 11 Students 3 Students
Homeless	Socioeconomically Disadvantaged	Students with Disabilities
 Blue 0% suspended at least one day Maintained 0 43 Students	 Blue 0.6% suspended at least one day Declined Significantly -1.6 480 Students	 Orange 1.5% suspended at least one day Increased 0.7 132 Students

2023 Fall Dashboard Suspension Rate by Race/Ethnicity

African American	American Indian	Asian	Filipino
<p>Less than 11 Students 7 Students</p>	<p>Less than 11 Students 1 Student</p>	<p align="center">  Blue 0% suspended at least one day Maintained 0 35 Students </p>	<p align="center">  Orange 3% suspended at least one day Increased 3 33 Students </p>
Hispanic	Two or More Races	Pacific Islander	White
<p align="center">  Blue 0.4% suspended at least one day Declined Significantly -1.7 504 Students </p>	<p align="center"> 0% suspended at least one day Maintained 0 15 Students </p>	<p align="center"> Less than 11 Students 6 Students </p>	<p align="center"> 0% suspended at least one day Maintained 0 26 Students </p>

Conclusions based on this data:

Brekke's suspension rate for 2023-2024 was at 0%. Our PBIS team will continue to prioritize other means of correction and restorative practices for students and families.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Language Arts and Math

All students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Brekke will ensure all students will achieve high academic standards in a nurturing, creative environment that prepares students for college and career opportunities.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase the capacity of teachers to deliver effective data-driven instruction
 To provide equipment, materials and technology resources that support high quality instruction
 To provide opportunities for teachers to collaborate to improve teaching and learning

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
CAASPP ELA	<p>Based on preliminary 2024 Data.</p> <p>Percentage of students who Met/Exceeded standards:</p> <p>Overall: 52%</p> <p>In 3rd grade, 55%</p> <p>In 4th grade, 49%</p> <p>In 5th grade, 52%</p>	<p>Students will demonstrate growth by moving across the bands.</p> <p>Brekke will Increase the percentage of students who will Meet or Exceed state standards by:</p> <p>11% in 3rd grade 10% in 4th grade 15% in 5th grade</p> <p>The students who scored in the Met or Exceeded range from the prior year will continue to stay in those levels.</p>

Reclassification - 3rd-5th grades	21 students or 15% of our total EL population were reclassified.	Increase percentage of reclassified students to 25%.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/ Activity #	Description	Students to be Served	Proposed Expenditures
1.1	Provide grade levels with the necessary support to deliver quality Tier 1 instruction. Teachers will be given time to plan using the outcomes outlined in our Brekke Purposeful Planning Document. In addition, school administrators will set clear expectations, perform learning walks (classroom visits), and provide feedback to support instruction.	All Students	No additional cost No additional cost
1.2	Provide opportunities for collaboration focused on discussing data, reflecting on teacher practices, and ensuring students are learning. The leadership team will meet to discuss, plan and develop support for teachers and students with implementation of the adopted ELA, ELD, math, social studies and science curricula. Provide time for grade level and vertical teams to plan first instruction, analyze data, monitor student progress	All Students	3,000.00 LCFF 1000-1999: Certificated Personnel Salaries Leadership Team Meetings

	towards mastering ELA, math, and ELD standards, discuss common assessments, and identify intervention and enrichment opportunities during scheduled grade level meetings.		
1.3	Teachers will be provided with summer professional development opportunities offered by the district with an emphasis on a Balanced Literacy Approach and strategic mathematical practices.	All Students	District Funded 1000-1999: Certificated Personnel Salaries Teacher extra time
1.4	Provide opportunities for staff to attend professional development training that supports first instruction in ELA, math, ELD, writing, social studies, and science curricula and best practices for technology (IE: CABE, NGSS, district trainings, VCOE, Lexia, ST Math, and Zearn).	All Students	1,800.00 LCFF 5000-5999: Services And Other Operating Expenditures Cost for professional development
1.5	Enhance student learning through academic enrichment and field trips.	All Students	1,197.00 LCFF 5000-5999: Services And Other Operating Expenditures Transportation 886.00 Title I 5000-5999: Services And Other Operating Expenditures Fees
1.6	Conduct student-monitoring conferences with teachers individually and/or in grade levels to address student-learning needs, identify students who need additional supports to meet grade level goals, and create SMART goals designed to target, promote and measure growth.	English Learners Students with Disabilities Socioeconomically Disadvantaged	4,500.00 LCFF - Intervention 1000-1999: Certificated Personnel Salaries Substitutes for monitoring meetings
1.7	Literacy Intervention Teacher will provide targeted instruction using LLI curriculum.	English Learners Students with Disabilities Socioeconomically Disadvantaged	District Funded 1000-1999: Certificated Personnel Salaries Salary & benefits
1.8	Provide appropriate operating costs to ensure full access to equipment, materials, supplies and services to support our core instructional programs and equipment repairs. Provide repairs or replace instructional and office technology equipment. 1.20	Conduct school-wide and grade level competitions to encourage Lexia, Zearn and ST Math usage. Provide incentives for students meeting Lexia, Zearn and ST Math goals.	All Students	1,000.00 LCFF 4000-4999: Books And Supplies Incentives
1.21	Provide two Intervention Service Providers to support ELA and Math instruction in grades 1-5. This will allow grade levels to identify and target small groups of students and instruct in areas of identified need.	English Learners Socioeconomically Disadvantaged Students with Disabilities	33,254.00 Title I 1000-1999: Certificated Personnel Salaries ISP teacher salary 33,254.00 LCFF 1000-1999: Certificated Personnel Salaries ISP teacher salary
1.22	All grade levels will participate in the district-wide OSD Creates! Showcase designed to demonstrate our OSD Student Profile.	All Students	No additional cost
1.23	Teachers will continue to incorporate the Depth of Knowledge (DOK) and Achievement Level Descriptors in the classroom to provide a deeper understanding of grade level mastery for all students in all academic areas. The DOK level will be matched with the level indicated in the Instructional Blueprints for each grade level.	All Students	No additional cost

1.24	Use ELPAC, Star and ELD assessments to group students for daily designated ELD instruction in order to improve student ELPAC levels, help reclassify students, and meet the English Learner Progress Indicator. Provide incentives/awards for those who meet their goals.	English Learners	2,502.00 Title III 4000-4999: Books And Supplies Awards for students meeting ELPAC goals and or reclassifying
1.25	Conduct progress monitoring of English Learners, Long Term English Learners (LTELs) and recently reclassified students as outlined in the EL Master Plan and corresponding SMART goals as needed to help support progress.	English Learners	No additional cost
1.27	Provide tutoring opportunities for our English Learners focusing on overall language development and constructing and justifying mathematical and language arts claims in order to increase achievement. Teachers will offer after school tutoring and enrichment opportunities to meet student needs. This could include small group targeted instruction in reading and math and/or enrichment opportunities such as robotics and pickleball.	English Learners	6,280.00 Title III 1000-1999: Certificated Personnel Salaries Teacher extra hours 3,500.00 LCFF - Intervention 1000-1999: Certificated Personnel Salaries Teacher extra hours
1.28	Provide opportunity for an ELAC member to attend a bilingual education conference (CABE) to help support community and family involvement for our English Learner families.	English Learners	3,000.00 Title III 5800: Professional/Consulting Services And Operating Expenditures Conference costs
1.30			
1.31	The After School Program will be offered to students in grades TK-5 and will provide enrichment for students through opportunities for collaborative learning and enrichment lessons. Teacher Liaison and Site Coordinator will be designated for the After School Program to coordinate communication with the after school program and help it support school needs by organizing curriculum, providing modeling, mentoring, and professional development for after school staff.	All Students	ASES

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Overall, we implemented the strategies and activities in our SPSA. We saw varying levels of academic growth within and across grade levels. Next year, will be looking at levels of fidelity regarding the implementation of our strategies/activities and assessing potential opportunities for more support, training and/or accountability measures.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

We hoped to offer more opportunities for teacher-led after school tutoring in all grade levels for both our English Learners and students identified as in need of additional academic support. Next year, we hope to maximize opportunities for after school tutoring.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

One major difference is the addition of a second ISP (Strategy 1.21) to help support improved math and ELA outcomes for our fifth graders. We see that in 2023-2024, our fourth grade CAASPP scores were at 30% for math and 49% for ELA. Using a research-based program and SMART goals, along with Best, First Instruction tenets and a strong MTSS framework, we intend to remediate and accelerate academic outcomes for our 2024-2025 fifth graders, particularly for our English Learners and students identified as socio-disadvantaged and/or with disabilities.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 2

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Social Emotional Support and School Climate

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase positive attendance
 To decrease the suspension rate
 To increase positive behavior
 To ensure a safe environment
 To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Attendance Rate	Average school wide attendance - 92%	Average school wide attendance will increase by 3% Average attendance rate of 95% percent or higher in each grade level.
Panorama Survey (student SEL competencies and learning supports/environments)	Favorable percentages: 3rd-5th grades (student perception data): Student Engagement - 68% Growth Mindset - 63% Self-Management - 69% Social Awareness - 72% Emotion Regulation - 48% Teacher Student Relationships - 72% Sense of Belonging - 73% K-2nd grades: (teacher perception data): Emotion Regulation - 75% Social Awareness - 65% Self-Management - 51%	3rd-5th grades: Show an increase of 5% in Growth Mindset, Self- Management, Teacher Student Relationships, and Sense of Belonging. Show an increase of 9% in Emotion Regulation. K-2nd grades: Increase all areas by 5%

Office Referrals	Office referrals - 40	Decrease the total number of office referrals by 10%.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/ Activity #	Description	Students to be Served	Proposed Expenditures
2.1	Analyze student PBIS, teacher referrals and Panorama data to identify areas of need and individual students that are in need of social emotional support.	All Students	
2.2	Maintain a site PBIS team to lead school in the continual implementation of the district adopted PBIS approach. Team will convene monthly to support the creation, implementation and revision of PBIS tenets and strategies. This year we will focus on our Panorama data; specifically the sense of belonging, student-teacher relationships and a growth mindset. In addition, the team will meet to develop possible action plans to support teachers who have concerns regarding engagement and participation.	All Students	500.00 Title I 1000-1999: Certificated Personnel Salaries PBIS extra hours
2.3	Provide start-of-the-year PBIS training during in-service days for all certificated and classified staff to improve student safety and promote social emotional well-being.	All Students	No additional cost
2.4	PBIS team to attend trainings for continued advancement in PBIS practices.	English Learners Socioeconomically Disadvantaged Students with Disabilities	District Funded 5800: Professional/Consulting Services And Operating Expenditures PD costs
2.5	Provide campus supervisors with PBIS training to help support structures and strategies in place to promote a positive school climate at Brekke.		200.00 Title I 2000-2999: Classified Personnel Salaries Extra hours for PBIS Training
2.6	Teachers will implement the STOIC approach (Structure for success, Teach expectations, Observe and monitor, Interact positively, Correct Fluently) and explicitly teach learning expectations for student behavior during instructional time to help reduce classroom disruptions and increase levels of academic engagement.	All Students	No additional cost
2.7	Provide motivational decals and signage around the common areas of the school to improve school climate and promote positive behavior awareness. Encourage students to follow the Brekke guidelines for success (Be Safe, Be Responsible, Be Respectful) and inspire them with Dolphin Dollars and other incentives.	All Students	4,000.00 LCFF 4000-4999: Books And Supplies Dolphin Dollars, signage, posters and incentives
2.8	Review and update site MTSS behavior pyramid as needed and continue its implementation using the	All Students	

	SST process in order to identify and monitor students in need of targeted intervention to address socio-emotional and behavioral needs that may be a barrier to academic success.		No additional cost
2.9	Increase Tier 1 SEL support school-wide through class visits using Tier 1 core curriculum during class visits delivered by the school counselor.	All Students	District Funded 1000-1999: Certificated Personnel Salaries Counselor salary & benefits
2.10	Provide Tier 2 research based individual and small group counseling services to students identified by Panorama and teacher observation data delivered by school counselor.	All Students	No additional cost
2.11	Facilitate community circles with students who are in need of behavior and/or socio-emotional support.	All Students	No additional cost
2.12	Implement mindfulness activities during structured breaks as self-care opportunities in class and in small group settings outside the classroom.	All Students	No additional cost
2.13	Provide Calming Kits to each class to support social-emotional well being.	All Students	600.00 Title I 4000-4999: Books And Supplies Items for kits
2.15	Counselor and ORC will organize and lead a Student Leadership Team to ensure student voice and participation in building school community and planning school spirit weeks.	All Students	District Funded 2000-2999: Classified Personnel Salaries ORC salary & benefits
2.16	Provide growth mindset journals and prompts to promote school connectedness and promote a growth mindset.	All Students	600.00 Title I 4000-4999: Books And Supplies Cost of books for students 1,000.00 LCFF 4000-4999: Books And Supplies Cost of books for students
2.17	Provide a Wellness Center (Dolphin Cove) that supports student socio-emotional needs and is utilized by individuals, groups or classes.	All Students	1,000.00 Title I 4000-4999: Books And Supplies Supplies for activities 3,000.00 LCFF 4000-4999: Books And Supplies Supplies to replenish Dolphin Cove
2.18	Encourage students to attend class daily and on time through classroom incentives and awards for perfect attendance. Attendance groups will be created to monitor and provide incentives for students in need of additional motivation.	All Students	1,000.00 Title I 4000-4999: Books And Supplies Attendance Incentives

2.19	Attendance rates will be monitored and SART and SARB meetings will be held for those students with excessive tardies or absences to reduce chronic absenteeism. The attendance reports will be analyzed monthly to better provide systems of support to help reduce chronic absenteeism and excessive tardies.	All Students	No additional cost
2.21	The SSC, ELAC and staff members will meet to review the School Safety Plan. Events will be planned that promote school safety and revisions will be made to improve ongoing emergency disaster preparedness. In addition, we will continue to partner with community services in conducting monthly emergency preparedness drills (fire, earthquake, and lockdown drills), conduct an inventory of emergency preparedness supplies currently available at the school and replenish and replace items as needed.	All Students	1,000.00 LCFF 4000-4999: Books And Supplies Emergency preparedness supplies
2.22	During the school day we will provide enrichment opportunities such as Spirit Weeks and pop-up dances at recess to promote a positive school culture, cultivate creativity and develop a growth mindset.	All Students	No additional cost
2.23	Give the Panorama survey three times yearly to identify SEL needs.	All Students	No additional cost
2.24	Facilitate transition presentations for 5th grade students moving to middle school and provide opportunities for our incoming kindergarten students to feel safe and connected with Brekke School.	All Students	No additional cost

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Overall, the implementation and effectiveness of our strategies and activities resulted in the achievement of our articulated goal. Our learning climate was consistently safe, drug-free and conducive to learning.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

We monitored attendance and held SART and SARB meetings will be held for many students with excessive tardies or absences to reduce chronic absenteeism. We did not monitor all students with excessive tardies or absences with fidelity.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

As stated in 2.19, we will implement monthly attendance monitoring protocols to ensure that we identify and support all students with excessive tardies or absences to reduce chronic absenteeism.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 3

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Parent and Family Engagement

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase communication through websites and social media so families and community members are well-informed about district and school instructional programs and activities and to support and increase family involvement in the educational and social-emotional well-being of our students.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Panorama Survey (Home/School communication)	82% of our families responded favorably to the family/school communication they receive. 24% of our families responded to this survey.	Maintain an 80+% favorable responses from families. Increase the number of participants by 10% to ensure the data is valid and reliable to use as a baseline.
Panorama Survey (Parent perception of overall social and learning climate)	84% of our parents responded favorably to the social and learning climate at Brekke School. 24% of our families responded to this survey.	Maintain an 80+% favorable response from families. Increase the number of participants by 10% to ensure the data is valid and reliable and use the data as a baseline.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/ Activity #	Description	Students to be Served	Proposed Expenditures
3.1	Create and distribute a family survey to gather input regarding topics of interest. This will drive our agenda for planning parent nights and increase attendance.	All Students	No additional cost
3.2	Coordinate ELAC and SSC Meetings, conduct a Needs Assessment, and provide parent/guardian education and training on topics of interest to increase parent involvement.	All Students	
3.3	Provide support for parents, staff and students in the area of attendance, resiliency and referrals to outside agencies by the Outreach Specialist (ORC) and School Counselor.	All Students	No additional cost
3.4	Provide a family orientation for incoming TK/K students to support the transition to school.	All Students	No additional cost
3.6	Counselor and ORC to provide seminars on topics of interest during parent events to support home-school connections and social-emotional learning.	All Students	500.00 Title I 1000-1999: Certificated Personnel Salaries Counselor extra time 500.00 Title I 2000-2999: Classified Personnel Salaries ORC extra hours
3.8	Conduct Back to School Night, Open House, trimester Coffee with the Principal/Team Meetings, and family events (such as our "Passport to Exemplary" and "Books, Bonding and Blankets"), focusing on community outreach, technology, district adopted apps and curricula, classroom expectations, systems of support and opportunities for family involvement.	All Students	1,000.00 LCFF 4000-4999: Books And Supplies Supplies for coffee with Principal/Team 500.00 Title I 2000-2999: Classified Personnel Salaries ORC Extra Time
3.9	Invite parents to Parent/Teacher Conferences in the Fall and Spring.	All Students	500.00 Title I 2000-2999: Classified Personnel Salaries Translation Services
3.10	Invite parents to SSTs, Section 504 Plan meetings, and IEP meetings to inform and provide the best possible interventions and supports for students; increase students' positive behavior/social-emotional well being and ELA, Math and/or ELD success as needed.	All Students	No additional cost
3.11	Maintain effective communication between school and home using Parent Square, email, fliers,	All Students	600.00 Title III

	website, social-media and by providing translation during meetings.		2000-2999: Classified Personnel Salaries Classified extra hours for translation
3.12	Consult the School Site Council for the review of School Compact and Parent Involvement Policy to help strengthen home-school partnerships.	All Students	No additional cost
3.14	Support PTA in providing parent events or additional enrichment activities for students in efforts to strengthen school/community and family/child relationships.	All Students	No additional cost
3.17	After School Program Parent Nights will be offered to provide families with nutrition education and strategies families can employ to assist students with healthy habits and school work.	All Students	ASES

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Overall, we met the overall implementation and effectiveness of the strategies/activities and achieved our goal. Our 2024 Spring Family Survey revealed an average favorability rate of 85% for our LCAP, school climate and family-school communication.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

We intended to increase family engagement in 2023-2024. According to our 2024 Spring Family Survey, we did increase family engagement by 3% for a total rating of 11%. We are striving for a much larger increase (at least 10%) in family engagement for the upcoming 2024-2024 school year.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We notice that our after school family events and ELAC meetings are not always well attended. Next year we will send home more paper-based fliers and newsletters to better publicize our monthly activities. We also intend to increase the number of phone calls home for specialized events to help increase participation.

Budget Summary

Complete the Budget Summary Table below. Schools may include additional information, and adjust the table as needed. The Budget Summary is required for schools funded through the Consolidated Application (ConApp).

Budget Summary

DESCRIPTION	AMOUNT
Total Funds Provided to the School Through the Consolidated Application	\$57,610.00
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$285,044.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0

Other Federal, State, and Local Funds

List the additional Federal programs that the school includes in the schoolwide program. Adjust the table as needed.

Note: If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.

Federal Programs	Allocation (\$)
Title I	\$45,228.00
Title III	\$12,382.00

Subtotal of additional federal funds included for this school: \$57,610.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Allocation (\$)
LCFF	\$121,656.00
LCFF - Intervention	\$8,000.00
Prop 28	\$97,778.00

Subtotal of state or local funds included for this school: \$227,434.00

Total of federal, state, and/or local funds for this school: \$285,044.00

Budgeted Funds and Expenditures in this Plan

The tables below are provided to help the school track expenditures as they relate to funds budgeted to the school.

Funds Budgeted to the School by Funding Source

Funding Source	Amount	Balance
Title I	45,228.00	0.00
Title III	12,382.00	0.00
LCFF	121,656.00	0.00
LCFF - Intervention	8,000.00	0.00
Prop 28	97,778.00	0.00

Expenditures by Funding Source

Funding Source	Amount
LCFF	121,656.00
LCFF - Intervention	8,000.00
Prop 28	97,778.00
Title I	45,228.00
Title III	12,382.00

Expenditures by Budget Reference

Budget Reference	Amount
1000-1999: Certificated Personnel Salaries	181,828.00
2000-2999: Classified Personnel Salaries	4,000.00
4000-4999: Books And Supplies	88,395.00
5000-5999: Services And Other Operating Expenditures	3,883.00
5800: Professional/Consulting Services And Operating Expenditures	6,938.00

Expenditures by Budget Reference and Funding Source

Budget Reference

Funding Source

Amount

1000-1999: Certificated Personnel Salaries	LCFF	41,454.00
2000-2999: Classified Personnel Salaries	LCFF	1,500.00
4000-4999: Books And Supplies	LCFF	75,705.00
5000-5999: Services And Other Operating Expenditures	LCFF	2,997.00
1000-1999: Certificated Personnel Salaries	LCFF - Intervention	8,000.00
1000-1999: Certificated Personnel Salaries	Prop 28	91,840.00
4000-4999: Books And Supplies	Prop 28	2,500.00
5800: Professional/Consulting Services And Operating Expenditures	Prop 28	3,438.00
1000-1999: Certificated Personnel Salaries	Title I	34,254.00
2000-2999: Classified Personnel Salaries	Title I	1,900.00
4000-4999: Books And Supplies	Title I	7,688.00
5000-5999: Services And Other Operating Expenditures	Title I	886.00
5800: Professional/Consulting Services And Operating Expenditures	Title I	500.00
1000-1999: Certificated Personnel Salaries	Title III	6,280.00
2000-2999: Classified Personnel Salaries	Title III	600.00
4000-4999: Books And Supplies	Title III	2,502.00
5800: Professional/Consulting Services And Operating Expenditures	Title III	3,000.00

Expenditures by Goal

Goal Number	Total Expenditures
Goal 1	268,544.00
Goal 2	12,900.00
Goal 3	3,600.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Cheri Scripter	Principal
Stephen Carrier	Classroom Teacher
Serena Chun	Classroom Teacher
Amy Hawkins	Principal
Araceli Garrido	Other School Staff
Renee Chandler	Parent or Community Member
Amanda Ochoa	Parent or Community Member
Torrey Rodriguez	Parent or Community Member
Jasmyn Tapia	Parent or Community Member
Lahna Truong	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 5/22/24.

Attested:

Principal, Cheri Scriptor on 5/22/24

SSC Chairperson, Renee Chandler on 5/22/24

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

Instructions: Table of Contents

- Plan Description
- Educational Partner Involvement
- Comprehensive Needs Assessment
- Goals, Strategies/Activities, and Expenditures
- Annual Review
- Budget Summary
- Appendix A: Plan Requirements for Title I Schoolwide Programs
- Appendix B: Select State and Federal Programs

For additional questions or technical assistance related to LEA and school planning, please contact the CDE's Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the LEA, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:

Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:

When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- **Strategy/Activity #:** Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- **Description:** Describe the strategy/activity.
- **Students to be Served:** Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- **Proposed Expenditures:** List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to EC Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- **Funding Sources:** List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
 - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
 - a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. Use methods and instructional strategies that:
 - i. Strengthen the academic program in the school,
 - ii. Increase the amount and quality of learning time, and
 - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. Strategies to improve students' skills outside the academic subject areas;
 - ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: Title 34 of the *Code of Federal Regulations (34 CFR)*, sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. *EC* sections 64001 et. seq.

Appendix B: Plan Requirements for School to CSI/ATSI Planning Requirements

For questions or technical assistance related to meeting federal school improvement planning requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

CSI Resources

For additional CSI resources, please see the following links:

- **CSI Planning Requirements** (see Planning Requirements tab):
<https://www.cde.ca.gov/sp/sw/t1/csi.asp>
- **CSI Webinars:** <https://www.cde.ca.gov/sp/sw/t1/csiwebinars.asp>
- **CSI Planning Summary for Charters and Single-school Districts:**
<https://www.cde.ca.gov/sp/sw/t1/csiplansummary.asp>

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Updated by the California Department of Education, October 2023

School Plan for Student Achievement (SPSA)

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Cesar E. Chavez TK-8 School	56725386055321	May 23, 2024	August 21, 2024

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California’s ESSA State Plan supports the state’s approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state’s Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Cesar E. Chavez TK-8 School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Cesar E. Chavez TK-8 School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

Cesar E. Chavez Academy of Literacy, Communication Arts, and Technology (CALCAT) serves students from Transitional Kindergarten through Eighth grade. Our school is committed to nurturing successful students who embody the OSD Student Profile by focusing on first instruction and commitment to writing across all grade levels. To achieve this objective, Chavez School offers two distinct programs: a research-based Dual Language Instruction (DLI) program and a Structured English Immersion (SEI) program. Middle school students have the opportunity to enhance their education through elective courses such as AVID, Environmental Science, and Journalism. Students are supported through the implementation of Positive Behavior Interventions and Supports (PBIS) and a Multi-Tiered System of Support.

Our district has developed a strategic plan, Oxnard Empowers, to fully realize our student profile and work towards achieving our Mission and Vision. Our Mission in the Oxnard School District is to cultivate self-confident and empowered multilingual global citizens, who are strong in their multiple identities and potential, and who achieve inspired levels of individual, community, and social accomplishment in both school and beyond. Our Vision can be summarized as Ignite, Transform, Nurture, Embrace.

To accomplish our goals, we adhere to a Theory of Action that involves committing to a vision of success, emphasizing the importance of clear and supportive classroom leadership, cultivating school leadership, benefiting from well-organized district leadership, and actively engaging with our families and community to foster a highly effective and equitable school environment. The district places significant focus on five strategic goals that serve as the foundation for sustainable school and district transformation: Student Academic Engagement and Achievement, Positive and Safe Learning Environment and School Climate, Guidance and Support to Sites, Family/Community Alliances for Student Success, and Transformational Leadership and Infrastructure. Our school goals are directly aligned with the goals our strategic plan.

All of our strategies and activities are designed to uphold the following pedagogical principles:

- Identifying, activating, and building upon student strengths.
- Affirming student identities by challenging the devaluation of minoritized students' identities.
- Establishing meaningful relationships that nurture equity and success.
- Actively engaging students in the learning process by amplifying their voices.
- Creating enriching environments that stimulate students' multilingual repertoires.
- Connecting learning to students' lives by relating it to their experiences.
- Encouraging high intellectual performance that helps students link their identities to academic engagement.
- Addressing the prerequisites for learning, including implementing pedagogical practices that challenge coercive power dynamics.

The staff at Chavez School has effectively put the district's strategic plan into action by creating strong professional learning communities (PLCs) and encouraging collaboration among grade-level and vertical teams to boost student learning. Our primary focus is on delivering high-quality first instruction through rigorous, standards-based lessons, and utilizing instructional strategies that allow for differentiated learning. Data analysis plays a crucial role in informing and guiding our instructional decisions.

We support these efforts by allocating dedicated time for PLCs and providing additional resources to ensure continuous collaboration throughout the year. This approach enables teachers to plan and deliver robust first instruction, develop common assessments, analyze student data, and respond effectively to the insights gained. The ultimate goal of our PLCs is to enhance student outcomes for all learners, including our unduplicated populations. The PLC model, based on the work of DuFour, revolves around four essential questions: What do we want our students to know and be able to do? How will we determine if they have learned it? How will we respond when they struggle to learn? How will we respond if they already know it? These questions frame discussions during PLCs.

Chavez School remains dedicated to shaping all students in accordance with the OSD Student Profile. The PLC process emphasizes the importance of having a Guaranteed Viable Curriculum (GVC) and excellent first instruction, while the

MTSS process provides support to students who may require additional assistance. This year, student monitoring conferences were introduced as part of the regular process to identify students and their barriers to success. The MTSS team, comprising administrators, the ORC, counselors, psychologists, and speech-language pathologists, will continue to meet regularly to address individual student concerns as well as broader systemic issues within the MTSS.

To provide targeted intervention services, we have categorized them as Tier II and Tier III services. These interventions are delivered by teachers during Universal Access and/or during the MTSS time. We also provide paraeducators to support the students during the intervention time. They work with students in small group settings in TK-5th grade classrooms.

Chavez School implements a full Biliteracy program in classes from transitional kindergarten to sixth grade. Our seventh and eighth grade students participate in a Spanish Literature class as an elective to support their Biliteracy instruction. The Biliteracy programs adopt research-based Biliteracy Unit Frameworks (BUFs) as its curriculum, with support from the District Office and on-site training. Teachers are provided with release time for training, collaboration, and planning, often replacing staff meetings or utilizing additional time after school.

At Chavez School, we operate under a distributed leadership model, which consists of two primary components: the Leadership team and the PBIS team. The Leadership team focuses on the development of the Single Plan for Student Achievement (SPSA) and facilitates communication with teachers within their respective grade levels. The PBIS team is responsible for supporting supporting teachers in the implementation of the school's behavior management method, establishing daily routines, and fostering a positive environment for students while addressing systemic discipline issues. Additionally, specialized committees such as the Safety Committee and the AVID team are in place, and teachers actively participate in the Parent-Teacher Association (PTA), School Site Council (SSC), and English Learner Advisory Committee (ELAC).

We firmly believe that learning can only thrive within a safe and positive environment. The PBIS committee oversees the implementation of the CHAMPS behavior management method, establishes daily routines, and fosters a positive school culture. Last year, the PBIS team updated the SOAR guidelines for success to make them more catchy and memorable for younger students, while ensuring the Spanish version maintains the same acronym letters.

Chavez Eagles are:

S - Safe
O - Organized
A - Accountable
R - Respectful

In Spanish:

Aguilas de Chavez son:

S - Seguras
O - Organizadas
A - Actúan Responsable
R - Respetuosas

These guidelines are prominently displayed throughout classrooms and the school, forming the basis for all established rules and expectations using the CHAMPS approach. The PBIS team continues to refine guidelines related to recess, cafeteria behavior, and hallway expectations.

Furthermore, Chavez School recognizes the significance of all educational partners, parents and community members as their involvement is critical to the success of our students. This year, Mindset Academy conducted multiple parent workshops with the intention of empowering parents to be education partners for our school community, which were highly valued and well-attended. Additionally, they facilitated student workshops with the intention of raising student engagement and self-esteem through reflection exercises and activities. Mindset Academy will continue to work with parents. Additionally, the Read, Write, Think Group provided a basis for incorporating intentional writing instruction on a daily basis. This year, we will continue with a professional development series aimed at enhancing teachers' ability to deliver impactful, data-driven writing instruction within a balanced literacy approach integrating reading, writing and content areas.

For the upcoming 2024-2025 school year, Chavez will utilize the services of the educational consulting group, Orenda Education, to focus on building highly effective teaching strategies and collective commitments to accelerate learning

through effective first instruction. We will continue the refinement and implementation of PLCs with a focus on teaching, monitoring, and refining the essential learning standards, ensuring adequate time for reteaching and integrating interventions within the school day. We will fully implement the observation-and-feedback cycle for all teachers and utilize student monitoring conferences in conjunction with our Multi-Tiered System of Support (MTSS) process to ensure a culture of learning for all. Furthermore, we will streamline committees and allocate them among the administration, which will be supported by the site administrators. The responsibilities for PBIS and school events will be further delegated to the ORC and school counselors.

To ensure effective communication, we disseminate event information through the Chavez website and Parent Square (email, voice, or text messages). Moving forward, we will utilize social media platforms as an additional communication, advertising and showcasing of school events.

Chavez School remains dedicated to aligning with the OSD Student Profile, ensuring every student has the opportunity to succeed academically and socially in a safe orderly environment.

Educational Partner Involvement

How, when, and with whom did Cesar E. Chavez TK-8 School consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

The administration actively engaged in collaborative discussions with parents from the School Site Council (SSC) and the English Learner Advisory Committee (ELAC), as well as teachers, during various leadership meetings, staff meetings, and grade level meetings. These consultations played a vital role in the planning process for the School Plan for Student Achievement (SPSA) or Annual Review and Update in the current academic year. Furthermore, a series of SPSA working sessions were conducted with members of the Leadership Team to facilitate the development and composition of the plan.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

The school allocated funds for two primary initiatives:

Teacher Release for Collaborative Planning: Funds were designated to enable teachers to have release time for collaborative planning sessions, supported by the school's Teacher on Special Assignment (TOSA).

After-School Tutoring: Funds were also allocated for teachers to provide small group after-school tutoring.

Halfway through the year, Chavez lost its dedicated Teacher on Special Assignment, who was essential for supporting the teachers during collaborative planning. This loss forced the school to depend on district TOSAs, who were less available than needed. As a result, the planned collaborative planning did not proceed as intended.

There was limited participation from both teachers and students in the after-school tutoring program, resulting in a significant portion of the allocated funds remaining unutilized. Consequently, these unutilized funds were reallocated to enhance teacher release time for collaborative planning with TOSA support.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the “Red” or “Orange” performance category.

Based on the California School Dashboard for Cesar Chavez School, the areas that need significant improvement include academic performance in both English Language Arts (ELA) and Mathematics. ELA was red. Mathematics was orange. To address these challenges, we are implementing several strategic initiatives:

- Professional Learning Communities (PLCs): Facilitating collaborative teacher teams to share best practices and develop targeted instructional strategies.
- Cycles of Inquiry: Engaging in continuous cycles of data-driven inquiry to identify student needs, implement interventions, and assess outcomes.
- Lesson Design Support: Assisting teachers in creating effective lesson plans that are aligned with grade-level standards and focused on student engagement and mastery.
- Monitoring Student Progress: Regularly tracking student performance to ensure timely interventions and support.

As we move forward, our primary focus will be on fostering continuous growth across all grade levels. We are committed to creating an environment where every student can thrive academically and emotionally. By maintaining a holistic approach and leveraging our successful strategies, we aim to achieve sustained improvement in all subject areas, with a particular emphasis on enhancing ELA performance. Our goal is to ensure that all students are equipped with the skills and knowledge necessary for their future success.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the “all student” performance.

There are no student groups where their performance level is two or more levels below the "all student" performance.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

In our Middle Schools, we noticed that there is a great discrepancy between the grades students receive and the performance toward grade level standards according to the local benchmark academic assessment (STAR) and the State Summative assessment (CAASPP). There is a greater number of students that according to their grades (A-C) are doing well academically than the percentage of students meeting grade level standards according to the STAR. This year, work began around teachers offering Retakes of Assessments and Reteaching of Concepts that students missed the first time to better support students' progress towards standards mastery.

School and Student Performance Data

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Cesar E. Chavez TK-8 School. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
American Indian	%	0.11%	%		1	
African American	1.02%	0.34%	0.26%	10	3	2
Asian	%	0.23%	%		2	
Filipino	0.31%	0%	%	3	0	
Hispanic/Latino	96.34%	97.5%	98.46%	947	857	765
Pacific Islander	0.10%	0%	0.13%	1	0	1
White	1.83%	1.71%	1.16%	18	15	9
Multiple/No Response	0.41%	0.11%	%	4	1	
Total Enrollment				983	879	777

Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	21-22	22-23	23-24
Kindergarten	83	91	68
Grade 1	85	75	69
Grade 2	116	77	72
Grade3	99	99	67
Grade 4	106	85	95
Grade 5	109	97	80
Grade 6	136	116	102
Grade 7	122	115	102
Grade 8	127	124	104
Total Enrollment	983	879	777

Conclusions based on this data:

The school is predominantly comprised of Hispanic/Latino students (98%), although it is important to note that this data does not fully capture the diverse characteristics within this population. Notably, a significant portion of students belong to the Mixteco indigenous community, which is included in the same demographic category. Students from Mixteco

backgrounds often navigate a trilingual environment, presenting challenges for parental support. Approximately 10% of our student body represents this group.

The majority of our students are second-generation U.S. born students, with many being children of long standing members of our community.

We are currently experiencing a decline in enrollment in our lower grade levels as families are moving out of Oxnard potentially due to the high cost of living in the area.

Given the overwhelming majority of Hispanic/Latino students, any actions taken to improve student outcomes will inherently impact the category of "Hispanic."

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
English Learners	565	569	511	56.50%	57.5%	65.8%
Fluent English Proficient (FEP)	201	152	158	27.20%	20.4%	20.3%
Reclassified Fluent English Proficient (RFEP)	31	63		9.8%	6%	

Conclusions based on this data:

The enrollment of English Learner (EL) students has surpassed 65%, marking the highest percentage in several years. Notably, our reclassification rate has shown a significant increase compared to previous years, with 14% of the total English Learner population (and 25% of students in 3rd -8th grade whom were eligible for reclassification) successfully transitioning out of the EL program by meeting the established criteria for Reclassification. Although the percent of students reclassified was also the highest in the last few years, it is essential to provide targeted support and interventions to middle school students who remain classified as English Learners, particularly Long-Term English Learners (LTELs), in order to help them meet the reclassification criteria sooner as the test progressively gets more difficult. Meanwhile, students in the primary grades of the Biliteracy program will prioritize the development of high levels in reading, writing, and oral communication. Additionally, our school-wide emphasis on writing across the curriculum will benefit EL students and establish a solid groundwork for the enhancement of reading and critical thinking abilities. This will not only better prepare students for the ELPAC, but also for the CAASPP assessments.

Recognizing the significant number of English Learners at Chavez and the pressing need for reclassification, we have prioritized the allocation of funds to ensure academic growth for this student population. Furthermore, it is crucial to develop additional support tailored to our Mixteco speaking students, as they possess unique needs stemming from the absence of a written Mixteco language and the typical progression of their language skills (Mixteco first, followed by Spanish, and then English) and support them through their journey of becoming Multilingual and Multicultural.

School and Student Performance Data

Star Early Literacy

Cesar E. Chavez TK-8 School											
		Less than Proficient				Proficient				Star Early Literacy Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade K	70	3	4%	10	14%	23	33%	34	49%	Level 3	834
Grade 1	68	30	44%	15	22%	18	26%	5	7%	Level 2	802
Grade 2	25	16	64%	5	20%	4	16%	0	0%	Level 1	862

Conclusions based on this data:

2nd graders are no longer regularly tested for Early Literacy, which is positive, as we no longer find a significant number of 2nd graders at pre-reading.

However, there is a concerning drop in proficiency scores for both Kindergarten and 1st grade. Last year, the proficiency rate for Kindergarten was 74%, this year it is 49%. For 1st grade, last year's rate was 26%, but this year only 7% were at the target goal.

For the upcoming year we will continue implementing targeted academic interventions to enhance literacy development during regular instructional hours. Teachers will engage in a three-week learning cycle to analyze data, reflect on their instructional practices and identify next steps. Additionally, teachers and administrators will meet at least three times per year to monitor student progress. Students not meeting the benchmark will receive interventions during MTSS, as well as before and/or after school. We will also work in collaboration with Orenda and work with the new teacher(s) in the grade level to provide targeted support in this area.

School and Student Performance Data

Star Reading

Cesar E. Chavez TK-8 School											
		Less than Proficient				Proficient				Star Reading Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 2	69	32	46%	20	29%	12	17%	5	7%	Level 1	893
Grade 3	69	32	46%	19	28%	13	19%	5	7%	Level 1	931
Grade 4	94	55	59%	14	15%	14	15%	11	12%	Level 1	969
Grade 5	80	47	59%	18	23%	11	14%	4	5%	Level 1	981
Grade 6	107	38	36%	47	44%	19	18%	3	3%	Level 2	1018
Grade 7	99	56	57%	16	16%	24	24%	3	3%	Level 1	1025
Grade 8	100	55	55%	27	27%	16	16%	2	2%	Level 1	1026

Conclusions based on this data:

The high number of students performing at levels 1 and 2 is concerning, especially as this trend is consistent across all grade levels. Except for 5th grade, 1s comprise the majority of average scores in Star testing. The fact that the average scores for all grade levels are at Level 1 highlights the urgent need to evaluate and adjust first instruction practices. Additionally, targeted remediation and intervention are necessary to help students catch up and reach grade-level expectations.

To address this, Chavez will partner with Orenda this year to identify and implement instructional practices that can accelerate student learning. Teachers will also continue to engage in a three-week learning cycle and participate in student monitoring conferences to review data and determine instructional focus areas.

