UPPER LAKE UNIFIED SCHOOL DISTRICT

Second Interim Report

SUMMARY

The Second Interim report contains information from July 1, 2019 through January 31, 2020. It is based on the best information we have to date. State revenues remain strong, and the concern over a recession has turned more towards the idea of an extended slowdown. Education funding will increase for the 2020 – 2021 school year, although districts will see less money than was originally projected.

The Upper Lake Unified School District continues to be in good health, although some of our initial predictions on the budget and reserve have undergone a necessary change over the past few months:

- Since the First Interim Report, the Period One (P-1) Attendance has been calculated and submitted, and revenue numbers adjusted to compensate for the changes in attendance seen throughout the district.
- The Cost of Living Allowance (COLA) for 2020 – 2021 is projected to change (again) but this time it will increase above the previous release by the state. It will, however, still remain below the level noted during the creation of the 2019 – 2020 Budget.
- All negotiated pay increases have now been reflected in the budget. Although we knew the cost would impact the bottom line for the current year, it was not reflected fully until now due to the timelines of the Interim Reports.

ENROLLMENT AND ATTENDANCE

Enrollment has decreased from 855 on Census Day (the first Wednesday in October) in the 2018 – 2019 school year to 844 for the 2019 – 2020 school year. Our unduplicated pupil count (UPC), however, increased from 642 to 678 respectively. This is due in large part to the exceptional efforts of the school and district staff in ensuring every student is identified and counted appropriately.

Our P-1 data has also changed significantly. In 2019, our P-1 reported an Average Daily Attendance (ADA) of 730.51. In 2020, the P-1 shows an ADA of 771.69. This is also a testament to the efforts of each site in ensuring students are well cared for and engaged in such a way that they choose to come to class.

The growths in our UPC increases our Supplemental and Concentration (S&C) funding considerably. The increase in ADA brings more general, unrestricted monies, as well as certain federal funds to the table. Ideally, we would like to see a growth in enrollment as well, but these increases serve the district suitably for now.

All funding decisions made in this report are based on a flat enrollment and ADA numbers. Any increases we realize will amount to funding above what has been anticipated in this report.

MULTI-YEAR PROJECTIONS (MYP)

The Second Interim MYP presents an accurate picture of future years and is calculated on conservative growth. Enrollment is projected flat from this year into the next two years based on original numbers calculated in October. The District will experience deficit spending in the current year in Unrestricted monies. Reductions in personnel, purchasing, and services will eliminate this deficit in the out-years. Restricted accounts will also run as a deficit this year, and the following two years. This is not unusual for restricted funds due to items such as food service and special education, which often require contribution. The deficiency is reduced greatly in year two and year three.

Deficit spending is not unusual throughout the state at this time, as most districts are experiencing deficits because of the new Local Control Funding Formula, which provides only Cost of Living Allowances (COLA) from year to year.

The COLA for this year is 3.26%, with a projected amount of 2.29% in 2020 – 2021. To put things in perspective, a COLA of 4% is required for districts to maintain the status quo from year-to-year, accounting for rises in pension costs, utilities, step-and-column, and more.

REVENUE

Several issues have the ability to impact District revenue:

- COLA – COLA is proposed to be 2.29% for the 2020 – 2021 school year and 2.71% for the 2021 – 2022 school year.
- Enrollment – Enrollment has decreased significantly in the past few months, dropping from 846 in October to 826 today. How this affects our funding remains to be seen, as there has been significant growth in our attendance numbers.
- Attendance – The District has worked diligently this school year to assist school sites with increasing attendance. The high rate of chronic absenteeism has had a negative impact on the District's budget. Interventions at every site have had a positive impact, but we are trying to do more, both in how we record attendance, and how we handle specialized programs such as Independent Study.
- Community Eligibility Provision – This program, run through the Cafeteria, allows for all students in the District to eat for free; both breakfast and lunch. Higher enrollment and attendance lead to increased participation and revenue, resulting in a decreased contribution from the unrestricted General Fund. We are in the process of “rebenching” our numbers to increase the amount we can recoup from the state for meals served.
- Higher Unduplicated Counts – We continue to identify areas we can improve upon to identify students who are eligible for additional services. This year, through a massive effort by several employees, we significantly increased our UPC.
- Special Education Funding – The State has expressed a desire to reform the process of allocating special education funds to counties, and thus to schools. Funding changes rely heavily on new legislation, but it seems as though there is a will to do so in Sacramento. Now we need to see if they have the money to afford us this positive change.

- Revenue increased this year from the original budget. This has allowed some of the more expensive propositions in the budget to move forward without compromising solvency.

EXPENDITURES

The really big-ticket item this year has been negotiations. Although we still have outstanding language issues, these contract changes are non-fiscal additions, deletions, and corrections. No more, or less, money will be decided for 2019 – 2020. It was necessary to raise salaries for several reasons, first-and-foremost is the need to meet the ratio for educator pay in relation to district expenditures. Each unified school district must ensure that they spend 55% of their expenditures on classroom instructions. We have missed this target for several years but believe this will solve the problem and remove the need for a waiver.

