## **GENERAL INFORMATION**

### **PARTNERS WITH TEACHERS**

Schools alone do not educate children. Education is a partnership between home and school. Parental involvement in the school's program often results in improved student achievement. Parental involvement indicates to children that education is important. Some ways you can provide support are to:

1. Indicate that school is important
2. Encourage good attendance
3. Visit with your children's teachers
4. Call or visit the school if you are concerned about a child's particular school experience
5. Visit the teacher when children are not happy about school
6. Find out why and work together to solve the problem
7. Check homework for neatness and completeness (Do not do homework for children)
8. Check with teachers for ways you can help your child
9. Work as a volunteer in the school
10. Join the Parent-Teacher Organization

### **REPORTING TO SCHOOL**

#### **Elementary**

Elementary students are permitted to enter the building at 7:15 AM. They should enter through the back cafeteria doors and will be released to their classroom at 7:30 AM.

#### **High School**

High school students are permitted to enter the building at 7:25 AM. They should enter through the front main entrance.

### **EARLY DISMISSAL AND RETURN POLICY**

Students who leave school early are not permitted to return the same day unless they have a professional excuse. Acceptable professional excuses include documentation from a doctor, dentist, or other healthcare provider. Students must present the professional excuse to the main office upon their return.

### **SCHOOL CLOSING**

It is the parents' responsibility to make arrangements for the supervision of their children for early dismissal and/or in the event that there is an unexpected school closing. Certain conditions, including extremely inclement weather, may necessitate cancellation of school or a delay in starting time. Parents are advised to listen to one of the following Youngstown area television stations if they suspect a change in the school day: WFMJ (21), WKBN (27), WYTV(33), etc. School closings will also be announced through our ALL CALL system and social media outlets.

\*If school will be dismissed early for all students, it will be announced through the ALL CALL system.

### **ELEMENTARY TREATS**

Treats may be brought to school for special occasions. Please check with the classroom teacher to arrange a convenient time. We define a treat as candy or something simple, inexpensive, and easy to distribute in the classroom. Treats may not be accepted if prior arrangements have not been made and/or if the treat is not easily distributed.

## **ELEMENTARY PARTIES**

Teachers may have parties at their discretion. Details will be sent home by the teacher. Students are not permitted to organize “surprise” parties for their teachers. Distribution of invitations for student parties is not permitted at school unless all students receive an invitation.

## **STUDENT DELIVERIES**

Students are not permitted to have parents/guardians/friends drop off food to them during the day from outside restaurants and/or utilize food delivery applications including DoorDash, etc.

## **ITEMS BROUGHT TO SCHOOL**

At times, children will want to bring something to school that is related to the course of study or has some other educational value. Although we encourage this, items which are expensive, irreplaceable, or of great personal or family value should not be brought to school as they might be stolen, lost or broken. The child is responsible for the item that is brought to school.

Do not allow children to bring any glass objects or items in glass containers on the school bus. Hard balls, frisbees, etc. should not be brought to school as they are not permitted on the playground. Due to the number of students on the playground at one time, any toys which could be considered a threat to another student (eyes especially) should not be brought to school.

Pets should not be brought to school unless prior arrangements are made by the teacher and the parent.

## **SALES IN SCHOOLS**

Students or groups are not authorized to sell items at school. All fund raising or related sales must be approved by the Principal.

## **FINANCIAL OBLIGATIONS/STUDENT/FEES**

All students will be assessed a student fee of \$20 to offset class dues, field trips, and miscellaneous supplies. The maximum family fee is \$50.

Students shall be required to pay for damage they cause directly or indirectly to school property. School property includes all buildings, buses, motor vehicles, furniture, equipment, supplies, desks, books, trees, lawn shrubbery, fences or other property of any kind owned by the District. If students directly or indirectly damage school property, they, their parents or guardians are responsible for paying the cost involved.

Report cards and transcripts will be released when all financial obligations are met. Diplomas may be withheld until graduation fees are met.

## **TECHNOLOGY**

### **ACCEPTABLE USE AND INTERNET SAFETY**

Technology can greatly enhance the instructional program, as well as the efficiency of the District. The Board recognizes that careful planning is essential to ensure the successful, equitable and cost-effective implementation of technology-based materials, equipment, systems and networks.

Computers and use of the District network or online services support learning and enhance instruction, as well as assist in administration. For purposes of this policy computers include District-owned desktop computers, laptops, tablets and other mobile computing devices.

All computers are to be used in a responsible, efficient, ethical and legal manner. Failure to adhere to this policy and the guidelines below will result in the revocation of the user's access privilege. Unacceptable uses of the computer/network include but are not limited to:

1. violating the conditions of State and Federal law dealing with students' and employees' rights to privacy, including unauthorized disclosure, use and dissemination of personal information;
2. using profanity, obscenity or other language that may be offensive to another user or intended to harass, intimidate or bully other users;
3. accessing personal social networking websites for noneducational purposes;
4. reposting (forwarding) personal communication without the author's prior consent;
5. copying commercial software and/or other material in violation of copyright law;
6. using the network for financial gain, for commercial activity or for any illegal activity;
7. "hacking" or gaining unauthorized access to other computers or computer systems, or attempting to gain such unauthorized access;
8. accessing and/or viewing inappropriate material and
9. downloading of freeware or shareware programs.

The Superintendent/designee shall develop a plan to address the short- and long-term technology needs and provide for compatibility of resources among school sites, offices and other operations. As a basis for this plan, he/she shall examine and compare the costs and benefits of various resources and shall identify the blend of technologies and level of service necessary to support the instructional program.

Because access to online services provides connections to other computer systems located all over the world, users (and parents of users who are under 18 years old) must understand that neither the school nor the District can control the content of the information available on these systems. Some of the information available is controversial and sometimes offensive.

The Board does not condone the use of such materials. Employees, students and parents of students must be aware that the privileges to access online services are withdrawn from users who do not respect the rights of others or who do not follow the rules and regulations established. A user's agreement is signed to indicate the user's acknowledgment of the risks and regulations for computer/online services use. The District has implemented technology-blocking measures that protect against access by both adults and minors to visual depictions that are obscene, child pornography, or, with respect to the use of computers by minors, harmful to minors. The District has also purchased monitoring devices that maintain a running log of Internet activity, recording which sites a particular user has visited.

"Harmful to minors" is defined as any picture, image, graphic image file or other visual depiction that:

1. taken as a whole and with respect to minors appeals to a prurient interest in nudity, sex or excretion
2. depicts, describes or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts or a lewd exhibition of genitals and
3. taken as a whole, lacks serious literary, artistic, political or scientific value as to minors.

The District will educate minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response. The Superintendent/designee will develop a program to educate students on these issues.

