### **Pay Guidelines**

This is a guide for administering salaries and wages for Teacher, Administrative Program, Administrative Support, Instructional Support, ROCK After School Program and Auxiliary (Child Nutrition, Facility Operations and Transportation) personnel of Rockwall Independent School District.

Practices described are intended to implement local School Board policy and goals, state and federal regulations, and appropriate accreditation standards.

### **Job Classification**

District jobs are assigned to pay ranges based upon compensable factors and grouped with jobs of similar value.

On a periodic basis, selected jobs from each job grade will be reviewed to ensure that conditions in the District, such as organizational structure, major programs, or significant responsibilities in a particular job, have not changed to a degree warranting a change in job range classification. This review is to be at the direction of the Superintendent or his designees, which shall be the Senior Chief Financial Officer and the Chief Human Resources Officer.

Newly established jobs should be analyzed and range assignment determined prior to hiring personnel for the position. This procedure accomplishes two objectives. First, the appropriate pay range becomes part of the recruitment and hiring strategy of the District. Second, a consistent practice of salary administration is established at the initiation of each job.

### **Pay Increases**

Annual pay increases are not guaranteed. If approved, raises are based on the mid-point of each pay range. **Rockwall ISD does not operate on a Step schedule.**

In order **to qualify for a raise**, an employee **must be employed on the last day of their Contract year** and, **without a break in service**, have **earned a year of creditable service**. The Texas Education Agency (TEA) refers to 90 full-time equivalent days (% of day employed multiplied by number of days employed) as a creditable year of Experience (i.e.: days employed x FTE = Equivalent Days Worked).

Child Nutrition, Maintenance, Transportation and ROCK employees must be employed prior to the 90th day of the appropriate work schedule and **must be employed on the last day of their contract year** and, **without a break in service**, in order to earn a year of service.

General pay increase recommendations presented to the Rockwall ISD Board of Trustees by the administration shall be based on consideration of such factors as cost of living indexes, wage increases within competitive job markets and budget resources.

## **Pay Ranges**

Pay ranges represent the internal job classification as well as external job market pay levels. The greater the level of compensable factors present in a job, the higher the placement in the pay range structure.

The use of pay range levels facilitate payroll administration and maintain the integrity of the job worth. The midpoint is the chief control point in the system. A minimum and maximum pay rate for each range is computed from the midpoint range using technical standards that are designed to maintain pay equity or fair pay for each job in the system of jobs.

Employees should be assigned to a pay range and paid a salary rate between the minimum and maximum (inclusive). Minimum and maximum pay rates are valid for only one year. No general pay action is intended to extend an employee's pay above the pay range or add pay to an employee's pay already paid above the assigned range maximum.

## **Initial Employment**

Employment, assignment, and salary placement should be in accordance with the job requirements as specified in the job description. **Where job requirements include transcripts, certificates, or licenses, these must be official and on file with the District. A Texas educator service record or chronology of prior work history (if previously employed full time) including the last current salary or wage is required.**

Salary placement will be at the direction of the Superintendent or his designees, which shall be the Senior Chief Financial Officer and the Chief Human Resources Officer. The Department of Human Resources shall determine hiring rates based upon job-related qualifications, salary history, and salaries of other employees in same position. Advertisements for positions typically will identify the range minimum up to the midpoint range as the possible starting salary range. Salary placement strategies may be different for each employee family consistent with objectives of District goals.

Administrators/Non-teaching Professional Employees – The Superintendent or his designees, which shall be the Senior Chief Financial Officer and the Chief Human Resources Officer, shall individually set hiring rates for the new administrators/non-teaching professional employees under the following guidelines:

1. Persons with previous job experience or special skills may be hired at a rate up to but not exceeding the control rate of the pay range.
2. New administrators/non-teaching professional employees shall normally not be started at a rate above the salary of other district employees with more experience in the job.

3. New administrators may be started at a salary above the control rate if a pay decrease would otherwise occur.
4. A new employee in a hard to fill position or with special qualifications may be placed above the control rate with consideration given for current employees in that specific pay range.

### **Classroom Teachers**

The Superintendent or his designees, which shall be the Senior Chief Financial Officer and the Chief Human Resources Officer, shall annually establish a starting salary for all new hire teachers with zero years teaching experience. The starting salary will reflect the hiring objectives of the District. Starting salaries for all other new hire teachers will be based upon consideration for experience and area of teaching specialty. New teachers to the District will not be placed above salary levels of continuing teachers with similar training and teaching experience.

The Superintendent or his designees, which shall be the Senior Chief Financial Officer and the Chief Human Resources Officer, may approve hiring rates up to or above the midpoint range when an applicant has exceptional job qualifications or the position cannot otherwise be filled.

