Student Code of Conduct

Parent/Student Acknowledgment Form

The Brandywine School District Student Code of Conduct provides students, parents, staff and community members with the District's expectations and protocols governing student behavior, attendance, use of technology, and other aspects of students' daily school experience. Academic, social, and emotional outcomes for students are maximized when the student, parents/guardians, and school partner together, each supporting the others for the benefit of all. This partnership begins with a firm understanding of expectations among all three parties to minimize conflict, support each other's efforts, and ensure that the investments made lead to positive outcomes for the student. To this end, it is essential that every student, parent/guardian, and BSD staff member understand and follow the expectations and protocols contained in the Student Code of Conduct.

We kindly ask that this sheet be signed and returned to your child's homeroom teacher by September 16, 2024, signifying that both student and parent/guardian have received and reviewed the 2024-2025 BSD Code of Student Conduct.

Thank you in advance for your cooperation and support. It's going to be a great school year.

WELCOME TO THE BRANDYWINE SCHOOL DISTRICT

The goal of the Brandywine School District (the District) is to provide all students with rich and meaningful learning opportunities that meet the needs of each individual student and ensure that each BSD graduate possesses the knowledge, skills, and attributes to not only meet the demands of postsecondary education or immediate entry to the workforce, but have a distinct advantage as a direct result of BSD programming.

To achieve this objective, BSD schools must be free from disruptions that interfere with teaching and learning activities. Students, parents/guardians, and school staff must assume a responsible role in creating a positive learning environment and promoting behavior that encourages the academic, social, and emotional growth of all students.

Students, parents/guardians, and staff are encouraged to become familiar with the entire contents of this document.

INTRODUCTION

The Brandywine School District is committed to ensuring all students:

- feel welcomed and are excited about learning;
- believe that their teachers, administration, and other staff in the school support them so that they can achieve their best;
- are treated in an equitable and fair manner;
- are technology literate and able to meet the demands of a 21st century workforce and lifestyle;
- are provided with opportunities for social and emotional growth embedded in academic learning;
- are provided with learning environments and classrooms that are positive and safe;
- understand that they are contributing members not only of a school community, but also of our community at-large;
- understand that rules and laws exist for their protection, and compliance is required for the good of all;
- learn and grow through the application of the Student Code of Conduct.

Educating the whole child is a core belief of the Brandywine School District and serves as a foundational element on which all programming and functions of the District are built. To effectively educate the whole child, the Brandywine School District understands the need to be intentional and have a specific focus, not only on academic growth, but also equally important, social and emotional growth and development. To maximize the growth and development of the whole child, it is essential that parents/guardians and the school form a working partnership focused on the child.

To this end, the District will provide direct learning opportunities to develop students' understanding and skills in the areas of problem-solving, social skills, appropriate interaction with peers and adults, and self-advocacy. In addition, the District will use the application of the Code of Conduct as a means of social and emotional development. Infractions of the Code of Conduct must be viewed by both the school and parent as serious and as learning opportunities for the student. As teachable

moments present themselves when Code of Conduct violations occur, the learning experience for students will only be as valuable as the partnership between the school and home. Working together in partnership ensures better outcomes for students and supports their growth and development as productive members of society. Failure on either party to use violations to teach and improve future outcomes for the student sends mixed messages to the child and significantly impacts the desired growth and development. For this reason, it is essential that parents and schools work together, through the smallest of infractions to those with significant consequences, to co-teach valuable life lessons to ensure the whole child grows and matures as a result of school experiences.

WHAT IS THE STUDENT CODE OF CONDUCT?

The Student Code of Conduct is an official declaration of the Brandywine School District Board of Education (the School Board) which:

- specifies the responsibilities and rights of students;
- defines attendance responsibilities;
- defines conduct that is expected to maintain a positive and safe learning environment;
- provides standardized procedures for disciplinary action;
- defines grievance procedures;
- incorporates excerpts from State and Federal laws and regulations.

Provisions in the Student Code of Conduct apply to all students in Grades K-12, including those who are in the District's 18 to 22 year old program. The Student Code of Conduct is not applicable to our preschool and prekindergarten students. In all instances, school discipline should be reasonable, timely, equitable, age-appropriate, and consequences should match the severity of the student's behavior.

A copy of the Student Code of Conduct is given to each student upon school entry. Orientation to the Student Code of Conduct is held in each school at the beginning of the school year.

WHEN IS THE STUDENT CODE OF CONDUCT APPLICABLE?

The Student Code of Conduct is applied:

- on school property prior to, during, and following regular school hours;
- while students are on a school bus or in a District vehicle for any purpose;
- at all school-sponsored events and other activities at which school Administrators/ staff have supervision or responsibility of students.

OUT-OF-SCHOOL CONDUCT

The Code of Conduct shall also apply to out-of-school conduct by a student if the District believes that the nature of such conduct indicates that the student presents a threat to the health, safety, and welfare of other students, or to the reputation of a school or the District. Such out-of-school conduct shall include, but is not limited to:

- acts of violence which are punishable by law;
- sexual offenses which are punishable by law;
- the sale, transfer, or possession of drugs which would constitute an offense punishable by law;
- felony charges.

Additionally, the Principal/designee is authorized to take administrative action when a

student's misconduct to and from school has a harmful effect on other students, the community, or the orderly conduct of school business.

Day(s) as used in this document is defined as a day(s) in which school is in session. When school is out of session, such as during the winter, spring, or summer breaks, the time limits shall be used as guidelines, but not requirements.

WHAT IS A POSITIVE SCHOOL LEARNING ENVIRONMENT?

A positive school environment is best described as:

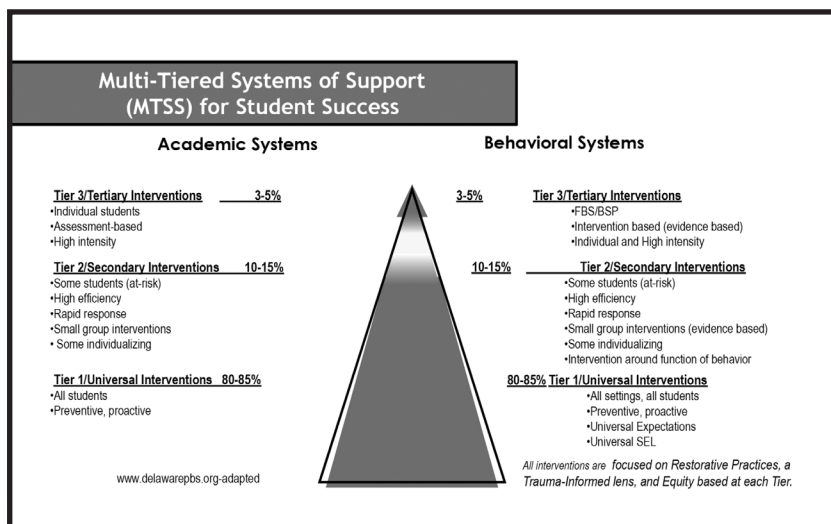

- safe and supportive;
- providing a range of engaging and meaningful educational opportunities;
- utilizing a multi-tiered system of supports (MTSS) for students within both academic and behavioral, social-emotional, cultural domains of learning;
- protecting students from behavior which threatens their health, safety, or welfare, or which interferes with learning;
- free of drugs, weapons and other illegal activities;
- respectful of diversity among students and teachers.

It is also the presence of a friendly, yet business-like, atmosphere in which students and school personnel work cooperatively toward recognized and acceptable goals. A positive school environment is free from distractions, friction, and disturbances. Utilizing a Multi-tiered System of Support (MTSS) process, which includes MTSS Tier 1, school-wide Behavior Expectations. The school staff establishes common expectations for student behavior and social interaction. These expectations are explicitly taught to students and reviewed in context throughout the course of the year. As students internalize these expectations, they will display them naturally and without prompting. MTSS, tier 1 behavior capitalizes on the public display of positive behavior that meets expectations and provides recognition of students' efforts. It also shows appreciative affirmation of social and emotional growth, and allows the students' efforts to serve as a model for others to follow. This positive reinforcement affirms the students' growth similar to receiving a high grade and/or positive praise on a homework assignment or project.

Like all expectations, the value lies in helping students understand the need and impact on others, and in consistent application, teaches desired behaviors and the enforcement of them. To this end, it is imperative that all staff subscribe and adhere to the established MTSS systems and application of the Code of Conduct. Lack of consistency or fidelity to implementation between classrooms creates mixed messages for students regarding what is and is not permissible. Fidelity to a common set of rules and expectations by all adults, staff members, and parents/guardians alike, is essential in the social and emotional development of a child.

ESTABLISHING SUPPORTIVE POSITIVE LEARNING ENVIRONMENT

Supportive positive learning environments are safe for students and staff. Supportive environments require the commitment from all staff and a belief that all students can learn and succeed with the right relationships within the school and the appropriate supports in place. Developing supportive environments requires all staff to be part of a proactive system that considers the unique needs of all students. To this end, the Brandywine School District utilizes an approach known as Multi-Tiered System of Support (MTSS) as the guiding framework to support students academically and behaviorally. The MTSS Framework aligns perfectly with the core principles of the District's previous Response to Intervention (RtI) and Positive Behavior Support (PBS/PBIS) Programs centered on both academic and behavioral, and social-emotional success. Together, these frameworks merge to provide essential support to all students, with targeted support based on need.

MULTI-TIERED SYSTEM OF SUPPORTS

Brandywine Schools use a Multi-Tiered System of Supports (MTSS) that emphasizes proactive and preventive strategies for defining, supporting, and teaching appropriate behaviors to create a positive school climate. The MTSS approach emphasizes proactive and preventative strategies for supporting appropriate behaviors, both social and academic. Behavioral supports and interventions are implemented using a three-tiered prevention/intervention approach to student behaviors.

School staff recognizes that maintaining and changing student behaviors involves a continuum of acknowledgments, supports, and interventions (Center for Positive Behavior Intervention Supports, University of Connecticut). The MTSS framework consists of three tiers:

Tier 1: Universal or school-wide support for all students to be successful.

Tier 1 includes the following components:

- effectively teaching school-wide and classroom expectations to all students;
- program development and evaluation;
- correcting problem behavior;
- developing self-discipline;
- schools monitor school-wide progress and use data to make decisions about programming;
- consistent Community-Building Circles (Restorative Practices).

Tier 2: Involves a subset of students, typically 10-15%, identified by data, who are not successful with Tier 1 support alone, and are in need of more behavioral or academic support. During this time, Tier 1 supports continue to be layered with Tier 2 supports.

Tier 2 includes the following components:

- referral to a problem-solving team (PST) for academics, behavior, health, and wellness, and/or anything preventing continued student growth and learning;
- providing small group intervention support in behavior or academics;
- group behavioral support consisting of relationship building or skill-building interventions;
- support readily available and accessible for students based on data;
- continuous monitoring and making data-based decisions;
- small group opportunities to practice school-wide expectations with increased frequency;
- Restorative Circles (RP—student group conflicts).

Tier 3: Individualized for students in need of intensive behavioral or academic support, typically 3-5% of the overall student population. This is a continuum of support available to students as a need arises. This small number of students will need individualized, intensive behavioral strategies in order to sufficiently achieve or maintain desired outcomes and prevent future problems. These supports are not based on categorical service options (e.g. whether a student meets the criteria for special education services), but provide access to individualized, intensive supports matched to student needs.

Tier 3 can include the following components:

- access to a problem-solving team, (PST) for academics, behavior, health, and wellness, and/or anything preventing continued student growth and learning. Team members include someone with behavioral expertise on the team;
- functional Behavior Assessment/Behavior Support Plan, (FBA/BSP);
- interventions likely addressing both skill deficits and rapport with others (both skill-based and relationship-based interventions);
- small group (or individual) academic interventions with a focus on intensive reteaching;
- individualized opportunities to practice school-wide expectations with increased frequency;
- wraparound supports;
- collaboration and/or linkages to community resources;

- restorative practices/circles—teacher-to-student/ student-to-student;
- utilize data to problem solve;
- other evidence or research-based strategies;
- Restorative Circles (RP) —teacher-to-student/ student-to-student

WHO ESTABLISHES A POSITIVE SCHOOL LEARNING ENVIRONMENT?

The Student Code of Conduct recognizes the need for a working, cooperative relationship among students, parents/guardians, and school personnel. This relationship is most productive when:

Students:

- attend all classes daily and on time;
- prepare for class assignments and activities;
- come to class with appropriate materials, books, and supplies;
- respect all persons and property;
- refrain from using profanity, abusive language, or inflammatory actions in personal interactions;
- dress properly for a learning environment;
- avoid the use of distracting electronics;
- conduct themselves in a safe and responsible manner;
- assume responsibility for their own work and behavior;
- abide by the rules and regulations set forth by the school and individual classroom teachers;
- seek changes in an orderly and approved manner;
- adhere to all health and safety regulations.

Parents/Guardians:

- keep in contact with the school concerning their child’s progress and conduct;
- maintain up-to-date home, work, emergency numbers, and email addresses at the school and on Home Access Center;
- ensure that their child’s name is recorded in the daily attendance and promptly report and explain any absence or tardiness to the school;
- provide their child with resources needed to complete classwork and homework;
- assist their child in being healthy, neat, and clean;
- refrain from using profanity, abusive language or inflammatory actions in personal interactions;
- bring to the attention of school authorities any problem or condition which affects their child or other children of the school community;
- discuss report cards and work assignments with their child;
- attend Parent/Teacher conferences;
- seek changes in an orderly and appropriate manner.

School Personnel:

- model regular attendance and being on time;
- model being prepared to perform their duties with appropriate materials, lesson plans, and supplies;
- model respect of all persons and property;
- dialogue with parents, students, and other employees in a manner that reflects professionalism and interest of students;

- conduct themselves in a safe and responsible manner;
- model adherence to rules, policy, directives, and regulations set forth by the school and the School Board and/or administration;
- model how to seek change in an orderly and appropriate manner;
- maintain an atmosphere that encourages good behavior and active learning;
- plan a flexible curriculum to meet the needs of all students;
- develop positive working relationships with students and staff alike;
- model the process of sound decision-making and anticipating positive and negative outcomes of choices before making decisions;
- use available technology to partner with parents in real-time to work together for the common good of the student;
- encourage and maintain the involvement of students in the operation of the school, e.g., student government.

