

# Check out the Nutrislice App Today

Ever had your student ask you “what’s for lunch”? Now you can find out easily with Sodexo’s nutrition app, Nutrislice. The Nutrislice App is a great place to get quick answers to things like menu items, nutrition information, ingredient labels and more! Just download the app or look up the menu on the district website.

Nutrislice enables users to interact with our menu like never before. Change it to the language you feel most comfortable in, mix and match menu items to find out nutritional information and more!

Allergy information is clearly marked and families can work directly with their school’s nurse and kitchen manager to ensure their student has exactly what they need each day. Check out Nutrislice for an easy way to learn more about the healthy food we offer for breakfast and lunch each day.

## We’re Always Here to Help

We are here for you! If you ever have a question about your child’s food service account, please don’t hesitate to contact us at [studentnutrition@steilacoom.k12.wa.us](mailto:studentnutrition@steilacoom.k12.wa.us) or call us at 253-983-2229.

If your child needs anything, our kitchen staff is always ready to help! Within this next month, we strive to learn all of our students’ names and we care deeply about what’s going on in their lives. Meal time is a chance to relax and refuel and we want all students to feel connected. Let us know if you need anything!