Annually, a student who wishes to have computer network and internet access during the school year must read the acceptable use and internet safety policy and submit a properly signed agreement form. Students and staff are asked to sign a new agreement each year after reviewing the policies and regulations of the District. The District reserves the right to amend policies and regulations as necessary throughout the school year. Users are notified of the updated policies and regulations and must comply with the updated requirements. These policies and regulations also apply to use of District-owned devices, or accessing of District intranet and software programs off District property. All users using platforms established for e-learning regardless of whether the student or employee is using a personal or District-provided device must be used in accordance with the standards for conduct outlined in this policy and the accompanying regulation. Users in violation of this policy or the accompanying regulation may be subject to discipline.

The Google Chromebook and any accessories that have been issued to students are the property of Lowellville School District. The Chromebook is on loan to the student and must be used in accordance with the following policies and procedures in the Technology Acceptable Use Policy for Students:

1. Parents/guardians may be given the child’s login name and password so that they can supervise the student’s use of the computer.
2. Parent/guardians and students should be aware that access to the Internet outside of the school district is occasionally unfiltered.
3. The District has the right to randomly inspect any Chromebook, application, or peripheral device. This includes but is not limited to browser history, email, media that has been accessed, downloaded or created, documents, pictures, and all files. The District has the right to review these items for appropriateness and to limit or revoke a student’s access to them.

The graduating Senior(s) having the highest (Valedictorian) and the second highest (Salutatorian) cumulative grade point average, based upon a 4.0 grading scale, and has completed any courses required by the Ohio Department of Education, the Lowellville Local Schools. Only the final average per subject (semester or year course) will be used to figure point average and class rank. Students are ranked at the end of each semester. However, the final grade earned determines the ranking for that particular year. GPA will be calculated to the hundredth place holder. The 7th semester ranking will define the final class ranking of seniors for the graduation programs. A final transcript of all grades, including the 7th semester grades, will be sent to all colleges and/or prospective employers. In a situation of ties in rank, students with the same GPA will be assigned the same rank for the final class rank only. Rank order following ties will assume the next ranked position.

In an effort to recognize academic excellence, a class valedictorian and salutatorian will be chosen. The following criteria will be taken into consideration:

1. Valedictorian(s) will be the graduating senior(s) having the highest grade point average.
2. Salutatorian(s) will be the graduating senior(s) having the second highest grade point average.
3. In case of ties, equal GPA's, CO-valedictorians and/or CO-salutatorians will be named.
4. Valedictorian and salutatorian status will be based on the 7th semester GPA.
5. Beginning with the class of 2026: No tutored courses, online courses (excluding College Credit Plus), or summer school classes for remediation or acceleration will be accepted. Online class substitution will be permitted if the district's master schedule cannot accommodate a class. Valedictorians/Salutatorians must also meet criteria for Honors Diploma. Students must take the required courses and pass with at least a final grade of a B or higher.

Requirements

1. 4 Credits of English including Advanced I, II, III and IV
2. 5 Credits Math including Calculus

### **COURSE REPETITION**

In order to ensure academic success and progression towards graduation, it is essential that students meet the required standards in all their courses. Therefore, the following policy applies to any student grades 7-12 who fails a course:

- **Course Repetition Requirement:** Any student who fails a course must repeat the course to meet the academic requirements and earn the necessary credit.
- **Responsibility for Course Cost:** The student and their family are responsible for covering the cost of the repeated course. This includes any associated fees, materials, and other expenses incurred during the repetition of the course.
- **Options for Repetition:** Students may have the option to repeat the course through summer school, online platforms, or during the following academic year, depending on availability and scheduling.
- **Impact on Academic Progress:** Failing and subsequently repeating a course may impact a student's academic schedule and progression. It is important to communicate with school counselors to plan accordingly and ensure that all graduation requirements will be met.

## **NATIONAL HONOR SOCIETY**

### **PROCEDURE FOR NATIONAL HONOR SOCIETY SELECTION**

The induction for National Honor Society will take place in the Spring so that the student's GPA can be based on five semesters, one of which includes the junior year.

To meet the requirement of scholarship, a student must have an accumulative GPA of 3.4 or above at the end of the first semester of his/her junior year.

Beginning with the class of 2027 to meet the requirement of scholarship, a student must have an accumulative GPA of 3.7 or above at the end of the first semester of his/her junior year.

To meet the requirement of service, a student must take part in at least 30 hours of service projects during his/her freshman, sophomore, and junior years. Service projects can involve community, church, or school activities that a student volunteers for and provides dependable and well organized assistance. Service hours cannot be done during class time, unless it is a supervised class or activity.

To achieve leadership, a student must take part in at least one activity that displays leadership, responsibility, reliability and dependability during his/her freshman, sophomore, and junior years. (e.g. an officer or active member of an organization either at school, work, church or community; or a participant in a sport) The student must provide a letter of endorsement from the sponsor of the organization or the team coach verifying the leadership qualities.

To evaluate a candidate's character, the Faculty Council uses two forms of input. First, school disciplinary records are reviewed. Academic dishonesty at all levels will immediately disqualify any student from consideration for membership. Second, members of the faculty are solicited for input regarding their professional reflections on a candidate's service activities, character, and leadership.

These forms and the application are carefully reviewed by the Faculty Council to determine membership. A majority vote of the Council is necessary for selection. Candidates are notified regarding selection or non-selection according to a predetermined schedule.

Any or all students who have the 3.4 (3.7 class of 2027) GPA must provide all the above documentation to the NHS advisor.

The Principal will appoint a Faculty Council consisting of five teachers annually. Neither the NHS advisor nor the Principal can be a member of this Council. The Faculty Council will review all candidates that have provided the necessary documentation to the NHS advisor. The Council will then vote on each candidate. If a member of the Council feels that a candidate is not eligible for induction into NHS he/she must give a reason why. In cases of nonselection, efforts will be made to explain the selection process to those students and families who are unhappy about the results of the selection process. The faculty member names will remain anonymous. A candidate must be selected by at least three of the five Council members.

The Lowellville High School chapter of the NHS shall write bylaws to amplify sections of the Constitution of the National Honor Society and to clarify operating procedures. The bylaws shall contain information concerning the election and duties of officers, the schedule of meetings, member's obligation, and the like.

\*\* The requirements for National Honor Society may be amended at any time by the NHS Faculty Council and the building Principal.

### **NATIONAL HONOR SOCIETY APPEAL PROCESS**

The description below describes the process for requesting an appeal in cases of non-selection to the NHS and dismissal from the NHS.

