

DALEVILLE MIDDLE SCHOOL

We are thrilled to announce that Daleville Middle School has been awarded a prestigious grant of \$25,000.00 from the State of Alabama! This generous grant is specifically designated to support the establishment of a cutting-edge Computer Science STEAM (Science, Technology, Engineering, Arts, and Mathematics) lab within our school.

This remarkable grant serves as a testament to the dedication and hard work of our educators, staff, and students. It underscores our commitment to fostering innovation, creativity, and excellence in education. With this funding, Daleville Middle

School will be at the forefront of empowering our students with the skills and knowledge necessary to thrive in today's rapidly evolving technological landscape.

The Computer Science STEAM lab will provide our students with hands-on learning experiences in coding, programming, robotics, and other essential digital skills. It will serve as a hub of innovation, collaboration, and exploration, where students can unleash their creativity and unlock their full potential.

In addition to the grant from the State of Alabama, Daleville Middle School was also awarded two Mini grants. One for the Continuation of the Daleville Middle School Warhawks STEAM Team which is held after school every 3rd Wednesday of the month and another Mini grant to purchase Robotics Materials to implement a Robotics club. Both grants will leverage the existing relationship between Daleville City Schools and DoD/USAMRDC/USAARL STEM Education program in an effort to integrate STEM into their curriculum.

We extend our deepest gratitude to the State of Alabama and the DoD/USAMRDC/USAARL STEM Education program for their investment in our school and our students' future. We also want to thank our community for their unwavering support and encouragement.

Together, we are shaping the next generation of leaders, innovators, and problem-solvers. The possibilities are endless, and we cannot wait to see the incredible achievements that lie ahead.

Let's embark on this exciting journey of discovery and transformation together!

#Empowering the next generation together!