STUDENT RESPONSIBILITIES & RIGHTS

POSITIVE LEARNING ENVIRONMENT

Philosophical Basis

All students have the right to a safe and supportive learning environment. The creation and maintenance of such an environment is a shared responsibility between students, staff, and parents and must ensure that common courtesy and respect protect the teaching and learning process, don't alienate based on personal beliefs or convictions, and protect personal property of others. These expectations apply to all aspects of school-life regardless of location (e.g. school at large, individual classroom, online learning, school functions, sports, clubs, activities, etc.).

Responsibilities

Students have the responsibility:

- To come to class (school) ready to engage in learning
- To fully and actively engage and participate in learning as evidenced by asking relevant questions, actively listening, providing feedback and answering questions, reading, creating, contributing to partner activities, laughing, smiling, and anything else involved in the learning process
- To be on time and ready for the lesson to begin when the bell rings
- To come prepared with necessary supplies and having completed pre-requisite tasks and homework
- To challenge themselves and demonstrate consistent effort towards mastery of new concepts and skills
- Respect the right for others to learn.

Rights

Students have the right:

- To learn free of disruption and distraction.
- To seek assistance and support from staff in their goal of mastery of skills and concepts.
- To have access to relevant and engaging instruction.
- To pursue coursework and pathways that align with their interests and employment goals.

EXPRESSION

Philosophical Basis

Students have the right to express themselves through direct and symbolic means as long as such expression does not mock, demean, or ridicule other persons and groups; interfere with school activities or disrupt the educational process; or contain obscene, vulgar, inflammatory statements or is in any way detrimental to the welfare of other students or staff.

Responsibilities

Students have the responsibility:

- To act in a quiet, dignified manner during patriotic activities. Students also have the right to be excused from any patriotic act that is against their religious beliefs or deeply held personal convictions.
- To inform the school in writing of activities/policies which are in conflict with their religious beliefs and request alternative accommodations.
- To identify and/or report personal or school-related problems, concerns, or issues to appropriate staff, counselors/advisors

Rights

Students have the right:

- To respectfully express their own opinions on issues.
- To assemble peaceably on school property at a time and place designated by the Principal/designee and with adult supervision. This right will be denied if it endangers the health or safety of others, damages property, or disrupts the activities of others.

PERSONAL APPEARANCE (STUDENT DRESS CODE)

Philosophical Basis

The goal at the Brandywine School District is to create a positive learning environment in which all students are afforded the opportunity to learn in a distraction and disruption-free setting. To assist in promoting such a learning environment, the following conditions for student dress are in effect in all schools across the District. Please note that items of clothing not specifically covered in the list below can be prohibited at the discretion of the building and/or District administration. Building and district administration commit to the equitable application of the student dress code for all students. Students in violation of the dress code will be required to change into clothes that meet the school's expectations. Students must adhere to the following guidelines in school and at school-sponsored events.

Elementary

- All shirts must cover shoulders, chest, and midriff.
- Pants and shorts are to be worn at the waist (pajamas are prohibited).
- The length of skirts, skorts, and shorts must be at least mid-thigh in length.
- Heavy, bulky jackets, or overcoats should be placed in lockers.
- Footwear must be worn at all times. (Flip flops and slides are not permitted. Rubber-soled shoes are required for PE class.)
- Clothing with inappropriate, suggestive, or derogatory pictures or phrases may not be worn.
- Clothing designed to be worn as undergarments may not be visible.

- No headwear is to be worn in the building during the school day. This includes, but is not limited to hats, bandanas, scarves, earmuffs, sunglasses, or any other head coverings, including hoods.
- Clothing with holes or ripped in areas above mid-thigh are not permitted unless there is a layer of clothing under the frayed item.
- Students wearing jewelry or accessories that may be considered unsafe or inappropriate to the learning environment may be subject to review by the administration.
- Any other garments or accessories that would be a distraction to an orderly educational process are prohibited.

Middle and High School

Brandywine School District has established common expectations of student dress. We believe in promoting an appropriate, safe, and academic learning environment. Student clothing must not be a distraction to the learning environment. Students must adhere to the following guidelines in school and at school-sponsored events.

- All shirts must cover shoulders, chest, and midriff.
- Pants and shorts are to be worn at the waist (pajamas are prohibited).
- The length of skirts, skorts and shorts must be at least mid-thigh in length.
- Heavy, bulky jackets, or overcoats should be placed in lockers or assigned area.
- Footwear must be worn at all times.
- Clothing with inappropriate, suggestive, or derogatory pictures or phrases may not be worn.
- Clothing designed to be worn as undergarments may not be visible.
- No headwear is to be worn in the building during the school day. This includes, but is not limited to hats, bandanas, scarves, earmuffs, sunglasses, or any other head coverings, including hoods.
- Clothing with holes or ripped in areas above mid-thigh are not permitted unless there is a layer of clothing under the frayed item.
- Students wearing jewelry or accessories that may be considered unsafe or inappropriate to the learning environment may be subject to review by the administration.
- Any other garments or accessories that would be a distraction to an orderly educational process are prohibited.

Exceptions

Exceptions to the dress codes above will be made on a case-by-case basis in order to accommodate bona fide religious beliefs and special health conditions:

- Building Administrators at each school shall have the discretion to designate "School Spirit Days" and other special dress days. Examples of such days to include, but are not limited to favorite jersey days, hat days and other special theme days, etc.
- Specific dress requirements may be assigned to students participating in technical labs or other classes or activities that necessitate the wearing of specific clothing in or to maintain the health and safety of students and others. These classes or activity-specific dress requirements will be established by Building Administrators in conjunction with classroom teachers and will be delineated in the class, lab, or activity syllabus. Failure of a student to abide by these health and safety dress requirements may result in the student's inability to participate in that class, lab, or activity.

Responsibilities

Students have the responsibility for dressing and grooming in a manner which shows cleanliness, promotes safety, and demonstrates respect for themselves and others.

Rights

Students have the right to dress and groom as they choose, as long as they do not disrupt the educational process or endanger the health and safety of themselves or others, as outlined in the established school guidelines.

PERSONAL PROPERTY/SEARCH AND SEIZURE

Philosophical Basis

Students have the right to privacy on their person and in their property as well as a responsibility for that property. When school authorities have reasonable suspicion to believe that a student possesses an illegal item or an item determined to threaten safety and security, the school administration may search a student and his/her property. A student's mobile device is subject to a search if there is reasonable suspicion to believe it is being used in connection with a violation of the Student Code of Conduct. Items deemed to disrupt or interfere with the educational process may be temporarily removed from the student's possession.

Search and Seizure

The District has set the following parameters for search and seizure in its schools.

- **Search of a Student:** The District will conduct only a cursory search of a student. The District is NOT permitted to have a student disrobe while conducting a search. If the District believes that a student is in possession of a prohibited item or substance that cannot be identified with a cursory search, the District will involve law enforcement officers to conduct a more thorough search. Attempts will be made to notify parents if a student is surrendered to law enforcement officials.
- **Search of Backpack or Purse:** The District presumes a student possesses, and is therefore responsible for, all items found in the student's backpack, purse, or similar bag or container used to carry books or personal property. **Regularly check the contents of your bags.** If you fail to secure your bags, or provide others access to your bags, you remain responsible for items found in your bags.
- **Search of Lockers and Desks:** The District presumes a student possesses, and is responsible for, all items found in the student's locker and/or desk. **Regularly check the contents of your locker and desk.** If you fail to lock your locker, or provide others access to your locker, you remain responsible for items found in your locker. Student lockers and desks are the property of the school and may be subject to search by an Administrator at any time with or without reasonable suspicion to protect the health, safety, and welfare of others. **Please note:** All lockers and desks are and shall remain property of the District. Accordingly, students shall have no expectation of privacy in their school lockers and desks. Students are hereby notified that all authorized school district employees and officials may inspect students' lockers at any time, for any reason.
- **Search of Motor Vehicles:** The District presumes a student possesses, and is therefore responsible for, all items in the student's motor vehicle. This presumption applies to any vehicle driven to school without regard to who owns

the vehicle. **Before you bring a vehicle to school, or a school activity, carefully inspect it.** If you fail to lock your vehicle, or permit others access to it, you remain responsible for items found in your vehicle.

- **PLEASE NOTE: Returning to school after leaving without permission may be considered reasonable suspicion to conduct a search of the student and his/her possessions.**

Responsibilities

Students have the responsibility:

- To refrain from possessing or concealing any substance or objects which are prohibited or which may disrupt the educational process and/or school sponsored activities/events.
- To monitor and control access to their lockers, vehicles, purses, backpack, or similar containers and to check regularly their contents.
- To maintain and secure possession of all items brought to school. **The District is NOT responsible for lost or stolen personal property that is brought to school.** This includes, but not limited to items such as cell phones, tablets, personal laptop computers, electronic devices, accessories, and other personal belongings.

Rights

Students have the right:

- to privacy in their personal possessions unless the Principal or designee has reasonable suspicion to believe that prohibited substances/objects are possessed or being concealed by the student.
- to parents/guardians presence while a search is being conducted.

PUBLISHING AND DISTRIBUTING MATERIALS

Philosophical Basis

Valuing self-expression and teaching our students effective ways in which individuals may express themselves on issues of interest is an essential part of the educational process. Official school publications such as radio programs, yearbooks, school social media sites, and school newspapers should reflect the policy and judgment of the student editors and should include viewpoints representative of the entire school community.

Responsibilities

Students have the responsibility to identify the person(s) who wrote and published the material; adhere to acceptable standards of journalism including literary value, newsworthiness, and property; distribute material before and after regular school hours; distribute during regular school hours only with administrative permission; display materials on bulletin boards provided for student use; accept any legal consequences for student expression and publication; and to confirm that the information published is factual.

Rights

Students have the right to publish and distribute materials if such action does not endanger the health and safety of others, threaten to disrupt the educational process, reflect a derogatory nature, indicate a commercial purpose, or contain obscene or inflammatory statements.

SAFETY

Philosophical Basis

All students have the right to attend school in a safe and orderly environment where they are encouraged to learn.

To help ensure the safety and security of the students and staff of the Brandywine School District, the District uses cameras and audio devices to monitor public areas, restricted areas in schools and school property, and on school buses. Recordings from devices installed for safety and security may be used as the basis of disciplinary actions, or, if appropriate, criminal prosecutions against persons committing violations on school property. This section does not preclude the installation of recording or monitoring devices as part of a criminal or administrative investigation in compliance with pertinent authorities, laws, and procedures. Notice of presence of surveillance equipment will be posted to the extent required by law. The use of video cameras is subject to pre-approval by the Superintendent.

ATTENDANCE & TRUANCY

MANDATORY SCHOOL ATTENDANCE

State law establishes that every person who has legal custody, guardianship of the person, or legal control of a child between 5 and 16 years of age, including any person acting as a caregiver pursuant to the provisions of Title 14 of the Delaware Code has the responsibility to assure that his/her child enrolls and attends school. The District shall comply with all compulsory attendance laws and regulations, including those for students with disabilities, as well as and provisions in Title 14 of the Delaware Code.

Students are required to be present for at least 85% of instructional time in any given school year. For grades Kindergarten through Grade 5, attendance is taken as a percentage of time based on the entirety of the school day. For students in Grades 6 through 12, attendance is taken and recorded per class period or credit course; thus, a secondary student's attendance can vary. Any student whose number of absences (excused or unexcused) exceeds the allowable limits could fail to qualify for promotion to the next grade or fail to receive course credit.

The maximum number of absences permitted per Delaware code are as follows:

Kindergarten – Grade 8:	25 absences
Grades 9-12:	13 absences [per block class]

TYPES OF ABSENCES

Unless an absence is pre-approved or caused by a school function, any student not present will be marked as an unexcused absence. If the parent/guardian produces a note with a valid reason for the absence (see below), the absence will be coded as excused.

Excused Absence: An excused absence is for one of the reasons listed below and for which the required parental/professional note of explanation has been presented. A student's absence will be marked as unexcused in the Student Accounting System until the parental/professional note is provided.

The following conditions only will result in an excused absence:

- illness of the student (a physician's note may be requested after three consecutive days);
- scheduled appointments for the student with a physical, behavioral, or mental health care provider;
- death in the immediate family; funerals of other relatives or close friends
- contagious disease in the home of the child subject to regulations of the Division of Public Health, Department of Health and Social Services;
- legal business requiring the student's presence;
- suspension or expulsion from school;
- observance of religious holidays;
- health treatments (physical therapy, occupational therapy, etc.);
- absence, pre-approved by the Principal, to visit a college or university;
- authorized school-sponsored activities;
- emergency situations as determined by the school Principal;
- absences related to military deployment or military moves;
- wifi access, internet connectivity, and/or other technology issues when utilizing remote learning.

Unexcused Absence: An unexcused absence is any absence from school or class that is not defined as an excused absence. Lack of documentation from a parent/guardian based on one of the criteria above is considered an unexcused absence.

Prearranged Absence: A prearranged absence is a student's absence from school for one or more days to visit a college or university or for other educational activities approved by the Principal. The absence should be arranged in advance by writing the Principal and providing the full particulars of the absence. Approval for such absences should be sought, where practicable, at least two (2) weeks prior to the date on which the absence is to occur. Upon the development of a plan by student and teacher for making up the assignments to be missed, the Principal may then define the absence as excused. Prearranged absences will not be approved for school days that require students' presence for state/district assessments.

Long-Term Leave: For students on a block schedule (9th – 12th) who relocate out of state for any time longer than five (5) school days and for students kindergarten through eighth grade who relocate out of state for any time longer than ten (10) school days, the parent/guardian must provide documentation that the student has relocated out of state and the student must be withdrawn. The parent/guardian must re-enroll the student in the District once the family returns to the area. The school cannot ensure that the student will be able to be placed back in the original classroom.

Online/Remote Learning Attendance: The definition of what constitutes attendance and the method for taking and recording attendance for online and remote learning coursework will vary depending upon the type, design, and function of the course. For example, attendance for a full online, self-paced course, may be defined as completion of all learning tasks assigned for a given week, while a synchronous online course with a real-time teacher may define attendance by verification of the student's on-line presence during scheduled class time. Similarly, an asynchronous day's attendance constitutes submitting completed assignments to the district's learning management system within the timeframe provided by the teacher.

