GENERAL INFORMATION

Centennial School District

Centennial School District 12 connects the communities of Blaine, Centerville, Circle Pines, Lexington, and Lino Lakes through nine exceptional schools that serve 6,500 students. Centennial's track record of success includes a high school graduation rate of 95%, significantly higher than the state average and one of the highest in Minnesota.

The District's vibrant learning environments reflect a commitment to preparation and achievement. Staff know and care deeply about students and pay attention to their unique strengths and needs. Respect, trust, and consistency create welcoming and inclusive places where children and youth can excel. Annually, Centennial students score significantly higher than the state averages in reading and math.

Flexibility and choice are important elements of Centennial schools and students enjoy a wide array of academic, athletic, and arts opportunities. As a result, 92% of resident students choose Centennial.

The District values the involvement of parents and the wider community and provides many opportunities for individuals to share their time, talents, and input. This culture of collaboration helps create safe and high-achieving schools where all people are valued.

Handbook Purpose and Layout

This Student Handbook has been developed to help the School District provide important information and notices to students and parent/guardian(s). The handbook is intended to address many of the commonly asked questions and address issues that occasionally arise. It includes notices required by law and/or School Board Policy. Any conflicts between the language in the student handbook and school district policy will be resolved in favor of the policy.

The handbook is comprised of four parts:

- 1) Information
- 2) Academics
- 3) Rules and Discipline
- 4) Health and Safety

EMPLOYEE BACKGROUND CHECKS [*]

The school district shall require that applicants for school district positions who receive an offer of employment and all individuals, except enrolled student volunteers, who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, regardless of whether any compensation is paid, submit to a criminal history background check. The offer of employment or the opportunity to provide services shall be conditioned upon a determination by the school district that an individual's criminal history does not preclude the individual from employment with, or provision of services to, the school district. **See School Board Policy #404**

EQUAL ACCESS TO SCHOOL FACILITIES

The policy of the school district is not to deny equal access or a fair opportunity to, or to discriminate against, any students who wish to conduct a meeting, on the basis of the religious, political, philosophical, or other content of the speech at such meetings. The school board has created a limited open forum for students enrolled in secondary schools during which noncurriculum-related student groups shall have equal access and a fair opportunity to conduct meetings during noninstructional time. Student use of facilities under this policy does not imply school district sponsorship, approval, or advocacy of the content of the expression at such meetings. The school district retains its authority to maintain order and

discipline on school premises, to protect the well-being of students and faculty, and to assure that attendance of students at meetings is voluntary. **See School Board Policy #801**

FEES [*]

Materials that are part of the basic educational program are provided with state, federal, and local funds at no charge to a student. Students are expected to provide their own pencils, paper, erasers, and notebooks. Students may be required to pay certain other fees or deposits, including (not an inclusive list):

- Cost for materials for a class project that exceeds minimum requirements and is kept by the student.
- Security deposits for the return of materials, supplies, or equipment.
- Field trips considered supplementary to the district's educational program.
- Admission fees or costs to attend or participate in optional extracurricular activities and programs.
- Voluntarily purchased student health and accident insurance.
- Use of musical instruments owned or rented by the school district.
- A school district-sponsored driver or motorcycle education training course.
- Transportation to and from school for students living within two miles of school.
- Transportation of students to and from optional extracurricular activities or post-secondary instruction conducted at locations other than school.

Students will be charged for textbooks, workbooks, and library books that are lost or destroyed. The school district may waive a required fee or deposit if the student and parent/guardian are unable to pay. For more information, contact the high school principal.

FUNDRAISING

All fundraising activities conducted by student groups and organizations and/or parent groups must be approved in advance by the Administration. Participation in non-approved fundraising activities is a violation of school district policy. GIFT TO EMPLOYEES

Employees are not allowed to solicit, accept, or receive a gift from a student, parent, or other individual or organization of greater than nominal value. Parents/guardians and students are encouraged to write letters and notes of appreciation or to give small tokens of gratitude.

GRADUATION CEREMONY

Student participation in the graduation ceremony is a privilege, not a right. Students who have completed the requirements for graduation are allowed to participate in graduation exercises, unless participation is denied for appropriate reasons, which may include discipline. Graduation exercises are under the control and direction of the building principal(s).