The District saw many new expenditures for this year, above and beyond what we thought we would have had based on years past. Over the course of the year, we have had more-than-usual appliance repairs and replacements, seen a need to purchase additional Chromebooks to facilitate new curriculum, had to purchase additional textbooks and supplies, and more. PE clothes at the High School alone cost more than \$5,000.00. Although some of these funds will be recouped through sales, it will in no way compensate for the entire expense. I would like to note, these were all needed expenses, even though they were unplanned.

In addition to the material purchases, there has been a personnel cost as well.

Additional projects have required additional employee hours. Projects assumed by the Director of Facilities have required additional help in addition to the materials required to complete the project. The Cougar Den – the High School's Academic Intervention Class – required staffing and materials. The food service department has required additional support in order to fulfill the needs of the recently completed audit and additional paperwork load. Transportation has seen the need for additional hours due, in large part, to special needs students being served elsewhere around the lake.

There have also seen additional duties assigned to certain staff who fill positions that were left either temporarily or permanently vacant. Some positions have required the employ of long-term subs, and others will see new-hires filling positions before the end of the school year.

Expenditures have been decreased significantly for the next two years in order to keep a balanced budget. This includes a 1.0 FTE reduction to the Certificated Staff and a general restriction on spending. The District Administration feels that the expenditures this year brought much of what we needed up-to-par and going forward, we will need less without compromising student education.

RESERVES

The district is required to maintain a 4% reserve based on annual expenses. The board has authorized a desired increase of the reserve from 4% to 8%. An 8% reserve equals approximately one month of payroll and excludes AP payments for items such as utilities and food service purchases.

Currently, the district maintains a reserve of 7.93%, increasing to 8.42% and then decreasing to 8.33% in 2020 – 2021 and 2021 – 2022 respectively.

Although language in a 2014 trailer bill signed by Governor Brown limited the amount of reserves a school district could maintain, this limit was lifted in Senate Bill 751 for districts with less than 2,501 ADA, which would include Upper Lake Unified.

School Services of California (SSC) and the Government Finance Officers Association Recommendation has estimated that districts should maintain a reserve of approximately 17% given the current economic situation in California and projected coming downturn. This not only allows districts to meet their financial obligations in times of trouble, but also gives the administration and the board time to make changes that make sense rather than simply rushing to make cuts. When the district includes the Stabilization Account monies into their reserve calculation, it shows a total percentage of 17.25% for the current year, 17.95% for 2020 – 2021, and 19.44% for 2021 – 2022.

SPECIAL CONSIDERATIONS

As the District approaches a new Local Control Accountability Plan (LCAP) cycle (3 years), it is looking at how to build an effective plan. Budgeting is an integral part of preparing the LCAP.

As with last year, the budget will be created from zero. This zero-based-budgeting is another way of ensuring we do not budget items that are not congruent with our plan and mission. By looking at this year's full budget (also zero-based), what was budgeted vs what was spent, and what will not need to be expended again, we can establish a baseline for setting next year's budget.

In addition to compiling a zero-based budget, we will be working from a "Core" philosophy. Core is a method where you identify everything **required** to run a district. Once you do that, you can begin to identify the items that would supplement the programs that you offer. After that, budgeting becomes much more targeted to student achievement and funding becomes more relatable.

Finally, although much of the money in the budget has been earmarked in certain categories, it does not mean that it will be spent. For example, one section of the budget currently has more than \$450,000.00 in unrestricted monies that have yet to be spent. With most of our big-ticket items already purchased, the unspent portion will move from the expenditure's column into our reserves when we close the books at the end of the year. This is what happened when we closed in 2018 – 2019 and money fleshed out into the reserve.

CONCLUSION

Although the budget looks different today than when it was adopted in June of 2019, it is in line with the decisions made by the administration and the Board. There is a high amount of confidence that, in continuing our current trend and planning for the new LCAP cycle, we will continue to grow our reserve while spending today's money on today's students.

Further, please include an explanation for any significant expenditure adjustments projected in lines B1d, B2d, and B10. For additional information, please refer to the Budget Assumptions section of the SACS Financial Reporting Software User Guide.						
The district is reducing the certificated staff by 1.0 FTE beginning in 2020-2021. It will achieve this reduction through attrition. In addition, management restructuring and use of fewer subs account for the decrease in classified staff.

Provide reasons why the change(s) exceed the standard and a description of the methods and assumptions used in projecting salaries and benefits.

Explanation:
(required if NOT met)

Salary increases were negotiated in 2019 - 2020 to better align with area districts and to encourage staff retention. In addition, the district has had a problem in the past meeting the state requirements for educator expenses. The salary increases should rectify this problem.