Please note that in the context of online or computer-based learning, documentation that a student has logged into an online student management system or approved online education resource is sufficient to demonstrate academic attendance by the student for that particular class period. For example, if a student logs into an online course or class session on September 10 and stays online for the duration of the period before logging out, the student will receive credit for being in attendance that day.

Should school or District closure require the transition to remote learning, the District will publish specific guidance defining how student attendance will be defined, determined, and reported. For online courses offered by the District or through dual-enrollment opportunities that incorporate online instruction, the course syllabi will define what criteria will be used to determine student attendance.

The same definitions and parameters for excused and unexcused absences apply to online and remote learning attendance. All absences will be considered unexcused unless the parent/guardian provides written documentation that meets the criteria for an excused absence as defined in this Code of Conduct.

Early Dismissal: All early dismissals should be arranged ahead of time by the parent/guardian. Parents/guardians should send a note to school with the student at the

beginning of the school day, and the student should submit that note to the main office at the beginning of the day. At times, when a parent/guardian does not have advanced notice of the need for an early dismissal, the parent/guardian can request an early dismissal in person at the main office of the school.

TARDINESS TO SCHOOL AND/OR CLASS

Tardiness to School all students are expected to arrive at school on time. Students who arrive to their first class (usually homeroom or first class period for Grades K-8 or first block for Grades 9-12) after the official start of the school day are considered tardy. Parents or guardians of students in grades K-5 must accompany and sign students into the building and provide a written explanation for their tardiness. Students in grades 6-12 who are late to school should sign in with the attendance secretary and present a written explanation from a parent as to the reason for their tardiness.

Tardiness to Class is defined by established class start times. In Grades 6-12, a bell system is used in each school to signal when one class is over and the next class begins. Students that are not in the classroom when the bell rings officially starting the class are considered tardy unless they have a written pass from a staff member. Students are expected to be in class on time prior to the bell.

TRUANCY

Truancy is defined as three (3) or more unexcused absences from school without required documentation or failing to register a child between the ages of 5 -16 years old within a timely fashion. The District is responsible for reporting violations of the attendance laws of the State of Delaware. In compliance with Delaware Code (Title 14, Chapter 27) the following will occur:

Compulsory Attendance Requirements for children in grades K through 12 (Truancy): The following provisions shall be applicable in regard to statewide minimum mandatory attendance requirements in each school year. *Visiting Teachers reserve the right to make contact prior to the 10th unexcused absence.*

1. Prior to the 10th day of unexcused absence by a student, the school will make multiple attempts to provide supports/services by working collaboratively with families to implement an Attendance Action Plan (AAP) that addresses the challenges with school attendance.
2. Following the 10th day of unexcused absence by a student, the school shall immediately notify the parent/guardian, and a visiting teacher for the District shall visit the student's home;
3. Following the 12th day of unexcused absence by a student, the student will be referred to the school's Problem Solving Team (PST) within their Multi-Tiered System of Support (MTSS).
4. Following the 15th day of unexcused absence by a student, the student's parent/guardian shall be notified by certified mail to appear at the school within 10 days of notification for a conference and counseling;
5. Following the 20th day of unexcused absence by a student, the school shall refer the case for prosecution;
6. Following the completion of prosecution of the case and the subsequent failure of the student to return to school within 5 school days thereof, the school shall immediately notify the Department of Services for Children, Youth and Their Families requesting intervention services by the Department. The Department shall contact the family within 10 business days.

SCHOOL BUS AND DISTRICT TRANSPORTATION SAFETY

District provided transportation to and from school is an extension of the school day. The student Code of Conduct remains in effect any time a student is on a school bus, including but not limited to the assigned bus, bus stops, or other district provided vehicles to and from the school, activity buses, sports buses, field trip buses, contracted vans etc. These rules apply to all modes of transportation provided by the District.

Bus and District Transportation Privilege

Riding the school bus and other means of transportation provided by the District are privileges for each student. If the following rules and regulations are not followed, the student may no longer be given the opportunity or privilege to ride the bus. If this privilege to ride a bus is suspended or revoked, the parent/guardian will be responsible for transporting their child to and from school.

School Bus Safety Rules

For Kindergarten to through 3rd grade, the Bus Safety Rules will be presented to all students in the District by school administrators, including walkers. The purpose of these presentations is to ensure students are aware of the bus safety rules, safe procedures while entering and exiting the school bus, and Safe Street crossing techniques, etc.

1. Listen to the bus driver/bus attendant's requests and follow directions.
2. Stay seated (back-to-back; bottom-to-bottom; book bag on your lap)
3. The use of electronic devices is permitted on board the bus; however, any audible content requires the use of headphones.
4. No eating or drinking while on board the bus.
5. Keep your hands and feet to yourself at all times.
6. All body parts and belongings remain inside the bus at all times
7. Use your inside voice while on the bus.
8. Do not throw objects inside, out of the bus or around-keep everything inside your book bag
9. Do not touch emergency equipment-back and side door, windows, roof hatches, first aid and body fluid kits, 2 way radios, etc.

Along with the Bus Safety Rules, the following regulations will assist with safety, prompt arrivals and departures of buses, and promoting positive attitudes on the part of students. Violations of these regulations may result in disciplinary actions.

1. Students must ride their assigned bus to and from their assigned stop. Switching buses for any reason is strictly prohibited.
2. Students should be present and visible at their assigned stop 10 minutes before the assigned bus stop time. A bus will not be dispatched to pick up students who were not present in advance.
3. Students are not to leave the bus without the driver's permission, except on arrival at their regular bus stop or at school.
4. Students should help keep the bus clean, sanitary and orderly. They must not damage or destroy bus seats or equipment.
5. The bus windows should not be opened without permission from the driver.
6. Students are not permitted to juul, smoke or vape while on the bus.
7. Students are not to use abusive language, profanity, obscene gestures, or spit on the bus.

8. Students may not bring large musical instruments, live animals, balloons, glass containers, skateboards, or large school projects onto the bus.
9. Athletic equipment brought on the bus must fit between the student's legs and not be placed on the seat or in the aisle. Care and safety when transporting sports equipment should be considered a priority. Students misusing the equipment or allowing another student to misuse the equipment while on the bus will result in losing the privilege to transport the equipment on the bus. Whenever possible, the athletic equipment should be in appropriate equipment bags to avoid sharp edges being exposed to students.
10. Students are to enter the bus, immediately take their seats, and remain seated until the bus comes to a complete stop.
11. Students are to conduct themselves while on the bus in such a way that will not distract the driver. Distracting the driver puts everyone at risk.

Cell Phone/Electronic Devices Use on School Buses

Cell phones and other electronic devices use on a school bus is permitted if it is not a disruption or distraction; no audible sounds should be heard at any time.

Surveillance on School Buses

All BSD school buses are equipped with surveillance cameras which include audio and video recording capability. These tapes and/or hard drives will be used in disciplinary procedures if necessary.

Safety Procedures for Boarding and Exiting the Bus

1. Students should never stand or play in the street while waiting for the bus.
2. If crossing a street to board the bus, students MUST look both right and left for cars, wait for the driver's signal to cross, and make sure the RED lights are flashing. Always cross the street in FRONT of the bus. Before boarding and exiting the bus, students must keep a safe distance from the bus.
3. Students should enter the bus without crowding or pushing and go directly to their assigned seat (if applicable).
4. Students should stand clear of any approaching bus travel path and be cognizant of bus maneuvers.

Meeting Students at Assigned Bus Stops

For the first two weeks (10 school days) of each year, all students in Kindergarten must be met by a parent, guardian or approved individual of trust designated by the family to ensure safety of our youngest learners. This information will be communicated to the child's school and transportation department. Exemptions will be granted if the parent/guardian provides written notification that their child does not need to be met. Brandywine School District requires a parent/guardian or designees to meet their child at their assigned bus stop each and every day for students who have special needs and require adult assistance (documented in student's IEP). Please note that the bus stop times provided for each student are estimates; therefore, transportation recommends utilization of the district's 'Where's the Bus' application for mobile devices to better determine exactly when to meet their child at the designated bus stop.

Failure of a parent/guardian or designee to meet their child as identified above at their assigned bus stop will result in the following action:

1. Transportation will contact the student's school and report that no one is at the bus stop to receive the child
2. Transportation will return the student to school. The parent will be responsible for picking the child up at the school. At that time, the parent will receive a letter from the school Principal/designee reminding them of the District's policy.
3. **Subsequent Offenses:** Parent will be invited to a conference/meeting to discuss intervention and support services for student transportation.
4. **Repeated Offenses:** Mandatory parent meeting will be held to discuss alternative options and further interventions for student transportation.

Bus Change Guidelines

Bus transportation cannot be viewed as a taxi and/or shuttle service. Please review the following guidelines for bus changes:

1. Bus routes and assignments can **ONLY** be changed by the Transportation Department.
2. Once the school makes address and/or alternate transportation address changes, it can take up to two business days for transportation to process that request. Transportation will assign a bus stop in accordance within Brandywine School District procedures and adjust the bus route accordingly.
3. The Transportation Office will not give permission for a student to ride a different bus, except in emergencies, with a written request.

For liability reasons, the District can only allow students assigned to a bus to use that bus as a means of transportation to or from school. All requests for ineligible riders to take a requested bus will be denied.

Denial of Transportation Privileges

Denial of transportation privileges is either a temporary or permanent removal of the opportunity to ride the school bus. In all cases of denial of transportation privileges, an attempt shall be made to notify the parents by telephone, with a written notification of the denial sent to the parents within twenty-four (24) hours. In the case of a student with a 504 Accommodations Plan or an Individualized Education Plan (IEP) a meeting must be held to discuss challenges on the bus and a team decision regarding next steps must be made and documented. Denial of bus privileges shall not be used as a disciplinary action for non-bus related violations.

During the denial of transportation privileges, it shall be the parents' responsibility to provide the student's transportation to and from school. Denial of bus privileges includes **both the regularly assigned bus and activity buses**. Should the student be absent during the bus suspension, the responsibility for initiating the make-up work and turning in assignments rests with the student.

Prior to the denial of bus privileges, the student shall:

1. be given oral or written notice of the charges and be told who is making these charges or complaints.
2. be given a fair and impartial hearing and have the opportunity to present the student's side of the story.
3. have had prior opportunity to know that the misbehavior was in violation of established rules and regulations.

Bus Route Problems

Bus Route Problems concerning the bus routes, bus arrival times, etc. should be referred to the Brandywine School District Transportation Office at 302-762-7181.

STUDENT BEHAVIOR

The District strives to provide a safe and inviting learning environment for students and staff. Creating and maintaining a climate of safety and respect requires the work and commitment of all three responsible parties – students, staff, and parents. It is essential that students, staff, and parents respect the rights of all others in creating learning spaces in which common courtesy and respect protects the teaching and learning process, personal beliefs and property of others regardless of setting (e.g. in school, in class, online, school function, etc.).

Expectations of Students

Actively Participate in Learning:

Students are expected to come to class ready to engage in learning. Full and active participation means listening, talking, working with partners, creating, reading, drawing, expressing, enjoying, smiling, laughing and anything else involved in the learning process. Being prepared for class means being on time, ready to start when the bell rings, having necessary supplies, and completing prerequisite assignments and homework.

Demonstrate Positive Attitude Toward Learning:

A positive attitude means trying new things, establishing goals, and becoming involved in one's studies. Students must challenge themselves and put forth the effort to learn new content and skills.

Respect Self, Others and the Environment:

Respect is a core theme for success in all Brandywine schools. Words and actions should be considerate of people, situations, and conditions. This means polite language, a positive and helpful attitude, and a regard for the property of others. Students are expected to be courteous and respectful to staff, faculty, and to one another.

Consequences for Behavior

Since the late 1980s, school districts across the country utilized zero tolerance policies- mandating suspension or expulsion for student misbehavior regardless of circumstances- exclusively within their Student Codes of Conduct. Evidence from decades of research conclude that neither adults nor young people have benefited from zero tolerance policies. In fact, there is growing research and consensus to support that positive reinforcement is more effective, and behavioral problems should be resolved on a case-by-case basis. As a result, Delaware passed legislation in 2018 to create the 'School Discipline Improvement Program' that requires districts to work toward the reduction of out-of-school suspensions through implementation of professional learning and programs to include Restorative Practices, Trauma Informed Care, Implicit Bias Awareness, Cultural Competency and Classroom Management. Professional learning has been ongoing in Brandywine School District since 2018 to comply with this regulation.

Restorative Practices

Restorative practices is the science of relationships and community. When applied in schools, restorative practices proactively improves climate and culture. Restorative practices promote inclusiveness, relationship-building and problem-solving, through such restorative methods as community-building circles for teaching and learning. Restorative practices also provide responses to wrongdoing that focus on repairing harm. This is achieved through conflict resolution using conferences that bring victims, offenders and their supporters together to address wrongdoing. Students are encouraged to reflect on and take responsibility for their actions and come up with plans to repair harm. Restorative practices in schools are based on restorative justice principles; they aim first to build classroom communities that are supported by clear agreements, authentic communication, and specific tools to bring issues and conflicts forward in a helpful way. They provide specific pathways to repair harms by bringing together those who are affected by misbehavior in a dialogue to address concerns, achieve understanding, and come to agreement about setting things right. In addition to serving the cause of fairness and justice, restorative approaches make safer schools and contribute to social and emotional learning. Research shows restorative practices improves school climate, reduces student suspensions as well as discipline disparities among students.

DISCIPLINARY PROCEDURES

This section of the Student Code of Conduct pertains to the process used by the District in the investigation of reported violations and the application of disciplinary consequences when warranted by investigation results. Building Administrators can aid parents and guardians regarding questions around the Code of Conduct, including investigation, due process, process and procedures, appeal requests, and resources for students and families.

The Student Code of Conduct defines specific acts which are considered violations of expected student behavior. School rules come from many sources including State Law, Board of Education Policy, and District Guidelines and Regulations. A major consideration of the Student Code of Conduct is to identify appropriate disciplinary actions to bring about positive student behavior. The severity and frequency of the misbehavior and the age and maturity of the student are considered in defining appropriate disciplinary action.

An Administrator or designee applies the Student Code of Conduct when a student has been referred because of misbehavior. Identifying the specific Student Code of Conduct violation and corresponding disciplinary action is the responsibility of the Administrator or designee. The decision of the Administrator or designee is final, subject only to a grievance as per the grievance procedures outlined below. In all cases of violations of the Code of Conduct, the Administrator will make an attempt to notify the parent/guardian of the infraction.