School and Student Performance Data

Star Math

Cesar E. Chavez TK-8 School											
		Less than Proficient				Proficient				Star Math Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score

Conclusions based on this data:

The consistently high number of students performing at levels 1 and 2 across all grade levels is a significant concern. The higher the grade level the lower the percentage of students who are meeting or exceeding standards. According to the 23-24 end of the year scores, our second graders had the highest percent with 33% of our students who met or exceeded standards and 8th grade had the lowest percent with only 5% of students meeting or exceeding standards. The average scores for all grades being at Level 1-2 underscore the urgent need to reassess and improve initial instruction practices. Additionally, targeted remediation and intervention are essential to help students catch up and meet grade-level expectations.

To address this issue, Chavez will partner with Orenda this year to identify and implement effective instructional practices that can accelerate student learning. Teachers will also continue participating in a three-week learning cycle and student monitoring conferences to review data and determine areas of instructional focus.

School and Student Performance Data

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Conclusions based on this data:

According to the preliminary scores, the overall percentage of students at the Met or Exceeded Standards had a significant increase in most grade levels from 2022-2023 to 2023-2024 scores. The grade that demonstrated the highest increase in the percent of students in Met or Exceeded in ELA was 4th grade going from 15% in 22-23 to 24% in 23-24; while 7th grade scores were maintained at 24% of students in Met or Exceed both years. Effective strategies in 4th grade will need to be identified and shared. It is essential to highlight that 5th grade students had 18 percent more students who met or exceeded standards from when they took test as 4th graders.

An analysis of the student cohort reveals a noteworthy advancement for our 5th graders. Specifically, the proportion of students achieving or exceeding standards increased from 15% during their 4th-grade assessment to 24% during their 5th-grade evaluation, signifying a substantial improvement of 9%. Conversely, the 7th grade cohort exhibited the most substantial decline in the percentage of students meeting or exceeding standards, regressing from 18% in the 2022-2023 academic year to 10% in the 2023-2024 academic year thus far.

This data highlights the ongoing need for substantial efforts in enhancing Language Arts proficiency and standards. To address this, we have established grade-level professional learning communities for educators to engage in data-driven discussions and iterative cycles of inquiry. These endeavors aim to adapt instructional strategies and enhance student performance. It is evident that regular collaboration among grade-level teams is imperative to analyze student performance, establish specific, measurable, achievable, relevant, and time-bound (SMART) goals, administer shared formative assessments, and deliberate on the resultant data. This collaborative approach is essential to tailor instruction and interventions according to the diverse requirements of our students. Furthermore, a pivotal aspect involves ensuring that all instruction adheres to established standards, incorporates achievement level descriptors, and fosters student comprehension of learning objectives and assessment criteria. Regular deployment of formative assessments, closely resembling CAASPP questions, is crucial to facilitate swift evaluation of student progress and timely intervention to secure mastery. Additionally, this process will facilitate the identification and dissemination of effective pedagogical practices across multiple classroom settings, fostering a culture of collaborative learning.

Conclusions based on this data:

A preliminary analysis of the 2023-2024 CAASPP scores compared to the previous year's scores revealed positive trends. The percentage of students meeting or exceeding standards increased in all grades:

3rd grade improved from 27% to 35%, 5th grade from 9% to 15%, 6th grade from 6% to 7%, and 8th grade from 6% to 13%. Notably, all grade levels also displayed cohort-based improvement, except 4th grade which displayed a significant decline of 16 percentage points. However, math remains an ongoing concern, prompting our continued focus. To address this, we will support teachers in creating shared assessments to analyze learning and student data (grade-level standards) more frequently. Our Site Instructional Leadership Team will guide instructional and socio-emotional initiatives, collaborating with PLCs and instructional partners. Data discussions will steer instruction, intervention, and enrichment. Teachers are emphasizing math problem-solving and writing, utilizing student data for targeted interventions and Visible Thinking Classroom strategies to reduce learning gaps.

School and Student Performance Data

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](https://www.cde.ca.gov/ta/tg/te/elpac/) web page or the [ELPAC.org](https://elpac.org) website for more information about the ELPAC.

Conclusions based on this data:

Preliminary ELPAC scores, indicate that we progressively continue to increase the number of students scoring at Level 4 and Level 3. This year, we had 11% of English Learners reclassified during the 2022-2023 school year. (N=63), this was an increase from last year. Our school's emphasis on English Learners and language development allowed for more intentional focus and growth with our students. Our ELPAC Bootcamp and focus on English Learner strategies in and outside the classroom made a big difference. The data for the 2021-2022 and 2022-2023 school years indicates that the Writing Domain is the lowest scoring with 0/0% of all ELs scoring at Level 4 in grade 8 over the two prior years, with highest percentage of students scoring at 28.57% in level 4 in 4th grade. Because of this, our school will focus on writing across the all grades and curricular areas. Our school will be partnering with Read, Think, Write Group to incorporate more writing across all curricular areas.

School and Student Performance Data

California School Dashboard Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

2022-23 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
879	96.8	64.7	0.2
Total Number of Students enrolled in Cesar E. Chavez TK-8 School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2022-23 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	569	64.7
Foster Youth	2	0.2
Homeless	195	22.2
Socioeconomically Disadvantaged	851	96.8
Students with Disabilities	100	11.4

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	3	0.3
American Indian	1	0.1
Asian	2	0.2
Hispanic	857	97.5
Two or More Races	1	0.1
White	15	1.7

Conclusions based on this data:

If current patterns persist, it is projected that our enrollment for the current year will experience a minor decline. However, the percentages of English Learners (EL) and students with socio-economic disadvantages (SED) are expected to remain consistent with previous years. Our strategic focus on delivering robust initial instruction,

implementing targeted interventions informed by data analysis, and offering comprehensive support services to address the holistic needs of EL and SED students, as well as foster youth, homeless students, and those with disabilities, will persist. Notably, the percentage of students with disabilities has consistently shown an upward trend in recent years. Given the significant presence of English Learners in our school, it is imperative that we tailor our instruction to meet their specific needs and diligently monitor their progress to ensure continual improvement in language acquisition. To achieve this objective, teachers will diligently provide both Designated and Integrated English Language Development (ELD) instruction; hold students to high expectations, and provide students with high-yield academic supports.

School and Student Performance Data

Overall Performance

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

2023 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts Red	Chronic Absenteeism Yellow	Suspension Rate Yellow
Mathematics Orange		
English Learner Progress Green		

Conclusions based on this data:

1. Our K-8 school has dedicated substantial efforts toward fostering a positive school culture both within classrooms and throughout the campus, with a keen focus on attending to the academic and socio-emotional well-being of our students. According to the California School Dashboard for Cesar Chavez School, we have achieved significant improvements in several key areas: chronic absenteeism, suspension rates, and academic performance in both English Learner progress and Mathematics.

Despite these positive strides, the notable growth in English Learner progress did not translate to the ELA Indicator, which experienced a slight decline of 6.6 points. This highlights a critical area for continued improvement.

To address these challenges, we are implementing several strategic initiatives:

- Professional Learning Communities (PLCs): Facilitating collaborative teacher teams to share best practices and develop targeted instructional strategies.
- Cycles of Inquiry: Engaging in continuous cycles of data-driven inquiry to identify student needs, implement interventions, and assess outcomes.
- Lesson Design Support: Assisting teachers in creating effective lesson plans that are aligned with grade-level standards and focused on student engagement and mastery.
- Monitoring Student Progress: Regularly tracking student performance to ensure timely interventions and support.

As we move forward, our primary focus will be on fostering continuous growth across all grade levels. We are committed to creating an environment where every student can thrive academically and emotionally. By maintaining a holistic approach and leveraging our successful strategies, we aim to achieve sustained improvement in all subject areas, with a particular emphasis on enhancing ELA performance. Our goal is to ensure that all students are equipped with the skills and knowledge necessary for their future success.

 Red 76.5 points below standard Decreased -6.8 points 588 Students	Less than 11 Students 1 Student	Less than 11 Students 0 Students	64.4 points below standard Increased +12.3 points 12 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2023 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
112.2 points below standard Decreased Significantly -15.8 points 296 Students	41.8 points below standard Increased +3.1 points 126 Students	44.1 points below standard Increased +9.5 points 100 Students

Conclusions based on this data:

The analysis indicates that the majority of all student groups had experienced a decrease in their average scale scores, with the exception of the Homeless student group which had an increase of 7.1 points making it the only group not in red. However, it is noteworthy that students classified as current English learners (ELs) persistently exhibit the greatest disparity from the established standards. While long-term English learners (LTELs) remain a student group of particular concern, we are observing a positive trend of reclassifying students in all grade levels. To bridge the gap and reduce the deficit from the standards, it is crucial to provide comprehensive and effective initial instruction, incorporating both integrated and targeted English language development (ELD) interventions across all grade levels. Moreover, a specific focus on interventions tailored to ELs is necessary to facilitate their progress within this student group.

School and Student Performance Data

Academic Performance Mathematics

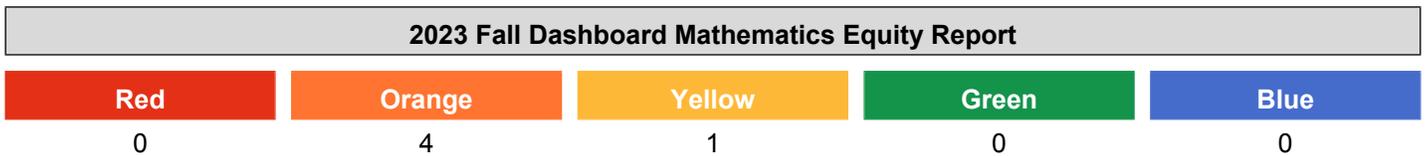

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the Mathematics assessment. This measure is based on student performance either on the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2023 Fall Dashboard Mathematics Performance for All Students/Student Group		
<p>All Students</p>  Orange 104.4 points below standard Increased +12.4 points 605 Students	<p>English Learners</p>  Orange 117 points below standard Increased +3.3 points 422 Students	<p>Foster Youth</p> <p>Less than 11 Students</p> <p>0 Students</p>
<p>Homeless</p>  Yellow 92.7 points below standard Increased Significantly +36.2 points 138 Students	<p>Socioeconomically Disadvantaged</p>  Orange 105.8 points below standard Increased +13.1 points 584 Students	<p>Students with Disabilities</p>  Orange 169.4 points below standard Increased +12.7 points 90 Students

2023 Fall Dashboard Mathematics Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 1 Student	Less than 11 Students 1 Student	Less than 11 Students 2 Students	 No Performance Color 0 Students
Hispanic	Two or More Races	Pacific Islander	White
 Orange 104.1 points below standard Increased +12.9 points 588 Students	Less than 11 Students 1 Student	Less than 11 Students 0 Students	116.7 points below standard Increased +6.3 points 12 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2023 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
127 points below standard Maintained -1.2 points 296 Students	93.6 points below standard Increased Significantly +16.3 points 126 Students	82.6 points below standard Increased Significantly +30.9 points 100 Students

Conclusions based on this data:

All student groups experienced an increase in their scale scores, with the Homeless group showing the highest growth (+36.2 points). However, the data indicates that English Learners still saw a decrease of 1.2 points. To address this, we must continue to strengthen first instruction. This should involve implementing intentional, standards-based instruction, providing targeted interventions, and continuously monitoring student progress toward mastering the standards. Additional measures are crucial, such as integrating writing into the mathematics curriculum and emphasizing problem-solving skills. Furthermore, fostering collaboration and knowledge-sharing among educators through Professional Learning Communities (PLCs) is essential. This will help disseminate effective practices and support continued growth across all student groups.

School and Student Performance Data

Academic Performance English Learner Progress

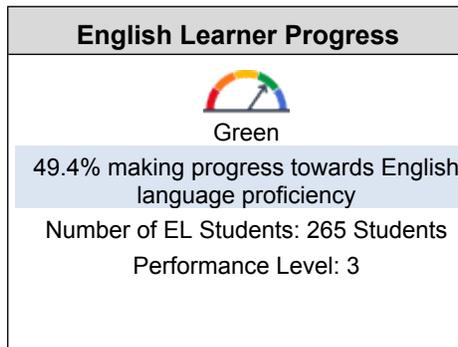

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides a view of the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2023 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2023 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
37	97	2	129

Conclusions based on this data:

Overall, our English Learner progress is strong, with 49.4% of our students making strides toward English proficiency. During the 2023-2024 school year 64 students were reclassified. This achievement was due to intentional planning and targeted small group interventions. To maintain this progress, teachers will focus on planning and employing instructional strategies that address specific domains where students struggle.

Throughout the year, data chats will be conducted with teachers to monitor the progress of EL students, identify areas of need, and emphasize the importance of the ELPAC Assessment and student outcomes. Both designated and integrated ELD will be implemented using district-adopted materials to support English Language Learner growth. Successful instructional practices will continue, and we are introducing Intervention Service Provider (ISP) to provide targeted interventions in small groups during MTSS time.

School and Student Performance Data

Academic Engagement Chronic Absenteeism

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2023 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 3 Students	Less than 11 Students 1 Student	Less than 11 Students 2 Students	 No Performance Color 0 Students
Hispanic	Two or More Races	Pacific Islander	White
 Yellow 27.2% Chronically Absent Declined Significantly -8.7 912 Students	Less than 11 Students 1 Student	Less than 11 Students 1 Student	28.6% Chronically Absent Declined -21.4 14 Students

Conclusions based on this data:

The percentage of students displaying chronic absenteeism remained relatively stable across all subgroups, with the exception of the homeless subgroup, where a noticeable change was observed. In light of this, our ORC will be implementing an attendance incentive program aimed at reducing chronic absenteeism and promoting regular student attendance. The issue of the correlation between absenteeism and student academic performance is being actively addressed through various means such as parent meetings, telephone conversations, and individual student interventions. We are currently focused on identifying the underlying causes of absences and collaborating with families to overcome barriers hindering attendance.

School and Student Performance Data

Conditions & Climate Suspension Rate

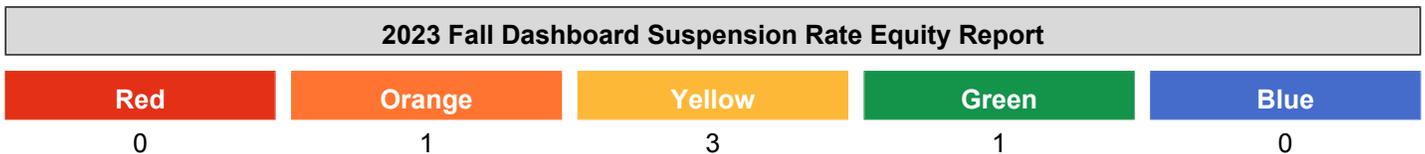

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2023 Fall Dashboard Suspension Rate for All Students/Student Group		
<p>All Students</p>  Yellow 3.5% suspended at least one day Declined Significantly -2.5 963 Students	<p>English Learners</p>  Yellow 3.1% suspended at least one day Declined Significantly -1.3 606 Students	<p>Foster Youth</p> <p>Less than 11 Students 3 Students</p>
<p>Homeless</p>  Green 2.2% suspended at least one day Declined Significantly -4.2 231 Students	<p>Socioeconomically Disadvantaged</p>  Yellow 3.7% suspended at least one day Declined Significantly -2.6 929 Students	<p>Students with Disabilities</p>  Orange 6.3% suspended at least one day Declined -4 127 Students

2023 Fall Dashboard Suspension Rate by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 4 Students	Less than 11 Students 1 Student	Less than 11 Students 2 Students	 No Performance Color 0 Students
Hispanic	Two or More Races	Pacific Islander	White
 Yellow 3.5% suspended at least one day Declined Significantly -2.5 938 Students	Less than 11 Students 1 Student	Less than 11 Students 1 Student	6.3% suspended at least one day Declined -2.8 16 Students

Conclusions based on this data:

The data demonstrates a decline across all student groups. The combined efforts of our PBIS team, implementation of some restorative justice practices, and emphasis on fostering a positive school climate have resulted in a reduction of office referrals for offenses that traditionally warranted suspension. However, it is important to note that certain issues, which were previously addressed through alternative corrective measures, may still necessitate the use of suspension as a disciplinary action. An example of this is the escalating use of vaping among middle school students. Matters like vaping will be proactively addressed through various means, including expectation assemblies, presentations on the effects of vaping, SEL class lessons, and engagement with parent groups such as English Learner Advisory Committee. This year, our focus will be to:

- Strengthen restorative justice practices that focus on mediation and agreement rather than punishment.
- Strengthen the existing PBIS framework to promote positive behavior. Continue to recognize and reward students who demonstrate good behavior and meet SOAR expectations.
- Offer professional development for teachers on classroom management techniques, conflict resolution to help them handle disciplinary issues more effectively and reduce the need for suspensions.
- Implement early intervention programs to identify and support at-risk students before behaviors escalate to the point of suspension.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Language Arts and Math

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

All students will reach high academic standards in reading and mathematics.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase the capacity of teachers to deliver effective first instruction and data-driven instruction
To provide opportunities for teachers to collaborate to improve teaching and learning
To provide equipment, materials and technology resources that support high quality instruction

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome

Kindergarten- 1st grade: English Star Early Literacy Assessment	Year of Assessment 2023-2024	Year of Assessment 2024-2025

1.39	After School Program Parent Nights will be offered to provide parents with nutrition education, hands-on tips, games and strategies parents can employ to assist students with healthy habits and schoolwork.	All Students	ASES No additional cost
1.40	Hold academic competitions, events, and experiences for students to develop and showcase the characteristics of the Student Profile (ex. spelling bees, African American speech contest, Youth Cinema Project, Battle of the Books, Pathway Towards Biliteracy, etc.)	All Students	District Funded 1000-1999: Certificated Personnel Salaries No additional costs

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Overall, the implementation of activities was successful, with most activities being carried out as planned. We have observed promising growth in certain areas. For instance, the percentage of students reclassified this year increased to 14%, marking a 3% rise from the previous year. Some individual teachers have adopted new practices in instruction, intervention, grading, and maintaining high standards for students. In these classrooms, there has been a noticeable improvement in student outcomes. However, to achieve a broader impact across the entire school, these practices need to be consistently implemented. The leadership team has also become more proactive in establishing the tone and expectations for all teachers, which will be crucial in driving the necessary cultural and practical change moving forward.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Early in the year, our site-based TOSA left for another position, resulting in insufficient follow-up on many of our strategies and plans. Despite this, all budgeted items, including Read Write Think, 3-week cycles, Mindset Academy, Art Trek, and substitutes for planning, were utilized as planned. No major budget changes occurred.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

This year, we are establishing a partnership with Orenda Group, which will serve as the main support provider for implementing PLCs, 3-week cycles, and instructional practice changes going forward (Activity 1.4). Additionally, increased funding has been designated for substitutes to facilitate collaborative planning days for K-6 DLI teachers,

aiding in the development of strong lesson design (Activity 1.15). Furthermore, the California Ed Partners "On Track" program is slated to continue into the next year (Activity 1.6).

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 2

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Social Emotional Support and School Climate

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase positive attendance
 To decrease the suspension rate
 To increase positive behavior
 To ensure a safe environment
 To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Attendance Rates Chronic Absenteeism	Based on the ADA report run on 5/17/24, Chavez had an overall Enrollment of 782 students with 92.97% Average Daily Attendance Rate. 147 students were chronically absent = 18%	Increase Chavez attendance rate to 98%. Decrease the amount of student chronic absenteeism by 10%. Previous goal almost met (26% last year).
Suspension Rates	As of report run on 5/17/24, the number of suspension incidents was 23.	Decrease the amount of school suspensions by 50%.
Panorama Survey	Winter 2023 Data as of 5/17/24: Grades 3-5 Teacher Student Relationships: 75% Sense of Belonging: 67% Social Awareness: 65% Engagement 63%	Increase the percent of students in each category by 10%.

	Growth Mindset 62% Self-Management 61% Emotional Regulation 53% Grades 6-8 Self Management 60% Teacher-Student Relationships 53% Social Awareness 51% Growth Mindset 46% Emotional Regulation 42% Sense of Belonging 38% Engagement 28%

2.4	School Counselors will work with students and families regarding behavior and social-emotional	All Students	District Funded

	concerns, individually and/or in small groups or the class setting. The focus for this year will be establishing consistent groups for emotional regulation and social skills. (Tier I, II, & III)	Students with Disabilities English Learners Hispanic Students with Disabilities Socioeconomically Disadvantaged	1000-1999: Certificated Personnel Salaries Counselor salary
2.5	Hold monthly awards assemblies for TK-5 and Trimester Award assemblies for middle school to recognize improvement, academic success, and behavior/citizenship. Once per trimester, students who have been present 100% of the time will be recognized. Hold an end of the year award celebration to present: "Soaring Eagle Award" (academics), "Cesar Chavez Award" (citizenship and character), "Rising Eagle Award" (improvement), "Club180" (attendance) to encourage student motivation for high achievement, character development, and attendance.	All Students	2000 LCFF 4000-4999: Books And Supplies Incentives (t-shirts for Soaring Eagle and Attendance)
2.6	Mitigate interpersonal issues and self-regulation to decrease suspension incidents, student discipline data will be monitored at the end of each trimester by administration and PBIS Team to identify trends and patterns of behavior and types of incidents. This data will serve to reevaluate the structures and procedures and identify additional needs in supporting student positive behavior.	All Students	District Funded 1000-1999: Certificated Personnel Salaries Counselor, ORC, admin salaries
2.7	The school will hold regular MTSS and Student Success Team (SST) meetings to identify students in need of more support.	All Students English Learners Socioeconomically Disadvantaged Students with Disabilities	District Funded 1000-1999: Certificated Personnel Salaries Teachers and Subs District Funded 1000-1999: Certificated Personnel Salaries Health Benefits
2.8	Host events to build school spirit and community, including the Sports Banquet, Talent Show, Winter Showcase, 8th grade celebration activities, etc.	All Students	PTA/PTO
2.9	Reinforce structure on the playground to support students in making positive choices and create a safer play environment for students. Areas are color coded to correspond to the activities and equipment that can be used in certain areas, (i.e. basketball courts will be the orange area and only basketballs should be used in that area). Equipment will be replenished.	All Students	2000 LCFF 4000-4999: Books And Supplies Playground equipment and signage
2.10	Wellness Center will be open for student use as well as used as a center for planned activities at lunch and other unstructured times to provide a space for students to learn social-emotional skills and build relationships with peers. It will also be open as a Homework space for students identified	All Students English Learners Students with Disabilities	District Funded 1000-1999: Certificated Personnel Salaries Counselor salaries

	as at-risk through Operation Si Se Puede (See Goal 1, Activity 1.3).	Socioeconomically Disadvantaged	
2.11	The Safety Committee will revise and monitor the Comprehensive School Safety Plan and provide Disaster Preparedness training to staff. All staff and students will participate in emergency preparedness drills: fire drills (monthly); earthquake drills (bi-monthly); lockdown drills (2x's yearly); and a Schoolwide Evacuation (once a year).	All Students	500 LCFF 1000-1999: Certificated Personnel Salaries Safety Committee extra hours 1000 LCFF 4000-4999: Books And Supplies Materials and supplies
2.12	Campus supervisors will monitor students before school, at lunch, at recess, and in the hallways and passing periods. The school will provide professional development by continuing to train campus supervisors in effective ways to support students with positive behavior and discipline. Training will include CHAMPS, PBIS, and NCPI.	All Students	District Funded 2000-2999: Classified Personnel Salaries 8 Campus Assistants salaries 1500 LCFF 2000-2999: Classified Personnel Salaries Campus Supervisor extra hours 560 LCFF 3000-3999: Employee Benefits Campus supervisor benefits
2.13	In order to support the Core Academics of students, the Administration, ORC, and Counselor will hold regular social skills and "Guidelines for Success" assemblies once per trimester. For the first 3 weeks of school all teachers will focus on establishing classroom expectations, setting routines and procedures, and build student relationships.	All Students	District Funded 1000-1999: Certificated Personnel Salaries Staff Salaries
2.14	Kinder through eighth grade students will participate in the Panorama Social Emotional Learning Survey to identify individual student needs, to identify school trends, and provide Tier II interventions.	All Students	District Funded 1000-1999: Certificated Personnel Salaries Counselor salaries
2.15	To increase meaningful participation, school connectedness and build school culture, spirit weeks will be implemented throughout the year following the district identified Monthly themes and a schoolwide flag salute will be conducted once weekly with positive message and recognition of students.	All Students	District Funded 1000-1999: Certificated Personnel Salaries Counselors and ORC salaries
2.16	Student attendance will be monitored on a biweekly basis by the attendance tech, ORC, and administration to identify trends and patterns of attendance in order to support students and families. Identified students will be placed on attendance contracts, incentives will be provided, parents will be conferenced with, and home visits will be conducted. Regular tardy sweeps will be implemented for middle school.	All Students Students with Disabilities	LCFF 4000-4999: Books And Supplies Incentives (See Goal #1.33) District Funded 1000-1999: Certificated Personnel Salaries Staff Salaries

2.19	Efforts to increase student voice and agency will include administration establishing and meeting monthly with student focus groups: 3-5 and 6-8 ("Eagle Advisory Group").	All Students	District Funded 1000-1999: Certificated Personnel Salaries No Additional cost
2.29	Parents and guardians of English Learners in need of supports and strategies for student behavior expectations may be referred by the ORC to Parenting Workshops, such as Project2Inspire, Triple P Classes, and Loving Solutions.	English Learners	District Funded 2000-2999: Classified Personnel Salaries ORC salary

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

The implementation of various PBIS components was highly successful. Following a site visit by a PBIS evaluator, we proceeded to apply for Silver PBIS recognition through the California Coalition of PBIS. Additionally, several new traditions were initiated, such as the introduction of SOAR tickets and the Día Del Nino event, aimed at fostering a stronger sense of school community. This year, new sports were introduced, leading to a notable rise in school spirit. However, challenges arose in maintaining consistent counseling groups, student voice advisory groups, and whole school assemblies during the latter part of the year.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Budget allocation was expanded to include planning days for the PBIS team. Additionally, funding for a Wellness Center was secured at the conclusion of the 2022-2023 school year, and its construction and implementation were carried out over the course of this year. No further variances were noted between the budget and actual expenditures.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Following the success of this year's PBIS planning day, the budget now includes additional planning days (Activity 2.1). Moreover, the utilization of the Wellness Center has been incorporated into the plan (Activity 2.10).

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 3

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Parent and Family Engagement

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase communication through websites and social media so parents and community are informed about district and school instructional programs and activities
To facilitate parent involvement in the educational and social-emotional well-being of their children

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Increase Parent Participation in ELAC Meetings	An average of 15 parents attended ELAC meetings, meeting our goal of increasing by 100% (6) from the previous year.	Increase parent attendance to ELAC Meetings by 100% this year as measured by the parent sign in sheets for each meeting.
Parent Needs Assessment Survey	39 parents responded to the survey. Previous goal of 25% not met.	To have 25% of the parents respond to the survey.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/Activity #	Description	Students to be Served	Proposed Expenditures
3.1	Title 1 meetings will be held to inform parents of school goals, programs, and activities twice a year, at the beginning and the end of year. These will be the Back to School Night in the Fall and Open House in the Spring.	All Students	District Funded 1000-1999: Certificated Personnel Salaries Teacher salaries
3.2	The parent compact will be developed and revised at parent meetings.	All Students	District Funded 1000-1999: Certificated Personnel Salaries Staff salaries

3.3	The Parent Involvement Policy will be developed and revised in collaboration with School Site Council.	All Students	District Funded 1000-1999: Certificated Personnel Salaries Staff salaries
3.4	Parent Education will be provided by the school, which will include transition to HS, to Middle School, TK/K Orientation, out of Kindergarten, Early Literacy, A-G requirements, creating email accounts and pairing to students' CANVAS accounts, and signing parents up to Parent Square in order to facilitate communication and increase parent and family involvement in schools. 3.11	Parent Teacher Association (PTA) meetings will be scheduled and agendas will be developed with parent input.	All Students	District Funded 1000-1999: Certificated Personnel Salaries Staff salaries
3.12	Invite parents of EL students whom been reclassified to a Reclassification Celebration. Conduct outreach to parents of students who did	English Learners	500 Title III

	not qualify to explain the impact and risk of becoming Long Term English Learners, what supports are provided and how they can support.		4000-4999: Books And Supplies Refreshments and medals
3.13	The school will provide opportunities for parents to attend site based and other parent trainings to help increase student success, such as District Office training, teacher parent education nights, and CAFE parent professional development for both teachers and parents.	English Learners	Title III 5000-5999: Services And Other Operating Expenditures CAFE conference (See Goal 1.32)
3.14	The school will provide support to homeless and foster youth families through the school counselor, outreach specialist and Social Worker. Their needs will be communicated through the ORC to the site staff and will include home visits.	Foster Youth Homeless	District Funded 2000-2999: Classified Personnel Salaries ORC salary District Funded 1000-1999: Certificated Personnel Salaries Counselor salary
3.15	Coordinate English Learner Advisory Council (ELAC) meetings and jointly develop agendas with parent input. Students of parents who attend the meeting will be provided with an incentive to encourage more participation.	English Learners	741 Title III 4000-4999: Books And Supplies Refreshments
3.16	Administration and School Counselor will hold meetings for Middle school parents of students who get Ds and/or Fs on their Progress Reports to talk about expectations, explain supports and give information to parents of how they can support their student at home. Additionally, topics that will be addressed are: the importance of attendance, A-G Requirements, Promotion Requirements and Calculating the GPA. Hold a Middle School Orientation day where parents will be educated on how to support their middle school child, requirements for promotion, preparation for high school, and to pick up schedules, meet teachers, and other information to facilitate the transition to middle school.	All Students	District Funded 1000-1999: Certificated Personnel Salaries Staff salaries
3.17	Work with PTA to offer family and community events (ex. Día Del Niño, Día De Los Muertos, lunch on the lawn, etc.) to strengthen school culture and parent involvement.	All Students	None Specified
3.18	Invite parents of 8th grade students to participate in their child's promotion to high school celebration ceremony.	All Students	500 LCFF 4000-4999: Books And Supplies Materials and supplies for promotion
3.19	Conduct a Parent Needs Survey to help identify parent needs and supports for students.	All Students	District Funded 1000-1999: Certificated Personnel Salaries Staff salaries
3.20	Recruit parent liaisons (one per class) and chaperones during the Back to School Night and other beginning of the year events to use them as a way to further promote parent involvement and	All Students	District Funded 1000-1999: Certificated Personnel Salaries

	communication for our Parent Committee meetings (ELAC Meetings, SSC Meetings, PTA) and other events (Coffee with the Principal, Parent Family Events, etc..). Provide an orientation/training for parent liaisons.		Staff salaries
3.21	To improve home-school communication and parent involvement, a monthly newsletter will be sent via ParentSquare and the school website with upcoming activities, resources, and reminders.	All Students	District Funded 1000-1999: Certificated Personnel Salaries Parent Square contract

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

The execution of strategies proceeded according to plan, although parent engagement remains an ongoing challenge. Encouragingly, there were notable improvements, particularly evident during community events like Día de los Muertos and Día del Niño, which saw significant parent and community involvement. Furthermore, the PTA has experienced a robust rebuilding year, marked by efforts to replenish funds and bolster membership. However, we need to continue efforts of communicating with our families and increase parent involvement.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There were no significant differences between intended implementation and budgeted expenditures.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We plan on Incorporating orientation days for kindergarten (Activity 3.4) and middle school to assist parents in preparing for their students' transition (Activity 3.16). Enhanced emphasis will be placed on recruiting and training parent liaisons (Activity 3.20). To enhance home-school communication and increase parent involvement, a monthly newsletter will be distributed via ParentSquare and the school website, featuring upcoming activities, resources, and reminders (Activity 3.21).

Budget Summary

Complete the Budget Summary Table below. Schools may include additional information, and adjust the table as needed. The Budget Summary is required for schools funded through the Consolidated Application (ConApp).

Budget Summary

DESCRIPTION	AMOUNT
Total Funds Provided to the School Through the Consolidated Application	\$121,823.00
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$454,369.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0

Other Federal, State, and Local Funds

List the additional Federal programs that the school includes in the schoolwide program. Adjust the table as needed.

Note: If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.

Federal Programs	Allocation (\$)
Title I	\$79,921.00
Title III	\$41,902.00

Subtotal of additional federal funds included for this school: \$121,823.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Allocation (\$)
LCFF	\$116,693.00
LCFF - Intervention	\$53,920.00
Prop 28	\$161,933.00

Subtotal of state or local funds included for this school: \$332,546.00

Total of federal, state, and/or local funds for this school: \$454,369.00

Budgeted Funds and Expenditures in this Plan

The tables below are provided to help the school track expenditures as they relate to funds budgeted to the school.

Funds Budgeted to the School by Funding Source

Funding Source	Amount	Balance
Title I	79,921.00	0.00
Title III	41,902.00	0.00
LCFF	116,693.00	0.00
LCFF - Intervention	53,920.00	0.00
Prop 28	161,933.00	0.00

Expenditures by Funding Source

Funding Source	Amount
LCFF	116,693.00
LCFF - Intervention	53,920.00
Prop 28	161,933.00
Title I	79,921.00
Title III	41,902.00

Expenditures by Budget Reference

Budget Reference	Amount
1000-1999: Certificated Personnel Salaries	167,714.00
2000-2999: Classified Personnel Salaries	42,406.00
3000-3999: Employee Benefits	53,105.00
4000-4999: Books And Supplies	69,838.00
5000-5999: Services And Other Operating Expenditures	30,456.00
5700-5799: Transfers Of Direct Costs	3,000.00
5800: Professional/Consulting Services And Operating Expenditures	87,850.00

Expenditures by Budget Reference and Funding Source

Budget Reference	Funding Source	Amount
1000-1999: Certificated Personnel Salaries	LCFF	35,900.00
2000-2999: Classified Personnel Salaries	LCFF	2,950.00
3000-3999: Employee Benefits	LCFF	8,769.00
4000-4999: Books And Supplies	LCFF	37,689.00
5000-5999: Services And Other Operating Expenditures	LCFF	2,000.00
5700-5799: Transfers Of Direct Costs	LCFF	3,000.00
5800: Professional/Consulting Services And Operating Expenditures	LCFF	26,385.00
2000-2999: Classified Personnel Salaries	LCFF - Intervention	39,256.00
3000-3999: Employee Benefits	LCFF - Intervention	14,664.00
1000-1999: Certificated Personnel Salaries	Prop 28	107,000.00
3000-3999: Employee Benefits	Prop 28	24,025.00
4000-4999: Books And Supplies	Prop 28	30,908.00
5000-5999: Services And Other Operating Expenditures	Title I	18,456.00
5800: Professional/Consulting Services And Operating Expenditures	Title I	61,465.00
1000-1999: Certificated Personnel Salaries	Title III	24,814.00
2000-2999: Classified Personnel Salaries	Title III	200.00
3000-3999: Employee Benefits	Title III	5,647.00
4000-4999: Books And Supplies	Title III	1,241.00
5000-5999: Services And Other Operating Expenditures	Title III	10,000.00

Expenditures by Goal

Goal Number	Total Expenditures
Goal 1	442,106.00
Goal 2	10,247.00

Goal 3

2,016.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Bertha Anguiano	Principal
Elsa Cortes	Classroom Teacher
Javier Herrera	Classroom Teacher
Rosalinda Rodarte	Classroom Teacher
Jesus Herrera	Other School Staff
Florencia Zavala	Parent or Community Member
Ines Gonzalez	Parent or Community Member
Beatriz Perez Palma	Parent or Community Member
Alicia Fabian Lopez	Parent or Community Member
Emma Valencia	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on May 23, 2024.

Attested:

Principal, Bertha M. Anguiano on

SSC Chairperson, Florencia Zavala on

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

Instructions: Table of Contents

- Plan Description
- Educational Partner Involvement
- Comprehensive Needs Assessment
- Goals, Strategies/Activities, and Expenditures
- Annual Review
- Budget Summary
- Appendix A: Plan Requirements for Title I Schoolwide Programs
- Appendix B: Select State and Federal Programs

For additional questions or technical assistance related to LEA and school planning, please contact the CDE's Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the LEA, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:

Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:

When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- Strategy/Activity #: Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- Description: Describe the strategy/activity.
- Students to be Served: Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- Proposed Expenditures: List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to EC Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- Funding Sources: List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
 - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
 - a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. Use methods and instructional strategies that:
 - i. Strengthen the academic program in the school,
 - ii. Increase the amount and quality of learning time, and
 - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. Strategies to improve students' skills outside the academic subject areas;
 - ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: Title 34 of the *Code of Federal Regulations (34 CFR)*, sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. *EC* sections 64001 et. seq.

Appendix B: Plan Requirements for School to CSI/ATSI Planning Requirements

For questions or technical assistance related to meeting federal school improvement planning requirements, please contact the CDE’s School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education’s “Using Evidence to Strengthen Education Investments” at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

CSI Resources

For additional CSI resources, please see the following links:

- **CSI Planning Requirements** (see Planning Requirements tab):
<https://www.cde.ca.gov/sp/sw/t1/csi.asp>
- **CSI Webinars:** <https://www.cde.ca.gov/sp/sw/t1/csiwebinars.asp>
- **CSI Planning Summary for Charters and Single-school Districts:**
<https://www.cde.ca.gov/sp/sw/t1/csiplansummary.asp>

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Updated by the California Department of Education, October 2023

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

Florencia Zavala

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on May 23, 2024.

Attested:

Principal, Bertha M. Anguiano on May 23, 2024

SSC Chairperson, Florencia Zavala on

5/24/2024

School Plan for Student Achievement (SPSA)

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Curren School K-8	56725386055263	May 29, 2024	August 21, 2024

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California’s ESSA State Plan supports the state’s approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state’s Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Curren School K-8 for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Curren School K-8 for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

Curren School is driven by a vision to empower every student not only to acquire knowledge but also to embody it. Our mission is to enable all children to take ownership of their learning, exercise their burgeoning autonomy, explore avenues for defining their own versions of success, and develop into responsible members of our global society. Our committed staff endeavors to educate students within a culturally proficient climate, fostering academic success, lifelong learning, and productive citizenship. We place a strong emphasis on developing literacy and biliteracy skills and nurturing social competence. At Curren School, we are dedicated to delivering an exceptional educational program, aiming to empower students not only to acquire knowledge but also to apply it effectively. We believe in equipping students with the tools they need to become proficient in all content areas and fostering independent acquisition of knowledge. While we spare no effort in providing comprehensive support, we recognize that empowering students is the most profound gift we can bestow as educators. The ability to take ownership of their learning is a key attribute we prioritize within our mission statement. By empowering students to exercise their growing autonomy, discover opportunities for personal success, and assume responsibility as global citizens, we are able to focus on differentiation and whole student development.

Our primary focus centers on delivering effective first instruction, demonstrated by the integration of Common Core Standards, 21st-century skills, technology utilization, differentiated instruction, social-emotional and behavioral support, professional learning communities, and community engagement. We prioritize the alignment of instructional content standards, leveraging the structure and emphases of college- and career-ready mathematics as well as ELA/literacy standards. At Curren, this entails providing a clear set of math skills and concepts geared towards real-world problem-solving, as well as literacy skills centered around reading comprehension and effective oral communication. Curren School's plan is to adopt a dynamic and deliberate approach to instruction, fostering robust professional learning communities (PLCs) to support this endeavor. We firmly believe in offering a rigorous academic curriculum by employing data-driven instructional practices that necessitate collaboration and continuous improvement. Our aim is to provide sufficient time and support for both students and staff to thoroughly explore and comprehend the standards and their practical application to learning. Through these endeavors, we strive to cultivate lifelong learners who are equipped to meet the demands of an ever-changing world. Critical thinking, creativity, communication, collaboration, and character development (the 5 Cs) will remain focal points across all subject areas.

While our main focus is on academic excellence, we also place great importance on character education and leadership development. These qualities are particularly crucial in the current political and social landscape. Our goal is to cultivate strong leaders who are empathetic, responsible, and capable of contributing to our local and national communities. Recognizing that parental involvement is a critical factor in students' educational success and reaching their full potential, we actively promote and facilitate engagement from our parent community and stakeholders. These opportunities include, but are not limited to, the English Learner Advisory Committee (ELAC), Parent Teacher Association (PTA), and School Site Council (SSC). We also encourage parents to play an active role by attending our additional Open House in the spring, Math and Literacy Nights, monthly Coffee with the Principal meetings, and other parent engagement initiatives to further support and foster meaningful and productive opportunities for parents to engage in their child's academic and socio-emotional growth.

