State of the School

Maria Sanchez reported that when we moved to distance learning we recorded a podcast to keep students engaged during distance learning. We are currently working on adding another student on the podcast. Maria reported that distance learning is going well for her. In addition to the podcast Activities hosts a Wednesday broadcast to keep students engaged and informed with Academics, Activities, Arts and Athletics.

Mrs. Petrie reported that she visited all classrooms today to review COVID safety protocols. Safety protocols will go out tonight to families. Mrs. Petrie also reported that the students came back excited and following protocols. She also shared that we will get feedback on the bell schedule as we go and that the site council helped inform the distance learner check in time Monday and Wednesday.

Public Input

Maria Sanchez reported that we introduced Clubs but she couldn't join CSF.

ELAC/DELAC

Mrs. Pivniska Petrie and Mrs. Toback talked about next steps for DELAC/ELAC. Our first DELAC meeting is on February 23, 2021. Discussion about engaging our Spanish speaking families and our plan to grow DELAC.

College and Career Readiness

Mrs. Toback discussed work at ULHS around the College and Career Readiness indicator on the California Dashboard. She shared that she is working on finding out why our data doesn't represent what we think it should be based on our data. Discussion about how to continue to support and guide our students to graduate with multiple ways to demonstrate college and career readiness. Reference to the College and Career Readiness graphic.

Discussion about how to build in college and career readiness into their spring registration. Discussion about the redesign of the course request card to support college and career guidance and using Aeries as a platform for this work.

Discussion about topics about the next meeting - 8th grade registration night, Open House

Next Meeting