Each year, the Lowellville High School NHS chapter undertakes a process to select new members. Selection to NHS is a privilege bestowed upon students by the faculty of the school, and not considered a right inherent to any student. Technically, students do not apply for membership in the National Honor Society; instead, they await an invitation to provide more information to be used by the local selection committee to support their candidacy for membership. Membership is granted only to those students selected by the Faculty Council in each school on the condition of having met the standards for selection established at the local level and based on the provisions of the national constitution.

Each chapter has the authority to establish local requirements above the minimum requirements established by the national NHS organization. Inevitably, some student candidates are not selected. Parents, in an effort to understand this non-selection, often contact the national office. While the national office is willing and able to confer with parents regarding the disappointing news of non-selection, they are limited as to how they can respond. The national office does not hear appeals of non-selection or discipline of individual students.

In seeking to understand the reasons for non-selection, a parent or student may request a meeting for clarification. Below is the proper procedure that must be followed when seeking clarification or before an appeal can be granted.

1. **Consult first with the chapter advisor.** Your first inquiry should always be with the faculty member assigned to serve as the adviser (or sponsor) of the chapter at your school. This individual facilitates the

selection process (but does not vote) and may be able to clarify the nature of the selection process or the decisions that were made regarding your student. The adviser can also inform you on the formal process for appeals based on local chapter guidelines.

2. **Filing a formal appeal. Non-induction:** A parent may appeal the decision of the NHS selection committee based on one of the following reasons only: technical or procedural errors. Technical or procedural errors might include the inadvertent omission of a student's name from the list of those qualified for induction, the erroneous averaging of grades, or the chapter's failure to follow prescribed procedures. Appeals of non-selection will not be granted for a reevaluation of essays or for reasons related to the failure of a candidate to include information that was not submitted during the initial selection process.
  - All appeals are heard by the building principal (or their designee).
  - Upon receipt of the decision not to induct a candidate, a parent may make a written appeal to the building principal. The appeal must be made in written form. No appeals will be heard by the principal prior to official notification of non-selection.
  - The request for an appeal must state the reason for the appeal.
  - An appeal must be registered with the principal's office within two weeks of the notice not to induct a candidate.
  - The building principal will hear the appeal, investigate the concerns presented, and submit a written response within two weeks of the date of the appeal.
  - The decision of the building principal is final.
  
3. **Appeals of Dismissal Cases.** A parent may appeal the decision of the NHS Faculty Council to dismiss a student from their membership based on one of the following reasons only: adequacy and fairness of the Faculty Council procedures. The Principal makes the final determination regarding the application of "adequacy and fairness" and this decision will be based on an investigation of the concerns. The National Council and NASSP do not have the authority to hear or make any decision regarding appeals in dismissal cases.
  - In order to appeal a dismissal, the dismissed member or their parent must appeal the decision of the Faculty Council to the building principal.
  - All appeals are heard by the building principal (or their designee).
  - Upon receipt of the decision to dismiss a member from NHS, a parent may make a written appeal to the building principal. The appeal must be made in written form.
  - The request for an appeal must state the reason for the appeal.
  - An appeal must be registered with the principal's office within two weeks of the notice to dismiss a member.
  - The building principal will hear the appeal, investigate the concerns presented, and submit a written response within two weeks of the date of the appeal.
  - The decision of the building principal is final.

## ATTENDANCE

### TARDINESS

Punctuality is crucial for maintaining an effective learning environment. Students are expected to arrive to class on time to avoid disruptions. The following policy outlines the consequences for tardiness:

**Definition of Tardy:** The school day begins at 7:40 AM. A student is considered tardy if they are not in their assigned classroom when the bell rings. Arriving more than 10 minutes late will be considered an unexcused absence unless a valid excuse is provided. All tardiness to school will be considered unexcused except for:

- Severe weather conditions
- Doctor's appointment, medical reason (the student must have a written excuse from the doctor)
- Appearance in court (student must have a written notice from the court)
- Late arrival of the school bus

### Consequences for Tardiness:

- First Tardy: Verbal warning from the teacher.
- Second Tardy: Teacher-student conference to discuss the importance of punctuality.
- Third Tardy: Parent/guardian contact by the teacher.
- Fourth Tardy: Referral to the office and one-hour detention.
- Fifth Tardy: Office referral, one-hour detention, and a parent-student-administrator conference.

**Chronic Tardiness:** Students who are tardy five or more times in a semester may face additional disciplinary actions, including:

- Loss of school privileges.
- Possible in-school suspension.
- Mandatory participation in an attendance improvement plan.

If you are tardy to class because of detainment by another teacher, you must have a pass from the staff member who caused your lateness. Office personnel will not issue passes for entrance into class unless they detain you.

### ABSENCE

Students are expected to be in school on time every day that school is in session. If a student is absent, the parent must call the school office (ext 0) before 9:00 a.m. to report the student's absence and give a reason for it. Without a parental call off, a student WILL NOT be permitted to make up missed work. This absence will be an UNEXCUSED absence unless a doctor's note or a valid copy of a prescription is presented to the attendance officer within 48 hours of the student's return to school, or if the absence meets any of the criteria below:

Reasons for which students may be EXCUSED include, but are not limited to:

1. personal illness of the student;
2. illness in the student's family necessitating the presence of the child;
3. needed at home to perform necessary work directly and exclusively for parents or legal guardians for a limited period of time when approved by the Superintendent (applies to students over 14 years of age only);

4. death in the family (applies to absences of up to 18 school hours unless a reasonable cause may be shown for a longer absence);
5. quarantine for contagious disease;
6. Medical, behavioral or dental appointment. The approving authority may require the written statement of a physician, mental health professional, or dentist if it is deemed appropriate;
7. observance of religious holidays consistent with a student’s truly held religious belief;
8. traveling out of state to attend a Board-approved enrichment activity or extracurricular activity (applies to absences of up to 24 school hours);
9. college visitation;
10. absences due to a student’s placement in foster care or change in foster care placement or any court proceedings related to their foster care status;
11. absences due to a student being homeless or
12. as determined by the Superintendent.

Absence for any reason other than those cited above is unwarranted and is considered an UNEXCUSED absence, even when a parental call off is made. While it is sometimes necessary to schedule doctor or dentist appointments during school hours, it is suggested that this not be done on a regular basis. When it is done, the student must bring a physician’s slip to the elementary school within 48 hours of returning to school.