We are also continually implementing and refining our PBIS-CHAMPS approach to ensure that all students' academic and socio-emotional needs are met, fostering the achievement of high academic standards across all content areas while nurturing the socio-emotional growth of our students within a safe, positive learning environment. At Curren School, our entire staff is committed to strengthening our partnerships with parents to increase parental involvement and achieve the goals outlined in our School Plan for Student Achievement.

Additionally, Oxnard School District has created an strategic plan in order to ensure that we fully develop our student profile and work toward fulfilling our Mission and Vision. The school planned actions are all within the recommendations of the OSD Strategic Plan goals.

Mission: In Oxnard School District, we nurture self-confident and empowered multilingual global citizens, strong in their multiple identities and potential, who achieve inspired levels of individual, community, and social accomplishment in school and beyond in their endeavors.

Vision: Ignite, Transform, Nurture, Embrace.

Our strategies/activities support our values and principles: Equity and Excellence; Safe and Affirming Environments; Achievement/Performance, Multilingualism, Global and Socio-Cultural Competence; Relationships built on Integrity, Mutual Trust, Respect and Caring; and Professional Accountability and Service. Our goals can be realized by following a Theory of Action, which constitutes committing to a vision of success; to be relentless in clarifying and supporting classroom leadership; to build school leadership; to benefit from organized district leadership; and to engage our families and community, which will lead us to become a highly effective and equitable school.

A guiding focus for the district is on five strategic goals which form the framework for powerful and sustainable school and district transformation: Student Academic Engagement and Achievement; a Positive and Safe Learning Environment and School Climate; Guidance and Support to Sites; Family/Community Alliances for Student Success and Transformational Leadership and Infrastructure.

All of our strategies/activities are designed to further these pedagogical principals:

1. Identify, activate, and build on student strengths.
2. Affirm student identities by challenging the devaluation of minoritized students' identities.
3. Establish powerful relationships that nurture equity and success.
4. Engage students actively in the learning process. by amplifying student voice.
5. Create environments of enrichment, rather than remediation, that engage students' multilingual repertoires.
6. Situate learning in the lives of students by connecting to their lives.
7. Elicit high intellectual performances that help connect students' identities to academic engagement.
8. Address the prerequisites for learning, including incorporating pedagogical practices that challenge coercive relations of power.

Educational Partner Involvement

How, when, and with whom did Curren School K-8 consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

The development of the School Plan for Student Achievement (SPSA) at Curren School involved active participation from teachers, staff, and governance Education Partner groups. The School Leadership Team conducted a series of meetings on April 10, 11, 15, 17 and May 20, 2024 to address and discuss the three SPSA goals and corresponding actions. These meetings served as platforms for collaborative decision-making and strategic planning. To analyze baseline data and establish expected academic goals for the 2024-2025 school year, grade level teams met as Professional Learning Communities (PLCs) on May 7, 2024. This PLC meetings utilized data from Spring Star assessments, focusing on Early Literacy, Reading, and Math. Discussions also encompassed identifying necessary supports and resources required to meet the academic outcomes outlined in the SPSA.

On April 23, 2024, the School Principal shared the revised SPSA with all teachers and support staff. This meeting provided an opportunity to discuss the SPSA goals, review grade-level outcomes/goals, and examine the strategies and activities proposed to be implemented at the school. Additionally, the meeting addressed the allocation of the 2024-2025 budget for the identified initiatives.

The School Site Council convened on April 29 and May 29, 2024, to thoroughly review the main components of the SPSA and gain a comprehensive understanding of the three SPSA goals. During this meeting, the school council members provided input and recommendations for the site's SPSA. The Spring Star data from Fall assessments (Early Literacy, Reading, and Math) were reviewed, and a completed draft of the SPSA was presented for approval.

Furthermore, the English Learner Advisory Committee held meetings on April 26 and May 31, 2024, with a focus on reviewing the SPSA and providing input. Emphasis was placed on discussing strategies to support English Learners in their efforts to enhance English language proficiency levels and achieve reclassification. Activities aimed at enhancing parent engagement were also explored and discussed.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

Unfortunately, due to a shortage of substitutes, there was limited opportunity for dedicated days set aside for teacher pull-out collaboration during the instructional day, progress monitoring, and additional professional development beyond the designated Wednesday collaboration day, DLI training, and school-based professional development during the previous school year. The lack of available substitute teachers impacted the scheduling of these important activities.

After-school tutoring sessions were also affected due to limited staff availability. Staff members were unable to consistently offer after-school tutoring across grade levels, thereby limiting the number of students who could participate in additional interventions after school. Students in our special population group had limited participation, as only one special education teacher provided tutoring for our special education students.

It is important to note that a number of students have experienced traumatic situations outside of school, which has posed challenges for their attendance and full engagement during academic instruction. These difficulties have hindered their ability to fully participate in and benefit from instructional activities.

Given these constraints and circumstances, the school recognizes the need to address the shortage of substitutes. Additionally, the school is committed to providing a supportive and inclusive environment that acknowledges and addresses the impact of trauma on students' academic engagement and success. Efforts will be made to provide necessary resources and support systems to help students overcome these challenges and fully participate in their educational journey. These opportunities will be aimed at the start of the instructional day.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

Mathematics: Overall, students scored in the state low performance level of Orange, at 100.4 points below standard, but they did increase by 7.7 points from the previous year. The following student groups scored within the Orange level: English Learner, Hispanic, Homeless, and Socioeconomically Disadvantaged. Students with Disabilities scored within the Red performance level. To address and ensure growth in these areas, teachers will collaborate and plan with our District Math TOSA in effective mathematics instruction, lesson planning, and design. Additionally, teachers will continue working on identifying and selecting the Mathematics Priority Standards that each grade level will teach during the school year to support student math proficiency.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the "all student" performance.

English learners and Students with Disabilities scored two performance levels below the all student performance in ELA. The SPSA includes actions to ensure students make progress in this area during the 2024-25 school year. Specific MTSS time has been scheduled by grade level for students to receive specific intervention support during the school day. Students identified will receive intervention through the ISP in the areas identified. Students with Disabilities are two levels below the all student performance. Students will be monitored during instruction via the IEP goals to ensure they make the expected outcomes.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

Winter 2024 Panorama Social-Emotional Learning Survey: Student Competency & Well-Being Measures (SENSE OF BELONGING) - Grades 3-5 Panorama data for how well students regulate their emotions. For 3rd-5th grade students,

only 46% indicated they are able to regulate their emotions well. This indicates a need to continuously have dedicated Community Circle time regularly in these grade levels. This is a continued planned action for the coming school year.

Winter 2024 Panorama Social-Emotional Learning: Student Competency & Well-Being Measures (SENSE OF BELONGING) - Grades 6–8. Panorama for how attentive and invested students are in class. Students in 6th-8th grade indicated that only 34% responded favorably. This indicates a continuous need to engage students during instruction via instructionally engaging strategies during core instruction. Regularly practicing community circles, in addition to using high leverage instructional strategies have been planned to support student engagement.

School and Student Performance Data

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Curren School K-8. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
American Indian	%	0%	%		0	
African American	0.55%	0.22%	0.11%	5	2	1
Asian	0.33%	0.11%	0.11%	3	1	1
Filipino	0.22%	0.65%	0.68%	2	6	6
Hispanic/Latino	96.92%	97.07%	96.95%	881	894	857
Pacific Islander	%	0%	%		0	
White	1.76%	1.63%	1.70%	16	15	15
Multiple/No Response	0.22%	0.33%	0.45%	2	3	4
Total Enrollment				909	921	884

Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	21-22	22-23	23-24
Kindergarten	97	98	76
Grade 1	98	100	97
Grade 2	90	100	93
Grade 3	96	86	97
Grade 4	96	98	89
Grade 5	96	109	94
Grade 6	113	113	115
Grade 7	111	112	109
Grade 8	112	105	110
Total Enrollment	909	921	884

Conclusions based on this data:

Although there was a decrease in student enrollment for this school year, Curren School's enrollment and demographics have shown consistency compared to the previous year. The data indicates that the majority of our student population, accounting for almost 97% of students, identifies as Hispanic or Latino. Given this demographic composition, it is crucial to incorporate culturally relevant activities and lessons in the classroom to engage our families

and establish connections with their prior knowledge and background information. These practices contribute to creating an inclusive and supportive learning environment for our students.

It is worth noting that enrollment across different grade levels is evenly distributed, with the exception of Kindergarten, but without significant disparities among cohorts. The full implementation of the Dual Language Immersion program from Kindergarten through 6th grade has not resulted in any notable changes in the school's overall enrollment patterns.

The school recognizes the importance of valuing and embracing the cultural diversity within our student body. By acknowledging and incorporating students' cultural backgrounds, we can foster a sense of belonging and create educational experiences that resonate with their identities and experiences. Through culturally responsive teaching practices, we aim to empower our students and facilitate their academic and personal growth

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
English Learners	540	561	529	51.60%	59.4%	59.8%
Fluent English Proficient (FEP)	171	162	172	23.70%	18.8%	19.5%
Reclassified Fluent English Proficient (RFEP)				5.6%		

Conclusions based on this data:

Curren School has experienced an increase in the number of English Learners, with this student population now comprising to about 60% of our total enrollment. In 2023-2024, a total of 89 students met the criteria for reclassification based on their performance and district benchmarks from the 2023-2024 school year.

To effectively support our English Learners, it is crucial to incorporate culturally relevant topics and provide opportunities for students to make connections to their native language within the classroom. By doing so, we can enhance their engagement and create a more inclusive learning environment that respects their linguistic and cultural backgrounds.

One specific area of concern is the number of Long-Term English Learners (LTELs) in our middle school. We recognize the need for improvement in this regard. Based on the reclassification rates for the 2023-2024 academic year, middle school students have shown a slight increase in reclassification rates, approaching the rates achieved by students in grades 3-5.

Addressing the needs of our LTELs and ensuring their successful language development and academic progress is a priority for Curren School. By implementing targeted interventions, providing additional support, and adopting effective instructional strategies, we aim to improve reclassification rates and overall outcomes for our middle school English Learners.

Furthermore, ongoing assessment and monitoring of English Learners' progress will enable us to identify areas for improvement and tailor our instructional approaches to meet their specific needs. Through these efforts, we strive to foster language proficiency, academic achievement, and a sense of belonging for all our English Learners at Curren School in grades K-8.

School and Student Performance Data

Star Early Literacy

Curren School K-8											
		Less than Proficient				Proficient				Star Early Literacy Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade K	74	15	20%	14	19%	24	32%	21	28%	Level 3	795
Grade 1	94	43	46%	13	14%	24	26%	14	15%	Level 2	798
Grade 2	19	17	89%	2	11%	0	0%	0	0%	Level 1	754

Conclusions based on this data:

Second grade shows a notable drop in Early Literacy scores, most likely as a result of the number of second grade students being assessed with Early Star Reading and only those with identified reading needs are assessed with the Start Early Literacy benchmarks as they are monitored during interventions through the school trimesters. Continuous support will be needed. It should be noted that 2nd graders also take the Star reading test and these results do not reflect all students in second grade. Kindergarten scores are slightly higher than the previous school years. The scores are on par with those seen throughout the District. First grade scores show a need to support students with early literacy skills as 41% of students did not make the anticipated growth by the end of the school year.

School and Student Performance Data

Star Reading

Curren School K-8											
		Less than Proficient				Proficient				Star Reading Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 2	94	49	52%	27	29%	16	17%	2	2%	Level 1	861
Grade 3	94	53	56%	19	20%	9	10%	13	14%	Level 1	917
Grade 4	87	39	45%	17	20%	16	18%	15	17%	Level 2	989
Grade 5	86	43	50%	25	29%	12	14%	6	7%	Level 1	1001
Grade 6	118	48	41%	35	30%	30	25%	5	4%	Level 1	1004
Grade 7	107	47	44%	29	27%	27	25%	4	4%	Level 1	1035
Grade 8	108	27	25%	30	28%	45	42%	6	6%	Level 2	1076

Conclusions based on this data:

Data indicates that as students get older and progress through the assessment periods, they fall off their grade-level targets as rigor and complexity increase. End-of-the-year data shows that 2nd-8th grade At/Above Benchmark attainment is evenly and/or closely distributed between 18% and 49% of students in each grade level. The results are very similar in percentage numbers across all grade levels at the Urgent Intervention Level, with the exception of 8th grade. By the time they reach 8th grade, a large number of students (25%) are in the red urgent intervention zone, while 49% meet or exceed the benchmark by the end of the school year. This indicates that about half of the students are not properly prepared for the increased rigor and complexity in reading English. First instruction practices must be evaluated, monitored, and adjusted, along with targeted remediation and intervention, so that students can recover lost ground and reach grade-level targets.

School and Student Performance Data

Star Math

Curren School K-8											
		Less than Proficient				Proficient				Star Math Average	
		Level 1		Level 2		Level 3		Level 4

Conclusions based on this data:

Data indicates that as students progress from grade level to grade level, they fall off on their grade-level targets. Math scores are lower than reading and are evenly spread in the less than proficient and proficient zone. In first grade, 23% of students met their end of the year goals for math and percentages vary in all levels from grade to grade. However, by the 8th grade, that had reduced to 4%, which is not ideal for continuous growth, but does show some stability in the upper grades. This still indicates that students are not properly prepared for increased rigor and complexity in mathematics. First instruction practices must be evaluated, monitored and adjusted, along with targeted remediation and intervention, so that students can recover lost ground and reach grade level targets while meeting grade level expectancies and high level of academic achievement.

School and Student Performance Data

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Conclusions based on this data:

The 2023 CA School Dashboard indicated that our CAASPP testing results remained relatively consistent compared to the years preceding the pandemic. The data and analysis of results during the pandemic and up until now have shown minimal changes when compared to previous years. Notably, there was modest progress in Language Arts. Across grades 3 to 8, we observed a 2-3% increase in the proportion of students meeting or exceeding expectations in the 2022-2023 school year, as compared to previous CAASPP results. In grades 6 and 8, the percentage of students falling within the met/exceeds category has exhibited slight fluctuations from one school year to another.

Nevertheless, based on the preliminary data for 2023-2024, it is evident that two-thirds of our students continue to perform below grade level expectations. For 2023-2024, preliminary data is consistent with the previous year. Although most grade levels made growth in English Language Arts, seventh grade had a decrease of 4%, when comparing year to year data. Most other grades made a growth of 3-9% or maintained growth from previous year. The areas of greatest need continue to be in written language expression and research/inquiry. Students persist in encountering challenges when it comes to analyzing and presenting information effectively. Further examination of the preliminary data has revealed that processing text and applying knowledge are additional areas requiring attention. To enhance writing and research skills, it is imperative to provide students with explicit instruction in reading comprehension skills.

School and Student Performance Data

CAASPP Results Mathematics (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Conclusions based on this data:

The following analysis is derived from the preliminary data during the 2023-2024 CAASPP administration school year and remains predominantly similar to previous years, with some growth in three of the grade levels. Based on the data, the subject of mathematics emerges as the primary area of concern. Across most grade levels, student performance did not exhibit significant improvement and generally remained at the same percentage, with some growth in fourth, sixth, and eighth grade when compared to the period preceding the 2022-2023 school year. Notably, only approximately one out of every ten students met the grade-level standards in mathematics. Nevertheless, there has been a slight annual increase in scores during each CAASPP administration for select grade levels, although the percentage of students meeting or exceeding the standards has declined in third, fifth, and seventh grade levels when compared year-to-year. However, when data is compared to the previous year's grade level cohorts, most grade levels showed growth. This trend underscores the need for reviewing, analyzing, and further implementing the Common Core State Standards, with particular emphasis on the significance of rigorous first instruction.

For the upcoming school year, educators will prioritize targeted mathematics instruction, focusing on essential standards, to ensure students meet the standards and are adequately prepared for the 2024-2025 CAASPP administration. Teachers will require additional time to develop student-centered lessons that concentrate on the application of mathematical concepts, skills, and procedures within real-life contexts. Furthermore, students will benefit from increased exposure to Mathematics IABs (Interim Assessment Blocks) to ensure their familiarity with the test format and question types featured in the CAASPP. It is essential for students to be capable of articulating and justifying their mathematical reasoning while drawing evidence-based conclusions. Data analysis will rely on summative and interim assessments, enabling teachers to track student growth, identify areas of concern, and align classroom instruction with the key details and structure of the standards being taught.

School and Student Performance Data

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](https://www.cde.ca.gov/ta/tg/ela/elpac/) web page or the [ELPAC.org](https://elpac.org) website for more information about the ELPAC.

Conclusions based on this data:

The ELPAC (English Language Proficiency Assessments for California) results for the 2023-2024 academic year indicate a slight overall increase in the percentage of students performing at Levels 3 and 4 in language proficiency, while there has been a decrease in the percentage of students at Levels 1 and 2. It is important to note that English Language Learners (ELLs) constitute a significant portion of our enrollment, accounting for more than 60% of our school's demographics. Although reclassification rates have increased in the previous two years with students meeting the ELPAC criteria, further analysis of the 2023-2024 data has identified three areas needing improvement: Written Language, Writing Level, and Reading Level.

In the 2024-2025 school year, the focus will be to explicitly immerse students in key vocabulary instruction, particularly for upper-grade students in grades six through eight who have been at our school for multiple years. It is crucial to provide these students with multiple exposures to key vocabulary, allowing it to become integrated into their lexicon and facilitating its transfer to written language. Additionally, the data indicates that while students can participate in the test, there is a need to offer them multiple opportunities to practice and engage with narrative and expository texts throughout the school year. These text types serve as examples of well-developed language skills essential for interpreting and comprehending information effectively. A focus on writing across the content areas is crucial to positive student outcomes for the 2024-2025 school year.

School and Student Performance Data

California School Dashboard Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

2022-23 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
921	92.8	60.9	0.1
Total Number of Students enrolled in Curren School K-8.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2022-23 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	561	60.9
Foster Youth	1	0.1
Homeless	88	9.6
Socioeconomically Disadvantaged	855	92.8
Students with Disabilities	134	14.5

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	2	0.2
Asian	1	0.1
Filipino	6	0.7
Hispanic	894	97.1
Two or More Races	3	0.3
White	15	1.6

Conclusions based on this data:

The demographics of our school have remained largely consistent compared to the previous academic school years. Special population groups, including Homeless, Socioeconomically Disadvantaged students, and English Learners, continue to comprise a significant portion of our student enrollment. It is crucial to place greater emphasis on

aligning our goals and strategies to effectively serve to the needs of our diverse student demographics and special population groups, especially as we continue the roll out of our Dual Language Instructional Program into the middle school years this school year. Additionally, we have observed an increase in the percentage of Students with Disabilities, another special population group that requires focused attention and support. The data highlights that the majority of our school population identifies as Hispanic or Latino. Therefore, it is essential to incorporate culturally relevant activities and classroom lessons that actively engage our families and establish connections with their prior knowledge and background information, specifically related to their cultural identities.

School and Student Performance Data

Overall Performance

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

2023 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts Yellow	Chronic Absenteeism Yellow	Suspension Rate Yellow
Mathematics Orange		
English Learner Progress Green		

Conclusions based on this data:

1. The 2023 CA School Dashboard release indicates changes compared to previous administrations of the CAASPP performance level indicators. The analysis of the data remains largely consistent, English Learner progress by far had the largest growth to level four. The area requiring the most attention continues to be Math, followed by English Language Arts. English learners persist in performing below the expected grade level in Mathematics and Language Arts. Absenteeism rates have improved but not significantly, with a significant portion of students (approximately 9%) missing a substantial amount of instructional days. Chronic absenteeism will be a focus for

growth and improvement in the upcoming 2024-2025 academic year. Suspension rates have notably had a slight decrease from the previous school year, but the need for interventions and supports to address behavioral issues and reduce suspensions must be highlighted. It is worth noting that the data reveals a steady increase in suspensions in the years after to the pandemic, with a more pronounced rise observed in the immediate post-pandemic period. Additionally, socioeconomically disadvantaged students experienced a higher suspension rate. Although suspension rates for English learners, McKinney-Vento students, and foster youth decreased, there still remains a disproportionate suspension rate among various student sub-groups.

School and Student Performance Data

Academic Performance English Language Arts

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2023 Fall Dashboard English Language Arts Performance for All Students/Student Group		
All Students  Yellow 53.7 points below standard Increased +4 points 608 Students	English Learners  Red 72.3 points below standard Maintained -1.5 points 406 Students	Foster Youth Less than 11 Students 2 Students

 Yellow 54.2 points below standard Increased +5.3 points 591 Students	Less than 11 Students 3 Students	 No Performance Color 0 Students	Less than 11 Students 9 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2023 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
100.1 points below standard Decreased -4.7 points 263 Students	21.1 points below standard Increased +4.8 points 143 Students	43.9 points below standard Decreased -5 points 125 Students

Conclusions based on this data:

The academic performance in English Language Arts (ELA) has remained consistent compared to prior years. The analysis presented below is based on the 2022-2023 data results. It is evident that Hispanic students, who constitute a significant portion of our school demographics, performed below or near the standard in ELA. Socioeconomically Disadvantaged (SED) students performed slightly better than their non-SED peers in ELA, but both groups fell below the expected standard. The level of Distance from Met (DFM) varied across different grade levels and special population groups. Reclassified English Learners demonstrated a DFM of -21, indicating growth in their performance from the previous year. However, English-only students showed a DFM of -43, while English Learners displayed a DFM of -100 increasing the DFM. These results emphasize the need to enhance English Language Development (ELD) instruction and ensure that English Learners are provided with the necessary tools and support to access the curriculum effectively. This is particularly crucial for success in Dual Language Instruction (DLI) and during designated ELD periods in middle school.

School and Student Performance Data

Academic Performance Mathematics

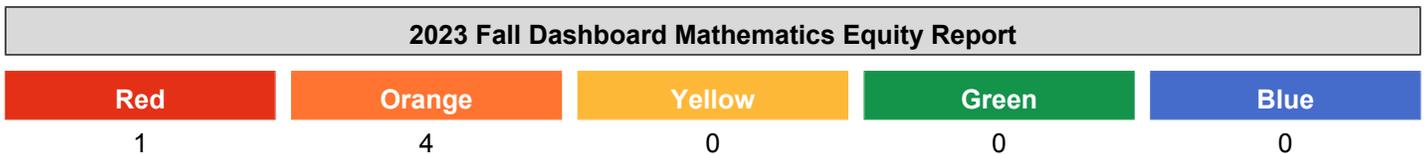

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the Mathematics assessment. This measure is based on student performance either on the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2023 Fall Dashboard Mathematics Performance for All Students/Student Group		
<p>All Students</p>  Orange 100.4 points below standard Increased +7.7 points 608 Students	<p>English Learners</p>  Orange 108.1 points below standard Increased +5.6 points 406 Students	<p>Foster Youth</p> <p>Less than 11 Students</p> <p>2 Students</p>
<p>Homeless</p>  Orange 109.8 points below standard Increased +12.4 points 59 Students	<p>Socioeconomically Disadvantaged</p>  Orange 105.4 points below standard Increased +5.8 points 571 Students	<p>Students with Disabilities</p>  Red 160.5 points below standard Decreased Significantly -22.1 points 96 Students

2023 Fall Dashboard Mathematics Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 1 Student	 No Performance Color 0 Students	Less than 11 Students 1 Student	Less than 11 Students 3 Students
Hispanic	Two or More Races	Pacific Islander	White
 Orange 100.7 points below standard Increased +9.4 points 591 Students	Less than 11 Students 3 Students	 No Performance Color 0 Students	Less than 11 Students 9 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2023 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
125.4 points below standard Maintained +1.1 points 263 Students	76.4 points below standard Increased +14.2 points 143 Students	96.9 points below standard Maintained +1.7 points 125 Students

Conclusions based on this data:

Based on the analysis of 2023 data, the academic performance in Mathematics at Curren School has remained consistent with previous years before the pandemic. However, a closer examination reveals that all significant subgroups have experienced a decline in their progress towards meeting grade-level standards (DFM). It is concerning that the majority of our students are currently performing below grade level, but there has been some improvement observed in their progress towards meeting these standards. When comparing the performance of different student populations, there was some positive movement among those who were tested. Specifically, English Learners and students from socioeconomically disadvantaged backgrounds (SED) showed some progress, albeit primarily in transitioning from the "standard not met" category to the "nearly met" category. On the other hand, the performance of our homeless students increased, while students with disabilities has shown a decline. These findings highlight the need for a thorough re-evaluation of our instructional practices, particularly in mathematics. It is imperative that we improve our teaching strategies and approaches to address the Priority Instructional Standards outlined for Math. To facilitate positive progress towards grade-level proficiency in mathematics, we must foster the development of critical thinking skills, problem-solving abilities, and conceptual understanding in both the standard practice and content. The data clearly indicates a need for improvement in our first instruction and mathematical teaching strategies and practices. Our school's focus should be on prioritizing the identified Priority Instructional Standards in Math and grade level/content collaboration. By cultivating habits of mind in students and providing consistent support in both the standard practice and content, we can empower them to make significant strides towards grade-level achievement in mathematics. This data analysis serves as a valuable guide for identifying areas requiring attention and implementing targeted interventions to enhance the academic performance of our students in Mathematics. Through collaborative efforts involving teachers, staff, and stakeholders,

we can work towards the shared goal of ensuring that all students at Curren School achieve grade-level proficiency in Mathematics.

School and Student Performance Data

Academic Performance English Learner Progress

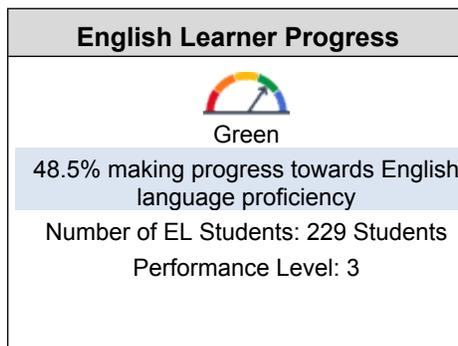

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides a view of the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2023 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2023 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
44	72	1	109

Conclusions based on this data:

The data analysis is based on the most recent recorded data in the school dashboard, which corresponds to the 2022-2023 academic year. There was a substantial increase, 48.5 points above the standard, for proficiency on the ELPAC. There has been an overall increase of 9-10% in the number of English Learners. This data highlights the importance of closely monitoring the progress of English Learners, particularly in the areas of Math and English Language Arts (ELA), as their performance in the CAASPP (California Assessment of Student Performance and Progress) scores has been consistently increasing but not as much as expected. These findings, based on previous ELPAC (English Language Proficiency Assessments for California) scores, emphasize the need to ensure that our instructional practices focus on the specific needs of our students.

To address these challenges, it is crucial to prioritize scaffolds and supports. Students at Level 2 proficiency still rely on English to fulfill immediate communication needs but often struggle to use English effectively for learning and communication across various topics and content areas. In classroom settings, they require moderate-to-light linguistic support, such as sentence frames, graphic organizers, and sensory aids, to actively participate in familiar social and

academic contexts. By focusing on these areas and implementing targeted strategies, we can better support our English Learners on their path to English language proficiency and academic success. Ongoing progress monitoring and the provision of appropriate scaffolds and supports will be essential in ensuring that our instruction effectively meets the needs of our diverse student population.

School and Student Performance Data

Academic Engagement Chronic Absenteeism

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2023 Fall Dashboard Chronic Absenteeism for All Students/Student Group		
All Students	English Learners	Foster Youth
 Yellow 28.9% Chronically Absent Declined Significantly -3.4 962 Students	 Yellow 26.1% Chronically Absent Declined Significantly -7.6 591 Students	Less than 11 Students 3 Students
Homeless	Socioeconomically Disadvantaged	Students with Disabilities
 Orange 26.9% Chronically Absent Declined -6.4 119 Students	 Yellow 28.5% Chronically Absent Declined Significantly -3.9 897 Students	 Yellow 35.6% Chronically Absent Declined Significantly -3.3 160 Students

2023 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 2 Students	 No Performance Color 0 Students	Less than 11 Students 1 Student	Less than 11 Students 6 Students
Hispanic	Two or More Races	Pacific Islander	White
 Yellow 28.4% Chronically Absent Declined Significantly -3.7 935 Students	Less than 11 Students 3 Students	 No Performance Color 0 Students	46.7% Chronically Absent Increased 2.9 15 Students

Conclusions based on this data:

Based on the data from the 2022-2023 academic year, special population groups within our school demographics continue to face higher rates of chronic absenteeism compared to their peers. Specifically, the Special Education and Homeless student populations show higher percentages of chronic absenteeism when compared to the Socioeconomically Disadvantaged and English Learner groups. These findings highlight the urgent need for targeted support to address this issue. The extra support provided to these at-risk groups must be tailored to meet their unique needs. A key focus should be on establishing strong, positive, and caring relationships between students, families, and school staff. Building these connections can help create a supportive and inclusive school environment where students feel valued and motivated to attend regularly.

Engaging learning activities are crucial to encourage student participation and attendance. By designing lessons that are relevant, interesting, and interactive, we can foster student engagement and create a positive learning experience. Additionally, it is essential to identify and address any barriers to attendance that these students may face. This could involve providing individual needs assistance, ensuring access to necessary resources, or offering additional support services as needed. By implementing these strategies and supports, we can work towards reducing chronic absenteeism among special population groups. By prioritizing student and family engagement, creating engaging learning opportunities, and addressing attendance barriers, we can promote regular school attendance and improve the overall educational experience and outcomes for these students.

School and Student Performance Data

Conditions & Climate Suspension Rate

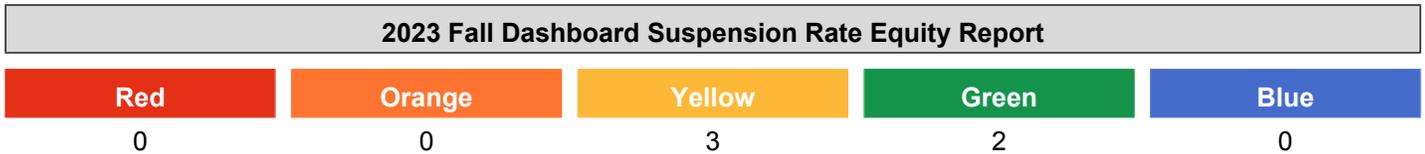

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2023 Fall Dashboard Suspension Rate for All Students/Student Group		
<p>All Students</p>  <p>Yellow</p> <p>3.1% suspended at least one day</p> <p>Declined -0.6 977 Students</p>	<p>English Learners</p>  <p>Green</p> <p>3% suspended at least one day</p> <p>Declined -0.3 601 Students</p>	<p>Foster Youth</p> <p>Less than 11 Students 4 Students</p>
<p>Homeless</p>  <p>Yellow</p> <p>4% suspended at least one day</p> <p>Declined -6.1 124 Students</p>	<p>Socioeconomically Disadvantaged</p>  <p>Yellow</p> <p>3.2% suspended at least one day</p> <p>Declined -0.5 911 Students</p>	<p>Students with Disabilities</p>  <p>Green</p> <p>1.8% suspended at least one day</p> <p>Declined Significantly -2.8 164 Students</p>

2023 Fall Dashboard Suspension Rate by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 2 Students	 No Performance Color 0 Students	Less than 11 Students 1 Student	Less than 11 Students 6 Students
Hispanic	Two or More Races	Pacific Islander	White
 Yellow 3.2% suspended at least one day Declined -0.6 950 Students	Less than 11 Students 3 Students	 No Performance Color 0 Students	0% suspended at least one day Maintained 0 15 Students

Conclusions based on this data:

Suspension rates for the 2022-2023 school year, as indicated in the release of the 2023 CA school dashboard, have shown a small decrease, which can be attributed to the PBIS positive school climate initiatives, SEL lessons and Mindset Academy student workshops. Analyzing the data from the previous year, it is evident that suspension rates have decreased for various special population groups. Specifically, the rates for socioeconomically disadvantaged students, English learners, McKinney-Vento students, and Foster Youth had small decreases. Disproportionality in suspension rates among these student groups is a concern that needs to be addressed. To address disparities, a tiered level of support is necessary. It is crucial to focus on implementing alternate means of correction that allow students to remain in their instructional setting while still addressing behavioral issues. This approach can help minimize disruptions to their learning and provide opportunities for students to learn from their mistakes and grow.

Furthermore, the data clearly highlights the need for culturally responsive pedagogy, trauma-informed practices, and restorative justice opportunities in schools. Culturally responsive pedagogy ensures that instructional strategies and classroom environments acknowledge and respect the cultural backgrounds and experiences of students. Trauma-informed practices recognize and address the impact of trauma on students' behavior and well-being. Restorative justice approaches focus on repairing harm, building relationships, and promoting positive behaviors within the school community. Exploring alternatives to suspensions modules and Mindset student workshops. By incorporating these approaches, our school can work towards reducing suspension rates and specifically address the disparities among special population groups.

It is essential to prioritize creating a supportive and inclusive school climate where students feel understood, supported, and engaged. By adopting these strategies and interventions, our school can strive to reduce overall suspension rates and create a more equitable and positive learning environment for all students, including those in special population groups.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Language Arts and Math
All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

All students will reach high academic standards in reading and mathematics.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase the capacity of teachers to deliver effective data-driven instruction
To provide equipment, materials and technology resources that support high quality instruction
To provide opportunities for teachers to collaborate to improve teaching and learning

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
CAASPP ELA	2023-24 Percentage of students that Met or Exceeded standards: 3rd grade students - 25% 4th grade students - 15% 5th grade students - 28% 6th grade students - 29% 7th grade students - 30% 8th grade students - 44 %	2024-25 Students will show growth by moving one or two levels across the different bands in CAASPP. The number of students meeting and exceeding standards in ELA will increase by 5-10%.
CAASPP Math	2023-24 Percentage of students that Met or Exceeded standards: 3rd grade students - 22% 4th grade students - 28% 5th grade students - 10% 6th grade students - 14% 7th grade students - 12% 8th grade students - 12%	2024-25 Students will show growth by moving one or two levels across the different bands in CAASPP. The number of students meeting and exceeding standards in Math will increase by 5-10%.

<p>Star Early Literacy and Reading</p>	<p>2023-24 The percentage of students who scored At or Above benchmark:</p> <p>English- Kindergarten -29% 1st grade - 14% 2nd grade - 19% 3rd grade - 23% 4th grade - 36% 5th grade - 21% 6th grade - 36% 7th grade - 29% 8th grade - 48%</p> <p>Spanish- Kindergarten - 67% 1st grade - 43% 2nd grade - 46% 3rd grade - 43% 4th grade - 64% 5th grade - 46% 6th grade - 66% 7th grade - 62% 8th grade - 79%</p>	<p>2024-25 Students will demonstrate growth by moving at least one or two levels across the different bands on end of year tests. The percentage of students who will score At or Above benchmark will increase by:</p> <p>English- Kindergarten - 15% 1st grade - 15% 2nd grade -10% 3rd grade - 10% 4th grade - 10% 5th grade - 10% 6th grade - 10% 7th grade - 10% 8th grade - 10%</p> <p>Spanish- Kindergarten - 15% 1st grade - 15% 2nd grade - 10% 3rd grade - 10% 4th grade - 10% 5th grade - 10% 6th grade - 10% 7th grade - 10% 8th grade - 10%</p>
<p>Star Math</p>	<p>2023-24 The percentage of students who scored At or Above benchmark:</p> <p>1st grade - 25% 2nd grade - 17% 3rd grade - 23% 4th grade - 25% 5th grade - 18% 6th grade - 18% 7th grade - 16% 8th grade - 18%</p>	<p>2024-25 Students will demonstrate growth by moving at least one or two levels across the different bands. The percentage of students who will score At or Above benchmark will increase by:</p> <p>1st grade - 10% 2nd grade - 10% 3rd grade - 10% 4th grade - 10% 5th grade - 10% 6th grade - 10% 7th grade - 10% 8th grade - 10%</p>
<p>5th and 8th Grade Pathway to Biliiteracy criteria met</p>	<p>2023-24 49 students in 5th and 8th grade met the established criteria demonstrating progress towards biliiteracy.</p>	<p>2024-25 The number of students who meet Pathway to Biliiteracy criteria in 5th and 8th grade will be increased by 5-10%.</p>
<p>ELPAC/Reclassification</p>	<p>2023-24 90 students met reclassification criteria</p>	<p>2024-25 The reclassification rate will increase by at least 10%.</p>

Kinder-8th grade ELPAC	<p>2023-24 Number of students who scored at Level 3 and 4:</p> <p>Kindergarten-37% 1st grade-31% 2nd grade-58% 3rd grade-40% 4th grade-54% 5th grade-63% 6th grade-51% 7th grade-41% 8th grade-74%</p>	<p>2024-25 Students will show growth by moving one or two levels across the different bands in ELPAC. The number of students meeting and exceeding standards in ELPAC will increase by 5-10%.</p>

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

More focus and dedication is needed on the CCSS curriculum and best first instruction. The 2023–2024 school year presented a unique set of opportunities and challenges due to social-emotional trauma experienced from post pandemic times. The data from Distance Learning showed that about a third to a fourth of our students had a reading range on grade level, which was an indication that we needed to reassess how we are instructing our students back for in-person instruction and what they are being asked to do. The data from this school year showed a steady increase in student performance on the district benchmarks. A strong focus and emphasis on first instruction is needed in each grade to ensure the standards are being taught in a clear and intentional method. Rich, engaging instruction at grade level is critical to student mastery and engagement. Most critically, differentiation and Tier I and Tier II Instruction is essential in all grades. The importance of vertical planning and grade level collaboration in both Language Arts and Math would create consistency and build on concepts as students move through in each grade level. Teachers will need to focus on Priority Standards in ELA and Math to ensure equitable instruction which supports all students. Social- Emotional Learning needs to be a priority in ensuring students can continue to focus on the learning. Based on prior CAASPP and Star data results, reading (specifically, reading comprehension), needs to be an emphasis. Real-life application and open-ended questions and problems and DOK levels will allow for deeper understanding and connections to the standards.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Last year, the greatest difference in the intent of the goal and the actual implementation was the high social-emotional needs of students. Many of the actions that would have been actualized were to occur in the Spring and therefore some data and actions were not fully completed before the end of school year. Although attendance increased; many students continued to have difficulties with adjusting and challenges with building connections and relationships. Many of the

intended implementations budgeted this current school year continued to be affected by the availability of personnel aligned to some outline actions.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Many of the changes to the strategies for this goal relate to academic and social emotional needs of the students. Changes to the outcomes were made in accordance to specific data analysis of each of the metric indicators. student proficiency levels in Star for both ELA and Math will be reviewed during the fall, spring, winter and the end of the school year. This will allow for constant analysis of growth and track academic progress in the given school year. The overall metric of English Learners had a slight increase, but the outcome may be influenced by the lack of data from previous years. Tier 1 and Tier 2 interventions were placed in the strategies to address the need for more intervention for our students to address gaps in reading and math. Only one intervention provider was available to be hired due to lack of candidates to help with reading and work with long term English learners. Paraeducators will be hired to help with primary grades and allow for more differentiation and small groups or on a one to one basis. An additional paraprofessional will be hired to support LTELs and ELs in grades 6-8 with language in the content areas. Mindset Academy will provide social emotional and mindset workshops for the students to support with self-esteem, goal setting and building positive mindset.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 2

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Social Emotional Support and School Climate