### **Promotion**

For compensation purposes, a promotion occurs when an employee is placed in a higher pay range except for general structure changes or position reclassification. The effective date of the promotion is determined by the Superintendent or his designees, which shall be the Senior Chief Financial Officer and the Chief Human Resources Officer.

The new salary rate shall be equal to or greater than the minimum, rate for the new range, but in no case shall it exceed the maximum rate for the new range. Promotion increases shall normally follow these guidelines:

1. The basis for computing a promotion increase shall be the employee's previous base pay rate, exclusive of stipends or supplements, and the midpoint of the new range.
2. If current pay rate is above the midpoint of the new range, **may give up to 3.0 percent** of new range control rate for a promotion increase.
3. If current pay rate is below new midpoint, **may give up to 7.0 percent** of the new midpoint for a promotion increase.
4. If a promotion increase advances employee's pay above new midpoint, adjust promotion increase to a rate not to exceed new midpoint.

5. If promotion increase does not advance employee to new range minimum, adjust promoted employee's pay to new range minimum.

6. If the promotion adjustment is applied when new raises are effective, an employee may receive the general pay increase from his or her current pay range; and the promotional increase will then be computed.

7. The District can if necessary, exceed the promotion increase in order to keep at the current market value.

**8. The adjusted salary for newly promoted employees shall normally not be started at a rate above the salary of other District employees with more experience in the job.**

Increases are calculated on daily or hourly rates of pay. Increases over 30 percent in total pay must be approved by the Superintendent or his designees, which shall be the Senior Chief Financial Officer and the Chief Human Resources Officer.

### **Reclassification**

On a periodic basis, jobs may be reclassified into a different pay range or salaries may be adjusted within pay ranges in order to maintain the internal/external equity to other jobs of similar worth in the District. Reclassification of a job is not a promotion or demotion. Reclassification changes result when there has been a significant modification of job duties or qualifications as determined by the District. If an employee's job is reclassified, no special increase will be given unless the employee is below the minimum for the new pay range or the current job incumbent's pay rate is in an inequitable position in comparison to comparable jobs.

These job reclassifications and salary adjustments may be conducted at the direction and approval of the Superintendent or his designees, which shall be the Senior Chief Financial Officer and the Chief Human Resources Officer.

### **Demotion**

For compensation purposes, a demotion occurs when an employee is placed in a lower pay range except for general salary structure changes or position reclassification. At the direction of the Superintendent or his designees, which shall be the Senior Chief Financial Officer and the Chief Human Resources Officer, an employee's pay rate may be reduced.

### **Reassignment**

Placement in a lower pay range not resulting from a demotion may not immediately reduce salary. Programmatic, organizational, or funding changes are examples of such actions, which may create this condition.

### **Training Adjustments/Requirements**

For the \$1,500 differential for teachers earning a Master's Degree and/or a \$1,000 differential for teachers earning a Doctorate Degree, the employee must provide an official transcript showing the date the Master/Doctorate degree was conferred/awarded.

Library Media Specialists must have completed a Master's degree in library science.

### **Rockwall Independent School District Compensation Package:**

**Unless otherwise specified by a supervisor, the District unilaterally designates that all employees will be paid on an annualized (12-month) basis in accordance with the District's payroll calendar.**

In addition to salary, the compensation package also includes a District contribution of the lesser of \$361.00 per month or the cost of insurance premiums, per employee, for those who are enrolled in the TRS Active Care Plan, along with a \$20,000 term life insurance policy.

### **Salary Ranges**

The District will continue to align its pay structure with the market data presented. The pay structure divides position titles into job grades and within each job grade is pay ranges that categorize/align those positions that have common skills, responsibilities, and expectations. Each pay range consists of a minimum rate, midpoint rate and maximum rate.

The midpoint is the market value of the position based on average salaries for similar position's in fourteen school districts that make up RISD's comparison/peer group.

The fourteen/peer districts are:

Allen	Carroll	Coppell
Forney	Frisco	Garland
Highland Park	McKinney	Mesquite
Northwest	Plano	Richardson
Royse City	Wylie	

To identify an employee's pay range, please refer to the 2024-2025 compensation plan located on the Human Resource page of the [www.rockwallisd.com](http://www.rockwallisd.com) website. Rockwall ISD continues to be a market sensitive competitor for all positions in the District.

## 2024-2025 HIRING SCHEDULE FOR ROCKWALL ISD TEACHERS/NURSES/LIBRARY MEDIA SPECIALISTS ONLY

*The salary scale below is based on a 10-month (187 days) employment contract for the 2024-2025 school year. Salary plans are determined on an annual basis and salary advancement is not guaranteed. Pay increases are based on the annual pay raise budget approved by the Board of Trustees. Salaries are determined individually with consideration for job-related experience and credentials.*
