UPPER LAKE UNIFIED SCHOOL DISTRICT

2019 – 2020 District Budget

Summary

The 2019 – 2020 budget is based on the best available information from the State of California following the Governor's May Revise. As with any budget, it is a snapshot of a point-in-time and should be considered a living document. During the upcoming year, the budget will be revised and re-presented to the Board in the form of Interim Reports.

The guiding wisdom for developing this budget was the following:

- Maintain a strong educational program capable of producing young adults who are capable of taking the next steps in their education and career.
- Identify areas of concern that can be improved upon via the budgetary process.
- Review and research previous spending patterns and allocate funds for the coming year based on actual need.
- Consolidate one-time monies that can bolster the financial health of the District.
- Find revenue streams and maximize their amounts.
- Underestimate revenue and contributing factors (ADA, Unduplicated Counts, etc.) in order to create a cushion.
- Eliminate deficit spending.
- Build significant reserves that allow for fluctuations in economic uncertainty and provide for educational needs.
- Create better tracking systems for expenses.

All of these key points, plus more, produced a reasonable budget that will act to ensure that staff can continue to offer well rounded programs to the students of Upper Lake.

Zero-Based Budgeting Process

In developing the budget for 2019 – 2020, the Business Office adopted the approach of using zero-based budgeting; a process by which the canvas is wiped clean and the budget is built from scratch. This allowed for several things to happen.

First, the current-year budget was produced and reviewed, line-by-line, in an effort to determine spending patterns and inherent needs. In the system software, few historical notes existed to show where money was targeted, and the exercise of printing reports for each account-line proved to be invaluable in budgeting for the new year.

Second, the new-year model was created, and revenue was calculated based on the best information available from School Services of California and the Fiscal Crisis and Management Assistance Team. This information laid the foundation for the budget.

Finally, salaries and other expenses were entered into the new budget year, using the current year as a guideline. Certain expenses from the current year were deemed one-time purchases or events, while others were noted to be recurring by nature.

The end result is a budget that will flex by need over the course of the year, and then serve as a model for the next few years, at which point we will build the budget from scratch again.

Important Factors

Enrollment on Census Day in October of 2018 was 855 students. Enrollment increased in the second half of the school year to a high of 908, producing Period-Two attendance (Average Daily Attendance, or ADA) of 775.78 students. This is the number that determines our funding for Supplemental and Concentration Grants in 2019 – 2020.

Our Unduplicated Pupil Count (UPC) is 643 students. This means that 643 students are classified as being low income, foster youth, homeless, or English Learners. Although that equals 75% of our student population, we are able to claim the calculated average percentage (Unduplicated Pupil Percentage – UPP) in a three-year rolling cycle; We are currently funded on 78%. In 2017 – 2018 we calculated an 83.93% UPP and then dropped down to a 75.12% for 2018 – 2019. This drop is partly due to a change in how the food service program operates. When the District adopted a Community Eligibility Provision (CEP) status, where all students in the district eat for free regardless of eligibility status, it became difficult to collect applications that would boost our numbers and assist with other streams of revenue. In 2019 – 2020, the district is making a new, concerted effort to collect an alternative income verification form and to identify eligible students for inclusion in our state reporting. This additional funding will directly benefit the student populations who are most in need of additional support.

Chronic absenteeism districtwide has reached nearly 20%. New initiatives planned for 2019 – 2020 aimed at getting students to class will not only benefit them greatly in their studies and subsequent success, but also bolster revenues to further support educational efforts. As the district is currently funded by state revenues in the amount of \$11,269.25 per student, even slight shifts in ADA are important. For example, raising our daily attendance by a mere 10 ADA would equal \$112,692.50.

State pension costs (CalSTRS for certificated staff and CalPERS for classified staff) continue to increase, but the governor and the legislature have noted a willingness to subsidize the increasing costs providing a much-needed break for school districts statewide. We will know more once the state budget has been signed.

Cost-of-living allowance (COLA) for the year has been purported to be 3.26%. This number is not yet final, and the legislature has discussed higher numbers in recent weeks. How these discussions translate

to the final budget has yet to be seen. We do not believe the COLA rate will be lower than 3.26%, which is what this budget has been calculated on.

COLA is mitigated by the increase in salaries with regard to Step-and-Column. Classified step-and-column increases for this year are 2.2% and certificated increases are 1.37%.

This budget is built only on step-and-column increases and negotiations have not been settled for the 2019 – 2020 school year.

Minimum wage is set to increase from \$12.00/hour to \$13.00/hour on January 1, 2020. It will continue to increase \$1.00/year until it reaches \$15.00/hour. This is a subject of negotiations and will impact the budget in coming years.

The Middle School is the recipient of a Comprehensive Support and Improvement (CSI) grant equaling \$172,442. This grant will benefit the Middle School, its staff, and its students for the entire 2019 – 2020 school year. The grant can be used for many things, such as training, workspace/classroom augmentation, and more.

Positive Behavioral Interventions and Supports (PBIS) has been reported to have concluded with the 2018 – 2019 school year. Should any PBIS money become available for 2019 – 2020, it will be included in a revised budget.

Special Education contributions from the General Fund continue to be high, but there has been discussion about monetary relief being provided in some amount by the state. At the time this budget was prepared, there was little follow-up information.

Programs such as the Career Technical Education Incentive Grant continue and provide much needed revenue to the district and offer support for a student school-to-career pathway. The After-School Education and Safety Grant continues to provide for after school services for the Elementary School.

Estimated Numbers

Major state and local revenues are projected as follows:

- Local Control Base Grant: \$6,458,148.00
- Grade Span Adjustment: \$241,257.00
- Supplemental Grant: \$1,045,374.00

- Education Protection Account: \$1,247,237.00
- State Lottery (Unrestricted): \$117,000.00
- State Lottery (Restricted): \$41,068.00
- Special Education: \$319,163.00
- After-School Education & Safety: \$63,071.00
- State Revenue per ADA: \$11,269.25

Major federal revenues are projected as follows:

- Title I: \$303,000.00
- Title II: \$39,000.00
- Title V: \$14,000.00
- IDEA Special Education: \$158,000.00
- Perkins: \$11,611.00
- California Partnership Academies: \$136,650.00
- Career Technical Education Incentive Grant: \$135,000.00
- Comprehensive Support and Improvement: \$172,442.00
- Ag Career Tech: \$9,500.00

Major Expenses are projected as follows:

- Certificated Staff: \$3,642,276.00
- Classified Staff: \$1,550,211.00
- Benefits: \$2,986,432.00
- Supplies: \$921,153.00
- Services: \$1,231,923.00

Conclusion

This budget is lean, but it allows for flexibility over the course of the year based on need. The reserve was intentionally set high to absorb some of the additional spending that is predicted to happen, while keeping unnecessary spending in check. Again, this is a living document that will adjust during the year, and it will be reported to the Board as it changes.

District reasons for a higher reserve balance:

- Manage cash flow
To mitigate shortfalls in cash during the beginning of the school year
- Address unexpected costs
Such as special education costs for students with highly specialized needs, emergency facility repairs, natural disasters, or lawsuits resulting in costly settlements
- Save for large purchases
Including textbooks, technology and equipment
