LEARNING CENTERS

## Why Brainspring Learning Centers?

- We help students of all ages and skill levels become proficient readers by providing effective, fun, multisensory lessons from our Orton-Gillingham Multisensory Structured-Literacy curriculums.
- One-on-one tutoring sessions are led by Brainspring-trained, experienced educators.
- We offer support in all other subject areas, including writing and math.
- Options include in-person tutoring at our Learning Centers in Shelby Twp and Bloomfield Hills or Virtual tutoring to anyone with internet access.
- We've been building better brains since 1991!

U.S. students have suffered historic learning losses due to the pandemic, particularly in reading development.