<b>Absenteeism Type</b>	<b>Consecutive Hours</b>	<b>Hours per School Month</b>	<b>Hours per School Year</b>
Chronic Absenteeism	NA	NA	10% of total hours either <i>excused or unexcused</i>
Excessive Absences	NA	38 excused or unexcused hours absent <i>unless</i> the absence is medically excused	65 excused or unexcused hours absent <i>unless</i> the absence is medically excused
Habitual Truancy	30 hours <i>without</i> a legitimate excuse for the consecutive absences	42 hours <i>without</i> legitimate excuses for absences	72 hours <i>without</i> legitimate excuses for absences

Ohio law (ORC 3321.191(E)) requires districts to report the information below:

- When the district notified a parent or guardian that a student has excessive absences.
- When a child has been absent without legitimate excuse from the public school the child is supposed to attend for 30 or more consecutive hours, 42 or more hours in one school month, or 72 or more hours in one school year.
- When a child of compulsory school age who has been adjudicated an unruly child for being a habitual truant violates the court order regarding that adjudication.
- When an absence intervention plan has been implemented for a child under Ohio law.

\*Any questionable pattern of attendance will be checked by the building principal and may be referred to the County Attendance Officer.

## **HIGH SCHOOL ATTENDANCE FOR EXTRA-CURRICULAR ACTIVITIES**

Students must be in attendance at school the entire day of an extra-curricular event. Students must be in attendance before the end of first period (8:55) and complete the school day to be eligible for extracurricular activities. The building principals may excuse a student for the following reasons:

1. Doctor appointments with written doctor's excuse.
2. Attendance at a funeral
3. School business
4. College visitation with documentation
5. Other good and just causes approved in advance by the building Principals

Students expelled, suspended from school, or serving in-school intervention are not eligible to participate in extracurricular activities during that period of time.

## **MAKE UP WORK**

Students are always permitted to make up missed class work for EXCUSED absences. It is suggested that for absences of longer than 3 days that the parent notify the school secretary and the student's missed work will be collected in the school office for pick up by the parent. Students will not be permitted to make up any work and will receive zeros/no credit for UNEXCUSED absences.

It is solely the responsibility of the student to obtain all missed work.

## **LOWELLVILLE HIGH SCHOOL POLICY**

When a student reaches 9 UNEXCUSED absences in a semester class, he/she will be non-credited and must retake the course. Similarly, when a student reaches 18 UNEXCUSED absences in a year class, he/she will be non-credited and must retake the course regardless of the student's current grade in the class.

Absences due to doctor's appointments, family illness (with doctor's excuse), court appearances, participation in recognized religious services, family funerals, out of school suspensions, and school sponsored field trips will not count towards the 9/18 loss of credit policy. However, absence for any of the aforementioned reasons must be accompanied by proper documentation.

## **PARENT EXCUSED ABSENCES POLICY**

In addition to the above, a student is allowed a maximum of 9 parent-excused absences per semester and 18 parent-excused absences per year. Once a student reaches this threshold, any further absences will require a professional excuse (doctor, dentist, etc.) to be considered excused. Proper documentation must be submitted within 48 hours of the student's return to school, or it will not be accepted.

If a student exceeds the 9/18 parent-excused absences limit without a professional excuse, those additional absences will be considered unexcused. Consequently, students will not be permitted to make up any missed schoolwork for these days.

## **REQUEST TO LEAVE SCHOOL (SIGNING OUT)**

In all cases, whether or not a student is 18 years of age, a parent or guardian must be contacted before a student is permitted to leave. All sign outs not verified will be treated as truancy with appropriate penalties assessed.

## **REVOCAION OF DRIVER'S LICENSE**

When a student has been absent without legitimate excuse for more than ten (10) consecutive days, or a total of fifteen (15) days in any semester, that student may have his/her temporary instruction or driver's license suspended by the Bureau of Motor Vehicles. (O.R.C. 3321.31)

## **VACATIONS**

We realize that parents often cannot control the dates of their vacations; however, such days do not constitute legal absence from school according to state law. Students who go on vacation will be considered for EXCUSED absences only if the following conditions are met:

1. A Vacation Request Form must be filled out by the parents and returned to the Principal's office for approval at least one week before the first day of the absence.
2. Students must be on vacation with their own parents.
3. Parents and students must make arrangements with all teachers for missed class work and assignments prior to leaving for vacation.
4. Students MUST have a passing grade in all classes when the form is presented to the teacher prior to the vacation.
5. Excused vacations WILL NOT be granted during any state testing window.

## **WORK PERMITS**

Application cards for work permits may be secured from the Main Office prior to 3:30 P.M. on school days. You should provide your birth certificate and have a parent accompany you when you request the form.

## **POST-SECONDARY OPTIONS**

Students in grades 7-12 are eligible to attend college for high school and/or college credit even though they are still in high school. Please see the guidance office if interested.

## **INSURANCE**

### **SCHOOL INSURANCE**

The school provides the opportunity to purchase insurance at a reasonable price. Optional coverage would cover all sports except football. Varsity football players may obtain additional coverage through the coach or Athletic Director. The participation of the child in the insurance program is left entirely to the discretion of the parents.

## **SCHOOL DANCES**

### **ATTENDANCE**

Only Lowellville students and their guests may attend school functions. Guests must be registered in advance in the office for all dances. After game dances are designated for Lowellville students only. All who attend are subject to Lowellville High School rules and regulations as set forth herein.

Students are not permitted to leave the building during a dance without the consent of the teacher chaperone. A student who leaves the building will not be permitted to return, even if he or she offers to pay to re-enter.

If a student is told to leave the activity for misbehavior, his/her parents will be notified and a conference scheduled.

## **PROM**

Prom is for Juniors and Seniors and their guests. The guest may be a recent graduate, or a Freshman, Sophomore, Junior or Senior. Outside guests must not exceed the age of 20.

## **HOMECOMING**

Homecoming/Special Dances are for students in grades 9-12.

## **SCHOOL PROPERTY**

### **LOCKERS/TEXTBOOKS**

The lockers are provided for students for their convenience in storing personal articles. It is the student's responsibility to keep the inside and outside of the lockers neat and clean.

The lockers supplied by the Board and used by the pupils are the property of the Board of Education. Therefore, the lockers and the contents of all lockers are subject to random search at any time without regard to whether there is a reasonable suspicion that any locker or its contents contains evidence of a violation of a criminal statute or a school rule. Students are not to tamper with lock mechanisms at any time.

The Board directs that a notice be posted in a conspicuous place in each school building that has lockers, to read as follow:

“The lockers supplied by the Board of Education and used by the pupils are the property of the Board of Education. Therefore, the pupil lockers and the contents of all the pupil lockers are subject to random search at any time without regard to whether there is a reasonable suspicion that any locker or its contents are evidence of a violation of a criminal statute or a school rule. Students are not to tamper with the lock mechanism.”

Students are to store purses, any book bags or backpacks in their lockers during the school day. No open or unsealed containers are permitted in lockers.

Maintenance and care of textbooks and chromebooks are the individual responsibility of the student to whom they are assigned. If books or chromebooks are lost or damaged, the student shall be required to pay the replacement cost of the book or chromebook.

