House of Studies Honors Program

Founded in 2019, the House of Studies Honors Program ignites students' passion for learning and helps them seek their highest academic potential, beyond the normal Nerinx Hall curriculum.

Students are invited freshman year through a selective application process and participate in the highest level of enrichment opportunities related to academic excellence, current events, and their individual topics of interest. The inaugural class of 2023 culminated their House of Studies experience with a capstone project tailored to their unique passions and the opportunity to share their interests with the greater Nerinx community.