REPORTING OF A CODE OF CONDUCT VIOLATION

Students, parents, guardians, community members and school/District personnel, all have a responsibility for reporting violations of the Code of Conduct. Procedures for

reporting are as follows:

- School and District Personnel:
 - o are required to use any and all electronic referral systems that are established by the district/state systems. If the electronic referral system is unavailable, the Building Administrator will supply a paper copy on which the referral should be submitted.
 - o are required to include an objective report of the incident that is free of subjective or opinionated commentary within the behavior referral.
- Students and parents/guardians should report violations to either the student's Administrator of record or to their assigned school counselor.
- Members of the community can report violations to an Administrator in the building.

PRELIMINARY INVESTIGATION & REPORTING REQUIREMENTS FOR VIOLATIONS OF THE STUDENT CODE OF CONDUCT

Investigatory Procedures & Timeline

1. In any instance when student disciplinary action may result in removal of the student from the regular school program for one or more days, the Principal/designee shall conduct a preliminary investigation to determine if there is reasonable basis to pursue disciplinary action.
 - a. The Principal/designee may remove the allegedly offending student from the general student population while conducting the preliminary investigation if the student's presence in the school environment is deemed to pose a threat or possible threat to the health, safety, or welfare to persons or property within the school environment.
 - b. Initial due process shall be provided to the accused either through discussion or written statement as decided by the Principal/designee.
 - c. When obtaining written statements from witnesses, reasonable efforts may be made to notify the parent of each witness.
 - d. Reasonable efforts shall be made to include the allegedly offending student or parent in the preliminary investigation.
2. The investigation shall be completed within three (3) school days of the date the incident in question was reported.
3. The Principal/designee shall confiscate any contraband as defined in the Student Code of Conduct or under the District's policies or state or federal law, which may be used for criminal/juvenile delinquency proceedings. Such contraband shall be labeled and secured in a locked area. Any confiscated contraband, or that reasonably understood to be illegal contraband, which may be used for criminal/juvenile proceedings shall be turned over to the appropriate police agency as soon as practicable.

Reporting Requirements

1. If the investigation reveals that there is reliable information that would lead a reasonable person to believe that a mandatorily reportable crime under 14 Del. C. §4112 has been committed, the Principal/designee shall immediately notify the appropriate law enforcement agency of the incident.
 - a. All reports to the appropriate law enforcement agency must be made immediately by telephone or in person and shall be followed by a written report of the investigation within three (3) business days.

2. The Principal/designee shall report all offenses listed as a mandatory report to the Department of Education under 14 Del. C. §4112 and 14 DE Admin. Code 601 within five (5) business days of the incident by completing the information in the eSchoolPlus Discipline Reporting application or successor Delaware Department of Education approved student database management application.

Initial Due Process

A student shall be afforded initial due process rights for discipline procedures which result in the removal of the student for one day or more from the Regular School Program due to a violation of the Student Code of Conduct. Prior to any removal of one day or more from the regular school program due to a violation of the Student Code of Conduct, the student must:

- have had prior opportunity to be informed of behavioral expectations per the established BSD Student Code of Conduct rules and regulations (e.g. provided a copy of the Code of Conduct, attending Code of Conduct Behavior Assemblies, counseled individually regarding the Code of Conduct, etc.)
- be informed of the allegations and evidence against him or her, and the policy, rule, or regulation violated;
- have an opportunity to respond to the allegation, verbally or in writing, and present his or her version of events;
- be informed of the right not to submit a written statement, if a written statement is requested;
- have an opportunity to present evidence in his or her defense, including the right to have witnesses interviewed by the Principal or designee.

Due Process Delay Provision

1. A student whose presence in the school environment poses a threat to the health, safety, or welfare to persons or property within the school environment, as determined by the Principal/designee, may be immediately removed from school provided that, as soon as practicable thereafter, the initial due process procedures outlined above are followed.
2. In addition to the initial due process rights, a student who is recommended for Alternative Placement or Expulsion shall receive such additional applicable due process rights as outlined in the Student Code of Conduct.

Assignment of Consequences

When assigning consequences for student behavior that violates the Code the Conduct, the Principal/designee are to consider the following factors:

- age, health, and other individualized factors attributable to the student;
- appropriateness of student's academic placement;
- student's prior conduct and record of behavior;
- student's willingness to repair the harm;
- seriousness of the offense and the degree of harm caused;
- impact of the incident on the overall school community;
- the health, safety, and welfare of the student and all students and staff.

SUSPENSION FROM SCHOOL

Suspension is the temporary removal of a pupil from the regular school program.

The Principal/designee shall have the right to impose a suspension on any student in the school who has violated the Student Code of Conduct. The duration of the

suspension shall not exceed five (5) consecutive school days for any single conduct violation or combination of violations which occurred during a single disciplinary incident.

The Superintendent or his/her designee reserves the right to temporarily extend a student's suspension beyond the five (5) school day limit pending an Alternative Placement Meeting decision, Board of Education decision regarding expulsion, or any other formalized disciplinary action hearing.

A student whose suspension has been temporarily extended beyond five (5) consecutive school days shall receive Appropriate Educational Services beginning on the first day of the extension. Educational services shall continue until the student's Alternative Placement Meeting decision has been rendered, the Board of Education makes its decision regarding the student's expulsion, or other formalized disciplinary action hearing has concluded. Prior to any suspension from school, initial due process shall be provided to the student unless temporarily delayed as allowed above.

When a student receives a suspension from school (in or out-of-school), reasonable attempts to provide verbal notification to the parent/guardian shall be made by the Principal/designee prior to the suspension being served. Written notification of the suspension and information regarding the grievance process shall be given or sent to the parent as soon as practicable, but no later than three business days. The notification shall state the cause and duration of the suspension.

The parent/guardian or student may appeal the suspension to the next administrative level in accordance with the Grievance process. Prior to the student's return from an out-of-school suspension of three (3) school days or more, the Principal/designee shall hold an in-person or phone conference with the parent/guardian and student. A definite time, date, and place for the conference shall be designated by the Administrator/designee. The Principal/designee may waive this conference requirement.

SEVERITY CLAUSE

The Student Code of Conduct is not all-inclusive, and a student committing an act of misconduct not listed as a violation may be subject to the authority of the Superintendent or designee. Any behavior that necessitates a more severe disciplinary action shall be subject to the discretionary authority of the Superintendent or their designee.

DISCIPLINE OF STUDENTS WITH DISABILITIES

1. If a student with a disability, as defined by Federal and State law and regulations, is recommended for removal for more than ten (10) school days, either consecutively or cumulatively, in any one school year, or if expulsion is being recommended, a meeting of the student's IEP team shall be conducted.
2. The student's IEP team will consider whether the offense was a manifestation of the student's disability.
3. If the IEP team determines the offense was a manifestation of the student's disability, the IEP team shall modify the student's educational program accordingly.
4. If the IEP team determines that the offense is not a manifestation of the student's disability, the student will be subject to the provisions of the District's Student

Code of Conduct and disciplined accordingly.

5. Students with disabilities and their parents and/or guardians should also refer to *Delaware Code Title 14, section 900, Special Populations available through the Delaware Department of Education.*

ASSIGNMENT TO ALTERNATIVE PROGRAMS

“Assignment to an Alternative Program” means a student is removed from the regular school program and assigned to an alternate educational program which may be on or off campus. The duration of the assignment to an alternative program is dependent upon a variety of factors. Students assigned to alternative programs for disciplinary reasons are not permitted to attend Brandywine School District activities, including but not limited to extracurricular activities, sports, programs, field trips, or ceremonies and are prohibited from being on school property without the prior permission of the building Principal.

Criteria for student referral to an Alternative Placement

1. A student may be referred for Alternative Placement for any disciplinary violation for which Alternative Placement may be a consequence as specified in the Student Code of Conduct, including for any offense listed in 14 Del. C. §4112.
2. A student may be referred for Alternative Placement in conjunction with an Attorney General’s Report or court disposition that indicates that the student has been charged with a violent felony and/or is a threat to the health, safety, and welfare of others within the school environment.
3. A student may be referred for Alternative Placement in conjunction with chronic disruptive behaviors which result in repeated violations of the Student Code of Conduct after school-based best practice interventions have been put into place for the student and fail to yield the desired change of behavior. This may include, but is not limited to, counseling services, the development and implementation of a behavior support or modification plan, mentoring, referral to mediation, and participation in an available In-School Alternative Program.
4. A student may be referred for Alternative Placement when returning from an Outside Agency (examples include, but are not limited to, youth detention facilities, substance abuse facilities, or mental health facilities).

Responsibilities for Student Referral Which May Lead to Alternative Program Placement

When it is alleged that a student committed a violation of the Student Code of Conduct and may be subject to a recommendation for Alternative Placement, the following procedures shall occur:

1. The Principal/designee shall conduct a preliminary investigation to determine if there is reasonable basis to pursue disciplinary action.
2. If the preliminary investigation verifies that disciplinary action may be warranted, initial due process procedures shall be followed.
3. After the student has been afforded initial due process procedures, and if the Principal/designee decides that disciplinary action will be taken, the student and parent shall be notified.
4. The Principal/designee may impose a suspension. If the student is suspended, the student and the parent shall be provided a copy of a suspension form that includes a written notice of the Student Code of Conduct violation(s).

5. If the Principal/designee decides that the disciplinary action should be a referral for an Alternative Placement, the Principal/designee shall compile an Alternative Placement Packet for the student. The Alternative Placement Packet may also include other relevant information at the discretion of the Administrator.
6. For all referrals for Alternative Placement for a general education or special education student, the Principal/designee shall hold a building-level conference with the parent and the student.
 - a. At the building-level conference, the Principal/designee shall explain to the parent and the student that the purpose of the meeting is to inform them: (1) of the referral for Alternative Placement; (2) that the student may be suspended pending the outcome of the Alternative Placement Team Meeting and; (3) of the procedures that will take place as follow-up to the referral for Alternative Placement.
 - b. The building-level conference shall be held by phone or in person.
 - c. The Administrator conducting the building-level conference shall have at least one other person present to take notes during the conference or shall have the conference audio recorded.

Alternative Placement Meetings

An Alternative Placement Meeting shall take place to determine if an alternative setting is appropriate for a referred student.

1. The parent and student shall receive verbal and written notification of the Alternative Placement Meeting. Such written notice shall be mailed to the parent/guardian and the student via regular U.S. and certified mail at least five (5) business days before the meeting is to occur. Parent/guardian and student may, but are not required to, attend the meeting.
2. The parent/guardian and student shall be informed of the Alternative Placement Team's decision for placement within one (1) business day of the meeting.
3. If the decision is to assign the student to an Alternative Placement, the Superintendent shall send follow-up written notice within three (3) business days to the parent describing the circumstances which led to the placement, identifying the Alternative Program to which the student is being assigned and the conditions which must be met in order for the student to return to the regular school program.

Student Assignment to an Alternative Program

1. A District representative shall contact the selected Alternative Program to set up a date and time for an Intake Meeting.
 - a. The Intake Meeting shall not occur unless all required participants are present, unless excused by the Superintendent, and documentation from the Alternative Placement Packet is provided.
 - i. Participants required to be present at the Intake Meeting include, but are not limited to, the student, the parent, a District representative, the Alternative Program Administrator, and other appropriate Alternative Program staff.
 - b. A student assigned to a Consortium Discipline Alternative Program must be registered in the District before the Intake Meeting is held.
 - c. The Intake Meeting will include the completion of necessary forms, including the Intake Form, which requires student and parent/ guardian signatures.
 - d. During the Intake Meeting, the District representative shall communicate to all in attendance, the individualized goals and expectations for the alternatively placed student, including the Individualized Service Plan (ISP)

- under 14 DE Admin. Code 611, if applicable. The individualized goals and expectations shall be recorded on the Intake Form.
- e. The Intake Form shall be signed by all participants, copied and distributed to the student and parent/guardian, Alternative Program Administrator, and District representative and shall become part of the student's educational record as defined by 14 DE Admin. Code 252.
 2. The District shall maintain all alternatively placed students' enrollment status in Delaware Student Identification System (DELSIS) and eSchool PLUS database systems or successor Delaware Department of Education approved student database management system. A student placed in a Consortium Discipline Alternative Program shall have both an "active" and "service" status designation in DELSIS.

Procedures for Student Monitoring while in Alternative Placement

1. A Student Review for each student in the Alternative Program shall be completed at least semi-annually.
2. The Student Review shall include an examination of student attendance, grades, and discipline records, including the student's strengths and weaknesses in connection with their individualized goals and expectations at the time of the Student Review.
3. The Student Review shall also include recommendations for continued progress and/or return (or recommendation not to return) to the regular school program.

Procedures for Student Return to the Regular School Program

When a Student Review results in a recommendation for return to the comprehensive school setting, a Transitional Meeting at the student's comprehensive school will be held between the Alternative Program representative, a District representative, the student, the parent/guardian, the Principal/designee, a teacher, a school counselor, and a student advisor or disciplinarian, if assigned. Other individuals may be invited as determined by the members of the Transitional Meeting team. This meeting shall take place prior to a student's return to that comprehensive school and shall result in a document setting forth the terms of the return.

STUDENT EXPULSION PROCEDURES

State regulations define expulsion as "...the exclusion of a pupil from school."

As used herein, "Expulsion" means Disciplinary Action approved by the Board of Education resulting in a student being removed from the regular school program for a duration not to exceed the total number of student days in a school year. A student who is expelled is automatically excluded from all school activities, including but not limited to, extracurricular sports/programs, field trips, and ceremonies, and is not allowed on school property. Students expelled from any public school (in Delaware or any other state) are not permitted to attend any public school in Delaware during the period of expulsion.

1. When it is alleged that a student committed a violation of the Student Code of Conduct and may be subject to a recommendation for Expulsion, the following procedures shall be followed.
 - a. The building level Administrator/designee shall conduct a preliminary investigation pursuant to determine if there is reasonable basis to pursue Disciplinary Action.