## **MAHONING COUNTY CAREER AND TECHNICAL CENTER**

The M.C.C.T.C. is located in Canfield, Ohio. It offers vocational skills in thirty-four (34) different vocations to Lowellville Juniors and Seniors. Vocational students are eligible for all Lowellville's extra-curricular activities. They graduate from Lowellville High School and also receive a vocational certificate from the M.C.C.T.C. Application procedures and questions should be referred to the guidance counselor.

Any disciplinary action taken on a student by the M.C.C.T.C. is reciprocal with the home school. Any disciplinary action, including suspension and/or expulsion taken by the Lowellville High School, is reciprocal with the M.C.C.T.C.

## **CODE OF CONDUCT**

### **PURPOSE OF CODE OF CONDUCT**

So the student body has a frame of reference upon which reasonable conduct can be based, certain rules are considered necessary. Occasionally a small minority may react adversely to the question of rules in a free society, but it is commonly accepted by the overwhelming majority that regulations are in fact established to promote the general welfare of the people. Most students deport themselves admirably and in a manner creditable to the family. Unfortunately, the Board is aware that a student's behavior is not always a credit to the family and to the schools, nor to other students, and it is in this interest of promoting the safety, health and general well-being of the student body that the Board adopts this Code of Conduct. This code is merely a guide. The principal and/or assistant principal has final say in all discipline procedures.

### **STUDENT CONDUCT**

This code of conduct shall be applicable to all students in any program or activity conducted by the Lowellville Local Schools. The types of misconduct also include misconduct by a student that occurs off of property owned or controlled by the District but that is connected to activities or incidents that have occurred on property owned or controlled by the District and misconduct by a student that, regardless of where it occurs is directed at a district official or employee, or the property of such official or employee.

Any student who willfully violates or fails to follow this code of conduct, or performs any act which materially interferes with or is detrimental to the orderly operations of a classroom or school, a school sponsored activity, or any other aspect of the educational process in the Lowellville Local Schools, shall be subject to discipline, suspension (in-school or out-of-school), expulsion or removal.

Students who are sixteen (16) years of age or older may be permanently excluded from school if the proposed suspension or expulsion is based on a violation listed in Division (A) of Section 3313.662 of the Ohio Revised Code, and if the Superintendent of Public Instruction has issued an adjudication order that permanently excludes the student from attending any public school in the State of Ohio.

### **DENIAL OF ENROLLMENT OF EXPELLED STUDENT**

Students who have been expelled from school in another district may be denied entry - after an opportunity for a hearing - until the expiration of the original expulsion.

### **POSITIVE BEHAVIOR INTERVENTIONS and SUPPORTS (PBIS)**

#### **Rockets R.I.S.E.**

**R - Respect**  
**I - Inclusive**  
**S - Safe**

## E - Engaged

Lowellville is dedicated to creating a supportive environment for effective teaching and meaningful learning. Our use of the Positive Behavior Interventions and Supports (PBIS) framework ensures consistent support and interventions, setting clear expectations for a safe and engaging learning environment for everyone.

At the heart of PBIS are well-defined expectations that help students understand what is expected of them, promoting appropriate behavior. Principals, teachers, and staff collaborate to establish grade-appropriate behavioral expectations and corresponding rewards. These expectations are reinforced and acknowledged in various settings, including homerooms, classrooms, and school-wide events.

We believe that every student, even those who struggle with behavior, can achieve success and develop crucial social and emotional skills for school and life. Our expectations focus on important objectives like respect, engagement, and safety, and are suitable for each age group. Consistency is key, as we have carefully chosen positively stated expectations that are consistently followed by all adults and students across different school environments.

Additionally, we have a system in place to reward positive behavior. When students are caught displaying good behavior, they receive tickets that reinforce the likelihood of repeating such positive behavior. Opportunities to reinforce student behavior exist at the school, classroom, and individual levels. Both the elementary and high school have their own recognition system, offering meaningful items and experiences. With time, negative behaviors naturally diminish as preferred positive behaviors become the norm, fostering a positive and supportive learning community.

A chart of school-wide norms used to help students understand each target behavior can be found on the school website and displayed across our building in hallways, restrooms, the cafeteria, school buses, and classrooms.

**DISCIPLINARY PROCEDURES**

The Lowellville Local School Board of Education recognizes the right of each student to an education. Inherent in this right is the responsibility of each student to act in such a way as not to interfere with the rights of others to the same opportunity.

School personnel, parents, and students have the responsibility to develop and maintain an orderly and safe school environment. Our primary goal is to provide a positive experience to influence positive student behavior.

When certain behaviors are recognized as inappropriate and unacceptable the Code of Student Conduct will be followed to outline the consequences of the negative behavior. **This code is merely a guide. The principal and or assistant principal have the final say in all discipline procedures.**

Appropriate and reasonable disciplinary action will be taken for offenses not specified in this Code of Conduct because it is impossible to itemize all acts of student misconduct. The main areas of conduct which will lead to disciplinary action are listed below. Behavior which can be considered improper for an atmosphere conducive to learning shall be divided into two categories: minor infractions and major infractions.

**MINOR INFRACTIONS**

1. Tardiness (unless habitual)
2. Verbal abuse (name calling)
3. Dress code or uniform violation
4. Skipping class
5. Eating food or drinking beverages in the school outside the cafeteria without teacher or administrator approval.
6. Using electronic devices or cameras in school without teacher or administrator approval.
7. Failing to follow proper procedures in the cafeteria. See PBIS Matrix.
8. Failing to follow class rules and regulations.
9. Failing to follow the bus conduct rules as specified in this handbook and the PBIS Matrix.
10. Interfering with the rights of other students and/or teachers.
11. Disrespectful treatment of a staff member or another student.
12. Failure to obey the rules in the student handbook
13. Academic Dishonesty or cheating (automatic failure of the assignment).
14. Public displays of affection

Minor Infractions may be corrected as follows:

1. Teacher/Student conference
2. Teacher contacts the parent(s)
3. Denial of privileges
4. Detention (may be issued at anytime)

\*Excessive detentions and/or failure to serve will result in Saturday detention, in-school intervention and/or suspension.