INTERVIEWS OF STUDENTS BY OUTSIDE AGENCIES

Students may not be interviewed during the school day by persons other than a student's parents/guardians or school district officials, employees, and/or agents, except as provided by law and/or school policy.

MEDIA CENTER

The High School Media Center offers students access to a variety of materials including books, eBooks, Audiobooks, other electronic technology, (i.e., Graphing calculators) and online databases. Computers, printers, copy machines, and a scanner are also available in the media center for school-related work. The Media Center maintains resources for all subject areas for both personal and educational use.

In accordance with the Guidelines for School Library Media Programs published by the American Library Association, the Media Center is a forum for information and ideas. Several basic principles guide services offered in the Media Center. Books and other resources are provided for the interests, information, curriculum support, and enjoyment of students. Materials are not excluded because of the origin, background, or view on current or historical issues.

Most Media Center resources are available for check out. Flash drives, other electronic technology, (i.e., graphing calculators) also available for checkout; students are encouraged to save work to their school-created Google Drive account.

Weekly overdue notices are sent to advisory teachers. Monthly overdue notices will be emailed to parents/guardians. Students with overdue items at the end of each semester will receive advisory credit only after they return or pay for missing or damaged items. Students are required to pay for items that are lost, stolen, or damaged. Damages will be assessed as

a percentage of the cost of the book, or other electronic technology, replacement cost or bindery cost, dependent upon the extent of the damage.

Students may view their library account and gain access to online databases, helpful study guides, reading lists, and the Media Center's online catalog by logging into Centennial High School's Destiny library system at www.isd12.org. SCHOOL ACTIVITIES

The school district provides opportunities for students to pursue special interests that contribute to their physical, mental, and emotional health; however, instruction is the school district's priority.

Students who participate in school-sponsored activities are expected to responsibly represent the school and community. All rules pertaining to student conduct and student discipline apply to school athletics and activities.

All spectators at school-sponsored activities are expected to behave appropriately. Students and employees may be subject to discipline and parents/guardians and other spectators may be subject to sanctions for inappropriate, illegal, or unsportsmanlike behavior at these activities or events.

The Centennial School District is a member of the Minnesota State High School League (MSHSL). Students who participate in MSHSL activities must also abide by the MSHSL rules. The district will enforce all MSHSL rules during the school year and in the summer where applicable.

Employees who coach or serve as an advisor for MSHSL activities will cover applicable rules, penalties, and opportunities with students and parents/guardians prior to the start of an activity. For more information about the MSHSL rules and student eligibility requirements, contact Director of Athletics & Activities, Matt St. Martin, MStMartin@isd12.org or 763-792-5017.

In order to participate in co-curricular offerings at CHS, students must meet the following standards:
If the activity is Minnesota State High School League (MSHSL) sponsored, all eligibility papers must be on file annually in the Department of Athletics & Activities. All sports require documented proof of a physical within the last three years. Forms are available online or in the Department of Athletics & Activities office. All fees are to be paid prior to participation.

Students participating in MSHSL sanctioned athletics and activities must earn the minimum credits available each semester to ensure they are on track to graduate. Students are to be making satisfactory progress towards graduation requirements and maintaining a recommended 2.0 term GPA. This begins with the first semester of their freshman year and follows through their first semester as a senior to be eligible for competition. Failure to be earning the required credits each semester may deem a student-athlete ineligible for participation in MSHSL sanctioned athletics and activities.

The MSHSL data privacy guidelines are as follows: "Public information shall include names and pictures of students participating in or attending extra-curricular activities, school events, and High School League activities or events."

SCHOOL CLOSING INFORMATION/PROCEDURES

PART II - ACADEMICS

ALTERNATIVE EDUCATION OPPORTUNITIES (CALC)

CHEATING & PLAGIARISM

Cheating and plagiarism are prohibited. Students who cheat or commit plagiarism on any test or assignment **may** be given a failing grade for that test or assignment and will be disciplined in accordance with the school district's policy. See ***School Board Policy #506***.

Centennial High School, as an institution of learning, holds as one of its highest ideals that of honesty in academic affairs. In order to ensure high standards, those found in violation of academic rules may lose credit for work completed and may be disciplined.

