VERONICA MUNIZ

SPECIAL EDUCATION

BIOGRAPHY

Hello, my name is Veronica Muniz and I am a Special Education Teacher. I am very excited to be teaching Inclusion at Rising Scholars Academy.

I was born and raised in Harlingen, Texas and attended Harlingen High School. I graduated from University of Texas San Antonio with a BA in Psychology and then went to St Mary's University in San Antonio where I graduated with a MA in Clinical Psychology. While doing research at the UT Health Science Center at San Antonio, I was around academia, and that is where I discovered that my true passion was teaching. This will be my 18th year as an educator and my first year here at Rising Scholars Academy.

I have 2 children, a husband, and a Cocker Spaniel named Kirby. My hobbies include reading, exercising and catching up on Netflix. I am thrilled to start a new school year!