- b. If the investigation verifies that Disciplinary Action may be warranted, initial due process procedures, as set forth in 14 DE Admin. Code 616.4, shall be followed.
2. After the student has been afforded initial due process procedures, if the building level Administrator/designee decides that Disciplinary Action in the form of a recommendation for Expulsion will be made, the following procedures shall be followed:
 - a. The student will be given written notice of charges and the parent/guardian shall be notified verbally and in writing as soon as practicable thereafter.
 - b. The student shall be given an out-of-school suspension. The parent/guardian shall be provided a copy of a suspension form that includes a written notice of the Student Code of Conduct violation(s).
 - c. The building level Administrator/designee must hold a building-level conference with the parent/guardian and the student. The Administrator shall explain to the parent/guardian and the student the purpose of the meeting is to inform them: 1) of the recommendation for Expulsion; 2) that the student will be serving a suspension pending the outcome of the Expulsion hearing and; 3) of the procedures that will take place as follow-up to the recommendation for Expulsion.
 - i. The conference shall be held by phone or in person.
 - ii. The Administrator shall have at least one other person present to take notes during the conference or shall have the conference audio recorded.
3. All documentation related to the recommendation for Expulsion shall be delivered to the Superintendent/designee within two (2) business days of the Building Level Conference or seven (7) business days of the incident, whichever is sooner.

Expulsion Hearings

1. Upon receipt of a recommendation following the building-level conference, the Superintendent/ designee shall review documentation to affirm that appropriate discipline procedures were followed. The Superintendent/designee shall, within ten (10) business days of the date of the incident, notify the student and the parent/guardian by letter that an Expulsion hearing will be held to consider the recommendation.
 - a. The Superintendent/designee shall not have been a participant in the disciplinary investigation or building-level conference resulting in the recommendation for Expulsion.
2. Written notice shall, at a minimum, be sent by regular U.S. and certified mail to the parent/guardian describing the circumstances which led to the recommendation for Expulsion and shall give the date, time, and location of the hearing.
3. The hearing shall be held not less than seven (7) business days or more than twenty (20) business days after receipt of written notice. The written notice shall be deemed to be received on the fourth business day following the day of mailing. This time period may be waived by agreement of the parties. A copy of the documentation shall be made available, upon request, to the student and parent at the District office prior to the mailing.
4. If requested, the student and parent/guardian will also be given a copy of the following:
 - a. the reason(s) for the recommendation;
 - b. the name(s) of witnesses who may appear; and
 - c. copies of information that may be submitted as evidence.

5. The District shall receive written parent/guardian permission for any witness who is a minor.
6. The hearing shall be conducted by a Hearing Officer appointed by the District. The Hearing Officer may be an employee of the District, but shall not have been involved in any review of the student incident at the building or school level.
7. The Hearing Officer shall have full authority to admit or exclude evidence.
 - a. Evidence presented at the Expulsion hearing may include, but is not limited to, witness statements, police or Attorney General's Reports, and photocopies of evidence.
 - b. The Hearing Officer is not bound by common law or statutory rules of evidence or by technical or formal rules of procedure except as herein stated.
 - c. The Hearing Officer may exclude plainly irrelevant, immaterial, insubstantial, cumulative and privileged evidence.
 - d. The Hearing Officer may limit unduly repetitive proof, rebuttal and cross examination.
8. In conducting the hearing, the District shall submit evidence first followed by the response of the student, if any. Further evidence by either party may be presented at the hearing if the Hearing Officer determines such evidence is necessary.
9. The Superintendent/designee presenting the case on the part of the school shall not testify.
10. The hearing shall be recorded in a manner that will permit transcription.
11. The student shall have the following rights:
 - a. to be represented by legal counsel at the student's expense;
 - b. to cross-examine witnesses;
 - c. to testify and produce witnesses on his/her behalf; and
 - d. to obtain, at the student's expense, a copy of the transcript of the hearing.
12. In lieu of a formal Expulsion hearing, a student may elect to waive the hearing and admit to the student's violation charge(s). The student and parent/guardian shall submit a signed written hearing waiver which indicates that the student is knowingly and voluntarily waiving their right to the hearing. Such election may be exercised until the commencement of the hearing. This waiver does not absolve the student from required consequences under Federal or State Law or the Student Code of Conduct.

Expulsion Decision by Board of Education

1. Within five (5) business days following the conclusion of an Expulsion hearing, a written report shall be prepared by the Hearing Officer for the Superintendent/designee. The report shall frame the issues, summarize the evidence, state conclusions of fact, and make a recommendation as to whether the student should be expelled.
2. The Board of Education shall make its decision at the next scheduled public Board Meeting or additional scheduled public board meeting for the sole purpose of deciding on the student disciplinary matter in question.
3. The Board of Education shall conduct a review of the Hearing Officer's recommendation. The Board may accept, reject, or modify the recommendation of the Hearing Officer. The Board's decision shall be in writing and shall be based solely upon the report from the Hearing Officer and the record of the Expulsion hearing, if any.
4. If the student has elected to waive their right to formal hearing and admit to the charged violations, then within five (5) business days following the waiving of hearing rights and admission of violation charges, the Superintendent/

designee shall prepare a report for the Board's action at its next public board meeting or an additional scheduled public board meeting for the sole purpose of deciding on the student disciplinary matter in question.

5. Eligible expelled students shall be placed in a Consortium Discipline Alternative Program in accordance with 14 Del. C. §1604 and 14 DE Admin. Code 611. The Board shall determine if the students not eligible for placement in a Consortium Discipline Alternative Program shall be expelled with or without Appropriate Educational Services.
6. Any decision to expel a student shall be reported to the Delaware Department of Education within five (5) business days of the Board's decision to expel. If the Board expels a student, but determines the student should not be placed at a Consortium Discipline Alternative Program, the written decision shall address with specificity the reason for non-placement and the evidence in support thereof. Such decisions shall be submitted to the Delaware Department of Education's Office of School Climate and Discipline within five business days of such decision, with a copy to the student's parent/guardian.
7. Except as is otherwise provided herein, within ten (10) business days of the decision by the Board, the Board, through its designee, shall submit its decision to the Superintendent and parent/guardian and student in writing. The written decision shall include notice of the right to appeal to the State Board of Education.

Calculation of Time

In calculating the period of time for the term of the Expulsion, school days will be used. Students receiving residential services from the Department of Services for Children, Youth and Their Families (DSCYF) program shall have the amount of school days served in such a program counted as part of the calculation of time for an Expulsion. This does not preclude the school from transitioning a student from a youth rehabilitation service program to the regular school program through an Alternative Program. Decisions regarding the transition between levels of alternative programming, including transition back to the regular education program will be made by the District Alternative Education Committee or IEP Team.

Follow Up To Expulsion

1. A student who is expelled shall be informed of the duration of the expulsion.
2. The student's parent/guardian may petition the District Board for readmission to school thirty (30) calendar days prior to the expiration of the expulsion period designated by the District Board.
3. The District Board shall determine whether the student may be readmitted.
4. Under readmission to school, the following conditions are required to be met:
 - a. A behavioral contract designed by appropriate school personnel and signed by the student and parent(s)/guardian(s) must be completed prior to readmission.
 - b. A student will be placed on probation for one (1) calendar year following the date of readmission. Violation of the contract during the probationary period may result in a recommendation to the Board for expulsion.
5. A student is prohibited from being on District property during the expulsion period except when accompanied by parent(s)/guardian(s) for a scheduled appointment with school officials.

GRIEVANCE PROCEDURES

GRIEVANCE PROCEDURES FOR DISCIPLINARY ACTIONS

A grievance is another name for a complaint. A grievance exists when it is alleged that a student has been treated unfairly or has not been afforded due process. A grievance may be presented when a student or the student's parent/guardian believe that the student has been treated unfairly or in violation of Board Policy. **Please note:** Schools are required to follow the grievance procedure even if a student and/or their parent(s), legal guardian or caregiver obtains an attorney or threatens legal action.

The following persons or groups of persons may use the grievance procedures:

1. students or groups of students
2. parents/guardians of a student
3. groups of parents/guardians of students

The grievance procedure may be used as follows:

1. Where it is alleged that any student or group of students:
 - Is being denied access to an appropriate educational opportunity
 - Is being denied participation in any school activity for which the student is eligible
 - Is being denied the opportunity to compete for a position in an activity where the selection is limited
 - Is being subjected to an arbitrary or unreasonable regulation, procedure or standard of conduct
2. Where it is alleged that the rights of an individual student and/or group of students are being denied or abridged

The Process of Filing a Grievance

1. The grievant shall request a conference, in writing, with the District representative(s) who allegedly treated the student unfairly within **three (3) school days** following the alleged act. The written request must identify the act being aggrieved. (Written communication from a student, parent, and/or caregiver does not need to contain the word "appeal" or "grievance" to be considered an exercise of the procedures for appealing a suspension. When in doubt it should be presumed that the communication constitutes a grievance).
2. A conference shall be held within **four (4) school days after the request**, unless the parties agree in writing to a later date. The school and/or Administrator must provide the grievant each step of the grievance process in writing to ensure the student and/or their parent/guardian understand their grievance rights. If the conferences fail to resolve the complaint, the grievant may file a written grievance with the Principal and/or Supervisor of the affected staff member(s) **within three (3) days of the conference**.
3. Prior to issuing the Grievance decision, the Principal must:
 - review all written documentation;
 - determine whether sufficient evidence exists to find:
 - o the alleged violation occurred; and
 - o if the assigned consequence was appropriate.
4. The Principal shall, provide a written statement stating the reason(s) for the Principal's decision, no later than **three (3) school days following the request**.
5. The grievant wishing to appeal the Principal's decision must file a written appeal

with the Superintendent or designee **no later than five (5) days from the date of the Principal's written decision** stating with specificity the reason(s) the problem could not be resolved.

6. The Superintendent or designee shall resolve the appeal by investigating the situation, reviewing the written appeal/records, and/or scheduling a conference to hear the grievance **no later than five (5) school days following receipt of the written request** for appeal and shall render a decision, in writing, **no later than five (5) school days after the investigating/conference.**

Students shall remain in school pending the final determination on the complaint.

This "stay-put" provision does not apply:

- If a suspension is for less than three (3) school days;
- If the student is being suspended as a first step in the process for an expulsion or alternative placement for more than 10 school days;
- If the student has been charged with a criminal offense for an act committed outside of school;
- If the Principal determines the act allegedly committed by the student is a threat to the health, safety or welfare of the staff or other students in the building.

OUT-OF-SCHOOL CONDUCT

Public school districts in the State of Delaware are notified by the Attorney General's Office and/or law enforcement authorities whenever a student is arrested for committing a felony, even if it has nothing to do with school or has occurred off school property. The District will take disciplinary action as outlined in the Student Code of Conduct if it is determined that the out-of-school conduct indicates the student presents a threat to the health, safety, or welfare of other students and staff. Example: If a student is arrested for selling a controlled substance in the community, they may be expelled from school. Students' out-of-school behavior can result in expulsion from school or placement in an alternative program.

COMBINATION OF OFFENSES

In single instances where more than one violation of the Student Code of Conduct occurs prior to disciplinary action being taken, the student may be dealt with at the highest level and may be given the most severe action allowed for any of the offenses committed.

MANDATORY REPORTING TO POLICE PER SCHOOL CRIME REPORTING LAW Delaware Code Title 14 Del. C §4112

Delaware Code **requires mandatory reporting** of the offenses listed in 14 Del. C §4112. School employees who have reliable information that would lead a reasonable person to believe that one of the following has occurred on school property or at a school function must immediately report the incident to the Principal or designee:

MANDATORY REPORT TO POLICE:

- Violent felonies (all violent felonies that occur against students, school employees, and school volunteers must be reported)

- Unlawful sexual contact and/or sexual harassment against a student, school employee, or volunteer
- Possession of a dangerous instrument or deadly weapon or bomb by a student
- Possession of an unlawful controlled substance including: prescription drugs and counterfeit drugs

The Principal or designee will make every effort to notify the parent(s)/guardian(s) and will conduct a thorough investigation and/or if warranted by statute will report to the police authorities. In addition, the Principal will make every effort to notify the parent(s)/guardian(s) of any juvenile victim. The following list is not all-inclusive, but, at a minimum, the following **shall be** reported to the appropriate law enforcement agency.

- Evidence that suggests the commission of the crimes of assault and extortion against pupil, or an assault or extortion against a school employee
- Evidence that suggests the commission of a felony, for example: reckless endangering; assault offenses; homicide; arson; criminal mischief; bombs; robbery; rape; extortion; fraud; forgery; weapons; etc.
- Evidence that suggests violations of the laws concerning controlled substances and alcohol

- Evidence of offenses involving school property, e.g. false fire alarms, telephone threats, computer crimes, vandalism and criminal mischief, trespass, burglary and theft, reckless driving, and safety hazards

Examples of the District's release of directory information include, but are not limited to: a program showing a student's role in a musical, the annual yearbook, graduation diplomas and programs, athletic program team rosters, school newspapers, educational technology programs that require class rosters and names of individual students for account creation, college enrollment tracking through the National Student Clearinghouse, and the like.

Parents' Right to Know

Under the Elementary and Secondary Education Act, a parent has the right to know the following information:

- the qualification(s) of the school staff providing instruction to their child.
- their child's level of achievement in each state academic assessment.
- whether or not their child has been assigned to or has been taught for four or more consecutive weeks by a teacher of a core academic subject who is not highly qualified.

A website has been set up for you to obtain this information at <https://deeds30.doe.k12.de.us/#/VerifyLicense>. Follow the prompts on the screen to seek information with regard to the certification(s) of your child's teacher(s).

Asbestos Notification

All school districts are required to have a detailed inspection of each building to determine the existence, location, and condition of asbestos containing materials. As per Environmental Protection Agency (EPA) guidelines, every Local Education Agency (LEA) must notify all workers, building occupants and legal guardian of all inspections, re-inspections, and activities being conducted to control asbestos exposure, including periodic surveillance and asbestos removal that are planned or in progress.

In accordance with the EPA regulations pertaining to the management of asbestos in schools, the Brandywine School District has had the required inspections. All inspection records are filed and maintained in the Brandywine School District's Asbestos Hazardous Emergency Response Act (AHERA) management plan. This plan is available for all to review and is in the BSD Facilities Department and each respective school building. If you have any questions regarding these subjects, please contact the Supervisor of Facilities Management at (302) 792-3826.

STATE OF DELAWARE OMBUDSPERSON

BULLYING

Bullying among children and adolescents is a worldwide problem, and children in Delaware are not immune. To combat the negative effects of bullying, Delaware has a school bullying prevention law which requires public schools in the state to adopt policies to address the issue. A full copy of the Brandywine School District's Anti-Bullying Policy can be found in Appendix II.

