

## Renee Geithner-Marron

### 6th Grade Science

- One Composition notebook
- One 3-ring binder or folder.
- One calculator (*simple 4-function or scientific*)
- At least one box of tissues.
- In general, you should also have at least a few No. 2 pencils, pens (black or dark blue), and highlighters for use in class.
- Can be left at home (because may be used for homework/to finish assignments)
  - One package of colored pencils (at least 12 colors)
  - scissors
  - ruler (30 cm)
  - 1 roll of scotch tape
  - index cards

### 8th Grade Science (If you also have me for LTI, no need to get duplicate supplies.)

- One 3-ring binder w/ loose-leaf (needed for notes and handouts). Can be shared with other subjects.
- One calculator (*simple 4-function or scientific* since you are NOT allowed to use a graphing calculator on the state exam or our tests/quizzes)  
At least one box of tissues.
- In general, you should also have at least a few No. 2 pencils, pens (black or dark blue), and highlighters for use in class.
- Can be left at home (because may be used for homework/to finish assignments)
  - One package of colored pencils (at least 12 colors)
  - scissors
  - ruler (30 cm)
  - 1 roll of scotch tape
  - index cards

**LTI (If you have a different teacher for science 8, many of the supplies will overlap, the only materials you'll need to get for my LTI class are materials that are not also required by or very similar to what your science 8 teacher requires or those that are starred\*\*\*)**

- **\*\*\*One empty toilet paper or paper towel tube.** (This will be used for an activity early in the year, but you don't have to bring it in until I tell you to.)
- One 3-ring binder w/ loose-leaf (needed for notes and handouts). Can be shared with other subjects.
- One calculator (*simple 4-function or scientific* since you are NOT allowed to use a graphing calculator on the state exam)
- At least one box of tissues.
- In general, you should also have at least a few No. 2 pencils, pens (black or dark blue), and highlighters for use in class.

- Can be left at home (because may be used for homework/to finish assignments)
  - One package of colored pencils (at least 12 colors)
  - scissors
  - Ruler (30 cm)
  - 1 roll of scotch tape
  - 1 roll of masking tape

## Earth Science

- **\*\*\*One empty 2 Liter bottle AND one empty 1 Liter bottle.** (This will be used for one of the State-required Investigations, but you don't have to bring it in until I tell you to.)
- One 3-ring binder w/ loose-leaf (needed for notes and handouts). Can be shared with other subjects.
- One accordion folder or file envelope/jacket or similar (1 ½ to 2-inch capacity is best) to store completed labs. (**This will NOT be returned at the end of year, so DON'T get something expensive or too big!!!**)
- One calculator (**simple 4-function or scientific, NOT graphing** since you are NOT allowed to use a graphing calculator on the Regents or our tests/quizzes!)
- At least one box of tissues.
- In general, you should also have at least a few No. 2 pencils, pens (black or dark blue), and highlighters for use in class.
- Can be left at home (because may be used for homework/to finish assignments/labs)
  - One package of colored pencils (at least 12 colors)
  - scissors
  - ruler (30 cm)
  - 1 roll of scotch tape
  - drawing compass
  - protractor
  - index cards