Academic dishonesty at CHS is defined as, but not necessarily limited to, the following:

Giving or receiving of information from an exam, test, quiz, or other evaluative exercise in such a way that would be considered cheating. This could include copying from another, the bringing of notes into the test, the sharing of a calculator with another student, use of camera phones or text messaging or other similar unauthorized help. Helping someone cheat on an exam, or any other academic work, is considered to be as serious an infraction of the rules (and, in fact, is the same offense) as that committed by the person who has asked for and received help.

Using someone else's ideas or statements as one's own without giving credit to the author would be considered plagiarism. This could include not giving a proper citation in a research paper by crediting the source of information, the copying of another student's work (e.g., homework assignments) and handing it in as one's own, the giving of one's work to another to copy, copying text from the internet, or any similar use of another's work.

HOMEWORK

Homework assignments are made by the teachers. The amount of homework varies by teacher and subject area. The school district asks for parents/guardians to encourage their child(ren) to complete homework thoroughly and promptly.

When a student is absent, homework requests should be made directly to teachers via email. **Teachers have 48 hours to fulfill homework requests.** Staff email addresses are generally first initial last name@isd12.org, with some exceptions, please consult individual building or program sites with questions.

All students are eligible for the honor roll after the first semester of the new school year. Honor roll is based on a student's term GPA. To give students recognition for their academic achievement the Honor Roll will be sent to the Quad Press to publish as space permits.

HYBRID COURSES

What is a hybrid course?

A hybrid course provides students with a mix of face-to-face and online instruction. In a typical week, students will attend class for three days and the remaining two days students will receive instruction and complete coursework online. Hybrid courses have the same high standards, expectations, and curriculum as traditional courses. The core difference is the method by which instruction is delivered.

Why hybrid courses?

Hybrid courses represent a form of online learning that allows teachers and students to utilize 21st century technologies while further developing students' technology skills. It is expected that most students will experience online learning as part of their post-high school experience, thus developing these skills while still in high school may be advantageous.

Hybrid classes may not be for everyone.

Hybrid classes require discipline and good time management. Though the online portion of instruction is provided using non-traditional methods, the expectations and deadlines remain the same as traditionally taught courses.

POST-SECONDARY ENROLLMENT OPTIONS

Tenth, eleventh, and twelfth grade students may apply to enroll in Post-Secondary Enrollment Options (PSEO) and other advanced enrichment programs. General information about the PSEO program will be provided to all eighth, ninth, tenth, and eleventh grade students by March 1. Qualifying credits granted to a student through a PSEO course or program that meets or exceeds a graduation standard, or requirement will be counted toward the graduation and credit requirements of the state academic standards. Interested students must fill out an application form and submit it to their school counselor by May 30 for enrollment the following school year. The application form must be signed by the student and his/her parent or guardian. Students wishing to take a PSEO course should contact ***their counselor***.

PART III – RULES AND DISCIPLINE

ATTENDANCE []**

CHS ATTENDANCE PROCEDURES

Aligned with Centennial School Board Policy #503 and MN Statute 120A.22

School Board Philosophy

The school board believes that regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students, and establishes regular habits of dependability important to the future of the student.

This policy also recognizes that class attendance is a joint responsibility to be shared by the student, parent or guardian, teacher, counselor, and administrators. The responsibilities assigned to each of these groups are outlined below:

Parent Responsibilities

- Hold your student accountable for regular attendance and following CHS attendance procedures.
- It is the legal responsibility of the student's parent/guardian to ensure the student is attending school.
- Check your student's attendance regularly on Parent Portal
- Notify the attendance office each time your child is absent from school. If a parent/guardian does not communicate to the attendance office within three (3) school days after the student's return to school, the absence may remain permanently unexcused.
- - Parents submit attendance Via. Campus Parent Portal Account-Absence Request.
 - Parents receive confirmation of their submission through Campus Portal.
 - Please schedule appointments, vacations, college visits, etc. on non-school days whenever possible

- Contact the attendance office and/or teacher if you have concerns about your child's attendance.
- Reminder: CHS is a closed campus and students should be signed out only for special circumstances. This includes during any LEAP/lunch periods.

Student Responsibilities

- It is the student's responsibility to arrive on time, attend all assigned classes and to follow the correct procedures when absent.
- Request and complete any missed assignments due to an absence within two (2) school days for each day absent unless other arrangements are made with the classroom teacher.
- Notify teachers in advance of upcoming absences.
- Check the Student Portal site often to self-monitor attendance.