Additionally, the Delaware Department of Justice has a School Ombudsman who can assist with bullying issues. The hotline number is **1-800-220-5414**. The bullying resources located on this site can assist students, parents, and school personnel to

better understand processes and programs to effectively address the issue of bullying within the school environment.

Bullying and cyberbullying (D0701): **Bullying** is any intentional* written, electronic, verbal, or physical act or actions against a student, school volunteer, or school employee that a reasonable person, under the circumstances should know will have the effect of:

- placing a student, school volunteer, or school employee in reasonable fear of substantial harm to his or her emotional or physical well-being or substantial damage to his or her property; or
- creating a hostile, threatening, humiliating, or abusive educational environment due to the pervasiveness or persistence of actions or due to a power differential between the bully and the target; or
- interfering with a student having a safe school environment that is necessary to facilitate teaching and learning, opportunities or benefits; or

Bullying and cyberbullying: continued on next page

- perpetuating bullying by inciting, soliciting or coercing an individual or group to demean, dehumanize, embarrass or cause emotional, psychological or physical harm to another student, school volunteer or school employee.

Cyberbullying means the intentional use of uninvited and unwelcome electronic communication directed at an identifiable student or group of students, through means other than face-to-face interaction that:

- interferes with a student's physical well-being; or
- is threatening or intimidating; or
- is so severe, persistent, or pervasive that it is reasonably likely to limit a student's ability to participate in or benefit from the educational programs of the school district or school.

Communication shall be directed at an identifiable student or group of students if it is sent directly to that student or group or posted in a medium that the speaker knows is likely to be available to a broad audience within the school community.

- Whether speech constitutes cyberbullying will be determined from the standpoint of a reasonable student of the same grade and other circumstances as the victim.
- The place of origin of speech otherwise constituting cyberbullying is not material to whether it is considered cyberbullying under this policy, nor is the use of school or district materials.

The Student Code of Conduct will be enforced for any verified act of bullying, as defined above, committed outside of school against a Brandywine School District student if the building administrator determines that the act of bullying interferes with the educational rights of another student and/or causes a substantial or material disruption of the school environment.

*An act is considered intentional when the actual outcome is the same as the intended outcome.

- placing a student, school volunteer or school employee in reasonable fear of substantial harm to his or her emotional or physical well-being or substantial damage to his or her property; or
 - creating a hostile, threatening, humiliating, or abusive educational environment due to the pervasiveness or persistence of actions or due to a power differential between the bully and the target; or

 - perpetuating bullying by inciting, soliciting or coercing an individual or group to demean, dehumanize, embarrass, or cause emotional, psychological or physical harm to another student, school volunteer, or school employee.
- B. As used in this policy, cyberbullying means the use of uninvited and unwelcome electronic communication directed at an identifiable student or group of students, through means other than face-to-face interaction which:
- interferes with a student’s physical well-being; or
 - is threatening or intimidating; or
 - is so severe, persistent, or pervasive that it is reasonably likely to limit a student’s ability to participate in or benefit from the educational programs of the school district or charter school.

Communication shall be considered to be directed at an identifiable student or group of students if it is sent directly to that student or group or posted in a medium that the speaker knows is likely to be available to a broad audience within the school community.

- Whether speech constitutes cyberbullying will be determined from the standpoint of a reasonable student of the same grade and other circumstances as the victim.
- The place of origin of speech otherwise constituting cyberbullying is not

material to whether it is considered cyberbullying under this policy, nor is the use of school or district materials.

Explanation: Bullying is usually defined as involving **repeated** acts of aggression that aim to dominate another person by causing pain, fear, or embarrassment. However, one act alone may constitute bullying if the requisite intent and effect set forth in the definition are met. Bullying may be perpetuated by an individual or a group. It may be direct or indirect. Although a person may be repeatedly bullied, a different person might be doing the bullying each time, which may make it difficult to recognize that bullying is occurring. An act is intentional if it is the person's conscious objective to engage in conduct of that nature. The actions listed below are some examples of intentional actions which may become bullying depending on their reasonably foreseeable effect.

Physical bullying: Pushing, shoving, kicking, destroying of property, tripping, punching, tearing clothes, pushing books from someone's hands, shooting/ throwing objects at someone, gesturing, etc.

Sexual Bullying: Unwanted contact of a sexual nature, unwanted verbal comments about body parts, unwanted comments about target's sexuality or sexual activities.

This list should be used by way of example only, and is by no means exhaustive. These actions become bullying if they meet the definition with regard to intent and reasonably foreseeable effect. This policy is not intended to prohibit expression of religious, philosophical or political views, provided that the expression does not substantially disrupt the education environment. Similar behaviors that do not rise to the level of bullying may still be prohibited by other district school policies or building, classroom, or program rules.

School-wide Bully Prevention Program: The Brandywine School District is committed to support each school in their adoption of a school-wide bully prevention program. Each school is directed to develop or adopt a school-wide bully prevention program that is research-based.

Coordinating Committee: Each school shall establish a site-based committee that is responsible for coordinating the school's bully prevention program including the design, approval, and monitoring of the program. A majority of the members of the site-based committee shall be members of the school professional staff, of which a majority shall be instructional staff. The committee also shall contain representatives of the administrative staff, support staff, student body (for school enrolling students in grades 6 through 12), parents, and staff from the before- or after-school program(s). These representatives shall be chosen by members of each respective group except that representatives of the non-employee groups shall be appointed by the school principal. The committee shall operate on a 1-person, 1-vote principle. In the event a site-based school discipline committee has been established pursuant to § 1605(7) a and b, of Title 14 of the Delaware Code, that committee shall vote whether or not to accept the aforementioned responsibilities.

- A. When setting up the committee the principal may wish to consider including other persons in addition to those required, such as a school counselor, school psychologist or other school-based mental health professional, a school resource officer, a nurse, a librarian, or a representative from the medical, business, or faith-based community who might have a stake in the results of the program. The principal should also decide on an appropriate reward system for the committee, within available resources.
- B. The Committee shall:
 1. hold regular meetings
 2. select a coordinator of the program
 3. consider, decide upon, and coordinate any staff training sessions (beyond the mandated gang and bully prevention training required in 14 Del. C. 4123A), as needed.
 4. create and maintain a training log (either paper or electronic) to keep a record of the school staff which have been trained, and what training they have received. Decide upon the need for and provide short, concise training updates in writing or at staff meetings.
 5. consider, decide upon, and oversee formal or informal evaluation techniques and materials (such as questionnaires), as needed
 6. consider, decide upon, and order materials, as needed
 7. consider, decide upon, and lead staff discussion groups as needed
 8. consider and decide upon, additional guidelines for consistent positive consequences for those who follow the rules and consistent negative consequences for students who break them.
 9. review and refine the school supervisory system.
 10. plan a school kick-off event
 11. establish subcommittees, as needed
 12. decide upon and implement methods of notification to students, parents and the community concerning the school-wide program.

Reporting Requirements: Bullying is unacceptable, and a culture of openness is the best way to counter such behavior. It is the responsibility of each member of the school community: pupils, staff and parents to report instances of bullying or suspicions of bullying, with the understanding that all such reports will be listened to and taken seriously.

- A. Any school employee that has reliable information that would lead a reasonable

person to suspect that a person is a target of bullying shall immediately report it to the administration.

1. Initial Concerns

- a. Staff members are encouraged to watch for early signs of bullying and stop them before they worsen.
- b. Even though there has been no report of bullying to a staff member, each staff member is encouraged to be vigilant and look for students who appear to be isolated from other students, about whom inappropriate comments are made by other students, or who show signs of peer victimization.
- c. To confirm their concerns the staff member may choose to take the following steps:
 - intensify observations of student in question
 - confer with colleagues about that student
 - consult the school's bullying database.
 - take an informal survey of students about class climate
 - engage in short personal interviews with some students
 - conduct a brief sociometric survey
 - contact the parent to see how student likes school
 - speak privately with the victim

2. Written Report

- a. If measures confirm the staff member's concerns that a student is being bullied, if a staff member receives a report of a bullying matter, or if a staff member observes a bullying incident, they must inform the principal or designated person immediately and in writing within 24 hours. The written report shall be reasonably specific as to actions giving rise to the suspicion of bullying and shall include:
 - persons involved, designating bully, target, and bystanders' roles.
 - time and place of the conduct and alleged number of incidents.
 - potential student or staff witnesses.
 - any actions taken.
- b. Short, easy to use forms can be obtained from the school administration or district school office.

Investigative Procedures

- A. Each school is required to have a procedure for the administration to promptly investigate in a timely manner and determine whether bullying has occurred and that such procedure include investigation of such instances, including a determination of whether the target of the bullying was targeted or reports being targeted wholly or in part due to the target's race, age, marital status, creed, religion, color, sex, disability, sexual orientation, gender identity or expression, or national origin. This does not preclude schools from identifying other reasons or criteria why a person is a target of bullying.
 1. All complaints must be appropriately investigated and handled consistent with due process requirements.
 2. Each principal may designate a person or persons to be responsible for responding to bullying complaints.
 3. Neither complainant nor witnesses should be promised confidentiality at the onset of an investigation. It cannot be predicted what will be discovered or what kind of hearing may result. However, efforts should be made to increase the confidence and trust of the person making the complaint. Whenever practical, the investigating person will make efforts to document the bullying from several sources. This prevents the bully, when confronted, from assuming that the

victim is the complainant. Student victims may have a parent or trusted adult with them, if requested, during any investigatory activities.

4. After receiving notice of the suspected bullying, either through a short form, an incident report, or an anonymous or other written complaint, the designated person will review the complaint in conjunction with any other related complaints. Reasonable steps will then be taken by the designated person to verify the information and to determine whether the information would lead a reasonable person to suspect that a person has been a victim of bullying.
 5. Once the principal or designated person has confirmed that a person has been the victim of bullying, the principal or designated person will take prompt investigatory steps to determine who committed the acts of bullying and whether others played a role in perpetuating the bullying. The principal or designated person will avoid forewarning the student suspects and will interview suspects separately and in rapid succession.
 6. After identifying those who committed the act or acts of bullying, the principal or designated person will apply disciplinary action, consistent with due process rights, and the range of consequences identified herein. The bully will be informed that graduating consequences will occur if the bullying continues.
 7. The principal or designated person will keep a written record of the bullying incident and any disciplinary actions taken. The principal or designated person will keep any written statements of those committing the bullying, victims, and witnesses. Discussions with all parties should be documented as soon as possible after the events. The school will not destroy or discard any material records or evidence while a criminal investigation into or prosecution relating to the incident is ongoing.
 8. A follow-up will be completed two weeks later to determine whether the bullying has continued and whether additional consequences are needed. An additional follow-up will occur in two months, regardless of whether new incidents have been reported.
 9. Each confirmed incident must be recorded in the School Register of Bullying Incidents. All reported incidents of bullying, regardless of whether the school could substantiate the incident, must be reported to the Department of Education by the principal or his designee within five (5) working days pursuant to Department of Education regulations.
- B. The school administration should be aware that some acts of bullying may also be crimes which under the School Crime Reporting Law (14 Del. C. 4112) are required to be reported to the police and /or the Department of Education.

Non-Classroom Supervision: To the extent that funding is available, each school must develop a plan for a system of supervision in non-classroom areas. The plan shall provide for the review and exchange of information regarding non-classroom areas.

- A. The Coordinating Committee will review and refine the supervisory system specifically to make bullying less likely to happen using the following techniques:
 - determine the “hot spots” for bullying in the building, and why those hot spots exist.
 - consider ways of either keeping certain groups apart during transition, or building positive collaborations between older and younger students.
 - consider adult density in hot spots, if necessary.
 - consider the attitude and behaviors of supervising adults in hot spots, and determine a way to increase their competence in recognizing and intervening in bullying situations.
 - determine and disseminate a consistent graduated method by which all staff

will recognize and respond to bullying.

- develop and provide a method for communication of staff so that staff who observe bullying can intervene and notify other staff involved in supervising the same students during the day.
- develop a consistent and user-friendly school-wide method of logging bullying incidents or observations about students at risk for bullying or being bullied.
- develop or review the policy for hallway supervision before and after school and during the time when students are moving between classes.

Consequences for Bullying: Consequences for bullying should be immediately and consistently applied and must be delivered in a non-hostile manner. Consequences should be disagreeable or uncomfortable but should not involve revenge or hostile punishment.

- A. Consequences should take into account:
 - nature and severity of the behaviors
 - degrees of harm
 - student's age, size and personality (including development and maturity levels of the parties involved)
 - surrounding circumstances and context in which the incidents occurred
 - prior disciplinary history and incidences of past or continuing patterns of behavior
 - relationships between the parties involved (including any imbalance of power between the perpetrator and victim)
 - ease of use for staff (within available resources and time constraints)
- B. The appropriate range of consequences for bullying is as follows:
 1. Removal of positive reinforcers:
 - time-out
 - loss of a privilege
 2. Use of negative or unpleasant stimuli:
 - rebuke or verbal reprimand clearly specifying what is not acceptable and consequences if repeated.
 - notice to parent
 - serious talk with school staff member.
 - serious talk with school staff member with parents present.
 - supervised break times.
 - behavioral report cards sent home.
 - creation of a behavior contract.
 - in-school suspension.
 - detention.
 - a period of inclusion in the Learning Support Unit.
 - reassignment of seats in class, lunch or on bus.
 - forbidden to enter certain areas of school.
 - reassignment of classes.
 - a referral to an external agency
 - reassignment to another school, or another mode of transportation.
 - expulsion.
 - report to Law Enforcement officials
 3. In addition, but never as replacement for disciplinary action, formative activities should be given, which may include:
 - reparation to victim in the form of payment for or repair of damage to possessions out of bullies own money.