## **MAJOR INFRACTIONS**

1. Repeated violation of any minor infraction
2. Disruption of the normal school process. A student shall not by use of violence, force, noise, coercion, threat, intimidation, fear, passive resistance, or through any other conduct, cause the substantial and material disruption or obstruction of any lawful mission, process or function of the school.
3. Damage, destruction or theft of school or private property. A student (or other persons) shall not cause or attempt to cause damage to private or school property. Students and their parents or guardians will be held responsible for any vandalism, damage, or destruction that the student commits on school property. Remuneration for the complete restoration of the damage will be required.
4. Assault, fighting, threatening, harassing, intimidating, causing or attempting to cause physical injury to any person, inciting panic.
5. Chemical/Alcohol abuse. The Board of Education acknowledges that student use or possession of alcohol/drugs may result in the illness termed chemical dependency. The Board desires to aid in preventing the development of such dependency and avoid the accompanying disruption of a student's education program. Thus, to promote an alcohol and drug free school, the Board supports the adoption and enforcement of regulations which prohibit student contact with alcoholic beverages, intoxicants and drugs of abuse during the times the student is subject to the authority of school officials. Use of any substance in such a manner as to cause intoxication is prohibited.
  - Selling of drugs on or near school property will result in expulsion. (Lowellville Schools fall under the Drug Free/Gun Free School zones, therefore, federal law will enter into any convictions).
  - Possessing, using, transmitting, concealing or consuming any alcoholic beverage, intoxicant, pills of any kind, counterfeit controlled substance or look alike or any of the drugs of abuse is prohibited. Students shall not consume any alcoholic beverages, intoxicants or drugs of abuse at any time before a student's arrival at school or at a school sponsored or related event or activity.
  - Possessing, using, transmitting, selling or concealing any drug abuse instrument or paraphernalia is prohibited (examples such as: hypodermic needle, syringe, water pipe, roach clip).
  - A student shall not be "under the influence" of an illegal/harmful drug, alcoholic beverage, mood altering chemical, or substance represented as a mood altering substance. "Under the influence" is defined as manifesting before a school official signs of chemical misuse such as, but not limited to, staggering, reddened eyes, odor of chemicals, nervousness, restlessness, memory loss, abusive language, falling asleep in class, or any other behavior not normal for a particular student such that school officials are led to uncover further evidence of the chemical misuse.
  - Examples of drug abuse include, but are not limited to, narcotic drugs, hallucinogenic drugs, generic drugs, amphetamines, steroids, barbiturates, marijuana, glue, cocaine, counterfeit controlled substance or look-alikes, synthetic or other substances that could modify behavior. (Use of drugs in accordance with a medical prescription from a licensed physician shall not be considered to be in violation of this rule).

- The police will be involved with each occurrence of suspected substance use and/or possession and all confiscated materials will be turned over to them for their professional analysis. In addition charges will be filed through the proper court system.
- A student that is in violation of the drug/alcohol policy will be suspended for ten (10) days out-of-school. Within five (5) days after suspension a recommendation for expulsion will be made by the Principal. (Suspension may be reduced provided the student enters an approved counseling program administrator's discretion)

The administration shall be empowered to suspend a student (in-school or out-of-school) for up to ten (10) school days.

Prior to suspension the administration shall give the student an "Intent to Suspend" letter which gives notice of the alleged infraction. Immediately thereafter an informal hearing will be held. The nature of the evidence will

be presented against the student and the student will have the opportunity to explain his/her actions. At the close of this informal hearing the administration will determine whether the student is to be suspended or the charges dropped.

If the student is suspended, the administration shall make an effort to contact the parent/guardian by telephone to inform him/her of the suspension. Within twenty four (24) hours an official notice of the suspension shall be mailed to the parent/guardian.

### **PROCEDURES FOR EXPULSION**

2. A statement that the student and his/her parent, guardian, custodian or representative have the right to appear in person before the Superintendent or his/her designee upon request to challenge the reason(s) for the intended expulsion or to otherwise explain the student's action. This hearing cannot be compelled by the administrator. The Superintendent or his/her designee may utilize the service of legal counsel if deemed appropriate.
3. The date, time and place to appear.

If the proposed expulsion is based on a violation of division (A) of §3313.662 of the Ohio Revised Code and if the student is sixteen (16) years of age or older, the notice shall include a statement that the Superintendent may seek to permanently exclude the student if he/she is convicted of or adjudicated a delinquent child for that violation.

The time and place of the hearing shall not be earlier than three (3) days nor later than five (5) days after the notice is given unless the Superintendent grants an extension of time.

Following the hearing the Superintendent shall arrive at a decision and notify both the parent/guardian and the Principal in writing with a copy to the Treasurer. The notice shall be mailed within one (1) school day of the decision and it shall include information concerning the reasons for the expulsion; the parent/guardian's right to appeal the decision to the Board of Education, the number of days to ask for the hearing, the right to representation to such an appeal and the right to request the hearing be held publicly or in executive session. If the student is sixteen (16) years of age or older and the expulsion was based on a violation listed in Division (A) of Section 3313.662 of the Ohio Revised Code, the notice shall include (1) a statement that the expulsion of the student may be subject to an extension by Juvenile court order under Division (F)(1), (2) of Section 3313.66 of the Ohio Revised Code; and (2) a statement that the Superintendent may seek the student's permanent expulsion from school if the student is convicted of or adjudicated a delinquent child for a violation listed in Division (A) of Section 3313.662 of the Ohio Revised Code.

If at the time an expulsion is imposed there are fewer than eighty (80) days remaining in the school year in which the incident that gives rise to the expulsion takes place, the Superintendent may apply any remaining part or all of the period of the expulsion to the following school year.

If the expulsion is for more than twenty (20) days or for any period of time the expulsion will extend into the following semester or school year, the Superintendent shall provide, in the notice to parent/guardian, information about services or programs offered by public and private agencies that work toward improving those aspects of the student's attitudes and behavior that contributed to the incident that gave rise to the student's expulsion. As per Ohio Legislative House Bill 276, the Ohio State Board of Education Anti-harassment, Anti-intimidation or Anti-bullying Model Policy, and this School District's Board of Education Policy.

Harassment, intimidation, or bullying behavior by any student/school personnel in this school district is strictly prohibited, and such conduct may result in disciplinary action, including suspension and/or expulsion from school.

Bullying, harassment and intimidation is an intentional written, verbal, electronic or physical act that a student has exhibited toward another particular student more than once. The intentional act also includes violence within a dating relationship. The behavior causes mental or physical harm to the other student and is sufficiently severe, persistent or pervasive that it creates an intimidating, threatening or abusive educational environment for

the other student. This behavior is prohibited on school property, on a school bus or at a school-sponsored activity. Students found responsible for harassment, intimidation or bullying by an electronic act may be suspended. Discipline procedures will not infringe on any student's rights under the First Amendment to the Constitution of the United States. When the behavior is sexual harassment, the Title IX sexual harassment grievance process will be followed, if applicable, prior to imposing any discipline that cannot be imposed without resolution of the Title IX process. ## SCHOOL NURSE

A nurse is employed by the Lowellville Schools. If a child becomes ill, every effort will be made to help the child. If the child's temperature is high, or the child is experiencing continuous discomfort or pain, the family will be notified. It is required that your child's emergency medical form be completed and kept on file with the office so that we may contact you quickly if necessary. If your child has a fever, and/or serious cough, vomiting, etc., do not send him/her to school and expose the other children and staff members. Students are not permitted to use their cell phones to call home if they are feeling sick. If a student feels unwell, they must see the school nurse for an assessment. If the nurse determines that the student needs to go home, the nurse will contact the student's parent or guardian to arrange for pick-up.

