

**SUBJECT: GRADUATION REQUIREMENTS**

In order to graduate from Belfast Central School District, a student must complete or may exceed the requirements set forth in Part 100 of the Commissioner's Regulations. The Board of Education reserves the right to establish requirements for graduation which exceed the minimum standards as defined by the New York State Regents.

All students must be in compliance with Commissioner's Regulations for graduation in achieving a minimum of a Regents diploma unless otherwise indicated.

**Regents Diploma with Honors**

The District may award a Regents diploma with honors to students who receive an average of ninety percent (90%) in all Regents examinations. This diploma with honors may also be given to a student who has substituted no more than two (2) alternative assessments for a Regents examination as approved by Commissioner's Regulations Section 100.2(f). However, the student's actual score on the substituted alternative assessment will not be factored into the ninety percent (90%) calculation.

**Regents Diplomas with Advanced Designation**

The District may award a Regents diploma with Advanced Designation to students who complete all credits for a Regents diploma as well as additional credits, consisting of two (2) LOTE or a five (5) unit sequence in the Arts or Career and Technical Education (CTE). These students must also pass all the required Regents examinations and three additional Regents examinations in Math, Science and LOTE (when available or local exam).

**Regents Diplomas with Advanced Designation with Honors**

The District may award a Regents diploma with advanced designation with honors. A student needs to have an average score of ninety percent (90%) on all Regents examinations required for the advanced diploma. These Regents examinations are: comprehensive English, two (or three) mathematics, two sciences (one in physical science/the other in life science), US History and Government, Global History and Geography and languages other than English (LOTE).

**Annotation of Science and/or Math Mastery**

To earn an annotation of science and/or math mastery on a diploma, a student must complete all Regents with advanced designation credits and pass with a score of 85 or better on three Regents examinations in science and/or mathematics.

Students

**SUBJECT: GRADUATION REQUIREMENTS (Continued)**

**Career and Technical Endorsement**

To earn a career and technical endorsement on a diploma, a student must complete all Regents Diploma credits; complete an integrated career and technical education course, which is jointly developed and taught by an academic subject teacher and/or career and technical education teacher; and pass a technical assessment. If no assessment exists in a particular field, a District or BOCES may form a consortium to solicit local regional or national business or related professional organizations to create an assessment.

**Appeal of Regents Examination Score Option**

School Districts must provide unlimited opportunities for all students (students with and without disabilities) to retake required Regents examinations to improve their scores so that the student may graduate with a Regents diploma. A student who fails, after at least two (2) attempts, to attain a score of 65 or above on a required Regents examination for graduation must be given an opportunity to appeal such score in accordance with the provisions of Section 100.5(d)(7)(i) of the Regulations of the Commissioner of Education. No student may appeal his/her score on more than two (2) of the five (5) required Regents examinations. A student whose appeal is accepted for one (1) required Regents examination shall earn a Regents diploma. A student whose appeal is accepted for two (2) required Regents examinations, and who has attained a passing score of 65 or above on each of the three (3) remaining required Regents examinations, shall earn a local diploma. This is the only circumstance in which a general education student may earn a local diploma.

**Online Coursework**

Section 100.5(d) of NYCRR amends the Commissioner's Regulations to allow school districts and BOCES to offer students the ability to complete general education and diploma requirements for a specific subject through online instruction or blended coursework that combines online and classroom-based instruction.

To receive credit students shall successfully complete an online or blended course and demonstrate mastery of the learning outcomes for the subject by passing the Regents exam and/or other assessment in the subject area.