- cooperation with assessment of problems.
 - education about what bullying is and why it is not acceptable.
 - documentation on books or films about bullying.
 - completion of bully related workbooks.
 - completion of Letter of acknowledgement of actions to victim (only after reviewed by staff and never in cases of sexual bullying).
 - completion of psychological assessment or evaluation.
 - completion of counseling (In house or referral to an outside agency, individual or family).
 - cooperation with a behavioral management program developed in consultation with a mental health professional.
 - submission to a psychological, psychiatric or neuropsychiatric evaluation before the bully can return to school.
 - completion of community service.
- C. The Brandywine School District believes that positive consequences should be given when students are obeying the rules about bullying. These consequences may include:
1. enthusiastic, concrete, behavior-specific praise
 2. creative consequences that are truly positive for your students considering their age, sex, and maturity level.
- D. The Brandywine School District believes that victims should be given support. If bullying is suspected, staff members will make an effort to:
1. find a private opportunity for discussion with the victim.
 2. discuss with the victim what support they need.
 3. ensure their safety.
 4. record the event and follow through with actions.
 5. provide the victim with opportunities to gain peer support.
 6. refer the victim to available help in-school.
 7. provide the victim with an opportunity to explain to the alleged perpetrator that the conduct is unwelcome, disruptive, or inappropriate either in writing or face to-face if the victim chooses to do so.
 8. make referrals to external agencies if necessary.
 9. provide the victim with information for mental health or medical treatment needs.

Training

- A. The Brandywine School District will provide a combined training each year totaling at least one (1) hour in the identification and reporting of criminal youth gang activity pursuant to § 617, Title 11 of the Delaware Code and bullying prevention pursuant to § 4112D, Title 14 of the Delaware Code. The training materials shall be prepared by the Department of Justice and the Department of Education in collaboration with law enforcement agencies, the Delaware State Education Association, the Delaware School Boards Association and the Delaware Association of School Administrators. Any in-service training required by this section shall be provided within the contracted school year as provided in 14 Del. C. § 1305(e).
- B. All school employees must either attend the provided training session live or watch the official training materials provided by the district/charter school in lieu of attendance, with written proof in the form of signing in and out of the live session, or signing the film in and out, and providing adequate written answers to questions about the training materials.

Reporting Procedures

- A. The procedures for a student and parent, guardian or relative caregiver pursuant to 14 Del. C. § 202(f) or legal guardian to provide information on bullying activity will be as follows:
1. If a child complains of bullying while it is happening, the staff member will respond quickly and firmly to intervene, if safety permits, if the situation appears to that staff member to involve bullying or real fighting.
 2. If a child expresses a desire to discuss a personal incidence of bullying with a staff-member, the staff-member will make an effort to provide the child with a practical, safe, private and age-appropriate method of doing so.
 3. A letter box will be placed in a place or places selected by the committee, so that students who feel unable to talk to any staff can have a point of contact. Information found in the box must be treated with care and a staff-member or members will be designated to be responsible for this information. Blank "Bullying– request for support forms" will be available to all students, but are not required for a report.
 4. Written complaints shall be reasonably specific as to actions giving rise to the complaint and should include information as to:
 - conduct involved
 - persons involved, designated bully, target, and bystanders' roles
 - time and place of the conduct alleged, number of incidents
 - names of potential student or staff witnesses.
 - any actions taken in response
 5. Short, easy to use complaint forms can be obtained from the school administration or district school office.
 6. An electronic system will be established whereby a person can email anonymous complaints of bullying that only designated persons will have access to.
 7. Anyone may report bullying. A report may be made to any staff member. Reports should be made in writing.
 8. Each principal will designate a person or persons responsible for responding to bullying complaints.
 9. Every identified complainant who files a written complaint with a staff member will receive a written explanation of results to the extent that it is legally allowed and be given an opportunity to inform the designated person as to whether or not the outcome was satisfactory. Easy to use follow-up forms will be made available.
 10. Every confirmed bullying incident will be recorded in the School Register of Bullying incidents, which will be a central record for designated staff to read. This will give an indication of patterns which may emerge of both bullies and victims.

Anonymous Reports: Formal disciplinary action solely based on an anonymous report is not permitted. Independent verification of the anonymous report is necessary in order for any disciplinary action to be applied.

Notification of Parent(s), Guardian or Relative Caregiver: A parent, guardian or relative caregiver pursuant to 14 Del. C § 202(f) or legal guardian of any target of bullying or person who bullies another must be notified.

Retaliation: *Retaliation following a report of bullying is prohibited.* The consequences and appropriate remedial action for a person who engages in retaliation shall be determined by the school administration after consideration of the nature, severity, and circumstances of the act.

Procedure to Communicate with Medical and Mental Health Professionals.

- A. The following procedures for communication between school staff members and medical professionals who are involved in treating students for bullying issues must be followed:
1. Pediatricians/Primary Care Physicians and Mental Health Professionals are important links in the overall wellness of the whole child. The ability to communicate appropriately to identify the optimal health care needs of the child is necessary when issues at school impact the physical and emotional health of the child. This is especially true in bullying due to the social nature of the problem. Release of information forms must be signed by the parent, guardian or relative caregiver pursuant to 14 Del. C. § 202(f) or legal guardian in order for the primary care physician or mental health professional to communicate with school personnel regarding any treatment of a child. Releases should be signed both at school and at the physician, or mental health professional's office before communication may take place according to HIPAA and FERPA guidelines.
 2. If a parent refuses to sign a release form at school, the school will review this policy with them, explaining the reasons the release would be advantageous to their child.
 3. After confirmation that a child has been involved in a bullying incident, if the principal or designated person recommends a mental health evaluation be completed, the school may:
 - require that return to school will be contingent upon the clinical evaluation providing recommendations and treatment plan if identified as appropriate
 - require that student remain in in-school suspension and that return to regular class schedule will be contingent upon the clinical evaluation providing recommendations and treatment plan if identified as appropriate
 4. Summary of this evaluation shall be shared at a meeting with student, parent/guardian and school principal or designated person prior to return to school or the general population.
- B. Emergency evaluations can be obtained through Christiana Care Health Services Emergency Center at Christiana or Wilmington Hospital (302)-733-1000, or the Rockford Center (866)-847-4357. Crisis services are also available through Prevention and Behavioral Health Services, State of Delaware 24 hour hotline (302)-633-5128. Non-emergent services can be obtained through Children and Families First (800)-734-2388, Catholic Charities (302)-655-9624, and Delaware Guidance (302)-652-3948 in New Castle County or by contacting a medical insurance for recommended providers in the area.

Implementation: The school bullying prevention program must be implemented throughout the year and integrated with the school's discipline policies and 14 Del. C. § 4112.

Accountability: Each school shall notify the District School Board in writing of their compliance with this policy and submit a copy of the procedures they have adopted under this policy by January 1, of each school year. Each school shall verify for the District/Charter School Board the method and date that the policy has been distributed to all students, parents, faculty and staff.

Awards: In any year when the Delaware Department of Education provides an awards system for exemplary bullying prevention programs, the District School shall submit a nomination of one exemplary school and the reasons why it believes that school should

receive an award for its Bully Prevention Program, with supporting documentation.

Immunity: A school employee, school volunteer or student is individually immune from a cause of action for damages arising from reporting bullying in good faith and to the appropriate person or persons using the procedures specified in the school district or school's bullying prevention policy, but there shall be no such immunity if the act of reporting constituted gross negligence and/or reckless, willful, or intentional conduct.

Other Defenses:

- A. The physical location or time of access of a technology-related incident is not a valid defense in any disciplinary action by the school district or school initiated under this policy provided there is sufficient school nexus.
- B. This section does not apply to any person who uses data or computer software that is accessed through a computer, computer system, computer network, or other electronic technology when acting within the scope of his or her lawful employment or investigation of a violation of this policy in accordance with school district or charter school policy.

Relationship to School Crime Reporting Law: An incident may meet the definition of bullying and also the definition of a particular crime under State or federal law. Nothing in this policy shall prevent school officials from fulfilling all of the reporting requirements of § 4112, Title 14 of the Delaware Code, or from reporting probable crimes that occur on school property or at a school function which are not required to be reported under that section. Nothing in this section shall abrogate the reporting requirements for child abuse or sexual abuse set forth in Chapter 9 of Title 16 of the Delaware Code, or any other reporting requirement under State or federal law

School Ombudsperson Information: The telephone number of the Department of Justice School Ombudsperson shall be provided in writing to parents, students, and faculty, and staff and shall be on the website of the school district and each school. The contact information shall also be prominently displayed in each school.

Informing Students of Electronic Mediums: Upon implementation of this policy, and again at the beginning of each academic year, each school district and school shall inform students in writing of mediums where posting of speech will be presumed to be available to a broad audience within the school community, regardless of privacy settings or other limitations on those postings.

Rules and Regulations: Implementation of this policy shall comply with all rules and regulations the Delaware Department of Education may promulgate to implement Title 14 Section 4112D of the Delaware Code.

APPENDIX III

RELEASING STUDENTS TO PERSONS OTHER THAN PARENTS OR LEGAL GUARDIANS/CUSTODIANS

- A. **PURPOSE:** To establish uniform criteria for releasing students in the Brandywine School District to persons other than their parents or legal guardians/custodians at times other than normal after school dismissal.
- B. **ISSUE:** Often students need to be released from school at times other than normal release time. The Delaware Department of Education requires the Boards of all public school districts to adopt a policy on releasing students to persons other than their parents or legal guardian/ custodian at these times.
- C. **POLICY:**
 - 1. A student may be released to a person other than the student's parent or legal guardian/custodian under the following conditions:
 - a. The student's parent or legal guardian/custodian has made a request, in writing or verbally, to release his/her child(ren) to a specifically named adult prior to the school releasing the child(ren) into the adult's custody. The adult must present picture identification at the time she/he appears to pick up the child(ren); or
 - b. The child is being transported by any officer or agent of a city, county, or state agency for the purpose of law enforcement, or if a child is being transported to a hospital or medical facility for treatment by certified or other qualified medical emergency transportation personnel. All reasonable attempts shall be made to notify parents or legal guardians/custodians immediately upon the event of a student being transported to a hospital or medical facility for treatment.
 - 2. Written permission can be assumed if a person, other than the parent of legal guardian/custodian of the child(ren), has been named on the emergency contact card/sheet maintained by the school.
 - 3. A student may not be released to a person under the age of 18 unless that person is the parent or legal guardian/custodian of the student or the school has received written authorization to release the student to a family member under the age of 18 prior to such release.
 - 4. This policy only applies to releasing students from school at time other than the end of the school day, the end of any school sponsored event or activity, or at the end of after school childcare operated by the school.

At no time shall a student be left on school district property unsupervised at the beginning and the end of the school day or school-sponsored event.

APPENDIX IV

A LAWFUL AUTHORITY OF TEACHERS OVER PUPILS

Authority of teachers and administrators to control the disruptive behavior of students.

- A. As used in this chapter:
 1. "Department" means the Department of Education.
 2. "Disruptive behavior" means conduct that is so unruly, disruptive, or abusive that it seriously interferes with a school teacher's or school administrator's ability to communicate with the students in a classroom, with a student's ability to learn, or with the operation of a school or a school-sponsored activity.
 2. "Racial subgroup" means the racial and ethnic subgroups of students as defined under the Elementary and Secondary Education Act of 1965, 20 U.S.C. § 6301 et seq., as amended, which includes African American or Black, American Indian or Alaska Native, Asian American, Native Hawaiian or other Pacific Islander, Hispanic or Latino, White or Caucasian, and Multi-Racial.

- B. While a student is entrusted in their care or supervision, public school teachers, and administrators have the same authority to control the behavior of the student and to discipline or punish the student as a parent, custodian, guardian, or other person similarly responsible for the care and supervision of the student except as provided in §§ 702 and 4112F of this title. The authority includes removing a student from a classroom or school-sponsored activity.
- C. When a teacher removes a student from a classroom or school-sponsored activity in an effort to control the student's disruptive behavior, an on-site school administrator may, upon a written showing of good cause, override the teacher's decision to remove the student from the classroom or school-sponsored activity. Before overriding a teacher's decision, the administrator shall strongly presume that the teacher's decision to remove the student was reasonable and necessary under the circumstances.
- D. When a student is removed from a classroom or school-sponsored activity or is disciplined or punished pursuant to this section, the principal or the principal's designee shall afford the student appropriate due process as required by the federal and State constitutions.
- E. When a student is removed from a classroom or school-sponsored activity, the principal or the principal's designee and the removing teacher shall determine if and when a student may be readmitted to the classroom or school-sponsored activity. If the teacher and principal or principal's designee cannot agree, the superintendent or the superintendent's designee shall make the determination.
- F. When a teacher or school administrator removes a student from a classroom or school-sponsored activity or disciplines or punishes a student, a rebuttable presumption exists that the teacher or administrator acted reasonably, in good faith, and in accordance with State or local board of education policy. The burden of overcoming the presumption shall be upon the student.
- G. Each local board of education shall establish, adopt, publish, and distribute

to students in the district and their parents or guardians policy or standards that are consistent with the regulations developed under § 122(b)(26) of this title and include all of the following:

1. Specify the general circumstances under which a student may be removed from a classroom or school-sponsored activity, consistent with a teacher's and administrator's ultimate authority to determine disruptive behavior and to remove a student from a classroom or school-sponsored activity.
 2. Provide an explanation or examples of "disruptive behavior" set forth in paragraph (a)(2) of this section.
- H. A district shall not establish or adopt a policy or standards that prohibit the removal of a student from a classroom or school-sponsored activity.
- I. No teacher who purports to have acted pursuant to the teacher's rights established by this chapter shall be found liable for civil damages arising from that action unless that teacher's conduct shocks the conscience.

14 Del. C. 1953, § 701; 57 Del. Laws, c. 383; 60 Del. Laws, c. 662, § 1; 72 Del. Laws, c. 236, § 1; 73 Del. Laws, c. 75, § 1; 74 Del. Laws, c. 17, §§ 1-3; 75 Del. Laws, c. 158, § 1; 79 Del. Laws, c. 54, § 1; 81 Del. Laws, c. 324, § 1;

Corporal punishment.