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase positive attendance
 To decrease the suspension rate
 To increase positive behavior
 To ensure a safe environment
 To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Suspension Data	2023-24 End of school year suspension rate is 3%	2024-25 Suspension rates will decrease to 1% or lower.
Chronic Absenteeism Data	2023-24 The CA Dashboard Chronic Absenteeism considered very high at 28.9% for the 2022-2023 school year.	2024-25 The number of students with chronic absenteeism will decrease by 7% to 10%.
Panorama SEL Survey	2023-24 The percentage of students feeling a sense of belonging: 65% of students in the 3rd-5th grade 44% of students in the 6th-8th grade	2024-25 The percentage of students feeling a sense of belonging will increase by: 3rd-5th grade - 5 to 10% 6th-8th grade - 5 to 10%
School Attendance Rate	2023-24 93% for the school year. This is within the state's school attendance average percentage rate.	2024-25 Regular school attendance will be increased by 3%.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/ Activity #	Description	Students to be Served	Proposed Expenditures
2.1	Site counselors (2) will assist parents and students with crisis, trauma, student behavior, conflict resolution strategies, social skills, restorative circles, and support teachers with SEL lessons.	All Students	District Funded 1000-1999: Certificated Personnel Salaries Counselor salaries
2.2	Wellness Center to provide a safe space for students during school time, lunch and recess to be supported by school counselors and provide alternative activities for social and emotional support.	All Students	District Funded 4000-4999: Books And Supplies See Goal 1.7 Materials and Supplies
2.3	The PBIS Committee will meet monthly to provide recommendations, strategies, and support to teachers regarding student behavior. Survey feedback will be used to guide the committee to address the school's culture and climate needs and create a service plan and steps for improvement. The Committee will monitor student discipline data throughout the year and identify supports for students and will share during staff/grade level meetings to plan and provide student intervention and supports. Professional development will be provided to all staff in PBIS/CHAMPS to ensure students receive positive behavior support. PBIS Committee members will attend the PBIS conference to learn more about strategies and recognition for 2024-2025 PBIS implementation.	All Students	LCFF 4000-4999: Books And Supplies See Goal 1.7 Materials and Supplies District Funded 1000-1999: Certificated Personnel Salaries PBIS - Professional Development Workshops Extra Hours Title I 1000-1999: Certificated Personnel Salaries See Goal 1.26 subs for PBIS Conferences
2.4	The Safety Team will revise and implement the Comprehensive School Safety Plan. Students and staff will participate in at least one monthly drill such as: <ul style="list-style-type: none"> • Fire drills • Lockdown drills; Priority 1 & 2 • Earthquake drills • Annual evacuation drill 	All Students	LCFF 4000-4999: Books And Supplies See Goal 1.7 Materials and Supplies
2.5	A mental health clinician will provide counseling support to regular education students at least twice a week based on Tier III referral needs.	All Students	District Funded 1000-1999: Certificated Personnel Salaries Provided by District Grant
2.6	The ORC and School Counselor will maintain the Student Attendance Incentives Program to motivate, encourage daily attendance and to reduce tardiness and chronic absenteeism. The ORC will follow up with students who are experiencing absenteeism, provide individual student attendance contracts and check-in	All Students	1000 LCFF 5000-5999: Services And Other Operating Expenditures See Goal 1.24 Materials and Supplies - Incentives

	regularly with students and families to reduce absenteeism. The ORC, Attendance Tech and Admin will meet regularly to review chronic absenteeism and make SARB referrals as needed.		
2.7	Employ Campus Assistants to monitor safety on campus throughout the day and support with crosswalks during arrival and dismissal times. Hire an additional 5 hour Limited Term campus assistant to provide additional student supervision at lunch and recess times and during passing periods in grades 6-8.	All Students	District Funded 2000-2999: Classified Personnel Salaries 6 Campus Supervisors 3000 LCFF 2000-2999: Classified Personnel Salaries Playground aides-Contract Positions and Extra Hours for meetings to provide Childcare supervision. 3176 LCFF 2000-2999: Classified Personnel Salaries Classified Benefits
2.9	SST Team will meet regularly to discuss student needs/progress based on teacher SST referrals. Teachers will be trained to use SMART goals and data collection for targeted intervention.	All Students	District Funded 2000-2999: Classified Personnel Salaries ORC District Funded 1000-1999: Certificated Personnel Salaries Counselors LCFF 1000-1999: Certificated Personnel Salaries Teacher Substitute/Floater for SSTs- See Goal 1.26
2.11	Outside counseling agencies will provide on-site counseling for students in need or identified through IEPs.	Students with Disabilities	District Funded 1000-1999: Certificated Personnel Salaries Counselor salaries LCFF 4000-4999: Books And Supplies See Goal 1.7 Materials and Supplies
2.12	Support transition meetings between Pre-K to Kindergarten, 5th grade to Middle School, and 8th to High School.	All Students	LCFF 1000-1999: Certificated Personnel Salaries See Goal 1.9 Teacher Substitute/Floater for IEP Transition Meetings LCFF

			4000-4999: Books And Supplies See Goal 1.7 Materials and Supplies
2.13	Hold end of trimester awards assemblies to recognize students' progress in academics, behavior, and for displaying school core values in the classroom.	All Students	LCFF 4000-4999: Books And Supplies See Goal 1.7 Materials and Supplies
2.14	Staff will receive training on seizures, EpiPen use, health needs, mandated reporter guidelines, disaster preparedness and practice of healthy guidelines.	All Students	District Funded 1000-1999: Certificated Personnel Salaries No additional cost-District nurse provides the training
2.15	AVID elective class will be offered for 7th-8th Grade students to participate in developing leadership skills. AVID activities can include awareness of tobacco usage, drugs use, and alcohol use. AVID students will promote school spirit, plan Red Ribbon Week, Kindness Week and other schoolwide activities.)	All Students	LCFF 4000-4999: Books And Supplies See Goal 1.7 Materials and Supplies
2.16	Big Brother, Big Sister clinician will support with chronic absenteeism students who need mentoring support. Student will be referred by the school counselors and/or ORC.	All Students	District Funded 1000-1999: Certificated Personnel Salaries District Special Grant Funded
2.17	SPED team will meet to plan student supports, IEP accommodations and to review IABs and CAASPP practice questions to ensure student have practice and familiarity with test format and use of accommodations.	Students with Disabilities	LCFF 1000-1999: Certificated Personnel Salaries See Goal 1.9 Teacher Substitute/Floater
2.18	Students in grades 3-8 will complete the Panorama Survey. Curren will provide opportunities for students to participate in enrichment activities during lunch, organized by the ORC and School Counselors.	All Students	LCFF 4000-4999: Books And Supplies See Goal 1.7 Materials and Supplies
2.19	Teachers and School Counselors will provide SEL lessons to address student social emotional needs during the morning check-in for K-5 and during Advisory for Middle School students. Research-based programs and assemblies will be provided which tie into the social-emotional well-being of students to create a learning environment that is safe, drug-free and conducive to learn.	All Students	LCFF 5000-5999: Services And Other Operating Expenditures See Goal 1.3 Services, Entrance Fees, Operations
2.20	In order to improve the overall school culture and climate, staff and students will participate in a Mindful Academy Series through a kick off assembly and follow up workshops. The focus of these sessions will be in mindset development, student social emotional learning, behavior, motivation and engagement.	All Students	Title I 5800: Professional/Consulting Services And Operating Expenditures Coach "AI" Mindset Academy by Sweat III
2.21	All special education, support staff and administrators working with students with special needs will receive NCPI training.	Students with Disabilities	District Funded

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

The overall effectiveness of this goal was measured based on the specific metrics available from last school year. The California Dashboard data on suspension rates was used, in addition to school behavior school data from the school year 2022-2023 and 2023-2024. We were able to administer the Panorama Survey with all students for the 2023-2024 school year. The strategies continue to emphasize and support the need to improve school attendance and decrease chronic absenteeism by placing strong adherence on the guidelines with emphasis on positive intrinsic incentives to increase attendance. The school will adjust and modify the implementation of PBIS/CHAMPS and student Mindset Workshop initiatives in the classroom to meet the social-emotional needs of students, while focusing on learning. Suspension rates and school safety all tie into a need to improve on a positive school culture, student connectedness and providing social emotional supports to students having post pandemic trauma. Also, there is a need to offer students multiple opportunities to engage socially with other students, enrichment opportunities during the school day and at other times and strategies to improve school connectedness.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The major discrepancy between the intended implementation and the budgeted expenditures was the ability to hire an additional campus supervisor to help monitor the campus and the girl's locker room throughout the day and improve school safety and culture, as well as manage the ongoing traffic concerns at arrival and dismissal times. Some of the planned in-person assemblies for the spring and end of year promotion were modified in accordance with the ongoing process for vendors and service providers prerequisites.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Based on the student data from this past year, we were able to measure improvements and needs for this upcoming year. Many of the strategies and activities will be in place this current school year and will include providing supports for the social emotional needs of students through Mindset Academy, Restoratives Practice, and enrichment initiatives. We will modify our instructional and intentional approach to instruction and adjust to meet the needs of all students. The school will continue to explore intentional ways to increase school connectivity for all students. Enrichment opportunities will be offered during the school day and after school to provide opportunities for all students to participate.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 3

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Parent and Family Engagement

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase communication through websites and social media so parents and community are informed about district and school instructional programs and activities
 To facilitate parent involvement in the educational and social-emotional well-being of their children
 To increase volunteer opportunities so parents can assist in the classroom and on campus

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
English Learner Parent Needs Survey	81 parents responded (57 electronically and 24 on the paper/pencil form).	Parent responses will be increased by 15%.
Attendance at ELAC Meetings	An average of 15 to 20 parents attended in- person and through simultaneous virtual Zoom meetings.	Attendance will increase by 15%.
Attendance at Coffee Chats with the Principal	An average of 20 to 30 people attended.	Attendance will increase by 15%.
Attendance at Back to School Night	300 parents attended, in person.	Attendance will increase by 5-10%.
Attendance at Open House	325 parents attended.	Attendance will increase by 5-10%.
Panorama Family Engagement and LCAP Annual Survey	47 parents responded	Parent responses will be increased by 15%.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/Activity #	Description	Students to be Served	Proposed Expenditures

3.1	The school site will provide parent informational meetings/trainings including: Logrando Bienestar, Technology/Internet Safety, LMS Canvas, ST Math, Lexia, MyOn, Parent Square, 8th grade to High School Transition, incoming Kindergarten and DLI informational meetings and Mindset Academy Workshops.	All Students	1500 LCFF 2000-2999: Classified Personnel Salaries ORC Extra hours LCFF 4000-4999: Books And Supplies See Goal 1.7 Materials and Supplies
3.2	Host parents for culturally relevant events, Reading and Math nights, AVID Parent Night, Talent Show, Winter Program, Día de Los Muertos, family movie nights, parent workshops.	All Students	LCFF 4000-4999: Books And Supplies See Goal 1.7 Materials and Supplies LCFF 2000-2999: Classified Personnel Salaries See Goal 2.7 Campus Assistant Extra Help
3.3	Back to School Informational meeting will be held at the start of the school year to inform parents about the instructional program, classroom expectations, grading policies, etc.	All Students	LCFF 2000-2999: Classified Personnel Salaries See Goal 2.7 Campus Assistant Extra Help
3.4	Parent Orientation will be provided for incoming Kinder students and 5th grade students transitioning to middle school. Parents learn about student expectations and parent involvement opportunities.	All Students	LCFF 1000-1999: Certificated Personnel Salaries See Goal 1.26 Teacher Extra Help
3.5	Update Parent / Student Compact and Parent Engagement Policy. Share documents with all parent committees and educational partners from the community at start of school year.	All Students	District Funded 1000-1999: Certificated Personnel Salaries No additional cost
3.6	Invite parents to Fall Parent Conferences, for all students, and Spring Parent Conferences, for students needing extra support to meet grade level standards. Translators will be provided for parents as needed.	All Students	500 LCFF 2000-2999: Classified Personnel Salaries Classified translators Extra hours and employee benefits. Office Staff to provide extra support for parents during conferences and throughout the school year.
3.7	ORC will coordinate community resources to distribute to families in need during the school year.	All Students	District Funded 2000-2999: Classified Personnel Salaries No additional cost
3.8	Hold two Title I Meetings to discuss the purpose of Title I funding and how it is used to close the achievement gap for students.	All Students	LCFF 4000-4999: Books And Supplies

			See Goal 1.7 Materials and Supplies
3.9	Provide parent involvement opportunities via school committees: School Site Council, Parent Teacher Association, English Learners Advisory Committee, Coffee with Principal, Family Nights, attendance at the CAFE local and state conferences.	All Students	1000 LCFF 4000-4999: Books And Supplies See Goal 1.7 Materials and Supplies - Refreshments for ELAC Title III 5000-5999: Services And Other Operating Expenditures See Goal 1.19 Fund at least two parents to attend CAFE State Conference. LCFF 4000-4999: Books And Supplies See Goal 1.7 Materials and Supplies
3.10	Hold monthly ELAC meetings to provide training and present information related to English Language Learners, and LTELs. Provide strategies and resources for parents to support their children with academics at home.	All Students	LCFF 4000-4999: Books And Supplies See Goal 1.7 Materials and Supplies
3.11	School counselor will provide parent workshops for high school transition supporting A-G Requirements. (including 5th Grade students transitioning to middle school.	All Students	1000 LCFF 1000-1999: Certificated Personnel Salaries Counselor - Provide Parent Workshops LCFF 4000-4999: Books And Supplies See Goal 1.7 Materials and Supplies
3.12	Invite and encourage parents to participate in the IEP process for students with special needs by scheduling meetings at the times when parents can attend, by providing in-person or virtual meetings.	Students with Disabilities	LCFF 1000-1999: Certificated Personnel Salaries See Goal 1.26 Teacher Substitutes/Floaters
3.13	Parents will provide feedback on school climate and academic programs through the "Panorama School Survey" and the "EL Parent Needs Assessment."	All Students	District Funded 5800: Professional/Consulting Services And Operating Expenditures Panorama Platform
3.14	Invite parents to participate in Student Success Team meetings to discuss strategies for students' academic and social emotional concerns by scheduling meetings when parents can attend, by providing in-person and virtual meetings.	All Students	District Funded 2000-2999: Classified Personnel Salaries ORC-schedule meetings

3.15	School communication will be provided both in written and oral forms via Parent Square, Social Media, and the School Website.	All Students	District Funded 5000-5999: Services And Other Operating Expenditures Parent Square contract
3.16	Invite and encourage parents to attend ELD Reclassification Meetings in the Fall and Spring to celebrate student reclassification success.	All Students	LCFF 4000-4999: Books And Supplies See Goal 1.7 Materials and Supplies
3.18	Inform parents when High School Counselors will come to register 8th grade students for high school. Provide parents with the information to attend high school transition meetings and orientations.	All Students	District Funded 1000-1999: Certificated Personnel Salaries No additional cost-School Counselor

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Parents were provided meaningful opportunities to participate in their students' education and social emotional growth. Parents attended various school events such as Parent/Teacher conferences, Back to School Night, Open House, talent show, cultural events, and the Spring Carnival, in addition to teacher led parent workshops offered by some of the grade levels. Meeting times were adjusted and offered in person and via Zoom to meet the needs of families. The numbers for parent participation increased from previous years (Coffee Chats with the Principal and ELAC). ELAC numbers from 2022-2023 averaged 15 parents. In 2023-2024 it was 22 to 28. Though the numbers increased slightly, the meetings typically consist of some of the same participants so more outreach is needed to increase a more diverse group of parents at the various meetings. There is a need to explore more volunteer opportunities on campus to have parents participate in the academic portion of their child's growth and create a community feeling around campus. Parent participation tends to increase for in-person meetings, while we provided some meetings opportunities virtually as this facilitated attendance for some of our parents.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

More expenditures need to be budgeted for parents to participate in the IEP process for students with special needs and SST process for students who are being monitored to see academic growth. Due to the majority of the meetings now taking place in-person versus virtually, the budget expenditures for this year may not actually equal the amounts of last year. Nevertheless, parents continued to be offered the choice of attending in person or virtually for IEP and SST meetings.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

There are changes to the goal this year. We will offer more opportunities for parents to be involved through the school year. There will be two welcome to Kinder parent orientation meetings, a Back To School Night, a Spring Open House and Parent conferences. Culturally relevant events and Dual Language Instruction parent workshops (with a choice of in-person or virtual setting) will be held, as requested, by parent or staff members. Coffee Chats with the Principal and ELAC meetings are will be both in person and virtual. Times will be adjusted to meet the needs of families to participate.

Budget Summary

Complete the Budget Summary Table below. Schools may include additional information, and adjust the table as needed. The Budget Summary is required for schools funded through the Consolidated Application (ConApp).

Budget Summary

DESCRIPTION	AMOUNT
Total Funds Provided to the School Through the Consolidated Application	\$131,068.00
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$489,772.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0

Other Federal, State, and Local Funds

List the additional Federal programs that the school includes in the schoolwide program. Adjust the table as needed.

4000-4999: Books And Supplies	Prop 28	31,930.00
5000-5999: Services And Other Operating Expenditures	Title I	87,690.00
1000-1999: Certificated Personnel Salaries	Title III	26,663.00
3000-3999: Employee Benefits	Title III	5,987.00
5000-5999: Services And Other Operating Expenditures	Title III	10,728.00

Expenditures by Goal

Goal Number	Total Expenditures
Goal 1	478,596.00
Goal 2	7,176.00
Goal 3	4,000.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Pablo Ordaz	Principal
Maribel White	Classroom Teacher
Ann Marie Newman	Classroom Teacher
Rochalle Ford	Classroom Teacher
Tony Naranjo	Other School Staff
Antonio Alatorre	Parent or Community Member
Jacqueline Carmona	Parent or Community Member
Perlita Gomez	Parent or Community Member
Silvia Aguayo	Parent or Community Member
Rogelia Ruvalcaba	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 05/29/2024.

Attested:

Principal, Pablo Ordaz on 05/29/24

SSC Chairperson, Anne Marie Newman on 05/29/24

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

Instructions: Table of Contents

- Plan Description
- Educational Partner Involvement
- Comprehensive Needs Assessment
- Goals, Strategies/Activities, and Expenditures
- Annual Review
- Budget Summary
- Appendix A: Plan Requirements for Title I Schoolwide Programs
- Appendix B: Select State and Federal Programs

For additional questions or technical assistance related to LEA and school planning, please contact the CDE's Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the LEA, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:

Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:

When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- **Strategy/Activity #:** Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- **Description:** Describe the strategy/activity.
- **Students to be Served:** Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- **Proposed Expenditures:** List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to *EC* Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- **Funding Sources:** List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
 - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
 - a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. Use methods and instructional strategies that:
 - i. Strengthen the academic program in the school,
 - ii. Increase the amount and quality of learning time, and
 - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. Strategies to improve students' skills outside the academic subject areas;
 - ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: Title 34 of the *Code of Federal Regulations (34 CFR)*, sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. *EC* sections 64001 et. seq.

Appendix B: Plan Requirements for School to CSI/ATSI Planning Requirements

For questions or technical assistance related to meeting federal school improvement planning requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

CSI Resources

For additional CSI resources, please see the following links:

- **CSI Planning Requirements** (see Planning Requirements tab):
<https://www.cde.ca.gov/sp/sw/t1/csi.asp>
- **CSI Webinars:** <https://www.cde.ca.gov/sp/sw/t1/csiwebinars.asp>
- **CSI Planning Summary for Charters and Single-school Districts:**
<https://www.cde.ca.gov/sp/sw/t1/csiplansummary.asp>

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

- Available Funding: <https://www.cde.ca.gov/fg/fo/af/>

Updated by the California Department of Education, October 2023

School Plan for Student Achievement (SPSA)

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
James Driffill Elementary School	56725386055271	5.30.24	6.21.24

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California’s ESSA State Plan supports the state’s approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state’s Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by James Driffill Elementary School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by James Driffill Elementary School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

Oxnard School District has created a strategic plan in order to ensure that we fully develop our student profile and work toward fulfilling our Mission and Vision.

Mission: In Oxnard School District, we nurture self-confident and empowered multilingual global citizens, strong in their multiple identities and potential, who achieve inspired levels of individual, community, and social accomplishment in school and beyond in their endeavors.

Vision: Ignite, Transform, Nurture, Embrace.

Our strategies/activities support our values and principles: Equity and Excellence; Safe and Affirming Environments; Achievement/Performance, Multilingualism, Global and Socio-Cultural Competence; Relationships built on Integrity, Mutual Trust, Respect and Caring; and Professional Accountability and Service.

Our goals at Driffill can be realized by following a Theory of Action, which constitutes committing to a vision of success; to be relentless in clarifying and supporting classroom leadership; to build school leadership; and to engage our families and community, which will lead us to become a highly effective and equitable school.

A guiding focus for the district is on five strategic goals which form the framework for powerful and sustainable school and district transformation: Student Academic Engagement and Achievement; a Positive and Safe Learning Environment and School Climate; Guidance and Support to Sites; Family/Community Alliances for Student Success and Transformational Leadership and Infrastructure.

All of our strategies/activities are designed to further these pedagogical principals:

1. Identify, activate, and build on student strengths.
2. Affirm student identities by challenging the devaluation of minoritized students' identities.
3. Establish powerful relationships that nurture equity and success.
4. Engage students actively in the learning process, by amplifying student voice.
5. Create environments of enrichment, rather than remediation, that engage students' multilingual repertoires.
6. Situate learning in the lives of students by connecting to their lives.
7. Elicit high intellectual performances that help connect students' identities to academic engagement.
8. Address the prerequisites for learning, including incorporating pedagogical practices that challenge coercive relations of power.

Given the 2021 creation of the OSD profile, Driffill analyzed past priorities and aligned expectations to ensure all students achieve success. Our previous successes at Driffill have been addressing the academic, social, and emotional needs of students aligning with the OSD Student Profile Trait, "Students will be confident and solution-oriented; able to demonstrate a growth mindset and advocate for themselves and others." These will continue to be areas of focus for the 2024-2025 school year. Additionally, our biliteracy, and our Autism Program support our students to become compassionate, multilingual, multicultural, and global thinkers. Working together our OSD profile and our Oxnard Strategic Plan Oxnard Empowers we will ensure that all students reach their full potential.

As in previous years, we continue to integrate the State Standards (CCSS) for Language Arts and Math, and NGSS for science; however with an emphasis on acceleration to prioritize learning leaps. As we continue to analyze the areas of teaching, learning, interventions, professional development, parent involvement, and the after-school program, a Tier 1 instructional focus continues to prioritize student-centered learning, collaborative engagement structures, and rigor through an inquiry-based integrated balanced literacy model grounded in research-based pedagogy and California standardized assessment performance expectations.

The instructional leadership team supports quality-content instruction through professional learning opportunities, PLCs, grade-level collaboration, and professional peer support. Additionally, the team ensures quality instructional implementation with student-monitoring conferences with grade-level teachers once every six weeks.

Driffill School staff consists of 45 highly-qualified certificated staff members. A thorough examination of our goals at Driffill School has led to the highly focused and motivated professional development of our staff. Training in the areas of

PBIS, Language Arts, Math, ELD, AVID, the Growth Mindset, Science, and Biliteracy, has further empowered our staff to become as precise and effective as possible when creating culturally responsive learning opportunities to ensure all students simultaneously develop and demonstrate the traits of the Oxnard School District Student Profile.

Driffill continues to strengthen our Professional Learning Communities (PLC) to improve quality Tier 1 instruction, by using multiple measures of formal and informal student data to guide Tier 1 teaching and learning objectives. During PLCs, DLI, grade-Level, and vertical and content teams use student data and prioritized state standards to determine a Cycle of Inquiry focus. When identified by the grade level team, students who are not meeting grade level objectives are referred to the Student Success Team (SST). The team, consisting of grade-level teachers, administrators, school counselor, ORC and family, uses the OSD's universal screening assessments and classroom data to determine appropriate Tier 1 interventions as well as determine if Tier 2 interventions are needed.

The faculty has committed to 6 week progress monitoring cycles in order to rapidly monitor and analyze student needs based on data from interim assessments from Renaissance Star Reading and Math, IAB assessments from CAASPP, STMath, and Lexia as well as Panorama. Teachers share grade-level data to plan lessons, deconstruct standards, and identify instructional strategies, in order to determine student-centered goals both academic and social-emotional.

In addition, data allows teachers to plan for differentiated and rigorous instruction in Tier 1 to increase student achievement. To further improve student achievement, Intervention Services Providers (ISP) and the Literacy Intervention Teacher, will directly serve students in grades TK-8 to support instruction in Language Arts. AVID tutors in the middle school setting help support the college and career-ready mindset.

The acquisition of academic English language skills continues to be an important goal for Driffill School students, especially for our Emergent Multilingual Learners (EMLL's). Tier 1 programs such as DLI, Designated ELD, and Integrated ELD are specifically designed to help students develop and master academic English Language Skills. To identify the areas of challenge Emergent Multilingual Learners are facing, we review the English Language Proficiency Assessment (ELPAC) along with other assessments; teachers deliver focused lessons that support students' progress toward reclassification and or Meeting/Exceeding State Standards in English Language Arts. Middle school Emergent Multilingual Learner students receive one period of designated ELD.

Our after-school enrichment activities will include: Art Trek, Hip Hop Mindset, Gardening club, 5K community races, music, sports, and other community-sponsored events. This year enrichment opportunities will continue to be offered to students during the school day and after school including Leadership Opportunities, Careers, AVID, Robotics, Gardening Club, Math Club, Athletic Mindset. The after-school program has and will continue to offers extracurricular opportunities while providing a safe and nurturing environment to socialize and connect with positive role models.

Both during the regular school day as an elective, as well as an after-school club, Driffill adheres to the AVID philosophy that all students can succeed in the most rigorous curriculum. Most of our Driffill's Middle School teachers are AVID trained ensuring the fidelity of implementation of AVID strategies creating the mindset that all students will be college and career ready upon graduation. Driffill continues to train and support all staff in AVID strategies.

Family involvement and communication with teachers, administrative team, and support staff is a key element for the continued academic success at Driffill School. Student progress is communicated to parents through various platforms such as Parent Square, conferences, and regular ongoing communication with teachers and administration. Additionally, teachers regularly communicate with families in-person, by phone, written notes, email, CANVAS, and google Classroom.

Teachers use standards-based progress reports and assessment data at parent/teacher conferences to inform parents of their children's progress. Driffill staff also presents parent education nights in the content areas of Language Arts, Math, and Learning Management Systems (LMS) i.e. Canvas and Google Classroom, to help parents support their students' success. Driffill teachers and support staff host transition presentations and parent orientations for students entering TK/Kinder and sixth, seventh, and 8th grade as well as conduct High School Transition Meetings for all outgoing 8th-grade students. The Principal communicates with parents via Parent Square with regular calls to all parents. Weekly digital bulletins are pushed out to parents via Canvas, and Parent Square as well as being uploaded to our School Websites and social media accounts. Regular updates are made to Driffill's web page and social media accounts, with pictures of school activities, meeting information, and our school site calendar. Parents are welcomed to Driffill School through a variety of general parent meetings, monthly ELAC, Café Con Padres, School Site Council, parent nights, and individual classroom parent meetings/programs. Other supports to parents include home visits and outreach to connect families to community-based services. Our school counselor and Outreach Consultant (ORC) conduct home visits and schedule parenting classes. Parenting classes are offered in English and in Spanish to further encourage families' participation in the education of their children and to support positive interaction with their children.

Educational Partner Involvement

How, when, and with whom did James Driffill Elementary School consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Together our school leadership, staff, and ELAC review and provide input on the SPSA to the School Site Council, which approves the SPSA annually. The School Site Council then meets monthly to monitor the goals and actions. Any changes to the SPSA are presented to all educational partners for their recommendations and re-submissions to the School Site Council for any changes and final approval. The plan will also reflect the work and support of the leadership team at the site. Together with all educational partners we work on the goals of our strategic plan, Oxnard Empowers.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

Driffill recognizes that we have challenges that require the continued support for our students with social emotional needs, supervision of students to ensure safety, and parent workshops that support literacy through the use of technology. At Driffill we have identified these needs via a needs assessment that was collected from various stakeholder groups including our leadership team, parents and community, and our staff. Next year we will continue to operate and expand our wellness room (The Mountain Peak) to support student social emotional growth and development. We will teach Second step lessons to strengthen peer to peer relationships as well. Next year we will continue to ensure that we have adequate supervision to ensure the safety of our students. Finally we will continue to provide parents with literacy nights to build a stronger partnership between the home and school.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

Driffill is orange only in conditions and climate for overall performance due to its high suspension rate of 4.5% for overall performance. We have taken steps in addressing this area by developing a strong PBIS/Social Emotional action plan that we have been implementing this academic year and will continue growing in the upcoming school year. Driffill's PBIS team is comprised of teachers, administrators, and classified staff. Our PBIS team meets monthly to discuss ways to promote positive behavior interventions that will reduce student referrals.

Driffill has also opened and supported a Wellness Center we aptly call the Mountain Peak where our two counselors provide our students with SEL lessons using Second Step curriculum. We also operate a lunch time activities monthly calendar that promotes student positive engagement in our Wellness Center. Our two counselors also visit classrooms and teach PBIS strategies to support positive interactions and school climate.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the "all student" performance.

Students with disabilities (99 students), homeless population (83 students), and English Learners (444 students) are in the orange or red category for 1 or more areas of the Dashboard. Although our English learners and homeless population made some gains in 2023, the gains were not substantial enough to move them to the next performance band. Our Driffill students in these student groups continue to need more support to ensure that they improve.

In particular, our students with disabilities need support in the areas of language arts and mathematics. At Driffill we continue to use PLC's to give teachers an opportunity to analyze student data from Star/Renaissance assessments to plan and implement new strategies to target all of our student populations. Our students with disabilities are provided with interventions beyond the services they receive via their IEP goals. Our teachers offer Tier 2 intervention before and after school to our students with disabilities in the area of mathematics and language arts to support their growth in these to subject areas.

Our other student group that performed 2 levels below all other students is our homeless population in the areas of language arts, mathematics, and chronic absenteeism. At Driffill we have over 10% of our student population living in homelessness as defined by California. Driffill recognizes the challenges and vulnerabilities of our homeless population. We have taken steps to support our homeless population by working closely with our ORC. She monitors our student's attendance and conducts home visits with our counselors and sometimes teachers. During the home visits we offer our parents resources to support them such as help with finding community based organizations that support our homeless families. We provide monthly/weekly food supplies donated by our community to our families. We offer students an opportunity to stay in our extended after school program so that our students continue to learn after hours.

Lastly our English learners were identified in the dashboard as being two performance levels below the " all student" performance group in language arts. At Driffill we continue to support the growth of our DLI program. Our students are learning two languages concurrently and are becoming bilingual and biliterate. Our Emergent Multilingual Learners are being supported with visual supports, scaffolds, and other effective strategies through our rigorous curriculum written with support and collaboration of the Teaching for Biliteracy consultant group. As our teachers receive more professional development and more time to effectively plan and implement the DLI units of study our Emergent Multilingual Learners will continue to improve.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

At Driffill we also use Panorama Data to plan and develop SEL lessons to teach in the Wellness Center and in the classrooms. One of our strategies that we found very successful this year and will continue to use next year is our Restorative Justice circles in every classroom. Our Panorama data also serves as one of the metrics for planning and creating an action plan for our PBIS team. This year our PBIS team will be attending the PBIS conference in Sacramento to receive training in best practices for Positive Behavior Intervention.

School and Student Performance Data

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for James Driffill Elementary School. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
American Indian	%	0%	%		0	
African American	0.19%	0.3%	0.22%	2	3	2
Asian	%	0%	%		0	
Filipino	0.38%	0.3%	0.33%	4	3	3
Hispanic/Latino	97.69%	97.61%	97.60%	1015	979	894
Pacific Islander	0.10%	0.2%	0.22%	1	2	2
White	1.35%	1.4%	1.31%	14	14	12
Multiple/No Response	0.29%	0.2%	0.33%	3	2	3
Total Enrollment				1039	1003	916

Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	21-22	22-23	23-24
Kindergarten	144	143	75
Grade 1	95	90	95
Grade 2	96	94	91
Grade3	107	96	90
Grade 4	114	107	99
Grade 5	113	108	101
Grade 6	124	116	109
Grade 7	125	121	110
Grade 8	121	128	123
Total Enrollment	1,039	1,003	916

Conclusions based on this data:

After examining student enrollment data spanning from 2020 to 2023, it's evident that our total enrollment has experienced a decline. This downward trend aligns with the long-standing projections of declining enrollment by the state of California. One significant contributing factor to this decline has been families relocating, prompted by factors such as the ongoing pandemic or other personal reasons.

Nevertheless, it's important to highlight that our school maintains its commitment to serving students from Transitional Kindergarten (TK) through 8th grade, with a notable Hispanic/Latino demographic. We diligently allocate resources to each grade level, ensuring that every student has access to the necessary opportunities and support services vital for their academic success.

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
English Learners	617	610	572	56.10%	59.4%	62.4%
Fluent English Proficient (FEP)	208	185	166	24.20%	20.0%	18.1%
Reclassified Fluent English Proficient (RFEP)		59		6.8%		

Conclusions based on this data:

Our data analysis from CAASPP, Star, StMath, and Lexia, as well as formative assessments in ELA and Math, indicates that Drifill students need targeted, Integrated and Designated English Language Development (ELD) that is connected across content areas. In alignment with the "Oxnard Empowers" strategic plan, which emphasizes accelerating student academic engagement and achievement through coherent, additive approaches and essential pedagogical principles, we recognize the need for sophisticated and complex language structures to be explicitly taught across all content areas and grade levels.

Additionally, our Reclassified Fluent English Proficient (RFEP) students require continued monitoring and support to successfully meet grade-level standards. This need is in line with the plan's objective to provide safe, affirming, and equitable multilingual learning environments that promote high intellectual performance and multilingual achievement. Drifill acknowledges the urgency to increase English language acquisition at every grade level to ensure our students develop the necessary grammatical and vocabulary skills, fostering their potential as multilingual global citizens.

By incorporating these targeted ELD strategies, we aim to create a more inclusive and effective educational environment, consistent with the "Oxnard Empowers" initiative's goal to nurture self-confident and empowered multilingual students who achieve inspired levels of individual, community, and social accomplishment in school and beyond.

School and Student Performance Data

Star Early Literacy

James Driffill Elementary School											
		Less than Proficient				Proficient				Star Early Literacy Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade K	73	7	10%	2	3%	12	16%	52	71%	Level 4	870
Grade 1	95	46	48%	14	15%	30	32%	5	5%	Level 1	794
Grade 2	96	50	52%	20	21%	26	27%	0	0%	Level 1	864

Conclusions based on this data:

Drawing from the latest Star Early Literacy data, it's evident that a significant proportion of Driffill's Kindergarten students have demonstrated proficiency in literacy skills. Driffill remains steadfast in its commitment to prioritizing the teaching of biliteracy units, while concurrently reinforcing foundational skills. This approach is integral to nurturing well-rounded students who possess the ability to read proficiently.

Moreover, our Transitional Kindergarten (TK) program is dedicated to fostering early literacy skills, ensuring that students commence Kindergarten equipped with a robust foundation in literacy.

School and Student Performance Data

Star Reading

James Driffill Elementary School											
		Less than Proficient				Proficient				Star Reading Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 2	95	43	45%	28	29%	15	16%	9	9%	Level 1	884
Grade 3	88	39	44%	25	28%	13	15%	11	13%	Level 2	944
Grade 4	94	52	55%	15	16%	22	23%	5	5%	Level 1	962
Grade 5	94	41	44%	19	20%	28	30%	6	6%	Level 2	1009
Grade 6	101	32	32%	43	43%	18	18%	8	8%	Level 2	1029
Grade 7	68	43	63%	9	13%	13	19%	3	4%	Level 1	979
Grade 8	2	1	50%	0	0%	0	0%	1	50%	Level 2	1082

Conclusions based on this data:

Based on the Star data, it is evident that a school-wide goal is needed to target literacy across all content areas and grade levels. In alignment with the "Oxnard Empowers" strategic plan, which emphasizes creating and maintaining safe, affirming, and equitable learning environments, intentional scaffolding, differentiated instruction, a variety of instructional strategies, and ongoing teacher professional development to support student literacy gains. Driffill recognizes the need to have shared accountability across grade levels and all content areas.

Furthermore, Driffill will continue to need a strong progress monitoring system that aligns with the "Oxnard Empowers" goal of improving instructional quality and student engagement. This system will analyze student progress at least every six weeks to identify student needs and plan instruction and differentiated target goals for individualized small groups of students. By integrating these strategies, we are committed to fostering an environment where all students can thrive academically, consistent with the "Oxnard Empowers" initiative's objectives of nurturing self-confident and empowered multilingual students who achieve inspired levels of individual, community, and social accomplishment in school and beyond.

School and Student Performance Data

Star Math

James Driffill Elementary School											
		Less than Proficient				Proficient				Star Math Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 1	95	36	38%	36	38%	18	19%	5	5%	Level 2	828
Grade 2	95	36	38%	34	36%	18	19%	7	7%	Level 2	901
Grade 3	92	25	27%	26	28%	31	34%	10	11%	Level 2	965
Grade 4	91	36	40%	30	33%	14	15%	11	12%	Level 2	995
Grade 5	94	46	49%	29	31%	7	7%	12	13%	Level 2	1033
Grade 6	104	54	52%	34	33%	12	12%	4	4%	Level 1	1033
Grade 7	88	55	63%	19	22%	9	10%	5	6%	Level 1	1045
Grade 8	111	67	60%	32	29%	6	5%	6	5%	Level 1	1068

Conclusions based on this data:

Based on the STAR Math data, it is evident that a school-wide goal is needed to target mathematics from 2nd-8th grade. In alignment with the "Oxnard Empowers" strategic plan, which emphasizes accelerating student academic engagement and achievement, intentional scaffolding, differentiated instruction, a variety of instructional strategies, as well as ongoing teacher professional development and support from the Math Manager to support student gains. Driffill recognizes the need to have shared accountability across all grade levels, particularly in our middle school.

To enhance our students' mathematical skills, our middle school students will continue using ST Math and will also incorporate DreamBox, ensuring a comprehensive approach to mathematics instruction. By integrating these strategies, we are committed to fostering an environment where all students can thrive academically, consistent with the "Oxnard Empowers" initiative's objectives of nurturing self-confident and empowered students who achieve inspired levels of individual, community, and social accomplishment in school and beyond.

School and Student Performance Data

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Overall Participation for All Students

Conclusions based on this data:

In language arts performance, there's a mixed pattern across grade levels. In 3rd grade, there was a slight decrease from 40% to 37%. Similarly, 4th grade experienced a marginal decline from 22% to 20%. In 5th grade, there was a decline from 34% to 39%, but notable gains in 6th grade, increasing from 19% to 27%. Additionally, 7th grade saw a modest uptick from 22% to 24%, while 8th grade demonstrated notable progress, climbing from 24% to 27%.

In order to continue making progress towards a larger percentage of students meeting or exceeding standards, our focus is geared at providing quality Tier 1 instruction in Language Arts. Writing across subject areas will be targeted since that was our weakest area based on CAASPP. Drifill will continue to need the full implementation of the BUF's Biliteracy units which are standards based to support growth in the area of language arts.

School and Student Performance Data

CAASPP Results Mathematics (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Conclusions based on this data:

The math performance data for Driffill students presents a varied picture across grade levels. In 3rd grade, there was a notable decrease from 52% to 38%. Conversely, 4th grade showed improvement, rising from 19% to 24%. However, 5th grade experienced a decline dropping from 20% to 15%, and 6th grade increased from 9% to 12%. Encouragingly, there were increases in both 7th and 8th grades, with 7th grade rising from 11% to 16%, and 8th grade from 14% to 16%.

In order to continue making progress towards a larger percentage of students meeting or exceeding standards, our focus is providing quality Tier 1 instruction in Math. We will spend additional time teaching fractions and geometry since those areas were indicated as a weakness based on the CAASPP assessment. We will be supplementing the My Math program with other math programs, including but not limited to, ST Math, Touch Math, Zearn and Engage New York, among other programs. Our teachers will continue to work on cycles of improvement via progress monitoring every 4-6 weeks.

School and Student Performance Data

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](https://www.cde.ca.gov/ta/tg/ela/elpac/) web page or the [ELPAC.org](https://elpac.org) website for more information about the ELPAC.

In order to protect student privacy, an asterisk (*) will be displayed for enrolled and tested counts for fewer than 4 students and for assessment results for fewer than 11 students. "N/A" will be displayed instead of a number on test results where no data is found for the specific report.

Conclusions based on this data:

Preliminary ELPAC scores indicate a decline in the number of students at level 3 and 4 according to the ELPAC. 3rd grade shows a decline of 13% of students at level 3 or 4. 4th grade dropped 3% and 5th grade dropped 4% from 74% to 70%. Each year, Drifill continues to reclassify students who meet district metrics for reclassification. We still have a large population of EL students due to the fact that every year we have newly enrolled TK and Kinder students. Drifill will continue to provide additional supports such as scaffolding, vocabulary development, and exposure to academic English language. Drifill continues to target interventions in the areas of reading and writing for our English Learners.