Teacher Responsibilities

- Maintain timely and accurate attendance records no later than the end of the class period. The teacher's attendance record is the official one.
- The teacher should make a note if a student is more than **ten (10) minutes** late, when it will be identified as an unexcused absence
- Communicate with parents/guardians if a student's attendance is adversely affecting his/her academic performance
- Report any discrepancies in the attendance record to the attendance office
- Explain CHS attendance procedures to all students
- File a copy of your syllabus with the school administration at the beginning of each new semester
- Notify the student's counselor when attendance is adversely affecting a student's academic performance

Administrator/Counselor Responsibilities

- Distribute the attendance policy to all students and staff via the student handbook and make available on the district website
- Plan and support interventions for truant students
- Communicate/Meet with parents/guardians regarding student attendance
- Review disputes related to classification of absences
- File truancy proceedings with Anoka County Juvenile Corrections when warranted

ATTENDANCE GUIDELINES

Sign In/Out Procedures

All students must check in at the attendance desk in either building when arriving late or leaving early for any reason during the school day. Students must still be excused by a parent/guardian. (Please see Truancy Examples on page 28)

Participation Points

Students with excused absences must be allowed to make-up missed participation points. Students with unexcused absences may be allowed to make-up missed participation points after receiving teacher and/or administrative approval.

CHS is a Closed Campus

CHS is a closed campus throughout the entire student day, including LEAP time. If a student chooses to leave campus at any time during the school day without proper approval, the student may be subject to disciplinary action and a search may be conducted of student, their possessions, and/or their vehicle. Parents should not excuse students from LEAP unless special circumstances are present.

Tardiness

Students are considered tardy when they are not in their assigned class when the bell rings. If a student is less than ten (10) minutes late to class, and does not have a pass, the tardy will be considered unexcused. If a student is detained by a teacher, s/he should get a valid pass to the next class from that teacher. Teachers should use discretion in considering student schedules and travel distances when assigning tardies. Interventions for tardiness occur after every 5th tardy (5th, 10th, etc.)

Classifications of Absences

Excused Absences

All absences are subject to administrative approval. Absences are normally excused when the child's physical or mental health is such as to prevent attendance at school or application to study for the period required, which includes:

- *Child illness, medical, dental, orthodontic, or counseling appointments
- *Family emergencies or the death or serious illness or funeral of an immediate family member
- *Active duty in any military branch of the United States
- *The child has a condition that requires ongoing treatment for a physical/mental health diagnosis
- *Off-site religious instruction (not to exceed 3 hours/week)
- *Other exemptions determined by school administration

When CHS teams do not qualify for state tournaments, members of the Cougar team in that sport can be excused for one day to attend the state tournament in that sport. If individual qualifiers in a given sport compete on consecutive days, non-qualifying teammates may also be excused to attend the tournament. Regular attendance procedures must be followed.

Excessive Absences

Students are considered to have excessive absences when absences are greater than 10% of the total school days in the calendar school year. Excessive absences may require medical documentation before being excused.

Exempt Absences/School Sponsored Events

Absences due to field trips or other school-sponsored activities will be exempt. Examples include, but are not limited to field trips, retreats, school activities, career center activities, counseling appointments, participation in support groups, athletics, and advisory task completion when required. Whenever a school sanctioned sport/music-oriented event from Centennial reaches state tournament level, students will be allowed to attend provided the student follows the appropriate procedures regarding their attendance. To have the attendance exempted, a parent must submit electronic attendance available on CHS homepage. The student will be exempted only during the times designated by the school administration. If a parent call or note comes in after the event, but within three (3) school days, the absence will be excused but not exempted.

Unexcused Absences/Truancy - Examples

Per MN statute, a student is considered legally truant when s/he is absent unexcused on three or more days within a school year. Days do not have to be consecutive. Examples include, but are not limited to:

- No online form or note turned into the attendance office
- Shopping/Hair appointments
- Missed the bus/Transportation problems
- Leaving campus without permission
- Errands/Work
- Babysitting/Needed at home

BULLYING PROHIBITION []**

The purpose of this policy is to provide a safe and civil environment needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student's ability to learn and/or a teacher's ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct

affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior. For detailed information see **School Board Policy # 514**.

A. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school premises, on school district property, at school functions or activities, or on school transportation. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources.

B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.

C. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.

D. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.

