Dear Pauline Pearce,

I am pleased to inform you that the International Baccalaureate Organization (IB) has approved your school for authorization to offer the Career-related Programme. There are several steps which must now be taken in order to complete the authorization process.

Enclosed you will find a statement of acceptance documenting that your school's leadership is aware of the terms and conditions under which you are being authorized to offer the Career-related Programme. This agreement is to be signed and uploaded to the school's Action plan on My School by no later than 26 August, 2024.

At this time please review your school profile on <https://internationalbaccalaureate.force.com/ibportal/IBPortalLogin> and update any information that may have changed during authorization so the IB can provide an accurate authorization letter and certificate.

Once you have uploaded the statement of acceptance the school will receive its authorization letter and certificate of authorization. Following this, the school will be added as an authorized school for the Career-related Programme on the IB public website.

Please note your school will not officially be authorized until the signed statement of acceptance has been received by the IB.

Congratulations on the efforts the school has made so far in working towards authorization.

Sincerely yours,

Sean Rankin  
Head of Authorization
