UPPER LAKE UNIFIED SCHOOL DISTRICT

2021 – 2022 Annual Budget Report

Summary

The 2021 – 2022 Annual Budget is based on the best available information from the State of California. As with any budget, it is a snapshot of a point-in-time and should be considered a living document. During the upcoming year, the budget will continue to be revised and re-presented to the Board in the form of Interim Reports.

Governor's Budgets

As the District successfully concludes a year of challenges brought about by the COVID-19 Pandemic, we find reason for cautious optimism in the latest budget as released by the governor's office. This May Revise release contains mostly good news for the District, especially on the budget front.

As has been mentioned before, a district must receive a Cost-of-Living Allowance (COLA) of 4% in order to maintain its purchase power in areas such as utility costs, outside labor, step-and-column advancement, and more. Although schools have never experienced a 4% COLA, this year the May Revise proposes a "catch-up" COLA that will in some ways make up for the 0% COLA of 2020 – 2021. This augmented COLA is proposed at 5.07%, although the final budget, due to be enacted at the end of June, may see that decrease, possibly significantly, although the likelihood of that is slim.

As such, school business organizations such as the California Association of School Business Officials (CASBO), Capital Advisors, and School Services of California have each encouraged the adoption of the proposed COLA into our budget model. The COLAs for the past several years and what has been proposed for the three subsequent years is listed in the table below:

LOCAL CONTROL FUNDING FORMULA – COST OF LIVING ALLOWANCE						
2018-2019	2019-2020	2020-2021	2021-2022	2022-2023	2023-2024	2024-2025
3.70%	3.26%	0.00%	5.07%*	2.48%*	3.11%*	3.54%*

**Proposed COLA*

In addition to the augmented COLA, several proposals have been put forward that could impact the way the District conducts operations. There proposals range from Universal Kindergarten to an increase in Supplemental & Concentration Funding.

Local Control Funding Formula (LCFF)

The main source of funding for our District is the LCFF. These funds, based on a district's Average Daily Attendance (ADA), are provided by the State of California. During the 2020 – 2021 School Year, the state had implemented a "hold harmless" provision that allowed districts who were losing students due to the pandemic from also losing funding.

The Upper Lake Unified School District has traditionally maintained a semi-static enrollment, fluctuating about 10 students up and down each year. Although our attendance remains steady, we are unfortunately not funded on enrollment, but rather, on our Average Daily Attendance (ADA).

ADA can be affected by many things, but in our district, low ADA is usually the result of Chronic Absenteeism; this is an issue that the District will begin to address anew in 2021 – 2022 as state laws prohibited the use of many of the tools we would normally use to dissuade students from missing class.

For all intents and purposes, the District will be “held harmless” for the 2021 – 2022 School Year as well. The state will look at our ADA for 2019 – 2020, and compare it to our ADA for 2021 – 2022. Whichever is higher will be the number on which we will be funded.

There has been some discussion about increasing certain LCFF Funds, but as the budget is still under discussion in the State Legislature, we are unsure what, if any, changes will survive from the May Revise unchanged.

Federal/State Funds and One-Time Monies

The District has been the recipient of both Federal and State COVID-19 Learning Loss and Pandemic mitigation funds. Although many of these have been recorded in the new-year, others have not due to the lack of related accounting codes. As these codes become available, the money will be recorded and presented in the interim reports. In total, it appears that the district will realize in excess of \$5,667,000.00. Exact numbers are not available as the numbers keep changing, so far in our favor.

The May Revise calls for increases to afterschool programs, career tech ed programs, and more. In addition, there is a call for classified staff professional developments. More information will be provided at the August Board Meeting based on the enacted state budget.

Additional Positions

Having identified several academic and social emotional needs at the district, we have shifted several people into temporary positions and filled their teaching spots with new hires. In addition, we are working to fill several positions related to counseling and the overall wellbeing of the students. To offset these new expenses, we have assigned several of the positions to the COVID-19 federal and state funding streams. This allows us to focus on recovering from the effects of the pandemic while maintaining a certain level of fiscal health.

Multi-Year Projections

The District’s Multi-Year Projections (MYP) show no deficit spending over the next three years. Ending Fund Balances (EFB) for Unrestricted General Fund Accounts over the next three years are listed below.

Upper Lake Unified EFB Amounts	
FISCAL YEAR	AMOUNT
2021 – 2022	\$421,164.00
2022 – 2023	\$325,119.97
2023 – 2024	\$230,318.43

The District is in the process of solidifying its financial position through the targeted use of one-time funding to address both one-time and multi-year expenses. Examples of such uses would be the Gym HVAC replacement, the remodel of the Elementary School bathroom, and the retirement of long-term debt, such as the outstanding Golden Handshake annual payments.