E. False accusations or reports of bullying against another student are prohibited.

F. A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures, including the school district's discipline policy. The school district may take into account the following factors:

1. The developmental ages and maturity levels of the parties involved;
2. The levels of harm, surrounding circumstances, and nature of the behavior;
3. Past incidences or past or continuing patterns of behavior.
4. The relationship between the parties involved; and
5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for

detering violations of this policy, apply throughout the school district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events.

G. The school district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

3. No person shall use articles designed for other purposes (i.e., lasers or laser pointers, belts, combs, pencils, files, scissors, etc.), to inflict bodily harm and/or intimidate and such use will be treated as the possession and use of a weapon.

Consequences for violations of the weapons policy, which will be determined at the discretion of the school administrator in accordance with the school board policy, include:

- immediate removal from class
- police contact
- administration or police confiscation of the weapon
- parent / guardian notification

Intervention may include but is not limited to peer mediation, family conferencing, contracts, staffing, schedule modifications, 1–10-day suspension AND/OR expulsion. In addition, a student who is determined to have brought a firearm, as defined by federal law, to school will be expelled for at least one year, although this may be modified on a case-by-case basis.

PART IV — HEALTH AND SAFETY

ACCIDENTS

All student injuries that occur at school or school-sponsored activities should be reported to the school office. Parents/guardians of an injured student will be notified as soon as possible. If the student requires immediate medical attention, the principal or other district leader will call 911 or seek emergency medical treatment and then contact the parent(s).

ASBESTOS MANAGEMENT UPDATE [*]

The school district has developed an asbestos management plan. Any questions related to Asbestos Management should be directed to the Director of Business and Grounds (763) 792-6016.

CRISIS MANAGEMENT

The school district has developed a “Crisis Management” policy. Each school building has its own building-specific crisis management plan. Students and parents will be provided with information as to district- and school-specific plans.

The “Crisis Management” policy addresses a range of potential crisis situations in the school district and includes general crisis procedures for securing buildings, classroom evacuation, campus evacuation, sheltering, and communication procedures. The school district will conduct lock-down drills, fire drills, and a severe weather drill. Building plans include classroom and building evacuation procedures.

EMERGENCY CONTACT INFORMATION

Emergency Contact information is maintained at each school. Inquiries can also be directed to the District Office (763) 792-6000.

HEALTH INFORMATION

First Aid

The nurse’s office in each building is equipped to handle minor injuries requiring first aid. If the nurse’s office is not open, assistance can be sought from the building’s administrative office. If a student experiences a more serious medical emergency at school, 911 will be called and/or a parent/guardian will be contacted.

The district has installed automated external defibrillators (AEDs) in all school buildings. Tampering with any AED is prohibited and may result in discipline. AED machines are located near the gyms at Centennial High School.

Communicable Diseases

To protect other students from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. If a parent suspects that his/her child has a communicable or contagious disease, the parent should contact the school nurse or principal so that other students who might have been exposed to the disease can be alerted. Some diseases must be reported to the Minnesota Department of Health immediately or within 24 hours of the school being notified.

Students with certain communicable diseases will not be excluded from attending school in their usual daily attendance settings as long as their health permits and their attendance does not create a significant risk of transmitting the illness to

other students or school district employees. The school district will determine on a case-by-case basis whether a contagious student's attendance creates a significant risk of transmitting the illness to others.

Health Services

The student health office is staffed by a Health Service professional (either a registered nurse or licensed practical nurse) who collaborates with students, families, staff and community partners to promote student health for academic success. Students who become sick at school are to go to the health office for further assessment. The nurse will call parents and/or guardian to arrange for students who get sick at school to go home early if necessary. In the event of an emergency, 911 and parents/guardians will be called.

A parent/guardian should notify the school if his/her child is unable to attend school because of illness.

Hearing and vision screenings are done at the request of parents and/or school staff, and as a part of all special education evaluations.

