August 14, 2024

To the Travis Unified School District Community,

Welcome to the 2024-25 school year! I hope that your summer was a time of relaxation, fun, and bonding with family and friends. As we embark on another year, I am inspired by the enthusiasm and dedication of our community. We are united by a shared vision of excellence and a passion for fostering the growth and well-being of every child. This year promises to be a memorable one, full of growth, creativity, and possibility.

In the Travis Unified School District, we believe in the power of lifelong learning for our students, staff and families. This year, our talented team of educators, support staff and administrators will participate in continued professional development to refine their expertise in English Language Arts, social-emotional learning, CSTEM, and specialized support for English Learners and students with special needs. These efforts are designed to ensure that our students receive the highest quality education and support, fostering their academic growth and emotional well-being. Additionally, our Parent University will continue to empower parents with knowledge on college readiness, behavioral support, and the role of technology in learning, among other topics selected with parent input. Stay tuned to our new website for updates on these and other exciting community activities planned for the year.

This summer, our team worked diligently on several facility projects to enhance our school environments:

- **Upgrades to our transportation department** including route optimization and a new communication system.
- **Enhanced safety features**, including additional cameras, door locks and fencing across various sites.
- **Landscaping and athletic field improvements.**
- **Installation of a new, central Special Education portable building.**
- **Additional charging stations** for electric buses and vehicles.
- **Launch of our new district website** to improve communication

Upcoming initiatives include:

- **A bond measure** on the November ballot to support facilities priorities identified by the community.
- **6th grade program and facilities developments** and enhancements at Golden West Middle School to support the move of 6th grade.

Thank you for your ongoing support and collaboration as we move forward together. With your partnership, we can achieve great things! Please visit our District website for updated information and additional resources.

Here's to a great school year!

Sincerely,

Tiffany Benson
Superintendent