Contributions

Over the past few years, the district has made contributions to several programs, two of which are special education and the food service program. The proposed state budget not only includes a COLA for most programs, but also includes an unexpected increase to special education funding. This is a much-needed increase and will not only help students in need of specialized services, but will also save money previously required of the unrestricted General Fund.

Food services is also running “in the black” and should not need a contribution this year, again saving unrestricted dollars. There is also money in the proposed state budget to increase reimbursements for meals and to remodel and improve kitchen facilities.

Cash Flow

The May Revise proposes the elimination of nearly all of the cash payment deferrals from the state, with the exception of the June-to-July deferral. This will not eliminate the repayment schedule for the 2020 – 2021 deferrals, but will instead eliminate the 2021 – 2022 deferrals, except as noted above. Should this survive into the final budget, cash flow will not be an issue.

Reserves

The District will maintain a static reserve of \$1,500,000.00, up \$300,000 from the 2020 – 2021 School Year. This money is not to be counted on for continued operations. It is one-time money, and should be treated as such. A healthy reserve allows for the Board and District Administration to make smart decision when situations arise rather than quick decisions that may cause harm.

In addition to the \$1.5 million, the District maintains a “Stabilization” account which can provide for quick needs as well as long-term security without affecting our assigned reserves. The projected size of the Stabilization account is approximately \$1.1 million across all years.

The required reserve for a district our size is 4%, and the Board has expressed a desire to maintain a minimum of 8% in reserve. The Governmental Financial Officers’ Association recommends districts maintain greater than 16% reserves to prepare for economic downturns. When the Stabilization Account is considered, we maintain the desired percentage.

The Governor’s Budget proposes a large payment into the state’s Education Rainy Day Fund, which would trigger reserve caps to be implemented by districts throughout the state. This cap of 10% of expenses would not affect us as our ADA is less than 2,501. Due to our size, we are allowed to continue to maintain a healthy reserve.

Conclusion

If the main points of the Governor's May Revise are enacted, the District will be able to provide a strong, ongoing program capable of meeting the needs of our students on either the college or the career track. We are currently, financially, on a strong footing, not only for the 2021 – 2022 School Year, but for the foreseeable future should the state's economic recovery continue as expected.

Although we see a bright future for the district and its students, we must continue to budget with an eye to our fiduciary responsibility. As we saw during the May Revise in 2020, forces beyond our control can quickly create an untenable financial position in a matter of months without any foreseeable indicators to provide fair warning.

4. CRITERION: LCFF Revenue

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the district's gap funding or cost-of-living adjustment (COLA)¹ and its economic recovery target payment, plus or minus one percent.

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's gap funding or COLA¹ and its economic recovery target payment, plus or minus one percent.

¹ Districts that are already at or above their LCFF target funding as described in Education Code Section 42238.03(d) receive no gap funding. These districts have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.

8C. Comparison of District Deficit Spending to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

- 1a. STANDARD MET - Unrestricted deficit spending, if any, has not exceeded the standard percentage level in two or more of the three prior years.

Explanation:
(required if NOT met)

The Certificates of Participation which were recorded incorrectly in Fund 01 in 2018 - 2019 were moved to Fund 40 in that year, resulting in a deficit at the conclusion of the Fiscal Year.

9. CRITERION: Fund Balance

STANDARD: Budgeted beginning unrestricted general fund balance has not been overestimated for two out of three prior fiscal years by more than the following percentage levels:

Percentage Level ¹	District ADA
1.7%	0 to 300
1.3%	301 to 1,000
1.0%	1,001 to 30,000
0.7%	30,001 to 400,000
0.3%	400,001 and over

¹ Percentage levels equate to a rate of deficit spending which would eliminate recommended reserves for economic uncertainties over a three year period.

The Cafeteria was the subject of the transfer and it was made for cashflow purposes only. At this point, the program appears to be running in a self-sufficient manner and we fully expect the \$100,000.00 transferred in 2020-2021 to be transferred back to the General Fund by the end of the Fiscal Year. No further contributions are planned, although there may be a temporary transfer from time-to-time for cashflow purposes.

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized at budget adoption, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards, and may provide written comments to the president of the district governing board and superintendent.

EXPLANATION FOR BALANCE

The District maintains a reserve above the state recommendation for the following reasons:

Maintain Cash Flow - With state mandated cash deferrals and shortfalls at the beginning of the school year, it is imperative to maintain budget liquidity.

Address Unexpected Costs - The District may encounter students with unique and special needs that exceed the immediate ability to pay.

Save for Large Purchase - This includes technology, textbooks, and equipment.

FOOTNOTES

**Assigned balances represent resources that are intended to be used for a specific purpose. Intent may be established by the governing board or a district official. Constraints may be imposed or removed before any budget adoption.*
