

Special Instructions for Percussion Students

All students signing up for percussion need to rent a **bell kit or percussion kit**. Your child will need to carry this instrument up the stairs at school and to and from the bus stop. Your child will not be permitted to use the elevator. Your child must be able to carry this kit without help from others.

Bell kits/percussion kits come with a metal set of bells, a drum pad and a stand that both pieces sit on. Please do not rent or purchase a kit that also has a snare drum this year. These kits are too big for the students to handle and bring to school. If you rent, you will be able to turn this kit in and exchange it for a snare/bell kit (full bell kit plus a snare drum) for 6th grade. Please see pictures below for examples of both kinds of kits.

Bell/Percussion kit

Snare/Bell Kit – do not rent or purchase this kit
