We are very happy to be working with the junior class again this year. Our job as counselors is to help guide students in making academic and behavioral choices in high school that will assist them in their post-secondary endeavors and future career plans.

The counselors will be going into the classrooms to do presentations on graduation requirements and the Individual Graduation Plans next month. Your counselors will be available to meet individually with students to discuss their future plans. Once completed, these will be sent home for parents to sign and return to school. If any student was absent for a presentation, they should see their designated counselor. Parent and student conferences are also encouraged, especially if your child is confused about his/her future.