## EYE AND HEARING TESTS

The Mahoning County Health Department tests the hearing of students in grades one and three each year, plus any referral from teachers of other grades. Also, the vision of all the students will be checked by our nurse.

Siblings are permitted to sit with each other upon request.

If a parent would like to sign up his/her child for transportation after the school year has started, a transportation request/change form must be completed for approval. A student enrolled through open enrollment will not be picked up at his/her residence. A designated stop at Victory Christian Church Offices will be used as the pick up and drop off location for open enrollment students.

Any email, parent note, or voicemail regarding a child going home with another student on the bus must be submitted to the administration and approved prior to 1:00 p.m.

### **BUS CONDUCT**

The bus driver is responsible primarily for the safety of those students on the bus. Students who misbehave take the driver's attention away from where it should be-traffic and road conditions and the safe loading and unloading of students. Therefore, bus misbehavior cannot and will not be tolerated. Students are reminded that

buses are "school property" and therefore, all other rules, regulations and disciplinary actions apply to misconduct in addition to specific penalties for bus misconduct as described in the following (reference O.R.C. 3301-83-08):

### **SAFETY PROGRAM**

The Board is concerned with the safety of all students, employees and members of the school community present on District property and at all District-sponsored events at other sites. The Board directs the administration to develop a safety program, which is reviewed on an annual basis.

The Superintendent/designee is the administrator responsible for the safety program of the District and develops written procedures to comply with all applicable Federal and State laws and regulations.

The practice of safety is also a part of the instructional plan of the District through educational programs. The educational program includes instruction in traffic and pedestrian safety, fire prevention, in-service training and emergency procedures appropriately geared to students at different grade levels.

All staff are encouraged to participate in the safety practices of the District by providing recommendations that ensure a safe environment for all. (Policy EB)

## **EMERGENCY DRILLS**

The Board directs the Superintendent/designee to conduct all drills required by State law. Drills provide both students and staff with practice in responding to emergency conditions should such conditions occur. Plans are posted in each classroom and other areas accessible to staff and students where required by law. (Policy EBC)

### **FIRE DRILLS**

Fire drills are held regularly in compliance with state law. When the alarm rings, students should get up quietly and leave the room as directed by their teachers. Windows and doors should be closed if possible. Students should move rapidly, but walk. It is important that students not talk so they can hear instructions in the event of a real fire. The teacher will lead students to an assigned area, and they should remain there until told to return when “all clear”. If students are separated from their teacher, they should not panic-but get outside and try to find their class.

### **TORNADO DRILLS**

Tornado drills are held regularly in compliance with state law. Students must follow the same directions as for fire drills, except:

1. Windows and doors should remain open
2. Students should report with their class to their assigned areas within the school building. **DO NOT GO OUTSIDE.**

A.L.I.C.E. drills are held regularly in compliance with state law. Students must follow the guidance provided by their teachers and administrators.

## **DRUG TESTING POLICY**

### **CO-CURRICULAR AND EXTRACURRICULAR ACTIVITIES**

The Lowellville Local Board of Education Drug Testing Policy was formed because of a concern that alcohol and illicit drugs may be used by Lowellville School students. The Lowellville Local School Board of Education desires to implement a policy which will attempt to provide this district with safe and healthful student programs. This policy reflects the Lowellville Board of Education and the community's strong commitment to establish a truly drug and alcohol-free school. Because of the pervasive nature of drug use in our local schools, Lowellville Local Schools have selected student athletes, student drivers, students who participate in competitive extracurricular activities and students who, along with consent from their parents, volunteer to be tested for inclusion in the testing pool. This policy applies to all athletes, student volunteers and extracurricular activities from grades 7-12, including sixth grade students with a completed opt-in form.

### **PURPOSE OF THIS POLICY SHALL BE:**

1. To provide a healthy and safe environment to all students participating in the athletic and extracurricular programs.
2. To discourage all students from using drugs and alcohol.
3. To encourage students to assume all responsibility for regulating their personal lives in ways that will result in their becoming healthful members of a team and worthy representatives of the school and community.
4. To provide students with the opportunity to become leaders in the student body for a drug free school.

5. To provide solutions for the student who does use drugs and alcohol.
6. To provide the school with positive guidelines and disciplinary policies for violations of the drug-free policy.
7. To encourage those students who participate in athletics, drive to school, opt-in and extracurricular programs to remain drug free and alcohol free.

The program does not affect the current policies, practices, or rights of the District regarding student drug and/or alcohol possession or use, where reasonable suspicion is established by means other than drug testing through this policy. The drug testing policy is designed to be non-punitive.

Students involved in extracurricular activities need to be exemplary in the eyes of the community and other students. The drug testing and education policy is designed to create a safe, drug free environment for students and assist them in getting help when needed. Although students risk the loss of continued participation in extracurricular activities, a student may be disciplined for a violation of this policy, subject to and if applicable per the Student Code of Conduct..

Students will not be penalized academically for testing positive for banned substances that occurred outside of school as determined by a thorough investigation.

Any student in grades six (6) through twelve (12) and his/her parent(s) or legal guardian(s) must first sign a drug testing registration/consent form in order to be eligible to participate in any one or combination of the following:

1. drive a motorized vehicle to school
2. driver education
3. athletics
4. extra-curricular activities other than athletics

The term “alcoholic beverage” includes any liquid or substance, such as “near beer” which contains alcohol in any proportion or percentage. The term “alcoholic beverage” does not include a substance used for medical purposes in accordance with directions for use provided in a prescription or by the manufacturer and in accordance with school district policy and rules related to the use of prescription and non-prescription drugs, provided the substance is a) authorized by a medical prescription from a licensed physician and kept in the original container, which shall state the student's name and directions for use or b) an over-the-counter medicine.

## **TYPES OF TESTING**

### **TEAM TESTING**

All eligible students will submit to urine and/or hair follicle drug and alcohol testing. The collection process will take place on school property or at a Board of Education approved testing facility. The Head Coach is responsible for ensuring that all student athletes and their parent/guardian/custodian properly sign the INFORMED CONSENT AGREEMENT prior to testing. Any student who was not previously tested by the District during the current twelve (12) month period may be tested at the time they join the applicable program.