School and Student Performance Data

California School Dashboard Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

2022-23 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
1003	93.8	60.8	0.5
Total Number of Students enrolled in James Driffill Elementary School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2022-23 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	610	60.8
Foster Youth	5	0.5
Homeless	129	12.9
Socioeconomically Disadvantaged	941	93.8
Students with Disabilities	131	13.1

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	3	0.3
Filipino	3	0.3
Hispanic	979	97.6
Two or More Races	2	0.2
Pacific Islander	2	0.2
White	14	1.4

Conclusions based on this data:

Driffill has a large population of socioeconomically disadvantaged students. In order to meet the academic needs, Driffill will make sure that their basic needs are taken care of first. Driffill will focus on strengthening designated and integrated English Language Development for English Language Learners. Driffill will continue to provide free

breakfast and lunch to all students. Driffill will be sending Friday bags filled with food home to our homeless and foster families which include many EL students and continue having a winter closet that provides clothing for students who are in need of proper attire. Finally, Driffill has 5 Autism classes on campus in addition to 4 RSP teachers providing services in order to meet the needs of students with disabilities. Our students with disabilities population will continue to receive support via their IEP, but also via Tier 2 small group instruction in their core/general classes.

School and Student Performance Data

Overall Performance

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

2023 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts Yellow	Chronic Absenteeism Yellow	Suspension Rate Orange
Mathematics Yellow		
English Learner Progress Green		

Conclusions based on this data:

1. Driffill must continue working for improvement in the areas of ELA and Math. We still have a large percentage of our population not meeting proficiency. This year we looked at what worked and what didn't to raise scores and are adjusting practices in the classroom to maximize the number of students in the Met/Exceeded category as measured by CAASPP.

Driffill will continue to provide opportunities for students to accelerate learning via Tier 1 instructional practices in the classroom while maintaining a strong first instruction approach via the full implementation of the BUF (Biliteracy Unit Frameworks) and formative assessment process.

Driffill will continue to use effective PLC cycles of inquiry to analyze data, plan instruction, measure growth, and plan intervention/universal access opportunities in the classroom.

School and Student Performance Data

Academic Performance English Language Arts

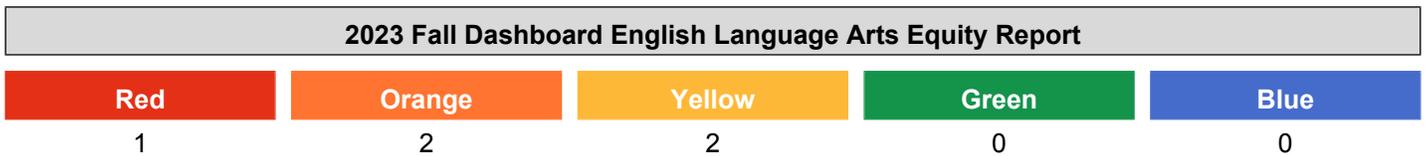

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2023 Fall Dashboard English Language Arts Performance for All Students/Student Group		
All Students  Yellow 60.9 points below standard Increased +7.2 points 647 Students	English Learners  Orange 71.3 points below standard Increased +4.5 points 443 Students	Foster Youth Less than 11 Students 1 Student
Homeless  Orange 90.3 points below standard Increased +3.6 points 82 Students	Socioeconomically Disadvantaged  Yellow 61.6 points below standard Increased +7.9 points 611 Students	Students with Disabilities  Red 120.2 points below standard Maintained -2.7 points 99 Students

2023 Fall Dashboard English Language Arts Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 2 Students	 No Performance Color 0 Students	 No Performance Color 0 Students	Less than 11 Students 3 Students
Hispanic	Two or More Races	Pacific Islander	White
 Yellow 61.7 points below standard Increased +6.8 points 634 Students	Less than 11 Students 1 Student	 No Performance Color 0 Students	Less than 11 Students 7 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2023 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
88.6 points below standard Increased +5.3 points 296 Students	36.4 points below standard Increased +7.9 points 147 Students	51.1 points below standard Increased +9.3 points 121 Students

Conclusions based on this data:

Driffill must continue working for improvement in the areas of ELA and Math. For the 2024-25 school year, our English Learners, Reclassified students and English only students continue to make gains in Language Arts. Despite these gains, we continue to have a large percentage of our students not meeting grade level standards so we are targeting our specific areas of weakness as identified by the CAASPP. Writing is taking place in all subject areas to support development in this area. Driffill will continue to use the effective PLC model to identify the subgroup population of students not making significant progress designated in the "red" and "yellow" to provide small group instruction in the classroom during Tier 1 instruction and followed with Tier 2 supports via our SST process.

School and Student Performance Data

Academic Performance Mathematics

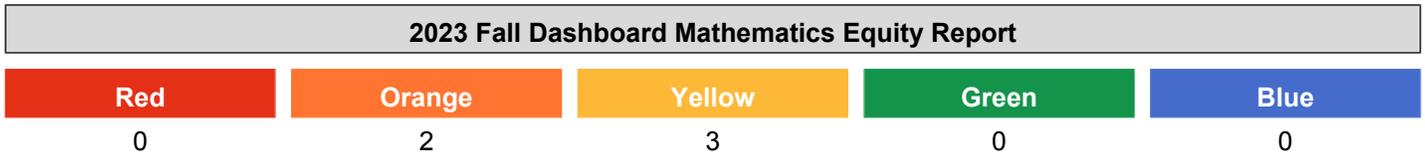

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the Mathematics assessment. This measure is based on student performance either on the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2023 Fall Dashboard Mathematics Performance for All Students/Student Group		
<p>All Students</p>  Yellow 83.9 points below standard Increased +12.5 points 648 Students	<p>English Learners</p>  Yellow 88.4 points below standard Increased +12.5 points 444 Students	<p>Foster Youth</p> <p>Less than 11 Students</p> <p>1 Student</p>
<p>Homeless</p>  Orange 107.8 points below standard Increased Significantly +15.4 points 83 Students	<p>Socioeconomically Disadvantaged</p>  Yellow 85.1 points below standard Increased +12.7 points 613 Students	<p>Students with Disabilities</p>  Orange 135.1 points below standard Increased +14.1 points 97 Students

2023 Fall Dashboard Mathematics Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 2 Students	 No Performance Color 0 Students	 No Performance Color 0 Students	Less than 11 Students 3 Students
Hispanic	Two or More Races	Pacific Islander	White
 Yellow 84.8 points below standard Increased +12 points 635 Students	Less than 11 Students 1 Student	 No Performance Color 0 Students	Less than 11 Students 7 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2023 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
96.9 points below standard Increased +10.6 points 297 Students	71.3 points below standard Increased Significantly +18.1 points 147 Students	80.2 points below standard Increased +14.9 points 121 Students

Conclusions based on this data:

Driffill must continue working for improvement in Math. For the 2023-24 school year, there has been growth with our students with disabilities and our English Learners as we recognize these are our significant groups to support. We also recognize that the CAASPP has a different format and different question types which needs to be introduced and taught to our students. In order to prepare students, we are using the IAB's and FIAB's as test prep. We have students writing in the subject area to explain their reasoning and procedures used in solving problems.

School and Student Performance Data

Academic Performance English Learner Progress

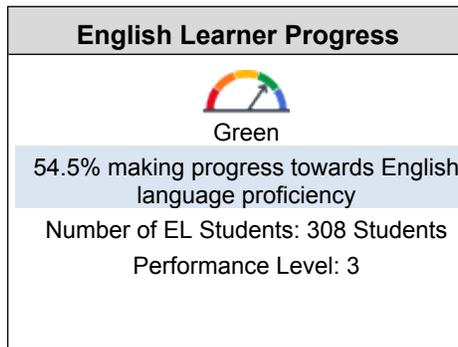

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides a view of the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2023 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2023 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
46	88	2	161

Conclusions based on this data:

Progress has been minimal in language arts and math but growth has continued. Our focus will continue to be Academic Math vocabulary and writing within the curriculum. Driffill strives to utilize evidence-based strategies to increase the proficiency levels of our English Language Learners. Designated and integrated ELD will be implemented using district adopted materials in order target English Language Learner growth. The instructional practices that have proved to be successful will be continued and we are adding ISP's and the implementation of AVID strategies to impact the growth of our Emergent Multilingual Learners.

School and Student Performance Data

Academic Engagement Chronic Absenteeism

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2023 Fall Dashboard Chronic Absenteeism for All Students/Student Group		
All Students Yellow 25% Chronically Absent Declined Significantly -5.4 1033 Students	English Learners Yellow 23.1% Chronically Absent Declined Significantly -6.2 636 Students	Foster Youth Less than 11 Students 6 Students
Homeless Orange 20.7% Chronically Absent Declined -11.6 145 Students	Socioeconomically Disadvantaged Yellow 24.9% Chronically Absent Declined Significantly -5.6 972 Students	Students with Disabilities Yellow 36.3% Chronically Absent Declined Significantly -6.3 157 Students

2023 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

African American	American Indian	Asian	Filipino
<p>Less than 11 Students</p> <p align="center">3 Students</p>	<p align="center"></p> <p align="center">No Performance Color</p> <p align="center">0 Students</p>	<p align="center"></p> <p align="center">No Performance Color</p> <p align="center">0 Students</p>	<p>Less than 11 Students</p> <p align="center">3 Students</p>
Hispanic	Two or More Races	Pacific Islander	White
<p align="center"></p> <p align="center">Yellow</p> <p align="center">24.9% Chronically Absent</p> <p align="center">Declined Significantly -5.3</p> <p align="center">1009 Students</p>	<p>Less than 11 Students</p> <p align="center">2 Students</p>	<p>Less than 11 Students</p> <p align="center">2 Students</p>	<p align="center">28.6% Chronically Absent</p> <p align="center">Declined -11.4</p> <p align="center">14 Students</p>

Conclusions based on this data:

Driffill must continue working for improvement in the areas Chronic Absenteeism, which significantly affects students progress because of lack of consistency. Our homeless population are missing the instructional support needed to close the achievement gap. The ORC, in collaboration with the attendance clerk and Administration, will monitor student absences and will develop an incentive-based system to improve chronic absenteeism.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

Conclusions based on this data:

Driffill continues to implement the PBIS Program and a new district-wide formal progressive referral process which will help with the reduction of our suspension rate. We anticipate within the next year, while continuing to prioritize social emotional needs of students, suspensions will continue to reduce. Utilizing the PBIS model, our PBIS committee will continue to implement CHAMPS, reduce behavioral referrals, and ingrain a culture of growth mindset strategies. Driffill will continue moving away from a punitive system to a restorative justice philosophy. The opening of our Wellness Center and addition of counseling services will continue to affect change and decline suspension rates across all student groups. We will use more restorative justice approaches and alternatives to suspension to ensure students remain in school and learning.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Language Arts, Math and Science

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

All students will reach high academic standards in reading, mathematics and science.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase the capacity of teachers to deliver effective data-driven instruction
 To provide equipment, materials and technology resources that support high quality instruction
 To provide opportunities for teachers to collaborate to improve teaching and learning

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
CAASPP ELA	2023-2024 The percentage of students who Met/Exceeded standards: 3rd grade - 37% 4th grade - 20% 5th grade - 29% 6th grade - 27% 7th grade - 24% 8th grade - 26%	2024-2025 Students will grow by moving one or two levels across the different bands. The percentage of students who will score at Met/Exceeded will increase by: 3rd grade - 47% 4th grade - 30% 5th grade - 39% 6th grade - 37% 7th grade - 34% 8th grade - 36% The percentage of students who scored Not Met will be decreased by 10% in all grade levels.
CAASPP Math	2023-2024 The percentage of students who Met/Exceeded standards: 3rd grade - 38% 4th grade - 24% 5th grade - 15% 6th grade - 12%	2024-2025 Students will grow by moving one or two levels across the different bands. The percentage of students who will score at Met/Exceeded will increase by: 3rd grade - 48%

	7th grade - 16% 8th grade - 16%	4th grade - 34% 5th grade - 25% 6th grade - 22% 7th grade - 26% 8th grade - 26% The percentage of students who scored Not met will be decreased by 10% for all grade levels.
Star Early Literacy	2023-2024 The percentage of students who scored At/Above benchmark: Kindergarten - 96% 1st grade - 53% 2nd grade - 57%	2024-2025 The percentage of students who will score At/Above benchmark: TK-1st grades - 90% 2nd grade - 80%
Star Reading	2023-2024 The percentage of students who scored At/Above benchmark: 3rd grade - 25% 4th grade - 25% 5th grade - 33% 6th grade - 30% 7th grade - 12% 8th grade - 30%	2024-2025 The percentage of students who will score At/Above benchmark: 3rd-5th grades - 18% 6th-8th grades - 15%
Star Math	2023-2024 The percentage of students who scored At/Above benchmark: 1st grade - 15% 2nd grade - 21% 3rd grade - 41% 4th grade - 22% 5th grade - 15% 6th grade - 21% 7th grade - 15% 8th grade - 10%	2024-2025 The percentage of students who will score At/Above benchmark: 1st-2nd grades: 18% 3rd-5th grades - 18% 6th-8th grades - 18%
Reclassification Rate	96 English Learners were reclassified, which is 19% of our EL population.	The number of English Learners reclassified to R-FEP will be a minimum of 30% of our total EL population.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/ Activity #	Description	Students to be Served	Proposed Expenditures
1.1	Professional Development Offer professional development covering AVID, Math, comprehensive literacy, and STEM/STEAM strategies to enhance student engagement,	English Learners All Students Hispanic	3,000.00 LCFF 1000-1999: Certificated Personnel Salaries Teacher Extra Hours

	<p>collaboration, inquiry-based pedagogy, and higher-level thinking skills.</p> <p>DLI: Offer professional development opportunities within the district and county, provide resources and materials to enhance instruction and implementation of bi-literacy units, and allocate additional planning days for DLI teachers.</p> <p>Peer Observation of BEST Practices: Encourage teachers to observe peers to gain insights into effective instructional strategies and classroom management techniques.</p>		<p>10,000.00 LCFF 1000-1999: Certificated Personnel Salaries Substitutes</p>
1.2	<p>Collaborative Planning and Time</p> <p>Additional Planning Time: Provide teachers with additional planning and collaborative time outside of contractual hours for collaboration and reflection with grade-level colleagues to address the needs of all students, with a focus on English Learners.</p> <p>Scheduled Collaboration: Schedule regular grade level and content level collaboration, training, and coaching sessions for the Leadership Team and site teachers to foster continuous improvement.</p> <p>Data Analysis During Collaboration: Utilize collaboration time for teachers to analyze data, determine instructional focus based on student needs, desegregate data, identify student-centered needs, and align grade level standards.</p> <p>AVID and Content: The AVID Site Team, AVID teachers and AVID Coordinator will collaborate to develop AVID structures. Science and Math Teachers, supported by OSD Math Manager, Technology, History-Social Science, and Science TOSAs will also collaborate and plan.</p>	<p>All Students English Learners Hispanic Students with Disabilities Foster Youth</p>	<p>6,693.00 Title III 1000-1999: Certificated Personnel Salaries Teacher Extra Hours for ELD planning 2000.00 Title III 1000-1999: Certificated Personnel Salaries Substitutes for ELD planning 3,000 LCFF 1000-1999: Certificated Personnel Salaries Teacher Extra pay for Planning</p>
1.3	<p>Intervention Support Providers and Instructional Aides:</p> <p>Employ Intervention Support Providers and instructional aides to offer targeted, intentional instruction based on interim assessment data and common formative assessment data, using small group models during school hours.</p> <p>The instructional aide will support student in the lower grades not meeting grade level standards based on Star data, and common formative assessment.</p>	<p>All Students English Learners Foster Youth Students with Disabilities</p>	<p>27,156.00 Title I 1000-1999: Certificated Personnel Salaries Intervention Support Provider Salary 3,098 Title I 3000-3999: Employee Benefits Certificated benefits 30,000 Title I 2000-2999: Classified Personnel Salaries Classified salary 6,206.00 Title I</p>

			3000-3999: Employee Benefits Classified Benefits 4,000 LCFF - Intervention 4000-4999: Books And Supplies Materials and supplies for intervention
1.4	<p>Assessment Programs to Improve Achievement</p> <p>Star Assessments: Administer Star Reading, Early Literacy, and Math assessments at least four times a year. Upload results to the appropriate data systems and share with families to keep them informed of student progress.</p> <p>Assessment Calendar: Grade levels will create an assessment calendar to regularly monitor students, evaluate and analyze results, and use this information to inform instructional decisions during Effective PLC work. Teachers will meet in PLC's to use the assessments.</p> <p>Renaissance Star, Lexia, STMath, and Accelerated Reader Programs: Utilize these programs to support the assessment and academic program for all students, allowing teachers to individualize and differentiate Tier 1 support and target student achievement gaps.</p>	All Students Hispanic Foster Youth	District Funded 5800: Professional/Consulting Services And Operating Expenditures Assessment Programs
1.5	<p>Progress Monitoring and Conferences</p> <p>Progress Monitoring: Conduct progress monitoring by grade level or with individual teachers to identify specific students requiring support.</p> <p>Data/Progress Monitoring Conferences: Administration will conduct data/progress monitoring conferences and accountability talks with teachers in 6-week cycles to discuss student progress, Tier 1 instructional strategies, assessment data, and determine potential Tier 2 intervention needs. Identify students needing further monitoring through the MTSS process.</p> <p>Review Reclassification data and ELD student progress monitoring to ensure students are on their path to reclassification.</p> <p>MTSS/SST Monitoring: Staff will monitor at-risk students through the MTSS/SST process and provide information to parents via conferences, supporting and providing incentives and resources to improve attendance, engagement, and address social-emotional needs.</p>	All Students English Learners	2,500 Title III 2000-2999: Classified Personnel Salaries Translation for Conferences 1,500.00 LCFF 1000-1999: Certificated Personnel Salaries Instructional Assistant Extra Hours
1.6	Incentive Programs to support academic achievement	All Students	2,000 LCFF

	<p>Incentive Programs: Develop programs to support, encourage, and celebrate students who show gains in their scale scores on Star Reading and Math tests and meet goals in ST Math and Lexia. Purchase incentives.</p> <p>Academic Support/Social Emotional Camps: Offer camps during school breaks (e.g., Winter Break) to target academic needs, support test-taking strategies, reduce D and Fs among middle school students, and build social and emotional learning competencies.</p> <p>Enrichment Clubs and Athletic Clubs: Provide clubs focusing on AVID, Growth Mindset, Environmental Science, STEM/STEAM, and other SEL strategies designed for all students, particularly struggling students.</p> <p>Offer before and after school intervention to students not making academic progress based on progress monitoring data. Purchase materials and supplies (including from the warehouse) to support interventions.</p> <p>Field Trips and Guest Speakers: Organize field trips, guest speaker presentations, and enrichment activities that support both academic achievement and social emotional learning competencies, particularly for middle school students.</p>	<p>Students with Disabilities</p> <p>English Learners</p> <p>Homeless</p> <p>Foster Youth</p>	<p>2000-2999: Classified Personnel Salaries Clerical extra help 8,151 LCFF</p> <p>4000-4999: Books And Supplies Materials and supplies for intervention and incentive programs. 7,000 LCFF</p> <p>4000-4999: Books And Supplies Warehouse Materials 2000 Title I</p> <p>5000-5999: Services And Other Operating Expenditures Field Trip Transportation 2500 LCFF</p> <p>5000-5999: Services And Other Operating Expenditures Field trip Entrance Fees</p> <p>ELOP</p> <p>3,000 LCFF - Intervention</p> <p>1000-1999: Certificated Personnel Salaries Teacher Extra Hours for intervention 674 LCFF - Intervention</p> <p>3000-3999: Employee Benefits Teacher Benefits</p>
<p>1.7</p>	<p>Resources and technology in support of Academic Achievement</p> <p>Instructional materials and supplies: Purchase all necessary materials and supplies to support instructions in all areas.</p> <p>Technology Apps and Devices: Supply technology apps, computer devices, and software that support student mastery of standards for English learners not making progress toward reclassification.</p> <p>Supplemental Materials: Purchase supplemental books, supplies, materials, and technology for instructional staff and students to enhance the adopted curriculum, DLI program, ELD instruction, and Tier 1 instruction in the classroom.</p> <p>Library Resources: Purchase classroom and school library Spanish-language and bilingual</p>	<p>English Learners</p> <p>All Students</p> <p>Foster Youth</p> <p>Homeless</p> <p>Students with Disabilities</p>	<p>21,376 LCFF</p> <p>4000-4999: Books And Supplies Materials and Supplies 8,211 Title III</p> <p>5800: Professional/Consulting Services And Operating Expenditures Apps, Licenses, and online subscriptions for ELs 8,000 LCFF</p> <p>4000-4999: Books And Supplies Computer Supplies and software 5,000 LCFF</p>

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

The implementation of these strategies had a profound impact on program outcomes. Professional development and collaborative planning enhanced teachers' instructional capabilities, leading to improved student engagement and performance. Comprehensive assessment and progress monitoring facilitated data-driven instruction and timely interventions. Incentive programs and enrichment activities motivated students and supported their social emotional learning. The provision of technology and resources enabled differentiated instruction, while curriculum enhancements ensured alignment with state standards. Family engagement initiatives strengthened the school-community relationship, and operational efficiency measures supported the overall instructional program. Together, these strategies created a supportive and effective educational environment that addressed the diverse needs of students and fostered academic success.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

At Driffill we implemented the use of PLC to work on collaborative approaches to planning instruction, assessing learning outcomes, and determining next steps. While the intended implementation was met, we will continue to need further practice and support to become more effective in these areas. Progress monitoring was also an area of growth for us. The intended implementation is that we would be able to progress monitor every student to provide the supports necessary to increase academic achievement. We partially met this goal and will continue to solidify our systems to engage in progress monitoring.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

At Driffill we are developing a goal that targets all students by providing a tiered approach that ensures that every student is monitored through a variety of systems. We will use a variety of metrics such as Star, CAASPP interim assessments, common formative classroom assessments and running records to measure ongoing progress via a structured MTSS system, progress monitoring meetings with each grade level and effective PLC planning that uses the 4 essential questions to guide our day to day work (What do we want all students to know and be able to do? How will we know if they learn it? How will we respond when some students do not learn? How will we extend the learning for students who are already proficient?). At Driffill the effectiveness of our goals will be measured in 6 week cycles of progress inquiry to reassess student learning. If students are not mastering state standards, we will continue to analyze and plan high leverage strategies to ensure that we meet every student's academic needs. We will have Tier 1 programs that accelerate student learning while sustaining growth with strategic intervention for our students who need the extra support.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 2

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Social Emotional Support, School Climate, Attendance and Safety

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase positive attendance
 To decrease the suspension rate
 To increase positive behavior
 To ensure a safe environment
 To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Suspension Data	2023-2024 Number of suspensions - 19	2024-2025 Suspension Rates will decrease by 2%.
Attendance Data	2023-2024 Chronic Absenteeism rate - 06%	2024-2025 Chronic Absenteeism rates will decrease by 5%.
Behavioral Referrals to the office	2023-2024 Number of office Referrals - 102	2024-2025 Referral Rates will decrease by 10%.
Panorama Survey Data-Emotional Regulation	2023-2024 3rd-5th grade students: 43% responded that they are able to regulate their emotions. 6th-8th grade students: 48% responded that they are able to regulate their emotions.	2024-2025 Increase percentage of favorable responses by 10%.

Panorama Survey Data-Self Management	<p>2023-2024</p> <p>3rd-5th grade students: 70% responded that they are able to manage their emotions, thoughts and behaviors in different situations.</p> <p>6th-8th grade students: 67% responded that they are able to manage their emotions, thoughts and behaviors in different situations.</p>	<p>2024-2025</p> <p>Increase percentage of favorable responses by 10%.</p>
Panorama Survey Data-Social Awareness	<p>2023-2024</p> <p>3rd-5th grade students: 66% responded that they are able to consider perspectives of others and empathize with them.</p> <p>6th-8th grade students: 54% responded that they are able to consider perspectives of others and empathize with them.</p>	<p>2024-2025</p> <p>Increase percentage of favorable responses by 10%.</p>

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/Activity #	Description	Students to be Served	Proposed Expenditures
2.1	Driffill will have campus supervisors working varied schedules throughout the day to cover before and after school arrival and dismissal, hallways, locker room, recess, lunch and extra activities in support of parent engagement. Two additional campus supervisors will be hired to increase safety and student wellness.	All Students	29,593.00 LCFF 2000-2999: Classified Personnel Salaries Campus Supervisor Salaries 16,433 LCFF 3000-3999: Employee Benefits Campus Supervisor Benefits 6,600 LCFF 2000-2999: Classified Personnel Salaries Campus Supervisors Extra Hours
2.2	<p>Driffill will utilize a youth development approach and respond to student voice, creating after-school engagement activities and clubs, including, but not limited to: homework club, book club, gardening club, art club, math club, fitness/sports, social-emotional health activities will be provided by our counselors.</p> <p>Provide incentives and or rewards for participation in activities. 2.16	<p>The Big Smiles Program will be welcomed to provide dental care for students who do not have dental coverage (If available).</p>		<p>No additional cost</p>
2.17	<p>All students, staff, and parents (if on site) will participate in monthly safety drills.</p>	All Students	<p>No additional cost</p>
2.18	<p>Staff will follow the MTSS pyramid to address the behavior and socio-emotional needs of students. Driffill will continue to implement bimonthly MTSS meetings with site personnel to review and monitor students that may need Tier 2 interventions for social emotional support, counseling, and or academics.</p>	All Students	<p>No additional cost</p>
2.19	<p>Reinforce the PBIS model that is well structured with clear CHAMPs expectations. Therefore, Driffill will continue to provide structured activities and equipment during recess and lunch to support positive student interaction and healthy decision making, which will result in decrease in office discipline.</p>	All Students	<p>3,000.00 LCFF 4000-4999: Books And Supplies Materials and supplies</p>

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Driffill's strategic implementation of PBIS practices, the establishment of a Wellness Center, and comprehensive stakeholder training significantly contributed to the successful implementation of our program. These efforts not only improved student attendance but also created a safer and more welcoming school environment, ultimately fostering a stronger sense of community and engagement among students.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Even though we implemented a strong and effective PBIS program and wellness center, Driffill has had a high number of students that have experienced homelessness and the challenges of reaching them to come to school need to continue to be addressed and a continued priority. At Driffill we are providing strategies/and activities that will motivate students to come to school every day. We want to create an environment where all students feel safe, validated, and cared for. The intended implementation of these strategies need to continue to remain consistent and prioritized.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

This year we are going to continue the great work that was started in 23-24 school year with our PBIS team. Our PBIS team comprised of various staff, teacher and administrators have worked hard to identify barriers to student success in the area of social emotional health, positive behavior, attendance, and referral reduction. In 24-25 we will continue with that work and we will continue to see growth as we see attendance increase and referrals and suspension rates decrease. Driffill will be an environment where all students and staff feel safe.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 3

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Parent and Family Engagement

Families will be welcomed and afforded meaningful and productive opportunities to participate and partner in their child's academic and social-emotional growth.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase communication through websites and social media so parents and community are informed about district and school instructional programs and activities

To facilitate parent involvement in the educational and social-emotional well-being of their children.

To provide parents with technology training, equipment and resources for supporting student engagement.

To provide a safe and productive learning environment for students.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Parent attendance at workshops	2023-2024 Numbers of parents who attended the following events: Drug use Workshop - 9 Literacy Workshop - 21	2024-2025 Parent participation at workshops will increase by 10 %.
Average Attendance at ELAC meetings	2023-2024 The average number of attendees at ELAC meetings was 8.	2024-2025 Increase the number of attendees at ELAC meetings by 10%.
Parent Attendance at Back to School Night	2023-2024 325 Parents attended Back to School Night.	2024-2025 The number of parents attending Back to School Night will increase by 10%.
Panorama Survey Data	2023-2024 42 parents responded to the survey.	2024-2025 Increase parent responses by 40%.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/ Activity #	Description	Students to be Served	Proposed Expenditures
3.1	Provide parents with the school's weekly activities and information for all parent meetings. Modes of communication include Canvas, Parent Square our website, and in-person meetings.	All Students	District Funded 5800: Professional/Consulting Services And Operating Expenditures Parent Square contract
3.2	<p>Parent Education workshops will be developed and offered at least once a trimester. Parents will be trained in using and understanding technology, Literacy, Math, CHAMPS, PBIS, College Readiness, Cultural Proficiency, Growth Mindset, AVID Strategies, and/or other topics relevant to student success.</p> <p>We will provide families of English Learners strategies to support English Learners at home.</p> <p>Family Nights will be offered for parents, students, and staff to collaborate on various content/topics relating to Social Emotional, academics, and family connections/relationship.</p> <p>We will use visual presentations and technology to enhance the presentations and provide hands on opportunities for parents to engage with students like devices.</p>	All Students	5,000.00 LCFF 4000-4999: Books And Supplies Contracts and Services 2,000.00 LCFF 1000-1999: Certificated Personnel Salaries Teacher Extra Hours 6,000.00 Title III 4000-4999: Books And Supplies Materials and Supplies 1300 LCFF 2000-2999: Classified Personnel Salaries Library Media/Tech Extra Hours for Library Night 800.00 Title III 1000-1999: Certificated Personnel Salaries Translation Services 500.00 LCFF 2000-2999: Classified Personnel Salaries Babysitting
3.3	The Student Parent Compact and Parent Involvement Policy will be updated, with feedback from educational partners and distributed to parents.	All Students	No additional cost
3.4	Parents will be invited to review 8th grade promotion criteria for all middle school families to ensure clear understanding and partnership. Translators will be provided in parents' language including Mixteco.	All Students	700.00 Title III 2000-2999: Classified Personnel Salaries Translation Services
3.5	ELAC, Title I/Cafe con Padres and SSC virtual and in-person meetings are scheduled for the year and are posted on our website, through Parent Square messages, and digital bulletins and paper notices will go home with students.	All Students	1667.00 LCFF 4000-4999: Books And Supplies Materials and Supplies 2,000.00 Title III

			4000-4999: Books And Supplies Refreshments
3.6	Parent Conferences are held in the Fall for all students to review behavior and academic goals. Spring conferences are held for students who are not meeting academic and/or behavioral expectations.	All Students	Translation Services-see Goal 1.5
3.7	SST and 504 Meetings are held with parents and the team to review student progress and determine Tier 1 and Tier 2 interventions as needed. Provide materials, resources, and/or equipment for delivery of information on how we will support all students in a way that parents can understand and support.	All Students	2,000.00 LCFF 4000-4999: Books And Supplies Materials, resources, apps, and/or equipment 500.00 Title III 2000-2999: Classified Personnel Salaries Translation Services
3.9	IEP's will be held to support our students who receive special education services at a time and location most convenient for parents.	Students with Disabilities	5,000 LCFF 1000-1999: Certificated Personnel Salaries Substitutes 1000 LCFF 2000-2999: Classified Personnel Salaries Translation Services
3.10	Celebrations will be held throughout the year to recognize student accomplishments: Monthly Student Awards, Sports Banquet, End of Year and Reclassification.	All Students	2000.00 LCFF 4000-4999: Books And Supplies Materials and Supplies 2,000.00 LCFF 4000-4999: Books And Supplies Warehouse charges 1,000 LCFF 2000-2999: Classified Personnel Salaries Custodial support 5,000 LCFF 4000-4999: Books And Supplies Certificates and Awards

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

The previous implementation of strategies at Driffill aimed to incorporate parents as a fundamental component of students' academic, social-emotional, and overall well-being. The strategies focused on fostering strong partnerships with parents and community members. By providing opportunities for volunteering, attending workshops, and developing home and school support strategies, Driffill sought to create a cohesive support system for students.

The commitment to these strategies was reflected in the active engagement of parents in various school activities and their increased involvement in the educational process. This approach was designed to ensure that parents were well-informed about their children's academic and social experiences, thereby enhancing their ability to support their children effectively at home.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Driffill continues to be challenged by low parent engagement for various events. Some activities are well attended such as dances, Back to School Night and Open House while others are not. Workshops and parent engagement activities were planned throughout the year but the low number of parents attending continues to be a challenge.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will be making changes to our parent involvement plan by providing different ways for parents to engage with our school community. We are going to offer more virtual meetings in the evenings to meet our goal of increasing parent involvement.

Budget Summary

Complete the Budget Summary Table below. Schools may include additional information, and adjust the table as needed. The Budget Summary is required for schools funded through the Consolidated Application (ConApp).

Budget Summary

DESCRIPTION	AMOUNT
Total Funds Provided to the School Through the Consolidated Application	\$137,893
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$518,874.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0

Other Federal, State, and Local Funds

List the additional Federal programs that the school includes in the schoolwide program. Adjust the table as needed.

Note: If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.

Federal Programs	Allocation (\$)
Title I	\$90,989.00
Title III	\$46,904.00

Subtotal of additional federal funds included for this school: **\$137,893.00**

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Allocation (\$)
LCFF	\$190,518.00
LCFF - Intervention	\$8,674.00
Prop 28	\$181,789.00

Subtotal of state or local funds included for this school: **\$380,981.00**

Total of federal, state, and/or local funds for this school: **\$518,874.00**

Budgeted Funds and Expenditures in this Plan

The tables below are provided to help the school track expenditures as they relate to funds budgeted to the school.

Funds Budgeted to the School by Funding Source

Funding Source	Amount	Balance
Title I	90,989.00	0.00
Title III	46,904.00	0.00
LCFF	190,518.00	0.00
LCFF - Intervention	8,674.00	0.00
Prop 28	181,789.00	0.00

Expenditures by Funding Source

Funding Source	Amount
LCFF	190,518.00
LCFF - Intervention	8,674.00
Prop 28	181,789.00
Title I	90,989.00
Title III	46,904.00

Expenditures by Budget Reference

Budget Reference	Amount
1000-1999: Certificated Personnel Salaries	174,749.00
2000-2999: Classified Personnel Salaries	117,271.00
3000-3999: Employee Benefits	26,911.00
4000-4999: Books And Supplies	156,203.00
5000-5999: Services And Other Operating Expenditures	32,500.00
5800: Professional/Consulting Services And Operating Expenditures	11,240.00

Expenditures by Budget Reference and Funding Source

Budget Reference	Funding Source	Amount
1000-1999: Certificated Personnel Salaries	LCFF	25,500.00
2000-2999: Classified Personnel Salaries	LCFF	45,993.00
3000-3999: Employee Benefits	LCFF	16,433.00
4000-4999: Books And Supplies	LCFF	91,592.00
5000-5999: Services And Other Operating Expenditures	LCFF	10,000.00
5800: Professional/Consulting Services And Operating Expenditures	LCFF	1,000.00
1000-1999: Certificated Personnel Salaries	LCFF - Intervention	3,000.00
3000-3999: Employee Benefits	LCFF - Intervention	674.00
4000-4999: Books And Supplies	LCFF - Intervention	5,000.00
1000-1999: Certificated Personnel Salaries	Prop 28	109,600.00
2000-2999: Classified Personnel Salaries	Prop 28	36,578.00

2000-2999: Classified Personnel Salaries	Title III	4,700.00
3000-3999: Employee Benefits	Title III	500.00
4000-4999: Books And Supplies	Title III	24,000.00
5800: Professional/Consulting Services And Operating Expenditures	Title III	8,211.00

Expenditures by Goal

Goal Number	Total Expenditures
-------------	--------------------

Goal 1	400,552.00
Goal 2	79,855.00
Goal 3	38,467.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members
- 0 Secondary Students

Name of Members	Role
Javier Tapia	Principal
Patricia Ponce-Villa	Classroom Teacher
Martha Alcantar	Classroom Teacher
Carlos Torres	Classroom Teacher
Monica Arias Melgoza	Other School Staff
Maricela Morales	Parent or Community Member
Myriam Cervantes	Parent or Community Member
Carina Torres	Parent or Community Member
Alex Salazar	Parent or Community Member
Brian Melanaphy	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 5.30.24.

Attested:

Principal, Javier Tapia on 5.30.24

SSC Chairperson, Patricia Ponce-Villa on 5.30.24

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

Instructions: Table of Contents

- Plan Description
- Educational Partner Involvement
- Comprehensive Needs Assessment
- Goals, Strategies/Activities, and Expenditures
- Annual Review
- Budget Summary
- Appendix A: Plan Requirements for Title I Schoolwide Programs
- Appendix B: Select State and Federal Programs

For additional questions or technical assistance related to LEA and school planning, please contact the CDE's Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the LEA, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:

Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:

When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- Strategy/Activity #: Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- Description: Describe the strategy/activity.
- Students to be Served: Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- Proposed Expenditures: List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to EC Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- Funding Sources: List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
 - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
 - a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. Use methods and instructional strategies that:
 - i. Strengthen the academic program in the school,
 - ii. Increase the amount and quality of learning time, and
 - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. Strategies to improve students' skills outside the academic subject areas;
 - ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: Title 34 of the *Code of Federal Regulations (34 CFR)*, sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. *EC* sections 64001 et. seq.

Appendix B: Plan Requirements for School to CSI/ATSI Planning Requirements

For questions or technical assistance related to meeting federal school improvement planning requirements, please contact the CDE’s School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education’s “Using Evidence to Strengthen Education Investments” at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

CSI Resources

For additional CSI resources, please see the following links:

- **CSI Planning Requirements** (see Planning Requirements tab):
<https://www.cde.ca.gov/sp/sw/t1/csi.asp>
- **CSI Webinars:** <https://www.cde.ca.gov/sp/sw/t1/csiwebinars.asp>
- **CSI Planning Summary for Charters and Single-school Districts:**
<https://www.cde.ca.gov/sp/sw/t1/csiplansummary.asp>

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Updated by the California Department of Education, October 2023

School Plan for Student Achievement (SPSA)

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Elm Street School	56725386055289	May 24, 2024	August 21, 2024

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California’s ESSA State Plan supports the state’s approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state’s Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Elm Street School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Elm Street School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

Elm St. School will effectively meet the Every Student Succeeds Act (ESSA) by implementing Oxnard School District's new strategic plan called Oxnard EMPOWERS. Our vision is "Changing the World! Inspired, Accomplished, Multilingual Global Citizens - In School and Beyond." Our Mission is to "IGNITE, TRANSFORM, NURTURE AND EMBRACE." The Oxnard School District Student Profile with the seven traits will also be at the forefront of our decision making. Our unified values and supporting principles will also guide our work. We also seek to implement the need to accelerate learning strategies and programs, which means students have access to high-level standard-based instruction while addressing the gaps in prior learning. Targeting unfinished learning and gaps through an Accelerated Learning approach in Tier 1 instruction is a priority. We ensure all of our strategic goals are aligned to the new OSD strategic plan: OXNARD EMPOWERS.

Elm St. School will focus on the area of teaching and learning to successfully meet the needs of all students. Elm is determined to ensure all students receive a high quality education from fully qualified, caring teachers whose use of research-based practices help them connect with 21st century expectations through the arts, sciences, and technology. Elm St. School has established a safe, professional, bilingual learning community where educators use data to drive instruction, collaborate toward common goals, and work with families, students, and community members toward becoming successful contributing members of society, while addressing the needs of the whole child. The staff is dedicated to the full implementation of Common Core State Standards (CCSS) with an emphasis on technology through the implementation of one-to-one devices for all students in grades Transitional Kindergarten through 5th grade. We will continue with the implementation of the Dual Language Biliteracy Unit Frameworks which are standards based curriculum from Transitional Kindergarten through Fifth grade written by our District to ensure CCSS is at the forefront in our biliteracy classes. In addition, teachers dedicate thirty minutes daily to implement interventions and monitor student in an intervention programs. These interventions include focused group instruction from classroom teachers, the Literacy Intervention Teacher (LIT) and Instructional Support Providers (ISPs). The Literacy Intervention Teacher and the Instructional Support Providers will be using the Fountas & Pinnell Leveled Literacy Intervention System (LLI) as their primary resource.

