

August 19, 2024

Dear Saint Thomas' Community,

We are making excellent progress in our Headmaster Search. To review, the Search Committee assessed an impressive pool of over 30 candidates identified by our consultants at ST Search. After completing eleven video interviews, the Committee conducted in-person interviews with five semi-finalists who had been chosen as the top candidates. After consideration of their experience, skills, and cultural match, we have invited three finalists and their spouses to a two-day visit to tour the campus and meet with members of the Saint Thomas' community. The dates of their visits are as follows:

Candidate 1: September 3-4

Candidate 2: September 5-6

Candidate 3: September 9-10

Each of the candidates is currently a leader at another school. Though the key people at their schools know they are visiting our community, we need to provide them with some level of confidentiality, which is the reason we are not naming the candidates at this point. Their campus visits, however, will be public.

Representative groups from the administration, faculty, parents, and students will meet with the finalists. Those individuals will be provided with biographical information on each candidate in advance of the meetings. After they confer with the candidates, we will solicit their feedback through a survey. The Search Committee will incorporate their comments and impressions in its deliberations when it selects a finalist to recommend to the School Board.

A great deal of hard work and prayer has brought us to this stage, and we cannot wait to introduce our community to these outstanding prospective leaders.

Sincerely,

The Headmaster Search Committee
