

Building Bright *Futures*

A potential 2024 Bond Initiative would help DCSD to provide safe and comfortable learning environments for all of our kids, by:

- Implementing safety and security upgrades at every school.
- Addressing the capital improvement backlog at our schools.
- Reducing overcrowding and the usage of modular classrooms.
- Enhancing the District's career and technical education offerings for students.

What Would a Potential Bond Cost Taxpayers?

A potential \$490M Bond would allow the district to restructure its debt in order to keep the tax rate from increasing.

LEARN MORE

Note: The Board of Education will vote on whether to place a potential Bond on the 2024 ballot at its August 27, 2024 meeting.