The teaching staff at Elm St. School is committed to the process of implementing CCSS and dedicated to promote higher level thinking via a high level of depth of knowledge for all students. In order to implement CCSS, Elm teachers are committed to consistently meeting in Professional Learning Communities in order to increase student achievement. Teachers focus on data driven instruction, assess students formally and informally to monitor student growth in the core areas and meet to analyze student data results to plan instruction and student interventions. Elm teachers will continue progress monitoring their students to ensure the academic needs of the students are met. Elm School Staff will focus on Positive Behavior Intervention Supports (PBIS) through the use of STOIC and MTSS to meet the needs of the whole child including academics, behavior and social-emotional needs. Teachers are also committed to ensure the social emotional needs of students by implementing Community Circles. Families and community members will play an active role in the daily school activities with multiple opportunities to volunteer and participate in the school's educational program. Elm St. School maintains continual communication with all stakeholders through School Site Council (SSC), English Language Advisory Committee (ELAC), a Title 1 Meeting, Coffee with the Principal, PTA meetings, Elm's website, Class Dojo, school social media and district wide communication system Parent Square.

Educational Partner Involvement

How, when, and with whom did Elm Street School consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

The Instructional Leader began the involvement process for the SPSA with the proposed 2023-2024 school budget. Grade level teams discussed budget priorities. The Instructional leader shared the SPSA and the budget with the SSC and the ELAC committees, and staff and parents were given an opportunity to provide feedback. The Instructional Leader collected feedback from grade level teams, SSC, and ELAC to support all the strategies/activities as written in the SPSA. The proposed 2023-2024 school budget aligned directly with the three goals stated in the SPSA. The SPSA is a living document and will be shared continuously throughout the year with educational partners. Elm St. School will review each action's effectiveness as detailed in the SPSA throughout the year using Star data, Panorama results, student progress monitoring results, and educational partners' feedback from our various parent groups.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

The substitute shortage has impacted our instructional program. Our teachers were not able to attend all professional development opportunities due to a shortage of substitutes. OSD has provided an extensive opportunity to continue Professional Development opportunities in the afternoon once students have been released for the day.

As a DLI school, Elm seeks to acquire more standard-aligned Spanish books, articles, and resources to enrich grade-level lessons beyond the adopted textbooks. These resources are currently in development from publishers.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

Although we are proud of our progress, an area of concern is chronic absenteeism among our homeless population. In the 2022-2023 school year, our chronic absenteeism decreased by 6.5%. Elm Street teachers maintain good communication with our families and reach out when students are absent. Additionally, our Outreach Resource Coordinator and Attendance Clerk connect with families to offer resources and support as needed. They also conduct attendance meetings with the principal. Home visits are conducted when students are missing and no contact has been made for a week.

Another area of concern is and are our English Language Arts scores. As a school, we are in the red zone, which includes the categories of English Learners, Hispanics, Socioeconomic Disadvantage, and Students with Disabilities. In 2023-2024, we increased our professional development in our Biliteracy Unit Framework (BUF) by utilizing our Teacher On Special Assignment (TOSA) to support our teachers' individual and team development when addressing English language lesson planning and instruction. Our TOSA collaborated with teachers to create lessons, modeled classroom lessons and conducted after-school and grade-level professional development days. The areas in which our Star scores indicated we needed support were targeted. Since we are a dual immersion school, we placed equal resources for professional development in both languages. However, our resources will mainly support the English teachers through analysis of the dashboard and our Star assessments. We also have Leveled Literacy Intervention (LLI) to accelerate reading fluency and comprehension. This school year, we had end of the trimester grade level meetings that focused on analyzing LLI data. The meetings helped classroom and LLI teachers work more efficiently by strategizing on how to maximize student support while minimizing the loss of instructional time in the classroom. The teachers were also able to explore individual student needs and growth to determine which students could be grouped for small group instruction. Additionally, in the classroom, teachers allocate thirty minutes daily to a Multi-Tier System of Support (MTSS), which will

focus on small group lessons and rotations for intervention. Based on classroom assessments, Star scores, and other teacher-determined assessment tools, teachers choose which grade level standards will be targeted for intervention in English Language Arts.

In the upcoming school year 2024- 2025, Elm St. School is excited to partner with Orenda Education. Orenda Education focuses on using school and district data to refine systems within school structures to better serve our students. This collaboration will target our teaching staff by analyzing our school data and enhancing our PLC structures to better address the achievement gap that we see in our students' performance for English Language Arts.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the "all student" performance.

The students performed two or more levels below "all student" performance in Chronic Absenteeism is our homeless student population. An area of concern is our English Language Arts scores. As a school, we are in the red zone, which includes the categories of English Learners, Hispanics, Socioeconomic Disadvantage, and Students with Disabilities.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

Elm St. School is in its first year as a fully DLI-only school. The BUF fosters high rigor in lesson planning to create engaging and student-centered lessons for English and Spanish in all content areas. Through my classroom observations, I see teachers growing in different regions of the BUF lessons. This reinforces the need to allocate resources for continual professional development.

Additionally, Elm St School uses the Panorama Survey to measure students' social and emotional needs. Our data did not indicate significant concerns; however, we focused on emotional regulation and self-management. The school counselor conducts social skill groups and one-on-one counseling sessions, focusing on teaching emotional regulation and self-management strategies. These lessons are in small groups or one-on-one for six to eight weeks. The counselor also consults with teachers to explore different classroom strategies for helping students in these areas.

School and Student Performance Data

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Elm Street School. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
American Indian	%	0%	%		0	
African American	0.20%	0%	%	1	0	
Asian	%	0%	%		0	
Filipino	0.40%	0%	%	2	0	
Hispanic/Latino	97.81%	99.59%	100.00%	492	480	468
Pacific Islander	0.20%	0%	%	1	0	
White	1.39%	0.41%	%	7	2	
Multiple/No Response	%	0%	%		0	
Total Enrollment				503	482	468

Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	21-22	22-23	23-24
Kindergarten	75	90	93
Grade 1	72	72	66
Grade 2	90	70	70
Grade3	84	82	72
Grade 4	93	75	74
Grade 5	89	93	70
Total Enrollment	503	482	468

Conclusions based on this data:

Elm St. School had a 3% enrollment loss. We continue to have low enrollment. Declining enrollment is impacting the entire state of California, and this highlights the importance of being proactive in our outreach and connecting our families to resources in our community.

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
English Learners	401	381	373	71.50%	79.7%	79.7%
Fluent English Proficient (FEP)	35	33	27	14.30%	7.0%	5.8%
Reclassified Fluent English Proficient (RFEP)				6.0%		

Conclusions based on this data:

Elm St. School has a significant number of English Learners an estimated 80% of the student population over the past two years. The number of Fluent English-proficient students has also declined over the past three years. Our RFEP percentage has been decreasing. This aligns with the area of growth we are targeting, which is the English Language Arts as mentioned in the Dashboard indicators.

School and Student Performance Data

Star Early Literacy

Elm Street School											
		Less than Proficient				Proficient				Star Early Literacy Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade K	101	13	13%	7	7%	31	31%	50	50%	Level 3	835
Grade 1	57	35	61%	7	12%	14	25%	1	2%	Level 1	762
Grade 2	51	45	88%	5	10%	1	2%	0	0%	Level 1	817

Conclusions based on this data:

Comparing end-of-year scores from the 2022-2023 to the 2023-2024 school year, our proficiency rate in English Early Literacy increased by 14.6%. Our kindergarten grade level achieved the highest proficiency rate at 50.5%, significantly contributing to the overall reading proficiency rate of 23.1%. This school year, Elm Street added one more kindergarten classroom due to increased enrollment, resulting in two English teachers and two Spanish teachers. This format eliminates the need for a self-contained teacher who teaches both languages, aligning with the Biliteracy Program adopted by the Oxnard District, which recommends one teacher per language.

The Star Early Literacy Spanish Assessment indicates that our students' proficiency increased by 1.5%, reaching a 53.7% Spanish proficiency rate. Our second grade level saw a remarkable increase of 38.7%, achieving the highest proficiency rate in Spanish Early Literacy at 81.6%. Spanish literacy is a relative strength for us, which aligns with having 80% of our population being English Language Learners.

Teachers' efforts resulted in significant growth in kindergarten and second grade. To continue seeing growth in these areas and in English Early Literacy for 1st and 2nd grades, we will be working with Orenda Education and district Biliteracy TOSAs to further develop our Tier 1 instruction.

School and Student Performance Data

Star Reading

Elm Street School											
		Less than Proficient				Proficient				Star Reading Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 2	70	44	63%	18	26%	7	10%	1	1%	Level 1	853
Grade 3	68	44	65%	15	22%	8	12%	1	1%	Level 1	917
Grade 4	68	44	65%	19	28%	2	3%	3	4%	Level 1	931
Grade 5	69	35	51%	21	30%	9	13%	4	6%	Level 1	990

Conclusions based on this data:

During the 2023-2024 Star Reading Assessment, Elm Street School saw a 2% decrease in proficiency. The school has been closely monitoring assessments throughout the year. This lack of growth prompted us to seek additional support, such as from Orenda Education. For the 2024-2025 school year, Elm Street School staff will receive increased professional development focused on improving Tier 1 instruction.

School and Student Performance Data

Star Math

Elm Street School											
		Less than Proficient				Proficient					
		Level 1		Level 2		Level 3		Level 4		Star Math Average	
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 1	71	29	41%	29	41%	12	17%	1	1%	Level 1	812
Grade 2	70	29	41%	22	31%	14	20%	5	7%	Level 2	899
Grade 3	69	30	43%	22	32%	13	19%	4	6%	Level 2	949
Grade 4	72	35	49%	28	39%	8	11%	1	1%	Level 1	964
Grade 5	69	46	67%	16	23%	5	7%	2	3%	Level 1	1006

Conclusions based on this data:

Star Math scores seemed to stay at our 20% proficiency rate. The second-grade level increased by 9.3% in the school year, with the highest proficiency rate at 27.9% at the end. This continues to be an area of focus to improve Tier 1 instruction.

School and Student Performance Data

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Overall Participation for All Students

Research/Inquiry Investigating, analyzing, and presenting information									
Grade Level	% Above Standard			% At or Near Standard			% Below Standard		
	20-21	21-22	22-23	20-21	21-22	22-23	20-21	21-22	22-23
Grade 3		8.33	3.80		60.71	58.23		30.95	37.97
Grade 4		2.11	4.17		66.32	61.11		31.58	34.72
Grade 5		4.60	9.78		63.22	64.13		32.18	26.09
All Grades		4.89	6.17		63.53	61.32		31.58	32.51

In order to protect student privacy, an asterisk (*) will be displayed for enrolled and tested counts for fewer than 4 students and for assessment results for fewer than 11 students. "N/A" will be displayed instead of a number on test results where no data is found for the specific report.

Conclusions based on this data:

The percentage of third grade students in the 2023-2024 academic year at the Met and Exceeded Standard are at 9% as compared to 14% of the third graders that were at the Met and Exceeded Standard in 2022-2023. This is a 5% drop from one year to the next. The percentage of fourth grade students in the 2023-2024 academic year at the Met and Exceeded Standard are at 6% as compared 11% of fourth graders that were at the Met and Exceeded Standard in 2021-202. This is a 5% drop from one year to the next. The percentage of fifth grade students in the 2023-2024 academic year at the Met and Exceeded Standard is at 21% as compared to 28% of fifth graders that were at the Met and Exceeded Standard in 2021-2022. This is a 7% drop from one year to the next. English Language proficiency is an area of concern. In 2023-2024, we increased our professional development in our Biliteracy Unit Framework (BUF) by utilizing our Teacher On Special Assignment (TOSA) to support our teachers' individual and team development when addressing English language lesson planning and instruction. Our TOSA collaborated with teachers to create lessons, modeled classroom lessons and conducted after-school and grade-level professional development days. In the upcoming school year 2024- 2025, Elm St. School is excited to partner with Orenda Education. Orenda Education focuses on using school and district data to refine systems within school structures to better serve our students. This collaboration will support our teaching staff in analyzing our school data and enhancing our PLC structures to better address the achievement gap that we see in our students' performance for English Language Arts.

Conclusions based on this data:

The percentage of third grade students in the 2023-2024 academic year at the Met and Exceeded Standard are at 16% as compared to 21% of the third graders that were at the Met and Exceeded Standard in 2022-2023. This is a 5% decrease from one year to the next. The percentage of fourth grade students in the 2023-2024 academic year at the Met and Exceeded Standard are at 7% as compared 12% of fourth graders that were at the Met and Exceeded Standard in 2022-2023. This is a 5% decrease from one year to the next. The percentage of fifth grade students in the 2023-2024 academic year at the Met and Exceeded Standard is at 8% as compared to 7% of fifth graders that were at the Met and Exceeded Standard in 2022-2023. This is a 1% increase from one year to the next. In 2023-2024, we increased our professional development with the district Math Manager and Math TOSA to support our teachers' individual and team development when addressing math lesson planning. In the upcoming school year 2024- 2025, Elm St. School is excited to partner with Orenda Education. Orenda Education focuses on using school and district data to refine systems within school structures to better serve our students. This collaboration will support our teaching staff in analyzing our school data and enhancing our PLC structures to better address the achievement gap that we see in our students' performance for math.

School and Student Performance Data

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](http://English Language Proficiency Assessments for California (ELPAC) web page) web page or the ELPAC.org website for more information about the ELPAC.

Conclusions based on this data:

During the 2023-2024 academic year, 18 students were re-classified. Elm decreased their number of re-classified students by 12 students as compared to the 2022-2023 academic year. This aligns with the area of growth we are targeting, which is the English Language Arts as mentioned in the Dashboard indicators. Teachers will focus on teaching students the skills needed in each of the four domains so that they become proficient in English. Next school year, we will be concentrating on increasing performance in the areas of English Language Arts. This should also improve the number of students moving at least one level up in ELPAC testing, ultimately increasing the reclassification percentage.

School and Student Performance Data

California School Dashboard Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

2022-23 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
482	96.7	79	0.4
Total Number of Students enrolled in Elm Street School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2022-23 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	381	79
Foster Youth	2	0.4
Homeless	55	11.4
Socioeconomically Disadvantaged	466	96.7
Students with Disabilities	65	13.5

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
Hispanic	480	99.6
White	2	0.4

Conclusions based on this data:

Most of our students at Elm St. School are Socioeconomically Disadvantaged and English language learners. With this knowledge, we are mindful of the ELPAC scores and use this information to reinforce the need to focus on English Language Arts. Each year, English Learners take the ELPAC state exam to measure their level of English proficiency from year to year. The goal is to reach a level of well-developed overall in the four domains and meet all the criteria to be considered for Reclassification. At the beginning of the year, we pull the list of students who received an overall level of 3 or 4 and analyze their performance in each domain (listening, speaking, reading and writing) to determine which areas need additional support and interventions in order for them to meet their goals and reclassify before they leave us at the end of 5th grade.

School and Student Performance Data

Overall Performance

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

2023 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts Red	Chronic Absenteeism Yellow	Suspension Rate Blue
Mathematics Yellow		
English Learner Progress Blue		

Conclusions based on this data:

1. Elm St School exited out of the ATSI performance category for the 2023-2024 school year. Although we are proud of our progress, our area of concern is our English Language Arts scores. As a school, we are in the red zone, which includes the categories of English Learners, Hispanics, Socioeconomic Disadvantage, and Students with Disabilities.

The two areas of concern that we will be targeting this school year are our English Language Arts scores for all populations and chronic absenteeism for our homeless population.

School and Student Performance Data

Academic Performance English Language Arts

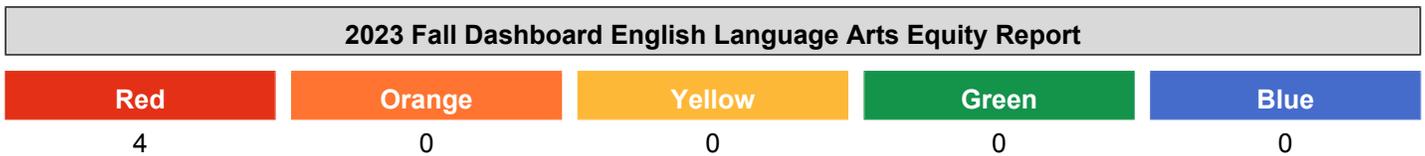

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2023 Fall Dashboard English Language Arts Performance for All Students/Student Group		
<p>All Students</p>  Red 74.8 points below standard Maintained -2 points 240 Students	<p>English Learners</p>  Red 80.1 points below standard Decreased -8.4 points 202 Students	<p>Foster Youth</p> <p>Less than 11 Students</p> <p>1 Student</p>
<p>Homeless</p> <p>71.2 points below standard Increased +8.4 points 34 Students</p>	<p>Socioeconomically Disadvantaged</p>  Red 76.3 points below standard Maintained -2 points 232 Students	<p>Students with Disabilities</p>  Red 155.4 points below standard Decreased -14 points 38 Students

2023 Fall Dashboard English Language Arts Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
 No Performance Color 0 Students	 No Performance Color 0 Students	 No Performance Color 0 Students	 No Performance Color 0 Students
Hispanic	Two or More Races	Pacific Islander	White
 Red 74.9 points below standard Decreased -3 points 238 Students	 No Performance Color 0 Students	 No Performance Color 0 Students	Less than 11 Students 2 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2023 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
95.4 points below standard Decreased -7.2 points 160 Students	21.9 points below standard Decreased Significantly -48.7 points 42 Students	59.6 points below standard Increased Significantly +36.4 points 24 Students

Conclusions based on this data:

This is an area of concern in the English Language Arts scores. As a school, we are in the red zone, which includes the categories of English Learners, Hispanics, Socioeconomic Disadvantage, and Students with Disabilities. In 2023-2024, we increased our professional development in our Biliteracy Unit Framework (BUF) by utilizing our Teacher On Special Assignment (TOSA) to support our teachers' individual and team development when addressing English language lesson planning and instruction. Our TOSA collaborated with teachers to create lessons, modeled classroom lessons and conducted after-school and grade-level professional development days. The areas in which our Star scores indicated we needed support were targeted. Since we are a dual immersion school, we placed equal resources for professional development in both languages. However, our resources will mainly support the English teachers through analysis of the dashboard and our Star assessments. We also have Levelled Literacy Intervention (LLI) to accelerate reading fluency and comprehension. This school year, we had an end-of-the-trimester grade level meetings that focused on analyzing LLI data. The meetings helped classroom and LLI teachers work more efficiently by strategizing on how to maximize student support while minimizing the loss of instructional time in the classroom. The teachers were also able to explore individual student needs and growth to determine which students could be grouped for small group instruction. Additionally, in the classroom, teachers allocate thirty minutes daily to a Multi-Tier System of Support (MTSS), which will focus on small group lessons and rotations for intervention. Based on classroom assessments, Star scores, and other teacher-determined assessment tools, teachers choose which grade level standards will be targeted for intervention in English Language Arts.

School and Student Performance Data

Academic Performance Mathematics

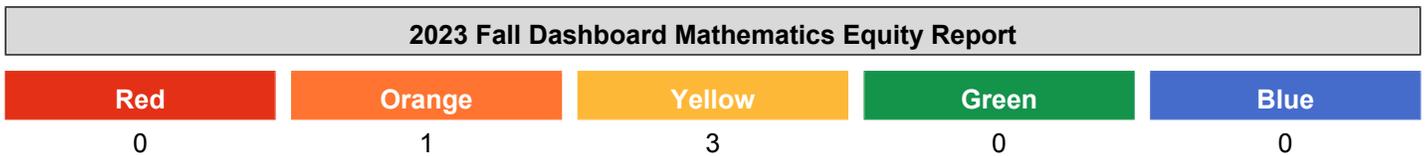

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the Mathematics assessment. This measure is based on student performance either on the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2023 Fall Dashboard Mathematics Performance for All Students/Student Group		
<p>All Students</p>  <p>Yellow</p> <p>85 points below standard</p> <p>Increased +9.6 points</p> <p>240 Students</p>	<p>English Learners</p>  <p>Yellow</p> <p>87.7 points below standard</p> <p>Increased +6.9 points</p> <p>202 Students</p>	<p>Foster Youth</p> <p>Less than 11 Students</p> <p>1 Student</p>
<p>Homeless</p> <p>77.7 points below standard</p> <p>Increased Significantly +21.1 points</p> <p>34 Students</p>	<p>Socioeconomically Disadvantaged</p>  <p>Yellow</p> <p>85.8 points below standard</p> <p>Increased +10.1 points</p> <p>232 Students</p>	<p>Students with Disabilities</p>  <p>Orange</p> <p>150.3 points below standard</p> <p>Increased +4.8 points</p> <p>38 Students</p>

2023 Fall Dashboard Mathematics Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
 No Performance Color 0 Students	 No Performance Color 0 Students	 No Performance Color 0 Students	 No Performance Color 0 Students
Hispanic	Two or More Races	Pacific Islander	White
 Yellow 85.1 points below standard Increased +8.2 points 238 Students	 No Performance Color 0 Students	 No Performance Color 0 Students	Less than 11 Students 2 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2023 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
99.6 points below standard Increased +6.9 points 160 Students	42.3 points below standard Decreased Significantly -18.8 points 42 Students	80 points below standard Increased Significantly +20.6 points 24 Students

Conclusions based on this data:

Although Mathematics is not our lowest area of performance, it still remains an area that we target, especially with the student group of Students with Disabilities. We will be addressing the academic needs in Mathematics through our first instruction, progress monitoring and intervention. We will be working with Orenda Education which will help us refine our Professional Learning Communities which will allow us to reflect on the effectiveness of our lesson planning with colleagues in order to address Mathematics development.

School and Student Performance Data

Academic Performance English Learner Progress

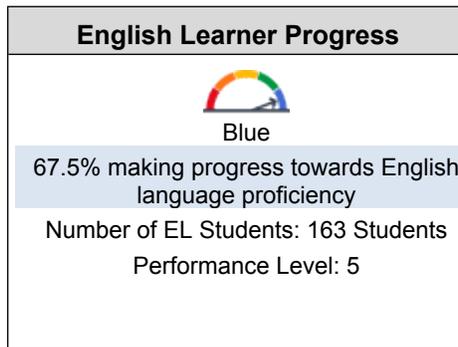

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides a view of the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2023 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2023 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
13	40	0	110

Conclusions based on this data:

During the 2023-2024 Academic year, 18 students were re-classified. This was about ten fewer students than the year prior. Teachers will focus on teaching students the skills needed in each of the four domains so that they become proficient in English. Next school year, we will be concentrating on increasing in the areas of English Language Arts, this should also improve the number of students moving at least one level up in ELPAC testing, ultimately increasing the reclassification percentage.

School and Student Performance Data

Academic Engagement Chronic Absenteeism

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2023 Fall Dashboard Chronic Absenteeism for All Students/Student Group		
All Students	English Learners	Foster Youth
 Yellow 24.6% Chronically Absent Declined Significantly -6.5 500 Students	 Yellow 22.5% Chronically Absent Declined Significantly -5.6 400 Students	Less than 11 Students 2 Students
Homeless	Socioeconomically Disadvantaged	Students with Disabilities
 Red 25.4% Chronically Absent Increased 7 67 Students	 Yellow 25% Chronically Absent Declined Significantly -5.6 484 Students	 Orange 31.2% Chronically Absent Declined -1.7 77 Students

2023 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

African American	American Indian	Asian	Filipino
 No Performance Color 0 Students	 No Performance Color 0 Students	 No Performance Color 0 Students	 No Performance Color 0 Students
Hispanic	Two or More Races	Pacific Islander	White
 Yellow 24.7% Chronically Absent Declined Significantly -6.5 498 Students	 No Performance Color 0 Students	 No Performance Color 0 Students	Less than 11 Students 2 Students

Conclusions based on this data:

Elm St School will address the area of absenteeism by providing more parent outreach and incentive programs. We will continue to conduct consistent home visits to follow up with families and students to address chronic absenteeism. The principal will conduct parent meetings with any families of the students that are chronically absent and late. The meeting highlights the importance of attending school and signing a school attendance contract. The principal also educates parents about the importance of regular attendance at Back to School Night, Tk and Kindergarten Orientation, and Open House.

School and Student Performance Data

Conditions & Climate Suspension Rate

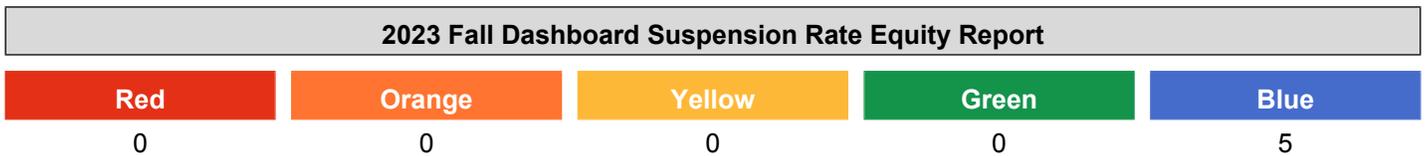

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2023 Fall Dashboard Suspension Rate for All Students/Student Group		
<p>All Students</p> <p>Blue</p> <p>0.2% suspended at least one day</p> <p>Maintained 0 519 Students</p>	<p>English Learners</p> <p>Blue</p> <p>0% suspended at least one day</p> <p>Maintained -0.2 414 Students</p>	<p>Foster Youth</p> <p>Less than 11 Students 2 Students</p>
<p>Homeless</p> <p>Blue</p> <p>0% suspended at least one day</p> <p>Maintained 0 72 Students</p>	<p>Socioeconomically Disadvantaged</p> <p>Blue</p> <p>0.2% suspended at least one day</p> <p>Maintained 0 500 Students</p>	<p>Students with Disabilities</p> <p>Blue</p> <p>0% suspended at least one day</p> <p>Maintained 0 81 Students</p>

2023 Fall Dashboard Suspension Rate by Race/Ethnicity

African American	American Indian	Asian	Filipino
 No Performance Color 0 Students	 No Performance Color 0 Students	 No Performance Color 0 Students	 No Performance Color 0 Students
Hispanic	Two or More Races	Pacific Islander	White
 Blue 0.2% suspended at least one day Maintained 0 517 Students	 No Performance Color 0 Students	 No Performance Color 0 Students	Less than 11 Students 2 Students

Conclusions based on this data:

Elm St. School's overall suspension rate is very low. The principal and school counselor continue implementing Restorative Justice strategies to maintain that low rate. The principal has also been working with the counselor and classroom teachers to explore alternatives to suspension. Implementing STOIC in every classroom has also supported a low suspension rate, and we will continue this practice.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Language Arts and Math

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

All students will reach high academic standards in reading and mathematics.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase the capacity of teachers to deliver effective data-driven instruction
 To provide equipment, materials and technology resources that support high quality instruction
 To provide opportunities for teachers to collaborate to improve teaching and learning

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
CAASPP English Language Arts (ELA)	2023-24 Results by Grade Level- Percentage of students who scored in the Met/Exceeded range: Grade 3 - 20% Grade 4 - 15 % Grade 5 - 29%	Grade 3: Students will demonstrate growth by moving one or two levels across the different ELA CAASPP bands. We aim to increase by 10%, representing seven students that will move from nearly met to met and/or exceeding the standards. Grade 4: Students will demonstrate growth by moving one or two levels across the different ELA CAASPP bands. We aim to increase by 10%, representing seven students that will move from nearly met to met and/or exceeding the standards. Grade 5: Students will demonstrate growth by moving one or two levels across the different ELA CAASPP bands. We aim to increase by 10%, representing seven students that will move from nearly met to met and/or exceeding the standards.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/ Activity #	Description	Students to be Served	Proposed Expenditures
1.1	<p>Time will be provided for grade-level collaboration for at least one hour weekly in Professional Learning Communities (PLC) to increase the capacity of teachers to deliver effective data-driven instruction and to provide opportunities for teachers to collaborate to improve teaching and learning. Elm St. School will work with Orenda Education to better organize the grade-level teams to review formative and summative assessments to drive first instruction. PLC collaboration is also a critical component in gathering data for the Student Study Team process and providing intervention support. Teachers will develop interventions for students who need more support.</p>	All Students	<p>District Funded None Specified Collaboration Wednesdays</p>

1.2	The principal will reinforce the appropriate time for all academic content at each grade level by monitoring daily classroom schedules and classroom visits. The principal also monitors Tier 1 instruction during classroom visits. The teachers, in collaboration with the principal, will continue implementing progress monitoring cycles. In the progress monitoring cycles, we use Educlimber to document our interventions and individual student progress which are reviewed during progress monitoring meetings with the principal. In the progress monitoring meetings, teachers and principals meet one-on-one to review student data and give interventions to determine next steps.	All Students	2,500.00 Title I 1000-1999: Certificated Personnel Salaries Subs for progress monitoring meetings District Funded 5800: Professional/Consulting Services And Operating Expenditures Educlimber Software
1.3	Transitional kindergarten and kindergarten will be provided with instructional support by hiring one paraeducator to augment and support teaching and learning. Transitional Kindergarten will have a 6-hour paraprofessional, and Kindergarten will have a 3-hour paraprofessional per class.	All Students	District Funded 2000-2999: Classified Personnel Salaries Classified Salaries 500.00 LCFF 2000-2999: Classified Personnel Salaries Instructional Assistant Extra Help 177.00 LCFF 3000-3999: Employee Benefits Instructional Assistant Benefits
1.4	In alignment with our Oxnard Empowers Strategic Plan 2.6.1 and 4.6.1, Elm parents, students, and school staff submitted feedback and requested we offer piano classes as part of our educational offerings. These classes will allow students to develop various skills, including cognitive development, fine motor skills, discipline, emotional expression, stress relief, and social skills. By incorporating piano instruction into our curriculum, we aim to address our community's interests while fostering holistic development and enriching the educational experience for all students. Elm St. Elementary plans to hire a part-time teacher with another school and hire part-time classified staff to support the music instruction. Socioeconomically Disadvantaged English Learners All Students	2,500.00 Title I 1000-1999: Certificated Personnel Salaries Teacher subs to support SST Meetings
1.8	Enrich the library with English and Spanish reading books, emphasizing completion of sets or series. We will also focus on enriching the Biliteracy Unit Framework curriculum and increasing the early reading of English and Spanish books in our kindergarten section.	All Students English Learners	3,000.00 Title I 4000-4999: Books And Supplies Spanish reading books 500.00 Title I 2000-2999: Classified Personnel Salaries Library Media Technician Extra Help 177.00 Title I 2000-2999: Classified Personnel Salaries Library Media Technician Extra Help Benefits

			5,000.00 Title III 4000-4999: Books And Supplies English Books to support ELs
1.9	District Technology Services Technician will maintain equipment and software for students and teachers to support student learning through technology. Elm's District Technology Services Technician provides Technology Training to families in the morning and late afternoon. The Technology Training empowers families on how to access completion of time on applications like ST Math and Lexia.	All Students	District Funded 2000-2999: Classified Personnel Salaries District Technology Services Technician Salary 3,000.00 LCFF 5000-5999: Services And Other Operating Expenditures Repair/replacment of technology
1.10	Elm St. School purchases educational computer applications to enhance and enrich our adopted curriculum and MTSS strategies. A few included applications used but not limited to are: Epic reading, ESGI (Tk & K) intervention tracker, and BrainPOP.	All Students	10,000.00 LCFF 5000-5999: Services And Other Operating Expenditures Software
1.11	Elm St School has an Instructional Support Provider (ISP) to provide small group reading intervention through Leveled Literacy Intervention (LLI).	All Students	27,156.00 Title I 1000-1999: Certificated Personnel Salaries Instructional Support Provider Salary 7,220.00 Title I 3000-3999: Employee Benefits Instructional Support Provider Benefits
1.12	General education teachers gather and share academic data and evidence of student growth during IEP meetings.	Students with Disabilities	3,000.00 LCFF 1000-1999: Certificated Personnel Salaries Teacher subs to support IEPs 673.59 LCFF 3000-3999: Employee Benefits Sub benefits
1.13	Elm Street School will host an Elm Carnival to celebrate students meeting their academic goals. Each grade level will set educational goals for Reading and Math to participate in the celebration. PTA will also support in the planning of the Carnival.	All Students	3,000.00 LCFF 5000-5999: Services And Other Operating Expenditures Contracts for Activities
1.14	Staff will continue implementation and monitoring of ST Math. ST Math is an application focused on mathematics provided by the district, so that students can focus on skills they need to target based on the auto placement test. A greater emphasis will be on providing academic incentives to students, so that students stay motivated to meet their ST Math goals.	All Students	1,000.00 LCFF 4000-4999: Books And Supplies Academic Incentives

1.15	The Star Early Literacy, Reading, and Mathematics assessments will be administered at least 4 times a year to progress monitor students in order to make instructional decisions and modify instruction as necessary.	All Students	District Funded 5800: Professional/Consulting Services And Operating Expenditures Renaissance contract
1.16	Special Education students are being served by a full time Resource Specialist Teacher (RSP) and one who splits time equally between Elm and another site, two Special Education Paraeducators, a Speech and Language Therapist, a Speech and Language Paraeducator, and School Psychologists. One School Psychologist was hired specifically to address the social-emotional needs of students to provide one-on-one and group counseling support. Special Education students are also included in the MTSS process via Tier 1 and first instruction by being included in, not only whole group instruction, but small group instruction within the classroom.	Students with Disabilities	District Funded 1000-1999: Certificated Personnel Salaries Special Education staff salaries
1.17	The Interim Assessment Block (IAB) for English Language Arts and Mathematics will be administered to 3rd-5th grade students 3 times a year. Staff will input assessment results into Q, evaluate, and analyze results and use the information to inform instructional decisions.	All Students	No additional cost
1.18	Tablets will be used for academics in Language Arts, Mathematics, Science, Social Studies, and ELD by giving our students access to various academic applications. Academic applications like ST Math and Lexia allow students to work at their instructional level on specific academic skills. Tablets will also be embedded in lessons as an additional instructional tool.	All Students	District Funded 5000-5999: Services And Other Operating Expenditures District 1:1 device initiative 1,000.00 LCFF 4000-4999: Books And Supplies Repair or replacement of student tablets as needed.
1.19	Elm St School is collaborating with Focus on the Masters (FOM) to increase art lessons in the classroom. FOM will offer a series of historical art lessons to 4th and 5th-grade students. Additionally, professional development of art lessons will be provided to the 1st through 3rd grade. The professional development will incorporate art lessons into our existing curriculum.	All Students	Donation 5800: Professional/Consulting Services And Operating Expenditures Funded by a Grant
1.20	The district has hired Literacy Intervention Teachers (LIT) for each school site to provide extra support in English Language Arts to our students. The LIT Teacher will be using Leveled Literacy Intervention (LLI) to provide extra support to students identified through our Multi-Tiered Support System. Our LIT teacher is also guiding and supporting our ISP Teachers.	All Students	District Funded 1000-1999: Certificated Personnel Salaries Certificated Salaries
1.21	Library Media Technician (LMT) to upkeep school library and promote reading to all students in TK-5th grade. In addition, the LMT will ensure all teachers and students have district adopted curriculum for instruction.	All Students	District Funded 2000-2999: Classified Personnel Salaries Classified Salaries: Library Media Technician

1.22	Copy machines, laminator and duplo will be maintained for instructional support use.	All Students	500.00 LCFF 5000-5999: Services And Other Operating Expenditures Maintenance Agreements 500.00 LCFF 5000-5999: Services And Other Operating Expenditures Rentals, Releases & Repairs
1.23	Enrichment activities such as field trips, workshops, assemblies, and additional classes will be based on state standards and support the Biliteracy Unit Frameworks in transitional kindergarten through fifth grade. Elm St. School students need to experience hands-on activities that will enrich and enhance the instructional program and create a positive and inclusive culture. PTA will also provide partial funds for transportation and entrance fees per grade level.	All Students Socioeconomically Disadvantaged	3,000.00 LCFF 5800: Professional/Consulting Services And Operating Expenditures Entrance Fees for Fieldtrips 4,000.00 Title I 5800: Professional/Consulting Services And Operating Expenditures Transportation for field trips
1.24	Teachers and educational staff will participate in professional development opportunities offered by Oxnard School District. They will also be able to attend conferences to promote deeper understanding, uncover new learning, and reinforce existing best practices. Food and beverages will be provided for full-day professional development days.	All Students Socioeconomically Disadvantaged	3,000.00 Title I 5800: Professional/Consulting Services And Operating Expenditures Transportation, Hotel & Food 7,000.00 LCFF 5000-5999: Services And Other Operating Expenditures Dues & Membership Fees for Conferences 5,000 Title III 5800: Professional/Consulting Services And Operating Expenditures CABE or EL-related conferences
1.26	The Oxnard School District has funded a Biliteracy TOSA specifically for Elm St. School. The site TOSA, along with district Biliteracy TOSAs, will support the implementation of the BUFs and fidelity to the biliteracy program. They will be conducting professional development with our teachers through out the school year. 1.29	Professional Development opportunities will be provided to all teachers in Language Arts, Mathematics, Technology, and Science to fully implement the curriculum. The math manager, science instructional specialist, history/social science specialist, biliteracy TOSA, and technology TOSA will support teachers in the classroom in implementing the full program. Elm St. School is the Academy of Environmental and Life Science & Mathematics, and extra focus and attention will be put in our focus to achieve our academic goals via Professional Development in Environmental and Life Science & Mathematics.	All Students	<p>District Funded 5000-5999: Services And Other Operating Expenditures Professional development</p> <p>District Funded 1000-1999: Certificated Personnel Salaries Technology TOSA</p> <p>District Funded 1000-1999: Certificated Personnel Salaries Math Manager</p> <p>District Funded 1000-1999: Certificated Personnel Salaries Science Instructional Specialist</p> <p>District Funded 1000-1999: Certificated Personnel Salaries History/Social Science Specialist</p> <p>District Funded 1000-1999: Certificated Personnel Salaries District DLI TOSA 2,500.00 LCFF - Intervention 1000-1999: Certificated Personnel Salaries Subs for teachers to attend Professional Development 273.00 LCFF - Intervention 3000-3999: Employee Benefits Sub Benefits</p>
1.30	Orenda Education will provide customized professional development to the principal and the educational staff to support us in our areas of need.	All Students	District Funded 5800: Professional/Consulting Services And Operating Expenditures Professional Development
1.32	Teachers that are interested will be given the opportunity to provide tutoring before or after school. The focus will be to provide support to students not mastering the focus skills taught in the classroom in the areas of ELA, SLA & Mathematics.	All Students	ELOP 1000-1999: Certificated Personnel Salaries Teacher Extra Time

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Elm St School will collaborate with Orenda Education to strengthen our PLC and Tier 1 instruction. We will meet at least once a week for an hour to review classroom summative or formative assessments. In addition, teachers will use our Star scores to focus on the academic challenges in our school community. The principal will also promote additional professional development needed to meet the individual focus areas per teacher.

The PLC process will also support our progress monitoring and intervention cycles. The teacher will be able to identify students struggling in Tier 1 instruction and provide the necessary interventions to begin progress monitoring cycles. After a couple of complete intervention cycles, the principal and teacher will work together to determine the next steps. Teachers have MTSS time allocated for intervention lessons in the classroom. Elm St School also hired an LLI and ISP teacher to support Tier 2 interventions in English Language Arts, which is the most significant area of focus. Our school will keep Oxnard EMPOWERS' strategic plan, including the student profile, at the forefront to ensure we meet the needs of the whole child's future success.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Differences identified from the intended implementation in the school year 2023-2024, are that we could not offer an English Language Development Camp during Winter Break due to a lack of teachers available to work additional hours. Similarly, we could not hire a second ISP teacher to support our intervention program.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

As we monitored our CAASPP and Star scores throughout the 2023-2024 school year, the district office has determined to offer additional support with Orenda Education, which will evaluate our school and develop personalized professional development for the principal and teachers. The professional development will focus on addressing the areas of improvement in our academic performance.