¹Available reserves are the unrestricted amounts in the Stabilization Arrangements, Reserve for Economic Uncertainties, and Unassigned/Unappropriated accounts in the General Fund and the Special Reserve Fund for Other Than Capital Outlay Projects. Available reserves will be reduced by any negative ending balances in restricted resources in the General Fund.

²A school district that is the Administrative Unit of a Special Education Local Plan Area (SELPA) may exclude from its expenditures the distribution of funds to its participating members.

Provide reasons for the deficit spending, a description of the methods and assumptions used in balancing the unrestricted budget, and what changes will be made to ensure that the budget deficits are eliminated or are balanced within the standard.

Explanation:
(required if NOT met)

Deficit spending is a result of capital projects paid for partially with General Fund monies (Grove remodel, portable demolitions, LED lighting retrofit). These were paid from existing funds, outside of current year revenues. It is still being discussed whether or not to move some of these expenses to Fund 21 for Capital Outlay. Additional costs were realized due to salary increases in 2019 - 2020 negotiated after the budget was approved.

S1. Contingent Liabilities

- 1a. Does your district have any known or contingent liabilities (e.g., financial or program audits, litigation, state compliance reviews) that have occurred since first interim projections that may impact the budget?

Yes

- 1b. If Yes, identify the liabilities and how they may impact the budget:

A subsequent audit finding revealed a potential loss of revenue of \$121,000.00 due to poor attendance record keeping at the Clover Continuation High School and the Community Day School. Included in this amount was a \$2,000.00 audit finding regarding missing paperwork for a student identified to the state as an English Learner. The Education Audit Appeals Panel has agreed to waive approximately \$119,000.00 of the total, pending filing of the appeal. The appeal will be filed as soon as the audit is certified by the State Controller's Office.

S2. Use of One-time Revenues for Ongoing Expenditures

- 1a. Does your district have ongoing general fund expenditures funded with one-time revenues that have changed since first interim projections by more than five percent?

No

- 1b. If Yes, identify the expenditures and explain how the one-time resources will be replaced to continue funding the ongoing expenditures in the following fiscal years:

S3. Temporary Interfund Borrowings

- 1a. Does your district have projected temporary borrowings between funds?
(Refer to Education Code Section 42603)

No

- 1b. If Yes, identify the interfund borrowings:

S4. Contingent Revenues

Yes

- 1b. If Yes, identify any of these revenues that are dedicated for ongoing expenses and explain how the revenues will be replaced or expenditures reduced:

Forest Reserves

S5. Contributions

Identify projected contributions from unrestricted resources in the general fund to restricted resources in the general fund for the current fiscal year and two subsequent fiscal years. 2. If Yes, identify each fund, by name and number, that is projected to have a negative ending fund balance for the current fiscal year. Provide reasons for the negative balance(s) and explain the plan for how and when the problem(s) will be corrected.

ADDITIONAL FISCAL INDICATORS

The following fiscal indicators are designed to provide additional data for reviewing agencies. A "Yes" answer to any single indicator does not necessarily suggest a cause for concern, but may alert the reviewing agency to the need for additional review.

DATA ENTRY: Click the appropriate Yes or No button for items A2 through A9; Item A1 is automatically completed based on data from Criterion 9.

End of School District Second Interim Criteria and Standards Review

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 7200-7700, goals 0000 and 9000) 585,867.00
2. Contracted general administrative positions not paid through payroll
 - a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800. _____
 - b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit.

(Functions 1000-6999, 7100-7180, & 8100-8400; Functions 7200-7700, all goals except 0000 & 9000) 8,532,590.00

C. Percentage of Plant Services Costs Attributable to General Administration

(Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) 6.87%

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. _____
Retain supporting documentation.

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. 0.00

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8) 1,011,196.44

B. Carry-forward adjustment from prior year(s)

1. Carry-forward adjustment from the second prior year 37,684.72

2. Carry-forward adjustment amount deferred from prior year(s), if any 0.00

C. Carry-forward adjustment for under- or over-recovery in the current year

1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (8.97%) times Part III, Line B18); zero if negative 0.00

2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (8.97%) times Part III, Line B18) or (the highest rate used to recover costs from any program (8.35%) times Part III, Line B18); zero if positive 0.00

D. Preliminary carry-forward adjustment (Line C1 or C2) 0.00

E. Optional allocation of negative carry-forward adjustment over more than one year

Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.

Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation: not applicable

Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years: not applicable

Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years: not applicable

LEA request for Option 1, Option 2, or Option 3

F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected) 0.00

District reasons for a higher reserve balance:

- Manage cash flow
To mitigate shortfalls in cash during the beginning of the school year
- Address unexpected costs
Such as special education costs for students with highly specialized needs, emergency facility repairs, natural disasters, or lawsuits resulting in costly settlements
- Save for large purchases
Including textbooks, technology and equipment