- A. "Corporal punishment" means the intentional infliction of physical pain which is used as a means of discipline. "Corporal punishment" includes, but is not limited to, paddling and slapping, when used as a means of discipline.
- B. No public school teacher, administrator, official employee or agent of the School Board may subject a student enrolled in the school district to corporal punishment.
- C. Subsection (b) of this section does not prohibit a public school teacher, administrator, official employee or agent of a school board from:
1. Using reasonable and necessary force to quell a disturbance, including but not limited to a physical altercation, or prevent an act that threatens imminent bodily harm to any person;
 2. Using reasonable and necessary force to obtain possession of a weapon, or other dangerous object within a student's control;
 3. Using reasonable and necessary force for the purpose of self-defense or the defense of others under §§ 464 and 465 of Title 11;
 4. Using reasonable and necessary force for the protection of property under § 466 of Title 11;
 5. Using reasonable and necessary force to prevent a student from imminently inflicting bodily harm on that student's own self;
 6. Using reasonable and necessary force to protect the bodily safety of others; or
 7. Using incidental or minor physical contact necessary to maintain order and control.
- D. In determining whether or not a person was acting within the exceptions in subsection (c) of this section, deference shall be given to reasonable, good faith judgments made by the teacher, administrator, official employee or agent.
- E. Nothing in this section shall prohibit, permit or otherwise affect any action taken by the teacher, administrator, official employee or agent of the School Board with regard to a person who is not a student enrolled in the school district.
- F. For purposes of this section, the term "reasonable and necessary" shall be interpreted in conformity with applicable limitations established by § 4112F of this title.

Student Discipline Report; School Discipline Improvement Plan.

- A. The Department shall compile and release an annual report on student discipline in all schools as follows:

 - 2. The report must be posted on the Department’s website no later than October 30.
 - 3. The report shall include both statewide totals and individual school data, for each of the school years in the report, on the issuance of out-of-school suspensions, expulsions, alternative school assignments, and in-school suspensions, disaggregated by race, ethnicity, gender, grade level, limited English proficiency, incident type, discipline duration, and if the student is identified as having a disability.
 - 4. The report must identify, for each school year in the report, schools that meet any of the following thresholds:
 - a. Calculations under this subsection should exclude subgroups that contain fewer than 15 students.
 - b. A school with an out-of-school suspension rate for all students or any 1 subgroup that exceeds any of the following:
 - 1. A rate of 20 suspensions per 100 students for the 2018 through 2019 school year.
 - 2. A rate of 15 suspensions per 100 students for the 2019 through 2020 school year and each school year thereafter.
 - c. A school for which the out-of-school suspension gap between the lowest-suspended racial subgroup and the highest suspended racial subgroup, or the suspension gap between students with disabilities and students without disabilities, exceeds any of the following:
 - 1. Twenty percent for the 2018 through 2019 school year.
 - 2. Fifteen percent for the 2019 through 2020 school year.
 - 3. Ten percent for the 2020 through 2021 school year and each school year thereafter.
- B. If a school is identified as meeting a threshold under paragraph (a)(4) of this section for 3 consecutive school years, the Department shall notify the school of this status by December 1 and the school must do all of the following:
 - 1. Review its discipline policies, practices, and data.
 - 2. If a school has already implemented restorative justice practices, the school must review the interventions being used to assure research-based quality, scope of training provided, and follow-up support to assure proper implementation. Restorative justice practices program improvements should be made based on this review.
 - 3. Submit a plan to the Department that identifies the strategies the school will implement beginning in the following school year to reduce the use of exclusionary disciplinary practices or disproportionate use of exclusionary disciplinary practices with racial subgroups or students with disabilities, or both.
 - a. The plan may be part of their school improvement plan.
 - b. The plan must be developed with input from students, parents, educators, administrators, and community stakeholders to incorporate strategies to promote fairness and equity in discipline.
 - c. The plan may increase or improve professional development opportunities

for educators, administrators, and staff. Components of such professional development may include 1 or more of the following:

1. Restorative practices.
 2. Trauma informed care.
 3. Implicit bias awareness.
 4. Cultural competency.
 5. Classroom management.
 6. Other appropriate programming.
- d. The plan must be approved at either a public local school board meeting or a charter school's public board of directors meeting.
 - e. The school must submit the plan to the Department and post the plan on the school's internet website no later than the beginning of the following school year.
 - f. The school shall submit to the Department an annual progress report describing the implementation of the plan and post the progress report on the school's internet website no later than October 30. The school may cease submitting a progress report when the school does not meet a threshold under paragraph (a)(4) of this section for 3 consecutive years.
- C. The Department may promulgate regulations necessary to implement and enforce this section. The Department must consult with school administrators, parents, educators, and other stakeholders in developing regulations under this section.

If the investigation finds good reason to believe that a crime has been committed, there will be an immediate report to the police for any violent felony, drugs, weapon, bomb, or dangerous instrument, and within three days report for any other crime listed under § 4112. Reporting to police is not applicable if misdemeanor has been committed and the offender is under the age of 9. In addition, reporting to police is not applicable if the offense is sexual harassment, but the principal must file a written report with the Department of Education. The following list is not all-inclusive, but, at a minimum, the following shall be reported to the appropriate law enforcement agency or the Department of Education.

For the purposes of the reporting requirements under Title 14 of the Delaware Code § 4112:

- Sexual harassment is defined as threatening to engage in conduct likely to result in the commission of a sexual offense against the person or suggesting, soliciting, requesting, commanding, importuning, or otherwise attempting to induce another person to have sexual contact or sexual intercourse or unlawful sexual penetration knowing that the person is likely to be annoyed, offended or alarmed.
- Bullying is defined as when one person, or group of persons, targets another person with repeated direct or indirect negative actions over a period of time which are harmful to the victim either emotionally or physically. A negative action occurs when a person knowingly inflicts, or attempts to inflict, physical or emotional injury or discomfort to another person.

BRANDYWINE SCHOOL DISTRICT SECTION 504 PROCEDURAL

A. SAFEGUARDS

1. **Informal grievance:** It is the policy of the District not to discriminate against students with regard to access to programs, services and activities on the basis of disability. If informal discussions have not achieved a resolution, the student/parent/guardian may obtain a Grievance Filing Form from the Principal. The

completed form should be submitted to the Principal within fifteen (15) school days of the action that is the subject of the informal grievance. Within fifteen (15) school days of receipt of the written grievance, the Principal shall provide the grievant with a Grievance Resolution Notice that upholds, modifies or denies the resolution sought. If the grievant is not satisfied with the Principal's response, they may request an impartial hearing as outlined below. Please note that you are not required to exhaust the District's grievance or hearing procedures before filing a complaint with the federal Office of Civil Rights.

2. **Impartial Hearing:** Any student, parent, or guardian ("Complainant") may request an impartial hearing due to the school system's actions or inactions regarding your child's identification, evaluation, or educational placement under Section 504. Requests for an impartial hearing must be submitted in writing to the District's Section 504 Coordinator at 1311 Brandywine Boulevard, Wilmington, DE 19809. However, a Complainant's failure to request a hearing in writing does not alleviate the District's obligation to provide an impartial hearing if the Complainant orally requests an impartial hearing through the District's Section 504 Coordinator. The District's Section 504 Coordinator will, upon request, assist the grievant in completing the written Request for Hearing.
3. **Impartial Hearing Request.** The Request for Hearing must include the following information:
 - the name of the student.
 - the student's residential address.
 - the name of the school the student is attending.
 - the decision that is the subject of the hearing.
 - the requested reasons for review.
 - the proposed remedy sought by the Complainant.
 - the name and contact information of the Complainant.

Within 10 business days of receiving the Complainant's Request for Hearing, the Section 504 Coordinator will acknowledge its receipt in writing and schedule a time and place for a hearing. If the written Request for Hearing does not contain the necessary information noted above, the Section 504 Coordinator will inform the Complainant of the specific information needed to complete the request. All timelines and processes will be stayed until the Request for Hearing contains the necessary information noted above.

4. **Mediation.** The District may offer mediation to resolve the issues detailed by the Complainant in their Request for Hearing. Mediation is voluntary and both the Complainant and the District must agree to participate. The Complainant may terminate the mediation at any time. If the mediation is terminated without an agreement, the District will follow the procedure for conducting an impartial hearing without requiring an additional Request for Hearing.
5. **Hearing Procedures:**
 - The Section 504 Coordinator will obtain an impartial hearing officer (the "IHO") who will conduct the hearing within 45 calendar days from the receipt of the Complainant's Request for Hearing unless otherwise agreed to by the Complainant or if a continuance is granted by the IHO.
 - Upon a showing of good cause by the Complainant or the District, the IHO may, at their discretion, grant a continuance and set a new hearing date. The request for a continuance must be made in writing and be copied to the other party.

- The Complainant will have an opportunity to examine the child's educational records prior to the hearing.
 - The Complainant will have the opportunity to be represented by legal counsel at their own expense at the hearing and participate, speak, examine witnesses, and present evidence at the hearing. If the Complainant is to be represented by legal counsel at the hearing, they must so inform the Section 504 Coordinator of that fact in writing at least 10 calendar days prior to the hearing. Failure to notify the Section 504 Coordinator in writing of representation by legal counsel shall constitute good cause for continuance of the hearing.
 - The Complainant will have the burden of proving any claims he or she may assert. When warranted by circumstances or law, the IHO may require the District to defend its position/decision regarding the claims. One or more representatives of the District, who may be an attorney, will attend the hearing to present the evidence and witnesses, respond to the Complainant's testimony and answer questions posed by the IHO.
 - The IHO shall not have the power to subpoena witnesses, and the strict rules of evidence shall not apply to the hearing. The IHO shall have the authority to issue pre-hearing instructions, which may include requiring the parties to exchange documents and names of witnesses to be present.
 - The IHO shall determine the weight to be given any evidence based on its reliability and probative value.
 - The hearing shall be closed to the public.
 - The issues of the hearing will be limited to those raised in the written or oral request for the hearing.
 - Witnesses will be questioned directly by the party who calls them. Cross-examination of witnesses will be allowed. The IHO, at their discretion, may allow further examination of witnesses or ask questions of the witnesses.
 - Testimony shall be recorded by court reporter or by audio recording at the expense of the District. All documentation related to the hearing shall be retained by the District.
 - Unless otherwise required by law, the IHO shall uphold the action of the District unless the Complainant can prove that a preponderance of the evidence supports his or her claim.
 - Failure of the Complainant to appear at a scheduled hearing unless prior notification absence was provided and approved by the IHO or just cause is shown shall constitute a waiver of the right to a personal appearance before the impartial review official.
6. **Decision:** The IHO shall issue a written decision within 20 calendar days of the date the hearing concluded. The determination of the IHO shall not include any monetary damages or the award of any attorney's fees.
7. **Review:** If not satisfied with the decision of the IHO, any party may pursue any right of review, appeal, cause of action or claim available to them under the law.

NOTICE NO CHILD LEFT BEHIND DISCLOSURE OF STUDENT INFORMATION TO MILITARY RECRUITERS, INSTITUTION OF HIGHER LEARNING & OTHER GROUPS

On January 8, 2002, President Bush signed into law the No Child Left Behind Act ("NCLB"), Public Law 107-110. In addition to addressing academic standards, teacher quality and school safety, the law also imposes requirements regarding the disclosure of student contact information to military recruiters, institutions of higher learning, and other groups.

Under section 9528 of the NCLB, local school districts are required to disclose the names, addresses, and telephone numbers of high school students upon request by military recruiters, institutions of higher learning, and other groups, **unless** individual students or their parents request that the information not be released without prior written consent. The Brandywine School District has created forms for parents and students in the 11th and 12th grades to complete and return to the Principal if parents and students do not want information disclosed to military recruiters, institutions of higher learning, or other groups without prior consent. The forms are available in the guidance office of each high school and must be completed and returned to the Principal by November 1 of the current school year. If the Principal has not received this form by November 1, the school will assume that it has your consent to release information to military recruiters, institutions of higher learning, and other groups.

APPENDIX X

SUICIDE PREVENTION TRAINING

A. PURPOSE:

In compliance with Title 14, §4124. Brandywine School District establishes this Policy to outline the procedures/protocol for training public school employees on suicide prevention.

B: ISSUE:

The Brandywine School District (hereinafter referred to as "The District") recognizes the serious problem of youth suicide and acknowledges that providing this policy for schools and districts related to youth suicide recognition and prevention is very important. The District also acknowledges that youth suicide is a complex issue, which cannot be addressed by the districts and schools alone. This Suicide Prevention Policy ("Policy") meets the requirements of 14 Del. C. §4124, relative to Suicide Prevention.

The Superintendent shall ensure that all requirements of 14 Del. C. § 4124 in regards to suicide prevention are included in the Student Code of Conduct and are reviewed annually and updated as needed.

C: POLICY:

- 1. Suicide Prevention Training for Public School Employees**

Each employee of the District shall participate in at least one combined training each year totaling ninety (90) minutes on suicide prevention. The training materials shall be evidence-based and developed and/or approved by the Department of Education, Department of Health and Social Services, and the Department of Services for Children, Youth and Their Families. Any in-service training required by this section shall be provided within the contracted school year as provided in 14 Del. C. §1305(e).

2. Suicide Prevention Program

The District shall develop a Suicide Prevention Program. The components of the District's Suicide Prevention Program may vary to address the needs of different grade levels. Each school shall establish a committee that is responsible for coordinating the suicide prevention program within the school. This can be addressed through a currently existing committee in the school.

3. Confidential and Anonymous Reporting

School staff shall follow the District "**Crisis Intervention Procedures for Suicide Threats**" to provide for confidential and anonymous reporting of a student demonstrating the warning signs of suicide. The document outlining the process will be maintained by the principal or a staff member designated by the principal and a copy will be sent to the Student Services Office. At a minimum, any privacy rules shall be followed, including any applicable Family Educational Rights and Privacy Act (FERPA) and Health Insurance Portability and Accountability Act (HIPAA) provisions.

Procedure for communication between school staff members and medical professional who are involved in treating students for suicide issues.

For a student who has not reached the age of 18, Release of Information forms shall be signed by the parent, guardian, or relative caregiver in order for the primary care physician or healthcare professional to communicate with school personnel regarding any treatment of a student.

Notwithstanding the foregoing, communications between healthcare professionals and school staff regarding any treatment of a student may occur for any student 14 years or older who has provided consent for voluntary outpatient treatment in accordance with 16 Del. C. § 5003. In accordance with HIPAA and FERPA guidelines, releases shall be signed before communication may take place. Communications without signed releases in an emergency situation may occur in accordance with HIPAA and FERPA regulations and guidelines.

- If a parent refuses to sign a release form at school, the school will review this policy with them, explaining the reasons the release would be advantageous to the student.
- Emergency evaluations can be obtained from hospital emergency departments; a licensed healthcare professional; a physician; or nurse practitioner; or from the state's Child Priority Response Mobile Crisis Service if the student is under 18 years of age, or from the Adult Mobile Crisis Service if the student is between the ages of 18-21.
