1.1 Family and Stakeholder Engagement

The SWP/SIP should be developed with the involvement of parents and other members of the community to be served, as well as individuals who will carry out the plan, including teachers, principals, other school leaders, paraprofessionals, and, if appropriate, specialized instructional support personnel, and school staff. If the plan relates to a secondary school, students may be included and other individuals determined by the school.

The SWP/SIP shall be available to the district, parents, and the public, and information contained in the plan shall be in an understandable and uniform format and, to the extent practicable, provided in a language that the parents can understand.

Each school is required to meet ESSA requirements, including the development and implementation of a parent and family engagement policy that includes a school-parent compact outlining shared responsibility for high student academic achievement.

Describe how the school prepared a diverse group of families/parent leaders (including parents of English Learners and student with disabilities) to provide input on the development and evaluation of the schoolwide plan by offering or connecting families/parents to training on analyzing data or curriculum and assessments:

- Parents will be invited and encouraged to complete the Panorama Survey (March).
- Results of the Panorama Survey will be used to address the strengths and weaknesses of the school. (April).
- Parents and community members will be invited to assist in the design of the Schoolwide Plan and discuss the Parent/Family Engagement section of the School Wide Plan (June).
- Members of the SWP Team including parents and community members will be invited to attend the review and design meetings. These meetings will result in the writing of the SWP (June, April, or May)

Provide examples of changes made to the schoolwide plan based on input from families/parents:

- Notes sent home will include Spanish translations for ELL families.
- A plan for Positive Action Class or Transition Class for students including SEL support as a disciplinary alternative/option.

Describe how parents and community stakeholders are included as decision makers in a broad spectrum of school decisions:

- SWP meetings are held to discuss programs and activities that involve the school, family and community in order to help students reach their potential. (quarterly)
- PBIS meetings are held to discuss school-wide discipline goals, positive reinforcements, and community involvement (monthly).
- Panda PAWS Meetings are held with parent volunteers to discuss and plan upcoming parent involvement activities (monthly).

Describe how the school communicates information to parents regarding the strategies and activities in the SWP, curriculum, assessments, student progress, etc.:

- **Home Communication Folders are used to inform parents of student progress, student behavior, and important school-wide information (daily).**
- **Newsletters/calendars are sent home about school events and important dates (monthly).**
- **Teachers provide information about classroom instruction and important dates (weekly).**
- **School Website provides updated information about school events, other important dates and teacher's webpage. (Monthly)**
- **School Facebook page provides updated information about school events, other important dates and teacher's webpage. (Weekly/Monthly)**
- **Teachers will use a mobile communication app to inform parents of student progress, student behavior, and important school-wide information and events (as needed).**
- **A schoolwide telephone call-out will be made to inform parents of special activities, events, and important information.**

Translation Services:

Schools should ensure that all staff communicate with LEP families in a language they can understand and notify LEP families of any program, service, or activity communicated to English-speaking families, to the extent practicable.

(Title VI of the Civil Rights Act of 1964)

Parents in need of translation services to discuss student progress, assessment results, student concerns, etc. will contact the school and a conference with a translator arranged.

Translator APP will be utilized.

Describe specific evidenced based strategies/activities to assist parents and families by offering or connecting families/parents to training on analyzing data or curriculum and assessments. For example, include activities that provide information on state academic standards, state and local assessments, and how to monitor a child's progress. Also, describe activities that provide materials and training to help parents work with their children to improve academic achievement.

NARRATIVE SUMMARY OF COMPREHENSIVE NEEDS ASSESSMENT FINDINGS

Summarize the results and conclusions from the comprehensive needs assessment, including the school-level results for applicable data points listed under critical goals in Believe to Achieve: Educational Priorities, e.g. percentage of students on or above grade level in literacy by subgroup.

Narrative Summary from Comprehensive Needs Assessment:

Perrin Early Learning Center is a Pre- Kindergarten and Kindergarten school with 79% Economically Disadvantaged students. 78.6% of the students in Pre-K scored average or above on the End of Year District Math Assessment. In addition, 72.5% of the Pre-Kindergarten students scored average or above on the End of Year District ELA Assessment. 75.4% of Kindergarten students scored basic or above on the End of Year District ELA Checkpoints and 76.5% scored basic or above on the End of Year District Math Checkpoints. Additionally, the math, ELA, and science LADOE Curriculum Implementation scores were rated as 2. PBIS data indicates a positive learning environment and reinforcement for positive behavior on campus. Strengths include 94% of students with zero out of school suspensions and data reflects that 100% of teachers on our campus responded favorably that their work matters to them.

During the 2024-2025 school year, decreasing the number of office referrals will be a priority. Furthermore, a positive work environment will be created to foster a sense of belonging among faculty and staff.

PRIORITIES IDENTIFIED IN THE COMPREHENSIVE NEEDS ASSESSMENT RESULTS

- Increase the number of students that enter kindergarten ready.
- Increase the quality and quantity of PBIS events and participation.
- School leadership will foster an environment in which staff, parents, and the community work together to improve student achievement.
- Increase effective implementation of core curriculum in ELA, Math, Science, and Social Studies through ongoing collaboration with the Instructional Leadership Team.
- Decrease the number and severity of behavior incidents within the classroom.

