

# GENESEE VALLEY/BELFAST ATHLETICS NEWSLETTER

FALL 2021

The fall sports season is off to a great start! The athletic merger between Genesee Valley and Belfast has proven to be a success—when judged by the number of athletes taking part and the fun and learning that is taking place.

Students from both schools are enjoying getting to know new teammates and working together toward a common goal. Each team has had some success and that success leads to pride, commitment, and teamwork on the part of the students.

All of the coaches should be commended for their work in melding two separate schools into one unified team. They have all worked hard and the students have responded.
