

Annual Health Screening and Physical Form

School health offices are required by state law to screen students annually per N.J.A.C. 6A:16-2.4(a)1. These screenings differ by grade but include height, weight, blood pressure, hearing, vision, and scoliosis.

Please bring this form to the annual physical for your pediatrician to fill out

1. Have the pediatrician fill in the screenings for your child's grade and then upload them to the student Magnus account.
2. Have the pediatrician Complete the NJ State Preparticipation Physical Evaluation Medical Eligibility Form (within the physical Forms) and then upload it to the student Magnus account.
3. Get a copy of your child's physical forms and upload them to the student magnus account. One copy stays with the pediatrician.

Name: _____

Date of Physical Exam: _____

Office Signature: _____

5th	Height		7th	Height	
	Weight			Weight	
	Blood Pressure			Blood Pressure	
	Scoliosis			Hearing	
				Scoliosis	
6th	Height		8th	Height	
	Weight			Weight	
	Blood Pressure			Blood Pressure	
	Vision			Vision