- Decrease the number out of school suspensions

- Decrease the number and excessive absences

- Increase the quality of enrichment opportunities for students.

- Increase SEL opportunities that promote and encourage supportive teacher and student relationships.

1.3 STRATEGIES FOR IMPROVEMENT

Provide a description of schoolwide strategies that the school is implementing to:

1. Use methods and instructional strategies that strengthen the academic program in the school
2. Increase the amount and quality of learning time
3. Help provide an enriched and accelerated curriculum, which may include programs, activities and courses necessary to provide a well-rounded education
4. Include interventions and strategies to increase student achievement in underperforming subgroups.

Be sure to address all four strategies and identify the Believe to Achieve: Educational Priorities the school will target.

BELIEVE TO ACHIEVE: EDUCATIONAL PRIORITIES

A school implementing a schoolwide model should align schoolwide plan strategies to Believe to Achieve: Educational Priorities, analyzing school-level data in comparison to state-level data to drive the process and track performance. The educational priorities include the following:

1. Ensure every student is on track to a professional career, college degree, or service.
2. Remove barriers and create equitable, inclusive learning experiences for all children.
3. Provide the highest quality teaching and learning environment

4. Develop and retain a diverse, highly effective educator workforce.
5. Cultivate high-impact systems, structures, and partnerships

Coordination and Integration of Federal, State, and Local Resources, Services, and Programs:

McKinney Vento: All homeless students receive all services for which they are eligible at their school site through Title I, Title III, Food Services, LA4, IDEA, and McKinney Vento funds.

Food Services: All students whose income qualifies them for free/reduced meals participate in the federal food service program.

Special Education: Identified students with disabilities receive all services specified on their IEP through a combination of GFF, IDEA, Title I, or Title III funding.

English as a Second Language (ESL): Identified LEP students receive services from ESL teachers, paraprofessionals, and/or tutors at their school site. These services are paid for through GFF, Title I, Title III, and Title III Immigrant Funds.

21st Century Programs: Students in participating schools are entitled to attend the 21st Century afterschool programs during the school year and during the summer.

Headstart Preschool Programs: Headstart preschool children graduate into their feeder schools in the District in which they live. Receiving schools provide transition activities and services for children and parents. Preschool programs are funded through LA4, 8G grant, Title I, and GFF.

4. Regular Monitoring and SWP Revision

- *The SWP remains in effect for the duration of the school year. The plan and its implementation shall be regularly monitored and revised as necessary based on student needs to ensure that all students are provided opportunities to meet the challenging state academic standards.*
- *The school will annually evaluate the implementation of, and results achieved by, the schoolwide program using data from the state’s annual assessments and other indicators of academic achievement to determine whether the plan has been effective in increasing achievement of students in meeting the state’s academic standards, particularly for those students who had been furthest from achieving the standards. The school will revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.*

Describe how and when the SWP is monitored during the school year using multiple types of data including diagnostic, interim, and summative assessment, in order to evaluate instructional practices, determine patterns of student achievement, and make necessary adjustments to increase student learning across grade levels, content areas, claims/subclaims, and subgroups:

- Data (attendance, PBIS, discipline, assessments) are monitored weekly, monthly, by semester, and yearly.
- SLTs provide pre and post assessment results.
- Checkpoints are aligned to the curriculum and analyzed by teachers during collaboration to drive instruction.
- The SWP committee meets to monitor the plan. Data from OnCourse, mid-year assessments and SLTs are used to measure the effectiveness.
- Teachers make adjustments to lesson plans through annotations based on student needs.
- Professional Development is documented through agendas and sign-in sheets.

Describe how and when the SWP Committee will meet and discuss school programs implemented, as outlined in the SWP, to determine effectiveness and to assist in planning for the upcoming school year:

- The SWP committee will meet three times a year (September, January, and March) to see if all parts of the plan have been effective in meeting the needs of the school.
- Necessary revisions to the plan will be made in order to increase effectiveness.
- A Stakeholder’s Meeting will be held at least twice a year to analyze the needs assessment and write goals for the school.

Describe how and when the evaluation results of the SWP are reported to the school’s stakeholders (faculty, staff, parents/families, and community members):

- Results will be given to Parents and others in attendance at Parent Orientation and/or Open House both in August 2024.
- Results will be given to Faculty and Staff during a Faculty Meeting in August 2024.

SCHOOL ASSURANCES

- ✓ I certify that this schoolwide plan was designed to improve student achievement with input from all stakeholders.
- ✓ I assure that the school-level personnel, including stakeholder representatives responsible for implementation of this plan, have collaborated in the writing of the plan.

- ✓ I hereby certify that this plan has all of the following components:
 - Evidence of the use of a comprehensive needs assessment
 - Measurable goals
 - Parent and family engagement activities aligned with assessed needs
 - Evidence-based methods, strategies, and activities that guide curriculum content, instruction, and assessment
 - Plans for transitioning incoming and outgoing students in the school community
 - Professional development aligned with assessed needs and strategies to attract and keep high quality teachers
 - Coordination and integration of federal, state, and local resources, services, and programs
 - Evaluation plan that includes methods to measure progress of implementation and effectiveness of strategies and programs
 - An schoolwide action plan with timelines and specific activities for implementing the above criteria

- ✓ I further certify that the information contained in this assurance is true and correct to the best of my knowledge.
