INTERIOR PERSPECTIVE VIEW

Collaboration Spaces

The learning communities surround these collaboration spaces, which can be utilized for group and individual learning, as well as for infomal social gathering.

INTERIOR PERSPECTIVE VIEW

Media Center

In the students’ words, the media center is the “heart of the school,” and the new media center will have ample natural light, open and collaborative spaces, and will connect directly out to grand courtyard with existing oak trees that have grown with the school for over 40 years.

BE ON THE LOOKOUT