The Principal worked with the FOM program to find grants to increase art lessons in the classroom. Art in the Classroom will be offered to 5th and 4th grade classes. Elm St School is also waiting for approval of a second grant that will offer professional development art classes for 1st to 3rd grade teachers to incorporate into their BUFs.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 2

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Social Emotional Support and School Climate

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase positive attendance
 To decrease the suspension rate
 To increase positive behavior
 To ensure a safe environment
 To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Suspension Rate	In 23-24, the school Suspension Rate was less than 1%.	Continue to maintain 1% or lower suspension rate.
Attendance	In 23-24, the school Attendance rate was 93% .	Work towards a minimum of 95% attendance rate.
Office Discipline Referrals	In 23-24, Office Discipline Referrals were less than 1%.	Continue to maintain 1% or lower office referrals
Panorama Education	In 23-24, Emotional Regulation 46% Engagement 65% Growth Mindset 60% Self Management 60% Sense of Belonging 65% Social Awareness 62% Teacher-Student Relationships 72%	Work towards a 10% increase in each social emotional area

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/ Activity #	Description	Students to be Served	Proposed Expenditures
2.1	The school counselor, attendance technician, and outreach consultant (ORC) support students and families regarding attendance, community resources, and social and emotional needs. Attendance Technician and ORC will monitor student attendance. The attendance technician, ORC, and principal will conduct parent attendance meetings and home visits when needed. Home visits have been instrumental in ensuring our students attend school regularly by talking to the families about consistent attendance. The School Counselor and ORC are instrumental in providing mental health support and meeting the needs of our families that may be barriers to students' attendance. 	Never give up, Encourage Others and Do Your Best via NED Assembly).		Red Ribbon Week Incentives School Counselor (see Goal 2.1) ORC (see Goal 2.1)
2.6	Review and update Comprehensive Safe School Plan (CSSP) annually with Safety Committee, Elm St. School Staff, SSC & ELAC.	All Students	
2.7	The School Counselor and Outreach Coordinator will support students and families in the early evening. We want to ensure that we can provide services to students once families get home from work and cannot be reached during normal school hours.	Socioeconomically Disadvantaged English Learners	500.00 LCFF - Intervention 1000-1999: Certificated Personnel Salaries Counselor OT 186.77 LCFF - Intervention 3000-3999: Employee Benefits Counselor OT Benefits
2.8	Share safety drill assessment results with staff and additionally with parents during ELAC & SSC meetings.	All Students	No additional cost
2.9	School Counselor will work with students and families regarding behavior and social-emotional issues, individually and in small groups. Counseling services will be referred to community agencies at the discretion of school counselor. Ventura County Behavioral Health Agency with the staff of Logrando Bienestar/Achieving Well-Being has been an instrumental component to provide services for our Elm St. School Community.	All Students	School Counselor (see Goal 2.1)
2.10	School Counselors will work with individual classrooms to teach anti-bullying lessons, including but not limited to cyberbullying, healthy friendships, and racial bullying.	All Students	200.00 LCFF 4000-4999: Books And Supplies Materials and supplies
2.11	The staff will follow the Multi-Tiered System of Supports (MTSS) process for behavior and social-emotional issues. The PBIS Committee will review the MTSS Pyramid and give suggestions to teachers for behavior support in the classroom. Student discipline data will be monitored at intervals throughout the year to ensure Restorative Justice practices are effective practices in lowering suspension rates.	All Students	No additional cost
2.12	All staff and students will participate in monthly fire drills, one earthquake drill a trimester and a lockdown drill each trimester to ensure our safety procedures are appropriate. Elm St. School participates in the California Great Shake Out (Earthquake Drill) in October to be in solidarity with the state and ensure we are following safety procedures.	All Students	No additional cost

2.13	The school counselor converted a classroom into a Wellness Center. The counselor uses the Wellness Center to teach lessons, conduct community circles, drumming exercises, conduct social skills groups, and create a safe space for students. This a space where we store and distribute resources for our McKinney Vento students.	All Students Socioeconomically Disadvantaged Homeless	1000.00 LCFF 4000-4999: Books And Supplies Materials and supplies
2.16	Career and College Readiness Fair will be planned. Different community members in various careers are invited to present their careers, and students have hands-on experience in the field.	All Students	500.00 LCFF 4000-4999: Books And Supplies Materials and supplies
2.17	Employ 5 Campus Supervisors who will monitor students before school, ingress, recesses, lunches, dismissal, and egress.	All Students	District Funded 2000-2999: Classified Personnel Salaries Classified Salaries
2.18	Referrals will be made to School Counselor, and Outreach Consultant (ORC) when necessary to support students and families by providing access to community services/wrap around services. The referral process will be through teachers or MTSS via the Student Success Team (SST).	All Students	ORC (see Goal 2.1) School Counselor (see Goal 2.1)
2.19	Per active shooter training provided in the 2023-2024 school year, the recommendation is to keep classroom doors locked and closed. An extra measure of security is to wedge a chair under the door handle. We will be purchasing four-legged chairs because student chairs have wheels which do not support wedging under the door handles.	All Students	2,392.05 LCFF 4000-4999: Books And Supplies Chairs for the classroom
2.20	Students will be trained on Digital Citizenship and internet safety.	All Students	No additional cost
2.22	The School Counselor will support teachers and students to complete the surveys related to socail emotional well-being and school climate. Students will participate in the Panorama Survey (Tk to Fifth Grade). Families will participate in the California School Parent Survey (EL Needs Assessment), and the staff will participate in California School Staff Survey for additional data collection related to social-emotional health.	All Students	School Counselor (see Goal 2.1)
2.26	Teachers will implement Community Circles at least once a week to address the social emotional needs of our students. Community Circles are a positive outlet for students to share their feelings.	All Students	No additional cost.
2.27	The School Counselor and the ORC will advise the Student Leaders group during an after-school club to promote and encourage leadership skills. The Student Leaders will also promote a positive school culture, and promote positive school activities.	All Students	ORC (see Goal 2.1) School Counselor (see Goal 2.1)

2.28	The PBIS/MTSS committee will meet monthly, or as often as needed, to address the needs of students. The MTSS committee will meet to discuss student needs based on teacher referrals. The SST behavior actions/strategies will be developed and implemented in the classroom with support from the School Counselor and the District Behavior Team.	All Students	<p>ORC (see Goal 2.1)</p> <p>School Counselor (see Goal 2.1)</p> <p>District Funded 1000-1999: Certificated Personnel Salaries District Behavior Specialist Team 3,448.64</p> <p>LCFF - Intervention 1000-1999: Certificated Personnel Salaries Teacher Extra Time 449.06</p> <p>LCFF - Intervention 3000-3999: Employee Benefits Teacher Extra Time Benefits</p>

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

An emphasis has been put on our students' social-emotional well-being due to stressors inside and outside the school. Elm St. School regularly implements Community Circles into the classroom to address all our students' social and emotional needs. Community Circles create a safe space for the students to get to know each other and address students' emotions, social dynamics, and school concerns. The counselor also has a Wellness Center, a safe space for students to meet with the school counselor. Activities that meet the socio-emotional needs are conducted in whole class, small groups, or one-on-one in the Wellness Center. Another area of focus is creating a calming space in the classroom guided by the teacher and supported by the counselor. This will help decrease the amount of behavioral episodes.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Due to our counselor's long-term emergency absence and no coverage available, we did not host many of the social-emotional all-school events this school year. We focused our resources on the school's needs by analyzing the data in Panorama and determining any individual needs through SST meetings.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

In Elm St. School, the PBIS team has gained momentum while working with Safe and Civil coaches to create a more inclusive and collaborative campus. Additionally, we increased social-emotional learning assemblies and activities for our students. Elm St. School aims to increase the Panorama categories by 10%.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 3

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Parent and Family Engagement

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase communication through websites and blackboard connect messages and new Parent Square Communication System so parents and community are informed about district and school instructional programs and activities.
To facilitate parent involvement in the educational and social-emotional well-being of their children.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Parent Participation in School Sponsored Events-based on sign-in sheets.	2023-2024 Data: Back to School Night 85% ELAC Meetings average attendance was 12. SSC Meetings average attendance was 10. Fall Parent Conferences 90%	Parent participation to family events will increase by 5% as measured by parent sign-in sheets at each sponsored school event.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/Activity #	Description	Students to be Served	Proposed Expenditures
3.1	The principal and ORC will update the Home-School Compact and Parental Involvement Policy and share documents with all parent committees and the school community.	All Students	No additional cost
3.2	Elms St. School will provide parent workshops for our focusing on parent engagement, understanding homework assignments, bilingual education, social-	All Students English Learners	6,000.00 Title III

	emotional education, and college and career readiness.		5000-5999: Services And Other Operating Expenditures Purchase Parent Engagement Workshops
3.3	School Site Council (SSC) and English Language Advisory Committee (ELAC) Parent Members will be invited to attend conferences and on-site parent engagement opportunities to build parent awareness and knowledge to become fully engaged in their child's school and education and develop greater leadership skills as community leaders. Families that attended conferences will present information gained to other families during designated SSC & ELAC meetings. Events to which ELAC families will be invited include, but are not limited to, the Ventura County California Association of Bilingual Education (CABE) conference in the Fall, the Spring CABE Conference held in Anaheim in Spring 2024, and ELAC workshops.	English Learners Socioeconomically Disadvantaged All Students	10,000.00 Title III 5000-5999: Services And Other Operating Expenditures Hotel, Transportation & Food Expenditures 841.00 Title I 5000-5999: Services And Other Operating Expenditures Hotel, Transportation & Food Expenditure
3.4	The School Counselor will provide information and organize Parent/Guardian & Child classes for fifth grade students. The classes are given by Ventura County Community Health Nurses Organization.	All Students	Counselor (see Goal 2.1)
3.5	Reading Parent Nights will be offered for our EL families. Parents will learn strategies to support their child's literacy. The staff will have library nights, where the focus will be on making reading time fun for students. Local authors will be invited to present to our students and parents.	English Learners	3,231.00 Title III 5800: Professional/Consulting Services And Operating Expenditures Author Workshops 1,000 LCFF 4000-4999: Books And Supplies Materials and Supplies
3.6	The school site will provide Ventura County Behavioral Health through Logrando Bienestar/Achieving Well-Being, and provide a series of mental health workshops to parents.	All Students	No additional cost
3.7	The School Counselor and the ORC will present A-G parent education information, along with the "Leading Hands" program on STEM activities for families and students.	All Students	ORC (see Goal 2.1) Counselor (see Goal 2.1)
3.8	Provide refreshments and supplies for ELAC and Coffee with the Principal and supplies for SSC.	English Learners All Students	500.00 Title III 4000-4999: Books And Supplies Refreshments 500.00 LCFF 4000-4999: Books And Supplies Materials for presentations

3.9	Family involvement and opportunities to provide input will be provided through School Site Council (SSC) and English Language Advisory Committee (ELAC) meetings.	All Students English Learners	No additional cost
3.10	PTA parent involvement in planning and executing school activities and events will be provided and encouraged. PTA has committed to providing funding for fieldtrips that are tied to Biliteracy Unit Frameworks and Common Core State Standards.	All Students	No additional cost
3.11	The kindergarten and transitional kindergarten (TK) team and support staff will conduct an orientation for all incoming TK and kindergarten students and their families. The orientation will include a tour of our school site and an introduction to the TK and Kindergarten program.	All Students	100.00 LCFF 4000-4999: Books And Supplies Materials and supplies
3.12	Elm St. School uses the Parent Square system for group phone messages and text message notices. The school marquee, school website, and Class Dojo are regularly used for school notifications to communicate with Elm St. School families. School social media is used to keep parents informed of the daily activities and to capture pictures of events.	All Students	District Funded 5000-5999: Services And Other Operating Expenditures Parent Square contract
3.13	Translators are made available for Back to School Night, Open House, parent-teacher conferences or any parent meeting. Translation will include Spanish and Mixteco Interpretations. Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Families will be welcomed and offered meaningful and productive opportunities to participate in their child's academic and social-emotional growth. Based on the Parent Survey, we have been meeting the needs by implementing strategies and activities. We will continue working with our community to implement and meet its needs.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

In the school year 2023 - 2024, parents nor teachers were interested in attending the CABE conference.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Elm St. School will continue promoting the CABE conference to teachers and families. Additionally, we will increase the number of parent development courses and parent and child engagement activities. Elm St. staff will offer ST Math and Literacy information nights to help parents support their students. We will be reaching out to community organizations

and programs to bring in informative and engaging presentations, such as local authors, Oxnard College, CSU Channel Islands, Public Health, and On a Mission, to name a few.

Budget Summary

Complete the Budget Summary Table below. Schools may include additional information, and adjust the table as needed. The Budget Summary is required for schools funded through the Consolidated Application (ConApp).

Budget Summary

DESCRIPTION	AMOUNT
Total Funds Provided to the School Through the Consolidated Application	\$83,375.00
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$279,532.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0

Other Federal, State, and Local Funds

List the additional Federal programs that the school includes in the schoolwide program. Adjust the table as needed.

Note: If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.

Federal Programs	Allocation (\$)
Title I	\$50,894.00
Title III	\$32,481.00

Subtotal of additional federal funds included for this school: \$83,375.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Allocation (\$)
LCFF	\$81,645.00
LCFF - Intervention	\$25,751.00
Prop 28	\$88,761.00

Subtotal of state or local funds included for this school: \$196,157.00

Total of federal, state, and/or local funds for this school: \$279,532.00

Budgeted Funds and Expenditures in this Plan

The tables below are provided to help the school track expenditures as they relate to funds budgeted to the school.

Funds Budgeted to the School by Funding Source

Funding Source	Amount	Balance
Title I	50,894.00	0.00
Title III	32,481.00	0.00
LCFF	81,645.00	0.00
LCFF - Intervention	25,751.00	0.00
Prop 28	88,761.00	0.00

Expenditures by Funding Source

Funding Source	Amount
LCFF	81,645.00
LCFF - Intervention	25,751.00
Prop 28	88,761.00
Title I	50,894.00
Title III	32,481.00

Expenditures by Budget Reference

Budget Reference	Amount
1000-1999: Certificated Personnel Salaries	93,420.23
2000-2999: Classified Personnel Salaries	15,302.00
3000-3999: Employee Benefits	38,020.72
4000-4999: Books And Supplies	67,617.05
5000-5999: Services And Other Operating Expenditures	46,841.00

Expenditures by Goal

Goal Number	Total Expenditures
Goal 1	235,131.18
Goal 2	12,800.05
Goal 3	31,600.77

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members
- 0 Secondary Students

Name of Members	Role
Christina Fernandez	Principal
Erica Cahue, Vice President	Classroom Teacher
Praxedes Manriquez, Parliamentarian	Classroom Teacher
Ivette Zendejas	Classroom Teacher
Perla Macias, Secretary	Other School Staff
Bertha Martinez	Parent or Community Member
Mirna Rojas, President	Parent or Community Member
Alberto Martinez	Parent or Community Member
Maria Alvarez	Parent or Community Member
Janeth Ramirez	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on May 24, 2024.

Attested:

Principal, Maria Christina Fernandez on May 24, 2024

SSC Chairperson, Mirna Rojas on May 24, 2024

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

Instructions: Table of Contents

- Plan Description
- Educational Partner Involvement
- Comprehensive Needs Assessment
- Goals, Strategies/Activities, and Expenditures
- Annual Review
- Budget Summary
- Appendix A: Plan Requirements for Title I Schoolwide Programs
- Appendix B: Select State and Federal Programs

For additional questions or technical assistance related to LEA and school planning, please contact the CDE's Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the LEA, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:

Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:

When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- **Strategy/Activity #:** Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- **Description:** Describe the strategy/activity.
- **Students to be Served:** Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- **Proposed Expenditures:** List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to *EC* Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- **Funding Sources:** List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
 - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
 - a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. Use methods and instructional strategies that:
 - i. Strengthen the academic program in the school,
 - ii. Increase the amount and quality of learning time, and
 - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. Strategies to improve students' skills outside the academic subject areas;
 - ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: Title 34 of the *Code of Federal Regulations (34 CFR)*, sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. *EC* sections 64001 et. seq.

Appendix B: Plan Requirements for School to CSI/ATSI Planning Requirements

For questions or technical assistance related to meeting federal school improvement planning requirements, please contact the CDE’s School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education’s “Using Evidence to Strengthen Education Investments” at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

CSI Resources

For additional CSI resources, please see the following links:

- **CSI Planning Requirements** (see Planning Requirements tab):

- **CSI Webinars:** <https://www.cde.ca.gov/sp/sw/t1/csiwebinars.asp>
- **CSI Planning Summary for Charters and Single-school Districts:**
<https://www.cde.ca.gov/sp/sw/t1/csiplansummary.asp>

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

- Available Funding: <https://www.cde.ca.gov/fg/fo/af/>

Updated by the California Department of Education, October 2023

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on May 24, 2023.

Attested:

Principal, Maria Christina Fernandez on May 24, 2024

SSC Chairperson, Mirna Rojas on May 24, 2024

School Plan for Student Achievement (SPSA)

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Robert J. Frank Academy of Marine Science and Engineering	56725386111850	May 20, 2024	August 21, 2024

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California’s ESSA State Plan supports the state’s approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state’s Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Robert J. Frank Academy of Marine Science and Engineering for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

- Schoolwide Program
- Additional Targeted Support and Improvement
- R.J. Frank Academy is in ATSI status due to the achievement level of our English Learner student group in both ELA

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Robert J. Frank Academy of Marine Science and Engineering for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

Additional Targeted Support and Improvement

R.J. Frank Academy is in ATSI status due to the achievement level of our English Learner student group in both ELA

As described within our Vision and Mission Statement, Frank Academy is committed to providing the best educational program possible for our students. Our vision of developing tomorrow's leaders through education, empowerment, and inspiration is what we strive to do on a daily basis. At Frank, our mission is to prepare students to be academically competitive and socially competent. This includes promoting life skills such as global thinking, persistence and grit, innovation, and problem solving. When students matriculate from Frank Academy, and the Oxnard School District, we expect them to be self-confident, empowered multilingual global citizens that are focused on their future and can identify their potential as an individual and community member. For our students, we want to celebrate their courage, their willingness to undertake new challenges and the skills they acquire during the educational process.

Our goal is to ignite students' passions for learning and empower them to achieve brilliance. Our focus for this is to transform our classroom and school expectations, relationships, and practices to more fully align with our values and our student profile. We will look to embrace high-leverage services and instructional practices through: Common Core Standards; best first-instruction; use of technology; differentiated instruction; social, emotional and behavior support; and community engagement to develop a deep understanding of meaning and application to learning. As outlined in our District Strategic Plan, RJ Frank envisions a learning environment that cultivate 21st-century multilingual learning that fosters high intellectual performance. The structure of this plan, from an academic perspective, revolves around creating systems that allow for increased collective self-efficacy for teachers, collaboration, content knowledge, pedagogy, equity, and culturally-responsive teaching and focuses on the key characteristics or traits of a successful student as identified in our student profile to improve outcomes for our students. For the 2024-2025 school year, RJ Frank has been identified for Additional Targeted Support and Improvement (ATSI) for one specific student group: English Learners. Our focus combined with the aforementioned above is to embrace those pedagogical practices and evidence-based strategies to support this identified group in the areas of English Language Arts and Mathematics, as well as with suspension rate to show rates of improvement in each category.

While academic excellence is our focus, we also encourage and teach character education and leadership in a safe and affirming environment. We recognize that this is essential to our diverse students full affective, academic/cognitive, linguistic, social-emotional, and creative development. Emphasis is placed on students' social-emotional learning and needs that can impact and affect their education. We offer Social-Emotional Learning (SEL) support via our school counselors, outreach specialist, and mainly, our Wellness Center that continues to grow each year. In order for students to achieve their fullest potential, we know that parental involvement is a critical factor to ensure students' educational success. Our goal is to create and grow family and community alliances focused strategically on their collaborative leadership role in schools. These alliances include: our English Learner Advisory Committee (ELAC), Parent Teacher Organization (PTO), and School Site Council (SSC). In coordination with our Outreach Coordinator, these alliances offer and encourage parents to become active participants in their children's education by participating in the meaningful and productive opportunities offered. The school's Parent Involvement Policy provides clear guidelines for parents to serve as volunteers in classroom and school activities. Our Back to School Night, Open House in the Spring, ELAC, and SSC meetings, further support and foster meaningful and productive parental opportunities to participate in their child's academic and social-emotional growth. By achieving high academic standards across all content areas, supporting the social-emotional growth of our students in a safe, positive learning environment, and strengthening our home-school partnerships to increase parental involvement, R.J. Frank Academy will meet the goals identified within this School Plan for Student Achievement.

Educational Partner Involvement

How, when, and with whom did Robert J. Frank Academy of Marine Science and Engineering consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Throughout the school year, both site leadership, school staff, and School Site Council (SSC), in conjunction with our English Learner Advisory Committee (ELAC) reviewed and monitored our SPSA. Data was broken down and disaggregated by EL status, race, SES and SPED. Academically, we utilized Star, ELPAC, and CAASPP IAB data to look for trends and areas of growth with academics. Our SSC committee met and discussed key components of the SPSA during the school year and presented a plan in June for the following school year (2024-2025). For example, our SSC made suggestions about sending a survey to all families and educational partners regarding Prop 28 funding and how to ensure we make the best decision for our students. As a result, over 55 parents and 65 staff gave input about Prop 28. Our ELAC committee gave input and ideas regarding our English Learners and requested another ELPAC Bootcamp. Parents in 6th grade ELD classes were invited to write letters of encouragement for their students prior to the test that they could read in class as this was something suggested by one of our parent committees to get everyone more involved in academics at school. As a result of meetings and input from educational partners including School Site Council (SSC), changes were made to address areas of need, such as Social-Emotional trends and learning, behavioral concerns (including how to keep the campus clean and safe), and the need for a more thorough and comprehensive opportunity for administrators to be in the classroom to observe and support first instruction. Teachers also need more time to collaborate and discuss data points with our students and monitor their progress. Educational partners felt that incentives and awards to connect students to the school and learning were a vital step especially with acknowledgement with awards, assemblies, and other activities.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

There was a disparity in staffing and how time was able to be allocated. With an additional administrator, the desire was to focus more in the classroom on first instruction, but due to meetings, discipline, and office needs, this did not happen as often as needed. Refinements to systems both at a site level and inside the classroom need to happen to ensure that adequate time is dedicated to address the academic concerns as noted in our data from the California Dashboard; mainly the low ELA and Math scores. On a site level, there were some hold ups with outside vendors and the process to get them on site was time consuming so it was not pursued to the level it needed to be in order to get individuals on campus to address academic deficiencies. The CA dashboard indicator shows a need to improve with ELA, Math and suspension rate for students that are English Learners. This year, we plan to revamp the way in which we collaborate, the use of high-quality Tuesday meetings and pushing more resources to support the work of Professional Learning Communities and learning targets. This includes looking at outside consult to support the work and dedicated time for teacher collaboration or “power planning days” needed to further the work in our cycles of inquiry. For suspension rates, we are going to continue with our SEL lessons to begin the school year with everyone and start social groups specifically focused on peer contact and fighting as physical violence is the number one reason students are suspended from school. This year we added a new mental health clinician to support with Tier 3 Interventions for students.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the “Red” or “Orange” performance category.

The areas in the Dashboard that our school is focusing on is yes, performance, but mainly looking at the improvement metrics. The areas we identified as a staff that need support are ELA, especially with English Learners and Students with Disabilities, and Math with all groups of students. Our absenteeism rate continues to decrease and is still in the orange for improvement, but is in the yellow for actual performance. The suspension rate, besides ELA and Math, is the other area of concern that is consistently in the red for various groups of student on campus. Though the number decreased this past year, we still need to bring down the percentage of students that are adversely affected by suspension. To

address these areas of concerns, in Math and ELA – we are revamping and reinvesting in our work with first instruction and professional learning communities this school year. We are working on having a guaranteed and viable curriculum by the end of 2025 and this will help greatly with the Dashboard as we will be able to identify specific learning targets, collaborate on best practice, and delivery timely intervention. This year we utilized Title 1 funding to help support an online program to allow for administrators to provide more timely and immediate feedback with classroom observation to ensure there is constant communication and focus on first instruction and learning outcomes. For suspension rates, we identified the areas and times that the instances are occurring and have changed the supervision schedule and areas. We also have provided more assemblies, community time in class, and lessons during Advisory to address the specific behaviors that cause suspensions, namely fighting and vaping.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the “all student” performance.

The discrepancy between the all student group and specific student groups does not vary and all are below where we need them to be. Overall, we need to improve our Math and ELA scores. Though they are the same on the Dashboard, English Learners are a priority as they have not made fair progress and improvements this past year on the Dashboard. Specific steps, not mentioned in the area above, would be ensuring there are scaffolds and supports put in place to help with language acquisition, more targeted lessons in English Language Development regarding reading fluency, reading comprehension, and writing. For suspension rate, this year we are going to hold more preventative and pro-active meetings with students to both outline expectations, define actions and consequences, as well as communicate more with families regarding concerns.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

Through Panorama data, we identified that the sense of belonging and connection to school was low last year. This year we have identified ways to incorporate more team building and school culture activities this year. The steps we took were to plan them prior to the start of the school year, hold more continuous events for students and staff to interact in non-academic settings such as lunch time sports, competitions, and games. We also built more consistent lessons addressing negative influences such as social media, racism, and how to address concerns on campus. This will help create a stronger school community where everyone is accepted and belongs.

School and Student Performance Data

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Robert J. Frank Academy of Marine Science and Engineering. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
American Indian	%	0%	%		0	
African American	0.27%	0.29%	0.19%	3	3	2
Asian	1.91%	1.25%	1.16%	21	13	12
Filipino	1.18%	1.82%	1.73%	13	19	18

Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	21-22	22-23	23-24
Kindergarten	Engineering	Engineering	
Grade 6			344
Grade 7	343	334	347
Grade 8	362	355	347
Total Enrollment			1,038

Conclusions based on this data:

Frank's enrollment and demographics remain largely unchanged from previous years. Our school's population is about 94% Hispanic/Latino. Though our enrollment has steadily declined since 2018-2019, our overall student population from 22-23 to now, has remained steady. Due to the high percentage of students that are Hispanic/Latino, it is important that we utilized practices described in our purpose, which is to focus on culturally-responsive teaching practices and look to provide equity and close opportunity gaps for our student population. One area that does not show up on student enrollment charts, but is a recent trend in our school demographics is the increase in students identified as Newcomers to our school, area, and country. Our program has increased from roughly 50+ students in 22-23 to more than 90+ students this past year. We anticipate these numbers will continue to remain high, therefore it requires intentional planning and a very specific plan to address their needs. These include social-emotional help, cultural adjustment and learning to the American school system, basic need support at home, and parental guidance in navigating the school system and expectations.

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
English Learners	331	328	373	31.50%	#DIV/0!	35.9%
Fluent English Proficient (FEP)	513	459	426	45.70%	#DIV/0!	41.0%
Reclassified Fluent English Proficient (RFEP)				11.8%		

Conclusions based on this data:

The number of English Learners continues to be around 25% of our student population. About 62% of our students are either current English Learners or Reclassified (RFEP), meaning that we need to be mindful of supports and scaffolds in class to help over 60% of our student population access curriculum and engage in high level learning. Our Newcomer Academy makes up about 26% of our EL population and works closely with their teachers to acquire language skills necessary to access the curriculum. In 2023-2024, 102 students met the criteria to reclassify based on previous scores on the ELPAC test or through their individual education plan (IEP). The largest area of concern that needs to be addressed is the fact that the majority of our non-Newcomer Academy EL students, are Long-Term English Learners (LTELs). For LTELs, we need to continue to identify specific skills and domains within the ELPAC that they struggle with and work on them in multiple subject areas so they are reinforced, since they are the majority of our English Learners. Complex text comprehension, engaging in conversations with peers, and justifying an opinion through writing are areas that LTELs need support and focus in, in all classrooms. Classroom data shows a need to provide explicit instruction in vocabulary. Multiple exposures to a word are needed in order for that word to become part of the lexicon and allow for the students to transfer to written language. Scaffolds are needed in academic classes so students can appropriately access the curriculum and engage in the grade-level learning outcomes or standards.

School and Student Performance Data

Star Reading

Robert J. Frank Academy of Marine Science and Engineering											
		Less than Proficient				Proficient				Star Reading Average	
		Level 1		Level 2		Level 3		Level 4			
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 6	316	144	46%	99	31%	61	19%	12	4%	Level 1	997
Grade 7	245	167	68%	39	16%	35	14%	4	2%	Level 1	967
Grade 8	261	128	49%	73	28%	51	20%	9	3%	Level 1	1013

Conclusions based on this data:

Reviewing the Star Spring data shows various inequities and areas to highlight. Overall, our percentages for meeting the standards in ELA are 26% for 6th grade, 33% for 7th grade, and 32% for 8th Grade. Most of the grades remained fairly similar with percentages from the Fall to the Spring windows in the 2023-2024 school year, which means there were not high areas of growth overall and we are behind in the goals and outcomes we want for our students according to our school goals from last year. The larger concern is regarding our English Learner, Homeless, and Students with Disabilities student populations, similar to CAASPP data, they are all significantly in the below average category for Star and make up a large majority of our Level 1 and Level 2 students (below benchmark), This shows that there are significant gaps in what our students are able to comprehend. For the 2024-2025 school year, a concerted effort needs to be made to have data chats with students, consistent formative evaluations of their learning, and a larger emphasis placed on writing and higher order thinking questions with reading comprehension. Comparison of Star data throughout the school year and utilizing the instructional planning student report and state standards mastery report will help to identify areas of growth for our students.

School and Student Performance Data

Star Math

Robert J. Frank Academy of Marine Science and Engineering											
		Less than Proficient				Proficient					
		Level 1		Level 2		Level 3		Level 4		Star Math Average	
Grade	Total # Tested	Total	%	Total	%	Total	%	Total	%	Level	Scale Score
Grade 6	304	161	53%	93	31%	34	11%	16	5%	Level 1	1028
Grade 7	326	193	59%	76	23%	34	10%	23	7%	Level 1	1030
Grade 8	56	54	96%	0	0%	1	2%	1	2%	Level 1	940

Conclusions based on this data:

Reviewing the Star Spring data shows various inequities and areas to highlight, similar to ELA, but with greater urgency in the area of Math. Overall, our percentages for meeting the standards in Math, according to Star, are 18% for 6th grade, 16% for 7th grade, and 12% for 8th Grade. For Math, the data shows a slight improvement from the beginning of last year to the end. 6th and 7th grade had slight decreases in the percentages that are at or above benchmark, but 8th grade showed a small increase, which is a win considering 8th grade Math was a focus area this past year. Frank was still behind in our goals and outcomes we set from last year. Our student group identified in ATSI is English Language learners. They are a concern as they are significantly in the below average category for Star and make up a large majority of our Level 1 and Level 2 students (below benchmark). This shows that there are significant gaps in what our students are able to comprehend. For the 2024-2025 school year, our Math team will continue with the pacing guide in Desmos to help teach grade-level standards and capitalize on a year of familiarity with the curriculum. One of the biggest changes we have this year is we are utilizing the achievement level descriptors to help formulate learning outcomes and rubrics for Common Formative Assessments (CFAs). Comparison of Star data throughout the school year and utilizing the instructional planning student report and state standards mastery report will help to identify areas of growth for our students.

School and Student Performance Data

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Conclusions based on this data:

CAASPP scores from 2023-2024 were utilized and compared to the scores from 2022-2023 school year. For the 2023-2024 school year, our test scores for our 6th grade students showed that 36% of the students met or exceeded the standards. That was a 5% increase from the 22-23 school year, but fell short of our goal of 45% that met or exceeded. 36% of our 7th grade students met or exceeded the standards. This was a 2% increase from the 22-23 school year and fell short of our goal of 45% in the met or exceeded category. 36% of our 8th grade students met or exceeded on the standards on the CAASPP test. This was a 11% increase from the 22-23 school year, but fell short of our intended goal of 45% of our students in the met or exceeded standard.

Looking further into the data though, 62% of our students did increase toward the standard, by a minimum of 3 points, or they met the standard, which shows that though not all are at grade level, they are getting closer and increasing in their knowledge and understanding of the standards. This data indicates that overall there was growth in all grade levels in English Language Arts, though there is still significant work to be done in the category of Language Arts proficiency and standards to reach our goal of at least 45% of our students at or above grade level. We have been utilizing departmental grade level professional learning communities for teachers to discuss data and run cycles of inquiry to alter instruction and improve student performance. This shows that we need to ensure that our departments meet regularly about student performance, set smart goals, administer common formative assessments and discuss the data in order to differentiate our instruction and intervention to meet the needs of our students. A key takeaway is to ensure that all instruction is standards-based, utilizes the achievement level descriptors, and there are specific learning targets for each grade that all students need to master. Common formative assessment should mirror questions that appear on CAASPP and be provided more regularly so teachers can assess student learning and intervene quickly to ensure mastery. It will also extract best practices that can be utilized in multiple classrooms and create a collaborative culture.

Conclusions based on this data:

CAASPP scores from the 2023-2024 were utilized and compared to 2022-2023 CAASPP test iscores. For the 2023-2024 school year, our test scores for our 6th grade students showed that 24% of the students met or exceeded the standards. That was a 7% increase from the 22-23 school year. It fell short of our goal of 30% that met or exceeded the standards. 17% of our 7th grade students met or exceeded the standards. This was a 4% increase from the 22-23 school year, but fell short of our goal of 30% in the met or exceeded category. 15% of our 8th grade students met or exceeded on the standards on the CAASPP test. This was a 7% increase from the 22-23 school year, but short of our intended goal of 25% of our students in the met or exceeded standard category.

Math is the greatest area of concern according to the data. However, we did see increases across all grade levels this past year. There is still a lot of progress to make as roughly only 3 in 10 students are on grade level in 6th grade, but that number decreases with each passing grade. This indicates the need to review and analyze the Common Core State Standards and the importance of first instruction. Our Math team has been utilizing Priority Standards to identify student learning targets and have created common formative assessments to match the standards being addressed

and utilized mathematical practices in the classroom. One area for growth this next year is utilizing with fidelity the Achievement Level Descriptors (ALD) for CAASPP as they identify within each standard what students can and cannot do, which helps identify mastery. Based on the results of CAASPP though, there is still a greater need to provide increase the level of the depth of knowledge that is required for each task and to ensure that the Common Formative Assessments (CFA) match the CAASPP test, such as utilizing IABs for CFAs. Teachers need more time to work on student-centered lessons that focus on applying mathematical concepts and procedures to real-life situations. Students also need to be able to support and explain their mathematical conclusions. Data analysis should be based on summative and interim assessments that allow teachers to see student growth, areas of concerns, and if class instruction matches what the key details and structure of the standard are. Small group instruction is needed to address the key subgroups that have continually underperformed on CAASPP including English Learners, Students with Disabilities, and Homeless students.

School and Student Performance Data

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](https://www.cde.ca.gov/ta/tg/ela/elpac/) web page or the [ELPAC.org](https://elpac.org) website for more information about the ELPAC.

Conclusions based on this data:

For English Learners, we increased our student reclassification percentage and total number of students from the previous year (71 students vs 102 students this year). Our school's emphasis on English Learners and language development allowed for more intentional focus and growth with our students. Our ELPAC Bootcamp and focus on English Learner strategies in and outside the classroom made a big difference. The number of English Learners is around 28% of our student population. This includes our Newcomer Academy (103 students throughout the year), who are all identified as English Learners and students that have been in the United States for less than two years. Being that our Newcomer Academy is a unique program that focuses on learning basic English skills and helps students transition to our school system, the way in which they receive services may not look exactly the same as other students as there is a large component to support foundational language acquisition skills. Non-Newcomer English Language Learners makes up 20.5% of our total student population. This is a decrease by about 3% for this school year versus the 2022-2023 school year, meaning each year we are making improvements in that not as many students are identified as English Language Learners. We have seen this consistent improvement (decline in ELs) for multiple years now. None the less, about 62% of our students are either current English Learners or reclassified as fluent English proficient (RFEP), meaning that we need to be mindful of supports and scaffolds in class to help over roughly two-thirds of our student population access curriculum and engage in high level learning. Our Newcomer Academy works closely with their teachers to acquire language skills necessary to access the curriculum. The largest area of concern that needs to be addressed is the fact that the majority of our non-Newcomer Academy EL students are Long-Term English Learners (LTELs). For LTELs, we need to continue to identify specific skills and domains within the ELPAC that they struggle with and work on them in multiple subject areas so they are reinforced since they are the majority of our English Learners. This year we will continue with student data chats about their ELPAC scores, specific domains, and identify their areas of needs based on that. Complex text comprehension, engaging in conversations with peers, and justifying an opinion through writing are areas that LTELs need support and focus in, in all classrooms. The data from the ELPAC helped us identify a need to provide opportunities to read narrative and expository texts, as those are examples of well-developed language skills and needed to interpret information. One practice we will continue with is utilizing ELPAC data to target our instruction to better meet the students' needs.

School and Student Performance Data

California School Dashboard Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

2022-23 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
1044	91.2	31.4	0.2
Total Number of Students enrolled in Robert J. Frank Academy of Marine Science and Engineering.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2022-23 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	328	31.4
Foster Youth	2	0.2
Homeless	157	15
Socioeconomically Disadvantaged	952	91.2
Students with Disabilities	200	19.2

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	3	0.3
Asian	13	1.2
Filipino	19	1.8
Hispanic	972	93.1
Two or More Races	4	0.4
Pacific Islander	1	0.1
White	32	3.1

Conclusions based on this data:

Overall our enrollment has stayed consistent in the amount of students, minority percentage, EL percentage and SES percentage, though our EL percentage has decreased this school year due to the focus and work put in with the

ELPAC and ELD classes in 2023-2024. We are the largest middle school in our district. Our minority percentage, SES, SPED and EL learner percentage are all above the state average. Homeless Students and Students with Disabilities are groups we will focus on for next year as they are student groups that need more care and attention to meet their needs and help them achieve both academic and school success.

School and Student Performance Data

Overall Performance

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

2023 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts Orange	Chronic Absenteeism Green	Suspension Rate Red
Mathematics Red		
English Learner Progress Green		

Conclusions based on this data:

1. Math, ELA and Suspension rates are areas of concern and have been for two years now. For English Learners, the biggest area of concern is with suspension rate as we were at 17.7% and in the very high category. This is not good, as it increased from the previous year. A positive is we did have significant growth for English Learner Progress this past year as 60.5% made progress which included 102 students reclassifying this past year due to the work they put in with the ELPAC. Academically, with their EL progress, they made growth. We still need to support them more academically and with behavior. Specifically we looked at our Newcomer Academy, as they are English

Learners and accounted for a significant amount of suspensions from 2023. Our rate for the 23-24 school year has dropped, but still in the high category, but we do expect to decrease our suspension rate by more than 3%. For Homeless and Students with Disabilities, the data is concerning as the students are in the very low category for ELA and Math and the Distance from Met is significant. For example, in Math, our Homeless students are -152.7 points below the distance from met, which was a positive increase from being at 160 points from the standard the year prior. In order to show growth in the Dashboard, as these are areas identified as part of our ATSI program, for English Learners, we need to improve in various categories. For suspensions, we want to decline by at least 2% to show progress. For ELA and Math, we want to increase, or be 3 points closer to the Distance from Met, than the previous year. A greater emphasis is needed to focus on learning targets and outcomes, so we can guarantee that each student will learn with regard to Math and ELA. In Math, there needs to be a greater emphasis on learning targets and outcomes developed through the use of achievement level descriptors. In ELA, we recognize that we need more writing in the classroom and work with grade level comprehension questions.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2023 Fall Dashboard English Language Arts Performance for All Students/Student Group		
<p>All Students</p>  Orange 56.8 points below standard Maintained -2.1 points 985 Students	<p>English Learners</p>  Red 93 points below standard Decreased -9.6 points 537 Students	<p>Foster Youth</p> <p>Less than 11 Students</p> <p>1 Student</p>
<p>Homeless</p>  Orange 102.9 points below standard Increased +10.3 points 143 Students	<p>Socioeconomically Disadvantaged</p>  Orange 65.3 points below standard Decreased -4 points 895 Students	<p>Students with Disabilities</p>  Red 131.6 points below standard Maintained +2.3 points 203 Students

2023 Fall Dashboard English Language Arts Performance by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 3 Students	 No Performance Color 0 Students	9.2 points above standard Increased Significantly +35.2 points 13 Students	27.8 points above standard Increased +12.1 points 18 Students
Hispanic	Two or More Races	Pacific Islander	White
 Orange 60.6 points below standard Decreased -3.9 points 914 Students	Less than 11 Students 4 Students	Less than 11 Students 1 Student	33.6 points below standard Decreased -11.6 points 32 Students

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2023 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
129.6 points below standard Decreased -7.1 points 262 Students	58.2 points below standard Decreased -6.2 points 275 Students	27.6 points below standard Maintained -1.5 points 251 Students

Conclusions based on this data:

Reviewing the data shows various inequities and areas to highlight. Overall, our percentages for meeting the standards in ELA are 37% for 6th grade, 36% for 7th grade, and 28% for 8th Grade. Most of the grades were an improvement from the 2022-2023 school year, with the exception of 8th grade. We saw a steep decline as compared to previous years. The larger concern is regarding our English Learner and Students with Disabilities student populations as they were all in the very low category and the Distance from Standard is significant. Both their progress and performance according to the Dashboard indicates they did not improve, but regressed or maintained their current status. Our English Learners were -93 points away, but our Homeless and Students with Disabilities student groups were both over -102+ away from the standard. This shows that there are significant gaps in the standards and what our students are able to comprehend. For the 2024-2025 school year, a concerted effort needs to be made to have data chats with students, consistent formative evaluations of their learning, and a larger emphasis placed on writing and higher order thinking questions with reading comprehension. Many of the evidence-based strategies that we need to implement need to produce results and increase impact. This will be monitored via the PDSA cycle and the implementation of professional learning communities (PLC). This needs to be an ongoing process in which our site works together collaboratively in recurring cycles of collective inquiry and action research to achieve better results for the students they serve. This includes continuous job-embedded learning for educators.