### **RANDOM TESTING**

In-session random testing is done throughout the season. Lowellville Local Schools may have up to 100% of its eligible students tested per random selection. A student may be tested more than once per season and/or if there is reasonable suspicion of violation of the Drug Testing Policy. In the event of a positive result, the specimen will be sent to a laboratory for confirmation of results and a certified Medical Review Officer will determine the results.

#### **a. Random selection of student athletes:**

The Superintendent, or their designee, will use a system to ensure that students are selected in a random fashion. This system may include computer generated random numbers or names or by pulling numbers from a pool of numbers equal to the number of eligible student athletes.

#### **b. Scheduling of random testing:**

Random testing will be unannounced. The day and date will be selected by the Superintendent, or their designee and confirmed with the building administrator. Random testing may be done at any time.

## **REASONABLE SUSPICION**

A suspicion based on specific personal observations, including, but not limited to, appearance, speech, body odors, behavior, or other physical or observable traits of a student that creates a belief by the observer that a student is using or has been using drugs. Among other things, such facts and inferences may be based upon one or more of the following criteria:

- A. Observable phenomena, such as direct observation of drug use or the physical symptoms or manifestations of being under the influence of a drug, including but not limited to appearance, speech, body odors, behavior, or other physical or observable traits of the student. In the case of performing enhancing drugs or anabolic steroids, observable phenomena includes unusual increase in size, strength, weight, or other enhanced athletic abilities.
- B. Evidence that a student tampered with a drug test.
- C. Evidence that a student used, possessed, sold, solicited, transferred drugs while at school or while participating in any interscholastic athletic program or extracurricular activity.
- D. Inconclusive, adulterated, or suspect test results or drug tests that report test acceptability criteria have not been met.

## **DRUGS FOR WHICH STUDENTS MAY BE TESTED**

The drugs students may be tested for include, but are not limited to: LSD, Alcohol, Marijuana, Amphetamines, Methadone, Anabolic Steroids, Methaqualone, Barbiturates, Nicotine (Tobacco), Benzodiazepines, Opiates, Cocaine, Propoxyphene (Darvon), or any substance included in U.S.C. 802 (6), which an individual may not sell, offer to sell, possess, give, exchange, use, distribute, or purchase under State or Federal Law. This definition also includes all prescribed and over-the-counter drugs being used in any way other than for medical purposes in accordance with the directions for use provided for in the prescription or by the manufacturer.

## **CONFIDENTIALITY**

Because the selection and reporting process for the student tested is confidential, the selection, collection, chain of custody documentation and reporting of results are accomplished using identification number codes. District administration shall establish a master list of student's names and unique code numbers. The list is maintained in a secure and locked location. The Superintendent, building Principal, Athletic Director, and other designated personnel, are the only individuals who shall have access to the list. These code numbers are used to select the pool to be tested for random testing.

The testing vendor shall coordinate with appropriate District personnel to schedule students for the collection of urine and/or hair follicle samples.

A testing vendor representative and District administrator shall be present at the collection site for the purpose of coordinating the identification of the student to be tested and the assignment of the code number master list. From that point on, the code number is utilized for specimen identification and reporting. The collection site master list is used to record prescription and over the counter medication that the student has identified as used in the five (5) days prior to the collection.

The collection site master list is then used by the District administration to identify the test student's parents when positive, confirmed results or when inconclusive adulterated or suspected results are reported by identification number by the testing laboratory in accordance with this policy.

## **COLLECTION PROCESS**

When a student is selected or directed to undergo a drug test pursuant to this policy, the student will be notified by the building principal or other designated school district personnel to report to the collection site. A urine and /or follicle specimen and/or mouth swab-will be collected from the student as follows

- A. All students are identified by the Designated Personnel or Principal at the collection site. No exceptions will be allowed.
- B. Drug testing area must be secured during the testing.
- C. Only lab technicians, designated school administrators and students will be witness to the test.
- D. Privacy of the test results will be kept for all students.
- E. The Designated Personnel is responsible for ensuring that all of the forms are completed and signed by both parent/guardian/custodian and student. No student is to enter the collection site until proper identifications are completed.
- F. When students arrive and cannot give a urine sample, they will need to start drinking water, pop or juice.
- G. No bags, backpacks, purses, cups, containers or drinks will be allowed to enter the collection area. All coats, vests, jackets, sweaters, hats, scarves or baggy clothing must be removed before entering the collection site. Only pants and t-shirts or dresses may be worn in the collection area. Any infringement of the rules will result in the student taking the test over.
- H. Students processed by the lab technician who cannot produce a sample will be kept in a secured area to wait until they can test. If the student leaves this area, they will not be allowed to test and this will be considered a "refusal to test". Students are not to have contact with anyone until after the sample is given.
- I. Prior to providing a sample, sStudents will be asked to hold out their hands and a sanitizer will be put on their hands or will wash hands with water. The bathroom personnel will add a dye to the toilet.
- J. Students will be asked to urinate directly into the collection cup given to them by the lab personnel. The lab technician will stand outside the stall and listen for normal sounds of urination.
- K. Any and all adulterations of the specimen will be detected and considered the same as a test refusal or first time infraction. (The lab checks every sample for adulteration, such as additives you drink or add to urine to change the sample.)

- L. Adulterations: We will treat adulterations and diluted samples as first-time offenses. They are not called positives but have the same consequences. A retest will be required within 24 hours.
- M. Any suspicion of tampering with the sample will be brought to the tester's attention. The sample will be screened or sent to the lab for immediate confirmation of tampering.
- N. The sample must be taken in one attempt and be at least 30 ml in size. The student must hand the cup to the lab technician.
- O. Students are not to flush the toilets or urinals. In the event that a student flushes the toilet he or she will be required to give a new sample immediately or the sample will be invalid.
- P. With a student watching, the lab technician will recap the sample and hand it to the student who must then return it to the intake technician. In the event that the student does not hand the cup AFT directly to the intake technician, the sample is invalid and a new sample must be taken. If the student leaves the collection area or has contact with anyone, the sample will be invalid and the student will have to give another sample.

This collection procedure is subject to change because of procedural requirements by the testing agency. The School Board reserves the right to change the collection procedure to coincide with the testing guidelines set forth by the testing agency.

When using rapid screens, all non-negative screens will be sent out with a chain of custody to a certified laboratory for confirmation. A Certified Medical Review Officer will verify the positive test.

Any student that tests positive will have to be tested weekly for the term of a six (6) week program with drug counseling at the expense of the student and or parent. Testing will be done by a reputable vendor/company that the school selects.

## **REFUSAL TO TEST**

Refusal to submit to a random or reasonable suspicion test will constitute a violation of this policy and will be treated as a positive test result.

## **CONSEQUENCES OF A POSITIVE TEST RESULT OR OTHER VIOLATIONS**
