REMINDERS ON STUDENT DROP-OFF/PICK-UP

At the high school, parents will be permitted to use the student parking lot entrance nearest the high school building, drop off their child at the curbside nearest the SIDE DOOR that opens to the student parking lot, and then exit through the student parking lot at the exit nearest the stadium. Parents picking up high school students in the afternoon will have to park in the top row of the student parking lot nearest State Route 155, and wait for their child to walk to their vehicle.

DISTRICT-WIDE CALLING AND NOTIFICATION SYSTEM

For those who are new to our District, a system was implemented a few years ago which the District uses to notify all staff and the parents of students who are enrolled in Southern Local Schools of 2-hour delays, school closings, emergencies, sporting event cancellations, and general information. 2-hour delays and closings will still be announced on local television channels. This system provides a much quicker relay of information to you. **If you are not receiving these calls, NEED TO CHANGE OR REMOVE A NUMBER, or you wish to have your name and number removed, call Keista Wickham in the District Office @ (740) 721-0520.**

SAFE SCHOOLS HELPLINE

There are occasionally times when students or parents would like to provide information to a school but hesitate because they do not want their identities known. Providing open, direct communication with the community has long been a basic practice for Southern Local. The Board of Education now offers The Safe School Helpline, another method to allow parents and the community to provide input for our school.

Whether it is a student who fears being called a “snitch” or “narc” by peers, or a resident who worries about vandalism in retaliation for reporting a crime, possession or use of drugs or alcohol, reckless driving, or any other illegal activity, Safe School Helpline provides a solution.

The Safe School Helpline utilizes a unique, automated telephone service that allows callers to report an allegation, concern, or suggestion confidentially and anonymously. He or she is never asked to give a name. The voice message is typed then faxed to school officials. In this way, no one except an operator hears the voice. Calls are made through a tollfree number.

Each call is assigned a case number. The caller can then call back to the Helpline to check the school’s progress on the call or to provide more information. A caller may make a report 24 hours a day and the schools will be notified the next school day. Ordinarily, the principal of the school, where the alleged offense occurred, will investigate. Should a crime such as drug trafficking or possession of a weapon be reported, the superintendent will be notified immediately, day or night, and he can contact the police department. As with any allegation against a student or staff member, no public action would be taken until guilt is proven.

Safer Ohio School Tip Line

The Safer Ohio School Tip Line is a free safety resource available to all Ohio schools. The tip line is an anonymous reporting system that accepts tips via call, text, web form, and mobile app 24 hours a day. Anyone can download the Safer Ohio School Tip Line app or use this link to access the web form.

This tip line allows students and adults to anonymously share information with school officials and law enforcement about threats to student safety — whether that involves a threatened mass incident or harm to a single student.

Things to report to the tip line include (but are not limited to):

- Bullying incidents;
- Withdrawn student behaviors;
- Verbal or written threats observed toward students, faculty or schools;
- Hazing;
- Weapon/suspicious devices on or near school grounds;
- Gang-related activities;
- Unusual/suspicious behavior of students or staff;
- Self-harm or suicidal sentiments; and • Any other school safety-related concerns.

National School Bus Safety Week is October 21-25

This year's theme is Driving Safely in the Future. Here are tips to keep our children safe.

Getting Ready for School:

- Have your children put everything they carry in a backpack or school bag so that they won't drop things along the way.
- Encourage them to wear bright, contrasting colors so they will be more easily seen by drivers.
- Make sure children leave home on time so they can arrive at the bus stop before it is due, ideally at least five minutes early. Running after or in front of a bus is dangerous.

Walking to the Bus Stop:

- Walk young children to the bus stop or encourage children to walk in groups. There is safety in numbers; groups are easier for drivers to see.
- Practice good pedestrian behavior: walk on the sidewalk, and if there is no sidewalk stay out of the street. If you must walk in the street, walk single file, face traffic, and stay as close to the edge of the road as you can.
- Stop and look left, right, and then left again if you must cross the street. Do the same thing on driveways and alleys.
- Exaggerate your head turns and narrate your actions so your child knows you are looking left, right, and left.

At the Bus Stop:

- Have children wait in a location where the driver can see them while driving down the street. Try to avoid waiting in a house or car.
- Do not let children play in the street. Playing with balls or other toys that could roll into the street is also dangerous.
- Getting On and Off the Bus
- Warn children that if they drop something getting on and off the bus, they should never pick it up. Instead, they should tell the driver and follow the driver's instructions.
- Remind children to look to the right before they step off the bus.

- If you meet your child at the bus stop after school, wait on the side where the child will be dropped off, not across the street. Children can be so excited to see you after school that they dash across the street and forget the safety rules.

Mobile Devices - Cell phones and other electronic devices are often permitted on the school bus as long as: -They are in backpacks or other holders, keeping hands free to use handrails while boarding and departing the bus. -Sound is muted or headphones, earbuds, or similar devices are used.

- Content does not violate the law or school district policy and procedures.

- Use does not create a distraction for the driver.

Every Child Succeeds Act

The Every Child Succeeds Act (ESEA) is a federal law that enforces ongoing changes in teaching and learning that will help increase academic achievement in our schools. All schools receiving Title I funds must inform parents of their right to ask for and receive information about the qualifications of their child's teachers, academic achievement and growth, and information about participation in state mandated assessments.

Millcreek Elementary and Miller High School receives Title I funding and we are happy to share this information with you at your request. We believe that nothing is more important to your child's education than having a highly qualified teacher and ongoing knowledge of their academic achievement and growth.

The law requires that all teachers must meet a specific legal definition in order to teach in schools that receive Title I funding. These professional qualifications include:

- 1. Whether the teacher has met the Ohio

teacher licensing criteria for the grade level and subject areas in which the teacher provides your child instruction.

2. Whether the teacher is teaching under emergency or temporary status that waives state licensing requirements.
3. The undergraduate degree major of the teacher and any other graduate degree or certification (such as

National Board Certification) held by the teacher and the field of discipline of the certification or degree.

4. Whether your child is provided services by instructional paraprofessionals and, if so, their qualifications.

Ongoing information on the level of achievement and academic growth of each student will be provided and if applicable and available, for each state mandated academic assessment. Also, as required under this part, timely notice will be given when a student has been assigned, or has been taught for 4 or more consecutive weeks by, a teacher who does not meet applicable state certification or licensure requirements at the grade level and subject area in which the teacher has been assigned.

Southern Local is extremely proud of the quality of its teaching staff. All of our teachers have college degrees and many have advanced degrees. In addition, every teacher continues learning through professional development activities. Our teachers are evaluated each year to make sure that their teaching skills remain at the highest possible level. Southern Local will continue to make every effort possible to hire teachers (including substitutes) that are "highly qualified".

How to Request Information about Teacher Qualifications and/or Assessment Data If you would like to receive information, please write a letter/ email to the principal requesting the information you seek. Be sure to provide the following information with your request: Child's Full Name and, Parent/ Guardian Full Name, Address, and Phone Number.