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in mathematics

2023 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
167.4 points below standard Maintained -0.3 points 257 Students	111.5 points below standard Maintained -2.2 points 274 Students	92.4 points below standard Maintained -1.2 points 245 Students

Conclusions based on this data:

Similar to English Language Art, our Math results need to improve. Overall, our percentages for meeting the standards in Math are 18% for 6th grade, 13% for 7th grade, and 9% for 8th Grade. There were small improvements from the 2022-2023 school year in 6th and 7th grade, but 8th grade, similar to ELA, fell this past year. All of our student groups, English Learners, Hispanic, Homeless, Socioeconomically Disadvantaged, and Student with Disabilities were in the very low category for the CA Dashboard and all over -111 away from the standard. This indicates there needs to be a robust effort and focus on math. Our students are not where they should be. Being that there is significant work to be done, Frank wants to focus on evidence-based interventions that produce results. Use of the Interim Assessment Block (IABs) throughout the school year and as forms of common formative assessment to provide data on student learning and outcomes will be pursued. Our Math team will continue with the pacing guide in Desmos to help teach grade-level standards and a year of familiarity with the curriculum as well as work on creating a guaranteed and viable curriculum throughout the year. One of the biggest changes we have this year is we are utilizing the achievement level descriptors to help formulate learning outcomes and rubrics for Common Formative Assessments (CFAs).

School and Student Performance Data

Academic Performance English Learner Progress

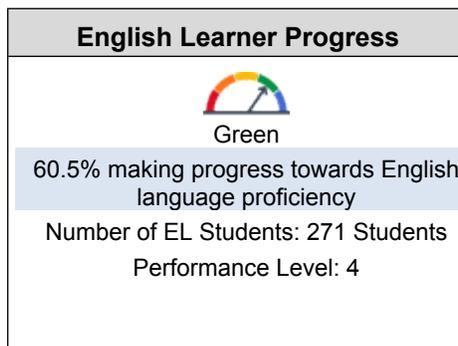

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides a view of the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2023 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2023 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
22	84	0	164

Conclusions based on this data:

Our Newcomers, which is a specialized program we have at Frank that houses students that have recently arrived to the United States or have been in the country for less than two years, make up approximately 26% of our EL population and generally test into Level 1 of ELPAC. Since most have recently arrived in the United States and their English is limited, the needs of their program differ from the rest of our English Learner population. As an example, this year, based on the needs and growth of the program, we added a 6th teacher to the Academy as we needed smaller learning groups for ELA and ELD classes. Overall our English Learner progress is high. Including the 6th graders for the 2023-2024 school year, we have about 93 students that scored a 4 on the ELPAC and most met the standards for reclassification in the 2023-2024 school year. This past year, 102 students reclassified. Not including the Newcomer Academy, only 5% of our ELs are still at a level 1. 121 students or 55% of our students made significant progress last year and scored at the level 3 level for the ELPAC. This was accomplished through intentional planning with class structure, small groups, intentional focus and planning with the specific domains that they struggled with the past year. Multiple data chats throughout the year with the students to check progress, identify areas of need, and highlighting the importance of both the test and student outcomes occurred in English Language Development classes.

School and Student Performance Data

Academic Engagement Chronic Absenteeism

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2023 Fall Dashboard Chronic Absenteeism for All Students/Student Group		
All Students	English Learners	Foster Youth
 Green	 Orange	Less than 11 Students
9.7% Chronically Absent	8.9% Chronically Absent	2 Students
Declined -0.6	Increased 0.9	
1081 Students	418 Students	
Homeless	Socioeconomically Disadvantaged	Students with Disabilities
 Orange	 Orange	 Yellow
10% Chronically Absent	10.2% Chronically Absent	17.8% Chronically Absent
Increased 1.1	Maintained 0.1	Declined -2
180 Students	988 Students	214 Students

2023 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 3 Students	 No Performance Color 0 Students	15.4% Chronically Absent Increased 5.9 13 Students	0% Chronically Absent Declined -15.4 19 Students
Hispanic	Two or More Races	Pacific Islander	White
 Yellow 9.8% Chronically Absent Maintained -0.3 1009 Students	Less than 11 Students 4 Students	Less than 11 Students 1 Student	12.5% Chronically Absent Declined -9.7 32 Students

Conclusions based on this data:

Attendance continues to be in the medium category and a cause of concern, but based on the Dashboard data this past year, we made significant growth with regards to attendance, both in performance and improvement. We declined significantly from two years ago and overall all student groups are trending in a positive direction. Though our student group of students with disabilities is still very high, we did decline from two years ago. English learners, an identified group for ATSI is an area of concern because chronic absenteeism slightly increased so we need to closely monitor their progress and do everything we can to get them to school. Our Wellness Center continues to create a strong sense of belonging and give the students a safe space to connect with peers. Attendance groups run by our counselors were a success and we were able to identify areas of need such as social skills, anxiety and stress, and find ways to support students on how to adjust and cope. The data from 2022-2023 reflected the need to provide social-emotional support for students to feel safe at school. We did well in accomplishing this part of our plan, though we can still improve in our overall performance metrics with attendance. Specifically, we noted we need to get parents more involved in the process earlier and be informed about what is considered excessive absences and do more home visits and 1:1 phone calls with parents to find out about any potential health concerns or barriers that are keeping the students from attending school. Foster Youth, Homeless and Students with Disabilities are our biggest areas of focus for this school year.

School and Student Performance Data

Conditions & Climate Suspension Rate

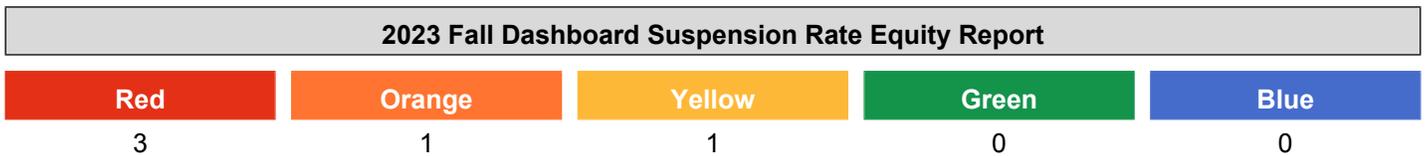

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2023 Fall Dashboard Suspension Rate for All Students/Student Group		
<p>All Students</p>  Red 13.3% suspended at least one day Increased 1.8 1100 Students	<p>English Learners</p>  Red 17.7% suspended at least one day Increased Significantly 5.3 430 Students	<p>Foster Youth</p> <p>Less than 11 Students 2 Students</p>
<p>Homeless</p>  Orange 16% suspended at least one day Declined -0.8 188 Students	<p>Socioeconomically Disadvantaged</p>  Red 14% suspended at least one day Increased 2.4 1005 Students	<p>Students with Disabilities</p>  Yellow 13% suspended at least one day Declined Significantly -3 215 Students

2023 Fall Dashboard Suspension Rate by Race/Ethnicity

African American	American Indian	Asian	Filipino
Less than 11 Students 3 Students	 No Performance Color 0 Students	0% suspended at least one day Maintained 0 13 Students	15.8% suspended at least one day Declined -7.3 19 Students
Hispanic	Two or More Races	Pacific Islander	White
 Red 13.5% suspended at least one day Increased 1.8 1025 Students	Less than 11 Students 4 Students	Less than 11 Students 1 Student	8.6% suspended at least one day Increased 3.3 35 Students

Conclusions based on this data:

Discipline issues, specifically suspension, were a major concern from last year and increased slightly from the previous year's data. The number of students suspended overall was at 13%. Specific student groups were in the very high category for performance and require additional, targeted support for this school year. English Learners and Homeless were suspended at a higher rate than Hispanic, lower socioeconomic, and non-Hispanic student groups, but only by about 4%, so all groups are too high. One of our highest percentages was English Learners. The large majority of our suspensions were caused by physical harm, in the form of fighting. This year we want to intervene and do more consistent assemblies and lessons on bullying, conflict resolution, and social media drama to curb the amount of issues that arise on campus. We will continue with our social lessons, classroom lessons, and targeted groups with students that have previously been suspended to identify and address any lingering concerns and help them find more positive ways to react to peers and improve peer relationships.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Language Arts and Math

All Students will reach high standards, at a minimum, attaining proficiency or better in reading and mathematics.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

All students will reach high academic standards in reading and mathematics.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase the capacity of teachers to deliver effective data-driven instruction
 To provide equipment, materials and technology resources that support high quality instruction
 To provide opportunities for teachers to collaborate to improve teaching and learning

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
CAASPP ELA (23-24)	The percentage of students who Met or Exceeded the standard: 6th grade students: 36% 7th grade students: 36% 8th grade students: 36%	The number students scoring "Met Standard" or "Exceeded Standard" based on 2024-2025 CAASPP assessment data will increase by: 6th grade - 10% 7th grade - 10% 8th grade - 15%
CAASPP Math (23-24)	The percentage of students who Met or Exceeded the standard: 6th grade students: 24% 7th grade students: 17% 8th grade students: 15%	The number students scoring "Met Standard" or "Exceeded Standard" based on 2024-2025 CAASPP assessment data will increase by: 6th grade - 15% 7th grade - 15% 8th grade - 10%
Star Reading (Spring 2024)	The percentage of students who scored At or Above Benchmark: 6th grade students: 26% 7th grade students: 33% 8th grade students: 32%	Students will demonstrate growth by moving at least one or two levels across the different bands on Star Reading. The percentage of students who score At or Above Benchmark in Spring 2025 will increase by: 6th grade - 18% 7th grade - 15%

		8th grade - 15%
Star Math (Spring 2024)	The percentage of students who scored At or Above Benchmark: 6th grade students: 18% 7th grade students: 16% 8th grade students: 12%	Students will demonstrate growth by moving at least one or two levels across the different bands on Star Math. The percentage of students who score At or Above Benchmark in Spring 2025 will increase by: 6th grade - 15% 7th grade - 15% 8th grade - 10%
ELPAC/Reclassification	102 students reclassified for the 2023-2024 school year based on scores from 2022-2023 data.	The reclassification rate will increase by at least 25% based on 2023-2024 ELPAC data.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/Activity #	Description	Students to be Served	Proposed Expenditures
1.1	Professional Learning Communities (PLC) will review ELA and Math performance to plan for data driven instruction at weekly meetings. Departments will use data to plan for common formative assessments.	All Students	3500 Title I 1000-1999: Certificated Personnel Salaries Teacher Extra Help
1.2	Extra time for counselors to support students with Academics and SEL.	All Students	District Funded 1000-1999: Certificated Personnel Salaries Counselor Salaries 5655 Title I 1000-1999: Certificated Personnel Salaries Counselor Extra Help
1.3	School tutoring, including support for Long Term English Learner (LTEL) students, Homeless, African American and Foster Youth. Students not meeting standards will have high priority for the After School Program and during extended breaks to support academic improvement. The school will increase academic success through evidence-based reading intervention program - Leveled Literacy Intervention (LLI).	English Learners	ASES 12137 LCFF 1000-1999: Certificated Personnel Salaries Teacher Extra Help - Academic Intervention 7602 Title I 1000-1999: Certificated Personnel Salaries Teacher Extra Help - Academic Intervention
1.4	Use of various Growth Celebrations (parades, field trips, incentives) for improvement in Star and CAASPP tests throughout the year to foster a growth mindset and continuous academic progress	All Students	5000 LCFF 4000-4999: Books And Supplies

			Materials and Supplies 3000 LCFF 5000-5999: Services And Other Operating Expenditures Services, Entrance Fees, and Operations 3000 LCFF 5000-5999: Services And Other Operating Expenditures Field Trip Transportation
1.5	Use data analysis of assessment results through District Programs (such as Ellevation) to inform instruction and to monitor progress. Data will be used from Star, CAASPP, ELPAC, and from curriculum embedded assessments. Teachers will also use data from common formative assessments to drive instruction.	All Students	District Funded 5800: Professional/Consulting Services And Operating Expenditures Program contracts (Renaissance, Ellevation)
1.6	Progress monitoring in ELA and Math using LLI, ST Math, Lexia, MyOn, Star, AR, and curriculum-based assessments.	All Students	District Funded 4000-4999: Books And Supplies Curriculum District Funded 5800: Professional/Consulting Services And Operating Expenditures Supplemental programs (Lexia, STMath, LLI, myON, AR)
1.7	During effective collaborative meetings, teachers will calibrate writing, develop common rubrics, share instructional techniques, and review pacing guides. Teachers will also develop common formative assessments (CFAs) and discuss data in relation to it and other assessments such as IABs and Star Data.	All Students	No additional cost - embedded in schedule 3000 Title I 1000-1999: Certificated Personnel Salaries Teacher Extra Help - Power Planning Days - Standards and Curriculum based
1.8	Provide daily designated English Language Development for English Learner students	English Learners	No additional cost
1.9	Teachers will receive professional development for curriculum implementation. Content area teachers will receive professional development in Math, Science and Social Studies and English Language Development	All Students	3000 Title III 1000-1999: Certificated Personnel Salaries Teacher Extra Help - ELD Collaboration on English 3D training 2500 LCFF 4000-4999: Books And Supplies Materials and Supplies

1.10	Star ELA and Math assessments will be administered three times per year to monitor student growth toward the benchmark. Teachers and administrators will analyze the data for growth.	All Students	District Funded 5800: Professional/Consulting Services And Operating Expenditures Renaissance contract (Star)
1.11	District EL TOSA (Teacher on Special Assignment) will work with ELD staff on strategies and differentiation for our LTEL students and implementation of EL Master Plan.	English Learners	District Funded 1000-1999: Certificated Personnel Salaries EL TOSA
1.12	Teachers will attend conferences for professional development opportunities, site driven initiatives and the strand focus. Teachers will participate in student monitoring conferences.	All Students	3000 Title I 5000-5999: Services And Other Operating Expenditures Travel and Conference 8000 Title I 1000-1999: Certificated Personnel Salaries Teacher Substitutes/Floater - Official Business 1000 Title I 1000-1999: Certificated Personnel Salaries Teacher Substitutes/Floater - Teacher Professional Development 3000 Title I 1000-1999: Certificated Personnel Salaries Teacher Substitutes/Floater - Student Monitoring Conferences
1.13	AVID electives will be available for grades 6-8 to promote college readiness and implementation of AVID strategies: binder checks, Cornell Notes and WICOR Strategies. AVID Tutors will support AVID strategies in the elective classes. Field trips to local colleges and universities will support college readiness and create a college-going atmosphere on campus. Teachers and administration will participate in professional development.	Socioeconomically Disadvantaged All Students	8000 Title I 2000-2999: Classified Personnel Salaries Instructional Assistants - Extra Help - AVID - Tutors 1500 Title I 4000-4999: Books And Supplies Warehouse Charges - Cost of binders and AVID Supplies 2000 Title I 5000-5999: Services And Other Operating Expenditures Field Trip - Transportation 2000 Title I 5000-5999: Services And Other Operating Expenditures Services, Entrance Fees, and Operations 2500 Title I

			1000-1999: Certificated Personnel Salaries Teacher Extra Help - AVID Site Coordinator
1.14	Technology online subscriptions, licenses and applications will be used to support state standards, intervention programs, enrichment activities and strand focus.	All Students	15000 Title I 5000-5999: Services And Other Operating Expenditures Online Subscriptions - Flocabulary, Newsela, EdPuzzle 3500 Title III 5000-5999: Services And Other Operating Expenditures Online Subscriptions - Brain Pop for ELs
1.15	Provide after school clubs for students to participate in strand focus activities, enrichment, and sports through a robust ELOP program and site funding.	Socioeconomically Disadvantaged Foster Youth English Learners Students with Disabilities Homeless	3000 LCFF - Intervention 1000-1999: Certificated Personnel Salaries Teacher Extra Help - Enrichment Clubs 1500 Title I 5000-5999: Services And Other Operating Expenditures Service, Entrance Fees - Robotics Competitions and After School Club Dues 2500 LCFF 4000-4999: Books And Supplies Materials and Supplies - Clubs 2500 Title I 4000-4999: Books And Supplies Equipment - Robotics
1.16	Teachers will analyze interim Assessment Blocks (IABs) through the CAASPP website to support ELA and Math standards.	All Students	No additional cost
1.17	Conduct progress monitoring of English Learners and recently re-designated students as outlined in the EL Master Plan. Professional development will be provided for integrated ELD Strategies and ELPAC Preparation.	English Learners	2000 Title III 4000-4999: Books And Supplies Materials and Supplies - Recognition Night for Reclassification 1000 Title III 4000-4999: Books And Supplies Books other than textbooks 1500 Title III

			1000-1999: Certificated Personnel Salaries Teacher Extra Help - Progress Monitoring After School with R-FEP students and recently exited Newcomer Academy students
1.18	Fully implement the ELA and Math CCSS and ELD standards in all grade levels using the board adopted materials.	All Students	District Funded 4000-4999: Books And Supplies Curriculum
1.19	Students in ELPAC Levels 1 & 2, who have been in the U.S. less than two years, will be a part of the Newcomer's Academy, which offers an acceleration program to bring skills and language to grade level using ELD standards, as quickly as possible in both Language Arts and Math.	English Learners	District Funded 2000-2999: Classified Personnel Salaries Two Bilingual Paraeducators for Program 1500 Title III 1000-1999: Certificated Personnel Salaries Teacher Extra Help - Collaboration and Progress Monitoring
1.20	Prop 28 - STEAM Lab - dedicated STEAM (Science, Technology, Engineering, Arts, and Mathematics) lab to our school. The lab will focus on and foster critical thinking, problem-solving, and creativity, which are crucial skills for success in both academic and real-world settings and align with our District's Student Profile. The lab will also provide hands-on, experiential learning opportunities that engage students and make learning more meaningful and relevant to their lives. This aligns with our Academy focus at RJ Frank, which is Marine Science and Engineering.	All Students	93118 Prop 28 1000-1999: Certificated Personnel Salaries STEAM Lab Teacher 62500 Prop 28 2000-2999: Classified Personnel Salaries STEAM Lab Classified Personnel to Support 21899 Prop 28 4000-4999: Books And Supplies Materials and Supplies 10000 Prop 28 5000-5999: Services And Other Operating Expenditures Online Subscriptions, Licenses, Apps
1.21	Site and District Technology Team will support implementation of management system (Canvas) and various learning applications to support a technology-based classroom.	All Students	District Funded 1000-1999: Certificated Personnel Salaries District TOSAs 1000 LCFF 1000-1999: Certificated Personnel Salaries Teacher Extra Help - PD, Tutorials, and Support for teachers 3000

			Title I 4000-4999: Books And Supplies Materials and Supplies
1.22	Maximize use of Promethean Board and iPads to support English Learners and Special Education students.	All Students	No additional cost
1.23	Provide student learning materials and supplies to ensure all students are prepared, ready to learn and engaged.	All Students	5500 LCFF 5000-5999: Services And Other Operating Expenditures Maintenance Agreements - laminator, duplo, copy machines 18063 LCFF 4000-4999: Books And Supplies Materials and Supplies 2500 LCFF 5000-5999: Services And Other Operating Expenditures Publications - Graphics 2000 Title III 4000-4999: Books And Supplies Materials and Supplies 30000 LCFF 4000-4999: Books And Supplies Warehouse Charges 3000 LCFF 4000-4999: Books And Supplies Non-Capitalized Equipment
1.24	Progress monitoring via MTSS data analysis with emphasis on Tier 1 interventions and SMART Goals. Review CUMs and SST data for students not making fair progress. Attend California League of Educators Conference for Middle Schools.	All Students	2500 LCFF - Intervention 1000-1999: Certificated Personnel Salaries Teacher Extra Help District Funded 2000-2999: Classified Personnel Salaries Outreach Specialist 4000 LCFF 5800: Professional/Consulting Services And Operating Expenditures Travel and Conferences - CA League of Educators Conference 2000 LCFF

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Frank Academy will continue to dedicate the majority of time, effort, and focus on the CCSS Curriculum and best first instruction. In collaboration with staff and based on input, our plan is focused on the following: 1) learning 2) a collaborative culture and collective responsibility and 3) results orientation. Based on this past year's data, our focus will continue to be on priority standards in ELA and Math to ensure equitable, grade level instruction is happening to help our students progress and meet them where they are academically. Data from the 2022-2023 CAASPP shows that about 34% of our students are on grade level for ELA. This is a 4% increase from the previous year and a 2% increase from 2018-2019. This trend, unfortunately, shows stagnant growth for the overall percentage of students who are meeting grade level standards, especially with student groups identified as needing additional targeted support such as English Language Learners. Therefore, more focus is needed on using data to drive instruction and specific interventions to address learning gaps and help accelerate learning. This includes scaffolded and differentiated lessons throughout the year and data chats/progress monitoring conferences with students. Learning targets and outcomes need to be identified and addressed in the moment, so that grade level instruction can continue, while supporting the areas of concern along the way. Frank will build on past momentum with Professional Learning Communities (PLCs) to align practice, collaborate, and share data while incorporating more use of IABs as assessments. Our cycle of inquiry and common formative assessments will allow us to compare instructional practices and activities to create best, first instruction. Common Formative Assessments (CFAs) need to be based on deconstructed grade level standards and achievement level descriptors. Our goal for the end of 2024-2025 is to establish a guaranteed and viable curriculum, unit by unit, so all students have access to the same knowledge and skills regardless of the teacher to whom they are assigned.

Math is an area of focus. Currently our percentages are considerably lower than ELA across all three grade levels. On average, about 13% of our students are at or above grade level for Mathematics, but the number decreases with each grade level starting at 18% in 6th grade and dropping to 9% in 8th grade. Being that mathematics is typically centered on fixed ability messages, Frank School will need to continue to develop a growth mindset with regard to math and communicate with students that their ability in math is malleable and they can continue to learn and grow. The drop in overall percentages as the year progresses indicates that we need to examine our mathematical practices to ask more higher order thinking questions that engage the students with real-world application. This thought process will allow necessary processing speed for some of our students achieving low marks and the ability for students to see that high achievement is possible. The use of achievement level descriptors identified in CAASPP will allow us to create rubrics and learning outcomes that are centered on mastery of specific concepts. Open-ended questions with multiple steps will allow students to use formulas, while sharing opinions and negotiating their own path to finding the answer. This will raise the level of mathematical awareness and improve instruction in the classroom. We need to ensure that all priority instructional standards in Math are taught to build on past knowledge and are presented to the students in a format that matches what they are asked to do on achievement tests such as CAASPP. Identified gaps need to be addressed in the classroom so students do not fall even further behind. The need for a growth mindset is particularly evident in the data and observations with English Language learners and Students With Disabilities student groups from this past year. One focus this next year, is to utilize the achievement level descriptors to identify specific learning outcomes and student mastery concepts for each grade and unit. Mastery will be scored and based on the descriptions described in the achievement level descriptors to ensure our practice align with CCSS and CAASPP.

For English Learners, we increased our student reclassification percentage by almost 44% from the previous year (71 students vs 102 students this year). Our school's emphasis on English Learners and language development allowed for more intentional focus and growth with our students. Our ELPAC Bootcamp and focus on English Learner strategies in and outside the classroom made a big difference.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The major differences between the intended implementation for the 2023-2024 school year and the actual implementation had to do with the budgeted expenditures not producing the desired outcomes our strategies were intended to produce. The expected outcomes and metrics were affected by some budgetary constraints and appropriate avenues to fund all the strategies necessary to the degree needed to change. One example of high achievement and budgetary success was with our English Learners. The intentional lesson planning and collaboration, combined with data chats and academic bootcamp, allowed Frank to meet their articulated goal for the school year for the second year in a row.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Many of the changes to the goals and strategies for this goal relate to the need to address the current learning gaps of our student body and the significant number of students that are At or Below Grade level in Reading and Math. Student proficiency levels in Star in both ELA and Math will be reviewed more frequently during the year, which will allow for a more scaffolded and in-depth analysis of scores at the beginning of the year and end of the year. Other changes include a re-focus and commitment to high quality collaborative meetings and the concepts of PLCs. Strategy 34 addresses the need to work specifically on PLCs with an outside consultant. Strategy 27 includes the need to provide timely and actionable feedback to teachers. Strategy 4 is new with an emphasis on using various growth celebrations such as incentives and parades to acknowledge improvements in Star and CAASPP testing throughout the year. The overall metric of English Learners remained the same and focused on reclassification versus just the ELPAC scores. It reflects the high number of LTELs at our site and the need to emphasize the importance of passing both the ELPAC and the reading metric, which is to score in the 25% percentile of Star Reading. Strategy 3 addresses the need for more academic intervention with Long Term English Learners and Strategy 17 allows for data review and monitoring with the end being a large Reclassification Recognition night for students and families to celebrate the importance of their achievement. Tier 1 and Tier 2 interventions were placed in the strategies to address the need for more intervention for our students to address gaps in reading and math, especially with LTELs.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 2

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Social Emotional Support and School Climate

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase positive attendance
 To decrease the suspension rate
 To increase positive behavior
 To ensure a safe environment
 To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Suspension Rate (23-24)	7% of students were suspended.	The suspension rate will decrease by 3%
Discipline Referral Totals (23-24)	There were 524 discipline referrals (inclusive of classroom referrals). Per grade level, the overall discipline incidents were as follows: 6th - 81 7th - 197 8th - 246	The overall number of discipline incidents will drop by 10% or more. Per grade level, discipline incidents will drop by the following percentages: 6th - 5% 7th - 10% 8th - 20%
Panorama SEL Survey (school climate and well-being)	40% of all students reported positively to "feeling a sense of belonging at school."	The percentage of students who feel a "sense of belonging" will increase by 20%.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/Activity #	Description	Students to be Served	Proposed Expenditures

2.1	Utilization of CHAMPS/PBIS will be campus wide. Common behavioral expectations will be developed and utilized campus wide.	All Students	No additional cost
2.2	School Counselors, ORC, and Admin will monitor student academic progress. Counselors will meet with identified students and develop goals in order to increase success. ORC will assist in monitoring SST goals and progress.	English Learners Foster Youth Homeless Socioeconomically Disadvantaged	1000 LCFF 2000-2999: Classified Personnel Salaries Extra Help District Funded 2000-2999: Classified Personnel Salaries ORC Position 1000 LCFF 1000-1999: Certificated Personnel Salaries Extra Help
2.3	Student discipline data will be monitored by the PBIS Team and administration to ensure school practices align with restorative practices and the Safe & Civil School model.	All Students	2000 LCFF 1000-1999: Certificated Personnel Salaries Teacher Extra Help 1000 LCFF 2000-2999: Classified Personnel Salaries Classified Support - Campus Supervisor, Custodial team members
2.4	The safety committee will review and update the Safety Plan. Safety drills will be conducted to prepare for emergency situations (Fire and Lockdown).	All Students	1000 LCFF 4000-4999: Books And Supplies Materials and Supplies
2.5	Site counselor will assist parents and students in crisis and trauma. The counselor will also support student behavior with conflict resolution strategies.	Asian American	District Funded 1000-1999: Certificated Personnel Salaries School Counselors (2)
2.6	Research-and evidence-based intervention strategies will be utilized for early intervention to address chronic absenteeism and tardiness, which include: mentor/check-in, family contact, reward system, workshops for families, regular communication with families, and after-school clubs and activities.	Foster Youth Homeless	See Goal 1.25
2.7	Employ Campus Supervisors to monitor campus, including all buildings, and reduce student tardiness throughout entire school day.	All Students	District Funded 2000-2999: Classified Personnel Salaries Campus Assistant (10 employees)
2.8	SST Team will meet regularly to discuss student needs based on teacher referrals and students with current SSTs. Teachers will be trained on SMART goals and data collection for intervention.	English Learners Foster Youth Homeless	No additional cost

	Strategies will be developed and implemented in the classroom.	Socioeconomically Disadvantaged	
2.9	Continued use of the Risk of Sexual Activity Curriculum in Science.	All Students	No additional cost
2.10	Utilize Mental Health Grant to build a comprehensive mental health support system as a component of the greater MTSS system for OSD. A Mental Health Clinician is on site to work with students identified through MTSS process.	Socioeconomically Disadvantaged	District Funded 2000-2999: Classified Personnel Salaries Mental Health Clinician
2.11	Professional development will be conducted both district wide and site based on PBIS/STOIC. All staff working with students with special needs will receive NCPI training.	All Students	No additional cost
2.12	Utilization of WEB (Where Everyone Belongs) - WEB is a transition program that trains 8th graders to be positive role models around campus who welcome 6-7th graders and make them feel comfortable through middle school.	All Students	1000 LCFF 4000-4999: Books And Supplies Materials and Supplies - WEB Activities After School
2.13	Bullying prevention education will be provided to students, parents and teachers through assemblies, mandated trainings and parent informational nights.	All Students	4000 LCFF 5000-5999: Services And Other Operating Expenditures Assemblies contracts (Anti-Bullying)
2.14	Provide a well-maintained, safe, and attractive learning environment for students.	All Students	2300 LCFF 4000-4999: Books And Supplies Materials and Supplies - Campus Beautification
2.15	The Opportunity classroom assists students in modifying behavior and gaining the skills necessary to function more successfully in the general education classroom. It supports the individualized needs of students within a positive, safe, respectful and academically rigorous environment.	All Students	District Funded 2000-2999: Classified Personnel Salaries Paraeducator II Position District Funded 2000-2999: Classified Personnel Salaries Campus Assistant
2.16	Attendance Champions program - Big Brothers, Big Sisters Case Manager to work with referred students.	Socioeconomically Disadvantaged Homeless	District Funded No additional cost
2.17	ASB class offered for 7th-8th Grade students. These student leadership groups will participate in activities to promote awareness of tobacco usage, drugs and alcohol, anti-bullying, and promote school spirit on campus. They will plan Red Ribbon Week activities and coordinate events with WEB leaders. ASB helps to build up a positive, school culture.	All Students	No additional cost
2.18	Engage students in research-based programs and assemblies that tie into social-emotional well-being	All Students	1000 Title I

	to create a learning environment that is safe, drug-free and conducive to learning.		5000-5999: Services And Other Operating Expenditures Assemblies contracts (Anti-Bullying, Kindness, Vaping)
2.19	Use Panorama's research-based surveys for students, families, teachers and staff to better understand and build a positive school climate in the school.	All Students	No additional costs
2.20	Provide lunch time activities and incentives for students to create a positive, school environment. Activities encourage positive behavior, team building, and "get-to-know-you" opportunities to address social-emotional needs on campus.	All Students	2500 LCFF 4000-4999: Books And Supplies Materials and Supplies - Lunch Materials and Incentives
2.21	The PBIS Committee will evaluate the MTSS Pyramid and work with teachers to provide strategies for behavior support in the classroom based on the STOIC approach.	All Students	3000 Title I 1000-1999: Certificated Personnel Salaries Teacher Extra Help
2.22	Employ extra clerical support in the Office to support student and family needs.	English Learners Hispanic	50775 LCFF 2000-2999: Classified Personnel Salaries Clerical/Office - OAll
2.23	Students will be supported through the Student Wellness Center with healthy coping skills and to address social-emotional needs on campus.	All Students	2000 Title I 4000-4999: Books And Supplies Materials and Supplies - Supplies for Wellness Center
2.24	Students will be introduced to careers through Career Day by bringing community members into the school to discuss their jobs and opportunities for students beyond school.	Socioeconomically Disadvantaged	1000 LCFF 4000-4999: Books And Supplies Materials and Supplies
2.25	RJ Frank Games - School Events throughout the year intended to boost student engagement, interaction, and school culture.	All Students	1000 LCFF 4000-4999: Books And Supplies Materials and Supplies

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Attendance and discipline issues (suspensions) were a major concern from last year and still continued to affect the overall implementation of our school plan. The number of students suspended overall did decrease from previous years and is at 7%. Attendance was a concern as chronic absenteeism, especially for specific student groups such as Students with Disabilities. Our Wellness Center made a positive difference this past year as we were able to create a strong sense of belonging and give the students a safe space to connect with peers. Groups run by our counselors were

a success and we were able to identify areas of need such as attendance, social skills, anxiety and stress, and find ways to support students on how to adjust and cope. These groups were also utilized to support with behavior and office visits.

The data from 2022-2023 reflected the need to provide social-emotional support for students to feel safe at school this past year and to provide more alternative supports and interventions to reduce the number of suspensions. We did well to accomplish this part of our plan, though we would like to reduce suspensions even more. The strategies/activities from this year which made a positive impact to create healthy coping skills and address social-emotional needs on campus was our Wellness Center (Strategy 23). One particular group that needs more additional resources and support is our English Learners, including Newcomer Academy, with lessons and pro-active strategies to specifically reduce the number of physical altercations that lead to suspension.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The major discrepancy between the intended implementation and the budgeted expenditures was there were not enough reward activities and lunch time activities for the students this year and we did not have sufficient and/or appropriate funding models to support it throughout the year. The other major discrepancy had to do with staffing. Positions were filled, but chronic absences and missed assignments led to being understaffed in the areas of supervision.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Many of the same strategies and activities still apply, but will need to be modified or adjusted to meet the needs of students for this school year. The school did adjust the metrics/indicators and the expected outcomes. We will continue to address the need for more supervision on campus and being more strategic with systems to support management of students during non-classroom time. This is reflected in strategy 7 of this goal as the hours of each campus supervisor increased slightly to provide more seamless support throughout the day. We will build off the momentum of our Wellness Center (Strategy 23) and start group counseling for attendance, behavior, sense of belonging, and anxiety earlier in the year and analyze more Panorama data (strategy 19) throughout the year. Some new strategies involve the addition of a Mental Health Clinician (Strategy 10) to work with students identified through the MTSS process, more robust WEB program and activities for 6th graders (Strategy 12) and the Attendance Champions program (strategy 16) to address chronic absenteeism.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 3

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Parent and Family Engagement

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

To increase communication through websites and social media so parents and community are informed about district and school instructional programs and activities
 To facilitate parent involvement in the educational and social-emotional well-being of their children
 To increase volunteer opportunities so parents can assist in the classroom and on campus

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
English Learner Parent Needs Survey (23-24)	52 parents took the survey. 73% felt welcomed when they visit the school. 4% did not. 1% of families said that someone was not available to speak the language of the parents in the office.	Percentages for the Needs Survey will improve by the following: Feeling welcomed at school 10%. Preferred language in office 1%.
Average attendance at ELAC Meetings (23-24)	An average of 10 parents attended ELAC Meetings (in-person).	Attendance will increase by 25% at ELAC Meetings.
Parent attendance at Back to School Night (23-24)	602 students had someone attend BTSN.	Back To School Night attendance will increase by 10%.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/Activity #	Description	Students to be Served	Proposed Expenditures

3.1	Title I parent information will be presented at Back to School Night.	Socioeconomically Disadvantaged	No additional cost
3.2	Parent Compact and Title I School-Level Parent and Family Engagement Policy will be developed and revised with parent groups (SSC and ELAC) and distributed to all parents.	Socioeconomically Disadvantaged	No additional cost
3.3	Parent empowerment classes will be provided, with support from the Outreach Specialist and Counselors, in the evening, throughout the school year, including, but not limited to Canvas, Project 2 Inspire, Technology/Internet Safety and classes for working with teenagers.	Hispanic Socioeconomically Disadvantaged	500 Title I 4000-4999: Books And Supplies Materials and Supplies - Parent Project Materials District Funded 2000-2999: Classified Personnel Salaries ORC Salary 1000 Title III 2000-2999: Classified Personnel Salaries Other Classified - Outreach OT
3.4	Parents will be invited to Fall Parent Conferences for all students. The school passed a site variance which moved up Fall Conferences to October, from November, to provide more early intervention and communication with families regarding their student's progress. Spring Parent Conferences will be held for students who need extra support to meet grade level standards. Translators are provided for parents of EL students for any additional meetings as needed.	All Students	3000 Title III 2000-2999: Classified Personnel Salaries Verbal Translation - Extra Help 2000 Title III 2000-2999: Classified Personnel Salaries Verbal Translation - OT 6500 LCFF 5000-5999: Services And Other Operating Expenditures Field Trip Transportation - Bus Transportation for Site Variance
3.5	The ORC provides outreach to families on a regular basis and helps to coordinate community services when possible. Food care packages are distributed to families in need during designated times.	Socioeconomically Disadvantaged	See Goal 3.3
3.6	ELAC meetings are held monthly to communicate EL student progress as well as develop plans for EL student success with parents and community partners.	English Learners	3232 Title III 4000-4999: Books And Supplies Materials and Supplies - supplies and refreshment
3.7	Collaborate with Manager of Equity and Family Community Engagement to bring Mixteco and other cultural celebrations to the site and District.	African American Asian American Native American Hispanic	No additional cost

3.8	Provide parent involvement opportunities via committee meetings: SSC, PTO and ELAC.	All Students	See Goal 3.6 for ELAC supplies
3.9	PTO meets on a regular basis. Parents are encouraged to attend in order to provide input.	All Students	No additional cost
3.10	District and Site opportunities provided for families to attend parent workshops, including academic and SEL, AVID Family night, 6th grade orientation, the CAFE conference and other site workshops.	Students with Disabilities Hispanic English Learners	3500 Title III 5000-5999: Services And Other Operating Expenditures Travel and Conference - CAFE 1000 Title I 4000-4999: Books And Supplies Materials and Supplies - supplies and refreshment
3.11	School counselors will provide parent workshops for high school transition regarding A-G Requirements. They collaborate with OUHSD about scholarships, high school resources, and programs.	All Students	No additional cost
3.12	Transition to Middle School Parent Night for incoming 6th graders	All Students	500 Title I 4000-4999: Books And Supplies Materials and Supplies - Refreshments for Parent event
3.13	Support teachers and staff with meetings such as SST and student monitoring conferences.	All Students	5000 Title I 1000-1999: Certificated Personnel Salaries Teacher Substitutes/Floaters
3.14	Extra Clerical Support in Office to support student and family needs.	English Learners	4781 LCFF 2000-2999: Classified Personnel Salaries Clerical Substitutes 4000 LCFF 2000-2999: Classified Personnel Salaries Clerical O.T.
3.15	High School registration events held on campus to support families with registering and enrolling for high school the following year, for 8th grade students.	All Students	No additional cost
3.16	Encourage parents to attend EL Reclassification Meetings in the Fall and Spring to celebrate student success.	English Learners	See Goal 1.32
3.17	The school campus will be an inviting and accessible area for families when meeting with school staff. School staff will have all materials and	Students with Disabilities	5000 LCFF

	equipment necessary to provide access to families and support their needs on campus.		4000-4999: Books And Supplies Non-Capitalized Equipment - Front Office Needs 2000 LCFF 4000-4999: Books And Supplies Materials and Supplies
3.27			

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Parents were provided meaningful opportunities to participate in their children's academic and school experience this past year. Parents attended various trainings both for our school, specifically, and combined meetings with our local feeder schools, for the following: College and Career Readiness (A-G), Back to School Night, Academic Award nights, and Parent/Teacher conferences, in order to be involved in their children's well-being and educational experience. School meetings were held both in-person and virtually (PTO and SSC), which allowed parents to be a part of the decision-making process at school in various formats. All ELAC meetings were in-person this year. As a result of being virtual and in-person, parents were afforded more access to join meetings with their various work and home commitments that previously did not allow them to attend. All SSTs, IEPs, Parent-Teacher Meetings, and 504s were held in the parent's preferred method to allow parents to be active participants and provide access to those that needed more flexibility. One of the biggest additions was a return to evening Award Ceremonies. They were well attended with over 600 people showing up to both events this past year.
