Dear Parent or Guardian,

This school year, your child will receive human trafficking awareness education. Georgia's Senate Bill 287 mandates that all students in grades 6-12 receive instruction concerning trafficking prevention and awareness. Students in grades 6 - 9 will receive the human trafficking awareness lesson as part of the sex education curriculum. Students in grades 10 - 12 will receive a separate human trafficking awareness lesson.

All communities, whether urban, rural, or suburban are vulnerable to this injustice. Students are one of the highest-risk populations and traffickers are targeting them to become both victims and perpetrators. We can save lives by teaching students how to recognize the warning signs of human trafficking and who to contact for assistance.

This lesson will be taught in your child's Social Studies class either first or second semester depending on each individual school's schedule. To review this single lesson prior to instruction, parents are invited to attend one of the parent review nights to be held on **Tuesday, August 27, 2024**, and **Tuesday, January 14, 2025**, at the **Bulloch County Schools District Office**.

You may also contact **Debbie Sarratt** at the District Office for more information:

Parents/guardians have the option of excluding their child/children from this single-day lesson. If this is your decision, please complete the attached opt-out form and return it to your child's teacher. Students who are opted-out will be sent to a supervised location with an alternate assignment.

Sincerely,
