## TREES

Belfast Lions and the NYS DEC partnered again this year for our annual tree giveaway on May 10. Jack Pine seedlings were provided by the Saratoga Springs Tree Nursery as part of their school seedling program.

We learned that the Jack Pine, while not the most beautiful of trees, often called “the black sheep” of the pines, grows up to be the hero of the forest. Its serotinous or glued together cones, only opened by fire, are the first to reseed a forest after a forest fire, setting up the environment for new growth. It is also a strong and courageous tree that grows under many conditions other trees cannot. We hoped our students could identify with this tree. Following teacher appreciation week and preceding Mothers’ Day, we also asked students

to remember those who help them grow!

Forester Gregg Muller talked with students about the importance of trees and maintaining sustainable forest environments. Tree Care-Giver certificates were awarded to preschoolers and Fourth Grade Forester certificates were awarded to fourth-graders. All students were given stickers that said “Thanks for helping me grow!” We appreciate teachers,

students, and parents, for supporting our environment through the 2024 Planting For Knowledge