Immunizations

All students must be properly immunized or submit appropriate documentation exempting them from such immunizations in order to enroll or remain enrolled. Students may be exempted from the immunization requirement when the immunization of the student is contraindicated for medical reasons; laboratory confirmation of adequate immunity exists; or due to the conscientiously held beliefs of the parents/guardians or student. The school district will maintain a file containing the immunization records for each student in attendance at the school district for at least five years after the student reaches the age of 18. For a copy of the immunization schedule or to obtain an exemption form or information, contact the school health office or the Minnesota Department of Health, or visit <https://www.health.state.mn.us/people/immunize/basics/imzform.pdf>

Medications at School during the School Day

The school district acknowledges that some students may require prescribed drugs or medication during the school day. The school district follows the Minnesota Guidelines for Medication Administration in Schools. The administration of prescription medication or drugs at school requires a completed signed request from the student's parent and medical order from a licensed authorized prescribing practitioner in Minnesota. This "Request to Administer Medications" form must be completed once a year and/or when a change in the prescription or requirements for administration occurs. Prescription medications must be brought to school by the parent or guardian, as we do not want medications transported on the bus, in the original container labeled for the student by a pharmacist and must be administered in a manner consistent with the instructions in the medical order and on the pharmacy label. Prescription medications are not to be carried by the student, but will be left with the appropriate school personnel. Exceptions that may be allowed include prescription asthma medications administered with an inhaler pursuant to school district policy and procedures, medications administered as

noted in a written agreement between the school district and parent or as specified in an Individualized Education Program (IEP), a plan developed under Section 504 of the Rehabilitation Act (§504 Plan), or an individual health plan (IHP). Marijuana is not allowed on school property even if prescribed. The school district is to be notified of any change in a student's prescription medication administration.

PESTICIDE APPLICATION NOTICE [*]

The district uses a licensed, professional pest control service firm for the prevention and control of rodents, insects, and other pests in and around district buildings. Their program consists of:

1. Inspection and monitoring to determine whether pests are present, and whether any treatment is needed;
2. Recommendations for maintenance and sanitation to help eliminate pests without the need for pest control materials;
3. Utilization of non-chemical measures such as traps, caulking, and screening; and
4. Application of EPA-registered pest control materials when needed.

Pests can sting, bite, cause contamination, damage property, and spread disease; therefore, the district must work to prevent and control them. The long-term health effects on children from the application of such pest control materials, or the class of materials to which they belong, may not be fully understood. All pest control materials are chosen and applied according to label directions per Federal law.

An estimated schedule of interior pest control inspections and possible treatments is available for review or copying at each school office. A similar estimated schedule is available for application of herbicides and other materials to school grounds. Parents of students may request to receive, at their expense, prior notification of any application of a pest control material, should such an application be deemed necessary on a day different from the days specified in the schedule.

SAFETY

The safety of students on campus and at school-related activities is a high priority of the district. While district-wide safety procedures are in place, student and parent cooperation is essential to ensuring school safety.

- All staff members shall always wear their identification badge.
- All students must carry their student ID card and present it when requested.
- Students in the hallway during the time classes are in session shall carry a pass and present it when requested.
- All outside doors will be for exit only except the front main doors of each building. These shall be the only entrance the school after 8:10am.

- All visitors to the school must sign in at either main office and receive a visitor pass that must be visible at all times.
- All staff are expected to welcome adults without a visible badge and help them find a hallway monitor or bring them to the office.
- Guest students or past Centennial students without prior arrangements are not permitted during the school day.
- All students entering or leaving the school premises must sign in/out of either attendance office.

Security Cameras

The Centennial School District utilizes security cameras throughout its buildings; individuals do not have a reasonable expectation of privacy in any area of the building other than restrooms and locker rooms; video footage that is recorded or obtained by any of the district's security cameras may be used as evidence to establish the conduct of students, employees, visitors, and other individuals.

VISITORS IN DISTRICT BUILDINGS

The purpose of the district visitor policy is to inform the school community and the general public of the position of the school board on visitors to school buildings and other school property.

A. The school board encourages interest on the part of parents and community members in school programs and student activities. The school board welcomes visits to school buildings and school property by parents and community members provided the visits are consistent with the health, education and safety of students and employees and are conducted within the procedures and requirements established by the school district.

B. The school board reaffirms its position on the importance of maintaining a school environment that is safe for students and employees and free of activity that may be disruptive to the student learning process or employee working environment. For further information see School Board Policy # 903.

CHS Visitor Policy

Centennial High School welcomes parents and adult community members to visit our buildings. It is essential that visitors register with the office. When visitors enter our premises, they must do so by the front entrance of the building they wish to visit, report directly to the office, receive permission to visit from a principal, and be issued a special visitor pass that must be worn and visible at all times. For unique situations, please contact the office.
